

MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

LITTERA SCRIPTA MANET—THE WRITTEN WORD ENDURES MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, JUNE 19, 1937

VOLUME 15 NUMBER 21

WHEAT HARVEST TO BEGIN HERE ABOUT JUNE 20

Yield Is Estimated At 10 Bu. Average; May Ship 150 Cars.

Present indications now are that wheat harvest will begin in Bailey County about the twentieth of this month and a few days later in full blast.

While boasting of location in the Panhandle "where the wheat and cotton belts meet" yet this county is not essentially a wheat growing one, devoting most of its acreage to the growing of cotton and sorghum crops.

However, grain dealers here report the acreage devoted to wheat raising here at about 10,000 which is an increase over the past two or three years' acreage. There are some fields in this county which are being estimated to yield from 15 to 20 bushels per acre, and Wm. Miller, in Y. L. community, has a 10 acre field of spring wheat estimated to yield more than the given top figure. Wheat grown under irrigation will yield from 30 to 35 bushels per acre.

Wheat was considerably damaged last week during the severe hail storm which swept through Bailey County, some growers reporting practically a total loss while others were much less damaged. Recent rains, however, are said to have added from four to six bushels per acre, which otherwise would not have been reaped.

In the Muleshoe trade territory the acreage of wheat to be harvested is placed at around 20,000. It is said wheat will probably average 10 bushels per acre for this section, and dealers are counting on 150,000 bushels or 150 carloads being shipped from this point.

Governor Alred Puts Signature To Various Important New Laws

Following banning of pari-mutuels in Texas by the Legislature now in special session, Gov. James V. Alred is demanding that many other forms of betting and gambling, including near lottery schemes, be abolished by that law-making body, also signing his veto axe on several passed measures bearing more or less merit; but considerable added expense to the taxpayers of this state.

He has disapproved \$250,000 for a state cotton research laboratory and \$750,000 for purchase of a state park in the Big Bend area of south Texas. He declared "We simply haven't got the money" for such expenditures. He also vetoed some bills for educational purposes on the grounds that it was establishing bad precedents.

The governor vetoed the \$17,000,000 appropriation for state school and other institutions, which was an increase of approximately \$5,000,000 over the previous regular appropriation.

A bill is now in the legislative hopper banning movie theatre bank nights as a form of lottery and which will probably be discarded since it was ruled last Wednesday by the Court of Criminal Appeals, Austin, the state's highest tribunal, that such nights were a form of lottery and therefore illegal. The court's decision was unanimous, various judges of that bench expressing different reasons for stopping such action.

The governor has also vetoed the soil conservation bill passed at the regular session, largely on the grounds that it was of such a nature the Federal government would not cooperate with its details. Two previous soil conservation laws have been passed in this state with no "teeth" in them, and have been of practically no value to agricultural interests.

The veto proclamation included copy of a letter from U. S. Secretary of Agriculture Henry Wallace concluding that from a hurried analysis there is considerable doubt if the Texas bill "provides an adequate basis for federal cooperation."

Objections specifically noted were the adoption of districts bounded by county lines rather than the watered districts proposed in a model act submitted to the states; right of any individual landowner to be exempt upon notice and inclusion of cities and towns in the district.

Governor Alred added his own personal objection to remission of taxes. "Since I have vetoed all the remission bills passed by this legislature, I should sign this one it will be but the entering wedge for further raids upon the general revenue fund by the easy route of tax remission." A bill outlawing dental advertising recently passed by the legislature was approved and signed by Governor Alred.

CHARGE WAS CRUELTY

Chicago—Mrs. Catherine Marek, 39, told Judge Joseph B. Davis she had three reasons for divorcing her husband, John. They were: 1. He killed her two pet canaries. 2. He strangled her chow dog because the animal brought her slippers before him. 3. He smashed the radio because she wanted to listen to a barn dance program. The divorce was granted.

Rain, Hail Sweeps Lubbock-Plainview And Scope Between

Hail took its toll again last Monday afternoon in the Plainview section, heart of the South Plains wheat growing area, when two inches of rain, accompanied by heavy hail, brought untold damage to grain fields ripening for harvest.

The storm, which did most of its damage west and southeast of Plainview, where wheat fields were completely wiped out, moved northward later in the evening to bring light rains and traces of hail to Tulia, Happy, Canyon, White Deer, and Amarillo.

Described by Hale County residents as one of the worst ever to strike there, the hailstorm lasted for more than three-quarters of an hour. The heavy rain flooded streets in the downtown section and water ran into the buildings. A stiff wind accompanied the storm.

Telephone and power lines were momentarily out of operation. Lubbock was struck by a driving rain, heavy hail and much electrical display rainfall totaling 2.50 inches, while at Plainview the total fall was two inches. Nineteenth street in Lubbock was so deep with water it would float small row boats. Some of the hail there was reported to have been as large as baseballs.

Other town and country areas between Lubbock and Plainview also received their quota of rain and hail, both reaching as far north as Amarillo, though light at that point.

45 People Qualify As Notaries Public In County Of Bailey

Bailey county will have a total of 45 notaries public for the accommodation of public legal matters for the coming two years, according to records at the County Clerk's office, time for qualifying expiring June 10. Of this total, 35 of these government officials reside in Muleshoe. Some communities of the county are not represented with this particular commission.

The authorized list is as follows: Muleshoe—A. A. Alexander, J. L. Alsup, Roy Bayless, J. C. Buchanan, Pat R. Bobo, Inez F. Bobo, Holly Bucy, R. L. Brown, Lela Barron, L. S. Barron, W. C. E. R. Wright, J. D. Vaughan, E. S. Rowe Jr., Jesse M. Osborn, Clineback—Claude Gage, Raymond Gage.

Enechos—G. P. Howell, Durwood Howell. Goodland—Henry Hanover, J. M. Phillips. Bulla—Guy Niekels, Maple—Wilford Newton.

PLAINVIEWS-PANHANDLE SINGING CONVENTION HELD JUNE 19-20

The fifth annual Plains-Panhandle Singing convention will be held June 19 to 20 at Brownfield, Joe McCollum secretary, has announced. More than 8,000 persons are expected to attend. The convention was held last year at Lubbock.

