On Sunday October 17th the Lillian M. Hudspeth Hospital hosted an open house to celebrate the grand opening of their new facilities. I sat down with hospital CEO Keith butler and asked him to give me the history of this particular project.

"We looked at building the addition 2 years ago. When we first started looking at building an addition we had thought about building a new wing at the same time. We knew back in 2008 we leased a MRI trailer, and once it got out in the community that we were doing this it's utilization really went up. There was no doubt that we could support that technology in this town.

As 2008 ended we had started talking about the plans the economy nose dived. The income at the hospital took a big nose dive, but there is no way you can budget for that. So we had to decide if we want to pull the trigger on this project. We finally decided that we could engineer the building where we could

add a wing further down the road, but in the new space we would allow for some additional holding beds. We also have multi-purpose procedure rooms where we can do the GI services and speciality clinics (cardiologists, nephrology, and neurosurgery). This area can actually hold 4 beds if the hospital gets full. Its called surge capacity.

As time went on and the economy didn't really improve we had to make a decision. We had the money in place to build the project, there were no jobs in town. If we went ahead with the project (and got a good price on it) we would also be creating jobs here in town. So we decided to go ahead and follow through with the project.

The building itself was estimated at 3.5 million dollars, the architects we have used in the past came back and told us that they could save about 10% off of that estimated cost. When it came time to open the bid we had 7 bidders, the first bid we opened was 1.1 million

dollars under the estimate (33% savings). All of the rest of the bids were within 3% of each other. All the companies were well known businesses, but there just aren't that many jobs out there for them. When you start out a project saving 1.1 million dollars its a good thing.

We had already worked hard in the last half of 2009 picking out equipment. You have to do that first because the building has to be designed around the equipment you use. We started construction in the first week of January. A local company did all of the concrete work, and the plumbers used local folks for assistance on their various projects. All the out of town contractors and subcontractors all stayed in hotels, and ate at the restaurants so there was some pretty decent money being spent here in town locally.

The total project (with the equipment) was 6.2 million dollars, and we are actually going to come in under budget. It's completely paid for with no tax increase, no bond, and no indebtedness at all-which is true with everything we have done with this hospital.

We now have 8200 square feet of facilities which includes a variety of things. We built a new patient courtyard, mobility court (outside exercise area for our swing bed patients), and new chapel. The building is divided into two parts-we have a procedure space, and an

Article and Picture Courtesy of Texas MultiChem

This month Texas Multi-Chem recognizes Danny Hardin, maintenance director at Sonora ISD, for his work in maintaining the best high school football field in West Texas. Danny has received the first ever TMC Sports Turf "MVP" Award, recognizing excellence in turfgrass management. Mr. Hardin works hard each day to cultivate a high performance football field that Sonora can be proud of.

TMC renovated Sonora's football field back in April. The football field renovation included a complete replacement of the playing surface, upgrading it to a high performance sand-based field with TifSport hybrid bermuda sports turf. The field renovation was a commitment to higher standards by Sonora ISD...a commitment that Danny Hardin and his maintenance team has lived up to. Two of the most important maintenance behaviors that must be present in order for turfgrass to achieve peak form are frequent mowing and proper irrigation practices. Since the new sports turf was installed, Danny Hardin has ensured these important cultural practices are carried out each and every day of the

week. Mowing the football field 1" high with a high quality (and properly calibrated) reel mower three times per week has been critical to the new TifSport bermuda growing to realize it's full potential. Coupled with a proper irrigation program that complements the regular mowing schedule, Sonora's field has become the best football field in West Texas.

Don Gibson, Superintendent at Sonora ISD, expresses appreciation for Danny's efforts: "Any and every district would be better served if they had a employee as dedicated as Danny Hardin. Danny takes great pride in starting and finishing a project and if you say Danny this is "your baby" you know it is going to be done correctly. Danny spends many hours working on the grounds and he wants the football field to look as good as anything else and it shows in the way our grounds look. Danny did a great job along with the direction and help of TMC in making our field a show place in the state. Sonora ISD is very proud of the 'new field' and we owe a lot to Danny in making this possible."

To most, it might not seem

THE OTHER THING

Ozona 31 – Sonora 28

Morriss hands off to Garza.

Photo By Nancy Glasscock

By Ray Glasscock

The game last Friday night was exactly like a heavy-weight fight between two equal opponents. Brady, Ballinger, Blanco, San Saba and Ozona have been hard on us fans. I wonder how hard it must be for the players and coaches! Hard, but wonderfully exciting and fun!

The Broncos won the toss and elected to receive. Davis Jimenez returned the kickoff to the 26-yard line. The Bron-

cos mounted a 19 play opening drive. It included pass receptions by Zach Badeaux and Word Hudson. Imoni Cross had two carries for 10 yards. Edward Garza carried three times while Ethan Morriss had five carries. On Morriss' last run of the drive, the Broncos had a first and goal at the five. The last two plays of the drive were incomplete passes and the Lions had stopped the Broncos from scoring.

The Bronco defense held firm and forced the Lions to punt. The Lion punt took a Bronco bounce and rolled dead at their 49-yard line. Morriss kept the ball and ran outside of the block by Kyle Patlan for a 14-yard gain. After a fumble lost three yards, Morriss threw to Cross for a 37-yard gain to the Lion one-yard line. Morriss got the touchdown two plays later on a quarterback sneak. Cross kicked the PAT and the Broncos had the first score at 7 to 0 with 0:14 left in the first quarter.

Cross kicked off and it was fair caught at the Lion 30. The Lions took ten plays to tie the game. Quarterback Abey Lara completed two passes during the drive to Alex Borrego. The second one set up a first and goal. Kyle Dean got the score on his third rushing attempt. Nathan Dehoyos kicked the PAT, and the score as knotted at 7 with 5:53 left in the second quarter.

