

REV. A. G. ABBOTT

First Christian Meeting To Begin Sunday, Aug 12

A meeting will begin at the First Christian Church in Muleshoe on Sunday, August 12, with Rev. A. G. Abbott, of Fort Worth, the State Evangelist for the Texas Christian Missionary Society as the preacher. Rev. Abbott will come here Wednesday, August 9, for a visitation meeting. He has been in the active ministry for twenty-eight years, and during this period he has always directed a most enthusiastic evangelistic program in the churches he has served. He resigned his ministry with the church at Electra in July, 1947, to enter the field of evangelism. Evangelist Abbott is said to be "a faithful proclaimer of the gospel, cordial and cooperative. All people of the community are invited to attend the services with the assurance that they will be challenged and strengthened spiritually through the influence of these meetings". All services will be held in the building of the First Christian church in the Shady Rest addition beginning at 8:00 o'clock each evening. The meeting will run through August 19.

Dr. Hooton Addresses Lions

Dr. Caradine R. Hooton, executive secretary of the General Board of Temperance of the Methodist Church with headquarters in Washington, D. C., and friend of the Rev. H. W. Hanks, pastor of the Muleshoe Methodist Church, was guest speaker at the regular weekly meeting of the Lions Club Wednesday noon. Dr. Hooton, in the back yard or our nation's government, based his talk on present world conditions and suggested a possible means of preventing a third global war. The topic of his address was "Giving your best to the best and not giving your best to the worst". By not misrepresenting our democratic way of living and not misusing our freedoms, and presenting the best side of it to the other nations of the world, we could go far in stemming the spread of communism. Our form of government is often misrepresented by persons seeking personal gain instead of creating good will for the people of America as a whole. He used several illustrations from the Bible in his talk. Also guest of the club was Rev. H. W. Hanks, pastor of the Muleshoe Methodist Church. They were introduced by Noel Woodiey, who had charge of the program for the day. The Lions Club will assist in the promotion of a celebration the later part of the month. Lion Boss Rufus Gilbreath appointed Blondy Ray, Lee Pool, and Loyd Alsop as a committee to work with the other clubs in the city. C. W. Grandy presented certificates to Blondy Ray, past president, and to W. Q. Casey, past secretary and treasurer, for the outstanding job they had done last year while serving in these offices.

Bailey Wildcat Below 6,690 Feet

Bailey County's wildcat oil well was estimated this morning to have reached a depth of about 7,000 feet, the depth Tuesday having been reported at 6,690. It is the Phillips Petroleum Company No. 1-A Stephens, located in Sec. 24, B. MB & B survey, about 20 miles southwest of Muleshoe and a mile and a half east of Stegall. The bit was reported to be in shale, possibly the Wichita Albany section of the Permian. The venture is slated to test into the Ellenburger which probably will be encountered below 9,000

Celebration Still Needs A Name; Entries Wanted

ENTRY BLANK
Muleshoe Chamber of Commerce
Box 846, Muleshoe, Texas
Dear Sirs:
My suggestion for the name of Muleshoe's annual celebration is:
Name _____
Address _____
(Contest closes at 5 p. m. Wednesday)

Muleshoe Auto. Co. Begins Fourth Year In Muleshoe In New Location

The Muleshoe Automobile Company, Buick dealers for Muleshoe, owned and operated by Ray Keeling, celebrated their fourth anniversary Wednesday, August 1, by moving into a new location. The firm will occupy the building on Highway 70 north of the railroad formerly occupied by the City Motor Company. This new building, completed a few weeks ago, consists of a show room, offices, parts department, repair department, and washing and lubrication department. The company will also be retailers of Gulf gasoline and motor oils and wholesale distributors of Amalie oils and greases. Muleshoe Automobile Company is planning a formal opening and it will be announced at a later date, Mr. Keeling said. Employees are C. H. Long, Jr. shop foreman, C. A. Gates, mechanic, Frank Matthews, service station, and John Clifton, washing and lubrication department. The firm will also handle tire and tubes, tire repair, batteries auto parts and accessories, and will specialize in washing and Buick lubrication. Mr. Keeling invites their many friends and customers to visit them in their new location and to see them for complete one-stop automotive service. Their formal announcement appears on another page of the Journal.

Streets Soon To Be Paved Listed

The paving of streets of the City of Muleshoe is gaining headway and work on several other streets will be started in the near future. Last week paving crews began work on West 7th Street starting at the Clovis Highway and continuing to the southern edge of town. Engineers are laying off other sections to be paved. Streets which will receive paving and all contracts have been signed with the property owners are Ave. C between West 6th & West 7th Streets, West 8th Street, West 9th Street, Ave. D past the present paving, West 5th Street, Ave. E between West 6th and 7th Streets, and between West 4th and 5th Streets, and on Ave. F, between West 6th and 7th Streets. Work is almost completed in signing contracts with the property owners on West 4th and West 6th Streets, and is expected to progress here very shortly.

Cotton Insect Training Tour To Be Conducted In County Friday

Friday morning at 10:00 a. m. Harry Harvey, District Extension Entomologist and J. K. Adams, county agent will start out from the Courthouse square on the annual training tour which will enable farmers to identify their own cotton insects and apply proper controls. All farmers and others interested in efficient control of cotton insects at the lowest possible cost should attend all or part of this tour. The morning program will consist of hunting and identifying cotton insects in the Wedel cotton field five miles north of Muleshoe on the East side of the Friona pavement. Several other fields in that community will be inspected before noon. The afternoon will be devoted to the interest of cotton farmers living south of the sandhills. The party will leave Needmore at 2 p. m. and inspect the O'Hare and Boosier cotton fields and the program will be concluded by an inspection of cotton on the A. H. Darceik Certified Seed Farm 2 miles west of Maple in the new irrigation area. Thrips and Fleahoppers are to be found in most fields and bollworms have punctured squares in several sections of the county. The tour of cotton fields with farmers is recognized as the only practical way of teaching farmers to hold onto their insecticide money until the proper time, then knock out those harmful insects with the proper dust or spray.

Billie Joe Morrison Lone Star Farmer

Billie Joe Morrison, Muleshoe FFA boy, son of Mr. and Mrs. D. L. Morrison, Monday night was honored by being named a Lone Star Farmer, highest honor the state Future Farmer organization awards. Edward White, Voc. Ag. instructor, and Mr. and Mrs. Morrison accompanied Billie Joe to Hereford for the awards banquet when 63 boys in this area received the degree. Billie Joe was the only boy to make the degree this year in the Muleshoe school. Billie Joe is associated with his father and brother in breeding Chester White hogs. They also have Hampshires and Billy Joe has one of the heifers of the merchants' Jersey cattle program started several years ago.

Damron Wins Tennis Tourney

Sam Damron was winner of the Muleshoe Junior Chamber of Commerce City Tournament by defeating E. W. Evans two sets out of three last Friday. Third place and consolation winners have not been announced. Evans won the first set 6-1, and Damron won the next two 6-2 and 6-4. A city junior tennis tournament is being planned and more information will be announced at a later date.

Muleshoe's celebration to be staged at the end of this month still was wanting a name early this morning. The committee, composed of heads of all the service clubs, Chamber of Commerce, JayCees, failed to agree on a name when they examined the suggestions late Wednesday. Therefore, they decided to continue the contest, and set next Wednesday, August 8, at 5 p. m. as the new deadline for receiving suggestions. Anyone who has a suggestion should fill in the blank and mail it at once. A catchy suggestive name is needed. The committee thought that a name which will suggest the idea of Muleshoe's rich, diversified agricultural territory and at the same time suggest the idea of a celebration jubilee, jamboree or whatnot would be an ideal name. They admitted it would be hard to incorporate all these ideas in a name which would be short enough. They urged that everyone get their thinking cap to working quickly and give thought to the matter; it is hoped that such a name will come up that will be adopted and serve through the years as a distinctive name for the event year after year. Remember, \$10 is offered for the best name for the celebration.

