

THE LUBBOCK AVALANCHE

VOLUME XXII No. 30

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, DECEMBER 9, 1921

PUBLISHED TWICE A WEEK

IMPORTANT HIGHWAY MEETING HELD AT SPUR MONDAY P. M.

A DELEGATION OF REPRESENTATIVE BUSINESS MEN ATTENDED FROM LUBBOCK

HIGHWAY WILL BE PROPERLY MARKED

Will Give Tourists a Direct Line From Fort Worth Through Lubbock to Roswell, New Mexico and Other Points West—Local Man Appointed President.

Another recognition of Lubbock's position as the Hub of the Plains was won in the highway meeting held at Spur last Monday for the purpose of forming an active organization to mark and advertise the highway, known as Highway 18 by the State Highway Department, but as the road from Lubbock to Albany, by the traveling public with the purpose of attracting a heavier flow of tourists thru this city this coming summer.

The meeting was called following a conference between Secretary Keen, President Rex and Harry Locke, the leading authority on tourist travel and good roads in the Southwest and in connection with the Stamford, Spur and Crosbyton Chambers of Commerce. More than a hundred delegates were present from all the towns between Albany and Lubbock, a delegation of ten representing this city.

The delegates were served luncheon at the Spur Inn as guests of the Spur Chamber of Commerce and the meeting was called at 1:30 at the picture show. Clifford B. Jones was temporary chairman with Curtis A. Keen, temporary secretary. The convention got down to business with the minimum of delay and the following permanent officers were elected: President A. B. Spencer, Crosbyton; P. von Rosenberg, Lubbock; Homer D. Wade, Stamford, and E. S. Shannon, Fort Worth, Vice President, Lotspeich of Crosbyton, Secretary-Treasurer and Curtis A. Keen, Lubbock, Director of Publicity.

The highway is to be known as the Fort Worth Plains Air Line and to be marked with the initials P. A. L. in black letters on a white band with a red band above the white. It will be marked into Fort Worth, but will extend, proper, from Albany to Roswell via Stamford, Spur, Crosbyton, Lubbock and West. The completion of the bridge over the Brazos makes it the shortest and most practical highway from Fort Worth on to the Plains and will add to Lubbock's already established position in the pivotal point of all western travel. Already six designated highways lead out from this city and even this highway comes in on an already established highway it will in reality make two more highway outlets or one primary trunk line highway of tourists travel.

"All Roads Lead to Rome," was the statement of old—but all roads in Texas lead thru Lubbock, via the western route to the Northwest. Few people realize how many hundreds of people each year pass thru our city in automobiles. The registry maintained at the tourist park, shows that more people spent the night at the tourist park since it was opened than live in the city. With the advertising being given our tourist park and these additional highways, the proper marking of the existing highways and their proper advertising it will be an easy record to average three hundred cars per month thru the coming tourist season with an average of 4 men to the car. They not only spend an average of \$5 to \$10 per car per night, while here, but carry away a wealth of advertising that permeates the entire United States with dependable information upon this town and section.

The Spur branch are Lubbock boosters of the first water and are royal entertainers on their own part. The great importance of this meeting, aside from the highway matter, was the fact that the men representing the towns along this highway are the same men that will take the lead in the construction of a railroad when the proper time comes, between this city and Fort Worth. That this matter is in the minds of all West Texas will be realized from the following resolutions passed at this meeting. Of course Lubbock was not mentioned by name—it is not time for that yet; but that Lubbock will be one of the strongest contenders for this railroad is a foregone conclusion that needs no discussion:

Whereas, the State Highway Department has designated highway number eighteen from Albany to Bronco.

Whereas, a portion of this highway has not been improved, and since the recent world wide war, the improved portions have been allowed to deteriorate.

Whereas, this highway has not been properly marked for the guidance of travelers.

Therefore, be it resolved that we the representatives of the various towns along this highway in mass meeting assembled, pledge ourselves to the State Highway Commission to use our best efforts to make this one of the main arteries of travel in the state, and that we:

Request and insist that the Commission through which this highway passes, expend such funds as is possible in the better marking and maintenance of said highway.

We further call upon the citizens in the sections through which this highway passes to join in the fullest cooperation in making this a standard and permanent highway.

Whereas, it is known that there are individuals who make a business of promoting highways, for selfish motives, disregarding the practical routes, therefore:

Therefore, we condemn this practice and express our conviction that the improvement and marking of the highways already designated by the State Highway Commission, are sufficient to engage our attention for several years.

Whereas, there is a dire necessity of a railroad connection between the South Plains and Fort Worth and other North Texas commercial centers, therefore be it resolved, that we express our deep interest in such an enterprise and pledge our hearty cooperation to any practical movement that will give such connection.

All told the meeting was one of the most pleasant as well as important highway meetings held in this section in many months. Those attending were: President Rex and Secretary Keen of the Chamber of Commerce; Officials, L. C. Montgomery, Joe Hess, L. T. Martin, Karper, Jennings, Moore, Geo. K. Briggs and Douglas, the Avalanche representative.

Rails had nine delegates, Crosbyton approximately the same number, six from Stamford and increasing numbers from all towns between these places. Telegrams were read from Albany, Fort Worth, Roswell, and other towns concerned in the promotion of this highway.

Abernathy Business Men Here Tuesday Bring Good Reports

Howard Pierson, Herman Shultz, of the Schultz Land Company, and Editor Redman, of the Review, all of Abernathy, were here Tuesday transacting business.

The way those Abernathy men boost their country is enough to make anyone want to see the place, and after hearing their opinions, of the oil situation there, we are convinced that there is sure enough something to it.

The Review has been in Abernathy only a few weeks, but in that time the editor has made good of every opportunity to put Abernathy on the map, and we are glad to know he has so much confidence in that section.

Abernathy business men are not content to be known only as a small town merchant, and their securing the assistance of Mr. Redman in making their country known to people of other places was one of their best, most profitable and progressive moves. As for us, we are going to keep an eye on those men, as we believe that their ideas are well based, and on sound principles.

Slaton Mayor Buys Land for Disposal Plant for Slaton

R. J. Murry, mayor of Slaton, was here Wednesday and bought a tract of land one mile north east of Slaton from O. L. Slaton, president of the Lubbock State Bank, where the disposal plant will be established for the Slaton sewer system.

He said plans have been perfected and that work would begin within fifteen days on a \$90,000 water and sewer system for Slaton, and a bond issue for twenty five thousand dollars was called, and an election will be held within thirty days to build a city hall.

Hats off to the plains, and its towns. For progressiveness and durability. There are no people in the world who will outrank those of the great South Plains.

RED CROSS TO HAVE ELECTION OF OFFICERS

Members of the Lubbock Chapter of the Red Cross are urged to participate in the election of officers at a meeting to be held in the Red Cross room at the Court House, Wednesday, December 14th, at three o'clock.

The Red Cross is about the most important public agency any city can have, and it is to be hoped that there will be a large attendance at this meeting.

SCHOOL BOARD AND CHAMBER OF COMMERCE HOLD JOINT MEETING ON SCHOOL MATTERS OF IMPORTANCE

At a meeting of the Board of Directors of the Lubbock school and officials of the Chamber of Commerce Tuesday morning the advisability of voting a bond issue to build a new high school building was discussed, in the course of which it was revealed that the present building is defective with probability of collapsing at any time, by Contractor Pryor, a member of the board.

The needs of a bigger and better school building here has been under discussion for several weeks, and the time has come when real action is very necessary.

Brick in the present building had been laid with an inferior cement mixture, that is proving very liable to be the cause of wholesale destruction.

Lubbock people and the town of Lubbock are too proud to have such condition as this exist long, and we are sure that through concerted ef-

forts of these two public agencies there will be something done to relieve the situation in the very near future.

A committee has been appointed, headed by Mr. Pryor, to inspect the building, after which another meeting of the board and Chamber of Commerce will be held.

Lubbock county has too many opportunities to grow to be halted by a defect in our educational institutions, and, typical of the spirit of this great country, our people will even go beyond the present needs, as our business men realize the necessity of building for the future, and also know that this is a problem, the solution of which must serve the people for many years. We hope that the school will be built with the view of eliminate worrying about the care of our school children for many years and it will not be long until this town is just as large as its schools.

WEAVER BROS. SELL GRAIN SEEDS TO THE GROWER IN FRANCE AND WILL MAKE SHIPMENTS BY EXPRESS

A. V. and S. H. Weaver, of the firm of Weaver & Weaver, local grain dealers and cotton buyers, have started something during the past few days that is liable to make Lubbock and Lubbock county farmers better known and more progressive than anything of local character for many days, and with the report that they will ship grain direct to foreign consumers substantiated by a letter which follows this article, we are sure that they are really in this business with one aim, and that is to secure the best price, best service, and best considerations for Lubbock county products.

They have already shipped three hundred bales of cotton to eastern spinners, and contemplate doing a large business throughout this fall and the coming season. They are confident that they will establish a foreign business for cotton also, and stated they believe it just as easy and more profitable to ship direct from Lubbock to European markets as it is to ship to Galveston, then have other dealers rehandle the product.

Lubbock farmers are aware of the fact that through the cooperation with local business men they will receive more consideration in marketing their crops, which will assist materially in accomplishing the ambition of these men.

Sudan is especially adapted to the plains country and Messrs. Weaver's are attempting to create a foreign demand for it that will consume the output of our large farms. There is no estimate to be placed on the value of the plains land in raising this crop when a suitable market can be found for it, as was demonstrated here when it was selling for from five to nine cents per pound, as at that time farmers harvested more than enough seed from their land to pay for it.

We are in hopes that nothing will halt them in their attempts to do this.

great service for themselves and their customers, and that before many months they will have accomplished something worth while that will reflect favorably upon their ingenuity and the superiority of Lubbock county soil.

The following letter from the United States Department of Agriculture has been given their close attention, and arrangements have been made to ship the seed at once.

Dec. 3, 1921.
Weaver Bros.,
Lubbock, Tex.
Dear Sirs:

I hold in my hands a check from a very prominent woman in France, Mrs. K. Davis, who has an experimental garden at Dauzac, Margaux, Medoc, France, where she is trying all sorts of experiments not only for her own amusement and interest, but in the hopes of finding better crops for that portion of France. She has sent this check to me for the purpose of getting as large a quantity of seed of the best possible strains, if there are such, of Sudan grass seed, and the amount is to cover not only the cost of the seed but the expressage through to Bordeaux.

Could you undertake to get this seed through in first class condition to Mrs. Davis, covering the whole transaction with this amount? Please give me an estimate as to what you could do in this respect.

In view of the prominence of Mrs. Davis' experiments, I would not care to send her anything but the best possible selected seeds, and I should like to get it as reasonable a price as possible, for the success of her experiments may mean a very considerable future for the Sudan grass in southern France.

Please give me an immediate reply as to what you can do.

Very sincerely yours,
DANIEL FAIRCHILD,
Agricultural Explorer in Charge.

Many Bond Issues In West Tex. for Public Improvements

Stamford, Tex., Dec. 7.—The last two weeks in November saw a general revival in the voting of bond issues in West Texas for various public improvements, including municipal and county, and the sale of bonds covering the many important issues of recent date will be reflected in demand for practically all present home loans.

Among the recent bond issues are noted \$150,000 paving bonds of San Angelo, \$75,000 city hall-auditorium issue at Plainview; \$1,125,000 good roads issue in Hidalgo County, and the recent four-county contract for 100 miles of hard surfaced highway along the Bankhead Highway in Howard, Martin, Midland and Rector counties.

Street paving work is planned or under way in Haskell, Anson, Seymour, Childress, Pampa, Snyder and Stamford.

Recently the West Texas Chamber of Commerce, thru its Employment Bureau, sent out word that there was no need for additional cotton pickers in West Texas. Picking is 90 per cent complete. Many of these cotton pickers who were imported into West Texas are securing work on municipal projects and highway construction, but there is no demand for additional labor.

Joe D. Dale, of Bailey, Pannin county, arrived here the first of the week and will make this his home. He is well known as a successful farmer and we are glad to know he will take advantage of the big opportunities of the great South Plains.

H. N. Heath, stockman of Plains, was here Wednesday, looking after business.

Nobody Would Claim 20 Gallons of Booze at Spur

Last week a twenty gallon barrel was found in the W. R. Lewis pasture just north of the big lake to the southwest of Spur. On being asked concerning the barrel in his pasture, Mr. Lewis investigated. The bung was removed, the contents tasted and found to be straight corn whiskey. The bung was replaced and the barrel carefully removed from the pasture, another test of the contents proved disappointing, thereupon a more thorough examination was made. The head of the barrel was removed and it was discovered that a tin receptacle was tacked over the bung hole which held only one gallon and in which the whiskey had been stored. The balance of the contents of the barrel being water. It is presumed that some visitor to the fair sold this barrel to a bootlegger for twenty gallons of whiskey, and it was hid in this pasture temporarily pending a safer storage place and peddling operations.

We have been unable to learn definitely what became of the contents of the one gallon receptacle, but presume that it was consumed in the tests.

No one has yet put in a claim for the barrel.—Spur Texas Spur.

Neil H. Wright of Lubbock was in the city between trains this morning with his father-in-law, W. M. Woodall, as he was returning from Dallas, where he had attended the State meeting of the Southland Life Insurance Co. of which he is the West Texas District Manager.—Sweetwater Reporter.

V. N. Dillard, banker of Ralls, was here Wednesday, transacting business.

WEST TEXAS TOWNS MUST KEEP ALIVE TO MANY REQUIREMENTS

THE TOWN THAT KEEPS ABREAST WITH THE NEEDS OF THE COMMUNITY WILL BE CITY OF FUTURE

THE DEVELOPMENT NECESSITATES ACTION

The Housing Proposition, The School Situation and Many Other Things Along the Same Line Requires The Closest Co-operation of the Citizenship to Insure Kicking the Goal

Value of City Property Is Increasing Beyond Expectation

With the fall season and need of homes more evident, people from everywhere are coming to Lubbock to receive the benefit of our schools, and to live in the best town on the great South Plains, which has caused city property to advance in price beyond expectations of our oldest citizens. It is surprising indeed to note that in some sections of Lubbock, where only a few months ago there was no sign of improvements there are now many new, well constructed homes, and contractors very busy making others. Lubbock is on a real building boom at this time, and it is not so noticeable until one makes a tour of the entire town to see that building is not centered in one location, but from every side of the town new homes spring up as in the real building days prior to the war.

