

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

LITTERA SCRIPTA MANET—THE WRITTEN WORD ENDURES MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, DECEMBER 16, 1937

VOLUME 15 NUMBER 47

R. L. BROWN TO HEAD C. OF C. ANOTHER YEAR

Post Card Shower Is Sent Jess Osborn At Hospital.

On report of the Nominating committee of the Chamber of Commerce at its regular meeting R. L. Brown was unanimously re-elected president of that civic body for the coming fiscal year. Jess Osborn was named vice-president and Judge M. G. Miller secretary. Each of these men have been very active in work of the organization during the past year and are unanimously considered highly competent for the future responsibilities of their respective offices.

R. L. Brown, who last year served very efficiently as president of the commercial body, is generally considered one of Muleshoe's most loyal citizens toward all civic activities. He has been an untiring worker in behalf of a greater Muleshoe and Bailey county, sparing neither time nor effort in every means and measure arising and calculated for the betterment of this section. He has the confidence of his fellow citizens and even greater accomplishments in the future are being predicted under his direction.

Rev. Jim Sharp and Curtis Taylor reported all requirements for the Santa Claus treat next Saturday had been met, the fruit, nuts and candy ordered, money to pay for it and other necessary details for the gala occasion had been duly arranged.

Rev. Sharp and C. V. Steed, Clovis, N. M., were unanimously admitted to membership in the organization, both delivering appropriate speeches of elicitation and commendation for the accomplishments of that body.

On due motion, it was unanimously voted that a post card shower should be given Jess Osborn, who is undergoing treatment at a Temple sanitarium. Mr. Osborn has been one of the most loyal members of the Chamber, and it is sincerely hoped by his fellow citizens he will soon be able to return here.

20,000 UNDERPRIVILEGED WILL GET TOYS IN XMAS STOCKINGS

Toys made by WPA workers will brighten this Christmas season for at least 20,000 underprivileged Texas youngsters.

Manufactured in municipally-sponsored work shops or made from scrap materials in WPA sewing rooms, thousands of brightly-colored playthings are being stored in surplus commodity warehouses, to be delivered at Christmas time through the regular channels employed in distributing food and clothing to dependent families.

WPA officials estimate that 40,550 toys will be ready for distribution by Christmas morning. Into these articles has gone the handicraft of 8,500 workers, most of whom utilized spare-time moments for the work.

CLAIM LOW COTTON GRADING

Persistent rumors throughout the South that cotton is being undergraded came to a head in Washington when Chairman Smith of the Senate Agriculture committee submitted a report to Congress wherein farmers claimed suffering from heavy losses from undergrading of cotton.

Ten thousand dollars was voted to make an investigation of the charges, which it is claimed will represent a loss of from \$2.00 to \$3.50 per bale.

Because considerable loss occurred to the government in previous cotton handling, it is claimed from some sources that graders are grading cotton low so as to protect themselves from acceptance by the Cotton Commodity corporation.

FARM COOPERATORS MUST USE GOOD JUDGEMENT IN HANDLING CROPS OF CONSERVATION; PAYMENT DEPENDS

Farm operators of Bailey County who participated in the 1937 Agricultural Conservation program and who left such crops as sorghum, millet and Sudan grass on the land to meet terms of compliance are permitted to turn these crops under at such time as they consider it convenient and advisable, provided such treatment does not subject the land to greater danger from the standpoint of wind erosion.

Announcement of this special ruling was received recently by Bailey County culture office as a result of recommendations made early in the fall by the county committee to the State committee. Original regulations did not specify the length of time such crops should remain standing to fulfill

Cliff Day, Plainview Heads St. Aggi Ass'n For The Coming Year

Cliff Day, Plainview farmer and well known in this county, was named president of the Texas Agricultural association at its annual meeting held at Fort Worth last week. Wm. G. Kennedy Bailey county, was re-elected director from this section.

Delegates attending the meeting went down the line for a government compulsory crop production control instructing its officials and delegates to the national meeting to vote for measures calculated to reduce the nation's food surpluses.

Day, who succeeds H. G. Lucas, Brownwood, as president, was former vice-president and was unanimously elevated. About 1,600 delegates from various parts of the state attended. Platform recommendations made by the association was as follows:

1. Farm crop parity payments, particularly on cotton both for domestic and foreign markets, to offset the present tariff restrictions.
2. Unqualified opposition to the domestic allotment plan of State Agriculture Commissioner McDonald.
3. Compulsory crop production control as a step toward maintaining farm products prices at the proper level.

4. That consideration be given to soil type, farm facilities and topography in base acreage allotments under any control plan.

5. That Congress be reminded of its promise to place farm legislation ahead of political measures.

Methodists To Send Car Load Of Feed To Waco Orphans Home

Plans are on foot, under direction of Jim H. Sharp pastor, for members and friends of the Methodist church to send a full carload of feed to the Methodist Orphans Home at Waco, Tex. The carload will include such items as corn, kafir grain and bundles—in fact, feed of any kind will be acceptable for the shipment.

Farmers who have such grain should get in touch with Rev. Sharp or some of the church officials, let them know of their donation and desire to participate in this worthy cause. It is desired to have the shipment ready to leave for the Home about January 1.

There are in the home now about 400 boys and girls. The home has a big herd of dairy cows and large poultry flock, and the feed will be used for these animals and birds, which in turn supply needed food to the inmates, teachers and other employees.

During the life of this institution more than 3,000 boys and girls have been cared for, and it is a fact worthy of note that without a single exception every boy and girl who has gone forth from this home has made a record of clean manhood and womanhood which speaks volumes in behalf of the institution.

It is understood the Santa Fe railroad will cooperate with the church in granting a special low freight rate for transportation of the feed shipment.

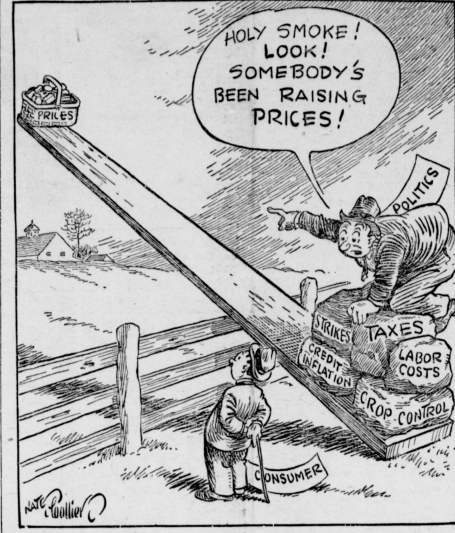

29,000 Bales Cotton Ginned In Bailey Co. Total May Be 32,000

There have been ginned about 29,000 bales of cotton in Bailey county up to December 13, according to report, and it is now conceded the total crop for this county will run between 30,000 and 32,000 bales for the year. This is by far the largest crop of the fleecy staple ever raised in this county during any one year.

There was a total of 5,542 bales ginned in Muleshoe up to Wednesday afternoon.

The Daily Times is a new paper now being published in Amarillo by T. E. Johnson, former editor of the News.

YOU SAID IT, BIG BOY!

BAILEY COUNTY 4-H CLUB GIRLS SHOW REMARKABLE RECORD WHEN ANNUAL MEET HELD, PINS GIVEN

Seventy-four Bailey County 4-H club girls have completed their goals and received pins. It is no easy task for a girl to finish her work. The goals are:

- Provide shelves or drawers for folded garments.
- Make a hat stand.
- Cheek "Good Looks for Girls" every month.
- Plan school clothes.
- Repair 5 garments.
- Make a pot holder and a work dress.
- Exhibit garments.

The reports and histories of the 158 club girls in the county show these results: 25 new clothes closets and 24 closets remodeled; 1177 garments made; 116 girls have repaired 5 garments or more; 37,300 lbs. of vegetables raised; 589 quarts of vegetables canned; 2869 quarts jellied; 2660 lbs of vegetables dried. Vegetables were prepared and served 3766 times.

CHRISTMAS SPIRIT PERVADES TOWN SANTA CLAUS IS COMING SATURDAY STORES STOCKED, IN GALA ATTIRE

An immense crowd of children, accompanied by their parents, coming from all over Bailey county, is expected to be here Saturday afternoon when old Santa Claus, Sonny Santa and Daughter Clausie pay their annual visit to Muleshoe.

