Comedy named to state council

Bud Comedy of Haskell has been named by the Governor as a member of the Texas Statewide Health Coordinating Council.

Her appointment is for two years. She replaces Michael Waters, president of Hendrick Medical Center in Abilene, on the 21-member board.

Mrs. Comedy has been with Haskell Memorial Hospital for 24 years, first as assistant administrator and then administrator.

Council members prepare health planning functions and assist the Texas Department of Health.

Arts & Crafts sale is Saturday

"Gifts from the Heart" is the theme of the Arts and Crafts Sale scheduled Saturday at the Haskell Civic Center.

Sponsored by the Haskell Young Homemakers, the sale begins at 10 a.m. and will conclude at 5 p.m.

A light lunch of sandwiches and snacks will be available. Admission price will be \$1 per person. All residents of Haskell and surrounding communities are invited to attend and get an early start on their Christmas shopping.

Child care will be available for workers and shoppers at a cost of \$1 per hour per child. Girl Scout Troop 318 will provide this service at the Civic Center during the Arts and Crafts Sale.

Producers meet in Rochester

Haskell County farmers are invited to a meeting in Rochester tonight (Thursday) to discuss the disaster program and the Payment Limitation rules.

The meeting, to begin at 7:30 in the Rochester school cafeteria, will be conducted by Glenn Brzozowski of the Haskell County ASCS.

Hermann Lodge to meet Sunday

Members of Sons of Hermann Lodge will have their Thanksgiving meeting at 3:30 p.m. Sunday.

The lodge will furnish turkey, dressing, cranberry sauce, gravy and bread. Members are being asked to bring vegetables and desserts.

Calligraphy to be studied

A "work along" study of calligraphy by Suzanne Starr of Haskell will be featured at the regular meeting Monday of the Brazos West Art Association. The meeting will be in the Community Room of Haskell National Bank.

Mrs. Starr is a recognized artist in this field. She has studied with a number of teachers and has attended the National Calligraphy Conference in Los Angeles. She has taught classes in Haskell, Munday and Abilene.

Anyone interested in this art form is invited to attend.

Legion, Aux to meet Tuesday

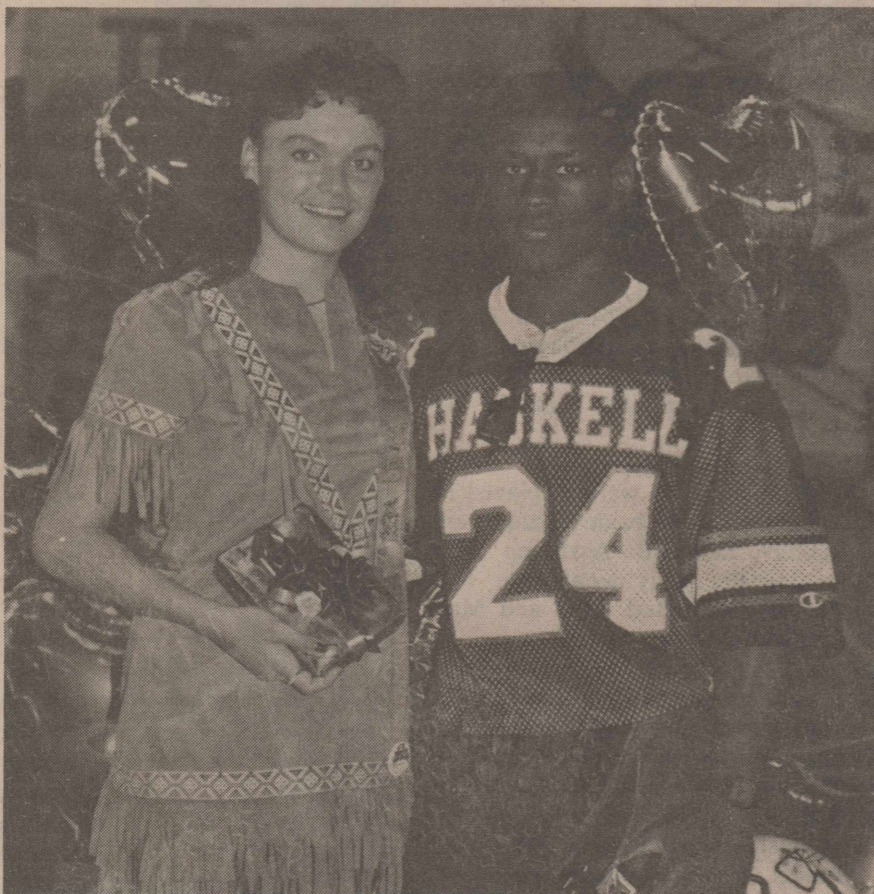

Members of the American Legion and Auxiliary will have a meeting at 7:30 p.m. Tuesday (Nov. 15) at the Legion Hall.

All members of the two organizations are requested to attend.

Liquor tax brings in \$108.89

Haskell County's share of the state mixed drink tax for the third quarter of 1988 was \$108.89.

This figure represents 12.5 percent of the 12 percent tax collected by the state.

Sweetheart and Hero

Dala Harris has been chosen Sweetheart and Derrick Billington as Hero of the 1988 Haskell Indian football team. Announcement of their selections was made at Friday afternoon's pep rally.

Christmas parade scheduled Dec. 3

The seventh annual night Christmas parade, sponsored by the Haskell Chamber of Commerce will be Saturday, Dec. 3, beginning at 6 p.m., according to Dickie Greenwood, Chamber president.

Theme of the 1988 parade is "The Beauty of Christmas," with an emphasis on beautiful music, beautiful lights, beautiful floats and beautiful meanings.

Area bands, drill teams, clowns, etc., are being invited to participate, along with all area dignitaries for a caravan of city mayors and Chamber presidents.

Those interested in entering the parade are asked to call the Chamber office (864-2477) for detailed information.

Past Christmas parade themes have included "The Music of Christmas," "Holidays in Haskell," "A Child's Christmas," "Stories of Christmas," "Christmas Around the World" and "Christmas Through the Ages."

In the theme division, all floats must be lighted, have audible music on board and the vehicle pulling the float must be decorated to correspond with the float itself. In the non-theme division, other entries are welcome.

Secondary school changes schedule

Beginning Monday (Nov. 14), Haskell Secondary School will have a new schedule of classes.

As of that date, classes will commence at 8:30.

The school day still will have seven class periods, but the periods will be shortened to 50 minutes. Lunch break will be from 12:05 to 12:45 p.m., giving students 40 minutes for lunch instead of the current 30 minutes. School will be dismissed at 3:30 p.m.

The Haskell School Board voted to adopt the schedule of classes in its Nov. 1 meeting.

The schedule change will permit tutorial periods of five days each week from 8 to 8:25 a.m. instead of the current four days from 7:35 to 7:55.

Doors to the secondary school buildings will be opened at 8 a.m. for students who come to attend the tutorial sessions. Students who come for regular classes may enter the buildings at 8:25.

It is important for parents to note that the Haskell Elementary School schedule is not affected by the change of schedule in the secondary school. Elementary school classes will continue as usual.

Haskell merchants do well in capturing market potential

Haskell County merchants are doing better than those of most other counties in the area, according to an information paper released last week.

Entitled, "Market Penetration: How Well Are Your Merchants Doing?" and produced by the Texas Agricultural Extension Service, it reveals that in 1987, Haskell County merchants captured 80.5 percent of the local market potential.

To arrive at this figure, the Extension Service took the state sales per dollar of state income and multiplied that by Haskell County income to estimate potential sales for the county. Then actual sales were divided by the estimated potential county sales to determine the percentage of potential sales being captured.

Sales include those of all retail establishments and three types of service businesses--business services,

auto repair services and garages, and miscellaneous repair services.

The Extension Service paper lists sales for an 11-year period. Encouraging is the fact that Haskell County sales vs. potential sales have increased steadily since 1984. In that year, the Haskell County percentage was 70.7. This increased to 71.8 in 1984, 74.6 in 1985 and dropped to 72.4 in 1986 before rebounding last year to the 80.5 figure.

Highest figure for the 11-year period shown in the report was 83.0 in 1982. The lowest was 54.9 in 1979.

Some counties, especially the larger counties, show figures well above 100 percent, indicating that they are attracting considerable business from outside the county.

Haskell County's 80.5 rate for 1987 compares favorably with most neighboring counties. Only Garza County (87.8) has a higher rate

Basketball games here scheduled

Haskell Indian and Maiden basketball teams are scheduled to meet Vernon here Tuesday in what originally had been scheduled as season openers for both teams.

But a number of "ifs" have cropped up.

The girls' game will be only a scrimmage game, while the boys' game may or may not be a scrimmage, or possibly no game at all.

If the Vernon football team loses in the playoffs this weekend, the boys' game will be on as scheduled. If Vernon wins in football, Coach Randy Stone said the Lions may want to "just scrimmage" the Indians. If Vernon wins in football and does not want to scrimmage the Indians, Stone said he would try to get either a game or a scrimmage with another foe.

The girls' game was changed to a scrimmage after the Vernon volleyball team advanced to the playoffs and several of the Vernon girls are members of both the volleyball and basketball teams.

The Indians will scrimmage Eula today (Thursday), with freshman and junior varsity teams of the two schools also scrimmaging. The freshmen start at 5 p.m.

Strange vehicle visits

What's a human powered vehicle? Well, a group of University of Alabama in Huntsville (UAH) students let the people of Haskell know Monday when they passed through here on a cross-country record ride in their unique looking, speed breaking vehicle named OPUS 1A.

