Sid Anderson heads up-field as Hunter Hughes clears the way.

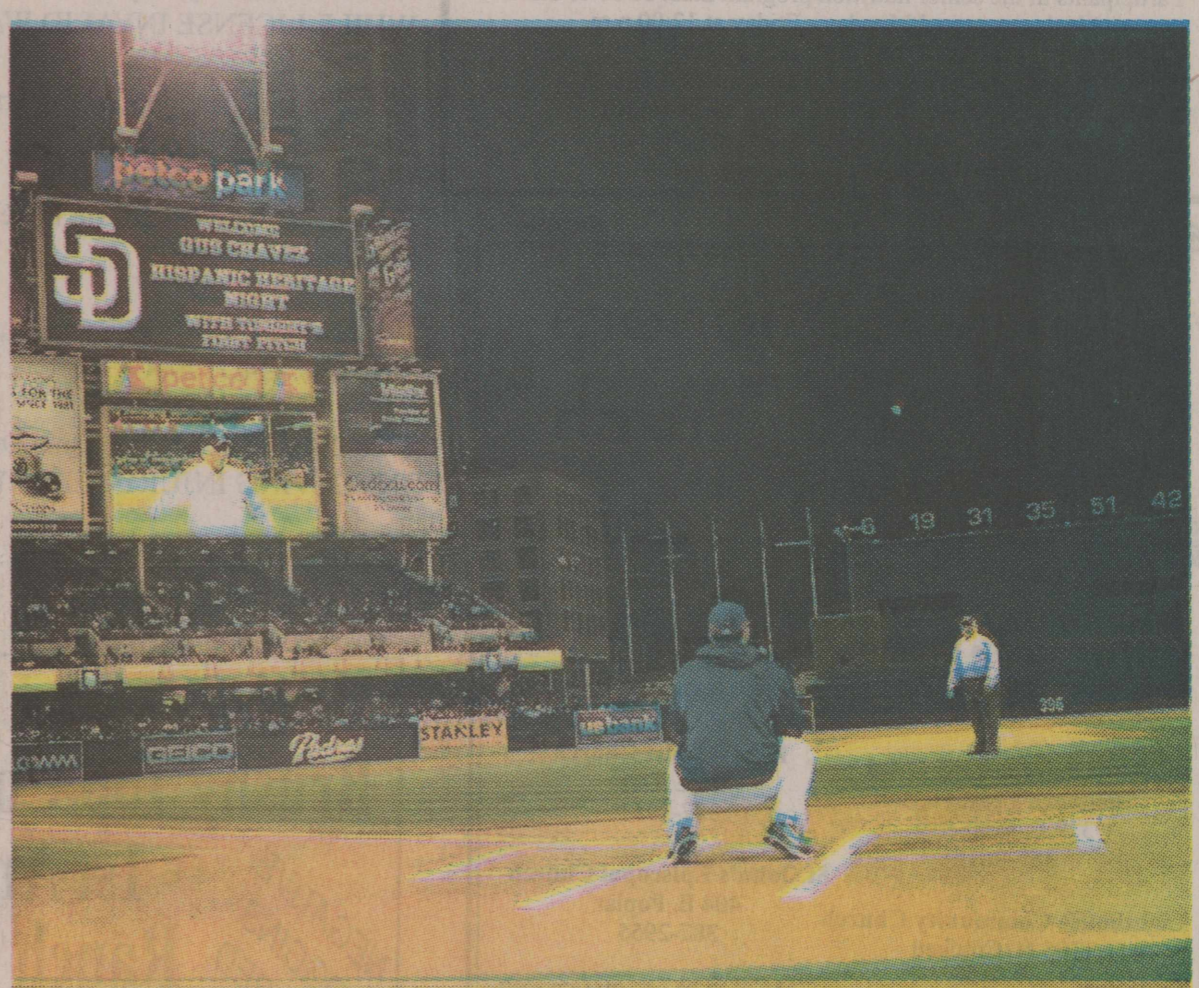

By Ray Glasscock

The Sonora Broncos had no trouble dispatching the District 12-1A Harper Longhorns at this year's Homecoming game. The field was soft from the rain and the sidelines were muddy, but the Broncos held onto the ball and put the game away for good in the third quarter for a final 35-7 score. WR/DB Gabe Rollert got the early interception when he picked off the Harper quarterback's first pass attempt on their initial drive. This set up a touchdown with runs by Elijah Cross and Sid Anderson in addition to receptions by Ricky Martinez and Jonathan Martinez. Rollert kept the ball for an eleven-yard touchdown. Ricky Martinez kicked the point after to give the Broncos a 7 to 0 lead. The Bronco defense stopped the Longhorns giving the offense the ball. The Broncos went to work moving the ball down the field with a pass to Gabe Rollert and rushes by Cross and Anderson. The drive stalled when the offense couldn't overcome a penalty. Martinez's field goal attempt missed wide right. Harper finally got a first down but then had to punt. The Longhorns got the ball back

