EVER-SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It craves into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and eat not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Idolon Canning Club
The Idolon Canning Club met Tuesday afternoon June 24, at the home of Mrs. J. C. Morris.

Miss Halsey and Miss Craddock were with us. Miss Halsey demonstrated cottage cheese making. Miss Craddock made oat meal cookies, which we all enjoyed. Miss Halsey made several different dishes with cottage cheese, and some very fine sandwiches which were served to the following members: Mesdames Weaver, Gansway, Ross, Henshaw, McAndy, Daniels, Killebrew, Morris and Misses McCurdy, Weaver, Hamilton, Halsey, Craddock.

Miss Bessie McCurdy and Mrs. Daniels gave some beautiful selections on the piano. We then went to the garden where Miss Halsey showed us how to prune tomatoes. She gave us some points on canning. We sure enjoy these meetings as we learn so many new dishes to make for our Johns and Jims, at such a small cost so let's all attend these meetings.

Our next meeting will be with Mrs. Alex Weaver, July 22, and will can different kinds of vegetables so all come that can as these meetings are sure fine.

ITEMS FROM THE LAMESA REPORTER

Quite a number of business men and farmers met at the court house on Wednesday evening and organized a Chamber of Commerce. Just what the result will be remains to be seen. Certainly such an organization is needed. We hope for its success and if selfishness can be eliminated and a broad policy helpful to the county can be followed it ought to succeed.

At the "Pastor's Home" of the Baptist Church Sunday, Rev. W. E. Underwood said the words that made Bryan B. Cox and Miss Eugene Austin and James Boulter and Miss Beulah Nichols, husband and wife. We do not know the latter young people, but we do know Bryan and Miss Eugene. Two finer young people never lived in this country. Bryan is just returned from the army and has a mail contract for Route 2, and left it for the army, but is now attending it again. Miss Eugene has been with two Mercantile firms in the town and is in every way a very fine young woman. We extend heartiest congratulations.

Mrs. K. Carter and son, R. Jr., and daughter, Miss Edith, left Tuesday morning for Abilene to spend this week visiting with Mrs. Carter's sister, Mrs. Minnie Blaine.

MRS. J. O. TURNER KILLED ON THURSDAY

Mrs. J. O. Turner died Thursday night from the result of bruises administered upon her head that afternoon during an assault upon her by her step-son, Onnie Turner.

Mrs. Turner was at her home southeast of Canyon together with her youngest son when Onnie came out of the house with a gun, and according to the lad, shot three times at them. The lad fled for safety, stating that the first shot struck the ground right at his feet. Onnie turned upon Mrs. Turner, who tried to get the gun from him, administering heavy blows upon her head. The boy gave the alarm and soon all of the members of the family were called, finding Mrs. Turner in a very bad condition, her head being cut and smashed by the hard blows. She never regained consciousness. Onnie escaped, but after an all night search was discovered in hiding early the next day.

The funeral services were held Friday, conducted by Rev. B. F. Fronzabarger, of the Baptist church, of which she was a member.

The entire community is shocked by the tragedy. Mrs. Turner has a great circle of friends who are deeply grieved over her untimely death. She was 53 years of age; the mother of one daughter by a former marriage, while she and Mr. Turner are the parents of four children. The family is grief stricken over the unfortunate affair.

Onnie was brought before a jury Saturday. He was found to be insane and ordered to be restrained. He was taken at once to the state hospital. He was known to have been demented for a number of years, but the family and all the neighbors thought him to be harmless in every respect. He could answer intelligently questions asked him, but did not indulge in conversation to any considerable extent. He was 29 years of age.—Randall County News.

M. C. Kitchens, son of L. T. Kitchens, formerly a citizen of this place, but now living in Brownwood, is here this week visiting friends and acquaintances.

COMPLETE RETURNS ON CONSTITUTIONAL AMENDMENTS

Austin, Texas, July 4.—Complete official totals ascertained by the State Canvassing Board show that the home ownership amendment lost by less than 800 votes. The total cast for the amendment, exclusive of Stonewall County, was 152,422, with 153,243 against, or a difference of 821. Stonewall County gave the amendment 179 votes and 136 against but its returns were not properly certified and are not included in the totals.

Governor Hobby told friends today that he will continue his advocacy of the home ownership amendment that its defeat was due to the strong anti vote engendered by the anti-prohibition efforts, and that defeat by less than 800 votes amounts to a mere accident.

The Governor said that a great principle is involved and he informed friends that his efforts in the future would be to amend the Constitution so as to increase home-owning in Texas and enable the poor man to acquire a home and to improve his

home. Other totals found by the board follow:

Prohibition—For 159,723, against 140,099.
Equal Suffrage—For 141,773, against 166,893.
Governor's salary—For 108,326, against 193,359.

They are intending to make their home in Dallas in the near future.

There is more Catarrh in this section of the country than in other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by Dr. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any cure that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

AIRPLANES EXPECTED HERE LAST OF THIS WEEK

On account of several boys of Lubbock who have expressed their willingness to join the aviation branch of service, Bryant Mullins of the Medical Corps of Taffier Field, who is here on a short furlough visiting with his parents and incidentally recruiting for the army, wired to that place the first of this week asking that they extend his furlough a few days and send at least two planes here to carry back boys whom he has recruited. He was answered Tuesday morning by his Major and granted a five day extension on his furlough and also advised him if the weather was favorable, two planes would come here the last of the week. It is probable that several boys who have joined this branch of service here recently will have to go on the trains to report.

B. C. Taylor and wife, accompanied by Dr. Rosser, of Snyder, brought Henry Taylor, son of Mr. and Mrs. B. C. Taylor, to a local sanitarium the first of this week to undergo a serious operation. This is Dr. Rosser's first visit to Lubbock and he is very complimentary of the city.

H. N. Key and family, of Terry county, passed through here Tuesday morning enroute to Happy to visit with relatives and acquaintances for a few weeks. Mr. Key reports the last rain to have been very light in his country, with the increase in fall commencing near Meadow.

W. D. Winn and wife, accompanied by his son, Willie, of Terry county, are here this week. Mr. Winn will probably receive medical treatment in a local sanitarium.

Messrs. Milt Robinson and Will Earnest of Yoakum County were in town one or two days the first of the week transacting business.

SHALLOWATER ITEMS OF THE PAST WEEK

The Social Center met again Saturday night. The attendance was good, notwithstanding the fact that many had had a strenuous time the day before trying to observe in a fitting manner the Glorious Fourth of July. The debate on the consolidation of the Hardy-Grovesville and Shallowater schools was remarkable for its ability to hold the crowd till one o'clock. The speakers should have been limited. We appreciate the fact that so many were present, from Hardy and Grovesville, and all are cordially invited to come again.

