VOLUME XII.

LUBBOCK LUBBOCK COUNTY, TEXAS, THURSDAY, JULY 4, 1912

NUMBER 32

## ABOUT THE TEXICO CUT-OFF

CONVEYORS ARE ABOUT TWENTY MILES OUT FROM LUBBOCK WITH THE GRADE STAKES

## CUT-OFF-WAY CAUSES SLIGHT DELAY IN GRADING

Resident Land Owners Act Slowly in Giving Deeds and Much Time is Lost in Correspondence, Hence Delay-Grading To Begin Soon

The engineer and crew have reached a point about twenty miles out from Lubbock with the grade stakes, and are pushing forward as rapidly as possible. They will have everything ready to begin work on the ground and are ready to begin work. It had been hoped and generally expected that actual grading would be in progress on the Lubbock-Texico grade before the right of way deeds hindered this work to a certain extent. The right of way in Lubbock County has been guaranteed by the right of way committee

backed up by leading citizens of the town and county, and the delay is caused by non-resident land owners in some of the other counties along the route, through which it passes. They are slow to give these deeds, and a considerable amount of correspondence is necessary to get the deeds properly executed, hence a delay of a few weeks was the result. However, it is generally expected that all of the right of way will be secured, or guaranteed by the various right of way committees in a few days, and information comes from men of authority that as soon as all the right of way has been procured that grading will begin at once.

## ROY SAVAGE DEAD

A Lingering Illness Covering Six Months Dies Monday Night

For many months Roy, the 18 year old son of Mr. and Mrs. J. Savage has been lingering on the death's door and on Monday entered into that sleep which knows no awakening in this world. At various times during the course of his illness he would be able to walk about the home and very well only to be seized by a renewed attack and be obliged to his bed again for several weeks. And only a few days before his death he had up and walked about the house apparently much improved when he took his bed and he was not able to rally. The funeral services were conducted at the family residence and the remains were laid to rest in the Lubbock cemetery.

"Shorty" Crosser is now in a new brick building, second north of the corner, and his new shop splendidly equipped. He has been running business in the building in the middle of the street for some time, and he is pleased to move into his new quarters, which are much more pleasant and comfortable.

J. Rhodes, of Beloit, Wis., authorizes us to send the Avalanche to him for one year. He might keep posted as to the progress of this country, and recently become interested in this section by purchase and.

Mrs. C. W. Simpson and children who have been spending the week-end of the editorial family, leave this afternoon for their home in Colorado.

Mrs. T. C. Greenhill and two children, Homer and Bennie, left for Plainview and will be here for a week or so with the family of G. G. Burt near that place.

Miss Francis Pike leaves today for Plainview, where she will stay a few days and from there go to Fort Stockton, where she will make her home.

## The Baptist Meeting

The meeting at the tabernacle continues with two services each day, and interest seems to hold up well. Good congregations are present at all the services, and last Sunday night a record breaking crowd was present, notwithstanding two other meetings were in progress at the same hour.

Up to this writing forty-two conversions are reported and seven additions to the Baptist church. Rev. Edmund is a strong preacher, and gets down to practical everyday life and cuts to the line.

The meeting will continue till Sunday night if the present plans are carried out.

Last Friday while out hunting rabbits, Mrs. W. C. Vaughn accidentally discharged a target rifle and the ball penetrated one of her toes and lodged just under the skin. A physician was summoned and extracted the bullet and at last accounts she was doing nicely.

E. L. Meridith has secured the building one door south of the City Plumbing and Sheet Metal Works and has opened a tailor shop to be known as the South Side Tailor Shop. See his ad in this issue of the Avalanche.

Mrs. J. N. Farris, who has been visiting her father T. S. Rucker at this place for several days, returned to her home in Floydada Tuesday afternoon.

Rev. and Mrs. J. B. Cole of Pecos were the guests of Mr. and Mrs. E. R. Haynes Monday and Tuesday of this week.

A number of the Lubbockites are attending the big celebration at Plains to-day.

Miss Beulah Adams of Cross Plains is visiting her brother, C. L. Adams and family.

Harry Newton of Rails, transacted business in Lubbock Monday.

S. J. Parsons was down from Amarillo Tuesday looking after business matters.

T. C. Heard, a cattleman of Seminole, was here Monday.

## WOODROW WILSON NOMINEE

Baltimore Convention Receives Nomination on Forty-Sixth Ballot

Baltimore, Md., July 3.—For President—Governor Woodrow Wilson, of New Jersey.

For Vice-President—Governor Thomas R. Marshall, of Indiana. This is the ticket completed by the Democratic National Convention at 1:56 a. m. today.

The nomination of Marshall came as a surprise, for when the night's balloting for Vice-President began it seemed that the Bryan-Wilson forces had definitely decided on Governor Joseph Burke of North Dakota. There was not much of a fight and when two ballots disclosed that Governor Marshall was easily in the lead, Burke's name was withdrawn and Marshall was proclaimed the nominee by acclamation.

One minute later the convention adjourned sine die.

The delegates worn and weary made their way out of the convention hall, singing, and happy to start home.

Wilson was nominated during yesterday afternoon's session on the forty-sixth ballot, receiving 990 votes to 84 for Clark.

The Missouri delegation then moved that Wilson's nomination be made unanimous. Great cheers of approval followed, and the fight was over.

Only four ballots were required today to reach the Wilson nomination.

When adjournment was taken Monday night the convention seemed to be hopelessly deadlocked.

It was 3:15 yesterday afternoon when Pennsylvania's solid seventy-six carried Wilson over the winning line, making a total of 733 votes.

The stampede did not end until 9:00 of the 1088 votes of the convention had been cast for Wilson.

At 3:55 Chairman James officially declared that Wilson was the nominee.

There was an attempt at demonstration but the delegates were too tired.

## CLARK'S NAME OFFERED

At an early hour in the night Speaker Clark was reported to have agreed to accept the nomination for vice president by the convention, and it was also reported that Bryan would make Clark's nominating speech.

