LUBBOCK LUBBOCK COUNTY, TEXAS, THURSDAY, SEPTEMBER, 18 1914

NUMBER 11

THE COUNTY AND CHILDRENS' FAIR

ARRANGEMENTS BEING PERFECTED FOR THE FIRST COUNTY FAIR IN OCTOBER

CHAMBER OF COMMERCE HAS OFFERED PREMIUMS

Civic Leagues Offers Attractive Prizes for Childrens' Fair to Be Held at Same Time All to Be Held on Regular Trades Day October 6th

There is something great promised the people of the South Plains the first Monday in October. Something that will eclipse anything that has ever been started in this line on the South Plains.

The Chamber of Commerce is offering attractive premiums for livestock, farm, garden and barayard products, and the Civic League has for some time held out offers for the school children and promised them a fair this fall. It has been agreed that all this be held together and make it a big day. The date has been set for October 6th, which is the first Monday in the month, and as this has been for several months past the regular trades day all will be thrown together and we will have a rousing time. We invite you to come. Bring your family and enjoy the day with us. It is expected that

there will be some of the finest produce from the gardens, orchards, farm and ranches that has ever been exhibited in this section of the country.

The exhibit hall will be on the north side of the square, in the building that J. H. Moore recently vacated, and those having exhibits should see the secretary of the Chamber of Commerce in his office over the First National Bank Building.

COUNTY FAIR OCTOBER 6TH. The Chamber of Commerce through their committees offer the following premiums for the County Fair to be held October 6th in connection with First Monday:

KAFFIR CORN	
Best five bundles	\$5.00
Second	3.00
Third	2.00

Best steer under one year, Hereford, Geo. M. Boles	5.00

Best one-year-old beef bull \$5.00
Best one-year-old dairy bull \$5.00

POULTRY
The best pen consisting of one male, four females, of each of the following classes:
American class, English class, Mediterranean class, Asiatic class. \$2.00
Best pair of Indian Runner ducks 2.00
All exhibits except stock and poultry must be entered and in exhibition hall on or before Saturday, October 4th, for arrangement.

All stock and poultry exhibits must be entered before ten o'clock, Monday October 6th. The Secretary of the Chamber of Commerce will make out all entries, and can be seen at his office at any time, or at the exhibition hall Saturday and Monday, October 4th and 6th. He will give any information or aid possible.

All exhibits except stock, poultry and sales of cotton, which shall win premiums, shall remain the property of the Chamber of Commerce for exhibition purposes. The Chamber of Commerce desires to send a part of this exhibit to the Amarillo depot for a permanent exhibit, and use the rest for advertising purposes.

The location of exhibit hall will be announced later. The Chamber of Commerce has decided to spend this money for this local exhibit for the encouraging of better farming, and this year will not send an exhibit to other fairs. But we hope that another year we can do so.

CIVIC LEAGUE PRIZES:
The Lubbock Civic League has arranged for the following prizes to be given for the exhibits named below, on the first Monday in October, which will be the sixth. This childrens fair will be given in connection with the regular county fair and is open for all children within the scholastic age in Lubbock county.

FARM AND GARDEN PRODUCTS:
Best watermelon, J. K. Wester \$2.50

W. N. Claxton was down from Hale Center Tuesday and Wednesday looking after business matters.

SOLD SUDAN GRASS SEED

J. C. Burns Makes Good Sale of Grass Seed Which Was Purchased by the Government

This week a representative of the Federal Agricultural Department blew in, in search of Sudan seed that would be suitable to send out from that department for planting purposes.

J. C. Burns was one of the few in this county that secured seed last year and planted it, and the yield was entirely satisfactory, and he closed a deal with the gentleman to sell him seventy-five bushels, which brought him a very handsome sum of money giving him about one hundred and fifty dollars per acre for the acreage he had planted besides the hay that he will have left after the seed is threshed, which has not been done yet.

From every view point it seems that the Sudan grass is going to be a great thing for this country. It is very much like Johnson grass in appearance, but must be planted every season. It will not root like Johnson grass and there is no more danger of it spreading over the farm than sorghum, maize or other feed crops of the kind. It is a rapid growth, and for hay purposes alone it would be a good money crop. The seed at present is the most valuable part of the crop as there is very little of it in the country, and brings a good price. Mr. Burns was very fortunate in securing a start of this popular feed crop, and he would have had no trouble in selling all the seed he had for a better price by selling it to separate parties but as he sold it all in a lump it was much handier for him.

The federal representative was greatly pleased with the grade of seed this crop produced, and was pleased to get it at the price paid.

As soon as it is threshed it will be shipped to Washington, D. C. from which point it will be distributed to various parts of the United States.

Powell-Norris
Mr. Perry Powell and Miss Effie Norris stole a march on their many friends last Saturday evening as our beautiful southern sun was casting it's rays aslant toward the golden west in all its splendor, and secured Rev. Grumbles to tie the knot of two souls, but a single thought and caused two hearts to beat as one, and with the music of the heart strings attuned in unison they ghided out on life's unruffled sea of domestic felicity. And their many friends wish for them a successful voyage in their little boat as it glides down the stream of time, that it may weather every storm and ride every wave with hearts as light as the bubbles of sea foam that graces the bosom of the deep.

Contributed.
Mr. Jinks Penney, the land man, tells us that he has just closed a deal whereby John Jackson of Goodlett, becomes the owner of the W. J. Duncan farm south of the river. This certainly is a nice farm and Mr. Jackson should consider himself lucky in getting hold of this piece of property. Mr. Jackson says that he will move out right away. The consideration was something like \$10,000.—Roaring Springs Echo.

The local lodge of Odd Fellows held their initial meeting in the hall in the Lowray building last Tuesday night. They expect to furnish this hall nicely and will have one of the nicest lodge rooms in the town.

Messames Hester and DeWauld, of Abernathy, were here trading with our merchants Saturday.

LUBBOCK CIVIC LEAGUE AT WORK

LOOKING AFTER NEEDS OF THE APPROACHING CHILDRENS' FAIR—COMMITTEES APPOINTED

WILL ASK THE SANTA FE TO PARK THEIR GROUNDS

Are Also Making Effort to Secure Block of Land in Suitable Location For City Park Which They Expect to Improve and Make Attractive Place

At a meeting of the Civic League last Wednesday, Sept. 17th, considerable business was transacted regarding the approaching Children's Fair. A number of committees were appointed to look after the ex-

hibits, award prizes and judge same, which we give below:
Committee to receive exhibits and arrange same in exhibit hall: Mrs. C. F. Stubbs, Mrs. J. A. Richey, Mrs. C. W. Ratliff, Messrs. Ed. Robinson, J. A. Wilson, Judge E. R. Haynes.

Awarding of prizes: Prof. J. K. Wester, Mrs. E. R. Haynes. Judges: Mrs. A. W. Craig, Mrs. Geo. C. Wolfarth, Miss Huff, Messrs. L. O. Burford, C. V. Corey, and P. F. Brown.

The following petition is being prepared for presentation to the proper authorities of the Santa Fe Railway Company, looking to the betterment and improvement of the Santa Fe's grounds within the city. To the president, directors and officials of the P. & N. T. Ry. Co.; We, the officers and members of the Civic League, an organization of the city of Lubbock, and other citizens of the city of Lubbock, hereby petition you to take steps during the latter part of this year 1913, and the first part of next

year, 1914, to improve and beautify and park where possible, the grounds belonging to your company, in Lubbock, Texas; that are not now in actual use or occupancy for some other purpose.

And, in making this request, we do so with the understanding that if this movement is practicable for and acceptable to the company, the undersigned will also take steps, which they expect to do anyway, to beautify the main streets and alleys and other property adjacent to the passenger depot belonging to your company in the city of Lubbock, Texas.

A movement is also on foot to procure grounds in a suitable location for a city park. It is the hope of the League that a block of land close in can be procured for this purpose, and those who have grounds within a few blocks of the square, who would be willing to donate a portion or all for this purpose would confer a great favor upon the league to notify the secretary.

It would be a greatly appreciated gift if some one would donate land for this purpose, the league proposes to improve such property, and make it a blessing to the town.

Many deputy game wardens of Texas have failed for re-appointment, about two hundred slated to receive no commission for the coming year. This was the announcement of Game Warden Jeff D. Cox a few days ago. The fish, game and oyster commission has found it absolutely unnecessary to commission as many men as heretofore, and believes that many deputy game wardens at this time have sought appointment because of the privilege attached thereto—of wearing a revolver.

J. D. McLean, D. D., of Itasca, brother of Mrs. J. P. Word, is here this week attending the session of the El Paso Presbytery and addressed that body this morning. He is conducting a Presbyterian Orphans Home at Files Valley, and it was in the interest of this institution that he spoke. He is an able man, an excellent speaker and those who were permitted to hear him were delighted.

Mr. and Mrs. R. V. Jones returned Wednesday night from a visit with Mrs. Jones parents in Dawson county. They also visited in Slaton, Lamesa, Lubbock and Plainview and report crop conditions through that section as being extra good.—Big Springs Herald.

T. J. Whiteley, Florence, Texas, becomes a reader of the with this issue Avalanche, through the courtesy of his son I. A. Whiteley, of this city. Attorney W. F. Schenck returned Wednesday from a business trip to Robert Lee, having a suit in court at that place.

THE EL PASO PRESBYTERY

In Session This Week—Attendance Light, But Good Services Are Reported

According to announcements in former issues of this paper the El Paso Presbytery in session in this city this week. Owing to the serious illness of the young lady in the Robinson home next door to the First Presbyterian Church, the Presbytery is being held in the Cumberland Presbyterian building.

Tuesday evening was the first service of the series, conducted by Rev. S. S. Henderson, moderator of Big Springs. Re-organization of the Presbytery resulted in the election of Rev. Guy B. Duff, of Roswell, N. M., as moderator, who is presiding over the business sessions.

Last night, Wednesday, those who attended were entertained most pleasantly by a lecture of the Holy Land, delivered by W. L. Downings, who has been one among a considerable number, who have of late visited that country, and are gifted with words to tell about what they saw and give an entertaining description of the land and other noticeable features of that country.

The attendance of the delegates is light, largely accountable from the fact that this is in the extreme northern part of the El Paso Presbytery.

The session will likely come to a close Friday evening. In behalf of the people of Lubbock, the Avalanche extends to every visitor a hearty welcome.

LUBBOCK, TEXAS, THURSDAY, SEPT. 18, 1913

THE FARMERS' EXCHANGE BUREAU

In connection with the Santa Fe Agricultural Department, in Amarillo, Texas, there is a "Farmers' Exchange Bureau," which has been in successful operation for some time. The service of this bureau is free to those farmers and producers who desire to use it.

In this bureau is listed the names of farmers having something to sell, as well as those who desire to buy. For example, if a farmer writes that he has choice seed for sale, or a Holstein cow, or some other animal, they immediately look over the list and possibly find that some other man is looking for this very seed or animal. They get these people in communication, usually by letter and the result is that both are benefitted.

If you have something to sell in the way of seed, feed, horses, mules, cows, hogs, sheep, chickens or anything else that another might want to buy, you are requested to write this bureau, telling what you have, the amount or number, the variety of breed, age, price and other details. If you are in the market to buy anything along the line indicated, tell them as nearly as you can, exactly what you want. Upon receipt of your

letter they will list the articles you may have for sale, or what you may desire to buy. They cannot guarantee to find you a buyer, or to locate what you are looking for, but will give you the benefit of the lists and these may help you.