Lubbock suffered a back-set like all other towns since financial conditions everywhere were so close, but it is ahead of them all in making a get away now, that things have become more settled and there is more money with which to build.

On all the roads leading from the city can be seen many nice buildings under construction, and this is accounted for in the fact that a one hundred pound hog will buy a great deal more feet of lumber at this time than when pork was at the peak of prices.

Lubbock county farmers and Lubbock citizens are looking at the building proposition from the right angle, which can be seen in this building program, and it is such that as this keeps this town on top in the achievement of big things. Come to Lubbock and build.

JUNIOR C. OF C. TO TAKE CENSUS TUESDAY

In the Tuesday's issue of the Avalanche it was announced that the Junior Chamber of Commerce would take a census of Lubbock, and at the luncheon at the McFall hotel Thursday night it was agreed that the work would be started Tuesday morning and completed in a few hours.

The young men are organized in squads of ten, with a leader and instructor, and will take the town in sections.

A very complete census report and questionnaire has been prepared, and it is very necessary that each person give answer to the questions just as promptly and correctly as possible, and keep in mind that these men want every question answered, but will not have time to talk anything else but census.

A complete account of the meeting Thursday night will be given in our next issue.

Agricultural Importance of West Texas Growing

"That West Texas has largely changed from a cattle raising to an agricultural section is proved by the fact that twenty of the twenty-seven counties which had agricultural exhibits at the Dallas Fair were West Texas counties," said William T. Wheeler of Fort Worth, assistant manager of the West Texas Chamber of Commerce, Tuesday while discussing the work of the agriculture department of that organization.

"We picked the cream of the Dallas exhibit and won a \$1,000 prize as well as thirty-seven blue ribbons and twenty-five red ribbons as individual prizes at the Waco Cotton Palace. This exhibit covered 850 square feet of floor space and was later taken to the Houston Fair, where it won the first prize.

"An exhibit was also sent to the Louisiana State Fair, which was held at Shreveport from Oct. 29 to Nov. 7. "This has been a banner year with us, but next year we hope to have thirty county exhibits in Dallas instead of twenty."—Dallas News.

W. H. Akins, of Shallowater was here Wednesday for lumber for the A. C. McAdams company. He said there was a great deal of new building going on in that vicinity.

E. E. Newland, district salesman for the Burroughs Adding Machine Company was here the first of the week.

The people of West Texas and especially of the South Plains have many great and important matters to work out, and the town that is wide awake to the importance of these questions, is the town that is sure to win in the end. Many people wonder at the great amount of money that it requires to keep things moving in Lubbock. This is an easy question to figure out when one you stop to think about the real situation in this section. Lubbock is growing and growing rapidly. Hundreds of people are coming here every month, and wanting places to live. They find that everything is full up, and they too, wonder why the people do not supply buildings for rental purposes. It is an absolute impossibility for a rapidly growing city to do this. Very few people move away from our town, while as stated above, a large number come here to make their home. This causes an over demand for rent houses and while hundreds of homes have been built in Lubbock and other South Plains towns during the past year, one can hardly see that any relief has been given, but when it is noted that the increase in the school enrollment of the Lubbock Independent School district shows an increase every term of several hundred it is easily seen that many people are coming here, and are making their home in our city. This also explains why the Lubbock school facilities quickly become inadequate, and necessitates the erection of new buildings, requires the employment of a great number of teachers, and the expense of running the school increases at an alarming speed, and requires a lot of money to keep up with the conditions. The town, however, that takes care of the school situation and the housing problems is going to be the city of the plains, and the others will wonder how it all happened.

When we are called upon to increase the tax rates and vote bonds to supply the needed revenue, the necessary buildings and equipment we should remember that things and with our face to the front support every interest of our schools, co-operate with our home building associations so as to enable them to build homes for those who desire to do so and make room in the rented houses for those who do not wish to build homes at this time. This is one of the best uses to which you can place your neat dividend in the way of interest on the investment you are building up your home town.

The same reasons may be assigned for the ever increasing demand for the extension of the municipal utilities. Lubbock being new, and as we have said before growing at a rapid rate, she soon outgrows the sewer system, the lighting system and the water system, and it is necessary to increase the plants to take care of the increase in population.

This is true in almost every business in Lubbock, and no firm, corporation or individual stands back a moment on increasing their plant or business facilities to take care of their business, yet some folks throw up their hands in horror when it is made known that the public enterprises have outgrown their present facilities, and are prone to charge that the demands are far more rather than real and oppose things that are really vital to their own interest for it is plain to see that when the progress of the town is hampered that each individual in the city is likewise effected and held back.

While this great country is developing these conditions will continue, and there will be a constant demand for increased facilities in all lines of public utilities and enterprises. There will be no letting up, and our people will have to continue to provide churches, schools, residences, business houses, street paving, cement walks, etc., but as the old town grows others come to help in the building, and our plans of today will be taken up and carried on by others, and the way to keep things moving now will depend to a great extent what your town makes in the future.

Let every citizen of Lubbock get in line and do your part in keeping everything on the forward move, and as the demands come meet them, and Lubbock will make the city that the progressive people of the South Plains believe she will. City building is one continuous grand, but like a man's business if he enjoys it, it will never become tiresome to him, and each day will be spent willingly and enthusiastically in making it better and bigger and the more capable of taking care of the requirements that present themselves.

Everybody together for building a city, of Lubbock, that will be the most progressive, the most modern, and the most appreciated of any in the great South Plains section. Selah.

FRIDAY AT LYRIC—

"King, Queen and Joker"

—Featuring Sidney Chaplin. A smashing big five reel super-de luxe comedy. Filmed amid marvelous scenes in England, France and America.

SATURDAY AT LYRIC—

Wallace Reid featured in **"Excuse My Dust"**

Played by the same old daredevil that took your breath in "The Roaring Road". As for speed, love, daring, fight and excitement—oh! Boy!

NOTICE

A regular meeting of the Lubbock County Farmers' Union will be held Friday morning, Dec. 9, at 10 o'clock at the court house.

The back-stairs and cross-fence gossips are the people who raise the devil from his hiding place.

LIVESTOCK LOANS ARE APPROVED BY BOARD

Washington, Dec. 3.—Government loans aggregating \$6,420,000 for agricultural and livestock purposes were approved by the War Finance Corporation today. The loans were distributed in twenty-five States, divided into 158 separate advances to banking institutions.
 Among the States receiving loans were:
 Colorado, \$112,000; Missouri, \$591,000; Mississippi, \$20,000; (for livestock in Colorado); Kansas, \$150,000; Texas, \$274,000.

4 BABIES IN YEAR BORN TO FAMILY IN TAYLOR CO.

Abilene, Dec. 3.—Four babies in less than a year is the record of one Taylor County family. Early this year a baby boy was born to Mr. and Mrs. M. N. Young of near Abilene. A few days ago three more boys arrived simultaneously. The mother is 30 years old and now has ten children. The triplets were the second set ever born in this county.

HOW GOOD

that roast looks! Yes, and it tastes even better than it looks, because it came from Sid's Meat Market who is known to sell the very choicest cuts of roasts. Your guests will not be disappointed and the dinner will be a great success.

SID CARAWAY
 (HIMSELF)

Nearly twice as strong

Look up at your ceilings!

IS the plaster cracked, dangerously sagging? Nearly every home has one room that needs attention.
 There is an easy way to do over broken-sagging plaster. **Upsonize!**
 Your carpenter can nail the big, sturdy panels of Upson Board right over the old plaster—and you'll have a ceiling that can never crack, chip or fall.

UPSON-BOARD

Because of its quality, Upson Board has always sold for a trifle more than ordinary wall-board, but it is by far the cheapest in the end.

It is harder, stiffer, nearly twice as strong—so it handles without costly breakage and holds to the nails, where weak boards will pull away.

And its non-absorbent surface saves \$5 to \$15 per room in cost of painting. Phone us today for samples. The price has been reduced.

A. G. McAdams Lumber Co.

Abilene Rushing Connection With Big Reservoir

Abilene, Texas, Nov. 30.—Mayor Scarborough and Water Commissioner Newt Ferguson said today the city government had no intention of letting the city get without water, as special arrangements had been perfected to insure a continuous supply in spite of protracted drought.
 "We do not want the people to worry about it," Mayor Scarborough said. "Everything is coming nicely and we will soon have plenty of water. We want the people to continue to conserve the supply, but we also emphasize that the city is not going to be without water."

Eleven carloads of pipe for the construction of the line connecting the city with Lake Abilene, the 16,000,000,000 gallon reservoir in the mountains, have arrived here, and thirty more are on the way. It will require 300 carloads of pipe to fill the contract. The pipe, consisting of 18 and 20-inch, is in 12-foot sections and weighs 150 pounds to the foot. There will be 35,000 feet of the pipe, weighing 5,250,000 pounds. The pipe is of cast iron and is practically two-thirds of an inch thick. The contractors will use a mechanical ditcher in the process of laying it, and it is estimated that with a double shift of men a daily average of 2,000 feet can be maintained.

WHY MR. ARMSTRONG, CELEBRATED DOG TRAINER, USES RAT-SNAP

"Noticed rats around my kennels, having hundreds of prize dogs, couldn't take chances. Tried RAT-SNAP; in three weeks every rat disappeared. Noticed that the dogs never went near RAT-SNAP. I tell my friends about RAT-SNAP." Use this sure rodent exterminator, it's safe. Comes in cake form. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug and Cole-Myrick Hdw. Co. 28F

\$100 GIVEN TO MERKEL FAMILY BY KU KLUX KLAN

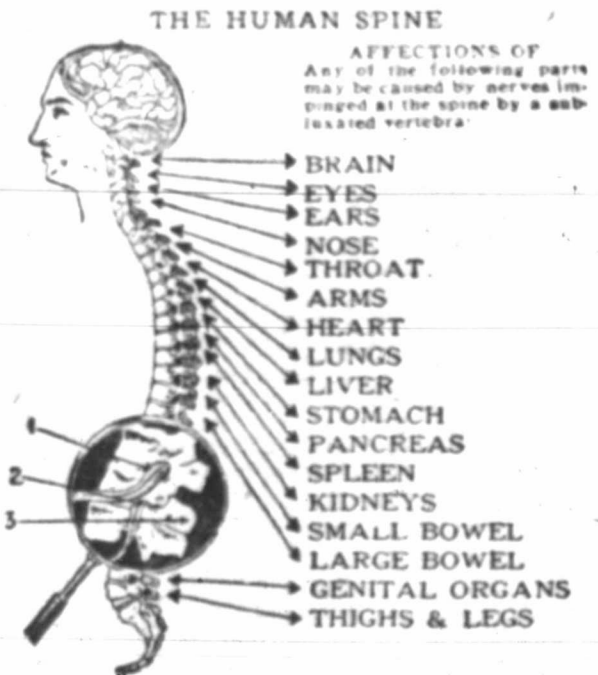

Abilene, Texas, Dec. 3.—One week ago at Merkel, west of here, the young son of C. L. Tucker was killed in a runaway team. Last night the Tucker home was destroyed by fire.

Today at noon the editor of the Merkel Mail found a letter in his office containing \$100 with a request that it be given to Tucker as a token of sympathy to him and his family in their recent misfortune.

The note was signed by Merkel Klan No. 137, Knights of the Ku Klux Klan.

And sometimes a man will deceive by telling the truth.

I AM PERMANENTLY LOCATED AMONG YOU

I have come to Lubbock to make my permanent home. I am a Chiropractor and practice ONLY Straight Chiropractic. Don't ask me to give anything else for I cannot—Chiropractic is all-sufficient.

I am a graduate of the Texas Chiropractic College, a Texas institution which teaches the latest in "PALMER METHOD CHIROPRACTIC."

I can not intelligently tell you through these columns of what Chiropractic consists of, and what it can do, but if you will come to my office, I will not only explain the science, but will give you a thorough analysis as well, and it will not obligate you in any way.
 Lady Attendant.

RALPH HARDY, D. C.

Sweetheart's Gift
Young Woman (holding out her hand)—Will you please tell me how to pronounce the name of the stone in this ring? Is it turquoise or turquoise?

Jeweler (after inspecting it)—The correct pronunciation is "glass."

Infalible Proof
"Yes, sir, it's pretty hard to collect money now; I know it."
"Have you tried and failed?"
"Oh, no."
"How, then, do you know money is hard to collect?"
"Because several people have tried to collect some from me."

Our Own Dictionary
"Spital" is not something to spit in.
"Barnacles" have nothing to do with barns.

Household Helps
Never use soap to wash the vegetables.
Avoid dropping glassware into the kitchen sink—it may break.
Locks can be fixed with a screw-

driver and profanity.
Holes in the linoleum can be disguised with new linoleum.
Ink stains in linens can be removed with a pair of scissors.
Hot water bottles applied to frozen pipes are of little service.
Perfume sprinkled on onions may help the odor but not the taste.
A leaky roof cannot be repaired with blotting paper.

The Dial
I. All men were born free and equal, yet girls smile at some and laugh at others.
II. Never judge the dinner by the tone of the dinner bell.
III. You can tell a donkey by his lack of horse sense.

IV. The father of a large family of girls often wishes he could advertise for proposals and bids.
V. An automobile is no better than the man driving it.

VI. Pluck will help you succeed, if you find somebody worth plucking.

VII. Electrocutation has put the finishing touches to many a man.
VIII. Nearly every girl believes lots of other girls are jealous of her.
IX. The closer you get to some people, the more distant they are.
X. It is sometimes easier to win the daughter's hand than the father's ear.
XI. The lion in society may be a bear at home.
XII. Lovers spooning in public are always sure to make a stir.

Rough Stuff
"When I began business on my own account, I had absolutely nothing except my intelligence."
"Indeed, that was a small beginning."

Bughouse Poetry
A crazy muse, a maze cruise,
Upon a sea of wheat!
In witty praise of pretty ways
Of Daisy and her feet!
'Twould pain the foot he fain would put
To antics such as these—
The yellow fields, this fellow yields,
Are full of bumblebees.

