Bankers Who Visited Lubbock Still Talking About the Good Time
They Had Here and the Progressive Spirit of the People
—Would Like to Visit This City Again

"I gained a great deal of knowledge as to how to get around by contact with the live ones in Lubbock, and we will all welcome an opportunity to come again."—said a banker of Amarillo.

"I, for one, enjoyed my visit there very much and from the way others expressed themselves I know we will be glad to have Lubbock entertain the Convention again some day"—from Plainview banker.

"For myself and in behalf of our boys who attended the recent convention there, I want to say that we were never accorded more royal treatment than that received while in your city."—President of an Amarillo Bank.

"I want you to know that just such good fellows as yourself and the balance of the good people we met in Lubbock accounts for the reputation your city has for being such a wide-awake, progressive WESTERN town. We enjoyed every minute that we spent in Lubbock, the Convention was a success in every sense of the word and we appreciated the opportunity of seeing your town and country."—A Clarendon Banker.

"I enjoyed every minute of my stay in Lubbock and it goes without saying I am a Lubbock Booster. I don't believe I have ever seen a finer section of our state, with greater possibilities for the future. We already predict that Lubbock will be the largest city on the Plains in the very near future and were very glad of this opportunity of getting more closely acquainted with the Lubbock people and that section."—A Fort Worth Banker.

There are several times as many more along the same line. The Convention brought the leading men from every city on the Plains to Lubbock. They left with a good impression of the town, the spirit of our people and automatically become boosters and advertising agents for Lubbock.

How long has it been since you have said something good about the town or section in a letter "back home"? How are they going to know about us unless you write back? They think you are fairly intelligent—so write them about the country. Let's go!

"John Spivins, Route A, Dodge, 10,465 June 1st—12,253 July 6th" is a notation in the Chamber of Commerce Automobile Tourist Book. All of which is to say that a Dodge car, driven by John Spivins with a LUBBOCK banner on the back of it made something over 2,000 miles during the months of June and July down through Central Texas into New Mexico, Colorado, and back home telling the whole world that "Lubbock is the Hub of the Plains." There are twenty cars rambling around over the face of creation today telling the same story.

If ever car this is planning to travel more than a thousand miles out of Lubbock will come by the Chamber of Commerce office a banner will be tied on the back of that car to advertise the fact that you are from Lubbock and blooming glad of it.

"A Million Miles of Publicity," will be easily realized. Every returning car tells stories of folks in every section that stopped them and asked them numerous questions about things in this section of the state and hundreds of them wind up with the statement, "I am going to move out there just as soon as I can get loose here."

The eyes of the United States are upon the South Plains of Texas, and Lubbock, as the Hub of the Plains, the market and distributing center of this vast area of more than ten million acres of productive soil will be limited in her size and importance only by the capacity of the men who establish and maintain their businesses here and who direct her public policies.

There is no man with average intelligence and ability, who will work and deliver the goods, exercise due industry in saving his money and making constructive investments, that cannot be financially independent in less than 20 years in this section if he starts today.

Lubbock City and Lubbock County has the greatest possible future, greatest present reputation and is more in the eyes of the world than any other city and section in the world, not excepting the oil and gold fields.

If you travel—help spread the news of Lubbock broadcast. Get a banner—they cost nothing.

Mr. and Mrs. W. T. Storey, who teach in the Littlefield school, were visiting and shopping in Lubbock on Monday of this week.

South Plains Crops Are in Fine Condition

South Plains crops are in the best condition for years, although a little late. There is a wide variation in crop distribution as compared with last year. Cotton acreage in Lubbock County is reduced between 30 and 40 per cent, while in Crosby county it is reduced between 60 and 80 per cent.

In Gaines, Terry, and the counties in that section it is reduced from 30 to 60 per cent. In these counties crop acreage is increased as much as 100 per cent over that planted last year. More than 250 cars of corn were shipped from Seagraves this year, and is still moving.

It is estimated farmers in that section have enough feed on hand to run them two more years without a feed crop.

Wheat acreage in the north part of Lubbock, and in Crosby County and Floyd, was increased from 60 to 100 per cent. It is estimated that in Crosby county alone there will be harvested more than 200,000 acres of wheat. Threshing is showing a yield of from 16 to 24 bushels, with exceptional yields of thirty bushels to the acre.

It is predicted that more than 100,000 additional acres of wheat will be planted in that county next year.

Will Withdraw U. S. Army From Germany Soon

Washington, July 5.—American forces in Germany will be withdrawn within the next few weeks as the result of the final enactment of the Peace Resolution, Representative Anthony, of Kansas, in charge of army appropriations in the House, said today.

He declared that appropriations for the current fiscal year are so limited that the War Department will be forced to return the troops within a month, or violate the Borah amendment to the Army Appropriation Bill which prohibits the incurring of any deficiency.

"Now that the Peace Resolution is passed, the troops should be withdrawn at the earliest possible date," said Anthony.

"They have been a big burden on the American taxpayers, although the understanding was that Germany was to pay all expenses.

The cost of the army of occupation has been about \$225,000,000. "Germany has paid about \$30,000,000, according to my information and the balance has come out of the Treasury. Germany, of course, will readily agree to the withdrawal of the troops."

Rev. A. A. Collins Is Back From A Series of Meetings

Rev. A. A. Collins, pastor of the Cumberland church at this place, is just back from Alvord, where he closed a two weeks' revival meeting, and reports a real good meeting with fine results, putting it in his own terms, "regular old-fashioned revival." He also held a two weeks' meeting at Bowie while away, and had a very good meeting there also.

Rev. Collins will begin his revival meeting here on July 10th, as will be seen by an announcement in another part of this paper. Rev. Collins will do the preaching, and the people of Lubbock should give him hearty co-operation and attend the services as regularly as possible. The preacher cannot do all the work that it to be done in revival meetings. They can preach and pray and pray and pray, but they need the prayerful assistance of the people of the church and the community.

Mr. and Mrs. Floyd Carpenter, who are moving from Corpus Christi to Plainview are spending a few days with Edd Wilson and family, this week.

TEXAS GRAIN MAY NET FARMERS UPWARDS \$20,000,000.00 THIS YEAR

Texas farmers will clear more than \$18,000,000 from this year's grain crop, according to an estimate made by Fort Worth grain men. It is thought that the gross amount to be received by Texas grain growers will aggregate approximately \$46,000,000 for the season. Of this amount, about \$26,600,000 will be paid for various expenses incident to production of the crop.

Wheat is the conservative grain men is that Texas is on the eve of marketing 20,000,000 bushels of wheat. This varies slightly from the Government forecast of 19,000,000 bushels for the Texas wheat crop.

The oat crop has been estimated at 40,000,000 bushels. Recent rural advices would indicate that this crop will be a little smaller than forecast by the government.

Wheat has had advantage of general rains. Figuring wheat at \$1.35 per bushel delivered at Texas common points, the turnover in Texas for this commodity will total \$27,000,000. The railroads will get \$6,400,000 of this for freight, while the shipper will realize more than \$20,000,000.

With 44 cents per bushel as a basis

for oats delivered at Texas common points, this crop will rise as high as \$17,600,000, thereby making the movement of wheat and oats in Texas total \$44,600,000.

Estimating as nearly as can be done from the practical experience of the farmer, the average man who raises wheat will spend \$1.50 per acre for seed, \$2.50 to put it in the ground, \$2.60 for cutting, \$2.40 for threshing, 75 cents for twine, 60 cents for hauling and \$8 interest on the land. This brings the total expense to \$18.35 per acre.

Figuring on the average yield of twelve bushels to the acre, and that the average farmer will realize \$1 per bushel on wheat, there would be a remainder of \$6.75 for every acre of wheat which he raises and markets.

According to the above, the farmer who does his own work on his land which belongs to him would really have 57 cents out of every bushel for the expenses of the farm. On this basis, farmers would keep \$11,400,000 of the proceeds of the wheat.

Working out oats on the same basis, the producer will keep \$6,600,000 on this grain.

LUBBOCK MERCHANTS REPORT BUSINESS GETTING BETTER— PEOPLE BUYING IN QUANTITIES

The merchants of Lubbock have been fighting with all their might to show the public that they were doing their part toward readjustment. They have evidently satisfied the public in regard to prices for a general betterment of business has been witnessed by practically all of the merchants of our city within the past ten days. Some say the people are getting prices that are satisfying them and now they come and buy in quantities that reminds them of the "good old times." Lubbock merchants are progressive. There is no way to get around that fact, and the fact that these men have "waded in" and met and defeated the buying strike is only characteristic of them. Genuine clearance sales—prices lowered below those of 1914 on many articles have brought many out-of-town people to Lubbock during the past few weeks. These tremendous

efforts are keeping the stocks of the Lubbock merchants up to their known standard for newness and quality, and at the same time are extending the trade territory of our city. No other town of its size can boast of more up-to-the-minute merchants than can Lubbock. No other class of people have met the readjustment so smilingly and weathered the storms of loss so cheerfully. Nothing can keep men down, once they buckle on their "fighting armor" as have our merchants.

Patriotism, as well as logic seems would cease with the man who would willfully send out of his home town, deserting the bargains his own merchants are giving, for goods that he does not know, cannot see, and send his money where he has small chances of every getting any of it back.

COTTON RAISERS SHOULD TRY TO PREVENT RUSH OF COTTON ON MARKET IF PRICE IS BETTERED

Here is the way the Boston News Bureau sizes up the cotton situation: "Washington reports the smallest cotton crop since 1895—a reflection of market conditions, national and international, that needs no rehearsing.

"The drop in yield of last year's harvest of almost 5,000,000 bales is the direct result of deliberate curtailment by Southern planters, although in part this policy is dictated by personal necessity. Acreage is the smallest since the beginning of the century, at a reduction of 28.4 per cent, or about 10,500,000 acres, from the 1920 total.

"Nature also has contributed to the reduction with a June 25 condition which is the lowest record on that date, following a late and wet spring. June, however, brought a little better than the average improvement recorded during that month. The condition of 69.2 represents a 3.2 per cent advance over the figure of May 25, as against an average improvement during that period of about 2 per cent. This means a gain of perhaps 750,000 bales the past month, on the planted acreage.

"This small crop is the correlative to light consumption and a heavy existing surplus. Consumption of American cotton for the first ten months of the cotton year is 8,900,000 bales, or at a rate of 10,383,222 bales a year. Carry over at end of year promises to be in the neighborhood of 7,000,000 bales, against a five-year average of 3,300,000.

W. E. Inmon Re- ceives Cablegram From Brother

W. E. Inmon, of the Rix Furniture and Undertaking Company, received a cablegram from his brother, Capt. E. H. Inmon, who has been in the Government Army service for the past two years in the Philippine Islands, in the Medical Department. The message bore the information that he and family would leave Honolulu on July 5th, and would arrive in San Francisco about the fourteenth. Captain Inmon is not returning from the government service, and

when he arrives here he will be assigned duties in the states covering a period of four years. The family here has expected that he would visit them immediately after his arrival in the states, but the message did not state whether or not he would, and it may be that he will wait till his post has been assigned him, before taking a furlough for a visit with his parents and other relatives in Lubbock. At any rate they are looking forward with much interest to the visit that he will make in the very near future, and his many friends in Lubbock will also be delighted to see him again. He practiced medicine here and at Tahoka for a number of years before entering the army service.

E. M. Price, of Stanton, was in Lubbock Wednesday of this week.

CONVENTION WILL BE HELD IN THE FIRST METHODIST CHURCH

OPENING SESSION WILL BEGIN AT NINE O'CLOCK—PRE-
SIDED OVER BY LOCAL UNION—PLANS FOR AN
ELABORATE ENTERTAINMENT UNDER WAY

Town People As Well As Farmers Are Asked to Stand in Readiness
to Entertain the Visitors and Let Them See Lubbock and
the South Plains—Big Crowd is Expected

North Plains Got A Light Rain Monday Evening

According to newspaper reports in the Daily Press Tuesday, light rains over the North Panhandle with comparatively none on the South Plains Monday and Monday night, was the precipitation record for the "Glorious Fourth." The United States Weather Bureau reported fifty-six hundredths of an inch at Amarillo, while railroads reported scattered showers over their lines out from that city.

On the Santa Fe from Amarillo to Hereford, approximately a half inch fell. From Amarillo to Higgins and north on the Perryton and Spearman branch line the rains were estimated at a half inch. Two rains fell at Clovis and the Pecos division reported from one-half to one inch. No rain was reported south on the Santa Fe to Slaton.

Scattered showers on the Rock Island were reported. One inch fell at Wildorado, one inch at Shamrock, light at Ramsdell, light at Conway and at Vega it rained all night, according to the information given out by the railway company.

Local showers all along the line were reported by the Denver road, however no definite report as to the amount had been received.

Rain began falling in Amarillo about three o'clock Monday afternoon, with intermittent showers during the afternoon, seriously interfered with the American Legion carnival at the City Park. Heavy rain at night completely demoralized the carnival and the night program was called off.

The rains over the wheat belt have interfered with the harvest. Much of the grain is ripe and should be cut at once, it is said.

Postal Department Selects Elwood For County Seat

J. R. Evans, who is county judge of Hockley County, was in the city last Thursday, and stated that the postal authorities had decided upon a name for the postoffice at the county seat, and that it would be known as Elwood. It will be remembered that the new county seat was first named Hockley City, but owing to the existence of another postoffice in the state very similar to that the postal authorities would not accept that name for the postoffice, and so a number of other names were submitted, and they have recently been notified by postal department that Elwood would be acceptable, and that is the name the new county seat will hereafter be known by.

The new postoffice has not yet been established, and it may be several weeks yet before it is as the government sometimes takes a good while to do this kind of work. Mr. Evans stated too that it was not known from what point on railroad their mail would come—Lubbock or Ropesville.

The Cumberland Revival Meeting Begins July 10th

"The second Sunday in July which is July 10th, being the annual time for our meeting, we will continue the services through the week," Rev. Collins states further, "There will be no special attractions. Nothing new. Just the old-fashioned way. We will sing and pray and talk about God and living right. A warm welcome to you, yes you."

HAPPENINGS IN DISTRICT COURT FOR THIS WEEK

The entire week and part of next will be spent in the Alice McFadden vs. C. C. Cox case. This is a law suit in which \$100,000.00 is involved. It was stated by the court that next Tuesday will probably end this suit, and they are undecided as to what will be the next case to come up.

J. E. Stokes, of Tahoka, was a visitor to Lubbock Monday of this week.

The Bankers' Convention was handled without a hitch and 50 real business men returned to their homes boosting Lubbock and the Lubbock section. Next week we have a different kind of a convention but men who are just as critical judges of conditions as the bankers were. The State Farmers' Union Convention meets in Lubbock July 12, 13 and 14. These are representative farmers from every county in the state and most of them are coming to this section for the first time in their lives.

It is our opinion that their idea of West Texas will receive quite a jolt when they see what a real county we have here with the growing crops, fertile land, modern homes and progressive spirit. Plans are being laid to take them for a long tour out through the farming districts of the county, past some of the modern brick school buildings, the State Experiment Farm, wheat fields over some of the good roads and soak them full of Lubbock facts until when they return to East, Central, South and North Texas, they just can't help spouting forth with Lubbock facts, figures and things they have seen on this trip.

In order to handle this convention it is going to be necessary that every citizen, not only of Lubbock city but the entire county line up behind the Chamber of Commerce and local Union to handle the crowds, provide rooms and cars and to make the visitors know they are welcome.

Will every farmer living outside of Lubbock, who will be willing to care for a delegate or furnish a car, phone the Chamber of Commerce, Phone No. 469, as early as possible. Every citizen in Lubbock that has a room or a car, or both that may be used call the same number and get listed. If you don't call us we will call you. But there never has been a call issued by the Lubbock Chamber of Commerce for help in taking care of any situation that affects the good reputation of the city, in which there has not been more rooms, more cars and men offered than were needed. And that is the Lubbock spirit. It is better to have a hundred rooms, cars and folks more than you need to care for a situation than to be one car or one room or one man short.

It is estimated that 1200 will attend the convention through the day sessions with something between 125 and 200 that will require room accommodations. But we are listing rooms for 250 to be safe and want cars enough to haul around a thousand. The present plans call for the tour on Wednesday, starting at 3:00 o'clock.

The opening day program begins at 9 o'clock Tuesday and the sessions will be held at the Methodist church. Let a large representation of the business men and citizens be present to make the opening session a great success. After Tuesday morning the convention will confine itself to strict business and members of the Union only are invited to attend. The program follows:

Invocation—Dr. J. T. Griswold, pastor of First Methodist Church.
Welcome Address of City—Hon. C. E. Parks, Mayor of City of Lubbock.

Welcome from Union—J. B. Adams, President Lubbock County Union.

Response—Visiting Delegate.
Address—Hon. W. H. Bledsoe, Senator from Lubbock District.

Announcements—Percy Spencer, Chairman Arrangements.
Program turned to State President of Farmers' Union, D. E. Lyday.

Band Concerts Tuesday and Wednesday nights on Courthouse lawn.
Lubbock Folks show the Lubbock Spirit.