An exchange truthfully remarks that the men who are walking from ocean to ocean and doing other stunts are wasting their time. They cannot make walking popular again. The modern man will not walk. He wants to ride in an automobile, or fly—if he is going to make a change at all it will be to flying.

By proclamation Governor Major, of Missouri, is to call upon the entire male population of the state to give two days of their own labor toward the improvement of highways, dates to be announced. If the call is obeyed 300,000 men will be engaged in road mending at one time.

Trade with the Lubbock people and you will not have occasion to regret it. Buy from the mail order house or the peddler and you may have troubles of your own.

Improve your home; it will make Lubbock that much better town, and you will get a great deal more happiness out of life.

A Child's Appetite

For sweets is a normal, healthy, natural appetite. It is the expression of a bodily need—any physician will endorse this—and to deny its reasonable gratification is nothing less than harmful.

Farmer Jones SYRUP

Makes Delicious Ginger Snaps
One cup Farmer Jones Syrup, one cup sugar, one egg, one cup butter, one cup molasses, one cup water, two tablespoons soda, mix in the mixer, two tablespoons oil, four cups flour, mix in quick oven. Recipe Book on request.

It is the expression of a bodily need—any physician will endorse this—and to deny its reasonable gratification is nothing less than harmful.

Makers of "Ma Honey Bee" Syrup

LUBBOCK A GOOD ONE—CAN'T HELP IT

Last week in speaking about Lubbock through, the columns of the Terry County Herald its editor says:

"We found business good, and collections prompt up at the city. Many improvements contemplated and under way. Lubbock is a live one, but it just can't help it. Look who's there—some real business men."

The most useful, the most reliable and the most profitable of all domestic things are the cow and the hen, whose products are always saleable and always usable by the family. You show us a man who takes good care of a dairy or one who gives his poultry intelligent care, and we will show you a man who runs no store bill and keeps square with the world.

It is wonderful how poor a memory a chronic borrower has. He can't remember when he borrowed a tool, from whom he borrowed it or when he promised to return it. He usually sells his friendship at a very low price.

What fools these mortals be! A man in Pittsburgh wants a divorce because his wife has been silent for ten years. Some people don't know when they are well off.

Talk about Lubbock all you want to. It is a good subject, and if you tell the truth about her, she will be benefited by what you say.

WHILE YOU ARE PAYING RENT

you are enriching your landlord and impoverishing your children. What do you get for your money when you pay rent, anyhow? We can fix it for you so that an amount smaller than your rental can be applied to the purchase of a house, so that in a few years it will be your private property.

LOUIS A. ROBINSON
REAL ESTATE, INSURANCE AND RENTAL PROPERTY.

FARMERS BE WISE

Feed stuff in a large area of this state as well as others is a very scarce article. Men are now coming to the South Plains in quest of feed stuff. They want to get it as cheap as possible, which is natural and business, but Mr. Farmer, it is also natural and business that you get all your feed stuff is worth. Only a comparatively small portion of the central and western part of the state will have enough of feed to carry them through the winter, and up to the feed season again, then it is right and proper that you get what your feed is worth. We believe that every farmer should be in close touch with the feed market, and keep the conditions generally before him, and sell his maize, kaffir, etc., in accordance with the demand, just the same as any other business man. Mr. Farmer be wise, get what your feed stuff is worth. You are entitled to it.

Be public spirited. If you haven't the coin to back up the enterprises that are here, or the ones we are trying to get. Put in good measures of words, they help some.

Praise old Lubbock, she deserves it.

WHY NOT GET A GUARANTEE

Every Article of Merit that is Sold These Days is Guaranteed—No Guarantee Often Means Poor Quality

There is very little excuse for any person to claim that he has been "stung" on a purchase. Fifty years ago the buyer had to look out, but today it is unusual to find a merchant who will not return the money for any article that has proved unsatisfactory.

An excellent example of this kind of fair dealing is shown by the clear-cut guarantee that the Red Cross Drug and Jewelry Store gives on Dodson's Liver Tone.

These people tell us that any person who pays \$30. for a bottle of Dodson's Liver Tone and does not find it a gentle and most pleasant liver tonic, harmless, but a sure reliever of constipation and a perfect substitute for calomel, can get his money back just as quick as they can get it out of the money drawer.

Dodson's Liver Tone has practically taken the place of calomel. It is absolutely harmless, sure in its action and causes no restriction of habit or diet. No wonder the drug people are glad to guarantee it, while other remedies that imitate the claims of Dodson's Liver Tone are not guaranteed at all.

T. F. Turner, lawyer, C. D. Hoover, insurance man, M. W. Cunningham and H. A. Nobles, all of Amarillo, were here Thursday and Friday of this week, talking Panhandle Fair and endeavoring to induce the people of this section of the Plains to send an exhibit of farm produce to the exhibit halls of the fair at that place this year.

To prevent food poisoning apply at once to the reliable DR. PORTER'S ANTISEPTIC BATHING SOLUTION, the greatest thing the world has ever known for the same time.

Taylor Crim, Prairieville, Texas, becomes a reader of the Avalanche with this issue. He is the man that recently purchased the Lawrence property east of Lubbock and has gone back to move his family out here. The Avalanche will keep him posted while he is away, about conditions in this section of the state.

Notice
We are now prepared to do your window work of any kind. Erecting towers, specialty. H. M. Royalty and J. V. Robinson, Robinson's phone 696. 9 tf

W. R. Ozier, ranchman, who makes his home at Amarillo, and who has been looking after some cattle interests in Crosby county, was here Friday enroute home.

E. P. Earhart attended the Presbytery at Floydada, last week.

When you see an "Open Poll" think of the "Lorenzo Air Blast Gun." 6 tf

CYNN SHIPPING FEED

People From The "Drouthy" Sections Buying Maize and Kaffir Feed—Boy Killed by Horse

Lynn County News:
Farmers are as yet few, and far between, in Lynn county, and cotton has heretofore been the chief product shipped to outside markets. Of course we are shipping out several hundred pounds of cream each week, and chickens and eggs are going out daily; a train load of cattle or a car of hogs is nothing unusual; but when a town no larger than Tahoka ships out of as thinly a settled county as Lynn ten cars of maize a week, you may know that some one is raising lots of maize to the acre. Nineteen large cars loaded to go out in the morning. Considering the high price of maize, this means good times for the Lynn county farmers.

A very sad accident occurred Monday about noon near O'Donnell when a horse fell on John, the 15 year old son of Rev. T. A. Knight, injuring him so that he died in a few hours. The boy it

would seem, roped a cow and it ran off to one side throwing both the horse and boy, who struck upon his head and never regained consciousness. John was a bright christian boy and his father's main dependance.

Mrs. W. W. Royalty is visiting her parents, Mr. and Mrs. J. T. May, in Brownfield this week.

GOOD RAINS IN GAINES

Will Benefit Range Conditions—County Court in Session—Some Cattle Deals

Reminiscence.
Fine rains, which have been general all over the county, fell here this week, thus ending the drouth in this section of the country. While local rains have fallen in some sections of the county all along during the past two months, the rain Wednesday was the first general rain over all the county in three months. Owing to the dry weather,

crops in many sections of the county will be cut short, but in some sections fine crops will be made. The rains this week will also be of great benefit to the range in this section.

The 1913-14 term of the Seminole high school began Monday at 9:00 o'clock a. m. A larger crowd of friends and patrons of the school was present and the interest and enthusiasm manifested was unparalleled in the history of our town. Almost every section of the entire county was represented in the audience, and the interest that greeted every portion of the opening exercises was very gratifying.

County court was in session in Seminole last week and as usual the docket was light. There were two civil cases tried which were hotly contested, one case in which Atty. G. B. Cunningham of Seminole and Atty. Percy Spencer of Brownfield were the lawyers, and the other case was contested by Attorneys Caldwell and Gibbs of Midland, two of the leading lawyers of West Texas. Another wedding was solemnized in Seminole Tuesday, C. H. Eaves and Miss Rebecca E. Maiben of Lovington, N. M., being the contracting parties. County Clerk Curry being absent from the city, Deputy Clerk James Dow issued the license and Judge W. R. Slaton spoke the words that made the happy couple man and wife. Mr. Eaves is a brother of Sim Eaves of Lovington.

Horace Walling, while in Seminole last week, purchased a 250 ton silo, which he expects to erect on his place in time to take care of his feed crop. Mr. Walling has the distinction of being the first Gaines county citizen to test the silo and his friends are congratulating him on the step he has taken.

T. C. Heard delivered 700 head of the Ellis & Bell cows this week to Mr. Kerr, new owner of the "C" ranch.

Jack Craft sold 300 head of two year old steers this week to J. P. Montgomery of Memphis, Texas. Mr. Montgomery also

purchased 300 head of two year old steers of E. R. Cruise. These steers are to be delivered at Lamesa October 15th.

For Weakness and Loss of Appetite
The Old Standard Tonic, a strengthening tonic, GROSS'S PATENT TONIC drives out Malaria and builds up the system. A safe, reliable and sure Appetizer. For adults and children, 50c.

B. Stubblefield, a nephew of J. M. Bradley, of this city, is here from Lorena, and is a guest at the Bradley home.

Mrs. Hattie Riddle, of McGregor, a sister of J. C. Bradley and a niece of J. M. Bradley, is visiting here this week.

"Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pain in my back, etc. It seemed as if I would never be cured. At last I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

Cardui
The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women,—why not you? Try Cardui. E-71

Prominent Men at Littlefield
A number of prominent men have visited Littlefield recently,

among them being W. E. Haisell, of Kansas City, owner of the "Mashed O" ranch; W. L. Elwood of DeKalb, Ill., owner of the "Spade" ranch; George W. Littlefield, of Austin, Texas, owner of the "Yellow House" ranch; George M. Slaughter, of Roswell, New Mexico, owner of the "S" ranch; Green Wilson, of Plainview, large land owner, and John L. Wortham, of Lubbock. Mr. C. W. Felt, Chief Engineer of the Santa Fe System was here, in his private car Tuesday inspecting the new road.

Mrs. Annie Spurlock, of Rodgers, Texas, a niece of Mrs. J. M. Bradley, is visiting in this city this week, having arrived several days ago. She is accompanied by her little son.

Mrs. Milton Goode went down to Sweetwater Monday where she will visit Mrs. Kyle for several weeks.

TO THE AUTO TRADE:—We have moved our garage from the Phillips old stand to the building formerly occupied by W. E. Robinson's furniture store, on the North side of Broadway, West of the State Bank. Here we will be better prepared to supply your needs than ever before. We have a large roomy garage, and will have a much larger stock of supplies than we have ever carried before. Our repair department will be in charge of men who know their business and can guarantee every job they turn out.

OUR BUSINESS HAS STEADILY INCREASED and we consider this a good indication that our service has been entirely satisfactory in every particular.

SERVICE CARS:—We shall at all times keep service cars ready to take you anywhere you desire to go and furnish chauffeurs that know the way and absolutely reliable and thoroughly capable of running the cars without any fear of fatal accidents.

We solicit your patronage and assure you that at all times we will do our best to give you the most prompt service that is within our power.

DISAPPOINTED LAND OWNERS
 Many Who Let Land Forfeit on Account of Price Get a Raise by Appraisers

Under the new land laws that went into effect in July under which those lands forfeited for non-payment of lease, many of the former owners were disappointed last week when the appraisers, who recently visited those sections where lands had been forfeited, made their report and the out come was a raise in prices instead of a reduction.

