

CATES AND SMITH MAKE ESCAPE

EVERY INDICATION POINTS TO BIG ATTENDANCE AT THE FAIR

THE BIGGEST DISPLAY OF LIVESTOCK, POULTRY, AGRICULTURAL AND COMMERCIAL EXHIBITS EVER SEEN IN WEST TEXAS WILL BE SHOWN AT THE THREE DAYS FAIR NEXT WEEK—BIG ATTRACTIONS FOR EVERYBODY—OCTOBER 4-5-6.

"The Fair is Upon Us," says everybody connected with that great feature of Lubbock's year. The South Plains Fair will surpass anything ever attempted in this section before, and the thousands that will throng the Fair Grounds Tuesday, Wednesday and Thursday of next week will surpass by one hundred percent the best day of last year and the total number that pass thru the gates this year will be more than three times the number that attended last year's Fair.

Those are favorable predictions and like everything else in the world—there are two sides to the question. The problems of this Fair increase with the volume of exhibits and folks to be accommodated. A heavy force of carpenters have been on the job for the last ten days and a second force were put to work Thursday morning. There is much yet to be done—in fact the day the Fair opens there will still be much to be done. There has never been a Fair in the history of the world opened with everything in shape and ready to go. But things are in better shape today—a week ahead of the Fair than they were the day the Fair opened last year.

The Parade is First. The Fair opens with a Grand Parade this year. It is expected that more than 1,000 cars will take part in this mammoth demonstration. Brownfield, Tahoka, Sloton, Abernathy, all of the Rural Communities of the County, the Lubbock Schools, every bunch of folks in the South Plains Section are planning to take part in this parade. The line-up will be announced by posters Tuesday morning. Everybody is invited to take part in this Opening Parade, with your school and community colors, and attractively decorated cars, also it is hoped that no elaborate decorations will be attempted at great expense. It is an ineffective waste of money for the short time the cars are before the public.

Tuesday is Lubbock Day, and every store in the City is expected to close from twelve until four in the afternoon. This will give everyone time to get their lunch get in the Parade. By opening at four it will give all out of town folks time to do their shopping late in the afternoon or early in the forenoon. Racing Programme is Heavy. Present indications point to more than 50 running horses for the Fair. The Racing programme will be very large. Each day's programme will be announced by hand bills. A large number of major races will be supplemented by some novelty races that will include ponies and stunt races that will be of interest to the public. All races are free to the public after Entrance is paid into the Park. Fire Works Display Wednesday and Thursday Nights.

The most elaborate Fireworks Display ever attempted in West Texas is scheduled for Wednesday and Thursday nights. This display will be free to the public after general admission into the Fair Park. Last year the fireworks display was one of the most pleasing features of the Fair and the management has multiplied the program by four for this year—so the display will really reach the magnitude of magnificence. It starts at seventhirty each evening. Old Fiddlers Convention. Tuesday night a Special Old Fiddlers Convention is scheduled, if enough of the Old Fiddlers show up to make the competition interesting. Several have indicated their interest in this contest for which \$40 is being paid for the best team and it is expected that this feature of the first night's performance will be of great interest to the public. The contest is a free attraction. De Kroke Carnival Company. The Fair management have been very fortunate in securing the De Kroke Carnival Company for the entertainment feature of the fair. We have watched with interest the reports from the various towns where these people have played within the past two months and without a single exception they have more than pleased.

A Free Outside attraction in the form of a Tight Wire performance, two bands, and other novelties are offered twice each day. A full line of concessions that are guaranteed to be free from the objectionable gambling feature of last year will furnish amusement to those wishing to participate in such games. Farmer's Short Course. Each morning from nine until twelve a Farmer's Short Course will be held in connection with the judging of the various livestock exhibits. Lecturers will be given in connection with the demonstrations of the various desirable types and characteristics of the winning animals in each division of the Livestock, Hog and Poultry Departments and a large crowd of interested farmers are expected to take part in this short course.

A special refund of \$1 on the ticket of each farmer that purchases a Season Ticket and attends each morning's work has been arranged for. The plan is to buy a Season Ticket at the regular price—and each morning this ticket will be punched. At the close of the Fair you will turn in this ticket and get a refund of \$1. This must be returned within ten days. \$15 Prize in Parade of School Children. The largest percentage in attendance from any rural school in Lubbock County taking part in the street parade at 1:00 o'clock Tuesday will receive a prize of \$15. Other prizes will be awarded for best attendance, details of which can be secured from C. L. Griffin who is in charge of the parade.

Better Baby Show. The Southwestern Division of the American Red Cross has detailed a Special Nurse to serve the South Plains Fair in the Better Baby Show and many entries are pouring in from all over the South Plains in this department. It is necessary that every baby be entered previous to the opening day of the Fair in order the sufficient medical assistance may be arranged for the complete examination of the babies brought in. Complete details as to the various classification and medals offered may be had at the Chamber of Commerce office.

Tickets and Passes. Season Tickets will be sold for \$2.50 plus war tax of 25 cents. This ticket entitles the holder to admission at any time during the Fair, to come and go just as often as he wishes, both day and night and is required in order to receive any of the above designated refunds. This is made necessary on account of the law in regard to issuing passes in order to take care of the Tax provisions on all tickets. Single admission will be fifty cents, plus war tax, both day and night. A separate ticket shall be issued for each day and each night and once you purchase such a ticket you can come and go as you desire. That is—a Blue Ticket, perhaps, will be used for Tuesday during the day. You may buy such a ticket and go into the ground a dozen times and out again without paying except for the one ticket. Another color will be used after five o'clock in the afternoon—and then the Blue ticket ceases to be of any value. So Keep The Ticket You Buy All The Time.

