

A WEST TEXAS PAPER FOR WEST TEXAS PEOPLE

Dickens Co. Times

VOLUME 11

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, SEPTEMBER 5, 1935

WHOLE NUMBER 526

Spur Schools Open With Good Enrollment

The Spur public schools started their regular session Monday with the largest enrollment in years. The superintendent and principals of the various schools had made much preparation for the school opening and there was not much red tape to unwind Monday. Most of the high school students had been enrolled Friday and the classification and assignment of books was the chief work Monday. There was no long drawn out programs at any of the schools. The students assembled in the various auditoriums where the announcements were made and then each class or group went to the class rooms where classifications and schedules were worked out.

There were 707 pupils enrolled the first day. Of this number 283 were in the high school. The first year high school was 108, the sophomore class enrolled 71, the junior class 60, and the senior class 50.

The grammar school enrolled 169 the first day. The 5th grade enrolled 67, the 6th grade 50, and the 7th grade 52.

The East Side school enrolled 255. The high 4th grade had 19, the low 4th 21, the high 3rd 21, the low 3rd 41, the high 2nd 11, the low 2nd 41, the high 1st 18, and the low 1st 63. In this building in some instances there are two teachers for each division.

The above figures do not include the 60 enrolled in the colored school nor the additional increase of 83 new students who entered the second day. That makes the enrollment up to 800.

There were some changes in the faculty at the last and some new teachers added. Miss Minnie Johnson who had been teaching in the grammar school was transferred to the East Side in primary work. L. H. Sallis was employed as a teacher in the grammar school. Burgess Brown is a new teacher and will have charge of the science in the high school and will direct the high school band and orchestra. Miss Wilma McArthur is a new teacher and will take charge of the mathematics in the high school. Miss Codrington will teach in the grammar school.

It is the intention of the superintendent to place every teacher in the field of work adaptable to them. Mr. Thomas stated that he feels that every teacher has the work they desire to do and thinks this will mean a great deal toward the success of the schools. Miss Pauline Buster, who has been head of the English Department for many years, sent in her resignation Saturday. She has accepted a position as English teacher in the high school at Post. The English Department here will have to secure a new teacher to take Miss Buster's place.

Spur will be visited by a big good will caravan from Lubbock, Friday, Sept. 6, when the first South Plains Fair trip is made, according to word from A. B. Davis, manager of the fair. The caravan will arrive here promptly at 3:30 p. m.

The forty piece Lubbock High School band, a comedy troupe and a large number of Lubbock business men will be in the caravan. Novelties will be passed out to the children. Speakers will tell of plans for the fair.

Lubbock Boosters Will Be Here Friday

In addition to educational exhibits of all types, the fair will offer the Harley Sadler's newly acquired circus for the first time in this section, the Jack T. Wortham carnival, horse racing, vaudeville acts, fireworks and other entertainment.

"We feel a banner South Plains fair this year will do much to counteract the unfavorable 'dust storm' publicity this section got last spring," Davis states in his letter urging cooperation in boosting the fair.

The boosters will be at Matador at 12:30 and will enjoy lunch there. They will be in Roaring Springs at 2:15, at Dickens at three o'clock and will be in Spur at 3:30 o'clock in the afternoon.

The following books were added to the Spur Library this week: "The Voice of Bugle Ann" by MacKinley Kantor. This is an unusually good dog story told with some charm and dramatic power. Mr. Kantor showed in his novel of Civil War days, "Long Remember."

"Lucy Gayheart" by Willa Cather. The name of this author speaks for all her books. "Blow Desert Winds" by William Corcoran is one of the best Western stories in print.

"Young Renny" by Mazo De La Roche, a continuation of the Jalna and White Oaks saga. "The Forty Days of Musa Dagh" by Franz Werfel, is a classical story of the invasion of America.

There are now between 677 and 700 books in the library. Reading privileges may be had for the small sum of 25 cents for two months.

LAST CHANCE to get Dawson Washed (Hydro-Cleaned) Coal at Summer Prices. Car on track now.

SWAFFORD—Phone 32

The Spur schools have secured Miss Mildred Baker to serve as librarian for this term of school. Miss Baker's salary will be paid by the federal government. Her duties will consist of office work and keeping the records on the library books in which she is very efficient.

Farmer Builds Wind Driven Light Plant

Parts from five old cars contributed to the successful operation of a wind driven electric light plant built by A. J. Allen, McAdoo farmer, this spring to light his home.

"I used a four year old car battery and a seven year old generator from an Essex," says Mr. Allen. "I made an eight foot propeller of lumber mounted on 24 inches of a model T axle and hub. I used a 14-inch brake drum, from a Jordan, for belt pulley with a V-8 car belt to pull the generator which was driven by a Chevrolet generator pulley."

"I took my time about building it for several had been built in the community and they did not work. I got mine to operating about the middle of March and there have been only four or five nights that we have not had all the light we needed. After I got it to working I had trouble getting light bulbs to use. I used car light bulbs, wiring them so that both units burned simultaneously but they did not last long. I finally located a firm in Fort Worth that sold bulbs suitable for my plant."

"Mine is a six volt plant and will carry 25 and 50 watt bulbs. The plant is strong enough to light our house and carry a car radio. My only expense was about \$4.50 for bulbs, wire and some blacksmith work I could not do. I found that the heaviest wire you can get is best; regular light wire is not heavy enough. The tower should be as near the appliances as possible too," says Mr. Allen.

"I mean to build a 32 volt plant so that we will have power enough for lights, radio, washing machine, iron, and refrigerator. I'll want a good new battery for that plant."

"I have built three other plants since finishing mine and all are proving successful," says Mr. Allen.

Band-Orchestra Taught In Spur Schools This Year

BURGESS BROWN

Instructor in Band and Orchestra Spur Schools

Instruction in both band and orchestra will be given in Spur schools this year. This work has not been a part of the school work in former years except as individuals have given it their personal time. This year it will be recognized as part of the work of the school and additional curricula credit will be given in it. It is the hope that full affiliation will be acquired and the work is going to be taught with that object in view.

Burgess Brown, who is a graduate of Simmons University, will be the instructor in the work. Mr. Brown spent several years with the noted Simmons Cowboy band and was one of the number who made the European tour. He has been under some of the best band and orchestra instructors in Texas and in addition has had experience in directing band and orchestra work. He has met all the requirements before the State Educational Board for securing affiliation in the work, and all that is lacking in that respect is cooperation of the local people in encouraging the students of the schools to devote some time to the work. The work is open to all students in the school system whether they be High School students, Junior High students, or Grammar school students. A band will mean much to Spur schools.

LIBRARIAN EMPLOYED

The Spur schools have secured Miss Mildred Baker to serve as librarian for this term of school. Miss Baker's salary will be paid by the federal government. Her duties will consist of office work and keeping the records on the library books in which she is very efficient.

Leaf Worm Infestation

By G. J. LANE

Infestation by leaf worm has become very severe in some localities in the county, and control methods should be employed.

This pest is easily controlled, the best method being to use calcium arsenate, otherwise known as arsenate of lime. Under ordinary circumstances, and where dusting machinery is available, it is applied in dry form. It should be applied in an even dust cloud. 5 lbs. per acre will ordinarily be sufficient, although in cotton of large growth it may be necessary to apply 10 lbs. per acre. It should be applied, preferably, in the early morning while there is dew on the plant, although it is quite effective when applied in mid-day, provided there is no wind.

Those who are equipped with some kind of spraying machinery insist that it is more conveniently applied with water as a spray. If this method is preferred, the poison should be mixed with water in the proportion of 3 lbs. to 50 gal. water. The poison will quickly settle out of this mixture, and while application is being made, the mixture should be kept stirred so as to keep the poison suspended in the water. It should be applied in sufficient quantity merely to get a reasonable even covering of the mixture on the leaves.

There has been complaint of a shortage of calcium arsenate. In this cannot be obtained, Paris green may be used. For dusting, this should be thoroughly mixed with some 3 to 5 parts of hydrated lime or cheap flour to 1 part of the poison, and applied in the same quantity as the calcium arsenate or possibly a little more heavily. If it is to be sprayed use 3 parts of lime, 1 part of Paris green, and mix so that there will be 1 1/2 lbs. of Paris green in 50 gals. water.

Mixtures of white arsenic and sal soda or lye are very apt to injure the foliage, and this office does not recommend their use.

Schools Organize Football League

The schools at Dickens, Patton Springs, McAdoo and Roaring Springs have formed a class "C" football league for the 1935 season. These schools are of about the same in size and standing, and it is the opinion that they will develop much friendly feeling and association thru this league. The following is the schedule for the season:

- Sept. 27—Roaring Springs at Dickens; Patton Springs at McAdoo.
- Oct. 4—Open date for all schools.
- Dickens at Patton Springs.
- Oct. 11—McAdoo at Roaring Springs.
- Oct. 18—Open date for all teams.
- Dickens at McAdoo.
- Oct. 25—Patton Springs at Roaring Springs.
- Nov. 1—Open date.
- McAdoo at Patton Springs.
- Nov. 11—Dickens at Roaring Springs.
- Nov. 22—McAdoo at Dickens; Roaring Springs at Patton Springs.
- Nov. 28—Patton Springs at Dickens.

Roaring Springs at McAdoo. It will be observed that September 27 is opening date for the new league. All of these schools have good football grounds and can take care of large crowds at the games. All of them are good live schools and had football teams last year, except McAdoo, which is starting football this year.

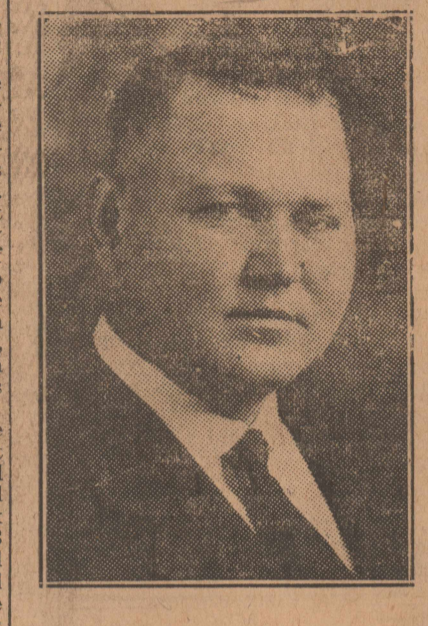

New Service Station Under Construction

The Magnolia Petroleum Company will have in charge of a new service station which is under construction at the corner of Hill Street and Burlington Avenue. The new station is being erected of native stone which came from the J. P. Goen ranch. The grounds about the station have been terraced and concrete entrances will be made which will make the station very accessible.

Louie Rice, local dealer for the Magnolia company, will be in charge of the new station.