The program committee is composed of H. M. Eachern of Post, Homer Graydon of Lubbock; C. M. Lyles, Floydada; E. C. Askarley, Amarillo; Ellison Saron, Brownfield; and Wilbur Lison, Lamesa.

Other officers of the convention are L. E. Raper, president; Clyde Lewis, vice-president; and the Rev. G. O. Dean, Plainview, chairman.

MULESHOE ENDORSES LUBBOCK FOR NEW STATE HOSPITAL

Withdrawing its application for location of the proposed new state hospital for insane in West Texas, Muleshoe Chamber of Commerce last Friday voted to join Bailey county officials in recommending its location at Lubbock.

The 1936 National Income Now Totals \$62,056,000,000 Says Department Of Commerce In Its Report Last Monday

Washington, June 14.—The Commerce Department reported today the national income totaled \$62,056,000,000 in 1936, or \$7,411,000,000 over 1935. Officials predicted the figure would reach \$70,000,000,000 this year.

Since the 1933 depression low, the report said, the national income has bounded upward more swiftly than prices, producing a much enlarged real purchasing power of individuals. From 1933 to 1936, it continued, the national income climbed 38 per cent, while the cost of living advanced only 8 per cent.

The report listed per capita income of employed last year at \$1,246.85 over 1935 and 88.4 per cent of the 1929 figure.

At \$41,250,000,000 last year, total compensation to employees increased 14 per cent over 1935 and was 63 per cent of aggregate national income. The labor share of total national income in 1936 was the highest on record, compared with 66.4 per cent of the total in 1935 and 65.5 per cent in 1929.

Dividends last year totaled \$4,573,000,000, about 7 per cent over the preceding year, but 23 per cent under 1929. Dividends comprised 7.4 per cent of the national income last year, compared with 5.6 per cent in 1936 and 7.6 per cent in 1929.

Among individual producers of income in 1936, the largest was manufacturing, which provided \$14,253,000,000. The Government was next with \$9,242,000, inclusive of work relief wages. The income figures were for "income paid out"—that paid for wages, dividends, interest, royalties, rent and similar costs. "Income produced"—the net value of all commodities produced and services rendered during the year—totaled \$63,799,000,000 in 1936, or \$1,143,000,000 more than income paid out.

Coincident with the gain in national income last year, a Commerce Department credit report said Americans did more installment buying than in 1935.

DETAILS OF THE NATIONAL FARM AID BILL IS TOLD AT MEETINGS HELD AT VARIOUS POINTS; FARMERS ATTEND

Several meetings have been held at various convenient points during the past week that farmers may become acquainted with details of the proposed farm bill now being considered at Washington and which is being sponsored by farmers organizations through out the nation.

The bill proposes price and production control of five different commodities including cotton, wheat, corn, rice and tobacco, each one carrying its own basis. Other features outlined in the proposed measure are: Parity prices for farmers insuring partly paying power.

Requiring soil building and soil conserving practices.

U. S. House Favors Continued Low Rate Interest To Farmers

Washington, D. C.—Action of the House of Representatives last week in passing the 3 1/2 percent interest rate on Federal Land Bank loans for another year is of particular interest to West Texas farmers.

The 3 1/2 percent rate has been in effect for the past two years, expiring June 30 this year, unless the measure as passed by the House is approved by the Senate and signed by the President before that date.

Congressman George Mahon stated the fact the House passed the bill without a dissenting vote was significant evidence the continued friendliness of Congress toward farm legislation.

Final approval of the 3 1/2 percent interest provision in the bill would save Federal Land Bank borrowers an estimated \$3,700,000 in interest charges during the next year. Congressman Mahon estimated that a saving of \$200,000 during the next year would be realized by Federal Land Bank borrowers of the 19th Congressional district.

CLIFF DAY URGES ACTION ON NATIONAL FARM INTEREST

Farmers of the South Plains area were urged by Cliff Day, vice-president of the Texas Agricultural Association, at a meeting in Lubbock, Wednesday June 9, to study the proposed bill recently formulated by farmers in Washington and to express their views by letter to Texas congressmen and senators concerning same.

Mr. Day emphasized the importance of immediate action regarding recommendations by farmers on this bill if it is to be enacted or defeated at the present session. He discussed the main features of the bill and stated farm leaders from all parts of the nation who were in Washington declared the proposed program the most satisfactory plan that has yet been worked out for agriculture.

PWA EXPENDITURES IN TEXAS

PWA has spent a total of \$116,447,583 in Texas during the period of 1933 to 1937. Of the 254 counties of the state all but 47 have received some financial benefit from this administration. The City of Muleshoe was one of the beneficiaries.

4-H CLUB CONTEST JUNE 24

The Bailey county 4-H club girls clothing contest will be held in Muleshoe Saturday, July 24. The girls of the twelve 4-H clubs of the county will enter the contest. Prizes will be offered.

SHORT ORDERS

Columbia, S. C.—A groceryman here provides plenty of competition for his rivals.

He has instituted a new delivery system, using pretty girls, dressed in slacks, to distribute his goods on bicycles.

This might be a good business suggestion to Muleshoe grocers. Patrons might be induced to eat more through this system.

Clothing Contest To Be Held Here July 16 100 Entries Asked

The Bailey County Clothing committee met Saturday, June 12 to plan the county clothing contest.

Plans were made to have the home demonstration clothing contest Friday July 16 in Muleshoe. The program will begin at 10:30 a. m. Miss Lida Cooper, district home demonstration agent, will be the judge.

There will be two contests in the demonstrators division: one for the demonstrators who have made a suit or a dress for a child between the ages of 3 and 10, the other for demonstrators who made a dress and slip by their foundation pattern. Prizes will be offered in each contest.

For the other club members who are cooperators, there will be a contest for those who have made a suit or dress for a child between the ages of 3 and 10. Another contest will be held for the cooperators who have made a dress and slip by their foundation pattern. Prizes will be offered in each contest.

Plans were made for each one to bring a covered dish.

The committee would like to suggest that at least 100 women enter this contest. The thirteen home demonstration clubs in the county will enter this contest.

