

A WEST TEXAS PAPER FOR WEST

VOLUME 11

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, APRIL 11, 1935

WHOLE NUMBER 507

B. Schwarz And Bryant-Link Style

& Son will be presented at the Palace Theatre Friday night, April 12th at 8:30 P. M. Local models will present a lavish display of the mode for spring consisting of coats, suits, frocks, millinery, evening gowns, Sawyer at 30 cents as a market price.

ing abilities in preserving marital

An extra added feature of the program is the short subject, "La Cucuracha" made in the new three dimension process of Technicolor. This short has been given feature billing in every class A theatre in the entire country and was screened especially for the Spur Rotary Club some time ago. It is a truly masterpiece in the art of Technicolor in that it brings out all of the natural colors instead of the

usual primary colors.

Manager Everts is indeed proud to present this entire program and states

Holly Case To Be Called Today Senior Play At

The case styled Harvey S. Holly vs. Spur Motor Company is to come up before the District Court of Dickens County today. The plaintiff is repre-sented by Ben H. Gallagher and J. O. Bean of Dallas and L. D. Ratliff, Jr., of Spur. The defense is represented by W. D. Wilson and H. A. C. Brummett of Lubbock and Alton B. Made Family" an Chapman of Spur.

Other activities of the present term curtain through.

Extra!

ALACE FRIDAY

Dickens County Boys Get Good Price For Calves

Show Friday Night

All calves exhibited by Dickens County boys at the South Plains Fat Calf and Meat Show last week, brought good prices on the market when offered for sale, Durward Pickens, whose calf won the grand championship and also, the junior championship, headed the list with prices, so will be presented at the Pal-

sports wear, etc.

On the screen will be shown Monograms latest Style Revue picture, "Women Must Dress" featuring Minna Gombell and six of the winners of the recent National Screen Star contest conducted by Afga Films. There is a veritable feast for feminine eyes in the beautiful fashions displayed by the numerous models in the picture.

Utilizing a neglected wife as its story basis, the new Monogram film gives a unique twist to the familiar plot and tells, in a story highlighted by both comedy and pathos, that fine clothes are as essential as homemaking abilities in preserving marital Sawyer at 30 cents as a market price.
Other boys of Dickens County sell-

Nuge Rose, of McAdoo, to Spur Experiment Station at 12 1-4 cents.

Willard Williams, Spur, to Spur
Chamber of Commerce at 13 cents.

Earl Van Meter, McAdoo, to Hub
Clothiers, Lubbock, at 12 1-2 cents.

O. L. Garrison, Spur, to Spur
Creamery at 12 1-2 cents.

Earl Van Meter, McAdoo, to S. M.
Swenson & Sons ranch at Spur at 12

Other activities of the present term of District Court consists of sixteen bills being turned in by the grand jury. Also, there were seven felony cases disposed of Monday in which no juries were required.

Last week the Times reported that this play is being staged by the Junior Class, but a correction is necessary as the Seniors will present the play. Our readers will observe a nice advertisement in this issue of the Times in regard to this play. Your presence is very cordially solicited and the characters in the play promise to give you a good evening of entertainment you a good evening of entertainment.

CIRCLE OF SPUR COUNTRY TO EAT PRIZE WINNING CALF you a good evening of entertainment if you will be present. The students in the Girard school are doing things, and it will be a thrill to any one to witness this excellent comedy which

Dry Lake and their grandmother, Mrs. Kate Buchanan of Spur.

Mrs. James M. Williams left Tuesday for Albuquerque, N. Mexico, to be with her daughter, Mrs. Nacie, who is critically ill in a sanitarium there. Mrs. Nacie, who was Miss Dorothy Williams, underwent an operation this week spending a visit with his for appendicitis the first of the week.

WHY NOT CLEAN UP COntract Signing

We have been wondering what might be the result when hot weather gets here and a period of rain should visit this section with all the piles of trash, old tin cans, old stalks, barnyard man-ure, old car parts, etc. which may be seen througout our little city? Would it be a good time to get all this debris moved out of town or destroyed in some man-

It has been the history of winter and spring months which have been accompanied by many sandstorms that a rainy period follows such condition. Usually, the spring period of rains start about the last half of April and last through to sometime in June. What would be the situation relative to flies and mosquitoes in our town should such a period of rain come this April and last so long with all the piles of trash, maize stalks, tin cans, etc. all of which afford breeding places for these insects? Even if the rain does not come the condition of cleanliness and beauty gained by a clean up is worth the effort.