The Lions forced a three and out with Clayton Parks punting to the Lions. Seat back Dean showed his speed on this Lion scoring drive. On the first play, he gained 37 yards down the near sideline before being caught by Jorge Gaytan. A sack by Braxton Snyder was erased by a Bronco penalty. The Lions scored on a throw back screen from Lara to Dean from 29 yards out. Dehoyos made his kick and the Broncos were behind 7 points at Lions 14 and Broncos 7 with 2:52 left in the first half.

Morriss and the Broncos used eight plays to cover the 70 yards needed to tie the score at the end of the half. The first two plays were completions to Hudson. Morriss gained five yards on a called run; he scrambled for eight yards for a first down. After the scramble, the Lions' rush forced Morriss out of the pocket, and he fired a bullet pass to Hudson for a

first down at the 15-yard line. Cross caught a pass and made it to the nine-yard line. From there, Morriss threw to Hudson for the touchdown. Cross remained perfect with his second PAT of the game. The score at the end of first half was 14 to 14.

The Lions used only three plays on the opening drive of the second half to regain the lead. Borrego caught a 66-yard touchdown pass from Lara. The scoreboard flashed Lions 21 to Broncos 14 with 10:18 left in the third quarter.

The Broncos answered with the type of scoring drive that has kept us on the edge of our seats all season. The drive covered 71 yards in 13 plays. After the first three runs, it was fourth and short deep in our territory at our 38-yard line. Morriss got the first down on a quarterback sneak. A complete pass to Cross, plus an unsportsmanlike penalty against the Lions, moved

Senior Center Activities

Thurs. October 28 - Free hearing tests @ 9:00 AM
Fri. October 29 - Halloween and birthday party @ noon
Mon. November 1 - All Saint's Day
Tues. November 2 - Election Day
Wed. November 3 - Happy Birthday *Oflia Torres*
George Wipff

Senior Center Menu

Thur. October 28 - Catfish, spinach, peas & carrots, milk hush puppies, bread pudding w/raisins
Fri. October 29 - Beef tacos, pinto beans, Spanish corn, lettuce, tomatoes, taco shells, mixed fruit
Mon. November 1 - Baked chicken, fried rice, roll, zucchini squash, blackberry cobbler
Tues. November 2 - Polish sausage, cooked cabbage, milk mac & cheese, corn bread, pear half
Wed. November 3 - Baked ham, sweet potatoes w/apples, green beans, roll, peanut butter cookie

Participants in the senior nutrition program must be 60 or older. Meals are served Monday - Friday at 12:00 p.m.
Donations are accepted
 (suggested donation for Seniors is \$2.00; \$5.00 for under 60 and all other meals-to-go).

Thank You Note

This has been an incredibly enjoyable season for YMCA Heavyweight Division Sonora Broncos, and we owe our thanks to SO many people in our community and beyond!! Our sponsors, EZ Ranching, NALCO, David Creek, and Southwest Diggers, went all out for our 5th and 6th grade team! They provided everything from fantastic-looking jerseys to pants, socks, and even helmet decals. You are all wonderful, and we thank you for your support this season. Thanks to the folks who put all the hard work into making our boys look good: Landon and the whole crew at Athlete's World, as well as David Sanchez, who makes awesome decals. Our boys were also treated to extra-special star treatment by folks who were just being nice! Thank you to Rita Mendez and the host of parents who made sure the boys got to be in the Homecoming Parade, and most especially, to Mr. George Keese who offered his trailer and time to the boys at the Homecoming Parade. Thank you for your kindness. Thank you to the YMCA staff and all of our volunteer coaches, who made it both fun and educational for our boys. Thank you for being there for the boys. Thank you to Coach Sine for use of the field's for practice and games and pictures - our scrapbooks will forever thank you! Thank you to Coach Sine and Coach Favila for going above and beyond in helping out some of our boys. And thank you to those of you who helped so much - don't know how we can ever repay your kindness - Eddie at the radio station, Mrs. Fields at the Rockhouse Boutique, and to all who came out to cheer on our youngest Broncos. We want to invite everyone to join us in Eldorado this Saturday, October 30th, as Sonora Youth Broncos will participate in their last game of this season, our South Division SuperBowl. The times for the Superbowl are as follows:

Sonora PeeWee Red Team vs. Eldorado PeeWee 2:00 p.m.
 (3rd/4th graders)
 Sonora PeeWee White vs. Ozona PeeWee 3:30 p.m.
 Sonora Heavyweight White Team vs. Ozona 6:30 p.m.
 Sonora Heavyweight Red vs. Big Lake 8:00 p.m.

Thank You!

Obituary

Nita Ann Sterling Lippman

Nita Ann Sterling Lippman, 68, of Hobbs NM passed away Monday, October 18, 2010, in Lea Regional Medical Center. Graveside services were Friday, October 22, 2010, in Sonora Cemetery, Sonora Texas. The family received family and friends on Thursday, October 21, 2010 at Griffin Funeral home.

Mrs. Sterling was born on April 29, 1942, in Hobbs, NM to Raymons and Juanita Autry Witherspoon. She worked for many years for Blue Cross/Blue Shield and Levi Strauss. Mrs Sterling loved sewing, gardening, arranging flowers, canning and cooking, but her true love was her family, friends, and neighbors. She was preceded in death by her parents, husband, Paul Lippman, and brother Jimmy Don Witherspoon.

