

SPUR FIRE DEPARTMENT DEMONSTRATES SKILL

Dickens County Dedicates Court House Monday At Ten a. m.

District Judge Folley Selected To Be Main Speaker on Program

Early Settlers to Take Part in Day's Program

The official family of the county are quite busy this week making arrangements for the opening exercises of the new court house, which will be held about ten o'clock next Monday morning. It is the hope of the officials that they can secure the Spur school band for a few numbers.

Some of the early settlers of the county will be asked to speak on the history and progress of Dickens County. W. J. Elliott has promised to be present and to make a talk. Judge A. J. Folley will make the principal address. Judge Folley had the honor of presiding over the first term of District Court in the new building and he is rather proud of the new District Court rooms and their arrangements.

The people are extended an invitation to be present for the occasion. Judge Formby in speaking of the ceremonies stated that the Court House belongs to the people and everybody in the county has a right to be present if they desire. It is expected to be a nice affair and probably will be held on the court house lawn if the weather will permit.

BY JUDGE FORMBY

The court house now in use in Dickens County is a vast contrast to the first "temple of justice" built at Española in 1891 from lumber freighted from Colorado City. Recently remodeled at a cost of more than \$19,000, it stands as one of the most modern court houses in West Texas.

In appreciation of the new edifice, a dedication program will be held Monday morning, April 19, in the district court room. Judge A. J. Folley, of the 110th judicial district, will be the principal speaker.

All old timers of the county are especially invited to the short program which will start at 10 o'clock. The Spur High School band, directed by Burgess Brown, will be on hand and render several numbers. Among the old timers who have been invited to make short addresses are: D. S. (Sid) Dunwoody of Lubbock, first county clerk; W. J. Elliott, of Spur; W. E. Stafford of Afton, who was one of the first grand jurors of the county; Mrs. Jeff Harkey of Dickens, wife of the first sheriff.

The program will only be a short one, but it was felt that some sort of dedication ceremony should be held in celebration of the completion of the new structure.

Farmers Co-Op to Meet Saturday

The Farmers Cooperative Society of Spur will hold their regular stockholders meeting in the basement of the Bryant-Link Company store Saturday. The meeting will be called at three o'clock Saturday afternoon, and all members are requested to be present. Important business is scheduled to be transacted and the officers and directors want those concerned to know what has been accomplished the past year.

Local Man Is Injured by Gasoline Fire

D. F. Ritchie was painfully burned and Lon Sharp escaped with minor burns just after noon Friday while working with the rock crusher east of Spur. It appears that the crusher had shut down and Mr. Ritchie and Mr. Sharp were re-filling the gasoline tank to the crusher engine. Some of the gasoline spilled from the funnel and contacted the exhaust which was still hot enough to ignite it.

Some of the gasoline was spilled on Mr. Sharp's clothing on his chest, but he jumped for the sand pile and fellow workers were successful in extinguishing the flames before he incurred much damage. Mr. Ritchie was on the opposite side of the engine and could not turn loose or jump. He landed into the hopper where there was a small quantity of sand and gravel, and Doyle Barnhill and another person shoveled the sand and gravel onto him until the flames were extinguished.

However, both his lower limbs are badly burned from his body to his ankles, and his right hand was so badly burned that the skin lipped off with the glove. The left hand is painfully burned, too.

Both men were rushed to the Nichols Sanitarium for treatment but Sharp was able to be out after the first treatment. Mr. Ritchie remains in the sanitarium and it will be several weeks before he will be able to be out. Everything is being done that can be done. Mr. Ritchie is suffering great pain because almost one-third of his body is burned. Physicians say that he will recover if he will remain quiet and receive the treatment they are giving and not worry too much. He is putting up a brave fight and seems to be improving just a little at this time.

Home Making Class Sponsors Style Revue Here

The Homemaking Classes of Spur High School are producing a style revue of the dresses they have made in their classes, and are sponsoring the picture, "Ready, Willing and Able," with Ruby Keeler at the Palace Theatre, Tuesday night, April 20.

The homemaking department gets a percentage from the tickets that they sell in advance of the show. Those people desiring to see an interesting picture as well as the thrill to vivacious high school girls on parade, arrange to buy your tickets in advance from any of the girls of the department, or at any one of the drug stores in Spur.

As a part of the program, girls who will represent Spur at the State Home Making Rally to be held in Ft. Worth, April 29-May 1, will be introduced.

Mrs. Fred C. Haile of Paris spent the week-end visiting friends.

Spur Creamery Now Making Improvements

The Spur Creamery is making some very practical improvements this week. Among them is the addition of a new pasteurizer and mixer and a new holding vat. These two machines will add greatly to the output of the ice cream products.

A new storage room is being installed. This room is located on the south side of the building and is adequately arranged to take care of the creamery products. It is lined with cork set in cement to make it air proof and then gas coils will be circulated through it to keep a temperature even below freezing.

The office is being newly arranged. A small office is being put where Mr. Stovall, the manager, can be located and have his work of keeping up with the business. Also, he can have people consult with him privately. The main office is much larger, and all the bookkeeping work and sales work will be handled from that office.

The main idea is to give the people better service and make the business arrangements more convenient.

Child Hit by Passing Auto

Last Friday afternoon one little first grade girl was knocked down by an automobile that failed to stop while a school bus was unloading pupils on the highway. This driver like most drivers, is a highly conscientious and good man, and like most drivers, he got in a hurry. There are many drivers here in Spur and Dickens County who have been guilty of the same thing this man was guilty of, but have only been a bit more fortunate than he was in hitting this child. If this little girl had fallen under the automobile instead of away from it, the story might have been a very sad one.

I have filed charges against this driver, and this is the policy that shall be rigidly enforced at all times. The County Attorney and Sheriff have pledged whole-hearted support in enforcing this policy. Each bus driver has been instructed to report all violations wherein people are guilty of passing their busses while children are loading or unloading from school busses.

This newspaper has repeatedly ran articles warning people not to pass school busses while loading or unloading passengers, but still many good people take the chance every week of killing some school child by refusing to obey this state law. This law reads, "When any such 'school bus' vehicle tops, every operator of a motor vehicle or motorcycle approaching the same from any direction shall bring such motor vehicle or motorcycle to a full stop before proceeding in any direction; and in event such 'school bus' vehicle is receiving and/or discharging passengers, the said operator of such motor vehicle or motorcycle shall not start up or attempt to pass in any direction until the said 'school bus' vehicle has finished receiving and/or discharging its passengers."

It is not our intention to be unreasonable in the enforcement of this law, but it is our serious intention to attempt to save the lives of these little children who have not yet learned to take care of themselves.