Children's Session tickets are \$1 plus war tax with the same provisions of the other Season Tickets. Children single admission is 30 cents including war tax. There Are No Passes Issued. The Fair Officials, every stockholder, exhibitor, and other persons connected with the Fair buys a ticket. There is no such thing connected with the South Plains Fair as a Pass List. They simply are not in existence. The Charter of the Fair Association provides that no dividends shall be paid on the stock, nor interest on the money, but that all profits should any accrue, shall be used to enlarge and improve the Fair. This being the case then it is impossible to grant special privileges in regard to passes. So do not ask for them. Be Friendly To Our Visitors. During the Fair Lubbock will have the heaviest volume of visitors every brought into the city in a like space of time. It is conservatively estimated that more than 10,000 of county visitors will come to the city during these three days. Let's all be so nice, friendly and make them know that Lubbock and Lubbock County appreciates having them with us.

\$5 Fine—Watch Out. The Junior Chamber of Commerce has decreed that it should be a \$5 fine to call this Fair the Lubbock Fair—and a \$2.50 fine to call it a Lubbock County Fair—it is The South Plains Fair and without the splendid co-operation being shown by every county in the entire South Plains we could never have such a Fair as we had last year, much less such a Wonderful Fair as the coming Fair promises to be. All Aboard For The South Plains Fair! The trouble with a wash tub is that it nearly always needs washing.

Fellow Prisoners Claim They Were In Jail About Five-Thirty—Possé of Citizens Scouring the Country—Both Leave Notes to the Sheriff.

At about five thirty this morning Sam Cates and Hulett Smith made good their escape from the Lubbock Jail, and are up to this time still at large. This is the second attempt to make their escape, the first attempt being made two weeks ago, when they took the sheriff's gun away from him, and attempted to force their escape at the noon hour, when the sheriff and wife took their dinner to them, and was prevented from getting out by the timely appearance of the deputy sheriff on the scene. Sheriff Holcomb has had these two men in the dark cells ever since this occurrence, and their escape this morning was effected after having opened four doors. They made their getaway by tearing blankets with which they made a rope and left the building through open window on the north side.

Fellow prisoners who made no attempt to escape told the sheriff that these two men were in the jail at about five o'clock, and must have gotten out within a few minutes after that hour. They both left a note to the sheriff, which we reproduce: THE NOTES Thursday, 25, 1921.

Dear to You All: Mr. and Mrs. Holcomb and family I sure do hate to do this to you for you have been such a friend to me and I hope you will not feel peaved at me for what I have did, for I have acted the man about it. I hope you good luck with the other boys. I hope some day I can return the favors you have did for me. I am going to trust in God for my freedom and hope you people do the same. With love and best wishes to C. A. Holcomb and family, Hughlett Smith. I hope that I have good luck myself, Charlie I know you don't blame me for this, do you Charlie. I am gone. H. S. Dear Charlie and Family I hope you all the best of luck all the rest of your days. Don't think too hard of me for doing this. I too am very sorry for our other troubles so please forgive me. If you people don't ever catch me you can bet that I will always be a good boy. Give my best regards to my Mary. With love, always, Sam

The history of Sam Cates in the courts in this section is well known to most of the people of this section. His first introduction to the people through the criminal courts was his arrest, trial and conviction for forgery in Crosby county where he was convicted and sentenced to several years in the State Penitentiary. After this, his trial in the same county on a charge of murder in connection with the death of Judge J. W. Burton, for which he was given a ninety-nine year sentence in prison. The case was appealed and reversed. He was tried a second time on a charge of venue to this county and was given fourteen years, and was in jail awaiting the ruling from the higher courts.

During the last trial he created quite a sensation by marrying the star witness against him. Smith is under a charge of forgery, and has never been tried on the charge, but has been a close match for Cates, in every attempt to break jail. Sheriff Holcomb believes he will have them back in jail before many hours, while others believe that they are far gone through a well organized, and carefully planned scheme, both by the prisoners and probably outside help.

SOUTH PLAINS FAIR EXCURSIONS WELL ATTENDED THIS YEAR

THE LAST LAP FINISHED WEDNESDAY—THE BIGGEST ONE YET WITHOUT A BOBBLE

MORE THAN 500 PEOPLE MADE THE TRIP

Started at 8:00 O'Clock and Visited Abernathy, Petersburg, Floydada, Lockney, Plainview and Hale Center and People All Along the Road Say They are Coming to the Fair.

The Three Fair Boosters Trips made under the direction of the Junior Chamber of Commerce have been even more successful than was hoped for the first year. A total of more than five hundred miles have been covered with an average attendance of 250 persons—making, had one person covered the same amount of distance would reach around the world five times.

Every where there was the most cordial reception on the parts of the towns visited and everybody is coming to the Fair. It is impossible to give even the High Spots of the several trips or to express the appreciation of the individual courtesies extended the hutch at the various towns. One of the outstanding features of the whole series of trips was the watermelon feed at Brownfield. Another was the Real Fair at Tahoka that we ran into.

Jimmie Bossie as Grand Marshal of the Parade at Plainview made a great hit in his elaborate costume. The other clowns covered their jobs to a finish. Charlie Chaplin was a real piker in comparison to the stunts Mich pulled in his impersonations of that aforementioned dignity.

The Chamber of Commerce Band with the addition of the five visiting bandmen gave the last trip some real music. The Green and Red and Yellow Sashed chaps added color, to say the least, to the parade.

To sum the whole thing up—the First Year's Booster Trips were complete successes in every detail and the Junior Chamber are just getting into shape to put on some real work for the coming year. To General Superintendent Moore and his whole bunch of assistants is due the greatest credit—with plenty left over for each human that took part on the various trips. They were more than worth while and will be regular features.