J. W. Pickens, Spur, to C. M. Francis for Rule-Jayton Cotton Oil Company, Stamford, at 13 cents. Nuge Rose, of McAdoo, to Spur Ex-**Students Win Places** At District Meet

Swenson & Sons ranch at Spur at 12 1-2 cents.

Closes April 15

The following telegram has been received from the Division of Cotton:
"ACCEPTANCE OF NEW CONTRACT OFFERS OFFICIALLY TRACT OFFERS OFFICIALLY CLOSES MONDAY APRIL FIFTEENTH STOP OFFERS FROM OUT OF COUNTY OR STATE LANDLORDS OR PRODUCERS POSTMARKED APRIL FIFTEEN MAY BE ACCEPTED UPON RECEIPT STOP ALL FORMS HUNDRED TWO AND HUNDRED FOUR SHOULD BE COMPLETED ON OR BEFORE APRIL FIFTEEN." APRIL FIFTEEN."

Therefore, it is imperative that those interested in making contracts must do so this week, as this closing date is final.

G. J. LANE.

Light Vote In **Trustee Election**

None of the six candidates placed on the ballot for trustee for Spur Independent School District in the election held Saturday received a very great vote. J. M. Foster led the list, receiving only 102 votes. All six men on the list are held in high esteem, it was just a matter of selecting three of the number to fill the places on the board.

There will be several selections given by the male quartet, and a number of the sextets and ladies quartet. Then, there is a very interesting little play to be given which will require about forty minutes duration. Word comes to us that every program given by these people have met the approval of their audiences.

It is hoped there will be not fewer than 200 people of the town and at least 300 school children will avail themselves of the opportunity of hear-ing them. on the board.

The schools of Dickens gained As the vote cast for the various candidates was scattered greatly, it is difficult to tell just how many ballots

The most important objective in any educational program is the ability to earn a good living. For in this modern age when there are so many hings that require a substantial in-EAT PRIZE WINNING CALF come, such as a car, good clothes, pleasant vacations, and facilities for entertaining friends, money has become more than ever a symbol of suc-

TO KNOX CITY

The Seth Parker Club of Spur went to Knox City Tuesday afternoon where they participated in a musical program. They were the guests of the Seth Parker Club at Knox City who Mrs. Julius Fumigalli and little daughter, of Post, returned home Monday after a few days visit with their aunt, Mrs. Emma B. Russell of Dry Lake and their grandmother Mrs.

Atty. and Mrs. James P. Stinson, of Abilene, spent part of Wednesday here greeting their many friends.

Guy Travis, of Lamesa, is here this week in the interests of the Brown County Life Insurance Company.

LOCAL CHAMBER OF COMMERCE HELD ANNUAL BANQUET TUESDAY NIGHT

Hardin-Simmons Singers Coming Next Wednesday, April 17

Wednesday, April 17
In selecting a board of directors the body chose Sam T. Clemmons, J. C.
The Hardin-Simmons Quartets, both men and ladies, and the Hardin-Simmons Sextette will be in Spur Wednesday afternoon of next week to give

Three o'clock next Wednesday at the East Side school auditorium.

Reports from 135 climatological stations throughout the country indicates that the Rocky Mountain section of the United States is greatly lacking in rainfall as of April 1. It seems that the territory west of the Mississippi River is greatly under normal at this time in regard to rainfall.
The reports are as follows:
Louisiana is 28 per cent above nor-

Arkansas is 34 per cent above nor-Oklahoma is 31 per cent above nor-

Texas is 9 per cent below normal. New Mexico is 29 per cent below ormal. Colorado is 30 per cent above nor-

Kansas is reported normal. Missouri is 4 per cent below nor-Iowa is 17 per cent above normal. Nebraska is 24 per cent below nor-

Wyoming is 36 per cent below normal.

Montana is 2 per cent below normal.

South Dakota is 6 per cent below

ormal. North Dakota is 17 per cent below

Minnesota is 17 per cent above nor-Then the states west of the Rockies are reported much below with only one or two showing rainfall above normal,

Arizona made no report. Utah 31 per cent below normal. Idaho 35 per cent below. Nevada 7 per cent below. California 10 per cent above Oregon 24 per cent below Washington 12 per cent above.

