

## Many Girls Enter Contest Spur Rotarians Entertain Old Timers Thursday

### Pioneers of West Texas Area Are Feted at Meeting

### Interesting Program Is Feature of Night's Entertainment

The Rotary Club of Spur deferred their meeting at the noon hour on Thursday and held a special meeting in the evening, the object being to have as their guests a number of the early settlers in this section of the country. A three course dinner was served at the Spur Inn with all the care and consideration possible. Flowers decorated each table, the guests were asked to discard their coats if they felt uncomfortable and to make themselves at home.

Larry Burrow, president of the Rotary Club, was in charge of the meeting. He asked that each guest stand, tell his name and when he came to West Texas. R. L. Collier stated that he came to the country in 1884; M. W. Overfelt arrived in 1885, W. W. Ellis in 1878, W. L. Marshall in 1874, Dr. R. L. Alexander in 1882, J. I. Greer stated that he came to this country 45 years ago. R. C. Forbis stated he had been here 45 years, S. B. Scott came to the country 39 years ago.

J. B. Morrison said it was 1897 when he arrived, C. D. Bird said he was just a boy when he came here in 1881, E. L. McAlpine was in West Texas in 1885, C. C. Haile said he came here in 1876, Edd McArthur stated he had been in this country 46 years, Judge Joe A. P. Dickson stated he landed in the Cook County settlement in 1864 when a child of six years, M. L. Jones, a former sheriff of our country said he landed here in 1896, W. L. Hyatt related he came with others driving a herd of cattle in 1878, J. R. Cozby came in 1907, Jim McArthur came here 46 years ago, G. L. Barber said he was residing first in West Texas in 1905 as a railroad builder, W. R. Stafford, who was not able to remain for the entire meeting, did not state when

### Times Out With Special

Time out for fun! Two big days of it—or a whole season if you desire to indulge that long. The Dickens County Times comes out with this special edition in order to stimulate interest in the opening of Spur's Municipal swimming Pool and to add to the prestige of the two Big Bargain Days in Spur next Tuesday and Wednesday. Plan those two days now and let this issue of the Times be your guide to shopping trips that bring you better bargains in merchandise.

Spur merchants are doing a good part in having at the command of the people very large and select lines of merchandise, and people will do well to visit Spur next Tuesday and Wednesday and at all other times so far as that it concerned, to make their needed purchases.

Miss Thelma Campbell, who has been teaching in a girls' college at El Paso, arrived here the first of the week to visit with her parents, Judge and Mrs. V. J. Campbell.

### Bathing Kevue Proves Attractive To Many Entrants

### Residents of Spur and Nearby Cities Will Witness Show

The new municipal swimming pool in the Swenson Park will be opened to the public Tuesday. Water has been turned in and it will be in good condition for the opening day. Swimmers will be admitted at eight o'clock on Tuesday morning and the pool will be open all day.

More than thirty girls have been selected to enter the bathing beauty contest which will be held at 8:30 o'clock. Each girl who enters the beauty contest will be awarded with two passes to the Palace Theatre through courtesy of the management. Each community who enters girls in the contest will be judged separately and the winner in each community will receive a season ticket to the pool. All the community winners will then go into a contest to see who is to

Miss Zell Ellis, who has been teaching in the schools at Fort Sumner, New Mexico, is here visiting with her parents, Mr. and Mrs. W. W. Ellis, and other relatives and friends.

Mrs. Leona Horn, of Hobbs, New Mexico, was able to return home the last of the week after an operation two weeks ago.

### Many Awards Are Made to Pupils of Grammar School

During the year of work in the Grammar School of Spur a number of pupils merited Honor Awards. These were given in two divisions. One division was for scholarship and the other division awards were given for perfect attendance.

Awards of Honor in Scholarship were: Dorothy Jean Barber, Betty Jo Barnett, D. H. Brewster, Pat Christal, Stevie Crockett, Joe Ericson, Evelyn Finley, Wade Gilbert, Idalee Golding, Louise Ince, Ouida Lisenby, James F. Laverty, Melba Lewis, Aleene Morrow, Johnny M. ### Jewelled Lock to Open Exposition; Will Use 21 Keys

Twenty-one diamond studded keys, which fit a \$75,000 jeweled lock to open the Pan American Exposition on June 12, are being sent as gifts to the presidents of the 21 republics of the Western Hemisphere.

The first of the keys was sent by armored truck to the airport, bound for Washington Saturday night for presentation to President Roosevelt. The key was to be received in Washington by Texas senators Tom Connally and Morris Sheppard, who will present it to the President.

Dr. Francisco Castillo Najero, one

States, in Dallas during the week-end, received the key for President Lazaro Cardenas of Mexico from director-general Frank L. McNeny. Present at the ceremony in the director-general's office at the Exposition were Josephus Daniels, United States Ambassador to Mexico, and Adolfo Dominguez, Mexican consul. By Tuesday Ambassador Najero will be in Mexico City, and will make the presentation of the invitational key to President Cardenas.

The presidents of the two Americas have been invited to attend or send their personal representatives, and fit the original keys into the jeweled lock, which must be turned 21 times before it unfastens. Duplicates of the invitational keys will hang on strands of pearls from the lock at Pan Americana, to be used by especially appointed delegates if the original keys are absent.

Carmen Pettez, of Jayton, continues to improve after an operation last week.

### Grammar School Graduates Many to High School Status

At the graduation exercises of the Spur Grammar School last week, 56 pupils were promoted to the High School for next year. The Seventh Grade class who received their diplomas Wednesday night of last week have done some excellent work during their grammar school career. Mrs. Oscar McGinty, director of speech in the high school, delivered the address to the class. Diplomas were awarded by Principal H. C. Foote.