when Martinez slipped in the end zone, and a Longhorn defender picked the ball off at the five-yard line and ran it back to the 50. The Harper running back fumbled the ball. Defensive Tackle Ethan Patlan picked up the ball and rumbled to the ten yard line. The ball came back to the 25 after an Unsportsmanlike penalty (the Broncos had 60 yards of penalties in the first half). Anderson got the second Bronco touchdown for the first half on a five-yard run. The score at the half was 14 to 0 in favor of the Broncos. The Broncos scored three more touchdowns in the third quarter. Michael Rollert, Cross, and Scott Martinez moved the ball down the field as the offensive line opened big holes for the runners. Rollert got the third touchdown on a nineteen-yard run. The fourth touchdown came after Cross stripped the ball from the Harper running back. Cross got the touchdown as he scored untouched from the four-yard line. Harper fumbled again on their next possession. Coach Phillips gave the majority of his

## Ex-Bronco Throws First Pitch

Top Picture: Augustine "Gus" Chavez throws in the opening pitch for the Padres and Dodgers. Above: Augustine's picture as a new navy volunteer.

By Angie Bryant

Take me out to the ball game take me out to the crowd..... That's just what our very own Augustine "Gus" Chavez did Friday night. In celebration of Historic Heritage Night Gus has the honor of throwing out the ceremonial first pitch at the Padres vs. Dodgers game held Friday in San Diego, California. Mr. Chavez graduated from Sonora High School on a Thursday in May of 1962. I asked Mr. Chavez how he received the honor and his response was "former students of his from San Diego University were close to the Padre organization nominated him." After graduation on Thursday, the following Tuesday he was in San Di-

ago for Navy Boot Camp as a Hospital Corpsman. He was stationed at the largest military hospital known as Balbo Hospital. After 4 years and 2 months of the military life he went on to pursue his college career. In 1969 Mr. Chavez attended San Diego University majoring in political science. In 1974 he accepted the job as Director of Office of Education Opportunity & Ethnic Affairs. The duty of this job was to reach out to students and low income communities to be able to attend the University. During this time Mr. Chavez has been very busy with community work with many local organizations there in San Diego including the Barrio Station, he

was a founder, a youth center that offers academic tutoring, a full gymnasium and much more it has been open for over 40 years. Chicano Federation, also a founder, this is where children are cared for, council senior citizen's feed the hungry, and protect the vulnerable. Chicano Federation creates and promotes empowering opportunities for their community, MAAC Project, founder of a place where local families in need could find the means to self-sufficiency, and also the Co-founder of Defend the Honor Campaign which is set up to help focus the involvement of Mexican/American veterans of WWII. He has served in a number of professional and community organizations, including the Movimiento Estudiantil Chicano de Aztlan (MEChA), MEC hA Central de San Diego County, the Brown Berets of San Diego, and the American G.I. Forum, to name a few. He has received numerous awards, including the Outstanding MEChA Faculty/Staff Award, California Educational Opportunity Program Directors Service Award, and the Cesar E. Chavez Social Justice Service Award. Augustine "Gus" Chavez is now retired after leading a full busy life. California now has the honor to be his home but this young man is one of our own originally from Sonora, TX. His mother, Juanita Chavez, brother Tive Chavez owner of TC Barber Shop and nephew Sonny Chavez still call Sonora home. I asked what he was doing now since retiring his response was "I still serve on a few of the boards and do a few projects now and then, but nothing like i used to". He likes to spend time with his wife, 4 kids and 3 grand kids there in California.

## Let It Rain

Sonora welcomed some much needed rain this past Friday.

