### Congressman Mahon Secures Low Feed Rates

The Commodities Purchase Section of the Agricultural Adjustment Administration has informed Congressman George Mahon that an agreement has been reached with railroad officials and approved by the Interstate Commerce Commission which will make possible continuation of the reduced rates on shipments of live-stock feed for the drought area. The agreement which made possible these reduced rates during the last few months expired May 31, and Mr. Mahon had been working with this Section and with the Interstate Commerce Commission on this proposition for several weeks.

The new agreement provides, a basis of two-thirds of the regular rate to apply on hay and fifty per cent of the hay rates to apply on other feed shipments. The agreement took effect June 5 and will continue until August 31.

The destination territory to which the reduced rates apply includes 131 counties in five midwestern states, 60 of these counties being in West Texas.

### District Agricultural Agent To Be Here Next Tuesday

O. G. Tumlinson, District Agricultural Agent, will be in Spur next Tuesday to discuss work with community reporters in agricultural work. Mr. Tumlinson is asking for a representative of every community to be present Tuesday at ten o'clock in the morning at which time he wants to talk over some important matters.

### ABSENT TREATMENT

It is said by some who claim to be authority that many divorces could be avoided, if those whose matrimonial bark is not sailing too smoothly, would try the absent treatment, for six months. Perhaps there is some reason to this. The old man might shave up, dress up, come home with a smile in place of a frown, and the good wife would think him as good as new. And her cooking might be to him better than mothers used to be. For some time I have kept quiet, have been listening in on the line and tried to get the viewpoint of the other fellow. "Set on the fence as it were and watched myself go by" and it helps a fellow to see how small a potato he really is. But I still think it's a good old world, filled with beauty, and opportunity is still living.

Since it has rained we have almost forgotten the unforgettable desert storms, but I don't believe the absent treatment would make us enjoy them, if they were to come again. Yet the absent treatment did make the pater pater of the rain upon the roof seem more musical and sweeter if possible than ever before.

We learn to appreciate by comparison. We need the midnight darkness to cause us to enjoy the rising sun of the morning. Say, a lot of folks are worrying about the Constitution. I don't think we need worry about too much, regardless of what party is in power, just leave it to the Supreme Court boys.

Politics is a funny game, it isn't like football, folks boost the fellow carrying the ball, but in politics the fellow who has the ball is always wrong, and the one that's trying to get it is the savior of the Constitution, and the common people. We can't listen too much to politicians, we must think a little for ourselves and do our part to boost in place of knock the fellow who is carrying the ball. I believe in the future and love the present. The old machine will slip in high gear one of these days and we will forget our losses, as we should do, and the absent treatment will make the old depression just an experience which has helped to make us more appreciative of the days of plenty.

### Miss Ilah Manchester, Nationally Known Cooking Expert Returns To Spur Next Wednesday, Thursday, Friday

MISS MANCHESTER

Miss Ilah Manchester, nationally known home economist, will conduct cooking classes at the Ritz Theatre from 2:30 to 5:30 each afternoon of Wednesday, Thursday and Friday, June 19-20-21. Miss Manchester is the nationally known authority on food preparation and will give lectures daily on balanced menus and the benefits derived from proper food preparation. If you would like to gain weight, Miss Manchester can tell you the food you should eat. If you would like to reduce a few pounds, just feel free to ask Miss Manchester.

You will find Miss Manchester will be delighted to answer all questions pertaining to food and home making in general. In interviewing Miss Manchester, she stated that she was very pleased to make a return trip to Spur and looked forward to receiving a lot more of that good southern hospitality that was shown her on the visit here last year.

Miss Manchester has just completed a two weeks school in Kansas City where there was a daily attendance of between three and four thousand women. Prior to the school in Kansas City, she conducted a large school in Seattle, Washington. Since the school in Spur last year, Miss Manchester has conducted schools in a large number of the principal cities in the United States.

### City National Bank Makes Loan Application

L. B. Withers, Receiver of the City National Bank of Spur, Texas, has stated to us an application has been made to the Reconstruction Finance Corporation for a loan on the remaining assets of his trust, whereby funds may be obtained to pay a Termination dividend to the depositors of the closed City National Bank of Spur.

Mr. Withers also requests all owners of lock boxes and owners of papers left with the bank for safekeeping to come by the bank and sign a proper receipt and get them.

### Afton Girl Wins State Honors

Miss Lizzie Lou Baxter, of Afton, has been designated as a Gold Star girl in the State of Texas as a result of her club work in 1934. She was among the 100 highest in the state and will be awarded a gold star pin at the Summer Short Course which begins July 29 at College Station.

Miss Baxter is president of the Patton Springs 4-H Girls' Club and has been very successful in her work. She is the clothing demonstrator for the club and will enter the County Clothing Contest to be held in the First Baptist Church in Spur Saturday.

This is the second state honor for Miss Baxter as she won first in the state in essay writing not long ago.

### Big Prizes On Rodeo Events

Prizes totaling \$2,500 will be awarded in the rodeo events and various other contests to be held in connection with the gathering of cowboys at Stamford July 2, 3, and 4 for the sixth annual Texas Cowboy Reunion.

Besides \$1,600 in cash, the prize list includes six handsome hand-made saddles offered through the courtesy of the Salesmanship Club of Dallas, and various other trappings, such as bits, spurs, boots and hats coveted by cowboys and cowgirls.

The saddles, which were donated by the Dallas Clearinghouse Association, the Higginbotham, Bailey, Logan Company and the Salesmanship Club, will go to the champion calf-roper, one to the champion wild-cow milker, another to the champion bronc-rider and a fourth to the winner of the cutting-horse contest, a unique feature of the Stamford rodeo.

The winner in the oldtime calf-ropers' contest, open only to cowboys over 55 years of age, will also receive a saddle. Prettiest of all is the saddle to be awarded to the winner of the cowgirls' sponsors' contest. Joe De Andre of Dallas is offering a pair of shop-made boots to the champion roper in the rodeo.