The following list composed the class:

Rawleigh Adcock, Leonard Baker, Arvel Baker, Stephen Barclay, Margie Bell, Doyle Bingham, Betty Jo Boothe, Helen Faye Brooks, Belva Lou Burks, Nolas Byrd, Nolan Cor-

der, Stevie Crockett, Juanita Culberth, Ethel Dozier, Nellie Bozier, Iwana Dreenen, Jeane Engleman, Orville Finley, Lorene Yarborrow.

Mr. and Mrs. A. C. Hull of the Red Front Drug Store, were visiting relatives and friends at Rising Star this week.

### Patton Springs Has Large Final Class

The graduating class of the Patton Springs High School held their graduation exercises Friday evening with a very large number of people present. The processional was rendered by Miss Louise Brock, while the class of 15 members marched into the auditorium.

Miss Edith Baxter gave the salutatory address and Miss Nell Williams was the valedictorian.

J. D. Wilson, deputy state superintendent of education, made the address to the class. Mr. Wilson's main theme was "Practical Education," and was very emphatic in distinguishing between one who is learned in books and the one who learns to do things. He related many instances of success, but stated that in every case

# "Wake Up and Live" To Be Shown at Palace Sun. - Monday

## "Wake Up and Live" a Show Wow; Is a Howlariou, Swelegant Musical Show

The howlariou culmination of a fast and furious feud, "Wake Up and Live" features Walter Winchell and Ben Bernie with Alice Faye in a musical smashola. With Jack Haley, Patsy Kelly and Ned Sparks also on hand, this Palace Theatre Sunday Monday feature lets the quips fall where they may.

### McADOO

Mr. and Mrs. Lee Parker and baby of Spur were here Friday night to attend the operetta that was presented in the high school auditorium by the grammar school students of the local school.

Miss Beulah Mae Phifer is at home for a few wdays vacation, her school having closed a few days ago. Beulah Mae has been teaching in Clovis, New Mexico. She plans to go to summer school at West Texas State Teachers College at Canyon when the term begins.

Mrs. Gilmore and daughter Lydia Mae and Beatrice, of Wilson, returned home Sunday after spending the week end here with Mr. and Mrs. Jack Herring and family. Mrs. Herring is a daughter of Mrs. Gilmore.

Mrs. A. W. McDonald, Wilton and Marshall made a business trip to Lubbock Tuesday of last week and visited with Helen, a daughter of Mrs. McDonald. Helen is training for a nurse in Lubbock sanitarium.

Mr. and Mrs. Johnnie Sparks of Highway were Sunday guests of Mr. and Mrs. E. C. Robertson.

Mrs. Bebe of Morton returned to her home Wednesday after spending a few days here with her daughter, Mrs. Frank Beauchamp, and Mr. Beauchamp.

Mrs. O. S. Harvey, Mrs. T. L. Dozier, Maude and Reba were in Lubbock Wednesday and visited with Mrs. Kate Presley and family. Mrs. Presley formerly resided in Spur.

Mr. and Mrs. Vergil Barton and family visited Mr. and Mrs. H. D. Harvey, parents of Vergil, last week. Mr. and Mrs. Vergil Barton live at Brownfield.

Supt. and Mrs. O. L. Smith and family went to Bovina Sunday. Supt. Smith was superintendent of Bovina schools before coming to McAdoo.

Mr. and Mrs. Crawford Robertson went to Lubbock Sunday to see Mrs. Robertson's mother, who is in a sanitarium in that city.

Edna Mae Gatin of Snyder is here to visit with relatives and friends.

Mr. and Mrs. M. A. Graham and Jack and Mrs. Vanderford went to Roscoe this week end to see relatives. Mrs. Vanderford will remain with a daughter at Roscoe for some time. Mr. and Mrs. Graham will go to Abilene before returning home.

Miss Katie Miller of Smyer spent the week-end at home with her parents, Mr. and Mrs. Bud Miller.

Little Billie Doris Gilmore of Wilson spent this week-end with relatives and friends here.

Friday night, May 21, an operetta was presented by the first five grades in grammar school in the high school auditorium to several hundred people. This was one of the best operettas that has ever been given here. The students did exceptionally well in acting their parts.

Monday evening, May 17, Johnnie Koonsman, sheriff of Dickens county, was host to McAdoo senior class at a showing of "The Last of Mrs. Cheyney" at the Palace Theatre in Spur.

Commencement exercises for the McAdoo high school began Sunday evening, May 23, with the baccalaureate sermon program for the seniors. Rev. T. C. Tension, a former pastor of the Crosbyton Baptist church, delivered the sermon to a large audience at the high school auditorium.

The following program was given: Processional, Mr. Alvis Yeats.

Song, "Onward, Christian Soldiers," congregation.  
Invocation, Rev. Beauchamp.  
Song, Holy, Holy, Holy," choir.  
Announcements, Supt. Smith.  
Sermon, Rev. Tension.  
Song, choir.  
Benediction, Rev. Beauchamp.

Graduation exercises for the class will be held Friday night, May 28. Tuesday night, a play entitled "Sally Comes to Town," will be given in the auditorium. The cast is made up of high school students who are best talented for acting. An admission of ten cents will be charged.

The seventh grade students will present two one-act plays Thursday night, May 27, in the high school auditorium. There will be no admission charges.

The new mail schedule that is in effect now is one of the best things that has been done for Dickens county in many years. It means a great deal to the communities to receive mail promptly rather than wait several days for mail to come from Spur. The Spur papers reached us on Thursday the past week instead of Saturday, which was the usual time before the new schedule was made.

The 17 citrus by-products plants operating in the Lower Rio Grande Valley during the 1935-36 citrus season paid \$266,000 for 25,000 tons of cull fruit, according to data received by the Texas Planning Board.

## Scouts Will Edit Daily Newspaper at National Jamboree

Many Boy Scouts aspiring to be newspaper reporters, editors, cartoonists or news photographers in the future will have real experience this summer when they publish a daily morning newspaper, "The Jamboree Journal," for their National Jamboree in Washington, D. C., from June 30 to July 9. Others will write their experiences for home town newspapers.