MAN NARROWLY ESCAPES DEATH; MISTAKES MEDICINE

A traveling man by the name of Barton, narrowly escaped death here this week when he swallowed a bi-chloride of mercury tablet that he had purchased at a local drug store for an indigestion tablet. After eating his lunch Mr. Barton went to the drug store and purchased the tablets and swallowed one. From there he went to a filling station and was purchasing some gas and oil when the poison began to take effect. He was rushed to a local sanitarium where his stomach was washed out and other attention given, enabling him to leave the next day. According to attending physicians, the man had swallowed enough poison to kill twenty men, and the only thing that saved his life, was that he had just eaten lunch and had enough food in his stomach to keep the poison from taking immediate effect.

P. B. Penney and family left Sunday for the ranch to spend several weeks, or till school opens.

PROGRAM BEGINNING JULY 8TH

FRIDAY—Bryant Washburn in

"It Pays to Advertise"

"How do I know it's good? I made it. I'm the fellow that started with a bad reputation and two bull pups and showed dad what a regular pep and punch-pushin' guy can do with brains and advertising.

"Sure they laughed at me, but by the way, have you used '13' soap—unlucky for dirt—the greatest—

"Gosh! Space is up. Got to stop. Come to the show and watch me in action."

A Comedy—

"Without a Wife"

Fine for old Bachelors.

Saturday at Lindsey Only.

Charles Ray in—

"Crooked Straight"

Also—

"The Kidnapper's Revenge"

A Comedy.

Saturday at Lyric, Matinee and Night.

Elaine Hammerstein in

"Poor Dear Margaret Kirby"

Also—

"Fighting Fate" Number 10

Monday and Tuesday—Extra

"Black Beauty"

CAST:

Jessie Gordon	JEAN PAIGE
Harry Blomfield	James Morrison
Jack Beckett	George Webb
Derby Ghost	Bobby Mack
Squire Gordon	John Stepling
Lady Wynwaring	Adele Farrington
John Manly	Charles Morrison
Black Beauty	Himself

SYNOPSIS

A masterpiece of fiction made into a unique film is "Black Beauty." It is what might be termed an extraordinary production in that it contains two stories interwoven in such a manner that they are always separated, and yet the action blends so nicely the whole makes but one narrative. This is the work of Lillian and George Randolph Chester. They left the story written by Anna Sewall just as they found it, preserving its simple, masterly style, and added to it an inside story concerning the human beings, friends of Black Beauty. This is the story that Black Beauty had no means of knowing and could not see. It explains the reason for going to town on the rainy day in which the bridge was swept away. It emphasizes the importance of the family being at the inn when the stable was burned and adds a thrilling spectacular race between horse and locomotive. "Black Beauty" has been visualized at a cost of over half a million dollars and is filled with spectacular scenes, picturesque locations, gorgeous sets and is enacted by a cast of all star players headed by Jean Paige.

It is as sweet and clean a story as was ever filmed. For years the book has been read and re-read by children and adults and ranks in popularity with the first half dozen classics of all times. All the elements that go into combination to make life invigorating, enjoyable and entertaining have been interwoven in this simple story of life in 1870.

Admission 10 and 40 cents.

BLACK BEAUTY
AVITAGRAPH
SUPER-FEATURE

WEDNESDAY—

"East Lynne"

Hodkinson's special production. A story so full of life's sorrows and so real that with age it grows more popular. Don't fail to see East Lynne.

Also Comedy "Dead Easy."

STATE INCOME TAX BEING CONSIDERED

Austin, Texas, June 30.—A personal income tax, patterned after the Federal income tax law, was suggested to Governor Neff today as one means of increasing the revenues of the State. This suggestion was made at the morning conference with business men called by the Governor for each day this week to see if some plan could not be had which would not disturb business, and at the same time produce more money for the State, the figures showing that the total appropriations are to exceed the revenues by between \$4,000,000 or \$5,000,000. The State income tax was suggested by Thomas B. Love of Dallas, former assistant Secretary of the Federal Treasury, who was present today.

It was further proposed to impose a gross production tax on commodities which are not now paying it, such as lumber, sulphur, coal and lignite. Some lignite producers indicated they would accept a tax of 1-1/2c per ton. A tax of 1c per gallon on gasoline likewise was suggested, as was the possibility of increasing the gross production on crude oil, which is now 1-1/2c per cent. The last legislature had a bill before it to make the tax 3 per cent and amendments had been prepared to fix it at 2-1/2c, 2c and 1-2/3c, while many were opposed to increasing it in any amount.

MORE MALES THAN FEMALES IN TEXAS

Washington, June 26.—There are 6.9 per cent more males in Texas than females, according to a division of the population announced by the Bureau of the Census. The number of males, according to the 1920 enumeration in Texas, was 2,409,224, while the females numbered 2,254,004. The ratio of males to females decreased slightly, compared with the ten-year period previously, when the excess number of males was 7.4 per cent, the same ratio being recorded for 1900.

The number of women, compared with men, in Oklahoma has steadily decreased during the last thirty years. The last enumeration revealed 1,058,044 males and 870,232 females, or an excess of males of 9 per cent. Ten years ago the excess for the State was 13.7 per cent, and in 1900 it was 15.3 per cent.

Excess of Males is 4 per cent

For Continental United States the number of males was 53,960,376 and females 51,810,244, or an excess of 4 per cent in males. For the last 100 years the ratio has been about the same, highest excess for males having been in 1910, when it was 6 per cent, and the lowest in 1870, when it was 2.2 per cent. The condition is due largely to the fact, says the Census Bureau, that the total population included a considerable number of foreign born, among whom the males greatly outnumber the females. The preponderance of males over females for the last census appears for every State in the Union, except Massachusetts, Rhode Island, New York, North Carolina, South Carolina, Georgia and Alabama. The District of Columbia shows a far greater excess of females than appears for any State, its ratio being 87 to 100.

EDITOR ADAMS PASSES THRU LUBBOCK ENROUTE HOME

Editor J. M. Adams, of the Plainview News, passed through Lubbock Tuesday morning enroute home from a three weeks' trip into Old Mexico, where he went on an excursion trip with the West Texas Chamber of Commerce. Mr. Adams' train was delayed here several hours on account of a broken down engine, and he had time to pay the Avalanche a short call. He is delighted with his trip into Mexico, and we will no doubt hear some very interesting stories through the columns of the News regarding the experiences this trip furnished those who were fortunate enough to get in on it.

Mrs. B. F. Montgomery returned home Tuesday from San Antonio. She was accompanied home by her son Carl, who will visit in the home here several weeks.—Lynn County News.

HOUNDS WON'T FIGHT STRANGE CORYELL BEAST

Temple, Texas, July 3.—A mysterious species of wild animal is raising terror in the Granfil Gap section of Coryell County, believed to be of the panther or similar family. Hounds refuse to engage the animal in combat and no method has yet been devised by stock owners to tree it.

Sheep, calves and goats are disappearing at a rapid rate through the animal's activities. Two hunting parties were organized on as many occasions, there being sixty hounds in the pack each time, but not a single dog could be persuaded to give the varmint battle after treeing it to its lair.

Jink H. Dickinson, of the Dickinson Ranch, near Tatum, New Mexico, spent Saturday of last week visiting with home folks. Mr. Dickinson states that the enormous amount of rainfall they have received in that part of the country has put the range in better condition than he has ever seen it before. He also states that cattle are fat, which is also out of the ordinary this early in the season.

Walter Clark, of the Rix Furniture and Undertaking Company, left last Saturday night for Gatesville, where he expects to spend two weeks visiting with his parents. Mr. Clark states that he expects to visit other points in the eastern part of the state before returning, and will return home by the way of Ft. Worth.

Lacy Brothers, 6f Post City, were in Lubbock Monday of this week looking after business matters.

C. E. Dean, of Ralls, spent Saturday of last week in Lubbock, attending to business matters.

Mr. and Mrs. Cobes Pearson, of Lorenzo, were transacting business matters in Lubbock last Saturday.

Mr. and Mrs. Gus Hendricks, of Lorenzo, spent last Saturday visiting in Lubbock.

R. G. Mobley, of Yoakum county, was visiting in Lubbock on Saturday of last week.

Richard Jones, of near Shallowater, spent Saturday here visiting his parents and trading.

23 SETS TWINS IN TEXAS DURING JUNE

Austin, Texas, July 3.—Reports of the Bureau of Vital Statistics show that twenty-three sets of twins and two sets of triplets were born in Texas during the month of June.

The total number of births reported, according to Dr. Manton M. Carrick, State Health Officer, was 5,459, and of these 142 were still births.

Deaths reported for the month totaled 2,964, tuberculosis being the leading cause, with toll of 296.

Death as the result of railroad accidents came to 17 persons, while automobile catastrophes claimed eighty.

There were twenty-two deaths by drowning, six homicides, and twenty-seven suicides. Of this last number one was a negro.

J. W. R. Brown, of the Robinson Furniture Company, has returned home from a month's vacation trip through the eastern part of the state, the most of the time being spent in Dallas, where his mother lives.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

LOCALS CLIPPED FROM THE GAIL GAZETTE

J. K. Mitchell reports a good rain on the southwest part of his ranch which fell last Sunday morning. Mr. Mitchell has been working with cattle in Borden County thirty-seven years and says he never saw as much grass on the range as there is at present. He attributes the increase in the amount of grass to the killing of the prairie dogs.

J. C. Dorward shipped a carload of cattle from Fluvana to Fort Worth, Monday.

D. Dorward, Sr., who has been confined to his bed for ten weeks, is now able to be up and walk about the place with the aid of a cane.

See Us Now About Your Battery

Suppose some queer trick of fate made you the owner of this service station and me the customer.

And I came in some day red hot because my battery had gone wrong—

And I had missed my train—

And I lost out on an important engagement—

And disappointed a good customer—

And stood to lose a lot of money—

You bet your life I'd be good and sore, but I'm mighty sure I couldn't ask for any more courtesy and consideration and square dealing and SERVICE than we are giving right now day after day.

The time to have us look at your battery is before anything happens.

Lubbock Battery & Electric Co.

BUY BATTERIES WITH YOUR EYES OPEN

You see people most every day who don't get service that they expect from their battery. The fact is they gave very little thought to it until trouble came on. You should investigate your battery—find out if other people get service from that certain kind. We want you to investigate for the more you do the more apt we are to sell you an Exide.

We'll be glad to tell you about the Exide Battery.

IMPORTANT ELECTION TO BE HELD IN TEXAS ON JULY 23—FIVE CONSTITUTIONAL AMENDMENTS TO VOTE ON

IF—

We Lost Your Good Will

If our service station burned down we'd get the insurance.
If burglars stole our cash, we could borrow some.
But if we lost that part of our business called GOOD WILL, we could get it back again only through months, or possibly years, of the hardest kind of work.
That's why we say GOOD WILL is the most valuable thing we own.
Our promptness and thoroughness will show you, if you come in, how much we value your GOOD WILL.

Lubbock Battery & Electric Co.

Willard Batteries

The people of Texas will be called to vote on five amendments to the state constitution on July 23, the fourth Saturday in July, as the legislature designated it in passing the bills. All five amendments were passed at the regular session of the Thirty-seventh Legislature.
The amendments are:
Amending the constitution to abolish the board of prison commissioners and so that the legislature may provide for administration of the prison system as it may see fit.
Amending Sections 5, 21, 22 and 23, of Article 4 of the constitution so that the salaries of the executive officers of the state can be raised.
Amending the constitution so that the legislature can raise the tax from 5 to 7 cents for Confederate pensions and authorize the legislature to aid Confederate soldiers, sailors and their widows who have been a resident of Texas since January 1, 1920.
Amending the constitution to reduce the mileage and increase the pay per diem of the legislators.
Amending the constitution so that only native born or naturalized citizens of the United States shall be allowed to vote in Texas and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor and permitting the legislature to authorize absentee voting.

On account of an error in copying the original bill, the prison commissioner amendment may be stricken from the ballot. It seeks to amend article 16, section 58 of the constitution, which provides for the board of prison commissioners, while the bill as passed read, "article 17, section 58." There is no article 17, section 58, that article having but one section, providing for the manner in which the constitution shall be amended. It was the intent of the legislature to amend article 16, but whether this intention will offset the typographical error remains to be decided. The opinion of the attorney general has been asked.

Satterwhite Introduces Bill.
The prison commissioner amendment was introduced by Representative Satterwhite and followed the report of the penitentiary investigating committee, authorized to investigate all phases and charges of the penitentiary system. It intends to allow the legislature to abolish the three prison commissioners' offices and provide for the administration as it may see fit. It is believed that a more efficient and economical administration can be worked out through other methods. It has been suggested that the legislature intends to place the system under the control of one direct head, as are the other state departments. A change in the system may save taxes, supporters of the change pointed out.
Allowing the legislature to raise the salaries of the governor, attorney general, treasurer, comptroller, land commissioner and secretary of state is the object of an amendment to sections 5, 21, 22 and 23 of article 4. The present salaries of these executives are as follows: Governor, \$4,000; attorney general, \$4,000; treasurer, comptroller and land commissioner, \$2,500 each, and secretary of state, \$2,000. These salaries were fixed under the constitution of 1866—55 years ago, when living expenses and responsibilities of the office were less than now.
New Salary Scale Proposed.
Under the proposed amendment the legislature can pay the governor not to exceed \$8,000 annually; attorney general, \$7,500; treasurer, land commissioner, comptroller and secretary of state, \$5,000 each. The amendment does not provide that the salaries of the officers shall be the maximum amounts, but that the legislature can fix their salaries at any sum not to exceed those named in the amendment. The legislature can pay them less than they are receiving now if it should so desire. It has been pointed out that the taxes will be increased but 5 cents on every

REAL SERVICE!

This bank is not just a place for you to deposit your money for the sake of safety. It is a bank which wants to be a big factor in strengthening its customers, making them happier, more prosperous and contented, thereby making for a more perfect community—and the service of this bank is intelligent, sympathetic—real.

SECURITY STATE BANK AND TRUST CO.

"Wants to help those who try"

\$10,000 worth of property in order to meet these raises.
The Confederate pension tax of Texas is now 5 cents on the \$100 valuation. By the amendment this tax would be increased to 7 cents. The Confederate veterans and their widows are passing slowly away, the state of old age having reached all of them that are benefited by the tax. It will in course of time be automatically erased from the tax books of Texas as the last of the veterans pass away. The 2 cent increase in the tax to allow the legislature to increase the aid of the Confederates and their widows. By the terms of the amendment only those who came to Texas prior to January 1, 1910, and who were married prior to that date will be benefited by the tax. The word "widow" also applies only to women born before 1861.
Would Increase Pay.
The members of the legislature now receive \$5 per day for regular sessions of 60 days and \$2 per day thereafter with \$5 per day for special sessions of 30 days. The amendment to be voted on seeks to raise the pay of the legislators not to exceed \$10 per day for regular sessions of 120 days, and \$5 per day thereafter, with \$10 per day for special sessions. It also seeks to reduce the traveling expense or mileage one-half of its present amount. This rate is authorized by the bill to fix the pay of the members not to exceed the sum named. They could fix it at \$8 per day, or reduce it if they so desired.
Under the present constitution of Texas, foreigners are allowed to vote as soon as they declare their intention of becoming citizens of the United States. If the proposed amendment is adopted they must have become fully naturalized before they can vote.
In towns and cities of more than 10,000 population all voters must get their poll tax receipts in person. If the proposed amendment is adopted either the husband or wife can pay the poll tax of the other and get the receipt thereof, regardless of residence.
If the absentee voting amendment is adopted the legislature can authorize a voter to vote in a general election without being present at the polls, as is now permitted in the primary elections.

CENTER NEWS ITEMS OF THE PAST WEEK

The crops are beginning to need rain again, but they are not suffering. Most of the weeds are being killed out.
Mr. Fred Ray was in this community last Thursday morning, enroute to Abernathy.
Miss Louise Bentley and Little W. D. Haney, were callers at the R. H. Haney home last Friday.
Mr. W. A. Dunn and family, were shopping in Lubbock last Saturday.
Mr. D. W. Williamson was transacting business in Abernathy Saturday.
Messrs. Dick Habbings and Herbert Goeth, were visitors to Lubbock one day last week.
Miss Hazel Johns is staying with Mrs. Eddie Bledsoe. Mrs. Bledsoe cannot walk yet without the aid of crutches. We hope for her early recovery and that Miss Hazel will return home soon.
Mr. Osborne was on the sick list last Sunday.
Sunday School is progressing nicely. We had 41 present last Sunday, and would have had a larger attendance had the wind not been so high.
Miss Catherine Johns was on the sick list one day last week.
Mr. Richard Rieken was a caller at the J. H. Baker home last Sunday.
Miss Lucille Baker is spending this week in Idalou, with relatives.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Dr. W. A. Green, of Plainview, passed through Lubbock Monday of this week enroute to Crosbyton, where he will visit relatives for a few days.

Noah Bell, of Terry county, spent last Friday in Lubbock, looking after business matters.

Dr. A. W. Thompson, of O'Donnell, was visiting in Lubbock Sunday.

Pat Wolfarth left Tuesday of this week for Portales, where he will look after business matters for a few days.

Mrs. Geo. A. Winn and daughter Vera, of Clarksville, are visiting at the home of Mr. and Mrs. Pat Wolfarth this week.

M. V. Brownfield, of Brownfield,

was here Tuesday of this week buying a few articles, and looking after business matters.