The above shows only seven states who report rainfall above normal to April 1, 1935, one normal, one no report and 13 below normal.

There is one good index for Texas

There is one good index for Texas to receive more rainfall in the next three or four months. Those states to the north and east of the Panhandle section of Texas have been receiving above normal rainfall. The states of Oklahoma, Arkansas and Louisiana are more than 30 per cent above normal come to us from that source soon.

SUPPER AT TWIN
WELLS SCHOOL HOUSE
The Spur Chamber of Commerce
held their annual banquet at the Spur
Inn Tuesday evening. Ned Hogan, There will be a pie and ice cream supper at Twin Wells school house Friday night, April 12. A good program with special songs will be rendered. Everybody is invited to be present and enjoy the evening.

Inn Tuesday evening. Ned Hogan, president, acted as master of ceremonies. The only business transacted was the election of officers and directors for the ensuing year. The nominating committee made their report and ballot were furnished the various members who proceeded to were

members who proceeded to vote on those nominated. Henry Alexander was elected president. Lester Ericson was elected vice president and F. G. Collier, treasurer.

mons Sextette will be in Spur wednesday afternoon of next week to give a program. Senior Play At

Girard Friday Night

The Senior Class of the Girard High School will present their annual play in the Girard school auditorium tomorow (Friday) night. The title of the play to be given is the "Ready Made Family" and is reported to be full of comedy and fun from the first curtain through.

Last week the Times reported that this play to be given is through.

Last week the Times reported that this play to be given is through.

Last week the Times reported that this play to be given is through.

Last week the Times reported that this play is being staged by the Junior Class, but a correction is necessary as the Seniors will week as Seniors will work as the Seniors will week the Seniors will work as the work in photography. They should as the work in the told of how the radiant ray and chemical Salbs had the veit work of the Plainview Chamber of Commerce; and Gray Shipp, Sew retard Show were made. Among the visitors in our city Wednesday with their the Plainview Chamber of Commerce and Will be here the Plainview Chamber of Commerce and will be here the Plainview Chambe

more. There will need to be some adjustments and they will come. In for-mer times he said we have had the great West to draw upon where people could secure farms, establish new places of abode, but there is no Great West any more. We will have to go to the Argentine, or elsewhere to carry out that line of recovery. He told how the railroads put the canals out of business and said that th trucks and automobiles are doing the same thing to the railroads. He stated that the days of horses and mules are gone and that farmers are buying tractors, not because of economy but for the conveniences. People are not going back to those times, neither are they going to endure those conditions.

Judge Stinson praised the morale of the Spur Chamber of Commerce and spoke highly of Spur citizenship. He said that it seems that people here are going forward and doing things and are not complaining about conditions. He admonished those present to keep up with the times and expect great things in the future.

FATHER ILL AT SAN ANTONIO

Mrs. E. M. Wilson received a message Saturday evening which stated her father, Mr. Mehaffey, of San Antonio, was seriously ill. Mr. and Mrs. Wilson made preparations and left for San Antonio at 12:30 o'clock Saturday night. No word has been received ince they left and the result of conditions is not known.

OUR OPINION IS

Temperance Advocates it vailable to discard the word 'Anti-Organize For Repeal

Houston—Dissolution of the Texas Anti Prohibition Federation, the organization which successfully conduct-

ed the campaign in Texas for ratification of repeal of National prohibition, was announced here today by John Henry Kirby, Federation Chairman.

The activity to encourage the Legislature to submit Statewide prohibition to a popular vote and later for repeal will be headed by Bishop Harry T. Moore of Dallas Episcopal Diocese and John Henry Kirby as Co-Chairman, with an active committee of 400 men and women represettee of 400 men and women representing every section of the State. The campaign slogan of the repeal forces will be "Repeal Prohibition, Restore Temperance, Reduce Taxes."

