

Mr. Muleshoe . . .

By J. M. FORBES

It's a tight well that is, we suppose, being drilled by Phillips Petroleum on A. X. Erickson land about a mile northeast of Segall. The editor of The Journal, in person, accompanied Sunday afternoon by three of the most prominent gentlemen of this city, stopped on the road where it said, "others will stay out". We sat there several minutes and no one from the well drilling crew ever did come out and say, "Here, you fellows come right on in." I gathered they had nothing to say for publication in the local press.

We didn't see, on our trip through the county, any liquid gold. But we saw plenty of other potential riches in the form of growing cotton, sudan, and sorghum grains. But they needed rain down there that day, all through that section a rain would help. It all depends upon the season from here on out; the farmers have done all any farmer could do—they have the crops up, they have them clean, and the rest is left to Providence.

Now, here, it's too early for those political rigmaroles that come out every time we elect a President. But a good old friend of ours, whose subscription is paid up, has handed us this one to start the ball rolling:

J. Claude Wells, editor of the Memphis Democrat, published the following article which was taken from a California paper:

"The GOP elephant is dead. It had been ill a long time. It contracted a lingering hardening of the arteries under Harding, showed no improvement under Coolidge, and Hoover put it on a diet. At the end of the Hoover treatment, FDR prescribed a four-year rest cure—which eventually lasted 16 years.

Nearly four years ago the patient began to sit up and take shots of Dewey extract. It began to show signs of improvement. Dr. Gallup was called in from time to time. He said the patient was gaining so rapidly it could go back to work in January, 1949. All went well until election day. It seemed the elephant had been fed so much baloney it had swollen to jumbo proportions. In this inflated and weakened condition it was no match for the well-conditioned Democratic mule which sneaked up and everlastingly kicked it to death.

Well, 1952 is another year and another Presidential election, and we shall see what punsters can figure up after that one is over. I figure two things are unpredictable, practically, one being football, the other politics.

We have often thought that the newspaper man has as many things to see about as any other two men. We believe old Orard Upton, out at the alfalfa mill, has us bested. He jumps around like the Irishman's flea, and is busier than Jerry Colonna ever was. But he has a good force to help him and they are turning out 40 to 50 tons of alfalfa meal every 24 hours. It's still warm when the man gets through sewing it up in a sack and it's still green, holding all its myriads of nutrients and vitamins for human food and animal feeds. Quite an operation is going on out there and visitors are always welcome. Personally, I like to smell the aroma that comes from the cooking hay.

But back to crops: It is believed that even should we produce 16 or 17 million bales of cotton this year, the goal for 1952 still will be about as much as this year, 16 million bales.

Reason is the tremendous defense program. So many uniforms are being made, so much cotton has to be used in producing materials for other purposes. There is an increased demand from abroad, and last year's carryover wasn't large. Cotton is almost a ubiquitous material, for they have to use some in many synthetics and in hundreds of manufacturing processes.

I do not know that you and I approve of the government's regulating us so much, but I think we can agree we need a central agency which knows world conditions and can foresee how much we need of a certain farm product. The farmer has no time and no facilities for figuring out world needs or even U. S. needs. My papa raised a lot of cotton one year and we sold it for 5 or 6 cents. Had he known the world didn't need cotton very bad at the time he could have planted maize, or watermelons, or whatever was needed. And if you hated hard, hot work in the sun as bad as I do you would want a situation like that corrected; and it happened so often

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, July 19, 1951

Muleshoe C. of C. Announces The Employment Of Al Hall As Manager

A. O. "Al" Hall, of Pittsburg, Texas, has been employed as manager of the Muleshoe Chamber of Commerce. Members of the board of directors, meeting Tuesday night, selected Mr. Hall and notified him by telephone Wednesday. He accepted the position here and is expected to be here on the job Monday morning.

Mr. Hall is an ex-newspaper and radio man. For several years he was managing editor of the Tyler, Texas, Morning Telegraph, and has had five years of radio announcing and promotion work. He resigned the newspaper position in Tyler to accept the Pittsburg place. Other experience includes personnel relations work during the war when he published a defense plant paper and conducted other activities among the personnel.

The new manager is 45 years of age. His family consists of his wife, their 10-year-old son and 6-year-old daughter. The Halls are members of the Presbyterian church.

Primitive Baptist Service Announced

There will be preaching in the home of Mrs. R. B. Perrin, at Farwell the coming Saturday night, July 21, services to begin at 7:30 o'clock. Primitive Baptist Elder C. J. L. Bolinger of Lubbock, will preach, and Mrs. Perrin said she is also expecting Elder Jack West of Anson to be present.

Mrs. Perrin lives by the Farwell school house. Those coming on the highway should turn south at the Henderson elevator and go to the school house. Mrs. Perrin lives just across the road northeast from the school.

Everyone is invited to attend this service, and especially those who have never heard a Primitive Baptist preach.

Pool Brings Lions Program

Lee Pool was in charge of the program at the regular weekly meeting of the Lions Club Wednesday noon at Gerald's Cafe. He reviewed the answers of Bernard Baruch to 13 questions asked him by students of Brown University some weeks ago.

Mr. Baruch the well known Presidential advisor, answered these questions without doing research for the answers as he didn't know what they were until asked him.

This review was taken from the July 17 issue of LOOK magazine from the article entitled "Baruch Answers". The questions are of national importance and should be of interest to everyone in the United States.

Visitors at Wednesday's luncheon were Buddy Peeler, guest of his father, Jeff Peeler, and Aubrey Heathington and J. W. Casey.

Body Of Earth Soldier Returned

The body of a soldier of the Earth community, Tech. Sgt. Raymond D. Randolph, killed in the Korean war, arrived in San Francisco Monday.

Methodists In Preparation For Revival Meeting

By Rev. H. W. Hanks, Pastor
Again let me call your attention to our revival meeting. The special services begin Sunday morning, July 29 and run through August the fifth. The morning services will be from seven to eight. The evening services will begin at 8:15. We will have old time singing and gospel preaching. Dr. Hooton is recognized as one of the best preachers of our entire church.

Though in order for the services to be what they should be it is necessary for all of us to work and pray. There is something each one can do. Speak to others, ask, even urge them to attend. Pray for yourself and for others. In order to better prepare ourselves for the revival meeting we are observing a twenty-four prayer vigil beginning at seven p. m., July 26 and continuing till seven p. m., July 27. This does not mean that anyone will remain at the church during all that time.

The plan is this. Two or four persons come and sit or kneel at the front pew and remain in prayerful mood for thirty minutes. Then two or four others come and take their places. In this way, as you can see no one need stay more than thirty minutes. There will be no singing. No talking. Just pray and listen to the still small voice of our master.

Now we need more people to sign up, for this vigil. Several have already signed for a certain period. Though we need several more. The card, of board showing the schedule is on the bulletin board in the vestibule of the church. So please sign for the hour you wish to take. Let no one miss the blessing that will come from such a service.

Tomorrow Is Baseball Night

Tomorrow night will be Muleshoe night in Clovis when the Lubbock Hubbers play the Clovis Pioneers. Several Muleshoe merchants are giving tickets to their customers which will admit them to the game by paying the federal tax.

As an added attraction, a three inning game has been scheduled featuring Muleshoe and Portales merchants.

Playing for Muleshoe will be Windy Young, c; Ray Keeling, p; Ernest Locker, 1b.; Fred Bean, 2b.; H. H. Potter, 3b.; Blondy Ray, ss; Dudley Malone, lf; Ray Griffiths, cf; and Hugh Freeman, rf. Pat Bobo will be manager.

Others who will play are: Bill Whalen, Loyd Roberts, L. A. Green, Morris Douglass, Tom Morgan, Buck Woods and George Hicks.

This event is being sponsored by the Muleshoe Junior Chamber of Commerce.

Tickets may be secured from many of the merchants in Muleshoe.

Revival Begins At Longview 20

Revival services will begin at the Longview Baptist church tomorrow (Friday) night, July 20, the pastor, Rev. J. E. Moore announces.

Evangelist will be Rev. Smith, pastor of the Baptist Church at Bula. Song leader will be Alfred Brian Jr., of Brownwood, and Miss Mona Wilhite will be the pianist.

Rev. Moore extended a cordial invitation to all to attend these services.

THE JOURNAL will deliver any item you need in the way of office supplies—if we have it. Just call 54.

City Official Decries Weeds, Junk And Debris

People ought to cut down the weeds about their premises and ought to keep weeds, debris and junk cleared from any vacant property they own, in the opinion of W. E. Young, street and water commissioner, who said the city's spraying against insects will have little effect unless these measures are adopted.

Young said weeds have grown shoulder high on some vacant lots. In some cities, he pointed out, the authorities are empowered to clean up these lots and to force the owner thereof to pay the cost of such cleanup.

He asked on behalf of the city the cooperation of all residents and all property owners, to the end that Muleshoe will be not only more attractive but more healthful.

Rodeo Plans Being Made

Pioneer day plans, or a similar festivity for Muleshoe are being made by the Muleshoe Roping Club and the Junior Chamber of Commerce.

Plans are being made to hold the celebration the latter part of August of the first part of September. A committee composed of JayCees and Roping Club members is scheduled to meet this week.

The festivities will include a rodeo featuring the top performers of the Southwest, the best rodeo stock available and a large amount of prize money for the contestants.

No official name has been decided and suggestions for a name for the event would be appreciated by members of the committee.

Anyone having a suggestion may contact any members of the Roping Club or JayCees.

Flea Hoppers Found In Bailey County Cotton

There are some flea hoppers in the cotton fields of Bailey County, the county farm agent, J. K. Adams said. He said the situation will bear watching closely by the growers, for it could get out of hand quickly.

Posioning definitely is indicated if a build up occurs and this may be at any time, he thought. With cotton priced as it is, poisoning will be profitable, and early poisoning is certainly in order, he said.

He urges growers to keep a close watch on the hopper situation in the next few days.

Friends Present Shotgun To Moore, Hubbers Manager

It was Muleshoe night at the baseball park of the Hubbers in Lubbock Saturday night. Many local people attended to pay honor to Don Moore, Muleshoe boy who is now manager of the Hubbers, a West Texas-New Mexico League club.

Mayor Ray Keeling, on behalf of his friends of Muleshoe and Bailey County, presented Don with a fine shotgun.

Lubbock won the game, defeating Clovis' Pioneers 7 to 6.

Firestone Sale Ends Saturday

The big sale at the Bass Firestone Store here will continue on July 31, Harvey Bass, owner of the store said.

The store has drastically cut prices on appliances, ranges, spark plugs, in fact many store items for this sale.

Readers are referred to a full page advertisement in The Journal of last week and a circular printed therefrom for details on prices offered in this sale.

REV. J. A. WELCH

Baptists Will Begin Revival

Rev. M. E. Robinson, pastor, announces a revival meeting will start at the Main Street Baptist Church on Sunday, July 22. The meeting is to continue through July 30.

Rev. J. A. Welch, pastor of the First Central Baptist Church of Lubbock will be the evangelist. Services will be held daily at 10:30 a. m. and 7:30 p. m. The public is cordially invited to attend.