Anyhow They Grew
"The potatoes in our garden failed to turn out."
"How was that?"
"I had to dig them out."

Poor Orphans
"Say, waiter, is this an incubator chicken?"
"I don't know, sir."
"It must be. Any chicken that has had a mother could never get as tough as this one."

How Much Do You Know?
When was the War of 1812?
From what province of France was Joan of Arc?
Who is the author of Macaulay's History of England?
What two countries were participants in the Spanish-American War?
In what season of the year did Washington spend his winter at Valley Forge?
Tell about the Swiss navy.

Natural Mystery
The little ant
Looks rather scant
When measured by the elephant
But to be stout
And have a snout
Is surely not real elegant.
Still, to be frail
And have no tail,
Must also be unpleasant.

They Increase Daily
Married—You'll have to admit that when a man marries his troubles are over.
Unmarried—Yes, but over what?
And to Others As Well
"Have you anything to say before you go?" the sheriff asked the pris-

WOULD YOU---

Would you like to have \$10,000.00 CASH sometime in your life?
Would you like to know that if you did not live to receive this \$10,000 in CASH yourself, it would be paid to your family, even if you died next month, next year, any time?
Would it be interesting to know that you CAN'T deposit MORE than we pay back, whether you live or die?
Can YOU save \$1.00 per day?

oner who was ready to be hung.
"All I've got to say," replied the condemned man, "is that this will be an awful lesson to me."

News From Snagville
Sidney Hocks left this morning for somewhere. It was at first believed he was coming instead of going, as he had his hat on hind-part before.

Idiotical
Every now and then some scientist finds that the accepted theories of physicians are all wrong and that this is not so, as it were. The doctors then back up and start all over again, with a new name for old diseases and a fresh stock of germs and microbes and things. We have, in our own modest way, also made a discovery which proves that doctors have been, in one respect, entirely wrong. Our find is this: Doctors have always said they pay visits. It is not so. The visits pay them.

Ample Proof
Mary—Is your young minister so very fascinating?
Sarah—Fascinating? Why, lots of girls in our church have married men they hated just to get one kiss from the rector after the ceremony.

Mother
(An Old Poem Worth Repeating)
Hundreds of stars in the far away sky;
Hundreds of shells on the shore together,
Hundreds of birds that go singing by,
Hundreds of bees in the summer weather,
Hundreds of dewdrops to greet the dawn,
Hundreds of lewders in the purple clover,
Hundreds of butterflies out on the lawn,
But only one mother the wide world over.

NEXT DOSE CALOMEL MAY SALIVATE YOU

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones
Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

LOCAL NEWS ITEMS FROM LYNN CO. NEWS

On Wednesday, November 30th, County Judge J. W. Elliott united in marriage at his office in the court house, Mr. N. M. Barham and Miss Dora Yates. These young people reside in the Three Lakes community and have a host of friends who join the News in extending to them best wishes for a long and happy married life. Mr. Barham is a prosperous farmer in his neighborhood. Mrs. Barham is the youngest daughter of Mr. and Mrs. W. M. Yates of Three Lakes.

Mrs. E. J. Bellah and daughter, Miss Mary, and Miss Rhoda Barrier, of Lubbock, were guests of Mr. and Mrs. Montgomery Sunday.

Sunday evening, November 27, 1921, Mr. Roscoe Perreman and Mrs. Ruby White drove to the home of Rev. E. M. Brunson and were married in the presence of a few friends.

DYED CHILD'S COAT AND HER OLD SKIRT

Buy "Diamond Dyes" and follow the simple directions in every package. Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Worn, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything, become like new again. Just tell your druggist whether the material you wish to dye is wool of silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.
12-9f

NEWS ITEMS FROM THE PLAINVIEW NEWS

Guy Scott of Lubbock, state inspector of weights and measures, is in town today inspecting scales and measures. Mr. Scott was for several years publisher of the Hale Center Record.

The list is being held open and those who have not contributed can do so by remitting to Mrs. Ferguson or Arthur Lamb.

The remains of Wm. Krause, who died and was buried at Petersburg, Oct. 11, 1914, were exhumed and shipped this morning to Adams, Neb. for re-burial.

The Red Cross roll call which closed Thanksgiving Day was not a very great success in Hale County, less than \$500 being subscribed. It was hoped to get \$2,000, as it takes nearly this sum to support the nutrition work among the children of the county. Mrs. J. A. Ferguson, chair-

man of the Hale County Red Cross chapter will write to national headquarters and ask for help and if it is not given the work here will have to end.
E. C. Hastings, living three and a half miles northeast of Plainview, had the misfortune this afternoon to lose fifteen tons of maize and cane heads, and six thousand bundles of feed in a fire. The feed stacks caught from sparks from a fire in the yard. Mr. Hastings was in town at the time.

Several prospecting parties from Floydada were in Abernathy Monday investigating the oil possibilities of the Bledsoe oil field.

Hunt's Grocery

Parent-Teachers Club to Have An Important Meeting

The Parent-Teachers' Club met at the G. M. Hunt Bldg., Thursday, Dec. 1. Only a few members were present, but much important business was carried out, whereby it is hoped a stronger and more prominent organization may be established. The members also decided to entertain the patrons of the Lubbock schools on Thursday evening, Dec. 15, at the High School auditorium, at seven o'clock. An interesting program has been arranged and some of Lubbock's most prominent speakers will be heard upon this occasion. Refreshments will be served from one Manual Training Department. Every patron, grand-patron, and great-grand-patron is cordially invited to be present.

If you are interested in the welfare of Lubbock, in the progress of her schools and in the education of your child, manifest your interest by bringing some one and be present at this meeting, thereby encouraging and assisting this organization which steadfastly stands for these principals and extends to you this invitation.

Meeting Changed to Friday Evening.
Since writing the above the Parent-Teachers Association have changed the date of this meeting from Thursday night. This change was made in order that the meeting would not conflict with the meeting previously arranged by the Rotarians on Thursday evening. It is the desire of the Parent-Teachers Association to have a large attendance of the patrons of the school, and as the Rotarians are most all patrons of the school, or at least vitally interested in the success of the schools and could not change their dates without much re-arrangement, the Association was glad to change the date to suit their convenience.

Baptist Laymen Hold Services Pastor Absent

Rev. Bowen and wife returned Tuesday from Dallas, where they have been in attendance at the Baptist Convention. It was impossible for the pastor to be here for the Sunday services and Judge Klett and T. W. Sawyer divided the hour. Judge Klett used as his subject "Faithful over a few things," and Mr. Sawyer spoke on "When we shall see Jesus." Their talks were appreciated by all present, and they have the thanks of the entire congregation for carrying on the work during the pastor's absence.

The young people of the B. Y. P. U. rendered a most enjoyable program during the evening hour. These people are awake to their responsibility in the church affairs and are successful in all their undertakings.

LUBBOCK COUNTY FARMER IS ABLE TO HOLD HIS COTTON

E. N. Harrison was here Thursday from his farm near Idalou, and subscribed for the Avalanche. He is one of the big farmers of that community and is holding thirty bales of cotton for a higher price. A characteristic of Lubbock county farmers is that among those who have been here, many years, are very few who have to depend on the seasonal markets for a livelihood, as each year helps them to provide enough finances and supplies to care for those years when prices are not what they should be, and this is one thing that draws the attention of eastern farmers to this country.

MATADOR METHODIST PASTOR IN LUBBOCK

Rev. J. L. Quattlebaum, pastor of the Methodist church, of Matador, was here Thursday to attend the Lubbock District Sunday School Cabinet meeting.

The work in Matador is doing fine, and carpenters are busy building a new parsonage, where the Lubbock District Conference will be entertained in April of next year.

WILL DISPLAY QUANTITY OF NURSERY STOCK

J. F. Hawthorne, representing the Plantview Nursery Company, has placed a large amount of shrubbery on the vacant lot south of the post office to show his customers what they have to offer. Mr. Hawthorne has been in the nursery business for many years and is well pleased with prospects for a good business here.

W. N. Brown, banker of Lockney, was here Wednesday, transacting business.

One Man Loses Life in Chilicothe Hotel Fire Sat.

Chilicothe, Texas, Dec. 3.—One man is dead and another seriously burned as the result of a fire that destroyed the contents of a rooming house here early this morning. The prompt work on the part of firemen saved the structure from destruction.

The dead man was identified as Tom Simmons, 60, of Davidson, Oklahoma, en route to California. The injured man, T. E. King, owner of the establishment, received his burns while endeavoring to rescue Simmons who was overcome by smoke.

According to reports all the guests including Simmons escaped from the building when fire was discovered and the alarm given. The aged man returned for some article and was overcome by the smoke while in his room.

King, missing Simmons dashed into the building and endeavored to batter down the door of Simmons' room. Firemen brought the body of Simmons out of the burning building, and doctors tried to revive him but failed.

Simmons is survived by a sister, Mrs. J. W. Wyatt of Dresden, Tenn.

Do you really want a home—or do you prefer to continue adding to your "Rent Receipt Collection." \$10.00 will buy a lot in the Overton Addition—balance to suit purchaser. Let Bagwell show you these lots—the prices will appeal to you. 30-2

J. D. Mullin was here the first of the week from Wichita, Kansas.

LOCAL NEWS ITEMS FROM CENTER COMMUNITY

The weather was most disagreeable to work the later part of the week. The sand got all of the farmers eyes full of sand so they could not see to work.

Miss Ruth Baker was caller of the Hembrey home last Thursday night. She reports a real nice time. Messrs Cary and Earnest Norwood, Edgar Abney, D. W. Williamson, Jack Franks and wife and Burr Myers, were the callers of Lubbock last Friday. They say the sand was bad coming home.

The weather was so bad Saturday that Bro. Rankin could not fill his appointment Saturday morning and Saturday night. But he came Sunday, his text being, "Who hath believed our report." A good sermon was rendered. The crowd was small but good attention was paid by everyone.

It seems as that bad colds are going through the country and many were sick and could not be out at church and Sunday School.

Messrs Carrie Mae and Alma Baker were the callers of Misses Hazel and Catherine Johns Sunday afternoon.

Miss Harmina Reiken was the pleasant caller of the Abney home last Monday night. She reports a real nice time.

SCURRY COUNTY WILL HOLD POULTRY SHOW

Snyder, Texas, Dec. 7.—The Scurry County's annual poultry show will be held in this city December 22nd and 23rd, according to word sent to the West Texas Chamber of Commerce, which organization is promoting the joint livestock-poultry-dairy campaign in West Texas, under the supervision of C. C. French of the Fort Worth Stockyards Co. and J. W. Ridgeway of the Nissley Creamery Co. and also chairman of the agricultural bureau of the West Texas Chamber of Commerce. C. P. Van Winkle has been elected judge of the show.

THEY MAY BE GONE TOMORROW MORNING

Mr. O. V. Bagwell, has just secured the exclusive sale of a nice bunch of lots in the Overton Addition. These lots are well located, nice and large, each lot being 50 feet wide, and the prices are very reasonable, considering the location, where property is sure to enhance in value in the near future.

His plan of selling offers a splendid investment to people of moderate means and especially to the working class of people, and those who could not otherwise invest in a building site, and at the same time build a home. The terms are \$10.00 down and purchaser to make his own terms on balance, either monthly, quarterly, or any way the buyer wants it made. See Mr. Bagwell. 30-1

BOY AND GIRL 14 YEARS ELOPE AND MARRY

Roswell, N. M., Dec. 7.—That they were going to Michigan where they expected to be married was the only explanation offered by Robert Bennett and Opal Oberlin, who were found twenty-seven miles north of this city wandering about in the sand hills after being absent from their homes in this city for fifty-two hours.

Both are only 14 years of age and members of prominent families of this city. They were entirely ignorant of funds and were found by local officers walking northward, having eaten only what was offered them at sheep camps along the way.

MARRIAGE LICENSE

- H. M. Beavers and Miss Mae Holmes, December 5.
- Geol. R. McDougal and Miss Ennie Alma Baugh, December 3.
- C. M. Harrison and Miss Reta A. Jackson, November 26.
- W. E. Martin, of Slaton, and Miss Douselle Leverett.
- Wm. A. Wright and Miss Ruby Gandy, November 28.
- S. J. Haltin and Miss Clara Benton, December 2.

Agricultural Heads Urge Sterilization of All Seed Cotton

Washington, Dec. 1.—At the conference on the pink bollworm situation in Texas in Dallas the establishment of sterilization plants throughout the State may be proposed as the chief method of fighting the bollworm in place of the endorsement of new cotton zones.

As has been pointed out, the cotton seed is the most prolific carrier of the worm from one section to another, and if properly treated by a heating process all insect life in the seed would be destroyed. It would then be possible, in the opinion of the experts, of the Department of Agriculture, to ship the seed with safety.

The pink boll worm comes from an egg laid by the insect in the miller state, and the millers make their way from field to field by flight and other means of carriage, which is a matter to also be given attention at the Dallas meeting tomorrow.

Do you really want a home—or do you prefer to continue adding to your "Rent Receipt Collection." \$10.00 will buy a lot in the Overton Addition—balance to suit purchaser. Let Bagwell show you these lots—the prices will appeal to you. 30-2

Bishop Temple, of the West Texas diocese of the Episcopal church, arrived Thursday from his home at Amarillo, and will spend a few days looking after the interest of the church here.

Visit the Baptist ladies' bazaar and buy your Christmas gifts from them, December 20 and 21, at Rix's. 30-1

CANYON SCHOOL ITEMS

The people of Canyon community are almost through gathering their crops, and the children are coming back to school.

Miss Theima Hinson was absent from school last week on the account of the illness of her mother, and the death of her infant brother. We all hope that Theima will be back in school in a few days.

Mrs. Burford's little fifth-grade pupils challenged the seventh grade pupils for a contest in Geography last Friday, Dec. 2. The seventh grade accepted the challenge, and both grades came up to Mrs. Burford's room at 2:30 o'clock and the contest began. At the end of 25 minutes the last pupil on the seventh grade side sat down, leaving only one standing. On the other side, the fifth grade was victorious. The seventh was willing to try them again. But the result was the same as before. All of the seventh grade were turned down, and the fifth grade was victorious again. Who said Canyon didn't have a strong fifth grade geography class?