Students are pedaling the OPUS approximately 3,000 miles from San Diego to Washington, D. C.

A successful ride will put the UAH team in the record books for the first fared (enclosed) human powered vehicle to complete such a feat. The ride is sanctioned by Ultra-Marathon Cycling Association, and the team hopes to beat the current "Race Across America" record for a recumbent bicycle.

The group left San Diego Oct. 30. They spent Sunday night just east of Rule. From Haskell, they hoped to get "nearly to Shreveport" by Monday night.

Six riders alternate in pedaling the vehicle. They usually ride 16 to 18 hours a day, covering about 200 miles, although in bad terrain the daily distance is considerably less. OPUS has reached speeds of 50 mph on level ground and over 70 mph traveling down hill.

among counties of similar size in this area and Haskell beats a number of larger counties.

Rates for 1987 of the seven counties which border Haskell County were:

Knox 78.4; Jones 75.6; Baylor 68.7; Stonewall 56.6; Shackelford 42.7; Throckmorton 34.3; and King 26.6.

Rates for other area counties of similar size include: Comanche 73.1; Coleman 69.1; Runnels 67.9; Hardeman 62.8; Jack 61.4; Callahan 58.5; Lynn 51.9; Clay 50.7; Cottle 49.6; Fisher 41.6; and Foard 30.3.

Haskell County's rate was above those of a couple of larger counties in the area, Mitchell 78.1, and Wilbarger 75.7, but as a rule the larger counties had higher rates: Palo Pinto 106.8; Nolan 99.7; Erath 99.3; Stephens 97.8; Eastland 96.4; Young 93.0; and Scurry 90.1.

Haskell County goes Democratic

Voters in this heavily Democratic county stayed true to their colors Tuesday, giving defeated Michael Dukakis a 1715-1193 margin over George Bush in the 1988 presidential election. It figured out a 59-to-41 percent advantage for the Democratic candidate. Two minor party candidates picked up 7 votes between them.

The Dukakis-Loyd Benson ticket carried every one of Haskell County's 10 voting boxes and also led in absentee voting.

It was much more of a landslide in the U.S. Senate race where Benson outpolled his Republican rival, Beau Boulter, 2089-733. Here too, the Democratic candidate carried every voting box in the county.

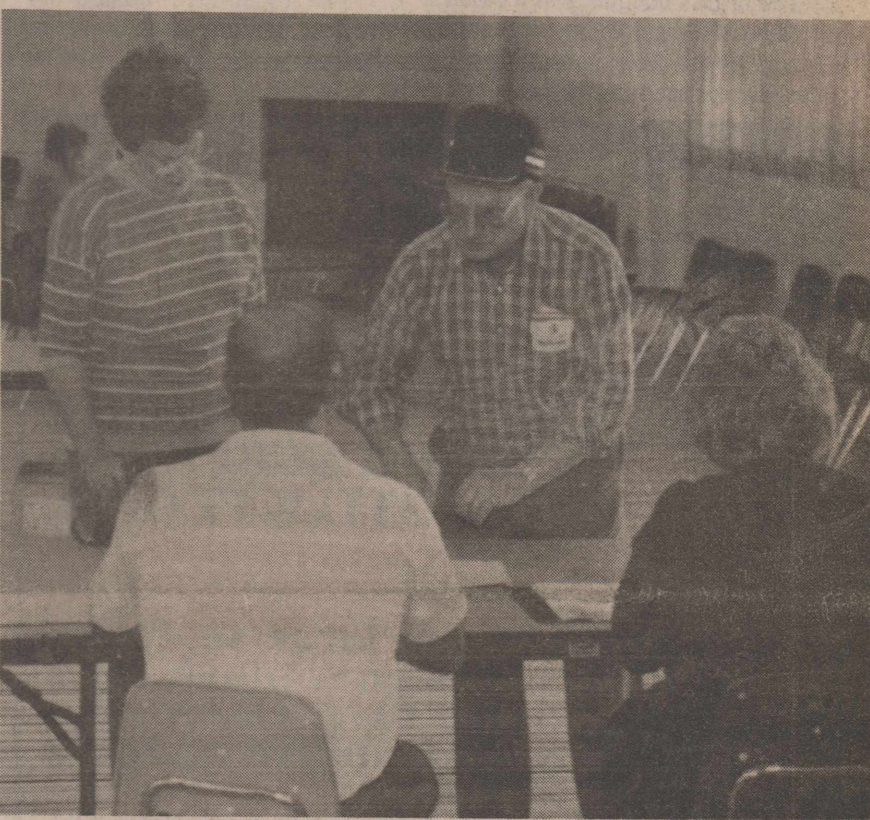

In the other major race of great local interest, State Sen. Steve Carriker outpolled his Republican rival, Bobby Albert, 1855-877, in Haskell County.

In the race for district 14 representative on the State Board of Education, Democrat Bill Hudson received 1955 votes in Haskell County, while his Republican opponent, Don Dorsett got only 558.

It was a total Democratic sweep in Haskell County as every member of that party with a Republican opponent came through with a clear lead.

Closest race among local voters was that for chief justice of the Supreme Court, where Democrat Ted Robertson led Republican Tom Phillips only 1467-1209.

Another "close one" as far as Haskell County voting was concerned as for the unexpired term on the Railroad Commission where Democrat Clint Hackney polled 1482 votes to Republican Kent Hance's 1187.

Tuesday voting

Among the hundreds of Haskell voters who voted Tuesday were Buster and Inez Gholson.

Student group to present program

A fairly new and innovative program to educate young adults about the problems faced during teenage years is scheduled in Haskell for Saturday, Nov. 19.

The presentation, to begin at 7 p.m. in the high school auditorium, will be given by STAGE (Student Theatre for Awareness, Growth and Education) from Wichita Falls.

It will be presented as a public service of the Headstream Memorial Center in Haskell, the Red River Hospital and the Haskell High School Student Council.

With a cast of 16 Wichita Falls area high school students, the theatre is a unique approach to education that allows teens to present vital information to other teens about problems they experience in everyday life.

Topics for STAGE skits range from teen pregnancy and peer pressure

to adolescent depression and substance abuse. STAGE also will perform skits dealing with teen suicide, sexual abuse, divorce and AIDS.

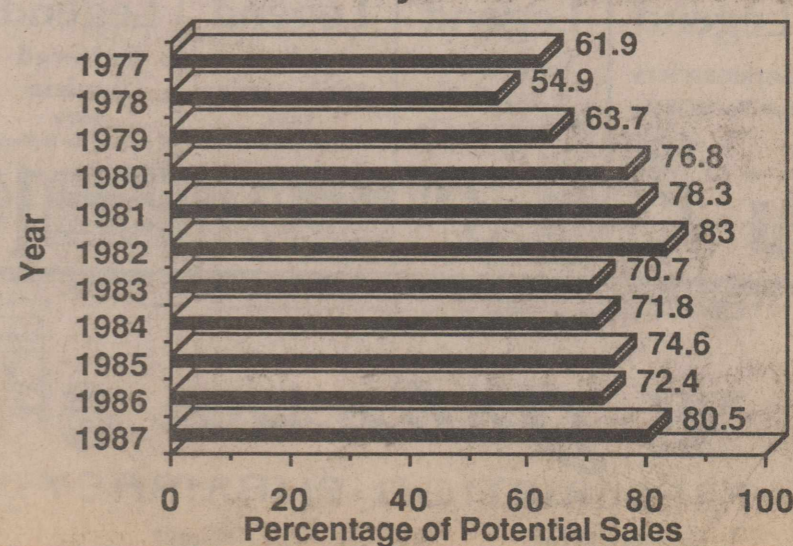

Taking in such a wide range of subjects reflects the goal of STAGE: to incorporate into their performances all areas of concern for adolescents today.

STAGE will appear free of charge with the performance consisting of a three-part format of skits and audience discussion that will last approximately an hour and 15 minutes.

Sponsors urge the public to make plans now to attend this important teenage presentation.

Additional information is available from Sarah Meinzer at the Headstream Memorial Center (864-3472) or Billie McKeever at Haskell High School (864-2464).

Lane, Williams wed here Saturday

Shannon Dell Lane and James Martin Williams were united in marriage in the First United Methodist Church on Saturday, Nov. 5, at 3 p.m. The Rev. Robert E. Young, pastor of the First United Methodist Church in Burleson, officiated.

Parents of the couple are Mr. and Mrs. Kenneth Lane of Haskell and Mr. and Mrs. Carrel Porterfield of Atlanta, Texas, and the late W. C. Williams.

Organist for the wedding was Dr. John C. Campbell of Abilene. Vocalists were Sarah Cox Snailum of Abilene and John W. Cox of Houston.

In the center of the altar area was a large arrangement of gladiolas, tuberose, stock, starburst, button pom-poms, burgundy haze carnations, rosario alstroemeria, and Queen Anne's lace. The altar rail was covered with English ivy and gypsophila.

The bride, given in marriage by her family, wore a formal gown of candlelight French Alencon lace and imported bridal satin. Her fitted bodice had a high neckline with a sheer yoke banded in French Alencon lace. Her long traditional fitted sleeves of satin and lace had tiny buttons which trimmed the fitted cuffs and down the back bodice. Her formal length skirt had large lace medallions accenting the front, and matching medallions were repeated at the end of her cathedral train. French lace edged the hemline and continued around her cathedral train. Accents of pearls and sequins were scattered over her dress.