## Main Street Traffic

Thanks to all our friends who came out to Sonora's Premier Wine Tasting to help make Sonora's Toast to Texas Wines a Great Success. As you well know to make this happen we had to have a lot of folks involved in all areas of our effort. I would like to Thank our Ventners :Val Verde Winery (Del Rio), Wedding Oak Winery (San Saba), West Cave Cellars (Round Mountain) and William Chris Vineyards (Hye) for introducing their Great Texas Wines. High Cross Vineyards our grower for providing the fruit of harvest. Also, all the Volunteers who's help was very important to our success. The Main Street board for all their hard work. Adding to the list is our Main Street Merchants, Texas Cheese House (Lorena Tx.) Mathews Game Processing, Alamo Pecan (San Saba), Ben and Lizzie for the Music, Sonora Bank for the use of the Old Bank Building, Lizzie Chavez or the use of The Sonora Academy of Arts building and Cellar Rat Wine Tours (Fredericksburg) for adding additional support. Our artist: Delyse Jaeger, Mary Buchholz, Carolyn Whitworth (Ft. Clark Springs),Kellie Martin and Joe Brown for all they contributed. We would like to congratulate the winners of the door prizes Lee Bloodworth, Anna Hickman, Leigh Ann, David Andres, Jennifer Gartman, Sarah VanShoubrouck, Leticia Galindo, & Katherine McReynolds. Last but certainly not least, Mallory Rousselot Alicia Lowe and Erika Campbell for All their hard work. I can assure you that without these two ladies , none of this would have happened. Again Thanks to all who supported our effort. Friends of Historic Sonora Main Street.

## The 7on7 Program to Honor Donors During Ozona Game

On Friday night 27 September the Executive Committee of the Bronco Nation 7on7 and our student athletes will honor our donors during halftime of the Ozona game. The Bronco Nation 7on7 program hosted players and visitors from 8 Cities on numerous occasions throughout the summer. Sonora hosted a Texas State Qualifying Tournament for the third consecutive year and sent a team to the State Tournament in July. Our boys defeated three ranked 3AAA teams including Carthage #1 in Texas and won their pool qualifying for the Championship bracket. The event will include the first 2014 donation to the 7on7 program by the Sonora Lions under the Presidency of Mr. James Hartman. Sonora claims "The Center of Excellence for 7on7" title in west Texas with the continued support of our generous donors and this great community.

## The Wellness Ministry

Life is about balance. How we balance family, work, church, varied obligations and sleep can determine our quality of life. Too much focus on one leaves another area lacking, and ultimately, leads us to feel imbalanced and stressed. We must exercise the same balance in our food choices. Our bodies need a variety of high quality foods to function at an optimal level.

Strive for a 40-30-30 approach: 40% carbohydrate (mostly vegetables and fruits)- 30% fat (olive oil, nuts, high quality butter, coconut oil)- 30% protein (meat, poultry, fish,eggs). This balance will help us get the right nutrients to our bodies. Start making the connection between quality food and quality health.  
 I will live a balanced life because God's word states that if we are not well balanced we open a door for Satan to come in and devour us. - 1 Peter 5:8  
 Chelsea Blackbird is in nutrition school studying to be a nutritional therapist.

# "Make Sure it's to Your Advantage!" Sutton County Hospital District

**Robert A. Pascasio, FACHE**  
**CEO/Administrator**  
**Sutton County Hospital District**  
**Lillian M. Hudspeth Memorial Hospital**

Back in November of 2006, the "new" Medicare Advantage program rolled out. Most of us rural healthcare providers; especially those of us at "Critical Access Hospitals," like Hudspeth Memorial, were a bit more than concerned about the potential impact. Well, here we are some seven years later and not much has changed with the program, at least not from the provider's perspective. Since the Physicians and staff of Hudspeth Memorial Hospital and the Sonora Medical Clinic know how important access to quality health care is to everyone; especially those on Medicare, we want to keep our community informed about our participation with the Medicare Program. As of this point in time Hudspeth Memorial Hospital and the providers at the Sonora Medical Clinic continue to participate in the traditional Medicare Program only.