Rev. Jim Sharp, Curtis Taylor and Judge M. G. Miller have visited every school in the county, extending them a cordial invitation to be present to meet the courteous old gentlemen and his assistants. Treats of candy, fruit and nuts have been prepared for about 1,200 children, and Old Santa, as well as the business men of this city are expecting about that number to be here.

Santa and his group are scheduled to be here about 2:00 o'clock p. m., unless he is delayed by heavy snows falling near the North Pole. Everyone is expecting him to be right on time, for he has already sent word if his windows can not make it through the drifts he will plow through them with some of the new model automobiles now being displayed.

Men are at this week putting the finishing touches to street decorations and business concerns have their show windows all in holiday attire, beautiful displays being seen everywhere up and down Main street. Inside the stores are literally crammed and jammed with seasonable merchandise awaiting patrons purchase as gifts while hundreds are visiting these stores daily in a desire to do their shopping early.

Grand Jury Returns 4 More Indictments No Cases Are Held

District court went very slowly this week, very little being accomplished except the turning in of four more indictments by the grand jury, as follows:

Grady McBride and Alvin Wilson, charges alleging theft.

Albert H. Isaacs, two indictments, charges alleging "misappropriation of public money."

Isaacs promptly made bond in the sum of \$1,000 for each charge. McBride and Wilson are still in the county jail.

The case of City of Muleshoe vs. Albert H. Isaacs et al, was continued to the May, 1938 term of court on motion of defendant's counsel to quash citation, claiming improper service on the Maryland Casualty Co., one of the defendants.

The American railroad industry now operates more than 400 railroad trains on schedules of 60 miles per hour or faster—to meet the public demand for faster travel.

W. G. Kennedy Heads County Aggri Board For The Coming Year

Members of the Bailey County Agricultural Conservation committee for 1938, elected at a meeting of the Board of Directors of the County association, Wednesday, December 15, are W. G. Kennedy, chairman, G. W. Damon vice chairman, W. L. Key, third member, and Lonnie Arnold alternate.

The Board of Directors is composed of chairmen and vice-chairmen of the three county committees recently elected. Regulations require that the county committee shall be elected by the Board from among its own members. The chairman and vice-chairman shall also be chairman and vice-chairman of the County board.

REGULAR P. T. A. MEETING

The Parent-Teachers association will have their next meeting Monday night, December 20. All parents, patrons and teachers are cordially invited to attend. An interesting program is being arranged.

Buy it in Muleshoe.

Avoid Useless Waste Of Lives By Keeping Out Of The Accident

Austin, Dec. 14.—The only way to avoid the useless waste of life due to traffic accidents is to themselves and to prevent accidents to others. It involves the acquisition of a certain fund of information, the ability to apply this information to concrete situations, and the building up of habits which will make the application of knowledge to situations automatic.

"The dangerous curves and intersections on the highways of Texas are distinctly marked, and automobile drivers can assist greatly in the reduction of deaths from automobile accidents by carefully observing these warning signs.

"Some motorists rely too much on traffic rules and regulations, thinking that if they obey the rules of the road at the time when an accident occurs, no blame can be attached to them. This is not true. The only man who considers himself blameless in case of accidents, when he is obeying the rules of the road, is the one who did everything possible to avoid that accident.

"The consequences of automobile accidents are so disastrous that only when we have done everything in our power to avoid such accidents can we consider ourselves, or expect others to consider us, blameless in the case of accident.

"When each individual does all that he is able to do toward avoiding an accident of any kind, then and then only will our traffic accidents be avoided."

W. L. Key Reimbursed 5c From A Conscience Who Swiped Soda Pop

The U. S. Conscience fund, Washington, D. C., doesn't get all the "conscience money" contributed by guilty people, for there is at least one citizen of Bailey county who this week reimbursed to the extent of five cents, incidentally having his confidence in human nature considerably boosted.

W. L. Key, who was the common denominator this week received the following letter from Idalou, he has no idea who from, and admits the nickel it contained would neither make or break; but since it tended to relieve the worry of some one, he keeps it as a reminder to keep straight again, he was glad to receive it. Here's the letter.

"Mr. Key—I have felt for several years that I owed you for a soda pop I stole when I was in school and you operated the store. Thanks for your forgiveness, and here is 5c for the pop. Yours sincerely, Box 264, Idalou, Texas."

BASKETEERS TO PLAY BOVINA

Friday night, December 17 the Muleshoe High school girls' and boys' basketball teams will motor to Bovina to play match games.

This will be the first time the local teams have played the neighboring town this season and several fans are planning to attend and share in the glory of bringing home the victory.

Old Man Winter Pays Brief Visit; Snow Is Helpful To The Wheat

Following a blizzard which began about eight o'clock last Monday morning, changing to snow about eleven o'clock, later turning to sleet as the mercury in the thermometer dropped lower, by night Muleshoe and surrounding area was lightly blanketed with snow. Tuesday was still cold weather; but Wednesday was much warmer, most of the snow melting away.

This moisture will be of much value to pastures and planted wheat.

COTTON REMAINS FIRM REGARDLESS OF GOVERNMENT ESTIMATE OF BIG CROP GROWN; 18,741,000 BALES

Notwithstanding the Federal prediction of the greatest cotton crop in this nation's history, last week, prices of that staple immediately following the report tended to advance a few points on the market, the following reasons being given for such advance:

1. The stronger technical position of the market as a result of the recent long liquidation.
2. The small amount of cotton available for trade channels because of the attractiveness of the government loan program and the current low prices.
3. Belief in trade circles that today's estimate would not be fully gained because of the recent severe weather in the growing region.
4. Better progress of the farm bill

69 4-H CLUB BOYS AND GIRLS ARE IN HIGH HONOR

Graduates Are Given Merit Badges In Finished Work.

Sixty-nine Bailey County 4-H boys and girls attended the graduation program which was held at the Methodist church in Muleshoe last week.

When the boys and girls arrived, the home demonstration council entertained them with a tea. Mrs. Guy Berry of Enochs and Mrs. Richard Mitzelfelt of Progress presided at the tables. Parsley, butter sandwiches and hot spiced punch were served. The table decorations carried out the Christmas motif.

S. L. Rollins, Jr., of Y. L. was chairman. Songs were led by Mrs. Claudie Gailman of Muleshoe. The following secretaries gave a report of their club work:

June Arnold, Balleboro; Juanita Henderson, Watson; Catherine Lowry, Y. L.; Ila Herrington, West Camp; Mary Doyle, Fairview; Barbara Lindsey, Stegall; Louise Barton, Longview; Alton Daricis, Maple.

Shirley talks on "What I Have Accomplished as a Club Member," were made by: Barbara Lindsey, Stegall; Harold Gable Y. L.; and Juanita Hughes of West Camp.

The following 4-H sponsors who were present were introduced by Miss Alma Stewart, home demonstration agent: Mrs. A. J. Smith of Balleboro; Mrs. Roger Harvey of Watson; Mrs. Irene Lowry of Y. L.; Mrs. M. A. Snider and Mrs. J. F. Bright of West Camp; Mrs. Joe Howie of Stegall; Miss Nan E. Jones and Mrs. Guy Berry of Balleboro, and Mrs. Charles Shaw of Maple.

Bonnie Traxwell of Y. L. who won the county reporter's contest, was introduced. Tickets to the local picture show furnished by the Muleshoe Chamber of Commerce were presented by W. C. Taylor, county agent. The entire group saw an interesting movie at the Palace theatre following the program.

Club pins purchased by the Bailey County Home demonstration council were presented by Wm. G. Kennedy, county chairman. Those present who received pins were:

Ruth Heard, Christene McKenzie, Norma Lee Pool, Viola McKnight, Odessa Kuykendall, Katie Joe Crouch, Theilma Smith, Louise Barton of Longview; Ethel Lee Smith, Verne Ruth and Evelyn Young, June and Helen Arnold, Lometa Warner, Melba Gates, Eunice Rodgers, and Florence Jones of Balleboro; Lavena Cook, Juanita Henderson, Jane Key, Adelle Martha Fort, Natalie Shaver, Evelyn Underdown and Willie Pearl Fine of Watson; Barbara Lindsey of Stegall; Jewel and Ernestine Stevenson, Mildred Sims, Charlene Duncan and Ellen Black of Circleback;

Mary Doyle and Mildred Luttrell of Fairview; Alton Daricis, Opal and Irene Ball and Wanda Mae Johnson of Maple; Hazel and Howard Weaver, Bernice Breedlove, J. W. Blue, Clois Bussey, Vaughan Ray Green and Kenneth Nebhut of Bala; Bertha and Maxine Maner, Catherine Lowery, Bonnie Traxwell, Mary Belle, and Clarence Lee Reeves, Vivian Harris, Mozelle Hicks, Frances Burge, Alma Boggett, Mary Margaret Gully, Dorothy Mae and Harold Gable, Ed Parker and C. J. Kelton of Y. L.; Ila Lee, Burnice and Emma Low Herrington of West Camp; and Maxine Hughes, Peggy Williams Lillian Roper and Lucille Knowles of West Camp; Raines Hayes and S. L. Rollins of Muleshoe.

