WHOLE NUMBER 515

### American Legion Fostered Memorial Service Friday

The Boyd M. Williams Post of American Legion fostered memorial services on the street in front of Clemmons Insurance Agency last Thursday morning. Business houses in town closed at ten o'clock for the services.

The congregation sang America led by M. D. Ivey with Mrs. W. R. Jimison at piano. Rev. R. C. Brown, of the First Christian Church, gave the invocation. Another song, "The Star Spangled Banner" was rendered by the audience.

Dr. M. F. Ewton, pastor of the First Baptist Church, delivered a short address. He admonished people to keep fresh in their minds those principles for which the boys fought on the front, and for which many of them gave their lives. He stated that men who will stand for right principles in Democracy are greatly needed.

The Smart Music Shop furnished the piano for the services.

### Notice To Dog Owners

The Board of Commissions in Special Session on Tuesday, May 28, instructed its pound officer, Mr. W. C. Suit, to rigidly enforce the dog ordinance.

Under this ordinance an annual tax is levied in the sum of \$1.00 on each male dog, and \$2.50 on each female dog.

You are hereby notified that all dogs caught within the corporate limits, which does not show a tax tag will be destroyed in accordance with the provisions in the ordinance, passed on the 12th day of May 1930.

L. R. BURROW, City Clerk.

### Cooking School Will Start June 19

A free cooking school sponsored by the Dickens County Times will start in Spur Wednesday, June 19, and will continue three days. These should be three days of great interest to the ladies of Spur trade territory. It is not so much a matter of learning how to cook as it will be in learning how to apply your knowledge of cooking to better methods.

The Times has secured Miss Manchester, a noted Hot Point specialist to conduct this school, and no doubt she will bring some excellent ideas which the ladies of Spur county will desire to know about. Watch for further announcements next week and start to making your arrangements now to attend these three days of household instruction free.

### SINGERS MEET AT TWIN WELLS SUNDAY

The Dickens County Singing Convention will meet at Twin Wells about ten o'clock Sunday morning for an all day session. The morning will be spent in singing. Dinner will be served at the school house at noon. Everybody is invited to bring a well filled basket. Singers from various sections of West Texas will be present and a good time in music is hoped to be enjoyed.

### RETURNS HOME

J. A. Legg, of Croton community, was in town Wednesday and seemed to be greatly improved in health. He stated that he returned Sunday from Marlin where he had taken a series of baths for rheumatism. He has been suffering greatly for many months, but states he feels he is improving and thinks he will be all right soon.

### BRYANT-LINK COMPANY STORE MEETING

The regular monthly meeting of the managers and salesmen of the Bryant-Link Company store was held Monday evening in the store basement. Guests at the meeting were Mr. Pace, general manager of the Texas division of the John Deere Plow Company, B. L. Harris, sales manager for John Deere, and Leonard Spoutz, territorial salesman.

Business conditions in a general way were discussed and ideas exchanged as to how the store can give the community better service. A repast of barbecued chicken and barbecued lamb was served during the meeting.

### OUR OPINION IS

That it is not a good idea to marry one who accepts you for lack of a better opportunity.

Mrs. G. J. Lane and daughters left Friday for Denton where they attended the meeting of students homecoming at C. I. A. They expect to go to Valley Mills where they will visit Mrs. Lane's mother, Mrs. F. E. Potts and other relatives. Miss Eloise Lane is a student at C. I. A.

Misses Dot and June Lisenby left last of the week for Denton where they will attend the summer session C. I. A.

GLASSES LOST—Gold frames, one lens nicked. Reward \$2.00. Return to E. E. Dickson at Experiment Station.

Henry Alexander and John A. Moore were called to Lubbock Wednesday where they will continue their work on the federal grand jury.

### Many People Saw The Passion Play

The Passion Play, or "Life of Christ," which was presented at the Palace Theatre Wednesday of last week by Ed T. Coleman, was favored by large attendance. The picture ran from two o'clock in the afternoon until 10:15 in the evening and the large auditorium was filled to capacity practically all the time. Everybody praised the plot and story.

The picture was brought to Spur by the business men for the benefit of the churches and the young people. They felt that if the people could see the story of the life of Christ portrayed in picture that it would be more impressive. The story has been dramatized on the stage for about 300 years, and every decade it is given in the town of Oberammergau in Bavaria and 1940 is the year it is due to appear. However, it is said that because of the age and ill health of the person who characterizes the Christ and feeling that possibly he may not live to be in the play in 1940, that the play will be given there in 1936.