Thursday afternoon the directors of the Junior Red Cross of Lubbock visited our school and organized a Junior Red Cross at Canyon. Those present were: Mr. Martin, Miss Oliver and Miss Ellis. Mr. Martin gave us an interesting talk on the Red Cross work. Our school now has a hundred percent enrollment, and three dollars and sixty six cents contributed to the Red Cross.

Mr. Paul Southworth was a visitor at the Canyon school house Friday afternoon.

Several new pupils entered school this week.

The pie supper was a success. Some of the pies sold as high as four dollars. There was a large crowd present and all had a very nice time. The money is going to be used for getting black boards and keeping up the lights. The amount collected for the pies was forty-seven dollars and sixty-five cents.

The girls have received their new basket ball and will be ready to play soon.

LUBBOCK TO HAVE BOYS AND GIRLS BAND

G. A. Wright, musical instructor, with three classes in Plainview and two at Lockney, was here Wednesday and Thursday, and will probably start a boys and girls band here in the near future.

He met with J. A. Rix, president of the Chamber of Commerce, and Curtis A. Keen, secretary, who said they would give him their moral support in establishing a band, as they feel sure that through his efforts a great deal of good can be done in creating a band for Lubbock, one of our most needed institutions.

Mr. Wright will hold a meeting Friday night in the High School Auditorium and insists that parents attend with their children, as through them he has better chances to know what is best suited for the child, and he wants a good hearing. It is a privilege, indeed, for the people of Lubbock to have this assistance in giving their children a musical education, as Mr. Wright will be able

The Sanitary Dairy

The Cream Line on a bottle of milk from the Sanitary Dairy tells its own story of quality; 15 cent a quart—and our service is second to none.

Ed Vaughn

Phone 9010

to enlist a large class, and together with the assistance of getting a place to hold the meetings through the Chamber of Commerce, a very reasonable charge will be made for the instructions.

Remember that the meeting place will be held at the High School Auditorium Friday, beginning at seven-thirty.

Why not give hand-made gifts that carry that individual touch—then patronize the Baptist bazaar on December 20 and 21, at Rix's store. 30-1

Neil Wright, local representative of the Southland Insurance Company, returned Thursday from Dallas where he spent three days attending to business.

COLDS

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up. The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

When a man seeks good he has not far to go; it is already within himself.

BAPTIST STATE CONVENTION CLOSES A LIVELY MEETING AT DALLAS—WILL MEET AT WACO NEXT YEAR

Dallas, Dec. 3.—Entering the final day of the convention proper, the Baptist general convention this morning took up the questions of sanitariums and seminaries as the final phase of the past year's physical activities, and cleared the docket for the report of the executive board scheduled for late afternoon. In the adoption of the resolution late yesterday afternoon forbidding further discussion or mention on the floor of the convention of the so-called "heresy" charges against certain churches and educational institutions, the convention breathed easier, expressing the conviction that the threatened disrupting force has been forever stilled and that the meeting shall have passed into history as one of the quietest and most peaceful.

Practically the entire time has been devoted to one form or another of discussion of charges by a Baptist pastor that heretical teaching on the Darwinian origin of man is being practiced in Baylor University and for a time this stirred the Baptists, as Dr. John A. Rice's book wrought up the Methodists.

Waco Is Selected. Waco was selected as the 1922 meeting place, being the only city inviting the convention. Preconvention rumor was to the effect that Fort Worth would bid for the meeting but thought of this was dropped when leading ministers announced that they would refuse to join in an invitation in opposition to the Central Texas city.

Rev. T. Y. Adams of Sweetwater will preach the convention sermon, according to plans outlined by the special convention committee. Rev. W. B. Brown of Orange was named as alternate preacher. Action of the committee in selecting the 1922 meeting place, fixing the date and naming the preacher was scheduled for Saturday afternoon, but President J. D. Sandefer has kept the convention business moving so rapidly that time was found for this feature at Friday night's session. The report on the University Church at Austin, also on the program for Saturday afternoon, was sandwiched in the morning session Friday, leaving the docket clear for a report of the executive board and another on the \$75,000,000 campaign Saturday afternoon.

Dr. Lee R. Scarborough, president of the Southwestern Seminary of Fort Worth, had charge of the morning program on seminaries, the speakers devoting themselves to reports and addresses on various Baptist theological institutions, in Texas and the South. Among the speakers were J. M. Adams, president of Southern Seminary at Louisville; Dr. C. C. Carroll of the Bible Institute at New Orleans, and Dr. W. W. Barnes of the Fort Worth Seminary.

Reports on sanitariums, other than the Baylor memorial hospital here, occupied the early part of the meeting today. As each session is convened today the attendance is noticeably smaller and hundreds of messengers and visitors are leaving for their homes.

Many local pastors will go to nearby cities and towns tonight to occupy pulpits of visiting pastors and all local Baptist pulpits will be filled with visiting pastors Sunday morning.

Hear Seminars Report. Evangelistic and foreign missions were discussed at some length during the Friday morning session.

K. Carter's Store
North Side Square Lubbock
The One Priced Store That the Lowest

which was the first period marked freedom from the "phantom of heresy" that stalked through the halls and corridors at every session, both of the convention and the pre-convention conference of pastors and laymen.

Some Evangelists Condemned. Dr. I. E. Gates, pastor of the First Baptist Church of San Antonio, reported on evangelism and then spoke to the report, assailing the evangelists of today who go about their work with "huzzahs," claiming that they do more harm than good and distract the minds of their hearers from the true religion of God to that of sensationalism.

Dr. Warren made an appeal for redemption of pledges made during the first two years of the \$75,000,000 campaign, asserting that because promised payments have not been made the work of the board is seriously threatened.

Rev. E. E. Dawson of Coleman reported for the foreign mission board of the State convention, reciting figures on the number of missionaries missions, churches, schools and other institutions in foreign lands maintained by the Southern Baptist Convention and in which Texas Baptists have a large share of interest.

There are 469 missionaries; 970 native workers, 661 churches, 187 of which are self-supporting; 632 schools with 22,866 in attendance; 1,400 out-stations and 907 Sunday Schools with an attendance of 41,000 students.

Church in Straits. Reporting on the financial straits of the University Baptist Church in Austin, Judge O. S. Lattimore of Fort Worth and Austin recommended that every Baptist Church in Texas take an offering some time during the month of January to assist the church in paying its debt of \$130,000. This recommendation was referred to the executive board.

Reports on the work of women's part in the life of the Texas Baptist Church were made by Mrs. J. C. Williamson of Austin.

Catholicism, which long has held supreme power in Brazil, is seeing its sun setting and the star of the Baptist faith is rising. A. B. Deter, missionary to Brazil, declared during the foreign mission hour, which was in charge of Dr. Forrest Smith, pastor of Broadway Church, Fort Worth. While admitting that Americans never will completely evangelize Brazil, Deter declared that from a zero membership some years ago the Baptist organization now claims 25,000 Brazilian members and that this number is ever increasing.

O. P. Maddox, also a Brazilian missionary, spoke along the same lines, reciting some of the experiences of the Baptists in Rio Janeiro.

Woman's work, evangelism and foreign missions were discussed during the morning session and Christian education was on the program for the afternoon meeting.

The executive board has been in executive session almost constantly since the convention opened, but little of what has been discussed and decided has filtered through the closed doors behind which it meets.

HOW BIG NEW YORK GROCERY FIRM KEEPS DOWN RATS

Vrooms & Co., Butter & Cheese Merchants, New York City, says: "We keep RAT-SNAP in our cellar all the time. It keeps down rats. We buy it by the gross, would not be without it." Farmers use RAT-SNAP because rats pass up all food for RAT-SNAP. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug and Cole-Myrick Hdw. Co.

TAKING DESPERATE CHANCES.

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances, when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle? 28F

You are never in greater danger than when entirely satisfied with yourself.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

It is rather significant that you never hear of a man marrying a woman to reform her.

If everybody entitled to do so were to appear in stripes, "society" would cease to yawn with ennui for want of a new sensation.

All things come to those who wait, even a new tariff law.

The main advantage about modern slang is that no one ever has to use his brains.

Some girls are natural "peach-rinos," some acquire the "peach-rino" state, while others succeed in overcoming it.

SENATOR BLEDSOE A GOOD ROADS BOOSTER

Senator Bledsoe in a conversation with an Avalanche reporter Tuesday expressed himself as being well pleased with the steps taken by local business men in encouraging better roads improvements for Lubbock county, and said he has going to do all in his power toward helping make Lubbock a convenient and good place for the tourists who might make this place on their tours of West Texas.

The Senator is a booster at any rate and is going after the good roads from more angles than one, as he said that regardless of the appearance he might make before the managers and commissioners of other places, he said he made it his personal interest to tell them just what he thought of their roads and streets. "The roads of Dickens county are a credit to West Texas," he said. "If I think a city or community is doing all it can toward making and maintaining roads and streets I am satisfied to receive a few jolts while on them and say nothing, but so far as making a practice of saying nothing of a road in a community where there is plenty of money for their improvements is not at all my policy," he said.

Lubbock and Lubbock county are filled with men who are awake to the needs of good roads, and through their efforts something worth while will be accomplished in this direction, we are sure.

Nuts, Fruits and Whatnots for CHRISTMAS....

We don't consider it a compliment for a grocery store to claim to have things appropriate for your Christmas cooking—they should have them! It's our duty. We also have them and besides we can send you fresh meats on the same order.

NEWS OF THE WEEK FROM SLIDE SECTION

We had a sand storm on Friday and a real cool breeze Saturday morning, which made us remember that the old Mr. Winter would soon be here.

Mr. R. V. McCarty from Woodrow, was at the Store Tuesday.

Mr. Claude Martin and father, from Lubbock, were visitors at the Davis home on Tuesday.

Mr. C. A. Hubbard and wife went to town Tuesday and returned Wednesday.

Mr. and Mrs. V. J. Farris and son are visiting their sister-in-law, Mrs. E. D. Farris and husband.

Mr. Haden Bateman and family, were transacting business in Lubbock Thursday.

Mr. McClendon who will live where Mr. Harriet lives another year, has arrived in our community and has started his children to school. We welcome this good man to our community.

Mr. I. J. Davis and wife were in town on business last Friday.

The singing on last Sunday was a great success. There was extra large crowd present and did some fine singing. We saw familiar faces from all the communities around. We welcome all these people to our community and hope that they will come back again. There will be another singing third Sunday, Dec. 18. Everybody has a special invitation to come back. As we enjoy having as many visitors with us as we can. Remember the next singing day, Dec. 18.

Those attending singing from Lubbock were: Rev. T. B. Sowell and wife, Mr. G. H. Hilton and daughter, Lola, and Mr. Fortenberry. We welcome these good singers, come back to our next singing evening.

Bro. Pickens preached a very interesting and instructive sermon on Sunday night for all that heard him. Next first Sunday evening will be preaching day again.

Messrs W. B. Copeland and T. J. Davis were in town Monday on business.

Mr. Edd Schroeder and family visited Mrs. Schroeder's sister, Mrs. Cone, of Near Brownfield.

Mr. Clarence Barton, from Lubbock, spent last Friday night at the Davis home.

Mr. Tom Cannon from Carlisle, visited his sister, Mrs. C. L. Reiger, the last part of the week.

Mr. J. E. Hubbard and wife went to Slaton Saturday to see their daughter, Mrs. J. W. Smith.

Several new pupils entered school on last Monday.

Several of the young people from Woodrow attended church last Sunday night.

Odell Reiger spent Saturday and Sunday at home, returning back to Lubbock for school Monday.

Mr. and Mrs. C. A. Hubbard were transacting business in Lubbock last Monday.

Mr. Baxter Honey, from Lubbock, was out at his place near Slide on Monday.

The Rix Furniture Co., delivered a load of furniture out at the Davis home Monday.

Mr. Harwood was a pleasant caller at the Stanford home Monday evening.

Mr. Frank or (Shorty) Brown and wife from Lubbock, were in our community Monday afternoon.

Mr. Sam Moore's oldest boy got his arm hurt last Monday, trying to crank a car he was carried to town immediately to see if he had broken it or just knocked it out of place.

The man who paddles his own canoe seldom rocks the boat.

Okeh Records

The Record of Quality From the Classical to the popular Blues.

The Regina Phonograph Will Play Any Disc Record Better Than You Have Ever Heard It Played Before.

INTERESTING SHALLOWATER NEWS OF THE PAST WEEK

An old time norther struck here Saturday and a good deal of real estate was on the move, but we forgot all about it while we were enjoying the fine weather we have had the last two days.

Mrs. Killin and son, Hughie, Mr. and Mrs. B. E. Needles and son, and Pate Hardy, were among the visitors at the oil well north of this place Sunday.

T. C. Calley's brother visited with him one day last week.

G. M. Mason is on a business trip to Dallas this week. W. C. Brown went to town Monday to see the doctor. While at Shallowater Sunday his horse ran away and threw him out of his buggy. It was not thought at first he was hurt, but he was not feeling as well Monday.

LOCAL NEWS OF THE WEEK FROM MONROE

Mr. Steve Collier and family moved from Badger Lake to their new home near Mr. Greenhills home last Friday. We are so glad to have them and their children at Monroe.

Mr. Howell of Abernathy, failed to fill his appointment at 4 o'clock last Sunday P. M., on account of the cold.

Sunday School and singing were very well attended and the meeting of the church of Christ at 11 a. m.

One of our sweetest singers, Mr. Floyd Motheny, is away for two weeks, visiting in Vernon, Texas.

Mrs. Motheny went to Lubbock on the train and returned in the same manner, last Tuesday.

J. A. Long and wife, and son, Worthy, went to Lubbock last Wednesday and called upon the school at that place in the afternoon.

There is quite a lot of enthusiasm over the oil at Abernathy and we sincerely hope there will be paying quantities found around that good little town.

Grandma Stephenson had grandmother Long for a dinner guest one day last week. Mrs. Long is 87 years old and is in excellent health, and has spent a very useful life and enjoys most of the doings in society.

Mr. Slate, of Lovington, New Mexico, visited his friend, Ben Ditto, and family here a part of last week.

Mrs. B. C. Chetter, of Lubbock, was a caller in the Stephenson home last Thursday afternoon.