There will be a baseball game here Saturday, if the Badger Lake boys do not disappoint us.

The Ladies Club met again Thursday. This meeting was not so well attended as usual, but it was nevertheless a very profitable one. The ladies each brought some product of their own culinary skill, and explained their method to the other members. At their next meeting it is planned that each one who can bring a loaf of "light" bread, and give each other the benefit of her experience. The ability to make good bread is quite an accomplishment and no pains are to be spared to become proficient in this every day, economic art. On account of the loss of her assistant, Miss Craddock, Miss Halsey will be unable to meet with the club oftener than once every month. For this reason, the club will not meet until July 31.

Many farmers are harvesting and the harvest is the best in years. A nice little rain fell Tuesday which will benefit the growing crops. Most farmers have "ho-devilled" their weeds. Some have let the weeds do it themselves.

Canning and preserving fruits and vegetables is now the order of the day. Such valuable produce that once was wasted, is now being conserved, and this results in a great saving to each family and an economic gain for the country.

Ex-Senator Goss, a pioneer citizen of Lubbock county, but now of Seymour, is visiting Judge Crump. He is accompanied by his daughters and granddaughter.

Mrs. Stoker, who has been visiting relatives here for some time, left Friday for Breckenridge.

Miss Onita Pierce, who is attending the Normal college at Canyon, spent the Fourth of July with her parents here.

Mrs. J. M. Wright has returned after a visit with relatives in Dimmitt.

Mr. Polk Todd is visiting his sister, Mrs. J. C. Bowles.

Rev. Oldham has left for revival work and will probably be gone all summer.

Mrs. Clinton, who has been visiting her daughter, Mrs. Clarence Symes, has returned to her home in Waco.

WOODMAN CIRCLE ITEMS OF THE PAST WEEK

Lubbock Grove of Woodmen Circle is progressing nicely. Mesdames Jewell Hall and Minnie Carpenter were initiated during recent meetings.

The resignations of Mr. and Mrs. C. H. Peek as clerk and banker have been accepted and Mrs. W. B. Thorp was elected clerk, and W. E. Thorp, banker. Mrs. Myrtle Terrell was elected Inner Sentinel to fill the unexpired term of Mrs. Thorp.

Monday evening, June 30, a box supper was given by members of the circle. Rev. Collins acted as auctioneer. Contents of the boxes were served on the tables in the banquet room and a most delightful supper was the result. A nice sum of money was realized and an added contribution by Mr. Barnett was received next day. Sovereign.

Mrs. I. F. Feazel, of Ralls, is in a local sanitarium this week receiving medical treatment.

Where Words End, Music Begins

Truly has it been said that words are but poor interpreters of emotion. Where words end, music begins; where they suggest, it realizes. It reveals us to ourselves; it controls those temperamental changes which escape all verbal analysis; it utters with a clear, vibrant voice what otherwise must remain unuttered.

All this music will do for you. But how, you ask, since you are no musician and cannot create for yourself this music that your soul instinctively craves?

The NEW EDISON

has stored up in its shining black discs all the choicest music of the world's greatest musicians. And this music it will RE-CREATE for you, at your command, in your own home exactly as you would hear it on the opera stage or concert platform. Two thousand tests have proven that this is true.

Come to our store and be convinced.

Gamble With The Giant

YOU MAY THINK you are not a gambler, by you are. Life is all a gamble. It's a game of chance from before you are born to after you are dead. You gamble every time you cross a crowded street—every time you ride in your automobile. Now, we ask you to gamble with us on an oil well. We'll drill it out there in the Panhandle, close to your home, as near the center of the district as we possibly can.

100% Guaranteed

In order to facilitate the work of drilling by getting subscriptions on record in a hurry we're going to give you 100 per cent as a dividend if you are in on the first allotment. It means you'll have to hurry. Don't neglect this chance! Buy today—NOW. Now, honest, the first ones to come in just natural get a bonus of one additional share free for each one bought and they get double profit if we win.

We Will Drill You a Well

EVERYBODY IS buying oil stocks and some of them are fine buys. All that we are agreeing to do is to drill you a well right in your home territory. We'll drill it soon, too. If we get oil your share will be worth a fortune and you will be mad with the increased value of your farms and ranches. If we don't get oil you lose what you invest. It's a gambling chance. But, remember, you are betting on your own home property. Every plan in the Panhandle will be affected if we get a well.

Speed Counts!

THE first man on the subscription books is entitled to twice as much as the last man in. That's logical, isn't it? The books on this allotment will be open Aug. 2 to 5. But the timer you to buy is right now.

Millions Will be Made!

WE'RE going to plunge right into it with the san sort of pep that we're putting into the campaign to sell this stock. And we won't let you be fooled. We won't even let you take big risk. The least you can buy is ten share for one dollar or one thousand shares for \$100. We won't let any one person invest any larger sum. We know we might not get oil and you'd lose your money, so we're playing the game safe with everybody.

The Oil Is There

JUDGE J. M. ELLIOTT, of Memphis, wrote to C. Noble, president of the Giant Company, on this point. You know both of these men. Mr. Elliott quotes figures on a well drill in the direction of Newlin and near old Saulsbury. Elliott says it well passed through five oil sands, at least one of which was "y stuff." But the well was never completed. The hole caved in if they ran out of money, or something of that sort.

LOCAL NEWS ITEMS FROM THE LYNN COUNTY NEWS

The Baptist denomination in Tahoka last Sunday unanimously recalled Rev. L. L. F. Parker, who resigned here some three weeks ago, to accept the work at Brownfield. A conference was held by the members immediately after the eleven o'clock service Sunday, and a committee appointed to go before the Brownfield church and obtain a release for Bro. Parker, who had been called as pastor of that church. We are glad to state that his release was obtained and that he will continue as pastor of the Tahoka church. The following citizens composed the party that went to Brownfield Sunday afternoon: Messrs. and Mesdames P. W. Hamilton, Frank H. Weaver, J. B. Walker and H. P. Caveness, Mesdames Harris, Stroud, Lockhart, and Vinson, Messrs. Goodrich, Cowan, Weathers and Knight.

E. L. Howard, manager of the Tahoka Light & Power Co., received the parts for the motor at the light plant this week, which has been out of commission for the past several months. He expects to have the plant in good running order by tonight (Friday). Tahoka citizens who are patrons of the company, can now turn on the juice to their hearts content, and the old town will once more be illuminated.

E. R. Haynes, of Lubbock, father of the News editor, was a visitor in our city a short while yesterday. The News family accompanied him home to attend the barbecue celebration at that place today.

Mrs. M. M. Herring and little daughter, Eloise, are spending this week in Lubbock, the guest of Mrs. R. B. Hutchinson.