Big Parade To Be Staged

Muleshoe Rotary Club Tuesday accepted responsibility for the big parade that will mark the inauguration of this city's projected three day celebration, August 30 and 31, September 1. Other clubs and groups are accepting the sponsorship of other phases of the three day affair. Bud Holton, Rotary president, named the following committee to make plans; Chief Jones, chairman; J. M. Forbes, co-chairman; Woodie Lambert, Onard Upton, and John McDonald. The committee met that afternoon at 5 in the office of the National Alfalfa Dehydrating Company and decided what components they would like for the parade to have; a tentative line of march that will be announced later; a tentative agreement upon the staging area or street; and other matters. The committee decided upon a parade marshal who was to be contacted. TO MOVE AT 5 P. M. The parade will move at 5 p. m. August 30 through the principal downtown streets. Horses, bands, floats, etc. are being arranged. Prizes for the best floats in the sum of \$100 are being offered by the Rotary Club, \$50 for the first choice of the judges, \$25 for second, \$15 for third and \$10 for fourth place. Out of town judges will be used, and they will look for originality, effectiveness, attractiveness, etc. The parade marshal will lead the parade, followed by the color guard of the Muleshoe Roping Club, then the Muleshoe Roping Club on horses, then a few floats, a band, followed by more floats or business house vehicles such as automobiles, implements, etc. The Roping Club's queen will have an honored place in the line up and at the end of the parade will ride the queen of the festival, to be selected by the Lion's Club. Organization, business house, club floats will have a prominent place in the parade. If the committee can bring it about, it will be the biggest parade ever staged in Muleshoe of Bailey County. Members of the committee began contacting business houses, churches, ladies and men's clubs early Tuesday morning. They will report back to Mr. Jones at 5 o'clock Friday afternoon. All Hall, new manager of the Muleshoe Chamber of Commerce, upon invitation of the committee met with them in an advisory capacity, to keep them informed as to other people's functions in the coming celebration. Entering floats will be E. J. Smith, Magnolia Consignee, R. R. Holton, Conoco distributor, Howard and Walker, Gulf distributor, Evans Oil Company, Phillips distributors, and Sam Fox, Texas Co. distributor. Other firms will be Western Fertilizer, H. S. Sanders Lumber Co., Jones Bros. Farm Store, Bass Firestone, Southwestern Public Service, Texas Machinery Co., Muleshoe Implement and Supply Co., Johnson & Nix, Hicks Tractor Co., and National Alfalfa Milling and Dehydrating Co. Organizations entered in the parade are the Junior Chamber of Commerce, Roping Club, Chamber of Commerce, Rotary Club and the American Legion. All floats in the parade by local business men and organizations will be welcomed. Other entries will be announced in next week's Journal.

Shave Permits Now On Sale

Shaving permits for the rodeo and celebration on August 30, 31 and September 1 are now on sale. These permits give a person the privilege of shaving between August 1 and September 1. Permits are now on sale for \$2.00 each except to members of the JayCees and Roping Club whose permits will cost them \$10.00 each. Persons not purchasing permits and shaving will be punished in some manner. Several have suggested a dunking in a horse trough which will be sent us as redoo time nears. Many in town are planning to grow beards and several already have good starts. The day preceding the rodeo will find beards of all colors and descriptions. A prize will be given during the celebration days for the person sporting the best beard.

Premiums Listed For Earth Rodeo

The two performances of the annual Earth Rodeo will be held at the arena there the evenings of Friday and Saturday, August 3rd and 4th, at 8 o'clock. The stock is being furnished by W. W. Branscum, and a \$200 saddle will be presented the contestant making the best average in the roping events. The show is divided into two go-rounds and the events and the prize money for each go-round are: Calf roping, \$100; Ribbon roping, \$100; Bareback bronc riding, \$100; Brahma bull riding, \$100, and Ladies barrel race \$50. The office of the rodeo is at the Gray Oil Company and the entrance books were closed for the last go-round at 5 o'clock Saturday afternoon. The events and the prize money for each go-round are: Calf roping, \$100; Ribbon roping, \$100; Bareback bronc riding, \$100; Saddle bronc riding, \$100; Brahma bull riding, \$100, and Ladies barrel race \$50. Other events are the junior boys (ages 13-16) tie down jackpot, and the junior boys (under 13 years) breakaway jackpot. VACATIONED IN N. M. Mr. and Mrs. Eddie Lane and children and Mr. and Mrs. Charles Bratcher vacationed in Ruidoso, and other places in New Mexico.

Dr. Hooton Brings A Revival Of The Spirit In Methodist Meeting

DR. HOOTON

Joe Jones Joins Farm Store Here

Joe Jones has joined his brother, F. W. "Chief" Jones in the operation of the Jones Farm Store here, the two men announced this week. The former and his family have moved here from Dallas, where he was an engineer with the Dallas Air Conditioning Company. The new family, consisting of Mr. and Mrs. Jones and their two children, are occupying the Bob Roberts home on Avenue E. Joe Jones studied mechanical engineering at Texas Tech, Lubbock, going from the college directly into the employ of the Dallas firm. They are glad to be located in Muleshoe, especially since his mother and Mrs. Jones' family all live in Lubbock, and they have always called Lubbock home, the families having lived there some 25 years. The growing Jones Farm Store required further manpower Chief Jones said. He established the business three years ago and it has steadily grown, now needs to expand. The store is local dealer for Purina feeds, Mathieson fertilizer and chemicals, Century insecticide sprayers, insecticides, baby chicks, seeds of various kinds, and general farm supplies.

Piggly Wiggly To Give Refrigerator

Piggly Wiggly of Muleshoe this week announced they would award a brand new 11 cu. ft. Admiral Refrigerator in a drawing at the store here at 4 p. m. August 31. The refrigerator will be obtained through the Berry Electric Company, of Muleshoe, which also has some good news for the people of this territory. Full details may be found on two full page advertisements in this week's paper. Customers are asked to register at Piggly Wiggly each time they visit the store. \$50 worth of free groceries will be awarded by the Berry Electric. This big event will add to the program of entertainment planned for Muleshoe visitors the last of this month, details of which are carried in this paper elsewhere.

POST OFFICE CAFE TO BE REMODELED

Mrs. Theron West, owner of the Post Office Cafe, has announced that she would be closed from today (Thursday) until Monday in order to remodel the cafe and install new furniture. Plans call for a new inlaid floor, revamping of the counter, and partition, and installation of new booths and chairs and tables. Mrs. West plans to reopen Monday and invites her many customers to visit her in the newly redecorated cafe.

EIGHTH GRADE PICTURES STILL AVAILABLE

Persons ordering pictures of the Eighth Grade Graduating Class and have not received them. They may stop by the Journal office and pick them up.

A veteran Methodist minister, whose friends literally are numberless, who holds a high place in Methodism, has been bringing a revival of the spirit not only to the congregation of the First Methodist Church and folks of other denominations living here but to hundreds of people from many other Plains communities who have been coming here to hear him in the meeting that will draw to a close the coming Sunday night.

Dr. Caradine R. Hooton, formerly pastor at Sudan, Plainview, and other Plains cities, later of the huge First Methodist Church of Oklahoma City, is loved for his human qualities as well as for his intellectual attainments. In the last few years he has served his church as executive secretary of the Methodist Board of Temperance, with headquarters in Washington, D. C., where some of his friends are persons highly placed. Senators, Representatives and other Government figures. His contacts and experience on a national and world stage have not taken from him the "common touch". It is said that he chose to conduct a revival in Muleshoe this summer because of his long and intimate friendship with the pastor, Rev. H. W. Hanks. He conducts about three revivals a year, and this time he is giving up a part of his vacation in order to lead in this meeting.