Last Tuesday the friends of Mr. Sumner thrashed his grain for him, as he is in the sanitarium in Lubbock. After an operation for appendicitis. We hope he will recover and get back home at an early date, and the entire community are in sympathy with him.

MINE BOSS SAYS HE WAS HELPLESS

Arizona Man Was Simply Down and Out and Couldn't Even Move Himself—Feels Fine Now

Harry E. Scott, a well-known mine boss, whose address is Box 683, Tombstone, Arizona, writes:

"I was down and out nearly all the time with rheumatism and finally got where I couldn't move, even to feed myself. My wife thought I would never get well again, and she knew my condition better than anyone else.

"I was absolutely helpless when my wife started giving me Tanlac and in four days I ate a hearty meal for the first time in many months. Tanlac put me on my feet and I'm back on the job working hard and feeling just fine. I have gained eighteen pounds in weight, too."

Tanlac is sold in all leading Drug Stores.

Mrs. Niell Wright and little son, left for their home in Lubbock this morning and Mrs. Olen Graves and son for Fort Worth, after visiting their parents, Mr. and Mrs. W. M. Woodall for several days past.—Sweetwater Reporter.

As Quinine That Does Not Affect the Stomach because of its tonic and laxative effect, LAXATIVE BROMO-QUININE is better than ordinary Quinine and does not cause the unpleasant tingling in head. Remember the full name and look for the signature of E. W. GROVE.

CHIROPRACTIC

Chi-ro-prac-tic, as defined by Doctor Council, is the science of removing the cause of all abnormal conditions of the human body, called disease, by adjusting or putting in proper line the joints or vertebra of the human spine so as to take off any pressure or impingement from the nerve that leaves that joint to feed or carry life and health to the organ of the body that gets its life or health from that particular joint.

MUTTON T. COUNCIL
D. C., PH. C., D. M., N. D. & E. T. D.

When one of these joints is slipped out of place it cuts off the nerve that carries life and health to the organ that is fed from that joint, as is plainly shown when the back is broken and all life is cut off or paralysis is caused from the broken joint downward, showing also that all healing power comes from the brain through the spinal cord or else the body would become paralyzed to the front of the broken joint as well as to the rear.

The nerves that leave the neck carry life and health from the brain to the eyes, ears, nose and throat, while those from between the shoulders or from the upper part of the spine carry life and health to the lungs, heart, liver and stomach, and the nerves that exit from the lower part of the spine convey life and health to the kidneys, intestines, ovaries and all other pelvic organs.

MAGNOLIA OIL STATION BURNS AT CROSBYTON

Monday morning fire started near the tanks of the Magnolia Petroleum Oil Company station at Crosbyton, spread before anything could be done and the entire plant was consumed, together with a large quantity of oil. The truck used for delivery purposes was also burned.

It is reported that one of the men engaged in helping to run the business was badly burned about the face but his condition is not at all serious.

MR. FRED WHITE SAYS, "DON'T IDLE BECAUSE YOU ONLY SEE ONE RAT"

"I did, pretty soon I found my cellar full. They ate my potatoes. After trying RAT-SNAP I got 5 dead rats. The rest later. They pass up the potatoes to eat RAT-SNAP." If there are rats around your place follow Mr. White's example. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug and Cole-Myrick Hdw. Co. 28F

CROSBYTON MAN WILL INSTALL PACKING PLANT

T. H. Ballew, of Crosbyton, was here Monday, and from him we learn that S. A. Guy, one of the best town builders of the plains, and a resident of Crosbyton, will open a small packing plant there in the near future.

Mr. Guy is proprietor of the Cap Rock Dairy, of that place, and is well known on the plains. It is a very much needed business he is about to engage in, and we are sure that it will prove a success.

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

Entered at the Postoffice at Lubbock, Texas, for transmission thru the mails as second class matter.

GOOD ROADS AND LUBBOCK

Lubbock was well represented at the roads caucus at Spur Monday and we are glad that through the efforts of the towns of the Plains this proposition will be dealt with in a straight forward manner, with some of the most successful business and professional men of West Texas in responsible positions in the organizations with opportunities to prove their worth as builders of the first class.

It was noted with pleasure that the meeting was marked by close co-operation and perfect harmony between all members of the various committees, with a fair, well defined, open and frank expression of opinions on all vital subjects.

Judge A. B. Spencer, in making the acceptance address was appointed president of the association, said a whole lot in a few words when he insisted that "Men of high standing and sound business judgment are wanted in all the committees, but to be aware of the man who was not for roads, regardless of other characteristics." Mr. Spencer is a veteran organizer and business man and it is encouraging to know that he was given this place, and there is no man in all West Texas who is acquainted with him but who recognizes his worth in this capacity.

Joe Hess, local builder and loan man, had to use but few words to drive home a point, when, during the discussion of naming the road insisted that "We keep it on the ground and build roads, and keep the name there to let all who see it in print, know for what it stands."

There were ten representative men from Lubbock attended the meeting and the front page article in this issue, written by Curtis A. Keen, who was appointed publicity director of the organization, gives a good account of what was done.

PUNISHMENT

Governor Neff made the statement at Dallas the other day, in speaking of the crime wave that more murders were committed in the state of Texas last year than in the entire British empire. The full force of this argument, perhaps does not strike one until one reflects that Texas has less than five million inhabitants, while the British empire has 245 millions.

It is not hard to discover the cause of this. The British empire contains millions of savages and semi-civilized peoples, yet the crime of murder is less than in this highly civilized state. The subjects of Great Britain are no more law abiding than Texans. The difference is simply this: British justice is swift and sure. British jurors perform their tasks unflinchingly. British laws are not honeycombed with loop holes and technicalities.

There is reproduced on this page a part of an address by the Rev. Hubert D. Knickerbocker of Wichita Falls, dealing with this situation. He gives some of the causes of the laxity of law enforcement in this state and points out the remedies.

The time is coming when jurors will be picked for their intelligence and when the force of public opinion will back them up in their decisions, when mawkish sentiment will give way to a strict administration of justice.

The change must come if our boasted civilization is to endure—Abilene Reporter.

SEE THEM IN EVERYDAY CLOTHES

The Memphis Herald, which is edited by W. A. Johnson, former State Senator and Lieutenant-Governor, says: "The present visit of the Governor and his committee to the penitentiary, for the purpose of investigating conditions, would be ridiculous if it was not such an important matter. The Governor had several weeks ago notified Capt. Herrig and other officials that the visit would be made. They have cleaned and polished and scrubbed up and put everything in order for the occasion. The committee has assembled and been met by the citizenship of Huntsville and a brass band. When the official party arrives every thing has on its 'Sunday clothes' and there is not a hitch in the program. There is not a single thing wrong in the management and it is all just right. Why, of course it was known that it would be that way. The proper way to see prison affairs as they are in the daily grind is to walk in on them without so much sound of trumpets and advertising. The Herald believes our penitentiary system is not at all good, and that the way to remedy it is to get at the bottom of the cause. Governor Neff, no doubt thinks he is on the right track, but there is too much spotlight publicity to this to get any real facts as to the everyday life in the penitentiary."

New farm homes are being established throughout the South Plains. Many new farms will be opened next year. Some kind of marketing system should be thought out so that the people will be able to sell their produce at a fair value.

The Panhandle and South Plains is probably the most prosperous section of the State. Traveling men who make other portions of the State tell us that this is the most prosperous part of their territory.

From a sanitary standpoint we believe that some much needed changes are necessary in the court house. We recommend that these changes be made. Who will carry out our recommendations?

When a man tells us he is a town booster and never pays a cent of taxes to help maintain the city we do not believe a word of what he says. Actions speak louder than words.

This is the land of diversification.

FATE HAS BEEN KIND TO LUBBOCK

The general and most spoken opinion of Lubbock business men at this time is the unwillingness of all to recognize the true, prosperous conditions that surrounds us. Realizing that there is no soothing effect to be derived from knowing another is in greater peril than oneself, it is plain that to notice conditions elsewhere does not help us one bit, but when we compare the general condition of Lubbock county farmers and those of other places where crop failures are adding their disadvantages to the already deplorable financial affairs of the people, we will surely see that fate has been kind to us.

Every working man in Lubbock should hold membership in one or the other of the Chamber of Commerce organizations. If you cannot contribute more than a dollar a year, it will amount to quite a sum in the aggregate in helping this organization go forward with its work of development and improvement of Lubbock. If the Chamber of Commerce can be instrumental in keeping building programs going, the working man is certain of a job, and he can keep himself and family comfortably clothed and plenty to eat, while on the other hand if there is nothing doing in the city the dollar that you did not spend to help the Chamber of Commerce will not go very far toward keeping the family. Better invest in a membership with the Chamber of Commerce this year.

As we have stated before, Lubbock has about the best hotels to be found anywhere, and well managed, but their capacity is not capable of taking care of the demands of the traveling people, who make Lubbock on their regular rounds and the transient trade too. Lubbock should have larger hotel facilities, and with the large increase of travel in this section and the opening of additional highways through this city it will be absolutely necessary, and now is not too soon to begin looking into the matter and getting things lined up for the near future demands.

Another year is almost gone and Lubbock is still without that auditorium that is so greatly needed. Are we going to continue thus? Lubbock is situated so that it is a convenient place in which to hold conventions and large gatherings of people from surrounding counties. The railroads all center in to this point, but we are absolutely without facilities to take care of a large audience and hence are handicapped in this way. Let's build an auditorium that will seat not less than two thousand people, that can be used for all purposes of a public nature.

The present indications are pointing to a live wide-awake boy's and girl's band. Prof. Wright of Plainview was here this week and he is very enthusiastic over the prospects of organizing a band of quite a large membership. A band is very necessary to the development of the town and we do not believe that a place is entitled to the name of city, or can be counted in the list of progressiveness where an organization of this kind is not maintained. Let's have a municipal and a junior band too.

Well, after all the editor of the Avalanche is better off than John D. Rockefeller. John D. had to borrow a coat the other day before he could gain admittance to an imperial garden party. We are glad we live in Lubbock where the people do not pay so much attention to how a fellow is dressed, but are just as glad to see him in his shirt sleeves as if dressed in broadcloth. Come to Lubbock where people make you feel at home.

It seems that the big money influence throughout the world will keep the Disarmament Conference from accomplishing any great things, so far as the final action on matters is concerned. Disarmament will come, but we do not feel very hopeful at this time of any great accomplishments, other than laying a foundation for the building of a great disarmament structure.

The League of Nations may be rejected and laid aside, and ignored to a certain degree, but still the principals burn brightly, and in years to come, probably after Woodrow Wilson and the balance of we human beings of middle age are gone, but the League of Nations will come in some form or other probably not of that name, but of the same effect.

The livestock over the country would no doubt hold a jubilee if they could read what the newspapers have to say about the packing house strikes, which will affect the selling of livestock for meat purposes in many sections of the country and will give the meat animals an extension of life a few weeks at least.

The Scottish Rites are having a Girl's Dormitory built at the State University at Austin, and the impressive corner stone laying ceremonies was witnessed on November 28th. This new dormitory will be ready for occupancy by the fall opening 1922 and will accommodate about 350 girls.

School matters of much importance will have to be decided at the ballot box the coming year. You ladies who are interested in the better education of your children should by all means equip themselves with the necessary document that will permit them to vote, and then use it.

Better get one of those poll tax receipts. They will be very necessary when it comes time to vote and the voters are going to have an opportunity to exercise their voting privileges the coming year several different times from every indication.

We understand that every carpenter in Lubbock is working full time, and several are here who live in nearby towns employed on Lubbock buildings. Lubbock is enjoying a real active building campaign.

Important matters will have to be settled at the ballot box the coming year, better pay your poll tax.

Lubbock could certainly support a good sized flour mill.

WITH LUBBOCK BUSINESS MEN

If old Santa Claus fails to purchase his gifts from the Lubbock merchants we are inclined to believe that he is not a patriotic citizen, since most all the merchants of the city have their stocks filled and are now making price concessions that are really worth-while and important enough that Santa had better see the values being offered in Lubbock before he buys them elsewhere.

The Store of A. B. Conley, Jr., known throughout the South Plains as the Quality Dry Goods store has declared an unusual and interesting event for Santa, inasmuch as practically all kinds of good merchandise is now being offered at a straight 20 per cent discount. A discount of this amount when we take into consideration that the prices have already been adjusted to the low mark is very interesting to those who want good clothes at a saving. Mr. Conley, we are sure will appreciate it if you will visit his store between now and Christmas.

And the Leader isn't falling behind any of them. A tremendous stock of goods has been turned over to Mr. Parish, expert salesman, with the instructions to move it before Christmas. This event is being more widely advertised than others and will likely draw tremendous crowds to our city for their Christmas purchases.

And as usual and as the people of this county have begun to expect Barrier Brothers Department store has sent one of the strongest invitations to Santa Claus and Christmas purchasers this week of the season, displaying unusual bargains prevalent in all departments.

And Watkins' Jewelry Store has declared its annual holiday sale on jewelry, making drastic reductions on all stock. The fact of the business is that Lubbock merchants are now making the biggest and final invitation of the year for your business. You will be the loser if you fail to take advantage of these many bargains.

CHAMBERLAIN'S COUGH REMEDY THE MOTHER'S FAVORITE

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and effective cures have made it a favorite with people everywhere. It is especially prized by mothers of young children for colds, croup and whooping cough, as it always affords quick relief and is free from opium and other harmful drugs.

Be sure and get our price on turkeys before selling. Rucker Produce 30-1

The Movement for Milkers

The boll weevil has touched the pocketbooks of southern Oklahoma merchants and bankers. When cotton farmers raise no cotton they cannot pay their debts at the banks. Business men are tardily realizing that their prosperity depends on the farmer after all, and they are hurrying up, now, to fix things so that the farmer can make some money. They see the long-established fact that the farmer with a bank account and a steady income is the man who milks cows or feeds hogs or who keeps some other kind of livestock.

of the same kind are under way in other cotton counties and on the part of many individual banks as well as of chambers of commerce.

This is a fine outpouring of spirit and of money on the part of town business men in the cotton country. I wish it had been done long ago. My hope now is that it will be done intelligently. Will the cows bought be capable of giving milk? Will the prices be right? Will the animals be placed among farmers who are equipped to take care of them and who like to milk.