M. B. Sawyer, of Brownfield, was in Lubbock the first of this week, visiting with relatives.

S. H. Widlow, of Tahoka, was in Lubbock Friday of last week, looking after business matters.

SOCIETY NOTES

Score and Four Well, you see it was like this: Miss Felicia Hurlbut, Claude's sister from Brownwood, received an invitation to a bridge party. We gathered together in happy anticipation of the exciting evening before us at Bernice's. You know everyone always start off with lots of pep and some of the lucky ones gather more pep as the game progresses, and some of us lose our's. Carey had some too and Claude had the same feeling. So about eleven o'clock we added our scores and Felicia's exceeded everyone's by 500 points. Of course you understand Felicia had played three times before that. Yeah, and Pete Posey's score looked good to him, be'ens it was high too. Seems like young people always enjoy salad courses, consequently Herbert did ample justice to his salad, iced tea

and sandwiches. You always have to have guests of honor, so by some device they picked on these: Misses Felicia Hurlbut, Mary Dickinson, and Mamie Alexander, and Messrs. Carl Roberts and Deak Wallace. How come it such a good party? Elma was part hostess-an' besides, Deak was there.

4th of July Birthday Celebration Sammie Marie Hitt, with a few of her little friends celebrated her seventh birthday July fourth, at their new home just west of the High School building.

As each child guest arrived it was asked to make a wish for the honoree's "imaginary biography." After quite a few out of doors games, iced cantaloupe was served on the lawn. After indoor games and story telling dainty refreshments were served. The children were then invited into the dining room to help partake of the birthday cake on which were burning seven little candles.

Those present were: Mary Hopper, Martha Spencer, May Tom Simmons, Maxine Clark, Ruby Ford, Lureain Richards, Evelyn Morgan, Gwendolin Thompson, Ernestine and Estelline Herring, Fetna Bivens, Mary D. Scuddy, Juanice Wallace, Vida and Pauline Randolph, Madelle and Sammie Marie Hitt. The honoree was the recipient of many nice and useful gifts. At a late hour the children departed, declaring it to have been a delightful afternoon.

Campus Club

Wednesday afternoon, June 29th, the college girls met at the home of Miss Blanche Bean. Each girl was given a piece of cloth on which was written the name of some animal. Then she was tested as to her ability in using the needle by having her to outline the animal with black threads on the piece of cloth. Miss Blanche Bean received the prize for having the most cleverly drawn animal. Then various kind of games were played in progressive order. At the close of the meeting delicious refreshments consisting of punch and cake with sweet peas as favors, were served to the club members and the visitors, Miss Blanche Bean and Mrs. Archie Hall.

After much discussion "Campus" was decided upon as the name for the club. Miss Irma Pryor and Miss Floe Benson will entertain next week at the home of Miss Benson.

Mrs. Joe Penney Entertains

Last Thursday afternoon from five until seven was delightfully spent by a large crowd of young ladies in the home of Mrs. Joe Penney, complimenting Miss Mary Moss, of St. Augustine, sister of Mrs. H. E. Miller. Progressive forty-two was the diversion, after which delicious refreshments of salad, sandwiches, iced tea, angel food cake and ice cream were served to: Misses Mary Moss, Edith Carter, Pansy Posey, Vernon Brown, Eunice Smith, Scottie Denton, Exa Rankin, Blanche Bacon, Gladys Pryor, Sylvia Wilson, Opal

Penney, Julia Jennings, Frances Conley, Daisy Royalty, Julia Johnson, and Florence Poffenbach, of Sweetwater.

Mission Band

The children of the Mission Band were given a party by Mr. and Mrs. G. C. Barrier at their home on Cedar street, Friday evening. At the suggestion of the children all wore their clothes backward and it was called a "backward party," and was a comical bunch of youngsters. There were about twenty-five children present and a jolly good time was had playing games, until about 10:30, when delicious refreshments of ice cream and cake were served, and the children reluctantly departed for their homes, all assuring their host and hostess that they had a bushel of fun.

The Score and Four Club

Members of the Score and Four Club assembled in the attractive home of Miss Bernice Wolfarth, with Miss Pierce as joint hostess, on last Friday evening. Mid-summer blossoms gave a touch of beauty to the home. High score prizes were awarded Miss Hurlbut, of Brownwood, and Mr. Pete Posey. At the close of a most pleasant evening a delicious salad course was served to Misses Hurlbut, Alexandria, Dickinson, Wolfarth and Pierce. Messrs. C. A. Wallace, McWhorter, Roberts, Eric and Pete Posey.

Auction Bridge Club

Miss Delia Wilkinson very charmingly entertained the Auction Bridge Club on Tuesday afternoon in the attractive home of Mrs. O. L. Slaton, complimenting Mrs. Lydell. In Bridge, Mrs. S. P. Robbins won the high score prize, and at the close of the afternoon's merriment, a dainty refreshment course was served. The next meeting of the club will be with Mrs. A. V. Weaver.

Moonlight Picnic

Last Thursday evening several cars of men, women and children, carrying well filled baskets, went to the canyon picnic. Soon after their arrival supper was spread and a repast of fried chicken and every thing to complete a delicious supper was thoroughly enjoyed. They started for home at an early hour declaring that this would not be their last picnic this summer.

Mrs. Ed Robinson Entertains

Tuesday morning was delightfully spent by a large crowd with Mrs. Ed Robinson as hostess, honoring Messames Lydell and Doyle, of Dallas. The ever interesting game of progressive forty-two furnished diversion for the hour, with Mrs. S. P. Robbins winning high score, and at the close delicious refreshments were served.

Church Picnic

Members of the First Presbyterian church assembled at the church on Wednesday evening. The gentlemen worked on the lawn leveling and planting grass, while the ladies visited. When it was too late to work a delicious supper was spread and a most appetizing spread thoroughly enjoyed.

Camping Party

Messrs. C. H. Burrus and family, Andy Wilson and family, Allie Hupt and family, E. Meredith and family, and J. F. Bacon and family, went to the Abney ranch last Sunday and remained over Monday, July 4th. They report a most excellent time spent in fishing, hunting, swimming and kodaking.

Wednesday Needle Club

The Wednesday Needle Club will meet next Wednesday with Mrs. S. C. Wilson as hostess.

Personals

Mr. and Mrs. Terrel H. St. Clair returned home last week from a visit in Stamford, and other points. Miss Hazel Green has returned to Sudan, after visiting friends in this place. Rev. and Mrs. J. T. Smith and children, are in New Mexico, where Rev. Smith is holding a meeting. Mrs. Rex Datspeich has returned

SAY FOLKS:

Don't This Hot Weather Make You Think of

ICE CREAM

Do you know you can freeze your cream at home cheaper than you can buy it ready made. Besides, good old home-made cream is lots better than manufactured cream. Of course, if you do not own a freezer, it will be necessary that you have one.

We can supply you the freezer which will freeze your cream quickly, with little effort on your part and with a minimum consumption of ice. Can you afford to deny yourself the comfort of plenty of nourishing ice cream?

Don't delay any longer. Come to our store, get that freezer at once and enjoy life.

Don't forget these necessities: Ice Picks; Ice Chippers; Egg Beaters; Mixing Bowls; Mixing Spoons, and, oh yes—a double Boiler is the best utensil in which to cook your cream.

Then there will be ice cream dishes and spoons—also, don't forget the ice tea and lemonade tumblers, tea strainers and lemon juicers.

Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds." declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Theford's

BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Theford's.

THE LUBBOCK AVALANCHE

PHOEBE WARNER SAYS TWO KINDS OF CO-OPERATION IS NECESSARY FOR HAPPINESS AND SUCCESS

Co-operation, one thing we all believe in, some of the biggest squabbles in life are induced by the different methods of cooperation. Most of us are very willing for everybody to help us put over our plan but we are not willing every time to help put over the other fellow's plan. To make it plain and simple, this is the rule: "I believe in you co-operating with me in all things and at all times, but I do not always believe in co-operating with you in all things at all times."

It is plain to see there are two kinds of co-operation. The first kind we see this is in the home. There are women in this world who have been co-operating with their husbands for forty years. Doing everything they could to help him realize his dreams in the business world or the professional world or any other world he may be trying to succeed in. And there are thousands of cases on record where these husbands have succeeded and risen to a high place in their business; but just the minute the wife begins to hint around that she would like to see some of her dreams realized, no what his dreams have come true, he begins to have another dream. He must have more bonds, more cattle, more land, a better library, a bigger

machine of some kind, and if his wife will just wait for everything she wants until he gets everything he wants then he will help do the things she wants done.

The cemeteries around the country are pretty well filled up with wives who are still waiting. Sometimes such men reform in time to save their second or third wife. Many of those who have escaped the grave are in the insane asylum. And a whole lot more are still dragging around trying to get along with the same old things while they keep on co-operating with their brave and ambitious husbands to make a great man of him; a man whom the neighbors will point out as a self-made man who is worth \$100,000, and made every dollar of it himself. Very likely this same self-made man has never spent a dollar on his children's education except the taxes which the State demanded of him. Sometimes his \$100,000 represents the wrecked health, happiness and lives of his whole family. Yet this man will tell you that he believes in co-operation in the home (so long as his wife and all the children co-operate with him.) Then there are cases on record where men spent their entire lives trying to do the things their wives demanded of them every day they lived.

In such cases the man has one advantage. He invariably has the sympathy of all other women and most women. And by his self-sacrifice and patient obedience to all her whims he wins the noble title of a Henpecked Husband. There is just this difference. The world still admires a man who gets rich and makes a financial success, no matter how he does it. But it pities the man who chafes the woman where the wife demands all the co-operation in the home.

The next place we see these two specimens of co-operation is in the business world. Every town and every city is full of men who are willing to go into a thing if they can see, without a doubt, that it will help their business. But how often they hesitate, hang back, and make excuses when they see no direct and immediate good coming their way. Some folks will not even help clean up the town. "I'll clean my own yard, or have my wife to do it, and that is enough for me. If you want the rest of the town cleaned do it yourself." Some folks are willing to pay road tax if all the work on the roads are done in front of their house or on their way to town. Some folks are willing to help clean up the room at school where their child goes, but don't give a whoop for the rest of the schoolhouse.

Some folks are so glad to have you come and help them when they are sick or in trouble of any kind, but are so busy that they forget all about it when you need help. Some folks believe in unity when they are the UNIT. But never when you are the unit.

Often this difference in co-operation creeps into our greatest educational institutions. How often we see one college working with another so long as that college is getting most of the benefit. But how quickly they change their minds when the advantage looks the other way. And sometimes we even find a church that believes in co-operation so long as the other churches do all of the co-operating and they get the good of it. But not an inch will that church give when it comes its turn to co-operate with all the other churches. What do you suppose is the cause of all this indifference.

FARMERS!

We welcome you to our town, 12th, 13th and 14th of this month and while here make our store your headquarters. Meet our friends at BARRIER'S.

Plenty of ice water, a table with stationery provided for your correspondence, and chairs for you to rest in.

If there is any merchandise that you need, our trained sales force will give you excellent service. Our prices are made by careful study, right. They are frequently lowered to conform with the market.

POSEY NEWS ITEMS OF INTEREST OF PAST WEEK

The farmers are rejoicing over a nice little rain that came Tuesday afternoon.

There is quite a lot of work to be done in the fields and some demand for cotton choppers, so many hands have left here and gone to harvest fields that it has caused a shortage of laborers.

The recent rain will practically assure the early corn, also benefit the wheat, the early corn and maize, also will benefit the cotton.

We hope the farmers in the county will get interested in the proposition for the potato curing plant, and see that it is put through.

Wednesday night is the time for the "Bureau" meeting. The writer has been informed that there will be several new members. Hope to see all our farmers lined up in this work.

On Saturday night, there will be a box supper at Posey, given for the benefit of the Sunday School. Every one is invited to come, the ladies bring pies and the men their pocket-books.

The stork visited the home of Mr. and Mrs. Neal Eubank Sunday morning and left twin girls.

There was preaching at the Lutheran church Sunday.

Prayer meeting at the schoolhouse Sunday night, Sam Gentry leader.

The high winds scared some of our people away from Sunday School last Sunday.

Mr. and Mrs. John T. Lokey and daughter, Teresa, were dinner

guests at the A. L. Leeg home Sunday.

C. Z. Pines' family were visitors at Mr. Pinkstrum's Sunday.

Mr. Horace Johnson is sporting a new car. Miss Odell Dean was teaching him to run it Sunday.

They Come Not Back.
Remember, these three things come not back:
The Arrow sent upon its track— It will not swerve, it will outstay its speed;
It flies to wound or stay.
The spoken words soon forgot by thee;
But it has perished not;
In other hearts 'tis living still,
And doing work for good or ill.
And the lost opportunity,
That cometh back no more to thee,
In vain thou weep'st, in vain dost yearn;
These three will never more return.

MESSEURS. ENGLEMAN AND SHAW HERE FROM TULIA

J. S. Engleman, one of the owners of the Tulia Herald, and H. G. Shaw, wheat farmer of near Tulia, were in the city Wednesday and were guests of members of the Rotary Club of this city at the midweek luncheon. They were returning from Clovis, where they accompanied their families to attend the big Fourth of July celebration. They left their families there for a visit with relatives and came back on the train. They report that the celebration was badly interfered with on account of rain, as the precipitation was not less than six inches in the Clovis section. They bring a good report of the wheat crop in the Tulia section.

SLAUGHTER HEIRS CELEBRATE SETTLEMENT ESTATE

The passing of one of Texas' largest cattle ranches was celebrated, June 30th, when the division of the C. C. Slaughter Ranch fell into the hands of ten heirs. The winding of the branding—which was of various kinds, and the land division was completed on June 29. Preparations were then made for a celebration and ten nice, fat calves were slaughtered and barbecued. After the immense dinner, which was enjoyed by more than two hundred guests, the dancing started, and lasted until three o'clock in the morning. Those who attended state that the dinner, which was prepared by Dr. G. T. Veal of Douglas, Arizona, was splendid, and other kinds of entertainment was highly appreciated by the guests. Music was furnished by Bell Brothers, of Lubbock.

NOTICE
The traffic laws of Lubbock are to be obeyed. This is final warning. Chas. Middleton, Chief of Police. 2-14

Dan Boon, of Eastland, was here Wednesday of this week attending to business matters.

Shriners Have Dinner and Dance At Cova July 4th

More than one hundred and fifty Shriners, with their wives, sweethearts and guests, attended a dinner dance at the Cova, last Monday evening, celebrating July Fourth. It was indeed a very enjoyable affair. A sumptuous dinner was served, and after dinner speakers were Nobles W. C. Rylander, Clark Mullican and Senator Bledsoe, all of whom acquitted themselves in a most creditable way and their speeches were greatly enjoyed as usual. The tables were then removed and many of those present enjoyed a dance till the late hour. It is the unanimous verdict of those who attended that this was one of the best entertainments of its kind ever given in the city. Music was furnished for the occasion by a local orchestra.

THAXTON AND WILLIAMS OPEN REAL ESTATE OFFICE

COMPETITIVE BIDS FOR CONCRETE WORK WANTED

The Commissioners' Court of Lubbock County, Texas, proposes to let a contract for about one hundred and four cubic yards of concrete to be furnished and properly placed in the construction of a dam across the center channel of the Yellow House Canyon on the County Park grounds near the City of Lubbock, and hereby gives notice that competitive bids for the letting of such contract will be received and considered by said court on the twenty-third day of July, A. D. 1921, at ten o'clock A. M., on the said day, in the office of the County Judge of the said County, the said contract to be let to the lowest satisfactory bidder who shall submit a bid for such contract to furnish and properly place said concrete in said dam and comply with the terms and conditions upon which said contract will be let. Each bidder for the said contract is hereby referred to the County Judge of said County for the quantity of cement, sand and gravel, to be used in the formation of such concrete, and also for the plans and specifications of such construction. Each bidder is required to deposit with his bid a certified check drawn upon one of the local banks for fifty per cent of the amount of his bid, payable to Lubbock County, to be held by said court as security for the faithful performance of his contract, in case his bid is accepted and he enters into contract to furnish said concrete and properly place the same as there-in stipulated. The check of each bidder whose bid is rejected will be immediately returned to him. The Court reserves the right to reject all bids.

P. F. BROWN,
County Judge of Lubbock County, Texas.

Elberta Peaches!

Elbertas are Coming Fine Now

What is better than a nice, large, juicy Elberta peach! We have a man right on the ground buying fruit and vegetables for us, and that is why you can always get such nice, fresh fruits and vegetables at our store.

Elbertas are scarce this year, and while they will be just a trifle high, sugar is so cheap that you can afford to put up a few crates of peaches and plums this season. Let us have your requirements early ere the crop is gone.

We can make you a price this week and next at \$2.25 per crate for Elbertas and also those nice, large wild goose plums.

Give us your trade this month where you can get your fresh fruits, fresh vegetables, groceries, and fresh meats from Sid's market, all charged on the same bill. Just think what this means for your convenience. Of course we will expect every one to pay up on the first of each month, as our bills have to be paid, too, and if you will be prompt there is no telling how many debts a dollar will pay and how many hearts it will make glad, as it is passed along down the line. Once our customer, always our customer.

"There is a reason."