Former Governor Dockrey of Missouri said that Clark would not accept the nomination but supporters of several who were mentioned for the vice presidency said that the nomination would go to Clark by acclamation, if he would accept it.

Clark arrived at Washington some hours later and said that he might have something to say about the vice presidency later on.

Before balloting began Clark was placed in nomination by a Georgia delegate.

Former Governor Dockrey declined the nomination in the name of Clark. Dockrey declared that Missouri was for Wilson "first, last and always."

The District of Columbia placed Bryan's name in nomination.

Bryan took the platform amid cheers and declined the nomination. He said he had been a fighting man for sixteen years and now surrendered the fight to Wilson. He declared that no office was to low for him to fill if the country needed him.

Bryan seconded the nomination of Burke. Senator Chamberlain of Oregon was placed in nomination then.

The first ballot for vice president showed no nomination, Mar-

shall of Indiana with 389 votes and Burke of North Dakota with 305 2-3 being the two leading candidates.

The second ballot, no choice. Marshall 245 1-2; Burke 387 1-3.

On the third ballot Marshall was nominated by acclamation and the convention adjourned sine die.

Judge Crump recently purchased the county windmill, tower, pump and tank which stood on the west side of the court house and moved it to his ranch, and the new band stand occupies nearly the same location as the tank did. The county is now connected up with the city water works, where they get a splendid supply of water. The water proposition on the public square in Lubbock is adequate now for all purposes for which it is used.

Mr. and Mrs. W. E. Bozeman of Rosebud, who are visiting their daughters Mesdames L. B. Wright and M. Q. Perdue, left the first of the week for Plainview, where they will spend a few days visiting old time friends and will then go to Tulsa to spend a day or so, after which they will return to Lubbock and remain here till they get ready to return to Rosebud.

Mr. Cook, the skating rink man has erected a large canvas tent on the lots west of the Odd Fellows Hall on West Broadway and will conduct his rink there in the future having built a maple floor and added other equipments for the comfort and entertainment of those who attend.

The Bargain Store of D. C. Worsham is hanging out some excellent inducements to the trade in the way of prices on his stock of general merchandise, including groceries. It will pay you well to investigate his offerings.

Leslie Ellis returned Saturday from Estacado where he attended the big picnic and visited friends a few days. He reports conditions excellent in that part of the country.

Bomar Moore, the South Plains champion wrestler, has gone to Plainview where he will engage in a wrestling match with a Dalhart man.

Our hustling baker, R. Martin, has secured the contract to furnish bread for the big celebration at Lames July 11th and 12th.

Joe George returned Tuesday from an extended trip to Waco, Rosebud and other Central Texas towns.

F. R. Anderson, formerly in the meat market business in Lubbock, now of Tulsa, spent Wednesday here.

Jack White left Wednesday for Plainview, where he will spend a few days.

W. B. Powell is in Las Vegas, N. M., this week attending the Johnson-Flynn fight.

L. B. Minor left Sunday for Las Vegas to be present at the Johnson-Flynn fight.

BORN—To Mr. and Mrs. Ed Waechter, a girl baby of usual weight.

B. G. Maberry, of Amarillo, was transacting business here Tuesday.

A. R. Kells and J. L. Glass, of Sterling City, transacted business in Lubbock Tuesday.

Y. O. McAdams is spending a few days here.

W. J. Stalcup was transacting business in the city Tuesday.

Oscar Porter is spending a day or so in Plainview this week.

## FIREMAN'S CARNIVAL NEXT WEEK

SOUTHERN AMUSEMENT COMPANY WILL BE IN LUBBOCK ONE WEEK WITH THEIR STREET SHOWS

## BEGINNING MONDAY AND ENDING SATURDAY

This is An Entirely New Feature in Lubbock and Will Be of Great Interest to Many of Our People. Local Fire Department Will Be Benefitted

The fireman's Carnival by the Southern Amusement Company will be in Lubbock next week, beginning Monday and continuing from day to day for one week, ending Saturday night. This noted Carnival Company has been making several west Texas towns for several months and seem to be giving entire satisfaction at every place they go. They have a large number of shows and something over a hundred men come with the company.

According to the contract the Local Fire Department will receive a certain per cent of the

proceeds of the show, which money they will use for the better equipment of their fire fighting paraphernalia, which is greatly needed, and the fire boys will appreciate a liberal patronage on the part of the people in this section of the country.

This is an entirely new feature in Lubbock. Nothing like it has ever been attempted, and our people, many of them at least, are greatly interested in it. A large crowd from nearby towns are expected to come to our town during the week's series of entertainments.

## The Power Behind Colquitt

In the San Antonio Express: one of the leading Colquitt organs, of June 28th, appeared the following article, disclosing in no uncertain terms the forces which are behind the Colquitt campaign.

The Governor's plight must indeed be desperate for the saloon keepers to come openly out from under cover in his behalf. The Governor should pray to be delivered from his fool friends:

"The Retail Liquor Dealers' Association of San Antonio was re-organized at a meeting held last night in Turner Hall with between forty and fifty active saloonmen present. Charles E. Bosshardt presided and first introduced Judge P. H. Shook, who made a short address.

"In this talk Judge Shook advised the saloonmen to confine the attentions to advocating the renomination of Governor Colquitt and the candidacy of Bob Baker, explaining that it would not in any way further their interests to take sides in the local fight.

"George F. Mayer, who followed, assumed the same attitude, urging that it is the same imperative duty of all saloonmen in Texas to see that Governor Colquitt is renominated.

"Following these two talks Mr. Bosshardt announced that an executive meeting would be held by the active saloon men present. At this meeting plans were discussed for furthering the interests of both Governor Colquitt and Bob Baker, candidate for Comptroller against W. P. Lane, incumbent. The next meeting of the association will be held July 10."—Cleburne Morning Review, June 30th, 1912.

Mr. and Mrs. Hamilton and Mrs. Burleson and daughter, all of Big Springs, stopped a day at the Nicolet Hotel enroute to their ranch northwest of Lubbock.

