

THE LUBBOCK AVALANCHE

VOLUME XX

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, FEBRUARY 19, 1920

NUMBER 34

PLANS ARE BEING LAID FOR FAIR

A FAIR ORGANIZATION TO BE KNOWN AS SOUTH PLAINS FAIR ASSOCIATION IN MINDS OF THOSE IN CHARGE

THE GROUNDS PURCHASED AND WILL BE IMPROVED

It Is An Ideal Location, And When Improved And Equipped Will Make A Most Attractive Place, It Is Believed Many South Plains Counties Will Enter Into The Organization

If no hitch occurs in the present plans of the Chamber of Commerce, which are now being thoroughly worked out by the board of directors and special committees from other sources, the South Plains Fair Association will be organized in a short while and incorporated for sufficient amount to raise funds to start the fair off in good shape this fall. Of course, just at present there are no figures available but the matter of buildings, livestock exhibition, stalls, poultry buildings, etc., are being figured and we understand that an effort will be made to interest a number of South Plains counties in coming in on the proposition and make Lubbock the fair center of the South Plains.

The commissioners with their special fair tax funds have secured the grounds, but this as far as they can go, and it up to the citizens of Lubbock under some plan to take the matter up and provide adequate buildings and improve the property in any way they see fit to and to the best interests of the town and the people who participate in it.

With this view the Chamber of Commerce is making and formulating the plans referred to above, and the people of Lubbock and all the people of the county, should interest themselves in the matter of getting everything in good shape for the coming fair season.

All over the country the fairs are making preparations for enlarging in every department, and as Lubbock

county was forced by circumstances that could not be avoided last year to skip the fair, it behooves us to work untiringly for a bigger and better fair this year; and as it is quite an expensive thing to hold fairs and maintain equipment for them, it is believed that several counties will be willing to join in the proposition of making it a South Plains enterprise, and that there will be no difficulty in selling all the stock in the association that the committees will see fit during this year, and each year sell additional stock and increase the capacity of the buildings and improve the grounds more.

The grounds purchased will make an ideal fair ground. Part of the land is level, on the banks of the canyon, between the canyon and town and the remainder is in the canyon, affording an ideal place to create a lake, shades and places of recreation. We believe that this can be made one of the most attractive fair propositions of the West, and if the plans of the board of directors do not fail, and we see no reason why they should, we will soon have some real figures to submit, that will show exactly what they are planning and the extent of the buildings and improvements for this year.

This is a movement that will mean a great deal, not only for Lubbock and Lubbock county, but for the entire South Plains.

Everyone should stand in readiness to make this thing go when the gong is sounded for the start.

SPEND ROAD MONEY ECONOMICALLY AND WISELY

Dallas, Feb. 12.—One of the best and wealthiest counties of Texas has until recently borne the undesirable reputation of having the worst roads according to a bulletin of the Texas Industrial Congress. Located in the central portion of the State, many of the leading highways pass through it. Instead of an asset this fact has only served to give the county notoriety, both within and without the State. After his struggles over the roads of the county, following a heavy rain, it would be hard to convince the average motorist that, instead of being behind the times, the people are far in advance of the rest of the State in their ideas of the need of good roads for they were among the first to vote a substantial amount of bonds for that purpose. Of course, the amount was not sufficient to make permanent roads all over the county, and the wise thing to have done would have been the construction in a permanent form of as much of the most important roads as the money would permit. But the money was spent in grading all the roads with the consequence that after the first few rains the roads were in as bad or worse fix than they had been before. The budget was spread so thin over the roads that all trace of it was lost.

This county's experience is not unique. One great difficulty in getting road bonds voted is the fear of the taxpayer that the money will be unwisely spent and he may find himself paying for good roads long after they have disappeared. The taxes to pay for the bonds, the money from which has disappeared, have to be collected; as a consequence, the average taxpayer decides that road bonds are a waste of money and consistently votes down any proposition to raise money to build better roads. The mistake of the county referred to has been such a common one that one would think it would be avoided in the future, and yet very much the same proposition has been recently discussed by road officials of another county which has advertised the fact that it has taken the lead in the amount of good road bonds voted.

The money from these bonds has been available for over six months. Immediately upon being voted, this money was apportioned to all cardinal and secondary roads and at that time was sufficient for work of permanent character, but nothing was done. Time went on and the cost of construction soared until now, the funds available will do only about fifty per cent of the work originally planned. But instead of cutting down the mileage of roads originally planned for permanent improvement, and completing the work on the remainder it is proposed to spend the money as originally apportioned as far as it will go. In other words, all the roads are to be fifty per cent completed and then left in that condition. It is true that rains will wash away the partial fills, and mar the incomplete grades with gullies and ditches, but then the money will have been expended impartially all over the county, so no one can claim his section was less favored than another.

When this happens, it will be a long time before any more road bonds are voted in that county. It is far wiser to do what is done in the most permanent manner. Every mile of permanent road preaches a thousand sermons as to the advantages of good roads while a badly built road only serves to make permanent progress more difficult.

The subject of good roads is of such vital importance to every one that petty jealousies and personal greed should be buried for the common good. America has wasted enough in temporary expedients to have paved every highway and every crossroad in the country as permanently as the Romans built, and it is time that such waste should cease. Let us hope that more care and a higher regard for greater permanency will guide our public officials in the future expenditure of public funds and that less sacrifice of these things shall be made to expediency.

UNCOLLECTABLE BILLS NOT SUBJECT TO INCOME TAX

Austin, Texas, Feb. 16.—In answer to inquiries Collector of Internal Revenue A. S. Walker today gave out a statement to the effect that bad debts, uncollectable fees and loss from a patient's failure to pay bills can be deducted from the professional man's gross income in making his income tax report, this ruling to apply particularly to doctors, dentists and lawyers. Collector Walker's statement follows:

"The uncollectable bills of professional men, particularly doctors, dentists and lawyers, have a very important bearing on the net earnings of each year. The principal point in connection with such accounts made in income tax procedure is that there can be no allowance for such bad debts in returns figured on the 'cash basis.' That is, a person who has been making his annual returns on the basis of cash received and actual cash expenditures each year has never shown as income his accounts with patients or clients and is, therefore, not entitled to take them out of income.

"On the other hand, a person who annually figured his gross income on the 'accrual basis,' that is, included his case receipts and charges against patients and clients for all of his services performed during each year, is entitled to a deduction for 'bad debts' covering such accounts as he ascertained during the year were uncollectable and charged off on his books.

"An account merely written down or a debt known to be worthless prior to the beginning of the taxable year is not a proper item for deduction."

CONGRESS DRAFTS NEW R. R. BILL

EMPLOYEES ARE ASSURED OF PRESENT SCALE FOR SIX MONTHS—RAISE DEMANDS NOT MENTIONED

RAILROADS RETURN TO THE OWNERS MARCH FIRST

Provision of Bill Protects Railroad Owners Against Reduction of Rates Before Expiration of Six Months. Labor Leaders Seem Satisfied With Proposed Bill

Guarantee against any reduction in wages before next September 1, is given railroad workers in the revised draft of the railroad re-organization bill reported to the senate and house Wednesday.

Railroad corporations which are to regain control and operation of their properties March 1 are safeguarded likewise by the compromise measures against reductions in rates and fares at the hands of the state commissions prior to September 1, the bill providing specifically against any rate or fare reduction not approved by the interstate commerce commission.

The re-drafted re-organization measure, while not prohibiting advances either in wages or in rates, in the opinion of the members of the conference committee subscribing to the majority thus will tend to stabilize conditions in the railroad industry insofar as the conferees deemed advisable.

Before presentation of the conferees' report and the redrafted measure to the house, the section of the bill relative to wages was interpreted as establishing the pay of railroad employees at the level effective when the properties are returned. This interpretation, which later was found to be erroneous, led to

hurried conferences among railroad labor leaders in Washington dispatching of labor representatives to the capitol to ascertain the exact provision of the measure and to the calling of a conference for tonight of officials of the fourteen railroad unions together with Samuel Gompers and Frank Morrison, president and secretary, respectively, of the American Federation of Labor.

The labor leaders on learning that an advance in wages was not precluded between March 1 and September 1 under the bill, generally expressed satisfaction with the provision against any reduction of pay within the next six months.

The house fixed Saturday for consideration of the conference report agreeing to meet an hour earlier than customary so a final vote might be reached before adjournment.

Representative Barkley, democrat, of Kentucky, a minority conferee, was given permission to file a disagreeing report. He served notice that an effort would be made to send the bill back to conference under instructions to eliminate some of the provisions. Supporters of the report, however, were confident that the report would be approved.

IMPORTANT MEETING OF COUNTY SCHOOL BOARDS

To the teachers Lubbock county rural schools:

The County Board of Trustees, together with Miss Halsey, Mr. Thompson, a representative of the Avalanches and I, will visit all the rural schools of the county, on the dates hereinafter named. The purpose of this visit is to give the county board a chance to study the needs of each individual school by a personal inspection, so that they may be better prepared to do what is best for that school.

In addition to this, it is the desire of the county board to meet the trustees of each school and as many of the patrons as will come, for the purpose of entering into a conference with the trustees and patrons to a matter affecting the schools in an important way. I am, therefore, writing to the teachers of each school and requesting them to get this matter before the trustees and patrons, and to urge them to meet the party at your school on the day and at the hour named below.

If the community where we will be at the noon hour each day, can conveniently provide a little inexpensive lunch for the party it will be highly appreciated. Please notify the trustees and patrons to be present, or rather urge them to be present at your school as suggested below. We hope to make this very profitable and pleasant for all concerned. Some important matters will be considered, and all will get acquainted. Let's make the meetings worth while.

RAILS CAN'T MOVE HALF COTTON CROP, PROBE MAY SHOW

Spur, Texas, Feb. 13.—Investigation of cotton congestion at West Texas railroad points being conducted by Felix M. Williams, special representative of the United States Railway Administration, is expected to develop a startling revelation of inefficiency of transportation lines in 1919 to handle even half of the business offered, declared a representative of the West Texas Chamber of Commerce, who is attending conferences in West Texas to get the viewpoint of towns affected. The conference is attended by representatives from Spur, Aspermont, Stamford, Roaring Springs, Floydada, Sagerton, Jayton, Crosbyton, Paducah, Chillicothe and other important cotton towns in this section.

Williams has wired practically all cotton towns in this section of the congested district to ascertain the number of bales of cotton offered that have been signed for, at all points along their lines. When he has marshaled these facts, it is believed the entire State will be surprised at the immensity of the figures representing cotton still on hand in buyers' and growers' hands. As many as 5,000 bales at a number of small points will be shown, and the total of West Texas will be surprisingly large.

CAPTAIN OF PHILIPPINE SCOUTS HERE ON VISIT

Captain E. Speth, captain of the Philippine Scouts, United States Army was in our city Wednesday of this week in the interest of the recruiting service. Captain Speth has been stationed in the Philippine Islands for about twenty-one years and is well acquainted with domestic conditions of the islands. In conversation with a representative of this paper, Captain Speth said that he believed "that the Philippine Islands is the most peaceful country now flying the American flag." When asked about whether or not he thought the islands should be independent, he remarked that "not more than ten per cent (these being a remainder of the old Spanish regime) wanted independence and that the other ninety per cent was strictly adverse to self government, preferring the peaceful conditions brought about through the United States than to self government."

Captain Speth left today for different points in the State in the interest of recruiting men into service. The captain was really enthusiastic about the climate here, which he says reminded him of the Islands.

W. T. C. OF C. DIRECTORS TO MEET IN DALLAS SOON

George W. Briggs, secretary of the Lubbock Chamber of Commerce and a member of the board of directors of the West Texas Chamber of Commerce, will leave Saturday for Dallas where a special meeting of the board of directors of the West Texas Chamber of Commerce has been called for next week. The meeting was called, we are informed by Mr. Briggs for the purpose of meeting all representatives of counties contemplating fairs this summer and fall. Definite dates for the holding of the different fairs will be made so that there shall be no conflicting dates for the holding of these events. Mr. Briggs goes also to obtain information regarding the organization of the Fair Association. Upon his return from Dallas, a special meeting will probably be called here to perfect the fair association's organization.

LOCAL RAILWAY CLERK THINKS GRIEVANCES JUST.

Most every question has two sides and according to local men and others with whom we have conversed with recently of the Brotherhood of Railway Clerks, we find they are thinking that the present wage scale for this class of labor is not up to the normal prices comparative with other labor wages in the railroad world, as conditions justified four or five years ago. In effect the following is one view taken by a member of the clerks who makes Lubbock his home:

For instance, four or five years ago, the trainmen were receiving about forty per cent less than the present scale; telegraphers were paid a wage slightly lower than that paid to a cashier of a station and the agent's chief clerk was paid slightly more. Under present conditions, the trainmen are receiving about twice that paid for the average clerk one and half times that paid to the chief clerk and cashier and all telegraphers are raised above in wages even that of the agent's chief clerk (and they too think they are paid only right) which was just oppositely under conditions existing during the years before Federal control. It is the experience of this man, that four or five years back, he received from ten to fifteen dollars more per month than that paid to telegraphers of the same station for the same class of work which he now does. This gentleman does not resent the fact but does glory in it that telegraphers are drawing their present salary. However, he thinks that, if wage scales were adjusted on a few classes above those of other, but similar work, all should be raised comparatively on the present abnormal conditions as existed under normal.