"We found so many prohibitionists for submission and repeal of Statewide prohibition that we demand

Remember the Children May 1

"Texas will unite with other states throughout this country on May 1, in the celebration of Child Health Day," stated Dr. John W. Brown, State Health Officer. The flag flown from government buildings the other 364 days in the year all symbolize some activity of or in behalf of grown-ups. They pledge loyalty to the government, commemorate great historical events, or the deeds of national heroes. But—in acordance with the Act of Congress under which Child Health of Congress under which Child Health Day was made a national holiday—for this one day the star spangled banner is displayed on public buildings as a reminder of the obligatio nof all citiz-

reminder of the obligatio nof all citizens to care for and maintain the health and well-being of the children and young people of the nation, those upon whom the duties and responsibilities of citizenship will rest in the future.

"The purpose of the Child Health Day observance, national and State," Dr. Brown said, "is to focus attention on the inherent right of every child to health, happiness, and intelligent care; to opportunities for normal growth and development, physical, mental and to opportunities for normal growth and development, physical, mental and spiritual, and to community responsi-bility for seeing that such care is available for all children. Child Health Day is not an end in itself. Instead, it marks the beginning of the year-round activities of all forces charged with the maintenance and well being of the children and young people of

this State. Some of the things to which attention should be given in connection with the observance of Child Health

"The right of every mother to adequate care, before, during, and after the birth of the baby.

"The right of every child to adequate care.

"The right of every young child to be protected against diphtheria and smallpox.

smallpox.
"The nutritional needs of growing children and the importance of milk, whole grain cereals, green leafy vegewhole grain cereals, green leafy vege-tables and fruits i ntheir diets. "The recreational needs of children ad young people; provision for safe, itable places for play and pleasure." and young people; provision for safe, suitable places for play and pleasure."

A CHALLENGE TO YOUNG PEOPLE

During the past forty-five years tens of thousands of young men and women of many nationalities and denominations have sought free training for Christian service at home or abroad offered by the Moody Bible Institute of Chicago. More than 2,000 students enrolled in its Day and Evening Schools last year. While for certain special courses a high school back ground is required, and college training desirable, yet grammar school training will admit to its General Course. English is taught to any deficient in its use.

Course. English is taught to any deficient in its use.

The Bible ranks first in all Institute courses, but instruction is furnished in such subjects as Sunday School Administration, Daily Vacation Bible School, Gospel Music, Public Speaking, Home Economics, Hygiene, and Manual Training. In special courses are offered Theology, Homiletics, Church History, Apologetics, Hebrew, Yiddish, Greek, and medical subjects for foreign mission work.

dish, Greek, and medical subjects foreign mission work.

There are three terms a year—Fall, Winter, and Summer—but students may enter at any time. An illustrated catalogue will be mailed on request. Address, 153 Institute Place, Chacago Avenue Station, Chicago, Ill.

Large Crystal Bed West Of O'Donnell

An enormous surface deposit of sodium sulfate, popularly known as "crazy crystas", has been found at Frost lake, nine miles west of O'Donnell, Lynn county. Its value has been stablished at from one to ten million rost lake, nine miles west of O'Don-nell, Lynn county. Its value has been established at from one to ten million dollars, according to Dr. W. M. Craig, professor of chemistry at Texas Tech-nological College. Dr. Craig and Rec-tor Roberts found the deposit reecntly during a field trip while studying the saline lakes of West Texas.

Besides sodium sulfate the water

was found to contain magnesium sulfate (epsom salts), sodium chloride, potassium chloride, and some lithium potassium chloride, and some lithium chloride which is a rare alkali salt. Sodium sulfate is also used in large quantities in the production of Kraft paper, glass, rayon in the dye industry, and for making washing and baking soda

try, and for making washing and baking soda.

Roberts is doing research work on the saline lakes of the South Plains to obtain thesis material for his master of science degree. He has made spectographic, gravimetric, and volumetric analysis of the water and materials of five lakes, and plans to include 20 or more saline lakes within a 100-mile radius of Lubbock.

Dr. Craig reported on this research

Dr. Craig reported on this research at a meeting of the Southwestern Division of the American Association for the Advancement of Science in Santa Fe, N. M., March 30 to April 2.

Mrs. Ela Thomas visited her daughter, Miss Twila Faye Thomas, of Lubbock last week.

The Fallacy Of "Free Money"

The American public has come to look on the Federal government as a financial Santa Claus, which goes on forever distributing the bounty, "free money" for one purpose or another. One of the proudest boasts of many elected officials is that they have been able to get this appropriation or that for their state.