A. P. Marhoff, of Post, was here this week.

J. W. Graves spent Wednesday and Thursday in Plainview.

Thad Tubbs left Sunday for Las Vegas, New Mexico.

## Band's First Engagement

The Lubbock band played their first engagement last Saturday evening, when they played at the Airdome in connection with the program rendered by the moving picture people for the benefit of the Local Fire Department.

The band has made splendid progress since it was re-organized under the direction of Prof. N. C. Bishop, recently from Canyon City, and the music rendered by them on this occasion was greatly enjoyed by the public in general.

Another feature of the program was the singing by Mr. C. L. Griffin, and on account of the special features and the well recommended picture reels at the Airdome, there was present quite a good crowd, and the cash results from the entertainment for the fire department was very satisfactory.

Simeon O'Neal announces in this issue that he intends continuing his Carnival Sale ten days longer which will include the days of the Firemen's Carnival. Mr. O'Neal is offering some good prices on his stock of gents furnishings.

Misses Lillian and Minter Poole both of New York are visiting their sister, Mrs. Marsh, who is quite ill, at the home of Mr. and Mrs. J. W. Bounds.

Miss Anelle Aynes of Jacksboro, is visiting at the home of Mr. and Mrs. Scott Wolfarth, corner South Second and Galveston Streets.

Dr. O. F. Peebler has completed a nice addition to his residence.

L. H. Simpson, this week received his new bus and has put same into service.

Tom Hollingsworth left Tuesday for Amarillo, to be gone several days.

H. B. Hill of Columbia, Mo., spent a few days here this week.

C. B. Locke, of Miami, was in the city Wednesday.

Frank Simpson, was here from Lynchburg, Va., Tuesday.

J. L. Davis, of Waco, spent Tuesday here.

### ONIONS AND CABBAGE

Question of Deadheading Vegetables is Entering Campaign in Eagle Lake Country.

Eagle Lake, Tex., June 29.—The Eagle Lake Headlight publishes the following article in this week's issue:

DEADHEADING VEGETABLES. Prison Commissioner Asks Sergeants to Deadhead Vegetables to Wortham and Colquitt.

Mr. W. T. Eldridge of Sugarland was a visitor in the city Wednesday, and while here showed a Headlight reporter a copy of two letters which are reproduced below, for we believe they will prove very interesting to our readers. These letters are reproduced with comment we are leaving that for our readers.

Captain A. K. Addison, Sugarland, Texas.

Huntsville, Tex., April 25-12.—My Dear Captain: I would be glad to have you ship every week or ten days a nice box of vegetables to the Hon. Jno. L. Wortham, Austin, Texas. Ship

them deadhead by express, as he has a frank and they will cost him nothing. Always drop him a line a few days before you ship and tell him that you are going to make the shipment and to divide them with the governor. In this way the governor will get the vegetables without having to pay any express and they will both appreciate and enjoy them very much.

Yours very truly,  
R. W. BRAHAN,  
Prison Commissioner.

Captain A. K. F. Cunningham, Bonus, Texas.

Huntsville, Tex., April 25-12.—My dear Captain: I wish you would ship to our good friend, Hon. Jno. L. Wortham, at Austin, Texas, a box of good vegetables every week. He has an express frank and they can be shipped without prepaying. Always drop him a letter in advance and ask that he send half of the shipment to the governor, as will save either you or the governor from having to pay any express.

Your friend,  
R. W. BRAHAN,  
Prison Commissioner.

### SOME IMPROVEMENTS

West Texas Towns Are Doing Improving—Denote Prosperity—Sewer System at Sweetwater

ABILENE HEATING SYSTEM INSTALLED. Abilene, Tex., June 28.—Workmen are now at work installing a modern heating system known as the Waterbury system in the Third Ward public school buildings. This improvement will cost \$2,750. Heretofore the buildings have been heated with stoves.

SWEETWATER SEWER SYSTEM. Sweetwater, Tex., June 28.—By a vote of 181 for and 41 against the citizenship of Sweetwater voted to issue sewer bonds to the amount of \$35,000. It is now certain that a splendid water supply for the town will be secured and with a good sewer system in the town's future is exceedingly bright.

SCHOOL BOARD ELECTION. Stamford, Tex., June 28.—There will be a School Board

election in Stamford the first Monday in July for the purpose of deciding whether or not \$25,000 bonds will be issued for a new school building in this city and an addition to the high school.

CONTRACT FOR IRRIGATION WELLS. Plainview, Tex., June 28.—The G. E. Green Machinery Company has closed contracts to put down and equip two more large irrigation wells, one for F. Eiring, five miles east of town, and the other for C. S. Ebeling, six miles west of town.

Mrs. Longmire and grandson, who have been visiting H. G. Guinn and family, left Monday for Plainview, their home.

Married. Last Saturday at the residence of the bride's mother, Mrs. Louise Friedrich, Mr. Rube Clayton, Jr., and Miss Blanche Henrietta Friedrich, were united in marriage, at 6:00 o'clock Saturday evening. Rev. J. P. Word, pastor of the First Presbyterian church in this city, officiating.

The happy couple left by auto accompanied by Don Clayton, brother of the groom and Miss Hazel Friedrich, sister of the bride, for Post City where they will reside in the future.

The groom is a son of Mr. and Mrs. R. M. Clayton, of this city, and is engaged in the cattle business in Garza county. The bride is a daughter of Mrs. Friedrich, who is of this city,

and was one of the teachers at the Lubbock High School year.

Both have a large circle of friends here who wish them much happiness and prosperity as they journey through life together.

Cream! Cream!! We want the cream we get, and we pay the high market price for it. Bring it to our store not later than noon, Tuesdays and Saturdays. L. Brothers, Phone 284.