CIVIL CASES DISPOSED OF IN COUNTY COURT

The following civil cases have been disposed of in the county court: C. R. Moore vs. P and S. F. Ry. Co. The jury on this case gave the plaintiff a judgment for \$125.00. W. L. McCrummen vs. P. and S. F. Ry. Co. Verdict for plaintiff in the sum of \$600.00. H. L. Smith vs. W. L. Cone et al. The Court took this case from the jury and rendered an instructed verdict for the plaintiff.

LUBBOCK REBEKAS WILL MEET AT I. O. O. F. HALL

Lubbock Chapter of Rebekahs will meet at the new Odd Fellows Hall, located on the second floor of the Russell building. The regular meeting nights, the second and fourth Thursday nights have been reserved for their use.

Last Thursday night a most enjoyable evening was spent and a large class of candidates were admitted to membership, the degree team doing themselves credit in their splendid floor work.

After the adjournment of this session, refreshments of sandwiches, angel food cake and ice cream were served. Rebekah.

W. N. Johnson, a prominent citizen of Howard county, is in the city. Mr. Johnson is looking over this section with a view of changing locations. He expressed himself as greatly surprised at the size of Lubbock, also well pleased with the fertile lands of the South Plains. Such is the verdict of all who visit our city and surrounding country.

The regular weekly band concert on the public square Tuesday evening was largely attended and everyone present was well repaid for their going out. The Lubbock band is furnished our people some excellent and inspiring music and the band boys are justly entitled to be liberally supported by our citizens. It requires a great sacrifice of time and energy upon the part of the boys to make themselves proficient. It also requires money to buy the latest music—let's support them in every way possible.

L. A. Faubium and wife, accompanied by Mrs. Faubium's mother, Mrs. Kunz of Dallas, came in Wednesday. They had heard so much of Lubbock and the South Plains that they decided to visit our town and enjoy the fair and wanted to reach here in time to get good accommodations and be on hand at the opening of the big event.

LADY FOUND DEAD IN HER BED ROOM THURSDAY

Mrs. J. H. Moore of the Merrill hotel yesterday morning was greatly shocked and grieved upon entering the room of her "housekeeper", Mrs. Catherine Malone, and discovering her near the bed, in a praying attitude, dead.

This good woman, some fifty years of age, had been under Medical treatment for some time, and Mr. and Mrs. Moore had placed her in a room adjoining theirs so that she could be properly cared for, and her condition had so improved that she intended moving back to her own room. She had partaken freely of her breakfast about 6:30 a. m., and after Mrs. Moore had eaten her morning meal she went up to Mrs. Malone's room at 7:30 o'clock to assist her in moving back to the apartment formerly occupied by her.

It was indeed a great shock to Mrs. Moore to find this faithful woman, a corpse. The deceased leaves two daughters and a son, one living in Lebanon, Ill., and the other in Cincinnati, O., the home of her son is not known.

Through her efficient painstaking and lady-like service, which endeared her to all, will cause her to be greatly missed by the hotel management and its numerous guests and patrons. She was a lady of some means, and did not have to work, but she was one who believed that work was a blessing, instead of a curse. Such characters, as Mrs. Malone, make the world better by having lived in it.

The remains are being held waiting instructions from her loved ones.

LUBBOCK FRIENDS ATTEND HUDGINS' FUNERAL WED.

The following Lubbock citizens attended the funeral of their friend, Fitz Hudgins, at Hale Center, Wednesday; Carl Roberts and family, M. E. Merrill and family and J. B. Earheart and family. The remains of Mr. Hudgins was laid to rest beside his mother and brother in the city cemetery at Hale Center.

KHIVA SHRINE TEMPLE CONSTITUTED AT AMARILLO

Khiva Shrine Temple was constituted under charter at Amarillo last Friday by Imperial Potentate, Cutts of Atlanta. A big parade was given at noon. Hundreds of Shriners are present from all sections of the Panhandle and from other temples.

BLED SOE WELL IS NOW DOWN 695 FEET

In conversation with a party from the Bledsoe well we were informed that the bit had reached a depth of 695 feet, at which depth the blue shale was struck. This well is being drilled on the Ritcher farm four miles from Abernathy. Those in charge of the drilling think the showing for oil is good.

The city officials ask that everybody observe the law in regard to the driving of their cars, especially during the Fair, drive to the right, do not exceed a speed of fifteen miles in city limits, keep all mufflers closed, and honk only when necessary. The edict has been issued to all city officials to see that these rules are rigidly enforced. Now don't blame any of the peace officers if you are dragged upon the carpet for violating any of the above regulations. The Chief of Police says that the city traffic ordinances will be enforced fearlessly and impartially. Hurrah for city officials. Every city ordinance should be enforced, or repealed.

R. M. McColium has returned home from a visit with relatives and friends in Collin, Grason and Easton counties. He says that those good people are "blowed up" on a cotton crop this year, but they have plenty of hogs, corn, fruit and vegetables, but no ready money to pay off their debts, which is a very bad position in which to be placed.

County Agent Jennings and family were in Tahoka last Saturday. Mr. Jennings acted as a judge in the Agricultural department of the Lynn County Fair.

B. W. Frank and wife, of Newbern, N. C., were guests in the home of Mr. and Mrs. J. D. Moss, who live south of Lubbock, First of the week.

THEODORE PRICE SAYS CONDITIONS JUSTIFY THE ALMOST UNANIMOUS OPTIMISM THAT SEEMS TO BE FELT

Theodore H. Price, in his weekly review, quotes a long list of headlines of different parts of the country, all of which are to the general effect that business is improving in many lines. Commenting on this he says: "The detail of the week's record seems to justify the almost unanimous optimism that now seems to be felt."