He is accompanied by Mrs. Hooton and their two daughters, Mary and Anna Belle and the family have been guests of various friends. Dr. and Mrs. Hooton had a son who was a Navy pilot and was lost during the war in the China Sea. He founded a church, known as "The Church of the Redeeming Love", in Kobe, Japan, in honor of the son's memory.

Fellowship and good will have marked this meeting. The church has overflowed at practically every service. A morning service is conducted from 7 to 8 a. m. and the evening service is at 8:15 o'clock.

A further feast of fellowship is promised when the First Methodist Church choir, of Plainview, attend the services tonight. This choir, some thirty strong, will sing special music, and two of their well known singers, Mr. and Mrs. Charlie Dean, will be heard. A watermelon feast will be enjoyed in Fellowship Hall after the services.

Dr. Hooton To Sing
Dr. Hooton, who himself has a beautiful voice, has been singing a solo at some of the services, and has promised to sing at both services the coming Sunday. Mrs. Hooton plays the piano, accompanying Miss Gwyneth Bigham of Muleshoe, who plays the Hammond electric organ.

The Hootons will go from here to a mountain spot in Colorado where they will be joined by several families, some from Oklahoma City, for several days of fishing and relaxation.

July 21 Is Hottest Day

It has been hot in Muleshoe the past week, but the temperature has been slightly lower than recorded in other cities in the State. Temperatures for the past week are:
Day High Low
Thursday 95 65
Friday 93 62
Saturday 95 63
Sunday 99 66
Monday 98 69
Tuesday 87 71
The hottest day recorded for Muleshoe this year is Saturday, July 21 when the temperature soared to 103 degrees.

Babson Discusses

MAKING WILLS

Gloucester, Mass., July 27.—Everyone should make a will. I seriously mean this. Too many people have died unexpectedly, especially in connection with automobile accidents. Statistics show that more Americans have been killed by automobiles the past year than have been killed in Korea. You may live a long life, but you may die next week. The important thing is not to die without a will whatever your age. Let me give you seven reasons for this:

APPOINT YOUR OWN EXECUTOR

Reason 1. To be sure of a friendly executor and to avoid having some judge appoint some friend of his as an executor with whom you might not be satisfied you can appoint your own executor by making a will. I have appointed a Trust Company.

Reason 2. If you die without a will and the court is obliged to disburse your estate it may run up a lot of costs including the necessity for a bond. These costs can be eliminated largely by making a will and appointing your own executor. You can provide that the executor may give your beneficiaries property or securities at a fair value instead of cash, under certain circumstances.

Reason 3. By making a will you can give your executor certain other discretionary powers, like deciding what property to sell, and the power to do other things which a court appointee would not do. You can directly will certain articles of furniture, clothing, etc. to definite people and do the things that you want to do as you would want them without the fear of litigation.

Reason 4. If a court should liquidate your estate it may sell property hurriedly or during a depression. By making a will you can give your executor time and enable him to use his judgement and consult other people. This privilege may save your estate thousands of dollars.

CONSIDER LEAVING MONEY IN TRUST

Reason 5. By making a will, you can arrange to leave money in trust so that your widow or husband may have the full income during his or her lifetime and then have it go to the children or other people. You may wish to distribute your property

among your children in unequal proportion as one may be disabled or handicapped. To do this you must make a will.

Reason 6. If the estate goes to a court-appointed executor it may take two years or more in being settled and your wife and family may have nothing on which to live during this period. By making a will you can authorize your executor to pay your wife a certain amount each month pending settlement of your estate or giving her money if an unexpected illness, or other unexpected troubles should come. You always can make changes at any time by proper codicils.

Reason 7. I hope you will have some church or charities, as well as friends, to whom you wish to make a gift. This can be done only by executing a will. Really all of us should remember some church in our wills. The only hope of this old world is religion and the church holds the key and is the doorway thereto. All this nation has, democracy, education and hospitals, we owe to the church. Let us uphold the ladder by which we have climbed.

CONSULT A GOOD LAWYER

Don't try to make your own will to save \$50; but go to a good lawyer. Make a list of the gifts you desire to make and whom you want as executor and give this material to your lawyer, who should be a resident of your state. Then he will put it in legal shape.

He will explain to you that three witnesses must see you sign and that these witnesses better be people who are NOT mentioned in the will. There also are some other technicalities which your lawyer will explain to you. The laws of different states differ. Have his clerk make three typewritten carbons of the finished will.

After you sign the original copy at the lawyer's office, you'd better let your suggested executor read it so as to ask you questions if anything is not clear. Then leave it with your bank and get a receipt therefor. You can put a carbon copy in your safe deposit box for future reference by yourself; also you can give a carbon copy to your lawyer and to your executor if you wish.

Even if you now have only very little money, you should make a will. It is the best possible investment for you.

SAND HILLS PHILOSOPHER

He Wants Blame For High Prices Put On Indians, Rather Than On Him

Editor's note: The Sand Hills Philosopher on his Johnson grass farm this week has his two-bits worth, an inflationary amount, on the high cost of living.

Dear editor:

I notice the government is still trying to reduce the price of meat, on the theory I think that farmers and ranchers are getting rich anyway and lowering the price on just one item they raise won't hurt no more'n lowering on radiator caps would hurt General Motors, but I stumbled on a newspaper the other mornin while I was out here studyin my crops, don't know what reflectin on your crops helps em any but it sure sounds important and makes a man look busy, and after I got through decidin the crops were fair but wouldn't make as much as I'd figured on as there ain't a piece of and been invented yet a farmer couldn't out-figure its production on, I took the paper home and stretched out on the front porch and read where an expert had been doin some figurin himself on what's causing high prices.

"J. A."

For example, he found, a can of pork and beans, mostly beans, used to cost a nickel, but now it costs 16 cents, and most housewives mutter and blame it on the farmer. Yet if the farmer just hauled off and gave his beans to the canner, the can of pork and beans would still cost 14 cents. In other words, no use blamin the high cost of a can of pork and beans on me and the other farmers. There's something in the woodpile maybe, but it ain't a farmer.

Also, this expert found if a farmer gave away the wheat in a 16-cent loaf of bread, the bread would still cost the housewife 14 cents. If the tobacco farmer gave away the tobacco in a 20-cent pack of cigarettes, the pack would still cost you 17 cents. If a sheep rancher gave away the wool in a \$50 suit of clothes, the suit would still cost \$40.50. In a \$3 cotton shirt, there's about 35 cents worth of cotton, all told.

You get the point. I ain't about to start givin away cotton or beans or anything else to prove us farmers ain't to blame for inflation, but Washington is barkin up the wrong tree when it thinks we are. It's somebody

else's turn. How about the Indians? There ain't many of them and not one out of four can vote anyway. Down with the Indians and the high cost of livin.

Yours Truly, J. A.

WATER CONTROVERSY

Ground water users all over the West Texas area will watch with interest the hearings of the State Board of Water Engineers at Plainview August 9. The board after hearing arguments, will decide whether or not to call an election for the creation of a ground water district.

The hearing is the culmination of a controversy which has raged with more or less intensity for several years not only at Plainview, but in other parts of West Texas. As is usually the case wherever the use of natural resources is involved there is much to be said for and against the creation of a control agency.

Wide publicity has been given the hearing, and an attendance sufficient to give the matter a thorough airing is practically assured. The Plainview Herald as a public service, printed many extra copies of an edition carrying details of the meeting and distributed them throughout the area.

In a page 1 editorial the Herald set out the issue in these words: "It is not that the Herald is timid about expressing an opinion, but rather that it is difficult to determine what is best in the public interest. For the creation of a district we see these likely benefits:

"1. Limited control of the ground water of the area would be placed in a district governed by local directors, of the people's own choosing. This would be preferable to control by the state or foreseeably by the federal government on account of the limited interstate character of the ground water.

"2. It has been the history of ground water irrigation areas that with more general or prolonged use of the water the table lowers and cooperative action is needed for all to obtain the best and greatest benefit from the water.