Miss Bert Darnell of Y. L. is chairman of the county clothing committee. Other members of the committee are: Mrs. Vern Snider of Muleshoe, and Mrs. J. C. Terrell of Fairview.

Stabilizing Farmers Income To Cost Gov. A Billion Annually

The agriculture department has estimated the proposed "agricultural adjustment act" of 1937 designed to stabilize the farmers' income would not cost the federal treasury in excess of approximately \$690,600,000 annually after the first year.

A month ago 54,295,000 bushels were forecast, last year 51,913,000 were produced and the five-year—1928-32—average was 62,329,000.

Spring wheat, based on the condition of the crop June 1, and the indicated acre yield applied to the prospective acreage—29,918,000 acres—as shown in the March report on farmers' intentions to plant suggests, according to the department, a 1937 production of about 175,000,000 to 200,000,000 bushels. Last year production was 107,448,000 bushels. The 1928-32 five-year average production was 241,312,000.

Winter wheat condition June 1 was 71.5 per cent of a normal, compared with 77.4 a month ago, 66.7 a year ago and 73.9 the 30-year average. 1928-32 Condition of all Spring wheat June 1 was 68.7 per cent of normal, compared with 66.9 a year ago, 85.2 in 1935 and 82.7, the 10-year average. This year's acreage will not be announced until next month.

FINISH CALICHE ON 214

Caliche hauling has been finished on the north end of State Highway No. 214, according to Delma McCarty, project engineer, and only some of the highway shoulders need to be rounded to finally complete the job.

Work on this same road from Needmore south to the southern county line, under direction of State Highway Department, has been ordered to begin June 21. It will be under supervision of Regional Engineer Ogden.

SETTLE WANTS McDONALD JOB

J. Doyle Settle, 27, Representative from the Lubbock district, is making definite plans for the 1938 race for state agricultural commission, according to his own reported statement.

Young Settle is now serving his second term in the legislature. It is also persistently reported that G. H. Nelson, state senator from this district, may run next year for attorney general.

TULIA CELEBRATES NATAL DAY

The City of Tulia will celebrate its 47th birthday anniversary July 16-17. Features of the occasion will be a free barbecue, polo games, band music, horse racing, rodeo performances.

MULESHOERS IN SPLIT HONORS ON TWO GAMES

Play Lubbock Tip Toppers Here Next Sunday 3:00 P. M.

Muleshoe baseball fans let the sen-glamblers of the Hub City smash the stuffin' out of them in a hardfought game played in Lubbock Friday afternoon with the Black Hubbers, but they did so much vivid and vicious retelling the score stood 14 to 9 at the end of the last frame in favor of the host team. Muleshoe running in a surprise score about 16 seconds before the last out was called.

No holds were barred and no punches pulled as ball players from Lubbock and Muleshoe let their hair-down and indulged in an old fashioned but 'em and run-like-heck baseball game, fattening their batting averages against each other at the local field, according to the Lubbock Avalanche game report.

As anticipated, Skipper C. E. Smith's little known Muleshoe nine laid the law down to a slightly unsuspecting Hubber team with a four run attack off Slim Spradlin, ace right-hander of the Lubbock hurling corps, to wash off a two-run lead that Lubbock had taken in the first, and thereby caused a recount in the Hubber dugout.

Then War Breaks Out

Things got warm then, and from there on out it was a slugfest, with the Muleshoe bats collecting a total of 15 beans pair, while the locals were content with a dozen well placed blows off Lefty Burns and the right-handed Dav-nport.

Hubbers Take Lead

The game was spotted. There was (Turn to last page, please)

said delinquent taxes shall become due and payable, and it will thereupon become the duty of the County Attorney or District Attorney to institute suit for the collection thereof.

Sec. 5. The Assessor and Collector of Taxes shall accept partial payments made by a taxpayer in any sum, provided, however, that no payment shall be less than One Dollar (\$1), and that no partial payment account will be opened for delinquent taxes which total less than Ten Dollars (\$10).

Sec. 6. When any delinquent taxpayer shall have paid into such installment account a sum of money sufficient to pay the taxes owed by him for the earliest unpaid year upon one of the lots or tracts of land owned by him, together with the amount of penalty and interest then provided by law, the Assessor and Collector of Taxes shall withdraw from the special fund hereinafter provided for such sum and shall apply the same upon payment of said delinquent taxes, penalty, and interest, if any, and issue to such taxpayer a redemption receipt therefor. Thereafter such taxpayer may continue to make equal monthly installments into such trust fund until all of the delinquent taxes owed by him shall have been paid.

Sec. 7. All of such installments paid by such delinquent taxpayers shall immediately become the property of the State of Texas and the respective county wherein the assessed property is situated or located, in such proportion as is necessary to satisfy the taxes, penalty, and interest delinquent and due to each, and the taxpayer shall in no event be entitled to a refund thereof or to any portion of the same.

Sec. 8. In the event the taxpayer for whom the installment or partial payment account was originally opened sells the particular property upon which said delinquent taxes, penalty, and interest, if any, are due, the Assessor and Collector of Taxes may, in his discretion, immediately apply upon the taxes, penalty, and interest delinquent upon such property, the amount of installments already received.

Sec. 9. All funds or moneys covering delinquent State and county taxes, received by the Assessor and Collector of Taxes under the provisions of this Act shall immediately be placed in a special account with the County Treasurer of the respective county involved, and shall be held in escrow in such account until such time as the Assessor and Collector of Taxes shall notify said County Treasurer that at least one year's taxes have been paid on an individual account, thereby permitting said County Treasurer to remit to the Assessor and Collector of Taxes the amount or amounts so specified, said funds then to be distributed to the State and county proportionately in the same manner as for all other collections.

Sec. 10. The books, records, and accounts maintained by the Assessor and Collector of Taxes for the purpose of

carrying out the provisions of this Act shall at all reasonable times be subject to examination by the State Comptroller of Public Accounts and the respective County Auditors in their official capacity, in the same manner as all other collection systems now provided for by law.

Sec. 11. The provisions of this bill shall not apply to ad valorem or personal property taxes of any city, town, or independent school district, or independent school district, or any political subdivision of the State, and until the governing body thereof shall pass an ordinance or resolution providing that the provisions of this bill shall apply to ad valorem taxes of such city, town, or independent school district, or any political subdivision of the State.