The state of Texas, county of Lubbock. To the sheriff or any constable of Lubbock county: Greeting:

You are hereby commanded to summon and notice once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in Lubbock county, Texas, Adele W. Farmer, and A. S. Connelley, who are non-residents of the state of Texas, said Adele W. Farmer being a resident of Cook county, Illinois, and said A. S. Connelley being a resident of Oklahoma City, in the state of Oklahoma, to be and appear before a sitting of the undersigned special commissioners, duly and legally appointed and qualified, to be held at the court room in the court house of Lubbock county, Texas, in the town of Lubbock, the county seat of Lubbock county, Texas, on the 2nd day of August, A. D. 1912, at two o'clock p. m., then and there to answer the statement and petition for condemnation of the Pecos & Northern Texas railway company filed with the county judge of Lubbock county, Texas, on the 3rd day of July, A. D. 1912, in a suit wherein said the Pecos & Northern Texas railway company is plaintiff, and C. U. Connelley, John W. Wray, Adele W. Farmer and A. S. Connelley are defendants.

The nature of plaintiff's demand being as follows:

That your petitioner by the terms of its charter is authorized and empowered to locate, own, operate and maintain a railroad through certain cities, towns and counties in the state of Texas, including the county of Lubbock, in said state; and for that purpose it has authority among other things by the general laws of the state, to receive, take, hold or obtain any lands necessary for the purpose of locating, constructing and maintaining its railway. That for railroad and other lawful purposes, as hereinafter set forth, it is necessary for petitioner to have the possession and use of the following described tract of land situated in Lubbock county, state of Texas, to-wit: A strip of land two hundred (200) feet in width, the same being one hundred (100) feet wide on each side of the center line of said railway as located over and across section number forty-three (43), in block P, located and surveyed by virtue of certificate number 35 56, granted to A. C. H. & B. and patented to J. S. Daugherty, patent number 28, volume 33, and extending from a point in the east line of said section, distant one thousand eight hundred and fifty (1850) feet north of the southeast corner, said place of beginning being at engineer's station 1169 plus 00 on the circumference of a circle whose radius is five thousand seven hundred and thirty (5730) feet the tangent to which bears north 52 degrees and 1 min. west; thence turning to the left along the circumference of said circle, a distance of five hundred thirty-nine and one-tenth (539.1) feet to engineer's station 1121 plus 39.1; thence tangent and north 57 degrees and 24 min. west a distance of five hundred sixty and nine-tenths (560.9) feet to engineer's station 1127 plus 00. Also a strip of land one hundred (100) feet in width, the same being fifty (50) feet wide on each side of said center line and extending from said engineer's station 1127 plus 00 north 57 degrees and 24 min. west, a distance of five thousand forty and four-

tenths (5040.4) feet, more or less, to engineer's station 1177 plus 40.4, to a point in the west line of said section number forty-three (43), distant about one hundred twenty-five (125) feet, more or less, south of the northwest corner. All of the above described right of way containing an area of sixteen and sixty-two hundredths (16.62) acres, more or less.

That your petitioner desires to obtain the possession and use of the above described tract of land for the purpose of right of way, passing tracks, and station grounds, and for any other lawful railroad purposes.

That said tract of land is owned and possessed by said C. U. Connelley, who resides in the county of Eastland, in the state of Texas, and the said John W. Wray, who resides in Tarrant county, Texas, claims some kind of a mortgage interest therein. Also the said Adele W. Farmer, who resides in Cook county, Illinois, and A. S. Connelley, who resides in Oklahoma City, Oklahoma, each claims some kind of an interest in and to said property, the nature and extent of each is unknown to your petitioner.

That your petitioner cannot agree with said owners for the purchase of said real estate, and has, through its agent, offered to them the sum of two hundred (\$200) dollars in payment for damages that may be caused to said owners by the possession and use by petitioner of said tract of land as aforesaid, which offer was refused.

Wherefore, petitioner prays for condemnation of said tracts of land for the purposes and uses aforesaid, for the appointment of commissioners to assess the damages in accordance with the statute in such cases made and provided, and for general relief.

The Pecos & Northern Texas Railway Company.

By Roscoe Wilson,  
Its Attorney.

**Simmons to Support Ramsey**

Judge Tom Simmons surprised his closest friends yesterday by withdrawing from the race for the Sixty-seventh District Court Judgeship. Judge Simmons gave out the following statement: To the Voters of Tarrant County: I have today requested the County Chairman of the Democratic party not to put my name on the ticket as a candidate for Judge of the Sixty-seventh District.

I have taken this action of my own accord, not even conferring with my closest personal friends. I feel that I owe it to those loyal friends on both sides of the prohibition question to give my reasons for withdrawing from this race at this time.

Let me say first, that prohibition should not be an issue in the race for District Judge. A man's views on the prohibition question is not and should not be a qualification for District Judge, and it should have nothing to do with a race of this kind, unless a man would reflect those views in his decisions and ruling on the bench, and if a man in that way gives way to his prejudice and overrides his conscience he is corrupt, he is a prohibitionist or anti-prohibitionist.

I believe that I could win this race, regardless of the fact that I expressed my sentiments in a prohibition speech in an anti-prohibition county, but in order to do it I feel that it would be necessary for me to do things that a self-respecting man could not conscientiously do—and I could not pay that price for any office, no matter how much honor it carried with it.

And again, in order for me to have won my race, it would have been necessary for me to have remained silent in the governor's race. I know that the election of a governor at this time is more important than the election of Tom Simmons as a district Judge. I stand for clean, honest government in our state. I stand for a government that is dominated by conscience and not by cash. I am willing for Tom Simmons to be laid upon the political altar and offered as a sacrifice as many better men have been sacrificed before me, in order that the tide of public opinion and public action will sweep toward higher ideals and better government. In laying down my own ambitions I take up the ambitions of thousands of others who believe the State of Texas can best be served by electing William F. Ramsey its governor, and I will be found fighting as a private in his ranks during this campaign.