"It is not the present scale that we want guaranteed," says this same man today, when he received word that the government had guaranteed no lower wages for six months, "but a raise in these wages at least to balance former conditions of class." This position taken by our local man is seemingly right. The writer himself has seen the wage scale of the telegrapher jump many dollars in the last few years above that of other employees of the same office.

LUBBOCK LEADS LIFE INSURANCE SALES FOR JAN.

The Big 3 Agency, district managers for the State Life Insurance Company of Indianapolis, Indiana, at this place, led the United States for sales made during the month of January, according to a telegram received here by the Agency which read in effect as follows:

"Congratulations, you lead Class A sales for January."

This is significant in view of the fact that the company has agencies in the State at Dallas, Houston and San Antonio as well as large cities like Chicago and others in different sections.

The Big 3 Agency of this city is composed of S. Lester Guinn, W. C. Rylander and F. C. Oliver.

SPECIAL MEETING FOR EXECUTIVE COMMITTEE A. B. P.

The Adjutant of the Allen Brothers Post of this city, B. H. Meskimen, has called a special meeting of the executive committee to be held in the office of the Chamber of Commerce at the Court House next Friday evening, February 20th at 7:30 o'clock. Mr. Meskimen wishes for every member of this committee to be present, promising them several matters of importance will be brought up to the committee for their consideration and action.

DEPUTY REVENUE COLLECTOR WILL BE IN LUBBOCK

For the purpose of assisting individual tax payers in making out their income tax reports for the year 1919, M. V. Goodrich, deputy collector, will maintain an office in the Citizens National Bank for two days, February 20 and 21, and all parties returns should see him during these two days.

R. F. BAYLESS DOES NOT CONTEMPLATE LEAVING HERE.

Mr. and Mrs. R. F. Bayless left Tuesday morning of this week for Los Angeles, Cal., where they will probably remain two or three weeks. Rumors were out that Mr. Bayless, who is the Santa Fe agent for this city, was considering a move to Los Angeles to make his home. In conversation with him this week we find that the rumor was erroneous. Mr. Bayless says, "account of his wife's health being poorly at this time, they were advised by physicians to go to California for a few weeks." Mrs. Bayless underwent a serious operation in a local sanitarium several weeks back, and has hardly recuperated.

INFLUENZA SUBSIDING WITH THE BEAUTIFUL WEATHER

The influenza epidemic which which struck our city several days ago and which looked for a time would result very disastrously, is subsiding and now practically under control according to local physicians.

"While there has been numerous cases, both mild and serious, the epidemic was much lighter than last year, as shown from the number of deaths which have occurred." The flu situation is well under hand at Slaton," says a visitor here Wednesday, "and the doctors in Lubbock believe the worst has passed."

"Only one death has resulted from the numerous cases of flu in Terry county," tells visitors from that district this week. The death spoken of was that of a small child which developed pneumonia.

WHY LUMBER PRICES ARE GOING HIGHER

According to the local lumber dealers of Lubbock, with whom we talked regarding the recent rise in prices the apparent cause which brought them, we find the situation explained thus:

At the mills and not in the hands of wholesale lumber distributors we find the blame which the distributors are wholly unable to combat. For instance, one man tells of how this price is raised at the mills, which, after all, shows that because of the demand being so great now that immediate hopes for a drop is hardly expected. "The mills are short and working overtime attempting to supply this demand, however, the cost set by the mill on a certain grade of lumber is raised by the consumer who disregards paying an extra premium for immediate shipments from the mill. Thus the mills naturally thing if the material is worth a certain raise in the present price, it is fair to everyone, therefore the raise. Until the demand is supplied, lumber prices will remain at the present height," says E. A. Morgan, manager of the W. C. Bowman Lumber Company of this city.

COUNTY SCHOOL BOARD TO VISIT ALL THE SCHOOLS

The trip to be undergone by the County School Board, County Judge J. H. Moore, County Home Demonstration Agent and Carrol Thompson will be started Friday, February 27. It is the wishes of these people that every school trustee will be present at the dates they will visit the schools and as many of the parents as possible. There will be several interesting topics to be presented to the people through these visits, for instance that of changing the opening date of all schools in this section from September until December.

RICHARD TOOLE KILLED BY NEGRO FRIDAY

Richard Toole, brother of Mrs. T. V. McKinney, formerly Mrs. Amelia O'Neal, of this city and known by several citizens of Lubbock, was struck on the head by a negro in Sugarland, Texas, last Friday, killing him instantly. Mr. Toole was the foreman of an acid plant, separate from, but part of the sugar refinery in Sugarland. From reports of the accident, it seems that Mr. Toole fired a negro employee of the plant on Friday morning. The negro went to his home nearby and with brother, returned to the plant where the scuffle was started that resulted in Toole's death.

Mrs. McKinney left Saturday night upon receipt of the sad news and will probably be out of the city several days.

METHODIST PASTOR ATTENDING INTER-CHURCH MEET

Rev. J. T. Griswold, pastor of the Methodist church of this city, is in Dallas this week attending the Inter-Church World meeting. Rev. Griswold will probably return home the latter part of this week.

HODGES BUYS CHAUNCY BRICK EAST SIDE OF THE SQUARE

According to J. A. Hodges of this city, every piece of property on the square will be valuable in the near future. "Lubbock is bound to make a city," says Mr. Hodges, who is a long time resident of this city, and a man who believes so strongly in the future of the town has passed the quick rich methods of investing in oil stocks and steadily goes ahead buying more good sound Lubbock business and home property. The last deal we heard of Mr. Hodges making was that of buying the nice little brick building on the east side of the square known as the Chauncy building but now occupied by W. S. Hodges who runs a grocery.

EXECUTIVE COMMITTEE OF AMERICAN LEGION MET.

The Executive Committee of the Allen Brothers Post of the American Legion of this city, met last Thursday evening. Several important discussions of topic subjects were made and other business matters were brought to the attention of the executive committee. H. T. Jones, former member of this committee, was elected to vice-commander of the local post and M. B. Hilburn was elected to the Executive Committee to fill the vacancy of Mr. Jones.

Among the discussions of the evening was for definite plans for the future toward creating a fund to carry forward publicity work of the local post and for the establishment of a fund to help in the burying of deceased members; for the purchase of flowers for the sick ones and other similar tasks.

LAWYER EMPLOYED TO TRACE DOWN 'COLD CHECKS'

The merchant's association of this city at a recent meeting decided to employ and did employ the services of a local lawyer to collect money lost through the "cold check method of paying for goods." It has been found by merchants of the city that there are a class of people come to our city and buy small lots of goods and give checks invariably for more than that of the purchase, receiving cash from the merchant who suffers the loss of many dollars through accommodating this class. In order to combat this loss and to stop the use of "cold checks," a fund has been and will continue to be created to pay the lawyer for the collection and protection if necessary, of these people.

LUBBOCK COUNTY SINGING CONVENTION AT HARDY

On the fifth Sunday in this month the Lubbock County Singing Convention will render a program at the Hardy school house. This organization proposes to have a fine day, and there will be dinner on the ground, and the public is invited to attend. Especially are the singers of the county urged to come and help make it a great success.

RIX FURNITURE COMPANY BUYS OUT RILEY DUFF.

The Rix Furniture and Undertaking Company of this city bought the furniture stock and business of Riley Duff & Company, also of this city, the first of this week. Temporary quarters for the new stock will remain in the building used by Riley Duff & Company and Riley Duff will be in charge of this stock for some time.

Mr. Duff informs us this week that he does not contemplate leaving our city, but will retire from active business for the time being.

James M. Hobbs and Miss Ozelle Stallus, both of Slaton were issued license to marry February 10th, according to the County Clerk's records.

James M. Hobbs and Miss Ozelle Stallus, both of Slaton were issued license to marry February 10th, according to the County Clerk's records.

MR. AND MRS. V. B. McCLOY OF MONTICELLO, ARKANSAS, ARRIVED IN OUR CITY RECENTLY TO VISIT AT THE HOME OF MR. AND MRS. S. E. COLA. MRS. McCLOY IS A SISTER OF MRS. S. E. COLA.

Mr. and Mrs. V. B. McCloy of Monticello, Arkansas, arrived in our city recently to visit at the home of Mr. and Mrs. S. E. Cola. Mrs. McCloy is a sister of Mrs. S. E. Cola.

Cheapness in Electrical Work

Seldom Brings Satisfaction

There are so many ways that electrical work may be "skimped" by unreliable workmen that for your own protection you should see that your wiring is done by a thoroughly reliable firm.

Our policy has not been to see how close we can come to the minimum standard and "get by." We aim rather to give you BETTER WORK than is absolutely required—thus assuring you of complete satisfaction, for the future as well as for today.

CARLISLE NEWS OF THE PAST WEEK.

We are having some cold weather the past few days.

Most everybody in this community is sick or just got up from the flu.

Mrs. Wood and children are reported better at this writing.

Mr. Jones is some better and the rest of the family are able to sit up.

Mrs. Ellis is still real sick.

Mr. Sol Rollins returned to his work Sunday after being sick with the flu.

Mr. John Rollins and family who moved to the Myric farm, have all been down with the flu.

Mr. W. W. Moore and family of Hollis, arrived Wednesday to make this community their home.

Miss Susie Moore came home last week from an extended visit in Oklahoma.

There will be no school again this week so many of the pupils sick.

Mrs. S. A. Ribble is improving.

Mr. Heffington's family have the flu.

Mr. Bond's family are improving.

Mr. Bond and son Craig, were in town Saturday.

Mr. J. B. Moore was in town Saturday attending to business.

Mr. W. W. Moore and family spent Sunday with Mr. Jim and Miss Clara Moore.

Mr. James Burroughs is in one of the local sanitariums. He has the flu.

Mrs. Hamilton is real sick with pneumonia.

SLIDE HAPPENINGS OF THE PAST WEEK.

We are having some damp cloudy weather, which will be very bad on the flu patients.

Mrs. J. E. Hubbard received a message Tuesday night stating her mother, Mrs. Julia Madison, of Ponda, North Carolina, had died on Feb. 10.

The two year old son of Pen Posey's was playing in the yard Saturday evening and was kicked by some of the horses on the head, causing a very ugly wound. He was carried to Lubbock immediately and it was found that the injury was not serious.

Bennett and Mattie Stanford came in Sunday from Sudan to visit with home folks for a few days.

Joe Bailey and Lee Reiger visited C. L. Reiger Sunday.

Andy Moore and wife returned home Sunday after spending a few weeks with relatives in this place.

We are glad to report the flu situation improving at this writing.

B. M. Moore and wife spent Saturday and Sunday with C. L. Reiger.

Walter Reiger was a caller at Slide Wednesday.

Mrs. I. B. Marey and Mrs. Sam Moore and children were shoppers at Slide Saturday.

Miss Ruth Moore returned home Friday from a trip to Cisco and other points.

The leap year party at Robert Ellison's Friday night was well attended. All report a nice time.

A goodly number of our young people went to Brownfield Sunday for the day's outing.

Will Cone and Edd Schraeder visited B. T. Simms and wife Sunday.

Volney Farris and Elmer Wortham visited in Lubbock Sunday night.

Elmer Millsap and wife spent Sunday with home folks near Rope.

AGRICULTURAL FUNDS TO BE USED IN TEXAS.

Washington, Feb. 14.—Texas agriculture will receive a large share of attention as a result of the agricultural appropriation bill carrying \$30,000,000 passed by the House today. Fifty thousand dollars was added to the appropriation of \$2,500,000 for the foot and mouth disease, for use in combatting the screw-worm and blowfly in live stock and poultry, as the result of an amendment offered by Representative Hudspeth.

The pecan and nut industry secures \$45,000 and \$456,000 is set aside for the fight upon predatory animals. The Bureau of Animal Husbandry is given \$681,000 for its campaign against the cattle tick, and more than \$500,000 for work against the scabies in sheep and cattle. The hog cholera item was reduced to \$41,000.

While the department estimated \$700,000 for the Bureau of Crop Estimates, the House accepted the committee's allowance of \$332,000.

The House adopted the committee's recommendation of \$577,000 for the fight against the introduction of the pink bollworm.

Thelma Stephenson From Monroe School.

Canning Club Girl Writes About Her Work.