Sec. 12-a. The provisions of this Act shall not apply to delinquent tax suits filed in courts of competent jurisdiction before the effective date of this Act in the counties or other political subdivisions claiming themselves of the provisions of this Act."

Mrs. Ray C. Moore Hostess Honoring Bride Of The Week

Thursday afternoon of last week Mrs. Ray Moore was the charming hostess at a lovely party given at her home in honor of Miss Adella Beavers who became the bride of Claude Harrison this week.

The entertaining rooms were beautifully decorated with larkspurs and other fragrant cut flowers, carrying out the June bride effect.

Throughout the afternoon, Miss Lois Watson, sister to the hostess, and Miss Winona Pardue, both from Lubbock, played violin selections, one being a duet, "I Love You Truly" which was dedicated to the bride, Miss Adella Beavers, and sang by Miss Pardue, accompanied by Miss Watson on the violin.

Delicious refreshments of lime sherbet topped with pink ale and individual cakes iced in ginger with names of the bride and groom, Adella and Claude written in green on them, were served.

The hostess presented the honoree with a lovely large vase of the Roseville pink and white effect.

The guest list included, Mesdames Julian Lema, Cecil Tate, Buck Wood, Joe Danron, Delma McCarthy, W. C. Cox, J. L. Ains, Arnold Morris, A. P. Sizemore, Mrs. J. W. Brown, Mrs. E. C. Smith, Ray Griffiths, A. E. Lewis, Vance Waggon, K. K. Smith, Buford Butts, George Shadid, R. L. Faulkner, Mrs. St. Charles Cox, Joe Hoagall, J. M. Reynolds, Jess Osborn, Jim Cook, Gilbert Wollard, E. R. Hart, Jess Mitchell, H. C. Hennington, Pat R. Bobo, Lilla Melindy, Neil Rockey, Clay Beavers, Misses Alice Jacob, Florence Stone, Rose Shadid, Alma Stewart, Addie Watts, Melzine Rokeby, Lois Watson and Winona Pardue.

The honoree wore a beautiful navy blue dress with white accessories for the occasion.

Buils Clothes Closet for \$6.75

"We could not have bought any piece of furniture for \$6.75 that was worth as much to the family as the new clothes closet that my husband has built for our daughter, Juanta, who at the West Camp 4-Holding demonstrator," said Mrs. E. E. Hughes. The closet is 6 ft. by 3 ft. It has a rod for adult's clothing, with a shelf above for hats. Mr. Hughes built 5 drawers in one end for lined and folded garments. He put a rod under these drawers for the two small children's clothes. The closet is built to the ceiling and the space above is used for cover. They varnished the inside with over varnish to match the woodwork. The scrap lumber was used for making hat and shoe racks. This makes a good looking piece of furniture and they have managed to use all the space wisely.

Improves Closet For 45 Cents

"Daddy got a refrigerator crate and we made a door for my closet outfit," said Clarence Lee Reeves, demonstrator of the Y L 4-H club.

Clarence Lee says her daddy and mother helped improve the closet by removing a long shelf at the bottom and used the lumber to make two small shelves in the north end of the closet. They removed the rod and lowered it so she and her sister could reach it. They used left over paper to paper the inside. They made a shoe rack of the scrap lumber they had left from the door. The only cost of improving the closet was 45 cents for hinges and enough paint for the shoe rack and rod.

Painted Clothes Closet Ivory

"We could not get there had been a sandstorm by looking inside my new clothes closet," said Barbara Lindsey, demonstrator of the Stegall 4-H club. Barbara, with the help of her family, has built a clothes closet of veneer board and 1x12 lumber. It is 2 ft. x 5 ft. She added a long rod for the adult's clothing and a short rod that is low enough for the small children to reach for their clothes. She added 3 shelves above the children's rod for hats. Five shelves for folded garments were built in one end of the closet. The space above the hat shelf is used for covers. The inside of the closet was painted ivory to make it lighter. Five hat racks were made of heavy cardboard

ROY KIMMEL LAYS PLANS MEETS WITH STATE COMMITTEES INVOLVED IN A PLAN TO HANDLE DROUTH IN THE WEST

Amarillo, June 15.—Roy I. Kimmel, recently appointed coordinator for the several Federal agencies serving the Great Plains "dust bowl," and who will have charge of all departmental activities in the wind erosion area in the five-state region is "depending largely on farmers to recommend a definitely constructive program to solve their present problems."

Kimmel is a native of New Mexico, and has spent many years in various points of the Plains region. In 1935 he joined the Reclamation Administration to serve as assistant to Dr. W. W. Alexander. Early in 1936 he was assigned to organize the Southwest Great Plains region for the Reclamation Administration and remained to head the rehabilitation program for the area. He has served as a member of the Southern Great Plains Advisory Committee on and use practices, which has done a great deal of work in coordinating the efforts of federal and state agricultural agencies and in developing the beginnings of a sound land use program for this area.

Secretary Wallace's appointment of a coordinator to head the various conservation programs in the "dust bowl" area was in direct line with the desires of several farmers' mass meetings in recent months, the last and largest of which was held last month in Amarillo.

ROY I. KIMMEL
Co-ordinator of Federal agencies serving the Great Plains "dust bowl" with headquarters at Amarillo.

"No matter what programs may be designed to correct conditions in this problem area and to establish a permanent, and insofar as possible, a drouth-proof type of agriculture," Mr. Kimmel said, "the country may be assured that we will be guided very largely by those men who live on the soil."

Mr. Kimmel said he will look to the general and special farm organization in this area whose experience and advice will be invaluable in developing a coordinated conservation program.

Appointed by Secretary of Agriculture Henry A. Wallace, Mr. Kimmel will devote his attention to the special problems in the 163 counties of Texas, Oklahoma, Colorado, Kansas and New Mexico. The area over which he will work totals 80,779,555 acres, and involves farm lands aggregating 70,927,420 acres.