The Surplus Commodities corporation, Washington, announced last Saturday it had bought 15,850 pounds of rice in Arkansas, Louisiana and Texas since Oct. 26 and that purchases were continuing. It will be distributed among the needy of several states.

The Surplus Commodities corporation, Washington, announced last Saturday it had bought 15,850 pounds of rice in Arkansas, Louisiana and Texas since Oct. 26 and that purchases were continuing. It will be distributed among the needy of several states.

The Surplus Commodities corporation, Washington, announced last Saturday it had bought 15,850 pounds of rice in Arkansas, Louisiana and Texas since Oct. 26 and that purchases were continuing. It will be distributed among the needy of several states.

The Mississippi river forms the entire eastern boundary line of Missouri for 500 miles.

The western pine beetle destroys more merchantable timber than forest fires.

The government has printed over two billion liquor stamps since the repeal of prohibition.

Rhubarb juice makes a pleasant beverage when diluted and sweetened to taste.

OIL NOTES

Considerable evidence of oil and gas is shown in the Enochs-Etz oil test well being drilled in south Bailey county; but on account of cave-ins nothing definite is known as to probable quantity, according to authentic report received here the first of this week.

More than a week ago a bailer was lost in the hole and has not yet been recovered. Caving hole was responsible for the fishing job, and about the time it was reached and fishing began another cave-in from some 700 feet above bottom covered the bailer the second time.

Plans are now to run a second string of casing 7-inch another 2,000 feet or to the bottom of the hole. The casing has been ordered and if it arrives in time will be set before the holiday period, if not workmen who quit last Saturday midnight will take a vacation until January 1.

The hole is now 4,150 feet deep. The 7-inch casing will be set on bottom where drilling was going on in brown lime. Drillers and others connected with the well are very optimistic, so confident in fact, it is reported they may go 6,000 feet if necessary to contact the pay. However, it is possible when the hole has been cleaned out

Prepares Meals for Family
Mildred Sims, cooperater of the Circleback Jr. 4-H club has prepared 17 meals for the family. The food used for these meals was raised in her garden and frame garden. Mildred is 11 years old. She has learned that strong flavored vegetables are cooked in a lot of water without a lid, and that mild flavored vegetables are cooked in a little water.

Provides Place for Clothing
"When I get ready to find my clothes it is much easier now since I have divided the dresser drawer into sections," said Helen Arnold, cooperater of the Baileyboro 4-H club.

She took three pieces of paste board and put in each drawer so there would be three sections. She puts one kind of clothing in each section. Her clothes are not only easier found but are kept in better condition.

Besides providing a place for, folded garments Helen has made 29 garments and mended 15.

oil may be found in producing quantities in the 4,150 foot level. No one knows.

THE REST OF THE RECORD

By James V. Allred
Gov. of Texas

Jim Ferguson has resumed publication of the Forum, which he stopped immediately after my nomination in the first primary last year. Charging both the National and State Governments with insincerity, ignorance and inexperience, Old Jim has a six-point platform; but says that he hasn't, as yet, selected a candidate.

It is, however, perfectly obvious that Ferguson is going to make another proxy campaign for Governor. Ferguson plans have been brewing for several months. All the talk is that Mrs. Ferguson probably will run, but one or two other known candidates for Governor have been flirting with Old Jim to get the Ferguson support. It is regrettably apparent that Texas is in for another ordeal and we had just as well get ready for it.

The Ferguson platform is typical of his audacity. It has about 57 varieties of promises, one to appeal to every class of voters. He is going to economize twenty million dollars by increasing expenditures sixty million! He is going to help the poor by taxing them! A little sop for everybody.

Ferguson is for paying a pension of \$30 a month to everybody over 65 whether they need it or not, yet he proposes to take away from the needy old people who are now receiving aid from the State, the cigarette, liquor and other taxes now going into that fund. He says he will use these taxes to abolish the State ad valorem taxes. That would relieve from taxation the oil companies now paying on their wells and leases; the insurance and loan companies now paying ad valorem taxes on skyscraper buildings; and it would make tax free all of the vast acres of land now owned by non-resident individuals and foreign corporations.

Ferguson's platform is silent on some other issues in which the people are interested. Of course, he couldn't discuss the question of adequately taxing oil and sulphur because he is against that. He doesn't say anything about race track gambling because every gambler and racketeer in the country knows how the race track law got on the statute books under the Ferguson administration; and every racketeer and gambler, even those who have been driven out of the State under this administration, would welcome the return of Ferguson, or anybody who thinks like him because they would not be molested under the Ferguson idea of government.

Old Jim doesn't say anything about the child labor amendment because he knows that while the labor organizations and women's clubs are for it, thousands of other people are against it. He doesn't say anything about liquor and open saloons, but everybody knows where he stands on that question.

Ferguson says he wants to abolish boards and commissions; yet he never

made an effort during the two terms he served as Governor himself and the two terms he served as proxy Governor to abolish any boards or commissions. On the contrary he caused many to be created by the Legislature. His real belief is that all departments of government ought to be abolished in favor of one useless department—himself.

Ferguson has always been a great hand to try to take advantage of the people when they are in distress. When we were in the middle of the depression he wanted to make it more cruel by passing a general sales tax on the necessities of life—bread and beans, milk and medicine, blue shirts and overalls. Now that we are in what may turn out to be another depression, he proposes the same panacea and hopes to get by with promising a pension for everybody when he, himself, fought the adoption of the present pension amendment.

I repeat, regrettable as it is, we are in for another ordeal of Fergusonism, and we had just as well get ready to meet it.

P. T. A. SPONSORS PLAY

Friday evening of this week a play entitled, "Aunt Samantha Rules the Roost," will be presented at the Muleshoe High school auditorium, beginning at eight o'clock. Members of the local Parent-Teachers association are sponsoring the three act comedy drama and Miss Trannie Mae Russell expression teacher in the schools, is sponsor.

There are 11 characters participating including six women and five men as follows: Aunt Samantha, Mrs. Flaudie Gallman; Serena Simpkins, Miss Orla Mae Lawrence; Sophia Simpkins, Miss Rose Shaddid; Polly Paine, Miss Trannie Mae Russell; Annie Ambrose, Mrs. George Shaddid; Blanche Blowers, Mrs. Nell Rokey; Lucien Littlefield, Bill Garrett; Blaire Boswell, Rufus Joplin; Frank Fairfield, Jim Alsup; Lawrence Lovess, Tye Young; Buddy Baskins, Bevington Reid.

Announcing
TWO NEW FORD V-8 CARS FOR 1938

THE DE LUXE
85 HORSEPOWER

DE LUXE FORD V-8 . . . 112" wheelbase; 85-horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Mohair or Broadcloth upholstery; Walnut-finished trim; Twin horns, tail lights, sun visors; Clock; 600" black tires, white side-calls are extra; 8 body types; 6 colors.

THE STANDARD
60 OR 85 HORSEPOWER

STANDARD FORD V-8 . . . 112" wheelbase; 85 or 60 horsepower engine; Improved Easy-Action Safety Brakes; Center-Poise Ride; All-steel body; Broadcloth or Mohair upholstery, Mohair extra in "60"; Mahogany-finished trim; One tail light, sun visor; Twin horns; 3 body types; 3 colors.

Ford offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy. The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.

PRICES FOR CARS DELIVERED IN DETROIT—TAXES EXTRA

Standard Ford V-8 (60 hp.)—Coupe, \$599; Tudor, \$644; Fordor, \$689. Standard Ford V-8 (85 hp.)—Coupe, \$629; Tudor, \$669; Fordor, \$714. De Luxe Ford V-8 (85 hp. only)—Coupe, \$689; Tudor, \$729; Fordor, \$774; Convertible Coupe, \$774; Club Coupe, \$749; Convertible Club Coupe, \$804; Phaeton, \$824; Convertible Sedan, \$904.