The cash prizes will be awarded as day money in the various rodeo events. Old fiddlers also will come in for a share of the cash prizes in their contest, totalling \$32.50. Another \$25 will be given for the best entries in the grand parade on July 3.

Prizes will also be given the most typical cowboys attending the Reunion, one for a cowboy over 55 years of age and one under 55. The younger cowboy will receive a gold watch donated by Lintz Brothers of Dallas, and the older cowboy a Stetson hat given by L. Schwarz & Company of Stamford. The most typical junior cowboy will be given a cowboy suit by the Hassen Dry Goods Company of Stamford.

### Tax Payers Can Save 9 Per Cent

JUNE is the time for tax payers to pay the last one-half of 1934 taxes without penalty or interest. If taxes are delinquent a saving of 9% can be made by paying these by June 30, 1935, as a total of 14% penalty and interest will have to be collected on or after July 1, 1935, whereas they can be paid during this month with a 5% penalty. An effort on your part to take care of these taxes at this saving will be appreciated by Dickens County as a whole.

J. L. KOONSMAN, Sheriff, Tax Assessor and Collector.

### SOUTHWESTERN BELL SETS HOUR FOR STATION TO STATION CALLS

Reduced long distance telephone rates on night "station-to-station" calls, for years available only between 8:30 p. m. and 4:30 a. m., hereafter will be in effect between 7:00 p. m. and 4:30 a. m., an hour and half earlier. This advance in the time for cheapest long distance service was announced by the Southwestern Bell Telephone Company today.

Tariff revisions for this change on interstate calls were filed voluntarily a month ago with the Federal Communications Commission and became effective today.

Reductions apply when the day rate is more than thirty-five cents. "Person-to-person" calls are unaffected by the change.

A new reduced rate not offered heretofore is also effective today on transatlantic telephone service. Between 5:00 p. m. and 5:00 a. m. calls will cost \$9.00 less than formerly.

### SPUR P. T. A. REACHED STANDARD OF EXCELLENCE

Mrs. W. R. Weaver, president of the Spur Parent Teachers' Association, received word this week from Mrs. J. M. Fouts that the local association had reached the standard of excellence in work. Mrs. Fouts is state chairman of standards and stated that a certificate of award would be given this fall. Mrs. Weaver also received a note of congratulation in behalf of the Spur P. T. A. for the good work done the past year. Mrs. Weaver and the other officers was greatly responsible for this standard, and as these officers will serve another year, there will be no further standards reached.

Mr. and Mrs. L. A. Shugart and two children drove into town late Tuesday evening in their big photo studio and will be here for a day or two visiting relatives and friends.

Mrs. Don Welch and Mrs. Elmo Townsend, of Madill, Okla., are in our city this week visiting friends. They will leave today for Paducah where they will visit Mrs. L. B. Withers.

### Federal Land Bank Reduces Farm Loan Interest

The interest rate on all Federal Land Bank loans made through National farm loan associations will be reduced to 3 1/2 per cent for all interest payable in the one-year period commencing July 1, 1935 and to 4 per cent for all interest payable in the two-year period commencing July 1, 1936, according to James B. Reed, secretary-treasurer of the Dickens National Farm Loan Association. This announcement was made June 10th, 1935 when Mr. Reed was notified of the new loan rate by A. C. Williams, president of the Federal Land Bank of Houston and General Agent of the Farm Credit Administration of Houston.

This temporary reduction of interest on Federal Land Bank loans having installments due prior to July 1, 1938 is the result of new legislation, the Farm Credit Act of 1935, which was signed by President Roosevelt June 3. Interest payable on installment dates occurring after July 30, 1935, will be at the original contract rate, which is 4 1/2 per cent on loans now being made through National farm loan associations and varies from 5 to 6 per cent on loans made prior to April 1, 1935.

The Farm Credit Act of 1935 also provides for another important innovation. Under its terms, the Land Bank Commissioner now may make loans to finance the purchase of farms by deserving tenant farmers. Formerly, Commissioner loans could be made only for the purpose of refinancing debts, for repurchasing farms lost through foreclosure and for working capital. The Act extends to January 1, 1940 the time in which the Land Bank Commissioner may make direct loans to farmers on first and second mortgages. The Commissioner may plus any prior encumbrances on the property may not exceed 75 per cent of the appraised normal value. Commenting on the new provisions Mr. Reed said: "The new provision enabling the Land Bank Commissioner to make loans for the purpose of purchasing farms provides a new opportunity for young farmers and deserving tenants to become farm owners and home owners in their own right. We shall be glad to talk things over with worthy tenants, who wish to buy farms of their own."

Since May 12, 1933, when the Farm Credit Administration was established, the Federal Land Bank of Houston, acting for itself and as agent for the Land Bank Commissioner has

### Cemetery Working Next Tuesday

We would like to have as many people as possible to gather at the Spur cemetery next Tuesday for the purpose of cleaning of the graves and cutting out the weeds. The cemetery is the resting place of our loved ones who have passed on, and all of us should take a pride in seeing the grounds kept beautiful. Bring rakes, forks, hoes, etc. needed to do the work. Let's meet about 8:30 a. m. June 18 and make our cemetery a beautiful place.

Rosendahl Defends Use of Dirigibles; Drive Launched for Construction

America's Foremost Air-ship Expert Cites Record of Graf Zeppelin in Commercial Service in Defense of Lighter-Than-Air Craft

"SINCE the War, submarine accidents have caused two and a half times as great a loss of life as air-ships; marine disasters forty times, railroads 300 times, automobiles, 1,000 times; yet we hear no talk of discontinuing construction of submarines, steamships, railroads, or automobiles," cried Lt. Comdr. Charles E. Rosendahl, U.S.N., before the Society of Automotive Engineers, meeting in New York.

International The Graf Zeppelin soars over New York City on her first crossing of the North Atlantic in 1928.

address is expected to launch a new campaign in this country for continued construction of large rigid air-ships for naval defense and commercial development. It was the first public offering of "lighter-than-air" advocates since the loss of the Macon at sea off the California Coast, on February 14, roused a storm of opposition to further air-ship construction.