"3. There is some possibility that cooperative recharging efforts may be of value.

"4. Educational benefits under direction and guidance of a regional district might prove highly beneficial.

"5. Curtailment of waste would be more positive.

"6. Requirement of spacing of future wells on a scientifically arrived at basis might be beneficial to the man now using water from existing wells as well

as his neighbor or future neighbor.

"Against the creation of a water district is the argument that the water belongs to the land owner anyway and that there is no danger ever of state or federal government wresting the title from him or of enacting legislation, that would regulate its use or otherwise control it.

"Another argument against creation of a district is its taxing power, limited to 50 cents on the hundred valuation, although all taxes would be levied for specific purposes and could be levied only after a majority of the water users had so voted.

Like the Herald we think we will withhold any pro or con opinion other than to pass on to our readers the importance of the Plainview hearing as a possible solution to the problem.—Amarillo News.

How to Help (?) When Fire Alarm Is Sounded

Editor's note: Gene English slipped us this clipping from what he regards as the greatest paper on earth, The Haskell Free Press:

The following instructions, taken from an El Paso newspaper are so completely the opposite of what members of the Haskell Fire Department want that they are calling them to the attention of those who delight in following fire trucks in answering alarms. "As soon as the fire alarm starts sounding jump into your car and get it started.

While you are backing out of the yard, have your wife look for smoke so you can know which way to go.

If you have two cars, have some other member of your family bring the other one with all possible speed. Thus, you can park one on each side of the street at the scene of the fire. This will enable your neighbor, who should be right behind you, to park in the middle.

Whatever you do, don't fail to get to the fire before the fire truck does if it is humanly possible. (This is imperative).

In case you are late, and can't get right up to the fire, dash madly back and forth on the street in the vicinity.

In case you are the first one there, dash up to the house and break out all of the windows and open the doors, to let the smoke out. This will permit a draft and allow the fire to get going good.

In the event that you suddenly decide to leave and find yourself hemmed in by other cars, this is the procedure to follow: Run your car madly ahead and back a few times until you find

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Nature Speaks of God
"The earth is the Lord's and the fulness thereof; the world, and they that dwell therein." (Psalm 24:1.) Read Psalm 33:1-8.

Thirty years ago, I was assigned as pastor on the island of Corregidor. One twilight I watched the crimson sunset, looked at the blue China Sea, and viewed the Mariveles mountains. My soul was lifted up to God.

Crossing the Canadian Rockies once, I looked out of the window of the train and saw the magnificent and cathedral-like mountains covered with snow. The sight filled me with wonder and awe.

In these memorable experiences I saw the beauty, the wonders, the splendor, the glory, and

ally run over the fire hose. This important move should be accompanied by continuously blowing your horn.

Don't pay any attention to the firemen. If they get in your way run over them. They are just there through curiosity while your presence is important; besides they don't know what they are doing.

At a recent fire there were nearly fifty automobiles assembled at the scene. A section of those was ruined by one or more persons driving over it. That's the good old spirit!

And before you leave, don't fail to make some comparison with the fire you saw in Houston or some other city you may have once visited."

the majesty of the Eternal God, the Creator of the earth and the Regulator of the planets.

Our God is in this world. He dwells, works, and reveals Himself in it. We can commune with Him and enjoy His presence in the midst of it. He is very near and real in nature, wherein His creative majesty, power, and love are unfolded. This Creator is our God. We honor, reverence, and worship Him.

PRAYER

O God, we thank Thee for the beauty and loveliness of nature. On every hand we discover Thy presence and majesty. Help us to humble ourselves in Thy holy presence. Breathe Thy Holy Spirit into our lives that we may truly reverence Thee and show forth Thy love to those dwelling upon the earth. Thus would we work with Thee to make the end heavenly. In our Saviour's name. Amen.

May we suggest a Sitting?

No doubt about it—you'll make a mighty handsome picture in a strapping new '51 Buick.

But it isn't the way you look, but the way you feel that's really important.

We'd like you to discover a Buick's ease and comfort, a Buick's power and performance, a Buick's steadiness and control—just to see if maybe you have been missing a travel treat.

We'd like you to discover what a valve-in-head engine, as Buick builds it—gingered with Fireball combustion—can mean in pulse-pounding thrill and in big miles-per-gallon figures.

We'd like you to learn what coil springs on all four wheels—not just in front—can do in the matter of smoothing a

rough road and keeping you on an ever-level keel.

We'd like you to see what generous roadweight and a rigid torque-tube mean in solid steadiness of ride—what Dynaflo Drive* does for you in downright comfort and convenience—what a breeze it is to handle so big and roomy and impressive a car.

Most of all, we'd like you to note the

easy-to-take price tags our cars wear—what a whale of a lot more automobile you get for your money in today's Buicks than you'll get elsewhere.

So—come in for a sitting soon, won't you? Whether you try a SPECIAL, SUPER or ROADMASTER, you'll find it the top buy in its field—and a beauty from any angle.

*Standard on ROADMASTER, optional at extra cost on other Buicks.

No other car provides all this:

- DYNAFLOW DRIVE* • FIREBALL ENGINE
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

Billion Dollar Canned Vegetables Industry To Be Under Price Ceiling

A ceiling price regulation for the billion dollar canned vegetables industry which will permit price adjustments for changes in raw materials costs and some other costs was issued by the Office of Price Stabilization, the district office said yesterday.

Approximately 2,400 vegetables canners throughout the nation are affected. The Regulation, CPR 55, became effective on any day the packer selects, up to and including August 5, 1951.

While it establishes a method for calculating ceiling prices at this time only for canned green peas of the 1951 pack, additional canned and processed vegetables such as snap beans, lima beans, sweet corn, beets and tomatoes will be included later.

The regulation, however, does not apply to vegetables packed and sold as baby food, junior food and canned soups which OPS said would be covered by specific regulations to be issued in the future.

OPS said it is most difficult to estimate the effect on retail prices since the regulation fixes many ceilings for many different items of many different processors. In the case of green peas present indications are that there will not be substantial changes in the average price at the F. O. B. cannery level. As a result of

this regulation, however, the general level of ceiling prices for canned peas may be increased slightly.

The pricing method used is fundamentally the same as the one in ceiling Price Regulation 42 issued earlier for the 1951 Spring pack of canned vegetables, with the exception of a different base period.

The base period selected is the first 60 days of the 1948 pack. OPS said this period was selected because 1948 is considered to be the most representative period of normal competitive conditions for the canning industry as a whole.

Processors compute their ceiling prices by adding to their base period price allowable increases in processing costs and raw material costs.

The allowable increased costs for packaging, processing, repair, warehousing and labor since the 1948 base period have been determined by OPS on the basis of a survey of a representative group of canners throughout the nation.

Each canner's increase for these recognized costs is obtained by multiplying his base period price by the factor applicable for his processing area.

The raw material cost allowance is determined by finding the difference between 1948 base

period costs and the 1950 costs and relating this difference to the maximum permissible cost increase for 1951 over 1950. These increases are recognized on the basis of cost increases up to but not in excess of the legal minimum prices for vegetables as already determined and announced by the Secretary of Agriculture.

In calculating the raw material cost difference a canner first determines the difference between his 1948 and 1950 weighted average raw material cost and combine that difference with the difference of his 1950 and 1951 raw material costs.

The difference between the 1950 and 1951 raw material cost however, may not exceed the amount of the appropriate maximum permitted raw material increase for the specified raw material area.

Since it is known that some 1948 raw material costs were greater than 1950 costs, it is possible that an individual canner may experience a raw material cost decrease in 1951 as compared to 1948.

Special pricing provisions are made for grower-owned cooperatives, grower-processors, and processors who buy raw material on open-end contracts. Processor-wholesalers and processor-retailers are also given different treatment.

The many little islands in the South Pacific are the peaks of the biggest mountains which form the floor of the ocean.