### Texas and the Railroads.

Texas was one of the first States to create a railroad commission and to impress upon that commission the idea that railroads are built to serve the people rather than to make fortunes for their builders and operators. The first session of the commission was held June 10, 1891. In the twenty-one years since there has been no question of the commission's loyalty to the people. A logical result, which is beginning to disturb the business builders of Texas, is that railroad building has gone forward at an abnormally slow rate. The State had 8,654 miles of railroad on June 10, 1891, and since then less than 5,500 miles of new road have been built. In the last twenty-one years railroad construction for each 100 square miles of territory has been 2.17 over the whole of the

United States in that same period the figure is 2.57; in Oklahoma, which borders Texas on the north, the figure is 6.48; in Louisiana, on the east, the figure is 8.74; in Arkansas, also part of the eastern border of Texas, the figure is 5.99; in Wisconsin, where railroad control by the state has been strict, 3.51 miles of road have been built for each 100 square miles of area. These are figures collected by the new Texas Welfare Commission, a body chosen from the commercial associations of thirty-two cities. Its members are seeking an explanation; they are counting the cost of twenty-one years of "dissension between State government and the railroad companies." They say that the people want to know, "In east Texas, where the products of tree and vine rot for lack of facilities to transport

them to market; in west Texas, where progress and prosperity are withheld for lack of railroad mileage; in the cities, where manufacturers and merchants are losing business on account of poor service." Inquiry is persistent. Apparently the quarrel is to be made up. Railroad men have appeared before the Welfare Commission to give their side, and the orators who have been boasting that Texas leads the world in railroad development, as in everything else, have been invited to consider the commission's figures. — Collier's Weekly.

### BORDERLAND ROUTE ASSURED

Has Been Officially Adopted by Transcontinental Touring Club

Recognizing the touring advantages of the "Borderland Automobile Route," extending from Dpdge City, Kansas, to Phoenix, Arizona, and the fervent enthusiasm and activities of people along the line of the highway, the Transcontinental Touring Club of America has officially adopted this road as a branch of its organization. Route books showing all running details will be issued at once, and it is the assertion of H. C. Drum, Club Chairman of Tours, that this highway will become one of the most traveled roads in the United States by Transcontinental Tourists.

The benefits to citizens and territory traversed are incalculable; already a large number of motorists have made the trip over the newly routed roadway, and there is little doubt by that when the Club route books are issued thousands of cross-country travelers will tour the country, leaving behind them millions of dollars, possibly large investments, a branch factory or great industry, or, purchase, they may come back themselves to settle in the country that has attracted them. The logic of such an assertion may be readily reached in view of the statistics showing that \$150,000,000 was spent by American tourists in foreign countries last year.

The Transcontinental Touring Club of America will start activities at once tending to turn tourists over the "Borderland Route," in consequence of which, assisted by the most active and enthusiastic road workers in each community, they will wage a campaign for memberships along this route to adequately and intelligently care for this

travel and the up-keep of the road and the organization throughout.

This organization looks forward to a large membership along the route, so that it may be sure that activities will be fully coped with at all times, all unfavorable conditions overcome, and a working unit presented in each district which will not only provide local membership workers who are constantly active in their own territory, but will also give touring members a feeling of security and assurance that they are among fellow clubmen and friends who will at all times extend to them those courtesies which make automobile touring a pleasure, and allow them to see the country to its best advantage.

These memberships, whether he be an automobilist or not, mean much to every individual citizen, inasmuch as it means advancement to the community in which he lives and in which his interests are, and for the good which he brings to himself, and his country, and which he gives to others.

Last year 6,000 automobile parties were attracted to Colorado, bringing into the State 30,000 wealthy investors, possibly settlers, financiers and advertisers, who circulated among probably a million Easterners of their return. The value of such a movement to the individual community can hardly be estimated, while if that many tourists were brought into your own home city during the year they would leave there, in that time, something like \$300,000 in actual cash expended among your citizens.

Transcontinental tourists should be routed over the "Borderland Route," and these benefits reaped by the cities and communities along this new highway, if the right action is taken, and such a movement would surely be worth thousands of dollars more than any public advancement for which you have ever striven, for which the authorities have properly expended large sums of money and for which private citizens have no doubt contributed large amounts to secure.

The Board of Directors are pleased with the enthusiastic way in which certain towns have taken to improving roads, and are endeavoring to make this

the best traveled of all Transcontinental routes. Members in Douglas, Arizona, recently had a stone-rolling day, under the supervision of District Supervisor E. P. Grindell and Vice President Adamson, two very able and enthusiastic workers, having accomplished wonderful results.

Roswell, New Mexico, is just improving and completing a \$12,000 road through the Mescalero sands, formerly one of the worst pieces of road along the route, and is making a road bed of which any city could justly and proudly boast. Vice President C. M. Farnsworth, along with other members, is responsible for this interest in civic pride, which does more good for a community than one can realize.

Ex Paso, Texas, is also doing splendid work on the roads. Along with other improvements they are completing a \$4,000 road around a bad hill to Deming. Vice President McNary and other members are giving this their valuable time and attention.

District Supervisor W. S. Cox, of Silver City, has scouted out a new road to Lordsburg, and is also looking after the work which is being done on it.

The Transcontinental Touring Club of America will inaugurate a "Clean-Up" day in the near future, so that every city along the "Borderland Route" can work together, and wonderful progress will be made in road improvement along the route by this concerted action and it is possible to convert roads now almost impassable to a desirable highway in a day.

B. P. BATES,  
Secretary.

**Sheriff's Sale**  
The State of Texas, County of Lubbock. Whereas, by virtue of a certain order of sale, dated June 25, 1912, issued out of the district court of Lubbock county, Texas, on a certain judgment rendered in said court on the 7th day of June, A. D. 1911, in case No. 476 on the docket of said court, and as thereafter reversed, revised and rendered by the court of civil appeals for the seventh supreme judicial district of Texas, on the 24th day of February 1912, wherein W. K. Dickinson, T. F. Gibson and J. D. Quick, as plaintiffs recovered judgment against J. H. Quinn and J. M. Patton sums of money aggregating \$8,197.26, with interest after judgment; and wherein the defendant Lubbock Hardware & Furniture Company recovered against J. M. Patton and J. H. Quinn the sum of \$188.10, with interest after judgment; and wherein J. W. and Z. D. Agnew recovered against J. M. Patton the sum of \$128.00, with interest after judgment; said judgments being also a foreclosure of a vendor's lien on the property hereafter described for all the debts except that of J. W. and Z. D. Agnew, and as to said debt a mechanic's lien was foreclosed, and order of sale was decreed to be issued, commanding the sale of said hereinafter described land in satisfaction of all said recoveries, in accordance with said order of sale to me issued, I did on the 25th day of June, A. D. 1912, at 10 o'clock a. m., levy upon the following described tracts of land: Lots sixteen (16) and seventeen (17), in block one hundred three (103) in the original town of Lubbock, Lubbock county, Texas, as is shown by the map or plat which is recorded on pages 284 and 285 of volume 3 of the Lubbock county deed records; and on the 6th day of August, A. ### City Building Notes

Prosperity prevails where progress predominates. Capital will linger in a live town.