Standard and De Luxe cars equipped with bumpers, bumper guards, spare wheel, tire tube, tire lock and band, cigar lighter, twin horns, and headlight beam indicator on instrument panel, at no extra charge.

In addition, De Luxe cars are equipped with extra tail light, windshield wiper, sun visor; also De Luxe steering wheel, glove compartment lock, clock, and chrome wheel bands, at no extra charge.

ARE NOW ON DISPLAY HERE IN OUR SHOW ROOM

You are cordially invited to be among the first to see these magnificent new Ford V-8s for 1938—differing in appearance, body, size and price from anything heretofore ever seen.

We will be pleased to have you visit our showrooms and get full information of our premier showing. Also—

Letters To Santa

Dear Santa Claus:
I am a little boy of 8 years old. Miss Miller says I have been a good boy. I want a football most of all, and then what you think is best for me.
Your friend,
Jess Irish Winn

Dear Santa Claus:
I am a little girl eight years old. I am in the third grade. Please bring me a doll and some candy and some nuts. I have been doing good work in school.
Lots of love.
Your friend,
Evelyn May

Dear Santa Claus:
I am a little girl 10 years old. I am in the third grade. I want a pair of skates for Christmas. Miss Miller says I am doing better in my school work so far. I sure do like school here.
Your friend,
Bettie Lou Atchison

Dear Santa Claus:
Will you please bring me a pretty doll, a pair of skates and a Bible, and anything else you want to bring. Don't forget my little brother and sister.
Your friend,
Wilma Jean Foster

Dear Santa Claus:
I am eight years old. I want you to bring me a B B rifle and a watch for Christmas.
Your friend,
J. B. Clark

Dear Santa Claus:
I am nine years old and in my third year of school.
Will you please bring me a pair of roller skates, B. B. gun, also all kinds of fruit, nuts and fire crackers.
Also, remember all the little boys and girls as they will be disappointed if you don't see them too.
Your friend,
Robert Venson Harvey

Dear Santa Claus:
I am a little girl of eight years of age. I am in the third grade. I would like for you to bring me a doll, a watch and necklace, and please remember the other boys and girls.
Your friend,
Norma Lea Osborn

Dear Santa Claus:
I am a little girl 10 years old. I haven't been a very bad girl this year. I go to Sunday school every Sunday. I go to school. I am in the third grade. It wouldn't be asking too much of you, please bring me a bicycle, a doll and piano, some candy, nuts and fruits.
Good bye, Santa Claus.
Your friend,
Freda Lambert

Dear Santa Claus:
I am a little girl 8 years old. Miss Miller says that I am a good girl and have done my work well. Will you please bring me a baby doll with a bottle, a high chair for my doll, and a real wrist watch.
Santa please remember all the boys and girls this year.
I love you,
Your friend,
Betty Joe Fowler

Dear Santa Claus:
Christmas will soon be here and I hope that every boy and girl get a lot of nice gifts. I would like for you to bring me a nice coat and gloves, lots of fruit of all kinds. Miss Miller said we had been good children, and I hope you will bring her lots of nice gifts. Wishing you a merry Christmas and a happy New Year.
Your friend,
Connie Marie Lambert

Dear Santa Claus:
I am a little girl eight years old. My name is Mary Nell De Shazo. I am in the third grade. Miss Miller is my teacher. I want a doll and doll buggy, candy, nuts and apples.
Lots of love.
Your friend,
Mary Nell DeShazo

Dear Santa Claus:
I am a little girl in the third grade and I am 8 years old. I have been a good little girl. I want you to bring me a ring, a watch, a cross, a pair of roller skates, a cash register and a doll. I will thank you very much for these.
Your friend,
Margaret Ann Johnson

Dear Santa Claus:
I want a rubber doll, buggy, and a set of dishes, and lots of fruit and candy, and don't forget my brothers and sister.
Your friend,
Betty Jo Testerman

Dear Santa Claus:
I am an 8 year old boy. My name is (Pete) George W. Day. Santa, I think I have been a pretty good boy. So I want you to bring me a bicycle, wagon, cowboy suit, play pistol, little truck with lights on it, and a lot of nuts, candy, and fruit.
Please don't forget to come and see me and my sisters and brothers. Especially my little baby sister. I also want you to see my mother and daddy too.
Your friend,
(Pete) George W. Day

Dear Santa Claus:
Please bring me a bicycle and oranges and nuts. Please bring me a carpenter set.
Your friend,
James Fuston McCarty

Makes Appeal for Crippled Children

Thousands of personal letters have been mailed during the past three years by Nathan Adams, president of the First National Bank in Dallas, in support of the Scottish Rite Hospital for Crippled Children. Mr. Adams is now preparing his fourth annual letter to his friends throughout Texas. This year the Crippled Children's Hospital is more than ever in need of funds, owing to the fact that they are taking care of scores of little sufferers from the effects of the infantile paralysis epidemic which during the summer months swept the State. This personal appeal on the part of Mr. Adams has resulted in Christmas subscriptions sufficient to maintain the hospital at full capacity during the past three years.

Andrew Mellon, three months after his death was execrated of tax fraud charges when the government claim of \$3,075,103 was reduced to about \$700,000 by court action.

Former Governor Alf M. Landon of Kansas has announced he will not be a candidate for Republican nomination as president of the U. S. and would not even accept such nomination if offered him.

Patronize home industries.

Dear Santa Claus:
Please bring me a baby doll, a black board, some fruit, nuts and candy.
Your friend,
Vida Grace Harrison

Dear Santa Claus:
It will soon be Christmas. Please bring me a cowboy suit and fruit and candy and nuts.
Your friend,
James Bickel

Dear Santa Claus:
Please bring me an iron wheeled wagon, football, tractor, and a cowboy suit and plenty of nuts and candy.
Your friend,
Harley Lee Clark

Dear Santa Claus:
Please bring me apples, oranges, nuts and candy, a wagon, Mrs. Cox is my teacher. With Balloon Tires. Lots of love and a pair of Boats.
Jack DeShazo

1938 Ford V-8 Standard Tudor Sedan

MOST popular of all the Ford V-8 body types is the standard Tudor sedan, shown above. A longer hood, more sweeping lines and newly-designed front end, grille, louvers, fenders and hubcaps are featured. The car is available either with 85 horsepower or 69 horsepower V-8 engine. Interiors are attractively appointed. The front seat is full width. The seat back is divided. The sections are hinged diagonally and swing forward as they are tipped forward so as to leave a wide passageway on either side for entrance to the rear seat. Like all Ford body types the Tudor sedan has a large built-in luggage compartment. The standard cars are engineered for owners who demand the maximum of economy in first cost and operating cost.

"SO YOU'D LIKE A Shorter KITCHEN DAY?"

Find out about controlled cooking with GAS!

No longer do you have to stay in the kitchen while baking and roasting are going on—thanks to the automatically controlled insulated oven of modern gas ranges.

Top burners light as you turn them on! New high-speed smokeless broilers grill in double-quick time!

SALES SERVICE

TUDOR — FORDOR

We have ready for your inspection, the new 1938 Standard Models in the above body types. These cars will appeal to the eye thru their new streamlining with the more massive hoods, fenders and larger bodies. You will find considerably more room in trunk as well as the body. The dash is newly styled and the new freshness extends throughout the car to the airplane propeller trunk handle and rear license plate light which is mounted in the center of deck door. This standard line of cars will appeal to your sense of economy, as it is truly a well-balanced car, both as to beauty and price, still retaining the smoothness and economy of V-8 operation. Come in and see them now.

PROVED BY THE PAST—IMPROVED FOR THE FUTURE

GUINN—HOLT

Miss Margaret Guinn and Arthur Holt were married in Muleshoe, Saturday night of last week at 10:30 o'clock by Rev. J. Manley Reynolds at the Baptist parsonage, with Mrs. Reynolds being the only attendant.

The bride, who has resided here for sometime where she is employed at Opal's Shoppe and Beauty Salon, is the daughter of Mr. and Mrs. C. A. Guinn of Priona and the groom is the son of Mr. and Mrs. N. J. Holt of Muleshoe.

They will make their home here for the present, he being associated with his father in the wholesale and retail oil business.

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor. I. F. MITCHELL, Bus. Mgr.

Subscription Rates: In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas. Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday morning of each week.