Current plans call for an expenditure of some \$5,000,000,000 for public works by the Federal government. Much of this great sum will be dis-tributed to the states, to spend for roads, relief, dams, public buildings or some other public purpose. When the money has been spent, citizens will look at the imposing courthouse or superhighway or whatever it creator supering way or whatever it created and think happily that it cost them nothing—that migacil forces at play in Washington produced the money out of the air and kindly passed it on. Well, that \$5,000,000,000 will be raised through the sale of Federal bands. These hands amount to a mort.

bonds. These bonds amount to a mort-rage on every piece of property in the ration—every home, farm, factory or investment. If the \$5,000,000,000 is divided by the number of Congressional districts in the country, the shart for each district amounts to about \$12,000,000. Every nickel of that money must be paid back by the American people through taxation and they must pay, in addition, many hundreds of millions more in interest on the government bonds. Probably few Congressional districts would bur-den themselves with a \$12,000,000 bond issue if it were proposed to vote such a debt against the district.

Unhappily, there is no such thing as a financial Santa Claus— the tax money put in our stockings is taken out of our pocketbooks—plus interest. BEAUTY SCHOOL AT LUBBOCK

MISS MILLIE STRRET OF DICKENS DIED FRIDAY

Miss Millie E. Street was born May 1867, and died April 5th, 1935. Since her childhood days she has made her home with her brother, W. D.

She became a member of the Church of Christ at the age of 14, and the funeral service was held from the Church of Christ building at Dickens Saturday evening by Bro. Stubblefield of Spur officiating. The building would not seat the large crowd of friends gathered to show the respect they had for a neighbor, whom they had known for a number of years. Aunt Millie will be greatly missed by her large circle of friends, but she is at rest from all the labors and strug-gles of times. "How our hearts ache

with grief as we say good-bye."

The pallbearers were: Cecil Meadors, Robt. Reynolds, Guy Goen, Ascar McGinty, Robert McAteer, and Fred

The flower girls were: Mesdames M. C. Kennedy, Willie aBllard, J. H. Meadors, R. E. Slough, Luther Edwards, Maud Edwards Haddock. Those who survive are, her sisters, Mrs. Jane Brantley, Waurika, Okla;

BROWN COUNTY LIFE INSURANCE COMPANY Pays First Claim under reinsurance plan with Spur Mutual

April 3, 1935.

Mrs. Annie Marie Hall % Jim Edd Hall Dover, Oklahoma.

In Re: Mrs. C. A. Love, Deceased

Dear Mrs. Hall:-

8. Ut 1. W

We are inclosing herewith a draft against The Brown County Life Insurance Company for \$1,554.00, in payment of Policy No. 3541 on the life of Mrs. C. A. Love.

You will execute the receipt on your policy, and have your signature witnessed. You will, also, sign the inclosed letter and put these together in the draft envelope, and clear this through your bank.

You will note the return premium is \$54.00, covering thirty six assessments on which you are due return premiums.

May we take this occasion to extend to you our sympathy and to assure you it is a source of satisfaction to us, to be in a position to give you this protection.

Yours very truly,

BROWN COUNTY LIFE INSURANCE COMPANY

This is the first claim paid by the Brown County Life Insurance Company in the Spur group. We expect to be as prompt in paying our claims as sound business will justify. We expect to be fair, honest and upright in our business dealings, and hope to merit the good will of all Spur people.

Simple Sunday Night Suppers

ITTLE SUNDAY night suppers are a gay delightful custom well suited to the tempo of our living. They follow the hearty family dinner as a graceful train flows behind the gown of a lovely lady. Small, unimportant, yet a charming addition to the whole. And a wise practice they are, too, for after a hearty afternoon meal we scarcely need more than a bite to finish off the day. They can be such casual affairsjust a few snacks from the refrigerator, a chafing dish rabbit and desserts from the emergency shelf-all put together in a jiffy and set buffet fashion on the dining table. These menus and recipes will suggest Sunday night suppers where family and friends can serve and entertain themselves and the hostess play guest along with them.