Beginning later this Fall the commercial insurance companies who offer "Medicare Advantage" plans as an alternative to the traditional Medicare coverage will begin enrollment for 2014. Hudspeth Memorial Hospital and the Sonora Medical Clinic have decided not to participate as a provider in any "Medicare Advantage" plans. Our decision is primarily based upon the fact that to this point in time no insurance companies have offered us an agreement that would not undermine our Critical Access Hospital status, which is so critically important in keeping our hospital viable. While some Advantage plans offer an "out-of-network" option, Hudspeth Memorial may not be a provider for these plans. The fact is, if you choose a "Medicare Advantage" plan you may not be able to select Hudspeth Memorial for your health care needs.

Furthermore, if you choose a "Medicare Advantage" plan you may be stuck with that plan and not be able to go back to traditional Medicare for a year. We strongly recommend that when considering such a plan; and we understand they can be very enticing, that you become fully informed about where you will be able to access healthcare services. Will you still be able to visit the local drugstore for your prescriptions, can you still have your tests run here in Sonora or will you have to drive several hours roundtrip? And; probably most important, will you still be able to see your favorite local physician or provider here in Sonora. Traditional coverage under the Medicare Program has provided access to quality health care for millions of older Americans. It's a program we can rely on with dependable rules and procedures that people over age 65 can trust.

I hope we can continue to count on the broad-based community support we've enjoyed for so many years as we address this dilemma, while we endeavor to continue to be your provider of choice in a rapidly changing market.

**Board of Directors - September 16, 2013 Budget Hearing & Regular Meeting Report September 22, 2013**

The Board of Directors held two meetings the evening of Monday September 16th; the FY 2014 Budget Hearing, followed by their regular monthly meeting

Chair Preston Faris convened the Budget Hearing promptly at 6:00 pm, and after a short invocation, inquired of those present if there was any public comment regarding the proposed budget for FY 2014. Upon hearing none, Mr. Faris called on CEO Bob Pascasio to present the proposed budget for FY 2014. Pascasio proceeded to share that he had followed the budget model used at SCHD in the past, for the sake of familiarity and simplicity, advising that next year he'd move to a different model. He continued that "we involved the organization's department directors in this year's budget development, and they were all highly cooperative and supportive." He then laid out the proposed budget, hitting the high points; most notably that he is forecasting a slight drop in utilization for the coming year. Several questions were asked by the Board members, including regarding the proposed increases in expenses, to which Pascasio responded that most were based on minimal increases in compensation for the organization's staff. Upon the conclusion of the discussion, Mr. Faris called

for a vote, and the proposed FY 2014 Operating and Capital Budgets were adopted.

At the conclusion of the Budget Hearing the Board moved immediately into its regular monthly meeting.

The regular meeting began with a discussion with Bobby Zesch of Zesch & Pickett Insurance regarding the organization's employee health insurance plan. Mr. Zesch discussed the various options available to the organization, including the rising cost, and that some insurance companies wouldn't provide quotes. He also covered the coming impact of the Affordable Care Act on small businesses like Sutton County Hospital District, and the activities his firm would engage in to insure SCHD was operating within the provisions of the law. Upon the conclusion of his presentation the Board elected to continue the existing plan, absorbing the approximate 6% increase in costs.

After Mr. Zesch's presentation, and as it was a full agenda, Chair Faris attended to the "consent items," with reports from Mickey Schaefer, CFO, on the minutes of the previous meeting and financials, and then moved the meeting into executive session to receive the Medical Staff report from Dr. Mark Edwards. Upon returning to open session, Chair Faris called for and received approval of the Medical Staff and Nursing Services Committee reports.

The Board then discussed proposals for engaging external advisors and consultants for a Strategic Planning project, as well as for a Marketing Agency. After discussion the Board ultimately decided to delay a decision on the strategic planning project until the October meeting, and, requested staff to arrange for the marketing agencies to make individual presentations for further consideration.

The Board then considered the Tax Rate for FY 2014. With the Budget for FY 2014 having been adopted earlier, Pascasio shared with the Board a range of rates and the total income those rates would generate for the District. Pascasio advised that "we're having one of those years; our total taxable values dropped by over \$100 million this year." The drop in values did result in the District's effective rate; the amount necessary to generate the same income for the District, increasing Pascasio shared. "So, some folks will see an increase, while others will see a decrease; it's just the way the market works," Pascasio concluded, if the District adopts the effective rate. After a short discussion, the Board voted to accept the effective rate as identified by the Sutton County Appraisal District, as the SCHD tax rate for FY 2014.

The Board then considered and adopted several organization policy statements to address operational issues, including a new Employee Travel reimbursement and a revised Employment References statement. After which, there being no further business, the Board concluded its meeting.