Survivors include her daughters; Nannette Morsey of Hobbs, NM, Novella Smith and husband Ricky T, of Hobbs, NM, Juanita Sterling of Hobbs, NM, Brandie Bates and husband John of Ashland, MO, and Carla Lippman, of Sonora, TX. sons include; John Robert Sterling of Hobbs, NM, Justin Sterling of Hobbs, NM, and Billy Wayne Lippman of Sonora, TX; sisters, Sandra Evenson of Deerpark, TX, and Paula Stephenson of Gillette, WY; brothers include Wilber Witherspoon of Stroud, OK, and Phynus Witherspoon of Desota, TX. father of her children John R Sterling of Hobbs NM, mother-in-law, Pauline Taylor of Sonora, TX. 10 grandchildren and 1 great-grandchild.

Lions Roar

L to R: Lion Principle Brandon Duncan, Kelly Mendez-8th grade, Tate Shannon-6th grade, Tyler Hampton-7th grade.

As we get ready for our gala annual auction we would like to thank our donors for their generosity. Without the outpouring of support your Lion Club could not function. Thanks for all the wonderful gifts of goodies and cash donations.

Our weekly meeting once again began with recognition to our Maker and our Nation. Followed by a wonderful meal and equally wonderful guests from the Students of the Week at our Middle

School. Kelly Mendez 8th grade, Tyler Hampton 7th grade, and Tate Shannon 6th grade. (pictured above with Lion Principle Brandon Duncan) All students addressed the club with particular emphasis on the effectiveness of last weeks Sonora Career Day. All the students were impressed with the speakers and their message to the students. This program sponsored by SISD is designed to assist students in formulation their future career goals. These Stu-

dents represented their school with distinction and are a joy to have at our club. It is worthy to note that Middle School Students will assist this Lions Club at our Auction this week Lion Coach David Sine always a club and Sonora favorite, shared with the club the upcoming challenge we face at Ozona. At this writing, we know we were out scored by Ozona but "Sonora never loses". There is no doubt that under Coach Sine direction and Student leadership, we will rebound from the adversity and be a stronger club. Thanks Coach Sine and Staff for the excitement, entertainment and Pride you instill in our admiring citizens

A Big "thank you" is in order to our following Auction supporters and donors: Wanda Neville, Bud & Tommy Whitehead, Bob Brockman, Lion Bob Malone ,Brady Johnson, John Duke Hudson,Lions Drs. Mark & Christy Johnny Creek @ JMC Transport,Dr. Charles Pajeska, Bill Karnes, Mark Hardeman, Martha Wallace, Debra Hobbs, Mallory Rousselot, Carla Garner and Commissioners,Lion Bill Stewart, Justin Mathews, Southwest Texas Electric Coop, Jimmy Cahill, Chacho Cahill & GOD ! Go Broncos, Shop Sonora and may GOD Bless The Bronco Nation !

Trick-or-Treat, With A Twist

More than just the regular ghosts and goblins will be at your door this Halloween!

The National Honor Society (NHS) from Sonora High School will be trick-or-treating on Halloween night, but it isn't candy that they want.

These students will be collecting your unused eyeglasses, hearing aids, and cell phones as a community service project. All items collected will be given to the

Downtown Lions Club, who will send them for refurbishing. Eventually these articles will make their way to those in need, often in third-world countries.

If the hearing aids or the cell phones no longer work, that is okay. The only stipulations are these: glasses must have both frames and lenses, and bag phones cannot be accepted.

So, go ahead—make a run

to the store for candy for the regular trick-or-treaters. But also, look around your home and gather up those eyeglasses, hearing aids, and cell phones...NHS kids will be there soon to collect them!

For more information or to arrange a different time for an NHS member to pick up your items, call the high school at 387-6940 x3300.

Middle School Students of the Week

Tips To Avoid Colds And Flu This Season

(StatePoint) It's cold and flu season again, so it's time for a refresher course on what you can do to keep your family healthy.

Most people know colds are less severe than influenza, but they're often unsure about specific symptoms. For example, the flu is often accompanied by a high fever (between 101 and 104 degrees Fahrenheit), and can cause extreme exhaustion that can last from two to three weeks. A cold usually lasts only a few days.

If you'd like to avoid using up those sick days, here are some tips to help you avoid colds and flu.

Become a Germ-a-phobe

Maybe you don't need to become a full-blown hypochondriac, but a little fastidiousness in areas of public hygiene can go a long way in avoiding illness this season.

Put distance between you and anybody displaying symptoms like coughing or sneezing. Wash your hands thoroughly and often, using an alcohol-based sanitizing gel or wipe if water and soap aren't available. Frequently disinfect high hand-traffic items, such as doorknobs and keyboards.

Be sure to get sufficient rest, exercise and eat right, including plenty of vegetables and fresh fruit. Foods rich in vitamins A, C and E, help maintain a healthy immune system.

Most importantly, get your annual flu shot! This year for the first time, the Centers for Disease Control & Prevention is recommending everyone ages six months and older get the flu shot. However, remember it takes a few weeks after your shot to begin reaping flu-fighting benefits.

Give Your Booster a Boost

While most flu vaccines are 70 to 90 percent effective, ef-

ficacy can be less in the elderly or individuals with immune system problems. Either way, you may also want to consider giving your booster shot a boost.

"A unique, natural compound extracted from Japanese medicinal mushrooms, known as AHCC, can enhance the power of the seasonal flu shot. All you need is one gram per day for immune system maintenance and three grams per day when fighting an infection," says Dr. Lawrence P. Kempf, a New York City internist who recently researched the ability of AHCC to boost the flu vaccine. "AHCC helps increase certain white blood cells, which help the body fight off viruses and infections, and also activates the immune system when the body is under attack."