Jim Hahn, of Highway, was looking after business interests in our city Monday.

Methodist Revival Commands Large Crowds Daily

W. M. CULWELL

The revival meeting which has been going on several days at the Methodist Church continues to command large crowds and much attention. Rev. Johnson is bringing some wonderful messages and the people are eager to get to services to hear him.

Mr. Culwell continues to bring great messages in song and the choir continues faithful and sing like they enjoy it.

There have been several additions to the church with many more in prospect. A number have been reclaimed and a great many more are expected before the meeting closes. It is the plan now that the last services will be held Friday night. Hence, people will have to hurry and make up their minds about the future so far as this revival is concerned. Services each morning at ten o'clock and each evening at eight o'clock.

Hospital News

Mrs. T. C. Sandlin had a gall bladder operation Saturday night and is doing nicely.

Francis Manning, surgical patient, returned home the first of the week.

Mrs. A. F. Pope was in this week for minor surgery.

Mrs. D. I. Loe, who had an operation last week, returned home Monday.

Born to Mr. and Mrs. George Pierce of Wichita community on Monday, a girl.

Preston McClanahan was in for X-Ray and clinical examination.

Born to Mr. and Mrs. C. A. Powell, on Tuesday, a boy.

Mrs. J. S. Smith, of Glenn, was in for clinical examination.

Mrs. J. Z. Smith was in for medical treatment.

RELIEF OFFICE MOVED TO NEW LOCATION

The relief office which has been in the second floor of the K-P Building the past year and a half, moved this week to the Crouse Building on the corner of Third Street and Burlington Avenue. There have been many changes in the new setup and in the new locations there will be but four clerks to do the work. However, the relief problem will not be so great under the new regime since the new plans specify work projects instead of handouts.

The new office will be under direction of F. H. Beaver, Mrs. Johnnie Gilbert, Misses Kanna Stephens and Bonnie Lawrence.

DR. WYLIE MOVES TO SPUR HOSPITAL

Dr. Jno. T. Wylie moved his office from the Red Front Drug Store to the Spur Hospital this week. He is now associated with Dr. F. R. Copeland in the hospital.

Dr. Wylie's training in X-Ray and Laboratory technique which he received in the Chester Hospital in Chester, Penna., will be of great value to the hospital until the regular technician arrives.

Girard School To Open Next Monday

B. J. Kellett, a business man of Girard and secretary of the Girard Board of Education, was in our city Tuesday and stated that the schools in his city would start their annual session next Monday, September 9. Paul S. Rogers is the superintendent and will start his third year of work in Girard schools. There will be ten teachers at the beginning of school, but Mr. Kellett stated they may have to employ other teachers later on.

There will be two school buses that will convey children to and from school from the rural sections. The enrollment will be something over 300 this year which is nearly twice the number when Mr. Rogers first took charge of the schools.

Dickens County Baptist Association In Session Here

The Dickens County Baptist Association opened their annual session in Spur Tuesday night. The services are being held in the First Baptist Church and began with devotional services followed by a sermon by Rev. R. E. Bost, of Plainview, who is the district missionary.

Tuesday morning was taken up in seating messengers from various churches and the election of officers. Rev. A. P. Stokes, of Afton, was elected moderator for another year, and Fred Crabtree, of Dickens, was elected clerk and treasurer. Other business was transacted. Rev. Jesses Terry, of Dickens, delivered a very able sermon at eleven o'clock.

Dinner was served at noon to the visitors, and also, the evening meal was served in the church basement.

The afternoon session Wednesday was taken up in reports on various classes of church work. Rev. Roark, of Plainview, spoke on Christian education. He is head of the Bible chair at Wayland College. Rev. Perry Evans, of Dallas, made an address on orphan home work and described what is being done at the Buckner Orphan Asylum. Other reports were brought in on state and foreign missions. B. T. S. work, Womans work and the report of the District Missionary.

Rev. A. P. Stokes, of Afton, preached to the association at 7:30 o'clock Wednesday evening.

The convention will remain in session today and there will be additional reports from committees. The selection of the next meeting place will come up today.

There are 15 churches represented in the association with about 75 messengers. There were approximately 300 visitors attending the session of the association yesterday, and it is thought there will be an equal number at today's session.

Assembly Of God Church Holds District Meeting Here

The Assembly of God Church will hold their district fellowship meeting with the church at Spur beginning next Monday evening, September 9. The session will continue through Tuesday and Tuesday night, September 10, during which time some of the ablest speakers of the organization will address the convention.

Rev. Fred Edwards, the pastor, and the entire congregation of the local church extends a very cordial invitation to the public to attend all these services. A basket lunch will be served at the church at the noon hour Tuesday.

Rev. Edwards stated that the meeting is to be favored with the presence of the District Chairman, Elder A. C. Bates, who will address the meeting on the general work. Mr. Edwards said, "There will be an in gathering of ministers, musicians and singers of all the State of Texas and some from New Mexico, Oklahoma and other states. We hope it will be a great meeting."

In continuing about the session Mr. Edwards stated, "we hope people will not fail to be present as they will miss a great treat spiritually. There will be good music, good preaching and a good time for all who love the Lord."

He admonishes people to attend and bring their friends.

The church at Spur is small numerically speaking, but are very zealous, and the people who attend these services will receive a cordial welcome and be fully entertained.

CLASS IN PUBLIC SPEAKING IS LARGE

The Class in Public Speaking in Spur high school has been organized with an enrollment of about 50 students. Miss Quannah Lewis will be instructor in this work, and it is her plan to co-operate with the school for affiliation in the subject.

The first half of the year's work will consist of the Fundamentals of Speech, and after that time much attention will be given to dramatics. It is the object of the teacher to organize a Dramatic Club later on in the year and this organization will be open to all students.

LAST CHANCE to get Dawson Washed (Hydro-Cleaned) Coal at Summer Prices. Car on track now.

SWAFFORD—Phone 32

Spur P-T-A Meeting Next Tuesday

The first meeting of the Spur Parent-Teachers' Association will be held at the East Ward school next Tuesday evening, September 10, at eight o'clock. This meeting will be in the form of a reception for the faculty of the Spur schools and the public has a cordial invitation to be present. There have been many new teachers added this year and it is hoped that this meeting will be used for the purpose of gaining acquaintances.

Mrs. Sue Hendrick, District Vice President, will be the principal speaker, and Mrs. R. E. Dickson will have charge of the program. This will be Mrs. Hendrick's first visit to Spur in her office as vice president, and a large crowd is expected out to hear her.

The Executive Board of the P. T. A. has been busy with plans for the coming year, and a very interesting program outline will be published soon. It is very much desired that every patron of Spur schools will not only be in attendance at the first meeting but will give their support throughout the year. There has been so much good work done through the Spur P. T. A. that people have to attend the meetings to realize what this organization means to the community.

Dickens Schools To Start Monday

The Dickens City Schools will begin the term of 1935-36 Monday morning, September 9. This is one week later than most of the schools of the county began. However, we were delayed by some work project on the ground, and it gave some of the teachers who were in school at Tech a week of vacation from expiration of summer term in Lubbock and the opening of school duties here in Dickens.

The faculty has been completed and is as follows:

- A. C. Sharp, Superintendent, and will teach mathematics; B. M. Young, Principal, and will teach Science and some History; Morris Fite, Coach, and will teach History; Miss Lucy Blair will teach English and Spanish.

Winston Wofford, Principal of the grade school, and will teach departmental work in 5-6-7 grades; Mrs. Fred Arrington will teach departmental work in 5-6-7 grades; Miss Rose Sam Koonsman has Second and Third grade work; Mrs. Robert Reynolds has Primary work.

The Dickens school has hopes of being represented by a good Class C football team this year. Beginning September 3, the boys are working out daily until school begins.

FOSTER ROOMING HOUSE SUFFERS SECOND FIRE

A fire alarm was turned in last Friday morning as the result of a flame in the Foster Rooming House on East Fifth Street. This property had been practically destroyed by fire about three weeks ago. The debris was being cleaned away and during the day of the second fire a great amount of paper had been burned. It appears that during the night some of the burning paper blew into a pile of old shingles near the west wall of the building which started the flames. Some second hand cars and a school bus on an adjacent lot were destroyed by the fire, and most of the walls of the building that were left were destroyed. The building was damaged beyond repair.

The building is being torn down this week and the lumber cleaned. Mr. Foster thinks he will sell the lumber to some one and not rebuild the property at this time. There is quite a lot of good material which could be used in the erection of other buildings.

SINGING CONVENTION HERE SUNDAY

The Dickens County Singing Convention will hold its regular session at the East Ward School auditorium in Spur beginning Saturday night and continuing through Sunday. A great number of visiting singers and quartets will be present to contest for first honors. Dinner will be served at the school building at noon Sunday. Everybody has been extended an invitation to be present, take your lunch basket and enjoy the day.

CHILDREN OF BOLES VISIT HERE

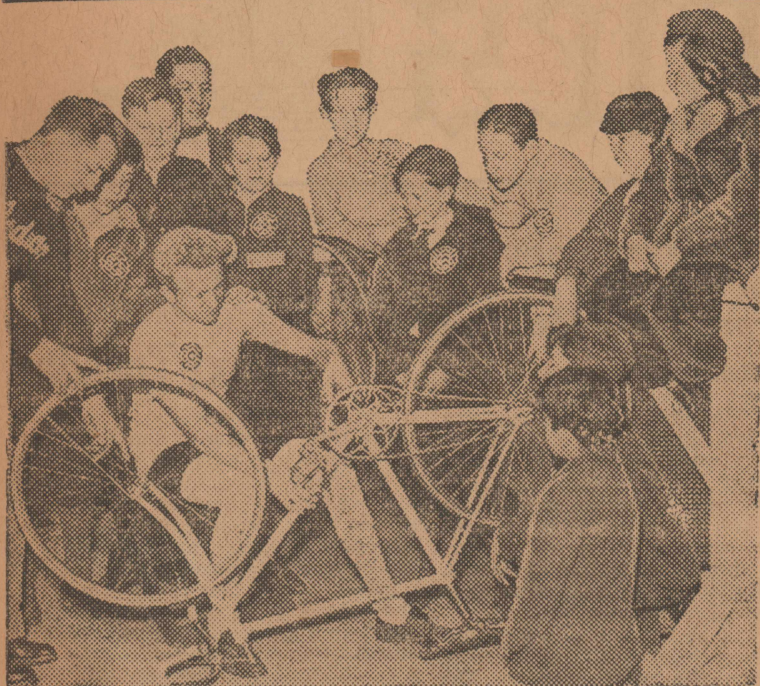

A number of children from the Boles Orphan Home at Quinlan were in our city Monday and Tuesday. Monday night they gave a very interesting program at the Church of Christ, it being messages in song. After the program the church made a nice contribution to the visitors. There were 24 children in a large bus and Mr. Casey was acting as sponsor. They make a tour to some portion of the state every year.