On a beautiful afternoon one day last spring, our school at Monroe was visited by Miss Milie M. Halsey of Lubbock; and she talked to the school about the canning clubs. Her talk sounded so interesting that I decided to join the canning club for I wished to learn sewing and canning. I selected 1-10 acre in the center of my mother's garden because it was easier to irrigate, as it lies south of the pool sloping to the Southeast. The soil is a chocolate sand and I planted it in tomatoes only. The soil was in good condition after the snow last winter, so I had it harrowed and laid off and I planted my tomato seed in the drills. On March 7th I had two loads of barnyard and henhouse fertilizer scattered over my my ground. Pretty soon my plants came up and I thinned them to about three feet each way then I had them plowed twice and I hoed them twice and waited for the tomatoes. I pruned them very little as this soil bakes less if it is shaded, I did not support my vines with stakes. The worms appeared on my tomato plants about the 30th of June. I picked the worms off several times and I saw no more worms until the 12th of September, when I found a few more.

For market I used only the nice smooth tomatoes, using the culls at home.

One time when Miss Halsey and Miss Craddock met with our club at Monroe they gave us a lesson in sewing. As it was my first attempt to sew, I was slow to learn. After the sewing lesson we stood for a picture which was not good.

Another time Miss Halsey came to our home and instructed me in canning and making my club apron. We enjoyed her very much.

Up to the 18th of September I have gathered 1,325 pounds of tomatoes. Have used 691 pounds at home having sold 635 pounds for which I received \$20.55. My vines are still bareing. My exhibits are ready for the club rally at Lubbock. I am very glad I joined and thankful for all I have learned and the pleasant club meetings.

OVERLAND CAR MAKES 14,000 MILE TRIP.

A new model Overland touring car, being used by the Federal Rubber Co. as a test car, arrived at the Overland tires. It made the trip to Dallas from week. The car had a 14,000 mile run to its credit, and although touring some of the worst roads in the United States, had only used one set of tires. It made the trip to Dallas from Milwaukee in twenty-eight days and was en route to California.

"It shows what our new car can do," Manager William Talbot said.

"And no trouble of any kind has been had in all of the 14,000 miles of running."—Pt. Worth Record.

AN OPEN SEASON IN TEACHER'S CONTRACTS.

From time immemorial, teachers' complaints at low wages have received the reply that the law of supply and demand must govern the rate of their compensation. During the last two years, the law of supply and demand has begun to operate in favor of the teacher, for almost the first time within the memory of man. Naturally, therefore, teachers who have commenced to view their profession more hopefully, deeply resent attempts to manipulate matters so that the law of supply and demand shall not result to the advantage of the teacher. Efforts to hold teachers by unfair means, are, to say the least, short-sighted. A teacher who is dissatisfied and unhappy cannot be a good teacher for our Texas children. The best basis of good work is the assurance of justice and fair dealing.

As a rule, teachers do not know, until after the close of the session, what positions for the next year will be open. The teachers' opportunity to secure a better place is usually of very brief duration. Some school boards, before the close of the session require teachers to accept or decline a place for the next session. This forces many who do not know what chances may be theirs, to take again an unsatisfactory position, this custom sometimes resulting in a sort of poonance of teachers. The teacher has nothing to sell but her services. In justice to her, there ought to be some time when she can offer these in an open market. If the teacher endeavors, without success, to secure a better position, she is more likely to become satisfied with her former place. If she succeeds, her former place could not justly hold her if her services are worth more elsewhere. If the school board allows itself two months to secure teachers, it might fairly accord to the teacher one month of indecision, if she desires this.

Accordingly, I suggest that, as a measure towards greater justice to teachers, school boards grant to all teachers who may wish it, the month of June, in which to decide whether to renew their former contracts. In my opinion, this plan of an open season for the teacher's contract, would in the end, save time for the school board and the superintendent.

I have had, this year, many appeals to cancel teachers' certificates, as a penalty of breach of contract. To most of these cases, there was more than one side. The contract protects the teacher. Most teachers would not have the contract-plan abolished. For its resulting injustices, there is only one remedy—a kind and sympathetic school board. I think that a teacher should hold her plighted word above the most tempting offer of a better place, unless she is released by the school board. Teachers who have taught only a few months in a position should not ask for a release. But those who have, for several years, given faithful services, are entitled to consideration when opportunity knocks at the door. Without ambitious progress in work in any line, will not be rapid. The teacher should be shown that the way is open to ambition and that true worth will receive recognition.

While the law binds the teacher, under certain conditions, it does not equally bind the board. If a board should contract with a teacher to teach a certain length of term, the teacher cannot hold them to the contract, if the funds should be insufficient to support the school for this length of time. The teacher finds herself without employment, with no recourse for the broken contract. Some school boards have the erroneous impression that the law requires them to hold a teacher to her contract, whatever the conditions. The law allows them to release her. It is for the boards to determine, whether justice to teacher and school permits the release. It is probable that we shall always have with us the irresponsible teacher who looks lightly upon a

Protecting Your Family

Keeping the wolf from the door is often taken too figuratively. But it is not an idle joke, to be ridiculed or ignored.

To keep the wolf from your door requires weapons more powerful than implements of war. It requires a defense that cannot be bought or borrowed—it is gained through practice of thrift.

**COMMISSIONERS ARE HOLDING
 LONG SESSION NOW**

Probably one of the longest sessions of Commissioners' Court held in many days, is now in session and has been during the last week and up until the present date. Because of the poll tax lists, the reports of the treasurer and the sheriff and numerous other important items is the reason we are informed, for the continued session.

W. D. Winn, commissioner of Brownfield was here Wednesday on a short business visit.

**W. A. HOOD IN RACE
 FOR PUBLIC WEIGHER**

In the announcement column you will find the name of W. A. (Mose) Hood, who is a candidate for this office of public weigher for Lubbock and attached counties. Mr. Hood is twenty eight years old, and has been in Lubbock county about seven years during which time he has been connected with various business establishments and has shown himself thoroughly competent to look after business matters in an intelligent way, and is entirely competent to perform all duties connected with the weigher's office. He is at present holding a responsible position with Martin & Wolcott, grocers.

Mr. Hood will greatly appreciate the influence and vote of the people of Lubbock and if elected, will at all times strive to serve faithfully and efficiently.

Mrs. Will, accompanied by her father, left Monday for a visit at Lubbock and other points on the Plains. — Snyder Record.

**GIRLS! DRAW A
 MOIST CLOTH
 THROUGH HAIR**

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once it checks dandruff and stops falling hair. Get delightful Danderine for a few cent at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

EVERY PEOPLE TO GIVE TRACTOR DEMONSTRATION HERE

A demonstration of unusual interest to the farmers of the county of tractors made by the Avery people for farm purposes will be held in or near this city Friday and Saturday, February 26-27. Important demonstrations of the tractors' use on the farm and the care it should receive will be made.

Use Carbosota Oil and you will not be bothered with blue bugs and other insects. For sale by A. G. McAdams Lumber Company. 342

Lubbock Tailoring Company

The Best Equipped Shop in the West.

PUBLIC OPINION

Lubbock, Texas, Feb. 16, 1920.
To the Avalanche:

I have a "price list" from one of your merchants of a sale they are having. I notice ladies' coats, formerly priced at \$75.00, sale price \$38.50. If they are now selling at cost, there is a profit of \$36.50. Is not this an open confession of profiteering? This is only one item. One of their customers.

IN MEMORY OF C. P. SIMPSON

Mr. C. P. Simpson was born in Penola county, Texas, July 3, 1876 and moved to Nacogdoches county when only a small boy; lived there some 18 years and from there he moved to Taylor county with his father and mother. He was married to Miss Mariella Bounds Aug. 16, 1898, and to this union were born two children, a son John and daughter, Annie Lee. Mr. Simpson moved to Lubbock county Jan. 19, 1900. For the first few years he was a stock farmer. After that time he moved to Lubbock and from that time on he has been in Lubbock as a business man. He was one of the citizens that helped to make Lubbock an enterprising city. He was a strong advocate of the good morals for the people.

Simpson professed religion at the age of 16, joined the church in Nacogdoches, Texas. Lived a devout Christian life the remainder of his life.

As a husband and father he was devoted and tender, always mindful of those he loved so dear.

As a brother, thoughtful and affectionate, making their interest his.

Mr. Simpson as a citizen was very hospitable. He met his many friends with a smile and warm handshake. He was a loyal member of his church and was so very mindful of his pastor, looking after their welfare and comforts of life. Mr. Simpson was one of the early promoters of Holiness in the West. He was one of the charter members of the Church of the Nazarene at this place and remained faithful till his death. He departed this life at 43 years, 7 months, 3 days, to be forever with Jesus and the redeemed of all ages. He has gone where pains are never felt and where sorrows are unknown, to that bright city where flowers bloom ever—where birds forever sing and the "streets of that city shall be full of boys and girls playing in the street," Zec. 8: 5. He has gone from us but his memory will live on to bless others.

The world was made better by his living in it. He leaves to mourn his death a wife, and two children, mother, Mrs. C. D. Simpson, sister, Mrs. T. H. Christopher and a host of friends.

We would say to the sorrowing loved ones, weep not as those who have no hope. We can meet in a sweeter, better world than this.

Our loss is Heaven's gain.
RACHEL ELDER. (A former pastor).

Use Carbosota Oil and you will not be bothered with blue bugs and other insects. For sale by A. G. McAdams Lumber Company. 342

For Public Weigher: W. A. (MOSE) HOOD

SOCIETY NOTES

By Mrs. A. B. Ellis Phone 605

Mrs. E. H. Smith has returned from a visit to her daughter, Mrs. Dick Williams in Fort Worth. Mr. and Mrs. O. F. Freeman, daughters Clarice and Lorena, are visiting in Caddo, Oklahoma.

Miss John Roy and sister, Mrs. Bobo, arrived Sunday from San Antonio with the body of their mother, Mrs. Roy. Several weeks ago Mrs. Roy went to San Antonio for the benefit of her health. The friends of the family extend sympathy in this time of sorrow.

Mr. and Mrs. Brown of Plainview spent Sunday in Lubbock the guests of Dr. and Mrs. R. E. Hutchinson. Mrs. Brown and Mrs. Hutchinson are sisters.

Harold Gelin of Dallas visited his parents, Mr. and Mrs. John Gelin, last week.

Mr. T. M. Patterson of Fort Worth is the guest of Mr. and Mrs. J. C. Duff.

Mrs. E. B. Green was hostess to the 1916 Needle Club last Tuesday in her home on West Broadway.

The guests were delightfully entertained during the afternoon with music and a contest in which Mrs. Raleigh Marlin won and was presented with a box of candy.

The rooms were very attractive in valentine decorations and in the center of the dining table was a large cupid to which was attached ribbon, at the end of which the guests found their names. The place cards bore out the idea of Valentine on which was inscribed a characteristic verse.

Lovely refreshments of pimento sandwiches, marshmallow pudding, angel food cake, hot chocolate with whipped cream were served the following ladies:

Mesdames J. H. Moore, B. Stubblefield, E. H. Jones, W. E. Ballow, Jas. Kimmel, O. B. Trinkle, Raleigh Martin, Rabb Kimmel, John Smith, A. B. Ellis and the hostess, Mrs. Green.

Mrs. C. L. Griffin charmingly entertained the Auction Bridge Club last Tuesday afternoon in the home of Mrs. J. S. Johnson. There were three tables of players and Mrs. Charley Rush won high score. She was presented with a beautiful hand embroidered table cover. A dainty salad course was served the following ladies:

Mrs. Jordan of Crockett, Texas, Mrs. Thomas of Farwell, guests of the club; Mesdames L. S. Mast; W. B. Powell, H. McLarty, Neil Wright, Clark Smith, J. A. Rix, Thad Thomas, Floyd Beal, J. J. Moore, Charley Rush.

Mr. and Mrs. H. T. Kimbro entertained the Double Dozen Club last Friday night in their home. There were six tables of players and a number of very interesting games were played.

Delicious refreshments of oyster cocktail with crackers, vegetable salad, chipped potatoes olives, chicken sandwiches, kisses with whipped cream, were served the following guests:

Messrs. and Mesdames Warren Bacon, Sam Arnett, T. B. Dugan, McWhorter, W. S. Posey, Albert Taylor, Roscoe Wilson, J. S. Johnson, W. H. Beldoe, Neil Wright, Shelby Robbins and Mrs. C. M. Cosby.

Wright-Nash

Mr. and Mrs. J. W. Wright announce the marriage of their daughter, Mary Virginia, to George Nash, which took place Wednesday at 7:30 p. m. at their home on Sixth Avenue. Rev. L. D. Anderson read the ceremony in the presence of relatives and a few friends. The only attendant was a sister of the bride, Mrs. George C. Clark of Omaha, Neb. The bride's grandmother, Mrs. Alex C. Sherwood, played the wedding march.

The bride was attired in a modish Spring suit of blue tricotine with accessories to harmonize and carried a shower bouquet of bride's roses.

After a short wedding trip, Mr. and Mrs. Nash will be at home at 1723 Fifth Avenue.—Fort Worth Star-Telegram.

Mr. and Mrs. Everheart and little daughter, Ina Mae of McLean, are the guests of Mrs. Everheart's parents, Mr. and Mrs. McCollom.