Already at work, Mr. Kimmel last week met with agricultural leaders in Colorado. This week he is to attend a similar meeting in Oklahoma City. In the week of June 21 he will meet with the Southern Great Plains Advisory and painted ivory. Three shoe racks were made of scrap lumber and painted She put pockets for hose, soap, and handkerchiefs on the door. A belt and the rack was also added to the door. The total cost of this closet is \$3.80.

ASSEMBLY OF GOD REVIVAL

The Assembly of God church started a revival last Sunday night. Everyone is invited to attend.

Rev. A. J. Williams pastor of Littlefield church, is conducting the meeting. Others from Littlefield are expected the end of this week to help out during the revival. Gospel singing and old time Gospel preaching will prevail.

in next to no time

And even quicker I can plainly state how it saves your oil and your engine to change to Oil-Plating. After I put in Conoco Germ Processed oil, which is the only oil that forms Oil-Plating, let's say you run a bit and then want to park—a few minutes or maybe hours. But every drop of Germ Processed oil will not drain back down into your crankcase like an everyday oil. Instead of that, a definite amount of this oil is always left closely plated all over the pistons, cylinders, bearings and other parts, from the bottom clear to the top of your engine. You'd say that the oil is united for good, to every working surface. I don't know of anything that will make Oil-Plating let go, no matter if you want to stop and start at every doorway, or make 500 miles a day across the mountains. Staying in place and not just splashing on and off, Oil-Plating can't leave the usual openings for friction and wear. Your smooth, quiet, cool-running engine will certainly make you notice that, and of course, your own eyes will see Conoco Germ Processed oil staying up around full.

General News

President Roosevelt last Monday appointed Louis A. Johnson, West Virginia assistant secretary of war.

The U. S. Department of Agriculture announced last Monday indications were the Texas wheat crop this year would be double what it was in 1936.

Curry Co. N. M., farmers last Saturday voted six to one to partake of the benefits of national soil control measures offered.

The N. M. Junior college at Portales, has been granted \$6,000 from the Carnegie corporation for school library purposes.

Sheep and goat men of Texas find the spring clip of wool and mohair quite profitable, its total sales approximating 20 million dollars.

Following recent heavy floods, it is announced traffic is again open to Roswell, N. M., and tourist camps are again receiving customers.

Gov. Allred has suggested to Texas legislators to take their summer vacations early after close of this first extra session as he may call another one early this fall.

Two hundred and eighty-four jacks and stallions owned by the State of Texas will be sold to the highest bidder if counties in which they are located do not wish to purchase them.

The strike mania struck the Bethlehem Steel corporation at Johnstown, Pa., last Monday, also again hit the Republic when four coal mines were shut down and about 9,000 miners quit work.

Representative Leno, North Dakota has declared the Wheat Insurance bill unconstitutional, it carrying too broad a delegation of power to the secretary of agriculture to determine premiums farmers would be charged and indemnities to be paid for crop losses.

Announcement reveals that between 425,000 and 450,000 people will be benefited from WPA projects in the nation, effecting about 100,000 such workers in Texas, and meaning 4,913 in the Lubbock district, of which Bailey county is a part, will lose their jobs.

PLATEAU SINGING CONVENTION AT TUCUMCARI, N. M. JUNE 19-20

The annual Plateau Singing convention, which is known as a national organization, will be held in Tucumcari, N. M., Saturday and Sunday, June 19, 20 at the high school auditorium. The program will start at 10 a. m. Saturday.

There are 36 counties in Texas and New Mexico in this association. John F. Taylor has been its president for 16 years and he has devoted much of his time building up this organization, which is the largest singing convention of its kind.

Each county has an organization which meets twice a year.

The Tucumcari chamber of commerce is sponsoring the convention and Mr. Taylor advises that a large number of delegates will be present from the Texas counties.

Y. L. H. D. CLUB NEWS

"Dress children for comfort, instead of all style," said Miss Alma Stewart, home demonstration agent, of Bailey county to a group of Y. L. club women at home of Mrs. J. A. Ryan, Thursday, June 10.

Miss Stewart gave a demonstration on the type of clothing for a child. Little Bobby Wallace model the little buttonless suits, which are very practical for growing children.

Miss Stewart said a child well dressed and comfortable, is not self-conscious, they are more forward in many ways. A child's clothing should be fitted so they are comfortable. If not, it makes them cranky and disagreeable in many ways. If clothing is too tight or too large.

These present were Mesdames R. L. Kinbrough, Russell Burman, Cecil Fairman, A. W. Darrell, Mervin Wildering, Myrtle Pritchard, R. L. Mathieson, Miss Bert Darnell and the hostess, Mrs. J. A. Ryan.

Next meeting will be with Mrs. Ed Rupp, June 24.—Reporter.

Sloan Springs, Arkansas, going by the way of Dallas, where she was to join her husband at the Pan-American exposition. She was accompanied home by her sister, Holly Ann, who will attend John Brown college there.

Mr. and Mrs. H. E. Musson of Oklahoma City, accompanied by their granddaughter Patti Jo Musson, spent the weekend here looking after agricultural matters on their farm in central Bailey county, leaving last Monday. They plan spending the summer months in some of the northwestern states, accompanied by their son and his family for the son's health. H. E., who, in addition to his mental and business dignity, has been accumulating considerable surplus adipose tissue in the region of his equator since he became a grandfather a few years ago, declares he is going far enough north during the hot season to catch the odor of the Russians who recently invaded the North Pole region, and is reported to have secreted a pair of snow shoes under his Auburn auto for convenience, if needed.

Buy it in Muleshoe.

Federal Planning Of County Board Handle Soil Subject Offered

A suggestion that county planning boards of five members, one from each commissioner precinct and one member at large, be named by the commissioners court of each county in the Panhandle to aid in formulating plans for the Panhandle water conservation program was made by the executive committee of the association in session at Amarillo last Friday.

They pointed out that this procedure should be taken in order that every thing possible be done for full cooperation with government officials and engineers if and when the lanes and dams program for the Plains country is approved and ready for action.

A report by Carl Hinton, secretary of the organization, stressed the danger of too much optimism and the necessity for careful advance planning by the Panhandle areas.