The Seminole Sentinel says: "The Gaines county lands which, a few weeks ago were forfeited under the law passed by the legislature last spring, have been re-appraised, notices having been received here yesterday. On an average the lands are appraised at somewhere between \$4.50 and \$5.00 per acre. Land south of town was classified at about \$5.00 per acre and north and northwest at about \$4.00 per acre. In a few instances the land was raised above the price it was originally purchased from the state.

"According to the decisions of the committee appointed to re-appraise this land, the much-sought-for relief asked for our people was not needed as the reduction of the land as a whole was significant. While there is considerable disappointment among those affected by the appraisal, our people feel that the committee was sincere in their judgment of the land, but under present conditions their 'sights' were a little high."

 Rev. Jos. P. Callaway, pastor of the Methodist church of Tahoka and Slaton, was here Monday and Tuesday of this week looking after church matters.

Mrs. H. Ivey and little son, returned Monday from a few days visit with relatives at Fluvana.

FETERITA A WONDER CROP

Something About the Origin of the Crop and What it Means as a Feed Crop for Farmers

As a result of this year's experiment with the crop there is a demand now for feed, and many are heard to ask the question, "What is Feterita, and where did it come from?" The Oklahoma Farmer and Stockman, a farm and stock journal, published in Oklahoma City, in a recent issue, devoted considerable space to the new crop, in a well written article by Dr. Woodson of the Oklahoma agricultural department. Dr. Woodson says:

"So much discussion has recently been raised concerning the value of the new grain sorghum, feterita, that the demonstration farm department of the state board of agriculture has thought best to issue the following information concerning it. Feterita is a grain sorghum from British Egyptian Sudan, in the region of Khartum. It is a variety of durra, different from the white durra often called 'Jerusalem corn' in having erect heads, black glumes or hulls instead of greenish white, nearly smooth instead of very hairy and seeds slightly flattened instead of much flattened, as in the case of pure white durra.

"Two or three different lots of this durra have been obtained from the region named. One of these has been bred by the United States government as a grain-producing variety and is called by them 'Sudan durra.' Another almost identical one has been selected by the office of the forage crop investigations as a forage variety and has been distributed by them under the name of 'feterita.'

This department has decided to recommend feterita in preference to either dwarf milo or black hull kaffir, where these can be grown. As stated, it is earlier than the common varieties of black-hull kaffir, which has been heretofore grown in Oklahoma and neighboring states.

"When it was first introduced in the state, many irresponsible stories were circulated concerning the plant and some newspapers and farm journals, not having correct information about it, printed mis-information that has left the impression on the minds of many people that feterita is like some other much-heard-of crops, of no practical value.

"The results obtained on the state demonstration farms, at the various secondary agricultural schools and experiment stations,

and by others who have given it a thorough trial, all tend to prove that it is not only of practical value, but has many points of superiority over both of the more familiar grain sorghums—milo and kaffir. We have received news from every section of Oklahoma that feterita has withstood the drought of the past thirty days and in practically every instance has matured where kaffir and milo are complete failures.

The feeding value of feterita as a grain and forage crop is equal in every way to kaffir; we believe it to be much better on account of the grain being larger and much softer than kaffir and can be fed to good advantage without being ground, which is necessary to obtain fair results with kaffir. Of course, any grain is better ground than to be fed whole.

This department has prepared a bulletin entitled 'The Value of Feterita as a Drought-Resistant Grain Sorghum,' which will furnish all information concerning this grain, including planting, harvesting and its value as ensilage, etc., which will be mailed on request."

Dr. J. A. Craven of Waco Acquires More Lubbock Property—Will Build Bricks

Last week we mentioned the fact that Dr. J. A. Craven of Waco, was here looking after business matters, and we learn that part of his business here was to purchase some desirable business property in this city. Dr. Craven was once a citizen of this town, and at one time had considerable residence property here, but disposed of most of it, and went to Waco, where he invested in property. He informs the Avalanche that he has sold about all his interests there, and has purchased two business lots on West Broadway, just across the alley from the State Bank building, where the Cash Meat Market now is. He also acquired the buildings, but stated that it is his intention to put a brick building on the two lots. He was unable to state just when it would be commenced, but was sure that the very near future will find builders at work on a substantial brick on that site.

Dr. Craven is very optimistic as to the future of Lubbock, and expects to purchase other property in the city, possibly before he returns to Waco, and he also stated that he expected to move here some time soon and again make it his home.

J. M. Bradley and wife left Wednesday afternoon for Dallas, Waco and other points in that section of the state. They will be gone about ten days.

SELECTING AND SAVING SEED

Letter Being Sent to Farmers Regarding Selection of Seed For Planting

The following letter is being mailed to the farmers of this section from the Farmers' Exchange bureau of the Santa Fe Railway system:

My Dear Sir: Seed from such crops as Kaffir, Milo, Sorghum and Feterieta are

going to be in good demand through the southwest next spring.

A large percentage of the acreage planted to these crops this year, will not make seed, on account of dry weather. Many fields will produce immature seed, and this is unfit to plant. We are certain that it will pay you to save the choicest heads of all the crops mentioned that are produced on your farm this year, for seed purposes. These heads should be selected from the field,

as soon as they are thoroughly mature, before the fodder is harvested for feed. These heads should be stored in some building in gunny sacks, or tied in bundles, the stem ends being fastened together with a string. The seed should be kept in the head until nearly planting time, when it must be carefully threshed by hand.

Most farmers know that the crops here mentioned belong to the sorghum family and that they therefore mix readily when grown side by side. It is on account of this that the purest and best seeds are to be found in the centers rather than the edges, coming to other closely crops. Select heads that are well shaped and of compact type.

It has been clearly demonstrated that the yield of the crops mentioned can be increased at least one-third through the use of properly selected seeds.

Write and tell us if you have good, well selected seed for sale. Yours very truly, H. M. BAINER.

When you see an "Open Ball" think of the "Lorenzo Air Blast Gun."

SERMON FOR PARENTS

Are We Doing Our Duty Toward Our Children Do We Make or Ruin Them

The following sermon that appeared in one of our exchanges is worthy of careful reading. It said that Chief Behrendt, of Lansing, Mich., caused some tongue wagging at the pow-wow of the police chief in Washington the other day when he said that if the mothers of the country paid more attention to their daughters there would be fewer women in the underworld. As the twig is bent the tree is inclined. What is your theory of twig-bending.

Once upon a time there was a parent who believe the way to rear children was to rule them by fear. The pet weapon of discipline in that home was the lath with a nail in it. When a young one did something that the parent didn't like, out come the lath and there were threats of an awful punishment.

Result: One child, a daughter, ran away with a good-for-nothing. One became a "souse."

Another son got away from home as soon as he could and under the guidance of a friendly uncle, became a fair sort of a man.

The lath and nail policy didn't score a single victory.

You have no doubt met mothers who are always fibbing to their offsprings. If they're going to spend an evening out they don't say so frankly; but they try to make the little one believe that their absence is only for a moment, only while they go around the corner.

How does this policy work? Isn't it true that in the majority of cases the children find out that mothers did not tell the truth and decided that if mother can fib, they can too.

Then again, there is a policy of over fondness, of spoiling in-

Cash Meat Market

R. P. WILLIAMS, Proprietor

WE invite the attention of those interested in Base Burners to the New Round Oak. In competing with the large number of known good stoves on the market, we positively assert that the makers of the New Round Oak base burner have produced the greatest radiator of heat, for the amount of fuel consumed, ever known to the art in this type of stove.

It is a three-flue stove. The products of combustion pass down two flues—one each side of the back—then passing the walls of the outside of ash-pan section and flue base, unite at front and return through center of bottom and up the back to the chimney.

High-class Base Burners heat by circulation as well as by radiation. The cold air in the Round Oak is taken in on the back just above the base, passed over the heated flue surfaces of the stove, and the hot air is discharged from the top of the circulating flue, either in to the room in which the stove is located, or conducted by a hot-air pipe to a room above. The value of the circulating flue depends upon its capacity and upon that of its heated surfaces. The area of the Round Oak circulating flue at its smallest point is 27 square inches, which, in comparison with the most approved types, gives the Round Oak 200 per cent more circulating flue heating surface. This improvement alone makes the saving in fuel decidedly noticeable even in a short run of 24 hours.

A comparison between the Round Oak three-flue Base Burner and a Standard three-flue Base Burner of any other make same size: Total area of flue surface with which products of combustion come in contact. Round Oak, 2703 sq. in. Standard, 1890 sq. in. Extra heating surface in the Round Oak, 813 sq. in. Percentage of increased heating surface in the Round Oak over a standard base burner, same size, other make, 42 per cent.

Round Oak Base Burners are made in the following sizes: No. 41, diameter of fire pot 14 inches. No. 51, diameter of fire pot 15 inches. No. 61, diameter of fire pot 16 inches.

Call at our store and let us show you these beauties of unsurpassed heating capacity.

Residence 242

LUBBOCK, TEXAS, THURSDAY, SEPT. 18, 1913

COST OF TEXAS GOVERNMENT

That it costs something to administer the state government of Texas is attested by the figures for the past year just given out in the city of Austin. The cost of supporting and maintaining the state government for the year ending August 31, aggregated \$5,512,676.57, which involves an increase of \$830,108.11 over the previous year, according to the figures as furnished by the comptroller's department. The previous year, ending August 31, 1912, the total expenditures were \$4,682,568.16. This clearly demonstrates the fact that the costs of operating the state government is increasing at the rate of nearly \$1,000,000 a year.

These figures do not include \$1,000,000 expended in the two fiscal years for the payment of Confederate pensions. The exact amount expended in 1912 for pensions amounted to \$490,529.50 while for the fiscal year of 1908, ending August 31, the amount expended reaches \$500,000.

This is how the state's funds were expended monthly for the fiscal year ending August 31, 1913: September, 1912, \$440,909.23; October, \$489,906.26; November \$416,919.28; January, 1913, \$603,128.44; February \$496,805.56; March, \$604,617.32; April, \$583,433.12; May, \$436,674.39; June, \$405,237.21; July, \$326,079.03; August, \$389,209.99.

The total number of warrants issued by the comptroller's department for the fiscal year ending August 31, 1913, was 41,923, while for the previous year the total only reached 27,652. This indicates the growth of the volume of work and also discloses the rapid development of the state.—El Paso Morning Times.

PROTECT YOUR GRASS

It is now the time of year that ranchmen should protect their grass against possible fires. Fire-guards should be at once put around every pasture as a safe-guard against the loss of thousands of acres of grass, that is badly needed to carry the stock through the approaching winter.

Now since the rains, grass will green up considerably and the danger will not be great for several weeks, but during that time, and while the ground is in shape to plow, the fire-guards should be made. As soon as the first frost comes, and the grass begins to cure, there will be danger of the range being swept clean by prairie fires that often sweep down over this country.

Feed stuff will be very high, and ranchmen should save every blade of grass that they have. After these safe-guards are thrown about the pasture, men should be very careful about throwing cigarette stubs or anything else that has fire about it, into the grass. Remember that a little carelessness on your part might damage somebody to the extent of thousands of dollars.

Campers should exercise great precautions and not let fire get started in the grass by means of sparks being blown by the wind and lodging in the grass.

HOGS DO PAY

J. B. Mull sold to Uncle Abe Ellison two hogs for \$100. Mr. Mull offered to bet Mr. Ellison a gallon of rose-cloud water that the swinettes would weigh out that much at market prices.—Lubbock Avalanche.

What better proof is needed by Texas farmers that hog-raising in Texas pays? Raise hogs and ship to Fort Worth.—Fort Worth Record.

It's more hogs, Feterita, Maize, Kaffir, peanuts (goobers) and alfalfa, that will make anybody rich in Lubbock.