Plans have been announced for the publication of a 16-page illustrated tabloid newspaper with a circulation estimated at 50,000 copies. It will be edited and illustrated by Boy Scouts and their leaders who are members of Boy Scout Press Clubs and printed on the presses of one of the daily Washington newspapers. All have had some experience in journalism, either through the publication of Scout newspapers or working for scholastic publications or community newspapers.

While the Jamboree opens June 30 there will be hundreds of Troops at the 350-acre camp a day or two before then. The Jamboree Journal will make its first appearance on the morning of June 29. That and ten subsequent issues will be a permanent record for the 25,000 Boy Scouts coming from every State and from 24 foreign lands.

Before sunrise a circulation staff of older Scouts will speed the edition to the twenty sectional camps, each housing 1,260 Scouts and leaders. This group will also see to it that each morning thousands of copies are mailed to subscribers and placed on sale in local hotels as thousands of visitors are expected to see the largest Scout activity ever held in the Western hemisphere.

The Jamboree Journal will omit the news of the world, leaving that to regular newspapers in Washington, and no advertising will be accepted. It will, however, endeavor to carry as much news of the Jamboree as is possible, and include complete daily programs, cartoons and sketches, editorials, Jamboree comic strips and feature articles. Highlights of the Jamboree that will be "big news" will include the opening review of the Jamboree troops on Constitution Avenue by President Roosevelt and other leading persons at the nation's capital, a Convocation at the Washington Monument on the evening of July 4, the pageants, demonstrations, and excursions and final the closing campfire on the night of July 8. The final issue of the Jamboree Journal will come from the presses on the morning of July 9, and right after lunch many contingents will head for home.

## W. P. A. Offices Are Consolidated By New Orders

Approximately \$30,000 per month will be saved in WPA administrative expense by consolidation of the original twenty Texas offices into twelve administrative districts, it has been announced by State Administrator H. P. Drought.

Districts formerly headquartered at Tyler, Beaumont, Palestine, Wichita Falls, Abilene, Brownwood, Uvalde, and Big Spring are being consolidated with adjacent districts. Remaining district headquarters offices are at Marshall, Dallas, Houston, Waco, Austin, Fort Worth, San Antonio, Laredo, Amarillo, Lubbock, San Angelo, and El Paso. Area engineers will be maintained at strategic points in the expanded districts. Drought said, so that sponsors will receive the same cooperation and attention from the WPA as heretofore.

The consolidation affects only administrative offices, Drought stated, and will have no bearing on the number of persons operating WPA projects. Explaining that the general reduction of case load in every section of Texas makes it now possible to handle WPA activities efficiently in twelve district offices, he said: "We are now employing 79,000 persons on WPA projects in Texas. Even with the addition of several counties to their territories, few of the enlarged districts will have more persons to care for than they had at the peak of our load in February, 1936, when we had 125,000 workers on our payroll. Due to the vast area of Texas, it has been considered necessary to maintain more district offices here than were permitted in other states and Texas is the last of the states in the southern WPA region to reduce the number of administrative offices."

Although the consolidation order took effect at midnight Wednesday, May 19, Drought stated that skeleton staffs are being maintained temporarily in the closed offices to handle the transfer of records. Release of 187 administrative employes will be effected by the consolidation. Of this Drought declared:

"We are pleased to be able to effect the economies which will be brought about by consolidation of district offices, but it is with regret that we face the accompanying necessity of releasing a substantial number of administrative officers who have rendered efficient and faithful service since the inception of the organization in July, 1935. All of the original twenty district directors who accepted appointments at the beginning of

the program have remained with this organization up to the present time. These men, who had demonstrated their ability as leaders in private enterprise, were induced by us on the ground of patriotism to leave their normal occupations and a number of them have continued to serve at a personal sacrifice. I cannot express too heartily my appreciation for the service which they have rendered at a time when the nation gravely needed such endeavors. Although we are able to place a number of outstanding officials from the closed offices on the administrative staffs of the enlarged districts, we are being faced with the necessity of losing a large number of valuable officials and em-

ployees." Counties which are transferred to the Lubbock district by the consolidation order include the following: Gaines, Dawson, Borden, Scurry, Fisher, Jones, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, King and Cottle.

The Texas Planning Board is now studying the future possibilities of Texas fibers, new uses for Texas farm products, new markets for Texas farm products, slum clearance in Texas, improvement in social and economic conditions in the state, highway safety and maintenance of Texas forest reserves.

### Dickens County Lands Surveyed For Terracing

"A total of 5,135 acres in Dickens County have been surveyed under the National Youth Administration Soil Conservation Project sponsored by the A. & M. Extension Service under our supervision," reports County Agent G. J. Lane. "The average cost per acre, including pay for NYA boys and our materials, equipment, supplies and supervision, was less than sixteen cents. Increase in value of the land, after the land owners do the actual work of contouring and terracing according to the lines we ran for them, will be more than \$8 per acre." Terrace and contour surveys were

run on the following Dickens County farms:  
 Fred Arrington, W. G. Hinson, G. E. Hicks, R. J. Hairgrove, E. W. Nolan, R. F. Rogers, J. R. Sedgwick, J. L. Thannisch, Mrs. W. H. Putman, I. J. Cloud, Ida Slayden, A. J. Richey, A. A. Durham, G. A. ## ENJOY VISIT FROM CHILDREN

Mr. and Mrs. M. M. Young had the pleasure of a visit from three of their sons last Sunday. The visits were unexpected and the surprise was a very pleasant one to Mr. and Mrs. Young.

Those present were Mr. and Mrs. Mike M. Young and children of Denver, Colo.; Mr. and Mrs. J. P. Young and children and Mr. and Mrs. Len Young and children of Abernathy. Mr. and Mrs. Claud Shipman and daughter of Abernathy old friends of the family, were also present.

Mr. Young was to preach at Me-Adoo Sunday morning and met his sons just north of town. The three boys with Mr. Shipman went to Me-Adoo with Mr. Young to hear him preach at the morning hour. They returned to Spur in time for dinner. The ladies had a good dinner prepared.