AHCC can be easily found at health food stores and natural grocery outlets, and can also be purchased online at kinokoAHCC.com.

When You Must, Admit Defeat

If you do contract a cold or flu, the best thing to do is stay home and avoid spreading it to others. Rest and plenty of fluids will help your recovery more than work and stress.

It's also important you take any medications prescribed by your doctor, such as antivirals. Different from antibiotics, antiviral drugs can shorten the time you are sick and prevent serious flu complications.

And if you're under the weather, make sure you sneeze into a tissue or your elbow to avoid spreading germs to others!

For more tips on staying healthy this cold and flu season, visit cdc.gov or ahcc-research.org.

Members of FBC Do Mission Work in Sonora

First Baptist Church of Sonora did an outstanding summer mission work here in our own community, fixing and painting two houses: 102 Rock Ave. and 806 St. Ann's Street.

Caney Creek Chapel Youth, from Sargent, Texas took the house on Rock Ave. along with some of the Sonora youth. They also held a "Back Yard Bible Club" for 3 days in the yard of that house.

The Ruben Yorba family took the house on St. Ann's Street. They built a ramp, did repairs on the house and painted it. It was a great feeling to do mission work here, in our own town, where we can see the work and most importantly see the happy faces of the owner. The pastor of First Baptist Church is Rev. T. Wayne Price. To God be all the glory!

SWING BED...What does that mean?

It is a positive place for you to come at Schleicher County Medical Center to recover and be cared for when you no longer require hospitalization (acute care), but are still in need of additional therapy before going home.

We incorporate skilled nursing with rehabilitation (physical therapy, wound care, IV therapy, etc.) to help you meet the maximum potential prior to leaving SCMC.

Our swing Bed patients receive specialized care and recuperate in a caring, personalized environment.

How do you get here?

After your 3 day stay in the hospital, tell your physician that Schleicher County Medical Center is where you would like to go for SWING BED until you are able to go home.

If you or your doctor has questions...

Please call 325.853.2507 and ask to speak to the Swing Bed Coordinator.

Gordy Day, M.D.

Select Hay For Quality

Submitted By
Pascual Hernandez,
Sutton County Agricultural
Extension Agent

It is important to select hay for quality. Though we don't typically feed much hay in our part of the world, smaller producers and horse owners do make use of it. Factors known to affect hay quality and animal performance include stage of maturity, leafiness, color, odor and condition, and the presence of foreign material in the hay.

Stage of maturity refers to the growth stage of a plant at the time of harvest. For alfalfa hay, stage of maturity can be determined by observing the state of reproductive parts and the texture and woodiness of the stems. Alfalfa cut in the bud stage can be recognized by the size of buds at the tips of the stems and by the absence of purple flower petals. Bud-stage alfalfa is usually very leafy, and stems are relatively fine and pliable. Early-bloom stage alfalfa has some purple flower petals and stems that are larger than bud-stage alfalfa. Alfalfa cut after the full-bloom stage is usually indicated by the large stems, by the presence of seed pods, and by a deficiency of leaves.

Leafiness is critical with legumes and first-cut grass hays (two-thirds of the protein is found in the leaves). As plants mature, stems increase in diameter, lower leaves yellow and are shed, and the relative proportion of leaves decreases. The highest quality hay is that cut in the late-bud to early-bloom stage when plants have a high proportion of leaves. Leaf proportion can vary from 65 to 70 percent in very leafy alfalfa hay to only 10 or 15 percent in stemmy hay.

Color can be an indicator of hay quality. The ideal color is one that most closely

approaches the bright green color of an immature grass or legume crop. This hay was most likely cut at an early, desirable stage of maturity and well and rapidly cured. However, even timely cut hay can lose its bright green color due to the bleaching action of the sun; rain during curing; or fermentation. Sun bleaching reduces hay palatability while rain leaches away a large portion of plant nutrients or causes molding and fermentation. Hay that has a characteristic dark brown or black discolored appearance has been exposed to rain. Brown-colored hay is usually indicative of hay that has either been through a heat and/or fermentation.

Foreign matter comes in two types (non-injurious and injurious). Non-injurious include non-toxic weeds, over-ripe grain hay, grain straw, stubble, chaff, sticks, and other objectionable matter. Weeds are the most common non-injurious foreign matter found in hay. Injurious matter is material that is poisonous or will harm the animal when eaten. These include sand-burs; needlegrasses with needles attached; 3-awn grass, and poisonous plants such as pig weeds.

Off-odors, such as mildew, mustiness or rotten odors, indicate lowered quality and acceptance by livestock. These smells are caused when hay is stored at too high moisture or has been weather damaged. Hay condition is important. Hay should be free from mold and insect and disease damage. It should also be free of dust.

Hay can vary in quality, so spend a little time evaluating before making your purchase.

Economists Keep Watchful Eye On Depreciating U.S. Dollar, Ag Exports

COLLEGE STATION - U.S. agriculture should pay careful attention to the value of the U.S. dollar and foreign currency as potential pitfalls could be looming ahead, threatening domestic exports, according to a Texas AgriLife Extension Service economist.

The U.S. dollar has depreciated approximately 15 percent in the last six months compared to many other currencies, making exports less expensive to foreign buyers and consumers, said Dr. Parr Rosson, AgriLife Extension economist and director of the Center for North American Studies at Texas A&M University.

China and Japan, however, have taken action to lower the value of their currencies, making their products less expensive on the world market and raising the cost of U.S. exports to consumers in both countries.

This action creates more competition for U.S. exports from export competing countries, Rosson said.

"This makes their products less expensive and makes U.S. products more expensive to consumers in China and Japan," he said. "It's feared that the European Union may adopt a similar policy if the euro continues to strengthen. If this occurs, it could result in an all-out trade war."