Texas jobbers and manufacturers are in a position to place merchandise at your door in first class condition—patronize home industry.

Let your motto be "Get there" not "Hot air."

Trees will protect the public highway and lessen the cost of upkeep.

Meet the stranger at the town gate with an extended hand of good fellowship.

A Commercial Club is the foundation around which many a city has been built.

Posterity will boast of the forefather who voted in favor of the good roads bond issue.

Success usually depends on the way you approach a man. It is that way also with a city—improve the highway approaching town.

A goodly portion of the billion dollar harvest in Texas this season should be used in town development—join the commercial club.

Increase the population by exterminating the breeding places of the fly and mosquito.

Railroad and interurban lines are mortgage lifters.

See Texas made goods first and you won't have to look the second time.

Pasturing close in, \$1 per month per head. Phone 60.

### It Helps!

Mrs. J. F. Daniels, of Slip, Ky., writes: "I was so sick for 3 or 4 years, I had to give up my work, most of the time. I had given up hope. When I began to take Cardui, I knew, right away, I was helped. Now, I am better than ever before in my life, and Cardui did it."

### Take CARDUI

### The Woman's Tonic

Cardui has helped thousands of weak, tired, worn-out women, back to health. It has a gentle, tonic action on the womanly system. It goes to the cause of the trouble. It helps, it helps quickly, surely, safely. It has helped others. Why not you? It will. Try it. Get a bottle today!

**Houston**—The movement to construct a public highway from San Antonio to this city is arousing favorable sentiment and good roads rallies will be held in all the cities along the proposed route.

**Abilene**—The Board of the Chamber of Commerce of this city at a recent meeting elected E. B. Brynum to the presidency of the organization and J. M. Radford to the vice president. The office of secretary will be filled later.

### Sheriff's Sale

The State of Texas, County of Lubbock. Whereas, by virtue of an order of sale, issued out of the district court of Lubbock county, Texas, on a judgment rendered in said court on the 15th day of June, A. D. 1912, in favor of C. F. Simpson and against R. E. Penney, J. S. Penney and the Lubbock State Bank of Lubbock, No. 585 on the docket of said court, and to me, as sheriff, directed and delivered, I did, on the 28th day of June, A. D. 1912, at 5 o'clock p. m., levy upon the following described tracts and parcels of land situated in Lubbock county, Texas, and belonging to and claimed by R. E. Penney, J. S. Penney and the Lubbock State Bank to-wit: an undivided one-third interest in and to lots 11, 12, 13, 14 and 15 in block 127 of the original town of Lubbock, Texas, as said lots appear on the plat of said town recorded on pages 284 and 285 of vol. 5 of the deed records of Lubbock county, Texas, on the 5th day of August, A. D. 1912, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the court house door of Lubbock county, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said R. E. Penney, J. S. Penney and the Lubbock State Bank in and to said property. Witness my hand, this 28th day of June, A. D. 1912.

Sheriff of Lubbock county, Texas.

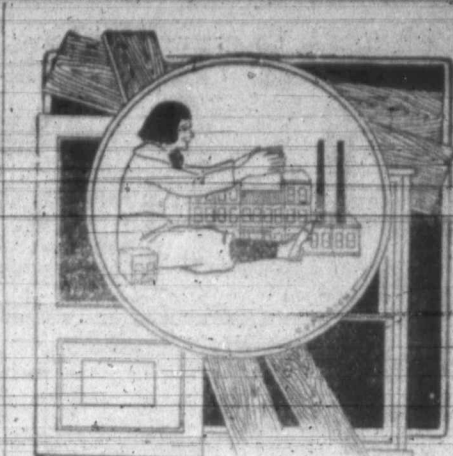

### New Band Stand

The carpenters have completed the band stand in the court house yard and everything is getting in good shape for the open air concerts. The Lubbock band is rendering good music now and the people of Lubbock should stand by them with a liberal support. There are few towns that can boast of a band like Lubbock's and we should show an appreciation of their efforts to furnish us good music, by giving them our support, morally and financially.

The Texas farms and ranches have been producing over half a billion dollars per annum, but this year promises to eclipse anything within the memory of man in the way of quantities and prices. The products of our mines and factories require six figures to express them and it is safe to estimate that the wealth produced in Texas in 1912 will amount to approximately a billion dollars. Then the increase in the value of our property runs close to a million dollars per day, and there is a vast amount of capital pouring into the state, and all these factors taken in the aggregate makes a magnificent prosperity.

### Railroad Notes

A communication this week from the chief engineer of the Santa Fe to our townsman S. H. Vithers, is to the effect that dirt will begin flying on the Cut-off between this point and Lubbock just as soon as three parties who own land through which the survey runs, deeds the company the right-of-way through their land. We understand that this is only a matter of correspondence and do not doubt this will be arranged in a few days or as soon as the matter is brought to the attention of the owners of the land. The corps of engineers are placing the grade stakes along

this line and are expected into Hurley daily.—State Line Tribune.

### RAILROAD CONTRACTOR IN TOWN

Mr. Hurley, the contractor who contracted the railroad work on Altus Lubbock and Roswell Railroad in this section was in town last Tuesday.