The two sons who live at Abernathy returned home Sunday afternoon, but came back to Spur Tuesday to be with their parents for another visit.

## CARD OF THANKS

We wish to thank our friends who were so kind and thoughtful during the illness and death of our dear mother and grandmother. Words cannot express our appreciation.

### Afton

In looking through a group of old clippings, we found this one:

**OBSERVE THE HEN**  
Did you ever stop to think that hard times mean nothing to the hen? She just keeps on digging worms and laying eggs, regardless of what is said about conditions. If the ground is hard, she scratches harder; if it is dry, she digs deeper. If she strikes a rock she works around it. But always she digs up worms and turns them into hard-shelled profits. Did you ever hear of a hen starving to death waiting for the worms to dig themselves to the surface? Did you ever hear one cackle because times were so hard? Not on your life. She saves her breath for digging and her cackles for eggs. That's wonderful philosophy! But it's to obad that humans cannot be of the amiable disposition of the contented hen.

The Patton Springs grades rendered excellent programs last Thursday and Friday afternoons in the school auditorium.

On Thursday afternoon the low first and high first grades gave a playlet, "Orphans and Sally." It was a lovely play sponsored by the room teachers, Mrs. Jackson and Miss Mitchell. The second and third grades gave a lovely costume play, "Mother Goose's Children," which was sponsored by the teachers, Miss Dobbs and Miss Brock.

The Mexican students of these grades gave three songs in Spanish, accompanied by one of their group playing the guitar. Everyone enjoyed these songs very much.

Friday afternoon's program consisted of a pageant by the sixth grade entitled "The Sleeping Beauty," the characters being dressed in lovely old court costumes.

The fourth grade gave "Children's Day in the City Hall." The fifth grade gave a historical pageant, "The Past, Present and Future." This was a patriotic play written for a lesson on patriotism and giving the famous passages in American history. It pointed out the great virtues involved in the building of our mighty nation.

The seventh grade graduation exercises were held at 4:30 p. m. Betty Glazner was valedictorian and Ira Paul Bedford was salutatorian. The class will be given by Mary Louise Turpen. The class motto was given by Bobbie Randolph. Goldie Lee Smiley gave the class motto and why they had chosen this motto. The seventh grade teacher, Mr. Robert Howell, presented the awards and diplomas. Jessie Joe Powell, Goldie Lee Smiley and Thomas Hood received perfect attendance awards. A majority of the class were presented with reading certificate awards. Betty Jo Glazner and Ira Paul Bedford received honorary awards as honor classmen. There were twenty-six students to receive their diplomas which entitles them to admission to High School next year. At the close of the exercises the entire class sang the class song.

The seventh grade students of Prairie Chapel were visitors at Patton Springs Friday afternoon. Those enjoying the privilege were L. J. and Billie Offield, L. A. Gates, Lee Robertson, Phauline Goodwin and Adaline Byars.

Miss Cornelius presented the following music students in their respective numbers Friday afternoon:  
Miss Marjorie Nell Johnson, piano solo; Miss Mary Helen Haney, at the piano, accompanied by Miss Ann Cornelius, violin; Roger Southal, piano, accompanied by Ann Cornelius, violin; Miss Ann Cornelius, piano solo; Miss Faye Middlebrooks, piano solo, and Miss Paula Mae Johnson, piano, accompanied by Ann Cornelius on violin.

The oldest son of Roy Holly was taken to Spur Saturday for medical examination. He is suffering from gland trouble which has caused his neck to swell until it is impossible for him to turn his head, and speak with difficulty.

Little Miss Ann Cornelius has come to spend the last week of school with her mother, Deelya Cornelius, music teacher at Afton. Ann is a talented musician.

The Prairie Chapel 4-H Club enjoyed an early morning meeting last Friday, for the purpose of studying table manners. The meeting was presided over by the sponsor. At the close of the meeting Melba Robinett discovered a snake blockading the door. Of course, the snake was killed in due time. Even if it was only a tiny brown rat snake the girls had rather not have the snake population or even one representative, at their club meetings.

Miss Merle Ritchie of Croton entertained a group of young people with a party last Saturday night. Many of the young people from here went to the party.

Mr. and Mrs. Howard Patrick and sons of Ft. Worth are visiting in the home of her parents, Mr. and Mrs. R. D. Sharp.

Mrs. Clarence Bowman took her daughter Ruth to Lubbock Sunday. Her ear was swelling, and as she had recently had a mastoid operation, Mrs. Bowman thought it best to seek medical attention at once.

The sandstorm Friday night did quite a bit of damage to the crops in this vicinity.

Mrs. D. O. Blossingame, Irene Blossingame, Mr. and Mrs. W. P. Cates, Mrs. Higgins, Mr. and Mrs. Buck Partridge and little daughter, Mr. and Mrs. Calvin Galloway, Mr. Sharp, Mrs. Lora Wilson, Imogene Wilson, E. N. Johnson, A. M. Rasberry, Henry Hext, Walter Stokes and Louis Brown were among those from our community seen in Spur Saturday.

Dr. J. N. Haney returned home the past Saturday from a six-weeks visit in the home of his daughters, at Mr. Pleasant.

The baccalaureate services of the Patton Springs high school were held Sunday night at the school auditorium. The professional was given by Miss Louise Brock, invocation by Mr. O. Hood, and then the congregation sang "He Leadeth Me," a quartet composed of Henry Hext, Mr. and Mrs. Leon Robertson and Julius Henly sang "My Jesus, as Thou Wilt." The sermon was given by Frank Beauchamp. The subject of his talk was, "What is Your Definition of Life?" Everyone enjoyed the talk very much. The congregation sang another song, "His Way With Thee," Mr. E. M. Richardson gave the benediction and the Recessional was given by Miss Louise Brock.

There are fifteen seniors this year. This is the largest class of Patton Springs High School.