Signed: O. C. Thomas,
Supt. Spur Public Schools.

TWIN WELLS AND SPUR DISTRICTS CONSOLIDATE

At the election Saturday the question of Twin Wells schools consolidating with Spur Independent District was voted favorable in both districts. At Twin Wells the vote was five for consolidation and none against it. In Spur the vote was 58 for consolidation and one against it.

With these good neighbors coming into Spur district it will place our territorial range far above the 100 square mile basis and give us better advantages for state aid. Also, it will give Twin Wells children the same advantage of a good school as other children in Spur district will enjoy.

Miss Lillian Rape left Sunday for Memphis, where she is visiting her niece and nephew, Mr. and Mrs. E. E. Hayley.

Two New Men on Spur School Board

At a meeting of the Board of Education of the Spur schools, two new members qualified. Ray Taylor, who was re-elected, qualified for another three-year term. W. F. Gilbert, who was elected April 3 as a member, asked the board not to qualify him as he had just served 15 years on school boards and wanted a vacation. Ned Hogan was elected by the Board to fill this vacancy. Also, he was elected President of the Board.

J. M. Foster, who had served as President of the Board, tendered his resignation. Mr. Foster is in ill health and his physician requested him to refrain from assuming any responsible work of any public nature. For that reason he was relieved from the Board and Jack Rector was appointed to fill out the unexpired term.

The members of the Board now are: Ned Hogan, President; Ray Taylor, Secretary; Jack Rector, V. C. Smart, W. C. Gruben, Lester Ericson, E. C. McGee.

Commissioners In Session Monday

The Commissioners Court met Monday with all the Commissioners present. The regular routine of business was gone through with.

Among other things the Court canvassed the returns of the Spur and Twin Wells school consolidation election and declared the results.

County Clerk Arrington was ill and had to be confined to his bed Monday. Judge Formby kept the records of the Court proceedings in his absence. It appears that County Judge is capable of doing most anything that comes in the line of duty.

The Court made a check up on the treasury and found that the county is gradually pulling out of debt. Conditions are looking much better than in many years. It is hoped the people will not make too great demands on the Court until all these back obligations can be paid off.

McAdoo Judging Team Wins Many Honors

The McAdoo stock judging team seemed to be very successful at the 12th annual vocational judging contest which was held in Lubbock Friday. There were 42 teams entered in the contest and McAdoo's team stood second. Robert McDonald, a McAdoo boy, was fourth in individual honors.

In the sheep judging Robert McDonald won first honors in individual. In judging pigs, the McAdoo team won seventh place, and McDonald won eighth place in individual. In judging of beef type cattle, the McAdoo team stood tenth. In judging horses McAdoo was eighth.

In the dairy cattle class, there were 51 teams and 153 individual contestants. The McAdoo team took fifth place and Nuge Rose took third place in individuals. This was in the Jersey-Guernsey class. In the Holstein class McAdoo team was fourth and Nuge Rose was third for individuals.

As a whole the McAdoo team made a good showing and were in the winning class in almost every division.

HAVE YOUR PRESSURE TANKS TESTED

L. R. Burrow, city manager, stated Wednesday morning that the City has a means of testing all tanks attached to gasoline or oil stoves and would be glad to make these tests free. He said that all it would cost the people would be to take their pressure tanks to the City Power Plant where they would be tested to one and one-half times the amount of pressure required.

He stated this might save some one's life as these tanks will rust and become unsafe after two or three years of use.

Special music will be furnished by the song bird of the south, Miss Jack Gibson. Pete Wingo, the butler, will usher all guests into the reception room where the wedding will take place.

A rehearsal of the wedding will take place Thursday evening, April 15, at 7:45, and everyone to take part is asked to be present. It will not be necessary to wear costumes, the sponsors state. Anyone wanting to learn what to wear will see Mrs. K. W. Street.

This affair, "Womanless Wedding," is being sponsored by the Parent-Teacher Association, and funds raised will be used to make a payment on a

One Man Receives Badly Broken Hand

The local distribution station of the Magnolia Petroleum Company suffered some damages in a fire about noon Friday. It appears that Bidley Hicks, the local manager for the company, was filling a truck tank and let some gasoline overflow. A short in the truck seems to have ignited the overflowing gasoline, which started the fire.

The practically new International truck was destroyed, and several gallons of gasoline were burned as Mr. Hicks, in his haste to escape being burned, failed to cut off the outlet pipe and the gasoline continued to flow out for a short time.

The office and warehouse building were damaged greatly and part of it will have to be replaced with new material.

The Spur fire department made a rush call and were successful in bringing the flames under control in a few minutes. It looked for a time as though great damage might occur, and it was only through thoughtfulness and ingenuity of the fire company that this damage was averted. Flames were rolling thirty to forty feet high when the fire department arrived.

W. E. Putnam, manager of the Mission Service Station, received a badly broken hand during the time. He stated Tuesday that he was suffering a great deal of pain from it and had been unable to sleep much the past few days.

Consumers Fuel Association to Hold Meeting April 24

The Consumers Fuel Association of Spur will hold their annual stockholders meeting Saturday morning, April 24. The meeting will be called to order at ten o'clock in the morning. There is important business to be transacted, a report of the year of business will be read, and some directors are to be elected. Nothing secret about the meeting. Visitors are welcome to be present—members are urged to attend.

This association has meant quite a saving to the farmers of this county, and so far all members are very greatly satisfied with the work of the association and the management.

piano. Mr. and Mrs. Joe Boles of Lubbock are to direct the wedding and promise fun galore for everybody.

GASOLINE TANK EXPLOSION TAKES LIFE OF SPUR BUSINESS OPERATOR

One of the saddest tragedies during the history of our town occurred about six o'clock Saturday afternoon when Alva Smith was killed by the explosion of a fuel tank for a gasoline stove. Mr. Smith ran the Chili King Cafe, and as was his custom, he took his fuel tank to the Lone Star Service Station to get it refilled. He had put about four or five gallons of gasoline in the tank and it contained in all about six gallons. He then attached it to an air hose and had the pressure to about 65 pounds when the bottom of the tank blew out, causing the tank to go upward. Mr. Smith was struck by the top of the tank over the cardiac section of the chest, and the force broke a number of ribs and injured the heart. He died instantly. Friends who witnessed the accident stated that he never knew what hit him.

Dr. Blackwell was called to the scene, but when he arrived he stated there was not a spark of life in the body.

Kinney Funeral Home took charge of the body and prepared it for burial. Funeral services were held at the First Baptist Church Tuesday afternoon at four o'clock. Rev. A. P. Stokes of Afton and Rev. J. V. Bilberry of Spur were in charge of the services.