It is said that the people of Oberammergau so live and characterize the Bible that there are no peace officers, or courts in that town. That every difficulty is settled as outlined in the Bible. It is reported that each citizen of the town tries to make his life portray some portion of the Bible, and that any person taking any part in the Passion Play must have lived a life that is above reproach.

The Passion Play will appear on the screen at Jayton, Wednesday, June 19. The Palace Theatre in that city will run the picture with a matinee starting at two o'clock in the afternoon and continuing until about ten thirty in the evening.

### Sells Grocery Interest At Dickens

Otho L. Hale is announcing to his friends that he has sold his interests in the firm of Hale & Speer to his partner, Frank Speer, and is now taking a rest. Mr. Speer took charge of the business Saturday and will continue on with it.

Mr. Hale stated that he had been in business in Dickens County for 27 years and he felt that he is entitled to rest for a few weeks at least. He started into business at Atton in 1908 and was there until 1919. He sold out there and came to Spur where he engaged in business for four years and then went to Dickens where he soon would have finished out 12 years more.

Mr. Speer is well known in the county, having served as school superintendent at Dickens for several years and has been in the grocery business the past four years. He has many friends and with his experience and accommodating attitude he should receive a good patronage.

### PREACHING AT ESPUELA SUNDAY

Brother Warren Simmons, minister of the Church of Christ, will preach at Espuela next Sunday, June 9, at three o'clock, p. m. Everbody is invited to come.—Contributed.

Frederick Malone, who has been in a Lubbock sanitarium for an appendectomy, was able to return home the first of the week. He is able to be out now and seems to be getting along fine.

### Bankhead Contracts Must Be Signed By Next Monday

Monday, June 10, is the final day for all Bankhead contracts to be signed and turned into the County Agent's office. It is reported that a few farmers have not yet signed their 1935 contracts, and the department urges that these be attended to soon.

There are no committees working on these contracts this year since it is thought that most farmers understand the purpose of them. A great number of farmers have already made their contracts at the County Agent's office. This can be done much easier there since the information required is on file in that office. Most of the farmers have looked after their contracts while in town on other business.

### Voc. Ag And Club Boys In Feeding Projects For 1936

The County 4-H Club boys and the Vocational Agriculture classes of the Patton Springs school and Spur school are in a feeding project for next year. They have 26 fine calves, all either registered or are subject to registration, which they are feeding at this time. Of these calves 25 are Herefords and one is an Angus.

The Vocational Agriculture teacher at Patton Springs is T. L. Arthur, and at Spur is C. B. Middleton. The 4-H Club boys are under the direction of W. W. Gregory. These men made selection of the calves and they came from the territory as far east as Gainesville and as far west as Odessa.

In addition to the calf feeding project there is expected to be added lamb feeding and pig feeding projects. It will be remembered that the grand champion and the champion of the junior division in calves at the South Plains Calf and Meat Show last year were fed by a Dickens County boy.

### TO THE PEOPLE OF DICKENS AND ITS TRADE TERRITORY

Having sold to Frank Speer, my interest in the mercantile business, and all open accounts, belonging to the firm of Hale & Speer, at Dickens, and it being impossible for me to see each of you personally; I take this method of expressing to you my appreciation for the many favors which you have extended me since I have been there. And, especially do I appreciate the many kind words of confidence and appreciation which so many of you have spoken to me during the last few days.

I am retaining my property in Dickens, and still feel an interest in the town and its people, and will be glad to, at any time, do what I can for the advancement of its interests.

Thanking you again, I am  
YOUR appreciative friend,  
OTHLO L. HALE. 1tp

Jack Rooney, of the Liner Circulation Service of Chicago, was in our city Tuesday looking after business for his firm.

### Sheriff Captures More Booze

Sheriff J. L. Koonsman captured quite a lot of booze in a raid Monday morning. The Sheriff was out west of Spur about seven miles Monday and recognized a car driving toward him. He got out of his car and was waiting for the other car to drive up. A man in the other car did not desire to stop and tried to hit the Sheriff and almost ran into his car. The Sheriff fired a shot into the other party's car and he applied the brakes.

Upon examination there was found 26 half gallon jars and one pint full of good old "cawm liker". The party and whiskey were taken into custody, the party being placed under bond to answer before the next term of court and the whiskey was placed in the vault at the courthouse in Dickens.

### Notice To Car Operators

Please check your muffler to see that no unnecessary noise escapes. There has been complaints made and "Motor Vehicle Registration Rules," page 7, Article 26, states that "Cut-Outs" are unlawful and should never be used. We will appreciate the hearty cooperation of every one in this matter.