The bride's bouquet was a cascade of white roses, gardenias, stephanotis, Queen Anne's lace, and gypsophila. She also carried a mother-of-pearl

covered Bible belonging to Mrs. Fadwa Hassen.

The groom wore a formal black tuxedo with ivory shirt accessories. His boutonniere was a white rose with gypsophila and stephanotis.

Kim Lane of San Antonio and Kiersta Lane of Fort Worth, sisters of the bride, were maids of honor. Bridesmaids were Emily Cox of Philadelphia, Pa., Cindy Hanes of Lexington, Ky., Kristen Hoegenauer of College Station, Sandra Nannini of Dallas and Melynn Williams of Atlanta, sister of the groom. They wore identical plum colored dresses. The velveteen bodice had a sweetheart neckline and a V back. The iridescent taffeta skirt had a bow in the back. Their bouquets were of alstroemeria, burgundy haze and miniature carnations, button and starburst pom-poms, and gypsophila. Plum streamers accented the colonial bouquets.

Mitch Williams of Dallas, brother of the groom, and James Gholson of Denton were best men. Groomsman were Matt Lane of Austin and Shawn Lane of San Marcos, both brothers of the bride, Gary Boyd of Dallas, Perry Primm of Houston and David Schrader of Dallas. They wore black tuxedos with black cummerbunds and ties and had boutonnières of white roses and gypsophila.

Ushers were Elliott Cox of Snyder, John Cox of Houston, Paul Cox of College Station, Mark Porterfield and Ray Porterfield of Atlanta, both step-brothers of the groom. They also wore black tuxedos.

The reception, hosted by the bride's parents, was held in the Haskell Civic Center. The bride's

table was covered with candlelight satin overlaid with lace-edged tulle and shirred tulle. A large brass urn held the centerpiece made of shades of plum silk flowers. Nosegays of white silk flowers and pearls accented the corners and the center. The punch bowl and other appointments were brass and crystal. The tiered cake of creme de almond was garnished with fresh flowers and gypsophila and was crowned with a bouquet. Serving at the bride's table were Pam Stephens of Huntsville and Tracey Bortnem of Houston.

The groom's table was draped with a champagne mist satin cloth with an overlay of iridescent plum taffeta. Large brass rings accented the corners. The chocolate cake was decorated with dipped grapes to accent the color of the overlay. The centerpiece was a fruit cascade. A cheeseboard and assortment of crackers and mints were also served along with coffee. Serving at the groom's table were Daralynn Dearthoff of Fort Worth and Melanie Brown of Dallas.

The bride's going-away outfit consisted of a paisley silk skirt, an ecru blouse and a green mohair sweater.

The couple will have a wedding trip to Cayman Islands.

The bride graduated from Haskell High School and Texas A & M University with a bachelor's degree in business administration. She is employed by Dental Medical Economics, Inc., in Dallas.

The groom graduated from Atlanta High School and Baylor University with a bachelor's degree in business administration. He is employed by Arthur Young and Company in Dallas.

They will live in Dallas.

church.

A reception was held to introduce the groom and his parents on Saturday, Oct. 15, in the home of Mr. and Mrs. Wallace Cox Jr. Guests were entertained with harp music by Hong Liang, Texas Tech exchange student.

Hostesses were Mrs. Cox, Mrs. Tom Paul Barnett, Mrs. Robert Bartley, Mrs. Bill Blakley, Mrs. Bill Blankenship, Mrs. Jimmy Browning, Mrs. Brian Burgess, Mrs. Duward Campbell, Mrs. Biggon Drinnon, Mrs. Pat Henry, Mrs. C. O. Holt, Mrs. Sharlyn Hudson, Mrs. Leon Jones, Mrs. Jack McAdoo, Mrs. Charles McCauley, Mrs. Jim Pope, Mrs. Kenneth Quattlebaum, Mrs. John Rike, Mrs. John Smith, Mrs. Max Stapleton and Mrs. J. W. Wallace.

Wedding gifts were displayed in the home of the bride's parents on Sunday, Oct. 30. Assisting with hosting the party were Mrs. Tim Everett, Mrs. Bud Lane and Mrs. Charles McCauley.

A come-and-go lunch was held for the wedding party and out-of-town guests on the day of the wedding in the home of Mr. and Mrs. Robert Starr.

Hostesses were Mrs. Starr, Mrs. James R. Crawford, Mrs. Tim Everett, Mrs. Tom Kaigler, Mrs. Wayne Lehrer, Mrs. Tommy McGuire, Mrs. Wilda Medford, Mrs. Sam Pace, Mrs. Ray Perry, Mrs. Darrell Smith, Mrs. Bailey Toliver and Mrs. Abe Turner.

Four attend SWCD meet in Graham

Haskell County Soil and Water Conservation District was represented by four area men at the annual SWCD workshop held in Graham Nov. 3.

At the business meeting, Glen

Thurman of Archer City was elected president for 1989, with Carol Freeling of Vernon as vice president.

Those attending from Haskell SWCD were R. V. Earles of Paint Creek, president; Marvin Phemister of Weinert, vice president; Bobby Waddell of Haskell, district conservationist; and David Sikes of Weinert, district technician.

Photographs published in The Free Press are filed by dates. If you want to pick up a picture, please let us know the date it was published.

Paint Creek scouts take camp awards

Paint Creek Boy Scout Troop 148 returned Sunday from the Northern District Camporee at Sweetwater Lake following a cold, windy weekend of competition with 14 other units.

While there, the troop competed with other district troops in 10 events, including boiling water after starting a fire, a skit, match lighting with a hatchet, first aid with a stretcher, obstacle course thrown in, a flag ceremony after lashing a free standing flag pole together, a compass course from the top of the dam, knot relay, football throw, back pack relay and water fill.

Of the 30 ribbons presented, Troop 148 received one first place in first aid, three second places for compass, match lighting and back pack relay, and two third places for knot tying and the water fill relay.

At the end of the ribbon ceremony, the troop again received the coveted Presidential award for the highest scoring troop attending the Camporee. This was the third time the troop has received this award in as

many outings.

The Paint Creek troop was especially proud to share its campsite with the year-old Webelos Den 3 Pack 136, also of Paint Creek, who won the Presidential award for the best Webelos den attending the Camporee. Kenny Thompson, den leader, also serves as assistant scoutmaster for the troop.

Boy Scouts attending this fall Camporee were Geovanny Mayen, Shawn Barbour, Hans Overton, Wesley Cockerell, Mathew Morton, Ray Morton, Roman Morgan, Dane Morgan, Rodney Medford and Rodney Tsoodle.

Adult leaders attending were Wallar Overton, scoutmaster, and Stanley Morton, assistant scoutmaster.

Troop 148 is sponsored by the Paint Creek ISD.

Dr. Richard L. Boothe II, M.D. wishes to inform you that he will be leaving Stamford, Texas, in order to pursue a new career in teaching.

He will be transferring his practice to **Dr. Neil Gibson D.O.** who will be associated with **Dr. Zeitler and Dr. Probst.**

Dr. Boothe will no longer be seeing patients in the Stamford area as of **December 1, 1988,** at which time Dr. Gibson will begin his practice at the Mabee Clinic.

A day to honor those who honored us.

There are times when a simple thank you is not enough. There are times when the service rendered is great. Only a thank you seems so small. And yet, that is all that can be said. It is sincere and absolute.

Now is a time of thanks, not joyous thanks, but solemn thanks. Many served our country by wearing its uniform. Too many died for it.

We're closed Veterans Day to honor those who have gone before, those who have served and those still in uniform.

A nation says "Thank you."

"DECISIONS MADE EARLY"

Many people plan for what might happen-fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at to-days price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

Close, but no cigar

Indians hang 27-12 defeat on champion Anson

The Haskell Indians can be forgiven if they feel like the best team in district 7-2A is not even in the playoffs.

That well could be the Indians, who soundly trounced the champion Anson Tigers, 27-12, in the season finale at Haskell Friday night.

The victory, coupled with Hamlin's win over Albany and Stamford's victory over Hawley, left the Indians in a three-way deadlock with the other two winners for the runnerup spot, necessitating a coin flip for the loop's second playoff spot. Stamford won the flip.

But don't tell Anson the Indians are not of playoff caliber. The Tigers learned first-hand as they went down to their only district loss.

Fred Shaw scored twice within a minute and a half span in the middle of the first quarter, and Chan Guess scored on the first play of the second period as the Indians took a commanding 21-0 lead over the already-crowned champions.

Anson couldn't get on the scoreboard until late in the game, finally hitting paydirt at the 3:59 mark of the fourth quarter. The Tigers got a second touchdown a minute and a half later when Mike Prantner returned a punt 85 yards for a

touchdown. Shaw then put the game out of reach with a 33-yard TD scamper in the final seconds.

The Indian defense, which recovered four Anson fumbles, virtually shut down the prolific Anson offense. Until they scored late in the game, the Tigers had not penetrated beyond the Indian 22-yard line.

Shaw, starting his third game at fullback as a replacement for the injured Derrick Billington, turned in his third outstanding performance. Enroute to his three-touchdown performance, he rushed 27 times for 145 yards.

Haskell's first touchdown came after the Tigers' Monty Hall was unable to get off a fourth-down punt and was nailed at the Tiger 33. Shaw ran 4 yards, then 15 yards, and after a 5-yard penalty against Anson, he took it in from the 9. Guess' conversion made the score 7-0 with the game barely 5 minutes old.