Interment followed in Spur cemetery with Kinney Funeral Home in charge of arrangements.

Mr. Smith was born in Collin County June 27, 1883. He came to Dickens County in 1889 and settled in the Red Mud community. In 1903 he was married to Miss Elsie Earhart and two children came into their home. A son, Russell Smith, was in the tailor business here for some time and at this time is associated with a business firm in Lubbock. A daughter, Mrs. Merlie Nichols, of Knott, Texas, he had lived in Spur the past few years and was engaged in the cafe business at the time of his death.

In addition to his wife and two children he is survived by his mother and five brothers: W. B. Smith of Crosbyton, O. C. Smith of Park View, N. Mexico, J. D. Smith of Ancho, N. Mexico, A. M. Smith of Calgary, and R. R. Smith of Spur.

Mr. Smith made a profession of religion and joined the Baptist church in 1902 in Red Mud community. He was proclaimed a good man by all who knew him intimately. He seemed devoted to his church and desired to carry out his Christian duty in daily life. Friends stated he was a good neighbor and a true man.

SPUR MAKES GOOD SHOWING IN MUSIC FESTIVAL

The 14th annual South Plains music festival was held in Lubbock on Thursday, Friday and Saturday of last week. Students of piano, voice and violin entered the contests and were judged by Dr. Walter Gilewicz, head of the piano department of Baylor College, Belton.

Mrs. J. H. Allison and Miss Annette Walsh, Wichita Falls, Miss Gladys Glenn, Amarillo, and Miss Julia Williams, Pecos, entrants representing Spur, were Marjorie Burrow, Lillian Grace Dickson, Grace Foster, Winifred Lee Jones, and Mack Brown and Ernestine Berry.

Blue ribbons and pins galore were won by these students.

Grace Foster with an average of 94 won second place in the 14 year old group. Ernestine Berry also won second place. Her average was 94.

Jane Brannen was given honorable mention with an average of 93.

Competing in this three-day event were students from Roswell, New Mexico, Amarillo, Slaton, Plainview, and many other smaller towns. Spur should feel proud of the showing made by her six representatives.

A banquet honoring winners of the highest averages concluded the festival.

Kent County Meet Awards Are Made On Thursday Night

The first place awards for the Kent County Interscholastic League Meet were made at the school gymnasium at Girard Thursday night. The program was started with a forty-minute concert by the Spur School Band. This was greatly enjoyed by the congregation. The people of Girard accorded the Spur School Band a nice reception and responded greatly during the program.

Supt. Rogers gave a picture show after the band concert. This included a representation of the various business firms that assisted in furnishing the trophies for the winners in the county meet. A number of Spur firms were included. Then all of the first place winners in the county had the privilege of seeing their pictures on the screen. There was one exception. The Clairmont pupils did not get to be represented on the screen because that film was too dark to develop a picture.

Every business firm who contributed and had a representative present had the privilege of presenting the trophy they furnished. Mr. Boedecker made the announcements. The following is the list of winners in the county:

Twenty-four trophies were awarded to different school teams and to individual winners at the meeting last Thursday night. Girard was awarded the all-county trophy cup, which is a beautiful silver cup. Girard will have to win this cup three consecutive years in order to come into full possession of it. Many of the other trophies will have to be won three years in succession to become property of the school or team winning them.

Mr. and Mrs. Mack Tidwell entertained a group of friends Thursday evening with a three-table 42 party.

After a number of interesting games, Mrs. Tidwell served a refreshment plate of sandwiches, pickles, potato chips, cookies and hot coffee.

The guests were Mr. and Mrs. Coy McMahon, Mr. and Mrs. L. R. Barrett, Mr. and Mrs. Joe Dick Giddens, Mr. and Mrs. Marvin Vaughn and Mr. and Mrs. Dale Dillingham.

Highway Group Here To Study Soil and Water Conservation

About 35 members of the State Highway department and representatives of Commissioners Courts in West Texas spent Friday and Saturday at the Spur experiment station and other points in the community to make a study of the soil and water conservation projects. The Spur Experiment Station has worked out some wonderful facts relative to these two great features of West Texas, and the Highway Department is interested in the work. It has already been shown that the projects of terracing and the saving of rainfall has meant a great deal to highway construction in West Texas.

One engineer stated that already it is observed that as great drainage passes under bridges and culverts are not required now as has been required in the past. He stated that if West Texas farmers would try to conserve their soil and rainfall by methods of terracing and other means it would mean savings of millions of dollars to the state in highway construction. Those long, high, expensive bridges will not be needed if the runoff water from the soil can be held on the lands by means of good terraces.

A number of the highway engineers spent Friday night in our city and enjoyed a banquet at 7:30 o'clock at the Spur Inn Friday evening. After that they enjoyed a time of discussing matters relative to highway work, and to the practice of conserving soil moisture as set up by the local experiment station. Then the evening was turned into a party and games of dominoes and others were played for a time. The management of the hotel saw that every guest was properly looked after and enjoyed the evening.

Those in the party were: W. A. French, Division Engineer at Abilene; John B. Nabors, Division Engineer at Childress; P. S. Bailey, Assistant Division Engineer at Anson; J. E. Gaston, Assistant Resident Engineer at Abilene; George Kemper, resident engineer at Abilene; M. E. Savage, resident engineer at Aspermont; E. W. Mars, resident engineer at Spur; Ernest Yeatts, resident engineer at Snyder; Judge Connor of Haskell County; Judge Ernest of Kent County; W. H. Shaw, office engineer at Abilene; M. E. Connie Dean Dies Of Pneumonia Here; Buried Thursday

John Connie Dean, of Steel Hill community, passed away at a local sanitarium about 12:50 o'clock Thursday morning of last week. He had taken ill the week before and friends tried to prevail on him to go to the sanitarium Saturday before his death. He waited until Tuesday afternoon and his condition was too weakened to overcome the disease with even all assistance that could be given. Pneumonia was the trouble.

Funeral services were held in the chapel of the Kinney Funeral Home at three o'clock Thursday afternoon. Rev. J. V. Bilberry was in charge of the services. Interment followed in Spur cemetery with Kinney Funeral Home in charge of arrangements.

Mr. Dean was born in Limestone County March 12, 1901. He was a son of C. E. Dean of Steel Hill community. He was married to Miss Myrtle Latimer at Paducah, March 9, 1921. He moved to Dickens County in 1933. He was a Baptist in his religious belief but was never affiliated with the church.

His mother passed away 34 years ago while he was a child about two years of age.

He is survived by his widow and six children as follows: J. B. Mona, J. C., James Otis, Lela Mae, and Eugene; one sister, Mrs. O. C. Yoes, of Spur; two brothers, Howard Dean of Sudan, and William Dean, of Winters.