Mrs. J. P. Posey is in Lockney this week visiting her father, Mr. Dillard.

Miss Lola McCollom and brother, Earl, of Trenton, Texas, are visiting their parents, Mr. and Mrs. McCollom.

Mr. and Mrs. C. H. Smith have returned from an extended visit to Ft. Worth, Dallas, Wichita, Falls and Denton.

Mrs. T. V. McKinney was called to Houston Sunday by the death of her brother, which occurred there Saturday.

Mr. and Mrs. B. V. Collum of Amarillo spent Sunday in Lubbock, the guests of Mr. and Mrs. A. J. Hicks, Mrs. Collum's parents.

Miss Josephine McHugh of Slaton was the week end guest of Misses Dorothy and Addie Lou Posey.

Mrs. Fred Boerner and little son, are visiting relatives in Floydada this week.

Miss Bernice Wolffarth left Saturday for California, where she will spend several months. She went via Kansas City.

Mrs. Sears returned Sunday from a several days' visit in Childress.

Mrs. F. A. McCaskill and children returned several days ago from Sweetwater, where they visited relatives.

CARD OF THANKS

We desire to express our heartfelt thanks and appreciation to the people of Lubbock and elsewhere who were so thoughtful of our needs and assisted when death claimed our wife and mother, and for the many words of sympathy and for the pretty floral offerings. J. V. ROY and Family.

HATS OFF!

February 22nd

The Hats of the Nation are off to—

PE-RU-NA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna, I could not make my bed without stopping to rest. Now I

Catarrh of the Nose, Throat and Stomach.

do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach. Peruna is Sold Everywhere Liquid or Tablet Form

A NASTY COLD

EASED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dizziness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine. Insist upon Pape's!

IMPORTANT CHANGE SOUGHT IN SCHOOL SYSTEM.

Ever since the South Plains country became settled with farmers and cotton found to be one of the best crops of the country, a great problem has confronted the school board, the school and the parentage of the scholastic age. Late seasons here—that is later than usually, encountered in cotton growing sections, makes it a problem for the farmers of this section who are firm believers in strict attendance to the school, to gather their crops without a great loss through deterioration in the fields. Labor has always been a big problem for South Plains farmers, although they have willingly paid hand-some prices for help. Importation of labor here was done on a larger scale this season than ever before in the country's history and it was a help although too costly for the richest class even to afford. Experience has taught the farmers that the negroes are very unsatisfactory and in fact

know that it is impossible to count on the labor secured from other sections of the country in gathering their valuable crops. There is probably more than three-fourths of the grain crops of the South Plains country now in the fields, deteriorating and wasting for the want of labor, thrashing machines etc. Result is of course as we see the farmers who are now threshing their grains are finding an over-loaded market. Prices have fallen until now it is hardly a paying proposition to have the grains of the country threshed, thus the result of inadequate labor for gathering the crops.

In an effort to forestall this condition, County Judge J. H. Moore and County Board, has been in correspondence with Miss Blanton, State Superintendent of schools and asked permission to make other arrangements for the opening date of the school. The program that is to be presented to every school in the Lubbock section is to open all schools the first day of December instead of the first of September as is the case in most sections and which date has been held as proper for all time in this section. Miss Blanton's answer in effect to Judge Moore was, "If you think best in your locality proceed to change opening date."

We believe this is one of the best steps taken for the benefit of the farmers of the South Plains section. By starting the school in December the children will have ample time to help their parents gather their crops and in saving of hundreds of dollars annually. Unlike many sections of the North and East, the South Plains country is blessed with cool summer months, therefore the one big objection which has always stood in the way of postponement of the opening date of schools is done away with. Cool pleasant months of the summer of this section of the country makes it ideal for the children to study. September, October and November will be the dates for the holidays for the children, which we think are the most ideal. Parents will have more time to spend with them during these months than those of mid-summer. Another thing about the South Plains which is also another strong argument in favor of opening schools in December and that is, we have found during the short and wonderful history of this section of the country that the farmers could very easily cultivate more land than they could successfully harvest the crops grown thereon. Therefore the children, unlike districts in other sections, will not be needed in planting of the crops as badly as when harvesting time comes.

Judge Moore states that the school board of this county, in company with himself, Miss Millie M. Halsey and Carrol Thompson, County Demonstration Agent, will visit every school in the county. They hope to have in attendance at the schools all the trustees of the various schools and the matter will be talked, discussed and presented to the people.

Ford

THE UNIVERSAL CAR

These be mighty practical days and it's up to every man to keep on the economical side of every proposition. New motor cars are scarce, so make your present car do. And

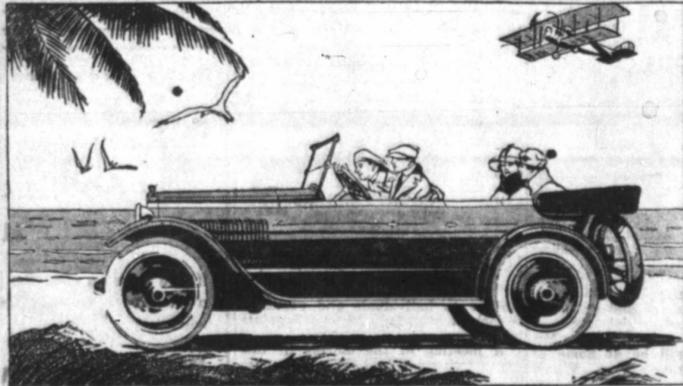

We'll Keep Your Ford Car Running

your Ford car will meet all demands if you have us keep it in good running order. Don't monkey with your car. It is a bit of valuable mechanism and ought to be handled by men who know it. Bring your Ford car to us for repairs when needed.

BRADLEY AUTO COMPANY

CHANDLER SIX

Famous For Its Marvelous Motor

If You Don't Want to Wait Next Spring, Order Now

LAST year's production of the Chandler Six was of record volume and this year's production will double it; but if you don't want to wait for your new Chandler next spring, we would suggest that you order it now.

This year's automobile shows have attracted crowds greater than ever before, partly perhaps because hundreds of thousands of Americans were unable to secure new cars last year. And these great crowds of motor enthusiasts have found no better value in the whole exhibit of six cylinder cars than that which Chandler offers.

Chandler leads so distinctly in the medium-priced fine car field because it does offer such splendid value; because of its really marvelous motor developed through seven years of production in the Chandler plant and seven years' service on the road in the hands of a host of owners; because of its sturdy, dependable mechanical construction throughout the entire chassis; and because of its attractive and comfortable body.

Compare them all, all the sizes, then pick out yours. It will be a Chandler if you ask Chandler owners.

SLATS' DIARY

Friday—Pa and ma all so me went 2 hear a speaking tonite. Pa sed the man was a finished orytor, but it appeared 2 me that he never wood finish. ma had 2 get me & pa woke 2 go home.

Saturday—We was tawking of base ball plares getting bigger salrys than preachers do. Ma thought it wassent just. It is mebbly not. But a preacher only just has 2 tawk on Sunday & dont know nothing about in curves & outs & home runs & cussing a empire and etc. And then they is more peepul goes 2 ball games than they is 2 church in summer. The preacher ast pa why diddent he cum 2 church offener. Pa sed he had a habit of going 2 sleep & the preacher sed Thats all Right it wont bother me. Pa sed Mebbly not, but you mite wake me up.

Sunday—went 2 s. skool agen. The teacher ast Jake who was Jewdas & Jake replied & sed Jewdas was 1 of the 12 apostates. He was wrong. As ushel.

Monday—Pa belongs to a lodge for keeping secrets or sum thing. He is master he sed. I guess that is the reason why he goes. He can be master for 1 nite a week. Ma is master here at are house.

Tuesday—The teacher ast me 2 Compose a sentense with the word hand some in it. I sed I ast my ma to hand some pie 2 to me. Teecher sed Next.

Wednesday—We had a oyster soop supper tonite. This time I was the lucky 1. I got both oysters.

Thursday—pa was reading in a noose paper about a invention of a colleckshun box for churches which wood ring a little bell when a person dropped in 2 bits or more & if you dropped in a jitney it wood fire off a pistol. I hope they wont get 1 at are church for they sure wood get sum bobby shot. I mite get 2 be a Orfant.

NOTICE TO TAX PAYERS INDEPENDENT SCHOOL DISTRICT

The time for paying the taxes of 1919 has been extended to March first. After that date the penalty will be added, and for taxes delinquent prior to 1919, six per cent interest will be charged from March 1st, 1920. J. B. MOBLEY, Collector Lubbock Independent School District. 81f

Speaking about opportunities, the Government is offering quite a few to its people in making it possible for them to purchase savings securities in denominations ranging from 25c to \$1,000.

If you are thinking of buying, building or improving your home or residence or business property, I can furnish you the money on terms that will suit you. CLAUDE B. HURLBUT, Citizens National Bank Building.

Conditions Somewhat Improved

POLITICIAN AND THE WORKER.
By T. J. Estes
Lubbock, Texas

The politician comes around and throws a monkey fit, Says the other fellow is no good but he is surely fit; And when he gets to Washington he'll make the welkin ring, But look out Mr. Workingman, you'll only get the sting, For in the halls at Washington the workers they are nit.

Big bankers and big business, speculators and all such, They get the legislation, but the workers don't get much; They are only fit to work and vote and furnish everything, But in 'the halls at Washington they only get the sting, For up there at Washington the workers they are nit.

The farmers and mechanics and the men that dig the coal, The men that feed the nation and the men that pay the toll; The men that do the working and supporting everything, They come out at the little end and only get the sting; For in the halls at Washington the workers they are nit.

And if there is a big job or fighting is to do, Our boys are mighty handy and have to put it through, But when the boys get back home and have a chance to know, They find the profiteers have swiped up all the dough; For in the profiteering game the soldier boys are nit.

The producer and consumer pays the taxes and all cost, The interest and the profits and every little loss; He's the man in the beginning and another at the end, But all along between them are fat hogs in shape of men, For in the profiteering game the workers they are nit.

And now my fellow workers, if you ever get good times, You must do some better thinking and voting 'long these lines, You should all line up together and vote for men like you, And make the profiteers do some scrapping for the dough; Then in the halls at Washington the workers will be it.

When the politician lawyer comes around to you again, Tell him you're a workingman and don't need such as him; That if you have to pay all cost and everything support; You'll vote for men like you are and quit being a silly goat; Then in the halls at Washington the workingmen will be "it."

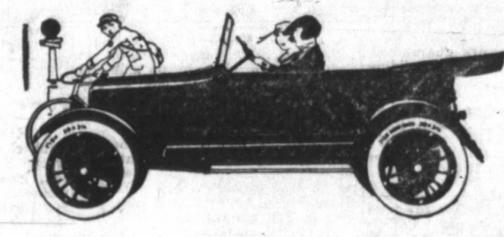

Roads Seem Pressed Flat By Wonderful New Triplex Springs

THE wonderful Triplex Springs of Overland 4 effect such a change in riding comfort that bad roads now seem to ride like good roads.

Overland 4 has the steadiness of larger cars of long wheelbase, with the light weight, ease of control and low fuel and tire expense of 100-inch wheelbase.

Equipment, including Auto-Lite starting and lighting and three-speed transmission, is high class, in keeping with the general character of the car.

FACTS AND FIGURES REGARDING LUBBOCK CO. TAXES.

The month of January 1920 saw the heaviest payment of taxes ever received by the Tax Collector in the history of this county. January preceding the past, payments were heavier than any previous period of the county's history. Receipts for January, 1920 nearly doubled those for the same month 1919. The assessed valuation of property for Lubbock county for the years 1918-1919 was \$13,000,000.00 which was taxed by the county and state (excepting independent school districts of the county which number three) at the rate of \$1.05 per hundred dollars property value of the county, or according to the rolls for that year receipts for taxes would be \$162,000.00; of this amount, \$155,000.00 has been paid up to date.

For the year 1919 the taxed values of property for Lubbock county remained the same as the previous year but the tax rate was raised 35 cents per hundred dollar property valuation, thus for the year 1919 the tax rolls call for tax payments of the amount of \$194,000.00, of this amount \$165,000.00 has been paid up to date with several weeks yet remaining to pay with penalty and the balance of the year for redemption, which will probably bring the entire amount called for in.

In the above amount of taxes collected for the year 1919 is not included \$5,000 automobile tax which is held as a separate item; also the three independent school districts including Lubbock, Salton and the town of Abernathy which has the maximum school tax of 50 cents per hundred dollar property valuation. Of the entire collectable taxes for the State and county, \$115,000.00 was collected in the month of January, 1920, or nearly twice that ever paid in a single month in the history of the county.

The property valuation of the city of Lubbock is \$3,136,640.00 for the year 1919. Taxes on this property for the year 1919 remained the same as for the year 1918 or \$1.20 per one hundred dollar property valuation. Thus, according to the rolls, there should be paid for 1919 into the City Treasury \$37,639.68, of this amount \$34,010.59 has been collected (this amount does not include polls assessed nor collected). For the year 1918 the tax rolls called for \$36,014.16, of this amount there was collected \$26,824.69.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of BALLARD'S HOREHOUND SYRUP. It checks the progress of the disorder and assists nature to restore normal conditions.—Sold by All Druggists.