GRAIN COMBINES

IN 6, 12 AND 16 FOOT SIZES

They are built to harvest grain at low cost. Easy to operate, of light draft, has simple but durable drive, ground driven reel. Each combine embodies all the latest scientific mechanical features.

The Farmall 4-Row Cultivator

Cultivates 40 to 60 Acres a Day

PAYS FOR ITSELF

in time saved . . . in increased yields

DRIVE into your cotton fields with this easily handled, one-man cultivating outfit and reap the full benefits of fast, thorough work. Think of the time you save by cleaning four rows at a time. Consider the ease with which you can cultivate — how easy it is to put in those extra profitable cultivations that conditions often require.

The Farmall 4-row Cultivator enables you to clean 35 to 50 acres a day in first cultivations; later you can do 50 to 60 acres. On an extensive acreage fewer families are needed. Mules can be sold. Costs go way down — profits increase.

It's downright surprising how fast, easily, and well this Farmall outfit does the work. Come in and we'll give you additional facts.

Mr. and Mrs. Good Harden took their son, Joy Lynn to a Lubbock sanitarium for a medical examination Sunday afternoon. The doctors were unable to find anything ailing the lad only a slight bit of tonsillitis trouble. They were accompanied on the trip by Miss Elizabeth Harden.

Fred and Lehman Carpenter, accompanied by their better three-quarters, and Mrs. Lee Sims, Miss Helen Lafon, Jannie Lou and Freda Mae Harvey, were among those from Bailey county who attended the district singing convention held at Clovis, N. M., last Sunday. They report a very enjoyable program.

Mrs. Storm Whaley, after spending several days here with her mother, Mrs. W. C. Bucy, sister, Miss Holly Ann Bucy, and other relatives, left the latter part of last week for her home at

Smith, Naomi Smith, LeDene Adair, Mrs. Johnnie Williams, Jo Ann Williams, Mrs. Bright, Miss Alma Stewart, Rachel Thompson, Emma Lou Herrington, Ila Lee Herrington, Lucille Knooles, Betty Lou Thompson, Billy Knooles, Johnnie Muriel Knooles, Travis Herald

Adair, Vernon Eugene Adair, Mrs. Walter Stephens and Grandmother Dickenson, both of Stuyvesant, Okla.; Mrs. M. A. Snyder Mrs. W. C. Pruitt, Imogene Farr, Mrs. Miller, Mrs. B. B. Dickenson, Bernice Herrington, Wilma Louise Snider, Peggy Louise Williams, Pauline McIntyre, Maxine Hughes, Mrs. Claude Knowles, Mrs. R. E. Luttrell, Mrs. J. A. Snerid, Mrs. Jol Thompson, Elaine Miller.—Reporter.

Four Men And A Dog Left At North Pole For A Year's Vigil

Four men and a dog have been left alone on a drifting ice floe near the North Pole to spend a year gathering scientific data to enrich Soviet Russian knowledge of the top of the world.

The four airplanes of the Soviet Union's North Pole expedition have taken off from the base camp established by the patrol plane on May 21 near the pole.

The four who stayed behind were: Ivan Papanin, veteran of the Arctic and leader of the group; Ernest Krenkel, radio operator, who went to the Antarctic with Admiral Richard E. Byrd in 1926; Piotr Shursh, hydrobiologist, and Eugene Federoff, magnetologist.

During their year at "the birthplace of weather," the four will live in a specially constructed hut and cinderblock huts and eat specially concentrated foods.

The camp, originally within thirteen miles of the pole, had drifted away last Friday to 88 degrees 50 minutes north 25 degrees west, about 75 miles from the pole.

Baileyboro News

Mrs. Lee Bell has been called to the bedside of her son, Owen, who recently underwent an appendicitis operation. He is doing nicely and will be able to return home from Santa Anna sometime this week.

Curtis Moore and Johnnie Angel have been appointed bus drivers for the coming year, our High school pupils having been transferred to Muleshoe. The boys take time about two weeks on Muleshoe routes and two weeks on Baileyboro route.

Electric lights have been installed at the V. B. Mays store. A conglomug rug was awarded Saturday to Mr. Padlock.

Rev. Moore conducted services at the local church both morning and evening with a good attendance. He extended a welcome to everybody.

The ladies W. M. U. meet each Monday afternoon at 2:00 o'clock.

H. D. Club Meeting

The ladies met at the school house Tuesday afternoon. Some time was spent informally, and it was decided that one Saturday night each month a community party for the young folks and older folks would be given at the school house.

Miss Stewart will meet with the club Tuesday, June 22 at 1:30 p. m., at the school house. She especially invites all mothers to come as her topic will be "Type of Clothing for Children." At conclusion of the meeting the ladies are invited to attend Achievement day with the girls 4-H club at the home of Juanita Williams.—Reporter.

West Camp News

Mr. and Mrs. T. H. Adair, daughters, Louise and Jennie Marie, of Winters, are visiting here with friends and relatives this week.

Milton Lee Sellars, had his tonsils removed last week, and is doing nicely.

Mrs. B. W. Waller and Donna Ann, came home Saturday. They have been visiting with Raymond Waller and family of Clovis, N. M.

Mrs. Carrie Harding and Mrs. Zereba Fudge of Portland, N. M., spent the weekend with Mr. and Mrs. Luther Blakely.

Mr. and Mrs. Joe Thompson, Mr. and Mrs. J. D. Thompson of Muleshoe, spent Sunday with Mr. and Mrs. E. L. Smith.

West Camp H. D. Club News

Miss Alma Stewart home demonstration agent of Bailey county gave a demonstration on how to dress smaller children in self-help clothes, to a group of West Camp women at Mrs. Pepper's June 9.

Delicious punch and cake was served to the following: Mrs. Stephenson and grandmother Dickinson of Snider, Oklahoma; Mesdames Barton, Dickinson, Luttrell, M. A. Snider, Willie Williams, J. Williams, J. Bright, L. Blakely, Helen Adair, Odes Thompson, T. A. Miller, Chas. Pruitt, Joe Thompson, Miss Alma Stewart, and the hostess Mrs. Pepper.

The next meeting will be with Mrs. Chas. Pruitt.—Reporter.