Jim Keever, son of Mr. and Mrs. J. B. Keever, of this place, arrived home Saturday from overseas.

Mr. and Mrs. J. E. Stokes returned from Mineral Wells and other Texas cities in that section where they spent the past six weeks recuperating. Mr. Stokes stated that they had the pleasure of drinking from the famous Sam Houston spring while away. Mrs. Stokes, for whose benefit principally the trip was taken, is greatly improved.

A French Croix de Guerre was received this week by Miss Jewell Sherrod from the headquarters of the French Armies of the East. The medal was awarded Thomas J. Sherrod, deceased, for bravery on the field of battle.

JONES WOULD PAY PUBLIC DEBT IN INSTALLMENTS

The Secretary of the Treasury is called upon in a measure introduced by Representative Jones of Texas to inform Congress as to the total and the unpaid war debt of the nation and what sum would be required each year for principal and interest to retire this debt in equal annual payments extending over a period of from forty to sixty years.

The measure was referred to the Ways and Means Committee, which has jurisdiction over financial legislation.

Jones' inquiry is along lines of a speech delivered in the House last week in which he suggested that the war debt be paid in small installments extended throughout a period of forty to sixty years. He urged that the sum is so great that the entire burden should not be assumed by the taxpayers during the next few years.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Shower
On Wednesday afternoon of last week Mrs. Fred Oliver entertained with a kitchen shower as a special courtesy to Miss Ruby Jones, whose engagement has been announced. The house was beautifully decorated with yellow and white flowers, these colors predominating in minutest detail throughout the arrangement.

On arriving the guests were given needlework in the form of hemming kitchen drapery and tea towels. A good wish book was also presented that each lady might record a wish for the bride-to-be, at this juncture a messenger boy arrived with a purported message from the groom-elect to the bride-elect stating that he was sending kitchen utensils which he hoped she would find useful in their future home. Three baskets containing every known article for culinary use were brought in by Junior Oliver and little Miss Bess Hughes, who were both daintily dressed in white with a touch of yellow.

Mrs. J. T. Griswold in a most charming manner toasted the bride-to-be with the following words:

A kitchen shower suggests work, and a kitchen shower in July reminds us of that old time superstition that "They who in July do wed Must labor always for their bread."

That makes us wonder if all the West Texas women married in July. Another couplet writer tells us that: "Married in July with flowers' ablaze Mean sweet, sweet memories in after days."

We cheerfully accept both as true, for the twentieth century bride looks forward with pleasure to a life of service.

And now we wish for you,
"Light household duties, ever more inwrought,
With placid fancies of one trusting heart
That lives but in your smile, and turns
From life's cold seeming and the busy mart,
With tenderness, that heavenward ever yearns,
To be refreshed where one pure altar burns."

Miss Ruby, in an equally charming manner, responded. At the close of this delightful afternoon, white and yellow brick ice cream and white and yellow cake were served to the following ladies: Mesdames Roscoe Wilson, Conley, W. B. Atkins, Mast, Maedgen, L. C. Ellis, Maddox, E. C. Young, Fulton, Mayfield, Garrison, Floyd Beall, J. S. Johnson, Smiley, the Wilson, Hiley Boyd, John Simpson, J. O. Jones, Misses Bernice Kimbro, Marion Conley, Winnie Bates, Lois Brownfield; Mesdames Hinton, S. C. Arnett, Rylander, Sid Rouse. Gifts were served to about twenty guests.

Others contributing to the shower, though not present, were: Mesdames G. G. Johnson, Tracy Finn, Colby Thomas, S. E. Cole, R. K. Henderson, Neill Wright, Moody, T. B. Duggan, Percy Spencer.

Rev. and Mrs. J. T. Griswold, assisted by Mrs. F. E. Wheelock, entertained a few couples with a line party Monday evening. After enjoying the Lindsey and the Manhattan, the guests returned to the Griswold home for music and "chats". The girls remained for a slumber (less) party. The guests included Misses Ruth Hussey, Mary Lyons, Lena V. Griswold, Mable Hundley, Ferne Wheelock, Celeste Ellis; Messrs. Waldo Michael, Elmer Conley, George Wolfarth, Mack Slagle, Maxey Morris, and Lt. Dury Helm.

Mrs. Mast proved a charming hostess to the Auction Bridge Club Tuesday. The house was artistically decorated with cut flowers and four tables of players enjoyed the game. Dainty hand-painted score cards added to the pleasure of the players. At the close of this delightful afternoon peach ice cream and cake were served to the members and the guests of the club—Mrs. Sanders of Austin, Mrs. Kimberlin, of Oklahoma City, and Mrs. Conley, of Lubbock.

Honoring Mrs. Kimberlin, of Oklahoma City, Mrs. V. B. Powell entertained with a breakfast Sunday morning. Two cars of guests motored to Post City where they enjoyed a late breakfast, picnic style. On the afternoon another car of friends joined them, all returning to the city about sun-down.

The ladies of the Wesley Class were hospitably entertained at the home of Mr. and Mrs. R. I. Tubbs on Tuesday evening. Six tables of players enjoyed the game "hearts". Mrs. Sims gave several readings. At a late hour the guests were served delicious ice cream and pink and white cake.

One of the most enjoyable affairs of the season was a dance given at the home of Mr. and Mrs. W. B. Powell on last Thursday night, in honor of their guest, Mrs. Jewell Kimberlin, from Oklahoma City. A Victrola furnished the music and punch refreshed the dancers. The invitation list included about seventy-five guests.

Honoring several visiting girls, Miss Ferne Parks was hostess to a theatre party at the Lyric Tuesday evening. After the "movies" the young people went to Miss Ferne's home where they enjoyed music and games until a late hour. At the close of the evening ice cream and cake were served to about twenty guests.

The ladies of the South Side Christian Church met Monday for their monthly mission study. The lesson was led by Mrs. Lowry and African and Mexican problems were discussed.

Mrs. J. D. Settle and daughter, Miss Lottie, entertained their Sunday School classes last Wednesday evening. The children enjoyed a number of games on the beautiful lawn and were later served to ice cream cones. The following enjoyed this pleasant occasion: Maurine Henderson, Evelyn Porter, Vivian Kuster, May Renshaw, Gladys Baker, Evelyn Read, Bernice Phillips, Velma Lancaster, Lottie Belle Daniels, Rena Crawford, Dorothy Lokey, Marie Jackson, Ruby Johnson, Francis Barbee, Ina Mae Golum, Roy Ingram, Newell Porter, Harold Brown, Sam T. Davis Jr., Max and Rusty Davis, Homer Crawford and Jordan Southlin.

Miss Julia Jennings entertained a number of her young friends last Thursday night with a line party at the Lindsey theatre. After enjoying the show they returned to Miss Julia's home, where ice cream and wafers were served.