On Anson's first play following the ensuing kickoff, Rodney Johnson recovered Ray Samuels' fumble at the Tiger 28. After Shaw picked up 2 yards, Anson was flagged for pass interference when Alberto Alvarez tried to catch a Guess pass at the goal line. The half-the-distance penalty put

the ball at the 12, which Shaw covered in two rushes, the second being for 3 yards and the touchdown. Guess again converted.

Next time the Indians got the ball they moved from their own 41 to Anson 28 mostly on the strength of an 18-yard run by Jonathon Dever and an 11-yard gainer by Guess. But a 10-yard penalty against the Indians was followed by a fumble, recovered by Culy Sanders at the Haskell 47.

Anson fumbled right back on its first play, Davis Chapman recovering for the Indians on the Anson 47. Shaw picked up 6 yards, Johnson rambled for 20 and Shaw for 12 more. After Guess was dropped for a 2-yard loss, Shaw made 5 yards and Guess passed 4 yards to Dever to the 8 as the first period expired. Guess made it a three-touchdown margin on the first play of the second period when he covered the final 8 yards of the drive and then booted the extra point.

The 21-0 score stood up until the fourth quarter with neither team mounting a serious threat. Then midway through the final period Anson's Jessie Mata intercepted a Haskell pass at the Anson 44 and the Tigers drove the 56 yards to the goal line in eight plays. Big gainer in the drive was a 36-yard pass completion from Kyle McIntire to Dale McGee. The same combo clicked for 4 yards and a touchdown at the end of the drive.

After the Anson kickoff, the Indians ran three plays and punted. Prantner hauled in the punt at his own 15 and raced all the way for his team's second touchdown.

Again the Indians ran three plays and punted, but this time Anson fumbled the punt and Chad Gibson recovered at the Tiger 33. On the first

play from that point, Shaw crashed into the line, broke loose and ran in for the final touchdown with just 14 seconds remaining.

It was one of the best games played by the Indians and standouts on the Indian team were a dime a dozen. Coach Nelson Coulter praised all performers. On defense he singled out Josh Reid, Alberto Alvarez, Rodney Johnson, along with Roger Roewe, Paul Harvey and Bo Watson. He also praised the offensive line, making special note of the work of Randy Adams.

8th grade tops Anson

By Scottie Martin

The eighth-grade Warriors turned in a winning season with their final game of the season, a 12-0 win over the Anson Tiger Cubs.

Mark Jones connected with Joseph Rodriguez on a 25-yard pass for the first Warrior touchdown.

Jones and Rodriguez later teamed up on a 30-yard pass for the final score.

Marcello Rodriguez had the only Warrior turnover with a fumble recovery.

The Warriors traveled to Hawley two weeks ago and defeated the Bearkittens 22-0.

Rodriguez received a 50-yard touchdown pass from Jones.

Cody Josselet then ran 40 yards for a touchdown. Josselet then added the 2-point conversion.

Jones again hit Rodriguez on a 35-yard pass to add the last touchdown. Josselet again added the 2-point conversion to finish the scoring.

JVs end year with victory

By Paul Harvey

The JV Indians finished the year with a bang, defeating the Anson Tigers 26-18.

With less than a minute to go, Rusty Stocks blocked an Anson field goal attempt and Eric Harvey scooped it up and ran 90 yards for the game clinching touchdown.

Stocks and Harvey also connected for another touchdown on a pass play.

Rod Jeter was on the end of another Stocks pass that resulted in a touchdown.

Jeremy Fuentes added balance to the offense, scoring the Indians' only rushing touchdown.

The JV finished the year with an overall record of 6-3-1 and a district record of 3-1-1.

"I was very surprised and proud of the effort the guys gave this year; they deserve a lot of credit," said Coach Randy Stone.

The Bobcats came along strong this year after a rather slow start. They were 6-4 for the season and 4-1 in district, winning six of their last seven games.

The young Rule team has only one senior among its offensive starters and no seniors as defensive starters.

Team members are Chad Stulir, Kevin Saffel, Scott Wooldridge, Keith Vanderbilt, Joey Mathis, Phillip Manske, Kyle Wilson, Kody Wilson, Callen Benavides, Paul Leonard, Jason Halliburton, John Perez.

John Leonard, Rusty White, Chris Brown, Tommy Casey, Cato Macias, Carlos Muniz, Brad Stulir, Greg Teichelman, Joe Zepeda, Joseph Pace, Shannon Langford and Johnny Cole.

The Rule coach is Jasper Wilson.

7th grade

By Davis Chapman

The seventh-grade Warriors ended their first football season with an 8-6 loss to the Anson Cubs, bringing their final record to 3-3-1.

The previous week, the Warriors defeated the Hawley Bearcats. Jason Torres scored three touchdowns with Ross Huff adding one more for a final score of 28-0.

"The boys learned a lot this year. I was pleased with their performance and enthusiasm for football," said seventh-grade coach Walter Hargrove.

Pirates lose in final game

By Monica Howeth

The Paint Creek Pirates lost their last game of the regular season Friday night, bowing to Lueders-Avoca by a score of 85-68. The loss culminated a season of injury and disappointment for the Pirates, but with only two graduating seniors the prospects are bright for the next several years.

Individual statistics are as follows: Senior quarterback Daniel Acosta finished the year with 3,018 yard passing on 340 attempts with 165 receptions. His last game stats were 14-34 for 175 yards and three touchdowns; 20 rushes for 290 yards which put him over 1,000 for the year; and he had 12 tackles, one interception and a fumble recovery.

Sophomore Dane Morgan had another good night with 16 rushes for 366 yards; he caught six passes for 52 yards, scored four touchdowns and had 16 tackles.

Fellow sophomore Kelly Williams had two receptions for 16 yards and 13 tackles. Tanner Childress had three receptions for 38 yards and eight tackles.

Freshman Rodney Tsoodle had 14 tackles, one reception for 20 yards and a touchdown while freshman Roman Morgan had one interception, five tackles and one reception for 39 yards.

Lady Dusters to open at home

The Western Texas College Lady Dusters will play their first home games of the season when they host South Plains College in games on Friday and Saturday.

Methodist revival begins here Sunday

Wesley Putnam, widely acclaimed evangelist, singer and composer, will lead in revival next week at the First United Methodist Church in Haskell.

The revival begins Sunday and continues through Wednesday. Sunday morning services will be at 10:55 and evening services will be at 7 o'clock.

East Side schedules concert

Who doesn't want intimacy in their family?

The message of Bobby and Terri Price of Nashville, Tenn., is that families must be open and up front with each other. No one communicates better through music on how to stay intimate with your family than the Prices.

Bobby is a well-known song writer in Christian music. He has written all the lyrics of Michael James Murphy, a popular Christian singer.

The Prices have three boys and a two-month-old girl, and will share from their personal experiences. Bobby is the grandson of the late Jesse Jones of Haskell.

The public is invited to their program. The concert will be Sunday at 11 a.m. Also, at 7 p.m., the Prices will teach and sing about praise and worship.

Putnam's ministry includes preaching, drama and music woven together to create a fresh approach to renewal. His clear call to commitment through both word and song has impacted the lives of people of all ages from all walks of life.

Putnam holds a bachelor of music degree from Northeast Louisiana University and the master of divinity degree from Asbury Theological Seminary. An ordained United Methodist clergyman, he is a member of the Northwest Texas Annual Conference. He pastored local churches eight and a half years before turning his attention to full time evangelism in the summer of 1981.

His prolific songwriter whose compositions touch on virtually every aspect of Christian living, from temptation and suffering to forgiveness and praise. He has cut five albums, with a new album and a printed choral collection to be released soon. In addition, he has produced audio and video cassettes of one of his dramatic presentations. Attired in authentic Hebrew costume, Putnam captivates audiences as he recounts the lives of various Old Testament characters as though they were alive today, with "James, the brother of Jesus," relating New Testament stories.

Den 3 dominates scout camp honors

Haskell scouts in Den 3, Pack 136, of Haskell swept the awards at the Northern District Fall Camporee at Lake Sweetwater Nov. 4-6.

Eight dens from area towns competed.

Den 3 won 10 ribbons to capture the Presidential award for the best overall Webelo den in competition.

The scouts placed first in physical fitness, knots, first aid and water boiling. They took second in the skit, nature, body language and the dizzy bat race. In water fill, they came in third.

Members of Den 3 competing were Cody Ender, Anthony Gonzales, Casey McDaniel, Marcus Overton, Jude Pardo and Casey Thompson.

Den leader was Kenny Thompson. Of the 30 awards given in 10 events, Haskell dens walked away with 16.

Den 2, Pack 136, placed first in body language and third in three events: knots, nature and dizzy bat race. Competing for Den 2 were Jeremy Futch, Jay Mickler, Joe Salinas and Corey Woods. Den leader was Jim Bob Mickler.

Den 1, Pack 136, added three ribbons: first in water fill, second in

knots and third in water boil. Members of Den 1 were Joseph Fuentes, Bradley Herpeche, Christopher Tatum, Tyrone Thomas, Adrian Serrano, Salyadon Serrano and Theodore Silvas. Den leader is Billy Tatum.

Den 4, Pack 136, won two ribbons: first in nature and second in first aid. Attending from Den 4 were Daniel Alvarez, Justin Arendall, James Copperthwait, Tim Dewey, Nick Jimenez, Greg Rodriguez, Derik Stovall and Tom Dewey, den leader.