OUR OPINION IS

That if Christianity could be considered more a reality and practiced as such that the people would be able to grasp its meaning more readily.

Mr. and Mrs. N. A. Baker, of San Antonio, were guests of Mr. and Mrs. George S. Link Monday.

Six-Day Bike Riders Praise Safety League For Children

Members of Three-In-One Safety League hear Bobby Walthour, popular racer, stress the importance of safety in bicycle riding.

NEW YORK, (Special)—Bicycle riding is not only the healthiest but also the safest form of sport for children, in the opinion of members of the international riding teams who participated in the recent six-day bike race at Madison Square Garden.

However, it was agreed by the bike riders that children should be taught how to ride and should be familiar with traffic rules. They praised the Three-In-One Safety League for the work it has done in promoting safety for bicycle riders through its membership in all parts of the United States. The league now has more than 100,000 members.

Bobby Walthour, one of the international riding stars, in accepting honorary membership in the Safety League, said he believed that careful observance of the

rules of the road by bicycle riders eliminated practically all hazards in this sport.

"I am heartily in favor of the Three-In-One Safety League's campaign to promote safety for children who ride bicycles. Although there is a constant hazard in my branch of bicycling—racing—even in this sport we must follow the rules of the road and respect the rights of other riders. I believe children should be encouraged to consider bicycling an art and to ride properly."

The Three-In-One Safety League gets its name from the three C's which stand for Caution, Courtesy and Cooperation. Its membership is open to all children in America between the ages of 6 and 16, who may enroll through their local hardware or sporting goods dealer.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Summer Meals

The same old essentials go unchallenged. Oh, a little less meat perhaps, and for the overweight child a little less bread and butter, bacon, and potato. All children can do very well without candies, pastries, and, especially, soda pop or so-called "tonic." By the way, don't let that name "tonic" mislead you.

It's far from being anything of the sort. Instead, try a drink of pure cold water or cool milk. There's real refreshment.

Pass up your old beliefs about summer diets. Most of them were only superstitions without a grain of scientific backing. The needs of the body don't change so very much with the seasons. Heat isn't necessary as it is in the winter, therefore the suggestions to reduce sugars and starches. But the energy and health requirements don't change.

The same quart of milk is needed, although good ice cream may account for a part. Green vegetables, fresh fruit, tomatoes, a little meat or fish, some egg, some bread and butter, and there you are, winter or summer.

Planning a Scout trip is exciting, important; Dr. Ireland will give some advice about it in his next article.

DICKENS

Hice Anderson is visiting his brother, J. W. Anderson at Dallas.

Mrs. Shorty Collie is visiting her father-in-law in Fort Worth at this time.

S. A. Anderson cut his hand on a barbed wire very badly Friday. He is getting along all right at this time.

Mr. and Mrs. Vance Hughes have been visiting in New Mexico.

Billie Fay Lusk is visiting her grandmother Hogue at Plains, Texas.

Odie Lusk, John Edwards and Mr. Stanton went to Lake Kemp Friday on a fishing trip.

Grandpa and Grandma Lusk have returned from Gorman where Grandma Lusk has been taking treatments at a sanitarium.

Odie Lusk has his new house built and has moved into it. He lost his home by fire recently.

The ladies of Dickens gave Mrs. Odie Lusk a shower. Iced tea and cake were served.

Mr. and Mrs. H. C. Arnold and daughter, Mrs. Thomas, of San Antonio, visited their sister and aunt, Mrs. Elmer Johnson, of McAdoo, last week.

Mr. and Mrs. R. D. Jones, of Big Spring, were guests of their friends, Mr. and Mrs. E. L. Johnson at McAdoo a few days ago.

1931 STUDY CLUB

The 1931 Study Club opened the year's work with an all day meeting or Love Feast, at the home of Mrs. D. H. Zachry.

Following the lunch hour a business meeting was held with the president, Mrs. Faust Collier, presiding. Members answered roll call with "My Favorite Dish."

The president's message was most inspiring and the club members are sure of a successful year under the leadership of Mrs. Collier.

Those present were: Mesdames E. W. Mars, Weldon Grimes, J. C. McNeill, III, Sam Clemmons, Gerald Wadcock, Charles Middleton, J. B. Reed, Neitha Campbell, Floyd McArthur, E. D. Engleman, Jack Rector, Faust Collier and D. H. Zachry.

"Place any man behind a government desk and give him a few million dollars of government money to spend and he is likely to develop the fixation that any one who does not approve of the way he does his job is a public enemy."—Tyler Dennett, President, Williams College.

Mr. and Mrs. J. H. Johnson and children, Edward and Sarah Maude, of Big Spring, were visiting their brother and uncle, E. L. Johnson, and family of McAdoo, recently.

Recent Election Poll By Boxes

On account of being crowded for space last week we were not able to give the election poll by boxes as has been our custom. We are producing it this week for we felt that many people might be interested in looking it over. Many times people file these returns and save them for future reference.

The poll by boxes is as follows: Dickens—Old Age Pension, for 112, against 10; Commitment of insane, for 73, against 29; Prohibition repeal, for 47, against 77; Amendment submission, for 33, against 48; Abolishing fees, for 48, against 36; Free text books to private schools, for 57, against 56.

Midway—Old Age Pension, for 40, against 3; Commitment of insane, for 24, against 17; Prohibition repeal, for 18, against 28; Amendment submission, for 16, against 20; Suspended sentence, for 16, against 21; Abolishing fees, for 19, against 19; Text books to private schools, for 12, against 28.

Afton—Old Age Pension, for 61, against 18; Commitment of insane, for 22, against 28; Prohibition repeal, for 23, against 60; Amendment submission, for 23, against 35; Suspended sentence, for 20, against 35; Abolishing fees, for 18, against 34; text books to private schools, for 28, against 46.

**Here's a Savory Cold Plate
For Picnic or Porch Supper**

THIS is a well trained loaf! It can be packed whole in the picnic basket or be sliced into thin slices for sandwiches. If the picnic is called off because of rain, you can turn it into the piece de resistance of a porch supper with a garnish of little jellied horseradish molds. This meat loaf slices without breaking and this adds greatly to its appearance on the table. The secret of this good behavior is a small quantity of quick-cooking tapioca which binds the ingredients together. Also, the tapioca is so delicately neutral that it will not mask the flavor of the savory ingredients.

Savory Meat Loaf
2 thin 2-inch slices salt pork, diced
2 tablespoons minced onion
2 pounds round beef, ground
1 cup quick-cooking tapioca
1/2 teaspoon salt
1/2 cup pepper
1/2 cup canned tomatoes (and pulp)

Try out salt pork, add onion, and cook until golden brown. Add pork, onion, and drippings to other ingredients and mix thoroughly. Bake in loaf pan in hot oven (450° F.) 15 minutes; then decrease heat to moderate (350° F.) and bake 30 minutes longer, or until done. Serve hot or cold. Garnish with parsley. Serves 10.

Jellied Horse-radish Molds
6 cloves
2 1/2 cups water
1 package lemon-flavored gelatin
1/4 teaspoon salt
1/2 cup prepared horse-radish
Boil cloves in water 3 minutes. Remove cloves. Dissolve gelatin in 1 pint of this liquid. Add salt. Chill. When slightly thickened, fold in horse-radish. Turn into individual molds, filling them 3/4 full. Chill until firm. Unmold. Serve with meat loaf. This recipe makes 10 half-molds.

**COTTON STAPLE REPORT FOR
WEEK ENDING AUGUST 22**

The report released Thursday, Aug. 22, by the Division of Cotton Marketing at Austin on the quality of cotton classed from the Texas crop shows a decreasing proportion of grades in the Extra White Standards. There was less than 4 per cent last week.

Of the cotton classed last week, 16.7 per cent is Strict Middling White. Less than 8 per cent of the cotton classed the week before was Strict Middling and better. The report also shows that about 60 per cent of the cotton classed last week is Middling White, and about 10 per cent is Strict Low and Low Middling White.

Spotted cotton classed last week is reported to be about 9 per cent, with nearly 7 per cent grading Strict Middling Spotted.

Cotton classed last week has a different proportion of staple lengths from that classed the week before. The report shows 16.3 per cent is 7-8 inch, and 71.5 per cent is 15-16 inch. One inch cotton is less than one-tenth of all cotton classed, and only 2.9 per cent is reported as 1-16 inch in length.

Cotton tenderable under Section 5 of the U. S. Cotton Futures Act is reported as 98.9 per cent of all cotton classed this week.

SAFEGUARDING THE INVESTOR

Government regulation of stock sales in the United States is said to have driven many high-pressure salesmen of "phony" stocks out of the country. Such "salesmen" too often specialized in mining shares.

Before the days of blue-sky laws, mining securities were regarded with suspicion—the best and most honestly operated properties often had difficulty in raising capital because of the machinations of unscrupulous and crooked promoters. The few damaged the many—and everyone involved, save the crook, was the loser.

Of the myriad new federal laws and restrictions, security regulations seems to be one of the few that is of real benefit to the people. The investor has assurance that securities offered him are based on legitimate business activities and that the prospectus tells the truth. If an issue is speculative, it must be so labeled, which is certainly fair enough. Both those who wish to gamble, and those who wish to invest conservatively, can make an intelligent choice of issues.

**REGISTRATION AT JOHN
TARLETON STARTS SEPT. 16**

Registration at John Tarleton College at Stephenville will be Monday and Tuesday, September 16 and 17, according to information from J. Thomas Davis, Dean. Classes will start Wednesday, and on Saturday, September 21, a formal opening program will be given in the College Auditorium at 9 o'clock, in the morning.

Receptions for all Tarleton students will be given by college officials and by various Stephenville churches shortly after school opens.

Information from Dean Davis' office shows that Spur has sent Tarleton valuable students in recent years: Mrs. W. B. Burton, Miss Cora Durham, Mrs. Willie Mae Durham, Miss Pearl M. Moore, Miss Ruby Moore, and William M. Moore.

**Relief Work Gets
More Restrictions**

Re-emphasizing the fact that the government eventually is getting out of the relief business, Texas Relief Commission officials have sent instruction to district administration offices to analyze more minutely than ever each relief client's private resources before giving him aid, making certain that his last possible private source of sustenance has been exhausted before he is allowed aid from the dwindling relief funds.

If a relief applicant has enough partially to live on, then the government can supply him with only supplementary aid to meet his basic requirements, but first however every available resource must be carefully taken into account, including possible aid from relatives.