His review amply bears out this statement, and other matters in the day's news support it. As if in reply to the nervous feeling over the reduced cotton export of last week, news comes from Great Britain, where the chief falling off occurred, of a better cotton situation and an improved outlook. From all the domestic markets come optimistic reports, and the inflated financial situation in Germany seems to be the only cloud on the horizon. Increased gold supply during the week in the United States and lower discount rates at New York and Boston, which may be expected to spread to other reserve districts, improve the financial situation. Steel prices have improved, and there is every reason

to believe that employment increased during the week. Of significance to the cotton market, and therefore to this entire section, is the fact that employment increased nearly 30,000 during the week in England.

From all parts of the country come reports of increased bank clearances and, what is even more significant, increased building. The latter is one of the best signs that has appeared since the rise in cotton. And there is every promise that this will continue to increase during the next few months.

All influences at the moment are in the direction of improved business but one, and curiously enough that is the one that has made the most promises and done the most boasting. We mean the Republican majority in Congress. Congress is in session again and ought soon to tackle the too long delayed legislation which business needs. The revenue bill drawn by the Senate Finance Committee is not ideal, and too much, perhaps, should not be expected of it. It is to be regretted that demagogic influences have prevented it

from being a much better measure. But it is an improvement on the present law and will do considerable to stimulate revival when it becomes a law. It has been temporarily sidetracked for the treaties with Germany, Austria and Hungary, but these should be out of the way soon. The re-establishment of legal peace will also be a stabilizing influence, but not so great as it might have been had it come a year or more ago. Congress has before it another important measure to business in the railroad funding bill. Eugene Meyer Jr., chairman of the War Finance Corporation, expresses the confident belief that the passage of this bill would mean the employment of a million men at a conservative estimate.

"Not only would the railroads, by the passage of this bill, be put in the position of meeting their unpaid accounts already past due," he says, "but they would be able to go ahead with their maintenance-of-way and repair-of-equipment work. This would directly employ a very large number of men. In addition to the direct labor we may count the indirect labor involved in producing and transporting lumber for ties and iron and steel used for maintenance or repairs. There is also to be counted the labor in the mining of the ore, the transportation thereof, the mining of the coal and the manufacturing of the coke to turn the ore into iron and steel, the labor in the iron furnaces, in the steel plants, and

in the finishing plants. The employment of all these men would give them and their families an enlarged purchasing power which in turn would put large additional numbers of men to work."

In view of all this, pressure should be brought upon Congress to pass this measure promptly and not fritter away any more time. The unemployment conference which convenes in Washington might look into this at the very outset, for we are convinced that it would do more for the immediate relief of the country by urging the prompt passage of this bill, than by outlining a program of increased public works which must mean also increased taxes and increased burdens on business.

With this outlook for the future, the action taken by business men in New York to institute a "Buyers' Week," or more properly a buyers' two weeks, as that will be its duration, is very timely. Philadelphia, and Newark, N. J., already have fallen in line to follow New York's example in this, and the movement ought to spread to include the whole country. The country can stand two weeks' intensive buying without danger of an after-effect, for all the ultimate influences are for continued improvement. Such a period of buying in which the people of the country supplied all their immediate needs at one time would do a great deal to stimulate business and get us on the way.

Railroad Strike Seems Probable In a Few Days

There are more beggars, "salesmen" and solicitors out working for money right now than at any time within five years. All kinds of excuses are offered by the beggars; all kinds of schemes, mostly fakes, are proposed by the solicitors; the "salesmen" have all kinds of things, mostly junk, to exchange for real American money. Since work became scarce it is easier to make a living through some fake agency than through real labor. It is a good idea to leave such fakers alone; ninety percent of the solicitors do not represent any sort of an organization or institution. The "salesmen" have nothing to offer that you cannot beat in quality and price at the local stores. To give money to these individuals is simply to assist in promoting a nation-wide grafting institution which lives and thrives through the softness of the American public to give up their money without knowing what they are getting.—Ex.

Chicago, Sept. 26.—A strike of 186,000 railway trainmen loomed in the United States today which strike ballots cast by members of the Brotherhood of Railway Trainmen began pouring into Chicago as the vice presidents of the organization convened here to count the ballots. James Murdock, vice president and acting president in the illness of W. G. Lee, opened the first ballot. It was for a strike.

"It will take at least three days for the vote to be counted," Murdock said. "Mr. Lee will arrive here Wednesday. The final result will not be announced until he comes."

While officials of the organization declined to predict the outcome of the ballot, the general opinion appears to be an immediate walkout would be voted.

"If a strike is called," Murdock said, "it will be at once. There would be no advantage in delay."

It was also stated that action of the three other members of the "Big Four" of railroad brotherhoods, the conductors, engineers and firemen and the switchmen.

"We are taking an independent ballot," one official said, "and we shall act independently."

Word was received here today that the ballot from the Pacific States had left by airplane for Chicago. It is expected to arrive some time tomorrow.

At the offices of the United States Railway Labor Board it was announced by C. P. Carruthers, secretary of the board, that on account of the refusal of the Pennsylvania lines to submit to further arbitration, the hearing on the Pennsylvania's plea for abrogation of the board's order directing the manner in which employees of the road shall select their representatives to deal with employers, has been postponed.

No statement was forthcoming but it was hinted that the United States Supreme Court may be asked to specifically define the powers of the board which have been called into the question by the railroad.

AWAKENING TO THE NEED OF EDUCATING CHILDREN

L. J. Adkinson of Bonham expresses the opinion in an interview in the Dallas News that the people of Texas are coming to realize more than ever the value of education. He cites the increased attendance at schools and colleges of all kinds in the State this year, as indicated by early reports. "The fact, as I see it," he says, "is that the fathers and mothers who did not place a great deal of faith in an education as a business asset for young men, have watched the fellows who have prepared to outstrip their own children in a time of stress, and are seeing to it that others in their families are not going to start out under the handicap of a limited education." There may be something to this, but the fact remains that the percentage of boys and girls in Texas who reach the high schools is still very low. There still remains much to be desired, both in the kind of education we are providing for our children, and the percentage of parents who realize that almost any sacrifice is justified in obtaining an education for their children. But it is a fact that progress is being made, and that, at least, is gratifying.—Fort Worth Record.