A neighbor made the following statement about Mr. Dean: "Mr. Dean was loved by all who knew him—a good neighbor, friend, husband and parent. He was very kind and sympathetic and practiced the Golden Rule."

Among friends out of the county who attended the funeral services were Br. and Mrs. John Latimer, Mrs. D. E. Latimer and son, Mrs. E. P. Latimer and son, Willie Latimer and Herbert Latimer, all of Paducah; and Mr. and Mrs. O. B. Latimer, of Matador.

Hundreds Attend Cooking School

The two days cooking school held under the auspices of the Dickens County Times at the Spur Inn dining room last Thursday and Friday was pronounced a great success by those who attended. The attendance was not so great this year as in former years, but the interest manifested was far superior to any school the Times has sponsored.

Of course, the success of the school was largely due to those who attended, and it is the hope of the entire personnel of the Times Office that each one present received some information that will be helpful in the future. However, the arrangement and the many prizes given were the result of the cooperation of the business men of Spur. The West Texas Utilities Company furnished the equipment, the Spur Inn provided a place for the school to be held, and merchants furnished prizes.

The people were so well pleased with the good instruction they received that they expressed their desire to attend another school next year. Mrs. McDonald certainly knew her work, and the many good house keepers of the community have expressed their joy at being present to hear her lecture and to observe her demonstrations.

The following business firms gave prizes during the school, and it is hoped all who received prizes will personally express their thanks to these firms:

B. Schwarz & Son gave a beautiful house dress, the Good Will Grocery Company presented several sacks

of Kimbell's Best Flour. Simpson's Beauty Shop gave a nice wave set, Bell's Cafe gave dinners, the City Drug Store presented some home made ice cream, Henry's Food Market gave Kimbell's Best Flour, Spur Tailors the service of a dress cleaned and pressed, Texan Cafe gave dinners, the Safe-Way Store gave several packages of Airway Coffee. Keen's Floral Shop gave beautiful flowers, Bryant-Link Company gave a nice house dress, Red and White Stores gave several packages of Bird Brand Shortening; the Fair Store gave Hummingbird Hose, Ericson's Grocery and Market gave several sacks of Tullia's Best Flour. Spear's Five Cent to Five Dollar Stores gave a set of beautiful ice tea glasses, the West Texas Utilities Company gave a nice Mix-Master, an electric iron and a prayer; the Spur Inn a good dinner, the Palace Theatre several tickets to their programs.

In addition to these, Mrs. McDonald prepared a number of nice gifts such as cakes and many other types of delicious foods. Many of those present expressed themselves as deiring the gifts very much and expressed their appreciation for them.

Keep the Dickens County Times in mind and watch for the big school next year. It is hoped that it will be even larger and better than the one this year.

Club will hold a bakery sale at Ericson's Grocery and Market Saturday. The sale will start about ten o'clock in the morning and continue until all merchandise is sold. They will have a variety of cakes, pies and other good things to eat, affording people an opportunity to supply several dishes for their Sunday dinner. Mrs. J. H. Dobbins will be in charge of the sale.

A CLASSIFIED AD WILL SELL IT.

J. H. Boothe Succumbs Sunday

J. H. Boothe, a much respected citizen of the Duck Creek community, died at a local sanitarium about 12:20 o'clock Sunday morning. Pneumonia, heart trouble and other complications was the cause of his demise. Funeral services were held at the local Church of Christ at three o'clock Sunday afternoon, with A. G. Dunn, Sr., of Dallas, Church of Christ minister, in charge. Interment followed in Spur cemetery with Kinney Funeral Home in charge of arrangements.

He is survived by his widow, Mrs. Radie Simmons Boothe; seven children: Homer Boothe of Spur, Mrs. R. E. Jones of Lubbock, Preston R. Boothe, Carvy Boothe, Mrs. Lee Randall, Kenton Boothe, and Miss Wanda Grace Boothe, all of Spur.

Mr. Boothe was a native of Arkansas, and was born February 19, 1872. He was 65 years of age last February. He came to Texas when just a child and settled with his parents in East Central Texas. He married Miss Jennie Maye Absher in June, 1893, in Milam County. He and his family moved to Mills County and later to Runnels County, where they lived about ten years. He moved to Dickens County in 1912, arriving here January 12. He bought a farm in Duck Creek community and has lived there ever since coming to the county.

Mrs. Boothe passed away December 23, 1918. He kept his home and family together, carrying on as best he could. He married Mrs. Minnie Law January 25, 1920, and she passed away in 1929. He was married to Miss Radie Simmons in 1930, who survives him.

One brother, D. L. Boothe, of Duck Creek community, survives, and a sister, Mrs. Eva Absher of Roscoe, also survives.

Friends from a distance who attended the funeral services were: J. H. Absher and son, Carl, of Roscoe; Mrs. Clarcy Harkins, a niece, of Sweetwater; Mr. and Mrs. W. D. Scroggins, Mr. and Mrs. Artis Jones, and Mrs. Eul, all of Amarillo; and J. P. Boothe, a nephew, of Ballinger.

Mr. Boothe professed faith in Christ and affiliated with the Church of Christ 28 years ago. He was a faithful and devoted member, a good neighbor, and loving father and husband.

*** Our Opinion Is ***
That the gentleman elected on the City Commission with five ladies in that Kansas town is due much greater problems in the future than a feminine dress up.

JUST NOT THE NICE THING

Dickens County for the past two weeks has enjoyed the thrill of a new court house. However, it seems that some one does not realize that it has cost the people of the county a great sum of money and that all this money will have to be paid in the future. Many are the marks that are being placed on the walls of the new building. Most conspicuous are the foot prints placed against the wall by people who lean against them and bring up a foot with mud on their shoe. Others have taken the liberty to spit (expectorate) on the floors and stairs. Probably they do such things at home, but they should not consider the public's court house their home. It reminds us of the fellow who tried to convert a hog into a sheep. He scrubbed and cleaned the hog and painted it white, then turned it loose, and the first place it went was to a big wallow hole. It is not possible to keep our court house looking neat if we use the walls for foot stools and the floors for cuspidors. The court house is public property and it will be the monument of a decent public or a careless one.

IT WAS A THRILL TO ALL

It is not often that the Times assumes the privilege of saying things about our town editorially, because most of the works of our town speak for themselves. But if the people of our school district could have been at Girard last Thursday evening and heard the program our school band rendered, all of them would have swelled up with pride. Practically none of our citizens accompanied the band to our neighbor city, and this lost them one of the greatest thrills of their lives. Our girls and boys just feel more like playing, and they concentrate on their work better because Daddy and Mother are there to see them do it. If you are not sure of the encouragement your presence gives to the youngsters of our community, the next time they render a program you try to be present and hear them. You will see a glow of satisfaction in their faces and an expression which seems to say, "Dad and Mother, I will show you I can do it," and they will do it, too.