"Family responsibility should be strengthened, during these times of readjustment, Relief Commission officials emphasize, urging that families able to assist destitute relatives recognize their obligations.

General "dig in" advice has been issued to relief clients. Pointing out that present federal funds have been narrowly limited and that no more appropriations are likely, relief officials urge the necessity of conserving every cent possible in order to stretch the present funds until the Works Progress Administration gets fully under way. They have told district administration officials, particularly case supervisors and case workers, to investigate thoroughly the client's ability to support himself at least partially through his own resources.

"By resources," officials say, "we include such items as garden products, milk from the family's cow, help from relatives, aid from churches and other sources, saving accounts, insurance loans, odd jobs, income of children, etc."

Another step toward weeding out the relief rolls was taken when the Board of Control ruled that tenant farmers who are actually sowing a crop or have already harvested one this year are not eligible for relief. Assistant State Relief Director, J. T. Duke, has instructed district administrators to rule out all such applicants, pointing out that the responsibility for sustenance is with them and their landlords.

Ted Moser, of Lubbock, has accepted a position with the Red Front Drug Store here. Mr. Moser was with the Mark Halsey stores for sometime.

Miss Mayme Patrick, of Mobile, Alabama, was in our city the guest of her sister, Mrs. J. L. Rosamond, last week. Miss Patrick is director of primary grades in the Mobile city schools.

Mr. and Mrs. D. F. Henley and daughter, Miss Lavelle, returned to their home in Arkansas after a short visit in their home of their cousin, E. L. Johnson, at McAdoo.

SPUR—Friday, Saturday, Monday, Sept. 6-7-9

AFTON

Burnett Haney and family have returned from an interesting tour through parts of Colorado. They visited many places of unusual interest and beauty including Balancing Rock, The Cave of the Winds, The Highest Bridge in the World, and the Grave of Kit Carson.

Misses Iva Lee Robertson and Ruth Goodwin spent the week end with Mrs. Hicks of Spur.

Mr. and Mrs. G. A. Benham and G. A. Benham, Jr. have returned from Gurdon, Arkansas. They were accompanied by Mr. and Mrs. Doyle Cagle who have also returned. Mr. and Mrs. Benham were grieved to leave their daughter, Hazel, who was married while they were there. Hazel was married to Harold Cook of Gurdon.

Mr. and Mrs. Nathan Whitaker and Olan Smith of Woodson, were visiting Albert Smith and family this week. Mr. and Mrs. Whitaker returned home Sunday but Olan remained for a while.

Mr. and Mrs. Austin Proctor are vacationing in Hot Springs, New Mexico and are visiting his mother, Mrs. Ruth Haney, while there. They report that the fishing there is fine.

Several of our boys have left to join the CCC camps in New Mexico. Val D. Hext, Raymond Smith and Leroy Houston left several days ago.

Mr. and Mrs. R. J. Bateman and children, Annie, R. J., J. K. and B. Lee have returned from East Texas where they have been visiting relatives. They reported a very nice time.

Walter Wilmon and Miss Alice Tow were quietly united in marriage last week.

Jim Bob Taylor, of Snyder, and James Efton Bateman of Mineola, are visiting relatives and friends in this part of the country.

The Baptist revival was a huge success. There were 32 candidates for baptism. The Methodist revival is going on this week. Bro. Apple is doing the preaching and he is a fine preacher.

Miss Neva Hooker has returned home from a week's visit at Roaring Springs with her sister, Mrs. Juanita Vaughn.

2. A full day of school was held the first day.

Mr. and Mrs. J. N. Alexander have left for a visit in Fort Worth and other parts of East Texas.

**MISS CRADDOCK
RECEIVES DEGREE**

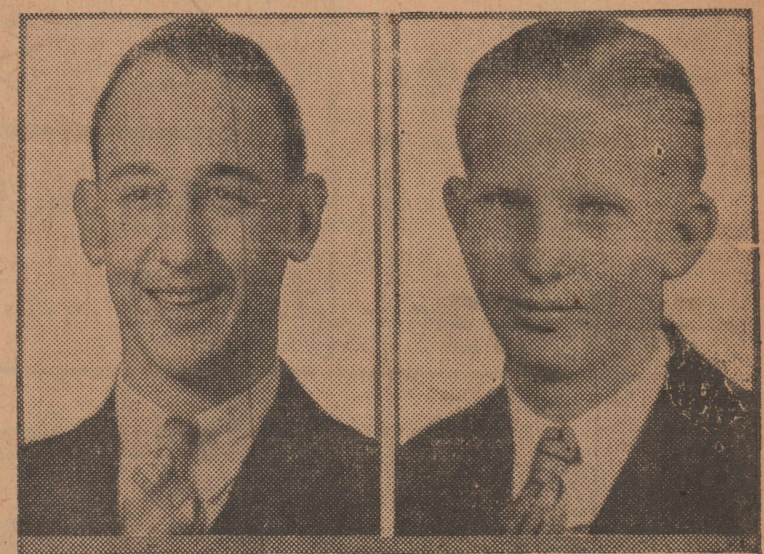

A bachelor degree was conferred upon Miss Florence Craddock, the daughter of Mr. and Mrs. W. A. Craddock of Spur, at the nineteenth summer graduation exercises of Texas State College for Women at Denton on Aug. 24. Over 100 students re-

ceived their degrees, making a total of 321 awarded this year.

President L. H. Hubbard delivered the commencement address, choosing as his subject, "Lessons from the Life of Alice Freeman Palmer." Miss Craddock received her degree with a major in education.

Victorious in State and Region

JACK S. CLARKE (left), 19-year-old Ft. Worth youth, and J. B. Sorensen, Jr., 16 years old, of Taylor, who won both state and regional honors in this section, when their model traveling coaches were adjudged the best of those submitted in the apprentice class

competition of the Fisher Body Craftsman's Guild. In addition to \$75 in cash, each boy will receive a trip to the fifth convention of the General Motors-sponsored educational foundation to be held in Quebec from August 21 to 24, inclusive.

Patton Springs school opened Sept.

The Charles A. Jones Memorial Stadium, the latest addition to Spur schools will be dedicated Friday night, September 13. Among the events on the program will be a football game between Spur Bulldogs and Roby's fast eleven. Spur was runner-up in the district and Roby was Regional Champions in the territory south of us. There will be some good speakers on the program for that evening and Spur's school orchestra and band will furnish music for the evening. The program will start about 7:30 o'clock in the evening, and it is going to be one of the leading events of the country.

The football field will be lighted. The lighting system is almost completed at this time. There has been every thought given to the arrangements of the grounds. Another thing that should make the people of Spur school district feel happy is that the grounds for the stadium were a present to the schools from Mr. Clifford B. Jones and his brother, Mr. Hoyle Jones, of Tulsa, Oklahoma. These two men refunded every dollar back to the schools after the district had purchased the grounds from S. M. Swenson & Sons.

The stadium has been named in honor of the late Charles A. Jones, the founder of Spur. Everybody remembers the zeal and anxiety of Mr. Jones in making a good town of Spur, and he has helped a great number of people in Spur country in many ways.

The stadium has a seating capacity of 3,500 and it is the hope that it will be filled for the dedication exercises and first game of the year—the first game played in the new stadium. It should mean something to be able to say, "I was there for the first game." Try to be present.

TWENTIETH CENTURY CLUB BEGINS CLUB YEAR

With a year's program based on the nine departments of Federation, special programs and book reviews the Twentieth Century Study Club began its club year with a meeting Tuesday at the home of Mrs. H. C.

Footo Tuesday afternoon, with Mrs. F. B. Crockett, president, presiding. Mrs. O. C. Thomas is a new member of the club.

The officers as hostesses served a refreshment plate to the following members: Mrs. F. B. Crockett, Mrs. Ray Sanders, Mrs. J. C. Koon, Mrs.

Oscar Kelley, Mrs. V. C. Smart, Mrs. E. S. Lee, Mrs. E. L. Caraway, Mrs. J. M. Foster, Mrs. B. F. Hale, Mrs. G. J. Lane, Mrs. O. C. Thomas, Mrs. E. J. Cowan, Mrs. A. M. Walker, Mrs. V. J. Campbell, Mrs. H. C. Footo and Miss Clara Pratt. —Reporter.

WADZECK LISTS PLAYERS FOR OPENING GAME

The Spur Bulldog football squad is "stepping" a little faster this week as time for the opening clash nears. The coaches are hardly as pessimistic as they have been and head coach Wadzeck, who has been troubled over some cripples in the line the past week gave us a little inside dope for this issue about the starting line-up and who will get to wear those 22 new suits that have been unpacked and are waiting to be donned. The first practice will be under lights next Wednesday night when the new uniforms will be donned the first time. This is the only work out scheduled under lights prior to the game, Friday the 13th.

Captain W. A. McCombs and Francis Bingham, veteran ends, are almost sure to get the call for these two positions. Pershing Lee is fighting hard and may push one of them out. Other ends who may get in the opener is Rogers Bingham.

At tackle, Ivan Perkins almost has a "cinch" on one position if "he keeps working." At the other tackle, Lanier Gilbert has been out with a bad leg. George Murphy and Faulkner are hot on the trail of the two veterans and both will probably be called for before the game is over.

Kit Hefner is alternating from guard to tackle and will be called to play either position. Red Garner and W. P. Foster are fighting it out for the other guard position with Bill Caraway and Layton both coming up for a look-in.

"It seems to be open house for center in Jim (Tuffy) Bumpus, Buck Martin and Green. Who will start?"

Bill Sandlin and Williams are two ends that are showing up with lots of fight and they have a chance to play their first game Friday, the 13th.

Fourteen boys have been working hard for the four back field positions and there is still a big question mark as to who will start the first game. Garland Chapman and Charles Suits look to be sure starters with Thomas and J. B. Haralson, Gordon Cravy and Iworth Hahn among the most promising. Still you may see Gussie Meadows, Bob Harrell, Victor Arrington, Junior Marton, Billy Hahn, J. L. Hutto, Sparks or Smith in the opener. All these boys are hustlers and the one that hustles the most and looks the best will get the nod.

Next week we hope to be able to give the 33 members of the "first" squad. Games for the second team are being booked with Class C teams and all boys who are out for football this year will get to play in some game or other.

BAND AND ORCHESTRA IN SPUR SCHOOLS

The Band department, added this year to the High School's program is striving to fill a demand for a band and orchestra in the school system and community.