It has been suggested that those who wish to fill up on "moonshine" rent a section of land in some remote place, and retire there to during the time said "moonshine" is penetrating their systems, thus avoiding the unpleasantness of disturbing their neighbors, and doing damage to town property, for "moonshine" must find an outlet, and during the time it is escaping the general public is entitled to protection.—Ralls Banner.

"Another Judge Condemns Mixed Bathing," is a news headline from Brady. This paragrapher is just "old fogey" enough to believe that the judge is right, and that it ought to be stopped. Because mixed bathing has gotten to be popular is no sign that it is right. We don't pose as reformers but if this practice of mixed bathing is not stopped there is going to be more immorality in the country within the next ten years than you have ever seen before. Still we are not trying to attend to other people's business. We are just giving our opinion, you have a right to disagree with us, but because you do disagree does not make the practice right.—Sweetwater Reporter.

Just a few days ago a bunch of cotton pickers walked out of a Cottle County field because they could not get more than one dollar per hundred for gathering the fleecy staple. Some of these people we know had been idle most of the year, howling for work and "cussing" the government because they could find nothing to do. When the time came for them to work, and there is plenty of it on every hand, they "strike" for higher wages. Such people have no sympathy coming. They are of the class who want something for nothing. They want the world to furnish them a living without giving the world anything in return. The working season will be over in a few months. Such people will go into winter quarters without money enough to buy a ton of coal, and then howl all winter because there is no work to do.—Faducan Post.

SOCIETY NOTES

A Paper Bag Party

The Womans' Missionary Society met with Mrs. Fred Spikes Monday afternoon at her beautiful home on Broadway.

A very interesting unique program had been arranged by Mrs. Percy Spencer. Mrs. C. E. Maedgen. They had requested all guests to wear

paper bags instead of their new fall hats. Some of these creations were very skillfully trimmed, but the "Happy Hooligan" headdress of Mrs. Griswold simply took the cake. In the first contest tiny paper bags were passed, they were found to contain letters which formed the sentence "Paper Bag Party." Mesdames W. S. Fosgy and Maddox were first to get this and in the draw, Mrs. Maddox got the straw and was given a large paper bag tied with a beautiful bow of twine string. All watched eagerly to see the contents of this bag. After unting it carefully, she

lifted out another bag tied just like the first, then another, then another, then another, until she came to a neat tiny package—it contained two peanuts.

The next was really a recruiting contest for the choir as there were but only a few of the many well-trained voices present willing to display their talent, no prize was given no recruits made.

The last was a memory test given by playing snatches of family tunes on the Edison. Mrs. A. B. Ellis carried off this prize—a large bag of peanuts which she passed to the crowd. Even the refreshment plate carried out the paper bag idea. The crowd and fruit sandwiches were in a small paper bag on the plate with the ice tea.

Refreshments were prepared and served to 62 members and guests by Mesdames Spikes, Stanton, J. T. Hutchinson Schenck and Rylander. A Member.

Weaver-Huribut

The home of Mr. and Mrs. A. V. Weaver was the scene of a pretty wedding on Tuesday, Sept. 27th, at 12:30 p. m., when Miss Opal Weaver was given in marriage to Mr. Claude B. Huribut.

About one hundred guests were received by Mesdames J. S. Johnson and T. B. Dugan.

The shades in the living room were drawn and light, shown from chandeliers tied with white satin ribbons, here the decorations were pink and white carnations in profusion.

Mrs. Joe Hilton gave a splendid rendition of "At Dawning," followed by "Thine For Life," by Mrs. Cyril Wheelock. The music modulating into Lohengrin's Wedding March under the skillful fingers of Mrs. Jed Rix, to the strains of which the wedding party entered, the bride on the arm of her brother, Mr. A. V. Weaver, down a path of rose petals strewn by little Catherine Klett and Charlotte Hopkins.

Catherine Weaver dressed in a pink frock, preceded the bride carrying the ring on a white satin pillow.

The ceremony was performed before a beautiful flower covered arch from which was suspended a large white basket tied with bows of tulle, holding pink and white carnations, with Rev. W. A. Bowen officiating.

Miss Fern Wheelock acting as bride's maid and Mr. Elmer Conley as best man.

The guests were invited into the dining room beautifully decorated in yellow and white chrysantheums. In the center of the dining table was a large wedding cake surrounded by beautiful candle sticks tied with tulle, holding lighted candles. Misses Mary Alice Johnson and Virginia Conley served delicious punch and cake.

The guests were ushered from the dining room into the sitting room to view the handsome gifts, which showed the interest and love of the many sincere friends of the bride and groom.

Mr. and Mrs. Huribut left on the 1:45 train to visit in northern cities, returning by Dallas and Brownwood to visit the grooms people.

The bride wore a beautiful going-away suit of blue duvet de laine, with hat and accessories to harmonize.

The bride is one of Lubbock's most popular young ladies having resided here for several years with her brothers, Messrs. A. V. and Sam

Weaver. She is the daughter of Mr. H. T. Weaver.

The groom is a prosperous young business man with a host of friends.

Mr. and Mrs. Joe Baldrige spent Wednesday in Plainview.

Dr. T. F. McGee of Amarillo spent last week with Mr. and Mrs. E. H. Robertson.

Mr. Arthur Elliott of Slaton was in Lubbock last week.