At Weleetka I am told, a proposal was made to have three members of the Oklahoma Jersey Breeders' Association buy the cows and pass on their value. The proposition was turned down. Both at Weleetka and at Hugo it was decided to buy cows in Texas. The business men of these cities should not complain any more about farmers buying from mail-order houses. There are still dairy cattle to be had in Oklahoma for a price, and it is not probable that the Oklahoma price is any greater than that prevailing in other states. At that, perhaps the folks are to be complimented for not going entirely astray and buying their cattle in Wisconsin or Minnesota.

I hope that every bank and every merchant in southern Oklahoma will catch the livestock idea and help to put it over, not as a sudden craze, to be forgotten in the first good crop season, but as a slow, careful, deliberate development of a plan for permanent prosperity.—Exchange.

State of Ohio, City of Toledo, Lucas County ss. Frank I. Cheney, makes oath that he is a partner in the firm of F. J. Day & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm is the agent of the MEDICINE COMPANY OF STARKVILLE, MISSISSIPPI, for the sale of their product known as URADIA, and that he has sold and is selling the same to the undersigned.

Witness my hand and subscribed in my presence this 9th day of December, A. D. 1921. A. W. OLSON, Notary Public.

C. D. Nelson was here Tuesday from near Slaton prospecting. Mr. Nelson has a lease on some lands five miles southeast of Slaton, and is here with the view of buying land.

For best price on turkeys, phone 11, Rucker, Produce Co. 3011

Joe Goldwater was here Wednesday from his farm five miles northwest of town buying supplies.

AN INTERESTING BATCH OF MOODY NEWS

Moody was visited by quite a cold norther which blew up early Friday morning and lasted about twenty-four hours.

Despite the cold wave Sunday School was well attended Sunday as usual. A few were absent but four new members were present. Mrs. Claud Havens and little brother, Dean, have been visiting relatives the past week at Lubbock. Mr. Tharp's son, George who is working at Wilson, Texas, visited his parents of Moody, the latter part of the week.

Wilsie Teague is spending the week with Mrs. Ullis King, as Mrs. King's husband is away. Mesdames Frazier and Murray made a business trip to Lubbock Tuesday in the interest of our box supper.

Rev. Gunn, a Baptist preacher, of Leveland has promised to preach at Moody next Sunday afternoon at 3 o'clock. We earnestly invite the people from other communities to come and be with us and hear Brother Gunn preach. Prof. Teague's family moved into our community Friday. Their home is on one of the blocks adjoining the school grounds.

Mr. Tharp took another bale of cotton to the gin today. He says he will have one more bale of cotton and then a bale from pulling the bolls.

Since our farmers are about up with their work and there is a time for amusement, several of the younger men have decided upon trapping as their mode of sport. As a result they spent part of last week around the Boyd ranch. They caught a number of coons and coyotes. The sport goes well until some vicious coyote refuses to give up his hide without an attempt at self preservation and retaliates by biting through his captor's wrist. Then the sportsmen hike for home and the women folks to get doped up and be assured that some dreadful hydrophobia germ is not lurking in their system.

You don't know the grit of the people unless you had seen the number at our box supper Saturday night who had come through all that cold to get there. Some came sixteen miles.

The box supper which was given to provide funds for our Christmas tree netted nearly \$35.00. Mr. John Swafford was voted the most popular lady of Moody Land in the cake contest. The cake brought \$11.35.

Mr. Green, of the Slaughter ranch and Miss Simmons, teacher of the Boyd school, attended the box supper and helped out by bringing a box. Miss Simmons is bringing her pupils to our program and Christmas tree. We certainly will be glad to have them. Come be with us.

Great strides are already being made toward a Christmas tree. Funds sufficient to finance the undertaking are already in the hands of the finance committee, and, in the business session presided over by Prof. Teague, in his usual enthusiastic manner, all present, necessary committees were elected. Mrs. Teague was made chairman of the finance committee, Mrs. Harry Palmer of the program committee and John Swafford was made chairman of the tree committee.

Everybody who is looking for a good time and plenty of excitement come to Moody Christmas Eve. There will be plenty of fun for all. The contests will begin at 1:00 o'clock p. m. There will be horse racing, foot racing, brook riding, goat roping, contest and a basket ball game. Possibly more events will be added later.

Quite an interesting basket ball game was played last Friday evening between Moody and Leveland. There was quite a jolly crowd of Moody boosters—thirty two in all—who went with the team to Leveland where the game was played. The wind was so high that both teams were at a great disadvantage. From the first Moody took the lead with four scores to her credit. But Leveland finally rallied and won the first half by 1 point. But in the last half, after a desperate struggle on both sides, the game ended with an even score of 8 and 8.

One of Leveland's good players was unable to play in the game on account of an injured hand and two of Moody's first team were prevented from playing. One with an injured hand and one with an injured foot.

Moody was treated royally by Leveland people. So they say they would enjoy another trip to the center at some future time.

MAN WEAKENED FROM EXPOSURE WILL RECOVER

Sheriff J. A. Stroud, of Hockley county, was here Wednesday looking after business. He said he had investigated the case of an old man who was reported recently to have frozen to death near Roundup, on the Santa Fe, in the edge of his county, and found that the man had been carried to the home of the section foreman where he was stimulated, and gained strength rapidly. The report was made by parties who saw the man shortly after he had been found, and it was thought at that time that there was no hopes for his recovery.

W. J. Fleisher, attorney of Canyon, was here Wednesday attending court.

SLATON MAN AN AVALANCHE SUBSCRIBER

S. B. Barnes, route one in the Slaton vicinity, was here Tuesday and subscribed for the Avalanche for himself, and for his son, R. C. Barnes, of Slaton. Mr. Barnes is very anxious to have his son realize the advantages of the great South Plains, and was frank to admit that he believed the Semi-weekly Avalanche to be a better medium for true information than any other paper on the South Plains. We are proud of the reputation the Avalanche has established among the people of West Texas, and it is more encouraging to have men from other towns use it as a means of educating their friends and relatives up to the merits of this section. Mr. Barnes is a most welcome subscriber and we hope that he will keep on the list for many years. We have men on our list at this time who subscribed for the paper many years ago for this same purpose and that is one reason we take pleasure in claiming to have taken part in the rapid growth of this section.

CURETON SWORN IN AS CHIEF JUSTICE FRIDAY

Austin, Dec. 2.—At 10 o'clock this morning, C. M. Cureton took the oath of office as Chief Justice of the Supreme Court of Texas, to which position he was appointed recently by Governor Neff to succeed Chief Justice Nelson Phillips. Three minutes later Chief Justice Cureton administered the oath of office to W. A. Keeling as attorney general. General Keeling was appointed to succeed Chief Justice Cureton. The oath of office to Chief Justice Cureton was administered by Judge T. B. Greenwood, senior associate justice of the Supreme Court. The ceremonies attending the administering of the oaths were impressively dignified. All officials of the state including Governor Neff, judges of the various courts and department heads were present. Governor Neff was first to congratulate Chief Justice Cureton and General Keeling. Just prior to taking the oath, Chief Justice Cureton was presented with a good watch by his assistants and office employees. The presentation was made by General Keeling, then first assistant, who in a short talk explained that it was given as a mark of respect and esteem in which the departing attorney general was held by the assistants and employees.

The basket ball team of the Grammar school is working after school every evening. Mr. Sherrill is our coach. We expect to take many games this year. The team is backed up by the whole Grammar school. By Mary Lou Bayless, Dorris Raugh, Mary Parkef Brown, Lottie Bell Daniels. New pupils are as follows: Deema Bradley, Irene Kirkwood, Billy Wilson, Erma Whitton, Elmo Koen, Lemuel Box, Calvin Bingham, Lester Chabman, Gladys Bell, Bynum Moore, Herbert Walker, Miley Woodard, Alvis, Carroll, Gladys Nicholson. Mrs. Haynes, Mill Suggs and Brashers, spent Thanksgiving vacation in Crosbyton. Everyone is glad that the examinations are over. The visitors are: Mesdames A. L. Hawkins, I. J. Asburn, Franse Baker, and son, H. Jinkens, H. Taitler, I. L. Hunt, R. Q. Pierce, Edwards, Squire, Perkins, Claude Dean, Greer, Wilkerson, W. E. Baskin, Rufus Rush, John Leonard, Sims, Tompson, West, Stewart, Simmons Smith and Mr. Cockrill.

C. O. GILLEY BUYS THE BROADWAY HOTEL SITE

C. O. Gilley, formerly of Tipton, Oklahoma, but who has recently purchased the corner lots on which the Broadway Hotel is now located, was in the Avalanche office Wednesday and said he would make this his home for a while. In a recent issue of the Avalanche we stated that Mr. Gilley was of Mexico and that he had been on a tour of Colorado and California which we learn was not correct, as he had been in Georgia and Florida for the past two months.

FRESH MILK NOW PUT UP IN CUBES

Fresh milk is now being put up and sold in Holland in the form of solid cubes which are readily soluble in fluids. Milk in this form has many advantages since it retains all of its freshness for a long time and on account of its size is conveniently carried by travelers. The process by which the milk is reduced to this form consists in removing the cream after which the milk is reduced by heat to dryness, then powdered, mixed with cream and pressed into the blocks. — Holstein-Friesian Register.

SWINE BREEDERS TO MEET IN HEREFORD

Earl Lewis of Childress was elected secretary of the Panhandle Swine Breeders Association at a recent meeting of the directors in Amarillo, and it was decided that the annual convention should be held in Hereford, Jan. 18 and 19. The annual sale will be held on the afternoon of Jan. 19. A delegation from the Hereford Chamber of Commerce told the directors that Hereford people planned a royal entertainment for the Swine Breeders at the annual convention.

Health Brings Beauty

Every Woman Should Read This. Bankston, Ala.—"I had been down with trouble of a feminine character for a good many years. I took medicine from different doctors, but it did not do me any good. Then I heard of Dr. Pierce's Favorite Prescription and I ordered some of this medicine. I took six dollars' worth of it and I would not take sixty for the good it did me. I surely can praise Dr. Pierce's Favorite Prescription. I don't intend to be without it in my home as long as I can get it. I would advise every woman that is bothered with trouble from which women suffer, to use this Prescription."—Mrs. Williamson, Route 2.

Get this Prescription of Dr. Pierce's in tablets or liquid and see how quickly you will have sparkling eyes, a clear skin and vim, vigor, vitality. Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice.

WHAT ONE WOMAN THINKS ABOUT JURY SERVICE

"There is no place for women on the jury." This is the opinion of Mrs. Helen M. Hubbard, wife of an attorney, who stood out to the end for conviction of Roscoe Arbuckle. "Any woman is a fool to even get on one if she can possibly get out of serving. I'd rather die than go through it again." "The general attitude and language of the men is offensive to a woman." "It was a matter of finger prints purely in the final analysis that decided me. Arbuckle failed to convince me with his story absolutely. "Once on a jury, I would vote my own husband guilty if I really believed him to be that in my heart and nothing could shake me, once that belief was established in my mind."

PRICE SMASHING HOLIDAY SALE

Fourteen Big Days of Old Time Prices Like 1912 and 13

Again Comes The Leader Dry Goods Store of Lubbock, Texas, to the Front With a Great Price-Smashing Holiday Sale That Will Scatter War Prices to the Winds Forever!

A Sale That Will be the Talk of the Country

Opens Saturday, Dec. 10, 9 a. m.

A BIG SALES FORCE AWAITS TO SHOW YOU THROUGH. YOU CAN DEPEND ON PROMPT SERVICE and COURTEOUS Treatment whether you buy or not. The stage is set in Lubbock for the most thrilling Sale in our mercantile career. Sixty days ago we began preparing for this Fall's business. Our buyers went into the eastern markets for Fall merchandise that would appeal to the demands of the buying public. They found the needed merchandise and bought heavily in all lines and at prices much lower than had been expected. Heavy shipment have come to us as a result of these purchases. We were never in better position to sell at live and let live prices. Come and give us a look-over during this sale and be convinced. We cut our high price merchandise and unloaded and now we are showing you all the new things on the low level, in line with what the farmer has to sell. SO BY SLEDGE-HAMMER BLOWS WE HAVE BATTERED PRICES BACK TO 1912 AND 1913 LEVELS. Come and buy as much or as little as you like, or if you don't want to buy at all it will be a pleasure to see that we are in line with the Signs of the Times and you will be convinced that we are doing our "Bit" in the way of forcing down the high prices. You will profit by the time spent at this Sale, which embraces every article in the store.—THE LEADER, Lubbock, Texas.

Remember the Big Sale Opens Saturday, December 10 and Lasts 14 Days

THIS STORE WILL BE CLOSED FRIDAY, DECEMBER 9TH

To remark and rearrange this gigantic stock for the sale. No one allowed in the building and no goods sold until opening day, Saturday, December 10. SAVE THIS AD.—and remember it will pay you to come 100 miles to attend this Sale. Let nothing keep you away. It will be the greatest money-saving event you ever witnessed.

\$75,000.00 Worth of Merchandise Marked Down Accordingly

Many a day has passed since the public was offered merchandise at these prices. We are doing our level best to pull down the high costs, to enable our many friends and customers to buy goods that they really need. Attend this sale every day during the Fourteen Days, and you will actually be surprised at the low prices that we are making on every article in the big store. Tell your friends and neighbors.

 BIG SPRING - LUBBOCK

J. P. Markham, engineer, was here from Slaton, where he will be engaged in helping to build the new water mains and sewer lines for that place.

Arthur P. Duggan, manager of the Littlefield Lands, and for many years associated with the development of West Texas, was here Tuesday.

The Greatness of Wilson Is Still Recognized

When the body of the nameless hero of the great war was laid to rest at Arlington on Armistice Day the greatest soldier in that war was noted in the procession that followed the remains of the American boy through the streets of Washington. That greatest soldier was Woodrow Wilson.

And Woodrow Wilson as truly gave his life in that colossal conflict as did the lad whose body found sepulture among the tombs of our honored and heroic dead.

And the surging thousands as they saw the stately figure of Woodrow Wilson, could not repress their acclamation of this glorious man who had saved the world.