Any boy or girl in the system is eligible to participate in the band or orchestra. For those students in the system who are in need of private instruction, Burgess Brown, the band instructor, will offer private lessons. These lessons and this instruction is available also to children not enrolled in the schools. The child's band work should be started now in those cases where it is at all possible, so the student will have an equal chance with all of the other band students. This is obvious because the entire group are beginners, and one band student will not have a knowledge superior to any other band student at the outset. The students, therefore, will progress together. Mr. Brown welcomes all conferences with parents who are interested in having their child do the band or orchestra work, either at present or throughout the year.

The benefits of band work are limited only to the effort expended by the individual student. Some of the outstanding benefits of band and orchestra work are: those benefits produced for the formation of correct breathing habits; a developed sense of correct posture; a developed sense of finer muscular coordination; and a broader sense of appreciation of not only music, but of all artistic efforts and productions.

The band then is a line of broader education and greater personal enjoyment. Its functions too are limited only to the needs of the school and community for a responsive musical organization.

Burgess Brown, Director.

E. L. Caraway and Dr. M. H. Brannen left the last of the week for points in Alabama to attend to some business matters.

MOVED TO JAYTON

Mr. and Mrs. Dan McMahan have moved to Jayton where Mr. McMahan will have charge of the Swift Gin in that city. Mr. McMahan has been working for the Swift Gin Company here for several years. He is a good gin man and has a great number of friends here.

J. C. Collett of Roaring Springs, was in an unconscious condition late Wednesday afternoon as the result of being thrown from a horse earlier in the day. He was given medical treatment at Roaring Springs and it was planned to move him to Turkey for

CHAS. A. JONES

further treatment. Mr. and Mrs. William Manning and children, of Santa Monica, Calif., arrived here Wednesday and will spend some time visiting relatives and friends.

BETTER DRY GOODS

McADOO

A Class C football league has been formed with the schools of McAdoo, Dickens, Patton Springs and Roaring Springs for the school year of 1935. McAdoo team will play their first game September 27 with Patton Springs, and the game will be played at McAdoo.

This is the first time in history that McAdoo has had a football team and with the efficient coach, R. E. Everett, we are expecting to have one of the best teams in the county.

The McAdoo school term of 1935-36 begins September 5.

The trustees returned last week from Indiana with three new school buses for McAdoo school. The trustees making the trip after the buses were: John Powers, Harvey Hines, Ed Henderson, Charlie McLaughlin, John A. Allen and possibly others whose name the reported did not get. Four buses will be run this year to bring the students in from various places. Only three buses were run last year. McAdoo is planning to have a better school than ever before.

Mr. and Mrs. Smith of Afton were guests one day last week of their son, Hughes Smith and wife.

Mr. and Mrs. J. T. Parker had as during the week end his sister, Mrs. Darnell and husband of New Mexico. A little granddaughter of Mr. and Mrs. Darnell also accompanied them on their visit.

We are having a snap of fall weather. A good rain fell Saturday night, September 1. Rain continued to fall Monday followed by cool damp weather. The rain is an unestimable value to the crops, especially the late feed crops. Some of the crops were suffering badly for rain, while some are not damaged so much, because of heat and dry weather, having received showers of rain occasionally.

Some of the farmers report that they will make almost a ton of maize per acre; however, some few will not make any feed. Crops seem to be somewhat spotted this year.

The ladies home demonstration club met Tuesday, August 27 at the home of Mrs. G. W. Allen for an all day meeting. Each lady carried a covered dish and a delicious lunch was enjoyed at the noon hour. There were twenty-eight women present at the meeting. Much interest is being taken in the club. The club meets again September 10 at the home of Mrs. Price Brownlow. You are cordially invited to attend.

Rev. Woods conducted a revival at the Church of Christ the past week. There was good attendance at each service. Rev. Woods brought some wonderful sermons and those who attended were spiritually helped.

Lee Parker and Marion Buckner came home recently from Stamford where they had been trying to find work.

Helen McDonald of Lubbock, came home during the week end to see her parents, Mr. and Mrs. A. W. McDonald and family. Helen is training for a nurse in Lubbock sanitarium.

Moon Rich has returned home from Roswell, New Mexico, where he has been visiting his mother and family. Mr. Rich's two sisters, Jessie and Dell went to New Mexico for their health sometime ago and at this time their health has improved wonderfully.

O. S. Harvey was a business visitor in Spur Saturday.

Mrs. Chas. Barker came home Wednesday from Floydada where she has been helping care for her sister, Mrs. Harbor who has been ill for some time. Mrs. Harbor's health does not seem to be improving any.

Mrs. Earl Stedham visited her parents, Mr. and Mrs. Bennett of Pansy, one day the past week.

Aline Allen entertained the junior Leagueurs with a picnic at Dickens Springs Tuesday of last week. A grand time was reported by all of those who went.

Mr. and Mrs. Ollie Bailey are spending a vacation in New Mexico and various other places.

Mr. and Mrs. A. W. McDonald were in Lubbock Friday visiting their daughter, Helen, a nurse of Lubbock sanitarium.

Mr. and Mrs. Elder have moved to McAdoo recently. Mr. Elder has been employed to teach vocational agriculture in McAdoo high school for the coming term.

Mr. and Mrs. Defoo and family of Paducah, were here last week visiting their daughter, Mrs. Bernard Parker and husband and Mrs. Whatley and family. Miss Bill Defoo, who has spent several weeks visiting here returned home with her parents.

Marshall Formby visited in Lubbock this past week.

Katherine Rose, daughter of Mr. and Mrs. A. C. Rose, was among the many to receive a B. A. degree at Texas Technological College at Lubbock this past week. Katherine will teach in Dickens school this coming session.

Mrs. A. W. Van Leer and daughter, Mable Doris, were Spur visitors Saturday.

Gordon Miller left the last of the week for San Diego, Calif. Gordon has been in the Marines for the past two years and has been here for the last two or three weeks visiting his parents, Mr. and Mrs. J. H. Miller and family and friends.

Mr. and Mrs. Winston Wofford were here during the week end visiting Mrs. Sparkman, mother of Mrs. Wofford, and family. Mr. and Mrs. Wofford have been studying in West Texas State Teachers College at Canyon the past six weeks. They are moving the first of the week to Dickens where Mr. Wofford has a position teaching school for the coming term.

A number from McAdoo attended the Baptist revival that was conducted at Pansy last week. Rev. Worth did the preaching, assisted by the pastor, Rev. Harris. Each service was largely attended. Rev. North brought some great messages. Three additions to the church were made, and several others were converted, who did not unite with the church.

Mr. and Mrs. Dick Speer went to Abilene Sunday where they are engaged in opening up a new variety store. They will be away for a few weeks and then will be back at Spur where they make their home.

Mr. and Mrs. P. E. Snider are temporarily in charge of the local Speer's Variety Store.

Mr. and Mrs. Mack Watson, of Los Angeles, Calif., arrived here Wednesday for a few days visit with relatives and friends.

1917 STUDY CLUB

The 1917 Study Club opened the year's work with a Love Feast—Bible Day at a one o'clock luncheon, Tuesday, September 3, at the home of Mrs. P. H. Miller and Miss Jennie Shields.

Mrs. E. F. Lavery directed "Friendships of the Bible," with Miss Jennie Shields as reader; and Mmes. W. T. Andrews, R. E. Dickson, W. F. Godfrey and Malcolm Brannen as the chorus. Mrs. Dickson was soloist, and Mrs. Andrews, pianist.

The Course of Study outlined for the year is "Highlights of World Progress." Mr. O. C. Thomas, Superintendent of Spur Schools, and Rev. Fred I. Cairnes, are to be guest speakers.

Mrs. Lavery reported seventy books have been added to the City Library the past year. Continued growth of the library is assured, with Mrs. E. L. Adams as chairman of the committee for 1935-36.

TELLS STORY OF OKO ANT KILLER

Elmo Wall, of Lubbock, was in our city Tuesday introducing a new ant killer which is being manufactured in our neighbor city. Mr. Wall was just returning from Dallas and Fort Worth where he placed this new killer with a number of drug stores. It is being sold by druggists in Spur at this time.

While here Mr. Wall related an experience he had with two rattlesnakes. In one instance while working a prairie dog colony he discovered a big rattler in a hole. He placed some OKO ant killer in the hole and in a few minutes the snake out in a helpless condition. It died within a few minutes. The other case he placed some liquid OKO killer on the snake and it soon passed out.

He told of how a snake had bit a thousand dollar bull on one ranch and the bull died. He stated the ranchman was very glad to know the snake was captured. In another instance a snake bit a bull which had cost the ranchman seven hundred dollars and he lost the bull. He stated that he believed the OKO killer would be successful in killing rattlers when found in holes. He stated the OKO company sell their product on a money back guarantee.

Mr. and Mrs. Wallace Bingham, of East Texas, were in this community last week visiting his parents, Mr. and Mrs. Al Bingham, of Swenson headquarters.

Mrs. Hamp Collett, Mrs. Edna Jones and J. L. Karr spent the week end at Albuquerque, N. Mex., visiting Mr. and Mrs. Morris Collett and W. A. Thompson.

William C. Starcher left Wednesday for Tyler where he will become a student in Tyler Commercial College. He was accompanied by A. C. Rinker, a representative of the school.

THE CHURCH OF THE NAZARENE

Sunday School at 10:00 a. m. Preaching services at 11:00 a. m. and 8:00 p. m.

Cottage prayer meetings at 2:30 p. m. Tuesday, September 10, at the home of Grover Gibson; Wednesday, September 11, at the home of Jack Kizziah at 517 North Miller Avenue; Thursday, September 12, at the home of W. L. McVey just across street east of Junior High School; and Friday, September 13, at the Nazarene Church.

Everyone is cordially invited to attend all of these services.

Rev. Mrs. P. A. Lee, of Amarillo, will assist in these services. Rev. W. C. Benefiel, Pastor.

DOCTOR PERFECTS LENSE TO INCREASE VISION

A doctor in Columbia University has perfected a lens that enabled a man to see after his vision was as low as two per cent. The man had not been able to see his wife in fifteen years and had undergone 20 operations in order to get his vision back. This new lens is thought to be able to perfect vision of as low as four per cent. It is estimated that some 700,000 cases in America will be affected by the new lens and that number of people who are not able to see at this time will probably get their vision back.

Mr. and Mrs. Henry Elder, of McAdoo, were in our city doing some trading Friday. Mr. Elder is the Vocational Agriculture teacher in McAdoo schools and is a graduate of the Texas Technological College.

Mr. and Mrs. Leo Petty announce the arrival of a girl baby in their home August 22. The little lady has been named Annelle and weighed ten pounds upon arrival.

OUR OPINION IS

That the old fashioned mother who had kisses stolen from her today has a granddaughter who cannot even give them away.