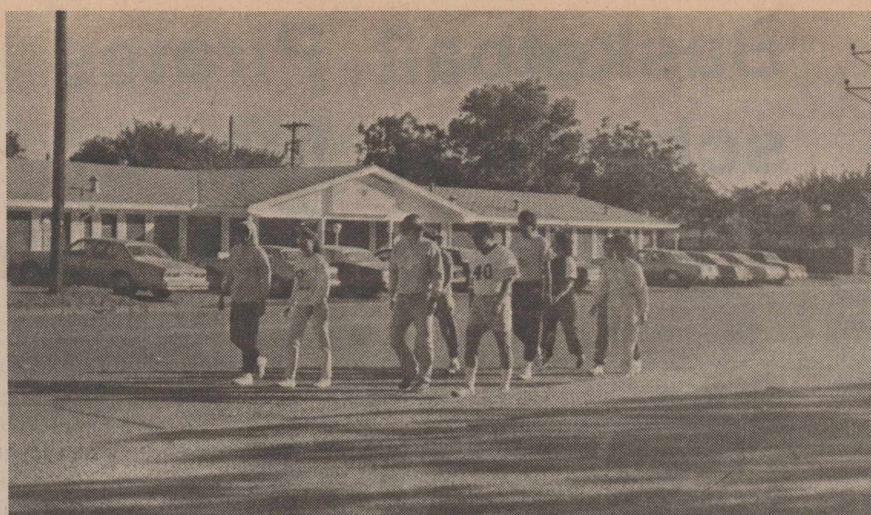

Popcorn sales continue until Nov. 15.

Next pack meeting will be at 7 p.m. Nov. 29 at the Haskell National Bank Community Room.

State publication receives award

The State Comptroller's monthly newsletter, *Fiscal Notes*, has been named second-best in the nation by the National Association of Government Communicators.

Last year, the newsletter earned the association's first-place award in the same category, "public newsletters."

Heart contributions honor loved ones

The American Heart Association of Texas helps Haskell honor the memory of loved ones, neighbors or business associates through a gift of life.

Norman Richardson is this year's chairman of the Haskell County Memorial program.

"A memorial contribution is a meaningful way to tell the family of the deceased that the life that has just passed will continue to live on through the work of the AHA," Mrs. Richardson said.

For a contribution to the AHA, Mrs. Richardson sends an appropriate card from a donor to the recipient of the donor's choice. The person receiving the card also gets a thank-you card to mail back to the donor acknowledging the donor's thoughtfulness.

The program benefits many people. The donor is assured that a card will be sent to a friend or relative. The recipient receives a thank-you card that he or she can mail back to the donor. And the American Heart Association receives valuable support needed for its lifesaving efforts through research, professional and public education, and community programs.

"Besides the death of a loved one, a wedding anniversary, a birthday, or an illness, or many other occasions can be remembered with a gift to the AHA," Mrs. Richardson said.

The sentiments on the cards are appropriate for a variety of occasions.

"The amount of the contribution is not disclosed to the recipient of the card. The contribution can be from one individual or from many, such as a family or a group of employees," she said.

To make a memorial contribution or for more information about the AHA in Haskell County, contact Norma Richardson, memorial chairman, or Dr. Bill McSmith, president.

Dolores Medford named county's Homemaker of Year

Mrs. Dolores Medford has been chosen Haskell County TEHA's Homemaker of the Year. She is a charter member of the Paint Creek Extension Club.

Mrs. Medford was born and reared in the Paint Creek community, the daughter of Mr. and Mrs. Henry Thane. She graduated from Paint Creek High School.

She married Burl Medford when he returned from the Air Force and they have farmed in the Paint Creek community ever since.

The Medfords have four children: Becky, a graduate of ACU is now teaching in Anson; Keith, who graduated from Paint Creek, is a farmer in the Paint Creek area and takes college courses between crops; Rodney is a Paint Creek freshman, and Ashley is a first-grader.

Mrs. Medford is a fabulous cook. Even with all the cooking she does for her family, she manages a birthday or anniversary cake for a neighbor or brings a salad or vegetable when she knows a neighbor is having guests, and takes cakes and other food to people in the nursing homes.

Besides her homemaking, she helps with the farming. She can drive a tractor, and she hauls the wheat and cotton to town. She has made a large

Dolores Medford

part of her children's wardrobes, making shirts, blouses, dresses and beautiful formals.

She teaches a primary class in the Sunday School of the Church of Christ in Haskell, and during the singing schools at the church she is hostess for a houseful of boys for a week. She and her family attend every service of their church.

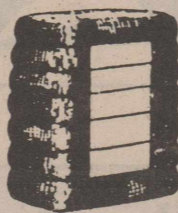

Mrs. Medford also attends and helps out with every event the Paint Creek school sponsors. Her husband

is a member of the Paint Creek School Board and served on the board of the Farm Bureau. Mrs. Medford is always ready to help with any of the functions of these boards.

She has served as president of her extension homemakers club for four years, secretary and treasurer two years, and council delegate four years and was a delegate to the state convention.

She often volunteers to give demonstrations after receiving the training at the county extension office by the home economics agent.

The Paint Creek club is very proud of Dolores Medford.

Child abuse

More than 2.25 million children were reported to authorities as suspected victims of child abuse last year in the United States.

In 1987 alone, more than 1,200 deaths occurred from child abuse. Since many cases go unreported, the hidden numbers may be even higher.

Award winner

Faye Mullino of Rochester is presented the Gold Star Award, highest 4-H honor given on the county level, during Tuesday's Rolling Plains banquet in Haskell. Making the presentation is Kit Horne of West Texas Utilities, banquet sponsor.

Haskell is host to 4-H banquet

Thirty outstanding members of 4-H clubs across the Rolling Plains were honored Tuesday night (Nov. 1) at a banquet in the Haskell Civic Center.

In addition to receiving the Gold Star Award, highest honor presented at the county level by the youth organization, the recipients were challenged by Gordon Grubbs, vice president of First City Texas Bank of Graham, to continue to be positive leaders and make this honor a stepping stone in their journey toward success.

Honored from Haskell County was Faye Mullino, daughter of Mr. and Mrs. George Mullino of Rochester.

Joining the youths at the awards banquet were parents, government officials, leaders of the Texas Agricultural Extension Service, fellow 4-H'ers, educators and other community leaders. They were welcomed by Kit Horne of Abilene, farm and ranch supervisor for West-Texas Utilities, the banquet sponsor.

Response to the welcome was by Lee Wall of Foard County, vice president of the district 4-H Council. Tracy Wheeler of Shackelford County, council president, was

master of ceremonies. Rusty Willmon of Motley County, council secretary, gave the invocation.

Tonya Sursa of King County, council treasurer, introduced special guests and Chuck Dannheim of King County, council public relations chairman, introduced the speaker. Award recipients were introduced by Ed Garnett, district extension director. Horne presented the award certificates.

Grubbs, a former 4-H member, teacher and coach, told the audience that "success is a journey, not a destination." He stressed three key elements of success: the right mental attitude, little things that make the big difference, and communication.

"Your attitude is important, and your attitude can change," Grubbs said. "Just as our attitude is a matter of choice, life is a choice. Your future depends on your choices."

STATEMENT OF INTENT TO LOWER RATES

Brazos Electric Power Cooperative, Inc. ("Brazos") hereby publishes NOTICE that it has filed with the Public Utility Commission of Texas a Statement of Intent and Petition for Authority to Implement a Temporary Reduction in Rates pursuant to the provisions of Article 1446c, Vernon's Annotated Civil Statutes and the Commission's Substantive Rules. Brazos is seeking an interim order to implement the lower rates effective with Brazos' billing cycle for December 1988. If approved, the proposed temporary rate reduction would result in a reduction of anticipated revenues by \$10,000,000, or 5.58% for the twelve months ending September 30, 1988. All customers of Brazos, which serves only at wholesale, are affected.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the PUBLIC UTILITY COMMISSION OF TEXAS, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. 'In Texas, politics is a contact sport'

AUSTIN—The 1988 election may be remembered as one which changed forever the way campaigns are waged in Texas, and a few words during the closing days by Sen. Lloyd Bentsen may best sum it up:

"In Texas, politics is a contact sport."
Indeed, it was.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

Some observers say this election has permanently altered future campaigns. Others disagree, certain that Texas will not see another election like this one for years to come.

With two Texans on the presidential ballot, it is certain to be many years before the stakes are so high.

From the early primary days to Election Day polling, Texas was visited, wooed, and crisscrossed by every candidate who could beg, borrow or steal a plane to fly here.

Texas: Big Enchilada

This was the first year of the Super Tuesday primary. Texas was the big enchilada. All the hopefuls appeared and returned as often as appearances could be scheduled.

When the primary dust settled, two Texans sat at the top of the tickets, and every voting household felt the pressure.

Both parties let loose with heavy shelling in the form of relentless television spots.

The candidates spent untold millions on television and travel budgets while ignoring more traditional aspects of political campaigning.

Remember when most candidates would save funds so they could purchase last-minute spots?

Not this year. Both parties started buying time before the Labor Day picnic and never faltered.

For ten long weeks, voters endured a blitz of negative political messages.

For voters, the silver lining was first-time absentee voting without being out of town as an excuse. The positive aspect of the election is that voters participated in record numbers.

Hispanics File Against FBI

The FBI has harassed and intimidated Hispanic agents who successfully sued the bureau for racial discrimination, according to documents filed in U.S. District Court in El Paso.

In papers filed last week, lawyers representing more than half of the bureau's 440 Hispanic agents asked for an injunction to

prevent the bureau from harassing employees who joined in the suit.

One Hispanic agent said in an affidavit that the bureau had taken away his pistol in retaliation for his decision to testify in the trial last summer.