RALLS GROCERMAN TAKES TREATMENT IN LUBBOCK

Groceryman T. S. Reynolds returned Thursday from Lubbock, where he had been under treatment in a Lubbock sanitarium for the past two weeks, during which time his tonsils were removed and an obstruction taken from his nose. He says he is now feeling good.—Ralls Banner.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

THE STATE DEPARTMENT ISSUES

BATCH OF HEALTH HINTS WHICH IF HEEDED MEANS BETTER HEALTH

The only good fly is a dead fly. Good health means good business. Bad health is bad business. We've whipped the Germans. Now, let's whip the germs. Beware of the dastardly "D's"—Dirt, Despair, Disease, Dampness, Death. Wealth without health is mockery. Tuberculosis kills more persons every year than any other preventable disease. If Saint Peter demanded a birth certificate, a whole lot of people in Texas would never gain admission to Heaven. Is your baby registered? The worry habit is bad for both mental and physical health. Don't worry. Muffle the cough; smother the

sneeze and expectorate not in public places. Many mothers would be shocked at the very suggestion of "farming out" the baby, actually farm their infants out at home by turning them over body and soul to hired help. Many parents lament their inability to give their children "bigger opportunities." There is no occasion for such lamentation in regard to outdoor life—the "biggest opportunity" for the child to acquire health. Children's first teeth should be retained and kept in good condition as long as possible. Moderately delayed second teeth prove to be better developed and more serviceable. If you had rather live than die, roll up your sleeves and swat the fly.

The State Board of Health is not for the exploitation of men, but for the safety of all mankind. Its sole object is to save human lives; perhaps yours, perhaps your neighbor's. Every individual has a value to the state; therefore it is the duty of the state to safeguard the life of every human being.

The best service the local newspaper can render to its community is to cooperate with every local agency for the suppression of preventable diseases. The general health of the public should be the first consideration of all men. Strong, healthy children will form a sturdy race of men and women upon which to found future generations.

Young girls should be dissuaded from wearing corsets. If you insist on being a knocker, knock to a good advantage; knock the fly and open garbage can for the betterment of your own and your neighbor's health.

Take a smile to the room of the sick. It will have a wonderful effect on the morale of the patient, and will do no particular harm. The home of the State lies in its healthy citizens.

Health first—low taxes after wards. Preventable disease is not merely accidental. It is due to criminal carelessness.

It is a bad policy for a state to allow conditions that breed and foster vice, disease, crime, lawlessness. Bad housing does all of this. It is a blight to the state, a disgrace and a reproach.

Every available means should be used to impress upon all mothers in the community, the need for careful attention to their children during the summer months.

Babies do not want silks and satins; but they do want sunlight and sanitation. Health is something you care nothing about until it is mislaid, like your toothbrush, or your fountain pen.

Live cleanly. Live your best and you will not be a victim of vice. Many degenerative diseases are due to infections from bacteria. Exercise, care of the teeth and gums, the

prevention of constipation by proper food are great helpers to avoid disease.

It will be a red letter day in human progress when all forces of every community are mobilized for the conservation of its child life.

It is more important to establish regular habits in a baby than it is to wind the clock. Better save yourself in youth and young adult years than suddenly wake up at 45 with high blood pressure, bad kidneys, hardened arteries, and a failing heart.

A new circular on the Summer Care of babies prepared by the State Board of Health for free distribution is just off the press. It will be sent to citizens of Texas upon request. Address the State Health Officer, Capitol Station, Austin, Texas.

Cleanliness is a virtue. Too many people, like the Pittsburg belle, think they are clean.

Soap and water are popular symbols of cleanliness, but you can't hide behind a cake of soap.

Unclean thoughts are as black as soot on a white table cloth. Don't buy foodstuffs where flies are tolerated.

Don't eat where flies have access to the food. Flies are the filthiest of all vermin. They are born in filth, live on filth, and carry filth around with them. They are maggots before they are flies.

It is perhaps no exaggeration to say that in no other period of history has the prevention of disease occupied so large a place in the thoughts of every intelligent community as obtains at this present day.

Food furnishes fuel for the body. Have you any knowledge of the quantity of fuel-food that you need? Systematic exercise is necessary to keep the body in good physical condition. Bulging muscles are not always the sign of good health.

Walking is cheaper than riding and far better for one's health. Neglected teeth are responsible for many serious infections. Prevent trouble by keeping the teeth and mouth clean.

Many of the common defects of children unnecessarily occur because of failure to realize the dangerous complications and sequelae, which follow in the wake of infectious and contagious diseases; also the ease with which these ailments are spread about in a community, thereby creating epidemics.

Avoid condensed milk as a steady diet for infants. It is conservatively estimated that a baby's chances of living through the first year of life are five times as great if breast fed, than if bottle fed.

It is the great task of the coming years to educate the people to the point where they will demand not only health for themselves but for their brothers, not only life for their child, but for every child.

When sleeping away from home, in car, or hotel, never let the blankets touch the body. These blankets are not washed after each use, as are the sheets. Always keep the fresh sheets against the face.

For leaflets conveying information regarding the prevention of disease, the improvement of health and the acquirement of physical fitness write to the State Health Officer, Austin, Texas. This service is available free. Correspondence is invited.

Scratch pads for sale.

That We May Work For Our Customers Interest

Protection of funds intrusted to this bank is the first and most sacred obligation that this bank has. For that reason this bank is a member of the Guaranty Fund of Texas and into that fund we pay regularly. No bank, a member of this fund, has ever failed to pay one hundred cents on the dollar to the depositors. Being, then, absolutely a safe place to bank, your next consideration should naturally be: who are the guiding men of the institution. You, who have been in this section long, know that this bank's officials have proven beyond a doubt, capable of meeting all requirements of first class banking.

These things are offered you to guide you in the selection of a bank—a very important step you must take.

DORT

Quality Goes Clear Through

Doubtless no year has thrown a clearer light upon the Dort and its high standing in the esteem of the American public than this year.

Enthusiasm towards the car and appreciation of its remarkable performance ability and operative thrift have grown and extended further and further, day after day, and month after month.

The regular Dort clientele that inevitably replaces one Dort with another has augmented with a rapidity that has outstripped our closest calculations.

And the only conclusion that can be drawn is that more and more people who in past years have sought other cars are now turning to the Dort as the most desirable automobile investment they could make.

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon-bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin. Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

E. G. Griffith, of Quanah, Texas, spent last week in this section of the country visiting relatives, and looking for a hotel location.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trade Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 25c. Just ask your druggist for HAYES' HEALING HONEY.

Mrs. M. P. Page and family, of Paducah, passed through Lubbock on Tuesday of this week enroute to East Texas, where they will spend a month visiting with relatives.

Head Texas Forestry Association Says Trees Starve

Up in Amarillo, many of the trees are said to be dying, and specialists have made examinations of the trees and the following report appeared in the Amarillo paper recently:

"Amarillo trees are being starved to death. That is the rather startling assertion made by W. Goodrich Jones of Temple, Texas, and president of the Texas Forestry Association, in Amarillo. 'Trees can be killed even when they have plenty of water,' continued Mr. Jones. 'Roots can have so much water that they will sour.'

"Mr. Jones made many rather pertinent suggestions about growing trees, which he declares, is his chief hobby in life now. He says that

Bermuda grass should not be permitted to grow less than three feet from the tree. This will prohibit the grass from absorbing moisture that rightly belongs to the tree, he declared. Should hard rains pack the earth around the tree, he suggests diligent use of the hoe, breaking up the hard crust.

"It is the belief of Mr. Jones that the difficulty at the present time with the courthouse lawn trees is that a hard crust is formed beneath the surface. To remedy this he suggests that a small dynamite cartridge be exploded in a hole dug about three feet away from the tree. This explosion will pulverize the earth. This dynamiting is also advocated by Mr. Jones for planting out trees, as it will put the top soil that which has nitrogen at the bottom, where it is most needed.

"This talk of alkali in the soil is passing off something you don't know anything about, asserted Mr. Jones. He believes Amarillo soil is all right for production of trees. "Mr. Jones is accompanied by Mrs.

Jones and daughter, and they are traveling by automobile to Boulder, Colorado, where they have spent the summer for several years. "Free trees for West Texas is urged in a bill which Mr. Jones said would be introduced in the legislature."

IDALOU NEWS ITEMS OF THE PAST WEEK

A nice little shower fell Tuesday evening and Tuesday night. Every little bit helps.

Miss Trilby Keeton, of Hollis, Oklahoma, is visiting her sister, Mrs. Roquemore.

Miss Joe B. Fuggit and Mr. Sam Sanders were quietly married last Wednesday night. The bride has made her home here for several years with her parents four miles northeast of town, and is well known. The bridegroom has lived in Lorenzo for a number of years and is well known in that vicinity. Their many friends join in wishing them a long, happy and prosperous married life.

John Newton and family, from Portales, New Mexico, are visiting here for a few days.

Mrs. Durham and two daughters, from Floydada, are visiting Mrs. Durham's sister, Mrs. Joe Harrison, this week.

Mary Scott, of Lubbock, spent last week end with Ruth Newton. Miss Viola Lambert, who underwent an operation last week, was brought home last Saturday, and is doing nicely.

Brother Tennyson spent the latter part of last week here. He preached two good sermons Sunday. His subject Sunday morning was "Christian Influence."

July the Fourth was celebrated in Idalou with a basket picnic. Early Monday morning the people began to gather and by eleven o'clock there was hardly room to stir on the picnic grounds. The program began at eleven, and for one hour the people listened to an interesting program which had been prepared by the ladies and some of the boys and girls, after which Mr. Hadsell gave the welcome address. He was followed by Judge Brown who gave the Fourth oration. Dinner was then served and no one went away hungry. In speaking of the barbecued meat, everybody said it was the "best they ever ate." The afternoon speakers were: Mr. Keen, Mr. Vickers, Col. Mullican, Mr. Jennings, Mr. Llewellyn and others. All had something good to say and kept the audience in an uproar. Possibly the greatest attraction on the outside was the ball game between Lorenzo and Idalou. The game was attended by about five hundred people and the score went in favor of Lorenzo. The committee in charge of the picnic left nothing undone and gave all the Idalou people something to do. Each one did their best, all the work was donated and all the income was applied on the expenses. After checking up the books showed a deficit of

Is Your Wife's Summer Work a Nightmare?

about \$20, which took about five minutes to raise by donation. Everybody went home with a full stomach and a smile on their face, feeling happier than they had felt for some time because they had laid away their cares and turned the pleasure switch for a day.

STATE LANDS WILL BE SOLD ON SEPTEMBER 1ST

Austin, Texas, July 2.—Approximately 500,000 acres of State lands, situated mostly in the extreme Western portion of Texas, will be thrown on the market September 1, and sold through competitive bidding, Land Commissioner J. T. Robinson announced Saturday.

A list of these land, giving details, has been received from the State printers and is free for distribution through the General Land Office, Robinson said.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

LADY BADLY BURNED BY STOVE EXPLODING

Mrs. E. C. Barnett, of the Canyon community, was badly burned last week when she smothered out an oil stove which had exploded and was in a mass of flames. Mrs. Barnett was in the yard at the time of the explosion, and on returning to the house found flames from the stove nearly reaching the ceiling, and securing a bed quilt she smothered out the flames. She was badly burned about the hands and feet.

Mr. and Mrs. Smith, parents of Lee Smith of this city, arrived in Lubbock last Friday and will visit here for several weeks. Their home is in Hamilton county. Mr. Smith states that crop conditions in that county are about an average, and are further advanced than our crops, which is always the case, the seasons being later here by a month or six weeks.

Riley Duff left for Fort Worth Monday of this week, to look after business matters in that section of the state.

Mrs. Frank Smith, of Crosbyton, spent Saturday of last week shopping in Lubbock.

R. H. King, of Sherman, was transacting business matters in Lubbock last Friday.

Ready With The Bottled Goods

We are ready to fill your orders for the following bottled goods: Coca Cola, Orange Crush, Lemon Crush, Lime Crush, Green River, Delaware Punch, Strawberry, Lemon Sour, Lemon Sweet, Cream Soda, Cherry Julep, Orange Soda, Root Beer, Ginger Ale, Vanilla, Peach, Concord Grape, Reif's Special, Ciders, Fountain Syrups, Cones, Straws, Dishes.

We have just received a car load of empty bottles and another car load enroute. We can fill your orders. None too large to handle, and will give prompt service.

BELIEVES TANLAC KEPT HIM ON JOB

Tulsa Citizen Declares His Wife Was Also Greatly Benefited By Taking It.

"It was certainly money well spent when I bought Tanlac, for I doubt if I would be able to be on the job today if it hadn't been for this medicine," said J. E. Chandler, of 32 Olympia St., Tulsa, Oklahoma. "For a long time before I got Tanlac I was troubled with what I believe was rheumatism. I had awful pains and soreness in my shoulders and many times my arms were so stiff and ached so bad I could hardly raise my hands to my head. I don't believe I could have been in more misery had some one been sticking me with a knife, and it was just all I could do to stay on the job. I couldn't find anything to help me, and I was certainly in bad shape. "I have taken six bottles of Tanlac, and it has relieved me of rheumatism so completely that I never have an ache or pain and I have regained my full strength and energy. "My wife was not well and had no appetite to speak of. She took Tanlac at the same time I did, and it has given her such a splendid appetite that she said to me the other day it looked like she would eat us out of house and home. I believe Tanlac is all that kept me on the job, and there are so many others in ill health that I feel it is my duty to tell everybody I can about it." Tanlac is sold in all leading drug stores.

Rev. Clarkson, of Sweetwater, held services at the Episcopal church here Sunday.

Lubbock Lady Helped Destroy Boot-Leg Whiskey

"Where coffee grows on white-oak trees, And the rivers flow with brandy; Rocky roads all lined with gold, And the girls are sweet as candy." The above used to be a favorite old play song in the red hills of Tennessee when you and I were young, Maggie, but we never saw anything like any of the scenes of the old song back there, or any where else until last Tuesday afternoon about two o'clock at the Brownfield Courthouse. We did not see any roads lined with gold or any coffee on the black locust trees, there are plenty of girls sweet as candy in Brownfield, some of which were present—but brandy—or its equivalent flowed off like a river as the county and city officers were smashing bottle after bottle of everything from Rye Whiskey to Jamaica Rum with a big "nigger gal's" picture on it. This was intended for an exclusive trade had the consignment reached its destination at Fort Worth.

Photographers got the cameras in good action while the smashing was at its height, and people who read the dailies may soon see how it is done in Brownfield. Mrs. John S. Powell of Brownfield, and Mrs. Percy Spencer of Lubbock, cracked a few bottles of Cognac while the camera clicked, and even the editor was permitted to pass the barbed wire entanglements and crack a bottle of old Yellowstone whiskey, and we will frankly admit that it was the first bottle of whiskey we ever "busted" on purpose.

Anyway, we have one of the most relieved set of officers we ever saw, for they have guarded these "babies" day and night for a month. They can now sleep soundly at night.

Needless to say quite a few were present to witness the burial of Mr. J. Barleycorn.—Terry County Herald.

NEWS ITEMS FROM THE LAMESA REPORTER

Tuesday's train brought home Cleveland Price and wife who were married at Floralla, Alabama, on Friday, June 24, and immediately took the train for Lamesa. It is not our privilege to know Mrs. Price, but Mr. Price is a young man of excellent worth from one of the best families that ever lived in Dawson County. He is the proprietor of the South Side Confectionery.

S. E. Cleveland and wife returned on Sunday from Honey Grove, where they attended the death bed and funeral of Mrs. Cleveland's father, Mr. Payton Wheeler, which occurred on the 17th of this month.

School election lost by a vote of 99 against, and only 35 for the new rate of \$1.00 on the one hundred valuation. There seemed to be no interest for the amendment.

Mrs. J. A. Cook and daughters, Maude Lee and Margie Nell, of San Antonio, arrived Monday morning, and are guests at the home of Mrs. Cook's parents, Mr. and Mrs. G. C. Harris. They will visit here for the next sixty days.

Mrs. E. H. Graves and little daughter, have returned to their home at Weatherford, Texas, after a visit with her sister Mrs. Grover Merrill, and her aunt, Mrs. M. C. Benson.

SOME NEWS ITEMS FROM THE TERRY COUNTY HERALD

Sunday afternoon at 3 o'clock, at the Methodist parsonage, of this place, Miss Margaret, daughter of Mr. and Mrs. R. S. Heartsill, was married to Mr. W. E. Broughton both of Gomez, Rev. J. W. Baughman officiating. The bride is the only daughter of Mr. and Mrs. R. S. Heartsill, and has many friends who were won by her sweet and lovable disposition. The groom is a splendid young stock farmer of Gomez, and well liked by all who know him, and is the son of Mr. and Mrs. Ben Broughton.

On Sunday, June 26, at 8 p. m., Miss Ellen McMaster, of Garden City, Texas, and Mr. George McDowell, of this place, were married by Rev. Williams, of Big Springs. The bride is the daughter of Mr. and Mrs. E. L. McMaster, of Garden City, and is loved by all who know her. The groom is one of our most popular builders and contractors. They will be at home to their friends in this city after June 30th.

The infant son of Mr. and Mrs. Curtis Huckabee, died Saturday morning at 4 o'clock, having lived only twenty-four hours to bless their home. The little body was laid tenderly to rest Saturday afternoon in the local cemetery after funeral conducted by Rev. J. E. Anderson at the residence. This bereft young couple have the sympathy of the entire community in this, their dark hour.