Mrs. C. J. Wagner returned Sunday from an extended visit in Mammoth, Ill. On her arrival she found that friends had lovingly anticipated her return by decorating her home with flowers and preparing a twelve o'clock lunch.

Mrs. L. A. Posey has gone to Plainview for a visit with her daughter, Mrs. E. O. Nichols.

Mrs. Ella May has returned to Ft. Worth, after visiting Mesdames Williams and Brown.

Miss Ruth Wise of Ft. Worth is the guest of Mrs. E. Lee Brown.

Miss Lola Craig from Creston, Neb. is visiting her cousin, Miss Ferne Parks. Miss Lola made many friends while she lived in Lubbock, and they are glad to have her return.

Mrs. George Murfee has returned from a month's visit to her mother in Houston.

Why Speculate?

When you can invest your money where it will bring a handsome dividend without the peril of possible loss. No other business in the country can show such a record of consistent profit as the Oil Refining industry.

The Union National Oil and Refining Company of Cisco, Texas, is capitalized at \$1,000,000.00 and has its main offices at Cisco, Texas, a location conveniently accessible to three proven oil fields. This city has railway connection with two of these fields over the Texas & Pacific and M. K. & T. Railways. Mr. R. Q. Lee, capitalist of Cisco, has started construction of the Cisco Northeastern to the Stephens County oil fields.

The forty acre site which this Company owns is located one mile west of the city of Cisco, immediately South and abutting the Texas & Pacific Railway right-of-way and overlooks Lake Bernie, the source of the city's adequate water supply. Two large cooling pools will be constructed on this site lying East and West of the main plant. This plant will never have to shut down on account of water shortage.

This plant will ultimately have a capacity of 5000 barrels per day which will be built in two 2500-barrel units. Our capital is sufficient that this plant can be built and operated without borrowing any money.

For a limited time this stock will be sold at par value of \$1.00 per share. Orders will not be accepted for less than fifty shares. If you have a few hundred dollars that you can afford to invest in the oil industry, you can not place it where it will be safer and bring greater returns.

This company is not a speculative proposition but a sound business proposition.

Don't put off buying too long, you can buy at par value now.

HELL at the tent TONIGHT

Readers, excuse this bold and rather inelegant way of announcing our subject at the tent for tonight, the 10th, but we want your attention. A trumpet blast, the tooting of horns or shrieking of whistles is not out of place for one about to go over a precipice or in front of a passing train. God says "Cry aloud, spare not." We will do so on this subject tonight. What is hell? Can we locate it? Is it an unending burning lake of fire? How to avoid it? These and other phases of the question made plain. Come.

Following this will be the other subjects already announced for the balance of the week, and then the following:

Sunday, July 13—A Wonderful Prophecy of Reconstruction.

Monday, July 14—"A Woman Clothed"—A Striking Symbol and a Significant Prophecy of Revelation.

Tuesday, July 15—The Beast and His Mark—Also His Brand. Which Flag? The Test of Loyalty.

Wednesday, July 16—The United States in Prophecy—Its Rise, Progress and Final Course Clearly Delineated in Prophecy.

Thursday, July 17—Three Special Messages Under the Symbol of Three Angels Flying Through the Midst of Heaven.

Friday, July 18—Continuation of the above.

Saturday, July 19—The Jealousy of God.

We consider these subjects the best of any week's program we have had yet. The list can not be surpassed for topics of absorbing interest, vital importance and intellectual and spiritual food. Patriotic, spiritual and enlightening. Come and hear all these great questions discussed in the light of the Scriptures. 8:15 each night, at the tent on West Broadway.

A FEW LOCAL MENTIONS

C. E. Rollins and C. E. Sherrin this week received 252 S. & H. Green stamps they purchased in New York last week. They are now on their way to the old W. W. Harshour farm west of town.

Mr. and Mrs. J. J. Williams, accompanied by their son, Miss Williams, left Thursday morning for Midland to spend the Fourth.

W. W. Harshour this week received 112 two and three cent stamps he purchased from New York parties.

A message was received last Saturday morning by A. C. Kinnison, who was here on business, stating that his wife, who has been in a hospital at Carlsbad for several months, was growing weaker and not expected to live. Mr. Kinnison left immediately for her bedside and she here received a message stating that death came about 9 o'clock Saturday evening. Funeral services were conducted Monday morning at the city and interment was made in the city cemetery. Mrs. Kinnison's health had been bad for some time and although it was expected her death came as a surprise to her friends here.

JIM C. JOHNSTON IS VISITING IN CUBA

The Avalanche received a letter from Jim C. Johnston, who is now in Colorado Springs, Colo. He writes us to send his love to the address for a few weeks. He is anxious to hear from you again, and he says he has not been back so much since he has not had that many of the people here. He says he has been to some of the left that would compare with the great South Plains. He says he is as follows:

The crops, such as they are, are very late. I have not seen any wheat and the old man across the hill head a bit and finally with, we thought, we might plant some, but we are afraid the soil is not it yet. The only thing I see to amount to anything in the way of crops was wheat.

STORAGE WAREHOUSE

From reports of the officers of the South Plains Sheep and Cattle Raisers Association, we find that this week will be the heaviest time of the season for the handling of wool. All those that are members are expected to have their shearing done here by the last day of the week. Carol Thompson, one of the leading men in the Association, says that there will likely be more than one hundred thousand pounds of wool here before the tenth of the month. The date set for the buyers to be here this is accounted for by many of the sheep men who were here last week lined up with the association.

The lean and fat man's ball game played on the morning of the Fourth was given up to the leans in the fourth inning. Plenty of hits and errors featured the game. SOME INTERESTING FACTS ABOUT THE COLLEGE OF INDUSTRIAL ARTS AT DENTON, TEXAS.

Denton, Texas, July 10th, 1919.—The College of Industrial Arts at Denton, Texas, the second largest educational institution of college grade in Texas, the largest college for women in the Southwest, and the third largest college for women in the United States, is one of the most interesting, democratic, and efficient of the great colleges of this country, and the following facts concerning it are of especial interest to the citizens of Texas and to the thousands of Texas girls who are ambitious to acquire further education and training for increased happiness and usefulness in life:

1. The law providing for the establishment of the College of Industrial Arts was enacted by the Twenty-Seventh Legislature in 1901, and the first session of the College was opened September 23, 1903, during which 186 students were enrolled and instructed by a faculty of 14 members, there being only one building in which the work of the College was carried on.

2. During the year of 1917-18 there were enrolled 1260 girls in the regular session and 650 in the summer session, or a total enrollment for the year of 1910 students. The enrollment for the present year, 1918-19, in both the regular session and the summer session exceeds that of last year, and totals more than 2000 girls, with a faculty of 90 members, the work being carried on in 20 buildings located on a beautiful campus of 75 acres.