In conversation with the editor he stated that he had no authentic news in connection with the movements of the promoters of the road but from their late maneuvers, he is under the impression that work will begin again inside of ninety days. The work, he thinks, will begin at Lubbock and be pushed this way as rapidly as possible when it is commenced. He is very positive that the road will be built during this year, however, his information is not official.

His impression is that if the citizens of Silverton do not get down to business that the road will miss the town and build a new town elsewhere in the county. It is inevitable that a town, as good as any south of

Amarillo, will be built somewhere in the county as soon as work begins on the road, and if the citizens of Silverton fail to comply with the demands of the promoters of the road it will go elsewhere.—Brisco County Mirror.

### POST CITY IS BUILDING

Thirty Residences to Be Built for Cotton-Mill Workers at an Early Date.

Post City, Tex., June 29. — Announcement has been made that thirty residences will be built in Post City at once to be ready for the people who will shortly be employed at the cotton mill of the Postex Company. These houses will range in cost from \$1,000 to \$2,200, and will be of modern pattern and construction. Forms are up for the casting of heavy concrete piers and other work at the Postex cotton mills. Three portable steam engines and one traveling steam crane are at work and all construction is moving on rapidly. Ample switching tracks and rail facilities have been provided to allow the least possible delay in handling machinery.

Since Lubbock organized a band two or three others have organized in plains towns. Nearly every town on the plains tries to copy after our town. No wonder, she is progressive. Her people have good ideas. We know what is good for our town, and those who look on realize that if they follow after Lubbock that they will succeed. Lubbock goes after things when she wants them, and it is the only way that any town will succeed. The time has passed in which people or a town can sit by and get the choicest plums.

### Home Industry Dinner

Fort Worth, Texas, June 1. — Over six hundred members of the Fort Worth Chamber of Commerce journeyed to Arlington recently by special cars to partake of a 6 o'clock home industry luncheon given by the Commercial organization of this city. The spread was unique in that all the items on the menu were the products of Fort Worth or Tarrant county. Speeches were delivered by several prominent men during the evening and it developed that the organization is planning to amend its charter to admit of including the citizens of the entire country in the membership of that body.

We see no reason why Lubbock could not have something like this. It would stimulate trade and create a better feeling between merchant and customer.

A lawyer in a court room may call a man a liar, scoundrel, villain or thief, and no one makes complaint when court adjourns. If a newspaper prints such a reflection on a man's character there is a libel suit or a dead editor. This is owing to the fact that the people believe what an editor says.

J. W. Achen, of Lubbock, Texas, who marketed 2 carloads of yearlings here a few days ago, says he has found sheep raising in that part of the State profitable. Lubbock is in the great cattle territory, where very few sheep are raised. "My wethers produced 9 pounds of wool to the head this spring, which sold at 20 cent per pound, and then when I shipped them to Kansas City, they brought a good price," said Mr. Achen. — Kansas City Drover's Telegram.

### Don'ts for Wives

The leader of Rockefeller's church at Cleveland, Ohio, recently took the above heading for his text, and asked his hearers to put the following ten don'ts up in their wife's mirror:

1. Don't marry a man for a living, but for love. Manhood without money is better than money without manhood.

Don't overdress nor underdress. Common sense is something better than style.

3. A wife with a hobble skirt and a husband with patched trousers make a poor pair. A woman can throw more out of a window with a spoon than a man can put into the cellar with a shovel.

### HOW NOT TO RUN A HOUSE

4. Don't think that the way to run a house is to run away from it. It is wrong to go around lecturing other women on how to bring up children, while you are neglecting your own.

5. Don't tell your troubles to your neighbors. They have enough of their own. Fight it out with yourself if it takes all

6. Don't nag. The saloon-keeper is always glad to welcome your husband with a smile.

7. Don't try to get more out of a looking glass than you put into it. Nature's sunshine is better for a woman's beauty than man's powders and paints.

### WHIST PARTIES AS PERILS

8. Don't make gamblers and drunkards out of your children by running whist parties for prizes and serving punch with a stick in it.

9. Don't forget to tell the truth, especially to the conductor about the age of your child; honesty is worth more to you and them than a nickel. A boy who is 8 years old at home and 6 on the cars will soon learn other things that are not so.

10. Don't forget that home is a woman's kingdom, where she rains as queen. To be a mother of a Lincoln, a Garfield, or a McKinley, is to be the mother of a prince. — Home Circle.

People are coming to Lubbock most every day. They are moving here and they are coming with the intention of staying.

### Hanging Pictures

Did you ever realize that hanging pictures in your home was quite an art. The manner in which they are hung makes a great difference in the appearance of a room. We made the above remarks to one of our decorators the other day and this is what he said in reply: "That fact is true upon me nearly every day. I go into some parlors where the pictures are hung so high that all perspective is lost, and the ceiling seems to be hopelessly high. Other folks hang theirs so low that it hurts your spine to look at them, in addition to straining your eyes, spoiling the beauty of the room and taking from the value of the picture. "All pictures should not be hung on the same level, as they so often are, yet all should be as nearly on the level with the eyes as possible. If square and oblong pictures are alternated irregularly with round and oval ones the best possible effect is gained." — Home Decorator.

WOMAN'S MISSIONARY SOCIETY. The Woman's Missionary Society of the Methodist church held their regular business meeting last Monday afternoon at the church.

The opening song, "Anywhere With Jesus," Scripture reading, Psalms 91. After which a prayer was led by Mrs. Lane.

There was some new business brought up and decided upon, which was that the society should be divided into circles and each circle with its leader should have their time to, in some way, secure funds for the society.

The leaders are: July, Mrs. Ed Robinson; August, Mrs. Schenck; September, Mrs. Jas. O'Neal; October, Mrs. O. L. Slaton; November, Mrs. W. W. Royalty; December, Mrs. W. A. Bacon.

The society also decided not to carry through the Lyceum course idea; but to turn their attention to something else. Mesdames—Lane, McWhorter

and Kennedy will give Missionary notes at the next meeting the first Monday of next month.

The program of the devotional meeting of the missionary society of the M. E. C. S. is as follows: Subject—"Cuba and City Mission Work."

