Ag Boys Meet on Saturday to Discuss Plans for Picnic

Cecil Ayres, the new vocational agricultural teacher, desires to meet all members of the vocational agriculture department of the Spur High school at the vocational agricultural room at three o'clock Saturday afternoon, August 7. In making this announcement Mr. Ayres stated he wanted all students of the past year and all prospective students of the coming year to be present.

The object of the meeting is to discuss projects for next year. There are many features of the work that Mr. Ayres desires to talk over with the boys. Another object of the meeting is to plan a picnic to be staged in the near future. This should be of interest to the FFA's and a good attendance should result.

Dave Green, of Tampa, Fla., is here this week visiting his sister, Mrs. J. Wade, and family. He is en route to California to visit other relatives and stated he had not seen his people in twelve years. He will have to be back home within three weeks.

Revival Meeting at The Afton Methodist Church Is Successful

Our meeting has closed so far as the preaching services are concerned but let us hope and pray that we will not soon forget the messages that were delivered. If we have received them in the spirit in which they were delivered and will apply them to our lives we will all be better men and women, boys and girls. We should all see our duty more clearly and let our light shine more brightly. We should all be better soul winners. May we all follow Bro. Herring with our prayers asking God to use him in the saving of many souls. It is my sincere hope and desire as pastor of this church that every member will cooperate as far as possible in the services that are to be conducted in the other churches of the community within the next few weeks. Also do not forget to pray for me in my work as pastor. Your faithfulness and loyalty will be a source of encouragement to me. Also do not forget to pray for the meeting at Roaring Springs that begins next Friday night, August 6. We would be ungrateful if we should fail to express our appreciation of the cooperation of the people of the other churches at Afton. The spirit shown was indeed beautiful. May God's blessings attend them in their work. May God lead them to great victories.

Eugene L. Naugle, Pastor.

Dickens Revival to Begin Friday Night; Rev. Derr to Preach

The revival meeting at the Dickens Baptist Church will start Friday evening, August 6th, and continue until Sunday, August 15th. W. R. Derr, pastor of the First Baptist Church at Ralls, is to do the preaching. Rev. Derr is an unusually good evangelist as well as a pastor. The church at Ralls has made great progress under his leadership the past two years. We are fortunate to obtain his services. He preaches plain Bible messages without fear or favor.

You are urged to attend every service of this meeting.

B. B. Huckaby, Pastor.

Spur Ag Teacher Busy This Summer

Many people may be curious to know just what our vocational agriculture teacher is doing this summer. Many people get the idea that because there is no school in session he is enjoying a long vacation. Such an idea is greatly out of place because a farmer has as much opportunity to enjoy a vacation in summer as our vocational agriculture teacher.

At present he is remodeling the class room and laboratory where the class instruction will be given at the next term of school. He is outlining work and listing projects for a large number of boys who expect to study agriculture and to continue the work many have begun.

There will be three divisions of vocational agriculture taught in Spur High School this next term. There are between 80 and 100 boys of the community who will be engaged in the study of agriculture next term. Outlines, programs, and many projects must be ready for this work. Not all boys will be interested in growing cotton, or feeding baby beaves. There will be poultry projects and other features of farm industry that boys will be interested in.

Mr. Ayres stated he would be at Lubbock on Monday, Tuesday and Wednesday of next week attending the summer agricultural conference. This is a time when agriculture instructors get together and discuss plans, methods and programs of their work. People of Spur schools may look forward to a great year for the agricultural department of Spur schools.

S. P. Orand, of Red Mud community, was attending to business affairs in our city Saturday and talking with friends.

Safeway Store is Installing Fixtures At New Location

The local Safeway Store is installing a line of new fixtures at the new location on the corner of Burlington Avenue and Fifth Street. This is the building that once was occupied by the Spur Hardware and Furniture Company many years and recently was the location of the Allen Auto Supply and Henry's Food Store. It is a large double front building with high, airy ceilings.

Among the fixtures now going in is a new Koch latest style refrigerator-a new Koch latest style refrigerator meat display case arranged for meats, vegetables and dairy products. It has the Baker ammonia circulation system and regulates both the temperature and humidity with thermostat control features.

The store will be the same as is found in the metropolitan cities such as Dallas, Fort Worth and Abilene. In addition to the refrigeration system there will be vegetable mist racks which keep vegetables cool and fresh like they were just taken from the garden.

The ceiling is being finished in a pure gloss white. The walls are of cool seafoam green and the fixtures are being trimmed in Nile green. The lighting system is of the crystal bottom type which makes a soft bright light all over the building yet displays no glare.

The store will be new in every respect with everything newly finished. The fixtures man and the interior decorator are working overtime to get ready for the new opening, the date of which will be announced later.

This is going to be a store that any city would be proud to have. It is modern in every respect, has the latest equipment and is to be systematically arranged.

C. R. Walthall will continue to be manager and the remainder of the personnel in the present store will continue with the new store.

Just another step in merchandising toward making a city out of Spur.

GETS MANY NEW MACHINES

R. M. Bennett, local representative for the Singer Sewing Machine Company, received a new consignment of machines this week. About 30 machines were received Tuesday and Wednesday and he expects about 20 more today. When asked what he will do with all of them, he stated he expected to place them among the good housewives of the country. He stated further that Singer Sewing Machine Company are making more all the time and it is his business to see that the people who need these machines get them.