3. A summary of the different kinds of work done by the College follows: Literary; Manual Arts; Household Arts; Home-making; Public School Music; Reading or Expression; Rural Arts and Science; Industry and Vocations; Fine and Applied Art; Music—Piano, Voice, and Violin; Commercial Arts—Typewriting, Shorthand, and Book-keeping; Teacher-Training in Vocational Home Economics. No college or university of first rank in Texas, or the Southwest, gives better literary or industrial training of higher quality than does the College of Industrial Arts; and for the completion of such prescribed training the following college credentials are awarded and conferred: Degree of Bachelor of Arts; Degree of Bachelor of Science; Degree of Bachelor of Music; Degree of Bachelor of Business Administration; Commercial Arts Certificates; Teachers' State Certificates; Public School Music Certificates; Vocational Certificates; Homemakers Certificates; Kindergarten Certificates.

4. The courses of study are so organized that girls may enter the College and pursue their work for one, two or three or four years, as their financial ability may permit and their ambitions suggest. The Vocational Counselor of the College is qualified and ready at all times to advise girls in the selection of their courses of study so as to enable them to accomplish their ambitions and purposes in the shortest possible time.

5. There is not a college or university in Texas which is rendering a greater service to the people of the State than is being rendered by the College of Industrial Arts, and the girls of Texas may get at this great College precisely the work they most desire and which will best fit them for life in its larger, most wholesome, and useful aspects. The College year is divided into four quarters of approximately twelve weeks each. The next regular session begins September 16, and continues for three quarters, or thirty-six weeks, at the close of which the summer sessions begins and continues for one quarter, or twelve weeks.

The best friends of the College of Industrial Arts are the thousands of Texas girls who have attended the College, and received the benefits of its instruction and training. Anyone who desires further information concerning the College and its work should inquire of any one of its graduates or former students, or who desires a catalogue should write President F. M. Bralley, College of Industrial Arts, Denton, Texas.

HEALTH

The Indexical Health Survey, being conducted by the State Board of Health is revealing data of great interest. Statistics from representative sections of the State show that the people have lost annually, on an average of 10.17 days per capita within the past three years, representing an annual financial loss of \$10.74 per capita, or three and three-tenths per cent of the incomes of the entire population. This is only the reduction in earning capacity and does not include the added cost of caring for the sick. Of the deaths occurring in the State within the past three years, 24.3 per cent, 45 percent were from preventable diseases. Applying these figures to a city of approximately 20,000 population, out of 486 deaths, 200 were from preventable diseases. The people of such a city are losing annually from work, school, etc., an aggregate of 200,000 days, or 550 years in time, and \$214,800 in earnings. About 5000 school children are losing 25,500 days from school; the equivalent of keeping 141 of these children out of school altogether.

"The employment of an all-time Health Officer," said Dr. Goddard, State Health Officer, "working in cooperation with a local Health Board and the State Health Department would reduce these figures at least 25 per cent. For a city of 20,000 population this would mean an annual saving of \$53,700, and the prevention of 40 deaths. In view of these facts, the State Board of Health is strongly advocating the employment of all-time City and County Health Officers by every City and County in Texas."

State Health Officer Goddard in advocating the employment of County and City Health Officers, stresses the point that in order that their work be effective they should be all-time. "A health officer should not be permitted to do private practice," said Dr. Goddard. "If he can devote all his time he can see that streets, alleys, backyards, closets, barns, branches, creeks, all public places—such as slaughter houses, dairies, factories of all kinds, grocery houses, meat markets, cafes, hotels, school houses and all other places are kept in proper sanitary condition. He can destroy all disease germ breeding places, look after water supply, sewage, drainage, etc. In fact he can be required to remove as far as possible all those conditions which cause sickness among the people. He can examine all school children, report

all diseases and defects found, to the teacher, the parents and the family physician. He should not be required to treat any patients except those who are considered charity wards of the city. He can investigate and remove as far as possible the cause of any epidemic disease which might develop. He can vaccinate against smallpox and typhoid fever, and he can be helpful to all the people in many other ways.

Just so long as the Health Officer is compelled to practice medicine to support himself and family, and is paid only a small salary, it may be expected that health conditions will

be neglected. A city needs a first class doctor to devote all his time to public health work."

GERMANY HAD MANY CROWN PRINCES AND DUKES

This time last year it was difficult to throw a brick anywhere in Germany without danger of hitting a kingly or at least princely crown. Now these diadems are as scarce as the man who does not regret Nietzsche ever wrote a line or the dream of world power ever haunted the nights of Deutschland superman. The war has left their owners without a job, from the all highest down to the grand dukelings who infested German high society. There were several scores of these crowned heads and many of them are still sulking about their capitals hoping for the unexpected, but for the most part they are in hiding in Switzerland or Scandinavia conserving such of the remnants of their former state as they were able to salvage from the wreckage.

But real emperors and kings of the first vintage are among the throneless and crownless exiles who feel themselves in the reptile class, left alone as long as they keep out of sight. Beside the head of the Hohenzollern family, as obscure as he may keep himself in Holland and the Hapsburg chief whose entry into Switzerland between two days did not spare him public hisses, there are several former monarchs who have disappeared and whose asylums are carefully kept from the public gaze

since they scurried to safety like a flock of panic stricken sheep.

Former Czar Ferdinand of Bulgaria is believed to be in hiding under an assumed name in a Vienna slum. Constantine of Greece is marooned in a Swiss chalet, location unknown. Ludwig of Bavaria, believed to be a victim of the family malady of mental unsoundness is doubling through the country about Munich, changing his sleeping place each night and insisting Bavaria won the war. Nicholas of Montenegro, with his status in the air is with a flock of grand duke relatives at Genoa; and Peter of Serbia is cottaging on the eastern shores of Italy, where he can look toward the dominion he never can claim.

Empty thrones are the rule rather than the exception through Central Europe and their former occupants have nothing but time in which perhaps to conspire, but certainly to philosophize upon the rapid transit of the "gloria mundi."

A CARD OF THANKS TO COMMITTEE

Dr. I. E. Barr, Chairman,
Mr. S. P. Robbins,
Mr. W. C. Rylander,
Mr. Dick Arnett,
Mr. N. H. Wright.

Gentlemen:
In behalf of the Lubbock Chamber of Commerce, the Board of Directors wish to express to you their unqualified appreciation of your services on the committee in charge of the Fourth of July Celebration.

It is the unanimous opinion of the Board that this Celebration was planned and carried out in an extremely efficient manner, to the satisfaction of the entire community.

It is realized by the Board, that in order to accomplish this result, your committee and others working with you, were compelled to devote a large part of your time and energy for a

period of several weeks, entailing a great sacrifice on your part.