MCorp Asset Move

The Federal Reserve Board has temporarily ordered MCorp to prepare a plan to move \$400 million in holding company assets into subsidiary banks that are short on cash.

According to the Fort Worth Star-Telegram, a source who requested anonymity said the Office of the Comptroller of the Currency contacted MCorp subsidiary banks needing a cash infusion, asking them to provide an explanation of how they intend to increase capital.

MCorp, Texas's second-largest bank holding company, will file for protection under the U.S. bankruptcy code if it receives a permanent order for a cash transfer, the source told the newspaper.

Houston Bingo Probe

Comptroller Bob Bullock's office launched a probe into reported irregularities in Houston bingo halls.

Attorney General Jim Mattox called for the investigation following reports of rigged games to steal money from charities.

Bullock has also asked Mattox to rule whether he can regulate high-stakes games planned for the Kickapoo Reservation in Eagle Pass.

Other Highlights

While the spotlight was on the election, Capitol halls were business as usual.

• Meeting in Laredo, directors of the University System of South Texas voted to make their schools part of the Texas A&M University System. A&M officials will decide this month if it will take over Laredo State, Corpus Christi State, and Texas A&I.

• State Rep. Glenn Repp tested electronic monitoring of non-violent parolees by wearing the ankle transmitter device for three days. Repp, a Duncanville Republican, said he will push for use of the device as a safe alternative to expensive prison terms.

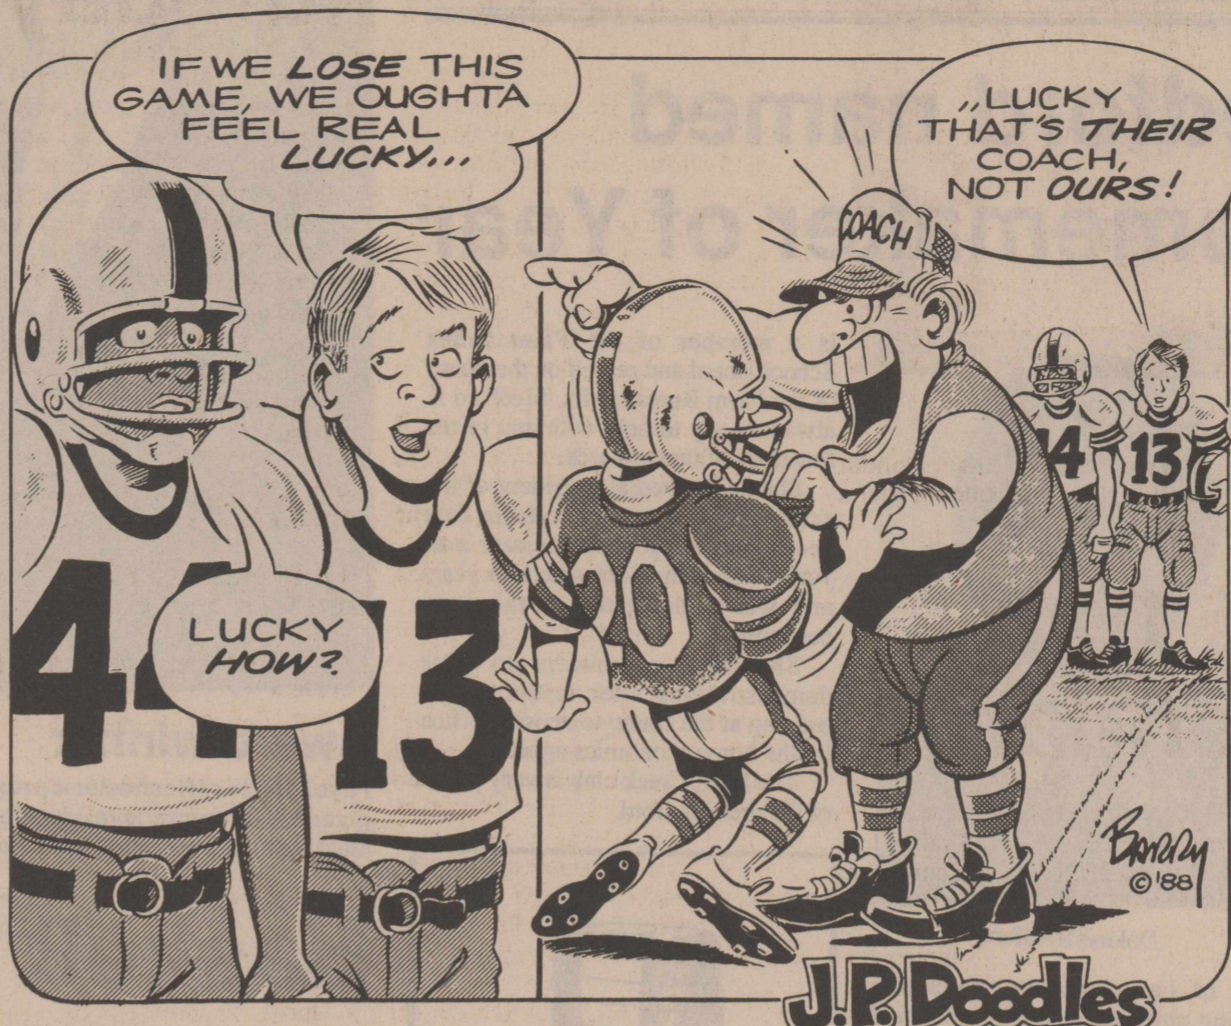

• Thirty-five prospective track operators have told state gaming officials they want licenses to build horse and dog racetracks across the state.

• State Employment Commissioner Ronnie Luna was buried last week amid tributes from state and party officials for the long-time Democratic Party activist.

Ask VA

Q: I own a manufactured home on a rented lot. I would like to purchase a lot for it. Can I do this using the VA guaranteed loan program?

A: Yes. A VA-guaranteed loan may be used to buy and improve a lot on which to place a manufactured home you already own and occupy.

Yep, the pen is mightier than the sword.

What the armies of Napoleon and Hitler could not do, National Geographic has accomplished with the stroke of a pen--and an assist from the computer.

NG cartographers have obliterated two-thirds of the Soviet Union in a new map of the world which is expected to become universally accepted. Russia is just too big on old maps, they say. So are Greenland and Alaska.

Speaking of time, as a lot of people are doing this week as they are still trying to re-program their biological clocks to CST, why won't people just leave it alone?

Molly and Maurice Freedman of New York are going around the country promoting the "Tranquility Calendar" which would give 30 days to each of the first 11 months of the year, followed by a 35-day December. In a leap year, December would have 36 days.

Oddly, the idea does have some merit. It would give an extra four or five days between Christmas and New Year's.

Really though, the idea's not totally new. The old Aztec calendar had 18 months of 20 days each, followed by five days not assigned to any month.

Why didn't the presidential candidates discuss the budget and the deficit in more than general terms?

It won't work. Bob Dole and Bruce Babbitt tried it, and you know how far they got with the voters.

It seems like only seven or eight years ago that the long presidential campaign began with the Iowa caucuses.

Remember how the pollsters, media and other self-proclaimed experts told us that the Iowa winners would be firmly implanted in the drivers' seats? In case you've forgotten, those winners were Bob Dole and Dick Gephardt.

Boss DC was one of the speakers the other day at the National Newspaper Association's annual convention in San Antonio. The country bumpkin from Haskell was in pretty high class company; he followed author Alex Haley on the program.

He remarked that he would have preferred to follow someone less entertaining. To which an out-of-state publisher replied: "Too bad you couldn't have followed your Governor."

"Do you know what they call a medical student who finishes last in his class?" asked basketball coach Abe Lemons. "Doctor."

His remark was appropriate in an AP story the other day explaining how the performances of Chuck Noll, Tom Landry and Don Shula are evaluated through a different criteria from that used for other professionals.

I never knew what to call it, but now I know. I have a bad case of "stuck thinking."

That's what A&M psychologist Dr. Steven Smith calls the condition when you are unable to solve a frustrating problem.

Then, he recommends something which I've been doing for years: "Forget about it."

He goes on: "When mental blocks stop us from solving problems, continuing with the same old approach is about as useful as banging your head against the wall. The answer to finding the key information tucked away in memory is to stop thinking about it."

If incorrect information is too accessible, he says, we need to take time out from thinking about it. In time, the inappropriate information will be forgotten and appropriate information will become more accessible.

Maybe that's the theory George Bush and Michael Dukakis were using when they were asked all those questions they didn't answer.

Oh, for the prosperity which is Newsweek's.

In last week's issue of the news magazine, 45 of the first 52 pages were solid advertising.

H. D. Rich of Weinert left Monday with a car of cattle for the Fort Worth market.

80 Years Ago Nov. 14, 1908

A large party of Throckmorton County farmers sold to Alexander Mercantile Company last Tuesday, 34 bales of cotton. Haskell merchants are getting a good trade from Throckmorton and local buyers are furnishing a market for that county's farm products.

T. N. Young, L. L. Harris and S. C. Hawes, trustees of Lone Star school district, were in town Thursday looking after the matter of issuing bonds to build a schoolhouse. They issued bonds for \$1,000 but think it will take only \$900 to build the school.

McNeill & Smith Hardware Company received two carloads of farm implements this week.

A trainload of 40 cars containing farm implements and equipment passed through Haskell this week consigned to Penick-Hughes Co., at Stamford, shipped from Canton, Ohio.