The Spur school band received much applause from the people of our neighbor city Thursday night. They gave a good program and the people of Girard would have been glad for all of us to have been present and heard it. Again, we could have met our neighbors in their community and enjoyed a great visit with them.

Mr. Brown is to be commended for the interest and work he has taken in our school band. The last of this month the band will enter the West Texas Band Association contest as a school band, and it is hoped that all of us will give these young people our encouragement. We are not only building a good band, but we are building citizenship in this work.

Nobody's Business

By JULIAN CAPERS JR.

Repeal of race-track gambling in Texas moved a step nearer enactment when the senate's committee on criminal jurisdiction voted 8 to 6 to report the Bradbury bill favorably, after a lengthy public hearing in which Sen. H. G. Nelson of Tahoka staged a pretty bit of legislative dramatics as Austin has not seen in many a moon. Nelson neatly outmaneuvered the race gambler's spokesman, the astute Sen. Frank Rawlings of Fort Worth. The action puts the bill, already passed 107 to 24 by the house, on the senate calendar and makes it pretty certain another record vote will be taken by the whole senate. Packed galleries applauded vociferously as the vote was taken, after Nelson climaxed his case by an old-fashioned country court-house plea, and capped the climax by leading to the stand a widowed mother of seven children—accompanied by five of the children—and told how her husband, ruined by race track gambling, had put a gun to his temple and blown his brains out. This was Nelson's answer to the opposition's charge that stories of lives ruined by track gambling were "hearsay" and demanded specific instances. Those voting for track gambling in the committee were Brownlee of Austin, Moore of Houston, Rawlings of Fort Worth, Spears of San Antonio,

Stone of Brenham, and Weinert of Seguin. Voting against were Collie of Eastland, Cotten of Palestine, Davis of Brownwood, Hill of Henderson, Isbell of Rockwall, Lemens of Rainbow, Small of Amarillo, and Woodruff of Decatur. Unless the bill is prevented from coming to a vote on the senate floor, it is virtually certain to pass in the senate. Gov. Allred, strong advocate of repeal, was an interested spectator at the hearing.

SPEAKER IS SCRAPPER, TOO.
Capitol corridors were buzzing this week with an unpublished story of a fistie encounter between Speaker Bob Calvert and an East Texas freshman house member nearly twice Calvert's size. The brush occurred in an ante-room, with the East Texan the aggressor, according to the story. Calvert, attacked, not only proved capable of taking care of himself, but did the job so well that the East Texan yelled "enough" in short order.

TRIBUTE TO THOMPSON.
Tribute to the part Railroad Commissioner Ernest O. Thompson, father and chairman of the Interstate Oil compact, has played in the conservation of Texas oil, is contained in a bulletin of the National Petroleum Association, before which Thompson will speak on the compact plan at Cleveland, O., April 15. The bulletin says: "A few years ago there were those who advocated federal control of the oil industry on the ground that state control, in the interest of conservation

and prevention of waste, could not succeed. The states were given their opportunity under the Interstate Oil Compact. Texas became the battleground for this effort and the struggle to bring economic order out of chaos has been beset with great difficulties. Col. Thompson has been thru it all and has had a large part in the results which have been accomplished. What has been done has been of immediate and vital interest to oil producers everywhere."

PRISON BILL VETOED.

The task of writing a law to effectuate the provision of the constitutional amendment adopted last year by Texas voters to reform the system of pardons and paroles must be started all over again following Gov. Allred's veto of the compromise bill written by a free conference committee. Allred specified about 10 objections to the bill, including the one requiring all three members of the parole board to spend at least half the time at State prisons or on prison farms, and providing criminal punishment for failure to do so. He also criticized leniency toward prisoners, and detailed duties imposed by the legislature upon parole board members. A bitter fight between Austin and Huntsville for the board's headquarters location raged throughout the time it was under consideration. Sen. Gordon Burns of Huntsville gave notice of an attempt to pass the bill over the governor's veto, something that hasn't happened since Dan Moody was governor.

TAX REMISSION BATTLE.

Widening the breach between governor and solons, the house passed the Harris county tax remission bill without debate, in the face of a warning by Allred that he would veto it. The bill remits 50 per cent of state ad valorem taxes to Harris county for ten years for flood control and had already passed the senate. Meanwhile, the senate affairs committee favorably reported the Mauritz bill, passed by the house, remitting all state ad valorem taxes (except the constitutional school levies) to all counties for 5 years, to use as they see fit. This raid of about \$45,000,000 of state revenue would, if enacted and signed, precipitate another sales tax crisis. The senate may pass it, too, but Allred is virtually certain to veto it.

TALK FOLLOWS FARLEY VISIT

The speech of Jim Farley before the legislature urging support of the President's court plan stirred much political talk at Austin. Friends of Sen. Tom Connally, who opposes the plan, but has suggested a compromise—Democrats who oppose it as "lending aid and comfort to the enemy" and felt Farley was unduly hard upon Connally, one of the president's closest friends in the national senate. In the campaign now under way to elect a successor to the late Congressman Buchanan of the Austin district, Lyndon Johnson's supporters were heartened by Farley's talk, since Johnson is pledging full support to the Roosevelt court plan in his campaign talks.

HIGHWAY RACKET HALTED.

An end to a racket, under which certain unnamed county commissioners' courts have been mulcting the state highway funds by buying road equipment with scrip or warrants, was promised by the highway department. The equipment dealers have been peddling the county scrip to owners of large truck fleets, at a discount, urging them to register their vehicles in the affected counties, paying with the discounted scrip. A state law prohibits the registration of motor vehicles in other counties than the residence of the owners, and the highway department, which gets part of the registration fees, means to see that the law is enforced.

NOTES.