Tuesday, China announced that it will raise interest rates in order to try and reduce the effects of inflation and avoid the house price bubble experienced by many other countries. The higher rates put upward pressure on China's currency, but the government appears to have intervened in the market to mitigate currency appreciation.

The G-20 Summit, sched-

uled for Oct. 21-23 in South Korea, will try to "identify and prioritize" the most pressing economic issues, one of which is currency manipulation, Rosson said.

"The danger we face is getting into a trade war in which countries retaliate against trading partners who devalue their currencies by implementing higher tariffs or some trade restriction." The U.S. House of Representatives passed a bill to do just that in late September.

Rosson noted this happened during the 1930s. The Smoot-Hawley Tariff, or the Tariff Act of 1930 raised tariffs on 20,000 imports to record levels. It is believed by many economic experts that the Smoot-Hawley Tariff contributed to the severity of the economic crisis of the Great Depression, reducing world trade and raising costs to consumers, thereby lowering standards of living worldwide, Rosson said.

"During that time, other countries responded to high U.S. tariffs by raising their own tariffs, which led to higher consumer prices," he said. "A lot of people maintain that the Great Depression wouldn't have been as severe had this situation not occurred." Higher tariffs and higher consumer prices would lead to a buildup of inventories as a result of not moving goods to export locations, Rosson said. That could further slow the economic recovery in the U.S. and globally.

Even as agricultural prices have increased, U.S. exports have remained strong, Rosson said. This is attributed to the relatively low value of the U.S. dollar, which is currently trading almost even with the Canadian dollar.

"The belief is that China will

retain a low-priced currency to export more," Rosson said. "China is the number two U.S. agricultural export market. Cotton, soybeans and many other products are in high demand there. So, a relatively weak Chinese yuan will limit their ability to purchase U.S. agricultural products."

Rosson said what many would like to see happen is that the government.

"There will be dual impacts if their currency appreciates," Rosson said. "Some analysts indicate that the yuan could appreciate by a minimum of 20 percent and possibly by as much as 40 percent. However, that would be somewhat

disruptive to the Chinese economy in the near term. U.S. exports to China would be boosted over time due to stronger consumer demand and lower cost U.S. products." U.S. agricultural exports remain strong, Rosson said.

"Exports are booming," he said, with agricultural exports running 14 percent above last year. "The U.S. Department of Agriculture chief economist has indicated that we may set another record (for exports). That's certainly good news for U.S. agriculture, but we'll need to watch exchange-rate policies and economic recovery around the world to see whether or not this actually happens."

All of us failed to match our dreams of perfection. So I rate us on the basis of our splendid failure to do the impossible.

like regular mowing and watering of sports fields takes that much commitment. On the contrary, it takes a significant amount of commitment, planning, and execution each week to make sure a high performance football field like Sonora's is properly maintained. Along with being on a custom TMC Turf Program providing regular fertilizer applications as well as year-round weed control, Danny pays special attention to the high traffic areas between the

hashes by "spoon feeding" the football field with small amounts of additional fertilizer throughout the season. TMC is proud to present Danny Hardin the first ever TMC Sports Turf "MVP" Award, recognizing excellence in turfgrass management. We congratulate Danny for his overall dedication and attention to detail in maintaining Sonora's high performance football field - the best in West Texas.

Gov. Rick Perry today announced the capture of Jose H. Morales, a member of the Mexican Mafia, who has been on the Top 10 Most Wanted Fugitive list since April 2010. The governor also announced that Texas Crime Stoppers and the Texas Department of Public Safety (DPS) will be-

Top 10 Most Wanted Man Captured

gin to rank the fugitives on the Texas Top 10 Most Wanted list, and increase rewards incrementally up to \$10,000 for the some of the worst offenders.

"Keeping our growing communities safe and apprehending and punishing individuals who commit crimes in the Lone Star State is essential," Gov. Perry said. "Increasing these rewards based on the offender's rank on the list will encourage Texans, who have information about the most dangerous individuals in our state, to notify authorities and help bring these criminals to justice."

Today the potential reward amount for fugitives on the list is being raised from \$5,000, which was previously increased in April, to now \$10,000 for most cases. April's reward increase has since resulted in the capture of three individuals from the list.

Reward amounts may vary, with some extraordinary cases reaching up to \$50,000.

"The individuals on this list are dangerous criminals who pose a significant threat to public safety," DPS Director Steven McCraw said. "Providing additional incentives to the public to assist in apprehending these individuals will help keep our communities safe by reducing these fugitives' chances of committing additional crimes and ensuring they are appropriately punished."

"The Crime Stoppers program greatly benefits all citizens by removing dangerous felons from our communities," Texas Crime Stoppers Council Executive Director Betty Bosarge said. "The program works because tipsters are guaranteed anonymity and do not have to fear retaliation. So far this year, six fugitives on the Texas Top 10 list have

been apprehended as a result of Crime Stoppers tips."

Local programs receive court fees from convicted felons, which are used to pay rewards.

Any fugitive should be considered armed and dangerous. Anyone with information about the whereabouts of any of these fugitives should call 1-800-252-TIPS (8477). The Crime Stoppers hotline is open 24 hours a day. Callers' anonymity is guaranteed by law.

"He who does not prevent a crime when he can, encourages it."