Father, Long Thought Dead, Found by Brother of Spur Man; Family Reunion is Planned for Better Acquaintance of All

L. M. Moore stated Monday that his brother, E. W. Moore of Lubbock, was to see him Sunday and related about receiving a letter from their father, G. E. Moore, who was thought to be dead for many years.

As the story goes, the father left the family home in Brookhaven, Mass., about 27 years ago and went to Louisiana to work in a saw mill. Afterward he acquired a lumber camp, then came the news that he had been killed in an accident.

Mr. Moore stated that later on the family drifted apart, and after some years the mother married again. He was about three years of age when his mother re-married.

A few days ago, the father, "long dead in the minds of the family," ran into a relative in Dallas who was able to give him the name of his son, E. W. Moore at Lubbock. The father wrote to him and made description so plain that there seemed to be no doubt

Troop 36 Wins in Softball Tourney; Declared Champions

Troop 33 of Boy Scouts at Ralls was the only outside of the county troop to enter the Boy Scout Soft Ball Tournament for the Eastern District of Boy Scouts at Spur last Thursday evening. Five teams were in the tournament, Crosbyton, Lorezno and Mt. Blanco failing to appear.

In the first bracket Troop 36 of Spur played Troop 34 of Afton. The score was 9 to 6 in favor of Troop 36. It was a good game and the boys did some good playing.

Troop 33 of Ralls drew Troop 35 of Spur, and the Ralls Scouts played at a great disadvantage, not being used to the artificial lighting. The game ran at the ratio of 8 to 1 in favor of the Spur boys.

Ralls then drew Elton, which was a close game, Ralls running in two runs in the last inning to make it almost a tie game. The score was 6 to 5 in favor of Elton.

Troop 36 and Troop 35, both of Spur, had to play for the championship. The game ran at a ratio of 5 to 1 in favor of Troop 36, the score being 21 to 4, and Troop 36 was presented with the championship honors of the tournament.

Starting New Home For Grocery Business

J. W. Henry is starting a new store building on a lot just north of the Mission Service Station. The new building will be 25 feet by 32 feet and is being erected of native stone. Mr. Henry stated that it will be of the drive-in type and will have 18 feet of open front.

The foundation is down and the rock work is starting today. T. J. Seale is the contractor and different people are assisting with the work. The new building will be the home of Henry's Food Market.

SPUR MAN BUYS CREAMERY

In a business transaction completed last week, Roy Stovall of Spur became the owner of the ice cream plant which was last known as the Rainbow Creamery.

Mr. Stovall is an experienced creamery man, being owner of the Espuela Creamery at Spur which is known all over West Texas for the quality of its products.

Workmen are busy this week cleaning up the equipment and installing new equipment, and Mr. Stovall states that they will probably be open for business within the next week.

J. P. (Kit) Carson of Spur will be manager of the Lamesa plant, and he and his wife will move to Lamesa within the next few days to make their home.—Dawson County Courier.

Family Reunion Held At Spur Residence by Rev. and Mrs. Bilberry

The family gathering of Rev. and Mrs. J. V. Bilberry was held at the residence on West Harris Street last Tuesday, August 3. It had been 13 years since all the family had been together.

Rev. and Mrs. Bilberry have made Dickens County their home for 38 years. They moved to Dickens County in the fall of 1899 and have counted this their home since then.

In addition to the father and mother, Rev. and Mrs. Bilberry, members of the family present were: L. S. Bilberry of Dickens, E. J. Bilberry of Espuela community, A. R. Bilberry of Jacksboro, Mrs. Joe F. Ragsdale and Mrs. Naomi Withens of Rogers, Ark., and Melvin Bilberry of Spur. These children and their families composed the family gathering about the table for lunch Tuesday at the noon hour, making 36 in all.

In addition to the six children, there are 20 grandchildren and 25 great grand children, but not all of the grandchildren and great grandchildren were present.

Rev. Bilberry was born in Missouri in September, 1860. He has been preaching 40 years, 38 years of the time in Dickens County. Mrs. Bilberry was born in Tennessee in February, 1861, there being only about six months difference in their ages. They came to Texas at an early date and were married in Lampasas County October 20, fifty-seven years ago.

Both are strong and very active for their years.

Mileage Test Given Ford Trucks and Light Units at Lubbock

The Lubbock Auto Company held a truck and commercial Gas Economy and safety campaign, for operators of these units on July 14, 1937.

Twenty-nine owners participated in this contest with the following results: The winning truck obtained an average of 20.8 miles per gallon of gasoline. A total of 12 trucks participated for a grand average of 16.3 miles per gallon of gasoline. The winning 85 h. p. commercial unit obtained an average of 24 miles per gallon of gasoline. Twelve 85 h. p. commercial units participated in the contest and made a grand average of 20.9 miles per gallon of gasoline. The winning 60 h. p. commercial unit made the outstanding average of 36 miles per gallon of gasoline. The 5 units in this division obtained an average of 21.9 miles per gallon of gasoline.

Coy McMahan closed a deal last week whereby he became a partner in the Foodway Grocery. He purchased the interest formerly owned by Jimmie Dunlap, who had been a member of the firm since just a few months after it was established.

Local Girl Promoted As Manager Here

Miss Carol Senning received notice this week that she has been promoted to manager for the local Western Union Telegraph and Cable Company's office. Miss Senning has been with the office for some time serving in the capacity of assistant, and during the time she has studied and has become very efficient.

Miss Alice Brashear, who has been with the local office for the past eight years, goes to Shamrock to take charge there. Miss Brashear has been diligent in her work since coming to Spur. She has made many friends and through her excellent service has built up much good will for her company. She has many friends here who will regret to see her leave, but all are glad that she has trained a local girl to take her place.