Bomar Moore went to San Angelo Tuesday at which place he is scheduled to wrestle with one Bobbie Corgan, one night this week.

Society Items

BY MRS. D. ROBINSON

The Merry Bidders Club was entertained by Mesdames Carter, McGee and Ellis at the home of the latter Friday afternoon. The inclement weather prevented a number from attending, but all present reported a splendid time. The guests were met at the door by Mrs. Carter and conducted to the dining room where Mrs. Ellis served delicious punch. After an interesting series of games in which Mrs. Cosby and Mrs. Woods tied for high score, the hostess assisted by Miss Ruby Ellis served brick cream and angel food to Mesdames Cosby, Hutchinson, Woods, Rankin, Fain, McIlhaney, Slaton, Priest, Summers, Rush, Middleton, Spencer, Cate, Sowder, Chase, Griffin, Moody, Tubbs, Misses Irion, Wilson and Reuse.

Mesdames Smith and Slaton gave an all-day '42' party Thursday afternoon a number of guests in the morning and the '24-42' Club in the afternoon. This was one of the most enjoyed affairs given this season. In the morning series of games McIlhaney won high score and in the afternoon several tied. A dainty and delicious luncheon course of fruit salad, tomato with dressing, olives, tea and saltines were served. Those who enjoyed these ladies' splendid hospitality were Mesdames Moody, D. Robinson, McIlhaney, Fain, Posey, Chase, Rankin, Collins, Cate, Adkins, Downing, Armstrong, Frazier, Cosby, McGee, Raynerd, Joe Penney, Powell, Robinson of Miles, Boerner, Johnson, John Penney, Rush, Thomas, Robbins, Davidson, Merrill, Griffin, Van Sanders, Sowder, J. O'Neal, Benson, Wilson and Misses Ellis, Wilson and Reed.

The Auction Bridge Club met with Mrs. Jno. Penney at Mrs. Powell's lovely home on Broadway. Mrs. Orville Moody won high score. In the business meeting after the game two resignations were received and Mrs. Fain and Mrs. Gebde were elected to the club. The time of meeting was changed to every 1st and 3rd Tuesdays. Those present were Mesdames Priest, Summers, Gebde, Wortham, Fain, Smith, Rush, McWhorter, Posey, Slaton, D. Robinson, Moody, Griffin, Wilson and Miss Cad Wortham.

Mrs. Wortham and Mrs. Gebde have invited their friends to a bridge party at the San Augustine ranch, Tuesday, Sept 23rd.

NO FAILURE IN 11 YEARS

Lynn County Farmer Always Raises a Crop.—W. J. Couch Spider Bitten—Methodist Meeting Closed

Lynn County News:

W. E. (Ed) Henderson, of east of Tahoka, was in town Monday morning and told the News man that the rain we had Sunday will nearly make his late feed. He expects to sell about \$1,000 worth of feed this fall. Mr. Henderson said he came here about eleven years ago and took up four sections and since then he has been engaged in stock raising and farming. Except one year, about five years ago he has sold from \$150 to \$275 worth of feed every year over and above what he used to feed out his stock. And Ed says he has his first feed to buy.

Last Friday, W. J. Crouch, of two miles west of here, happened to the painful accident of being bitten on the left foot by some kind of an insect, supposedly a spider.

The Methodist meeting, began last Wednesday night, closed with the eleven o'clock service Monday with no visible results. Rev. C. H. Ledger, pastor of the Seminole Methodist church, who had just finished a meeting at Slaton in which he swept the town off its feet and closed with between 50 and 60 conversions, did the preaching. The few faithful ones had great expectations as to the results to be accomplished.

Second hand clothes from \$2.50 to \$7.50 suits—West Side Tailoring Co. 11 1t

G. R. Caldwell, representing the Amarillo Daily News was in the city this week. He is walking lightly on one of his feet as the result of a severe ankle sprain which he sustained at Post a few nights ago.

Will Let Contract For Church

We are informed that the contract for the new Episcopal church will be let right soon, and work on the building begun at an early date.

We understand that this church building will in every way be adequate to the needs of the congregation for several years to come. They have had an organization here for a number of years, but have never undertaken to build a house of worship till this year, when the proposition was submitted to the congregation and arrangements made for the erection of the building. We understand the building will be located just south of Mrs. Arnold Brown's residence in the west part of the original town of Lubbock, in a very pretty location, and convenient to the residence portion of the city.

B. P. Hopkins gives it away. 11 1t

Mrs. Pike and daughter, Miss Francis, arrived last week from Corsicana, and are the guests of Mr. and Mrs. T. C. Greenhill.

Mrs. Baker, of Tulsa, Oklahoma, who has been visiting here for the past month at the home of her sister, Mrs. Carl Roberds, returned home Wednesday morning, via Amarillo.

Mrs. Broyles is in this city this week, guest of her many friends in Lubbock.

G. G. Johnson, of the Red Cross Drug store visited relatives in Snyder the latter part of last week, and the first of this week, returning home Tuesday noon.

Ebb Hensley and family left Tuesday this week for Uma, Arizona, where they expect to reside in the future.

YOU ARE MOST CORDIALLY INVITED TO ATTEND THE FORMAL OPENING AT

The Hunt Grocery Company

SATURDAY, SEPTEMBER 27th.

Though we have been in our new building for some weeks the workmen have just completed it in detail, and we are now in position to extend to all a very cordial and urgent invitation to visit us, and to show our appreciation of your presence we have formulated plans whereby we will have with us on the above date representatives from headquarters of a number of the manufacturers of some of the lines we carry, who will be pleased to meet you in our store that day.

During the day we will give to every person coming to our store a loaf of freshly baked bread, a product of our own bakery, and made from our celebrated Belle of Wichita Flour.

The National Biscuit Company will have a representative here on that date who will take pleasure in serving their line of products in cakes, crackers, etc.

McLaughlin Coffee Company, of Chicago, will be represented by a specialist who will serve coffee made from their popular Manor House Coffee.

On this day we have planned to give away a large number of prizes to the boys and girls who bring or send to our store the largest number of visitors that day. On the bottom of this ad you will find a coupon. Bring it to our store with the ad attached (not good if detached) and vote for the boy and girl that you wish to receive the prizes. Everyone from 18 years to 100 years of age are eligible to vote. Any boy or girl regardless of age is eligible to enter the contest for the prizes.

Prizes will be given as follows: To the boy and girl receiving the largest number of votes during the day will each receive a \$5.00 gold piece. Second largest, \$1.00 in silver. Third largest, \$1.00 in silver. To everyone receiving as many as 10 votes will be given a sack of candy.

All votes must be cast by 6:00 o'clock that day as voting will close at that time and the prizes will be given as soon afterward as votes can be counted.

VOTING COUPON

NOT GOOD IF DETACHED BEFORE PRESENTING AT STORE.

I vote for Miss _____

I vote for Master _____

MUST BE VOTED BEFORE 6 O'CLOCK SATURDAY, SEPT. 27.

Be sure to call and see us in our new store, get acquainted with us and see our splendid stock of Groceries and Bakery Products.

LOST—My hat and whiskers at the Commercial Barber Shop. They get 'em off easy there. 8 1t

The little son of George L. DeShazo fell off a bed one day last week and sustained a dislocated and probably fractured shoulder, from which he suffered considerably. He is improving now however, and will be well in due time.

Dr. Wagner and wife arrived last Friday, and are putting in this week securing a house in which to reside, and get settled down to comfortable living. Dr. Wagner will be associated with Dr. M. C. Overton in the Overton Sanitarium, of which we made mention last week.

Fred Newfer, of Wichita, Kansas, arrived this week and has accepted a position with the Hunt Grocery Company, in their baking department.

Oral Adams, one of Terry county's prominent ranchmen, was looking after business matters here this week.

Mr. and Mrs. J. C. Pollard were visited by the stork on the 13th and were presented with twins—a boy and girl.

C. J. Duggan and mother were here the first of the week from Littlefield, trading with our merchants.

Miss Cad Wortham left Wednesday for Austin where she will continue her studies in the high school there.

W. M. Shaw, wife and baby returned Tuesday from a two weeks visit with relatives in Taylor county.

We will be glad to make any announcements of Church Service, Programs, etc., in this column free of charge, where no revenue is received from the services.—Editor.

MISSIONARY AUXILIARY NOTES—Quite a good attendance at the Devotional and business meeting last Monday. In the absence of the president the 1st. vice-president conducted the business systematically and with dispatch.

We were glad to see the faces of some who had not been with us for some time. The time of the business session was changed from the 2nd to the 1st. Monday. This will leave the 2nd Monday for the Sewing Circle if they desire it, and if not the Study Class will use it again. Quite a number forgot to bring or send their "Blessing Boxes." Please send to Mrs. John Penney the contents of your box and your dues before Sept. 30, as that is the end of the 3rd quarter.

Do not forget to help the ladies at least one foot 16 pennies in raising the quarter of a mile of pennies.

One circle will serve cream and cake at the Hunt Grocery Co., Saturday afternoon, another circle will have a market of good things to eat Saturday.

The lesson for next Monday is II Chronicles. Let every member be present and all interested are cordially invited to come.

Mr. E. E. Dishon, Principal of Vashti Industrial School at Thomasville, Georgia, says:

"60,000 girls go astray annually in the United States. If we have our just proportion 16,000 Southern girls are led into haunts of vice every year."

"Girls seem to be among our cheapest live stock products. The government is now prosecuting a firm of white slavers accused of delivering four hundred girls to Chicago dives at from twenty-five to thirty dollars per head."

"In Georgia a child can consent to her own ruin at fourteen. The maximum penalty for luring a girl to her ruin is only one year on the chain gang. The penalty for stealing a hog is larger. The age of consent should be twenty-one everywhere. The penalty of the white slaver a life sentence."

"If every girl in our country could be safely tided over her early teens for a single generation the social evil would be brought under control. A federation of all women's societies for the special protection of girls is desirable."

Our department of Social Service is pledged by special resolution to co-operate with every agency laboring to suppress vice. We must federate with other missionary organizations and woman's clubs to protect the girls of our own communities. Prevention is better than rescue.

We are pledged to create a sentiment for the single standard of morals in every possible way.

Junior league will meet in business session Sunday, Sept. 21, 1913, at 4:00 o'clock. I hope every Junior will be present to help elect two officers. Leader

CHILDREN'S DAY SERVICE—Sunday was Children's Day at the Methodist Sunday School. Rev. Lane gave them his regular hour for preaching in the forenoon, and the little folks furnished splendid entertainment for about an hour. The theme being "Bible Boys and Girls" which they told about in songs, recitations and stories to the delight of those present and there was a house well filled, in fact all that the building would hold comfortably.

It has been heard several times on the streets this week that it was the best Children's Day service that has ever been held in Lubbock, and we believe it would be hard to beat, to say the least of it.

The attendance at the Sunday School was fine. Though a few less than the highest attendance this year, we had considerable number more than the previous Sunday. Others have promised they are coming right soon, and we are expecting good attendance during favorable weather this winter. Our teachers are working faithfully, and also members of the various classes. We want all in Lubbock who belong in the Methodist Church to come and be with us. Superintendent.