No Real Opposition

In the audience were engineers and scientists of international reputation, several of whom, it was reported, had come for the purpose of "blowing up" the air-ship idea. If this was the case, they must have become converted before the hour of questioning arrived, for no very real opposition appeared.

- 1. Large load-capacity. 2. Long cruising-range. 3. Ability to go slowly, or even stop in midair, without falling. As commercial carriers of passengers, dirigibles since the War have hung up a record untouched by any other type of transport. More than half a million paying passengers have been carried, without the loss or injury of a single passenger.

NOBODY'S BUSINESS

By JULIAN CAPERS, JR.

Austin.—Happy, indeed, must have been the reflections of the governor of a state which has a million citizens on relief rolls, depending for the bread of life upon a government dole, as he spoke to a huge throng of merry-makers last weekend at Yoakum.

Yoakum people discovered more practical use for the tomato, and back of their carnival event lies one of the most interesting and inspiring stories in the modern history of Texas.

In 1925, following a disastrous drouth in South Central Texas, community leaders in Yoakum, hustling little city of 5656 souls situated on the border of Lavaca and DeWitt counties, 118 miles southeast of Austin, decided to do something about the situation. Cotton and feed crops were burned completely up, and there were no other important crops. O. R. Davis, then president of the Chamber of Commerce, experienced in wholesale marketing vegetables, made a study of the Yoakum trade territory, and decided that tomatoes were the answer.

From that beginning, Yoakum ships 600 cars of tomatoes, from about 35,000 acres, into every important American city. It operates 15 commercial packing sheds, and a commercial cannery is being built. Average net return from tomatoes is around \$150 an acre, under depression conditions, with exceptional instances where the gross return has run as high as \$500. The labor-payroll, for packing, grading and loading, alone, is \$11,000 a season.

But Yoakum folks didn't stop at that. Having learned the lesson of diversification, they didn't make the mistake of getting into a one-crop rut again, even one so profitable as tomatoes. So now they ship 20 cars of dressed turkeys, 200,000 pounds of fowls, 30,000 pounds of spring chickens and 5000 cases of eggs a year. Whole milk marketed in the Yoakum area, from fine Jersey cows that were introduced, yielded about \$112,000,000 to farmers last year.

Perhaps, as Gov. Allred paid his tribute to the tomato, he was thinking that the credit really should go to a people made of the stuff of pioneer Texans, who were dismayed by no difficulty, but simply met and overcame such problems as arose, using whatever materials were available to

have simply given up and hold out their hands daily for a government dole to prevent them from starving.

Warm weather in Texas invariably brings political activity, and this year is no exception. Wets and dries assembled in Austin and Dallas, respectively, last weekend, and laid plans to launch the repeal battle in June. Signs of war, the first requisite, are being raised, and oratory will begin promptly after this important financial angle is cared for.

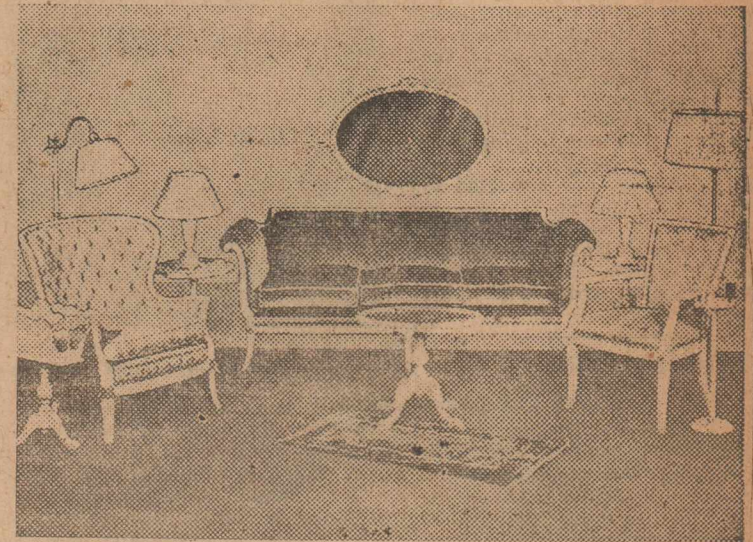

In Dallas, the dry cause was given the atmosphere of a holy war, with meetings held in First Baptist church. Mrs. Claude de Van Watts, W. C. T. U. leader; Bishop Boaz, Tom Love,

Dr. C. M. Rosser, all veterans of the prohibition wars, spoke. Messages of co-operation came from Gov. Allred and Dr. George Truett. Rep. George Moffett of Chillicothe spoke for the dry faction in the legislature. Surface harmony, at least, prevailed at both sessions.

Both sides are wondering what part U. S. Senator Morris Sheppard will take in the campaign, if any. In view of his campaign against national repeal. He faces re-election next year, and his vote to override the president's veto on the Patman bonus-inflation bill came as a surprise to many Texans. Rumors that Jim Ferguson may get into the race against him were revived at Austin, following Jim's appearance at the wet rally.

Miss Clara Cammack, of the United Fidelity Life Insurance Company's office here, visited her father, Judge W. R. Cammack, at Matador Sunday.

**Miss Manchester Gives Novel Recipes June 19-20-21**

SAVING TIME BY SERVING READY PREPARED VEGETABLES I have often asked:

"Why do some perfectly intelligent modern minded women still hesitate to give their families ready prepared vegetables?"

The answer is: "They did, yet perhaps they don't." But for years their hesitation was quite noticeable. They served prepared breads and rolls as a matter of course. They bought ready prepared soups, pickles, jellies, and jams, even cakes and pies and kitchens scraping, peeling and washing vegetables.

Yet they spent hours in their kitchen. If you are one of the few women left who do this, let me whisper in your ear: The reason you do it is because you do not yet know enough about canned foods to put your complete trust in their wholesomeness.

Here and now, then, I am going to tell you a few pertinent facts about canned vegetables, the inside story, as it were.

The modern canned vegetable supplies all the nutritive value, all the minerals, calcium, iron, phosphorus, and the highly prized vitamins that you get when you buy raw vegetables in the market and cook it your self in your own kitchen. Practically all good grades of vegetables are now canned right where they grow, so that none of the nutritive value is lost during shipment to the cannery. Within a very few hours after the vegetable is picked, every bit of its priceless food value is sealed into the can.