Baked Bean Rabbit on Toast* Head Lettuce Salad with French Dressing Sweet Gherkins Stuffed Spanish Clives Date Pudding with Sauce* Coffee

Assorted Canapes

Chipped Beef with Corn* Stuffed Celery Mince Meat Fudge Squares*

Baked Potatoes Sweet Mixed Pickles Ice Cream

(*) Indicates recipes given below

Baked Bean Rabbit on Toast-Melt 3 tablespoons butter in a saucepan, add 4 tablespoons flour and blend well. Add 2 cups milk, 1/2 teaspoon sale and a dash of pepper. Stir until thickened, then add 1 one-ib. can Oven Baked Beans (Vegetarian Style). Cook until the Beans are thoroughly heated, then add 1 cup grated American cheese and allow the cheese to melt slowly. This makes a delicious, creamy, flavorful, rabbit. Serve on slices or cubes of toast.

Whipped Cream Sauce for Date Pudding-Place 1/2 cup whipping cream and 2 tablespoons powdered sugar in a bowl and whip together until stiff. Add 1/4 teaspoon vanilla and serve over Pudding.

Chipped Beef with Corn-Drain and save liquid from 1 No. 2 can whole kernel corn. Flake 1 No. 21/2 jar chipped beef, and place corn and beef in skillet with 2 tablespoons butter. Cook, stirring until slightly brown and dry. Blend 3 tablespoons flour with the corn and beef and continue browning. Add 1 ten-ounce can Cream of Mushroom Sup and 1/2 cup of liquid from corn and continue cooking, just long enough to form a rich thick gravy. Bake an additional amount of bis cuits a few meals before, cut in halves, toast surface and serve the

corn and beef over them. Mince Meat Fudge Squareser. Add 2 eggs, one at a time, greased, then lined with waxed beating after the addition of each. paper. Bake in a moderate oven squares melted chocolate (melted hot, cut into small squares. Sprin-over hot water). Fold in % cup kle with powdered sugar, if desired.

CLUB NEWS COOPERATORS REACH YARD GOALS

To remove the rubbish and repair fences where needed is one of the goals for the cooperators in yard improvement work for this year. The council report from six clubs shows that 41 cooperators have removed the rubbish and 13 have repaired fences. Others are working and will report improvements later. To lay a stepping stone walk is another goal for the cooperators. The yard improvement demonstrators gave a demonstration on laying walks in the March meeting and the cooperators are working on that goal.
"I took the rocks that outlined my

shrub beds and had a stepping stone walk made from the back door to the cellar and back gate. I made a walk in my front yard last year," reports Mrs. Jim McArthur who is a cooperator in yard work in the Red Top home demonstration club.

CLUB GIRL HAS GOOD GARDEN

To plan a garden for a family of eight and keep a record of it is quite an undertaking for an eleven year old girl even when she has the help of her mother and the county home demonstration agent. But that is what Capitola Bohner, garden demonstrator for the Dumont Junior 4-H club has undertaken and what she is doing quite successfully. The first step in her work was to plan the garden and determine the number of feet needed an undertaking for an eleven year old determine the number of feet needed of each variety planted. Capitola means to grow 145 feet of each leafy, starchy and other vegetables, and garden fruit for each member of her

Her garden now shows potatoes, beets, beans, peas, onions, carrots, turnips and other vegetables growing nicely.

CLUB STUDIES STYLES

The selection of materials, color, design and patterns was the center of discussion in the Patton Springs 4-H club Thursday afternoon. Prints, gingham, broadcloth, pique, and seersucker were the materials chosen by the girls. The school dresses are th fourth goal in clothing and are to be completed for the style show May 17. Club members present were: Edith Club members present were: Edith and Lizzie Lou Baxter, Evelyn and Lillie B. Hamm, Clarice Hughes, Bernice Mayo, Ina Lee Robertson, Opal Sharp, Ada Mae Ussery, Nell Williams, Jean McInsoe, Thelma Thannisch, Lois Wilson.—Reporter.

CLUB PLANS STYLE SHOW

Plans for making the school dress and for the style show were made in the Dumont Junior 4-H club Friday afternoon. To make a school dress of prints, gingham, broadcloth, or seer-sucker is the fourth goal in girls' clothing work this year.

Eight of the eleven girls in club have completed their slips.