We therefore desire to tender you our sincere appreciation for your services on this occasion. The credit for the great success of this celebration rests with you.

Yours very truly,
E. L. KLETT, President.

GEO. W. BRIGGS, Secretary

We believe that every citizen of Lubbock will join the Chamber of Commerce in the belief that this was one of the best arranged and carried out programs that was ever enjoyed anywhere. Everything moved like clockwork, and there was not a dull moment. The committee certainly deserves all the credit that can possibly be given any committee for faithful efficient service.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTE'chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

W. C. Jennings, who is now making his headquarters at Bridgeport, as Treasurer of the Lubbock-Bridgeport Oil Development Company, orders the Avalanche sent to his address, that he may keep posted on the affairs in the old home town.

Rev. A. A. Collins, pastor of the Cumberland Presbyterian church at this place and his congregation, are making preparations for the beginning of the protracted meeting Sunday, July 13th. Read the announcement in another column of this issue. Come to Lubbock.

Ansel Hines is back at his old post with the Hunt Grocery Company. Mr. Hines extends an invitation to his friends to visit him at the above place.

Your Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.
GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and Iron to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.
The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

SEVERAL LUBBOCK BOYS JOIN ARMY THIS WEEK

With the numerous recruiting parties that have been in Lubbock for several days and some that are still here we find that a few of Lubbock boys are joining in the different branches of service. Among those that joined the first of this week were: Edward C. Griffith, and H. S. Thomas, Aviation. Pete Herzet with the 19th Infantry at El Paso and Weldon Dillard and John Bailey, in the medical corps at Taliaferro field.

E. B. Holland, of Bryan, Texas, who has been here several days visiting with his brothers, I. F. and R. A. Holland, returned to his home the latter part of last week.

J. H. Graves, nephew of J. L. Graves, of this city, who has been doing Military Police duty for several years arrived in Lubbock last week from Norfolk, Va.

E. C. Simmons has recently resigned his position with the Robinson Furniture Company, and left Monday morning for San Angelo, for a short business trip.

Messrs. Homer Winston and Earl Williams, of Brownfield, passed through here Monday morning en route home after spending the weekend in Canyon, visiting friends.

ITEMS FROM THE TERRY COUNTY HERALD

Among the prominent Baptist from Tahoka, who visited here Monday night, were Mrs. G. E. Lockhart and daughter, Editor and Mrs. Haynes, of the Lynn County News, and Revs. L. L. F. Parker and the Association Missionary, L. W. Williamson, of Slaton. Rev. J. P. Horton, of Post City, preached a sermon at the Baptist church, after which a business meeting was held, at which it was decided to hold a revival here, beginning the third Sunday in this month. Rev. Horton doing the preaching for them.

Mr. Hogues' team ran away in his field one day last week with one of those long-knived weed cutters that he worked four horses to, and one of them got his leg cut off which necessitated his destruction, and another horse was badly cut, and the harness badly torn up. Mr. Hogues said he was nearly done weeding that field that is close to his house, and went to get a drink of water, and he thinks a fly bit one of the young horses and started the runaway. The old family horse that did not want to run was the one that was killed.

The two weeks revival of the local Methodist church, came to a successful close Sunday night amid great rejoicing, and it was pronounced by all who attended these series of meetings to be a success from every point, not only for the moral betterment of the town, but from many other angles.

We understand that near 100 reclamations and conversions were the direct result, and about one dozen were received into the Methodist church and we understand that there will be additions to several of the other churches as a result. Rev. Hawkins left early Monday for Tahoka to take a train for Fort Worth, as he could not get a train out of here before Tuesday; as he wanted to be with his family as much as possible before they start a meeting at the Union Gospel Mission at Ft. Worth. The singer, Mr. Johnson, however, stayed over till Tuesday in order to attend a picnic, at noon Monday with an organization of youngsters called the Boosters, under the Welch shady park and then at evening, another with an organization of grown young men and women, called the Laugh-a-lots and Smile-a-whiles at the old Sawyer ranch, which lasted well into the night.

Boise Cardwell and wife of Brownfield returned home Monday morning after spending a few days in Lubbock visiting with relatives.

Bledsoe, representative of this district in the lower house of representatives, spent several days here last week, during which time there was organized a campaign committee for carrying on the campaign for his election to the office of State Senator for the 29th district to succeed Hon. W. S. Bell. He left Sunday for Amarillo and will visit the most important towns and counties in his district on the Fort Worth and Denver road, during the present week. FOUR OF STRICKLAND FAMILY PERISH IN QUICKSAND

Quicksand in a shallow creek was responsible for the death of four persons late Sunday afternoon when Mrs. Marvin Strickland and her two children Mrs. Bob Strickland, all of Amarillo, who were drowned when the children were wading in the Amarillo creek about fourteen miles north of the city. One of the children was the first to wade into the treacherous sand and when the other child attempted to rescue the first they both sank fast into the bog. Mrs. Marvin Strickland, the mother of the two children then made a desperate effort to rescue her children but the attempt was made in vain. Mrs. Bob Strickland drowned when she went to the aid of the other woman, and in a very few minutes four members of two Amarillo homes had gone to their deaths in a treacherous quicksand of a small creek.

PUBLIC OPINION.

About Amendments.

The State of Texas makes in positive, plain words, provisions for amendments of the State Constitution, and provides that only by the voice of the people can the State's Constitution be amended. The Legislature of Texas has no legal power to amend the State's Constitution, nor can the Federal laws empower them to do so. The Federal Suffrage amendment, if adopted, will amend Art. 6, Sec. 2, State Constitution.

The Texas Legislature, by ratification of the Federal Suffrage amendment, that attempts to do so, independent of the voice of the people, that too, when the people have just declared by a fair vote, against woman suffrage. By usurpation the Legislature has annulled the sovereignty of the State and people.

Why have they done so? There can be no legal excuse, then why? As it seems the only answer is, that it will prove to be in next democratic primary election good politics for the boys now holding the political fort, as the women will be there with the ballot.

NEW PHYSICIANS TO BE WITH LUBBOCK SANITARIUM

Dr. J. T. Krueger and Hooper Stiles arrived here recently to be associated with the Lubbock Sanitarium. Dr. Krueger will have charge of the Laboratories. He has been with the John Sealy hospital at Galveston for some time and has made that place his home for many years. Dr. Stiles is just out of the Tulane University, of New Orleans and will act in the capacity of assistant. Both these gentlemen come here well recommended and no doubt will be a good asset for the already efficient management of this sanitarium.

Mrs. Clara Abney and daughter, Miss Carey, left Sunday night for an extended visit to Cisco, Greenville, Whitewright and other points for an extended visit.