Ice Cream Supper Set At West Camp

The West Camp Pollyanna Home Demonstration Club met in the home of Mrs. Johnnie Williams Wednesday, July 25, 1951.

Upon arrival the members were shown through Mrs. Williams new house. They had recently moved to Farwell.

The meeting was called to order by members answering roll with time savers in the home. There was a short business meeting and the club decided to have a community ice cream supper and forty-two party in the home of Mrs. Partin Austin, Aug. 24. The meeting was adjourned and Miss McClurkin gave a demonstration on the baking of a yellow cake, featuring the handy master mix. This proved to be very interesting and useful in saving time to the housewife.

Delicious refreshments were served to 14 members. There will be no meetings in August, but the next meeting will be with Mrs. Willie Williams of Farwell on Sept. 13.

L. A. Hunke And Miss Davis Wed

The wedding of Lloyd Allen Hunke former Muleshoe man, and Miss Christine Davis, is told in an issue of The Memphis, Tenn. Commercial Appeal dated July 22. The wedding ceremony was read in Spartanburg S. C.

Mr. Hunke's mother Mrs. Louis Henry Hunke, and a brother, Tom Hunke, reside in Muleshoe.

The bride is the daughter of Mrs. Homer Davis of Marvell, Tenn. She is a graduate of Mary Baldwin College, Staunton Va., and received an M. A. degree from the University of Virginia, Charlottesville. She has been a member of the faculty of Converse College, Spartanburg.

Mr. Hunke who formerly resided here, lives in Houston, where the couple will make their home.

Mrs. Morrow Talks To Garden Club

Muleshoe Garden Club met in regular bi-monthly meeting Wednesday, July 25, at 8:30.

Mrs. Albert Morrow, Morton, past president of District 1-A, Texas Federation of Garden Clubs, was honor guest and speaker for the morning program. She chose as her subject, "Flower Shows" giving special emphasis on staging flower shows, their educational and civic value.

Mrs. Sam E. Fox and Mrs. Jack Epps, hostesses, served refreshments consisting of coffee and cookies to the following members: Mrs. Gene English, Mrs. Bob King, Mrs. Bill Moore, Mrs. Roy Jordan, Miss Dian McClurkin, Mrs. Hoyt Morgan, Mrs. L. S. Barron, Mrs. F. H. Davis, Mrs. Pat Bulloch, Mrs. Jack Epps, Mrs. Delma McCarty, Mrs. D. L. Morrison, Mrs. Howard Cox, Mrs. Ross Goodwin, Mrs. Howard Elliott, Mrs. M. F. Green, Mrs. Jack Lenderson, Mrs. Noel Woodley, Mrs. George Stotts, and two visitors, Mrs. E. E. Dyer and Mrs. Albert Morrow.

VISITED SISTER

Mr. and Mrs. Willie Strong visited Sunday afternoon in the home of her sister, Mr. and Mrs. W. H. Wilcox and family of Clovis.

LIBRARIAN ON VACATION

Mrs. E. R. Wright, the librarian, will be on a vacation, August 6-20. She announced that the library will be closed.

Uncle Sam Says

Just as the military forces keep America strong in the field, your purchase of U. S. Defense Bonds helps keep America strong economically. Both are of extreme importance today. It's the combined strength that protects your town, your home, your right to work and to maintain peace. Remember—when you're buying Defense Bonds regularly, you're building a personal reserve of cash savings. And your maturing Series E Bonds will go on earning interest for another 10 years. In 20 years you will get 77 per cent more than your original investment.

TIMELY TIPS FROM YOUR H. D. AGENT

By Miss Dian McClurkin

THE LIFE OF A SHIRT

Have you ever checked the life of a shirt for your husband or son? If so, you would have some idea of the work Mary Anna Grimes, of the Rural Home Research Department of Texas A. and M. College has been doing. Miss Grimes reported to the Cotton Research Congress at College Station that two varieties of cotton, Acala and Rowden, were grown 2 seasons in 2 regions, Temple and Lubbock. They used two methods of harvesting, hand picking and snapping, and after the fiber and yarn analysis were completed, the cottons were made into 7 white broad-cloth which were in turn made into 483 shirts.

There were 55 men cooperating in the study by wearing the shirts, in fact, each were given 7 which he wore in rotation and laundered in the same manner. Now they have returned their shirts, either as worn out or for other reasons. The highest number of launderings to date is 63, and the greatest number of hours any shirt was worn was 1,081 hours.

The research adds to the knowledge as to the effect of fiber properties and of grade and staple upon the wearing quality of fabrics; the relationship between the properties of fiber and those of yarn and of fabric; the effect of various laundry methods upon serviceability; the relation between laboratory tests and actual wear of garments, and the effect of such personal factors as size, age and activity upon the life of the shirt.

Miss Grimes reports one final conclusion, Texas cotton can be made into attractive, durable shirts.

Summer care of leather goods, when the blazing sun streams through your windows move your leather covered chair, leather articles, chairs, table tops, purses, book bindings, should be kept away from dampness and from heat.

August 5-11 is National Vegetable Week. Good time for you to have a few vegetable dinners! In these days of H. C. L. that is, High Cost of Living, vegetable dinners are economical as well as nutritious!

Late summer pruning lessens the amount of blooms on early flowering shrubs. It cuts off bloom buds made from spring flowers.

Junior Study Club Organized

Mrs. Mary Nell Chapman was elected president of the Muleshoe Junior Study Club Monday afternoon at the organizational meeting of the club. The newly organized club will be sponsored by the Muleshoe Study Club.

Mrs. Naomi St. Clair and Mrs. Geraldine Green, officers of the Muleshoe Study Club, assisted in the organizing of the club.

Other officers elected were: Mrs. Arline Phelps, vice-president; Elaine Damron recording secretary; Barbara Mae Blackman, corresponding secretary; Ruth Fowler, parliamentarian; Ruby Lee Kerr, reporter; Theresa Edwards, treasurer; and Annie Lucy McAdams, historian.

Committees appointed by the president were: yearbook, Arline Phelps, Dorothy St. Clair, and Hattie Ray Jones. Constitution and by-laws, Ruby Lee Kerr, Barbara Mae Blackman, and Billy Joan Smith; Membership, Barbara Mae Blackman, and Theresa Edwards.

Charter members present for the meeting were: Elaine Damron, Billy Joan Smith, Theresa Edwards, Ruby Lee Kerr, Dorothy St. Clair, Jerie Farrell Barbara Mae Blackman, Annie Lucy McAdams, Ruth Fowler, Mary Nell Chapman, and Arline Phelps.

Other charter members are: Hattie Ray Jones, Edith Evans, Eunice Evans, Mary Murphy, Lucille Farrell, and John Ann Jones. Members voted to meet the second Tuesday of each month.

CHRISTIAN SCIENCE SERVICES

"Owe no man any thing, but to love one another: for he that loveth another hath fulfilled the law" (Romans 1:8). That men are capable of fulfilling their obligation to one another exactly in proportion to their understanding that Deity is infinite divine Love, is the central theme of the Lesson-Sermon on "Love" to be read in all Christian Science churches on Sunday, August 5. This statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy further emphasizes the point: "When we realize that there is one Mind, the divine law of loving our neighbor as ourselves is unfolded; whereas a belief in many ruling minds hinders man's normal drift towards the one Mind, one God, and leads channels where selfishness reigns."

The Golden Text for the week is taken from the book of Jude: "Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life."

Air Force Still Open To Men Who Don't Have Orders

Men who have received their pre-induction physical but have not received their notice to report for induction may still volunteer for the U. S. Air Force, providing that their enlistment is accomplished prior to midnight July 31, according to T. Sgt. Gerald F. Cutshall, local recruiter for the U. S. Army & Air Force station at Littlefield.