We call your attention to the ad of the Brownfield State Bank for an itemized statement of the products that have been shipped out of Brownfield since the first day of last September. These figures are entirely reliable as they have been obtained from sources that are dependable. When making comparisons with any other place, please don't forget that this is still primarily a stockman's country, and is just beginning to develop agriculturally. That the Federal Census of last year showed only 2300 people in the county, of this probably only about one-third are following agriculture for a living. In the nine months 550 cars of products from the farm were shipped out and 10,500 passenger fares were paid. You will note that the products are more varied than probably any section of Texas. Much of the corn

Bread-and-Milk His Perfect Food

A HOWL FROM THE EAST

The people of West Texas are now proposing that a state park be established in the Davis mountains in their section of the country. At first thought the idea seemed to us to be a splendid one, but upon reading several lengthy articles, it seems that the West Texans have tied a string onto the proposition and are asking the people of the State to establish the park and expend millions probably in doing so, which will also mean millions in their own pockets, if we are not mistaken. It is the idea of these folks to build numerous dams and lakes in the mountains, to "beautify" the proposed park, but which will in reality irrigate thousands of acres of their barren land and make it profitable. The scheme seems to be to get the people of the entire state to pay for watering their lands, by causing them to believe they are beautifying the State Park. The originators state that these lakes and dams will be fine for boating and fishing and will make beautiful scenery. No doubt it would enhance the beauty of the surroundings, but why should a state park be established in a location where the scenery must be hand-made and artificial when there are many natural beauty spots available for such an institution. We are heartily in favor of establishing a state park, but do not believe it should be established in a location so as to become a commercial asset for any certain section of the state.—Hamilton Herald.

We are not in position to say whether this is right or wrong, just at this time, but we are in position to know that every time the West wants a few dollars spent for public improvements the fellows in the eastern portion of the State begin to yelp, and raise a racket about it. West Texas dumps millions of dollars in the tax bin every year to help keep up a lot of state institutions in the east and north and south, that we get no benefits from whatever, which seems to be perfectly all right with the brethren in that part of the country. The blooming capitol building was erected by giving away great chunks of our land and the railroads first built in the state were built in the eastern part with land that the state gave which was all located in the west, and when the roads got ready to come this way we had to go the bonus route in order to get them. This still satisfied the people of the east, but now that the west is being settled up, and there is a demand for some institutions of various kinds, and the state is asked to contribute something to their support, there comes a howl from the forks of the creek that can be heard throughout the state. West Texas wants nothing more than fair play—a square deal—but she does want that, and we are not going to be hounded around any longer than possible. The west is going to be recognized, and you fellows who have been receiving a lot of cold cash from us every year for nothing will have to be satisfied with what you are entitled to and that is d— little.

OUR DUTY

The following communication expresses so nearly the feelings of the editor on this question that we gladly give it a place in our columns—the editor's own columns:

Come to Lubbock! When? July 12, 13 and 14. Why? Because that's the three days' meeting of the big convention of the Texas State Farmers Union, and you need to be here and help to make it a big success for agriculture—Lubbock—the Plains country and the great State of Texas. Are you a farmer, a plain man, and especially a citizen of Lubbock or vicinity? If so, and if you are a friend of the farmers of Lubbock, the Plains and whole State of Texas, then it's your plain duty, regardless of occupation, to line up and do your part in helping to make this a great, successful and beneficial gathering of the yeomanry of Texas—the people on whom the welfare of Texas and of every avocation or profession depends.

Every citizen and farmer that can take care of or assist in any way to make the visit of those Texas farmers and visitors to our city and beautiful Plains country pleasant, beneficial and successful to them, ourselves and our country, should do their best and not fail in this, our great opportunity. We kindly ask this of all who can and will willingly and wholeheartedly render such assistance, but we are not begging or asking the help of those who would grudgingly or unwillingly help, if such there be. It's a matter of public interest and public good and will be a fair index of the spirit of Lubbock and the Plains.

Let's show these visiting people what we are and what we can do on such occasions. —LUBBOCK CITIZEN.

A notice appears in this issue from the chief of police, informing the people that the traffic laws of Lubbock City must be obeyed. We do not know why people insist on disregarding them, for they are not unreasonable, and law-abiding citizens should take a delight in complying with them. Others should be made respect the ordinances and we feel that the officers should have the co-operation of the people of this community in enforcing every ordinance on the books. If laws are good enough to make they are good enough to enforce, and if they cannot be enforced, clear the deck—repeat them and make them right.

Some of the substantial citizens of this town are agitating a move to organize a "Country Club," incorporated with a capital stock sufficient to purchase grounds, erect buildings, etc., and operate under a yearly dues system, which would keep a good maintenance fund on hand. This would no doubt be a great thing for the people of Lubbock, and we are not at all in doubt that it could be put over in good shape.

COMMUNITY CO-OPERATION

Its on a rampant again in Lubbock. For a few weeks after a few people went to the polls and voted what was purported to be vox populi vox dei (the voice of the people), some of the people were inclined to take a back seat, but the stunning blow did not daze them long and they are coming again. Community co-operation will not down. The majority of the people of Lubbock want a good school in Lubbock and they are going to have it. The school funds are short, and the rate of fifty cents on the \$100 valuation of property will not raise a sufficient fund to carry on the expenses of operating the school, especially if the board purchases two hundred desks that are necessary for the children during the coming school term, so the idea was hatched in the Rotary Club last Wednesday evening that in order to assure the people who live here and who want to come, that Lubbock school term will not be cut nor hampered in a manner that would prove disastrous, that the Rotary Club give the school board their hearty co-operation and stand behind them and aid them in every way possible to insure the full nine months' term of school and accordingly the first move was to launch a buy a desk campaign, and the last time we heard of the bunch that was carrying the list they were sweeping things before them in great style. They are going to take the expense of buying this equipment off the hands of the board and give them that much more money to apply on the running expenses of the school. These seats cost \$9.45 each, delivered and installed, and two hundred are necessary to supply the demands of the school. This committee is after two hundred people who will buy these two hundred desks, and they feel like Lubbock people are in on the deal to the extent that this will be accomplished which will give the board about two thousand dollars to use in some other way. The campaign started immediately after the Rotary luncheon Wednesday, and only one man out of the twenty-five people approached on the subject refused to buy one; some buying more than one desk, and it is expected that the full number will be bought and paid for in this manner before the term of school starts this fall. The people are imbibing in the good-old fashioned Lubbock spirit, and it's a pretty safe bet that the movement will succeed.

A NINE MONTHS SCHOOL ASSURED

You can tell it to the world that Lubbock is going to have a full nine months term of school this year. The Rotary Club sent that message to the school board last Wednesday from the mid-week luncheon, after hearing a report by one of the members of the board, of the financial condition of the school, a motion was made and seconded and unanimously adopted by the Club that the Rotary Club proposed to assist the board in raising the amount necessary, if the funds are short, to carry on the school for the usual nine months. This is guaranteed and there is no longer any question about the length of the school term. The Avalanche believes that this is a matter that the people in general will heartily endorse and with the Rotary Club in the lead, will march right on to a successful end. Our schools must run. We must hold our present high standing in educational lines, and we must be in position to say to people when they come here that our schools are equal to any and second to none in the state. The Rotary Club is composed of men that are progressive and can readily see that the schools cannot be jeopardized at any cost, hence their unanimous action, which has cleared away any doubt of our schools being kept up to their present high standard. Come to Lubbock!

Madame Rumor has cut loose again and says that a brick building to cover three lots on the corner of 14th and I is to be erected in the very near future, that tenants have been secured for the three large store rooms and the owners of the lots are ready to build. That's the Lubbock twang, and we are prone to believe what Mrs. Rumor is putting out, and again her melodious voice speaks and tells of a four story brick to be put up on the north side of the square. We are just a wee bit skeptical about this yarn the old lady is spinning, however, there is nothing impossible with the Lubbock people, and this may not be a nightmare, either. Anyway, it is the report that old Woman Rumor is teasing the pessimists with and powdering and painting the cheeks of Mr. Optimist with. Watch for further developments and also for the four story brick. Come to Lubbock.

Let the tourists know that Lubbock has a camping ground, which is conveniently located. Not too close to the business section of the city to be public and near enough to be convenient—just right. It is located at the fair park, and is at their disposal free of cost. Let them know it is here and for their use.

Men from every section of the State and other states have flocked into the Panhandle and Plains country to work in the harvest fields. Thousands have secured positions, but the demand has been supplied according to employment agencies, and those who come now may find it difficult to secure positions.

Paint not only preserves buildings, but improves the appearance of them, and a well painted house always brings more on the market if it is offered for sale. A lot of houses in Lubbock need such treatment and prices of paint and labor along that line is more reasonable now. Why not brighten up a bit?

The city should connect up several blocks of cement walks, that the citizens have put down, especially in this badly needed in the vicinity of the school buildings for the convenience of the school children.

The Daily Panhandle, the evening paper published under the same management as the Amarillo News, suspended publication with its issue of last Saturday.

Keep on cutting the weeds and swatting flies!

WEATHER REPORT FOR THE MONTH OF JUNE

The following is summary of the weather conditions prevailing during the month of June, 1921. Maximum temperature 96 degrees. Minimum temperature 56 degrees. Mean temperature 72.98 degrees. Departure from normal 1.81 degrees. Maximum relative humidity 100 per cent. Minimum relative humidity 55.5 per cent. Mean relative humidity 72.18 per cent. Total wind run for month, 5439 miles. Normal wind run for June 732.71 miles. Departure from normal 732.71 miles. Number of clear days 16. Number of partly cloudy days 5. Number of cloudy days 9. Total precipitation for June 7.71 inches. Normal precipitation for June 2.72 inches. Departure from normal, plus 4.99 inches. Total rainfall from January 1 to July 1, 1921, 10.44 inches. R. E. KARPEN, Supt. Experiment Station.

NEWSPAPERS ARE NOT A VENGEFUL CLASS OF PEOPLE

We wonder some times if the newspaper man don't really have the hardest time on earth. Well if he does, he does not do like the dentist—always look down in the mouth. Nor the groceryman who is always handing some one a lemon. Nor the dry goods man who is always trying to tear up something because they won't take the whole boat. Nor the blacksmith who gets as hot as a March hare every time he gets a job, especially this time of the year. Nor the doctor who is eternally trying to get to stick his knife in his customers. Nor the druggist who will give his best friend poison for the smallest sum possible. These are all bad men and the editor only gives the fellow—well, you understand, who don't advertise.—Exchange.

Census Figures Reveal Some Interesting Figures Regarding the Population of the U. S. Regarding Race Percentages

The racial composition of the population of the United States in 1920 as announced recently by the Census Bureau shows the country to contain 94,882,431 white persons, 10,463,013 negroes, 242,955 Indians, 111,025 Japanese, 61,686 Chinese and 9,485 others. The Japanese race exceeded by far the rate of growth in the last ten years of all other classes.

Unofficial estimates of the increase in the number of Japanese in the United States, particularly on the Pacific Coast, was borne out in the official tabulation which revealed a rate of expansion of 53.9 per cent during the decade of 1910-20. California absorbed 80,596 of the total growth of 38,868 Japanese in that period. On January 1, 1920, there were 71,952 Japanese in California. The remainder of the increase was distributed largely in the States of Washington where 17,388 now make their homes; Oregon, 4,541, and Utah, Colorado and New York with between two and three thousand each.

The white population showed only a 1.6 per cent expansion for the decade and the negro 6.5 per cent. Both the Indian and Chinese groups dwindled 8.6 per cent and 13.8 per cent, respectively. The growth in the white population was considerably less than the rate for the previous decade which was 22.2 per cent.

The decline, the statement said, was due principally to the marked reduction in immigration during the world war. An estimate based on the excess of births over deaths and the excess of immigration over emigration showed a difference by only a small fraction of one per cent from the total white enumerated.

The greatest numerical increase in the white population was shown in the East North Central Division embracing the States of Ohio, Indiana, Illinois, Michigan and Wisconsin, where the increase was 3,011,363. The Middle Atlantic States Division had a growth for the decade of 2,761,505. In the South Atlantic and East and West South Central portions the whites showed a combined increase of 3,584,107.

Negro Increase Lowest. The rate of increase in the negro population, which was not perceptibly affected by immigration or emigration, was the lowest on record, according to the statement.

Evidence of the migration of the negroes to the North and West was found in the figures showing nearly three-fourths of the increase in the negro population or 472,418, of the 635,250 gain in these sections. A growth of only 162,832, or about one-fourth was reported for the South, despite the fact that 85 per cent of the total negro race is still below the Mason-Dixon line. The percentage increase of negroes in

the west was 55.1; in the North 43.8 per cent and in the South 1.9 per cent. Michigan with 60,082 negroes led all the states in percentage of increase with 251 per cent. Illinois and Ohio with increases of 67.1 per cent showed further evidence of the northward movement of negroes. Pennsylvania's negro population for the period was 46.7 per cent, its black race now exceeding the number of those of Maryland and Kentucky. Decrease in the Indian race in the last ten years' period was probably due in part, it was said, to the enumeration as Indians in 1910, and as whites in 1920, of persons having only slight trace of Indian blood.

Of the total decrease in the Indian race—22,724—by far the greater part, 18,876 was in Oklahoma alone. The only pronounced increase was reported for North Carolina—from 7,851 to 11,824. Other states where increases occurred were Louisiana, Texas, Montana, Arizona and California.

The Avalanche and the Dallas Semi-Weekly News for one year, \$2.25. This is a splendid combination for the farmer and the rural subscriber. 35tf

A Formula For Poison Mash for Grasshoppers

Almost every year, some sections of Central and West Texas pay an immense bill to the grasshopper. Every person who has lived on a farm in one of these sections has witnessed at least one invasion in which whole fields were almost entirely defoliated. The damage from this pest annually amounts into thousands of dollars. Practically no field crop is free from their attacks, and sometimes even the trees are ruined by having their leaves chewed off.

The grass-hopper lays its eggs in the fall, in holes bored to a depth of an inch or two in the ground. These egg-masses are usually deposited in the grass-lands or along the fence-rows or ditches through the fields. There are usually about 50 eggs in one mass, and one female deposits from 2 to 4 masses. These eggs hatch in the spring and the young hoppers, then less than one-eighth inch long, work their way to the surface and begin to feed on vegetation. They do not have wings at this time, and being so small, are scarcely noticeable, but their appearance in numbers presages the armies that will be present in the summer when they become full grown.

If these egg masses were broken up by winter plowing many of the eggs would be destroyed. Therefore, good, winter methods of cultivation will destroy most of those in the actual farmlands. But in the western portion of the state where so much of the land is in pasture, other methods must be employed.

Various mechanical contrivances known as "Hopperdozers" have been designed and used with varying degrees of success. In alfalfa fields and in similar situations this seems to be one of the successful methods. However, for general farm use, where all kinds of crops and conditions must be dealt with, the use of bran mash has given the best results. The mash is made as follows:

- Coarse wheat bran 20 lbs.
- Paris green 1 lb.
- Mix together dry
- Cheap molasses 1-2 gal.
- Lemons, finely chopped 6 fruits
- Water 3 1-2 gal.

Put chopped lemons in water, add molasses, then wet the dry mixture with this liquid. Mix thoroughly and sow at the rate of 2 to 4 pounds per acre. Sow broadcast very thinly. This is better than putting out in piles because it is more easily accessible to the insects. Also, there is no danger of poisoning chickens, birds, or other animals if thinly sowed. The mash should be put on late in the afternoon, so the hopper will find it in the early morning before it dries. They will not eat it after it dries, therefore sow thinly and repeat in a few days, rather than waste a lot of the material by drying in lumps. It is suggested that the mash be sowed in a belt around the field, and along the turn-rows and ditches, if the pest is just beginning to come from the grass-lands.

Now this is not a new method. It is no experiment. One thousand tons of mash were used in Kansas alone in one year. Many other states have used it for years. There is no doubt that it will kill grasshoppers. It has paid in the other states. Why not on

These Competent Laundresses are at Your Service

There's a convenient and economical way to be rid of wash-day and all its trials. It is this—enlist the services of this corps of competent laundresses.

These are the folks—conscientious and careful—who do your washing when you send it to us.

It is they who look to the washing. It is they who super-

wise your ironing, and give to it the painstaking attention you would give yourself. It is they who send back your family bundle—snowy white, refreshed and ready to put away.

Have these willing assistants take off your shoulders the burden of the wash. Ours is a service that will satisfy. Have us call for your family bundle.

Lubbock Laundry Company

Phone No. 305

Built on Service

In the building of a large business such as this yard there must be, for its foundation, a service that is of the superior kind. Without it the business would not thrive.

At this yard you will find superior lumber service to-day the same as of the past. The same lumber service that has made this company known far and wide is available to you.

Builders anywhere in the Southplains will find the McAdams Lumber Company a company of genuine builder's service—Lumber and its kin.

A. G. McAdams Lumber Co.

Lubbock, Texas

A Continued Patronage

Those who are acquainted with the service of this Drug Store and who have been customers here for some time are going to continue their patronage with us. We say that because we believe the more you are acquainted with the service of this store the more apt you are to find it indispensable.

The Red Cross Pharmacy

NEFF HITS LAX ENFORCEMENT OF LAWS IN TEXAS

Houston, Texas, July 4.—Speaking before two record crowds in the afternoon at Palacios and in the evening at Wharton, Governor Neff took occasion to roundly score what he called laxness of law enforcement and a tendency toward extravagance in handling of state funds. At the evening engagement fully 10,000 persons heard the governor.

In his portrayal of the condition of the laxity of law enforcement the Governor asserted that "traditional and parasitic growth of technicalities has sucked the blood out of the penal code" of the state. "To uphold the law is the first duty of government," the governor said. "It is the foundation of every civilization."