Miss Elizabeth Ham and Mrs. Buford Butts attended a wedding supper given Tuesday evening by Mrs. John Eickie at her home northeast of Muleshoe in honor of her sister and brother-in-law, Mr. and Mrs. Gen. Elder of Amarillo who were married Friday of last week.

The Mohawk Trail

The original western terminus of the Mohawk trail was North Adams and the eastern terminus was Greenfield, Mass., but the route from the way from Albany to Boston later became known as the Mohawk trail. Some people even call the road from Albany to Buffalo part of the trail, as a considerable part of the route follows the Mohawk river.

OIL NOTES

Material has been assembled on the ground for drilling the I. C. Gasch well in the south part of Bailey county during the past week, and it is expected to spud in the latter part of this week, according to official information given out this week.

A big Fort Worth spudder will be used to dig the first 300 feet, after which a rotary will be put on and the well finished with cable tool.

It is variously reported though not definitely confirmed that the McCelvey well in Goodland community, south Bailey county, is also making preparations to begin drilling. Bad roads, occasioned by recent rains have hindered getting material on the ground, a load of well casing being hauled in from Hobbs, N. M., being stuck in the road near Dora, that state.

Derrick is being erected for an oil test on Yellow House Co. land 11 miles south of Littlefield, near Whitharal in the northern part of Hockley county. Cameron well in Cochran county was abandoned last week at 4500 because of excessive sulphur water standing in the hole.

Casing has been run in the hole going down south of Bula in Bailey county, change is being made from rotary to standard rig, and a new drilling crew is expected to arrive sometime this week to resume drilling.

Miss Adella Beavers Becomes The Bride of Claude N. Harrison

Miss Adella Beavers, daughter of Mr. and Mrs. S. C. Beavers, and Mr. Claude N. Harrison, junior, son of Mr. and Mrs. N. H. Harrison of Canyon, were united in marriage, Tuesday evening at 8:30 o'clock at the Baptist church.

Miss Beavers was a graduate of the West Texas State Teachers' college, Canyon, and was a member of the 1936-37 school faculty of Muleshoe.

Mr. Harrison received his education from Roswell Military academy at Roswell, N. M., and at Texas State university, Austin.

The impressive ring ceremony was spoken by Rev. J. O. Quattelbaum, Canyon, officiating, who was the bride's father. For the first time he attended college at Canyon, and he and his wife were also former schoolmates of the bride's mother.

The nuptial vows were spoken before a beautiful improvised altar of palms, fern and baskets of white daisies and calla lilies. On either side were tall white tapers in candleholders.

Nuptial Music

Preceding the ceremony, Prof. Wallace R. Clark, head of the Music department, W. T. S. T. C. Canyon, sang "Love Song" by Cadman, accompanied at the piano by his daughter, Miss Alice Fay Clark. Mrs. W. H. Graham, Farwell, sang "I Love You Truly" by Carry Jacobs Bonis, accompanied at the piano by Mrs. W. Vineyard, who also played the "Wedding March," by Mendelssohn.

Mrs. Bickford Slack of Boise City, Oklahoma, served as matron of honor, and Miss Eunice Griffith of Muleshoe and Miss Mary Mae Harrison, sister of the groom, were the bride's attendants. They wore beautiful taffeta gowns in pastel shades of peach, green and yellow, and carried arm bouquets of white daisies and pink carnations.

Bickford Slack served as best man to the groom. Ushers were Jake Harrison, a brother of the groom, and Ben Gullit of Pampa.

The flower girls were the little Misses Laura Jean and Joan Sweatman, of Vernon, cousins of the bride. They wore long ruffled blue organza dresses had pink bows in their hair and carried pink arm baskets.

Bride In White Satin

The bride who was given in marriage by her father, wore white satin, trimmed in silk val lace and a long net and lace bridal train, topped with orange blossoms. She carried an arm bouquet of white calla lilies and lilies of the valley.

Reception Given

Immediately following the ceremony, a reception was given at the bride's home for the bridal party and out of town guests, who were Mr. and Mrs. Claude N. Harrison, and son, Hal and daughter, Mary Mae, Mr. and Mrs. Ray Sheffae, Dammitt, Mr. and Mrs. J. D. Gamble, Lubbock; Mrs. C. E. Beavers, Wichita Falls; Mrs. G. H. Beavers, Mrs. Linton Sullivan and son James, J. Williams, Harrison, Canyon; Ben Sweatman and daughter, Laura Jean, Joan Sweatman, Mrs. Marvin Sweatman, Vernon; Mrs. W. H. Graham, Mr. and Mrs. W. Vineyard, Mr. and Mrs. Curtis Danner, Farwell; Mr. and Mrs. Bickford Slack, Boise City, Okla.; Prof. W. R. Clark and daughter, Miss Alice Fay Clark, Canyon; Ben Gullit, Pampa, and Miss Eunice Griffiths, Muleshoe.

The table was beautifully laid with a city lace cloth over pink, on which was arranged six white tapers in crystal holders. The centerpiece was made of sweet peas, daisies and fern.

The three tier wedding cake, topped with a miniature bride and groom was cut by the bride and served with punch to the bridal party. Punch was poured by Mrs. C. E. Beavers, of Wichita Falls and Mrs. Marvin Sweatman, Mrs. L. S. Suman and Mrs. G. H. Beavers of Vernon.

The bride presented each bride's maid and little flower girls with a gift.

Watson News Items

Everyone is proud of the new gin being built at W. E. Lane's which will be a great help to this community.

Mrs. Andrew Wittner's sister of Watson is here visiting.

What's Happening In Washington And Other Cities Of Importance

Plan for a network of granaries throughout China with an aggregate capacity of 400,000,000 bushels is being perfected in that country.

Edward M. House, official advisor for the late President Woodrow Wilson says there is no danger of President Roosevelt running for a third term.

Jesse Jones, chairman, Reconstruction Finance corporation, has been given the honorary degree of Doctor of Laws by New York University.

The National stockyards, East St. Louis, were ordered closed last Friday because of strike of 300 livestock handlers.

England, France and Italy will again default in their World War debt payments owed the U. S., only Finland meeting her obligations.

It is announced that Mary Pickford and Charles (Buddy) Rogers will be married in a simple ceremony Saturday, June 26, at Los Angeles.