Progress Revival Starts July 22

Rev. C. A. Bickley of Lubbock is to be the guest pastor for the Methodist Church in Progress in their summer revival beginning Sunday, July 22, and continuing through Sunday, July 29. Rev. Carroll M. Jones, the pastor is to have general oversight of the campaign. He emphasizes that the dominant theme of the services is to be on spiritual growth and development of the Christian.

Rev. Bickley is a well known pastor in the Methodist church in this area. Until June of this year he was serving the Asbury Methodist church of Lubbock. He was in this capacity for eight years with a splendid record of achievement. At the present time he is in a retired relationship in the Methodist Church.

Services will begin in the evening at 8:30 p. m. The morning services will be held at an hour most convenient for the people attending. Everyone is invited.

Our Honor Roll

New subscribers to the Journal this week are:
Rev. Harmon Keelin, Lazduby, James S. Smith, California.
E. L. Magby, City.
C. E. Armstrong, Clovis.
Travis Winters, City.
Those renewing their subscription to the Journal this week are:
S. C. Caldwell, Route 1.
C. B. Howard, City.
Glenn Brannan, Goodland.
Pershing Busbie, Route 2.
Curtis Spivey, City.
Victor Foss, City.
Graham Chandler, Va.
W. E. Reese, Morton.
C. C. Matthews, Route 1.
T. C. Wisman, Sudan.
Billy Don Barbour, City.
Lela Barron, City.
H. L. Wilhite, City.
E. M. Shaw, Stoneburg.

Spencer Beavers, City.

MAY ENLIST IN THE NAVY ANY TIME BEFORE JULY 30

The Journal has received word from Irvin W. Flack, MMC, USN, of Clovis, the following information: All men who have not received their pre-induction physicals may enlist in the Navy if they do so before July 30, 1951.

NO FISH, NO FISH MURRAH STORY, SAYS HILL MURRAH

Hill Murrah has returned from that fishing trip to Possum Kingdom lake, reported in The Journal last week. He reports: No fish, no fish tale, he just went fishing. The only fish he saw, Honest Hill said, was one at Comanche Lake and a man gave him that one. He was as proud of it as a 4 year old boy with his first pair of cowboy boots.

Bailey Farmers Use Conservation Services To Save And Build Soil

Peggy Jean Cox Rites Conducted

(From State Line Tribune Farwell).

Funeral services for Miss Peggy Jean Cox, 21 year old local girl who died last Friday night at Wichita Falls, where she had been receiving treatment, were conducted at the Baptist Church Sunday afternoon by Rev. C. M. Fields.

Under the direction of Steed Funeral Home of Clovis, burial took place in the Texico Cemetery, following the services. She is survived by her father, Guy Cox of this city, and her mother, Mrs. George W. Jones, Petaluma, Calif., one sister, Mrs. Margaret Sinclair, Dimmitt, four brothers, Walter Cox, Grier, N. M. Guy Cox, Jr., Dimmitt, Joe Cox, Chanute, A. F. B. Ill., and Jesse Cox at home.

Other survivors include her two grandmothers, Mrs. Jas. A. Cox, Dimmitt, and Mrs. Duke Sandlin, Ola, Ark.

A large crowd of sorrowing friends and relatives gathered at the church to pay final respects to the beloved young lady. Out-of-town relatives here for the funeral included, Mr. and Mrs. James A. Cox and family, Logan, N. M.; Mr. and Mrs. Clint Cox, Clayton, N. M.; Mr. and Mrs. Ted Cox and family, Amarillo; Mr. and Mrs. Ralph Cox and family, Muleshoe, Nancy and Harold Squyres, Houston; Mr. and Mrs. Eldon Boyd and family, Portales; Mrs. Jas. A. Cox, Dimmitt in addition to many other out-of-town friends.

Active pall bearers were, Olan Schleuter, Claude Thomas, Willie Hardage, Albert Sinclair, Houston Lust, Herbert Howell. Honorary pall bearers were, Mose Glasscock, Glenn Phillips, E. F. Billingsley, Chas. Lovelace, Gene Lovelace and Sterlyn Billington.

Second Round In Tennis Tourney Is Completed

Championship honors are near for one of the players in the Muleshoe JayCees tennis tournament this week.

Second round results were: E. W. Evans defeated Joe Upton; Weldon McCarty won over Carroll Howell; Elmo Evans won over Clarence Weeks; Sam Dameron defeated Lowell Irvin St. Clair; and Elmo Evans won over Lloyd Alsip.

Connie Dale Gupton won the right to enter the semi-finals by defeating Weldon McCarty Wednesday.

In the semi-finals Elmo Evans will be pitted against Sam Dameron and E. W. Evans will go up against Connie Dale Gupton.

What is there a possibility that the Muleshoe championship may turn out to be a brother affair? The Evans boys learned to play in California and the Coast brand of tennis might be too much for these boys who have been brought up on Texas tennis. We shall see mighty soon.

Hospital News

Mr. Cliff Odum is still recuperating and will be able to go home soon.

Mrs. Anna Schroeder is in for medical care. She is resting fair.

Mr. E. C. Brown has been readmitted for a day or two. He will soon go home.

Mrs. J. L. Alsip is in for minor surgery.

We regret that Lola Mae Roark's name was omitted from the news last week. She was in several days for medical care and has now gone home.

CONGRATULATIONS: To Mr. and Mrs. Ralph Black, on the birth of a daughter, July 19.

VISITED WITH SON: Judge and Mrs. Cecil Tate and son, Gaylord, visited over the week end with their son, Howard, who attends school at Baylor University. Howard met them at Abilene.

Farmers of Bailey County are using the assistance provided under the Agricultural Conservation Services as a means in checking erosion and building up the soil on their farms.

Construction for diversion terraces. The assistance provided under the ACP encourages, the chairman explains, makes it possible for farmers to carry out soil and water conservation practices that are necessary in the public interest, he said.

Approved Practices Listed
In 1951, the following conservation practices have been approved for Bailey County.

Construction of terraces.
Leaving on the land stables and stubble of sorghums.

Contour listing, contour chiseling, cross slope chiseling, etc.
Bringing clod forming subsoil to the surface of bare crop land.

Control of bindweed.
Levelling for irrigation.
Reorganization of farm irrigation system.

Application of potash or phosphate.
Growing a green manure or cover crop of summer legumes.
Establishing a satisfactory cover of winter legumes.

Establishing or improving permanent pastures by seeding.
It was pointed out that practices Nos. 1, 2, 4, 7, and 8 listed above require technical assistance.

Motor Vehicle Operators Must Carry Liability

Operators of motor vehicles in Texas will, after January 1, 1952, be required to carry public liability insurance or else furnish evidence of a net worth of \$15,000. Local insurance agencies are making preparations to supply this sort of insurance to those who do not already carry it. The law requiring this insurance was adopted by the Legislature in the session just ended.

The act will be administered by the Department of Public Safety.

Report of all accidents involving death, injuries or property damage of more than \$100 must be made within 10 days. The department will determine the amount of security that must be put up to satisfy any judgment. This does not apply if the motor vehicle liability policy is in effect at the time of the accident.

Motor vehicle liability policy means one of \$5,000 or \$10,000 for bodily injuries and \$5,000 property damage. The law applies to non-resident drivers as well as to Texans.

The person who expects to drive an automobile or motor vehicle of any kind should consult his insurance man if he does not already carry this type of insurance.

BRO. SHELBURNE WILL PREACH HERE JULY 24

Bro. G. W. Shelburne of Kerrville, Texas, will preach here Tuesday night, July 24, in the North Side Church of Christ. Minister Shelburne is a nationally known Bible instructor.

VISITED WITH DAUGHTER

J. E. Day and Mrs. E. R. Wright went to Southland Sunday to visit Mr. Day's daughter and family. Mr. and Mrs. H. C. Dunn, Mrs. Day returned home with them after a week's visit with her daughter and family.

CHRISTIAN SCIENCE SERVICES
 Life is eternal without beginning or end is the theme of the Lesson-Sermon titled "Life" to be read in all Christian Science churches on Sunday, July 22. The Golden Text brings out that eternal life is the gift of God in these words: "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23).

To reap the benefits of eternal life, humanity must make a choice between good and evil, as seen in this verse from Deuteronomy: "I call heaven and earth to record this day against you, that I have set before you life and death, blessing and cursing; therefore choose life, that both thou and thy seed may live: That thou mayest cleave unto him: for he is thy life, and the length of thy days." The Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality" (page 487).

EVERYONE WELCOME

See your Grocer for Soil Conservation Problems?

The grocer in your town may be a smart fellow but we'd be surprised if you relied on him for advice about the latest soil conservation techniques. You'd go to an authority... the soil conservation expert.

The same should apply to servicing of your John Deere Equipment. Take it to the shop that knows it best... your John Deere dealer.

Here, in our shop... the mechanics are specialists, trained in servicing methods approved by John Deere. They'll do only the work that's necessary... do it efficiently and at the lowest possible cost. Our shop is equipped with precision equipment to meet every servicing need. And, on every job, we use only genuine John Deere Parts. They're made to fit right... to last longer.

No other shop in this community is equipped to match this efficient, economical service. See us about your John Deere servicing problems soon.

DAVIS - LENDERSON

Irrigation Wells Increase By 2500 In Past Year On The South Plains

Twenty-five hundred new irrigation wells have been drilled on the High Plains during the past year.

This is an estimate made by Bob Thurmond, irrigation specialist stationed in Lubbock by the Texas A. & M. College Extension service. Thurmond made his estimate from reports of 29 county agents in as many counties.

The tabulations show there are 16,509 irrigation wells today, compared with 4,000 a year ago and 2,560 10 years ago.

There are 2,230,965 acres under irrigation. A year ago there were 1,966,000 irrigated acres and in 1941 there were about 275,000 acres subject to irrigation.

Counties included in the sur-

More acres of cotton are irrigated than any other crop. Thurmond figures 1,114,070 acres of cotton are under irrigation this year.

Crops Listed

Other irrigated crops in acres include: Grain sorghums 612,110, alfalfa 98,245, wheat 309,880, pasture 56,360, barley 150, sudan 23,000, potatoes 6,050, sugar beets 1,800, oats 1,000, onions 850, safflower 1,400, castor beans 1,500, lettuce 2,300, pop corn 800, cabbage 175, corn 20,350, black eyed peas 500, beans 200, tomatoes 120 and miscellaneous legumes 300.

Farms Numbered

The survey shows there are 11,651 irrigated farms. Of the total number of wells 5,910 pump less than 700 gallons per minute and 10,599 pump more than 700 gallons per minute.

Butane, with 10,279 wells, is the most popular type of fuel used to power pumps. Others include: Gasoline 2,363, diesel 467, electricity 2,116, and natural gas 1,284.

Deaf Smith is the most diversified of the counties. Thurmond's survey shows this county irrigates cotton, grain, sorghum, alfalfa, wheat, pasture, potatoes, sugar beets, onions, safflower, castor beans, lettuce, and corn. This is 12 different crops.