Mr. and Mrs. C. W. Geisecke and family of Roaring Springs were at the baccalaureate services Sunday night. Mr. Geisecke formerly taught in the Patton Springs school, and is now teaching at Roaring Springs.

The commencement exercises will be presented on Friday night, May 28, at Patton Springs. Mr. Wilson, the district supervisor, will give the address.

Miss Merle Ritchie of Croton spent Sunday in the home of Miss Jean McInroe.

Mr. and Mrs. Jess T. Powell and family visited in Lubbock last Sunday.

The program of the Prairie Chapel school grades, which it is customary to give at the close of school, will be presented on Thursday night, May 27. Everyone is invited to attend. These are given on Thursday night to permit patrons of the school to attend the commencement exercises at Patton Springs on Friday night.

### Sun Baths Should Be Used Carefully

"One of the striking examples of overworking a good thing is the enthusiasm displayed by thousands of persons in trying to secure a sun tan too quickly. Under the misguided conception of the sun's health giving power, such persons either deliberately or thoughtlessly submit their unprotected faces, backs and legs to over exposure and suffer painfully, sometimes seriously, as a consequence," comments Dr. Geo. W. Cox, State Health Officer.

"This discomfort and annoyance of even mild sunburn should deter people from repeating this folly from year to year. However, especially where younger people are concerned, the enthusiasm for fun and the desire to become speedily tanned are likely to exact the inevitable price with painful regularity.

"It is one thing to apply the principles of sun treatment scientifically and quite another one to place the tender skin unrestrainedly under the direct rays of the sun. It should be understood that when the sun is employed as treatment patients are exposed for but a few minutes at a time, the periods being gradually extended as the tanning develops.

"The uninformed and the thoughtless, on the other hand, give the sun free rein, submit themselves frequently to hours of continuous exposure, and naturally reap misery and illness as a direct consequence.

"Before becoming too ardent over sunbathing, one would do well to ponder that many a vacation or a week-end excursion has been ruined solely because the blistering and illness producing power of the sun's rays upon the tender skin was insufficiently appreciated."

Definite results from one phase of the Texas Planning Board's work was announced this week by Maj. E. A. Wood, director of the Board. It was the feeding of 200,000 head of Texas cattle. These cattle are being finished for market on Texas feedstuffs. Heretofore Texas cattle have been finished for market on mid-western pastures.

The Texas Planning Board has been informed that a new canning plant is being constructed in East Rio Hondo to process part of this year's bumper tomato crop. Later the plant will process vegetables and grapefruit.

One hundred and twelve deep water vessels docked at the Port of Brownsville during 1936-37, according to the Texas Planning Board.

**\* Our Opinion Is \***  
That many of us let our tongues wag much faster than our brains are capable of working.

**CHANGE OF HEART**

When the proposal to increase the membership of the Supreme Court was first made, it was widely believed, by the bill's opponents as well as backers, that it would be endorsed in the Senate by a handsome majority.

Today, the most authoritative surveys and estimates indicate that the majority in favor of the bill is extremely slim—two or three votes. A number of Senators originally believed to have been for it have recently come out in opposition.

What has caused this change? Several elements are involved—but the most important of all is the force of public opinion. It is no secret that every congressman's mail has bulged with letters discussing the proposal, and that the majority have opposed it. The metropolitan and rural press is overwhelmingly opposed. So are most of the nation's most respected political and economic commentators.

More and more, partisanship is disappearing in regard to packing the higher court. The people and their representatives are realizing that here is one of the most vital issues the country has yet failed, and that it must be debated on grounds of principle, not politics. That is a heartening sign.

**CAN'T DO IT WITH A RECIPE**

A business man of the East once asked a young lady who was sure of her culinary arts ability, what was her idea of a good cook. She at once replied, "Oh, making nice cakes, pies, etc." The man then stated to her that she was entirely wrong; that most any one could use a recipe and produce a good cake or pie, but that it requires real skill, experience and ability to make good biscuits. Good biscuits is the one good index that a woman is a good cook, and there is no portion of food prepared that requires more skill and ability than that required in making good biscuits. More people today are paying the doctors of our country as a result of bad biscuits, rich pies and highly seasoned cakes than from any other cause. We understand that the County Demonstration work for the next month will emphasize good biscuits as the project to be used. There is no subject of so much importance as the one the ladies of the Home Demonstration work have scheduled for their next month of study.

**Spur Rotarians—**

(Continued from Page 1)  
he came to West Texas, but was among the first settlers in the county; Marshall Formby, 24-year-old County Judge, stated he had spent his life in West Texas, Forrest Martin stated it was 1902 when he arrived here.

Lester Ericson, local business man who received much of his early education as a horse wrangler, was in charge of the program. Being a Rotarian he was not required to tell how long he had been here. He introduced the speaker of the evening, Judge Joe A. P. Dickson.

Judge Dickson stated he knew and understood the language of the early day cowboys of West Texas. He said that he spent much of his time riding bronchos, and as a deputy sheriff, trying to rid the country of the early day cattle rustlers. He stated that there were many people, many of them good people, who would rather steal cattle than to work for an honest living. He said that many of the rustlers were his friends, but as an officer he never would compromise with them.

Judge Dickson paid tribute to the women in the country in the early days. He said that he always had admired masculine men and feminine women, and that was one chief factor whereby one sex held respect for the other. He related many instances in which the women of the early days had to endure hardships and said that the poorest families of today enjoy more of the luxuries of life than the most well to do families of the early days.

He stated that the pioneer, the person who goes before and blazes the way for civilization, is due a great deal of respect. He remarked every day the early settler was in danger from many angles. The man on the battlefield had not more risks to run than the man on the Plains in the early Eighties. He said that in those days they had some remarkable business men by nature, cowmen who paved the way and cleared the dangers for others to come, and that civilization would not be here today had it not been for them.