Bronco Volleyball

The Lady Broncos traveled to San Angelo to face the Hawley Wildcats this past Saturday in our 2nd match-up with them. Hoping to clench the 3rd place spot of District, we went in very determined to win in three games and come home with a playoff berth. But the outcome was not what we hoped and lost to them 3-2. They fought very hard and were a very hard component and in the end, just made less mistakes than we did. Our chances of making the playoffs are still in sight:

We face Colorado City Tuesday 10/26/10 at 7:00pm and if we come out winners, we will still be in the running for playoffs. If we do the "other thing" against Colorado City, we will have to play Hawley for a play-off Saturday 10/30/10 in San Angelo for the 3rd place spot. We are both sitting 1-3. Tuesday is Senior Night so please come and support our Senior's last home game. Thanks for all the support and GO BIG RED
Leandra Castaneda led the team with 18 kills, 2 blocks, 3

digs and 3 assists.
Morgan Smith—10 kills, 2 digs, 5 aces
Serena Allison—2 digs
Ashley Perez—2 digs
Delilah Agüero—2 aces, 1 kill, 2 assists, 1 dig
Sarah Carrillo—1 kill, 3 digs
Evelyn Solis—1 kill, 5 digs
Liz Chavarria—1 ace, 2 kills, 10 assists, 4 digs
Sandra Hernandez—2digs
Taylor Hampton—3 aces, 2 kills
Kylie Love—7 kills, 1 block, 1 dig

Continued from front page: Broncos

the ball into their territory. On third and long, Hudson caught a pass and was tackled about a half yard short of the first down. Once again, Morriss got the first down on a sneak. Three unsuccessful plays later, it was fourth and very long. Morriss scrambled and threw deep for Cross. The pass was just over the Lion defender and Cross hauled in the 37 yard pass. Cross kicked the PAT and the Broncos and Lions were tied again at 21 each with 5:41 left in the third.

Seven plays into the next Lion drive, Cadesman Pope intercepted Lara giving the ball to the Broncos with 2:39 left in the third quarter. A pass to Hudson moved the chains and Garza got the second first down of the drive on a 12-yard run. Badeaux caught a swing pass and ran for 13 yards and another first down at the Lion

28 yard line. Morriss carried 13 yards to the Lion 15 yard line as the third quarter ended. Cross weaved his way to a first and goal at the three yard line. Morriss got the touchdown on a run through the hole opened by the pulling tackle James Bean. Cross kicked the PAT and the Broncos had regained the lead at 28 to 21 with 11:27 left in the game.

Dean illustrated exactly what is meant by the football saying "Speed Kills." On the first play, he got outside on the pitch sweep, and tied the game on one play as he ran 67 yards for the touchdown. Dehoyos' PAT was good with 11:11 left in the game.

Both teams played brutal defense throughout the rest of the fourth quarter. With two minutes left in the game, the Broncos had a fourth and long on their 45 yard line. Parks punted and the Li-

ons started at their 21 yard line. The Bronco defense stopped the first two running plays. Once again the Lions called the throw back screen to Alejandro Mendez. Shane Patlan made the touchdown saving tackle at the Bronco 43 yard line. Dean gained 16 yards on the draw play to the Bronco 27 yard line. The Lions spiked the ball to stop the clock. Dean gained seven yards on the sweep. With the ball on the Bronco 20 yard line, the Lions called time out. After the time out, Dehoyos kicked the longest field goal of his life and the "other thing happened." The game ended with the score: Lions 31 and Broncos 28.

This week the seniors play their last home game against the Harper Longhorns (2-1 in district) at 7:30 PM.

An ordinary man can surround himself with two thousand books and thenceforward have at least one place in the world in which it is possible to be happy.

Freshmen and JV Football

By Jay Immel

The Sonora Bronco Freshmen and JV Football teams combined together to face the Ozona Lion JV team last Thursday at Bronco Stadium. The Broncos scored early and often vs. Ozona. Quarterback Scott Gonzalez got things going on a touchdown run to make the score 8-0. The Broncos scored on the next possession when Gonzalez hit Chance Campbell in the

flat on a screen pass which he took in 34 yards for a Touchdown to make the score 16-0. After halftime Ozona kicked the ball to Will Dutton, who made a great return all the way down to the Ozona 17 yard line. Two plays later Austin Rodriguez scored on a nice touchdown run to make the score 22-0. After a nice stop by the Bronco defense, the Broncos got the ball back

and marched down the field. Ligo Rodriguez made some nice catches on the drive, and Rhett Guerra then ran it in from 5 yards out to make the score 28-0. The Bronco offense would get the ball back one more time, and Darien Lopez ran in a 6 yard touchdown to make the score 34-0. The Freshmen play Thursday at 5:00 at Johnson City, and the JV play at 5:30 in Harper.