All vegetables packed by the canners are expressly grown for the purpose, grown from selected seed it may surprise you to know.

Many farm vegetables are not satisfactory for canning.

Let me settle another point, too. It is perfectly safe to keep food in an opened can, provided you put it in a refrigerator and give it the same care you would give any cooked food. There is absolutely nothing about the can that is harmful to health.

Letting the can stand open to aerate the vegetables, or rinsing them in cold water before cooking, takes just so much from their flavor and food value. If you do either of these things now I urge you to stop.

It is perfectly safe to store unopened canned foods on your pantry shelves for any length of time, provided you keep them in a moderate temperature, away from steam pipes and radiators.

The next time you serve canned peas heat them quickly in their own juice until it is practically cooked away. This same method make an amazing improvement in the flavor of all canned vegetables.

If you use vegetables cold, say for salad, chill them well before serving.

For a More Abundant Life

"WE HAVE IT" . . . for homes, for farms, for towns and cities, for industries.

**ELECTRIC POWER!**

West Texas is abundantly supplied with power resources. The West Texas Utilities Company's 2,600 miles of transmission lines are linked with modern, strategically located generating stations, bringing power to you wherever it is needed.

"Let's Have Cheap Power!"  
We Have That, Too.

Power is a commodity which grows cheaper the more it is used. The power from this company's lines, available every hour in the day or night for a variety of uses, can be purchased cheaper than it can be manufactured by the individual city, or the individual industry, farm or homes.

"Let's Have Abundant Power, for a More Abundant Life."  
We Have That in West Texas, Too.

You may recall, many years ago, when some neighbor was able to boast of his electric lights through cords hanging from the ceiling. Light was expensive then, only the well-to-do could buy this service. Today, everybody uses electric service, for the electric dollar buys now an abundant amount, about three times as much electric service as it did before the World War. Electric service is delivered to you now so cheap that its daily cost can be counted in pennies.

The area served by the West Texas Utilities Company has ample power facilities to meet the demands of this growing and progressive "Land of Opportunity," West Texas.

HOUSE JOINT RESOLUTION  
proposing an Amendment to Article IV of the Constitution of the State

**WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL**

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salts, pig-sura, water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a chile, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, acting when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. Best drug store. © 1934 C. M. Co.

of Texas so as to authorize Courts having original criminal jurisdiction to suspend the imposition or execution of sentence and to place the defendant on probation and to reimpose such sentence, under such conditions as the Legislature may prescribe; providing for an election on the question of adoption or rejection of such Amendment and making an appropriation therefor; providing for the proclamation thereof; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas be amended by adding thereto, between Sections 11 and 12 a new Section to be known as Section 11A, to read as follows:

"Section 11A. The Courts of the State of Texas having original jurisdiction of criminal actions shall have the power, after conviction, to suspend the imposition or execution of sentence and to place the defendant upon probation and to reimpose such sentence, under such conditions as the Legislature may prescribe."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas, on the fourth Saturday in August, 1935, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots

the words:  
"FOR the Amendment to the State Constitution authorizing the Courts to place defendants on probation," and those voters opposed to said proposed Amendment shall write, or have printed on their ballots the words:  
"AGAINST the Amendment to the State Constitution authorizing the Courts to place defendants on probation."

onstration club in answering the roll call with something learned in wardrobe work this year in the way of sewing in the achievement program Wednesday afternoon.

The wardrobe demonstrator gave the report of her work. The cooperators made reports which were compiled in a club report. "I have cut and fitted 27 foundation patterns," said Mrs. C. W. Van Cleeve in giving her wardrobe report.

There were eight contest dresses and slips modeled. Some were sport suits, some plain street dresses and there was one party dress.

Five sleeve ironing boards were exhibited. Others have made boards but didn't bring them.

The club is planning to be 100% in exhibiting dresses and slips in the County Contest.

Those present: Mrs. Johnie Hale, Mrs. Leslie Peak, Mrs. Paul Braddock, Mrs. R. C. Alexander, Mrs. Vaughn White, Mrs. C. W. Vancleeve, Mrs. F. Alexander, Miss Lona May Barrington and Miss Pratt. Visitors were Mrs. D. O. Blasingame, Mrs. Ross Murphy and Mrs. Joe Hale.

### FAMILY STYLE TABLE SERVICE

When the Twin Wells H. D. Club met with Mrs. L. B. McMeans, Sr., Monday, May 27, Miss Pratt gave a demonstration on how to serve a family style meal. She suggested serving several foods on a few platters, as there are so many possibilities in preparing colorful and attractive dishes in that way. Another advantage of serving a "platter" meal is that it saves dish washing.

Miss Pratt also gave us many points on table etiquette which she advised us to practice each day and probably avoid embarrassment in the future when acting as hostess or as a guest.

Those present at this meeting were: Mesdames Tom Gilmore, Tol Merriman, Don Merriman, Jim McDaniel, O. Pentecost, Bud Morrison, Misses Minnie Fae McMeans, Gladys McMeans, Pratt, Elizabeth Williams and the hostess, Mrs. L. B. McMeans, Sr. —Reporter.

### ACHIEVEMENT DAY OF TWIN WELLS CLUB

When the Twin Wells H. D. Club met with Mrs. Don Merriman, wardrobe demonstrator class I, Friday, June 7, Miss Pratt made us feel very happy when she told us that we had some very attractive dresses to be displayed at the clothing contest.

After some discussion of the contest, delicious ice cream and cake were served to Mesdames L. B. McMeans, Tom Gilmore, Frank Watters, Tol Merriman; Misses Pratt, Minnie Fae McMeans, Gladys McMeans and the hostess, Mrs. Don Merriman. —Reporter.