Mr. J. A. Jordan, traveling salesman of San Antonio is visiting his parents in this city.

1990 Needle Club will meet Tuesday, Oct. 11th, with Mrs. E. B. Green as hostess and Mrs. Perkins as joint hostess.

Xmas Bazaar

The ladies of the First Presbyterian church will give a bazaar Nov. 18 and 19th. This will be an excellent opportunity to purchase beautiful Christmas gifts at most reasonable prices.

Friday Afternoon Club

The Friday Afternoon Club will meet the second Friday in October, with Mrs. Bill Spikes as hostess.

Mrs. L. C. Ellis delightfully entertained the ladies of the First Presbyterian church on Monday afternoon of this week. The house was called to order for a business meeting after which a social hour was thoroughly enjoyed.

Friday Afternoon Club

Members of the Friday Afternoon Club assembled in the home of Mrs. Hawkins on Friday of last week, with Mrs. Hornsby as hostess.

Almost a full membership was present and needle work was indulged in until delicious refreshments of chicken sandwiches, pickles, fruit salad in potties, ice tea and angel food were served.

Honor Bride-Elect

One of the prettiest social events of the week was on last Friday afternoon in the attractive G. C. Wolf-forth home with Miss Bernice Wolf-forth as hostess, honoring Miss Opal Weaver in recognition of her approaching marriage.

The color scheme of yellow and white was developed throughout the reception suite.

Tiny hand-painted tally cards bearing a miniature picture of a bride were passed and auction Bridge enjoyed until a late hour with Mrs. A. V. Weaver winning high score.

The hostess presented the honoree with a beautiful bouquet of yellow chrysantheums.

At the close of the afternoon's merriment a dainty ice course was served.

A Birthday Dinner

On last Sunday morning as Mr. and Mrs. M. C. McCrummen returned home from church, they were greeted by a large crowd of relatives consisting of their immediate family.

They were soon invited into the dining room where a table groaning under the weight of a splendid dinner awaited them. Their children had prepared this surprise to honor their father's sixty-fourth birthday.

The day was spent in a most pleasant manner and as the hour was growing late the crowd reported for home wishing many happy returns of the day.

Those present were: Mr. and Mrs. McCrummen, Messrs. J. C. Dean and family, R. P. Caraway and family, M. E. Warren, Luther McCrummen, and Clayton McCrummen and family.

WONDERFUL GAIN IN WEIGHT REPORTED
Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 And Is Gaining Every Day.
"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss LaRue Davis, of Chattanooga, Tenn.
"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.
"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand, and I can truthfully say it is the only medicine that ever done me any good."
Tanlac is sold in all leading drug stores.

B. W. Frank and wife of Newbeem, N. C., are now citizens of Lubbock, "the Hub of the Plains." They came all the way from North Carolina in their Paige car, and in conversation with the reporter, Mr. Frank said, in all their long trip they saw no section that compared with the South Plains. Hence they decided to make Lubbock their permanent home. On another page of this paper you will find an announcement of Mr. Frank, who has rented the building now occupied by the Panhandle cigar factory. He expects to get possession of this building about the first of October, when these people go into their new building south of the Avalanche office.
E. C. Simmons of the Simmons Undertaking Co., was called to the home of J. W. THEODORE PRICE SAYS CONDITIONS JUSTIFY THE ALMOST UNANIMOUS OPTIMISM THAT SEEMS TO BE FELT

Theodore H. Price, in his weekly review, quotes a long list of headlines of different parts of the country, all of which are to the general effect that business is improving in many lines. Commenting on this he says: "The detail of the week's record seems to justify the almost unanimous optimism that now seems to be felt."

His review amply bears out this statement, and other matters in the day's news support it. As if in reply to the nervous feeling over the reduced cotton export of last week, news comes from Great Britain, where the chief falling off occurred, of a better cotton situation and an improved outlook. From all the domestic markets come optimistic reports, and the inflated financial situation in Germany seems to be the only cloud on the horizon. Increased gold supply during the week in the United States and lower discount rates at New York and Boston, which may be expected to spread to other reserve districts, improve the financial situation. Steel prices have improved, and there is every reason

to believe that employment increased during the week. Of significance to the cotton market, and therefore to this entire section, is the fact that employment increased nearly 30,000 during the week in England. From all parts of the country come reports of increased bank clearances and, what is even more significant, increased building. The latter is one of the best signs that has appeared since the rise in cotton. And there is every promise that this will continue to increase during the next few months.

All influences at the moment are in the direction of improved business but one, and curiously enough that is the one that has made the most promises and done the most boasting. We mean the Republican majority in Congress. Congress is in session again and ought soon to tackle the too long delayed legislation which business needs. The revenue bill drawn by the Senate Finance Committee, is not ideal, and too much, perhaps, should not be expected of it. It is to be regretted that demagogic influences have prevented it

from being a much better measure. But it is an improvement on the present law and will do considerable to stimulate revival when it becomes a law. It has been temporarily sidetracked for the treaties with Germany, Austria and Hungary, but these should be out of the way soon. The re-establishment of legal peace will also be a stabilizing influence, but not so great as it might have been had it come a year or more ago. Congress has before it another important measure to business in the railroad funding bill. Eugene Meyer Jr., chairman of the War Finance Corporation, expresses the confident belief that the passage of this bill would mean the employment of a million men at a conservative estimate.

"Not only would the railroads, by the passage of this bill, be put in the position of meeting their unpaid accounts already past due," he says, "but they would be able to go ahead with their maintenance-of-way and repair-of-equipment work. This would directly employ a very large number of men. In addition to the direct labor we may count the indirect labor involved in producing and transporting lumber for ties and iron and steel used for maintenance or repairs. There is also to be counted the labor in the mining of the ore, the transportation thereof, the mining of the coal and the manufacturing of the coke to turn the ore into iron and steel, the labor in the iron furnaces, in the steel plants, and

in the finishing plants. The employment of all these men would give them and their families an enlarged purchasing power which in turn would put large additional numbers of men to work."