Leader—Mrs. H. T. Kimbro. Scripture lesson—"How to Pray," Matt. 6:6-15. Song—633 church hymnal. Scripture messages—"The Spirit of Speed."

Solo—"The World is Dying for a Little Bit of Love."

Dialogue—Three Missions and Three Deaconesses. Miss Toland. Mrs. Craig. Miss Carson. Mrs. Stubbs. Miss Markey. Mrs. Downing. Miss Royalty. Mrs. Beatty. Miss Jackson. Mrs. Penney. Miss Wilhoit. Mrs. O'Neal.

Duet—"The Gypsy Boy." Thought to be developed by leader—"The peculiar responsibilities and obligation of American Christians to these people."

THE FIFTH SUNDAY MEETING AT UNION.

According to previous arrangements, Rev. J. L. Elliott pastor of the First Cumberland Presbyterian church of Lubbock, went out to Union southwest of Slaton, which is a convenient point for a number of his members living in the country, and conducted an all-day meeting on Sunday, June 30th.

The day was fine, and people came from other communities also. An excellent choir was made up under the leadership of J. A. Standifer and much time, both in the morning and afternoon, was used in singing. A very attentive audience heard the morning sermon. At noon a basket dinner was spread. A cloud hid the sun and the dinner was spread on the beautiful grass plot in the yard, as the house was not large enough to accommodate the spread.

None but those accustomed to such occasions can imagine the excellencies of the feast. A spread 30 or 40 feet long was literally heaped with good things to eat. Old and young, large and small, enjoyed alike the rich

# THE IDEA IS THIS, MR. FARMER

We are in the Grocery Business and we try to keep our stock as near complete as possible. Our prices, we believe you will find, as low as anywhere in town, quality of goods considered. Then you will find a ready market at our store for your CHICKENS, EGGS AND CREAM, and we will pay you the top market price for these products. Buy from the people who always buy your products. The city trade should consider these points too for if we buy from the farmer we have it to sell to you. Remember we handle Corn Chops and Bran.

## BARTLEY ON PROHIBITION

Replies to Communication Addressed to Him Regards to His Position on Ramsay Platform

The following letters are self-explanatory:

Lubbock, Tex., June 25, 1912.  
Judge T. M. Bartley,  
Tahoka, Texas.

Dear Sir and Friend:

Realizing that whoever is elected governor of Texas this year should have a legislature composed of men who are in thorough sympathy with him, and the measures he advocates, and who will honestly, conscientiously and completely co-operate with him in the enactment of such laws as will be necessary to carry into effect the principles he represents, and with that end in view, our people wish to know just what measures you would support, in the event of your election to the legislature.

Should Judge Ramsay be elected governor, we wish to know if you would co-operate with him in the enactment of laws along the lines indicated by his platform and public speeches. If there is any part of his platform or the measures he is offering, that you could and would not be in a position to co-operate with him on, we should be pleased to have you name them, and give your reasons why you think them unwise.

We would like for you to state your position, especially, with

reference to your support of him along what is termed his "Prohibition Legislation."

Trusting that you will favor me with an immediate answer to this letter, and that you may go into details along the lines indicated, if you should not concur in the position taken by Judge Ramsey, and that you will permit me to have your answer, together with my letter to you published in our local papers.

I am very truly yours,  
JNO. W. BAKER,  
Chairman Lubbock County,  
Ramsey Club.

Floydada, Tex., July 3, 1912.  
Mr. Jno. W. Baker,  
Lubbock, Texas.

Dear Sir and Friend:

Replying to your favor of the 25th, ult. received the 29th, ult. in which you ask what measures I would advocate should I be elected to the legislature; and if I would co-operate with Judge Ramsey in the event of his election to the office of governor, and to state my position with reference to supporting him, along what is termed "Prohibition Legislation," will state that I consider the reform of the judiciary as the most important question to come before the next legislature and I advocate reform in both civil and criminal procedure.

I favor the election of United States Senators by a direct vote of the people and to that end I am willing to surrender the con-

stitutional right of representatives and be governed by a majority vote of the people in the election of United States Senator.

In the event the principles advocated by Judge Ramsey should meet with the approval of a majority of the people resulting in his election, I shall heartily co-operate with him in enacting them into law.

For the benefit of all interested parties as well as yourself I here copy Judge Ramsey's platform on the prohibition question as meeting my unqualified approval: "If elected I will advise and make an honest effort to secure the passage of laws removing saloons from the residence sections of our cities and towns, substantially limiting their number and at least doubling the occupation tax now imposed; of the passage of a daylight closing bill as applied to the retail liquor business; prohibiting the sale of liquors except in unbroken packages, and preventing the drinking of same on or about the premises where sold; I also favor a law prohibiting brewers and distillers from engaging in the retail liquor business or becoming bondsmen for those so engaged. I favor the enactment of a strict and efficient statute prohibiting under severe penalties the shipment of intoxicating liquors from any point in this state to any other point in this state, for purpose of sale, where such sale of intox-

icating liquors has been prohibited by a law, instituted therein by a vote of the people. And also in the enactment of a similar law by congress as to all interstate shipments of such liquors."

Deeming this sufficiently full to meet the requirements of your letter I shall not lengthen this letter by giving all measures advocated by me.

Assuring you of my best wishes and with kindest personal regards, I am,

Yours very truly,  
T. M. BARTLEY.

## Masonic Visitor Here

W. L. Grogan, District Grand Visitor, was in Lubbock, in his official capacity last Friday and met in the Masonic hall in a short session between trains. He was much pleased with the general appearance of things in a masonic way in Lubbock and was very complimentary in his remarks about the Masonic Hall, stating that it was the nicest, neatest and most tastefully arranged hall in the State and that Lubbock was the fifth lodge in the State to provide a rest room in connection with their hall, and looked upon it as a magnificent provision and complimented the designer of the hall and all its arrangements.

The lodge expects to begin a library for this reading and rest room and will have all the good books pertaining to the Masonic Lodge as well as many other good books, which will be of interest to the people who are likely to avail themselves of the opportunity.