We want to thank the people for their cooperation in taking the loose stock off the highways. It means much to the safety of all.

J. L. KOONSMAN, Sheriff  
Dickens County, Texas.  
By Wayland A. Lee, Deputy.

### Cotton Rental Checks Received

The County Agents office announced Wednesday that the first 1935 cotton rental checks had been received that day. There were 623 checks making a total of \$34,409. They started to deliver the checks Wednesday afternoon and people who have not called for their checks may get them if the government has sent them out.

### Summer School Opened Monday

The summer term of Spur schools opened Monday. Sixteen pupils were enrolled in others are making arrangements to start soon. Mr. and Mrs. G. B. Wadzeck and O. F. Martin are the instructors.

### VISITED IN NEW MEXICO

Mr. and Mrs. H. E. Blendon and children returned from Clovis and other points in New Mexico Tuesday, where they had been visiting relatives and friends. Mrs. J. B. Morrow and children went to New Mexico with them, going to Albuquerque where her husband is a patient in the Veterans Hospital.

Mr. Blendon reported that Mr. Morrow is getting along very well except that he is homesick to see his friends at Spur. He is receiving the best of attention and most of his time is devoted to rest and sleep. If friends will write him a letter occasionally it will help him greatly.

### Products of Farm and Forest for One Million Fords

The farmer's job used to be keeping the nation's dinner table supplied. During 1935 he will work to supply materials for one million Fords.

Ford dealers point out that the Ford Motor Company will purchase many products of the farm and the forest in order to complete its announced intention to build one million cars this year.

Here are some of the things that will have to be purchased:

- 112,000,000 FT. OF LUMBER
- 3,200,000 LBS. OF WOOL
- 2,400,000 LBS. OF LINSEED OIL
- 20,000 HOGS
- 30,000 CATTLE HIDES
- 500,000 BU. OF CORN
- 34,000 LBS. OF CASTOR OIL
- 350,000 LBS. OF GOAT HAIR
- 1,800,000 LBS. OF SOY BEANS
- 2,000,000 LBS. OF TURPENTINE
- 93,000,000 HONEY BEES
- 2,500,000 GALS. OF MOLASSES
- 69,000,000 LBS. OF COTTON
- 728,000 GALS. OF TUNG OIL
- 1,000,000 FORDS

The motor car is not a kingdom in itself. It must buy something of nearly everything that is grown on the farm and that is made in other industries. Thousands of farmers and industries are feeling a new impetus in business from the scheduled production of more than one million Fords for 1935.

It will yield a quarter of a million tons of wool. The Ford car is a good customer and helps to make farmers more efficient and prosperous. They help each other and Ford dealers build Ford cars just as Ford cars help to make farmers more efficient and prosperous. They help each other and Ford dealers point out that both help the country.

### Many Farmers Turned In Tags

According to report from W. W. Gregory, of the County Agricultural Department, around 90 per cent of the farmers have made exchange of 1934 cotton tags for 1935 tags. Mr. Gregory stated that probably other farmers who still have some tags may feel that they cannot make the exchange now. But stated that all farmers who will bring in their tags at once that he would handle them in same manner. He said that he is anxious that all farmers get their tags exchanged soon so that all records may be completed.

According to records in Cotton Division of the Agricultural office more than 700 tag reports have been sent in to the State Department. It is hoped that the remainder of the reports can be sent in within the next few days.

### Mahon Tries To Secure Extension Of Farm Aid

Congressman George Mahon has conferred with government officials in Washington in an effort to secure an extension of the aid that has been rendered farmers of the drouth area. He has been working with the Commodity Purchase Section of the Agricultural Adjustment Administration and the Interstate Commerce Commission regarding a 30 day extension of the reduced freight rates on hay and feed being shipped into the counties that have suffered most from the drouth. The agreement which made possible the reduced rates during the last few months expired May 31. The Commodity Purchase Section has included 131 Mid-western counties in the proposed area to be benefitted, 60 of which are in West Texas.

He has also made an effort through the Farm Credit Administration and the Texas Relief Commission to secure an increase in the amount of loan allowed farmers for feed for livestock.

Mr. Mahon said: "Now that rains have come over West Texas, our farmers have an opportunity to bring themselves back to a basis of prosperity if they can only be carried over a few more months until a new crop can be raised. I believe that those steps which the government has taken to help the farmers in the drouth area should not be withdrawn at this crucial time, but should be continued until returns from a new crop can be realized."