The governor scored in no uncertain words those who hold that counties and county officials should be the judges as how the laws should be enforced in those counties, and that these were no matters in which the state should interfere, claiming that for the state to do so is "in violation of the principles of local self-government."

He also inveighed against those counties which protested against the sending of state rangers into a county to enforce the law.

"I am for the enforcement of the law on every square foot of Texas soil," the governor emphatically declared.

Referring to the suspended sentence law, the governor declared that "its operation is a positive disgrace to the criminal jurisprudence of Texas."

The governor took occasion to hit at the extravagance in the state funds and pledged his every effort to conservation of public trusts. "As long as the people must economize, I shall do my best to see that the state does likewise," the governor declared at the evening address.

ANNOUNCEMENT

We wish to announce to our friends the opening of the Protestant Hospital, Fort Worth, Texas. A modern one hundred and ten room building with the latest equipment including Pathological and X-Ray laboratories.

Our nurses home is a separate building and we are ready to receive fifty applications for nurses to enter the training school.

Those desiring to enter should address the Superintendent, Protestant Hospital, Fort Worth, Texas.
Harold V. Johnson, Arvel R. Ponton.

CHI-RO-PRACTIC

We have now secured the services of Dr. Kate Castleman, of Nashville, Tennessee. She will be with us permanently and we desire to say that she is the most efficient of any help that we have ever had, being a three year graduate of the National Chiropractic College, of Chicago. She will be pleased to meet you and to give free consultation and examination. Finley and Council, Phone 540, Burrus Building, Lubbock, Texas. 1-2

KANSAS WHEAT 10 DAYS EARLIER THIS YEAR

According to B. C. Smart, one of the directors of the Agricultural Board of Kansas, who passed thru Lubbock Monday enroute to California by automobile, states that the new crop of wheat this year is ten days earlier than that of last year.

Last year the first car of new wheat arrived on the local market July first. This year the first car came on June 20, being ten days earlier. Mr. Smart also stated that it is expected the offering will be heavy by this date. The test is showing a large amount of moisture in most cases, but good quality is expected a little earlier in the season. The earliest arrival of new wheat on record was June 10, 1904, however, the wheat that year showed a very light test, owing to the drouth in the spring.

Eastin Wolfarth, W. J. Morris, Sam Arnett and Chas. Middleton, spent Thursday of last week fishing on the canyon south of town on the Boles Ranch. They reported a fine day spent and plenty of fish.

If you have any thing to sell or wish to trade, see J. E. Alexander, Lowrey Building, Room 7, or business Phone 288, residence 355. 50tf

2 Ranger Banks Close Will Reopen Says Examiner

Austin, Texas, June 30.—The Farmers and Merchants State Bank of Ranger opened its doors today and paid checks not exceeding ten dollars, according to information received by Ed Hall, banking commissioner, from his examiners. The bank is solvent, he said, and the examiners expect to have it back on a firm basis in a few days.

The Guaranty State Bank, which also closed yesterday, was closed by his orders, Mr. Hall said. However, his examiners are at work on the bank and expect to have it re-organized so that it can re-open shortly, he said.

Two Banks Close Doors at Ranger: Ranger, Texas, June 29.—The Guaranty State Bank of this place failed to open its doors for business this morning and the Farmers and Merchants State Bank closed at 11 o'clock. Both are believed to be closed temporarily only and the officials each said they were solvent.

The closing of the Merchants and Farmers Bank followed a sudden demand of depositors for their money, the first two hours today. A few hours after the doors were closed, it was said a large shipment of cash was received. Bank Examiner Sneed is in charge of both institutions. Plans were under consideration of re-opening the Farmers and Merchants Bank Saturday or early next week, it was declared.

The Farmers and Merchants State Bank absorbed the Texas Bank and Trust Company a few days ago.

Merchants have agreed to accept script against the deposits in the Guaranty State Bank, if the consent of the State Commissioner of Banking can be obtained to the plan.

NOTICE

The traffic laws of Lubbock are to be obeyed. This is final warning. Chas. Middleton, Chief of Police. 2-11

O. M. Rhea, of Lamesa, was here Friday of last week visiting and transacting business.

Mrs. Otis Copeland was in the city Monday trading, and had us send the Avalanche to them at Ropesville, while they are staying on the ranch during school vacation time.

Mrs. T. R. Predeaux, of Brownfield, spent Monday of this week visiting with friends in Lubbock.

NOTICE OF ELECTION TO DETERMINE ADOPTION OF STOCK LAW.

Whereas, on the 13th day of June, A. D. 1921, at a regular term of the Commissioners' Court of Lubbock County, Texas, there came on for hearing and consideration by said court a certain petition signed by more than fifty freeholders of a certain subdivision of said county, hereinafter described by metes and bounds, addressed to said court and asking the said court to order an election to be held in said subdivision of said county for the purpose of enabling the freeholders of such subdivision to determine whether horses, mules, jacks, jennets and cattle, shall be permitted to run at large in the said subdivision of said Lubbock County, Texas; and whereas, after due consideration of the said petition and careful investigation of the signers thereto, the court reached the conclusion that the said petition was in proper legal form; that more than fifty of the persons whose names are signed thereto are freeholders in the said subdivision and qualified voters in Lubbock County and in the said subdivision under the Constitution and Laws of the State of Texas; that the said petition has been duly filed with the clerk of said court previous to the first day of this regular term thereof; and that this is the next regular term of this court after the filing of the said petition, and that the law governing such petitions has been fully complied with in every particular; and whereas, the said Court on the date above mentioned in due form made and caused to be entered upon the minutes thereof the following order:

"It is therefore considered and ordered by the Commissioners' Court of Lubbock County, Texas, that there be and is hereby ordered to be held an election in said subdivision of said Lubbock County, at all the voting places in said subdivision of said county herein designated, on the twenty-third day of July, A. D.

1921, for the purpose of enabling the freeholders of such subdivision, who are qualified voters therein, to determine whether horses, mules, jacks, jennets and cattle, shall be permitted to run at large in the said subdivision of said Lubbock County, which is here described by metes and bounds as follows, to-wit:

Beginning at the Northeast corner of said Lubbock County; thence West on the North boundary line of the said County to a point on said County line equidistant between the said Northeast corner of said county and the Northwest corner of said county, said point being the Northwest corner of Commissioner Precinct No. 3 of said county; thence South along the West boundary line of said Commissioner Precinct Number Three (3) to the North boundary line of the corporate limits of the City of Lubbock in said county; thence East along and with the said corporate line to the Northeast corner of the Sanders Addition to Lubbock; thence South with said corporate line along and with the East line of said Sanders Addition a distance of 1037 feet to point, said point being 165 feet north of the North base line of Survey No. 1, Block O; thence East parallel to and 165 feet north of said Survey line a distance of 2129.25 feet to point in the East base line of Survey No. 79; thence South at 145 feet the original corner of Surveys as follows: SW. No. 1, Block A, the NE corner of Survey No. 1, Block O, the Southeast corner of said Survey No. 79, and the NW corner of Survey No. 3, Block O, also the beginning call corner of the corporate limits of the City of Lubbock; thence continuing South and on the base line between Surveys No. 1 and No. 3, Block O, a distance of 470 feet to the Northwest corner of Block 18, of the Wheelock Addition; thence East along the North line of said Block 18 a distance of 825 feet to the Northeast corner of said Block 18; thence South along the East line of said Wheelock Addition a distance of 3696 feet to the Northeast corner of Block No. 4 of the said Wheelock Addition; thence East 375 feet to a point that is 1200 feet East of the base line of Survey No. 5; thence South 3696 feet parallel to and 1200 feet distance East of said West line of Survey No. 5 to a point in the East and West center line of said Section 5, Block O; thence West on said center line at

The Miracle of Restoring Old Clothes

By what miracle are soiled garments, shiny, spotted and wrinkled returned from the dry cleaner's as fresh, as clean and as full of life as when new?

Really, there's no miracle about it all—just sound, common sense, scientifically designed cleansing equipment, and expert, conscientious care.

After careful inspection, which may bring forth all manner of forgotten things from pocket hiding places, the garment you send to us is gently revolved in a machine which sifts from the fabric most of the loose dust and street dirt. All the while a current of pure, warm air plays through the cloth, drying it thoroughly.

This drying is all-important—a single moist spot would interfere with the process which follows. This consists of a bath in a suds of refined gasoline or benzol, soft as fresh-fallen rain-water, and a specially prepared, mild soap. This

rich, creamy lather is forced through and through the fabric by a gentle churning movement in a revolving cylinder which is perfectly smooth.

Then, after a whirl in a centrifugal machine which extracts the suds and the soil with it, the garment is rinsed in pure, refined benzene. Another spin in the centrifugal leaves the garment almost dry and ready for its final visit to the drying tumbler, where the last atom of moisture, and odor, too, is blown away by a breeze of heated air. This also raises the pile, loosens the fabric, and restores its original springiness and lively vitality.

Then, of course, everything's carefully pressed—buttons are sewed on—little repairs are attended to.

That's the "Miracle"—may we demonstrate for you? It will add to the good looks and long life of every suit and dress. A word will bring our driver.

Lubbock Tailoring Co.

Raising Of Hogs Proves Good Investment By Those Who Have Engaged In The Business With Good Animals To Work With

The past few years have served to prove beyond a shadow of a doubt that the production of livestock is the most important and profitable phase of farming. Not only is this true, but it is now a universally accepted fact that admits no argument. It can be said to the credit of the intelligence of the American farmer that once convinced of the advantages of livestock as a means to increase the revenue derived from his farm and to increase the fertility of the soil, he undertook the increased production of livestock and the results have been such that farming without livestock is a situation that will never again be known to the world of agriculture. Livestock is permanent on every farm and it can be truthfully said that farming cannot be profitably conducted without the production of livestock in connection with farming operations. In nearly every farming community the farmers who have accumulated wealth and who are the forces behind the real accomplishments of the community are livestock farmers.

In an analysis of what constitutes livestock on American farms we are told by figures officially compiled that nearly fifty per cent of the total value of the meat and meat products slaughtered in the packing houses of the United States is derived from the hog. We can present no more telling argument to the American farmer,

in our effort to encourage the raising of more and better hogs than these simple figures. The fact that fifty per cent of the meat products of the United States is produced by the hog, should be sufficient reason to induce all farmers, not heretofore raising hogs, to begin the production of pork.

The hog is primarily the most profitable animal on any farm. No other farm animal matures as rapidly, reproduces as quickly and in as great numbers, as requires as small an initial investment. The capital, labor and equipment necessary to engage in raising hogs is so small that it is within the means of every farmer to be a producer continuous and sure, which insures the farmer the use of ready money at all times of the year. Growing hogs thus earn quick interest on the principal and enable the hog grower to realize on the principal which can be re-invested. In other words, money invested in hogs is subject to "quick turnover" and is not indefinitely "tied up." The banker readily appreciates the financial advisability of growing hogs and investigation will show that the pork producer is generally regarded by bankers as a safe risk and is always given bank accommodations. Why is this true? Because the production of pork is profitable and is a forerunner of success and financial independence. Hogs on any farm mean diversified crops, increased soil fertility and increased production, which is a natural consequence of the first two.

The hog is an economical feeder. There is no farm animal that will make greater gains in a given period of time on the same amount of feed than the hog. In other words, the hog makes the most meat in the shortest time with a minimum feed expense. There is no farm product that the hog does not eat and his position as the champion consumer of farm by-products has never been assailed. The hog likewise, makes the very best possible use of the pasture, turning into high priced pork, alfalfa, rape, wheat, oats, clover and most

any native grasses in connection with other feeds. Hogs cannot be profitably raised on pastures alone, no more than they can be profitably raised on corn or other grain alone but good pasture is often all that is needed to make a balanced ration and in all cases greatly cheapens the cost of producing pork. It should be said that even the best pasture plus good corn is not a properly balanced ration for young stock that is being grown out and developed for breeding animals. Such stock should have other feeds that will grow bone, muscle and internal organs and that will stimulate growth and development. Without protein feeds no animal can make growth, much less produce pork at a profit. Hogs that have access to good pasture will invariably do better than hogs confined to close pens. By grazing, hogs secure roots, herbs and sometimes mineral matter that their systems demand, and that they would not otherwise get.

AN INTERESTING BATCH OF NEW HOPE NEWS

We are having some pretty weather and farmers are very busy, while some are up with their work.

Mr. Virgil Cowart and Miss Onita Pate stole a march on their friends Sunday, June 26, when they drove to Lubbock and were quietly married.

Mr. and Mrs. S. P. Eoff and daughter Vinetta, and Mr. J. L. Floyd were Lubbock visitors Tuesday.

Mrs. J. C. McDole was reported on the sick list the latter part of last week. We hope for her early recovery.

Mr. and Mrs. S. D. Pate and children, Carlos and Aleene, and Mrs. Wittingham, were in town Tuesday afternoon.

We are glad to report Miss Vinetta Eoff much improved with her jaw, but is still in a very bad condition.

Mr. and Mrs. L. C. Boyd were in town Tuesday.

Mrs. J. L. Floyd and little son James Cyril, and Mr. S. P. Eoff, Mrs. Floyd's father, were business visitors in Lubbock Friday.

Miss Blanche Emms and cousin, Miss Laura Gay Allen, visited Miss Bessie Smith, of Lubbock, Sunday.

Mr. S. D. Pate and sons, Orlander and Ewell, were in town Saturday.

Messrs. Calvin Eoff and Clarence Emms, were Lubbock visitors Sunday evening.

Mr. Ealy Eoff left Monday afternoon for Plainview, to work with a threshing crew.

Misses Veda, Ettie and Lorena McDole are hoeing corn for Mr. A. Emms this week.

A singing was held at the home of Mr. and Mrs. Cromer Sunday night. All present report an excellent time.

Mrs. M. Rhoades and S. C. Bourland went to town Friday morning in an "awful big hurry," and it was some time in the afternoon before they returned home. Their excuse was that the car had to be taken to the garage to have the batteries worked over.

Mr. J. C. McDole was in town Saturday.

The little son of Mr. and Mrs. Walls, who underwent an operation at a Lubbock sanitarium last Monday, died the following morning. The body was taken to the home of his uncle, Mr. Putty, where services were conducted and the remains laid to rest in the Lubbock Cemetery Tuesday afternoon in the presence of a few friends. The bereaved parents and other relatives have our sympathy in this sad hour.

Mr. S. D. Stewart has been having some trouble in getting his wheat and oats cut. It seems as though

his binder doesn't like that kind of work.

A party and family, of Lubbock, started to Joe Stokes schoolhouse Sunday afternoon to the singing. They started to cross the lake near the Rhodes home and got stuck in the ditch. He was compelled to return to Lubbock to get help, as everyone along the road seemed to be off on a visit.

Mr. S. C. Bourland had the misfortune of being thrown from a horse one day last week. We are glad to report that he was not injured very badly.

Mr. Ealy Eoff visited the Barber home in the Wilson community, Sunday.

Mr. M. Rhoades was in town Monday afternoon.

Mr. Calvin Eoff returned home Monday night from Plainview, where he attended a picnic.

BABY DRINKS FLY POISON; LIVES ONLY FIVE HOURS

Little Ruth Sullivan, one-year-old daughter of Mr. and Mrs. W. T. Sullivan, one mile south of town, died Saturday evening after swallowing some Daisy Fly Killer about two o'clock in the afternoon.

According to the attending physician, the parents had removed the poison from the regular container and put it into an ordinary open pan, and placing the pan under a fly trap in easy reach of the baby they went to the field to work. On returning they found the child very ill, and about eight o'clock death came. The body was laid to rest in the Lubbock Cemetery.

FROM THE CROSBYTON REVIEW OF LAST WEEK

One of the most remarkable city elections we ever heard of—remarkable for its unanimity of sentiment—was recorded here Monday when

the sovereign voters of Crosbyton gave authority to the City Commission to issue bonds in the sum of \$10,000 for the purpose of establishing an electric light plant in conjunction with Mr. Guy, of the Cap Rock Jersey Farm. The vote stood 162 for the issuance of the bonds to none against—the very thing the Review had expressed the hope that would occur.

Mrs. J. W. Martin and little daughter Cella May, left Tuesday morning for Lubbock, where they will spend

Monday and Tuesday R. & R. THEATRE

The greatest of all stories, "Black Beauty," has been made into a big spectacular film. All the atmosphere and simplicity of Anna Sewall's famous narrative has been preserved and in addition an inside story has been written by Lillian and George Randolph Chester. SEVENTEEN MODERN WOODMEN ACCEPT NEW MEMBERS

The Modern Woodmen of this city held a meeting the 24th of this month, at which they accepted seventeen new members. Preparation is now being made for an annual round-up here August 19, and on this date these new members will be initiated. According to H. D. Phillips, this will be quite an event as they have arranged for various kinds of entertainment, and members from all over the country are invited to attend.

NEW WHEAT MOVING RAPIDLY TO THE MARKET

Yesterday was a big day at the Plainview Exchange. Fifty-two cars of wheat were inspected by J. B. Wallace, grain inspector. This gives a total of 415 cars inspected during the month of June.

Twenty-five cars were loaded yesterday, June 30, showing that wheat is on the move. The yield is much better than expected and threshing in some of the fields is going on with the harvesting.