Hale and Lamb counties follow closely in the amount of diversification. The survey shows Hale county grows 11 irrigated crops and that Lamb county grows 10. Lubbock Leads

Lubbock is the leading irrigation county, the survey shows. Lubbock county has 2,300 irrigation wells. Hale county, in a three way tie for the largest number of wells, has the greatest number of wells pumping more than 700 gallons per minute. Thurmond figures 1,700. Hale county wells pump more than 700 gallons per minute.

Irrigation wells by counties include:

Armstrong 40, Bailey 475, Castro 1,000, Cochran 250, Crosby 623, Dallam 100, Dawson 9, Deaf Smith 1,000, Floyd 1,200, Garza 65, Gaines 275, Gray 2, Hale 2,000, Hansford 12, Hemphill 2, Hockley 2,000.

Lamb 1,700, Lynn 325, Lubbock 2,300, Moore 14, Ochiltree 5, Parmer 600, Potter 600, Randall 250, Sherman 2, Swisher 2,000, Terry 100, Wheeler 8 and Yoakum 80.

CITY IS SPRAYED TO HELP CONTROL INSECTS

The town was sprayed with DDT to get rid of insects Saturday. A dense fog was laid down in the alleys where the chemicals would settle on weeds and do the most good.

The city owns a one-third interest in a fogging machine, the other two-thirds belonging to the town of Morton.

TO CALIFORNIA

Mrs. E. O. Baker is visiting her daughter, Mrs. Lowery Mallory, of Yuba City, for a few days. Mr. Baker, who carried her as far as Albuquerque, N. M. is visiting a few days with friends at Durango, Colo.

TIMELY TIPS

FROM YOUR H. D. AGENT
By Miss Dian McClurkin

Sweeten Fruit Before Freezing

Most frozen fruits have better flavor and texture if packed in sugar or sirup than if unsweetened. Exceptions to this rule are rhubarb, gooseberries, currants, figs and cranberries, which freeze as well without as with sweetening.

The best way to pack a fruit for freezing depends on how it will be used. Fruit packed in sirup generally is best served "as is" for dessert; fruit packed in dry sugar or unsweetened is better for pie or other cooking use because it is less liquid. Even though most unsweetened fruit is not of highest quality when frozen, it may be packed this way for special diets.

The sirup recommended for most fruits is a 40 percent sirup, that is, 3 cups of sugar dissolved in 4 cups of water. For some mild-flavored fruits, such as pineapple wedges or cantaloupe balls, a less sweet sirup is better because it does not mask the delicate fruit flavor. In contrast very sour fruits like sour cherries may need a sweet sirup. Corn sirup may replace up to a fourth of the sugar in the sirup, if desired. An even larger proportion of corn sirup may be used if the newer, very bland light colored kind is chosen.

Honey also may be used to replace one-fourth of the sugar in the sirup for freezing fruit, but only if the family likes its very definite flavor which may mask the fruit flavor. The very light colored mild honey will change the natural fruit flavor less than the strong-flavored type.

For a dry sugar pack, simply cut fruit into a bowl, sprinkle on sugar as required for the fruit, then mix gently with a large spoon until the sugar dissolves in the juice from the fruit.

Granulated sugar, either beet or cane, may be used to make the sirup or to pack fruit in dry sugar.

Keep Up with Meat

The new OPS ruling expanding meat grading is necessary in the control of beef prices, and also in getting ready for allocating meat in case of need. Beef ceiling prices, for example, are set up according to grade.

Under the new regulations, most of the graded meat carries the initials "U.S." These initials indicate that the meat was packed in Federally inspected plants or in other plants with inspection qualifying under grading regulations. Meat packed in other plants will carry only the grade without the initials. "U. S." The Federal grades must be placed on meat in addition to grades given by meat packers, who have various grading systems of their own.

New grades most useful for homemakers to know are for beef, veal, and calf. Prime, choice, good and commercial; and for lamb and mutton. Prime, choice, good, and utility. Here is what Federal beef grades, which were revised last November, stand for:

Prime, Excellent quality, with a wide selection of cuts suitable for broiling and roasting.

Choice, High quality, usually leaner than Prime, with many cuts which can be broiled or roasted.

Good, Relatively tender meat, from higher quality young animals, with a high ratio of lean to fat, providing consumers with economical meat dishes.

Commercial, Meat from mature animals, with a more pronounced beef flavor than good. These cuts require different methods of cooking because of less natural

tenderness. This grade will provide many economical meat dishes.

Grades for meats other than beef have similar meanings. Beef grades are the most important supply and producers should take care of all seeds.

counts for 44 per cent of the Nation's meat diet.

Planting seed of the better adapted small grains are in short supply and producers should take care of all seeds.

George Stephens of the Lazy J Ranch says: "The low cost of my Ford Truck showed in the Economy Run speaks for itself. I got regular service checkups from my Ford Dealer."
*Address furnished on request

"My ranch 'workhorse' runs for only 2 2/3¢ a mile!"

Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!

"The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, main-

tenance and repairs was exactly \$123.51 . . . about a \$20 bill each month only 2 2/3 cents a mile!"

The Ford Truck POWER PILOT carburetion-ignition system is one reason why Ford Trucks cost so little to run. In ranch work or any work. The POWER PILOT gives you the most power from the least gas. In the low-price field, only Ford has it!

FORD TRUCKING COSTS LESS

because FORD TRUCKS LAST LONGER!

Many latest registrations date on 7,318,000 trucks. No insurance reports prove Ford Trucks last longer!

Benefits From Social Security Go To 26% More

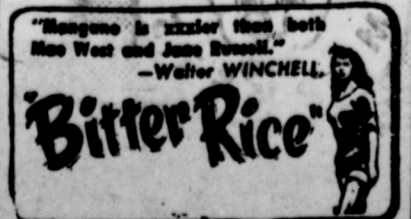

The number of old-age and survivors insurance beneficiaries in the 18 county South Plains area administered by the Lubbock social security office increased 26 per cent in the first six months after amendments to the Social Security Act became effective last September.

Increase in the amounts being paid was even more substantial jumping 220 per cent from \$31,000 to \$68,000 monthly, according to John G. Hutton, manager of the Lubbock office.

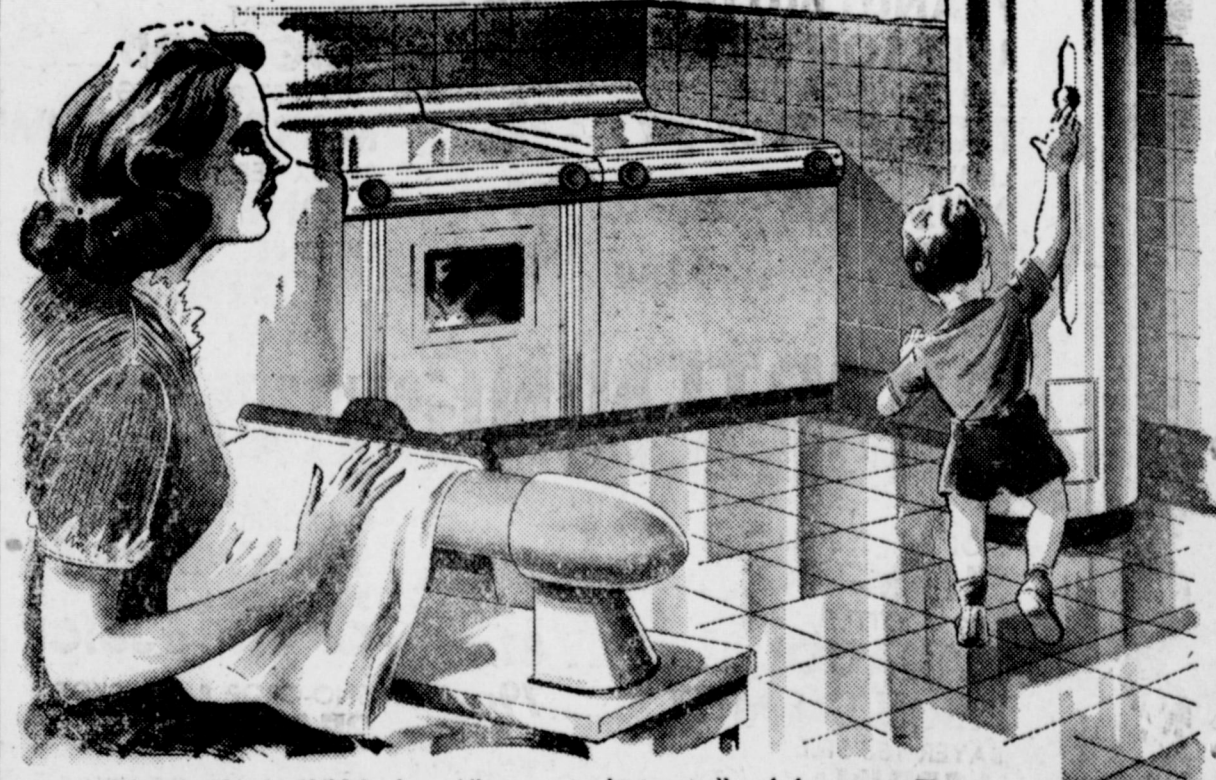

Hutton said that as of August 31, 1950, it was estimated that 3,000 persons were receiving \$81,000 monthly in these insurance payments in the area. A tabulation recently completed shows that as of February 28, 1951, there were 2,542 men, women, and children in the area receiving \$68,291.00 monthly. The manager pointed out that the reason for the proportionately greater increase in amount of payments was that the new law, effective last September, not only made many additional persons eligible for payments but also very substantially increased the general level of benefits.

Hutton called attention to the fact that this Federal insurance program provides not only old-age insurance but protection for the family in case of the breadwinner's death.

John G. Hutton, Manager of the Lubbock Social Security office will be at the Post Office in Muleshoe at 9:30 on Wednesday, July 25 to assist persons who wish to file claims for survivors or retirement benefits and to assist in furnishing information about the new Social Security law.

Safe- IT'S AN Electric WATER HEATER!

When you have a child in the cuddly, crawling stage, you have the perfect reason for installing an automatic electric water heater—the safest water heater made. Your child can crawl right up to the water heater, pull itself up by holding on to its spotlessly clean sides, wrap its arms around the water heater and be perfectly safe, thanks to the complete insulation and no-flame features of an electric water heater.

These same features make an electric water heater equally safe for you, too. There's no fear of gusty winds blowing out a flame—there's no flame. There's no waste heat, either, because only an electric water heater is completely insulated so that all the heat goes into the job to be done.