The change will be made some time after August 15.

Mr. and Mrs. Redgy Self, of Ocala, were in our city last week visiting her parents, Mr. and Mrs. L. W. Bilberry.

Clifford B. Jones left Monday for a vacation. He was met in Kansas City by his brother, Hoyle Jones, of Tulsa, and they went on to the Red Rim Ranch in Montana. They expect to spend several days fishing on the Snake River. This is part of the Dude Ranch and is owned by his nephew.

Faculty Positions Are Announced by Supt. O. C. Thomas

Most Teachers Have College Degrees And Rate High as Scholars

Eager for the children of Spur Independent School District to have the advantage of beautiful autumn weather, the Board of Education for Spur schools announce that school will start its next session Monday, September 6. There will be more than 1,000 scholastics in the Spur schools this year, and every available means have been carried out to make this the best term of school yet.

The faculty has the best college qualification of any that has ever taught in the Spur schools. There are a number of new teachers in the system this year, but every one of them carries a fine record of experience in other schools as teachers of first class. The following is the faculty assignment as announced by Supt. O. C. Thomas this week:

Superintendent, O. C. Thomas, who holds a B. A. degree and an M. A. degree from the University of Texas. High School Principal, O. L. Kelley, holding a B. A. degree from the Abilene Christian College and has several units of work on his master's degree.

Miss Thelma Logan will be head of the English Department and holds a B. A. degree from the University of Texas; she is a new teacher and has excellent success in the schools at industry.

David Sisto, who will teach Spanish, holds an M. A. degree from the University of Texas, and is no stranger here as he has been in the schools here several years.

Mrs. Oscar McGinty will have charge of the Department of Speech and will teach English. She holds a B. A. degree from the University of Oklahoma.

H. U. Butts is a new teacher and will be in charge of the History Department. He is a graduate of Texas Technological College graduate with an A. B. degree.

Burgess Brown will teach science and direct band again this year. He is a Hardin-Simmons graduate with an A. B. degree.

G. B. Wadzeek, coach and mathematics, is a McMurry graduate with an A. B. degree and some work on a master's degree.

Cecil Ayers, the new teacher in agriculture, holds a B. S. degree from (Continued on Back Page)

McMahan Buys Interest In Local Foodway Store

Mr. McMahan has had several years experience in the grocery business and is very alert in the work. He was with the Bryant-Link Company many years and rendered good service.

In speaking of the change, M. H. Costolow, the senior partner, stated that any business needs two bosses, and he hoped the new arrangement will continue satisfactory to the people. He stated the business has enjoyed a nice patronage since its beginning two years ago, and asks that people continue with them with many new customers added.

Mr. Dunlap has not said just what he will do in the future. He said he would have to get into something as he has to live and does not want to spend what he has saved in years past.

Eugene Taylor is in Stephenville this week visiting his grandparents, Mr. and Mrs. J. E. Taylor.

Nobody's Business
By JULIAN CAPERS JR.

Controversy over the amount of the per capita school apportionment for 1937-38, which is certain to have important political reverberations in the campaign next summer, apparently was settled when the automatic tax board overruled the state board of education emphatically. The tax board, including Governor Allred, Comptroller George Sheppard and Treasurer Charley Lockhart, voted 2 to 1—with Lockhart voting no—to fix the ad valorem tax for schools at 7 cents on the \$100 valuation, instead of 20 cents as for 1937.

With the confederate pension and general revenue fund levies fixed at the constitutional maximum, this makes a state tax rate of 49 cents, the lowest in 21 years. Fight to retain the school levy was led by Ghent Sanderford, former secretary to Gov. "Ma" Ferguson, and chairman of the state board of education. The board earlier had fixed the per capita apportionment at \$22, and urged retention of the 20 cent maximum tax rate. Governor Allred and Comptroller Sheppard calculated the 7-cent rate would yield over \$2,000,000 for free textbooks, and other revenues would probably enable payments of a \$20 per capita to the schools, the highest in history.

Political Aspects.

The fight, precipitated by Sanderford, became a battle between Ferguson and Allred forces, with the former seeking to force the Allred administration into writing a record of increased taxes, increased state deficit, and no relief for taxpayers. The school children were a convenient vehicle upon which to hang the plea. Allred, cross-examining Dr. A. W. Birdwell of Nacogdoches, president of the teachers' association, and titular head of the most powerful lobby in Texas, made Dr. Birdwell admit the schools have been more liberally treated under the Allred administration than under any former governor. Sanderford insisted the legal question of whether the board of education has a right to fix a rate that would force the tax board to fix the maximum levy without discretion, should be "submitted to the attorney general." He did this after a lengthy conference with Atty. Gen. McCraw. Allred, in answer, charged Fergusonism as the motive actuating Sanderford, interpreted the law for himself, and declared he and Sheppard were "actuated by as patriotic motives as Sanderford and the attorney general." The courts have held no legal action can lie against the automatic tax board in similar cases, so the battle apparently is ended with complete victory for Allred.