Judge Dickson told a number of incidents during his address that brought laughter to his hearers. It is amusing to hear a man of his experience tell of the many occurrences of early times, many of which were paved with danger at the moment but proved laughable after everything had been cleared away.

The crowd stated the annual liars' contest had to be held. Bob Collier, Bud Morrison and "Uncle Bill" Hyatt were in the race, and "Uncle Bill" received the prize, which was a box of cigars. Judge Dickson was unanimously elected the ugliest man present, and received a box of cigars, and he expressed his thanks for the honor. J. I. Greer was the oldest man

present, being 85 years of age past. Judge Dickson will be 79 November 8. There were nine present who had passed their 70th birthday.

C. D. Bird, Bob Forbis and "Uncle Bill" Hyatt were the committee selected to name the pioneer speaker for next year. They presented the name of Judge C. E. Coombes, of Stamford.

Dick Speer left Monday for Kermit where he expects to install a new Five Cent to Five Dollar Store. This will make the fourth store for him in operation at this time.

**Sanitarium News**

Mr. and Mrs. Bud Alison of Afton are the proud parents of a new girl born May 21. Mother and baby are doing fine.

Mrs. J. H. Boothe is the proud mother of a baby girl born Wednesday night at 9:10 o'clock. Both are doing nicely.

Odis Kent, of Jayton, who underwent an operation for ruptured appendix about four weeks ago, continues to improve and soon will be out.

Mrs. Henry Williams of Steel Hill community is getting along fine after an operation last week.

E. L. Vaughn, of Afton, underwent an operation Wednesday for ruptured appendix. His condition is considered serious but he seems to be improving at this time.

O. L. Darling, city, was able to return home Thursday after spending a week in the sanitarium recuperating from injuries received by a team running away. He suffered a broken arm, a brain concussion and other injuries, and his condition was very serious for two or three days.

F. D. Ritchie, who was burned seven weeks ago, continues to improve.

Mrs. J. W. Mobley, city, was able to return home Sunday after an operation two weeks ago.

Lee Kelley, of the Swenson Ranch, who underwent an operation last week, was able to return home Wednesday.

G. L. Woods, of Girard, was in the sanitarium Saturday and Sunday of last week as the result of a broken right leg. He was kicked by a horse. X-ray pictures were made and the limb placed in a cast, and he seems to be doing fine.

**PATTON SPRINGS—**

(Continued from Page 1)  
the ones who attained success had to overcome obstacles.

Diplomas were awarded by Supt. O. C. Southall as the members of the class marched across the stage. In addition scholarships were awarded to the girl making the highest average and to the boy making the highest average in work during their high school career.

Members of the class who received diplomas were:

Misses Edith Baxter, Nell Williams, Lillie Bell Hamm, Freddie Middlebrooks, Laura Belle Earnest, Vera Livingston, Roberta Bowman, Clarice Higgs, Ruth Goodwin, Evie Guvear; Messrs. W. J. Hamm, Conrad Middlebrooks, and Gordon Chisenhall.

The class of 1937 was the largest in the history of the Patton Springs school, but it is reported that there is a good prospect for a much larger class next year. Patton Springs school is growing and will become one of the largest rural high schools in West Texas. It is now one of the best.

**COME TO CHURCH**

**METHODIST REVIVAL TO START THIS MORNING.**

The revival at the First Methodist Church will begin with the services at eleven o'clock this morning. The church membership has been looking forward to this series of services with anticipated success and it is hoped much good will be done during the meeting.

Rev. P. H. Gates, the pastor, will do the preaching. Rev. Gates is an experienced man in ministerial work and his messages will be interesting. He is a lively speaker and brings good scriptural messages.

The song service and young people's work will be under the direction of Bob Watkins, of Hedley. Mr. Watkins has spent many years in this work and is a good singer and an interesting worker among the young people. The church is looking forward to his work in the revival as being very valuable.

Services will be held each morning and evening. Morning services will begin at ten o'clock and evening services at eight o'clock, with song services and preaching following within a few minutes later. The pastor and church membership extend a welcome to everybody to attend the meeting.

**BAPTIST CHURCH NEWS**

Two interesting and helpful services have been planned for today. At the morning service the pastor will speak on the subject, "It Is Finished." At the evening service his subject will be, "The Believing Heart." The time of service is 11 a. m. and 8:30 p. m. We extend a most cordial invitation to everyone to attend.

The past week marked one of the most profitable periods in the history of the church, when G. S. Hopkins, State Sunday School Leader, took charge of the local force and led them to study and prepare properly for effective work in the Lord's Kingdom. An average of fifty officers and teachers met every night to study together. Many new workers were enlisted and plans for enlargement are being made. If you have no church home we urge you to come and go with us. The Baptist Church is a friendly church and we have a place for you. Come worship and work with us.

### State Citizens Should Answer Two Questions

Mouthings about courting industry, which are rending the air in a dozen states, could be cut to a minimum if the state administrations would make an honest effort to answer directly two questions:

"What can we offer industry in physical advantages?"

"What can we afford to offer industries in bounties, grants, subsidies, or tax exemptions?"

For Texas, the answers to both the questions should be equally clear, but unfortunately this is not the case. Answering the first query, you can always round up a ready chorus: "salubrious climate, abundant manpower, progressive spirit, a consumer market growing at the fastest rate of any region in the nation, the world's best and cheapest fuel, and an unmatched array of natural mineral resources—chemical, metallic, and non-metallic." These physical advantages should put Texas at the top of the list among the states bidding for new industries.

A straight-forward answer to the question of offering subsidies or tax exemptions is hard for Texas to make because the Lone Star State's bona fide advantages are so potent that it would seem to official persuasion were needed. This feeling, however, does not square with the brute facts of competition. Other states with attractive physical advantages are also committed officially to governmental aids. Our easterly neighbor, Louisiana is well satisfied with the way her carefully restricted tax-exemption offering is drawing desirable industries.