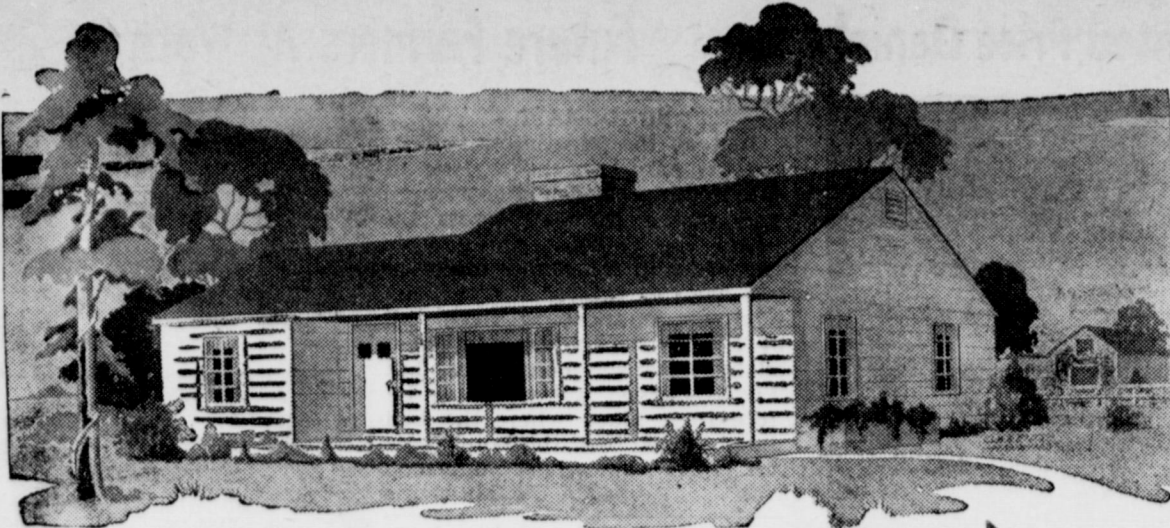

Reddy Kilowatt's special water heating rate makes electric water heating economical, too. For plenty of hot water always, safely, economically, see your electric appliance dealer now.

PUBLIC SERVICE COMPANY

38 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Convenience And Comfort

All of the utility and easeful living that can be provided in a small five room home is here. In the kitchen, there is 14 feet of counter or work space in addition to the kitchen table. This will mean that there is a large amount of base cabinet or storage space below the counter, also wall cabinets will be arranged on both sides of the window. The pantry gives ample room for food storage.

The bedrooms are of comfortable size. The large closet with its wide double doors will provide plenty of storage space. Since the dining room is usually used less extent than some of the other rooms, it was designed small. However, a wide opening is suggested between it and the living room to make both appear much larger. The living room is arranged so that it could serve also as a bedroom if three bedrooms are needed. It will afford privacy and is somewhat convenient to the bath.

A back porch or work room can be added at the back entrance if desired. Off the hall there are two linen closets and a storage closet. The large closet by the rear entrance provides an abundance of storage space for work clothes, rain-coats, etc.

The water heater closet opens into this hall. That not only puts the heater between the bath and kitchen to cut down on the cost of plumbing, but also provides easy access for any care that it may need. Although this house was designed for casement type windows, working drawings are such that other standard window units can be used. It is suggested, however, that windows which of the house should be used.

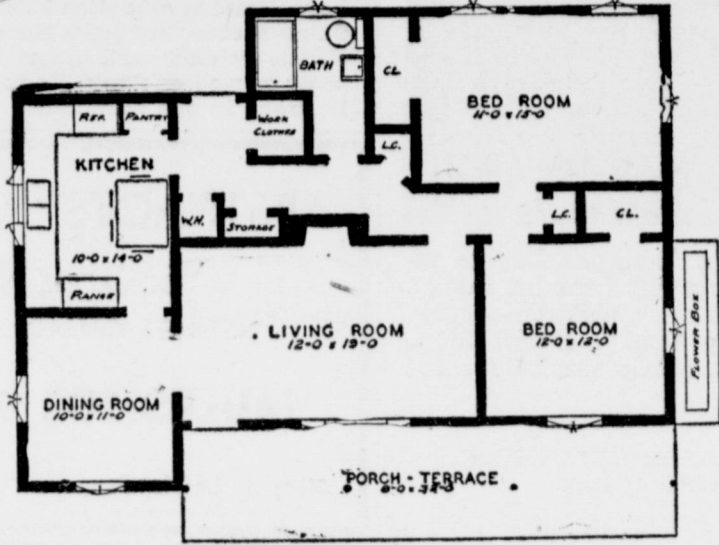

Simplicity in framing and roof means that there is much less effort in laying out the foundations, cutting the framing, etc. You can obtain blueprints for this THE MULESHOE JOURNAL FARM & RANCH Plan No. 4808 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, FARM & RANCH SOUTHERN AGRICULTURIST, Dept. L-36, Nashville, Tenn. Order by number-Plan No. 4808. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

Lee Kimbrough visited in Albuquerque, N. M. last week with the Bruce Horsley's.

VISITED WITH THE KENNEDY'S

Mr. and Mrs. Jim Kinsloe and Mrs. M. A. Hodges of San Antonio, visited in the home of E. H. Kennedy Friday.

Clovis Eyes Plan For City Owned Utility System

Although plans are being launched for construction of a municipal utility system here, it is believed such action may be dropped if rates are lowered by Southwestern Public Service Company.

Plans for city-wide utilities were approved by city commissioners following a report from a committee recently appointed to investigate the utility company's rates.

The committee reported that Southwestern Public Service Co. originally had promised Clovis an equal or lower rate than at Plainview and on a par with rates in Amarillo and Lubbock. Instead the committee reported the company charged Clovis consumers a higher price for water than it does other cities of similar size in this territory.

The committee also declared that the city of Clovis receives a smaller percentage than the 3 per cent of the company gross revenue paid Amarillo for use of its streets and alleys.

The committee advised that no franchise be given the Southwestern Public Service Company until restitution and reparation had been granted Clovis consumers and that the franchise be for no longer than a period of one year.

Epilepsy Clinic At Plainview

The Plainview Hospital and Clinic Foundation has announced that it will establish a free epileptic clinic in Plainview. The clinic will be open to all who suffer from the disease and who can not afford proper medical treatment.

In announcing the clinic, the Foundation stressed that few people appreciate the magnitude of the problem presented by the epilepsy. Edfard M. Bridges, in his recent book "Epilepsy and Convulsive Disorders in Children" reveals that one out of every three or four hundred persons in the United States suffers from epilepsy, while one out of every sixty to eighty children who are brought to the nation's children's clinics has some form of the disease. Epilepsy cripples and handicaps more people than active tuberculosis and infantile paralysis combined.

According to Ross O. Urban, Foundation administrator, few people realize the seriousness of the problem because epilepsy has always been hidden and minimized. Mrs. Urban stated: "Epilepsy has always been associated with insanity and mental deterioration; it has been considered a blot on one's family record; and, until recently, it has been considered hopelessly incurable."

As this is the only free clinic of its type in Western Texas (the Foundation is emphasizing that it is not just for the people of Plainview and the immediate vicinity, but rather for anyone who can benefit from its services, no matter where his place of residence may be. The clinic will be open every Thursday afternoon from one till five and will be under the supervision of the Foundation's Neuro-Psychiatric Department.

SOFTBALLER HURT

G. W. Chapman, member of the Muleshoe softball team, was injured as he slid into home base in the first inning of a game against Three Way Baptist Friday night. He was accidentally spiked. Chapman, the regular and the team had to be revamped. H. B. Flanagan going to left.

One of five constitutional amendments to be submitted to Texans in November, 1951, would open the way for creation of rural fire prevention districts and authorize maximum tax levy of 50 cents per \$100 valuation to finance them.

Cash Ramey, pioneer resident of the city and a prominent businessman headed the committee. Working with him on the investigation were Fred Oberthier, real estate broker, and Darwin Sprouls, public accountant.

The committee recently was appointed by the city council to investigate the utility company rates after the company had rejected the proposed renewal contract.

Fire Protection In Rural Areas Sought By WTCC

The West Texas Chamber of Commerce is trying to determine whether adequate rural fire protection can be secured on a voluntary basis without resorting to creation of a new taxing agency.

James F. Melton, manager of the taxation and legislation department of the WTCC, has asked managers of local chambers of commerce of the 132-county region to report creation of any vol-

TEXAS AUGUST DRAFT IS INCREASED TO 772 MEN

AUSTIN, July 14. State Selective Service headquarters received official notice today that its August call for 485 men has been increased to 772. Brigadier General Paul T. Wakefield, state director, said in a statement.

This is the state's share of the national call increased from 22,000 to 35,000. Fifty-seven local boards, which otherwise would not have received a call for August, will now get one, the state director said.

"This increase emphasizes that Korean peace headlines do not necessarily have a bearing on manpower procurement for the nation's armed forces," General Wakefield said in a letter to Texas local board members after receipt of the added call.

SUNDAY GUESTS

Sunday guests in the W. H. Awtrey Sr. home were Mr. and Mrs. E. T. Ward of Portales, Mr. and Mrs. Deon Awtrey and children, Ronnie and Sharan, Mr. and Mrs. W. H. Awtrey Jr. and daughter, Rhoda Kay, Mr. and Mrs. Earnest Baugh, and Mrs. Awtrey's mother, Mrs. Eula Bryant of Portales. Mrs. Awtrey's mother stayed for a 2 weeks visit with her daughter and grandson.

SOUTH TEXAS COTTON POOR

Mr. and Mrs. L. H. Davenport spent a week in Sandia, Texas, with his sister, Mrs. Gladys Burford, and family. They brought back a stalk of cotton which was only 5 inches high and had one boll. Ordinarily, they said, cotton is by this time nearly five feet high and usually makes about two bales to the acre.

IN HOSPITAL

Mrs. J. E. Perkins has been under treatment in the Amherst hospital.

The addition of wheels, rollers or casters to many pieces of household equipment will make hard jobs easier to handle for the homemaker.

Miss Reta Joyce Graef and Mr. James Welch Marry July 14 In Olton Ceremony

On Saturday night, July 14, at 8:30 p. m. in a candle light ceremony, Miss Reta Joyce Graef, daughter of Mr. and Mrs. C. C. Graef, became the bride of Mr. James Welch, son of Mr. and Mrs. Ray Lawhon. The wedding was held in the Reorganized Church of Jesus Christ in Olton, Texas.

Bro. Raymond Carson, minister, officiated before an altar decorated with an arch of greenery flanked by baskets of pink and white gladioli.

Candles were lighted by Clayton Ray Graef, brother of the

bride, and Janice Lawhon, sister of the groom.

Before the ceremony, Miss Neely Mace Steinbock played "Ah! Sweet Mystery of Life" "Always" and "Indian Love Call." She also accompanied Miss Lou Ann Agee who sang "I Take Thee, Dear," "I Love You Truly" and "Bridal March."

Ushers were James Beavers and John Carson. Walter Baker served as best man.

Given in marriage by her father, the bride wore a white lace over bridal satin ballerina-length dress designed with a fitted bodice, sweetheart neckline, long sleeves coming to a point over her hands. Her fingertip veil of illusion fell from a headpiece of seed pearls. She carried a white Bible topped with red roses and white satin stamers tied in love knots.

The maid of honor, Miss Charlene Graef, wore a ballerina-length dress of dotted swiss patterned after the bride's.

The four bridesmaids, Miss Carol Ivy, Mrs. Levina Brown, Miss Paula Daniel, and Miss Martha Blankenship wore dresses identical to the maid of honor's in pastel shades of dotted swiss.

The reception was held in the home of Mr. and Mrs. Raymond Carson, aunt and uncle of the bride. A pink and silver color scheme was used. The table was decorated with a three-tiered wedding cake. Miss Charlene Graef presided at the punch bowl and Mrs. Levina Brown served cake. Miss Martha Blankenship presided at the guest book.