Our Market Letter

Special to The Avalanche:

Kansas City Stock Yards, Sept. 15, 1913.—Cattle received here last week were 63,000, and 8000 calves. The market was 25 to 60 higher on the various grades, with the single exception of heavily fed steers, which lost 10 to 15 cents. A bad cattle market at Chicago last week failed to depress anything here except the heavy steers. The drop in receipts here was aided in price boosting by rains over the dry sections during the week. Receipts here today are 23,000 head exceeding the estimates somewhat, but the market is stronger on everything, some sales 15 higher. Native fed yearlings sold at \$9.25 today, which is equal to the extreme top paid in Chicago last week, and a load of 1585 pound natives sold at \$9.00. Good Kansas pasture steers are scarce, and sell up to \$8.10, bulk at \$6.75 and \$7.50. Sixty cars quarantine cattle came in today, market stronger, 40 to 60 cents higher than a week ago, good grass steers at \$6.75 and common East Texas and Louisiana steers, grazed in Oklahoma, at \$5.50 to \$6.15. Stock steers and feeders are 10 to 15 higher today some Panhandle yearlings topping the stocker market at \$7.90 other stock steers ranging from \$5.50 to \$7.50, feeders at \$6.00 to \$8.00. Supply estimates ahead point to reduced receipts of cattle from every section, compared with last year, with the possible exception of the Panhandle country. Kansas and Oklahoma have run 80 per cent of their marketable cattle, and will not swell September and October receipts as is the usual custom. The quarantine territory is also about done, and the market is in the hands of the rangers. The corn states are still ravenous for cattle, many bare spots remaining, the packers are finding a good outlet for beef, which makes fall markets look attractive.

Hogs received here last week 45000 head, market satisfactory till Thursday, when there was a big drop. Prices held steady thereafter till end of the week, and the sales today are 10 to 15 higher. Top today is \$8.60, where three or four loads sold, bulk of sales \$8.00 to \$8.55. Order buyers bought 11,000 hogs here last week, for shipment to various killers in the East, their largest buying this fall. They were active today, paying \$8.35 to \$8.60 for the pick of the hogs, packers taking the remainder at \$8.00 to \$8.45.

Sheep and lambs sold 10 to 15 higher last half of last week, except feeding lambs, which decline 15 to 25 cents. The market is steady on feeders today, about 10 lower on killing lambs, receipts 14,000. Practically all the Utah lambs here today sold at \$7.15 to \$7.35, feeders around \$6.35, ewes \$3.75 to \$3.85. Native lambs lack quality and sell around \$6.85, native ewes up to \$4.25, yearlings \$5.25.

J. A. RICKARD, Market Correspondent.

Will Buy Cows—A number of owners of milch cows have offered to sell me their cows and buy milk of me rather than be bothered with the cows. I am willing to buy cows from those who wish to do this, and furnish them with first class milk from my dairy. J. R. McIlhenny, phone 56. 11 1t

R. B. Hutchinson, brother of Dr. J. T. Hutchinson has decided to locate in our city and open a dental office. Dr. Hutchinson has for some months been at Slaton, but has decided that Lubbock is the best place to establish his office and expects to be located in the Citizens National Bank Building.

Ranches For Sale—We have a few nice ranches for sale, Midland country, South Plains, both lease and lands owned. We have had fine rains, good grass. Write us for list, 6 to 40 section ranches. W. J. Moran & Son, Midland, Texas. 11 2tp

W. K. DICKINSON, SR., V. P. JNO. W. BAKER, C. D. LESTER, Cashier C. E. PARKS, V. P. Pres. F. E. CRAIG, Ass't. Cashier.

THE DAY OF OPPORTUNITY IS EVER PRESENT

BUT TO BE ABLE TO GRASP THE BEST OPPORTUNITIES, ONE MUST HAVE A BANK ACCOUNT

You should have your bank account with an institution that is ever alert to your interests and one that will assist you in every legitimate way to take advantage of the many opportunities that are constantly presenting themselves.

THERE ARE MANY REASONS WHY YOU SHOULD HAVE A BANK ACCOUNT

It is the very best protection to you in your every day business transactions, and while you are keeping up your bank account, you are establishing a credit that will be of untold value to yourself.

Our Bank is prepared to give you its service, backed by experienced and successful business men, men who are interested in each of its customers, making each individual depositor's account a personal matter.

The First National Bank

LUBBOCK, TEXAS

Geo. C. Long Suicides

Third Member of Long Family to Die by Their Own Hands; Leaves Note to Family

Randall County News:

"Stricken by the grief over the murder of his son Henry and the suicidal of his son Charles, George C. Long took his own life Friday morning at the family home in Cordell, Okla. For fourteen years Mr. Long was a resident of Randall county and was highly respected by all who knew him. He came to the county in 1891 and moved to the present home near Cordell in 1907. His life has always been exemplary and there is no man who has ever known him personally that questioned a motive in his life.

"Last Friday morning he arose as usual and went to feed the stock. Mrs. Long presently went out to milk the cows and while so engaged, Mr. Long returned to the house, took a small 32 pistol and went to the chicken house in the nearby orchard where he fired the fatal shot into the left side of his brain.

"The funeral services were held Sunday at the Baptist church of which he was a member and was the largest funeral ever held in the city. Mr. Long made friends wherever he made his home. "For the third time within three years the members of the family were called together to mourn over the dead body of one who had fallen by the bullet. January 17, 1910, Henry (Bunk) Long was murdered at Emma. April 30, this year, Charles Long took his own life near Happy. Overcome with grief the father took his own life Sept. 5.

"A note was left by Mr. Long which read: 'May the Lord and my family forgive me. I've carried this load as long as I can.'

"The wife and mother with one son and six daughters remain to weep over the dead."

The jury in the case of the State vs. W. T. King, charged with shooting Sheriff G. B. Coughran, of Mitchell county, found the defendant guilty and placed his sentence in the penitentiary at three years.

Miss Fannie Osborne writes us

from Pampa that she was called there some days ago to the bedside of her sister-in-law, Mrs. F. W. Osborne, and found upon arrival that she was suffering from an acute attack of appendicitis, necessitating an operation, and that she would likely be kept away from home for some time, and asked us to send the Avalanche to her address, that she might keep posted as to what is going on in and around Lubbock.

Dr. B. F. Craven, of Waco was here several days this week, shaking hands with his many friends in Lubbock.

Joe Stringer, who for some

time has been employed in the Martin Bakery and later with the Hunt Grocery Co., as baker, left the first of the week for Cleburne, Texas, where he will probably take a position in a bakery there.

Money to land on ranch lands in sums of \$5000.00 and up. G. C. Harnes, Colorado, Texas. 11 1tp

Mr. and Mrs. J. D. Settle and daughter and Duch Malone returned, the latter part of last week from an extended trip into Colorado and other states in that part of the union. They made the entire trip in their auto, and report a most pleasant trip.

They Come A Running!

Your stock will come a running at feed time if the feed you give them is of the best quality. Why not give them

The Best Feed

We have in stock Bran, Wheat, Threshed and Head Chops, Cotton Seed Cake and Meal, Oats and Chicken Feed, Stock Salt, Etc. The very best.

Downing & Hill

Fresh Vegetables

We are getting from Colorado a fine lot of green stuff, such as Cauliflower, Celery, Pie Plant, Green Onions, Head Lettuce and Radishes. We are also handling all the home grown vegetables that we can, and want to say that the Tomatoes are the finest that we have ever handled.

Martin & Wolcott

SEEING IS BELIEVING

Lubbock Citizen Writes About Lubbock County Farm. What It Will Produce.

To The Avalanche.

The writer was greatly impressed with the paragraph in last week's paper, which reads as follows: "Make friends. You can do this by greeting strangers pleasantly, and giving them the information that they might ask for (straight.) Don't exaggerate about Lubbock. There is enough truth to be told about this country to fill it full of people in five years."

We think that shot rang the bell: Tell it again and again, that it may soak through. In this day, people who do things are wanting facts and we have them to show. It is better to show anyone than it is to tell them. In this connection, we want to state that we have seen, and anyone doubting can see the same things.

Just south of town we saw 200 acres in kaffir, maize and cotton, about 120 acres in grain and 80 acres in cotton. This field we understand was worked by one man and his son, and that they are tenants on the 1-3 and 1-4 basis.

This is not an exceptional farm, but many crops in the vicinity are as good. As we went over this place pretty thoroughly we want to use this farm as a basis of what can be done, and is being done in this country, and we want to compare with any farm in Texas of the same size, and submit that there are very few (if any at all) that will surpass it from a net revenue standpoint.

We want to be conservative in our estimate, and we want any one doubting these figures to go and see. We would estimate the grain crop at 1 ton per acre (120 tons) worth \$25 per ton \$3000.00. Cotton 20 bales, worth \$1200, or a total of \$4200.00 which averages \$22.00 per acre. We would estimate a cost of \$1200 for making and gathering this crop. This we think would allow excellent wages for all the work required. Here we have a net profit of \$3000 or \$15 per acre. Not for a small piece of land, but for a field of 200 acres. Here we find the rents of this land paying about \$7.00 per acre and about 50 per cent upon the investment.

These things sound like fiction to the average man, and especially when it is said that this is no exception, and that this has been below the average seasonable year.

We want to emphasize that there is enough truth concerning the actual worth of this country, upon that farm, if properly brought to the notice of the practical farmers of Texas, to bring 100 farmers into this county. We have been pretty well all over Texas, and through a great many other farming states, and we believe that we are a fair judge of land and crops, and we have never seen a more attractive scene any where.

There we can see what has been done without the aid of irrigation, and when our unlimited water supply is fully demonstrated to the farmer, there is no limit to the actual value of this land.

We have been in the Lubbock country about five years, and while we have through bad judgment and unavoidable conditions lost every dollar we put into property here, and have nothing left (except possibly a bad reputation) this is not the fault of the country. We say, don't knock the country because you are a failure. Don't exaggerate. Tell the truth, it will prove good for you and the country.

Signed contributor.

See Owen and Vaughn for all kinds of insurance, loans and real estate. Lubbock State Bank Building. Phone 291.

COLE'S RADIANT MAGAZINE HARD COAL HEATERS FOR HARD COAL AND CRUSHED COKE

This up-to-date successful heating stove supplies the long felt want of a handsome, economical magazine-hard coal stove with mica illumination, having the heating capacity of a large base burner, which can be purchased at a low price.

Cole's Radiant has been thoroughly tested for five years; and is without doubt the most economical heater for hard coal and crushed coke ever placed on the market. The tight construction makes it possible to hold a hard coal or coke fire down to a cherry red combustion, and the large sensitive radiating surface responds quickly to the fire, radiating all the heat into the rooms. With a cast iron base burner the small amount of fuel in the fire pot must be kept at white hot rapid combustion to heat up the distant base flues and the large amount of mica. Hard coal at cherry red combustion burns 48 hours, while at hot combustion, as it burns in the average base burner, it lasts only from two to five hours.

COLE'S ORIGINAL HOT BLAST HEATERS

For Soft Coal, Lignite, Slack, Siftings, Hard Coal, Crushed Coke, Wood and Cobs

A coal stove in which the fire is not out from the time it is set up in the fall until taken down in the spring—which demands attention only three times in twenty-four hours with soft coal and two times with hard coal, and which gives an even heat day and night with soft coal or hard coal has long been the dream of the good house-keeper, and is realized in COLE'S ORIGINAL HOT BLAST STOVE.

Cole's Radiant Magazine Hard Coal Heater

HERE ARE A FEW REASONS WHY COLE'S RADIANT IS THE BEST HARD COAL STOVE ON THE MARKET:

1. It is more economical with hard coal or crushed coke than any other stove, saving from 1-4 to 1-3 your annual fuel bills.
2. It is a quicker heater. No waiting for rooms to heat up in the morning. The large sensitive radiating surface responds to the heat at once.
3. It holds fire longer than any other hard coal stove. Four days and nights in the test with one charge of coal in the magazine.
4. It is a better base heater than any other hard coal stove. Heats evenly, top, bottom and sides.
5. It radiates a greater degree of heat for a greater length of time than any other hard coal stove, thus requiring less attention.
6. It retails at one-half the price of a base burner having the same heating capacity.
7. It takes up less room in the home than a base burner, and is more easily moved and set up.
8. The magazine can be removed, giving you a front door feed for wood, cobs or anything you want to burn in it; a very convenient feature for Spring and Fall when little heat is required.