Advertising that does not show in its text or typography that it is paid for must be marked as advertisement. All local advertisements remain in this paper for the time specified or until ordered out.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

Editorial

Every Great Attempt is Glorious Even if It Fails

A THOUGHT FOR THE WEEK
And He shall judge among the nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruning hooks; nation shall not lift up sword against nation, neither shall they learn war any more.—Isaiah 2:4.

SENSIBLE GIVING

Few things offer more interest at this time of year than a comparison of Christmas merchandise carried in the stores of Muleshoe today with that which the holiday buyers had set before them a dozen or more years ago.

COLD TYPE

The printed word has an enormous power over the public mind. If people hear by word of mouth some report that seems at first thought unlikely, they are disposed to reject it, but if they see the same report printed in a newspaper they regard it as the truth.

USING THE BOYCOTT

Newspaper reports that one of the largest five-and-ten-cent store organizations in the U. S. has announced that it will not in the future sell "Made in Japan" merchandise.

PUNISHMENT PASSING

The slipper, the shingle and the barrel stove have long ago passed out of the picture in most Muleshoe homes as important instruments in the discipline of children; but there are times when one wonders if it was a good idea to dispense with them.

ROTTEN TO THE CORE

That the practice of exempting state and federal employees from state and federal taxes has grown into a national "racket" is becoming more and more apparent.

The WEEKLY CONSTITUTIONAL

by MAX BERNIS

The Federal Judiciary

What courts constitute the federal Judiciary? Our Constitution specifies in Article III that "the Judicial power of the United States shall be vested in one Supreme Court, and in such inferior courts as the Congress may from time to time ordain and establish."

There can be only one court that is Supreme and our Constitution provides for that. But as the number of inferior courts must be accommodated to the changing extent and population of the country, our Constitution leaves the establishing of these to Congress.

The Judiciary Act of 1789 established as a first of such courts consisting of three Circuit Courts (now changed to Circuit Courts of Appeals) and thirteen District Courts.

Gradually Congress increased the number of courts and of judges, the greatest increases occurring during the flood of federal cases in the prohibition era. There are now ten Circuit Courts of Appeals, 94 District Courts of Original Jurisdiction, with District Courts also in Alaska, Hawaii, Porto Rico and the Canal Zone.

In general, a case originates in a District Court, may be appealed to a Circuit Court of Appeals and if warranted may be appealed to the Supreme Court.

Besides these main secondary courts there are the Court of Claims and a Circuit Court of Appeals and if warranted may be appealed to the Supreme Court.

to hear claims against the federal government, and the Customs Court which is empowered to hear appeals from the Court of Claims and appeals from decisions made by the patent office.

In addition there also are federal agencies with quasi-judicial powers such as the Interstate Commerce Commission and Federal Trade Commission.

Copyright 1937 by Max Bernis

Jaunty Journalettes

It is usually the lessons a Muleshoe man learns from hard luck that he labels "experience."

The average Muleshoe woman may not believe all she hears; but that don't keep her from repeating it.

As some husbands around Muleshoe view it, their wives run everything about the house but the errands.

Just by way of suggestion, Muleshoe folks should now be in the midst of their Christmas hating.

The Muleshoe man with rips in his coat and buttons off his clothes should either get married or get a divorce.

We discovered sometime ago that the best way for us Muleshoe people to cure the itch for money was to scratch for it.

The willing weepers of Muleshoe frequently get what they want; but usually are not satisfied with it after getting it.

When a Muleshoe family finally persuades Dad to have his picture made, they only hope he won't look any funnier than is absolutely necessary.

Perhaps one reason so many Muleshoe men are broke is because they would rather be known as spendthrifts than as tightwads.

Did you ever notice how happy it makes some Muleshoe women when some one asks them if their husband isn't their father?

A Muleshoe child taught good manners when small by his parents, rarely has no great need for a book of etiquette when it grows up.

The Bailey county father who wants to tackle a hard job should try convincing his little boy that a study of algebra is going to be a great help to him when he gets to be a man.

Some of the old-timers around Muleshoe remember there were not many books on child-raising in their younger days; but there were plenty of woodsheds where many of them came from.

SNAP SHOTS

We have sometimes wondered how many women are as good as they think they are.

If seeing is believing a nudist can never lie.

Getting plump is, after all only a routine matter of just filling out a form.

Bossing a marriage is generally more

HOME DEMONSTRATION CLUB ACTIVITIES
Finds Orchard Profitable
"We have 35 fruit trees, mostly peaches. We have found that an orchard in this country is profitable for these trees made enough fruit for two families, besides a number of bushels for the market," said Lena Snitker, co-operator of the Bula 4-H club when asked about their orchard.

JOINT RECITAL THURSDAY
Thursday evening of this week, beginning at eight o'clock Miss Trannie Mae Russell will present her expression pupils in a joint recital with piano pupils of Mrs. Clyde Holland at the Muleshoe High school auditorium.

PRINTERS—THEN AND NOW
The modern printer, operating a linotype machine, can set more than five times as much type as a printer could by less mechanical methods in 1890. Yet, there are five times as many printers employed today.

The Panay, 450-ton U. S. river gunboat built in Shanghai, China, was sunk last Sunday by Japanese bombs. Located originally in the Yangtze river near Nanking, it was not able to get out of the mouth of the river which had been blocked by the Chinese against the Japs. It had moved up the river 25 miles to get away from Japanese gunfire and other war dangers. Japan has formally apologized for the "terrible mistake" and offered to make payment.

Accomplishments of a 4-H Club Girl
"I have learned to make club reports keep the secretary's book, write minutes and to keep the club money straight," said Wilma Louise Snider, cooperator of the West Camp 4-H club.

Wilma Louise has canned 87 containers of food, made two dresses and a slip and renovated six garments, besides completing all the 4-H club goals. She has also improved a bedroom. Her mother and father built her a new clothes closet and she made two shoe racks and four hat racks. Large drawers were built in one end of the closet for linens and folded garments. A rod was added to the closet to hang clothes racks on. The walls of the closet were papered with ceiling paper and the woodwork was painted white to make the closet lighter and to discourage moths.

GIVE AN Ingersoll
There's an Ingersoll for every member of the family—watches for pocket, wrist or handbag at prices from \$1.25. You can buy them at stores right here in town.
RIST-ARCH—\$3.95
YANKEE—\$1.50

WEEKLY LAY SERMON
NEED OF NEUROTICS

By JESS MITCHELL

Neurotics are often condemned, yet years ago I came to believe they were a pretty good sort of an animal to have around, and perhaps this world might get along even better if we had a few more of them; especially those of a certain type. While the world is populated largely by quite normal people, yet here and there are to be found those abnormal, and incidentally, a few who are subnormal. There are plenty of folks today who do not fit into the scheme of things. There is something in their natural makeup, put there by heredity, environment or experience, which has made them a little different from the average person. They cannot easily conform to the everyday rules of conduct. They have inherent potentials of high value and emotional set-ups which will not express themselves in a common denominator. Their energizing force remains within, simmering and seething—and sometimes exploding. These are evidences of neurosis.

The neurotic has mental processes different from the average run of humanity, and harasses himself with many needless worries and phobias. He must force himself to think, feel and act like the majority; but it is difficult and generally a mistake; for expressing oneself imitatingly rather than originally is never a desirable idea, rather he should adopt himself to the real station of life in which he was born. The one who is naturally introverted, self contained or self-centered invariably gets along better if he acts so, for these mental conditions are as much a part of himself as are his hands and feet, his nose and eyes.

Neurotics are generally misunderstood by normal people, yet they frequently do not even understand themselves. Here and there are folks of superiority complex; but many more have the inferiority complex. When you behold a boaster, bragger, bully—someone who knows all the answers, you are looking at someone afflicted with an inferiority complex. Invariably

the tyrant at home, the domineering business man, the person who strives for superiority at social or business meetings, the one who is most loquacious, tries to dictate and run things—they are not really superior, they just want us to think they are. They are merely trying to overcome their feeling of inferiority by assuming an attitude of superiority.

Politics is always a good example of this fact, and it's exceedingly interesting to watch those who have compensated for their inferiority by assuming leadership in political affairs. When we hear some one shouting from the pedestal of a soap box in the street: "Down with the whole lot of them!" we immediately realize that someone who has been downed by another group is compensating for that experience by assuming superiority.