For the wedding trip, the bride chose a blue pique dress and white accessories. She wore a rose bud corsage.

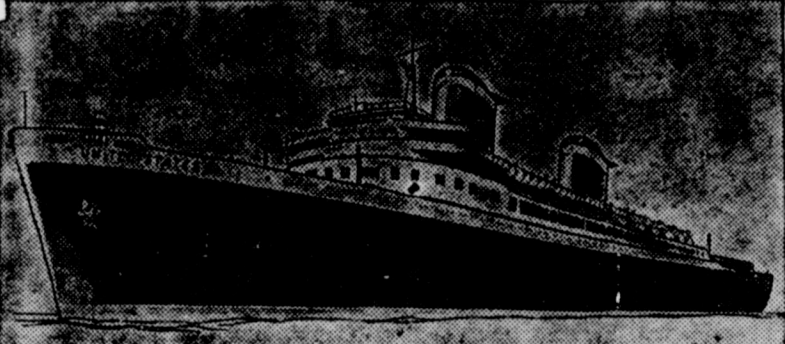

After a short wedding trip to Ruidosa, they will be at home in the Lazbuddie community where the bridegroom has farming interests.

Initial Copy Publication Laws Book Presented Price Daniel

TEXAS' ATTORNEY GENERAL PRICE DANIEL took time out on Father's Day to receive the first copy of his new book, "Texas Publication Laws", as a gift from his family. Gathered around the Attorney General are Mrs. Daniel and the four children—John, Price Jr., Houston, and Jeanie. In spite of a big job and a big family, Daniel found time to edit the law book on newspapers and public notices as a public service for the Texas Press Association.

America's Greatest Liner To Be Launched in June

An artist's conception of the superliner "United States" now under construction for the United States Lines at the Newport News Shipbuilding and Dry Dock Company, Virginia, which will be launched Saturday, June 23. This new flagship of the line is 60% completed. Largest liner ever built in the United States, the vessel will be 990 feet long and capable of a speed in excess of 30 knots. She will have accommodations for 2,000 passengers and require a crew of 1,000. The "United States" is scheduled for completion in the summer of 1952 and will join the "America," present flagship of the United States Lines, in express service between New York and Europe.

OPS To Begin Nation Wide Survey Of Food Prices Within Next Week

In another week the Office of Price Stabilization will begin a nation-wide survey of food prices to lay the base for a program of poster dollars-and-cents "community of food prices" in grocery stores, it is announced by the Lubbock district OPS office. The first step will be to survey prices of standard grocery items in 1,000 wholesale establishments. This will be followed by similar visits to over 2,000 retail grocery stores in the 84 district OPS offices. Information from individual sellers will be held in strictest confidence, said H. R. Gholson, Director of the District office. A chief purpose of the survey will be to find out if there is enough stability in prices of a number of grocery items to make a community pricing program practicable. Community pricing is a system familiar in World War II under which the country is divided into relatively small market areas and grocery price ceilings set for each area on the basis of local transportation and other costs. These ceilings would be the same for all stores of each size class and would be printed on charts for posting in retail stores where all customers can see them, the District Director said. "OPS is fully aware of the important part that a community pricing program play in the Stabilization program, of the necessity

MULESHOE GETS AERIAL SPRAYING TODAY

Aerial spraying of the city of Muleshoe began this morning as a measure to control flies, mosquitoes, and other insects and as a safety measure against an outbreak of contagious diseases.

CARD OF THANKS

I wish to express my thanks and appreciation to the Muleshoe Softball Club, Mr. Gross, Mr. Sloan and to Marion Wagner and others for their kindness and other considerations shown me during the time I have been injured.

G. W. Chapman 29-1tc

BACK FROM OKINAWA

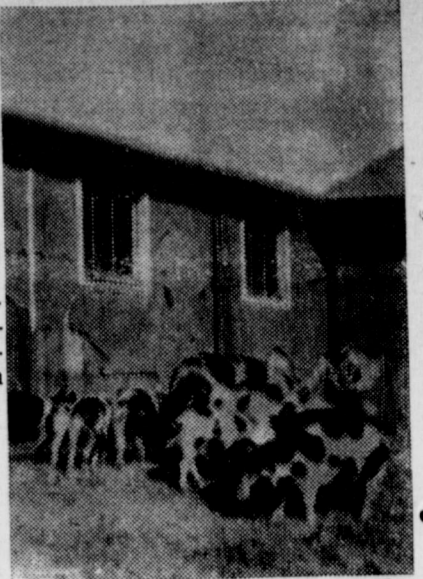

Sgt. and Mrs. Joseph W. Casey and small son, Grady, are visiting his parents, Mr. and Mrs. W. Q. Casey this week. Sgt. Casey has been stationed on Okinawa for the past 38 months. He has been reassigned to Mobile, Ala. Mr. and Mrs. Casey, Sgt. and Mrs. Casey, and Mr. and Mrs. Aubrey Heathington are planning to spend this week end at Red River, N. M.

of having published ceiling for consumers, and of the great help such a program can be to individual grocers in simplifying their pricing problems," he said. He explained that the community pricing program the last war had a lot to do with holding the line on wholesale and retail food prices from the time it was started in May 1943 to the end of that control program. "Up to now," Gholson pointed out, "OPS is prohibited by law from controlling below-parity farm prices and has not sufficient assurance that prices have been stable enough to make the printing and posting of ceiling charts practicable."

Progress HD Club Plans Picnic

The Progress H. D. Club met Tuesday, July 17, in the home of Mrs. George Stotts as hostess with Mrs. Manuel Self as co-hostess. The president, Mrs. Fern Davis presided during the business meeting. Roll call was answered with, Believe it or Not. Mrs. G. T. Maltby gave the council report. The craft show will be combined with the county fair in the fall. On August 10, a Bailey County Home Demonstration Club picnic will be held at McKinzie Park in Lubbock; those planning to attend are to be at the West gate of the park at 10:00 o'clock.

Mrs. George Stotts was elected state delegate to the THDA from Progress, along with Mrs. Sullivan of Enochs and Mrs. Caldwell of Muleshoe Club.

A Progress community family picnic will be Friday night, August 24, in the home of Mr. and Mrs. Alfred Patterson. The meal will consist of sandwiches, salads, potato chips, ice cream and cake and ice tea; the meal will be served around 9 o'clock. Each bringing dishes for your own family. Each time the finance committee leads a game it always costs but a good way to raise needed money for the club. Each person's waist was measured and they paid a penny an inch.

We have another new member, Mrs. Richard Smith, also Mrs. Ruby Green joined us before, but through an error on our part her name was omitted from the paper, we are sorry.

Refreshments were served to 14 members, 5 visitors, Mrs. D. O. Smith, Mrs. O. C. Thomson, Mrs. Elizabeth Musson, Miss Lou Ann Logan, and Miss Jonann Thompson. Since we meet only once in August for the picnic, the next meeting will be September 4 with Mrs. Elzada Gulley as hostess. Roll call will be sewing tips.

Half Century Club With Mrs. Julian

The Half Century Club met last Thursday, July 12, in the home of Mrs. Alpha Julian, honoring her birthday. Everyone had a wonderful time playing games and visiting.

Refreshments were served to the members: Mesdames Jones, Harden, Moore, Kistler, Snyder, Welch, Douglass, Engram, Farrell, Carles, Witherspoon, Gilbreath, Williams, Duke, Moeller, Penter, our hostesses, Mrs. C. D. Julian and Mrs. Walter White.

This meeting was our last meeting day for the season. We will disband for the summer.

W. S. C. S. Supper Plan Completed

The Progress W. S. C. S. met at 2 o'clock Thursday, July 12, with 10 members present. The meeting was opened with a song led by Mrs. Reta Richards. Mrs. Carroll Jones led in prayer. The scripture was read and commented on by Mrs. Geo. Mitchell was taken from Isaiah 41:15.

The theme centered around "What is Christian Citizenship." The following talks were given: "Christianity, Where Men Work", by Mrs. Musson; "Bernard Baruch is Life" by Ruby Actkinson; "Study the Christian's Duty As A Citizen," by Mrs. Cleburne, who also held an open discussion.

After the worship service, the following business was discussed. The minutes of the last meeting were read and approved. Plans for our "Come as you are" supper were completed. The date was set for Friday night, July 20, 7:30 at the church. Everyone is invited.

The motion was made and seconded to send \$2.50 to help buy an electric pump for our mission in the Belgian Congo.

Mrs. Fern Davis' resignation was accepted as chairman of supply work. Mrs. Harry Musson was selected to this office.

The meeting was closed with a prayer by Mrs. Byron Gwyn.

MRS. E. J. THOMAS IMPROVED

The condition of Mrs. E. J. Thomas, who has been ill, has been reported much improved. All of her children have visited her, and it was the first time they have all been together in a number of years. Present were Mr. and Mrs. E. A. Thomas and Mr. and Mrs. Earl Thomas of Oklahoma City, Mr. and Mrs. H. E. Thomas and Mrs. Caldwell and daughter of Norman, Okla., Sgt. Lawson Thomas and family of San Antonio, and Mr. and Mrs. J. T. Thomas, Mr. and Mrs. I. H. Thomas, and Mrs. and Mrs. Theron West of Muleshoe.

VISITED OVER WEEK END

Mr. and Mrs. Buford Butts and daughter, Patricia, visited over the week end in Amarillo with Mrs. Butts sister and husband, Mr. and Mrs. W. H. Bethany and in Shattuck, Okla., with Mr. Butts mother and sister, Mrs. Mary Butts and Mr. and Mrs. Loyd Siders and family.

HAVE MOVED

Mr. and Mrs. H. A. Phillips and children moved to Portales, N. M., last Saturday. Mr. and Mrs. James Case and sons moved to Lovington, N. M. last Wednesday.

GM Tops in Safety

General Motors employees in 1950 achieved the best safety and occupational health maintenance record in the 43-year history of the company, when 99.65 per cent of the nearly half-million GM men and women went through the entire year with no time lost from work because of accident or occupational illness. This record earned for GM employees the National Safety Council's highest award of merit. Ned H. Dearborn, right, president of the council, is shown presenting the award to Harlow H. Curdick, executive vice-president of General Motors, at ceremonies held in Detroit.

SHEER GLAMOR

An airy, sheer cotton formal brings a refreshing note to a hot summer evening. When summer breezes blow, there's a tiny tiered capelet to add to this strapless dancing frock. Delicate cotton or-gandy is one of the season's favorite sheer fabrics, National Cotton Council fashionists report.

Water District Hearing Set Aug. 9 At Plainview By Engineers Board

Water users will have an opportunity Aug. 9 to say whether they think the State Board of Water Engineers should create an underground water conservation district in the Panhandle-South Plains.

The Board of Water Engineers has called a public hearing for 10 a. m. Thursday, Aug. 9, in the municipal auditorium at Plainview. Underground water users from the 21-county area designated by the Board as the proposed High Plains Underground Water Conservation District No. 1 may testify at the hearing.

On evidence presented, the Board will decide whether to create the water conservation district, which would be the first and largest of its kind in the state. Creation of the district will then have to be approved by the voters.