OUR OPINION IS

That if people would pattern after the woodpecker they would get along better. That bird uses its head in its work.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND

Director, Physical and Health Education, New Jersey State Department of Public Instruction

At Bat

When parents want something really serious and important to ponder, think of a boy's baseball game. There's no subject more profound.

The truth of that you will have to discover for yourself by analysis. I can't do it in the space at my disposal. Nor can you prove it, if you're an adult, by playing the game. Adults play for fun. They re-create. Boys work at it. To them baseball is serious. There's all the difference in the world.

Look into the face and the eyes of a boy standing at home plate when the bases are filled and a hit means winning the game. Try to imagine what's going on inside. What a situation! Pitcher against batter. Skill against skill. Wits against wits.

No fooling there. But a real case of "delivering the goods." He's got to "come through." It's no time to say "Gee, fellows, I gotta go home, my mother wants me." No quitting under fire. No alibis. No faltering. Just nerve, concentration, giving every bit of one's self. Such are the times when character is born and tried. If he tries, that is all the boys ask. He may not hit the ball, but if he did his best, he passed the test. He's got the "stuff." He's good material for shaping into a man.

Are bare feet dangerous? Dr. Ireland will discuss some facts and fallacies about them in his next article.

Are bare feet dangerous? Dr. Ireland will discuss some facts and fallacies about them in his next article.

CLUB NEWS

DEMONSTRATORS MAKE RECIPE FILES

To have my recipes on cards and filed so I can find them will be a big advantage over looking through a book or several books for a certain cake recipe, for example, said Mrs. R. C. Alexander, Prairie Chapel farm food supply demonstrator, in an all-day meeting of the foods demonstrators Saturday when they met to make recipe files.

The farm food supply demonstrators will have charge of the meeting with-out the agent in the clubs this month when they will assist the cooperators in making recipe files. The recipe files will be completed and exhibited at the home of the farm food supply demonstrators when they hold their achievement programs in November.

McADOO CLUB IS BUSY

The McAdoo home demonstration club has already begun work to raise the money to send a member or members to Short Course next year. In an auction sale in August they cleared six dollars for the Short Course fund.

In an all day meeting last Friday at the home of Mrs. G. W. Allen the club pieced a quilt will be completed and sold in the near future.

Three foundation patterns were also out in this meeting for Mrs. Leonard Cox, Mrs. D. E. Allen, and Miss Verna Mae Hickman.

Others present for the meeting were Mrs. R. Y. Perry, Mrs. O. S. Harvey, Mrs. C. A. Allen, Mrs. Price Brownlow, Mrs. G. G. Allen, Mrs. E. G. Smith, Mrs. A. J. Allen, Mrs. Russell Harris, Mrs. D. E. Woods, Mrs. Iva Black, Mrs. N. C. Eldredge, Mrs. W. C. Perry, Mrs. M. L. Vanderford, Mrs. J. T. Parker, Mrs. T. L. Dozier, Mrs. L. C. Hickman, Mrs. Jim Eldredge, Mrs. Jim Hickman, Mrs. Merritt Graham, Mrs. W. L. Pullen, Miss Hazel Moore, Miss Aline Allen, and the hostess, Mrs. G. W. Allen. —Reporter.

BAKER INFANT DIES

Infant of Mr. and Mrs. Preston Baker, of the 24-Ranch community, died Sunday afternoon of last week. It was one day old at the time of demise. Funeral services were held Monday and interment followed in Spur cemetery.

L. C. Murphy of Dickens, was attending to business matters in our city Monday.

NERVES

Here's a good way to quiet "NERVES"—A Dr. Miles' Effervescent Nervine Tablet, a glass of water, a pleasant, sparkling drink. Nerves relax. You can rest, sleep, enjoy life. At your drug store. 25c and \$1.00.

Don't let HEADACHE, Acid Indigestion, Neuralgia, Muscular, Rheumatic, Sciatic Pains, rob you of healthful recreation. Take Alka-Seltzer. Find out for yourself how quickly it will relieve your every-day ailments.

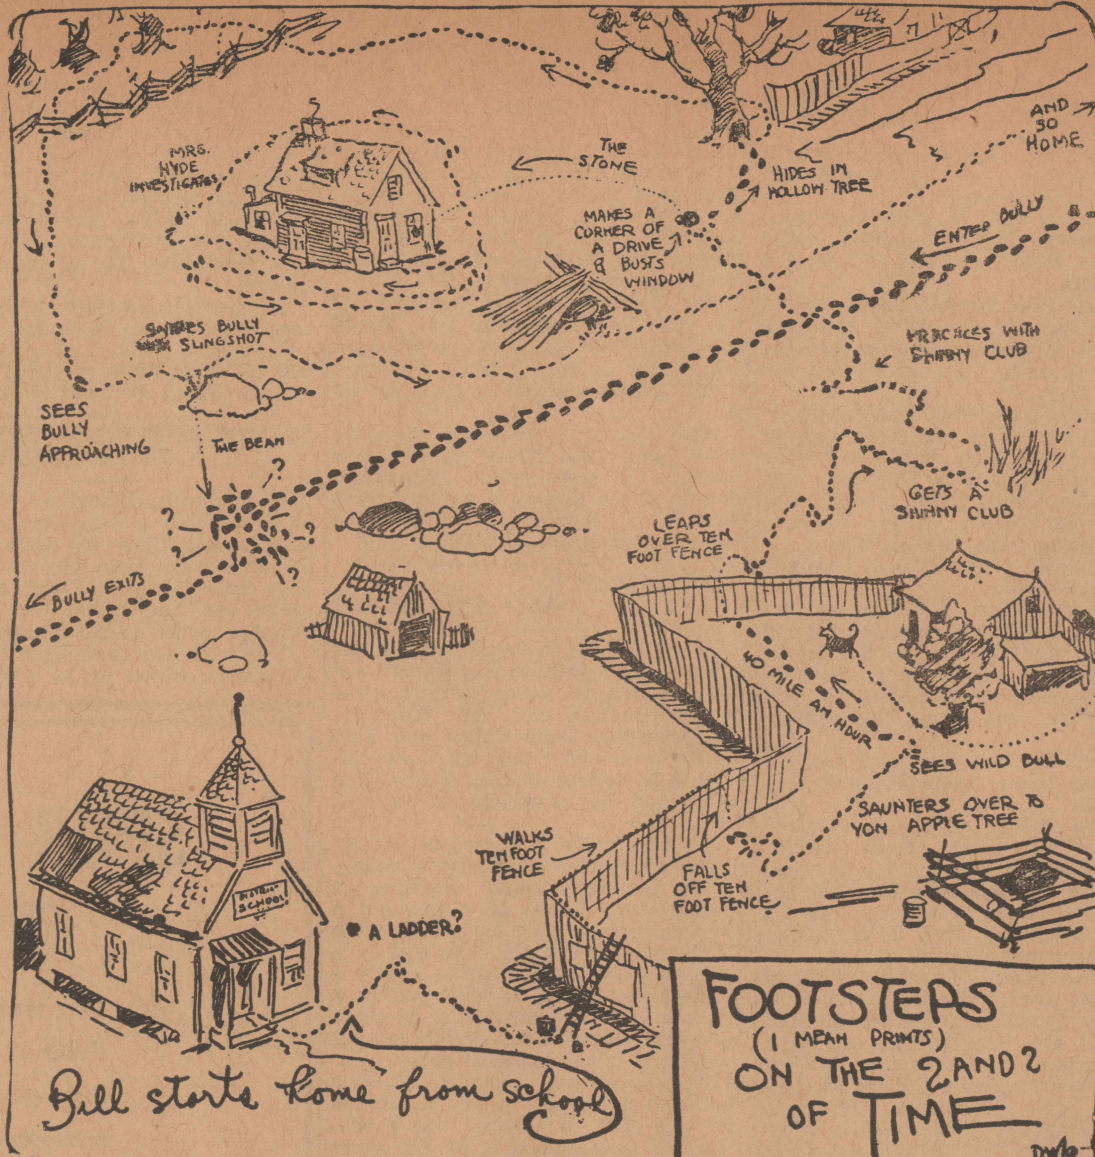

Alka-Seltzer relieves pain because it contains an analgesic, (acetylsalicylate). Alka-Seltzer's vegetable and mineral alkalis neutralize excess acid.

Your druggist sells Alka-Seltzer by the package and over his soda fountain.

BE WISE-ALKALIZE

SCHOOL DAYS

By DWIG

For God And Country!

At a call meeting of the Boyd M. Williams Post No. 161 the following officers were elected for 1936:

- E. S. Crider, Post Commander. L. E. Lee, Vice Commander. Elzy Watson, Adjutant. W. R. Weaver, Finance Officer. L. O. Blakley, Sergeant at Arms. J. L. Hutto, Historian. Rev. R. C. Brown, Chaplain.

Each of the above newly elected officers expressed their intention to serve the post to the best of their ability. Post Commander Crider stated in his talk that it was his aim that Post 161 carry out the new 1936 program to the interest of ex-service men and everyone in this vicinity, and in order that each individual citizen might know what the American Legion principles stand for.

Chaplain Brown expressed his gratitude to the buddies of this Post for their faithful service, for God and country. Past Post Commander Buck Neilson, now District Committeeman, presided over the meeting expressing his gratitude at this being one of the first Posts of 1935 to raise its membership quota. He made a very interesting talk with reference to the aims of the 1935 convention to be held in Dallas and said if there was an ex-service buddy who had a claim for adjustment on his service certificate or disability to call it to the attention of service officer this week in order that it might be duly filed at the convention September 1st, 2nd, and 3rd. On November 11th there will be a

barbecue for ex-service men and their families given by Post No. 161. At that time Attorney General McCraw will address the public in behalf of the Legion. Everyone present was put on committee to work on membership drive for 1936. Chaplain Brown challenged Hutto to an oyster supper when the 1936 quota is raised (it appears that preachers like to eat). Sides were chosen and Brown or Hutto are to pay the bill.

Brown's men: Claude Bennett, C. Ray Williams, Lawis Lee, W. R. Weaver, A. M. Karr, W. R. Parks, Dick Jackson, Shorty Taylor, R. J. Griffin, Johnnie Reynolds, Geo. Brown of Jayton, and Tom Fowler of Jayton. Hutto's men: Luther Powell, Hub Swan, Cliff Byrd, Ollie Blakley, Dr. Zachry, Jimmy Offield, John Rye, Ned Green, W. O. Finley, Clarence Bowman, G. M. Huls of Jayton, Barney Cumby of Jayton.

The Chaplain said, "Do your stuff, get those dues."

Hutto said, "Boys, please don't let me down."

Service Officer Weaver says, "We need a home of our own on our lots." Let's make this the best year for Spur Post.