Extravagance rots character.—Roosevelt War Savings Stamps are a preventive for financial decay. Make it convenient to see the postmaster today.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

RASCALS

Biliousness, Headache, Colds, Constipation, driven out with "Cascarets"

Why take nasty cathartics, sickening salts, or stomach-turning oils to drive these rascals out? Let gentle, harmless Cascarets remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your skin sallow, your breath offensive, and your stomach sour. Get a box of Cascarets at the drug store and rid your liver, stomach, and bowels of the excess bile, poisons, and waste which are keeping you miserable. Cascarets never gripe, never sicken, never inconvenience. They cost so little and work while you sleep.

FEDERAL LAND BANK MAN TO MAKE HOME HERE

Glen A. Egan, inspector for the Federal Land Bank of Houston, Texas, arrived in our city this week and will make his permanent home here. Mr. Egan will travel over the South Plains country in the interest of the Federal Land Bank.

W. H. Wilkinson and family returned last week from a visit to points east and Mr. Wilkinson has resumed operation of his service ear line.

Mr. and Mrs. Bruce Spencer are in Ralls this week taking an inventory of the stock recently purchased from the Ralls Pharmacy.

E. H. Arnett was here the latter part of the week from the Spade ranch, visiting with friends and transacting business.

DEATHS

Virginia B. Roy, wife of J. V. Roy, born Jan. 20, 1853, died at the home of her daughter, Mrs. J. E. Bobo, in San Antonio, Texas, February 13th, 1920. The deceased was shipped to this city for funeral services which was held last Sunday afternoon, conducted by Rev. W. A. Bowen, pastor of the Baptist church of this city.

The deceased had lived in this city many years and is well and favorably known. She is survived by her husband, J. V. Roy; four sons, A. F. and C. C. Roy of this city and E. E. Roy, a resident of Sweetwater and Walter Roy of Justiceburg; four daughters, Mrs. Clarence Reed and Mrs. Ed Hutson residents of Lubbock and Mrs. J. E. Bobo of San Antonio, also the younger daughter, Miss Jonnie Roy.

Interment was made in the Lubbock cemetery last Sunday afternoon directly after the funeral services.

Delia L. Veazey, little two year old daughter of Mr. and Mrs. W. E. Veazey of this city, died at the home of parents, February 14th, 1920. Funeral services were conducted by Rev. W. A. Bowen, pastor of the Baptist church of this city and interment was made following in the Lubbock cemetery.

Mrs. C. W. Broiles, of Lorenzo, born August 7th, 1897, died at the home near Lorenzo, February 10, 1920. Funeral services were conducted by the Methodist pastor of Lorenzo and interment was made in the Lorenzo cemetery, February 12. Deceased is survived by the husband and three small children.

Guy C. Mitchell, of the Citizens National Bank of this city, is in Portales, New Mexico, this week visiting with relatives and attending to business matters.

I am back on the job and at your service with a good service car. Phone 475, when you need a car. W. H. Wilkinson. 342p

S. Lester Quinn of this city is in the Hereford country attending to business matters and visiting with relatives.

You Do More Work.

You see more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. It almost needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Come to Lubbock.

Announcing

The Installation of a Representative

"S.H." PREMIUM DISPLAY

On the Second Floor of the

BARRIER BROS. DRY GOODS COMPANY

Assuring Lubbock folks most satisfactory service in obtaining the famous S.H. Premiums. An S.H. attendant will be on hand at all times to serve all Lubbock stamp collectors in a most efficient manner.

We are pleased to make the above announcement.

It pleases us to serve Lubbock folk and in installing a most varied assortment of the popular S.H. premiums on the second floor of the Barrier Brothers Dry Goods Co.'s store we will serve our many friends in a most thorough and satisfactory manner.

The complete and enthusiastic endorsement given the nationally popular S.H. Green Stamps in Lubbock and vicinity by thousands of frugal housewives is convincing evidence that these 23 year old discount tokens fill a most important need.

The merchandise S.H. premiums given in exchange for S.H. Stamps comprises household needs, personal comforts and articles of usefulness.

Each S.H. Premium bears the same mark of quality which has made this merchandise a household word for sterling and lasting worth throughout the United States. An S.H. Premium in your home means money saved—there can be no argument on that score.

The merchants listed below through their fair-minded policy of giving S.H. Stamps as your earned discount make it easy for you to save money. They sell just the kind of merchandise you like to buy at prices you can easily afford to pay and in S.H. Stamps give you a sound substantial discount. It will pay you well to obtain S.H. Stamps on all purchases.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezezone is the sensational discovery of a Cincinnati genius. It is wonderful

R. A. RANKIN & SONS

CITATION BY PUBLICATION.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon J. G. High, by making publication of this Citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in June, A. D. 1920, the same being the 14th day of June, A. D. 1920, then and there to answer a petition filed in said Court on the 31st day of January, A. D. 1920, in a suit numbered on the docket of said Court, No. 1521, wherein W. A. McDonald, is plaintiff, and J. G. High, is defendant; the nature of plaintiff's demand being as follows:

FIRST COUNT: Trespass to try title to lot 11, blk. No. 17, in Wheelock 2nd Addition to the town of Lubbock, in Lubbock county, Texas, and for writ of possession, in favor of Plaintiff against defendant for said lot.

SECOND COUNT: That on Feb. 11, 1918, plaintiff executed and delivered to defendant, his warranty deed to lot 11, blk. 17, in Wheelock 2nd Addition to the town of Lubbock, Lubbock county, Texas, reserving therein a vendor's lien to secure the payment of 5 certain vendor's lien notes, one for \$80.00, due June 11, 1918, one for \$60.00, due Oct. 11, 1918, and one for \$60.00, due Feb. 11, 1919, and one for \$60.00, due June 11, 1919, one for \$60.00, due Oct. 11, 1919, each note executed by the defendant, and payable to plaintiff, bearing interest at 10 per cent per annum, from date, with the usual 10 per cent attorney fees, and given in part payment for said lot and described in said deed.

That defendant has failed to make payment of said notes or any part thereof, though long since past due. That defendant has abandoned the premises, and left the county to parts unknown, deed recorded in deed records of Lubbock county, Texas, book 33, page 458.

Plaintiff sues and prays judgment that said deed and record be canceled and tenders into court said notes for cancellation, and that title to said lot be restored to plaintiff, and defendant divested of all right, title and interest therein.

Herein Fail Not, But have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Lubbock, Texas, this 6th day of February, A. D. 1920.

SAM T. DAVIS, Clerk.
District Court, Lubbock County, Tex. (Seal)

RENEWAL OF Threaded Rubber Insulation never needs to be given a thought. But that of ordinary Insulation does, at least once before the battery is worn out. Threaded Rubber gives far better protection to plates and is the only kind that can be depended on to last as long as the battery. It can be had only in the Still Better Willard.

THOSE WOMEN WHO DREAD MIDDLE-LIFE

Houston, Texas:—"To a woman who looks with dread upon the approach of middle life, I would say there is nothing

whatever to fear if she will only take the right medicine just as soon as she has any of the distressing symptoms. I became so weak that I could scarcely get around to do my own housework, and I was just as miserable as one could be when I started to take Dr. Pierce's Favorite Prescription. The first bottle made a wonderful difference and before I had finished the second bottle I was safely through the critical time in absolutely perfect health—no more hemorrhages, no heat flashes, dizzy spells or nervousness. I felt more than repaid for the cost of those two bottles of 'Favorite Prescription' and would have been glad to purchase more, had it been necessary."—Mrs. M. M. Brooks, 4304 Center St.

Dr. Pierce's Favorite Prescription is a remedy that any ailing woman can safely take because it is prepared from roots, does not contain alcohol or narcotics. Its ingredients printed on wrapper.

Send 10c. for trial package of Favorite Prescription tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

BEAUMONT PREACHER HERE LAST SUNDAY, HELD SERVICES.

Rev. F. S. Henderson, pastor of the First Presbyterian Church of Beaumont, Texas, was here last Sunday and preached at the First Presbyterian church in this city. Rev. Henderson is anxious, we are informed, to live in this section of the country.

Save the pieces when you break it. Lubbock Welding Co. 3017

SERIOUS DISCUSSION OF A DANGEROUS SITUATION.

Baltimore, Md., Jan. 20, 1920. Hon. Fred W. Davis, Commissioner of Agriculture, Austin, Texas.

Dear Sir: One of the most vital questions affecting the welfare of humanity is the price of foodstuffs. Until foodstuffs decline and thus bring a reduced cost of living, I cannot see that there can be any material decline in labor's wages or in the cost of other operations.

The decrease of about 25 per cent in the acreage of winter wheat and rye and the word which comes to us from many parts of the South as to the great decrease in acreage because of the scarcity of labor are typical signs, indicating, I fear, a very great decreased production in foodstuffs of all kinds.

For years the Manufacturers Record has warned the country that there would inevitably be a rise in the cost of foodstuffs. We took this position long before the war. In former years the farm interests of the country never received a fair share of the enormous profits of the country, and farm labor was never adequately paid. Under present conditions the scarcity of labor is so great and prices so high that I cannot see any possible increase but rather a decrease in the acreage of most crops. This will mean continued high prices for grain and cotton and provisions.

It seems to me that this situation should receive a thorough study on the part of the business interests of the country and of the Federal Government. I do not look for any change for the better until the building of good highways has made farm life more attractive, has stopped the tendency of country population to concentrate in the cities, and has made motor truck and automobile transportation feasible everywhere and thus lessened the cost of handling goods of all kinds between the farm and the city.

I am asking every commissioner of agriculture for their views on this situation. I shall greatly appreciate a letter anywhere from two to three hundred words giving your views on the conditions and outlook as you see it.

Very truly yours,
RICHARD H. EDMONDS,
Editor,
STATE AGRICULTURAL DEPARTMENT.

The Mattress of all Mattresses

You will find that we have a large stock of these splendid mattresses. You know how good they are and how comfortable you sleep when on a Sealy.

Hempel In Your Home the same as at the Metropolitan Opera

When Hempel sings, you suddenly understand what it is that makes her great among the greatest in opera and concert. You fall under the spell of a mysterious, lifting power, a power which transmutes every note into gold, every bar into angel-music. It is Hempel's sublime artist soul.

We want you to know the true greatness of Hempel. Stop in and hear one of her exquisite RECREATIONS on the New Edison. Hear it with your eyes closed, for that is the best way to listen to music. Then you will also understand what it is that makes

The NEW EDISON

"The Phonograph with a Soul"

greatest among phonographs.

RIX Furniture & Undertaking Company Lubbock, Texas

MENT, Austin, Texas, Jan. 28, 1920. Mr. Richard H. Edmonds, Editor Manufacturers Record, Baltimore, Md. My Dear Sir:

It is with pleasure that I reply to your recent request to express my views upon the present situation of our country as it relates to high prices, and rural life generally.

Our present dilemma, in my opinion, had its inception in a great fundamental error. When land was cheap and virgin, and wild life, forests and grasses were abundant, we builded artificially, both as to education and economics. Productive pursuits were considered not only commonplace, but almost menial. Children were taught that the higher purposes of life were to be found in callings other than production. Thus country life was systematically robbed of the brightest minds. Youths of keenness and ambition were taught to seek professional or business careers, and schools were established everywhere to satisfy this ambition, with courses of study arranged for the same purposes. Schools therefore, and even parents, for generations advertised careers which created an exodus from the country to the city.

I will not take the space to follow the results of such efforts. Suffice to say we are reaping some of the fruits of them now—more harvests I fear are to follow. It has, generally speaking, resulted in organized trained

production on the other.

Men who shunned the monotony of the farm for the activity of the city never gave any concern about where their necessities came from. They took it as a matter of course. And so long as home necessities constituted the major needs and the desires of producers it was of no consequence, for those who followed production were reasonably well satisfied. But as the country developed and life became more complex, the wants, and even necessities of the country people multiplied. Now since consumers greatly outnumber producers, production has become a business and is followed for the purpose of making a profit. Farmers have the responsibility of the greatest business on earth on their hands, without business organization or training. Failing to reap anything but losses, economic necessity is sending many to town, and thus the movement cityward continues.

The high cost of living, which is commanding the attention of so many people, is due primarily to two causes which were an outgrowth of this false teaching, and business failure of producers. One reason is an unnecessary and unreasonable number of people engaged in handling our produce, caused by the movement from the country to town. The other reason is the cupidity of man, which has caused some of the shrewdest and best trained minds to exact profits far beyond their possible needs or the bounds of common justice. In my opinion, the conscienceless profiteers are more to blame for our present unrest than any other one factor. Their acts of greed breed Bolshevists faster than our officials can run them down. They are doubly dangerous because they are possessed of extraordinary intellects.