The proposed water district embraces about 13,000,000 acres of farm land which lies over a huge underground water reservoir. It covers all of Lubbock, Hale, Parmer, and Swisher counties and parts of Armstrong, Bailey, Briscoe, Castro, Crosby, Deaf Smith, Dickens, Floyd, Garza, Hockley, Lamb, Lynn, Oldham, Potter, Randall, Terry, and Cochran counties.

If created, the district would

act through an elective five-man board of directors to promote conservation of the area's underground water resources. This would be done through regulation of the spacing of irrigation wells, preventing pollution, conducting educational programs on water conservation and conducting experiments on the recharging of the reservoir.

Two Livestock Divisions Added At Lubbock Fair

Lubbock, July 18—Two new livestock divisions have been added to this year's Panhandle-South Plains Fair to be held in Lubbock October 1-6, fair officials announced this week.

An Aberdeen-Angus division and a Chester White division, both on the exhibit program for the first time this year, will boost entry lists and premiums at the thirty-fourth annual fair.

The new swine division will be under the supervision of Ollie Limer, Hale County agent of Plainview. A superintendent has not yet been named for the Aberdeen-Angus division.

Preparations for this year's fair are well underway, with all but three superintendents named and work underway on the fair catalogue. The Bill Hames Show, Inc., has been contracted to provide carnival facilities.

George Samson of Post is general superintendent of agriculture activities. He will be assisted by Earl Fine of Lubbock.

Other superintendents in the Agricultural Division are Jason O. Gordon, Plainview, superintendent of county exhibits; E. C. St-

Clair, Lubbock, in charge of Veterinary Vocational Agriculture; Walter Y. Wells, Lubbock, superintendent of individual agriculture exhibits; and L. N. Hargrave, Lubbock, in charge of Vocational Agriculture.

W. B. Griffin, Tahoka, is general superintendent of the Livestock Division. Other livestock superintendents are W. R. Kimbrough, Crosbyton, dairy cattle; Ollie Limer, Plainview, Swine; Morris Duncan, Lubbock, Junior Agriculture; Lee Roy Colgan, Lamesa, Junior Livestock; and Luther Harris, Lubbock, Rabbits.

The list of Women's Department superintendents will be completed later this week. Mrs. Chester Gilmore of Idalou succeeds Mrs. O. R. Copeland as director of the Women's Department.

The fair catalogue, almost completed, will be ready for distribution next month.

VISITED WITHERSPOON'S

Mr. and Mrs. L. A. Witherspoon and family visited with his mother, Mrs. J. D. Witherspoon, and brother, J. W. Witherspoon.

Mrs. Lois Witherspoon accompanied them back to Salt Lake City, Utah.

New Varieties Small Grain Are Being Tested

Recommended varieties of wheat, oats and barley for planting by farmers in several areas of the state have been released by the Texas Agricultural Experiment Station.

These recommendations are based on the results of Experiment station tests conducted at Chillicothe, Iowa Park, Spur, Denton, Greenville, Stephenville, Temple, and Comfort for periods of two to ten years. Dr. I. M. Atkins, agronomist in charge of small grain investigations for the Texas Station and the U. S. Department of Agriculture, supervised the testing program.

Comparable yields at each experimental location and recommended seeding dates and rates are given in two reports released by Atkins. Progress Report 1373 covers the Rolling Plains area and Progress Report 1374 covers the Blackland and Grand Prairies and the Edwards Plateau.

Information is also given in both reports on Mustang, the new winter-hardy oat variety, and Quana, the new disease resistant wheat variety. Both of these small grains were developed especially for Texas conditions.

Interested persons may obtain copies of both reports from the Publications Office, College Station, Texas.

Farm And Ranch Safety Week In Texas Period Beginning July 22

Governor Allen Shivers on July 6 signed a proclamation designating the week of July 22 as Farm and Ranch Safety Week in Texas. President Harry S. Truman has also designated this same period as National Farm Safety Week.

Governor Shivers' proclamation pointed out that the continued high rate of avoidable accidents on farms and ranches are causing deaths and injuries among the rural residents. Such accidents, he said, cause an economic burden that is one of the primary social and economic problems in the state.

Governor Shivers urges all members of families to join in a continued drive to reduce hazards, and to adopt practices on the farms and ranches as well as in the rural homes of the state. He says, "I am also asking that all organizations and persons interested in farm and ranch life promote the use of safe practices through their educational programs."

The State Farm and Ranch Safety Committee headed by J. Walter Hammond, president, Tex-

as Farm Bureau Federation, is commencing a drive during the week that will continue through the year, aimed at making believe that safety is the individual responsibility of every citizen and not until all practice safety in their daily living can the accident toll be reduced.

E. C. Martin, state agricultural leader of the Texas Agricultural Extension Service, reports that county extension workers are encouraging both adults and 4-H club members to practice safety in connection with all farm and home operations. He points out that time lost on Texas farms from accidents can mean the dif-

ference between success and failure for the family involved. The labor shortage now faced by Texas and U. S. agricultural producers is of tremendous importance to the general well-being of the state and nation and the present situation can be further complicated if the continued high rate of farm accidents continue.

Days lost from work not only puts the family behind in its work but also causes a heavy drain on the family bank of savings account. Martin concludes that unless Texans do their share to cut the accident

rate that at least one rural Texan will be buried each day as a result of some type of farm or home accident. The problem is big enough to challenge the action of every Texan and who knows, the life you save may be your own.

Check the things you want

- Plenty of power
- Maximum safety
- Easy handling
- Bigger payloads
- Extra comfort
- gyrol* Fluid Drive

they're ALL yours in a **DODGE "Job-Rated" TRUCK!**

Plenty of power for your job. Power has been increased up to 20% in eight great engines—94 to 154 hp. You get top economy, too—thanks to high compression ratio, 4-ring pistons with chrome-plated top ring, and many other extra values.

Maximum safety—You get the finest truck brakes in the industry! On many models you get new, molded, tapered, Cyclebond brake lining for smoother, quieter, safer braking. And you'll ride in a welded all-steel cab with an extra-big windshield.

Easy handling—You can turn, park, back up and maneuver with the greatest of ease... because of cross-steering, short wheelbase and wide front tread. Other aids to easy handling are the comfortable new steering wheel position and extra cab visibility.

Bigger payloads—Balanced weight distribution enables you to haul bigger payloads on a Dodge "Job-Rated" truck without danger of overloading. Because the engine has been moved forward and front axle back, the right proportion of the load is carried on each axle.

Extra comfort—Famous "Pilot-House" cab gives you safe, all-around vision with extra-big windshield and rear quarter windows. Roomy, "chair-height" seat is widest of any popular truck. New "Oriflow" Shock Absorbers on $\frac{1}{2}$, $\frac{3}{4}$, and 1-ton models give smoother ride.

gyrol Fluid Drive—Only Dodge offers *gyrol* Fluid Drive. Available on $\frac{1}{2}$, $\frac{3}{4}$, and 1-ton models. You start with amazing smoothness. Gearshifting is minimized. Wear is reduced on vital parts. And Fluid Drive protects your load by minimizing damaging jolts.

How Dodge trucks are "Job-Rated" to fit your job

A Dodge "Job-Rated" truck is engineered at the factory to provide the best in low-cost transportation. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load.

Every load-CARRYING unit—frame, axles, springs, wheels, and tires—is engineered to provide extra strength and capacity necessary to support the load.

Every load-MOVING unit—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered to move the load under most severe operating conditions. A range of over 350 G.V.W. chassis models enables you to select a truck that meets your conditions.

Come in today for a good deal on a **DODGE "Job-Rated" TRUCK**... low down payment... low monthly payments

Arnold Morris Auto Co.
102 MAIN STREET MULESHOE, TEXAS

LAZBUDDIE NEWS

Mr. and Mrs. H. D. Hutchison and daughters, Twyllah Jean and Sheryl Dean of Waynoka, Okla., returned home Friday, July 6.

Mr. and Mrs. J. W. Hunt and Leata Mahan returned last week from East Texas where they have been visiting.

The hail storm hit this community hard last Sunday night, destroying cotton crops, gardens, damaging screens and breaking windows. Many wheat fields are a total loss.

Ernest Nowell lost a cow, whether from hail or lightning is unknown. Would hail large as English walnuts kill a cow?

Those now driving battered up cars from hail are: Bill John Thorn, Rex Steinbock, and probably many others, which have not been observed.

Edgar Broyles saved his wheat crop, but not his cotton, from hail, as he had finished combining his wheat.

Jerry Gleason recently purchased a fine registered Chester White pig from one of the best Chester Whites of Oklahoma.

Miss Janice Oliver and Miss Sherry Jo Steinbock returned from a Sunday to Friday vacation, with Mr. and Mrs. Frank Moss of 904 Crockett St., Amarillo. Mr. and Mrs. Moss brought the girls home Friday afternoon. Mrs. Moss is the sister of Mrs. Alfred Steinbock.

Those who visited Mrs. F. L. Oliver and mother, Alma Steinbock Friday afternoon were: Mesdames Faye Precure, Myrtle Steinbock, Ernestine Steinbock, and children Jennie, Sherry and Buster.

Farmers are still combining

wheat, (those who have some left to combine).

Leota Mahan brought her girl friend Johnnie Coleman of Desert Texas, for a visit in Lazbuddie. Both girls are having a good time riding a motor bike.

Mrs. Ray Cheney and children of Amarillo are visiting with Mrs. Cheney's mother, Mrs. Otto Treider.

J. T. Mayfield was on the sick list the past week. Ben Foster has also been under the doctor's care recently.

Mrs. Langford and Clara Mae Langford, Mrs. Willie Steinbock and Max Steinbock visited in the D. B. Day home Tuesday afternoon.

Mr. and Mrs. R. G. Treider were overnight guests in the R. G. Treider Jr. home Sunday night.

The Eulan Parham family entertained with a party Monday night. Those present were: John Dyck, Mr. and Mrs. Truman Gleason and children, Jerry, Bobbine, Max and Linda Carroll, Mr. and Mrs. Willie Steinbock, Reta Jo Duffy Vassar of Anson, they are niece and nephew of the Parham and Gleason families, who will be visiting here a few weeks.

Mr. and Mrs. Denton Thompson, Church of Christ preacher visited in the Brannon home Sunday.

Mr. and Mrs. Ed Steinbock entertained July 4 with a domino party Wednesday night. Those present were: Mr. and Mrs. Ben and Demp Foster, Jimmy Demp, Mr. and Mrs. W. N. Steinbock, Mrs. Annie Vaughn, Mr. and Mrs. R. G. Treider, Mrs. Alma Steinbock, and Mr. and Mrs. Oliver and Janice.

Refreshments of strawberry and vanilla ice cream and pops were enjoyed.

Mr. Judd Clark is in Green Hospital in Muleshoe.

Mr. and Mrs. Denton Thompson and family left for a vaca-

tion in California Sunday.

Mrs. Betty Vassar and children Ottwell and David of Anson, Tex. were here last Sunday visiting Mrs. Vassar's parents, Mr. and Mrs. Y. B. Mayfield. While here the Mayfield and Vassar family motored up to Red River and Sante Fe, where they vacationed until Tuesday.