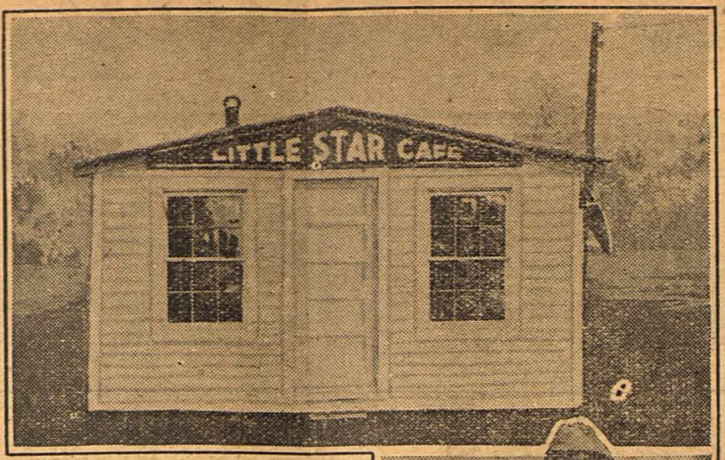

State Wins Victory.

Viciously affecting the state's tax revenues in future was the decision of the U. S. circuit court of appeals at New Orleans last week, holding valid the intangible assets tax assessment of the state against pipe line companies. The court reversed Judge William H. Atwell of the federal district court of Dallas. The decision means that about \$75,000,000 of valuations of pipe lines remain on the books of the state, calculated on the basis of earnings of the pipe line companies, which testimony showed had repaid the entire original investment in less than five years. Under the system used by the state tax commission, the state certifies the valuation to the county in which the pipe lines are located thus bringing a huge tax revenue of the state and the counties. Chief credit for the state's victory is accorded to Grady Chandler, quiet, studious assistant attorney general, who never seeks publicity but wins plenty of law suits for the state. Pipe line companies may appeal the case to the U. S. supreme court.

Boom of Southern Industry Aids War Veteran, Gassed at Verdun

WAR-SCARRED Bill Holcombe of Cedartown, Ga., credits the growth of Southern industry for putting him back on the comeback trail today after he had spent hopeless years in a United States veteran's hospital.

Gassed at Verdun during the World War, Holcombe spent several years in the government hospital. His shattered health interfered with his efforts to eke out a living and his responsibilities were increased when a daughter, Nellie May, nicknamed "Little Star," was born.

The slight compensation from the government wasn't enough. However, Cedartown began to thrive—industry came to the South. Then he learned that the National Oil Products Company of Harrison, N. J., had bought a plant in his home town as a base for Southern operations. The new plant was near the Goodyear Rubber Company plant, both far from a restaurant or refreshment stand.

"There ought to be some kind of restaurant for the workers out near those plants," Bill mused one day. The next day he drew his meagre savings from the bank, and was ready to begin on his day-dream conceived restaurant. He named it "Little Star" after his pretty, seven year old daughter, and was ready for business.

Bill serves hamburgers and hot dogs as well as a complete line of groceries and beverages. Mrs. Holcombe does the cooking, but Bill

has a way with hamburgers, too. But pretty Nellie May has scored more of a hit among the men than her father's hamburgers. After school she takes orders, acts as a hostess and sometimes sings and dances for her favorites. She has aspirations for the stage, she confessed.

"Business is fine," said Bill. "My dream is coming true, thanks to Little Star. We are hoping to save up so Little Star can go to college. After she becomes a famous actress, we—ma and I—are going to quit work."

Mrs. Reese McNeill Called by Death of Father Last Monday

Word was received Monday of the death of the father of Mrs. Reese McNeill, at his home in Pottersville, Pa. Mrs. McNeill received a message Friday morning that her father was ill and stated to friends that she would have to go to him. Also, she expressed a desire that if her father should recover enough she would try to get him out of the country hoping it would mean an improvement in his health.

Mrs. McNeill went by rail to St. Louis and then by plane to Philadelphia, and arrived at her father's house about seven o'clock Sunday evening. He passed away early Monday morning, giving her just time to see him alive.

holders and oil operators, the Texas railroad commission hiked the August allowable 1,495,491 barrels daily, up 110,015 barrels daily from the July allowable. With accurate data upon oil in storage available for the first time—obtained from the U. S. Bureau of Mines through the unremitting efforts of Col. E. O. Thompson and the oil states' compact body—Chairman C. V. Terrell of the commission declared the total of 300,000,000 barrels in storage, including working stocks of refineries and oil in pipe lines, represented only 60 days supply—a dangerously low figure. Texas was shown to have disproportionately small share of this storage, with consumption steadily going up. With the bulk of storage held by a few strong integrated companies, Chairman Terrell pointed out the duty imposed upon the commission of protecting the consumer and added:

"It is not the policy of the commission to make oil scarce so as to make it high. We have slightly increased production to protect the consumer and replenish our depleted stocks." The hike was hailed with rejoicing generally in all major proration districts, all sharing in the increase, which will put additional oil money into circulation in over half of the counties of Texas, and strengthen the prosperity swing which has begun with excellent agricultural conditions throughout the state.

Notes

Announcement of Lieut. Gov. Walter Woodul that he will run for attorney general and not for governor brought statements and reports from others indicating a crowded field in this race. Other potential candidates include Everett Looney, Judge Ralph Yarborough, Jerry Mann, Speaker Bob Calvert, Sen. G. H. Nelson, Dist. Atty. Goodrich of Shamrock, and possibly others. Woodul, out in front by virtue of months of quiet campaigning, was still the choice of the experts against the field.