### McADOO

Mrs. "Dot" Gilmore, wife of Louie Gilmore of Meadow, Texas, and daughter of J. D. Herring of Breckenridge, died in Lubbock sanitarium Friday morning June 7 of blood poison. The body was brought to McAdoo where funeral services were held at 2:00 o'clock Saturday afternoon. The funeral rites were read by Rev. Jones of Friona, and Rev. Isabell of Fort Worth. Rev. Clemitts of Meadow and Rev. A. O. Hood of McAdoo, assisted in conducting the services.

Mrs. Gilmore was born June 2, 1905 and was thirty years and five days of age at the time of her death. She spent most of her life at McAdoo, having moved to Meadow last year. Mr. and Mrs. Gilmore were married December 24, 1934 at Crosbyton. To this union one child, Billie Doris, was born.

Mrs. Gilmore joined the Baptist Church when she was 14 years of age, and has lived a true, clean, Christian life since then. She was a patient and lovable mother and wife and was generous and kind to everyone. "To know her was to love her." No other words could be more appropriate to describe her noble character. Her sweet smile and kind loving words help ed many over the hard places in life.

Mrs. Gilmore made many friends that will always remember her. Even though she has gone from us in this world, she has left an impression that will always live in the hearts of those who loved her.

Interment was made in McAdoo cemetery. The great number of people who attended the funeral and the many, many beautiful flowers showed to some extent the love that was held for her by everyone.

Mrs. Gilmore leaves her husband, Louie Gilmore and daughter, Billie Doris; her father, J. D. Herring, of Breckenridge; four sisters: Willie Ruth Herring, Mrs. Tom B. Lenoir of Breckenridge, Mrs. Bradford Bass of McAdoo and Mrs. Fred Norvelle of Moran; three brothers: Jack Herring of Floydada, Herman Herring of Flag and W. C. Herring of Breckenridge, and a large number of close relatives and friends.

Friends from a distance to attend the funeral were: Mr. and Mrs. Claude Tucker, Mr. and Mrs. Tom Lewis, Mr. and Mrs. Clarence Gooding, Mr. and Mrs. Jay Doneghey, E. L. Harris, Mrs. Gene Pierce, Rev. Clemitts, Bill Tucker, all from Meadow; Curtis Jacques of Earth, Strate Conley of Whitney, W. H. Lenoir of Breckenridge, Mr. and Mrs. J. F. Gilmore, parents of Louie Gilmore, and family of Wilson, Mr. and Mrs. Lingo Gilmore and family of Lubbock and Earl Gilmore of Whitney.

Mrs. O. S. Harvey, visited her parents, Mr. and Mrs. Z. T. McKnight, of Dickens Sunday.

Miss Lenora Nickles left Sunday for Austin where she will attend the State University during the summer session.

Mrs. Vernon Goodwin of Roaring Springs, spent a few days recently visiting her grandparents, Mr. and Mrs. Edwards, and Mrs. Bass, her mother.

A. W. Van Leer, who has been enrolled as a student in Abilene Christian College the past term, has returned home to spend the vacation with his parents, Mr. and Mrs. A. W. Van Leer.

Mrs. C. B. Jay and babies of Roby and Mrs. Kate Bates and baby of Roby, spent this past week with C. C. Neeley and family.

Mr. and Mrs. M. A. Adams and son returned to McAdoo the last of the week from South Texas where they spent the winter.

Bradford Bass and son, James Edwin, are in Sanatorium, Texas, visiting his wife, who is a patient at the sanatorium.

Mr. and Mrs. Roy Ward and family have returned from Hill County after attending the funeral of Mr. Ward's father.

Mrs. Henry Sirecy and little Mona Kate of Alamogordo, New Mexico, and Miss Helen McDonald, a nurse in Lubbock sanitarium, are here spending their vacation with their parents, Mr. and Mrs. A. W. McDonald and family.

Katherine, Lucille and Inez Rose, students of Texas Tech, returned to McAdoo last week to spend the summer vacation with their parents, Mr. and Mrs. Austin Rose and family.

Mr. and Mrs. Norvelle and family returned to their home at Moran Sunday after attending the funeral of Mrs. Louie Gilmore, a sister of Mrs. Norvelle.

Mrs. Gene Bass visited her daughter, Mrs. Vernon Goodwin of Roaring Springs during the past week.

Beulah Mae Phifer, who is attending summer school at West Texas State Teachers College at Canyon, is at home this week due to illness.

Lucille Morris returned to Fort Worth the first of last week after visiting her parents, Mr. and Mrs. J. O. Morris. Lucille is employed in a beauty shop in Fort Worth.

J. D. Herring, Willie Ruth and W. C. and Mr. and Mrs. Tom B. Lenoir returned Monday to their home near Breckenridge after attending the funeral of their daughter and sister, Mrs. Gilmore, Saturday.

Mrs. Audrey Vaughn of Roaring Springs, was visiting in this community Saturday.

Mr. and Mrs. Caroll Bateman spent the week end in Roaring Springs with Mr. and Mrs. W. M. Vaughn, parents of Mrs. Bateman. Mrs. Vaughn prepared a birthday dinner in honor of her two daughters, Mrs. Bateman and Mrs. Fred Christopher of Duncan Flat. There were twenty-six guests present

### CLUB NEWS

#### CLUB HAS ACHIEVEMENT PROGRAM

"I am so proud of my new clothes closet," Juanita Rose, clothing demonstrator of the McAdoo 4-H club told her cooperators when they met in her home Tuesday morning for the achievement program. Juanita has just completed her closet which has five shelves, a long hanging rod, hat racks, and laundry bag. She plans to make a shoe rack soon.

A check of the work of the cooperators of the club show that 11 have completed their collars, seven made slips and three have finished their school dresses.

Wild grape juice and cookies were served to Ruth Ward, LaRue Holmes, Wanda McLaughlin, Miss Pratt, and Juanita Rose.

LaRue Holmes, reporter.

#### DEMONSTRATOR APPRECIATES HER WORK

"When I was asked to be wardrobe demonstrator class I for our club I hesitated because I did not think I would be financially able to carry on the work but after learning more about the work I decided that was the real reason I should be a demonstrator." Mrs. Don Merriman told the Twin Wells home demonstration club members in their achievement program Friday. "I have learned how to place my clothes so each article will harmonize with the others thereby making my clothes more attractive and making my wardrobe money go farther."