The greatest difficulty the farmers say, is in getting hands. One farmer was heard to say this morning that he has had hands to quit in the middle of the afternoon when the need was the greatest. This too at the rate of \$3.00 a day and plenty of good chuck. And still men are out of jobs.—Plainview News.

R. E. Duncan, of near Dalhart, was here the latter part of last week looking for pasture for 500 head of three-year-old steers.

LOCALS AROUND SLIDE DURING THE PAST WEEK

We are having some very hot weather here of late.

Mr. Joe Reiger and Mr. Haden Bateman and wife, went to town Monday, returning home Tuesday.

Misses Emma Harriet and Frankie Hefner, visited Mrs. C. L. Reiger, Tuesday evening.

Two of Mr. Jim Mabray's grandchildren, from Abilene, are here visiting him for a few weeks.

Leonard Davis was over at the New Home store last Thursday.

Misses Emma Harriet and Frankie Hefner, visited, at the Myatt home, near Slaton, last Thursday.

Mr. J. E. Hubbard, and Mrs. C. A. Hubbard and niece, were in Lubbock on business Thursday morning.

Mr. J. C. Stanford and son L. D., took several loads of wool to Lubbock the latter part of last week.

Mr. J. C. Stanford and family were in town last Friday.

Messrs. Loy and Mitchell Crouch, and Leonard Davis left Friday morning for the harvest fields.

Mrs. S. M. Deek, of Seymour, is here visiting her daughter, Mrs. Lonnie Williams. She is also visiting relatives at Lubbock while in this section.

The Magnolia Oil Company delivered a load of gas and oil out at Slide Friday.

Misses Wonna and Villa Davis, Herschel and Leonard Davis, Clarence Barton and R. A. Wisener, attended the ice cream supper at Mr. Terry's last Thursday night.

Mr. C. L. Hale and family returned home last Thursday, after visiting relatives at Cone for the past few weeks.

Mrs. Edd Schroeder spent last Thursday night with her mother, Mrs. B. T. Sumner.

Mr. Rom Wisener's niece, from east Texas, came in last Saturday to visit him for a few weeks.

Several from this community attended the singing at Joe Stokes last Sunday. Everybody reported a good singing, and plenty of dinner for everybody.

Mr. C. L. Reiger and family, and Joe Bailey Reiger, went to town last Sunday night to see their mother, who is reported real sick.

Several from this community were transacting business matters in Lubbock Saturday.

Mr. Edd Schroeder and family, spent last Sunday at the B. F. Sumner home.

Mr. C. L. Hale and family went to Lorenzo late Sunday afternoon to visit relatives.

Mr. Fritz Speckman and family, from Lynn County, were at the store Saturday.

Clarence Barton left the first of this week for the harvest fields.

Mr. J. C. Stanford left the latter part of last week for Liberty Hill, to attend a family reunion.

Mrs. Edd Schroeder and father, B. T. Sumner, were in town Monday afternoon.

We Cater to Ice Cream Trade

Have you tried the Manhattan's special own manufactured cream? It is pronounced by many as the most delicious cream in Lubbock today.

Come by before going home and purchase a carton for lunch of the desired flavor and see for yourself how good our Ice Cream is.

Build a Home!

It never was as important that a man own his home as it is at the present time. There is many a person who would have stayed located if he had of owned his home during hard times which if he had he would have been in much better shape. A rolling stone gathers little moss and a man owning a home roams very little. There are many arguments in favor and none against owning your own home. Do all you can to build one!

ITEMS FROM THE LORENZO ENTERPRISE OF LAST WEEK

The one year old infant of Mr. and Mrs. R. Y. Phillips, living about five miles northeast of town, died last Wednesday afternoon of blood poisoning. The baby was badly burned on the right arm and left hand recently and later blood poison set up which caused its death in only a few hours. Funeral services were held at the Lorenzo Cemetery Thursday afternoon at three o'clock, Rev. W. R. Underwood, pastor of the Baptist church, officiating. Interment was made immediately following. The parents have lived here only about a year, coming here from the eastern part of the state. The Enterprise extends heartfelt sympathy to them in this hour of bereavement.

There is no loafing around Lorenzo now. Everybody is busy in the wheat fields and more hands could be used if they could be obtained. Everywhere the harvest is in full swing and the wheat is making more than was expected. With the pretty weather we have been having for the past week or two, the harvest has opened wider and will continue in the present pace until the last load has been brought to town. From the time that the harvest opened, week before last, until Thursday morning there had been 28 cars of wheat shipped from Lorenzo by the four different concerns. The average number cars shipped from here per day is between 4 and 6 and at the present rate the wheat is pouring into this market, the average will be steadily increased until the end of the harvest. Besides the number of cars of wheat that have been shipped out this month there is enough grain in the warehouse and elevators to load ten or twelve cars.

MAN LIVES 13 DAYS WITH 2 BULLETS IN BRAIN

Henry Payne died at a local sanitarium last Friday from the result of two 22-calibre bullets in his brain, living for thirteen days in this condition. Payne attempted to end his life the 18th day of June, after going to the home of his brother and finding no one there. A brother of the deceased states that up until a few hours of the tragedy he was apparently normal, with the exception of a constant worry over a great deal of sickness in his family. The wounded man, though in a critical condition, was conscious until a few hours before his death. He is survived by a wife and baby, and two brothers. The body was interred at Lone Oak, Texas.

CORPUS CHRISTI FARMERS WILL PAY PICKERS 50 CENTS

Corpus Christi, July 1.—Fifty cents a hundred pounds probably will be the price paid by Nueces County farmers this year for cotton picking. This is one-third of the opening rate last year, when farmers paid \$1.50 a hundred. Some paid even as high as \$4 a hundred to get

DOES IT RAIN FROGS, OR DO THEY JUST HAPPEN? IS A QUESTION THAT PANHANDLERS DISAGREE ON

Panhandle, July 5.—A shower of frogs numbering millions was rained down here Tuesday night. That is, a large percentage of the people here declare the frogs rained down, while others maintain they reached the town in some other way.

At any rate an army of frogs appeared following the rain. When Panhandle people awoke Tuesday

"What's the idea of calling this new coffee of yours, Gold Plume?"

A pretty, well dressed young lady asked me this as she was calling off her grocery list.

"Well," I said to her, "Isn't that plume on your hat the highest part of your hat?"

"Yes, I suppose it is—but what's that got to do with this coffee?"

"That's the way with Gold Plume Coffee—its the highest thing in town in the way of coffee, when it comes to quality and flavor."

"As to the 'Gold' part—isn't it gold that makes us rich?"

"Well, I can say this—there isn't a richer flavored coffee in town than Gold Plume."

"You win," she said. "It's well named. Just for that I'll take two pounds."

Travis Grocery

OVER the COFFEE CUP

morning the hopping, jumping visitors were everywhere. They were here at 5 o'clock and by 10 o'clock all were gone with the exception of those whose hops were too short to keep up with the procession. In size they were as large as the end of the thumb and as small as the tip of the little finger.

The hordes of hopping visitors left toward the south. While the bulk of the strange visitors were passing through, hundreds were run over, and killed by automobiles. So thick were the frogs that one could not step out on the street with mashing numbers of them. Every street and alley was filled with frogs. When a building stood in their path, they did not attempt to jump over but hopped around and kept on their general course.

Life's old question "Whence and Whither" is revived by the sudden visit and as sudden departure of frogs in Panhandle. Women as well as men disagree on the origin and destiny of the frogs. Women are divided about 50-50 on the theory that they fell from the clouds while two out of five men maintain they were young toads hatched simultaneously from eggs deposited in the ground.

The sky theorists claim the embryonic polywogs were attracted from their earth abode by the sun to fall on earth in the form of young frogs. That there are no lakes or other bodies of water near Panhandle daunts them not, for they say the eggs may have been originally deposited in Lake Champlain or the Caribbean Sea. Once drawn into the air they were carried by the breeze to the vicinity of Panhandle and fell with the rain. Others say the warm rains had nothing to do with the frogs' visitation further than to bring about the hatching of million of eggs at the same time and that the procession moving through the town was nothing more than a gratification of the migratory nature

of the hoppers soon as they were old enough to travel.

Anyway the frogs have come and gone with the exception of a few stragglers. They left no damage in their wake but a decided indifference among the people as to where they came from and where they went.

LITTLEFIELD ATE BARBECUE MEAT WITHOUT BREAD SAT.

A large crowd from the surrounding county attended an old-time barbecue at Littlefield Saturday. 2,000 pounds of meat was properly prepared but the bread failed to arrive due to a break down, and the good natured crowd feasted on meat, pickles and coffee. The steer riding was possibly the best ever witnessed on the Plains. All contests, including foot races, roping, branding calves and bronco busting were excellent. The baseball game between the local team and Brownfield resulted in a score of 12 to 11, in favor of the visitors.

BIG TENT SHOW

On Monday, July 18th, the famous Copeland Brothers' Big Tent Show will start a week's engagement in Lubbock, presenting a repertoire of high class comedy dramas with high class vaudeville.

This company has toured the Southwest annually for the past twenty years and the consensus of opinion every where is the same. Always a clean, moral, high class show catering to the better class of ladies and gentlemen. The principal feature among the vaudeville acts in the Four Copelands, Harmony Quartette, and Zente the Jailbreaker, the man who defies locks and bars.

The repertoire of plays to be offered during the engagement is above the average. On Monday, the opening play will be the well known home play, "The Tie That Binds"—a story of the little mother. Don't forget the date, Monday, July 18th. 2-1t

H. J. Rix returned Wednesday evening from a business trip to Lubbock. In speaking of good roads H. L. states he will put up the Howard county road to Lamesa against any between here and Amarillo. He states our roads are built on the right principle, having good drainage, and dragged at the right time, are the equal of any roads any one could desire. It's a pleasure to drive over this road.—Big Spring Herald.

BADGER LAKE NEW ITEMS OF THE PAST WEEK

The people are still busy fighting "General Green." Some few are not through planting, others are about through cultivating. Some are cutting hay, while others are swinging the hoe. Altogether we are a very busy bunch at the present writing.

Messrs. Tomilson, Sawson and Carr went plum hunting the first of this week.

Mr. and Mrs. Guy Myers visited with Mr. and Mrs. John Schroeder, of Monroe, Saturday night.

Cupid it seems, is never idle. He is always shooting his darts at some one. His latest "victims" in these parts are Mr. Gibbs Fred and Miss Zelma Grice, who were married Sunday. Mr. Fred is a popular young man of our settlement and Miss Zelma is well known and loved by all our people. She has lived in our midst for nearly two years. We wish for them many years of wedded bliss.

Miss Breedlove, of Lubbock, is visiting her parents this week.

Mr. and Mrs. Earnest Jones, of Center, were callers in our midst Sunday afternoon.

Grandma Bird, who has been visiting in Coleman for two or three months, has returned home. She reports crops good in that part of the state.

Mr. and Mrs. E. D. Cathey and daughter Jewell, and Mr. and Mrs. E. A. Abney, were callers in the Kendall home Sunday afternoon.

Mr. Dave Carr's mules became frightened and ran away with his cultivator one day last week. They tore down some good fences and damaged his cultivator quite a bit, but fortunately no one was hurt.

Mr. Tommie Flanagan has gone to the harvest.

Mrs. Breedlove and daughter, called on Mrs. Gilliland one day last week.

Oral Cathey visited Iora Tomlinson Sunday evening.

Mr. Edgar Abney, of Center, has been helping E. A. Abney and Fred

Ray harvest their hay, for the past few days.

Mr. and Mrs. Guy McNeely were visitors at the Kandall home last Monday.

METHODIST SUNDAY SCHOOL IS TO HAVE PICNIC FRIDAY

The Methodist Sunday School has everything cocked and primed for a big picnic tomorrow, Friday, and if nothing prevents it will be the biggest picnic affair that any Sunday School in the West has pulled off. The Methodist membership is nearly a thousand and the Sunday School enrollment is close to nine hundred, and from what we can hear they are all going to be there, and a program which will cover the entire day will be put on. The picnic will be in the Fair Park, and the entertainment committee has not left anything undone to furnish amusement for old and young during the day.

There will be swings and see-saws for the little folks and plenty of comfortable seats for the grown-ups. There will be foot races, ball games, etc., for the amusement of all. The big feature game will be played at five o'clock in a matched game between the fats and the leans of the Sunday school, and this alone will be worth going to see. The public is invited to see this game and there will be no gate fees. You are welcome to see it and it will be absolutely called at five o'clock, rain or shine. Everybody in the city is invited to the game, and while it is a Methodist Sunday School picnic, if any one else wishes to participate bring along a big basket of eats and all the children you can bring and have a big time.

WANTED

HARVESTERS to buy their work clothes from L. E. HUNT & CO. 2-11

J. A. Rix and family, and Mrs. H. H. Griffith, will leave for Big Spring Saturday, to spend a few days visiting with relatives.

J. W. GRAVES IS BUILDING WAREHOUSE ON TRACK

Contractor J. B. Durham has recently started a frame and sheet metal warehouse 30x140, which will be occupied by the owner, J. W. Graves. Mr. Graves stated that he will equip the building with a seed grader and cleaner that will be used by the public. The building is also back to the railroad track so that grain can be handled in carload lots. The building will be completed by August 15.

W. A. BACON AND FAMILY NOW STOPPING IN COLORADO

A letter to the Avalanche from W. A. Bacon and family states that they arrived in Colorado Springs, Colorado, and will remain there for the remainder of the summer. Mr. Bacon says the roads were good and the trip was pleasant, and they are enjoying themselves very much, which is good news to their many friends in Lubbock.

Mrs. Della Justice, of Justiceburg, niece of Mrs. J. E. Henderson, is here with her little son, who recently underwent an operation at a local sanitarium. The little fellow is getting along nicely we understand, and will likely be able to return home in the very near future.

NEW GARAGE OPENED ON WEST BROADWAY

A new garage has opened in the old Sansom Furniture Co. building on Broadway and will be under the management of Pete Posey and Red, the Mechanic. Both are well known and need no introduction to the Lubbock people. These young men state that they are "introducing new ideas about service in regard to repairing automobiles" and they are wanting the patronage of those who have been disappointed at other places.

In connection with this new business, Messrs. Johnson and Penney will operate a market for used cars. They want to buy, sell or trade and if you are in the market see these men. A filling station where you can get oils and gas for your car is also run in connection with the new garage.

G. L. BEATTY HITS TENANT ON HEAD WITH EAR TRUMPET

In Justice Court this morning when Judge G. L. Beatty was suing Mr. Pond and trying to eject him from one of his houses, Mr. Beatty became so vexed that he hit the tenant over the head with his ear trumpet, which resembles a large policeman's "billy" to some extent. Mr. Pond defended himself in the case, Judge Beatty doing likewise, and when Pond was pleading his side to the jury business picked up for a few minutes. It was stated by those who saw the trouble that Pond made no attempt to hit the Judge, owing to his age and hard of hearing. The trouble came up over a settlement in rent, and the Pond family who have a sick child, were unable to move. Judge Beatty was fined for contempt of court, but the fine was remitted after some little argument.

THE COVA IS OPEN!

Lubbock's newest hotel; located delightfully in the most exclusive district of the City, away from the noise and dust of heavy traffic, near to the best retail section and in close proximity to postoffice, is attracting those of fastidious taste and economical virtues.

Everything new, clean, spic and span, and service comparative to only the finest. Cool rooms with hot and cold water, each bed equipped with Sealy Mattresses and everything necessary for the comfort of guests make the COVA an oasis for rest and relief from the monotony of traveling. Rates \$3.00 per day, American plan.

1208 West Broadway Near Lubbock Sanitarium Lubbock, Texas

BARRIER BROS.

Where they handle "GOODS THAT SPEAK FOR THEMSELVES" were the ones who furnished the NEW COVA with its opening bill of bed linens, towels, draperies, etc., complete. This speaks for their ability to sell the biggest institutions. This is the usual thing for them for the people have learned to rely on them for their needs whether large or small.

ROPEVILLE ITEMS OF THE PAST WEEK

Mr. Caldwell, of Lubbock, has bought Mr. Evan's store at this place. We are sorry to give Mr. Evans up as storekeeper, as he has made a good one, but we welcome Mr. Caldwell and family. We understand he will take possession of the store the 15th.

Brother Sowell has written that he will be here to hold a protracted meeting, to commence the last Sunday in July. Mr. Sowell is an earnest speaker. He holds his hearers enthralled until the close of his sermons. He is on his way from California to New Mexico, to hold a series of meetings there and from there to this place. Everybody is invited to come out and hear him. Prof. Teague has charge of the choir services.

Mrs. Fields, from Strawn, Texas, is visiting her sister, Mrs. George Barton.

Misses Dona, Hazel and Mabel Millsap, Florence and Verner Carter, spent Sunday at the Jim Stroud home.

Mrs. Swofford and children, have gone out to their farm to stay for several weeks.

Bud Carter, Edgar Timmons, Sam Branch, King Ardis and Claude Branch attended the picnic at Littlefield Saturday.

Prof. C. E. Teague came down from the Canyon Normal Saturday, and visited his family. He returned Monday.

Mr. D. P. Dopson spent a few days with home folks the latter part of last week. He returned to Canyon Monday.

Mr. and Mrs. Jim Stroud were trading at the store Saturday.

Mr. Whitehorn keeps ice at the restaurant now. Any one can have iced tea or ice cream when ever wanted.

Mr. Hands has moved his family to the oil fields.