The Patent Draft Connection and Compound Hinge.

Cone Grate
Air Tight Bottom

Shows Patent Anti-Puffing and Check Draft.

The Three Basic Principles in the Construction of Cole's Hot Blast

The Patented air-tight construction giving perfect control over the fire and preventing the escape of gas or heat up the chimney, the patented top hot blast draft which oxidizes and burns the gas; and the all-steel sensitive radiating surface which radiates all the heat into the rooms are the three basic principles in the construction of Cole's Hot Blast which make it the perfect stove for soft coal, lignite, hard coal, crushed coke, wood and light fuel.

Details of Our Scientific Construction

The purpose of our construction is to eliminate air leaking joints and get a large sensitive radiating surface.

This straight jointless steel jacket gives a large sensitive radiating surface which is protected from direct action of the fire by the cast lining extending 7 inches above the fire pot and by the steel lining to the top of the stove.

Our smoke-proof feed door in the side of the top also does away with a door on the side of the stove, which no manufacturer has ever been able to make tight. THIS CONSTRUCTION GIVES OUR 18-INCH STOVE, 1,840 SQUARE INCHES OF POSITIVE, SENSITIVE STEEL RADIATION AS COMPARED WITH 860 IN AN 18-INCH OAK STOVE.

The Patented Draft Connection and Compound Hinge

Our patented steel collar connecting the elbow casting to the stove body, is our method of making the only joint of cast iron and sheet metal below

the top in our stove air tight. This steel collar allows for the greater lateral expansion of the casting, at the same time holding the casting firmly to the body at all points. It is our patent and is used only on our stoves. The method of bolting castings to sheet metal does not prevent leakage from expansion and the stove puffy which is used to make such joints temporarily tight on imitation stoves soon works loose and renders such stoves worthless as fire-keepers.

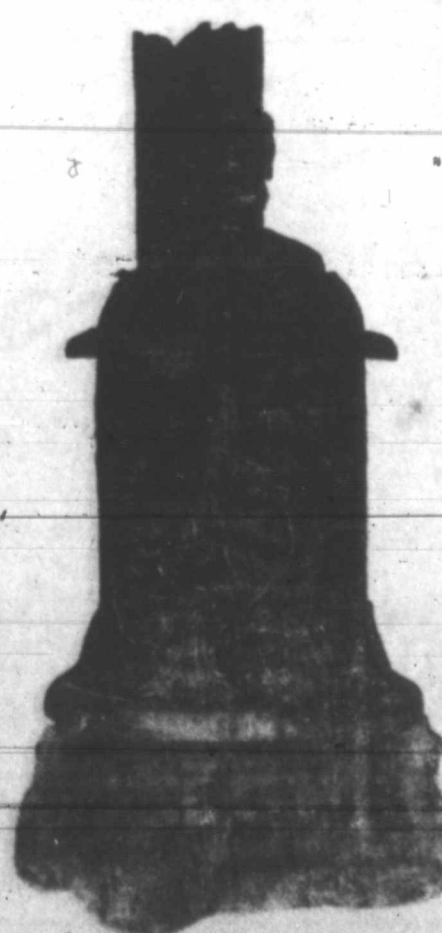

Our Patented Compound Hinges, permits of grinding and milling the lower surface of the ash door and the upper surface of the main elbow casting perfectly smooth so that they touch evenly at all points. This makes an air-tight joint and water-tight joint, with evaporation the only force necessary to keep the milled surfaces together and air tight at all times. This hinge also prevents the ash door from warping.

The Steel Bottom

The heavy stoves are fitted with a boiler plate steel bottom which is riveted to the stove body just as the end is fitted into a steel boiler. The lighter stoves have an 18-gauge steel bottom, double-seamed to the body, and both are air tight and water tight. The steel bottom is more durable than cast iron, thus saving.

Our Patented Anti-Puffing and Check Draft

This draft, shown by accompanying illustration, has been tested for three years, and is put on all Hot Blast and Radiant stoves, except the 12-inch size. It is a supplemental hot blast draft. It adds to the efficiency of the stove and prevents puffing.

What Do You Bid For This \$19.50 Cole's Hot Blast Heater?

HERE IS A CHANCE TO GET THE BEST HEATER MADE AT YOUR OWN PRICE

Your Bid Must Be Placed By SATURDAY, OCTOBER 4th, 1913.

Call on us before that date and you will get a card upon which to write your name and the amount of your bid. The cards will be placed in a sealed box and at 4:00 p. m., SATURDAY, OCTOBER 4th, 1913, the card bearing the highest offer gets the stove. It is likely that someone will get this \$19.50 heater for considerably less. It may be you if you bid on it.

OUR GUARANTEE

1. We guarantee a saving of one-third in fuel over any lower draft stove on the same size, with soft coal, lignite or slack.
2. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with the same fire-pot.
3. We guarantee that the rooms can be heated from one to four hours each morning with the soft or hard coal put in the stove the evening before.
4. We guarantee that the stove will hold fire with soft coal from Saturday evening to Monday morning without attention.
5. We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
6. We guarantee every stove to remain absolutely air-tight as long as used.
7. We guarantee the feed door to be smoke and dust proof.
8. We guarantee the anti-puffing draft to prevent puffing.

The above guarantee is made with the understanding that the stove be operated according to directions, and connected up with a good flue.

CALL AND SEE THIS WONDERFUL HEATER AND FUEL SAVER AND PLACE YOUR BID AS EARLY AS POSSIBLE

Mrs. Wallace Dead
News was received here, by wire Saturday afternoon, that Mrs. Foy E. Wallace died in Corpus Christi at 4:00 o'clock of that day. It will be remembered that Mr. Wallace and family moved to this place from Austin some months ago, with the hopes of getting relief for her, but being disappointed in that, went to the coast country. For a few days she seemed to rally and improve some, but soon grew worse and continued to sink till death relieved her sufferings. The family has the sympathy of all our people who formed their acquaintance while here and understood the real condition.

Local view of new stock, just arrived. Lubbock Drug Company. 11 11

22 RIFLES
The Little Rifles—Big in Quality
YOU are going to buy a 22 calibre rifle, single shot or repeater, you'll find that many well known crack shots started with a Remington-UMC 22. Their advice now would be, "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.
You have just as much right to expect full shooting value in your 22 calibre arm as in your \$75 big game rifle.
You want the Remington-UMC single shot at from \$5 to \$6. 22-25-10 or -12 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifles.
Or, if you prefer the repeating rifle, the Remington-UMC slide action, 22 calibre, with its easy take-down and special safety features, shooting 22 short, 22 long or 22 long rifle cartridges, at \$10 and up, is your arm. Sold by live dealers in this community—the most popular small calibre rifles in America.

Damage Suit Filed
T. R. Boone of Wichita Falls was here this week for the purpose of filing suit in district court for a large sum, against a traveling man named Draper, who lives in Amarillo,

for damages, alleging that some months ago, on Restriction street in Plainview, an auto driven by Draper caused a horse to, the buggy in which Miss Fullingim of Plainview and Mrs. Boone of Lubbock, mother of Mr. Boone, were riding to run away, throw-

ing them out and breaking Mrs. Boone's arm and causing other injuries. —Plainview News.

Mr. and Mrs. Leslie Ellis were made glad last Saturday by the arrival of a 10 pound son and heir.

That you can get

JUST AS GOOD SERVICE AND JUST AS HIGH GRADE WORK

on your clocks, watches and jewelry, right here at home as you can get in any of the large cities?

Well just let that fact hit you square in the face and the next time you have

A WATCH THAT "WON'T GO" OR A BROKEN PIECE OF JEWELRY, GIVE US A TRIAL.

I have employed the help of an expert watchmaker and am prepared to turn out promptly and satisfactorily any work left in our care.

UNCLE TURK BEAL DEAD

Pioneer Citizen Dies in New Mexico. Sam Weaver Gets Federal Appointment

Yokum County News.
A telegram was received here last Monday by Pete Beal from Silver City, New Mexico, bearing the sad news of the death of his father at that place. It had been learned previously to the receipt of the telegram that Uncle Turk had been seriously hurt by a wagon turning over on him and it is supposed that it caused his death. Uncle Turk was one of the best known men in this part of the country, and had a large number of relatives and friends in West Texas and New Mexico. He had always lived on the frontier and belonged to the class of hardy pioneers who are now so rapidly disappearing from among us. This paper joins many friends here in an expression of sympathy for the bereaved family.

The News is glad to report that our townsman, Mr. Sam H. Weaver, has been appointed Government Cattle Inspector, which appointment carries with it a good salary. Sam came in last night from Lubbock and is receiving the congratulations of his many Yokum county friends on his good luck. He will remain here until next Monday and then go to the Spade ranch headquarters in Hale county, where he will superintend the dipping of several thousand cattle which are being made ready for shipment. This is certainly a good appointment as Mr. Weaver is a man of fine judgment and high honor. He will be perfectly impartial in the discharge of his duties, and both the ranchmen and Government will receive what they are entitled to at his hands. He will most likely make his headquarters at Plains and will be here when not at work.

Messrs. Fred Fyeatt and C. I. Bedford have received appointments to work under the State Cattle Sanitary Board and will enter upon the discharge of their duties in a few days. Those who had the making of these appointments made good selections when they chose these gentlemen. They are both men of extensive experience in the cattle business and will perform their duty in every respect.

DEAD; BUT LIVETH

New Mexico Ranchman Rallied After Being Pronounced Dead. Funeral Arrangements Made

Roswell, N. M., Sept. 13.—How would you like to "die" of heart failure, have all arrangements for your funeral and burial completed, and your lodge ready in a body to march to the train and receive your remains and then come alive? Such was the experience of Louis Fahrliender, aged 65 years, a ranchman who lives near Elkins.

Mr. Fahrliender was supposed to have died of heart failure yesterday morning at 4 o'clock and word was telephoned here to his son, Peter Fahrliender of the Roswell fire department and to his daughter, Mrs. Jesse Couch, and to the Independent Order of Odd Fellows of Roswell of which he was a member, to arrange for the funeral and burial, the body to be brought here on the afternoon train. The local lodge made the proper arrangements and prepared to go to the train in a body to receive the remains and look after the burial, when, another message came late in the afternoon that Mr. Fahrliender was not dead but had been in a state of coma from which he had been revived.

After the word of his supposed death was sent to Roswell, physicians who had been summoned, were successful in restoring the man from the trance and supposed state of death to his natural health again, and word was phoned that he is alive and all right.

Mr. Fahrliender came to this state many years ago from Cincinnati, Ohio, and has many friends in Roswell who were glad to learn that he had survived the attack of heart failure which he had suffered at first and for some hours it was believed had proven fatal.

The Congress—See Meridith. 11-11

N. A. Hamm, who once resided in this county, now of Oregon, who had been over to Evening Shade, Ark., visiting relatives for a few months, stopped off here for a few days hand-shaking with old friends, before returning to his home.

Frank Winn left Tuesday for Austin, Texas, where he will enter the State University.