Austin—Renewal of the drive in ongress by advocates of Federal dictorship for the control of the Ameri n oil industry has aroused the solid

as producers, now has the support of both the Governor and the Attorney General. Thus, for the first time, Texas presents a united front, and, while as presents a united front, and the support of an ordinary cold. The expulsion of the constant of the present as in an ordinary cold. The expulsion of the constant of the consta as presents a united front, and, while welcoming the aid of the Federal gov-quently occur among children who are ernment in regulating the interstate suffering from malnutrition. There flow of oil through the newly enacted Connally bill, the State has emphatically below the state of the cally put the nation on notice that it will not yield control of its second richest natural resource to Washing-

richest natural resource to Washington bureaucrats.

The progress the Railroad commission has made in regulating the production of Texas oil, by preventing physical waste, while simultaneously refusing firmly to exploit consumers by attempting to fix or regulate price, has won the praise of informed oil men throughout Texas, as well as millions of consumers. Orderly production has been developed from virtual chaos, the oil is being conserved, illegal oil has dwindled to an all-time minimum, and proration violators are now facing certain punishment.

Legislators who have studied close-

Legislators who have studied closely the work of the Railroad Commission, commenting here on its achievement in behalf of the oil industry of the State, attach significant importance to the fact that the Commission, by its superior knowledge of the commission. ance to the fact that the Commission, by its superior knowledge of the actual situation, succeeded in raising Texas' allowable from the 700,000 barrels daily originally allocated to Texas by Federal authorities, to 1,031,000 barrels. At \$1 a barrel this is a net gain of \$331,000 daily, or \$110,000,000 a year to the State's business volume.

"The oil and gas division of the Commission now has 136 employes, including the Commissioners, whose average salary is \$135 per month. average salary is \$135 per month. The Commissioners receive only \$1000 per year each for their duties in connection with oil regulation," said one member of the House. "Of the total salary of \$4500 each commissioner receives, \$2500 is for regulation of rail roads, busses and trucks, and the other \$1000 for regulating such public utilities as the Commission controls. "It has been extremely difficult for the Commission to retain able em-

"It has been extremely difficult for the Commission to retain able employes in key positions on the small salary scale permitted by present appropriations. Efficient regulation by the Commission makes possible the collection of the \$45,200,000 which the oil industry annually pays into the State treasury. Therefore, it seems only good business to give back to the Commission enough of the millions which its effective work makes available. which its effective work makes availble to the Treasury, to permit it to retain capable employes, and to pay

gain of \$331,000 daily, or \$110,000,000 a year to the State's business volume.

Pointing to the enormous sums which this accomplishment of the Railroad Commission has added to the State's tax revenue from oil, several members of the Legislature are strongly advocating a larger working fund for the Commission during the next biennium. They explain that the money comes, not from the taxpayers, but from the oil industry, and that more effective regulation will make possible greater tax revenues for the State.

The junior livestock judging team of Texas Technological College placed first at the Southwestern Exposition and Fat Stock Show in Fort Worth. Finishing ahead of the next team by 18 points, Tech's team led the field of nine colleges and universities. The placement and scores of the nine teams are: Texas Tech 4,173; Nebraska 4,155; Kansas State Agricultural College 4,135; Oklahoma A. & M. College 4,108; Texas A. & M. es New Era For Texas Oil Development

Austin-The necessity for retaining Austin—The necessity for retaining State control over an industry that is bringing over \$1,000,000 daily in cash to Texas, in which 122 counties of the State are participating directly is obvious, but indicated developments in the oil industry in the immediate future will give the people of Texas an even greater interest in controlling their oil wealth, in the opinion of Col. E. O. Thompson, chairman of the Texas Railroad Commission.

Based on information and statistical data gathered by the Commission,

cal data gathered by the Commission, Col. Thompson foresees a new era of intensive oil development and exploration, with rising prices and consequent greater prosperity for Texas.

"Better times are undoubtedly ahead for the oil industry," said Col. Thompson, "and what that means to Texas can easily be seen from the fact that Texas has been supplying 46 per cent of the nation's oil. Within the State are five of the 15 largest oil pools in the United States."