Little Kathryn Sharp Passes Away Monday At Home Near Afton

Little Miss Kathryn Sharp, of Afton died in a local sanitarium after a few days illness, death taking her away about three o'clock Monday afternoon. Kathryn complained of being ill Friday afternoon and stated to some of the neighbors that she had never felt as sick before in her life. Saturday morning she was conveyed to the sanitarium and upon examination was found to be afflicted with a gangrene appendix.
An operation followed at once, but the poison had spread too far and her whole system was poisoned to such an extent that it could not be overcome. The doctors and nurses and friends did all they could to save her, but their work failed.
Funeral services were held Tuesday afternoon at the Baptist church at Afton. Rev. H. T. Harris and Rev. Jesse Terry were in charge of the services. A very large number of friends attended the last rites. Interment followed in Afton cemetery with Kinney Funeral Home in charge of arrangements.
Kathryn had lived with her parents, Mr. and Mrs. R. D. Sharp, in the East Afton community about seven years. During that time she won practically the entire community as her friends, and seemed to be a favorite with everybody. She was always of pleasing nature and had a smile for everyone she met.
She was born at Turkey October 30, 1926, and would have been eleven years of age next October. She came to the Afton community when she was about four years of age. She had made a profession of religion just a few weeks ago, and it was her intention to be baptized into the church in the near future.
She is survived by her parents, two sisters and four brothers.

METHODIST CHURCH NOTES

That empty pew—Somewhere in the church, perhaps ahead of you, is an empty pew which is silently eloquent of your duty and privilege. It speaks your chance to share with others the inspiration and delight of the church service. All that the occasion has meant to you it might mean to them, and more. The music, the singing, the association and the sermon which helped you and sent you out a better man or woman might just as well have thrilled them also. The message which inspired you, or perhaps was but commonplace to you, might have been a veritable revelation to scores with whom you meet and talk during the week.
If that empty seat were filled it would yield a net gain for all. It would improve the sermon which can never be better than the congregation. No minister can "fill the pulpit" of a half-filled church. That empty pew acts as a short circuit. He can not throw the current of interest across it.
Every empty seat could be filled without the expenditure of a single extra cent and with infinite profit. Sermon, music, warmth, are all supplied, whatever the audience. As a matter of economics, success here is certainly cheap, failure is expensive. There is nothing in the church so extravagant as that Empty Pew. It costs, as much as yours, and pays nothing back. Fill it and you have not only given, but you have gained.
Now the sole cost to you of making the service more stimulating, the sermon more inspiring, the music more charming, the fellowship wider and more humane, the atmosphere more congenial, is just a little kindly word of invitation, a little breaking down of a mistaken religious reserve, a little extra energy in behalf of your Master and your Church.
How can you possibly face that Empty Pew? How then can you fill that Empty Pew?
You who are church members and attend Sunday school each Sunday, make it your plan now to bring someone with you next Sunday morning, who has not been attending. Give someone an earnest invitation—it will help.
Then you church members who have been staying away from your church services put forth a bit of effort, backed up by a fervent prayer for your church, and you will be seen at your church Sunday morning.

FARM FRUIT PLOT IS VALUABLE ASSET TO HOME.

"It seems to me that the farm fruit plot demonstration is valuable, especially when it enables a family to produce its own fruit rather than having to buy it," commented Della Dean Baxter, farm fruit plot cooperator of the Patton Springs 4-H club, in giving her report on the work she has done.
"Since we have started the demonstration in Dickens County we have built up our orchard to four acres, which is planted to fruit trees, grapes and berries. There are ten varieties of fruit in these four acres, and those which are producing this year are apples, plums, peaches, cherries, per-

PATTON SPRINGS TEACHER MAKES FIRST VISIT TO SPUR

M. W. Ayers, vocational agriculture teacher at Patton Springs, was in Spur Tuesday morning looking after business matters. Mr. Ayers is starting his first year of work in the Patton Springs school and stated he expects 40 or more boys to do agricultural work there this next term. He is a graduate of Texas Technological College, majoring in agriculture and education. He has a number of good plans of work outlined for the Patton Springs FFA.

LEARNS OF ILLNESS OF GRANDCHILD AT LYFORD

T. W. Collier, just east of town, received a message Tuesday morning that a grandchild was very ill in a sanitarium at Lyford, which is located in the Valley. It is Mrs. Opal Guffey's child, and she is a daughter of Mr. and Mrs. Collier. Mr. Collier stated he did not see how he could go there at this time, but hoped he might induce Mrs. Collier to make the trip since both could not leave home at the same time.

NEW-PREACHER AT SPUR BAPTIST CHURCH SUNDAY

Rev. C. R. Joyner, pastor of the First Baptist Church at Merkel will be at the Baptist Church in Spur next Sunday, preaching at the morning and evening hours. Sunday school will start at 9:45 a. m., preaching services at 11:00 a. m. and 8:30 p. m., with teachers meeting at 7:30 p. m., Wednesday and prayer meeting on Wednesday evening at 8:30 o'clock.
Rev. Joyner's daughter, who is a pianist, will accompany him here. She goes with him and does the playing when he is in evangelistic work. He has been pastor at Merkel for the past five years, and formerly was pastor at Wellington for seven years. The public is invited to hear him Sunday.

The little one is survived by its mother and little sister, Shirley.

C. L. Love was in Wichita Falls Saturday attending to business matters.

STOCK SHOULD BE KEPT UP

There has been much complaint filed with the Sheriff's office relative to live stock in the Afton community running out. The stock is reported as tearing up yards about homes and doing other damage.

We are asking people to keep their stock enclosed, and if they are not kept up it will be necessary to place a pound officer in the community. We hope everybody will cooperate in this.