Sgt. Cutshall said this will be the last time that men in this category may volunteer for enlistment before they are inducted in the Army or Marines. There are several young men in Muleshoe that are slated to be inducted in the services that are waiting for a call. From all indications these young men will be in within the next few days. The sergeant advises those that would like to enlist in the Air Force to come in to his office at Littlefield and have their names put on the list. Due to the fact that the Amarillo main recruiting station has been put on a quota basis for Air Force enlistment, only three applicants can be accepted for enlistment daily from the entire area.

The U. S. Army & U. S. Air Force recruiting station at 110 West 5th street in Littlefield is remaining open this Saturday and Sunday, July 28 and 29, from 8 a. m. until 10 p. m., for the convenience of those wishing to volunteer before the deadline (for applications) and on Sunday to 10 p. m.

COTTON CHUTES DELIVER THE GOODS!

Flying boxcars drop tons of rations and gasoline to embattled UN troops with new cotton muslin square cargo chutes. Made from strips of cotton muslin, the chute can deliver 500 pounds of cargo from a plane traveling 175 miles per hour. The new type of muslin chute replaces the old 24-foot rayon cargo chute that had a capacity of only 300 pounds. The added strength comes from the cotton chute's unique strip design.

Garrison Says False Rumors Being Spread About New Responsibility Law

AUSTIN, July 25—Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced his intentions of calling upon the State's newspapers and radio stations to assist his Department in putting the "damper" on the false rumors and misinformation that is currently being spread in some circles concerning Texas' new Motor Vehicle Safety Responsibility Law.

Garrison emphasized that the State will conduct a through educational program in November and December to acquaint the public accurately and adequately

DENTIST
DR. A. E. LEWIS
Downstairs - McCarty Bldg.
Office Hours
9 a. m. to 12 - 1 to 5 p. m.
Office Pho. 131 - Res Pho. 220-7

with the purpose and requirements of the law which will become effective next January 1. At the same time, Director Garrison warned the public not to believe statements that the statute is now in effect or that it is a compulsory insurance law. He emphatically pointed out that the law will have no effect upon motor vehicle owners and operators until January 1 and declared that under no condition or circumstances will it compel motorists to carry automobile liability insurance.

No Compulsory Insurance

According to Garrison the new regulations bear no resemblance to a compulsory insurance law. He pointed further to the fact that only one state has such a law but that Texas became the 35th state to enact a security-type Safety Responsibility Law. It is true according to Garrison that, beginning January 1, a motor vehicle owner or operator who is involved in an accident resulting in death or injury, or property damage exceeding \$100 must furnish proof of his ability to meet claims up to \$15,000 or have his motoring privileges suspended until he does. Proper insurance may be accepted as sufficient proof of such financial responsibility but the law also offers several choices of furnishing such proof. Among these are the posting of a bond with the Texas Department of Public Safety or the depositing of satisfactory security with the Department. Also, under certain conditions, individuals or firms may qualify as self-insurers under the terms of the law.

Alternatives Set Forth

The alternatives will be clearly set forth by the Safety Department as a part of the education program beginning in November. All such information released by the State will be clearly identified as such and it will be official according to Garrison.

In calling upon the press and radio for assistance, Garrison stated: "I am asking the public-spirited newspapers and radio stations of Texas to cooperate with the Department of Public Safety, on behalf of the State, in

Texans Like To Visit New York

NEW YORK—Nearly 153,000 Texas residents will visit here this year a New York City hotel survey indicated recently.

"During the year, New York's population will be swelled by 13,000,000 out-of-towners who will spend well over a billion dollars seeing the big-city sights", declared Floyd W. Jefferson, president of the New York Board of Trade, in commenting on the 1951 travel season.

Ranking in popularity with the Statue of Liberty, Times Square and the Empire State Building as favorite attractions are the RCA Exhibition Hall in Radio City, where visitors view a free display of the latest electronic wonders and can see themselves on television; Rockefeller Center, a complete modern community within itself, and the new United Nations Building, which looks as though it were made of glass.

A good indication of the comparative popularity of various tourists centers is seen in attendance figures. The survey revealed that approximately 450,000 people take the tour of Rockefeller Center each year. The RCA Hall attracts 1,250,000, while another 600,000 view the Museum of Modern Art. More than 200,000 visitors annually ride the sightseeing yachts around Manhattan Island.

The estimate of the number of visitors from Texas was based on a hotel survey conducted over a one-year period.

The survey showed that June is the most popular month for Texas visitors. They stay an average of four days and spend about \$100 each in New York, it was reported.

Lazbuddie High School Gets An Electric Range

The Lazbuddie high school has purchased for its homemaking department a new Frigidaire electric range refrigerator and automatic washing machine. This equipment has been made available through the Harper Appliance Company of Muleshoe and will be kept in condition by them and replaced as the current models are released during the next few years.

This equipment will be used in the homemaking classes for educational purposes.

RETURNED FROM INDIANA

Mr. and Mrs. H. E. Newsom and son returned home Thursday after a two months visit in Vincennes Ind., with Mrs. Newsom's parents Mr. and Mrs. Charles McLin.

a plan to give our people all the true facts. I am confident that they will do so. This educational program will begin November, two months before the law becomes effective. In the meantime, I hope the people of Texas will not permit themselves to be misled again about this new law, which was enacted for their greater safety and financial protection."

Disease Follows Trail Of The Fly

AUSTIN Aug. — Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, polio, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," urged Dr. Geo. W. Cox, State Health Officer.

"The most effective measure for control is to prevent breeding," DDoctor Cox said. "Flies breed in filth and about eight days are required to complete a life cycle. During her life time of several months, one house fly lays from 600 to 1000 eggs. Thus it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such

food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat, vegetables, and fruit screened from flies.

"Organize health measures to destroy the breeding places, control the flies' access to your home and food and establish standards of cleanliness in your community that will eliminate the fly."

REMODELING CAFE

Mr. and Mrs. Marvin Wimberley are remodeling and redecorating the former Sterling Cafe on West First which they acquired in a trade with Mr. Sterling, who is now operating the drive-in on Clovis Highway. The Wimberleys also are revamping the building, giving it an attractive

front and have also redone the outside walls.

PROMOTED TO CORPORAL

"Woodie" Jackson, son of Mr. and Mrs. M. L. Jackson of Muleshoe has been promoted to a corporal. "Woodie" has been in Korea since February.

For Honors Earned

FOR OUTSTANDING PERFORMANCE in serving the people of Muleshoe, Southwestern Life Insurance Company pays tribute to Marion F. Harris, who in the past year has added to his professional stature by earning:

Membership in the Leaders' Round Table of Texas, honor group of the Texas Association of Life Underwriters, limited to those who meet all of the exacting requirements of that organization.

Southwestern Life, now in its 49th year of uninterrupted service to Texans, applauds the record of its representatives, whose collective achievements are unmatched by any other agency force in Texas.

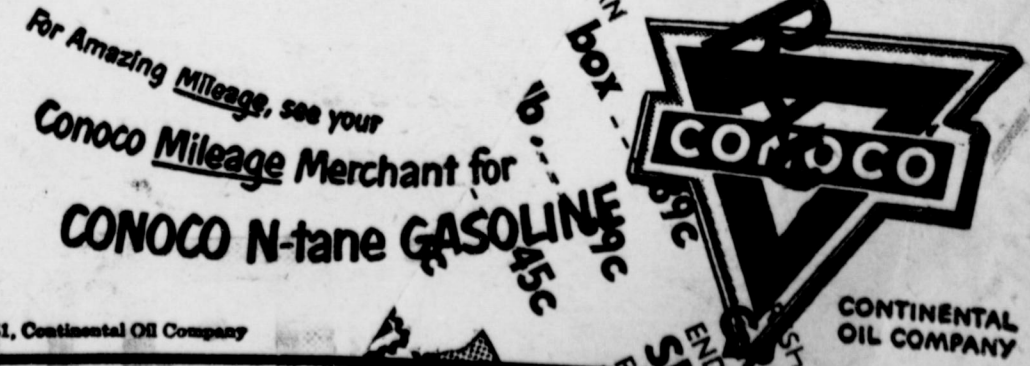

Southwestern Life Insurance Company

JAMES RALPH WOOD, PRESIDENT HOME OFFICE • DALLAS

Amazing Mileage!