Death valley, California is now fighting its own heat, dry ice having been discovered there. This supply, said to be limitless, when put on a present crop of 275 tons to the square inch becomes the "dry ice" of commerce.

Instead of the government buying land and turning it over to tenants for homes on a 20 year installment payment plan, the U. S. Chamber of Commerce favors private financing of the idea. Many congressmen are also said to favor the latter idea.

The American Medical association in annual session at Atlantic City, N. J. last week officially recognized the merits of birth control and use of contraceptives, especially in the cases of poor families.

The U. S. Senate Appropriations committee has voted to write into the \$1,300,000,000 relief bill a provision requiring that local communities supply 40 per cent of the cost of non-federal projects.

With 75,000 steel workers striking and little immediate prospects of a settlement, Gov. M. L. Davy, Ohio, has called a conference of strikers and employes in a get-together effort of settlement.

Rev. R. Anderson Jardine, Darlington, England, who braved disapproval of the church of England to perform the marriage service for the Duke and Duchess of Windsor last Sunday announced the resignation of his pulpit.

E. A. Simpson, divorced husband of "Wally" now wife of Edward of Windsor, upon his oath has denied she paid him anything to permit her divorce favor, causing Mrs. John Sutherland to withdraw her slander and gossip suit from the English court.

The Government spent more than a half million dollars in 1936 to persons employed in full or part time to give publicity to New Deal actions, according to the Brookings Institute findings, it was announced Monday.

The Republic Steel corporation apparently is overcoming effects of 70,000 recent strikers as plants are again being opened and workers returning to jobs. In Chicago 21 pullman cars have been shunted into the works for accommodation of employees who would have difficulty with strike pickets if they left the plant.

The U. S. battleship Tennessee went aground on the mud flats of San Francisco bay last Friday. Much of its ammunition and other heavy load which was removed in hopes the incoming tide might float it off. At last report it was still stuck.

Vice-President and Mrs. J. N. Garner, following the precedent of his Chief, who recently scoured the waters of the Gulf of Mexico as peacemaker diversion, has quit Congress for a brief visit with his son, Tully Garner, at Amarillo. It is hinted though that while the Misses does most of the visiting Sir John will keep his hook wet around Uvalde.

Rep. Hamilton Fish of New York, has demanded, that along with other folks whose incomes are being subject to congressional investigation, that of Pres. Roosevelt should also be looked into. He insisted the president, according to reliable report, had deducted his income loss from his Hyde Park estate in Fish' district, and that it is not a farm, but a palatial estate.

INTERMEDIATE LEAGUE SOCIAL

Thursday evening of last week members of the Intermediate Epworth League, Methodist church were entertained with a social at the church annex by the league sponsor, Miss Elizabeth Harden.

Various enjoyable games were played, after which delicious refreshments of ice cream and cookies were served to the following:
Mary Sue Osborn, Betty Joe Jordan, Theresa Pierson, Gale Jackson, Billy Beavers, James St. Clair, Doris Churchill, Clela Nell Bayless, Arvil Jackson, Leona Bartley, Arvil Cole and Marshall Morris.

You can't keep a good man down; nor an impudent one.

55,576 Farmers Have Dept. Reductions In Resettlement Admin.

Amarillo, Texas, June 15.—The debts of 55,576 farmers have been reduced \$47,252,521 or 25.9 per cent in the 20 months ended April 30, the Washington office of the Resettlement Administration announced this week.

Debts of these farmers before adjustment were \$162,827,539; after adjustment \$115,475,019. As a result nearly \$3,300,000 in back taxes were paid local governments.

A study by the Farm Debt Adjustment section reveals that of the 55,576 cases, 32,429 were adjusted through outright debt reduction, 14,938 through extension of time, 909 through substantial interest reductions, 3,736 through a combination of methods, and 3,568 through unclassified methods.

MULESHOE IN SPLIT HONORS ON TWO GAMES

(Continued on page one)

brilliant baseball field at times, gigantic errors at others times, and on both Harold Crites, playing center, because the Muleshoe club never quit trying. They were trying at the last, and scored a run in their half of the ninth, threatened to score more. A nifty double play cut them off, and Lefty Pair struck out the last man with a whizzing curve ball.

Lefty Burns, who had a nice fast ball but rather poor control, engaged Slim Spradlin in a nice duel for the first three frames. Spradlin set the visitors down with one hit in the first game, but retired three others. In their half, the Hubbers collected two runs that looked bigger as each inning progressed. Ed Hambricht drew a pass, and Bill Holloway, replacing Tobe Pair in the ninth, threatened to score more. A nifty double play cut them off, and Lefty Pair struck out the last man with a whizzing curve ball.

Louis Taber Will Speak To Farmers At Lubbock, 21st

Louis J. Taber, master of the National Grange and an outstanding agricultural leader, will be in Lubbock, Monday, June 21, to speak to farmers and citizens generally regarding the tentative national farm program now under consideration by congress.

The meeting will be held at the Tech stock pavilion beginning promptly at 3:00 p. m. at which time an open forum of workers and general roundtable discussion will be in order.

At 7:00 p. m., in the stadium there will be an open mass meeting for all farmers and farmers' organizations, at which time Mr. Taber will deliver the address.

All farmers of this section are urged to attend these meetings by W. C. Taylor, county agent.

OLTON KEEPS COURT HOUSE

Incomplete returns from the voting in Lamb county last Tuesday wherein citizens of Amherst and Littlefield sought to move the county seat now located at Olton to their respective towns, indicates the county capitol will remain at Olton.

Amherst a contender for the county seat, following the lead of Littlefield ran third in the race, while on the face of incomplete returns, Littlefield lacked nearly 200 votes to bring it to that town. Because of being farther from the county center, Littlefield had to have a two-thirds majority vote to obtain

the capitol, while Amherst, only five miles from the geographical center could have obtained it on a bare majority vote.

This was the third election held in that county in an effort to move the county seat from Olton.

Acts of Eye Always Moving Even in the most exact fixation of the eye, the visual axis are in constant slight motion, and such a fixation does not last for more than one-fifth of a second, after which the gaze wanders even more.