"Since I did not have a clothes closet I had to build one. We had enough scrap lumber to make a frame and covered this with cardboard boxes then papered it to match the room. I put only one shelf in the closet for hats for the remainder of the space was needed for hanging garments. I put a rod under the hat shelf for the children's clothes; it is low enough for them to use it nicely. We have a shoe rack the entire length of the closet and a rod on the door for ties and belts. For hat racks I covered cereal boxes with the ceiling paper and they make good hat racks. We now have a place for our clothes and can keep them with much less care."

#### DEMONSTRATOR FOLLOWS WARDROBE PLANS

"I have learned to avoid fads as

they are of short duration and would possibly not harmonize with the wardrobe in any way. It is best to select a style that will last the season when making a purchase and care should be taken to select a style or fabric suited to the person who is to wear it, rather than just because it is pretty." Mrs. O. S. Harvey, wardrobe demonstrator class I for the McAdoo home demonstration club says in her story of her wardrobe work.

"I have learned that it does not take a great expenditure of money to be well dressed. If one will plan their wardrobe, then follow their plans and use discretion in making purchases, and then give the proper care to the garment after it is made they can feel assured at all times that they are well dressed. My work has been more interesting because of the interest and help of my husband. He helped me to build my closet and in the selection of my clothes," she added.

#### HASTE MAKES WASTE

"Haste makes waste," said Mrs. I. E. Abernathy in her wardrobe story to the Soldier Mound club women at her home Thursday. "Allowing yourself plenty of time in sewing is the secret of successful wardrobe work," continued Mrs. Abernathy.

Members present were: Mes. Ollie Hindman, Hade Condron, I. E. Abernathy, Jno. Bachman, Elmer Bilberry, and Miss Sylvia Denson. Mrs. Foster L. Jones and Miss Millred Formby were new members.

#### CHANDLER CLUB MEETS

"I have learned never to use a button on a dress without a button hole," said Mrs. Clark Forbis at the achievement program of the Chandler club in answer to roll call.

The club met at the home of Mrs. Floyd Lefevre, wardrobe demonstrator, class I. There were three dresses and two sleeve ironing boards and one slip exhibited. Others are planning to have their completed by June 15.

Those present were: Mrs. Clark Forbis, Mrs. J. L. Turpen, Mrs. Floyd Lefevre, Mrs. Kate Lefevre, Mrs. Ida Lefevre, Mrs. B. A. Goss, Mrs. W. J. Ham and Miss Bertha Cooper. Mrs. John Farley was a visitor.

#### CLUB HOLDS ACHIEVEMENT PROGRAM

"I've learned to cut sleeves that fit," said Miss Lona May Barrington; "I've learned to make bound button holes and how to sew on buttons," said Mrs. Vaughn White, club members of the Prairie Chapel home dem-

**State Relief Director Asks Local Cooperation**

State Relief Director Adam R. Johnson has appealed to municipalities and counties of the state to aid county administrators in reducing the Texas relief load.

The request came after a demonstration last week at Paris, where relief clients picketed the county relief offices and refused to permit employees of the Lamar county relief staff to enter their offices.

Pat Warner, Lamar county administrator, told Johnson by telephone that leaders in the demonstration refused to leave the place until concessions in the form of more adequate relief were granted by relief authorities. Johnson replied that relief funds were distributed to all counties on an equitable basis and that the Relief Commission is not in a position to bargain about the amount of relief extended. After the state director informed Warner that he would have to discontinue all relief activities in Lamar county if local officials were not able to maintain order there, Paris officials wired that the crowd had been dispersed and that order prevailed.

"We are sending to the counties every available dollar for relief as soon as it reaches Austin and picket lines won't improve the situation. It's true that our per case grants will be reduced almost in half this month, but that's because the allotment to us has been reduced by a like amount."

"We think every county in the state should do everything possible to reduce the relief load by helping employable persons on relief to find jobs. We understand that farmers all over the state are in dire need of help in the fields. Able-bodied men on our rolls should not fail to seek this type of employment. If enough of them do

find farm employment, it will mean more adequate relief for those unavoidably left on the rolls. "Under this reduced allotment, work relief projects will necessarily be confined to the most essential ones such as canning plant and sewing room projects. Others, however, will be slowed down on account of reduced budgets. "I don't believe we may reasonably expect larger relief grants in the future," Johnson continued. "Federal officials know the drought has been broken in Texas and they expect an increasingly large number of our relief cases to become self-sustaining as a result. It simply means that Texas relief clients must exhaust all resources in an effort to find work."

**FATHERS COMING HOME**

Mary A. Bural Mothers singing at her work, We hear her softly say, Hurry children! Do your tasks, Your fathers coming home today.

The lonely hours will soon be past, Slowly the hours go by, How eagerly we scan the road, Sun slants the western sky.

Suddenly we hear a shout, Oh! Joy! He'll soon be here. For in the distance we can see A buggy top appear.

Away we race to meet him, Our father, straight and tall, In all our childhood memories The dearest of them all.

The days you'd gone away to tell, Of Christ, our risen Lord, Always the joy of your return, From preaching Jesus word.

Written in honor of my father, Rev. W. B. Bennett, for Fathers' Day.

Mrs. George King and Mrs. C. D. Copeland left the last of the week for Mineral Wells where they will remain about two weeks.

Mr. and Mrs. H. V. Nettles, of McAdoo, were in our city Monday doing some trading and greeting friends.

Miss Nell Albin spent Sunday and Monday in Lubbock visiting her sister, Mrs. Joe Stotts.

Mrs. G. J. Lane and three daughters returned Saturday from Valley Mills where they had been visiting relatives and friends.

Mrs. N. V. Cypert, of McAdoo, was in our city Monday doing some shopping.

**IN MEMORY OF DAD**

By Hattie Belle Turvan I'm dreaming to day dear daddy of you, Some how I've been thinking—the whole day thru: How you called us children, in from play. Read the dear old book—then knelt to pray.