RELAX and take it easy...you can cover more miles than ever before, with Conoco N-tane gasoline! No need to make "an expedition" of your next long trip. Try it! You'll go so far you'll think you're flying on air.

REV HAROLD EWING OF
CLOVIS PREACHED HERE
 Rev. Harold Ewing of Clovis,
 preached at the morning worship
 hour Sunday for the First Chris-
 tian Church here. Rev. Ewing is
 a young preacher who has just
 graduated from Minnesota Bible
 Seminary, Minneapolis and re-
 cently was ordained. The congre-
 gation greatly enjoyed his
 preaching.

CARD OF THANKS
 We wish to express our sin-
 cere thanks and deep gratitude
 to those who were so kind and
 considerate to us in the death of
 our loved one. May God bless
 you.

Easy, Pop!
 we're usin' PHILLIPS 66 GASOLINE

Step on it gently, Pop, when you
 take off with a tankful of Phillips 66.
 This gasoline is packed with
 Hi-Test energy!

Hi-Test elements in Phillips 66
 Gasoline help you enjoy smooth
 performance. Phillips 66 fires fast
 and evenly, providing easy starting
 and lively acceleration. And you
 save gasoline because Phillips 66
 is blended to burn efficiently... to
 help prevent waste and crankcase
 dilution.

Along with all this, Phillips 66
 Gasoline is controlled according to
 the season. Winter, summer, spring
 or fall, Phillips 66 is right for your
 car. Fill up at stations where you
 see the famous Phillips 66 Shield.

Here's why I take my JOHN DEERE
Equipment to the man
who knows it Best!

"There are three mighty important reasons why my John
 Deere Equipment goes to a John Deere Dealer for recondition-
 ing.
 "First, I benefit from the skill of his trained mechanics,
 schooled in servicing methods recommended by John Deere.
 Second, his shop is well-equipped with up-to-date precision
 equipment. His mechanics have the tools to do the work right.
 Third, he uses only genuine John Deere Parts, which are made
 to fit and wear like the originals they replace. Thus, it's a
 three-way assurance of work well done... economically done."
 It will pay you to consider the important servicing advan-
 tages we offer. See us soon for complete details.

DAVIS & LENDERSON
 HIWAY 70 & 84 MULESHOE, TEXAS
BUY ONLY GENUINE JOHN DEERE PARTS - THEY FIT AND WEAR LIKE THE ORIGINALS

NEW! Fluid Drive for Trucks!

"This is the Fluid Drive unit—
 applies power through fluid!"

"Clutch 'takes hold' smoothly—
 no grabbing or jerky starts—
 longer clutch life"

"Fluid Drive reduces
 transmission wear...
 less shifting, too!"

"Longer life
 of universal joints—
 no sudden jolts!"

"Differential gears
 cushioned against shock...
 longer life assured"

"Wheel spin reduced
 with use of Fluid Drive"

Only DODGE has it!

New smoothness... new ease-of-handling
 ... new economy—all can be yours with
 Dodge "Job-Rated" trucks.
 For gyrol Fluid Drive is now available on
 1/2 and 1-ton models.
 Fluid Drive transmits power by fluid... not
 by a rigid mechanical connection. You get
 smoother operation.

Fluid Drive actually eliminates much gear
 shifting. You enjoy greater ease-of-handling.
 Fluid Drive also greatly reduces wear on vital
 parts. You save on service expense.
 Remember... only Dodge "Job-Rated"
 trucks offer you gyrol Fluid Drive. Ask
 us for a demonstration drive showing the
 many advantages of Fluid Drive... today!

PURCHASES FINE HEREFORD BULL

At a dizzy purchase level, Ted Haberer of Earth last week acquired T. T. Triumphant 7th from the Thornton Hereford Ranch in Colorado to head his purebred herd at Haberer Hereford Farms, Earth.

This magnificent animal weighing 2,200 lbs., and sired by W. H. R. Royal Domino 45th is the product of one of the best Hereford ranches in America, owned by Governor Thornton of Colorado.

Ted has spared no expense to stock his farm with many prize animals and he extends a cordial invitation to everyone to drive out and view his herd.

ATTENDED REUNION

Mr. and Mrs. G. A. Nelson, Mr. and Mrs. Jim Burkhead and small son, Dwight, Mr. and Mrs. Francis Gilbreath and sons, Billy and Jerry, Mr. and Mrs. Dargin Kirk and daughter, Donna Kay, attended a family reunion of the Pittman families held annually

Mrs. Patterson Hostess To Sunshine Club

The Sunshine Club met in the home of Mrs. Patterson, July 19 with eight members and one visitor present. The roll call was answered by reading the fifth

chapter of Mark in the Bible. It was decided to give Mrs. Simmon's boy a shower next club meeting.

Mrs. Payne's birthday is real soon so all who wish to send her a birthday card should get it off. Her address is Rt. 7, Dublin, Texas.

Mr. and Mrs. Gatlin both have been ill, so all club members are urged to remember them. Delicious refreshments of cake and Cool-aid were served to the following: Mesdames Tipton, Chambliss, Simmons, Williams, Harvey, Lee, Coulter, and the visitor, Mrs. Maddox. Several children and the hostess, Mrs. Patterson.

The next meeting will be in the home of Mrs. C. H. Odom, Thursday, August 2. Everyone is urged to attend.

Memorial Day Is Favored In Place Armistice Day

ABILENE, Aug. 1—Growing interest in observing Memorial Day as a holiday instead of Armistice Day, November, and the "victory" days is shown by a survey of West Texas cities just completed by the community services department of the West Texas Chamber of Commerce. Sixty-six local chambers of

commerce contributed to the survey.

Twenty-eight reported their towns observe Memorial Day while only twenty "close up" on Armistice Day and none on V-J Day.

All 66 observe the fourth Thursday of November as Thanksgiving Day. All observe Christmas but four do not close on Independence Day and only 48 observe New Year's Day.

One town observes Easter and one other Good Friday. Labor Day is a holiday in 39 of the 66 towns.

None reported a holiday on San Jacinto Day or on George Washington's birthday.

Wanted By The FBI

GUS HALL, 40

The FBI has requested the assistance of alert citizens and law enforcement agencies in locating Gus Hall, National Secretary of the Communist Party, U. S. A. He is one of the Communist Party leaders who have been convicted of the Smith Act and are presently fugitives from justice. A description of Hall is as follows: Age 40, born October 8, 1910, at Virginia, Minnesota; height 5' 11"; weight 220 pounds; eyes, blue-gray; hair, light brown; complexion, fair; build, heavy; race, white; nationality, American; scars and marks, small scar on left thumb, two pockmarks on left cheek mole on right side of neck.

Hall sometimes wears a mustache. He leans forward at the shoulders when he walks, drinks large amounts of coffee and usually rests his elbows on the table holding the cup at lip level. He laughs easily and is described as being rather boisterous. He speaks in a husky tone but at a high pitched level. He seldom wears a hat. His eyes have a staring appearance. He likes to hunt, fish and play golf. Any person having informa-

1951 POLIO POINTERS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

These are precautions recommended by the National Foundation for Infantile Paralysis when polio is around. Also, wash hands before eating and be on the alert for such symptoms as feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. If the disease does strike, call your doctor promptly, follow his advice. Your local National Foundation chapter will provide needed assistance.

tion which would assist in locating Gus Hall is requested to immediately notify the nearest FBI office. The phone number will appear on the first page of the phone directory.

The Mississippi River was formed during the latter part of the Ice Age, at least twenty thousand years ago.