In view of all this, pressure should be brought upon Congress to pass this measure promptly and not fritter away any more time. The unemployment conference which convenes in Washington might look into this at the very outset, for we are convinced that it would do more for the immediate relief of the country by urging the prompt passage of this bill, than by outlining a program of increased public works which must mean also increased taxes and increased burdens on business.

With this outlook for the future, the action taken by business men in New York to institute a "Buyers' Week," or more properly a "buyers' two weeks, as that will be its duration, is very timely. Philadelphia, and Newark, N. J., already have fallen in line to follow New York's example in this, and the movement ought to spread to include the whole country. The country can stand two weeks' intensive buying without danger of an after-effect, for all the ultimate influences are for continued improvement. Such a period of buying in which the people of the country supplied all their immediate needs at one time would do a great deal to stimulate business and get us on the way.

WITHOUT FURTHER COMMENT

There are more beggars, "salesmen" and solicitors out working for money right now than at any time within five years. All kinds of excuses are offered by the beggars; all kinds of schemes, ruses, fakas, are proposed by the solicitors; the "salesmen" have all kinds of things, mostly junk, to exchange for real American money. Since work became scarce it is easier to make a living through some fake agency than through real labor. It is a good idea to leave such fakery alone; ninety percent of the solicitors do not represent any sort of an organization or institution. The "salesmen" have nothing to offer that you cannot beat in quality and price at the local stores. To give money to these individuals is simply to assist in promoting a nation-wide grafting institution which lives and thrives through the softness of the American public to give up their money without knowing what they are getting.—Ex.

It has been suggested that those who wish to fill up on "moonshine" rent a section of land in some remote place, and retire there to during the time said "moonshine" is penetrating their systems, thus avoiding the unpleasantness of disturbing their neighbors, and doing damage to town property, for "moonshine" must find an outlet, and during the time it is escaping the general public is entitled to protection.—Kalis Banner.

"Another Judge Condemns Mixed Bathing." is a news headline from Brady. This paragraph is just "old fogey" enough to believe that the judge is right, and that it ought to be stopped. Because mixed bathing has gotten to be popular is no sign that it is right. We don't pose as reformers but if this practice of mixed bathing is not stopped there is going to be more immorality in the country within the next ten years than you have ever seen before. "Still we are not trying to attend to other people's business." We are just giving our opinion, you have a right to disagree with us, but because you do disagree does not make the practice right.—Sweetwater Reporter.

Just a few days ago a bunch of cotton pickers walked out of a Cotton County field because they could not get more than one dollar per hundred for gathering the fleecy staple. Some of these people we know had been idle most of the year, howling for work and "cussing" the government because they could find nothing to do. When the time came for them to work, and there is plenty of it on every hand, they "strike" for higher wages. Such people have no sympathy coming. They are of the class who want something for nothing. They want the world to furnish them a living without giving the world anything in return. The working season will be over in a few months. Such people will go into winter quarters without money enough to buy a ton of coal, and then howl all winter because there is no work to do.—Paducah Post.

18-YEAR-OLD BOY KILLED BY MOVING TANK CAR

Temple, Texas, Sept. 25.—Malcolm Mitchell, age 18, whose home is in Cleburne, was struck by a moving tank car in the Santa Fe Railway yards here about 1:30 o'clock this morning, receiving injuries which caused his death a few minutes later.

J. V. Hale and family of Seymour, Texas, arrived in Lubbock late Thursday and are now citizens of Lubbock county. "The Stock and Truck Farmers' Paradise."

Railroad Strike Seems Probable In a Few Days

Chicago, Sept. 26.—A strike of 135,000 railway trainmen loomed in the United States today which strike would cost—by members of the Brotherhood of Railway Trainmen began pouring into Chicago as the vice-presidents of the organization convened here to count the ballots.

James Murdock, vice president and acting president in the illness of W. G. Lee, opened the first ballot. It was for a strike.

"It will take at least three days for the vote to be counted," Murdock said. "Mr. Lee will arrive here Wednesday. The final result will not be announced until he comes."

While officials of the organization declined to predict the outcome of the ballot, the general opinion appears to be an immediate walkout would be voted.

"If a strike is called," Murdock said, "it will be at once. There would be no advantage in delay."

It was also stated that action of the three other members of the "Big Four" of railroad brotherhoods—the conductors, engineers and firemen and the switchmen.

"We are taking an independent ballot," one official said, "and we shall act independently."

AWAKENING TO THE NEED OF EDUCATING CHILDREN

L. J. Adkinson of Bonham expresses the opinion in an interview in the Dallas News that the people of Texas are coming to realize more than ever the value of education. He cites the increased attendance at schools and colleges of all kinds in the State this year, as indicated by early reports. "The fact, as I see it," he says, "is that the fathers and mothers who did not place a great deal of faith in an education as a business asset for young men, have watched the fellows who have prepared to outstrip their own children in a time of stress, and are seeing to it that others in their families are not going to start out under the handicap of a limited education." There may be something to this, but the fact remains that the percentage of boys and girls in Texas who reach the high schools is still very low. There still remains much to be desired, both in the kind of education we are providing for our children, and the percentage of parents who realize that almost any sacrifice is justified in obtaining an education for their children. But it is a fact that progress is being made, and that, at least, is gratifying.—Fort Worth Record.

There is NO CAST METAL throat on The Brunswick. So unnatural and metallic noises are absent.

Such advanced ideas as these, together with many others, make the Brunswick Method of Reproduction supreme.