Durable Goods Specialist To Be Here Monday

OPS price specialist, Roy E. Kessie, in the Consumer Durable Goods Branch, will stress requirements of the service establishment regulations (CPR34) and the need for filling by other firms when he visits in Muleshoe next Monday afternoon, July 23. He will maintain offices while here in the District Court Room in the Court House building.

The price specialist, from the Lubbock district office, will assist business men with their filing requirements under the regulations. He emphasized, that despite the fact the deadline has passed, firms which are delinquent should immediately comply. The specialist will visit business men in their office if appointments are requested and time is available.

The clinics have been held weekly throughout the district during the last several months and they are expected to continue in August, according to C. J. Taylor, district price executive.

DEEP PLOWED SOIL HAS BETTER LOOKING CROP

A firm believer in the turning over of the soil with plows that go 18 to 24 inches deep is Jack Oberhaus, who farms south of Muleshoe. He said he has had some land treated in this way and this year the plants got off to a better start and are much further along than plants growing on soil that hasn't been plowed in this manner.

They take a plow, go down 18 inches or so, turn up a few inches of that rich, red soil onto the top of the sandy soil. This stops soil blowing and in addition gives a more productive soil for the plants to grow in.

He mentioned several of his neighbors, including W. A. Mathis, who have had this done with fine results. This year at least one quarter on the B. E. Needles place in the neighborhood has been deep plowed and results are very noticeable.

QUESENBERRY RETURNED TO BASE

Pvt. Donald E. Quesenberry has returned to the Elgin Air Force Proving Grounds near Pensacola, Florida, where he has been stationed the past 6 months, after a 15 day visit with his parents, Mr. and Mrs. Lloyd Quesenberry and brother Kiel, also another brother, Mr. and Mrs. Russell Quesenberry and children of Odessa, Texas who spent last week visiting here. Mr. and Mrs. Russell Quesenberry and children are going on to California for a two weeks visit in Modesto, San Francisco, and Lancaster.

TO NEW MEXICO

Morris Childers and family and Jack Lenderson and family have been spending several days at a Red River, N. M.

WORKERS CONFERENCE AT MAPLE CHURCH

The monthly workers conference of the West Plains Baptist association will be held July 27 with Maple Baptist church.

Rev. V. P. Whitfield is pastor of the Maple church. The church will serve lunch at noon. The program will begin at 10:00 a. m.

Rotary Facts Told In Program

Facts about Rotary were dispensed in a program conducted Tuesday noon by Herb Covin, chairman of the committee on Rotary information.

He passed typewritten questions to each member and called upon each in turn to give the answer; if the member failed to come up with an answer, Covin read it to the group from the book. Some interesting discussions resulted.

E. O. Baker was elected a director of the club, to fill a vacancy. In its first year of existence the club had accumulated quite a fund in the treasury, so dues were cut in half beginning with July 1. The club voted to buy a piano. Guests included Doyle Watkins, member of the Sudan club and Tom Pickens of Phillips Petroleum Co., Amarillo.

ON FISHING TRIP

A group fishing this week around Socorro, N. M., includes Lewis Shafer, Arthur Shafer, R. C. Martin and his three sons, and Otto Workman.

GARDNER ENROLLED IN SONAR INSTRUCTION

Max H. Gardner, seaman apprentice, USN, son of Mr. and Mrs. A. J. Gardner of 1300 West Sixth St., Muleshoe, Texas, recently enrolled in a course of instruction at the U. S. Fleet Sonar School, San Diego, Calif.

The course is to acquaint Navy soundmen with the latest devel-

opments in anti-submarine warfare.

Prior to entry into the service he attended Texas Technological College, Lubbock.

FROM OKLAHOMA

Claude Goss and family of Maude, Okla., have been visiting here this week with the Abner roll family. Mrs. Goss and Carroll are sisters.

Rainbow Girls Entertained With Party

The Mother Advisor and Advisory Board of Muleshoe Assembly No. 161, Order of Rainbow for Girls, entertained the girls with a swimming party and wienie roast, Thursday evening, July 12.

After an hour or two of swimming in the local pool, they went to the lovely, spacious bask yard of their Mother Advisor, Mrs. Ray Griffiths, and enjoyed hot dogs, deluxe, roasted at the outdoor doors fire place, toasted marshmallows, Dr. Peppers and cokes. Ice cold watermelons were served by Herb Potter.

Those enjoying this lovely party were: Mary Morton, Jean Wright, Darla Myers, Delores Locker, Ann Johnson, Janell Green, Gwenelle Workman, Sue Young, Tommie Bovell, Jo Adeline Wagnon, Rosemary Pool, Marilyn Gupton, Joanna Schuster, Jacque Bovell, Ann Woodley,

Barbara Douglass, Betty Ann Shook, Bettie Collins, Ginger Gaede, Bobbie Collins, June Free, Texann Holdeman, Marion Clark Harris, Helen Stovall, Rita Peeler, Jonell Mayberry, and Gilda Humphries of Hamilton, Texas. Mrs. Ross Goodwin, Jana Lou and Richard, Mrs. Morris Douglass, Mrs. Raymond Gaede, Mr. and Mrs. Jeff Peeler, Mr. and Mrs. John Farley, and Mr. and Mrs. Ray Griffiths.

Party Honors Mrs. Boydston

Thursday afternoon, July 12, twenty friends surprised Mrs. John Boydston on her birthday.

After reading the nice cards and opening the gifts, Mrs. Boydston and her neighbors were served delicious freezer ice cream and angel food cake.

Those enjoying the occasion were: Mesdames H. T. Brcks, G. G. Young, Lewis Stewart, C. M. Wallraven, W. H. Baugh, Roy White, Leon Smith, Alvin Krieger, S. C. Caldwell and Mrs. John Furr of Slaton.

Farewell Supper Honors Ramm

Mr. and Mrs. Ernest Kube of Farwell honored their nephew Pvt. Ernest Ramm of Ft. Bliss, with a delicious chicken barbecue supper.

Twenty-four relatives were present to bid Ernest farewell. Pvt. Ramm is leaving for Germany this week. He has been stationed at Ft. Bliss since March and has been able to come home nearly every Sunday. There are several Muleshoe boys in this group to go to Germany. They will enjoy being together while so far from home and good old Muleshoe.

Fidelis S S Class Mrs. Davis Hosts

The Fidelis Sunday School Class met Thursday, July 12, in the home of Mrs. F. H. Davis for their regular business and social meeting. The devotional was given by Mrs. Eddie Lane. Mrs. C. M. King, president, presided over the short business session.

Plans were made for a special social to be held Aug. 9 in the home of Mrs. Joe Damron. The social hour was an exchange of sunshine gifts.

A refreshment plate was served to the following members: Mesdames W. M. Pool, Fay Cox, Eddie Lane, R. D. Precure, Ray Griffiths, J. V. Peeler, Pat Bulloch, Mary Hart, C. H. Tate, M. F. Green, C. M. King, Joe Damron, R. L. Jones, L. T. Green, Jr., N. C. Moore, W. B. McAdams, T. C. Young, Mrs. C. A. Barnett, co-hostess, and the hostess, Mrs. F. H. Davis.

Progress W. M. U. Met Monday, July 16

The Progress W. M. U. met Monday, July 16, at 3 p. m. in the church with seven members and three children attending.

The meeting opened by Mrs. Redwine leading the group in a song, "Jesus Calls Us." Mrs. Henry led a prayer. Mrs. Fugh resigned as president and Mrs. E. W. Locker was nominated for the new president.

Everyone enjoyed the interesting Royal Service program. Mrs. Raney gave the devotional which was taken from Amos 6:1-6. The group recited the pledge to the flag and Bible.

Mrs. Redwine conducted the Bible study for Week 5. Mrs. Walker dismissed the meeting by prayer.

Those present were: Mesdames H. T. Pugh, Clyde Henry, C. A. Bishop, J. R. Walker, Newman, J. J. Redwine, and Vernon Raney. Children were: Shirley Henry, Johnny and Michael Raney.

The next meeting will be Monday, July 23, at 3 p. m.

Fidelis Class Tea And Book Review Set For Aug. 9

The Fidelis Sunday School class of the First Baptist Church will honor Mrs. Ray Griffiths and Miss Ray Buster with a tea and book review August 9 at 2:30 in the afternoon in the home of Mrs. Joe Damron.

Mrs. Griffiths has an approaching birthday and Miss Buster is leaving to resume her duties as a missionary at Rio de Janeiro, Brazil.

The book review will be by Mrs. Horace Blackburn, of Muleshoe, who will review "The Big Fisherman".

Pollyana Club Met With Mrs. Whitt

The West Camp Pollyanna HD club met in the home of Mrs. Roy D. Whitt Wednesday, July 11.

The meeting was called to order by an opening exercise, "How To Manage Your Husband" read by Mrs. Whitt. Roll call was answered by naming a useful household equipment. Old and new business was discussed.

A demonstration was brought before the club by Mrs. Jones on the making of nylon flowers. These flowers were arranged into corsages which can be worn by the members very effectively on different occasions.

Refreshments were served to 13 members and one new member, Mrs. Hughes. The club presented Mrs. Johnnie Williams with several lovely handkerchiefs for so many faithful years.

The next meeting will be at Mrs. Johnnie Williams' who has recently moved into Farwell.

Miss McClurkin, our demonstrator, will meet with us.

H D Women At District Meet

A group of Bailey County HD club women attended a district meeting held in the Aggie auditorium of Texas Tech, Lubbock, July 11. Included in the group were Mrs. S. C. Caldwell, council chairman; Mrs. A. W. Copley, TH DA chairman; Mrs. G. T. Maltby, past vice-president of district 2; and Miss Dian McClurkin, Bailey County home demonstration agent.

Purpose of the meeting was to give the women of the district a chance to meet the new district agent, Mrs. Aubrey W. Russell. Mrs. Maltby, on behalf of the district, presented Miss Kate Adele Hill, the former agent, with a piece of luggage. A reception was held in honor of Mrs. Russell.

Home canners should use fresh, sound, clean vegetables and fruits for pickling.

Muleshoe W. S. C. S. In Pledge Service

The W. S. C. S. of Muleshoe met Monday, July 16 at the church for a program and pledge service.

Soft music was played by Mrs. Horace Edwards while Mrs. F. B. Pierson read a poem, "Garden In My Heart" in memory of Mrs. Henry Woodley and Mrs. A. C. Gaede, members who last year were transplanted to the Garden above.

Mrs. O. N. Jennings had charge of the program, and opened with a plea that all Christian women give more to the work of the church, that we should be better prepared for opportunities of service.

After the song, "Open Mine Eyes", Mrs. Bayless began the discussion of the healing and saving power of Christ around the world, which is being carried on by his followers.

Mrs. Jennings told of the work being done by the entire church and that time is short for us to enter the open doors of the world.

Mrs. Wilkins, with Mrs. Horace Edwards at the piano, sang beautifully, "This Is My Task". At the beginning of the pledge service Mrs. R. O. Gregory, as one of the newest members, told what the society means to her, and Mrs. Haney spoke of what it has meant to the older members.