The story is told of a jackass who roamed from his own territory, seeking something he knew not what. He knew only that he disliked other asses and craved better company. At length he found himself in a strange land, a jungle. He had discovered a new world inhabited by better beasts and he then stood in awe before a lion. "My, what a beast!" exclaimed the jackass, as he gazed on King Leo, monarch of the realm, seated on the top of a hill. A leopard passed. How graceful, he thought. A tiger leaped from out the underbrush and caught his prey. The jackass was stunned. In the distance a band of elephants were approaching, and the lion roared, apparently disapproving of them; but it was all very interesting to the jackass, and again with envy he gazed upon the king of the jungle. "Would that I could roar as he can; that I might scare the other beasts of the forest as he does; but just then he looked down and caught sight of himself reflected in a pool of water at his feet, saw his big ears and stupid look and exclaimed, "Ains, I'm only a jackass."

There being no psychologist at hand to advise him, he developed an inferiority complex. Back to his own den

CONGRESSMAN MAHON STRIKES FOR TENANTS IN AMENDMENT OFFERED PROPOSED NATIONAL FARMER BILL

Striking directly at the tenancy situation is an amendment to the farm bill sharply curtailing benefit payments to landlords who force share-croppers and tenants off of their land, an amendment which will probably be favorably voted on by the House before the bill is passed.

It has already been introduced by Representative George H. Mahon and has the support of Representative Marvin Jones, chairman of the House agriculture committee.

Cut In Proportion
Under this proposal, landowners who have had tenants on their land at any time during the three years previous to the participation in the farm program will have the benefit payments on the particular farm cut in direct proportion to the number of tenants who have been forced off.

Mahon pointed out that if, for instance, a farm has been getting \$400 a year in benefit payments—to be divided among the owner and share-croppers—the latter's shares will hereafter revert to the treasury instead of going to the owner in case those tenants are let off the farm. Thus far in the farm program, he said, owners have been getting their own share and what formerly went to the tenants, in cases where tenants left the land. Under the amendment, they would get only half the total for the farm.

"My amendment would go back through the government crop program for 1933 up to 1937," Mahon said, "and it would provide that if a landlord has reduced the number of tenants on his farm during the operation of this government program, then the reduction in the number of tenants shall not operate to give him additional benefits on his farm."

Drastic Provision
"It is a pretty drastic provision and would to some extent hurt many of the large operators in West Texas," Mahon continued, "but I know of too many instances where large operators have discharged their tenants, bought tractors, and are working from 500 to several thousand acres of cotton with

hired labor which is utilized only part of the year. The tenants have been unable to rent other farms and have been forced on the relief rolls. The government should not pay a man benefit payments for putting his neighbors on the relief rolls."

He amplified this by saying that a farmer now can let his tenants go, can hire their work done by labor that is used only a small part of the year, pay for it out of benefit payments and be money ahead. However, under this proposal, the owner would get none of the farm's payments which formerly went to tenants, would have to pay the labor bills out of his own pocket and take a chance of a loss.

Mahon believes this will be a strong measure of persuasion in getting owners to take back share-croppers, whom they do not want to pay.

He pointed out that in Crosby county, alone the number of farms dropped from 1,739 in 1930 to 1,200 this year while acreage in cultivation increased from 267,535 to 303,650 acres. He attributes the decline in farms primarily to the forcing off of tenants and the use of their benefit payments by owners themselves.

The condition he found in Crosby County is general throughout the South, he said. Government payments that formerly went to tenants in thousands of instances are now partly used to pay day laborers, with the rest going to the owner.

Chairman Jones said that he is in favor of this amendment and that the administration will back it. Both predicted its passage without much difficulty.

Farms which have had no tenants during the last three years are not affected. County committees also will have authority to exempt those they believe justified.

Three Enter Mystic Portals of Eastern Star Monday Night

Monday evening of this week, members of the local Eastern Star organization met in called session for the purpose of giving the degree of membership to three candidates: Harold Weyer, Mrs. Mary Frances Holt and Mrs. Willie Belle Mathis.

The hall was appropriately and beautifully decorated, with artistic bowls of red and green winter foliage. Tall tapers were burning in cleverly concealed spots, casting their mellow glow over the assemblage.

After initiation each candidate responded to the invitation for a speech by giving very sincere remarks as to their appreciation of the work and the high honor they felt was accorded them as members.

A delicious refreshment plate of sandwiches, pickles, spiced cakes and hot chocolate, topped with marshmallows was served to the 25 members present by Mesdames Zula Carlyle, Ruth McCarty, Mary DeShazo and Miss Elizabeth Harden.

Under the competent leadership of Mrs. Virginia Weyer, worthy matron, the local chapter is steadily growing, and much enthusiasm for the work is being evidenced by all attending.

GOVERNMENT GETS DECISIONS

In the case of Homer D. Banks, Littlefield, vs. U. S. Government, tried in the U. S. Federal court, Lubbock, Wednesday, the government was awarded decision in the sum of \$229 on a delinquent 1935 crop loan and a 1934 drought feed loan, according to L. S. Keen, witness in the case.

Decision was also rendered in favor of the Government against J. A. Asher, cotton buyer at Otton, in this sum of \$86.00 for buying mortgaged cotton Keen said.

Keen and Carl Hill, both being government field supervisors for the Federal Loan Administration, were witnesses in the cases.

he returned with head bowed low, murmuring along the way: "I'm only a jackass," but an idea similar to that conceived by many humans, struck him. "Why be a jackass? Indeed, why! I don't have to be a jackass any longer, I'm going to be a lion!" So he searched about until he found the skin of a lion, dragged it into his den, stretched it and reshaped it so as to fit it over his own body. He must avoid detection. It would be tragic to be discovered. Then he put it on and tried to walk like a lion. He practiced roaring like a lion, found it quite difficult to change his native bark; but at length something what succeeded in the imitation, and then sallied forth with the dignity and bearing of the royal beast.

He seated himself upon Leo's favorite spot on the hill, and when he roared every beast about him thought it was the real lion was terribly frightened; but there was not an animal anywhere about that was more scared than the masquerader himself, for he knew he was only a jackass. For a while he met with a measure of success, fooling the tigers, elephants, monkeys and many other wild beasts of the forests; but at length Leo himself returned to his spot on the hill and the imitator was doomed, for the lion at once discovered the jackass had neglected to tuck in his ears.

I often feel sorry for neurotics, and confess that for several years past I have felt that I, myself have been somewhat afflicted and have diligently fought such tendencies; to what success my associates may determine better than I. I realize somewhat the heavy burden neurosis can be when it grips a victim tenaciously; but I also remember that nothing in life is acquired for nothing, and neurotics who have things generally pay for them quite dearly. Neurosis affects folks quite differently. Some are more or less sensitive, self-conscious, self-depressive, having convictions of guilt and inferiority; others are depressed, anxious, lacking courage and ambition, sleep poorly and are unable to concentrate; still others are obsessed with fears of different kinds. Specialists say there are at least five different types of neurotics—but whatever the type or symptoms, let it be understood that the mental attitude seldom affects the physical, and the mind often whips the body into actions of a commendable nature.

Neurotics have accomplished many of the greater things of life. This fact is too patent to even need comment. People of iconoclastic natures are invariably neurotic in some respects, the neurosis contributing largely to their iconoclasm. This desire to accomplish, to be and to become recognized as a functional part of social, business or political machinery is within reason, highly commendable. It partakes of decency, is a recognized cultural attainment in that the given neurotic has a desire to do the right thing, live the right kind of life and be of greatest use to the world in which he lives. Sometimes it may be inconvenient to be called a neurotic; but it may also be a blessed thing, for neurotics are really the salt of the earth. Indeed, the greatest things we know in life have come from neurotics. While this world will always have a place for the normals, yet it will always greatly need neurotics.

General News Over Texas And Adjoining States For The Week

Another cotton warehouse for housing government staple and capable of holding 2,500 bales is being constructed at Littlefield.

Production of cement in Texas during October totaled 603,000 barrels, an increase of 5.1 per cent over the corresponding month last year.

Marvin Jones, Panhandle congressman, is making plans to ask Congress for a \$2,000,000 appropriation for the Panhandle-Plains water conservation projects.

Trial of the State's famous \$17,000,000 penalty and ouster suit charging a group of oil companies and associations with violating the anti-trust laws has been set for next October 3, in District court at Austin.

On account of a big carryover in furs last year, trappers all over this southwest area are complaining of the low price of furs which they claim is only about 50 per cent of the price paid last year.