Final Dividends of City National Bank To Be Paid Aug. 6-7

Fred B. Cable, Receiver of the City National Bank of Spur, Texas, announces that a second and final dividend of 5.8 per cent is now ready for distribution to all persons having proven claims against said bank. The dividend checks will be delivered from the Spur Security Bank between the hours of 9 a. m. and 3 p. m. on Friday and Saturday, August 6 and 7. Each claimant must bring with him the receiver's certificate he now holds before his check can be delivered to him. All checks not delivered will be returned to the office of the Comptroller of the Currency in Washington, after which the creditor must correspond with that office, enclosing the receiver's certificate, in order to obtain his check.

Mr. Cable urges that you bring your certificate and get your check on the above dates as he is very anxious to deliver as many checks as possible at that time.

CARD OF THANKS

We desire to publicly thank the lady who assisted us in the care of our baby during its illness, and all other friends who helped us in any manner. Also, we want to remember the Kinney Funeral Home for their work in caring for the little body and for burying it. We thank all of you very much.

Mrs. Dorothy Reader And Shirley.

THE REST OF THE RECORD

By JAMES V. ALLRED Governor of Texas

Austin.—There are times when every public official wishes he could lay before the people all the facts in a current controversy, so that the people themselves might judge whether his acts were justified.

Several editor friends to whom I made this comment have replied, "Well, Jimmie, why don't you write out those facts as you see them?" So I have decided to do just that, and take advantage of the generosity of these editors by laying before their readers what I call "the REST of the record." This is my first try at it.

School Criticism Unfair. It's a strange thing when public officials are criticized for reducing taxes—for reducing taxes without detracting one iota from public service. Yet, believe it or not, that is exactly what is happening in the current controversy over the state's public school apportionment.

Because State Comptroller George Sheppard and I cut the property tax rate for school purpose from 20 to 7 cents, we are accused by other public officials—who should be as deeply concerned as we are over the average man's tax burden—of taking something, somehow, from the school children of Texas.

I tell you flatly, that is not true. At their best, these statements give you but a part of the record. And a very distorted part, at that.

Every informed school official knows that since I have been governor the schools have received far more from the state than ever before in the state's history.

Record Friendly. For parents in general, who are not apprised of the mechanics of state aid, this explanation is in order: The state helps support the schools through two means. First, there is the available school fund, which is divided among the districts on the basis of registered children of school age.

There is the "rural aid fund," or the "equalization fund" so-called, which is an additional grant to poorer rural districts.

Rural aid has jumped two and a half million dollars each year that I have been in office! When I was inaugurated, it totaled three million dollars; today it is five and a half million. The present controversy isn't over rural aid; it is concerned with the available school fund, distributed on a basis of so much for each child—the state "per capita."

Now this fact is undisputed: During the first year of my administration, the state contributed \$19 per student in the per capita apportionment toward the education of each of approximately 1,500,000 Texas children—and this payment likewise was the highest amount in Texas history!

But here is the fact that the critics want you to forget: the per capita this next year will be even greater—at least \$20, and perhaps a little more—and at the same time property tax payers will get a tax reduction! The revenues will come from other sources than ad valorem taxes on property.

Does that sound like taking anything from anybody?

Tax Reduction Stand. Upon what are the critics basing their charges? Well, here's how it all happened:

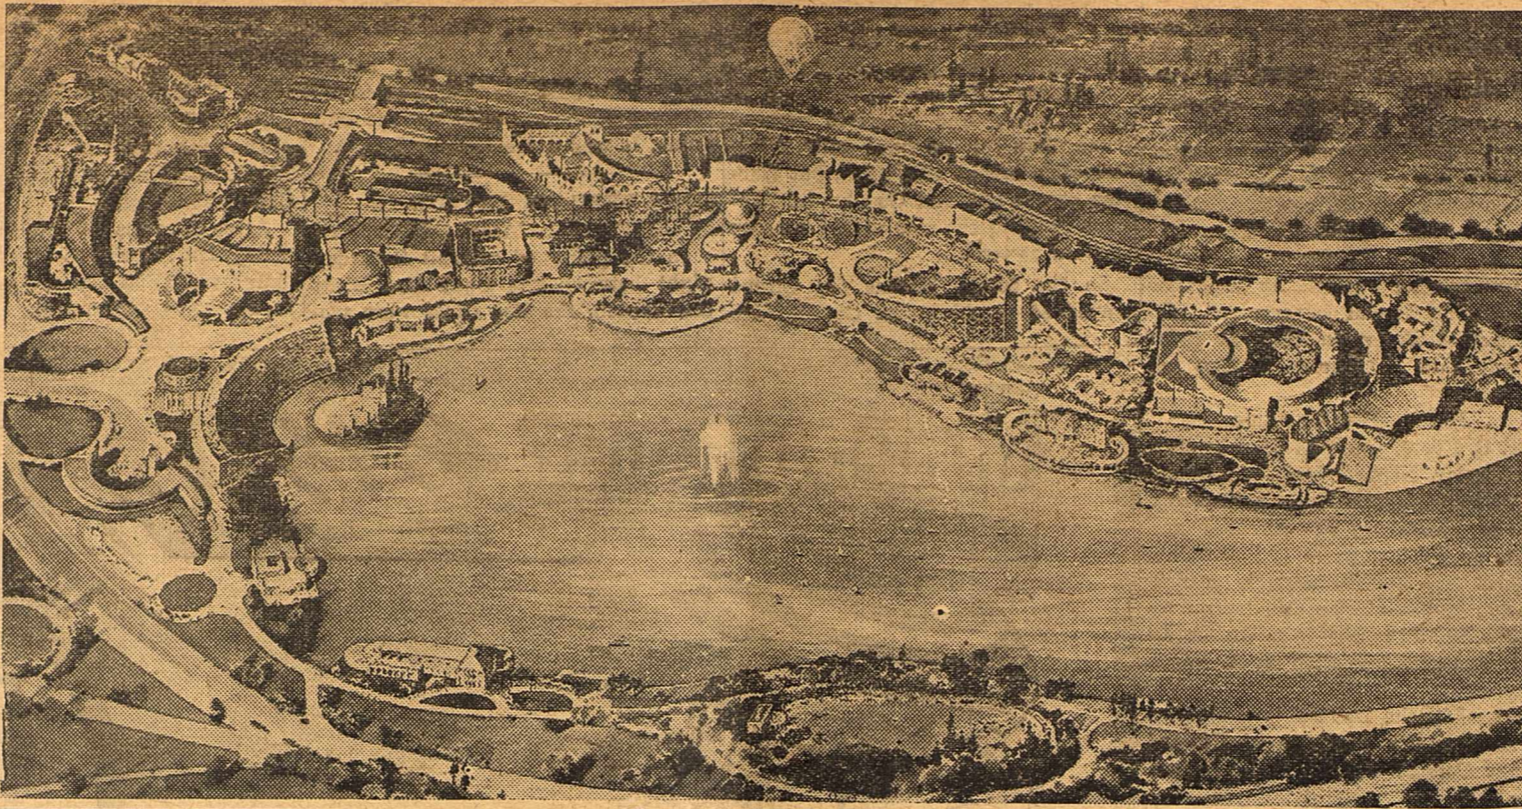

The law says the per capita shall be fixed by the State Board of Education, on or before August 1. At this time, the Comptroller shall furnish the Board of Education with an estimate of available funds. The Board is then required to do a simple problem in arithmetic—divide the total anticipated revenues by the total number of pupils—and the answer is the per capita.

Now, another law says that the Automatic Tax Board, of which Mr. Sheppard and I are both members, shall meet by July 20th and set a property tax which will insure enough anticipated revenues to pay \$17.50 per capita.

I construe these two laws to mean that the tax board shall meet first, find out how much money will be available for schools, and vote enough property taxes to make up the difference. We found that we could reduce the school tax from 35 cents to 20 cents, and still pay the schools \$17.50. Not a soul objected. Happily, revenues from other sources were greater than expected, and a per capita of \$19 was possible.

But this year, for some mysterious reason, the Board of Education met first, and presumed that we would continue the 20 cent tax, regardless of need. Why they so presumed is as deep a mystery as why they met before they possibly could know what the revenues would be—for they couldn't know until after the tax board met. With the 20 cent tax rate, they could make a per capita apportionment of \$22, or expressed another

1939 NEW YORK FAIR'S TWO MILE AMUSEMENT LOOP

way, an increase of \$4,680,000 over last year.

I firmly believe that certain people thought they saw a way to tie the hands of the tax board and force Mr. Sheppard and me to yield to political expediency at the expense of the taxpayers—who certainly ought to be entitled to some consideration. Everybody knows how burdensome real estate taxes have become.

Right here I want to say that Geo. Sheppard showed unusual courage. Most everybody knew how I felt on the matter; so they concentrated on him and he was deluged with telegrams, letters and personal visits to play politics. He is a fine public official, and I suggest that if you approve his course, you drop him a note. He will appreciate it.

Mr. Sheppard and I saw eye to eye on the matter; we believe that the law makes it mandatory on us to see that the schools get \$17.50 per capita. We did that and they're going to get \$20; and at the same time, the taxpayers are going to get a tax reduction.

As a final citation of the record, concerning the attitude of public school teachers: In February of this year, one of the heads of the Teacher Association told a legislative committee that if they could "hold the \$19 and maybe get \$1 more they would be tickled to death." By that statement, the teachers have reason today to be plenty happy.

PROCLAMATION

By the Governor of the State of Texas To all to whom these presents shall come:

Whereas, a Federal-State cooperative plan of public assistance has been made possible to the states in bringing greater security to the needy aged, needy blind, and dependent and destitute children under the terms of the Social Security Act, provided the states care to set up plans of their own and to make appropriations for matching Federal allotments; and

Whereas, the State of Texas has availed itself of all provisions of the Social Security Act with the exception of aid to the needy blind and to dependent and destitute children; and

Whereas, the Legislature has deemed it necessary to amend the Constitution before state appropriations can be made for such welfare services, and has submitted two Constitutional amendments to the people in the election Monday, August 23, authorizing appropriations for assistance to the needy adult blind and to dependent and destitute children; and

Whereas, the State of Texas has a definite responsibility to provide security for all of its needy citizens; and

Whereas, an educational campaign is desirable for acquainting all of the people with the purposes and provisions of the two welfare amendments:

Now, therefore, I, James V. Allred, Governor of the State of Texas, do hereby proclaim the week of August 9-16 as Human Security Week, during which time I call upon all individual citizens, religious, fraternal, charitable and civic organizations to give their active and unqualified support to the end that this essential step in Texas' participation in the provisions of the Social Security Act may be accomplished and our State may continue to maintain its rightful place among the progressive states of the Union.

In Testimony Whereof, I have hereunto signed my name officially and caused the Seal of the State of Texas to be affixed hereon at Austin, this 26th day of July, A. D. 1937.