Junior High Cross Country

By Morgan Hobbs

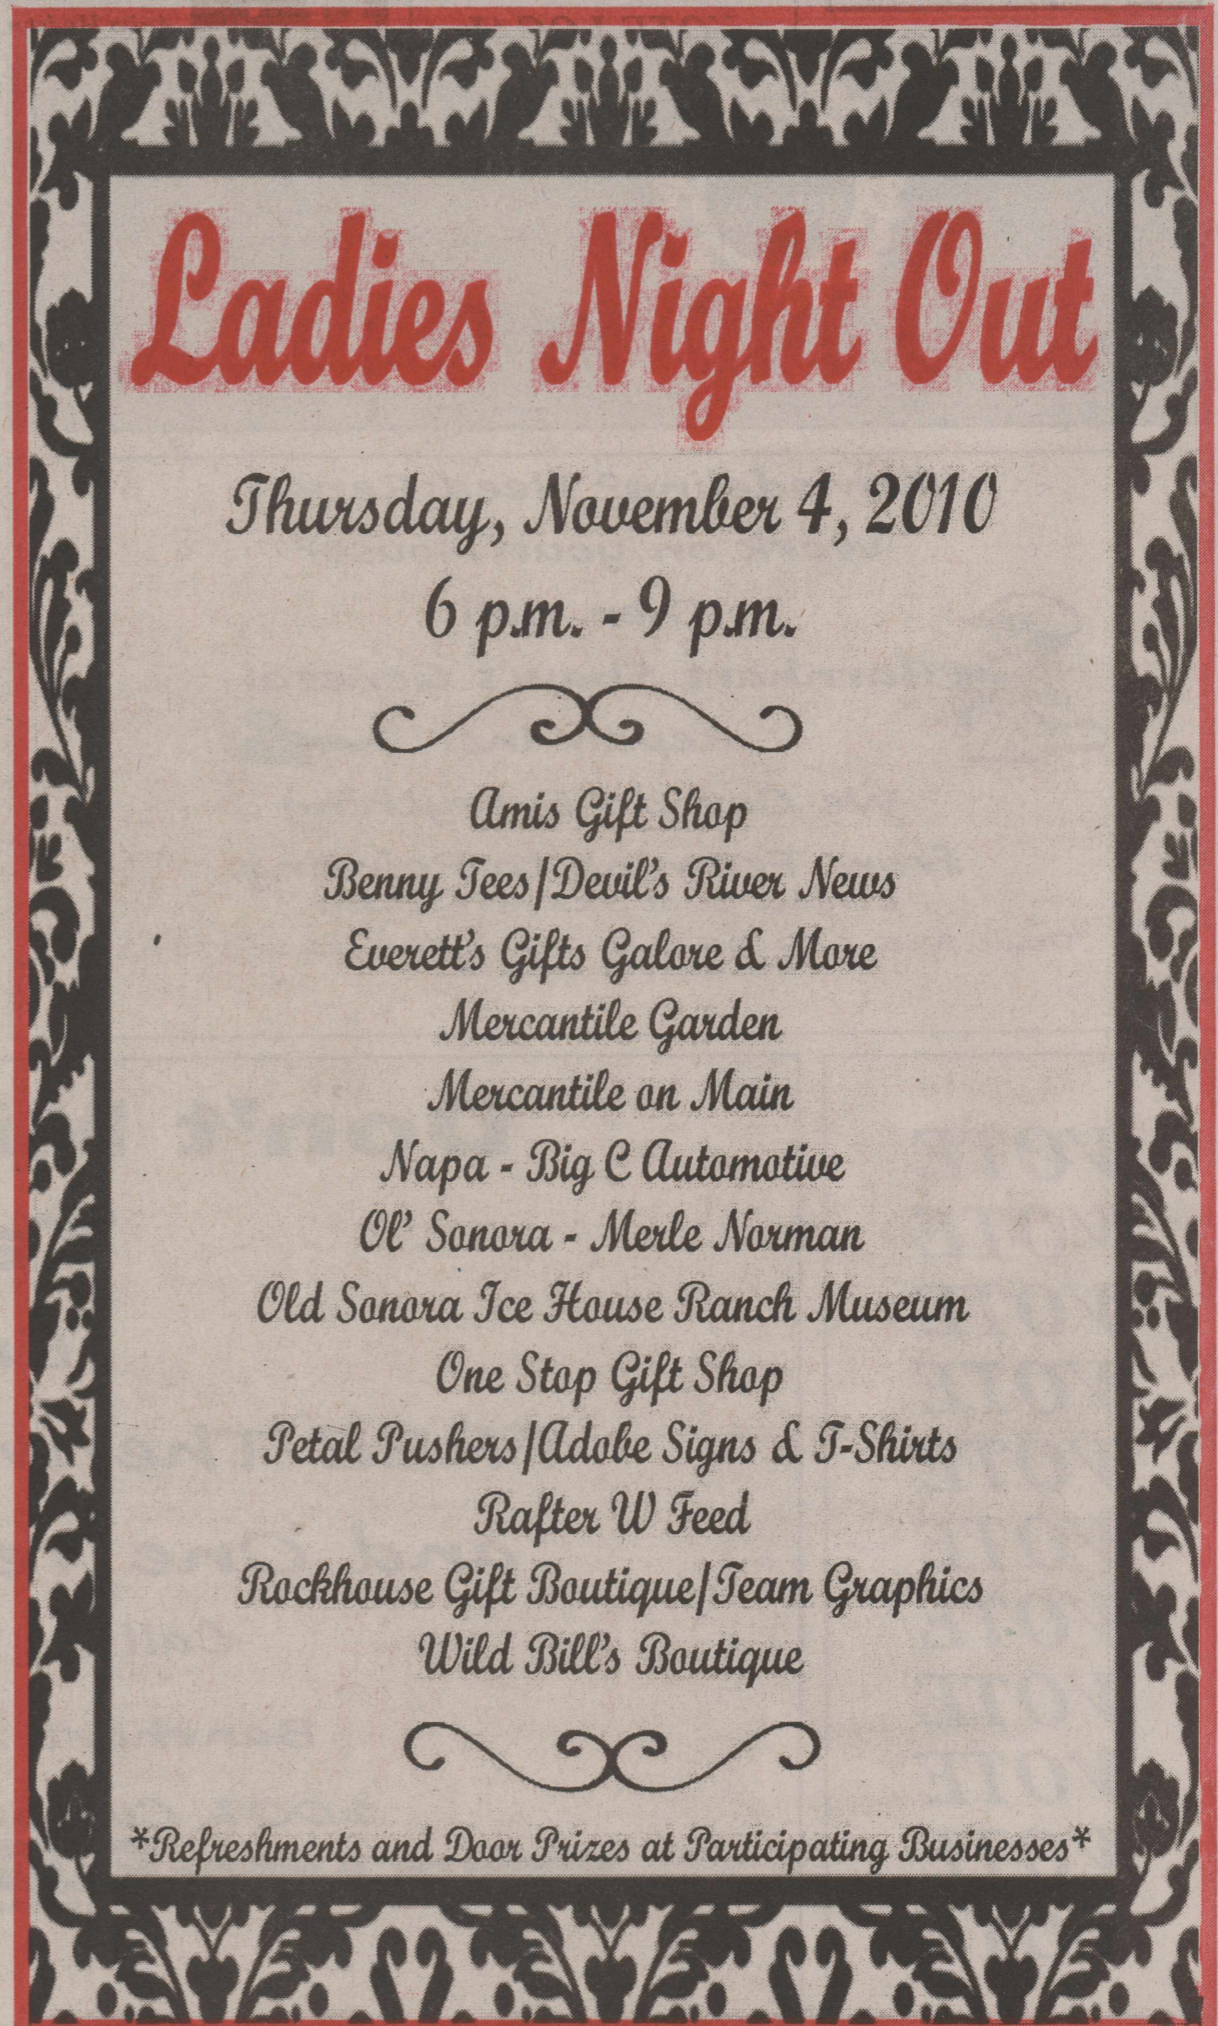

The Junior High Lady Colts competed in their District XC meet this Monday. Both the 7th and 8th grade girls placed 4th overall in the District. The top 10 competitors of each race receive a medal and I am happy to say that Janelle Vasquez, 7th grade, and Abby Nolan, 8th grade, made Sonora proud by bringing home some hardware. Janelle finished 3rd overall against some extremely talented runners from Grape Creek and Ballinger. Her time was a 14:30, 42 seconds faster than her previous fastest time. 1st place time was an impressive 13:57 from GC and 2nd place from Ballinger with a time of 14:10. Janelle seems to be following in her brother Jesus' footsteps in becoming one of Sonora's top runners! Abby Nolan placed 6th among a group of 8th graders in the District that are going to make for GREAT varsity runners next year. She ran her best time of 14:39, a 9 second improvement from her previous best. I was very proud of her effort since she had to take it easy for about a week due to injury. 1st placed a crazy good time of

13:36. Abby was only a quick 14 seconds behind 3rd place. This group of girls was a fun group to work with this season. I am very proud of their effort and willingness to compete in a sport that is known not to be the most enjoyable! Cross Country athletes are of a different breed, they have to be willing to push their body to uncomfortable limits each day to compete for a sport that doesn't receive as much glory as the others. But that is what makes them so special! These girls ran their hearts out all season and it made me kinda proud in a way to see that they were not pleased with their results at District. I know that next year they will be ready to go even harder and work to be one of the top District finishers!

- DISTRICT PLACES
8TH GRADE
Abby Nolan - 6th
Valeria Ramirez - 20th
**Miranda Perez - 30th
Mia Smith - 31st
**Logan Sine - 32nd
**Abigail Garcia - 34th
Madison Wolfe - 51st
Alexa Sykes - 52nd

- 7TH GRADE
Janelle Vasquez - 3rd
Briana Palacios - 18th
Tyler Hampton - 18th
Elizabeth Bean - 22nd
**Bj Jarrett - 24th
Sky Meguffin - 28th
Mckenzie Murphy - 29th
Lisa Garza - 41st
Cip Tobias - 44th
Dionne Hinojosa - 55th
Alyssa Zamora - 60th