Sen. Claude Westerfelt of Dallas gets tired of hotel food, so his charming wife, Nell, installed a tiny electric grill, on which she cooks biscuits "like mother used to make," broils bacon and scrambles eggs, in their hotel room. An invitation to breakfast with the Westerfelts is highly prized by Austin gourmets. . . Rep. "Red" Harris, of Dallas, is celebrating the arrival of a fine new son, his first-born, and as red-haired as his dad. . . Members of the house appropriations committee put Maj. J. R. Parten, Houston oil operator and Texas U. regent, "on the spot" when he appeared to urge more liberal appropriations for the university. Parten frequently heads the independent oil men who appear to protest against higher oil taxes, and the committee professed wonder that he would favor more spending of state money. . . The board of control is in a stew, trying to iron out a conflict regarding dedication of the \$500,000 San Jacinto memorial at Houston. It seems that through somebody's mistake, both Jesse Jones and the Texas Masonic Grand Lodge were both invited to lay the cornerstone. Jesse Jones controls the federal money the monument is being built with, and the Masonic brothers cast a lot of votes, so the board of control doesn't want to offend either party. . . The fate of the race horse bill now depends entirely upon the parliamentary skill of its backers. It has a low place on the senate calendar. If they can get it up, it will pass overwhelmingly. If its opponents can keep it off the senate floor, the bill is dead for this session. The governor is reported to have declared he will resubmit the repeal measure at a special session, if it dies this time.

Wichita School Makes Report of Two-Year Progress

During the past two years numerous improvements to the school have been made by the community, the trustees, the teachers and the pupils. The credit for these many accomplishments should not be given entirely to the principal, the teachers, the trustees, or to any other one group, or individual. These improvements and accomplishments have come as a result of the teachers, the trustees, the pupils and the community working together for a common goal—a better school.

In order that each may know to some extent what has been attempted and done, the following list has been prepared. If you think of something omitted from this list, it is probably due to the fact that this is written hurriedly and upon short notice.

- General accomplishments:**
1. Standardized the school.
 2. Parent-teachers organization has functioned each term.
 3. Published school newspaper. (From among the papers published by the rural schools of this county, ours has been awarded first place in most instances.)
 4. Sponsored declamation contest for rural schools.
 5. Pupils have taken part in tournaments of educational value upon invitation.
 6. Teachers have attended professional meetings in Ft. Worth, Lubbock, Spur, and Dickens.
 7. Teachers have taken educational course held weekly in Dickens by the Texas Technological College of Lubbock.
 8. Our school has had representatives in the district meet each year in declamation.
- Improvements to Building and Equipment Added:**
1. Sanitary water fountain.
 2. Duplicator.
 3. Paper cutter.
 4. Soap dispensers.
 5. Sinks for washing hands.
 6. Book shelf (primary building.)
 7. Reference books.
 8. Light plant.
 9. Stage and curtains.
 10. Lunch room equipment.
 11. Study tables and chairs.
 12. Dictionaries adapted to each grade.
 13. Magazines suitable for school children to read.
 14. Balls and bats.
 15. Painted the Teacherage.
 16. Built swings.
 17. Erected seesaws.
 18. Built sand pit for the primary children.
 19. Built jumping pit for track boys.

20. Set trees and shrubs around the school buildings.

21. Set shrubs around the teacherage.

22. Graded and leveled the school grounds.

As stated at the beginning of this article, these many and varied improvements and additions have been made possible because the people of the community, the pupils, the trustees, and the teachers have worked toward a common goal. Some of the equipment has been donated; most of the ground work has been the donation of the citizens of the community.

In behalf of the pupils and teachers, we wish to express our thanks for the splendid spirit shown by the community in doing these things. We have a school of which any small community might well be proud; let's continue to improve it this next year as we have in the past two.

Smashing WORLD RECORDS WITH PYROIL

"WILD" BILL CUMMINGS, world-record winner of the 1934 Indianapolis 500-mile auto race says: "I used Pyroil in my motor, transmission and rear axle. It played a big part in my winning the 500-mile race today." (Signed) "WILD" BILL CUMMINGS.

BARNEY OLDFIELD said, "Just as Pyroil was used in breaking four records in qualifying, or the 500-mile race, (1934), I predict that the winners will again use Pyroil as they did last year." (Signed) BARNEY OLDFIELD.

Thirty-three cars started in the 1934 Indianapolis 500-mile auto race. Twelve, only, finished. And, of these twelve, eleven used Pyroil. Thus, Pyroil demonstrated again, its matchless efficiency. For, in last year's Indianapolis race, Pyroil won 1st, 2nd and 5th.

Recognized as authorities in auto engineering, these "hell drivers" of the speedway prove by their use of Pyroil, that this supreme lubrication accomplishment is a necessity to mechanical safety and performance. Pyroil is not a substitute for regular oil and greases but is a concentrated heat, wear and friction-reducing product. Simply added to gas, oil, and grease by the ounce, it creates self-lubricating surfaces on all vital metal parts, which surfaces function and protect even in the event of complete failure of the oil supply. It frees valves, seals rings, reduces carbon. Pyroil saves so much in operating costs and repairs thru friction reduction, that its use actually costs nothing.

One trial of Pyroil proves its efficiency and economy. Ask at service stations, garages and dealers. Manufactured and Guaranteed by Pyroil Company, W. V. Kidder, Pres., LaCrosse, Wisconsin, U. S. A.

Canned Pear Sale Inaugurated For Disposal of Surplus

Announcement of a national canned fruit sale in April was received here yesterday by M. V. Witbeck, of Safeway Stores, Pacific Coast Bartlett gears will be the headline feature.

"A bulletin from the Pacific Coast Canning Pear Stabilization Committee," said Mr. Witbeck, "reports large shipments of canned pears into the retail markets of the country. Owing to a surplus of stocks carried over the 1936 crop pears have been the weakest spot on the canned fruit list. This has made them comparatively attractive in price and the carry-over is now being moved into consumers' hands to make way for the 1937 crop.

"While Safeway Stores are lending a hand in the movement of this surplus of pears, for the benefit of growers and customers alike, they will also offer special inducements in all the popular canned fruits in advance of the summer season of fresh fruits. Improvements in the packing and the grading of canned fruits have made them a luxury ready for the table without further preparation."

Facts in regard to the canned pear situation, submitted by the stabilization committee included the following statements: There was a carry-over of one million cases on June 1 last; the 1936 pack was in excess of five million cases, nearly a million cases above the average for a five-year period; export sales last fall fell off about 300,000 cases; all shipments were seriously affected by the maritime strike; present canned pear stocks are estimated at over three million cases, fifty per cent above normal.

Lengthened Life Made Possible Thru Good Health Rules

Washington, April 1.—The average length of human life could be lengthened ten years, Dr. Thomas Parran said today, if advantage were taken of available medical knowledge.

Dr. Parran, surgeon-general of the United States Public Health Service, said that in the last 80 years the average length of life of man has increased from 38 to 61 years.

"I feel confident that another ten years could be added to the life expectancy," he said, "entirely aside from the possibility of discovering an effective preventative for cancer or major heart diseases."

Diseases of the heart cause more deaths than any other affliction of mankind, he explained, the death rate being more than double that of cancer.