### City Federation Of Clubs Hold Meeting

The City Federation of Clubs held a tea at the Spur Inn Friday evening with a good representation from all clubs. Each department of the Federation was represented on a good program as follows:

Mrs. Jack Rector, acting as Mother Federation, had the representatives of the respective departments to appear from behind a very attractive old Mother Goose Shoe, which made the program very attractive and enjoyable.

The Educational Department was represented by Mrs. M. H. Brannen, the Home Department by Mrs. W. F. Godfrey and Mrs. W. T. Andrews, Junior Department by Miss Mozelle Arthur, Citizenship Department by Mrs. Cap McNeill, the Legislation Department by Mrs. E. J. Cowan, Conservation by Mrs. Dan H. Zachry, Fine Arts Department by Mrs. W. R. Weaver, International Relationship by Mrs. Netha Campbell, Public Welfare by the 1931 Chorus.

Word received recently that Mr. and Mrs. Walter Dunn, of California, are the proud parents of a son born May 25. The youngster has been named Clifford Lee. Walter Dunn is a former Spur boy and has a great number of friends here who will be glad to know of the new heir.

### Neilson Elected Dist. Committeeman American Legion

R. B. Neilson, commander of the local post of American Legion, was elected District Committeeman at the 19th District Legion Convention in Plainview Sunday. Mr. Neilson was elected strictly on his merit as an American Legion worker and did not even make any personal attempt to have his name placed before the convention. He will assume his duties in October succeeding H. H. Mason of Lockney.

Mr. Neilson has served the Boyd M. Williams Post as Post Commander the past two terms, and his work and efforts as a leader placed him favorably before the posts of the 19th District as their District Committeeman. Spur is one of four posts that went beyond their quota in membership and it was largely through the efforts of Commander Neilson that this work was accomplished.

One other decree of the veterans' convention Sunday was a movement to establish within the boundary of the 19th District a hospital for disabled veterans. Lubbock and Amarillo are asking for the location.

### County Seventh Grade Graduation

The County Seventh Grade Graduation was held at the Patton Springs school Saturday, May 25. This was one of the best graduations the county has had up to now. The county median in the Seventh grade has been rising every year.

For this occasion the Patton Springs Seventh Grade class decorated the building in a very artistic manner using pink roses and pink and white crepe paper. The pupils, parents and others began arriving about ten o'clock. Games, contests and singing were enjoyed until noon. A very wonderful lunch was served. There were three long tables covered with fried chicken, ham, cakes, pies, pickles, salads, etc. Some of the ladies brought large baskets full of food. During the morning the children had become so well acquainted until they enjoyed the noon hour together.

In the afternoon the program proper began. The audience stood during the professional. "America, the Beautiful" was sung. Rev. Hood of McAdoo, gave the invocation. The Patton Springs Seventh Grade presented a welcome number which consisted of singing, marching and readings. Horace Wayne Newberry, Wayne Ogle and Dick Terry, of Dickens, sang a song, and Wanda McLaughlin, the class valedictorian, gave a reading.

George S. Link, of Spur, made the address to the class. This was a very interesting, wonderful and splendid address to which the audience listened very attentively. The awards were presented by Mrs. Twaddell. Wanda McLaughlin of McAdoo made a grade of 396, the highest grade ever made in Dickens County in the Seventh Grade. Chloe Skton, of Dickens, followed her with 387. Elaine Parks, of Dickens, made 371, the third highest grade in the county after having been in school only about five months. Then came Cecil Barton, of McAdoo, winning fourth place honor with a grade of 369. Dorothy Merriman, of Twin Wells, made 365, the highest grade in the county among the rural schools.

Avande Carlisle, of Steel Hill, 350; Wayne Ogle, of Dickens, 348; Yonnie Cypert, of McAdoo, 346; Horace Wayne Newberry, of Dickens, and Wayne Kisinger, tied with a grade of 342; William York, of Wilson Draw, made 338; Carolina Orinella, of Espuela, made 337. She had been in school only four years.

These were the thirteen highest in the county.

**SECURES REGISTERED POLAND CHINA SIRE**

Mrs. Emma G. Russell, of Dry Lake community, has purchased a very fine registered Poland China sire which she expects to head her herd of hogs. This animal has headed the herd at the Texas Technological College the last two years.

In speaking of his pedigree the following information was secured. This boar is a grandson of New Hope II which was grand champion at the Amarillo Tri-State Fair, the South Plains Fair at Lubbock and many others. New Hope II, also, was grand champion at the State Fair at Dallas four times. He is a great grand son of New Hope I who won the grand championship at the National Swine Show in Peoria, Ill., in 1928.

