November 1, the Americans will exercise the most vital of all rights—the right to vote. They will do it in absolute secrecy, with not one of them knowing the name of anyone who is voting or who is not voting. The secrecy of the ballot is sacred and although the details may change from time to time, the system will be the same in November as it was in July, 1789, when the first political parties developed and the Federalists and Republicans separated. It is the desire of the publisher to bring this matter to the attention of the publisher.

The ballot is the sounding board for the collective public voice. The citizen who does not vote is helping to break down democracy, because they are unwilling to take the trouble to go to the polls. And when that is the case we have, in effect, government by the minority. The free and secret franchise still exist. In country after country system.

Just vote November 5. Vote for the men you think best qualified to have charge of government, national and local. That is your duty, and experience of millions of voters to deliberately disfranchise themselves, when that is the case we have, in effect, government by the minority. Attention, Voters!
The Agricultural and Livestock Interests of the 31st Congressional District will be served best by voting for
RAY RIDENHOWER
OF KIMBLE COUNTY.
Republican Nominee: For Congress
For the following reasons:
1. He is a noted and experienced farmer, manufacturer, and landlord, and has the confidence and respect of all who know him.
2. He is a practical member and farmer who knows the agricultural problems of the district, not from theory, but from practical experience.
3. He is without political ambition, contenting for our support to Congressmen of the Twenty-first District, for he may serve the people in this official capacity.
(Political Ad. Paid for by Friends of Ray Ridenhower)

Winter Isn't As Drearv Since We Got A Telephone
Actually, it seems a little easier now! People call up to offer Jim or the boys a job somewhere. Guy keeps his car in good shape and phones whenever he thinks the job may be a teaching job. I couldn't wait a full week before asking Blondie to call up any longer.

EXPERTLY BREWED WITH SAN ANTONIO'S PURE ARTESIAN WATER

In every bottle of Pearl Beer you have the extra advantages of flavor derived from pure, wholesome artesian water right from the brewery's own artesian wells. It produces a flavor distinctly superior to that of the lowest priced beer.

Any taste-wise Texan can tell you you'll taste a difference in Pearl's full-bodied flavor. Here's a beverage of the delicious beer, achieved by that "Extra" ingredient, 34 years of brewing experience. Make the Texas taste-test. For beer at its delicious best—say, 'Bottle of Pearl, please'!
Proclamation of Texas Highway Week to Help Road System

Governor W. Lee O'Daniel has recently issued a proclamation declaring November 3 to 9 as Highway Week in Texas. The Governor called on Texas citizens to take advantage of the opportunity to bring to the attention of legislative authorities the need for an all-day, all-season highway system for the state. The Governor pointed out that a well-kept highway system is the base of our national defense, the base of our modern economy, and the base of our modern education and health programs. He called on Texas citizens to take advantage of the best opportunities for highway improvement and to consider the benefits of the highways as they are planned and located.

Fisherman Catches Alligator

A 6-feet 7-inch alligator was caught by James E. Hargraves of Cotulla, Texas, recently while fishing near Cameron. Mr. Hargraves stated that it was the first alligator he had ever seen. The alligator was released back into the water after being measured and weighed.

Coffee, Admiration

Coffee is a favorite drink of people all over the world. It is grown in many parts of the world and is produced by millions of people. It is a valuable source of income for many farmers. Coffee is consumed in many ways, such as in coffee shops, restaurants, and homes. It is also used in many different types of beverages, such as lattes, cappuccinos, and iced coffees.

Do You Know Texas?

A reader of this newspaper may well be interested in the article by G. W. Howland, published in the October 29, 1940, issue of The Texas Observer, titled "Texas As I Knew It." The article provides a fascinating insight into the state of Texas during a significant period.

From the excerpt:

Texas, as I knew it, was a land of vast open spaces, where the air was pure and the sky was blue. The people were friendly and the life was simple. The land was rich and the opportunities were endless.