While I have studied a great deal on remedies for the two causes of high prices just mentioned, the length of this article will not permit of a discussion of them.

Now, to get back to the situation as affected by production. I am going to submit a summary comment because space will not allow discussion.

Make our educators come down out of the clouds and teach the coming citizens how to meet the responsibilities of life as they find it, laying stress upon rural life.

Reduce by some fair means the number of handlers of life's necessities.

Hang, imprison, or deport all inhuman profiteers the same as anarchists or Bolshevists.

We must recognize that rural isolation is broken permanently; that a reasonable share of the comforts and

pleasures of the city must be available to the country people.

We must realize that good roads are necessary for the business of the country; and that we must think of these business necessities more than we do of the comfort of tourists—pleasure seekers when we construct our good roads.

That it is not the moral or patriotic duty of any particular set of people to produce at a loss in order that all others who elect to follow their chosen lines of business may have food and raiment.

We must realize that permanent organization of producers is absolutely necessary for permanent, prosperous agriculture, and it must be accomplished, regardless of the necessary cost.

Make production pay equal to any other great and necessary business. If the consuming public are unwilling to concede sufficient profits to producers to induce them to produce an abundance, they pull the house down on themselves.

We should not expect producers to meet more fully the demands of the world for food and clothing if speculators are permitted to turn large crops into liabilities instead of assets.

Sincerely yours,
FRED W. DAVIS,
Commissioner.

CATTLE STRONG TO QUARTER HIGHER; SHEEP STEADY

Kansas City, Feb. 16.—Light receipts at all the principal western markets brought out better demand for fat cattle today and prices were strong to 25 cents higher, mostly 15 to 25 cents up. Shippers took medium and light weight hogs at steady prices, early but heavy grades were 25 to 50 cents lower to packers, top \$14.75. Sheep and lambs were steady top lambs sold at \$20.00.

Today's Receipts
 Receipts today were 10,000 cattle, 13,000 hogs, 9000 sheep, compared with 12,000 cattle, 11,000 hogs, and 11,000 sheep, a week ago and 9700 cattle, 12,900 hogs and 2230 sheep a year ago.

Beef Cattle
 Trade in beef cattle which has been dull for some time past, showed material improvement today. Prices were mostly 15 to 25 cents higher, trade was active, and a close clearance was reported early. The bulk

of the steers sold at \$11.00 to \$12.50 a few at \$13.00 to \$13.25. Prime grades were lacking. "Canner" and cutter cows were steady. Good to choice fat cows were 15 cents higher and sold mostly at \$9.00 to \$10.50. Bulls and calves were strong. There was considerable shipping demand for all classes of killing cattle.

Stockers and Breeders
 Inquire for stockers and feeders improved with fat cattle. Choice and medium grades were 15 to 25 cents higher, and common to plain kinds were steady. Inquiry from grazing sections is increasing, and from now on pasturemen will buy freely. Feeders good to choice are quoted at \$10.50 to \$12.00; fair to good \$9.50 to \$10.50; stockers choice \$10.00 to \$10.75, fair to good \$8.50 to \$9.75, common \$7.50 to \$8.50.

Hogs
 Hog market opened steady to shippers but on reported declines in Chicago, trade here weakened and late sales were 25 to 50 cents lower. The top price was \$14.75, and bulk of sales \$14.25 to \$14.50. Shippers at more eastern markets are paying premium prices for heavily sorted loads, and straight sales are showing less than a normal margin over river prices. The bulk of hogs in Chicago sold at more than a dollar spread, while here the bulk was within a 25 cent range.

Sheep and Lambs
 Trade in sheep and lambs opened slowly at weak prices, but later became active and fully steady. Both native and Western fed lambs sold \$19.25 up. Fat sheep were scarce, and yearlings \$15.50 to \$17.50. There up to \$20.00, and the bulk brought Ewes are quoted at \$11.50 to \$12.85 in active demand for feeding lambs at \$16.00 to \$17.50.

Horses and Mules
 Trade in horses and mules is entering another week of activity. Receipts are liberal, but buyers are here from practically all localities. Steady prices were quoted on the opening.

 Market Correspondent.

BONHAM CITIZEN IS MOVING TO LUBBOCK

This afternoon Chas. G. Nunn left Bonham for Lubbock, where he will make his home in the future. Charley Nunn has lived in Bonham all his life and has been one of our honored citizens. He has engaged most of the time in the land and loan business, wherein he was successful. He was in many respects one of the best judges of land values and titles in the county. He is an honest, conscientious and painstaking worker, and a most pleasant man to deal with. He has many friends in Bonham and all over the county who regret that he has decided to leave us, but who wish him a full measure of success in his new home.—Bonham Favorite.

Colds Cause Grip and Influenza
 LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 3c.

LUBBOCK MAN CLAIMS TO BE STOUTEST IN WORLD

Probably the reader will recognize the photograph above of "Stout" Jackson, who probably you have seen

today on the streets, if a resident of Lubbock. But we doubt if you knew that the man claimed to be the "stoutest man in the world" made his home in our city. Mr. Jackson moved his family from Vinyard, Texas, to our city a few weeks ago and will make this city his permanent home in the future. Mr. Jackson is well known in the eastern part of the State, having lived at Vinyard ten or twelve years. Ordinarily speaking, Mr. Jackson does not look as though he is the stoutest man in the world, nor does he look abnormally developed, yet here are a few things he claims he can do and has accomplished:

Has the combined strength of twenty men and only weighs 155 pounds. By hitching himself in harness, he can out-pull your automobile or the best team of horses in the city, backing his statement with a premium to any man who out-pulls him with car or team.

In his performances that he makes during the summer months he does stunts like breaking the best of Manila rope; makes staples out of spike nails; drives nails through inch planks with one stroke of his hand; bends inch iron in his teeth and also holds records of lifting 3,765 pounds of men on his back.

Mr. Jackson will travel over different sections of the State during the coming month and perform at public gatherings, in the meantime, his family will continue to make this city their home.

LUBBOCK PEOPLE ARE PROSPECTING IN NEW MEXICO

F. W. Struve, a hardware merchant of Lubbock, Texas, came in the first of the week to "spy out" the land. He was accompanied by Randolph Fox, a brother of George Fox, who resides on the Mesa. Both are old friends of W. D. Shaw, who piloted them around town.—Mountain Air Independent.

If you are thinking of buying, building or improving your home or residence or business property, I can furnish you the money on terms that will suit you.

CLAUDE B. HURLBUT,
 Citizens National Bank Building.

NEWS ITEMS FROM SEMINOLE SENTINEL

Dan Cobb this week stated that work on the court house would be started about March 1. He has had quite a time in getting the necessary materials, but now has enough on the ground and in transit to start the work in a few days. Mr. Cobb hopes to have a force of workmen on the job on the date mentioned above and if no unforeseen delays occur, expects to work steady until the building is completed.

After an illness of only a few days with influenza, which later developed into pneumonia, Alex Wylie, a resident of the southeast part of the county, died at the home of a relative Wednesday in Lamesa. The funeral services were conducted Thursday afternoon at 4 o'clock by the pastor of the Baptist church of that place. Interment was made in the Lamesa cemetery.

Postmaster Roach received notice the first of the week that the mail route from Lovington to Seminole would be put in operation Monday, Feb. 16. The b.d. of H. W. Stoneham of Lovington, being the lowest, was accepted.

RACINE HORSE-SHOE TIRES

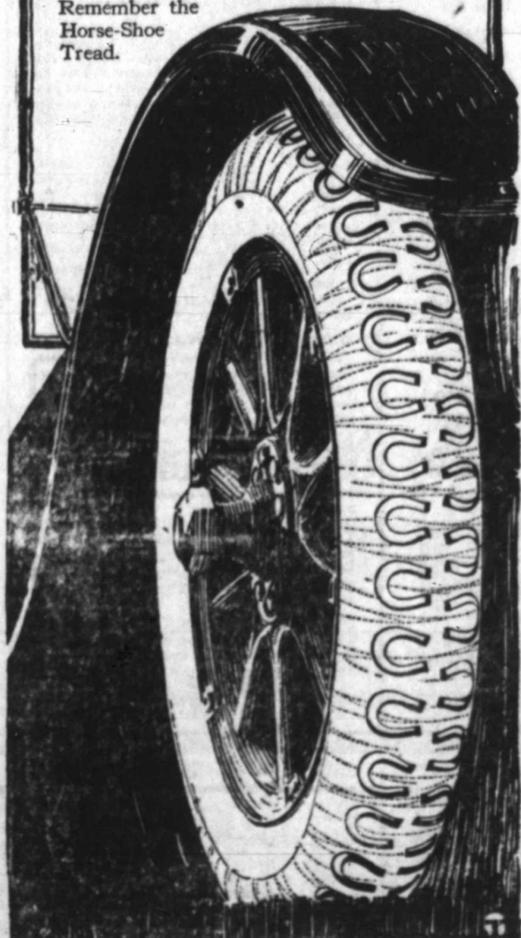

ALL new tires look much the same on the outside, but experience has proven them to be mighty different on the inside.

That is why many corporations are today buying tires only on performance. The makes of tire that gives the most miles per dollar get the business.

Horse-Shoe Tires are today specified exclusively by some states as well as by many of the world's largest corporations.

Thus they have "proven" their comparative merit under the severest test that could be given an automobile tire.

Remember the

***** HIGH SCHOOL NOTES *****

Grammar School
The attendance of the grammar school has been remarkably good during the flu epidemic. Most of those who have been out are back and ready for work.

New pupils are being enrolled almost daily in this department, every room being badly crowded. A new seventh grade has been organized and Mrs. J. E. Dickens, who has recently moved to Lubbock, has been employed to teach it.

There was a great improvement of the grades of the children during the last grade period.

Mesdames Bowen, Rankin, Payne, Hines and Misses Blanche Bean, Maggie Hensley, Fern Wheelock, were among those who substituted for the teachers who were sick with the flu. A few of the recent visitors to the school were: Mesdames Geo. Arnett, Frank Bowles, Geo. W. Briggs, C. L. Adams, Rose Winn and Miss Inez Winn.

Honor Roll By Grades

3rd Grade—Howard Hunt, John R. Johnson, Edwin Kelley, Arnold Levy, Charles Neville, Damon Nutt, Weldon Osborne, Pauline Hollar, Thelma Jackson, Clarice Johnston, Mearl Martin, Pearl Martin, Aleene MacKenney, Winnelle McCoy, Virginia Murray, Mildred Nail, Georgia Roy, Mary Frances Royalty, Louise Painger, Ina Yarbrough, Jack Smalley, Walker Stafford, Tommie Phillips, R. D. Strong, Lawrence Thornton, Charles Pebbler, Lula Jones, Allen Bowles, Gordon Dickinson, John Crawford, Herman Clay, Milton Connally, Pauline Baker, Ollie Belle Collins, Kathleen Cole, Roberta Burrus, Petna Bivins.

Benson Jr., Robert Brown, John Brown, Clarion Christian, Henry Diebel, Melvin Dow, Griffin Presley, Roy Hunt, Kathryn Atkins, Zelta Beard, Audrey Brown, Ruby Clark, Ruby Delaney, Lula Denham, Gussie Gallatin, Lois Gallatin, Ina Gilliland, Eula Hilton, Eunice Hutson, Sudie Barker.

SICKNESS DELAYS SELLING OF NEW BOND ISSUE

Because two of the city commissioners and the mayor of the city were confined to bed on account of flu, the date for the selling of the bond issue of this city was postponed from Tuesday evening, which was to have been the date, to an indefinite period or until the members of the council are well.

Bond buyers have been in the city several days waiting to make bids on the bonds and were disappointed at the unavoidable delay. It is an assured fact now that the bonds will sell at par value or above that figure.

NOW, GEORGE WASHINGTON SMITH,
I WANT YOU TO GET BUSY AND
CHOP DOWN THAT DEAD CHERRY TREE,
IT'S IN THE WAY

WELL MAW, HOW
CAN I CUT DOWN
A BIG THICK TREE
LIKE THAT WITH THIS
OLD DULL HATCHET

LET ME GO UP TO
THE HARDWARE STORE
AN' BUY A NEW ONE,

North Side Square Phone No. 105 Lubbock, Texas

TEXAS BANKERS ASSOCIATION TO ENCOURAGE PRODUCTION

The meeting of the Agricultural Committee of the Texas Bankers Association last week in Dallas had for its object the creating of plans to encourage production of farm products of this State, thus supplying the demand and decreasing materially the abnormal conditions existing. According to Mr. Maedgen of this city, who attended the meeting last week at Dallas as a member of this committee, "every banker in the State will be asked to stimulate farm interest, encourage the raising of pure breeds of stock and the exercise of modern implements and methods in the cultivation of the crop for the years to come." They will also be asked to assist in securing a home giving him a direct interest in the land which he cultivates, thus making him ambitious to beautify and upbuild the community where he resides, indirectly bringing about the long sought after "better and more attractive rural life."