Col. Thompson pointed out that new peaks of demand for gasoline and kerosene were shown in 1934 by Federal Bureau of Mines reports. Motor fuel demand was 406,269 barrels in 1934, up 2, 851,000 barrels over 1931, the previous record year. December, 1934, showed a 7 per cent higher demand than the previous December, in mand than the previous December, in November 15 per cent up, and gains were abnormal in October also. Refineries were running 70 per cent of capacity in December, up 1 per cent, with steady increase since. During 1934, 17,220,000 barrels of crude were withdrawn from storage, although there was an increase of 1 per cent or

Col. Thompson pointed to the increasing search for new oil reserves throughout the country, with 175 geo-

physical crews at work in the country searching for oil, at an expense of

"The industry is going ahead with vigorous preparations to take care of itself and has been doing so for a good many months," he said, "In 1934, 18,197 producing wells were drilled. Oil in storage is at the lowest level in eight years. It is entirely conceivable that within a few years, oil will be relatively scarce and high in price. Texas is in position to profit

price. Texas is in position to profit tremendously. Its present developed pools are among the most prolific and resourceful in the world. From our present proven area we will produce volumes of oil beyond calculation, and in the unexplored and wildcat

areas are even greater possibilties."

Double Submission Of Repeal Gaining Favor

Austin—A double vote on State-wide prohibition has been proposed to the 44th Legislature by Representa-tive Jap Lucas of Henderson County.

The Lucas of Henderson County. The Lucas plan is embodied in a resolution calling for the first vote on repeal in August, 1935 with the second vote to be held in the general election of November, 1936. The motive behind the plan is to place the legalized liquor traffic on probation for a fourteen month period. The suggestion has been given favorable con-

SCHOOL DAYS

THE LAST MATCH

With the double submission plan Lucas said the dealers will be particular. If it is handled properly for a year, he believes such proper handling will become well established and there will be less danger of a relapse.

The Lucas plan has its appeal with a number of members because it would eliminate the necessity for formulating a liquor control and regulation plan as an enabling act to the Constitutional amendment at this regular session. That could be done in a special session immedately following the first submission election in August this year and permit the pers-

909,345,000 barrels of new production "There was a 45 per cent increase in production of motor vehicles in the U. S. and Canada in 1934, over 1932," said Col. Thompson, "and estimates are 15 to 20 per cent increase in 1935 over last year. Motor cars furnish most of the increased demand for oil. "This steadily increasing demand for crude oil is going on despite the fact that refiners are getting twice as much gasoline from a barrel of crude as they did in 1917," he said. "To meet the 1934 demand for gasoline, it would have taken 1,886,000,000 barrels that were actually run to stills. A gratifying feature of this development of science is that we are paying one-half the price for gasoline now that we did in 1917, excluding taxes." To. y take less?

FORD has always aimed to make the automobile-buying dollar go as far as possible.

This year, the 1935 Ford V-8 gives you traditional Ford low prices, traditional Ford operating economyand, in addition, riding comfort, body roominess, new beauty and new safety features that will satisfy the requirements of almost everyone.

Consider some of the major improvements in the Ford V-8 for 1935. Take Comfort: From this standpoint alone, what a completely rounded car this is! Comfort Zone Riding that gives "front seat comfort" even to rear seat passengers. Deep cushioned, high-backed, wider seats. Big, air-balloon tires. Easier steering and a newly-designed clutch that responds to the touch of your foot.

Consider safety: There's safety glass all around-on all models-at no additional cost. A new, welded all-steel body. New, more powerful brakes, with an unusually high ratio of braking surface to car weight. And a lower center of gravity that gives increased safety and stability on curves!

Why be satisfied to receive less than this for your money? Examine this new 1935 Ford V-8. Ride in it. You'll realize that it is truly a new automobile value.

A State Can Live Within Income

Nebraska is advertised as being a lebtless state today; as a commonwealth where the law prohibits pledgweath where the law promotts pledging the state's credit for more than \$100,000; and also as a state which has ridden through war and peace, drouth and plenty, without issuing a dollar's worth of bonds.

It built a \$10,000,000 state capitol

over a period of twelve years out of over a period of twelve years out of its annual tax levy. Its roads are paid for by a four-cent gasoline tax and motor vehicle license fees, plus the usual Federal aid.

Nebraska's government, aside from road building, is supported by a general property tax and it has no income

These facts seem to prove that a great state can be operated on a bus-iness basis and stay within its income. Nebraska should be an object less-on for every state in the union, many of which are staggering today under bond issues to pay for political experi-ments and inefficiency which the coming generations will struggle to pay if they are ever wiped out. The taxpayers should rise up in arms, as it were, against practically every pro-