Fashion Hints

From the *Bischof* Style Show

The Smartest Styles in the New Suits

This year, even the most severe tailor-made shows the departure from the "mannish," especially in the drapery of the skirt. This drapery generally flows from the waist and is cleverly disposed of below the hips, so that the indispensable narrow foot line may be maintained. Bischof models show the cutaway coat and paneled back, to harmonize with the long, tapering lines so essential in the new figure.

Everything tends toward the more elaborate, and you will find just such costumes as you want in this interesting assortment. Nothing could surpass the beauty of fabric and color, nor the originality and taste which Bischof has used. He has no equal in this country.

The cut-through effect at the waistline is a conspicuous feature of these suits. Generally the coat finishes in shirings or plaits, at a high waistline, although the elongated paneled back with the normal waistline is frequently seen.

Two other noteworthy features in the dressier suit are the little set-in vest of velvet or silk and the touches of embroidery in rich tones that adorn collars and cuffs. Great thought is given to the designing of the cuffs, which are an important feature of the long, straight sleeves. In collars, individuality must prevail. Many of these coats show a variation of the broad, flat collar, spreading out becomingly over the shoulders, or fastening high at the throat, if desired.

Bischof garments put really smart dressing within your reach.

You who are now planning your Fall clothes will do well to come and let us show you the latest and best models that Bischof has evolved for this season. Whatever your means, whatever your taste, you will find in our carefully selected stock, Bischof costumes that exactly suit you.

PRICED \$20.00, \$22.50, \$25.00, \$27.50 AND \$35.00

First View of the
Newest FALL STYLES
in Dress Goods
from the *Great LaPorte Mills*

For every possible purpose or occasion—whether for Dress, Street, Business or Evening wear—there is a quality and style included in this first showing of Fall Fabrics exactly suited to your needs. This statement may seem broad. It may even seem exaggerated, but the very richness, variety and attractiveness of it all proves conclusively its reasonableness and truth.

The fact that the newest style creations from the greatest Dress Goods producing mills are HERE for your approval, and the added fact that every yard that we offer comes to our customers at lowest Mill-to-Dealer prices, plus our own small profit, make this announcement one of great importance to every thrifty Dress Goods buyer in town.

As Exclusive Representatives of the
LaPorte WOOLEN MILLS

WE OFFER YOU A GREATER ASSORTMENT OF NEW FALL DRESS GOODS STYLES THAN YOU EVER SAW—AND AT PRICES YOU'LL BE MORE THAN PLEASED TO PAY

Those who have had the opportunity of examining them as they have been unpacked, pronounce this season's collection of Staple and Novelty fabrics the most attractive we have ever shown.

There are hundreds of pleasing distinctive designs and qualities to choose from: The very latest Matelasse, Whipcord, Mistral Crepe, Diagonal Cords, Damasse, Persian Brocade, Costume Ciste, Silk Warp Poplins and Ortonian Weaves, Eponges, in coat and suiting weights, Fancy Bedford Cloths, Diagonals, Heavy Outer Coat Materials in plaid-backs, close-curl Astrakan and Camels Hair effects, and Chinchillas in all the new shades and patterns.

In Silk and Wool, Cotton, and Silk and Cotton Fabrics there is an exceptionally beautiful variety of new styles in Crepe Voiles, Crepe de Chine, Crepe Meteor, Ratine, Rajah Crepe, Crepe Matlesene, Silk Crepe, Silk Crepe Pointille, Crepe Glace, Bulgar Silk, Faille-Ratine, Balkan Silk Ratine, Tussah Faille, and Brocade styles so desirable for Street, Afternoon and Evening Wear.

Come see for yourself how splendidly ready our Dress Goods section IS PREPARED to help you solve the "high-cost-of-dressing" problem.

Prices from 50c to \$2.50 the Yard

LUBBOCK MERCANTILE COMPANY
THE HOUSE OF QUALITY

BRADLEY AUTO SALES ROOMS

Burrus Building on West Broadway Will be Occupied by This Popular Firm

On our rounds this week we find that the Burrus building formerly occupied by the Wheelock Dress Shop was being overhauled and put in shape for an automobile sales room, which will be occupied by the Bradley Auto Company.

In conversation with J. M. Bradley, the senior member of the firm, we learn that this building would soon be filled with automobiles and supplies, as they will move from their present location west of the post office to this building. Their present stock of supplies of all kinds will be increased and new lines added which will give them one of the biggest stocks of supplies of all kinds on the plains.

They have the agency for the Ford and the Imperial cars at this time, and Mr. Bradley stated that they would have another car also, but they had not fully closed up their contract yet, and would not give out any further information.

It is safe to say that this company has sold more cars than any other firm in this section of the state, and in their new quarters, which is better located, their business is sure to increase.

The Congress: read it. On page 3. 11-11

T. J. Childers was here Saturday from Hamlin, enroute to Lorenzo. He stated that crops in the vicinity of Hamlin were good this year. He is looking at the south plains country with a view to locating and if he finds what he thinks he wants in this section, may become a citizen of this community a little later.

Rev. J. E. Chase, the new Christian preacher for the South Side Christian church, this city, arrived here with his household goods and he and family are now located in the Douglas residence in the Overton Addition, just south of the High school building.

TERRY GETS GOOD SHOWERS
Local Rains Fall over Portions of Terry County—Building Good Roads, Other Local Items

Local showers have been visiting various portions of Terry county this week, but in the territory immediately around Brownfield, we did not get any rain to amount to anything till Wednesday night, when about one-half inch fell that was general all over the county but probably heavier in most of the county than here. This will give most of the county a grass growing season and mature the late feed. The weather is still threatening this (Thursday) afternoon.

There is nearly always a crew of hands out on our main thoroughfares, reelaying and otherwise putting them in good condition to travel, and now we are almost ready to begin the construction of a good road from the Gaines to the Hockley county line, which

will give us a large scope of territory. People will come a good road a long ways to trade here.

Speaking of trade territories, Lubbock and Tohoka should send a delegation of their best citizens down here to complement and tango, bunny-hug, grizzly bear, turkey-trot us around the square for opening up and extending their trade territory. Fact is, Terry has done more than both of them to extend their wagon trade. We are initiatory in the construction of the east and west road, that brought them trade from here to Lovington, N. M., and now, we, with a modest bow, are about to turn Gaines county into their channels of trade. Yes, they ought to send a hugging delegation, by all means.

Mr. and Mrs. T. S. Jackson formerly of Terry but now of Roswell, N. M., are visiting their friends in the Needmore community this week.

Dr. Treadway was called out to the Will Mathis ranch Tuesday afternoon to see Robert Griffith, who was hurt in a run away.

The doctor said the hurt was not at all serious, though painful.

Dock Powell left for Lubbock yesterday to receive a large consignment of the Mercantile's merchandise that has just arrived from St. Louis. The building will soon be under lock.

The Magnolia Company

The Magnolia Company we understand will soon put in a large storage tank at this place, with sufficient capacity to take care of their large business at this point.

This change has been contemplated for some time, and the only reason that they have not had an equipment of this kind here before is simply because of their inability to get around to it sooner.

Mr. Bradley, their agent here is confident that this improvement will be made now in a short while.

Mr. and Mr. Joe Boyd returned Friday afternoon from a few days visit with friends in Amarillo.

Tom Arnett and family came down from the Spade ranch in Lamb county, Sunday, and were the guests of Mr. and Mrs. Geo. Arnett the first of the week.

Local views: new stock, just arrived. Lubbock Drug Company. 11-11

T. M. Bartley of Tohoka, was here Monday looking after some business matters.

Citation By Publication
The State of Texas
To the sheriff or any constable of Lubbock county—Greeting:

You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Lubbock, if there be a newspaper published in said county, (but if not, then in the nearest county where a newspaper is published) for eight successive weeks previous to the return day hereof, you summon the unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, whose names and places of residence are unknown, to be and appear before the honorable district court at the next regular term thereof, to be held in the county of Lubbock, at the court house thereof, in the town of Lubbock, on the fourth Monday in November, A. D. 1913, the same being the 24th day of November, A. D. 1913, then and there to answer the petition of Sallie M. Brown, plaintiff, filed in said court on the 9th day of September, A. D. 1913, in a suit in which Sallie M. Brown is plaintiff against the unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, defendants, the file number of said suit being No. 762 and the nature of plaintiff's cause of action being as follows, to-wit:

That plaintiff is the lawful and absolute owner in fee simple of the following described tract of land, to-wit:

Six hundred and forty (640) acres of land situated in Lubbock county, Texas, known as survey No. 67 block 'A' located by virtue of land scrip No. 923 issued to the E. L. & R. R. Co., and patented to Mrs. Jessie F. Haslett by Patent No. 372 Vol. 60, and described by metes and bounds as follows: Beginning at a stake in the corner of Sur. No. 67 Block 'A' or N. W. corner of this survey; thence south 1900.8 vrs. to stake for S. W. corner this survey; thence east 1900.8 vrs. to stake for S. E. corner of this survey; thence north 1900.8 vrs. to stake for the N. E. corner of this survey; thence west 1900.8 vrs. to the place of beginning.

That on, to-wit, the 1st day of September, A. D. 1913, plaintiff Sallie M. Brown, lawfully in possession of said land and premises and entitled to the possession thereof; that on, to-wit, said September 1st, 1913, said defendants unlawfully entered upon said land and premises and unlawfully ejected plaintiff therefrom, and have since said date unlawfully withheld from plaintiff the possession thereof and still unlawfully withheld from plaintiff the possession thereof to plaintiff's damage in the sum of \$2000.00.

That plaintiff's title to said above described land and premises is as follows, to-wit:

(a) Patent from the State of Texas executed by O. M. Roberts, Governor, and W. C. Walsh, Commissioner of the General Land Office, to Mrs. Jessie F. Haslett, Assignee of the E. L. & R. R. Co., dated February 8th, A. D. 1882, No. 372 Vol. 60, fully for record on the 23rd day of August, 1882, and recorded in Vol. 1 pages 105 and 110 of the records of Lubbock county, Texas.

(b) Deed from C. A. Haslett and wife, Jessie F. Haslett, to Arnold Brown, dated June 20th, A. D. 1882, filed for record Nov. 30, 1882, and recorded in Vol. 1 pages 116 and 117 of the deed records of Lubbock county, Texas.

(c) The last Will of Arnold Brown, deceased, and the proceedings of the Probate Court of Montgomery county, State of Ohio, in the estate of Arnold Brown, deceased, and all other papers and orders in said estate, certified copies of all of which are recorded in Vol. 26 p. 441 and Vol. 31, pp. 44-51 of the deed records of Lubbock county, Texas.

(d) That plaintiff and those, whose estate she has, had and held peaceable, continuous, uninterrupted and exclusive adverse possession under title and color of title from and under the sovereignty of the soil of the land and premises hereinbefore described for a period of more than three years before the commencement of this suit, and that plaintiff claims title to said above described land and premises under the statute of limitation of three years.

(e) That plaintiff and those, whose estate she has, claiming the same under deed duly registered, had and held peaceable, exclusive, adverse and continuous possession of said land and premises hereinbefore described, cultivating, using and enjoying the same and paying all taxes thereon, for a period of more than five years before the commencement of this suit and that plaintiff claims title to said land under the statute of limitation of five years.

(f) That plaintiff and those, whose estate she has, claiming to have good and perfect right and title thereto, had and held peaceable, continuous and exclusive adverse possession of said land and premises hereinbefore described,

cultivating, using and enjoying the same, for a period of more than ten years before the commencement of this suit, and that plaintiff claims title to said above described land and premises under the statute of limitation of ten years.