You've never heard the finest in tone if you haven't heard The Brunswick. And proof is easy. Merely come and hear it. Make comparisons.

Don't be satisfied with the ordinary. Times change. Phonographs change. Betterments have come.

Before you decide, hear this remarkable Brunswick. Then you'll make a satisfying decision.

Brunswick Tone Amplifier, bringing finer, fuller tone, entirely free from metallic noises. Scientifically designed. A great advancement

Weaver-Hurlbut

The home of Mr. and Mrs. A. V. Weaver was the scene of a pretty wedding on Tuesday, Sept. 27th, at 12:30 p. m., when Miss Opal Weaver was given in marriage to Mr. Claude B. Hurlbut.

About one hundred guests were received by Mesdames J. S. Johnson and T. B. Dugan.

The shades in the living room were drawn and light shown from chandeliers tied with white satin ribbons, here the decorations were pink and white carnations in profusion.

Mrs. Joe Hilton gave a splendid rendition of "At Dawning," followed by "Thine For Life," by Mrs. Cyril Wheelock.

The ceremony was performed before a beautiful flower covered arch from which was suspended a large white basket tied with bows of tulle, holding pink and white carnations.

The guests were invited into the dining room beautifully decorated in yellow and white chrysanthemums. In the center of the dining table was a large wedding cake surrounded by beautiful candle sticks tied with tulle, holding lighted candles.

The guests were ushered from the dining room into the sitting room to view the handsome gifts which showed the interest and love of the many sincere friends of the bride and groom.

Mr. and Mrs. Hurlbut left on the 1:45 train to visit in northern cities, returning by Dallas and Brownwood to visit the grooms people.

The bride wore a beautiful going-away suit of blue duvet de laine, with hat and accessories to harmonize.

The bride is one of Lubbock's most popular young ladies having resided here for several years with her brothers, Messrs. A. V. and Sam

Xmas Bazaar

The ladies of the First Presbyterian church will give a bazaar Nov. 18 and 19th. This will be an excellent opportunity to purchase beautiful Christmas gifts at most reasonable prices.

Members of the Friday Afternoon Club assembled in the home of Mrs. Hawkins on Friday last week, with Mrs. Hornsby as hostess.

Almost a full membership was present and needle work was indulged in until delicious refreshments of chicken sandwiches, pickles, fruit salad in bottles, iced tea and angel food were served.

Honor Bride-Elect

One of the prettiest social events of the week was on last Friday afternoon in the attractive G. C. Wolf-forth home with Miss Bernice Wolf-forth as hostess, honoring Miss Opal Weaver in recognition of her approaching marriage.

The color scheme of yellow and white was developed throughout the reception suite.

Tiny hand-painted tally cards bearing a miniature picture of a bride were passed and auction Bridge enjoyed until a late hour with Mrs. A. V. Weaver winning high score.

The hostess presented the honoree with a beautiful bouquet of yellow chrysanthemums.

At the close of the afternoon's merriment a dainty ice course was served.

A Birthday Dinner

On last Sunday morning as Mr. and Mrs. M. C. McCrummen returned home from church, they were greeted by a large crowd of relatives consisting of their immediate family.

They were soon invited into the dining room where a table groaning under the weight of a splendid dinner awaited them. Their children had prepared this surprise to honor their father's sixty-fourth birthday.

The day was spent in a most pleasant manner and as the hour was growing late the crowd reported for home wishing many happy returns of the day.

Those present were: Mr. and Mrs. McCrummen, Messrs. J. C. Dean and family, R. P. Caraway and family, M. E. Warren, Luther McCrummen, and Clayton McCrummen and family.

MONROE NEWS OF THE PAST WEEK

Our school will suspend a month during October, in order to let the pupils pick cotton. We have had one month of school and the teachers are giving satisfaction and the pupils have done good work.

Mr. Ben J. Ditts' and wife, Mrs. L. H. Cox and Miss Della Stephenson attended the funeral of Mrs. Lynn Knotts at Abernathy last Sunday. She had been in poor health for about 3 years and bore her sufferings with great christian fortitude. She leaves a husband and one son, besides many relatives and friends to mourn the loss of a noble hearted woman.

Rev. Howell of the Methodist church at Abernathy, spoke words of comfort to the bereaved ones in a most appropriate manner, at the grave and the floral offerings were profuse and beautiful.

Mr. Ward Crim and wife had some relatives visiting them a part of last week, whose names I failed to learn and Mrs. Crim is visiting her mother, Mrs. Parish and other relatives at Abernathy—a few days this week.

Miss Willie May Bratcher and another lady who is a sister to Rufus Bondy are visiting in the Bondy home and attended the pie supper at Monroe.

Our school put on a program of home talent and a pie supper on last Saturday night. The money for the pies going toward paying for playground equipment. The threatening weather and rain caused many to fail to attend and many fine pies were

lost to a good cause, on account of the rain.

Some fine singing at Monroe last Sunday night by visitors and on Monday night by "Vaughn Quartett".

Champ Stephenson and family and their guest, Mrs. J. R. Poison of Savoy, Texas, visited friends in McLean a few days last week. They report a fine trip, not a puncture nor a blowout, but plenty of mud on the return trip.

Mrs. J. E. Polson left Tuesday for Gordon, Texas, to visit a few days before returning to her home at Savoy, Texas.

Mrs. R. L. Lipscom and little daughter, Sara and Elizabeth, left Saturday for their home in Bonham, Texas. Before she left, the Stephensons took her to Dallas and spent one day with Mrs. Anna Gale and daughters. Mrs. Lipscom had been sleeping under an electric fan in Bonham, but she asked for 2 quilts on her bed before she left our fine climate on the Plains.

Some wheat is up and others are planting or preparing to plant wheat. Cotton is opening and will make a fair yield.