This pattern does not have a strong appeal for many, despite Louisiana's satisfaction. The unfairness of exempting new industries while continuing to lean heavily upon those already established offends the sense of fair play. Moreover, industries offered exemption in their hour of bustling courtship are inclined to wonder what the situation will be when the honeymoon is over.

The solution for Texas lies at the core of this objection to a policy of tax-exemption. What prospective industries want to hear, in answer to that second question, runs along these lines, "We can't afford to offer you exemption or subsidies, in fairness to other citizens that are now helping us carry our responsibilities. We can offer you proof of a sound, clearly stated policy on the subject of taxation of industries. Our own industries are happy, and the state of Texas believes that encouragement for industry will increase population, enlarge pay-rolls, and bring in a higher standard of living. Texas believes that normal growth will support normal revenue needs. Industry will not be bled."

### TABLE MANNERS ESSENTIAL, GIRLS ARE TAUGHT.

"Table manners are one of the most important phases of everyday life," Miss Hazel Moore, club sponsor, told the McAdoo 4-H Club girls in their meeting at the school building on Friday afternoon, May 21.

Miss Moore gave each of us a list of "do's" and "don'ts" on table manners. Some of them are:

1. Everybody should stand at the table until the hostess gives the signal for all to be seated. They are seated, and should arise from the left side of the chair.

2. The napkin is unfolded and placed on the lap. If the napkin is large, unfold half-way; if small, it should be unfolded entirely.

3. Never put your elbow on the table while eating.

4. Food should be eaten slowly and quietly, never while food is in the mouth. The mouth should be kept closed while chewing.

5. In eating soup, the spoon should be dipped away from the individual and sipped from the side of the spoon. All other foods are eaten with the spoon being dipped toward the individual.

6. The knife and fork when not in use or when the meal is finished, should be laid diagonally across the plate with the tines of the fork up.

7. When bread is taken, place on butter plate or side of dinner plate. Break off and butter only small pieces as needed.

8. Meat is cut only as bite is taken not all of it cut up at once.

9. It is best not to break bread or crackers in the soup.

10. Bread, celery, cookies, dry cake, candy, corn, radishes, pickles, olives, potato chips, or nuts may be taken from the plate or dish with the fingers and eaten with the fingers.

11. Spoons are used to stir sugar into tea or coffee. They are then placed on the side of the saucer or plate, never left in the cup or glass. Always stir quietly.

12. When food which is not liked is served it is left on the plate untouched.

13. When accidents occur, they are not given undue attention.

14. When the table is set for serving, spoons should not be placed in dishes from which food is served, but should be placed by the side of the dish.

15. All passing of food at the table should be to the right.

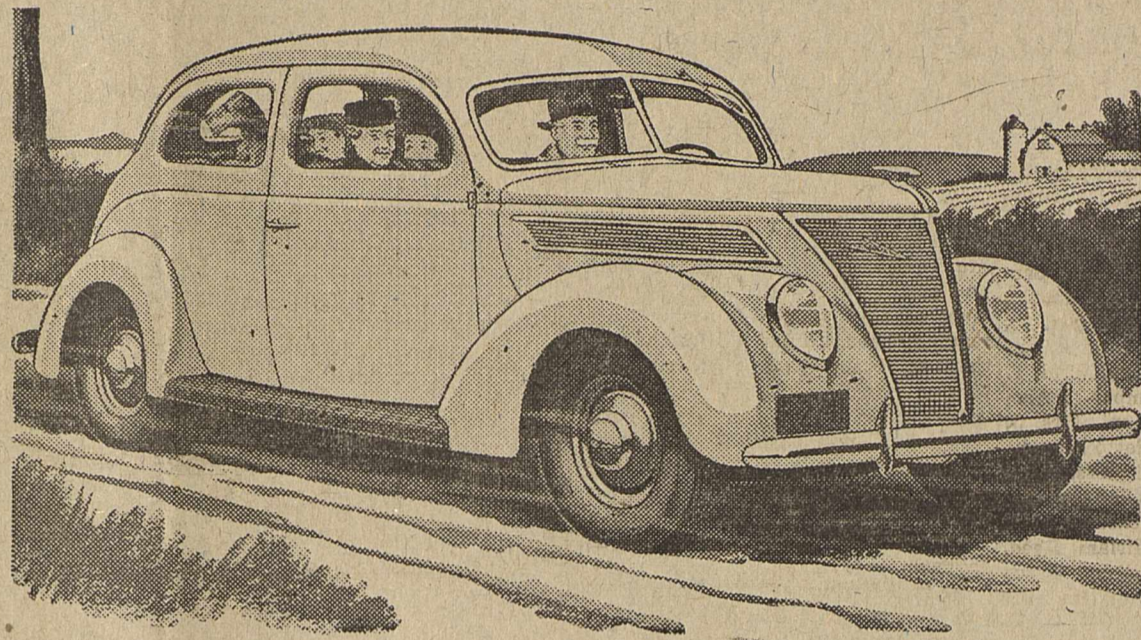

16. Food should be served to the left of the person, except beverages, which are served from the right.

Miss Moore and these members attended the meeting: La Rue Holmes, Wanda French, Leona Harris, Alcice Butler, Effie Ford, Frances Wooley, Gwendolyn Allen, Pauline Cox, and Katherine Ward.

● Here it is — a sturdy little 1-2 plow tractor for the small, diversified farm... or as additional power for farms with larger tractors.

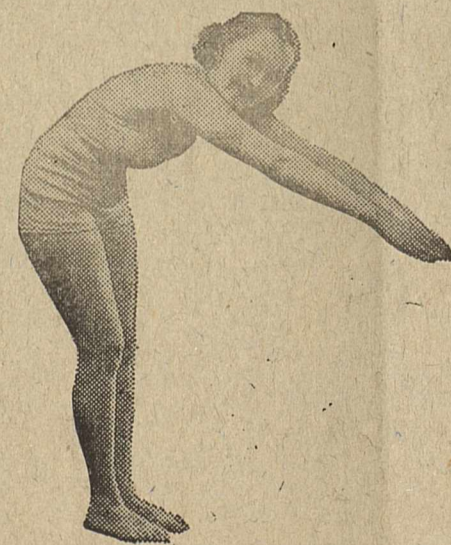

You should see it pull a 2-row cultivator at 4 1/2 miles per hour — or one 16" plow bottom or two 12" bottoms in high gear at reduced engine speed... or do a variety of belt jobs at a belt speed of 2600 feet per minute!