That the claim of the defendants unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, is so far as plaintiff knows, based upon the claim that the hereinabove described land was the separate property of Mrs. Jessie F. Haslett, deceased; that the acknowledgment of said Mrs. Jessie F. Haslett to the above described deed from C. A. Haslett and wife, Jessie F. Haslett, to Arnold Brown is invalid and that said conveyance did not divest said Mrs. Jessie F. Haslett of her title to said above described land and that the same passed to the defendants upon the death of said Mrs. Jessie F. Haslett on or about, to-wit, the day of A. D. 1882.

Wherefore, plaintiff brings this suit and prays that said defendants be each and all duly and legally cited to appear and answer herein in the manner prescribed by law; that an attorney ad litem be appointed by the court to defend this suit for said defendants cited by publication; that upon final hearing hereof plaintiff have judgment against all of said defendants for the title to and possession of said land and premises; for damages and for writ of possession; and for all such other and further relief, both at law and in equity, general and special, which plaintiff may be entitled to.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this 9th day of September, A. D. 1913.

J. A. WILSON, Clerk.
District Court, Lubbock County, Texas.

By C. F. STUBBS, Deputy.
W. H. FLYNN, Sheriff.
Lubbock County, Texas.

In conversation with a gentleman from another part of the great state of Texas a few days ago, he says: "Now is the time to buy property in Lubbock" and went on to state that she was coming to the front and those who have property here and will hold on to it will be the men who will make money in a short time. He has invested in property in Lubbock and expects to put up some new brick buildings in the very near future.

Cure Old Sores, Ulcers, Blisters, Warts, etc.
The worst cases of a matter of long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals the Sores. Price, 50c, 1.00, 2.00.

Chas. Butler went down to Midland last Friday to spend a few days, after which he will return to Lubbock and continue his visit here for a while longer. Mr. Butler is well pleased with conditions in Lubbock, as is evidenced by the notice in another part of this paper, taking all his property in Lubbock and Lubbock county off the market. Things are really looking good around this city, and many people can read the hand writing on the wall.

Mrs. Dell King came over from Floydada, Friday afternoon and visited with homefolks till Sunday afternoon, when she returned to Floydada, where she has a position in the Presbyterian Academy, in the music department.

Mr. Curry, of the Amarillo Mill and Elevator Company was here Friday. He says feed stuff is soaring, and from the present outlook feed stuff of every description is going to bring the farmer a mighty nice price.

A car load of feeder hogs passed through here last Friday from Panhandle to Cedric, where they will be placed on feed. They were a nice bunch and the owner will no doubt make a nice profit on them, after feeding a few weeks.

Notice
Our pastures are closed to all herds being driven through them.

Chamber of Commerce Column

The following article is taken from a Santa Fe folder dealing with the Panhandle and South Plains. It is worth reading, and you who might be tempted to be fearful of the future, take heart.

THE LUBBOCK DISTRICT

The Lubbock district embraces the shallow water lands in Lubbock and Hockley counties where the development is constantly increasing. Here as in other districts wells are being contracted so rapidly that only unusually large plants attract particular attention. Among such may be mentioned the well of the Hon. Jno. L. Worthington, some eight miles east of Lubbock with a flow of 2000 gallons per minute. This is one of the units in the development of a tract of some 14,000 acres of land. Wherever the attempt to secure water in quantity has been made, failures are unknown.

Lubbock is a thriving city of 3,000 people admirably located on the Yellow House Canyon affording excellent drainage and within a short distance of deposits of superior paving material. The appearance of the business portion of the city with its substantial structures of modern construction is altogether inviting to the stranger as indicative of its stability and the confidence of its builders in the future. Here many wealthy cattle owners make their homes, their surplus capital being invested in banking and other enterprises while the advantageous location of the city has already attracted large jobbing houses and others necessarily will follow.

On the main Trans-continental line from the Pacific Coast to the Gulf and on the direct line connecting North and South Texas and the East, Lubbock's transportation facilities are perfect. And back of all this, the material wealth of the surrounding country, the fertility of the soil,

its adaptability to irrigation, its highly cultivated farms, even now add to this the insurance that water when needed is at their command, and you have a condition that will increase the wealth of the individual and the community, as surely as one may depend on the recurrence of the seasons.

Large areas of known shallow water land lying along the new Lubbock-Texico line are now open to settlement and which have only waited upon transportation to commence the work of transformation to productive farms.

Emigration from the south and other sections of the country will seek this section where altitude and humidity meet in creating ideal conditions for farm life. The soil, deep and rich, is underlaid with an inexhaustible supply of pure water at depths varying from 30 to 65 feet.

All crops adapted to the irrigated districts mentioned above have already proven successful in this district.

A test of the new number five Layne and Bowler pump at Mr. McMillan's, a few days ago showed four inches of water running over a forty-eight inch weir, which makes the flow 1128 gallons per minute. This was done with a traction engine. This well is 85 feet deep and the water rises to within 45 feet of the surface. The supply is inexhaustible. And yet occasionally we hear of one who is afraid that our water is too deep, or there isn't enough.

People often ask what we are doing. We are working every minute all day long, with no idle moments, to push Lubbock. But more specifically: During the two and one half months, the secretary has been in Lubbock he has, first tried to get acquainted

with the people, the county and its surroundings. He has made as thorough a study of all conditions as possible, of the crops, of well irrigation, of the silo question, in other words he has tried to familiarize himself with the whole proposition in order to do the best work for Lubbock. This one thing takes time. Many men with automobiles and teams have been very kind in assisting him in this.

At the same time, while going over the county he has taken a number of pictures to be used in disseminating information to the world. Some of these pictures will be printed in the form of postcards, which will be on sale at various stores as soon as they can be printed.

He corresponds for several papers, with the idea of getting Lubbock before the reading public every where possible.

A folder was prepared, and is being sent to hundreds of people all over the country. Several circulars have been multigraphed, and used for advertising purposes. One letter was sent to many of the business men asking for names of those who might be interested in Lubbock. Several hundred good names were received in this way, and literature is being sent out as fast as the secretary has time.

All names and all correspondence are kept confidential, no one sees either. Should a correspondent write asking the name of a real estate dealer, or a business man, the secretary gives the names of all members of the Chamber of Commerce who are interested in that particular line. He cannot and will not give any man or firm the preference. All conversation which is desired to be confidential, is rigidly kept so.

All names are card indexed, and a complete record is kept of all literature sent, and correspondence. We believe in the "follow up" method of advertising.

This mailing of literature and the writing of hundreds of letters, in itself takes considerable time.

Lubbock pennant has been designed, and will probably be on sale this fall.

The secretary is planning to publish a more elaborate book showing what Lubbock is and what she can do. This will be published as soon after we get crop reports as possible.

We are also busy preparing for the Lubbock County Fair to be held the first Monday in October.

The secretary is in every way trying to achieve publicity for Lubbock. We could accomplish more had we the money to do so, but lacking a large fund, we are endeavoring to make what we have, do the most good. And right here, we might remark, that there are a large number of Lubbock citizens who should be members of the Chamber of Commerce, even though they are unable to pay more than fifty cents a month. Your presence upon the membership list alone, would be helpful, for then we could count upon you as a Lubbock booster.

We have a live set of officers, and board of directors, and they are doing much to help, and the greater part of the eighty-five members are live wires, but we

should easily have twice eighty-five.

The work of boosting, to use the word in its best sense, is not accomplished in a day or a year. And the best work is the work that is solid and lasting.

It is possible to make a great hurrah, and a big noise, but neither last long, and we believe and think that the members of the Chamber of Commerce and all thinking citizens agree that the quieter method is better and has more solid results. That is the method by which we are working. We are confident that the results will show themselves in due time.

We were talking with a knocker the other day. After listening a while we went to our office and looked over the list of membership of the Chamber of Commerce, and his name wasn't there. I don't believe that he is a subscriber of the Avalanche either.

A non-resident land owner, to whom we sent a folder the other day responded with a nice letter, and inclosed a list of forty-four farmers whom he said might be interested in this country. He asked for some more literature for distribution. He also enclosed the money to pay the postage. Needless to say, we immediately wrote him, and sent him a bunch of literature, and some folders to each of these farmers.

A gentleman who visited this country and examined it thoroughly wrote to the secretary, sending a list of names, and said, "I am very favorably impressed with your country." That is the almost universal opinion of those who come to the South Plains.

Mother's Club

The Mother's Club met in regular session at the school building Tuesday Sept. 15.

The following officers were elected for the ensuing year: Mrs. Jno. Agnew, president; Mrs. L. H. Simpson, vice-president; Miss Beard, secretary; Mrs. J. J. Adams, treasurer; Mrs. E. R. Haynes, press reporter; Miss Huff, Mrs. Wester and Mrs. Norton, program committee. A great deal of enthusiasm was manifested in the meeting and many plans were made for the raising of funds and for the beautifying of our school grounds.

A committee was appointed to place hitching posts on the grounds as soon as possible.

The treasurer reported \$27.90 made on Tag day and \$74.40 from the First Monday dinner. Another \$100 has been paid on the sidewalks and the remaining \$102 is not due for one year.

Candy and chili stands are planned in connection with the Children's Fair to be held the first Monday in October.

We will meet in the future at Miss Huff's studio near the school building, the third Tuesday in each month. It is our intention to have interesting programs at each meeting, consisting of literary and musical members.

We extend a cordial invitation to all the mothers and others who are interested in the welfare of the children of our town to join us and help in this good work.

Mrs. Tom Clayton, of Post, is spending the week with her parents, Rev. and Mrs. J. P. Word, and attending the Presbyterian in session here.

Mr. and Mrs. W. J. Murray were here from the ranch near Abernathy, Tuesday.

City Building Notes

By L. M. Ward, Sherman, Pres. Texas Com. Executives Assn.

Fine boosters make fine cities. Keep the path of progress clear.

The fruits of toil are success. Co-operation is the law of life. Let the spirit of the hive prevail.

Only the fittest survive in city building.

Whose press agent are you? Your city's or your own? Onward with the steady march of complete achievements.

There should be no innocent bystanders in a city building. We are developed by doing things that are difficult.

Cleanliness is next to Godliness and alley cleaning is divine. Each man is really the builder of the city in which he lives.

If you can't boost your own town get up and move where you can.

Co-operation is the power through which all things become possible.

A commercial organization is only as strong as it's weakest member.

Men achieve success by working with other men and for other men.

Every member of a commercial organization should be an assistant secretary.

The problem of civilization is to eliminate the parasite. The town knocker is a parasite.

Co-operation is like the segment of a circle; taken separately each is nothing, but in their combination they produce efficiency.

E. Lee Brown, traveling salesman for the Magnolia Petroleum Company, was here this week looking for a residence in which to put his family. He has been traveling out of Lubbock some time, but his family is at present located in Fort Worth. If he can secure a place for his family he will move them here immediately. There is quite a scarcity of rent houses in Lubbock, and a number have come and have been disappointed in locating here on account of not getting a place to reside.

W. H. Graham of Abilene, has issued a prospectus of a six-story office building which he and his associates contemplate erecting in Abilene during the year 1914. The building will be located at the present site of the Jewell theater on North Second street and will cost approximately \$90,000.

L. B. Nevils was here Wednesday from the ranch in the south part of the county.

Simeon O'Neal returned Wednesday from a business trip to Dallas.

FULL LINE OF SEASONABLE GOODS

We now have a well selected stock of seasonable goods consisting of

MILLINERY AND LADIES' FURNISHINGS

and would be pleased to have the ladies of the Lubbock trade territory call and see our stock.

WHEELOCK DRESS SHOP

WEST BROADWAY LUBBOCK