While no effective general treatment is available, he said, many cases are being successfully treated and the length of life prolonged.

"Great success in reducing the incidence of heart disease will be made in the present drive to control and eradicate syphilis, since syphilis is the cause of a large percentage of heart ailments," Dr. Parran added.

Considerable progress in lengthening the lives of cancer sufferers he said, may be expected in the next few years through the present campaign to educate the public to the fact that early cancer is curable.

A campaign is also under way under the sponsorship of the General Federation of Women's Clubs to reduce the infant mortality rate. This forecast further increases the average length of life, he declared.

Other activities include continuation of the anti-tuberculosis campaign, improvement in the general health and nutrition of school children, extending the use of vaccines and other protective preparations and the prevention of automobile accidents.

GIRLS MAKING DRESSES

"If the Sunday or party dress is of dark colored material then the slip should be the same color," Miss Pratt told members of the Patton Springs 4-H Club in their meeting Wednesday morning.

The slip may be of cotton, rayon, or silk. The dresses are to be made of dotted swiss, tissue gingham, batiste, or some similar material.

Thirteen girls reported having repaired 55 garments. Each girl is expected to repair at least five garments.

Members present were Ouida Armstrong, Della Dean Baxter, Lou Wana Dunlap, Pauline Ford, Maggie Hickman, Fannie Lou McAllister, Wilma Parker, Bobbie Randolph, Goldie Lee Smiley, Mary Louise Turpen, Monez Woods, Jackie Young, Sue Loe, and Mrs. Clark Forbis, sponsor.

East Afton

(FROM LAST WEEK)

A big snow fell over this vicinity Sunday, which was very unusual for April.

A very interesting miscellaneous program was given at the school house Friday night. The parents and children entertained the crowd in a big way. The cast of characters represented dignified women, comical men, the simps, negro women and several other interesting characters. Plans are being made to entertain with another program in the near future. We hope each person in the community will take an active part in the next program.

Miss Clara Pratt, the home demonstration agent and Miss Merle Bennett met Tuesday with the 4-H Club girls. The program was very interesting as they discussed the colors that were suitable for each member to wear.

Mr. and Mrs. Johnny Hale and the girls of Lorenzo spent last week with Johnny's parents, Mr. and Mrs. T. D. Hale and family, also with other relatives of this place.

Mesdames R. C. Galloway, Garland Parker and Jack Rogers were shopping in Spur Monday.

Lloyd Hilton, the son of Mr. and Mrs. J. W. Hilton, has been very sick the past week. He seems to be showing a little improvement.

Mr. Aubrey Davis of Roaring Springs was a Prairie Chapel visitor Friday night.

Miss Fern Bazer spent Monday with her aunt, Mrs. Mattie Goodwin, of Roaring Springs.

Mr. and Mrs. Robert French entertained the young people in their home Friday night with a musical. The Stephenson boys of McAdoo were the musicians.

Mr. Lon Sharp was a visitor in Roaring Springs Monday.

Mr. and Mrs. Vaughn White of Brownfield visited Sunday with Mr. and Mrs. Frank Alexander. Mr. White stated a very heavy snow fell at Brownfield Saturday night.

Mr. and Mrs. H. B. Alexander of Glen were also the guests of Mr. and Mrs. Alexander Sunday.

Mr. and Mrs. Peyton Legg were guests of Mr. and Mrs. Biddy Hicks of Spur Saturday.

Mrs. Dave Hale and children of near Afton attended the program at the school house Friday night.

Mr. and Mrs. Bill Rainbolt and family have returned after several days' visit with relatives at Haskell.

Mr. and Mrs. J. D. Henley and family of Afton visited Sunday with Mr. and Mrs. F. Alexander.

DICKENS COUNTY CAR OWNERS HAVE SENT IN FEW REPORTS

According to the latest available report from the Highway Planning Survey, 80 car owners of Dickens county have mailed the post cards which were handed to them at the time they paid their 1937 automobile license fees at the office of Mr. J. L. Koonsman, Tax Assessor and Collector. Since the number of cards thus far returned from this county are insufficient to give complete proof of the real needs of the county, every car owner should request one of these self-addressed, postage-free cards and should fill it in and mail it at once because information so collected, together with information compiled by other branches of the survey, will be used by the State Highway Department and the U. S. Bureau of Public Roads in allocating federal funds to be spent in improving the secondary road system and in planning the future construction and maintenance of the roads and highways.

Throughout the state the car owners have been returning these cards in a highly satisfactory way. This county, in order to furnish information which places it on a comparable basis with other counties, should return these post cards from as high a percentage of its car owners as its neighboring counties.

SCOUT CAMPORAL AT RALLS, APRIL 23 AND 24

One of the highlights of the Scout program for the year will take place at Ralls Friday and Saturday, April 23-24, when the entire Scout membership of the Eastern District will gather for a District Camporal. H. H. Nichols, Neighborhood Commissioner in charge of the arrangements, has announced.

The purpose of the Camporal is to train the Scouts in the fundamentals of Camping and to get them ready for the big summer program of Scouting that is going to be open for them during the next four or five months.

The Scouts will register any time between 2:00 and 4:00 o'clock, pitch camp and set about getting their camp in shape before preparing supper. After supper they will all participate in a huge camp fire ceremony. The following days will be spent in activities and inter-patrol contests.

Health Officer Warns Against House Fly Menace

Ward has just been received by the State Department of Health that Mr. and Mrs. Mosquito and Mr. and Mrs. Fly, with their kinfolks, are on their way to Texas for the summer season. They state that, although many had died since last summer, they would soon have large families. Mrs. Mosquito raises from fifty to three hundred children at one time and only takes around two weeks to have full grown children. Mrs. Fly admitted she and her husband could be ancestors to a million flies in one season.

Dr. Geo. W. Cox, State Health Officer, stated that Texas hospitality could be refused the Fly and Mosquito families if annual Clean-Up Week of April 4 to 11 is used, to begin a thorough campaign to eliminate the breeding spots of these pests.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. They breed in standing water, therefore you should drain or ditch or fill such places, spray oil on water each week, too, or stock the water with surface minnows as they

will eat the wiggle-tails. Houses ought to be screened. Flies help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its own flies, so that their number is a excellent index to the sanitary conditions.

WICHITA GIRLS RECEIVE ADVICE ON DRESS COLORS

"The best way to find the color that you can wear best is to stand before the mirror and try on colors," Miss Pratt said in the meeting of the Wichita 4-H Club girls in their meeting Friday morning.

Patterns and materials suitable for the party dress or Sunday dress were studied by the girls as they made plans for their club dress.

Lucille and Cora Lorene Cameron enrolled as club members.