(Seal) James V. Allred, Governor of Texas. By the Governor: Edward Clark, Secretary of State.

Dr. Cox Explains Dieting Problems To Pellagra Victims

"Pellagra is a disease that is caused by not eating the right kind of food and shows itself usually by a strange kind of reddening and scaling of the skin," said Dr. Geo. W. Cox, state health officer.

"The person with pellagra usually suffers loss of appetite, indigestion, diarrhea, soreness of the mouth and tongue, nervousness, low spirits and more or less general weakness.

"Thousands of Texans suffer with this disease and approximately one thousand die each year. More cases appear in the spring and early summer months than at any other time of the year. This is because more people live on a restricted diet during the winter. It comes to those whose diet does not contain all that is required to keep one in good health. The missing essential in the diet is called the pellagra prevention factor or vitamin. We know this because people who eat the right kind of food do not have the disease, because those who do have the disease and eat the right kind of food do get well and remain well as long as they maintain a proper diet, and also when people are fed the wrong kind of food they develop the disease. Pellagra is not a communicable disease. The treatment should be directed by your doctor and the main thing is diet. Do not rely on patent medicines.

"The prevention of pellagra depends upon eating the right kind of food at all times. To make sure that the diet is right, it should always contain plenty of milk daily, some fresh meat and as many fresh vegetables as possible. Tomatoes, whole wheat products, salmon, yeast, and fresh fruits are especially available. Having provided these essentials of a proper diet, the rest may be arranged according to family or personal likes. In this way, you avoid pellagra."

FORMER CITIZEN OF SPUR DIES JULY 24 AT ATHENS

W. H. Birdwell, a former citizen of Dickens County, died at his home in Athens Saturday, July 24. He had been a victim of Bright's Disease for a long time and had been ill for more than a year. Funeral services were held Sunday, July 25, at Athens and interment was made in an Athens cemetery.

Mr. Birdwell was the father of Mrs. F. Frank Smith of our city. He lived here from the year 1914 until 1922 when he moved to Chicago. He moved to New Mexico later and then moved back to Texas, making his home at Athens.

Cecil Ayers, who is the new vocational agriculture teacher in the Spur school system, has been selected assistant scoutmaster for Troop 36. The troop takes this means of expressing their sincere appreciation and gratitude for his assistance.

MRS. FOSTER L. JONES IS CALLED TO KERRVILLE

Mrs. Foster L. Jones, just north of town, received amessage Saturday night of the illness of her father, E. L. Spence, at the family home at Kerrville. Mrs. Jones hurried preparations and started to Kerrville Sunday morning to be with her father, Mr. Jones accompanied her to Brownwood where a brother met Mrs. Jones. It seems that Mr. Spence suffered a stroke of something like apoplexy.

Mrs. Carl Patton, a student at the West Texas State Teachers College, and formerly principal at Steel Hill, will teach Fourth Grade work.

It will be observed that every instructor in the system has had college training and most of them have from one to two college degrees. If there is anything to college preparation our schools this year should enjoy a miraculous year in progress.

The opening programs for the various schools will be announced at a later time.

Red Birds Win From Girard After Hard Struggle

In the game between the Kinney Red Birds and the Girard line-up on Tuesday night, a close contest resulted. Girard had found some new players and had greatly strengthened its team, which gave the Red Birds a run for the money. At the end of the ninth inning the score was even, being 10 to 10, and the game had to go into an extra frame to settle the dispute.

The game was rather one-sided, and all in favor of the Red Birds up to the end of the fourth stanza, but at the beginning of the fifth Girard hitched up its belt and rallied for two runs while holding the Red Birds scoreless. They pushed over three more runs in the sixth and again blanked the Red Birds. They closed the seventh frame with a two run rally, while still holding the Red Birds scoreless, and things began to look gloomy for Godeke and his cohorts of Red Birds. The Spur team had been marked up for errors both on the field and on their judgment until it seemed that the game was definitely placed over in the "lost" column. At the end of the seventh the score was 9 to 6 in favor of the visitors.

In the first of the ninth Girard tallied again, making the score 10 to 6, and not lightening the dark clouds of gloom which had settled over the spectators. But were the Red Birds downhearted? Not at all. In the last half of the ninth, when trailing by an apparently decisive margin of defeat, i. e., first up for

Spur, was safe on first on an error. Vaughn beat out one, Allen took a walk, sending Lee to third, and Vaughn to second. Lee attempted a steal at home, and was out. Marcy hit, scoring Vaughn, and Dr. Bob Alexander made good, scoring Allen and Marcy. Dickson slugged one to the outfield, and Dr. Bob crossed home plate for the tying tally. Dickson stole second and third, but Burrow struck out and Godeke did likewise, retiring the side with the score knotted at ten-all.

In the tenth, Havins for Girard waved at a third one, Cooper fled

out to second base. J. Fincher walked and Ripple ended the inning by flying out to second.

For Spur, in the closing frame, Clemons flew out to second base. Cairns then connected with a fat one that went far over center fielder and into the shadows that counted the winning run and broke up the ball game. It was a tremendous homer.

SPUR DEFEATS JAYTON IN SOFTBALL GAME SATURDAY
In the game of softball Saturday night between the Spur Red Birds and Jayton, the Red Birds was vic-

tors by a margin of one score. The count was 11 to 10.

The Times failed to get a detailed account of the game, but everyone who saw it said it was thrilling all the way through.