Dear daddy your prayers linger with me still How you ask God if it—be His will, To keep us children ever near His side; And let God's blood be on us applied.

Then as we sang the sweet song o'er; Let me love, Thee Lord, more, and more, Savior, blessed Savior, more than life to me; I am clinging Lord, clinging close to Thee.

Me thinks I can hear you daddy o'mine; I can see your sweet face in each precious line. As the choir stands and sings it today, Your voice whispers, trust Him—you can-not stray.

Daddy I can even feel you—pull my curl, Anl whisper, your are dadys Tom-boy girl; It made me proud when it came from you dad— But when others said Tom-boy—I got mad.

Dad how good God has been you see— To let your memory remain so vivid with me. It seems only yesterday—I was asleep; They hastily awoke me; come Take a last peep.

Dad you were leaving this world of sin— Thru the golden gate you were entering in; Then you smiled and looked straight at me, And sang: Lord I'm clinging close to Thee.

**Home Economist To Be Here June 19-20-21**

Everyone knows that the person with lots of vitality gets ahead faster, has more fun out of life.

What we eat has a great deal to do with the vitality we enjoy. Here's an interesting fact, the largest need of our diet for its endurance energy and science now reveals that bread is our outstanding energy food.

Bread is economical. It furnishes necessary energy at low costs. It is such an important food that it can well supply from 25 per cent to 40 percent of the total energy needs of the body.

Beauty, and the capacity to enjoy life, are not possible without abundant energy. Bread is an important food for meeting this essential body need, efficiently.

Instead of being avoided, bread should be the prominent energy food of the diet for that endurance energy so essential to vitality.

Bread contains from fifty to fifty five percent of carbohydrates, which supply energy mainly. Bread also includes proteins, used for building muscle and helping daily repair of body tissues. Everyone needs energy food. Women, especially should remember that; for no one can enjoy the full glow of health and beauty with out proper energy nourishment. The strictest program of weight control requires energy food, as does the hardest physical effort, the only difference is in the quantity of energy food needed. So bread, being our outstanding energy food, should not be avoided, but should serve as the prominent energy food of the diet.

These are facts verified by noted scientists and every statement made in the foregoing remarks has been accepted by the Committee on Foods of the American Medical Association.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for old-age assistance as that Government may offer not inconsistent with the restrictions hereinbefore provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of the State of Texas on the fourth Saturday of August, 1935, at which election there shall be printed on such ballot the following clause:

"For the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per month per person and to accept from the Government of the United States financial aid for old-age assistance."

"Against the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per person per month and to accept from the Government of the United States financial aid for old-age assistance."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same printed as required by the Constitutional and Laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5000), or so much thereof as may be necessary, is hereby appropriated out of the funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of said publication and election.

HIGHWAY COMMISSION WILL TRY FOR FUNDS

In a determined effort to obtain \$100,000,000 for gap-closing on Texas highways before the Centennial and the opening of the Mexico City road, Harry Hines, new chairman of the State Highway Commission will head a delegate of Texas leaders to Washington in mid-June, he has announced.

His hopes is to impress the federal administration with the fact that the building of modern highways in Texas can provide more and better and quicker employment than wad-curing, ditching or many of the other former CWA activities. It can do this, he contends, with minimum waste or abuses, and the result will be useful, permanent, revenue-producing facilities.

Accompanying Chairman Hines to the capitol will be the other commissioners, Gibb Gilchrist, state highway engineer, Col. Ike Ashburn of the Texas Good Road Association and envoys from many other groups.

Gov. James V. Allred favors utilization of road-building as a means of unemployment relief in Texas, and has wired his views to President Roosevelt.

"Well over 90 per cent of the Texas road dollar goes to labor either on the job or in the factories, mills and pits behind it", Mr. Hines explained, "and this is why we hope to get some of the money from purely temporary relief projects shifted to it."

The highway chairman explained that he has no thought of disturbing the many worthwhile city and community projects to be presented through PWA, but only random and unplanned work relief.

SOCIAL WORKERS MEET JUNE 9TH

The future place in society of the millions of people now on relief rolls and the direction of efforts to bring about recovery from America's most lasting economic crisis will be described by world-famous sociologists at the National Conference of Social Work, to be held June 9 to 15, at Montreal.

Officials of the national conference have advised Mrs. Val M. Keating, director of social service for the Texas Relief Commission, that Secretary of Labor Frances Perkins will speak on the "Outlook for Economic and Social Security in the United States." Other addresses include:

"Social Justice in the United States," by Professor Paul Douglas of the University of Chicago; "Toward World Peace," by President Raoul Dandurand, Montreal University; "Social Work and the Economic Crisis," by Mary van Kleeck, director of industrial studies for Russell Sage Foundation, New York.

Mrs. Franklin D. Roosevelt will preside and Harry L. Hopkins, federal emergency relief administrator, will make the principal address at a dinner, the theme of which will be "Recovery and Reform."

Discussion meetings will be held on such subjects as the public works program and various problems relating to social work in state emergency relief administrations. Reduced railroad rates to Montreal have been ob-

tained for members of the conference and it is expected that some 6,000 workers from all parts of the United States will attend the meetings. Additional information about the conference may be obtained from Howard R. Knight, general secretary of the National Conference of Social Work, 82 North High Street, Columbus, Ohio.

KEEPING UP WITH HENRY'S HIGH WAGE

Keeping up with Henry Ford's minimum wage policy may be a bit expensive in the long run, but Fred Hicks, a cafe proprietor of Detroit is determined to go the limit.

When Ford set his wage at \$4," said Hicks, "I paid the same. When

he raised to \$5 I met. Now I see he has raised it to \$6, and by George, I'll meet that. If Ford's workers worth \$6 a day to him, my employees are worth as much to me."

Dickens County Times

JUNE 19-20-21

The housewives and husbands of Spur and all surrounding towns are cordially invited to attend a FREE cooking school sponsored by the Dickens County Times on the dates June 19-20-21.