While Mrs. Edwards played softly "Take My Life", candles were lighted by Mrs. Gross, Mrs. Farrell and Mrs. Hanks, and the pledge cards were signed and laid on the table. The meeting was closed by group singing in the chorus of "Take My Life".

Enochs H D Club Met July 12

The Enochs H. D. Club met July 12 in the home of Mrs. C. W. Vanlandingham with 13 members answering roll call. Meeting presided by vice president Mrs. T. J. Sullivan.

Each club in the county is asked to send nominees to Muleshoe as potential delegate to State T. H. D. A. to be held at College Station. Mrs. Sullivan was nominated for the Enochs Club.

Next meeting will be with Mrs. Boydston July 26. Gifts for the grab box are being held over till then, as there were only 3. Please members, bring yours to the next meeting.

followed by prayer by Mrs. Bayless.

Members present were: Mesdames O. N. Jennings, Roy Bayless, H. Jay Wyer, R. O. Gregory, J. J. Gross, Beulah Carles, T. O. Pierson, I. F. Willmore, I. W. Haney, H. M. Shofner, H. W. Hanks, A. A. Young, C. R. Farrell, Alex Wilkins, and Horace Edwards.

Babson Discusses

THE HOUSEWIFE'S DILEMMA

Babson Park, Mass., July 13—The housewife complains that food prices are too high. Her budget is showing in the red. No wonder! Only during the last twelve months, consumer prices for moderate income families have risen approximately 8.3 per cent. Food prices have climbed 11 per cent, clothing 10 per cent, and rents 3 per cent.

LIVING STANDARDS ENDANGERED

Higher and higher prices are endangering the living standards of millions of moderate income, middle-class families. The record shows that their food prices have increased 105 per cent in the last decade; apparel, 95 per cent; rents 30 per cent; house furnishings, 100; and such miscellaneous items as recreation, toilet articles, dry cleaning, and doctors' bills, 60 per cent. The earnings of this group just have not kept pace with prices.

This unfortunate situation especially hurts that large segment of professional and white-collar workers. These feel the squeeze most, doctors, teachers, clerks, office workers, and others with fixed incomes and pensions. In a very real sense many of these workers of our communities are the people who create ideas, those most interested in moral and spiritual values. These men and their wives are the forgotten people of today. For the good of our country, they need to be remembered.

INFLATION AND SIMPLE ECONOMICS

Ever since the depression of the thirties we have been seared to death of Deflation. Everyone has wanted economic security. For the farmers this has meant price-support and subsidies. Labor leaders have encouraged price rises in order to give the unions good ammunition for wage rises. Business, in turn, has sanctioned wage increases and then encouraged inflation to pay the worker.

The unjust part of high prices is they suck the life from the public for the benefit of the priv-

ileged few. The manufacturer anticipates enjoying inflation because he can get more for his products. Sooner or later his employees want more and more of his profits to pay the grocer's bill, and either he pays or their standard of living goes down. The worker, at the outset, enjoys inflation because of his hopes of higher wages, but both employee loses in the long run. They find the price of the new car they want or the supper steak has gone up.

In short, we have been kidding ourselves into thinking that we can gain more in an inflated sellers market than we can lose in a deflated buyer's market. The history of Germany, Italy, France, Great Britain, and Russia clearly indicates that unbridled inflation undermines private enterprise, causes industries to shut down and throws people out of work.

I may be old-fashioned, but years of experience tell me that you won't ever remove the housewife's burden by rationing or allocations or price or wage controls. These current stop-gap measures, in the long run, will deprive you of your economic liberties. The way to lower prices is to balance the national budget, raise interest rates, increase legal reserve ratios, curb installment buying, and ESPECIALLY, INCREASE PRODUCTION WITH LOWER COSTS.

UP TO THE WOMEN

If a large enough group of determined housewives decide to bring prices down, they can! My suggestion to the housewives is to band together and work together. Bring your group influence to bear day in and day out, not only on your congressmen but also upon manufacturers and labor leaders. I, for one, do not want to contest the power of a woman!

ENROLLED AT MUSIC SCHOOL

Mrs. E. H. Kennedy is leaving Friday for Denver, Colo. where she is enrolled for a piano teachers course, at the Lamont School of Music at the University of Denver.

SAND HILLS PHILOSOPHER SCOFFS

At Census Figures Showing Half Of Texas People Now Live In Big Cities

Editor's note. The Sand Hill Philosopher on his Johnson grass farm is unnecessarily worried, his letter this week reveals.

I noticed in a copy of the Muleshoe Journal which one of our neighbor sent my wife some vegetables in, ain't nothing better than a neighbor with a good garden and a subscription to a newspaper, that the experts have been studying the census figures and have come up with the information that half the people in Texas now live in big cities.

Accordin to the figures, for example, 800,000 people live in the Houston metropolitan area, which Houston defines as an area contain 1,747 square miles. As I figure it, 1,747 square miles is a place at least 40 miles square, and if it's oblong it could be 20 miles wide and 85 miles long, and I'm here to tell you if I was 40 miles or 85 miles from the Houston post office I'd have a hard time describing myself as livin in Houston. Believe I could find a post office a heap closer than that in some nearby town.

The same thing is true of Dallas, San Antonio, Fort Worth, etc. Why Laredo even claims 3,295 square miles, which is a spot over 50 miles in one direction and 60 miles in another, and if you left the city hall in Laredo and drove 50 miles I don't know where you'd be but you wouldn't be in Laredo and if you went in one direction you wouldn't even be in the United States. In fact, all these cities claim such a big metropolitan area it ain't no trick at all to make a city man out of a country boy by an act of the city council, on the theory that if you can't get the man out of the country you can throw some city limits around him and bring him and his farm in too.

Now I don't suppose there's any move on to take me inside any city limits, I know it's the duty of every town to grow, why I ain't never figured out, you can see what a mess the country would be in if every farmer had as his aim to expand a few miles in every direction, but if there is I would like to go on record as sayin it won't work. Not by any stretch of the imagination can I visualize this farm as a

city, it won't even support me, not to mention fifty other families livin fifteen feet apart. I'll admit a lot of people have turned up in cities in recent years, but most of em got there just by settin still and gettin taken in. Any city can grow, just like any woman can get married, if they can find some land or some man to slip up on. The census figures may look like Texas has become citified, but as far as I can tell the country boys are still mighty numerous. Yours faithfully
J. A.

Meeting Our Goals Demands National Unity

(From the Report to the President by Charles E. Wilson, Director of Defense Mobilization)
The first duty of every American, in this time of national peril, must be to do his part in the building of his country's defenses.

Whatever our jobs, all of us as producers, have a contribution to make to the strength of the nation. All of us, as consumers, can affect the vitality of our defense effort by the way in which we save or spend our money. All of us, as citizens, will decide whether we will give at this time to the defense program the public and political support it must have.

To meet our defense goals, we must work quickly, willingly, and unitedly to accomplish the job that has to be done. If that job calls for some inconveniences or some loss of income or profit that might otherwise be gotten, the inconveniences or loss must be accepted willingly.

No one in this Nation believes more firmly in our free economy

"J. A."

than I do. No one has less liking for controls. But during the defense period, we cannot permit economic forces to operate with their normal freedom.

Under present conditions a completely free economy would not enable us to get the goods we need for defense fast enough. It would result in an unfair distribution of the burdens of the defense effort among our people. It would result in an unfair distribution of commodities in short supply. It would cause hardships and inequities many times more serious than those created by controls.

We are striving to build an organization that can carry out the difficult task of administering controls in such a way as to channel the necessary share of our resources into defense production and distribute fairly among the population the burdens resulting from this redirection of our economy. The National Advisory Board on Mobilization Policy, with 16 distinguished members from outside the Government representing a cross section of the nation in their background and experience, is bringing a broad view to mobilization policies as they affect all segments of the public. We have set up machinery in both the production and the stabilization agencies for hearing the views of private citizens and their organizations, and for handling their appeals from the application of our regulations.

But there is no room for patience in dealing with the men or the group whose complaint is simply that he lost his opportunity to gain at the expense of the rest of the country.

The inflationary spiral in the first months of the mobilization period did not distribute its "breaks" evenly, some groups gained substantially in their relative status and others lost. During the adjustment period, a fair administration of controls requires that some equalization of these differences take place, and that means some roll-backs for those who have experienced the most abnormal gains and increases for those who lost the

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

MEDITATION IN HEBREWS

"Jesus the author and finisher of our faith;" (Hebrews 12:2).
Read Hebrews 11:23-27.

A friend invited us to his beautiful cottage in the Rocky Mountains. With an eye to beauty, he built his cottage with a picture window looking out over one of the most beautiful valleys in that scenic region. He had another treat in store for us. He took us to what he calls "Inspiration Point". There before us was

most ground in the defense period. The Defense Production Act as extended must permit both kinds of adjustments to be made.

And the program must go forward with the same force whatever happens in Korea. The assault by Soviet communism in that corner of the globe was but an episode in the long-term struggle in which we are engaged.

If a truce is reached in Korea, or even if peace is fully restored in that country, new aggressions are always possible anywhere along the broad perimeter of the Soviet empire, and any of these could lead to a global war. We dare not slacken the pace of defense mobilization until the strength of the free world is sufficient to meet any attack.

a series of awe-inspiring peaks. "If you look closely," he said, "you will notice that those peaks form a unique pattern. The Indians have an ancient tradition based on this fact", he continued. "Beginning with the northernmost peak, which they called 'Chief's Head', because of the striking human face, they were able to trace, as it were, the shoulders, body, and legs of a gigantic man".

When we look with the vision that the writer of the epistle to the Hebrews gives us, we can trace the eternal design of the Son of God, the Pioneer and Perfecter of our Faith.

PRAYER

Our Father, as we look upon the troubled scene of our present world, give us the insight to trace the design which Thou art setting for us. Help us to take our places among those humble followers of the Pioneer and Perfecter of faith. Guide us as we take part in that grand design, through the power of Jesus Christ our Redeemer and Master. Amen.

This one says You've Arrived

HERE pictured is an automobile that may well be the fulfilment of any man's dream of a fine motorcar. For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth.

So mark well the things that a ROADMASTER offers.

No other car on the American scene has a prouder bearing.

No other automobile has more spacious dimensions, more luxurious

comfort, or finer appointments.

No other car has a ride more serenely smooth on curve or straightaway, highway or byway.

And no other car, at ROADMASTER's price or above, has Dynaflow, and the supreme command of every traffic condition which it provides.

So you, at the wheel of Buick's biggest and best, have a right to feel distinguished.

But there's a joy of possession which goes deeper than visible things.

There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine — and the satisfying companionship of a brawny traveler instantly responsive to your every wish.

And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped.

So why not take that very important first step — and come in and see us soon?

WE ARE STILL SELLING THAT GOOD VAN HORN LAND

Yes, we are still showing and selling that good Van Horn land. Several of your neighbors have bought down there. This is cotton country, but you can grow anything. Van Horn has a good climate, plenty cheap labor, and fine neighbors. The land is cheap and you can afford to own it. Let us tell you about it.

P. S.: We MIGHT have something here you would like to look at. Come to see us.