** These girls were not on the XC team this season, but when I asked if they would like to come run at District to help put less points on the board, they all agreed. Each girl did her part and placed in the top 5, which are the only runners that are scored. They add up the girls places to get a total score. The school with the least amount of points is declared the winner. These 3 girls helped the team out by putting fewer points on the board...which is AMAZING seeing how they have not been practicing with us. Hopefully next year they will start with us from the beginning

Continued from Front Page: Hospital Grand Opening

Photo Courtesy of Clements and Assoc.

A patient utilizes the new digital mammography machine at Lillian M. Hudspeth.

Angelo for those procedures. We have a 4 bed space for speciality clinics. Right now we have a cardiologist, two nephrologists, a neuro-surgeon physician, and we are looking at hopefully getting an orthopedist and a optomologist to come down here during the week.

The imaging space includes digital mammography, ultrasound and stress lab, and our new MRI. The digital Mammography is new technology, and that's going to be a great service. Our MRI is the biggest and best magnet in the state if not in the whole country. It's generations above anybody else. You can do just about anything on it, including breast imaging."

Butler also commented that while this project was completed, the hospital is continuing its progressive view towards the future.

"This building was engineered to handle a new wing (another 12 beds). We are going to do a feasibility study probably by the end of the year is to build senior living and assisted living."

Janalyn Jones

"I'm willing to do what it takes for Sutton County"

Rocky and I, along with our two daughters, moved to Sutton County in 1985. Until July of this year, we owned and operated Rocky Jones Windmill and Pump Service. Since selling the business, we are now involved in a small livestock operation consisting of cattle and goats.

I have been an employee of Sutton County since 1995. When Joyce Chalk, your treasurer for over twenty-six years, advertised a part-time position in her office, I applied and was hired for \$7.00 per hour. After her retirement, I was hired by the Sutton County Commissioner's Court to complete her term of office. In consideration of my education, a BBA in accounting from Angelo State University, and the ten months training I completed with Joyce Chalk, I believe the court hired the person most qualified and experienced. Now, I ask you, voters of Sutton County, to "hire" me again.

It has been my honor and privilege to serve as your treasurer since January, 2009. I sincerely hope that you will support me with your vote in the general election, and I pledge to continue my best efforts in performing the duties and responsibilities as Sutton County Treasurer.