Members present were Georgia Ruth Beechley, Eva Lee Goolsby, Bobbie Ruth Minix, Wilda Morris, Nonale Hamilton, Ardell Pierce, Lora Fay Swan, Minnie Opal Thacker, and Mrs. Earl Murchison, sponsor.

Livestock Shipments Show an Increase to Many Large Marts

Reports from approximately 1,500 Texas shipping points show aggregate forwardings of livestock during February of 3,958 cars, an increase of 5 per cent over February last year, according to the University of Texas Bureau of Business Research. Shipments of cattle and calves declined, but this decrease was more than offset by increases in the shipments of hogs and sheep. Cattle shipments, 2,473 cars, declined almost 3 per cent; shipments of calves, 457 cars, declined more than 3 per cent; hogs, 803 cars, increased 34 per cent, and sheep, 225 cars, increased 38 per cent.

Aggregate shipments during the first two months to Fort Worth and interstate points were 9,258 cars, an increase of 13 per cent over the corresponding period last year.

"Special features of the livestock marketings in February were the increase of shipments to the Los Angeles market," the Bureau's report said. "Cattle shipments to that market were nearly seven times as large and hog shipments more than four times as large as last year.

"Shipments of sheep to the Fort

Worth market were nearly double the shipments of February last year, but cattle shipments to this market fell off sharply."

BOY SCOUT NEWS FROM EASTERN DISTRICT

Plans are being completed at Crosbyton for the Eastern District Court of Honor to be held Monday, April 19, with Scouts from Spur, McAdoo, Afton, Lorenzo, Ralls, Crosbyton, and Mt. Blanco taking part, Hugh Nation, District Commissioner, has announced.

Nation will serve as Chairman of the Court of Honor in the absence of L. A. Wicks, of Ralls, who is District Court of Honor Chairman. Assisting will be Judge E. A. Watson of Crosbyton, and O. L. Kelly, of Spur.

Featuring the entertainment of the evening will be a demonstration of fire by flint and steel and fire by friction. Troop 35 of Spur issued the challenge for a contest at the last Court of Honor, held at Spur.

Frank Speer, merchant at Dickens, was in town Tuesday greeting friends and looking after business affairs.

This PROOF shows you what to look for ... How to buy!

This year, don't buy on mere *say-so*. Don't be satisfied with only part of the SERVICE-ABILITY you should have in a permanent refrigerator for your home. Insist on PROOF of completeness in *All 5 Basic Refrigeration Services*. And if you want to see what to look for ... how to buy ... visit the FRIGIDAIRE PROOF-DEMONSTRATION now going on at your local Authorized Frigidaire Dealer's. There you will see actual PROOF of Frigidaire's GREATER ICE-ABILITY ... GREATER STORAGE-ABILITY ... GREATER PROTECT-ABILITY ... GREATER DEPEND-ABILITY and GREATER SAVE-ABILITY. Remember, Frigidaire doesn't merely claim these advantages—it proves them. That's why we say:

Sanitarium News

D. F. Ritchie, who entered the sanitarium Friday afternoon as the result of very painful burns, seems to be improving at this time.

Mrs. A. W. Nutt, of Afton, is able to sit up some now. The baby is doing fine, and both soon will be able to return home.

Miss Olla Woods, of McAdoo, who underwent an operation twelve days ago, is doing nicely and probably will go home the last of this week.

Mrs. W. D. Allison, of El Paso, is improving after an operation of a month ago. Several complications had made her recovery very slow.

Little Dorothy Galloway, one year old baby of Mr. and Mrs. Olin Galloway of Afton, seems to be improving after several days siege of pneumonia and whooping cough. It is thought that she will be all right within a few days more.

W. F. Clements, of Duncan Flat, was attending to business matters in our city Wednesday.

W. C. Tullis, representative of the Intertype Corporation, was interviewing newspaper men in our city the last of the week.

Mrs. G. W. Justice, who had been in Dallas visiting her daughter, Miss Bernice, returned last week to her home just east of Spur.

District Court Now In Session After Short Recess Taken

The District Court of Dickens County took a recess from Monday noon until yesterday morning. The jury returned a verdict of guilty in the Phillip Pair case Friday morning and assessed fifteen years to be served in the penitentiary. He requested a privilege of appeal, but upon advice of his counsel Monday morning he accepted the sentence and stated he expected to make good as a prisoner.

Two divorce cases were disposed of. These were Ola Estep vs. T. J. Estep, divorce granted. Viola Taylor vs. Floyd Taylor, divorce granted and maiden name restored.

The grand jury returned four indictments. Three were felony charges and one was a misdemeanor.

The case of Mrs. Ollie Belle Cato vs. the Pyramid Life Insurance Company was continued until the next term of court.

The case of R. C. Britton, charged with car theft, is set to be called next Monday, April 19.

The following is a list of the petit jurors for the fourth week of Court: L. A. Grantham, C. R. Brendle, C. Bird, Joe Butler, M. L. Rickles, Ellis Draper, John Mims, E. C. McGee, W. L. Pullen, E. L. Spivey, Grover Overstreet, H. A. Boothe, Ollie Hindman, Henry Elmore, A. J. Ritchie, J. F. Christopher, C. E. Lillard, J. P. Sharp, J. H. Blakley, L. A. Lollar, C. L. Littlefield, H. H. Terry, Earnest George, Roy Stovall, John Albin, A. K. McAllister, Lex Stanford, H. H. Holly, Guy Fellmy, W. T. Lovell, Roy Arrington, Vance Hughes, J. D. Guyear, W. C. McArthur, O. E. Minnix, and Sam Clements.

Nazarene Revival Now in Progress

We have with us the Heasley-Brannon Evangelistic Party—Reverends Jimmy and Fern Heasley, evangelists; Miss Hallie Brannon, song evangelist, children's worker and accordionist; and Miss Dorothy Brannon, pianist and singer. These four young people compose a quartet of singers and musicians.

They play the Spanish guitar, Hawaiian guitar, mandolin and piano accordion for ten minutes preceding the services each evening. These people are all from the Church of the Nazarene at Borger, Texas.

We extend a cordial invitation to everyone to attend these services. Good music a specialty.

Special music at 7:45 p. m. Song service at 8 p. m. Preaching beginning at 8:20 p. m. Rev. W. C. Benefield, Pastor.

NEXT WEEK IS TEXAS WEEK

Next week is San Jacinto Week and the 1917 Study Club, are featuring Texas History and progress and Texas made products. They ask that all merchants of the town array their windows with Texas made merchandise and try to give a boost to Texas. Friday, April 23, is San Jacinto Day, and the members of the Study Club are making an effort to renew the historical features of Texas.