Like the larger Case tractors, it has a hand clutch for easy hitching... swinging drawbar and easy steering... fast speeds... easy belting... center-drive power take-off... differential brakes for pivoting on one wheel... light weight, yet good traction. This little Case "RC" tractor is so handy, so adaptable it's a regular "hired man." See it the next time you're in town.

#### ACHIEVEMENT TEA ENDS YEAR'S CLUB WORK.

Climaxing the year's work was the Achievement Tea held by the City Federation of Women's Clubs at the Spur Inn, May 25. District officers were special guests.

Mrs. A. M. Walker, retiring president, greeted visitors and presented Mrs. J. W. Walker of Plainview, the Seventh District president; Mrs. Fred Rogers of Plainview, Mrs. Paul T. Vickers of McAllen. City federation officers and club presidents made up the receiving line. Displays arranged on tables drew favorable comments. Club and individual achievements were featured.

Mrs. A. M. Walker opened the program with an explanation of the purpose of the meeting. Girl Scouts, sponsored by the 1931 Study Club, were presented in an impressive candle lighting ceremony. Mrs. Paul T. Vickers gave a clever impersonation of one woman's achievement. Mrs. J. W. Walker district president, brought an inspiring and practical message on "The Marks of a Good Clubwoman." Music by Mrs. R. E. Dickson and a 1933 Daughters trio, Miriam Reed, Joyce McCully and Lillian Grace Dickson, concluded the program. Mrs. Walker introduced Mrs. Davis, incoming president, who in turn presented other City Federation officers and club presidents. A basket of beautiful roses was given to Mrs. Davis by Mrs. Walker as a token of best wishes for the next year.

An attractive refreshment plate of cream and angel food squares was served.

Those attending were: Mesdames J. W. Walker, Crews, Rogers of Plainview, Vickers of McAllen, T. H. Blackwell, V. J. Campbell, E. J. Cowan, A. M. Walker, L. D. Ratliff, C. N. Lane, W. S. Campbell, E. Moore, Murray Lea, Jephtha Craig, Ralph Sherrill.

Misses Lucille Lucas, Miriam Reed, Helen Hale, Thelma Campbell, Margaret May Weaver, Joyce McCully, Lillian Grace Dickson, K. Stephens, Mozelle Arthur, Belva Swan, Opal McGlathey, Billie Louise Powell, and Era Bell Hogan.

#### PRAIRIE CHAPEL CLUB IN GOOD MEETING.

"We eat every day, so table manners should be very important to everyone," said the sponsor to the girls in 4-H Club meeting at Prairie Chapel on Friday, May 12.

"Table manners brand us, shall they be good or bad? You and your table manners go hand in hand," she added.

All the girls were seated at the table with one girl as hostess, one girl serving and the rest as guests, while they went through the motions of eating a meal.

Goals were checked and Achievement Day program planned. The girls are to entertain their mothers at this event June 4.

Those present were Phauline Goodwin, Adaline and Jean Byars, Melba and Ada Lou Robinett, Doris Galloway, Cassie Offield, Gene Franklin and sponsor, Marle Bennett.

#### LUNCHEON HONORS VISITING CLUB WOMEN.

Mrs. A. M. Walker, president of the City Federation of Women's Clubs entertained with a luncheon Tuesday, honoring visiting club women who

were here for the Achievement Day tea.

Spring flowers decorated rooms of the home, and the luncheon table where a three course meal was served. Simplicity and informality added to the enjoyment of the occasion.

The guests were Mesdames J. W. Walker, district president of federated clubs, Knox Crews and Fred Rogers, all of Plainview; Paul T. Vickers of McAllen, Jack Rector and W. R. Weaver.

#### CLUB ACTIVITIES OVER THE COUNTY.

The 4-H clothing demonstrators enrolled in the 4-H Clubs of the county are completing their year of work and getting ready for their achievement events beginning June 2 and extending through June 10. At each of these achievement events the cooperators in clothing work will submit a report of the number of goals completed and will enter their dresses and slips for judging to compete for the honor of being the winning cooperator in the club.

The clothing demonstrators are as follows:

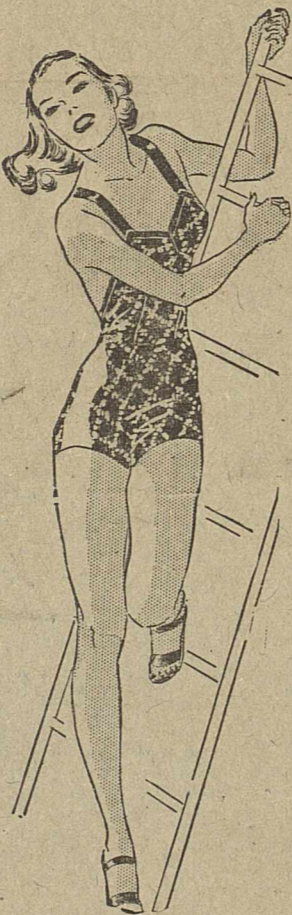

Patton Springs—Della Dean Baxter, Pauline Ford, Monez Woods, and Jackie Young.

Wichita—Eva Lee Goolsby and Ardell Pierce.

Prairie Chapel—Melba Robinett, Espuelo—Maxine Sandlin, McAdoo—Katherine Ward.

The county clothing contest for the girls, at which the winning demonstrator and winning cooperator will be selected, is set for June 12. The contest will be the principal feature of a county-wide lawn party for the girls, and every club girl plans to be there wearing the cotton dress which she made.