Blaze Destroys Dearing Home

The farm home of Mr. and Mrs. T. H. Dearing and family, about 10 miles south and two west of Muleshoe, was destroyed by fire July 21. The family awakened at

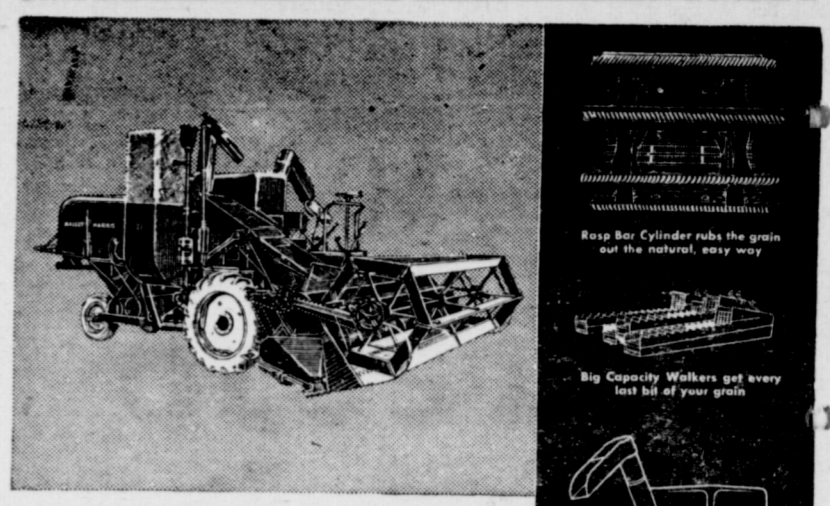

12 o'clock to find one room, house, which they did not use, enveloped in flames.

Such headway had been gained by the fire that it was impossible to cope with it, but the family succeeded in getting their bed clothing, clothes, a refrigerator and some other small pieces of furniture out of the

No one was injured in the blaze, exact cause of which was not determined.

Because pigs, especially white ones, can get sunburned, agricultural authorities recommend the use of sunburn lotion on them.

NEW MASSEY-HARRIS BIG CAPACITY "26" SELF-PROPELLED GIVES YOU

Balanced Separation
 ... the amazing new Massey-Harris combine development that assures you of full control of straw and grain from the cutter bar to straw spreader. Every unit in the "26" has a capacity and size relation... the engine, auger, elevator, cylinder, walkers, shoe—all are in balance for smooth, dependable harvesting. In every step of the way straw is kept loose, open, always moving so all of your grain falls through. Add to Balanced Separation, ease of operation, the advantage of 24 controlled speeds, better weight distribution and extra large traction wheels and the "26" is just good business to own on the average size farm. Look over the "26" today... you'll handle up to 50 acres a day with this new Massey-Harris Self-Propelled on your farm.

Four Rooms But Spacious

Here is a house designed with an eye to the future. If your income doesn't permit the kind of home you want now, plan on the basis of making this attractive home bigger later.

A third bedroom can be added easily. Use the closet space of the front bedroom for a hall, and add another room with closet space for both bedrooms.

If you prefer more space for preparation and preservation of foods or any other household task, add a workroom by the kitchen where the back porch is located. It is an ideal spot because it's close to the water and waste disposal lines in the kitchen. Consequently, its addition would add very little to plumbing costs.

This house is planned for a large amount of space in the living-dining room and yet ample space for the family meals

to be served in the kitchen, which permits this living-dining room to be used as a combination bedroom and living room without overcrowding.

Another good feature is the adjoining bathroom and kitchen which allows all the basic piping

and plumbing to be on one wall. Thus, utilities can be installed at less cost.

You can obtain blueprints for this THE MULESHOE JOURNAL FARM & RANCH—House Plan No. 4801 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, FARM and RANCH, Dept. L-36, Nashville, Tenn. Order by number, plan No. 4801. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

Seven Associate Directors To Be Added To Official Board of C. of C.

Addition of seven associate directors to the official board of the newly formed Muleshoe Chamber of Commerce was decided upon last Friday night.

They will be named to head up the general activities of the organization in the following categories:

1. Agriculture.
2. Industrial.
3. Retail trade.
4. Wholesale trade.
5. Civic improvements.
6. Transportation.
7. Membership and Finance.

These associate directors are to have voice in the policy making and business of the C. of C. and will have a vote the same as other directors.

Al Hall, the Chamber of Commerce manager, said nine of the regular directors were in attendance at Friday night's meeting, and four other business men sat in on the meeting.

The directors decided that the office, which has now been es-

tablished in the Elliott building, across from the bank on Avenue C, will be open 9 to 5 Monday through Friday, 9 to 1 on Saturday.

The body voted to go all out in its support of and cooperation with the three day celebration planned here at the end of August.

Lazbuddie Schools Are Audited

Lazbuddie school bus routes were inspected by an auditor from Texas Educational Agency last week. According to the new transportation formula, the school will receive from \$1,000 to \$3,000 a year more than it has in the past on transportation.

In addition to the transportation audit, all records for the past two years 1949-1950, 1950-1951 were audited with the exception of the lunch room records. These records were examined earlier in the year.

All records were found to be very accurate it was reported.

ROBERT W SPANN NEW SPRINGLAKE SCHOOL HEAD

Rubert W. Spann of Mannford, Oklahoma was elected superintendent of Springlake Schools in a school board meeting held recently following the resignation of Leo T. Duffy.

Spann taught last year at Mannford and 6 years at Blair, Oklahoma and has been attending summer school at Oklahoma A. and M. Stillwater, Oklahoma. The Spanns plan to move soon to Springlake school.

Mrs. Spann is a grade school instructor.

"Poor old Bill. He seems to be living in the past."

"Why not? It's a lot cheaper."

have been sent by draft boards for examinations since fighting broke out in the Far East.

"Whether or not a cease-fire in Korea is agreed upon, we expect to continue to get calls each month," General Wakefield commented. "The draft law has been amended and renewed for a period of four years, and the country seems determined to keep on a strong footing for any emergency that may arise."

4. H. J. R. No. 22 proposes to amend the Texas Constitution to provide for a statewide system of retirement and disability pensions for employes and appointive officers of the counties.

5. H. J. R. No. 37 proposes to amend the Constitution so as to provide for the investment of the Permanent University Fund in additional securities to those now approved.

The Journal urges its readers to examine these proposed amendments carefully and be informed as to their provisions when the election is held on November 13.

TEXAS DRAFT CALL FOR AUGUST IS INCREASED

Texas draft headquarters was advised during the past week that its August call had been raised from 485 men to 772. The number will not be available at state Selective Service headquarters before sometime in August, General Wakefield said.

The September call brings the number of men called for in Texas since the beginning of the fight in Korea to a total of nearly 29,000. Around 75,000 Texans

BEGIN ELEVATOR BUILDING AT SUDAN

SUDAN, July 30—Construction of a new two-million-bushel Shannon Elevator here has been started and completion is scheduled for early in January. However, Mr. Shannon hopes to be able to store some grain by the end of the year.

There will be only two larger elevators in this section of the state one at Hereford and the other at Lubbock.

The Shannon Elevator is being constructed west of the Farmers Coop Gin. It will consist of 27 round bins and 14 small bins, the large bins 30 feet in diameter and the small bins 14 feet wide. The elevator will be 125 feet high.

The elevator will be of concrete with steel reinforcement.

COOL COOKING

Of course—it's Electric!

It's electric because electricity is coolest of all heat producing methods. Only when you cook electrically does all the heat go into the cooking job. For only on an electric range do you have pan-hugging heat, with the utensil setting right on the heating element. And only in an electric range oven do you have complete six-sided insulation, for only matchless, flameless electric cooking can be completely insulated—without oxygen because it's without flame.

Cook the cool way—the way that lets you prepare an entire meal without raising the temperature of your kitchen more than one degree. Of course, it's electric.