Will Lowrey is making some very extensive improvements on his property one mile northwest of the courthouse. He has some very valuable property and when the improvements are finished will have

one of the most beautiful homes in the city.

90 Years Ago Nov. 19, 1898

T. G. Carney is adding some substantial improvements to his residence.

Messrs. R. B. Fields and W. T. McDaniel left this week with a lot of mules which they intend taking into Louisiana for sale.

Capt. B. H. Dodson left Wednesday for the eastern portion of the state and Arkansas.

Mrs. S. L. Robertson and Misses Laura Garren and Rob Lindsey, accompanied by Mrs. Emmett Robertson, went to Abilene Thursday for a visit of a few days.

S. L. Robertson is receiving a full line of dry goods this week, including a nice line of ladies dress goods and trimmings, flannels, outings, percales, waterproofs, etc.

Judge Hammer failed to go to Throckmorton County this week to hold the regular term of district court and the local bar elected B. F. Reynolds, Esq., as special judge.

5,000 expected for gun show

More than 5,000 are expected to attend the Texas Weapon Collectors Gun and Knife Show in Wichita Falls this month. It will be Nov. 19-20 at the Downtown Activities Center, 10th and Indiana.

For information call (817) 692-3766 in Wichita Falls.

--Letters to the Editor--

From the Coach

Editor: On behalf of the coaches and players of the 1988 Haskell Indians, I would like to thank the Free Press for its excellent coverage and support of the 1988 season.

Thanks, too, to all the support personnel without which it would be impossible to conduct a football campaign. The sacrifice of time and money by so many has not gone unnoticed by the Indians.

Finally, it is to those in whose eyes we always saw unconditional support that we are most grateful. We are all better men for having spent ourselves in a worthy cause. Only time will tell how much better.

In Christ,

Nelson Coulter
Head Coach

in the Civic Center. The wonderful facilities were especially nice since the crowd was larger than expected.

Thanks also to the Haskell National Honor Society and Student Council members and their sponsor, Susan Pope, for serving as hosts and hostesses. Also, thanks to Wanda Thompson and her homemaking students for preparing the luncheon and the lunchroom ladies for preparing the cobbler.

Again everyone--Thanks!

Billie McKeever

Fire issue

Editor: On behalf of the State Firemen's and Fire Marshals' Association of Texas I would like to thank you for the special section your newspaper published about National Fire Prevention Week and your local fire department.

The only way we in the Texas fire service can get the message of fire prevention to the citizens of our communities is through good news media relations. Together we can help keep Texans safe from fire-related injuries and death.

Girl Scouts

A group of Haskell Girl Scouts got together this week to plan their calendar sales. Shown are Amy Cunningham, Amanda Wolf, Niya McCulloch, Nisha Patel, Paula Harvey and Amber Futch.

Girl Scouts now selling calendars

The 1989 Girl Scout calendars are here. They are being sold by Girl Scouts in Haskell.

The new calendar offers an opportunity to increase public understanding of outdoor education as part of the Girl Scout program. The calendar's photographs illustrate what Girl Scout outdoor education is all about: helping girls learn about, enjoy, appreciate and preserve the natural environment.

The calendar sale is a nationally sponsored Girl Scout fund raiser for 224 Girl Scout councils around the United States. Money made from the sale is one way Girl Scouts are able to assist with purchasing supplies for their own troops. Also, purchasing a calendar furthers Girl Scouting in the local community.

Wall calendars and pocket planners are available for \$2 each.

Smokeout coming up next Thursday

Preparations are being made for Haskell County citizens to participate in the Great American Smokeout next Thursday, Nov. 17. It is being sponsored locally by the Haskell unit of the American Cancer Society.

Kits are being delivered around central points in town to encourage smokers to do without for one day in the hopes that it will give them an incentive to quit smoking.

All kinds of articles of encouragement are being distributed, from T-shirts to buttons and pamphlets and adoption papers. "One of the kindest things you can do for a friend is to adopt him for one day and help him go through the day smokeless," said a cancer unit official.

Children are being encouraged to talk to their parents about the health hazards of smoking and chewing tobacco. Going smokeless also means going without any form of tobacco as it is the nicotine which is the danger whether it is in cigarettes, cigars or chewing tobacco.

The goal of the 1988 Great American Smokeout is to get at least one of every five smokers to give up cigarettes from midnight to midnight on Thursday, Nov. 17.

This year marks the Great American Smokeout's 12th year as an annual nationwide celebration. Last

year's smokeout reached new highs for participation in the day-long event. In only 12 years, the idea of taking a day off from smoking has spread to other countries such as Canada, Great Britain, Ireland, France, Australia, South Africa, Norway, Finland and Sweden.

For 1988, smokers are urged to "take a breather" and join the Great American Smokeout crusade next Thursday.

County has 21 at WTC

Twenty-one Haskell County students were enrolled at Western Texas College for the fall semester, Dr. Duane Hood, dean of student services has announced.

Total enrollment this fall is 1,026. Included were 578 full time students and 448 part time students. Scurry County has the largest number of students, 487, and Nolan County is second with 101.

Other counties represented by 10 or more students are Mitchell 74, Fisher 32, Haskell and Jones 21 each, Dickens and Kent 19 each, Garza 13, Taylor 12, Tom Green 11 and Lubbock 10.

Activity Center

Thursday (Nov. 3) was a special day for A. C. Jeter. He was given a party in his honor. He was the first resident of the Haskell Nursing Center 21 years ago.

Cookies and punch were served to residents and staff members. A special thank you goes to James and Ann Sinclair for providing the music and entertainment.

Jessie Strickland was given a corsage. She began working as an aide at the nursing center 21 years ago to the day. She was among the first hired by the nursing staff. She is now an LVN.

Being the activity director, I was happy to be here for this special occasion.

If you belong to any club, band, civic group or church organization I would love to meet and visit with you about activities, birthday parties and special occasions for the residents of Haskell Nursing Center.

Call me or drop by.

--Weinert--

by Myrtle Plemister

The accreditation team sent by the Texas Educational Agency spent three days in the Weinert school last week and delivered an oral report to H. L. Guess, superintendent, and C. W. Forehand, principal, before leaving the premises. They were very complimentary of the school's programs, projects and facilities, and a written, concise report will be mailed later.

The team consisted of three trained personnel from Austin with Cecil Robinson, principal from Aspermont.

Congratulations to Heather Guess and Shanna Murphy who brought home victory ribbons from the District 4-H Food Show held in Wichita Falls on Saturday, Nov. 5th. Heather, daughter of Hal and Cindy Guess, won 3rd place in the Junior Division of main dishes with her dish called Grandmother's Sausage Quiche. Shanna, daughter of Ed and Mary Murphy, won 4th place in the Intermediate Division of Snacks with her Oatmeal Cake.

We congratulate Lester and Kathi Hutchinson and Wayne and Cherie Hutchinson who will be celebrating wedding anniversaries this week. And we sing Happy Birthday to Mark Stewart, Melvin Brueggeman and our modeling celebrity, Imo Brockett as they each reach another "milestone" in life. Happy birthday!

We want to throw bouquets to the Mogul Purple Cloud band as they march in State competition in Austin this week. Congratulations!

Around town: Mattie and D. I. White entertained

all their family with a dinner in their home Thursday night, as a send-off to the men who left early the next morning for the first hunt of the season.

Those present were Jimmy and Sue Hackney, with Tolinda of Ft. Worth, their son, Todd Hackney of Vail, Colorado, Jimmy and Gail White, with Kyle and Kevin; Marty and Kristy Earl with Daniel of Weinert and Kelly Wren of Munday.

Lois and Doug Anderson, with Chris, and Frank Davis all of West, Texas were in town to visit their mother and brother, Lucinda and Calvin Davis.

Mildred Guess returned safely on Sunday from a two day tour of the northeast. She was accompanied by her cousin, Mar Lou Wolf of Iowa Park and a granddaughter, Cynthia Murrell of Irving.

The trio enjoyed a visit in Herndon, Virginia with a maternal aunt, Elizabeth Hatfield and her son, Mr. and Mrs. Travis Hatfield and their two daughters.

In Elkton, Maryland, they visited with Cynthia's paternal uncle, Nelson Alderman, before she caught a plane at Dallas to return to her home in Irving.

Mildred and Mary Lou enjoyed a leisurely trip through the beautiful foliage on their way back to Texas.

Lincoln and Laura Plemister of Avoca, and David and Peggy Plemister, with Greg of New Braunfels were weekend guests of their parents. They all attended the annual Sanders Reunion, held this year in Gorman on Saturday.

On Sunday, they all were joined by Helen Boykin and Roy and Leta

Plemister for the trip to Sweetwater where they attended the 50th wedding anniversary of Carlos and Ozell Plemister.

Tammy Offutt of Wichita Falls were in town on her day off at the MBank in Wichita to visit her grandparents, Mildred Offutt and Eddie and Myrmie Sanders.

The home of Bertie Alexander overflowed with love and laughter as her children gathered in preparation for their mother's family reunion, the annual Sanders reunion, held in Gorman on November 5th.

Coming for the weekend were Faye Crawford, of San Antonio with Janie, Ronnie and Grandy; Roy and Murl Alexander of Lubbock and Evelyn Ellington of Muleshoe.

Myrmie Sanders accompanied her sister, Faye Brian to Ft. Worth for a doctor's appointment last week. Faye received a good report.

They later visited in the home of their brother, Mr. and Mrs. Warren Johnson and a sister, Leatha Holloway of Dallas. Leatha has just moved from Waco into a security hi-rise apartment and loves the change, especially since she is near her daughter and family.