# Wounded Warrior Benefit Says Thank You

We would like to thank all the supporters of our 2013 Benefit Team Roping for the Wounded Warrior on September 14 at the Sutton County Arena. It was a huge success, and we could not have done it without you. Whether you donated money, time, services or auction items or just came out and enjoyed the day with us, we appreciate you all so much. Our speak Norbie Lara was overwhelmed with Sonora's hospitality and generosity, as well as the surrounding communities. If we missed anyone in our "Proud Supporters" list, we apologize. Thanks again for a successful event.

## Protect Pets from Fleas

By Pascual Hernandez,  
Sutton County Agricultural  
Extension Agent

You may have tried to control fleas in your pet's areas and had a hard time of it. That's because during their life cycle fleas pass through four stages—egg, larva, pupa and adult. So it's important to know a little about each stage of development.

Adult fleas need a host and consume more blood than needed. Much of this blood is excreted as partially digested feces. Flea feces are a fine, reddish-black dust seen in pet fur and bedding. Larvae feed on adult excrement.

Fleas do not survive well outdoors in hot, sunny lawns. Relative humidity less than 50 percent or soil temperature higher than 95 degrees F kills flea larvae. Moist, shaded spots near pet resting areas are the places to find fleas. Indoors, flea larvae are usually found under furniture and in pet bedding. The pupa is the transition stage between the larva and adult

The pupa forms inside a cocoon spun by the larva. After a couple of weeks, the pupa becomes an adult. The adult may remain in the cocoon for up to 5 months until stimulated by a passing animal. That's why vacant homes can "come alive" with such fleas when new inhabitants move in.

An integrated flea control program includes good sanitation and treatment of the pet and environment. You can eliminate fleas from your home with proper treatment, but it may take time, especially if the infestation is heavy. Change pet bedding regularly and vacuum thoroughly. Vacuuming removes up to 30 percent of the larvae and up to 60 percent of flea eggs from a carpet

Insect growth regulators, or IGRs, are a safe preventative treatment for fleas. These products work by disrupting the normal development of flea eggs and larvae. When exposed to IGRs, adult fleas are unable to reproduce; eggs fail to hatch and larvae die before they complete their development. Because most IGRs kill only eggs and larvae, they do not eliminate adult fleas quickly. For this reason, they are usually mixed with a mild insecticide.

Insect growth regulators are available as sprays, spot-ons, pills or food additives. One product designed for internal use has an active ingredient called lufenuron, and can be given as a pill (for dogs), food additive (for cats), or injection (for cats). These products are available only through veterinarians. They are very effective, particularly for indoor pets.

Two other insect growth regulators for topical use are methoprene and pyriproxyfen. Methoprene is sold under several trade names and are available at pet stores as dips, pet sprays, spot-ons and flea collars. Control requires 4 to 6 weeks.

For severe flea problems, select a product that kills adult fleas, such as imidacloprid or fipronil. Both products have low toxicity to mammals. These can provide 1 to 3 month protection from fleas. For more information, visit your veterinarian or contact the Texas A&M AgriLife Extension Service.

### Broncos Win Homecoming Game: Continued from Front Page

starter the rest of the night off. Andres Acevedo passed complete to Bryan Garcia. Garcia then took the option pitch from Acevedo and raced around the left side into the end zone. The Broncos completed the scoring for the night two-thirds of the way through the third quarter. The final score was 35-7. The Broncos rushed for 304 yards on 50 carries for a 6.08 average yards per carry. Cross led all rushers with 87 yards on 13 carries, followed by Michael Rollert with 82 yards on 13 runs, and Anderson gained 57 yards on 11 touches. Michael Rollert completed six on 14 attempts for 54 yards. Ricky Martinez caught three passes and 29 yards.

Gabe Rollert had two receptions for 22 yards. Jonathan Martinez and Anderson caught one pass each. Twenty-three Broncos had tackles in this game. Jonathan Gutierrez led all tacklers with nine. Cody Barber and Anderson were second with eight tackles each. Ricky Martinez continued his perfect streak of point after touchdown kicks.

This Friday night, the Broncos play host to the 2-2 Ozona Lions. This is the last non-district game prior to the trek to Alpine on October 11th. Congratulations also go out to the 7th and 8th grade Colts. Both teams won their games versus the Longhorns.