M. M. Boyd and wife, of Tahoka, brought their little son to a local sanitarium the first of this week, to undergo a slight operation.

S. S. Thomas of Ralls, returned home Tuesday morning after receiving medical treatment in a local sanitarium for a few days.

Bert Shepherd, of Terry County, brought his daughter, Miss Bernice, to a local sanitarium the first of this week, to undergo a slight operation.

O. T. Hally, cashier of the Brownfield State Bank, of Brownfield, was a business visitor here the first of the week.

Mr. and Mrs. Jim Kimmel and James Jr., have gone to Mount Calm, to participate in the observance of Mr. Kimmel's father and mother's golden wedding. From there they will go to Santa Anna, and visit other relatives before returning home.

Harry Ward, who has been visiting his mother, Mrs. Amelia O'Neal and brother, Chas. Ward, left Saturday for Cleburne, where he accepts a position with the Western Union.

Mrs. Hodges has returned from a visit to Kansas.

SPECIAL ELECTION NEXT MONDAY, JULY FOURTEENTH

Next Monday there will be held an election in forty-nine counties in Texas, comprising the 29th. Senatorial District for the purpose of electing a successor to Senator W. S. Bell, deceased. W. H. Bledsoe, who is now representative from this the 122nd Representative District is a candidate for the office and, we are sure that should we look the district over that we would find no man that is better qualified to fill the office with credit to himself and the State than Mr. Bledsoe. He has been one of the leading members in the House of Representatives and has taken part in some of the most vital issues, and has

always been found on the side of morality and good government.

The district is composed of the following counties: Jack, Young, Clay, Throckmorton, Archer, Wichita, Wilbarger, Baylor, Knox, Foard, Hardeman, King, Dickens, Bailey, Lamb, Hale, Floyd, Motley, Cottle, Lubbock, Hockley, Cochran, Crosby, Childress, Hall, Briscoe, Parmer, Swisher, Castro, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Wheeler, Lipscomb, Hemphill, Ochiltree, Hansford, Sherman, Dalham, Gray, Carson, Potter, Oldham, Hartley, Moore, Hutchinson and Roberts.

Mr. Bledsoe is endorsed by the local bar, the ministers and the business men, and it is to be hoped that the people of this county will show in-

terest enough in the election to go to the polls and cast a vote for our home-man, who is able to represent this part of the country, and who will do so if elected.

A LARGE TABERNACLE IS BADLY NEEDED.

One of the great needs of our city is a large tabernacle that will seat two or three thousand people. There is no auditorium in the city that will hold that many people, and it is frequently needed, especially in the summer time, and if it could be built so that it can be closed up and heated it would come in handy during the winter months. This should be built from public subscriptions and be available to all purposes. A few thousand dollars spent in this manner at present will supply the need till our city has grown to a sufficient size that an auditorium will be built to take care of these requirements. A proposition of this kind could be handled in a way that it would not cost anyone a great deal and the money that is spent for temporary arrangements for revival meetings, etc. could be used in the erection of this tabernacle.

The South Plains is certainly dressed in its best suit of clothes these days, and the prospector that sees it is at once captivated by the wonderful beauties of the country and the knowledge that it has just passed through a severe dry spell and is so quickly transformed from the dry parched state to that of green forage crops and golden grain. The South Plains is indeed a great country.

There is quite a space around the court house yard that it is necessary to keep the weeds down on, and we see no reason why there could not be a fringe of pretty flowers all around the curb. There is a space several feet wide of good rich soil that would produce flowers in profusion. It would attract much attention and show good taste on the part of the keepers of the yard.

We have not heard a word about a public watering place being provided for livestock in Lubbock. Are we going to let our farmer friends go to Abernathy, Lorenzo, Slaton or elsewhere to do their trading just because we would not supply their teams with water, when there is such an unlimited amount of it?

We cannot get everything we want all at once, but Lubbock does need street paving the worst way, and we need a large number of additional concrete walks, and we need a large auditorium and we need a federal building, and we need a street sprinkling system, and we need several miles of additional sidewalks.

Many were the favorable comments heard about the fine shade and the beautiful yard around the court house during the big celebration here last Friday. It was indeed an ideal place for such an occasion, and in the absence of a regular picnic ground it was well worth the work that was required to clean up the next day.

Lorraine Quinn left Wednesday for Lorenzo, where he will take charge as editor and manager of the Lorenzo Enterprise. The first issue under his management to appear about the 17th of this month. Lorraine for a number of months was with the Avalanche and we wish him much success in this new field of labor.

One of the noticeable features about the big celebration in Lubbock last Friday was the splendid behavior. Among the thousands of people who visited our town that day, not a drunken man was seen and if there was an ill word uttered, we failed to hear it or hear of it.

Lubbock is the central place for the wool growers this year. By means of the association they will have enough wool here to justify buyers to come

is the slogan of the modern American woman.

Before the war housewives had lost the good habit of canning. It was so easy to buy fruits and vegetables by the case or dozen cans, no one cared to take the time or strength to can their own. But now it's different—everyone is canning these days, for home canning has come to stay.

The zeal and enthusiasm with which the housewife has attacked the problem of home canning is largely due to the splendid equipment which is easily within the reach of every woman.

For all of your canning needs we are well prepared to supply you. We have a complete line of Preserving Kettles, Steamers, Colanders, Funnels, Wire Baskets, Measuring Cups and Spoons, Jars, Rubber Rings, Etc.

A Coated Tongue? What it Means

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockage in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take castor oil or a pleasant laxative. Such a one is made of Mayapple, leaves of aloe and jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

TENDERFOOT SEES SIGHTS AT LUBBOCK CELEBRATION

Grovesville, Texas, July 7, 1919.
We were all at Lubbock on the 4th. Your big barbecue was indeed a huge affair and a complete success. Big crowd, big dinner and everybody had a big time. Everything was free, and I noted an almost entire absence of "Grab Games" and "PennyCatchers". Lubbock is to be praised for this enormous undertaking and for the complete success they have made. Somebody was at a great expense and trouble. They deserve credit and I believe the country people appreciate the way they were entertained. I heard many expressions from them commending the Lubbock people.