E. Dana Johnson, prominent New Mexico editor, died last Friday at a Pasadena, California sanitarium from heart ailment. He was widely known throughout this area for his pungent writings.

Fifty-four snakes, 34 of them rattlers were dug up from a pit near a highway at Clayton, N. M., last week by a road-working crew. Apparently they had gone into a huddle for winter quarters.

Liberalizing of the curriculum of West Texas Teachers college, Canyon, by omitting requirements of teacher-training courses for A. E. and B. S. degrees will be effected at the next summer session beginning in June, it is announced by the Board of Regents, thus permitting the institution to broaden its scope of service to this area. It is reported a desire to change the name of the school also, though this will have to be done by legislative action.

view school, and wife, accompanied by Ruth Light, teacher in the same school, visited in the home of Judge M. G. Miller in Muleshoe Sunday afternoon.

H. C. Holt, Horace Holt and Clyde Holt attended a banquet and business meeting of Panhandle oil men, held in Plainview, Thursday night of last week.

Mr. and Mrs. John Bickle, Mr. and Mrs. George Nelson and daughter Virginia Faye and Miss Elizabeth Harden were Clovis, N. M., visitors Saturday afternoon of last week.

Bailey County Commissioners court met in the county court house in Muleshoe Monday. Routine business was attended to and several important matters were discussed.

Mr. and Mrs. Joseph Lominach of Winothboro, Mr. and Mrs. Ivan Mardis of Lubbock and Mr. and Mrs. Good Harden were guests in the home of Mr. and Mrs. Arnold Morris, Sunday.

Earl Sparks of Amarillo, attended to business in Muleshoe Saturday of last week, going on to Sudan to visit his brother Dr. A. J. Sparks and father, Dr. I. J. Sparks.

FOR SALE: The Dallas Semi-Weekly Farm News, regular subscription price for one year \$1.00, and The Muleshoe Journal, regular price \$1.50; both for \$2.00 per year, anywhere in Bailey county. Apply at Journal office, 15-ftdth

Truman Rice of Santa Fe, N. M., has been here for the past few days visiting his mother, Mrs. Fred Rice and brother Louis Rice. He is recuperating from injuries received in an automobile accident several months ago.

Bailey county commissioners, Judge M. G. Miller, Mayor Dr. A. E. Lewis and local city commissioners made a business trip to Clovis, N. M., Wednesday evening in regard to perfecting a law enforcing organization here by means of a radio set up.

Garford Wilkerson, regional representative of the Resettlement administration and James A. Somerville, personal director of Resettlement administration, both of Amarillo, were here Saturday of last week conferring with J. W. McDermett regarding Bailey county resettlement matters.

Supt. W. C. Cox attended the regular South Plains Superintendents meeting held at the Hilton hotel in Lubbock Wednesday evening. About 200 superintendents were present and Dr. L. A. Woods, state superintendent was principal speaker for the occasion. A delightful banquet followed the meeting.

C. O. Stone, Federal Land Bank supervisor for this district, was here last Wednesday visiting with L. W. Jordan, local manager, and checking up on business of the Farmer and Bailey County associations. He spoke very highly of the efficient manner in which Mr. Jordan was handling the affairs of these two associations and of the healthy growth they have made since he took charge.

Brazil is attempting for the first time to supply its own needs for cigarette paper.

Dust Storms Will Be Here Next Spring Is Statement; Not So Bad

That the Plains States of West Texas will be visited again this coming spring by sandstorms is the statement of H. H. Finner, director of soil conservation service, this area, with headquarters at Amarillo. However, he modifies his statement by saying they will probably not be as bad throughout the so-called "dust bowl" of Texas, New Mexico, Colorado, Oklahoma and Kansas as they have been in the past.

"The dust bowl has dwindled to a large extent," he said. Much conservation work done by officials, CCC soldiers, farmers and ranchers have cut down the afflicted area considerably.

"Much of the land in the dust and drought area is in worse condition than ever. Continued drought and lack of conservation practices have caused serious erosion on thousands of acres and made this land a great menace.

"It is from this wild wasteland that the dust storms will come. The duster likely will not be so severe as in past years, but the blowing of the wasteland likely will injure nearby farms and ranches that otherwise would escape injury. Each of the five states has such wastelands.

"Despite these blow hazards, the dust bowl has dwindled. Thousands of acres that were in bad condition two years ago are protected by a vegetative cover and roots in the soil."

Finner, who for years was connected with the Panhandle A. & M. College experiment station at Goodwell, Okla., has been in charge of the soil conservation service in the drought region since the nation's first wind erosion demonstration project was established at Dalhart, in 1934.

Finner and his demonstration projects were given the job of finding methods of conservation for the 95,000,000 acres in the dust bowl.

TWO-HEADED SNAKE CAUGHT

Clarendon—Bob Stevenson at Silverton captured a two-headed snake. He had the specimen preserved in alcohol. The little reptile eight inches in length was estimated as two months of age when taken alive. The two heads perfectly formed have four eyes two fully developed mouths lined with fish-like teeth and when alive it projected forked tongues from either mouth with equal facility.

The two heads separate at an angle of twenty degrees and are attached to the body with a short thick neck. Both mouths are believed to have been functional in life and the reptile appears

Be sure and visit this place for your Christmas shopping!

Sincerely your friend,
 —SANTA CLAUS

Unemployed Will Get Benefits From State Reserve January 1st

Austin, Dec. 7.—Cash benefits to the qualified unemployed will become payable on January 1 from a reserve fund built up by Texas employers since the establishment of the Texas Unemployment Compensation commission a year ago.

Signed in October, 1936, by Governor James V. Allred, the Texas Unemployment Compensation act is this State's method of aiding its unemployed. Soon after the act was signed, the Unemployment commission was created. A reserve "jobless fund" has been built up and is now on deposit in Washington. This fund will be drawn on after January 1 for cash payments to the unemployed.

The Texas State Employment service, a division of the Commission, has offices throughout the State which will be the problems of the employee. It may come, when out of work, and he will be gone over, and he aided to find new employment.

A job is not found immediately, after a "waiting period" of not less than two weeks, he will be paid benefits based upon his work record for the previous nine quarters.

"Benefits" or cash payments, will be paid for not more than sixteen weeks in any calendar year. The maximum benefit man whose previous work record will qualify him. The maximum benefits per week is \$15, the minimum, \$5 or three-fourths of his weekly salary, whichever is the lesser.

Orrville S. Carpenter, chairman-director of the Unemployment commission, points out that benefits payment is not the chief function of the act. "The real purpose," says Carpenter, "is to find the unemployed man a suitable job." Benefits will be paid to tide him over until he can be re-employed.

THE JOURNAL'S Weekly Scrapbook

Week's Best Recipe

Corned Beef Hash—Chop cold cooked corned beef rather fine. Fry an onion in a little butter. When done add beef salt and pepper to taste, moisten with left-over gravy if you have it. If not, add a little water and a piece of butter. Let cook until one side is brown, turn over and brown other side. Turn out on hot platter. Garnish with parsley. Serve with diced beets.

Household Hints

Oilcloth is a satisfactory covering for the bottom of cupboard drawers. It needs only to be wiped off with a damp cloth to freshen it. . . . A clothespin may be used for removing food which has adhered to pans and is much easier to clean than a putty knife. . . . Soap the dish cloth before dipping in cleaner when cleansing sooty bottoms of kitchen ware. The soot is easily removed and the dish cloth rinses clean.

On Wash Day

Do not throw away laundry starch when it becomes cold thinking it cannot be used because it is lumpy. By putting the cold starch into very hot water and stirring it briskly the starch becomes as smooth as ever. The hotter the starch is used, the easier and neater is the resulting ironing job.

A Beauty Hint

To keep the hands soft and pretty, rub with cornstarch before doing work in the open air and they will not chafe. When sewing, if you are troubled with perspiring hands bathe them in strong alum water or alcohol. Lemon juice is still a favored hand-softener. Rub them with it often.

An Inspiration

"Because God has given us Mothers, I know what Understanding is; what Forgiveness is; what Self-Sacrifice is; what Courage is—and what Undying Love consists of."

BAILEY COUNTY IS OUT OF THE TENANT ACT FOR 1ST PROVISION

Announcement of the counties in Texas, Kansas, Colorado and Oklahoma in which the Bankhead-Jones Farm Tenant act will be administered is expected at an early date, according to J. W. McDermott, county rural rehabilitation supervisor for the Farm Security administration, with offices in Muleshoe. However, it is already known that Bailey county will not participate in the first allotment.