The cooking school will bring suggestions and methods to relieve long hours of work. This is not a matter of learning how to cook or how to do housework, but the use of short cuts with appliances and tested

methods to reduce time and labor. Many women feel that "Mother's housekeeping and cookery, the best in the world, are good enough for today," but mothers in those old days yearned, too, for new ideas and simpler methods.

Plan now to attend every session. You are sure to enjoy and profit by the valuable experience as exhibited in the demonstrations conducted by Miss Manchester.

S. J. R. No. 3 A JOINT RESOLUTION proposing an Amendment to Article XVI of the Constitution of Texas by striking out Section 20a to Section 20e, both inclusive; prohibiting the power to define and enact laws against such; vesting in the Legislature the power to regulate the manufacture, sale, transportation and possession of intoxicating liquors...

Section 1. That Article XVI of the Constitution of Texas be amended by striking out Section 20a to Section 20e, both inclusive, and substitute in lieu thereof the following: "ARTICLE XVI Section 20.

"(a) The open saloon shall be and is hereby prohibited. The Legislature shall have the power, and it shall be its duty to define the term 'open saloon' and enact laws against such. Subject to the foregoing, the Legislature shall have the power to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a State Monopoly on the sale of distilled liquors.

"(b) The Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct or incorporated town or city, may, by a majority vote of those voting, determine from time to time whether the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; and such laws shall contain provisions for voting on the sale of intoxicating liquors of various types and various alcoholic content.

"(c) In all counties, justice's precincts or incorporated towns or cities wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county, justice's precinct or incorporated town or city, any spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other intoxicants whatsoever, for beverage purposes, unless and until a majority of the qualified voters in such county or political subdivision thereof voting in an election held for such purpose shall determine such to be lawful; provided that this subsection shall not prohibit the sale of alcoholic beverages containing not more than 3.2 per cent alcohol by weight in cities, counties or political subdivisions thereof in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature."

proposed Amendment shall write or have printed on their ballots the words: "AGAINST the amendment to the State Constitution repealing Statewide prohibition, prohibiting the open saloon and providing for local option."

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State. Sec. 4. The sum of Eight Thousand (\$8,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

THE STATE OF TEXAS NOTICE IS HEREBY GIVEN THAT by virtue of a certain Order of Sale issued out of the Honorable District Court of Dickens County, on the 3rd day of May, 1935, by Nettie Littlefield, Clerk of said District Court for sum of Two Hundred Nineteen and 15/100, (\$219.15) Dollars and costs of suit, under a Judgment, in favor of E. H. Remington in a certain cause in said Court, No. 1330 and styled E. H. Remington vs. H. W. Allen, Mrs. H. W. Allen and R. S. M. Carter and placed in my hands for service, I, J. L. Koonsman as Sheriff of Dickens County, Texas, did, on the 3rd day of May 1935, levy on certain Real Estate, situated in Dickens County, Texas, described as follows, to-wit:

Lot No. 24, in Block No. 12 fronting on the West side of Burlington Avenue, in the City of Spur, Dickens County, Texas, and levied upon as the property of H. W. Allen, Mrs. H. W. Allen and R. S. M. Carter and that on the first Tuesday in July, 1935, the same being the 2nd day of said month, at the Court House door, of Dickens County, in the City of Dickens, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Special Assessment (Paving Lien) I will sell said above described Real Estate at public vendue, for cash to the highest bidder, as the property of said H. W. Allen, Mrs. H. W. Allen and R. S. M. Carter.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Dickens County Times, a newspaper published in Dickens County, Texas. Witness my hand, this 10th day of May, 1935.

J. L. KOONSMAN, Sheriff Dickens County, Texas. By Wayland A. Lee, Deputy. (Published June 6, 13, 20, 1935).

Notice To Dog Owners The Board of Commissioners in Special Session on Tuesday, May 23, instructed its pound officer, Mr. W. C. Suitt, to rigidly enforce the dog ordinance.

Under this ordinance an annual tax is levied in the sum of \$1.00 on each male dog, and \$2.50 on each female dog.

You are hereby notified that all dogs caught within the corporate limits, which does not show a tax tag will be destroyed in accordance with the provisions in the ordinance, passed on the 12th day of May 1930. L. R. BURROW, City Clerk.

GOVERNMENT CANNED MEATS SHIPPED Shipment of 371 car loads of canned meat from warehouses at Beaumont, El Paso, Houston and Brownsville has depleted the store of government canned meat in Texas by 9,642,120 cans, it has been announced.

Remainder of the meat processed from the government cattle buying program last summer and fall, a total of 22,241,896 cans, now the property of the Federal Surplus Relief Corporation, is being held in warehouses throughout the state awaiting shipping orders.

It was explained that although a portion of the remainder will be distributed as a surplus commodity to

WHOSE WORD WILL YOU TAKE FOR BLOWOUT PROTECTION?

Low wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before. Are you accepting exaggerated and unsupported advertising and sales claims—or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowout protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, gruelling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three cars. Not one of the drivers had tire trouble of any kind.

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every cotton cord is soaked and every strand is insulated with pure liquid rubber, preventing internal friction and heat, the main cause of blowouts.

Protect your life and the lives of others by equipping your car with Firestone Gum-Dipped High Speed Tires—the safest tires built. It will be worth your time to read these three questions and their answers:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?" ANSWER—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of other popular makes of tires.

QUESTION 2—"Are they built to give me the greatest blowout protection?" ANSWER—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?" ANSWER—Thousands of car owners report unequaled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

Bread is our outstanding energy food, declares Miss Manchester, home economics expert who is directing the Dickens County Times Cooking School, June 19-20-21.

"Beauty and the capacity to enjoy life are not possible without abundant energy," says Miss Manchester. "Bread is an important food for meeting this essential body need efficiently. Instead of being avoided, bread should be the prominent energy food of the diet for that endurance energy so essential to vitality.

"Bread is economical. It furnishes necessary energy at low cost. It is such an important food that it can well supply 25% to 40% of the total energy needs of the body, and still permit a well balanced diet.

"Everyone needs energy food. Women, especially should remember that; for no one can enjoy the full glow of health and beauty without proper energy nourishment."