Ropesville keeps building. One house was moved from the Jarrott ranch this week. Bennett Stanford will occupy this house. There is in course of construction a nice house for Mr. Caldwell, of Lubbock. He will move to this place soon as completed. We have been informed that there will be several built before the commencement of school.

Mr. and Mrs. George Barton and Mrs. Fields visited Mr. Barton's brother and family, in Brownfield Sunday.

Crops are looking fine in this neighborhood, and most all of the farmers have about caught up with their work at present.

Brother Heath will fill his regular appointment at this place Sunday evening and night. There will be a barbeque after the evening service.

Sam Branch has moved back to his farm and sold his place to Mr. Bondurant.

Miss Hazel Swofford came in from the farm and visited Mrs. V. Ater a few days this week.

The Spade hands were branding calves at the ranch last week.

WANTED

HARVESTERS to buy their work clothes from L. E. HUNT & CO. 2-11

J. A. Rix, of the Rix Furniture and Undertaking Company, made a business trip to Brownfield and Tahoka, this morning.

ACUFF NEWS ITEMS OF THE PAST WEEK

The farmers are very busy now trying to get their crops clean during this pretty weather. The weeds are surely growing, as well as the crops.

Douglas Pounds is having his wheat cut today.

Jesse Bloyd returned from De Leon, Texas, this morning, where he has been visiting friends and relatives for a week. He reports crops fairly good down here, considering the dry weather.

A good crowd attended the Baptist services at Acuff Sunday afternoon.

L. S., and E. O. Evitt had their wheat threshed last week.

Mrs. Carroll's mother, Mrs. Broton of Anderson county, came in Monday morning and will visit her for some time. Mrs. Carroll's sister, also came for a visit.

D. Pounds helped to barbeque the beef used for the Idalou picnic.

Ashley Davis and Elmer Rush were Idalou visitors Saturday afternoon.

Several of the Acuff people were in Lubbock Saturday evening.

Mrs. Merlin Gunn underwent an operation at one of the local sanitariums last week. We hope that she will soon be up and gain strength rapidly.

Messrs. and Mesdames L. S. and E. O. Evitt, and J. M. Bloyd, attended church at Bledsoe Sunday morning and listened to a fine discourse rendered by Brother Charley Watkins.

Mrs. W. D. Davis visited her daughter, Mrs. L. S. Evitt, Thursday and Friday.

Herley Lee has him a position in Flainview now.

Everyone remember the fourth Sunday afternoon is singing afternoon at Acuff. Mr. Dyeas has promised to be with us and we want a good crowd and expect a good time. Everyone is invited.

Ashley Davis had one of the Courtney boys plowing for him last week.

A. M. Evitt and family, attended church services at Bledsoe Sunday morning.

Velma and Zeldia McInroe visited Ila and Beulah Eubank of Idalou, Sunday night and Monday.

Urney Evitt spent Saturday night with Lois Evitt.

Mrs. Steele, of Lubbock, visited Mrs. Herman Sunday.

Davis Pounds spent Saturday night with R. G. Russ, Jr.

Mrs. Orley Rush spent Sunday night with Mrs. G. C. Davis, as Orley was helping barbeque the beef.

Everyone from Acuff attended the picnic at Idalou and reported a very pleasant time.

The little showers of Tuesday were very refreshing, and will help the crops, as well as weeds.

HARVESTERS

John and Roy McElroy, sons of E. McElroy of this city, left last Sunday for the mountains in New Mexico. Mr. McElroy says they will be in the mountains for about a month.

FOR SALE

Work clothes for harvesters. L. E. HUNT & CO. 2-11

A SERIES OF SHORT ARTICLES ABOUT THE EYES

It is with pleasure that we present to our readers herewith the first of a series of six articles on "your eyes." These articles are written by a competent eyesight authority and in them the author has attempted to present scientific facts in an easily read and easily understood manner. The vision of our people merits all the care that we can bestow upon it and we believe that a careful reading of all of these articles will be of great benefit. That the importance

of this subject is being recognized is shown by the fact that some of the leading Medical, Optometric, and Engineering authorities of the Nation have organized the Eyesight Conservation Council Inc., of America, which has for its sole purpose the protecting and saving of eyesight.

YOUR EYES

When you say, "I saw this" or "I will see that," have you any idea how complex an operation you are describing in a few simple words? Of all the wonders of science none is more wonderful than the human eye or the God given sense of sight. The finest camera can take only one picture on its plate or film and then the usefulness of that negative is over. The movie camera takes a number of pictures on different parts of the film rapidly revolving behind its lens.

The human eye is a wonderful living camera that is constantly picturing many various objects. It does this with uncanny rapidity and furthermore shows objects in their natural colors. It adapts itself for various distances and moves with in-

Equipped to Serve You Right

The equipment of this drug store is such that cleanliness is not a problem; the stock is always equal to the demands and handled so that it is always fresh. No matter what you might want in line with the stock of a modern drug store you can get it at this store. In fact we offer you the very best drug service available.

Dodson's Liver Tone

Killing Calomel Sale

Don't sicken or sallow yourself or paralyze your sensitive liver by taking calomel which is quicksilyer. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

We can prove it with a dozen New EDISONS

We did prove it—absolutely and conclusively,—with a single New Edison. You know we did,—from the results of the test made recently at the Methodist Church, when Helen Davis and Sibyl Sanderson Fagan, compared their singing and whistling with its RECREATION by the New Edison.

We can prove it again,—with any other Official Laboratory Model in our store.

The recent marvelous exhibition was not the achievement of a special New Edison. It was simply a regular performance for any Official Laboratory Model.

The NEW EDISON

"The Phonograph With a Soul"

Buy one of these Official Laboratory Models on our easy payment Budget Plan. Then you have the one phonograph that sustains the one vital phonograph test. Then you have music so perfectly RE-CREATED that you feel that you are listening to living artists.

We guarantee that any Official Laboratory Model, which you select from our stock, will do everything which was done by the instrument used in the test.

Rix Furniture & Undertaking Company

"The House of Satisfaction" Big Spring and Lubbock

Just a Few Left
Every one who selects his Official Laboratory Model now, receives one of these handsomely engraved documents, which certifies, over the signatures, of Helen Davis and Sibyl Sanderson Fagan, that such instrument is the equal, in every respect, of the instrument used in their test. The artists have personally inspected all the Official Laboratory Models in our store.

BARCLAY & DeSHAZO, Reliable Grocers

Merrill Hotel Block

Lubbock, Texas.

finite swiftness and matchless silence.

Sometimes the eyes fail to function perfectly and then bad vision and eye-strain result. When this happens many people pick up a pair of glasses at random from the ten-cent counter or use a pair that happens to be laying around the house. This is bad judgment, to say the least, and often subjects the wearer of these glasses to much eye-strain and discomfort.

What then should be done? Why if you are sick you should see a doctor, if your teeth give trouble you should consult a dentist, so if your eyes are not seeing perfectly you should lose no time in seeking the services of a man or woman who makes a speciality of examining eyes and correcting defects that may exist by perfectly fitted glasses. Such a specialist is known as an Optometrist. In 47 of our states all of those who practice optometry must show a State Board of Examiners, that they are competent to do so, and it is hoped that Texas will soon enact such a law, that when our citizens need glasses they will be sure to get proper ones.

HOUSTON LAND BANK TO GET \$3,000,000 UNDER BILL

Houston, Texas, June 29.—The Houston Land Bank will probably get in the neighborhood of \$3,000,000 of the \$31,000,000 made available by the passage recently of a bill in congress appropriating \$25,000,000 for credit extension by the Treasury Department, it was learned here today.

This money is to be used by the local bank in carrying out its policies adopted several weeks ago of taking care of overdue notes and other distress loans.

Since the Houston bank resumed operations, following the decision of the Supreme Court declaring the Federal Land Bank act constitutional, the local institution has loaned approximately \$1,400,000, most of which was the nature of distress loans. Applications for about two-

thirds of these loans had been on file since the loan department was forced to close, awaiting the decision of the Supreme Court.

Since the bank in Houston was opened in 1917 it has loaned about \$42,000,000.

ACCEPTS CALL PASTORATE SLATON BAPTIST CHURCH

Rev. Jno. P. Hardesty has tendered his resignation as pastor of the Baptist church at Lockney which was accepted Wednesday night. He and his family are leaving today for Slaton where Brother Hardesty has accepted the pastorate of the church at that place.

Brother Hardesty has been pastor of the Baptist church of Lockney some two years, and has endeared himself to the Lockney people for his faithful work along religious lines. The Beacon voices the sentiment of our entire citizenship in expressions of regret at losing Brother Hardesty and his most estimable family. Lockney's loss will be truly Slaton's gain.—Lockney Beacon.

Awake to the Needs

—Of the Times

—The Demand of the Times

Whether you want a washing machine, a hoe, rake, a piece of aluminumware, graniteware, garden hose, harness, collars, listers, tractor and tractor plows, electrical appliances, stoves—oil or coal, or any other article with which you can conceive of a first class hardware handling buy it from us. Why? From the beginning of the reconstruction period we have exerted tremendous effort by cautious buying to protect you. That means you will not be charged for mistakes that were preventable.

There is a feeling of justified pride when we state that the service of R. A. Rankin & Sons has been kept at the very top; that throughout the year our endeavor to come "through smiling" is being rewarded by a patronage wide-awake to conditions. No article of hardware can be bought to more advantage from anyone than from us. We do not claim to excel all others but we do claim that our hardware service is unexcelled.

Buy it from your local hardware merchant. He believes that quality is paramount in selling—experience has taught him that, experience has taught him to know articles of quality.

When you think of hardware, think of

There's Service in Vulcanizing

Automobilists are beginning to realize that a vulcanizing plant, doing honest work, is a source of economy and they are using this work as never before at the present time. No use to throw away tires or tubes—have them vulcanized and be sure that honest work is done on them.

CHILD TRAINING AT HOME

By Dorothy Canfield Fisher, Author of Understood Betsy, The Brimming Cup.

How Big is a House?

The lecturer was describing and advocating modern, humane, and intelligent methods of dealing with young children. As he paused for an instant, a grim-faced woman rose up.

"Will you answer me one plain question?" she challenged him. "This shilly-shallying with children is all right at times, but there are times when nothing but a good spanking will do. What do you do when a child stamps his foot and says 'I won't do it!'"

The lecturer waited. The questioner added nothing to her question. "Do you call that a plain question?" he asked in an incredulous tone, as though he could not believe his ears.

"I certainly do," she said with satisfaction. "Well Madame," said the lecturer, "I will answer that plain question if you will answer one of mine. How big is a house?"

The woman stared. "That's not a plain question. What sort of a house?" "Aha!" said the lecturer, "you can't answer me till I have told you what sort of a house? Well, I can't answer you till you tell me what sort of a child."

"I don't see what that's got to do with it," said the woman, but somewhat taken aback.

"Well, here's a case. A little child of three, very nervous, sensitive, recently over an illness, has been on a long, hot railway journey. At the end, exhausted from lack of sleep, excited to the point of distraction by the noise, and a thousand fears he cannot explain, with a beginning of stomach trouble from the irregular meals, he is told by some one who does not understand little children to carry a satchel much too heavy for him. Perhaps you would expect a three-year-old to say, under such circumstances, 'I'm sorry, but I'm not feeling very well and it is really quite beyond my strength.' But I don't blame him a bit for stamping his foot and screaming. And certainly he does not deserve the same treatment as a loutish boy of fourteen who refuses to obey a reasonable request. And yet you expect some answer that will be the same for both those cases."

Every child is different from every other child, and only his mother is in a position to know how to take him. All sets of circumstances are different from all others and only those who know all about the case have any chance of guessing what is the right thing to do. You must do that most difficult of all things—think, and think hard, before you know what is the right thing to do. But before you begin to think, just remember that if a child stamps his foot and says "I won't," to you it is because you have brought him up wrong. When you see a dog that habitually snarls and shows his teeth, you do not say, "What a disagreeable nature that dog has." You say, "Heavens! what a brutal master the poor creature must have had."

Joe Boyd, who has been in a local sanitarium for the past three weeks, was able to go home last Friday, and states that he is feeling fine.

Why Worry?

In a very short time I have been able to fix defective plumbing. Maybe you have only a small job—one that causes you much worry and trouble—you ought to have it fixed.

When you get ready to have new plumbing put into your house, see me and let's get it in right at the start.

DEATHS

The Woman's Missionary Union enjoyed a social hour in the home of Mrs. B. P. Hopkins Monday afternoon. An interesting program and dainty refreshments were enjoyed by a large crowd.

Miss Robbie Turley, daughter of Mr. and Mrs. R. E. Turley, died at Austin, Texas, Sunday of this week after a lingering illness. The deceased was born September 14th, 1906, and died July 3, 1921. Funeral services were held at the Methodist Church Tuesday afternoon at three o'clock, conducted by Rev. J. T. Griswold, the pastor. Interment was made in the Lubbock Cemetery.

The five year old son of Mr. and Mrs. W. O. Burford, died at their home in Littlefield Wednesday. The body will be buried in that city today.

BRIGGS AND KARPEN FAMILIES ARE BACK FROM TRIP
Geo. W. Briggs and family, and W. S. Pengra, and R. E. Karper and family have recently returned from a two weeks' vacation in the mountains around Las Vegas, New Mexico, and report a very fine time. Mr. Briggs says it is fine place to go to spend a few days or longer, and they enjoyed the trip very much. He also says Karper is an extra ordinarily good trout fisher, which accounts for them having all the fish they cared for during their stay in the mountains.

STANTON FAMILY ENJOYING VISIT; WILL RETURN SOON
A letter from Mr. and Mrs. H. W. Stanton, who are visiting for a few weeks in their old home community, in Mt. Vernon, states that the time to return to Lubbock will not come any too soon for them. They are enjoying being with their old friends and neighbors, but the weather in that section is not as pleasant as the Plains, and therefore they are anxious to get back. They stated that the roads were very bad between here and there and that they had quite a time getting through in their big car. They will be gone possibly two weeks longer.

ABILENE BANKER HAD A GOOD TIME AT LUBBOCK
W. H. Free, cashier of the First State Bank of this city, returned Thursday morning from Lubbock, where he attended the sessions of the Panhandle Bankers Convention. Mr. Free reported a very successful convention and a large attendance of bankers from the Panhandle and other sections.

He stated Thursday that the wheat crop of the Panhandle will be a large one this season, and that the average yield will be around 10 to 12 bushels an acre and in some cases higher. Although the acreage is not as large as in previous years, the yield will be as large and in some cases greater, he said.—Abilene Reporter.

NOTICE OF SALE

Notice is hereby given that on the 2nd day of August, A. D. 1921, same being the First Tuesday in said month, I will offer and sell at public sale for cash, as provided by law, at the East Side Garage, in the City and County of Lubbock, Texas, one Hupmobile Automobile, Car No. 42361, Serial No. 155160, second hand auto, about 1914 model, to satisfy a lien against said automobile amounting to the sum of \$35.00, due to me by the unknown owner of said car for storage, and other charges due thereon to me, the undersigned.

WANTED
HARVESTERS to buy their work clothes from L. E. HUNT & CO. 2-1f

Walter E. Taylor, who has been spending a few weeks in California, visiting with his daughters, has returned home. He seems very happy to get back to Texas.

RECENT RAINS EXTEND OVER LARGE TERRITORY

Heavy rains throughout the country from Lubbock to Roswell, was reported in Lubbock Thursday morning by G. B. McWhorter, ranchman of the Tatum, New Mexico country, who passed through here enroute to Plainview on a short business visit. "Roads were in bad shape" says Mr. McWhorter, and "many cars were stuck in the mud Wednesday between Brownfield and Roswell." Grass was never better in the Eastern part of New Mexico, according to Mr. McWhorter, and cattle and crops are doing fine.

NOTICE

The traffic laws of Lubbock are to be obeyed. This is final warning. Chas. Middleton, Chief of Police. 2-1f

W. S. Pengra, father of Mrs. Geo. W. Briggs, who has been spending a few months here, with his daughter and family, left this week for Wisconsin, where he will spend a few months visiting with his daughter, Mrs. P. C. Foster.

Geo. W. Neal, of Brownfield, was in Lubbock Monday of this week, visiting and looking after business matters.

THE PANHANDLE FARMER
Has the reputation of being the most business-like farmer of any portion of the STATE. Investors are more impressed with that than anything else they find.

Let's use some of that business judgment and get that loan now and adjust the indebtedness against your land to where it will be easily handled.

I can make you the loan at a rate you can afford to pay and on terms you will like.

T. B. Duggan of this city, made a business trip to Littlefield Monday of this week.

R. D. Shaw, prominent merchant of Crosbyton, was in Lubbock today, attending to business matters.

The long hatred poet of olden days may not be entirely extinct, but it is a relief to know that he is ex-some thing or other.

For Health, for Comfort A SLEEPING PORCH

Did you ever camp out—sleep under canvas? Do you recall how good you felt—how invigorated—how refreshed?

You can camp out right at home—a sleeping porch doesn't cost much and next to the modern bath room, one of the best parts of a house.

Stuffy, ill ventilated bed rooms are the cause of most ill health—children especially should sleep in the pure air of the great outdoors.

The hot nights are coming, prepare for them.

It is a pleasure for us to help you plan this valuable improvement to your home. Build a sleeping porch and enjoy warm weather. We will cheerfully advise you about plan, material and cost.