Regular meetings First and Third Monday nights of each month. —Reporter.

Clinton Barrett, who has been with A. & M. College the past year, arrived home last week and will spend a couple of weeks with his parents, Mr. and Mrs. L. R. Barrett.

A. McAlister, of Afton, was looking after business matters and greeting friends in our city Tuesday.

I looked up Satisfy and it says—

SAT-IS-FY. Something that pleases, gives satisfaction; something that just suits. For example, you are pleased with a dress. As applied to cigarettes, it means one that is MILD—that is not harsh or bitter; one that TASTES just right.

Chesterfield... the cigarette that's MILDER Chesterfield... the cigarette that TASTES BETTER

THE TIMES SNAPSHOTS

"KITCHEN OF THE FUTURE"—Will help to revive building activity. Kitchen cabinet, sink, dish washing machine and refrigerator at the right are examples of drawn metal construction making possible any color or combination desired. In foreground is a round electric stove on casters permitting cooking from any angle. Created by Briggs designers as a suggestion to the industry.

THE SPRITE IN THE SUNLIGHT—turns out to be Carole Lombard, wearing a bathing suit of navy satin and an astonishing pair of navy and white sandals as she combines exercise with her sunbathing.

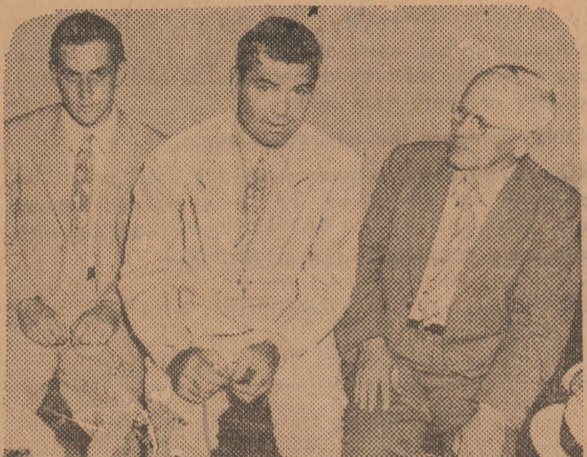

AND POLL SAYS TO FIDO—???

HOUSE COMMITTEE ON NEUTRALITY—These men worked out the compromise on the bill which had been passed by the Senate. From left to right, Rep. Sol Bloom, ranking Democrat, of N. Y., Rep. McReynolds, Chairman, and Rep. Johnson of Texas.

Meet "Stubby," newest addition to the beer bottle family. Although 31 per cent shorter than the standard size beer bottle, his capacity is the customary 12 ounces. He has been introduced by Owens-Illinois Glass Co., as the ideal one-trip, no-deposit beer bottle.

AS ONE CHAMP TO ANOTHER—Jack Dempsey swaps experiences with Harry E. Wilken, Sr., who has produced 380,000,000 gallons of whiskey, more than any living person—and more "rounds" than even Jack can boast of.

WHITE RIVER

The community appreciated the very light shower we had Monday afternoon and Wednesday night. It wasn't enough to help much excepting to cool the atmosphere.

R. L. Hendrix and family and L. L. Rankin and family attended the baptizing at Calgary Sunday afternoon.

R. M. Slack, Nathan Hendrix and Oriette Smith and wife were in Spur Sunday afternoon.

Ida Rankin Rucker visited relatives in Floydada the past week-end. H. C. Peterson was transacting business in Crosbyton Monday.

Ross Cannon and family returned this week from Corona, N. Mex. where they visited with John Cannon family.

Willie Rogers and family were mixing with the crowd in Spur Saturday.

Bud Williams and wife, of Highway, spent Monday with Mrs. Williams' parents, Mr. and Mrs. R. M. Slack.

L. L. Rankin and family and R. L. Hendrix and family spent Wednesday night at the Red tank fishing. They caught all the fish they could

eat.

Junior Wilson, of Glenn, is visiting this week with Mr. and Mrs. C. D. Wilson.

Mrs. C. I. Cannon visited her daughter, Mrs. Monk Rucker of Spur, Saturday.

Wilson Springer and family of Calgary, spent Saturday night with L. L. Rankin.

Mrs. Ola Frank Byrd of Lubbock, and Trent Schmitz of Crosbyton, took supper with T. G. Rankin Thursday night.

OUR OPINION IS

That being forced to be good is a poor excuse for being so.

Dr. and Mrs. Harold H. Lawler, our efficient optical people, are away at this time for a few days vacation. They did not state their route as Dr. Lawler said he did not want any schedule to visit by.

H. J. Parks, of Highway, was transacting business in our city Monday, and made a pleasant call at the Times office.

Miss Mildred Baker returned Saturday from California where she had been visiting relatives and friends.

U. S. ARMY NEEDS MUSICIANS

Ten musicians are wanted for the U. S. Army Band at Fort Bliss, El Paso, Texas. Applicants must be from eighteen to thirty-five years old, and without dependents. Preference will be given men who play two or more instruments.

There are a number of other vacancies in various branches of the Army Service stationed at Fort Bliss, including cavalry, field artillery, quartermaster corps, medical department, veterinary service, ordnance department, and signal corps. Men who have the equivalent of an eighth grade education, who are in excellent health, and without dependents, are eligible to fill these vacancies. They will receive a mental and physical examination at the Lubbock Recruiting office, and if found qualified, they will be furnished meals, lunches, and transportation.

Service in the Army assures a healthful outdoor life. It is the big effort of the Army to train men mentally, morally and physically, so that citizens when returned to civil life, they will make better and stronger. With this in view the Army maintains various schools where a man can learn a variety of trades which will help him in later life. These schools are not compulsory, but men are encouraged to attend them. In addition to the military and vocational training, all kinds of sports and athletics take up a good part of the soldier's time. Evenings are usually spent by the soldier in his organizations' recreation room where there are pool tables, all kinds of reading matter, a radio and other forms of amusements. There are large roomy chairs in which he can comfortably relax. In addition to the various assortment of books to be found here, a post library is maintained, where the soldier may borrow the kind of reading matter he desires. Two large theatres are maintained at Fort Bliss for the entire army personnel, including families of those who are married. Up-to-date moving pictures are shown and the show changes every night.

Dances are usually held in the Army Y. M. C. A. in El Paso, and army buses make regular trips to and from El Paso, usually at night, without cost to the soldier. Other forms of shows are also shown at Fort Bliss. A number of clubs have been in existence there for some years and they present shows at the theatres or at the club rooms, sometimes composed of native talent, sometimes featuring a traveling stock company or musical comedy review. Polo games and horse shows are held frequently and they prove very interesting to the personnel of the post and the civilians living in and around El Paso. In season, hunting and fishing take up considerable of the soldier's spare time, and he is encouraged to avail himself of this and other forms of recreation. Fort Bliss has a baseball league which is composed of soldier teams. Usually after inspection on Saturday morning, the soldier goes from Saturday noon until Monday morning, during which time they attend various dances, theatres, parks and swimming pools in Fort Bliss, El Paso, and Juarez, Mexico.

Misses Daisy Mae Cagle, Rosemary Malone and Ruth King, of Abilene, were week end guests of Mr. and Mrs. Starcher.

DICKENS

Shine Watson, who was visiting Billie Anderson here, has returned to his home in Fort Worth.

Jean Carroll went to Weatherford to see his wife and children last week.

Grandpa and Grandma Lusk are spending the week end at Meadow visiting their son, Jack Lusk.

Mr. and Mrs. Odie Lusk and children are spending the week end at Dallas visiting Mrs. Lusk's sister.

Fay Fellme and daughter, Jo Ann, were in Dickens Monday.

Billie Anderson has returned home from Whiteboro where he has been visiting friends.

Pauline Thompson has returned home from Lubbock where she underwent an operation in a Lubbock sanitarium.

L. J. Varnell is spending the week with his grandmother at Afton.

Billie Anderson is visiting his sister, Mrs. Odell Beasley, at Lubbock at this time.

Rice Anderson returned from Dallas the last of this week. He came by Fort Worth and visited an uncle.

Odie Lusk, Miss Annie Lusk and a few friends went to Roaring Springs Tuesday night to enjoy a picnic and swim.

S. A. Anderson was attending to business matters in Spur Thursday. Elbert Purser and wife, of Mineral Wells, are moving back to Dickens to make their home.

W. E. Lessing To Annapolis

Abilene Boy Passes Exams At Military Academy

W. E. Lessing, 2405 South Second street, has been notified that his son, Wilfrid E. Lessing, Jr., has passed the physical examinations at the United States Naval Academy, Annapolis, and has been admitted there as a midshipman.

Young Lessing, who qualified for entrance on certificates of his work and grades from the Abilene public schools and Hardin-Simmons university, reported to Annapolis on August 20 for the physical examination. He received his appointment on July 1 from Congressman Thomas L. Blanton.

Born in Waco, February 17, 1917, Wilfrid Lessing, Jr., is a member of a pioneer West Texas family. His grandfather, Wm. H. Lessing, was at one time—as early as 1886—district attorney in the San Angelo district. His father is practicing attorney of Abilene.

The Lessings moved to Abilene in 1926, and Wilfrid attended the College Heights school and Abilene High School, where he graduated in the spring of 1934. He was a member of the staff of the Battery, student newspaper. Last session, he attended Hardin-Simmons university. —Abilene Morning News.

Judge Lessing and his son were citizens of Spur before moving to Abilene. The son attended Spur schools and has many friends who will be glad to learn of his success.

M. E. Tree, of Highway, was attending to business affairs in our city Monday and stated they received a nice rain Sunday night.

Culinary Jingles by Marcia Camp

Oh, the social whirl!
Is a snap for the girl
Who cooks the modern way,
Who has learned to freeze
With the greatest of ease
Desserts that are stamped "O. K."

ARE YOU perhaps looking for a new, extra-special dessert that will make your guests exclaim over it while they eat and beg for the recipe when they are through? In the entire lexicon of American cookery there is no more special dessert than ice cream, and the most special of all ice

creams is the one you make yourself with the magical marshmallow as a base.

The marshmallow is magical as a base for ice cream, because it makes failure impossible. No danger of setting a product crunchy with ice crystals before your guests when you make it with marshmallows. The very name "marlow" means not just an ice cream, but a creamy ice cream. Marlows are always made with marshmallows, so they always have to be creamy! The secret is actually nothing more portentous than keep-

ing a package of marshmallows always on your pantry shelf!

Marlows are really extraordinary enough in themselves. Try adding strawberries to an ice cream which does not require stirring or any other attention all the while it freezes, whether you use a mechanical refrigerator, or an ice cream freezer, or simply a mold in an ice-salt pack. The mold must have a well-fitting cover, sealed with adhesive tape.