## Lions Roar

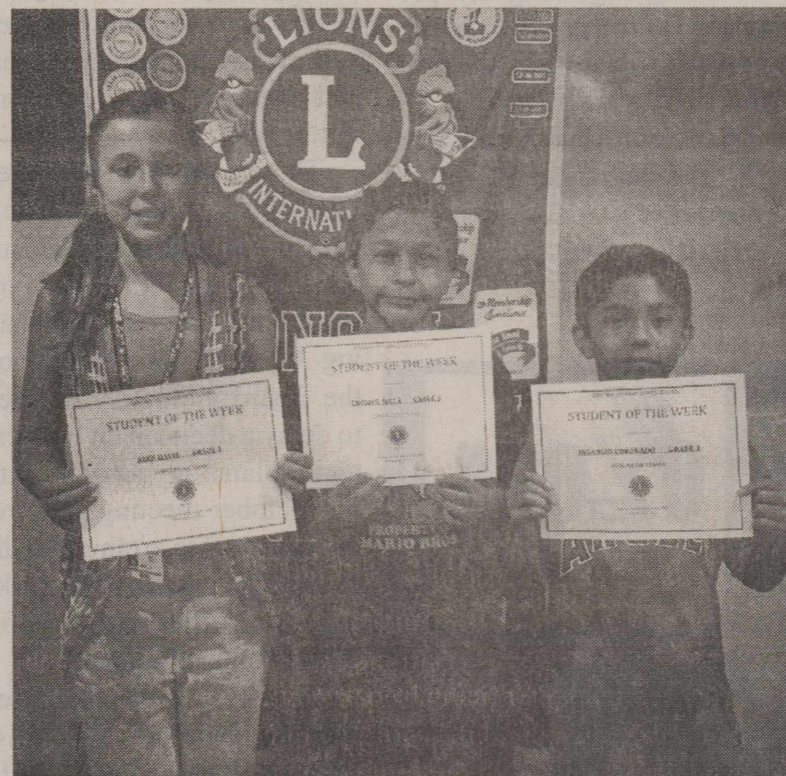

submitted by Wanda Shurley

Stacy Fisher was the guest speaker at the September 17, 2013 weekly Sonora Downtown Lions Club meeting. Mrs. Fisher shared the process she went through to open her new business "Sew Addicted", located on Main Street next to State Farm. She also explained what her business has to offer the public, and after a very informative presentation she also answered questions. During her presentation she informed us that one of the chairs was marked for a door prize, which was a Sonora t-shirt. Lion Carl Teaff won the shirt. Many thanks to Stacy for the time she shared with us.

Also joining the Lions Club were Mr. Leamon, Intermediate school principal, and the Intermediate School Students of the week for grades 3rd, 4th and 5th. President James Hartman awarded Student of the Week Certificates to Enrique Mata representing the 5th grade, Kodi Davis representing the 4th grade and Ingancio Coronado representing the 3rd grade.

The weekly Lions club meetings are open to the public, so please come join us every Tuesday at noon at the Methodist Church, for a delicious lunch and learn how you can help us serve our wonderful community!

## Experimental Pronghorn Season Set to Open Saturday

AUSTIN — A new experimental hunting season in parts of the Texas Panhandle Sept. 28-Oct. 6 will allow landowners to control harvest of buck pronghorn on their properties. The experimental season will be in herd units 8, 17, and 25, which include portions of Dallam, Hartley, Sherman, Moore, Roberts, and Gray counties.

Under prior statewide regulations, Texas Parks and Wildlife Department determined the pronghorn harvest quota and issued permits directly to landowners. With the new pronghorn rules, landowners or their agents within selected pronghorn management units in the northeast and northwest Panhandle will determine the harvest quota and control buck pronghorn harvest on their property during the three-year pilot project. Hunters are reminded they must receive landowner permission to access their property.

The goal of the project is to simplify pronghorn hunting regulations and increase hunting opportunities in areas with stable populations. Wildlife officials will closely monitor pronghorn herds during the pilot project to ensure populations remain healthy.

Hunters are required to present the intact, unfrozen head of harvested pronghorn at a mandatory check station within 24 hours of harvest, so TPWD wildlife staff can collect essential biological information from the harvested animal. These data will be analyzed annually to make sure populations remain healthy.

## F.Y.I