The reporters in detailing the incident, said simply: "He was the only man that was cheered." The president had passed, followed by a long reinue of officers, soldiers and statesmen. The great crowds were silent until they saw Woodrow Wilson. Then as with one voice they cheered. They all cheered, and I thank God our martyred president survived to see that day.

As the disarmament conference deliberates at Washington the whole world cheers. They are not cheering Harding, nor Hughes, nor Briand nor Foch. They are cheering Wilson. They see a gleam of hope that this conference will somehow gather the broken fragments of what Woodrow Wilson planned, and yet rescue peace for the world—that peace that was enshrined in the League of Nations covenant; that peace that he brought back from Versailles; that peace that he incarnated in his life; that peace for which, when he is gone, all the world will know he died.

The throngs will continue to applaud, and their shouts of praise will increase with the passing years like the climbing waves of the sea. And when history shall write its final appraisal of our honored Americans the name of Woodrow Wilson will shine resplendent as the greatest man this country ever produced.

In that day the only badge of immortality that Lodge and his crowd can claim will be that once they came into the orbit of the light of his majestic life and were the men that hounded Wilson and betrayed a suffering world.—J. B. Cranfill, in Dallas News.

A CASE OF CIGARETTES CAUSED MEN'S ARREST

Cattle Inspector Frank Strickland of Vaughn caused the arrest of three men at Willard Tuesday night when a stranger offered to sell to the proprietor of the local restaurant one carton of Camel cigarettes for one dollar. Mr. Strickland's sharp eyes fell on the vendor—and his mind began to work. Down at Slaton, Texas, a few days ago a Santa Fe car had been broken into and 500 cartons of Camel cigarettes taken away. Surely this man was selling the weed exceedingly cheap. He decided to investigate, and right there and then he took charge of the peddler with all the merchandise. A telephone message brought Sheriff Block to the scene of investigation and after much wrangling over the affair, two of the men admitted having taken the stuff from a car "they had found unsealed" at Slaton, Texas. The men gave their names as Valle Strohm, of Oklahoma; Oscar Bethell, Franklin, Texas, and Roy J. Holland, Seron, Texas. Bethell has relatives living six miles east of Mountainair and is known by many there. Holland said he worked at the Romero saw mill last year. Sheriff Block delivered them to the Guadalupe county authorities where they are also wanted for a robbery at Vaughn.—Willard (N. M.) Record.

WHEN YOU ARE CONSTIPATED.

To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause a gentle movement of the bowels, without unpleasant effects, but banish that dull, stupid feeling, that often accompanies constipation. 28P

LITTLEFIELD MAN WILL IMPROVE LAND IN HOCKLEY

Archie Joplin, of Littlefield, was here Tuesday looking after business. Mr. Joplin recently purchased a tract of land in the Haskell county school lands in Hockley county of the Texas Land Exchange, of Lubbock, and he contemplates building modern farm improvements, and making a crop there. This will be another farm to add wealth to this section, and as Mr. Joplin has proven himself very successful as a plains farmer, we are glad to know he will become associated with the developers of Hockley county.

Mrs. A. Y. Whitacre, of Hale Center was here for two days last week, visiting her daughter, Mrs. B. F. Maxey.

Mr. and Mrs. Grady Bostic, and children, Vera Mae and Virginia, left Monday after spending two weeks with Mrs. B. F. Maxey at her home on sixteenth street.

CATTLE LOWER; STOCKERS HIGHER; LAMBS STEADY

Kansas City Stock Yards, Dec. 5, 1921. — The strike among packing house employes which started on scheduled time this morning was only about 50 per cent effecting. Packers did not call new men to take the place of those who quit, but tomorrow will begin employing non-union men. It is thought that by Wednesday fully 85 per cent of normal forces will be operating. The effect of the strike in the market was most evident early but later all the big packers made purchases. Fat cattle were quoted steady to 15 cents lower, hogs 10 to 15 cents off a sheep and lambs fully steady. Stockers and feeders were strong to 25 cents higher.

Today's Receipts.
 Receipts today were 12,000 cattle, 5000 hogs, 5000 sheep, compared with 14,000 cattle, 13,000 hogs, and 8000 sheep a week ago, and 7400 cattle, 7750 hogs, and 7500 sheep a year ago.

Beef Cattle
 Prices for fat steers were steady to 15 cents lower. Trade at the outset was slow but later showed increased activity. Several bunches of good 1200 to 1250 pound steers at \$7.00 to \$7.25 were quoted fully steady. Plainers and the medium and common steers were lower. Cows and heifers were 10 to 15 cents off. Veal calves were steady, heavy killing grades weak.

Stockers and Feeders.
 A large demand for stockers and feeders by Iowa buyers added some strength to thin cattle. Prices were strong to 25 cents higher. There was a fairly good demand from other states.

Hogs
 Hog prices averaged 10 to 15 cents lower. Early trade was slow but the late trade was active and a close clearance was reported. The top price was \$6.75 and bulk of sales \$6.50 to \$6.65. Pigs sold up to \$7.00. All the big packers made purchases indicating that they are keeping their killing beds operating.

Sheep and Lambs
 Both sheep and lambs sold readily at steady prices and a complete clearance was reported. Native lambs sold up to \$9.75, ewes \$4.25, and yearlings \$8.00.

Horses and Mules
 Trade in horses and mules was limited by light receipts. Prices were unchanged.

BURGLAR REPENTS AND SENDS RESTITUTION CHECK

C. H. Fawks, president of the First National Bank, late last week, received a letter from Grandfield, enclosing a cashier's check for \$200, drawn by a Grandfield Bank, payable to him. In the letter accompanying the draft he was asked to pay it to the People's Hardware Store, in return for goods which were taken when the store was burglarized a few weeks ago, the party saying he couldn't imagine what had prompted him to commit the crime—that he intended going straight hereafter, as it would break his old mother's heart to know that he had gone wrong, and promised that the four shotguns taken at the time of the burglary would soon be returned.—Snyder (Okla.) Signal Star.

S. J. Thomas was here Tuesday, from his farm, twelve miles northwest of town, with a bale of cotton. Mr. Thomas has made a good crop this year, having gathered fifteen bales of cotton from forty acres. His feed crop was just as good as it could have been, he said.

Ed Bowers, interested in land near Ralls, was here Wednesday, from his home at Dallas.

Judge R. L. Graves, of Brownfield, was here Wednesday looking after business.

Anticipating Your Wants, We Prepared for You

The real joys of Christmas are not made by the day itself, but by the gifts and kind remembrances exchanged by families and friends.

The choicest gifts of the Christmas season, are those which find expression in jewelry, or articles of usefulness, for they express sentiment of enduring character, and will be everlasting keepsakes.

I anticipated your desires to make this the most joyous Christmas of your life and have placed in stock a large and carefully selected assortment of diamonds, watches, jewelry, cut glass, silverware and other desirable Christmas gifts.

Don't make your Christmas selections until you have seen my beautiful assortment of gifts, combining value, and elegance, with a price in keeping with every purse and taste.

Where is there a man who would not accept a Quality Watch as a gift?

We want you to see our selection of watches, the finest in America.

When you "Say It With Jewelry", you'll have the satisfaction of knowing that you have said it just as well as poet, king or potentate.

WALTER TAYLOR AND COMPANIONS SPEND SEVERAL DAYS IN N. MEXICO MOUNTAINS—DR. HALL KILLS BEAR

Doctor Hall of Lubbock, B. W. Taylor of Leveland and the writer left on the 13th of November for a big camp hunt in what is known as the Black Range in the western side of New Mexico. The wild west as it was known by the old timers has gradually faded out in front of emigration and civilization until there is but little of it left. The black range referred to is one isolated corner that still looks, tastes and smells like a

frontier. Following our last year's trail through Roswell, up the Hondo River and over the Mountains to Magdalena, N. M. Here our party was joined by J. P. Stuppi, L. N. Taylor and Ross Sley as well as the two sons of Mr. Stuppi. The three first named of these Madgalenites are old frontiersmen by nature and by habit. Captain Stuppi talks three languages when in a good humor and can swear in four when agitated. Captain L. N. Taylor has spent 40 years in prospecting and mining in the western wilds and is an ideal comrade in camp. Mr. Sley, better known as Crazy Horse is an all round utility man wherever you place him. His old Ford car consisted of four rickety wheels, two crooked axles, and a cracked engine, and yet he climbed mountains, jumped canyons and made the two hundred mile trip the same as if he had been traveling in an auto.

We pitched camp at the base of Fox mountain on the morning of the 19th, placed camp in order and prepared for a big hunt the next day. Every man was out in the hunting range the next morning by daylight. I heard Doctor Hall's rifle fire and saw him going into camp soon thereafter. When I came into camp I asked Doc why he did not continue hunting. He said that immediately after he fired, he heard four or five other shots fired from the different mountain sides around him and that he would not hunt in a place where so much shooting was going on. However, when he learned that no one else had fired a gun and that the firing he heard was the echo from his own gun, he decided to hunt again.

All were in the woods again early the next morning before daylight. Doctor Hall is precise, methodical and careful, so he had provided himself with a pocket compass and spotted the mountain peaks as guides. He crossed a dim road soon after leaving camp, but he did not see it on account of the darkness. After a long hunt in the mountains; thirsty and hungry, he started for camp. When he reached the before mentioned road that he had crossed in the dark, he decided that he was lost. The mountain peaks had been turned round and his compass had gone crazy and was pointing east for north. He turned back into the mountains and rambled around until dark. We heard his signal gun and howling, which we answered and he came in.

The writer can imitate the wild turkey in his every language and had been instructing his brother (B. W. Taylor) in the art so he could call the wild turkeys up to within gun shot. As evidence of how well he was progressing, he was practicing the call on the side of a desolate mountain, when a wolf came bounding over the bushes and was in forty feet of Ben before he knew it. He fired on the wolf as it whirled from him. Ben came in and laid his caller aside declaring that he would not use a caller that brought wolves instead of turkeys. We moved camp from Fox mountain to Apache Peak on the 7th day. On the morning of the 9th, Doctor Hall and I left camp before daylight, sneaking along the west side of the mountain about two miles from camp. Doc was near the foot and I some 300 feet up among the cliffs. I heard Doc's gun fire 6 times in succession, then a week whoop, then several more whoops, each a little louder. His shouts sprang out at the last like the frazzled end of a rope. I knew that something unusual had happened and hurried down the mountain. Doc was sitting astride

of a hundred pound cub bear with knife in one hand and gun in the other. In a trembling voice he asked me to mind off the other bears until he finished killing that cub.

We killed wild turkey, deer and one bear. Doctor killed the bear and deer. He was declared to be a modern Daniel Boone by our party. We did not secure much game for it has been killed out in that section. However, all of us had roval sport and were as keen as ever to go again next fall. It is our intention to extend our campaign next year into Arizona where the country is wilder and the game more plentiful.

Walter E. Taylor.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle, or you may get an imitation fig syrup. 10-13

CROSBY COUNTY IS PRODUCING BLUE HOGS

Crosbyton can truly boast of having some of the finest hogs in Texas, if not perhaps in the United States. Some of the best Poland China and Duroc Jersey hogs to be found have been some of the hog fanciers' pride for some time, but not long ago Mr. W. R. Davis, of Crosbyton and S. A. Guy of the Cap Rock Jersey farm received a shipment of Sapphires, (Blue Hogs). The Sapphires are a new breed of hogs and said to be very fine for quick growth and being ready for market at an early age.

It is claimed that it took thirteen years to develop the Blue Hogs and that 90,000 head of hogs were used in the experimental stages of the work. The cost of producing the Blue Hogs is estimated at \$27,000 and there are about 2,500 head on farms now for breeding purposes.—Crosbyton Review.

YOUR MONEY BACK IF RAT-SNAP DOESN'T COME UP TO THESE CLAIMS

RAT-SNAP is absolutely guaranteed to kill rats and mice. Cremates them. Rodents killed with RAT-SNAP leave no smell. Rats pass up all food to get at RAT-SNAP. Their first meal is their last. Mrs. Clara Abney

Balcony Conley Store Lubbock, Texas

HAVE LIVED IN LUBBOCK CO. TWENTY-THREE YEARS

Mrs. Jim Mabray of Slide was in the city Tuesday and took advantage of the Avalanche-Star-Telegram subscription offer, and ordered both papers sent to her address for another year. Mr. and Mrs. Mabray have been residents of the South Plains about twenty-three years, and have made good in this country. They have reared a large family and have at the same time accumulated quite a bit of South Plains property, and are enjoying a prosperous life. Mrs. Mabray said they had just about finished gathering their cotton and other crops, and are no doubt ready for a good rain to put things in good shape for breaking land for the coming crop season. Mrs. Mabray said she believes this has been the best fall for gathering crops that she has seen during her long residence in this section.

Frank Hetler was here Monday from his home, six miles northeast of town, under treatment to have an operation made on his upper lip. He

Royalty Motor Co. Lubbock, Texas

WELLINGTON TO VOTE ON LIGHT BONDS

Wellington, Texas, Nov. 30.—The city council of Wellington has ordered an election to determine whether or not the city should issue \$50,000 bonds for the purpose of installing a municipal power and light plant.

The Phalathe Class of the Baptist S. S. will hold a Xmas Bazaar at the O'Neal Shop on Dec. 10th. Home made candies a specialty.

One's final judge is one's self. If you can't be a sun be a star. If you've got a "thinker" work it. The fit survive—the unfit perish. Hasten often trips on its own heels.

All hands seem to be trying to scuttle the shipping board.

Public Health Dept. Advocates Much Out Doors as Possible

Austin, Texas, Dec. 2.—The Texas Public Health Association encourages everybody, children as well as grown-ups, to get out in the open air all seasons of the year.

The Modern Health Crusade in which six million children are enrolled requires its members to play outdoors and the tuberculosis societies and sanatoria are demonstrating in every State that no matter what the local climate may be, out-door exercise is necessary for health.

During the last 15 years, the death rate from tuberculosis has fallen from 196 per 100,000 to 114 per 100,000 population. Progress has been made, but yet there were 132,000 deaths from this disease in the United States last year, and 1,000,000 active cases in existence; so, much more is to be accomplished.

Funds to carry on this work are obtained from the sale of Tuberculosis Christmas Seals which will be offered to the public from Thanksgiving Day to Christmas. Response to this sale will determine the extent to which the fight against tuberculosis can be carried forward during 1922.