Evidently it is the minds of the Agricultural Committee of the Texas Bankers Association that only through supplying the demand will abnormal condition exist; labor will cease to ask normal wages and middlemen likewise profit in accordance with general living conditions.

"In April," says Mr. Maedgen, "there will be held at College Station a farmers-bankers conference for the purpose of stimulating the interest of the bankers of Texas in co-operation with farmers and etc." This meeting date will be set definitely this week at a meeting of the Bankers Committee at Houston and it is the wish of Mr. Maedgen, who is a member of the committee, to have fifty or more representative farmers of Lubbock county and the South Plains section to express their willingness to attend the meeting at College Station in April, assuring them that "it will be money well spent."

STATE GROCERS MEET; WEIGHT LAWS VIOLATED

Austin, Feb. 12.—Dairy men and grocers of Texas met here today under call of F. C. Wehnert, commissioner of weights and measures, to consider the fixing of a standard

Warren Grocery Co.

A small place but a full line
of groceries. Prices right.
Phone 35.

package of butter for sale in this state.

The new weights and measures law provides for the establishment of a standard unit in which various foods may be offered for sale. As proof of the need of establishing a lawful standard unit for butter in order to prevent short weights being given the public, the commissioner offered two packages of a well known brand of butter. Both of these packages were bought by the inspector in the open market. They are identical in size and shape, and the bricks of butter therein are the same size. One package is marked "15 ounces" and the other "one pound." The weight correspond with the contents of the package. The 16-ounce brick merely is pressed tighter, and according to the commissioner, it is prepared for sale to careful customers who take pains to secure full weight. The lighter package, however, the commissioner said, is the one that generally is handed over the counter when the average customer merely calls for a pound of butter.

Ask your boy or girl about the Thrift-Savings Survey to be made in his school. Get interested in his financial education or her economic training, and you won't have to worry about your "young 'un's" future.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHIL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Worms will then show off or disappear the worms, and the child will then have a healthy, pleasant to take. 50c per bottle.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

We have just received a car of Red Rust Proof oats for seed purposes. Jackson Bros. 341

Two things concern everyone: Income and outgo. War Savings Stamps invested in regularly will keep the outgo from equaling or exceeding the income.

ITEMS OF INTEREST TO OUR FARMER READERS.

The Old Way vs. The New.
Roy Smith of Krum, Route 2 has a young Poland-China pig which is furnishing a great deal of amusement to a report made to the Extension Service A. and M. College by County Agent Jack Shelton, of Denton. Early in the spring Roy's father, U. B. Smith, announced to his family that he intended to reverse the usual form of club stories. He said that he had observed that "sons" always beat the "dads" in stories of club pigs, calves, etc., and that he thought it quite time for Dad to teach Son a thing or two about raising pigs. So Dad and Son started a pig-feeding contest. They commenced with pigs of the same age, but of different breeds. Each selected the breed he believed would make the best meat hog, and each fed the ration he thought best. The last reports show that Son's pig is simply walking off and leaving Dad's like it was tied to a post. It weighs exactly twice as much.

Well, Dad ought to feel proud of the results for he is far ahead of the boy and has the best of the deal. The Dad has a sorry pig, but a fine boy, while the boy only has a fine pig. The boy has a lifetime to make a profit out of his method of feeding, while Dad has only a few years to lose money by his method of feeding at best. It must be a mighty comfortable feeling to know that you have a boy that can play the game and win. It is better to rear a fine boy than to raise a fine pig. We believe Dad is the winner.

Killing Lice On Chickens.
In the winter time we advise applying sodium fluoride by the so-called "pinch" method, to kill lice on chickens, advises W. F. Kazmeier, Poultry Husbandman of Extension Service A. & M. College of Texas. A "pinch" is all the powder you can hold between two fingers, and should be placed on ten different parts of the chicken, close to the skin as follows: One pinch below the vent, one under each wing, one on each thigh, one on the tail, two on the back, one on the breast and one on the neck.

In warm weather a dip may be made by mixing one ounce of sodium fluoride to one gallon of water.

Beating Dad.
County Agent J. B. Dorman of Newton county, reporting to the Extension Service, relates an incident of a club boy's triumph over his father in the production of peanuts. While visiting at N. F. Hampton's place, the father admitted that his son Herbert had beaten him raising peanuts. Mr. Hampton painted peanuts adjoining his boy's acre and had the land prepared and cultivated according to the usual plan. However, Herbert handled his acre under the advice of the Agronomist of the Extension Service A. and M. College.

The son's had not been threshed, but Mr. Hampton admits that the boy's acre will make at least one-third more than his best acre.

HEMSTITCHING AND PICOTING.
Don't forget the place to get first-class work. You will find me at Barrier Bros. Mrs. Lena McElroy. 321f

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful...," she writes. "I got down with a weakness in my back and limbs... I felt helpless and discouraged... I had about given up hopes of ever being well again, when a friend insisted I

Take

CARDUI

The Woman's Tonic

I began Cardui. In a short while I saw a marked difference... I grew stronger right along, and it cured me. I am stouter than I have been in years." If you suffer, you can appreciate what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. E-73

The Chance that the Army Offers

YOU

"As a corporal I was drawing down \$38.10 a month every time the bugles blew 'Pay Day'.

And when I read in the papers about the big civilian pay envelopes, civil life opportunities looked pretty good to me!

"I took up my old job when I got back and when then they raised my pay to \$35.00 a week—almost as much as I got every month in the Army—well, I thought I was sitting on the world.

"But times have certainly changed! Thirty-five a week today goes like a breeze. Food has advanced, shoes cost more, and every time I buy a suit I think I'm paying for the war as well as fighting it.

"I'm classed, I guess, as just an unskilled worker, I left school too early and I'm sorry for it now.

And where'll I be ten years from now? Answer me that! Working for day wages, making a living and nothing more? I guess not—for I'm going back to join the Army!

"I'm going to take a job that will give me more free cash than I get today—a job that'll mean all my expenses paid—a training that will make me the kind of man who succeeds and a life that'll keep me feeling fit and fine."

Health, Travel and Training

Congress has appropriated \$2,000,000.00 to be used in the Army Schools. In many schools and posts you will have the opportunity of being trained in the skilled trades and at practically all Army stations, schools are in operation in which you can improve your education.

You'll have enough out-door work to keep you in perfect trim. You'll learn the sort of discipline that makes a man able to handle other men. You'll have a fine crowd of buddies. You'll live a fine healthy life—no soft snap about it, but it will be a life that will make you a regular man.

* You'll learn how to hold up your end in any company. You'll have an increased ability—a sure self-confidence on your return.

You'll be a part of America—one of its fighting men—its bulwarks of defense. If there's any trouble that the Army has to settle you'll have a red-blooded man's chance to do your share of the settling.

And three years from now, when the men who are working besides you now are still working for day wages, you will step out with a training that will command real money.

Think it over. The next three years at home; and no further along at the end.

Or the next three years in the Army, and a training that you can cash in on for the rest of your life. It's worth investigating, isn't it? Worth stopping in at the recruiting office to talk to the man in charge.

The Nearest U.S. Army Recruiting Stations Are:

Room 205, Security State Bank Building, Lubbock, Texas

UNITED STATES ARMY

THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether it's laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the signal Corps is always valuable.

MEDICAL DEPT.—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

QUARTERMASTER CORPS—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Manual work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

Where the U. S. Army Serves
American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the U. S. A. The Recruiting Sergeant will gladly give you all the details.
Like every one else in the army, from General to Bomb Private, you're under orders, and if your outfit moves and you're needed elsewhere, your duty is to go.

Beauty and Utility

Your home surroundings help to make your home. The appearance of the fences about the home has much to do with its appearance and we can supply you with nice straight posts and fencing material that will make your fences look A-1. Remember our stock of paint too, when figuring on brightening up the premises.

LUBBOCK, TEXAS

BAPTISTS TO LOOK AFTER STUDENTS IN SCHOOLS.

Plans of the Baptist General Convention to do more effective religious work among Baptist students in

the colleges and universities of the state have been inaugurated, announces Dr. F. S. Groner, general secretary of the convention. Rev. J. P. Boone, pastor of the First Baptist church of Waxahachie has accepted the position to direct this work. He is one of the best known Baptist ministers in the state and is well qualified for his new duties. He will be known as the College Students' Secretary.

The new work will have for its object the caring for the religious interests of Baptist students while they are in school and keeping them in close touch with the denomination with which they are connected. The work will be carried on in co-operation with the local pastors in school towns, and thus relate the Baptist students in the school with the local church work. This new department is the outgrowth of the expansion plans of the Baptists of the State resulting from the recent victory in the Baptist 75 Million Campaign.

Special bargain for one week: 105 acres, 4 room house, well and mill, good barn and sheds, garage, 80 in cultivation. 1 1/2 miles of Lubbock. See J. E. Garrison, owner.

WILLIAM BRITT SALE DECLARED SUCCESSFUL.

More than \$13,000.00 worth of household goods, farm implements, horses and registered cattle were sold Monday at the public auction held by William Britt, well-known farmer of the Petersburg community. "There was a large crowd attended the sale and buying was very active," says L. T. Martin, vice president of the Farmers National Bank of this city, who acted as clerk for the sale.

Mr. Britt has not sold his land in this country and is not thinking of selling, we are informed, although he will leave in a few days for Arkansas to make his home for a while at least.

HUNT AND SPIKES TO HAVE RALLS FURNISHING STORE

Messrs. J. V. Spikes, R. H. Spikes and L. E. Hunt have recently purchased quarters in the city of Ralls for the establishment of a men's furnishing store. We are informed that Mr. J. V. Spikes will be manager of the new store at Ralls, which will start as soon as Mr. Hunt can purchase the necessary stock.

PRESENT COTTON SITUATION DECLARED "DEPLORABLE."

With twenty-five hundred bales of cotton in the yard at Lubbock unsold and un-compressed and conservative estimates of at least that many more bales lying on the farms and other yards of the county, thus tying up nearly \$200,000.00 worth of Lubbock county cotton, the present situation is termed deplorable by local cotton buyers and farmers. An embargo on all cotton in to Lubbock over the Santa Fe railroad has been in effect about three weeks; buyers state that it is impossible to get the local station to accept cotton for shipment, thus the buyers are unwilling to buy the cotton and tie up their funds under the present outlook. With the railroads of the country facing one of the greatest strikes ever known and the already congested conditions buyers have a very unfavorable impression of the early outcome of the deplorable condition.

One company which has a representative in Lubbock, state that they have more than \$3,000,000.00 worth of cotton tied up in transit. Cotton was selling three weeks ago, or just before the embargo for 38 cents per pound, that is middling cotton. Today the same class of cotton has been offered for sale in Lubbock for 30 cents, we are informed by one buyer who was thus offered. The buyer states that he could not afford to buy even at these figures, giving more reasons, that the large cotton firms were waiting on the settlement of the Peace Treaty in hopes of securing better and more markets and would not buy until this was settled.

REAL ESTATE TRANSFERS HEAVY LAST WEEK.

The following sales of farm property was reported to this office for the past week:

A. W. Worsham sold his improved home eight miles north of this city to C. R. Beatty of Frost, Texas. Mr. Beatty will move here soon to make his home. We are also informed that Mr. Worsham purchased one hundred and sixty acre farm from Newton Beal and that he will improve this property to make his home.

C. R. Stiles of Sadler, Texas, bought one hundred and sixty acres from C. O. Nessmith, four miles northeast of Lubbock, paying \$60 per acre, we were informed. Mr. Stiles will also move here to make his home. Chas. S. Inmon purchased 260 acres from J. H. Rice. This farm is located 9 miles east of Lubbock and was bought for \$47.50 per acre.

G. C. BARRIER RETURNS FROM NORTHERN MARKETS.

G. C. Barrier, manager of the Barrier Brothers Dry Goods Company of this city, returned last Saturday from an extensive trip to markets in the north. Mr. Barrier visited in St. Louis, Chicago, Baltimore, Cleveland, Reading, Philadelphia and New York while on his three weeks' market trip. He was accompanied by representatives from the stores at Brownfield, Floydada and Plainview.

PROMINENT PARTIES HERE DISCUSSING COTTON SITUATION.

Porter Whaley, manager of the West Texas Chamber of Commerce, and Felix Williams, special representative of the railroad administration, were here last Sunday and called a body of local cotton dealers, representatives of the local Chamber of Commerce and Mr. Blair of the Lubbock Compress for the purpose of getting a thorough understanding of the cotton situation at this point. Important steps were taken, we are informed, with intentions of relieving the problem confronting this section of country.

BROWNFIELD CONTRACTOR FACING SERIOUS PROBLEMS.

John Scott, contractor of Brownfield, Texas, who was in this city the latter part of last week attending to business matters, is having a troublesome time attempting to construct buildings, according to a resident of Brownfield. Mr. Scott has had under construction for some months the new school building for Brownfield and account of a shortage of labor and materials is being delayed. We understand that Mr. Scott was here for the purpose of investigating the delivery of materials used in the school building.