No details of allotments have been given out yet; but it is known that some county of this area will be included, and probably Roosevelt county, in New Mexico, adjoining Bailey on the west will be given an allotment. Ten farms would be the most Bailey county could have expected, and three were more portable, however, none will be considered in this county for the first six months of action.

It is hoped and anticipated that Bailey county will come in for some allotments during the next six months of the tenant farm distribution. Farmers whose applications are accepted have federal funds furnished them for farm purchases at three per cent interest per annum.

EVOLUTION OF A TIRE

It requires the total annual output of four or five rubber trees to make every automobile tire. The average weight of rubber in a pneumatic tire is about sixteen and one-half pounds.

AHOY GIRLS!

Telephone operators in the early days of the telephone, instead of greeting a subscriber with the familiar cheery "hello," shouted: "Aho! Aho!"

Letters To Santa

Dear Santa Claus:
As Christmas is coming on and I have been a very nice little girl. I would like to let you know what I would like to receive. A set of china dishes, a big doll that sleeps and cries, plenty of nuts, fruit, and candy and please Santa don't forget to visit my sisters, brothers, and all the other good little boys and girls.

Watch Model Poses for Christmas Cover of a National Magazine

Brandshaw Crandell, nationally known artist, painting Jessie Simpson, watch model, for a Christmas cover of a national magazine.

NEW YORK, N. Y., Dec. 16.—Jessie Simpson's smile outshines the Christmas star. And rightly so. Less than nine months ago a fall beneath the wheels of a moving train cost her the legs that had made her Miss New Jersey of 1936. Now at the Christmas season she walks on strong new legs, and from the cover of a national magazine her star-bright eyes speak to the world of hope and heartfelt cheer.

In late April the accident that might have disheartened the bravest of men befell Jessie, but she was blessed with that Howard Chandler Christy has called "good American spunk." Like a shepherdess guided by the Eastern star, she looked always ahead.

The very nature of her accident made news the country over. Still, it was the bravery so rarely coupled with beauty that turned the tide of her misfortune. It was this quality in her that made Brandshaw Crandell ask her to pose for the Christmas cover of Cosmopolitan.

"Artists are attracted by surface perfection," he said, "but there must be depth of character beneath it to make a work of art." In Jessie he found both, but he was not the first to discover them. In May officials of the Gruen Watch Company, attracted by her courage and the expressive grace of her

hands, gave her a contract to model their curvex wrist watches. Even before she was out of bed Hal Phylfe, distinguished New York photographer, came to her home in Hackensack to photograph her dark loveliness. To Jessie Simpson her face was truly her fortune, and, had she not lost her prize-winning legs, she might never have known it. When she graduated from the Hackensack High School in 1936, she went to work as a receptionist for twelve dollars a week. But for tragedy she would be there still, and the gift she had for the artists would never have been given. Now she has many requests to pose, and she is able to accept them. In September, with the aid of crutches, she stood for the first time on her new legs with a wondering, happy pride in them. By November she was walking with a cane. On Christmas she stands alone.

"I can't look back," she said to Brandshaw Crandell, "I must keep right on going forward."

Inspired by his little model's strength of spirit, Mr. Crandell has created what he says is his finest work of art. He has captured in pastels all the radiant happiness of her smile, giving to the world a new Christmas star, its brilliance beckoning to the future.

BULA AND SUDAN WIN FIRSTS IN BULA BASKETBALL TOURNAMENT; MULESHOE TEAMS WINNING SECOND

The Muleshoe High school girls' and boys' basketball teams participated in the Bula invitation tournament at the Bula gymnasium, Thursday, Friday and Saturday of last week. Bula boys won first place, Sudan girls first place and Muleshoe teams second place. Teams that participated in the tournament were: Causey, N. M. boys and girls, Whitthara boys and girls, Bula boys and girls, Sudan boys and girls, Petit boys and girls, Whiteface boys and girls, Lingo, N. M., girls, Morton boys and girls, and Muleshoe boys and girls.

Beautiful trophies were awarded to winners of first and second places. Muleshoe teams being recipients of two. Judge M. G. Miller presented the awards and made a very appropriate talk.

Muleshoe girls first game was to have been played with Whiteface Thursday, but the opposing team failed to arrive at Bula and the contest was forfeited to Muleshoe. They played their first game Thursday night with Bula girls and won with scores of 20-16. The local girls next game was played Saturday morning at Morton and again they won with scores of 17-16. After having won two games straight, the Muleshoe girls were eligible to enter semi-finals Saturday afternoon and won over Bula 11-9. They entered finals Saturday night and was defeated by Sudan girls 30-12. The Muleshoe High school boys' team played their first game of the tournament Thursday night and defeated Bula boys with scores of 39-22. Saturday morning the local boys were victorious in a game played with Whiteface, the scores being 25-20. Saturday afternoon Muleshoe entered semi-finals and defeated Whitthara with the score of 15-13 and then played their final game Saturday night with Bula. Two Muleshoe girls, Leona Loe and Rosa Renfrow, placed on the all tournament team as guards and won medals. Kathryn Starkey made the second all tournament team as a forward. Robert and John Starkey placed on the first all tournament team and were recipients of medals and Frank Prescott and R. V. "Hopper" Ivy placed on the second team. These exceptional players were selected by coaches and referees. C. R. Stevens, coach for the local boys team, and the girls coach from Morton were awarded sweaters for their teams showing best training and sportsmanship. Several basketball fans and interested persons from Muleshoe attended the games throughout the tournament.

AT THE METHODIST CHURCH

The Methodist church is going to start the offering for the Orphanage next Sunday, so if anyone can give something to this worthy cause please bring or send it next Sunday. We have 400 boys and girls at the Home in Waco, and this home is looking to the Methodist church and its friends to feed, clothe and help these young folks in life. We want to get a carload of headed feed to send them to feed their cows and other stock. Any one that has feed to give please let us know as soon as possible. We want to load the car some time between now and the first of Jan. 1938. The Methodist church is going to have a White Christmas program Sunday night. Bring your gift to be given to others. The church will have a committee to give them out to those who need them worst. We welcome everyone to all the services.—JIM H. SHARP, Pastor.

LEGIONAIRES TO CELEBRATE

A big Christmas celebration will be held by members of the local post, American Legion at their hall here next Tuesday night, Dec. 21, beginning at 7:30 p. m., to which all ex-soldiers and their families are invited. Everyone attending is asked to bring a present of some kind for some one else, the men bringing gifts for men, women for women and children for children, no present to cost more than 25 cents. There will also be an impromptu program and refreshments will be served.

15,000 POUNDS TURKEYS SOLD HERE FOR CHRISTMAS DINNERS

Nearly 15,000 pounds of turkeys went through Muleshoe markets into the larger centers to grace Christmas dinner tables, according to reports from local dealers. The market here opened at 14 cents per pound for No. 1 birds, later increasing to 15 cents. It was officially closed last Saturday.

Italy has announced her withdrawal from the League of Nations, though stating she is willing to continue cooperation with that body.

No Disease Should Be Neglected If Danger To Others, Says Doctor

Austin, Dec. 14.—It is a great mistake to treat even light cases of measles, chickenpox, mumps, scarlet fever, or any other of the communicable diseases of childhood as though they did not amount to much," states Dr. Geo. W. Cox, state health officer. "Treatment of that sort makes it possible for these diseases to spread and cause serious outbreak among children whose impaired resistance makes them easy victims to any form of infection. "Some of the most serious outbreaks we have had of scarlet fever, as well as of other diseases in different parts of the State, have been traced to mild cases—that is, to cases too light for the doctor to be called. In some instances the children have continued to go to school and to associate and play with other children. In others, after they have been kept at home for a few days suffering from what was believed to be just an ordinary cold, they have returned to school and have scattered these germs around among their schoolmates. Eventually a group of cases—sometimes very serious ones—have developed from the carelessly-handled mild case. The result was another epidemic that could have been prevented.

"There are several things worth remembering in connection with children's diseases. Nearly all of these diseases begin with a digestive upset or with symptoms closely resembling those of the common cold. Accordingly it is a wise thing for mothers to regard every digestive upset and every common cold with suspicion until you are sure it is not the beginning of something more serious." Your doctor is the best judge of the seriousness of such symptoms, and you will save suffering and anxiety if you put the child to bed, send for your doctor and follow his advice.