- STRAWBERRY MARLOW**
- 1 cup crushed fresh strawberries
 - 1 tablespoon orange juice
 - 1 tablespoon sugar
 - 20 marshmallows
 - 1/4 cup water
 - 1/2 pint cream, stiffly beaten

Wash, hull and crush the berries. Mix them with the orange juice and sugar, and let them stand for 30 minutes. Meanwhile steam the marshmallows with the water until they are liquid and smoothly blended. Add to berry mixture and cool. When quite cold and beginning to stiffen, combine with the stiffly-beaten cream. Pour into refrigerator trays and freeze without stirring.

- PINEAPPLE MARLOW**
- 16 marshmallows
 - 1 cup canned crushed pineapple
 - 1/2 pint cream, stiffly beaten

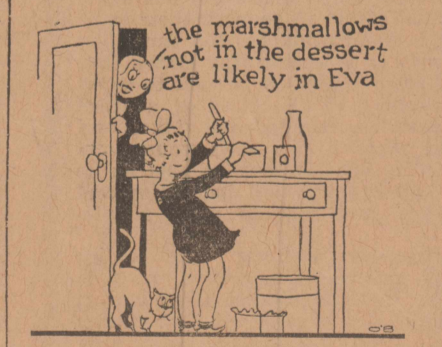

Steam marshmallows over hot water with the pineapple until they are liquefied. Cool the mixture. When it is cold and slightly stiffened, combine with the whipped cream. Pour into containers and freeze without stirring.

Culinary Jingles by Marcia Camp

This grand dessert was truly made By darling little Eva. It is so good that I'm afraid That no one will believe her.

PERFECT ICE CREAM

CAN YOU believe that a mere child can make smooth "yummy" ice cream all by herself, the equal of any you have ever eaten? She can, if she knows the secret—a marshmallow ice cream recipe!

For marshmallows are the simple answer to the prayer of every housewife who wants to make perfect ice cream without effort, in either a mechanical refrigerator or in an ice cream freezer. With marshmallows there is no such word as "fail" in the lexicon of ice-cream-making. That is because they introduce into home-made ice cream the same agent which makes commercial ice creams so un-failingly smooth and creamy—an agent which, before combining with sugar and corn syrup to make the marshmallows themselves, was pure sparkling gelatine.

Because marshmallows contain a certain unvarying proportion of gelatine and sugar, they are always dependable; two essential ingredients in one. Naturally this helps to simplify recipes in which they are used; as, for example, in lemon marlow, the name given to all marshmallow ice creams.

- LEMON MARLOW**
- 27 marshmallows
 - 2 1/2 cup water
 - 3 tablespoons lemon juice
 - 1/2 pint whipping cream

Steam the marshmallows and water together in the top of a double boiler until a smooth liquid blend is obtained. The melting of the marshmallows is hastened by cutting them into pieces with scissors dipped in hot water. Add the lemon juice and set aside to cool until slightly stiffened. Combine carefully with the stiffly beaten cream, pour into containers, and freeze without stirring.

Spur Schools Have Strong Faculty

It is doubtful that in the history of Spur schools that there has been a better qualified faculty employed so far as education is considered. Nearly every teacher has one or more college degrees and every teacher has had college work. The school authorities have been very kind to furnish this information to the patrons of Spur schools. The qualifications and the subjects each member is teaching are set out below:

O. C. Thomas, Superintendent, Has an A. B. degree from the North Texas Teachers College, and an M. A. degree from the University of Texas. He is teaching commercial work in the high school.

O. L. Kelley, Principal of High School, has an A. B. degree from A. C. C. and is a student for a Masters Degree at the University of Texas. He is teaching English in high school.

C. B. Middleton has B. S. degree from the A. & M. College of Mississippi. He has done graduate work in Texas A. & M. College and the University of Missouri. He is teaching Vocational Agriculture in high school.

Odis Martin has an A. B. degree from Howard Payne College, and is teaching History in high school.

Mrs. Ila Johnston has an A. B. degree from the West Texas State Teachers College, and is teaching History in high school.

Miss Virginia Murray has a B. S. degree from the Texas Technological College, and is teaching Home Economics in high school.

Miss Sarah McNeill has an A. B. degree from Rice Institute and is teaching English in high school.

G. B. Wadzeck has an A. B. degree from McMurry College and is teaching Mathematics and History in high school, and is head coach of boys athletics.

Burgess Brown has an A. B. degree from Simmons University, and is teaching Science in high school and is director of band and orchestra in all schools in the system.

Miss Quannah Lewis has an A. B. degree from the University of Ohio, and is teaching Public Speaking and English in high school.

Miss Wilma McArthur has an A. B. degree from Texas Technological College, and is teaching mathematics in high school.

H. C. Foote has an A. B. degree from the University of Arkansas, is principal of the Grammar School and is teaching history.

Mrs. Anne White is a student at Texas Technological College and is teaching Reading in Grammar School.

Mrs. Marie Kelley is a student in A. C. C. and is teaching English in Grammar school.

Mrs. Violet McKnight is a student of Baylor University, also, has taken work in Chicago Music College, the American Conservatory of Music, at Texas Technological College and Simmons University. She teaches Music and Penmanship in Grammar School.

Mrs. Rachel Barfoot is a student at Baylor University and is teaching Arithmetic in Grammar School.

L. J. Sollis has an A. B. degree from Texas Technological College, and is teaching Arithmetic and History in Grammar school and is assistant coach.

Miss Cedonia Dittrich has an A. B. degree from N. T. S. T. C. and is teaching Geography in Grammar school. Miss Dittrich is basket ball coach for girls in both Grammar school and high school.

F. F. Vernon, principal of East Ward, is a student at Simmons University, and is teaching high Fourth Grade.

Miss Ruby Rae Williamson has a B. S. degree from A. C. C., and is teaching low Fourth grade in East Ward school.

Miss Athelda Yeats has an A. B. degree from McMurry College, and is teaching high Third grade in East

Ward school. Miss Charlie Hayes is a student at Texas Technological College, and is teaching low Third grade in East Ward school.

Mrs. Jane D. McArthur is a student at Texas Technological College and is teaching high Second grade in East Ward school.

Mrs. Dan H. Zachry is a student at Texas Technological College and is teaching low First grade in East Ward school.

Miss Minibel Johnson is a student at Texas Technological College and is teaching high First grade in East Ward school.

Mrs. F. G. Collier is a student at Texas Technological College and is teaching low First grade in East Ward school.

Miss Anna Mae Lassetter has a B. S. degree from West Texas Teachers College and is teaching low First grade in East Ward school.

A. C. HINDMAN FAMILY HOLDS REUNION

Mr. and Mrs. A. C. Hindman, who live one mile north of Spur, are enjoying a family reunion this week. Practically all of the children had arrived Tuesday evening and since that time the fun has been in full force.

Mr. Hindman celebrated a birthday yesterday, September 4, and stated it had been 75 years since he discovered America. He was born in Lauderdale, Alabama, September 4, 1860. He came to Spur in January, 1911, and has made his home here since that time. Yesterday Mr. Hindman was the honored guest at a great birthday dinner served at his home at the noon hour. His great appreciation for the day was plainly shown by his many smiles, his punts of fun and his beneficent attitude.

He stated that it was a great pleasure to have his children all at home with him once more. It had been many years since all of them had been at the old home at the same time. There are 27 children and grandchildren in the family and every one made a special effort to be with their father and grandfather at this time. Mr. Hindman in a jesting way stated that all of them might not be here to enjoy his birthday at the close of another 75 years. He laughed and talked and stated that he still feels young and wanted to be that way as long as he lives. He has a jovial disposition and enjoys a good joke as much as any one.

Wednesday evening the entire family attended the revival services at the First Methodist Church. Mr. Hindman is a member of that church.

WHEAT FOR SALE

and all of the family hold to the Methodist belief. It was very impressive the way this good man led his entire family to the house of worship. It had been many years since he had enjoyed the privilege of sitting in divine worship with all his children with him. The children and grandchildren present were:

Mr. and Mrs. C. W. Hindman of Houston, Mr. and Mrs. H. L. Hindman and children, Bobby Lynn and James, of Pampa; Mr. and Mrs. A. W. Hindman and son, A. W. Jr., of Childress; Mr. and Mrs. J. C. Hindman and children, Helen, Ewell and Lanell, of Paducah; Mr. and Mrs. V. L. Graves and sons, Sammy and Jesse, of Dickens; Mr. and Mrs. Ollie Hindman and children, Nelda Jo, Billie Marie and Donald, of Spur.

Mr. and Mrs. J. L. Hindman and grandchildren, of Paducah, were present. Other guests present were Mr. and Mrs. T. P. Hindman of Spur, J. W. Davis of Spur, Mrs. Charlie Gyr of Spur, and Mr. and Mrs. John Read of Spur.

YOUR CHANCE

WILL COME

"I'll study and get ready," said Lincoln, "and maybe my chance will come." Your chance, too, will come if you are ready for it—chances that will mean happiness and independence and opportunities, pleasant work, and congenial surroundings. Through our well-organized Employment Department, chances for good positions and bright futures are being brought to scores of young people who began the Draphton Training a few months ago. It will bring similar chances for a responsible position to YOU, if you get ready. Clip and mail today for Special information, showing how we can help a few who are trying to help themselves. Address nearest office, Draughton's College, Dallas, Abilene, Wichita Falls, or Lubbock, Texas. 2t

FATHER OF T. N. MORGAN DIES

T. N. Morgan, Jr. lost his father by death at Sweetwater about 2:30 o'clock Sunday afternoon. The father was 79 years of age and seems to have died rather suddenly. He was visiting his son at Sweetwater at the time of his death.

Funeral services were held at the Christian Church in Stamford Monday afternoon. Rev. Beaman, a former pastor, conducted the services. Masonic rites were carried out at the cemetery. Interment followed in Highland cemetery, Bill Kinney of Spur, acting as funeral director. Mr. Kinney went to Sweetwater Sunday afternoon and transferred the body by ambulance to Stamford.

Mr. Morgan has been in Spur the past several years as manager of the Williams & Miller Gin and has many friends who regret to learn of his great sorrow in the loss of his father. Mr. Morgan's mother passed away some years ago.

Compare Before You Buy

FIRST, Compare the quality... if the quality is poor the merchandise isn't a value at any price. Safeway Stores feature nationally advertised merchandise and guarantee the quality of every item sold.

SECOND, compare the advertised prices.

THIRD, compare the regular every-day shelf prices on merchandise not advertised. Safeway customers save, week in and week out, on their food purchases because all prices are consistently low at all times.

Thursday, Friday, Saturday, Sept. 5-6-7 in Spur