The Moeller family met at the

Weinert Community Center for their reunion with approximately 80 family members in attendance.

Hosting the affair were Melvin, John and Larry Brueggeman, and Betty Carr of Paducah.

Hosts for next year will be Joan Stovall of Abilene and Donnie Moeller of Mesquite.

Word has been received that Ted Jetton is hospitalized in Brownwood with what the doctors there think was a "mild" heart attack. Ted has been having trouble breathing for several days, but his local doctor thought he would be able to make the trip to visit their son, Bill, and Dorothy, his wife. He became worse on Friday night and was hospitalized on Saturday.

Faye is at his bedside. Letters may be sent to 108 Bonnie Place, Brownwood, 76801.

Our prayers are for a quick and complete recovery.

Donna and Darla Griffis, daughters of Donald and Gracie Griffis, have each received an invitation into the Gold Key National Honor Society of America, which is a select academic group.

Donna has a grade point average of 3.8 and Darla has a 3.6 average. They are students at Texas Tech University in Lubbock. We are very proud for the girls. Congratulations!

Have a nice day.

TAX PLANNING

Written By
Gerald Rodgers, CPA

TAX DEADLINES APPROACH

Though the Tax Reform Act of 1986 was passed more than two years ago, the deadlines for some of the law's requirements and elections are just now approaching.

One such deadline is of importance to small corporations planning to liquidate. The 1986 law repealed the General Utilities Doctrine which allowed corporations to liquidate without paying tax at the corporate level. Under a transitional rule, qualifying corporations valued under \$5 million can still avoid the corporate level tax if they complete their liquidation by December 31, 1988. Corporations valued between \$5 million and \$10 million receive partial relief.

New rules on discrimination in employee benefit and retirement plans generally become effective in 1989. Where plans continue to discriminate in favor of higher-paid employees, these employees will be required to include additional amounts in income. Though some of the rules may be eased, companies with retirement or employee benefit plans should be getting details and advice on necessary plan amendments.

Another deadline is of importance to taxpayers who have large sums in a pension plan or IRA. The 1986 Tax Reform Act assesses a 15% excise tax on annual or lump-sum distributions from retirement plans when they exceed certain amounts. There is a special grandfather rule that can be elected by individuals whose retirement plans totaled \$562,500 or more as of August 1, 1986. With the filing of their 1988 tax returns, these individuals can elect to have his grandfathered amount exempted from the excise tax. While this election could save some taxpayers thousands of dollars in taxes, it will not do so for everyone. Taxpayers in this situation should do the necessary tax planning to get the best results in their own individual circumstances.

Weinert club has program on diets

Faye Jetton hosted the Weinert Home Extensin Club at the school Tuesday, Nov. 1. Eight members and two guests answered roll call with a "Diet Plan I've Heard About."

The program was presented by Lou Gilly, extension agent, and was to be on "Fad Diets Don't Work", but was changed to a Personality Profile test and a checklist of how to recognize our own strengths and weaknesses of character, and how to get along with others.

Everyone is one of four personalities: Sanguine, Choleric, Melancholy or Phlegmatic. Sht Sanguine people like to play, they are easy-going, optimistic, outgoing, outspoken and enjoy being leaders. The Choleric is work oriented, organized and decisive. They are complimentary to the Melancholy who are sensitive, soft-spoken and idealistic. The Phlegmatic is a worrier, pessimistic, introverted and un-involved, nonchalant and indecisive. It was a fun program.

In the business meeting, Mrs. Cunningham read the list of the new

officers for 1989. They are Mrs. R. S. Sanders, president; Mrs. Harlan Weinert, vice president; Mrs. Donnie Crump, secretary and treasurer; Mrs. Gus Rueffer, council delegate; and Mrs. J. E. Jetton, reporter.

Alice Yates gave the council report and advised the club that Weinert is to be hostess on Nov. 16. She reported Weinert has two 4-H members who are eligible to enter the 4-H Food Show in Wichita Falls by winning first place in their category in the county. They are Shanna Murphy and Heather Guess. Financial report for council was \$1,277.

The quilt chairman reported by pointing to the quilt in the frame, as it is in place in the typing room at school and is being quilted.

The next meeting of the club will be the Christmas party. Mrs. R. S. Sanders invited the club to her home on Dec. 13, and husbands will be special guests, as will county officials and Mr. and Mrs. Gilly.

Refreshments of sandwiches, cake, nuts and Coke were served by Mrs. Jetton to Jimmy Weinert, Betty Sanders, Myrtle Phemister, Debbie Crump, Henrietta Rueffer, Cordie Cunningham, Alice Yates and Mildred Offutt, guest. Dorothy Brown of Munday also was present for part of the program.

Paint Creek Homemakers convene

Members of the Paint Creek Homemakers Club answered roll call with "A diet plan I have either read or heard about?" when they met Nov. 7 in the school cafeteria.

Among diets mentioned were "St. Joseph's," "Dolly Parton," "Priti Kin," "Grapefruit," and "Weight Watchers."

Mabel Overton gave the devotional entitled "What I Need." She also read the minutes and gave the treasurer's report.

Lou Gilly, county extension agent-home economics, gave the program entitled "Personality Profile" which was enjoyed and was very interesting. Ann Sinclair gave the council report.

Members decided to participate in a cookie exchange on Dec. 5 at 10 a.m. in the county extension office kitchen.

The club presented a \$500 check to Paint Creek ISD to help pay for a new laminator. Superintendent Jerry Morgan accepted the check on behalf of the school.

Refreshments of frosted Cokes were served by the hostess, Frances Fischer, to Lou Gilly, Mabel Overton, Ann Sinclair, Dolores Medford and Peggy Burnett.

Hobby Club

The last two regular meetings of the Rochester Hobby Club have been very enjoyable ones. Besides being together again many of the members have had vacations or their folks have been visiting here. We are always interested in summer time news of our relatives and friends.

The club is certainly grateful for Home State Bank providing us a meeting place in the back of the bank building and we also appreciate very much the cooperation from the men and women of Rochester who helped the club move from the Webb building into the bank building.

Myrtle Townsend was hostess to 16 members and six guests at the club's Oct. 18 regular meeting while Evelyn Underwood was hostess to 16 members and three guests for the club's Nov. 1 regular meeting.

Evelyn Rogers and Emily Wilson have November birthdays. Shelly Speck's and Mattie Lou Cole's "Spider Web" quilt for the club is ready for sale. A very pretty landscape quilt belonging to Myrtle Townsend is being quilted now.

The club also has a crib quilt for sale.

Emily Wilson is to be hostess for the club's regular meeting scheduled for Nov. 15.

BIRTHS

Joshua Scott Kimmel was born at 8:13 a.m. Oct. 3 at Methodist Hospital in Lubbock. He weighed 8 pounds, 1 ounce and was 19 inches long.

He is the son of Bernie and Tammi Kimmel. He was welcomed by two big sisters, Tiffany and Loving.

Grandparents are Rex and Tinka Herricks of Weinert and Sheila Kimmel of Munday. Great-grandparents are Mr. and Mrs. Roy Herricks, Queston Green of Snyder, and Homer Moore of Munday and Floyd Moore of Fort Worth.

Marriage licenses go to 3 couples

Receiving marriage licenses last month from the office of County Clerk Woodrow Frazier were:

Dennis Ray Stapleton and Angela Irene Muhle, both of Abilene.

Gerry Wayne Walters of Haskell and Letha Marie Mullen of Abilene.

Norman Ben Acosta and Elida Arellano, both of Stamford.

Sport About Salutes The Indian Players Of The Week Haskell Indian Team

The victory last Friday against Anson the district champs was a team effort. The offensive line of Bo Watson, Roger Roewe, Eric Mullen, Paul Harvey and Randy Adams did an outstanding job of blocking and opening holes for the backfield of Fred Shaw, Chan Guess, Rodney Johnson and Jonathon Dever. The defense turned in another brilliant performance of shutting down Anson's defense. The special teams had their best game also. So this week we give the Indian player of the week to the entire Indian Team and their Coaches.

HEALTH NOTES

CHLORINE & COLON CANCER

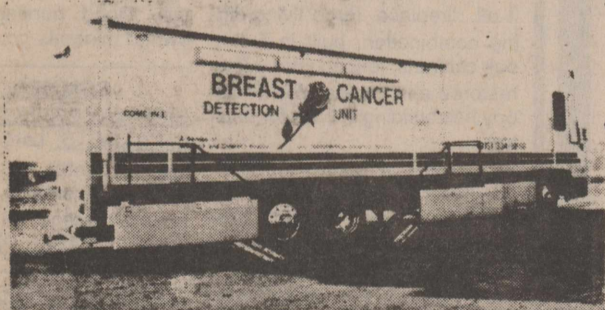

The drinking of chlorinated water has finally been officially linked to an increased incidence of colon cancer. An epidemiologist at Oak Ridge Associated Universities completed a study of colon cancer victims and non-cancer patients and concluded that the drinking of chlorinated water for 15 years or more was conducive to a high rate of colon cancer.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

FRIDAY, NOVEMBER 18, 1988

HASKELL, TEXAS

A Service of

HASKELL MEMORIAL HOSPITAL

CALL 864-2621 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 864-2621.

The Mobile Breast Cancer Detection Unit will be in Haskell on Friday November 18.

The American Cancer Society has established guidelines for a mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

I. 35-40 years of age - One baseline mammogram.
II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, VISA, MasterCard and American Express.

For more information or to make an appointment call 864-2621.