But now, you know, after many notable events, such as a declaration of war or peace it has a tending for prices of commodities to fluctuate. Now, don't let flour, sugar and coffee go up, and butter, eggs and chickens go down. I was handed a program, and I looked for the dinner hour. It was 12:30. Of course I was hungry. When the hour came I made for that table with a half bushel basket to get dinner for wife and ten children. Then I was in the jam. I got squeezed in a crowd of men and women. They had me, basket and all jammed up against a very fleshy lady, and they mashed me and that basket flat against that lady. Now, she got hot and beat me in the face. I begged her pardon, by saying that I could not help getting mashed on her. Then she got hot right. But I finally got out and got my dinner. I am glad that mashing did not come off after dinner. I also went out and saw my first airplane. It was lit on the ground with wings spread out. I thought by that, that it was fixing to fly. I tried to "shut" the thing up, but could not. I finally went back to town, and after a while I saw it sailing over. It got way up and began turning over, and upside down and then made a lunge down. It looked to me like it was going to hit the right square on the nose and I got away in a hurry. I met a man and he said it was doing that a purpose. But how did I know whether it was falling a purpose or accidentally. I was afraid the fellow

in it would get hurt. I saw it sail away. I thought the thing had to flop its wings. I am glad it's gone myself.

We lost several of our babies, but found the most of them. We would lose one and wife would make me look for them. I could not identify them. I brought her several that she would not claim. We finally found them all and came home and tell you we were full one time. Yes, they had dancing, too. I got a gal and went around or so. Wife saw me and I danced right when I got home.
Love to all you Lubbock folks. It was a big thing to us country folks. Just keep on being that nice. Know us when you see us and let us all be more sociable. Yours truly,
Tenderfoot.

NEW HOPE NEWS ITEMS AND SUGGESTIONS

But wasn't that barbecue good! As Cluren Boyd was making preparation Friday morning to attend the celebration and barbecue at Lubbock the horse he was riding stepped in a hole and fell, breaking two bones in Cluren's arm. He was taken at once to a sanitarium at Lubbock and is doing nicely.

Why not have a booth at our fair for relics? It seems to me this would be an interesting addition.

J. D. Havens has been right sick of pleurisy, but is about well again.

Bro. Lynn preached two of his good sermons for us Sunday. The female part of the congregation was conspicuous for its absence at the morning service.

Roscoe Cowart is back in U. S. A., and hopes to visit his uncle, E. J. Cowart, at an early date.

It is an accommodation to country people for the merchants who advertise to tell where they are. There are very few business men in Lubbock in the same building today, that they were in three years ago. We spent nearly an hour one day trying to find the grocer we had been patronizing. And the housewives appreciate your telling what you have to sell and the price. When they undertake to order a week's supply of groceries they can think of nothing but long shelves filled with tin cans, but their imagination isn't vivid enough to give any

To the Voters of the 29th Senatorial District:

Since the death of Senator Bell, it becomes necessary for this, the Jumbo District, to elect his successor. This is a matter that should receive the earnest attention of every voter who is interested in the welfare and upbuilding of the Panhandle country. We should give such matters more attention than is usually bestowed by the busy men of this vast territory.

There are many things of vital importance and this people should have at Austin, a man who is in touch with their needs and has the ability to carry them out. Every one in the district is familiar with the record made by W. H. Bledsoe in the past two sessions of the legislature. He was recognized as a leader and all of his work has been favorably received, not only by his district, but by the State at large and it behooves us to elect a senator that we know has the ability to make himself felt in this body.

We therefore urge you to go to the polls and cast your vote for him and in the interest of the Panhandle.
We are,
Yours very truly,
O. L. SLATON,
President Lubbock State Bank.
W. S. POSEY,
Cashier Lubbock State Bank.

Lubbock, Texas.
To the voters of the 29th Senatorial District: Our esteemed citizen, the Hon. W. H. Bledsoe is a candidate at the election next Monday for State Senator we wish to say that he has been a citizen of our town for a number of years and we cheerfully and earnestly recommend him to you. He has made us a splendid representative in the Lower House for two terms, where he has served with a degree of distinction, taking a leading part in all legislation effecting the State. We now ask that you assist us in promoting him to higher honors which he deserves. He is honest, faithful and a man of ability. He is fully alive to the needs of our western country. We ask you give him serious consideration at the polls next Monday and you will make no mistake.

An endorsement of Hon. W. H. Bledsoe of Lubbock, Texas, for State Senator, 29th Senatorial District, by the Pastors of Lubbock:

The vacancy caused in the Upper House by the death of Mr. Bell, must be filled by the election of another, and our esteemed citizen, Hon. W. H. Bledsoe is a candidate for the place. Mr. Bledsoe's position on moral questions that have been prominent before the voters of Texas in the near past is too well known to even need mentioning in this endorsement, as the records show for themselves.

As citizens of this great commonwealth—as voters in this Senatorial District, and as pastors of the various churches of this city, we are deeply interested in the future legislation that will doubtless be enacted in the few years just ahead of us, and we therefore bespeak for our citizen a careful consideration at the hands of the voters of the district.
Mr. Bledsoe is a man of moral worth—a man of high ideals—a citizen of whom we are not ashamed—a statesman of note, and a formidable foe of wrong and injustice, and if elected to this place of trust, will fill with credit to himself, and with honor to his constituency. Vote for him on July 14th.
Respectfully,
T. H. POLLARD, Pastor First Presbyterian Church.
A. A. COLLINS, Pastor Cumberland Church.
J. T. GRISWOLD, Pastor M. E. Church, South.
LIFF SANDERS, of the Church of Christ.

The Conservation Club held an interesting meeting with Mrs. S. P. Eoff Monday.

For the past two years a pair of shoes has been costing something less than the value of a section of land. Now, when the shoemen hear of the price of hides we are expecting to wrap our feet in gunny sacks or move to where shoes are not worn. About a month after we declared ourselves in the world fuss, a conversation was overheard in a dry goods store where the merchant was instructing his clerks to mark up the prices of the shoes in stock. He said: "mark the \$5 shoes up to \$7.50 and if they are not sold this week, make them \$10." It wouldn't hurt half as bad to pay our heads for shoes, if we knew the

merchants had to pay for them. Moral: Next time don't talk so loud, nobody was trying to listen.

Miss Vera Jones, a niece of Mrs. John Dean, is visiting the latter this week. She has been visiting her sister near Brownfield for a few weeks and will return to her home in Hollis, Okla., after spending a few days with Mrs. Dean, here.

J. R. Joyce, formerly of this county, more recently from Taylor county, accompanied by his family are visiting at the home of W. O. Sheeley in the Grovesville community. Mr. Joyce is a cousin of Mrs. Sheeley.

H. E. Howell, who resides ten miles west of Abernathy, was here Tuesday, trading with our merchants.

E. J. Cowart was in from his farm south of Lubbock Wednesday and says he got a fine rain last Monday night and Tuesday morning. He says between two and a half and three inches of rain fell, and everything is looking fine.

Mrs. Hugh Taylor returned from Wichita Falls the first of the week, and says she is back in Lubbock to stay. She visited her daughter, Mrs. Sandler, in Littlefield the first of the week.

W. O. Sheeley, of near Grovesville, was in the city Wednesday and reports a fine rain Tuesday and his crop looking fine.