His dam was sired by "Modernist" which was the reserved grand champion at the National Swine Show and won the class there as a junior pig and the next year he won the junior yearling championship.

This pig owned by Mrs. Russell is one of a litter of ten which when 60 days old weighed 413 pounds for the litter. This pig was farrowed in March, 1934, and today weighs more than 500 pounds.

Mrs. Russell expects to improve her herd of hogs and probably secure some good registered gilts and produce registered stuff. She expects to permit her neighbors to use the sire if they are interested in improving their herds.

Beyond a doubt this sire has the best record in breeding of any that has ever been brought to the county.

The deceased is survived by her husband, F. M. Hahn, and four children: Mrs. E. J. Kellet, Mrs. D. W. Stanley and Earl Hahn of Girard, and Lonnie Hahn of Clairemont.

Mrs. Hahn was 65 years of age and had lived in the Lost Lake community since 1915. She was a good Christian character and took much interest in church work. She was loved and revered by all her neighbors.

#### CLUB MEETING ON CARE FACE, HAIR, HANDS

In washing your hair you should never use cake soap. Melt your soap first as cake soap does not go through the hair good. You should soap your hair three times, or until the soap is quite clean. Rinse after each soaping. If you are using hard water you should always use a vinegar rinse to get the soap out and then rinse the vinegar out. Use about an ounce of vinegar to a glass of water.  
 You should not use your finger nails to wash your hair as they tear

the scalp and injure it. You should use the balls of your fingers.  
 The wardrobe demonstrator, Mrs. Donnie Pace, said, "In cleaning the face you should not rub downward, but upward and outward as that rubs the wrinkles out. Never use lots of powder, use just enough to make your face look smooth and clean."  
 Miss Irene Hoover and Miss Lelia Lee Erath were new members with seven other members present. They were: Mrs. A. M. Hoover, Mrs. G. E. Kissinger, Mrs. Tom Rape, Mrs. Chester McAlpine, Mrs. Walter McKay, Mrs. Donnie Pace, Mrs. Carl Patton and Mrs. Bert Cherry.—Reporter.

#### CLUB MAKES TWELVE PATTERNS

**CLUB ACHIEVEMENT PROGRAM**  
 "The first thing I did when I became wardrobe demonstrator was to make an inventory of the clothes I had at the beginning of the wardrobe year," Mrs. Floyd Lefevre, wardrobe demonstrator class I told the cooperators of the Chandler home demonstration club in their achievement program in her home Monday. "Because of the demonstration I have learned to make my clothes better and to know what to select to go with the clothes I already have."

A summary of the club achievements show that four foundation patterns have been fitted this year; two clothes closets have been built; seven sleeve ironing boards and three shoe racks have been made. At least eight of the 10 active members will exhibit dresses and slips in the county clothing contest June 15.

**DEMONSTRATOR AIDS OTHERS**  
 "I have made a sleeve ironing board, improved my clothes closet and helped to fit four foundation patterns this year. There are 25 foundation patterns in the 30 families in our community," says Miss Bertha Cooper, wardrobe demonstrator class II of the Chandler home demonstration club, in the story of her year's work.

"With my foundation patterns, sleeve ironing board, and plenty of storage space I can have my clothes compare with the best with a great deal less work than heretofore. Therefore I have more time to help others and can help them in a much better way. By planning my own clothes to fit my needs I have spent less for clothes than I usually do."

**KELLY PETILLO ON MAY 30TH WON THE FIVE HUNDRED MILE INDIANAPOLIS RACE ON FIRESTONE TIRES, breaking the track record and driving the entire distance at a rate of 106.240 miles per hour.**

This record is an astounding demonstration of tire efficiency. To go 500 miles in less than five hours on this rough and bumpy 26-year-old brick track demonstrates the strength and blowout protection that Firestone builds into their Gum-Dipped Tires.

**AB JENKINS ALSO RECENTLY DEMONSTRATED THE stamina, efficiency, and blowout protection built into Firestone Gum-Dipped Tires.** He drove his 5000 pound car over the hot salt beds at Lake Bonneville, Utah, 3000 miles in 23½ hours. This was an average speed of 127.2 miles per hour, and although temperatures were as high as 120°, he had no blowouts or tire trouble of any kind.

These records are made possible by special construction features built into Firestone Gum-Dipped Tires.

Take no chances—protect your life and the lives of others by letting us equip your car with Firestone Tires.

- Before you buy new tires ask yourself these three questions**

  - 2—"Are they built to give me the greatest blowout protection?"