H. H. GRIFFITH TO VISIT NORTHERN FURNITURE FACTORIES.

H. H. Griffith of the Rix Furniture and Undertaking Company will leave the latter part of this week for different points in the North. Mr. Griffith, while gone, will also attend a short salesmanship course given by the Safe Cabinet people at Marietta, Ohio. He will also visit the factories of the Hoosier Cabinet people

and various other factories in the North where furniture is manufactured. Mr. Griffith will probably be out of the city three weeks. He will be accompanied from here by J. G. Rix of the same company of Big Spring. We weld anything except a "broken heart"—Lubbock Welding Co.

A. B. C. Coat Suits for Women

Our Spring line offers a large variety of fine, all-wool fabrics, beautiful tailored suits in Eton Models, Box Coats, Ripple Coats and the Genteel Straight Line model. Each possessing the new style departs the new season brings forth.

The materials employed in their making include Tricotines, Poiet Twills, French Serges and checks.

Smart Tailored Suits are here from \$27.50 to \$60

We invite an early call—it will be a pleasure to show you.

High Prices and the Remedy

An actual scarcity of necessary goods exists the world over today, which means that the average consumption per individual must be less. It follows that the person who insists at this time upon having as much for consumption as in normal times, is insisting upon more than his share of the existing supply.

The increased demand upon the already limited supply of goods coupled with the present state of under production simply causes the prices to raise and makes the cost of living mount higher and higher.

There are two remedies for the situation, and only two, viz:

(1) PERSONAL ECONOMY. Let every person reduce his purchases as much as possible.

(2) INCREASED PRODUCTION. Let every person do his part in his own way to relieve the existing shortage and get the world back into easy conditions again. In addition to the above, you should practice thrift and open an account with—

25c CHARGE FOR CLASSING PAYS COUNTY'S GOV'T. CLASSER

According to W. T. Williamson, Government Cotton Classer for Lubbock county, twenty-five cent charge made for classing cotton of this section will pay for the county's part of his salary for this year. More than 3,800 bales of cotton were classed at a twenty-five cent charge; four hundred dollars was received by the classer by the sale of samples, making a total of \$1,350.00. Mr. Williamson is also confident that the needed \$150 will be made up yet by the present crop of cotton, making the salary of \$1500 to have been furnished by the county up-to-date. The Government, that is the State of Texas and the Federal Government co-operating, pays Mr. Wil-

liamson \$500 making his salary \$2,000.00 per year.

It was understood when the services of Mr. Williamson was secured for this county, that the cotton association, organized here for that purpose, would impose a charge sufficient to pay for the county's part of Mr. Williamson's salary. It was thought for some time that 25 cents would be insufficient to bring in the needed amount. Farmers of the county, at the organization of the Cotton Growers' Association, pledged themselves for the \$1500 of the salary for the Cotton Classer and many will probably be relieved to hear that his work has paid this part without calling on them to fulfill their obligation.

Save the pieces when you break it. Lubbock Welding Co.

CANADIAN MAN BUYS TWO HUNDRED STEERS.

W. D. Christopher, of Canadian, this week purchased 200 two-year-old steers through the Ansley Land and Cattle Company of this city. The steers averaged out 663 pounds, and were purchased by Mr. Christopher at 11 1-2 cents, on the hoof, a rather unusual thing this time of year, according to Mr. Ansley. "These steers were in good shape, and were fed out near Hereford, and the sale is so unusual, coming at this time of the year that it is of more than local interest as it evidences the fact that the winter has been mild and that there has been plenty of feed," said Mr. Ansley. "Other stockmen are in good shape and there is plenty of feed over the plains, and if by good

LAMB AND SHEEP FEED WORK ON THESE PLAINS.

With the experience of past years to prove that sheep do well and are a paying proposition in this country, and with another bumper feed crop practically assured, the following article on feeding fall lambs for the market and thereby harvesting the grain crop on the hoof is extremely timely. The author of the article is A. G. Bell, of Hereford, who has had years of practical experience with sheep in the Panhandle. The Brand hopes to induce Mr. Bell to publish further articles on the various detailed points involved in handling sheep in this country.

Lamb and sheep feeding in the Panhandle is possessed of possibilities little known by the great majority of our farmer stockmen.

With us this great industry has heretofore been almost untouched except in a few instances where the experiences of a few feeders have proven the great success of such an undertaking.

Lamb feeding has become in recent years one of the most attractive resources on many a well regulated farm.

In almost every community where an abundance of feed is raised lamb feeding is becoming more and more popular. The Texas Panhandle is admirably situated and climatic conditions are ideal for the successful development of this great industry, the essentials of which are, the securing of the most desirable lambs to feed, the proper feed and the scientific balancing of these feeds into a proper ration and the proper care in handling

the lambs from feed lot to market.

The day is fast approaching when we will be in the heart of sheep production, making it an easy market to secure desirable feeders from nearby rangers, being a very great advantage over the locality where feeders are shipped in often from great distances necessitating a heavy shrinkage in flesh as well as adding materially to the cost in the way of freight bills.

Few realize that the very best feeding lambs to be had are at our very door in New Mexico.

Experiments have proven that our native grain sorghums with the addition of a small portion of cotton seed meal will furnish admirable rations for sheep feeding, making profitable gains and imparting healthful conditions throughout the feeding period.

Lamb feeding is a simple, easily accomplished industry and should be encouraged by every community organization.

For the sake of brevity I have omitted the details of operation, feed preparation equipment, etc. Will add however, that the feeding period usually extends over about one hundred days always during the winter months when other work is not so pressing.

With a big surplus of feed there is no surer way to a profitable market of sheep or lambs. The outlook for the next several years is very bright for feeding operations and every farmer should avail himself of the most profitable route to market.—Hereford Brand.

If you are thinking of buying, building or improving your home or residence or business property, I can furnish you the money on terms that will suit you.

John Deere Disc Plow---John Deere Pony Disc Plow Especially Built for Texas

The John Deere Disc Plow opens a full width furrow of uniform depth the first and every time around the field, and makes deep, square corners, turning either right or left—convenient levers make this fine work possible.

Cut of each disc can be set at 8, 10 or 12 inches—the design of the frame permits this.

Plow is held to its work by weight of driver and down-pull of team on the hitch—not by useless weight on the frame.

Adjustable scrapers keep discs clean and assist in turning and pulverizing the soil.

The John Deere Disc Plow is furnished as a one, two or three-disc plow.

24-inch discs are the regular size discs for the John Deere.

The John Deere Pony Disc Plow is built so that positive and even penetration is assured at all times.

This is a strong light plow, especially adapted for use with small mules or light horses. Genuine John Deere materials and workmanship throughout.

Weight of operator, down-pull of team on high hitch and setting of discs force discs into the hardest ground.

Special hanging lever controls furrow wheel. Plow can be made to take more or less land quickly and easily.

Spring hitch plate—advantageous when plowing in rough, uneven ground or across irrigation ditches. Plow does not jump out of ground.

Best quality steel discs. Set to insure best work, easy penetration and perfect pulverizing of the ground.

Scrapers prevent excessive pressure on discs. Give turning effect of moldboard and improve the quality of work. Adjustable up or down, forward or back.

Cast wheels with V-shaped tires hold plow to work. Equipped with oil-tight, dustproof boxes. Flanged tire wheels furnished when wanted.

The John Deere Pony Disc Plow is made in single and double-disc sizes.

NEWSPAPER MISTAKES ARE JOY TO PUBLIC.

Occasionally a few of the many mistakes made by workers in the newspaper offices escape a whole galaxy of watchers for mistakes; the writer, the editor, the linotype operators, the proofreader, back to the linotype operator, then back to the printer, back to the proofreader, then to the printer on to the pressman.

Then the mistakes are sent out for inspection of all the people and some of the readers swell up and nearly bust with self-importance on discovering the mistakes of the ignoramuses who make the newspapers.

If all the mistakes of other people were blazed before the public as the newspaper men's mistakes are, the woefully ignorant newspaper men would have company in their misery, but each of them conceals his mistakes and the newspapers generously suppress thousands that are apparent, otherwise it would be seen that there are legions of "ignoramuses" outside of the newspaper offices.

An automobile man may make numerous mistakes, but he charges the customer \$1.25 an hour for making more mistakes in correcting them, if he discovers them. If he fails to correct them, they do not appear on the first page of the newspaper for the wiseacres to laugh at. And so with every other fellow. The doctor makes a mistake and the shovel buries it away out of sight. The lawyer makes a mistake and another lawyer collects a larger fee to correct it. The newspaper guys are the only poor devils whose mistakes are sent out for everybody to examine.

The Hudson-Essex Auto Co., of Lubbock, has been formed by local people for the purpose of selling the Hudson and Essex cars. They will also run a general repair shop for the above mentioned cars, exclusively. These people have cars on the road and if you are in the market for a car that has been tried and stood the test, and want a car now instead of having to place your order and wait your turn for several months, see Frank Higgins or Jesse Ingram. Now located in the Russell building west of the Lubbock State Bank.

Jno. W. Pepper of this city was called to the bedside of his brother near Rock Springs, Texas, the latter part of last week.

LIBRARY MOVES TO NEW LOCATION

The library has secured a ground floor and will move this week to the Men's Quality Shop, where they welcome all old readers and hope to have new ones. Their stay in the balcony of the Manhattan has been most pleasant, as its proprietor and family have been very kind and thoughtful for the good of the library. Every kindness shown the library has been much appreciated. Any time the officer of this library can be of

any help to Mr. Phillips or members of his family they are at his service.

LIBRARY COMMITTEE.

Welton Winn was down from his ranch the first of the week, and says everything is doing fine. Stock of all kinds are wintering without feeding expensive shipped in feed and are looking fine. He reports about two inches of snow over that country a few days ago, which melted quickly and gave a nice season.

DISTRICT COURT REPORTER RESIGNS; MOVING TO GRAHAM.

C. H. Smith, Court Reporter for this district several years and a resident of Lubbock, has recently made known his desire to resign his position as court reporter. Mr. Smith has been out of the city for several weeks and only returned here the latter part of last week for the purpose of disposing of his property interests in this city.

We understand that Mr. Smith has decided to move to Graham, Texas, where he will enter the automobile accessory business.

No name has been heard of the possible party for the position made vacant by Mr. Smith's resignation.

The Seminole Sentinel states that contractor Cobb says that work will be resumed on the court house at that place not later than the first of March. The work has been hindered on account of delay in receiving material and securing necessary labor.

NOTICE TO TAXPAYERS LUBBOCK INDEPENDENT DIST.

Lubbock, Texas, Feb. 27, 1920.
To the citizens of Lubbock Independent School District:

It will require every cent of the school taxes levied this year to support our schools the full nine months which is absolutely necessary to maintain them up to the standard of all fully affiliated schools. Some of our best Lubbock boosters have neglected to pay their taxes, and are hindering the progress of the schools as well as our town. When the schools are not kept up to a high standard, every community interest suffers.

We have extended the time until March 1st in which to pay your school taxes before assessing the penalty prescribed by law. May we urge every true loyal citizen who has not already attended to this important community duty to pay all your school taxes before the above date.

Thanking you one and all for your immediate attention to this very important matter, we are,

Respectfully,
J. F. HUTCHINSON,
L. D. RANKIN,
C. M. BALLENGER,
W. B. AIKENS,
Members of the School Board.

Farmers—Bring those broken parts on your implements, gas engines, automobiles, etc., to us, we will weld them and guarantee them never to break. Save time and money.—Lubbock Welding Co. 301f

LUBBOCK WILL BE ADVERTISED BY SALE OF BONDS.

According to A. H. Manson, representative of a bond buying house of Chicago, who was here the first of the week, our city will be well advertised by the sales. Mr. Manson says his company issues circulars, regularly describing the bonds, the amount of interest they bring, the locality of places where the bonds were issued and last but not least a description of the city, and county surrounding and the industries which

promote the development of the section. Mr. Manson arrived in our city last Saturday morning and made quite an extensive survey of the country surrounding our city and also visited the Chamber of Commerce. He was very much pleased with the products of the country on display at the Chamber of Commerce.

Richard Whitley of Gomez, Terry county, underwent a serious operation in a local sanitarium Monday of this week. Recent word from Mr. Whitley is that he is doing nicely.

SEE OUR NEW ARRIVALS OF Ladies' Suits, Dresses and Sport Coats

The prettiest and most complete line we have ever shown, and we feel sure you will be pleased with them.

We are also showing a large variety of DRESS GOODS, and new shipments are adding daily to our showing in this department. We are confident you will agree with us that in these goods there has never been shown in Lubbock such a splendid line.

Draperies and Curtain Goods: We anticipated your wants in advance and bought a large and well-selected stock of these goods and they are here and we are displaying them NOW. Be sure to see them before you buy. We have splendid values in these.

REMEMBER—Mrs. Barkham has received some large shipments of millinery and she invites you to call and see her stock of hats, comprising the latest styles and colors.

Come to the store where the whole family can be supplied.