F. R. FRIEND BUYS LAND NEAR CROSBYTON

F. R. Friend of the Security State Bank was in Crosbyton the latter part of last week, attending to business matters pertaining to a deal he made which involved a section of land he owned in Lamb County. He disposed of this land to a Crosbyton county farmer and in the deal became owner of a fine half section five miles of the town of Crosbyton.

BROOM CORN BECOMING A BIG INDUSTRY IN PERRYTON

Perryton, Texas, Nov. 30.—Extraordinary progress has been shown on Ochiltree and adjoining counties the past season in the growing of broom corn. An estimate has been furnished to the West Texas Chamber of Commerce showing the season's total shipments. This estimate shows that up to November 20 more than 1300 bales had been loaded out from Perryton alone, and that this comprises less than one-half of the crop seeking an outlet through this town.

In the Dalhart territory it is stated that the top price has been \$80.00 per ton. Shipments from Dalhart have also been large. Broom corn is also grown considerably around Lamesa in Dawson county but market conditions could be improved in that territory according to advices received by local broom corn buyers.

PARENT-TEACHERS ASS'N. HAS MUCH WORK PLANNED

Mrs. W. L. Baugh, president of the Parent-Teachers Association, called on the Avalanche force yesterday in the interest of the Association.

Much work for the balance of the term is planned by the members of the Association, and a very favorable account of what has been accomplished through their efforts for the school to the present time was given. There are more than fifty active workers in the Association at this time not including the teachers, but these workers are very busy and effective, and we are sure that much good is done for the school by them.

Boost and back the Parent-Teachers Association and help them to do their work of making school days more pleasant and beneficial for the children of Lubbock.

ORIENT IS GRANTED \$2,500,000 AS LOAN

Washington, Dec. 2.—Permission was given the Kansas City, Mexico, and Orient railroad by the Interstate Commerce Commission today to issue a receiver certificate for \$2,500,000 to be given to the Treasury Department as security for a loan.

The property now is being operated under court supervision and the money was advanced by the railroad administration.

MAN HAS AMPUTATED LEG THOROUGHLY EMBALMED

Waxahachie, Texas, Dec. 1.—Believing death to be near and desiring that his body rest in the cemetery here, Waxahachie having for many years been his home, J. M. Lee, who had a leg amputated at Bay City recently, has had the member well-embalmed and sent to a local undertaker.

Should Mr. Lee's death occur soon the member will be buried here with his body; otherwise burial of the member will be made in the near future separately. In accordance with his request.

South Plains Teachers' Institute

Cochran, Crosby (Independent Districts), Dawson, Gaines, Garza, Hockley, Lubbock, Lynn and Terry Counties

December 19 to 23, 1921, Lubbock, Texas

CONDUCTORS: M. M. Duffre, Lubbock; F. P. Moss, Post; J. W. Martin, Slaton; H. P. Caveness, High School Section; Cecil DuLaney, Intermediate Section; Miss Beulah Jones, Primary Section; Miss Floe Benson, Sec'y-Treas.

EXECUTIVE COMMITTEE: Judge J. R. Lowrie, Dawson County; Judge T. O. Stark, Gaines County; Judge H. G. Smith, Garza County; Judge J. R. Evans, Hockley County; Supt. E. R. Haynes, Lubbock County; Judge J. W. Elliott, Lynn County; Judge D. J. Broughton, Terry County; Judge R. P. Moreland, Yoakum County.

PROGRAM COMMITTEE: Supt. J. K. Wester, Ralls; Supt. J. W. Martin, Slaton; Supt. H. C. Zorn, Union; Supt. E. R. Haynes, Lubbock.

ENTERTAINMENT COMMITTEE: G. N. Atkinson, J. W. Reid, Miss Maggie Brashears, Miss Mary Meador, Miss Hazel Maxey, Miss Lois Foster, W. B. Bishop.

The Program Committee has prepared a fine program for our meeting. They have secured Dr. J. L. Henderson, who will deliver a lecture each morning to the entire institute body and then give two one hour periods each day to the High School Section.

Dr. J. Horace Kraft will give three hours work each day to the Intermediate Section.

Miss Lora B. Peck will give four one-hour periods each day to the Primary Section. They also arranged a large amount of work for our home teachers in the different sections. Teachers should consult the program, and select the work they desire, but each teacher must take four hours work each day, exclusive of the general lecture at night.

Rooms: The Lubbock Chamber of Commerce has very kindly offered to furnish free rooms to all visiting teachers. Teachers should register at the High School building, room 17, Monday morning when they will be assigned rooms by the Entertainment Committee.

Fees: Each teacher when enrolling will pay to the Secretary-Treasurer one and one-half per cent of one month's salary, which will go to pay the expenses of the lecturers.

POPULAR LECTURES: The Committee has secured three leading educators to deliver addresses to the Institute and the citizens of Lubbock.

Monday Evening, December 19, at seven o'clock, Dr. S. M. N. Marrs, First Assistant State Superintendent.

Tuesday Evening, December 20, President H. A. Boaz, of Southern Methodist University.

Wednesday Evening, December 21, President J. D. Sandefer of Simmons College.

All the attending teachers and Lubbockites who are well-wishers of our public free school system should attend these lectures. They are free to all. Remember the place: The Methodist Church. Remember the hour: seven o'clock.

MONDAY, DECEMBER 19: 9:00-9:20—Opening, Lubbock High School; 9:20-10:20—Lecture, "The Growth of a Child," Dr. Henderson; 10:20-11:00—Enrollment and Recess; 11:00-12:00—Sectional Meetings.

McClaren Autocrat Cord Tires

—built for mileage THE massive tread, sturdy and properly distributed—the McClaren "Mileage Strip", a broad, continuous band of solid rubber running through the center of the tread and entirely around the tire—the Double Grip Groove, preventing skidding and skid wear—all these are special features of the McClaren Autocrat Cord Tire that insure greatest mileage.

True tire economy lies in getting the most miles per dollar of cost. Come in and let us show you how the McClaren Autocrat Cord will give you new tire satisfaction in longer life and more mileage.

Eradication of Pink Boll Worm Regardless of Cost

Dallas, Dec. 3.—Eradication of the pink boll worm pest throughout the cotton-growing States, regardless of the cost, is the object determined upon at a conference here yesterday of members of the Federal Horticultural Board and representatives of various States and organizations involved. A resolution to this effect was adopted and a committee appointed to determine ways and means of carrying out the program. Harry D. Wilson, Louisiana commissioner of agriculture, announced that an absolute quarantine against cottonseed from Texas will be maintained by that State to prevent any chance of infected seed being shipped in. W. J. LaKey, State seed analyst of Oklahoma, said that State would enforce a quarantine, but will modify it in the event action is taken in Texas to sterilize the seed. Sterilization of seed was advocated by several speakers as the proper method of dealing with the situation. Texas Commissioner of Agriculture George Terrell, strongly endorsed this, urging that a special session of the Legislature be convened to pass a law requiring all gins to install machinery for sterilization of seed. He explained that sterilization is accomplished by heating the seed to a temperature of 140 degrees causing death of boll worm without injuring the seed. W. B. Bizzell, president of the Texas A. & M. College, expressed concern over the situation and expressed the hope that the College might be able to co-operate in a solution of the problem. While we are preaching the doctrine of diversified farming, it is well to remember that cotton growing is the basic industry of Texas and if it is destroyed, the welfare of the nation will be affected for some time to come," he said. Walton Petzel, director of organization of the Texas Farm Bureau Federation, also spoke at some length, depicting the seriousness of the situation and urging drastic remedial measures. J. W. Garrow of Houston, representing the Texas Cotton Association, pledged the support of the association in any action deemed necessary to get results. "The Panhandle-Plains country offers the greatest opportunities of any section of the country that I know of," declared J. A. Hill, president of the West Texas State Normal at Canyon. He then contracted the conditions in this section, with those of East Texas, Arkansas and Tennessee, adding that the great need of the country at this time is better educational facilities. The average school term in the Panhandle-Plains is longer than the average for other sections of Texas; we have better buildings and better teachers on an average, he said, but insisted that there is still much room for improvement. He urged that two or three counties be grouped together for the purpose of employing a trained superintendent of rural schools where the resources of individual counties are inadequate to employ a county superintendent for one county. Lubbock is the only county in the entire Panhandle-Plains that now employs a county superintendent, he said.—Tulsa Herald.

Some Educational Needs of South Plains Counties

"The Panhandle-Plains country offers the greatest opportunities of any section of the country that I know of," declared J. A. Hill, president of the West Texas State Normal at Canyon. He then contracted the conditions in this section, with those of East Texas, Arkansas and Tennessee, adding that the great need of the country at this time is better educational facilities. The average school term in the Panhandle-Plains is longer than the average for other sections of Texas; we have better buildings and better teachers on an average, he said, but insisted that there is still much room for improvement. He urged that two or three counties be grouped together for the purpose of employing a trained superintendent of rural schools where the resources of individual counties are inadequate to employ a county superintendent for one county. Lubbock is the only county in the entire Panhandle-Plains that now employs a county superintendent, he said.—Tulsa Herald.

Greatest Crusade Against Booze to Be Waged Soon

New York.—Official announcement was made today of the launching of a nationwide organization, which promises to wield tremendous political power, operating in every village and city in the country with machinery designed to conduct the "greatest offensive campaign against booze and bootleggers ever staged. In discussing the program of the organization, its originator, William H. Anderson, superintendent of the New York Anti-Saloon League, said it would take at least twenty-five years to make the United States dry. He intimated that the "drys" look to the next five years to determine the success of prohibition. "Victory Then Certain. "If there is reasonable enforcement of the eighteenth amendment for five years, ultimate victory is certain," he said today. With elaborate machinery and intensive "community drives" in every State, the Allied Citizens of America," as the new organization is called, expects to sweep the country with a fervid crusade. Anderson denied the organization is a political party. "But well may our enemies fear us," he added. "The Allied Citizens will take an active interest in every political campaign in every State and wield a mighty influence." The "Allied Citizens," organized in each community, will constitute practically a vigilance committee. Members pledge themselves to keep an eye on all officials who have anything to do with the enforcement of prohibition and to watch the records of their Congressmen. To Hunt Evidence. Where officials are lax about enforcing the law, the community organization is to hunt up the evidence against booze sellers and booze rings, either acting itself or hiring private detective agencies. Each member signs a "covenant" to uphold "American ideals and the Constitution of the United States (including the eighteenth amendment thereto) and to co-operate in all proper efforts to maintain due respect for all laws—local, State and National." Anderson denied that the organization was formed to put over "blue laws" reforms. No Worms in a Healthy Child. All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHLORINE TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. 15c per bottle. 50c per bottle.

School Children Will be Instructed in Health Rules

New York, Dec. 8.—The National Tuberculosis Association reported today that more than 5,000,000 school children in the United States were suffering from malnutrition. To correct this the association soon will put into effect an unique plan for instructing these children in correct health habits. The plan has been developed with the aid of Dr. W. R. P. Emerson of Boston, nutrition expert. Each child will be required through his teacher and parents to submit a card indicating daily performances of 11 health chores. The cards read: I was weighed this week on the day checked (X). I had a good breakfast and the noon and evening meals. I ate mid-morning and afternoon lunches, as directed. I ate only wholesome food today, including vegetables, fruit, and at least a pint of milk, as directed; and tried always to eat and drink slowly. I drank four glasses of water, some before each meal, and drank no tea, coffee, nor any injurious drinks. I was in bed last night ten or more hours, as directed, windows open. I rested lying down not less than 25 minutes both this forenoon and this afternoon. I played in the fresh air today, exercising for the time and in the way directed. I washed my hands before each meal today. I brushed my teeth thoroughly after breakfast and after the evening meal. I took a full bath on each of the days of the week that is checked (X). By doing these chores for five to fifteen weeks, the child becomes a squire, knight or knight baronet and is entitled to wear the insignia of the Modern Health Crusade. When he gains normal weight, he may earn advanced honors, by performing standard Modern Health Crusade chores and be admitted to the Health Round Table through physical fitness tests. The Woolworth Building was built with nickels. Do you really want a home—sure you do, everyone wants to own his own home. Did you ever stop to think how easy that could be done? Just think of the money you waste each month, how easily that could be applied on a home—and you'd never miss it. Bagwell has a lot to sell for \$10.00 cash, balance to suit you. See O. V. Bagwell, 30-2

THE NEWS OF THIS WEEK FROM CARLISLE

Master Noel Hembre started to school Monday. Mr. S. G. W. Slaton has sold his farm we regret his moving away but welcome the newcomers.

On Christmas Morning

—You can't tell now whether the earth will be covered with a pretty blanket of white on Christmas morning, but you can tell that the family will be all smiles and the spirit of gladness present if your purchases for electrical goods are made now!

Our Farmers May Exchange Feed For Central Tex. Stock

County Agent Roy W. Hendrix, in close co-operation with the farmers of this county, has been corresponding for some time in the effort to find the most advantageous disposal of Donley's large feed crop, and of late he has received letters from various sections of the state where there were crop failures stating that feeder hogs and dairy cattle will be exchanged for the feed crop that has been grown here. A few such shipments have already been made from this county on such conditions, and that to good advantage. It seems that the majority of the offers are to exchange feeder hogs for feed, although in many instances Jersey cattle that have been raised for dairy purposes are offered. For some time Mr. Hendrix has been working on the scheme of procuring more dairy cattle for this county, and he feels that this is a fine opportunity for the farmers, who are interested in the dairy business or who are thinking of adding some dairy cows to their farm, to stock themselves. Anyone who is interested in making such exchange can see Mr. Hendrix and secure the addresses of parties that desire to make such trades. ANOTHER NEW HOME BEING BUILT HERE Rufus Rush is having a nice home built near the Cumberland church, that will add much to the appearance of that part of the town. The new home is a five room structure with all modern conveniences and is being built of the very best material obtainable. T. J. McCay, M. D., of Idalou, was here Thursday and placed an order with the job printing department of the Avalanche for stationery.

BUY A HOME

—We have a first class, well located dwelling for sale. Right at High School. Some terms. —Dwellings at worth while prices in all parts of the city. Get located for the NEW YEAR.
