Sigal Theatre

PROGRAM

SATURDAY---Dorothy Phillips in

"DESTINY"

A Big Special Feature and a Vitagraph Comedy

Program for next week will be announced daily.

NOTICE.

We are indeed sorry that we cannot give our program for next week, owing to the fact that Mrs. Sigal, who attends to this was called away the first of the week. She intended to send copy of program back by mail, but up to time of going to press it has not been received, but program is the same high-class pictures we show every night, and we know you will be pleased. Come! A cordial welcome, good pictures and good music awaits you here.

FRIDAY—

Elmo Lincoln in
"ELMO THE MIGHTY"
10 and 20 Cents

First Show Begins at 6:30 O'Cl'k, Second Show at 7:45
This Theatre is thoroughly fumigated three times each week

MR. M. J. PARKS DEAD

Mr. M. J. Parks, one of Callahan county's most highly esteemed citizens, died suddenly at Clyde Wednesday morning. Mr. Parks lived near Eula, and went to Clyde Tuesday evening with a load of cotton, but could not get his cotton ginned and stayed at Clyde that night. Tuesday morning he was taken suddenly ill and died in few minutes. The body was prepared for burial and brought to the home of his daughter, Mrs. C. E. Strain, where the funeral was held at 2 o'clock Thursday afternoon. Funeral services were conducted by Rev. L. A. Kidd, Pastor of the Methodist Church, Clyde, and the body was interred in Ross cemetery by Baird Masonic Lodge, of which he was an honored member.

Mr. Parks was born November 12, 1849 and would have been 70 years old on his next birthday. He was an honorable, high toned christian gentleman in every sense of the word. He was a member of the Methodist Church and his pastor, Rev. Kidd said of him, "He was one the best man I ever knew."

Mr. Parks is survived by his wife and several children, all of whom were present at the funeral. T. E. Parks, of Ranger, Mrs. Stallings, of Fluvanna and Mrs. Ellis Howell, of Midland arrived Wednesday night.

We extend sincere sympathy to the family of our deceased friend in their hour of sorrow.

Houses For Rent

NO! Positively and Absolutely NO!

You will keep trying to rent a house and snow will come. Winter will set in and you will be without a home. If you figure on staying in Baird, better make arrangements to buy a home and settle the question. True you cannot get as good a home for the money you could have gotten a year ago, but things have changed and they are still changing.

City Property is a Safe Investment

The rent you pay is the other man's profit—the money you pay on a home is YOURS—it increases daily. Why make monthly donations to the other fellow when you can be making a bank account for yourself?

Consider the matter seriously—then act. See what we have listed. Tell us your wants. Let us help you find what you want.

Holmes-Evans Realty Company

EPITOMIZED NEWS OF ESPECIAL INTEREST

IMPORTANT NEWS OF THE ENTIRE WEEK REDUCED FOR BUSY READERS.

BOTH FOREIGN AND DOMESTIC

Carefully Prepared for Those Who Desire to Keep Thoroughly Posted on Events.

FOREIGN—

The troops in the Spanish zone of Morocco have begun operations for the punishment of various insurgent tribes.

A report from Russian sources says General Denokine has recaptured Orel from the bolsheviks and is advancing toward Moscow.

The war has left Prussia with a surplus of women over men, there being now, it is estimated, 1,107 females for every thousand males.

The United States army transport President Grant, with 5,000 American troops on board, who are destined for Coblenz, have arrived at Brest.

The British government has been given a vote of confidence in the house of commons on its financial policy by an overwhelming majority of 55.

Elections to the new commercial council for Fiume resulted in an overwhelming victory for the annexationists, according to a Fiume dispatch.

Two of the bolshevik Novik type cruisers sent out from Kronstadt recently to support the Red defense of Krasnoye Selo, have been sunk by mines.

The congress of Spanish employers, sitting at Barcelona declared a general lockout of workmen throughout Spain. The lockout order is effective this week.

Japan has ratified the treaty of peace of Versailles. The peace treaty was approved by the privy council Monday at a meeting over which the emperor presided.

Notification has been given the peace conference by a representative of Italy that the proposal made by Foreign Minister Tittoni for the settlement of the Fiume problem had not been accepted by the United States.

The gravity of the financial condition of Germany is frankly admitted by the government in a public session of the national council. Government representatives stated that the national debt is already 172,000,000,000 marks, and that it will rise to 204,000,000,000 by April 1, 1920.

Published intimations that the abduction of William O. Jenkins, American consular agent at Puebla, prevented phases indicative of connivance with the bandits are refuted in a story published by the Excelsior. The newspaper's story is the result of an investigation by its special representatives in Puebla.

The great merger of the railway system of the republic of Mexico, which was effected in 1908 under the administration of the late President Porfirio Diaz, when all the railroads operating in Mexico including the Mexican National line from Laredo to Mexico City, were merged into what has since been known as the national lines of Mexico, is to be dissolved and the various railway properties are to revert to their private owners.

DOMESTIC—

For the first time in its history, Milwaukee is bone dry.

Friends of General Pershing have raised \$5,000 for a gold sword which will be presented to him upon his return to his old home at Laclede, Mo.

Colonel E. E. Humphrey, chief of staff to General Leonard Wood, commander of the central department of the army, has been ordered to Huntington, W. Va.

The Dallas city commission will pass an ordinance to permit miniature model motion picture projectors to be used in the public schools and operated by amateurs.

Resolutions favoring the obtaining of a higher price for sugar this season than last were adopted at a meeting of the American Cane Growers' association at New Orleans.

John P. Charlton, piloting the airplane from Chalfont, Pa., drove through a heavy fog and crashed to his death into the side of Schooley's mountain near Dover, N. J., recently.

Mrs. Ella Wheeler Wilcox, author and poetess, died at her home, the Linsalow, in Brandford Conn., recently. Mrs. Wilcox had been ill for some months.

Attorney General Freeling of Oklahoma has filed papers with the clerk of the supreme court in the suit of the state of Oklahoma against the state of Texas to determine the boundary between the states.

Ogden Armour of Armour & Co. was fined \$1,000 in district court at Milwaukee after being charged with keeping 160,000 pounds of meat in cold storage for more than a year in violation of the cold storage law.

Nearly 400,000 tons of sugar enough to meet American demands until the next crop is produced, is held in Cuban warehouses, says a cablegram from President Alejo Cacereno of the Cuban Sugar Manufacturers' and Planters' association.

The United States sugar equalization board has telegraphed Senator McNary, (Rep.), Oregon, in charge of the senate sugar investigation, that it was preparing to "wind up its activities" in view of inability to obtain sufficient sugar from Cuba to warrant further government control.

The use of saccharin in place of sugar, which many housewives are being tempted to resort to in these days of scant sugar supply, may involve menace to the health and is to be condemned, according to specialists in the bureau of chemistry of the United States department of agriculture.

The condition of wheat stored in some sections of the Panhandle was explained to officials of the railroad administration by J. C. Paul of Amarillo. In Gray and Carson counties, he explained, 1,500,000 bushels of wheat are on the ground at Pampa, White Deer and Panhandle, and rapidly deteriorating.

The 48 amendments attached to the peace treaty by the foreign relations committee have passed into history. The last survivor of the group, a proposal by Senator Moses (Rep.) of New Hampshire, to revise voting strength in the league of nations, has been consigned to the discard in the senate by a vote of 47 to 26.

The senate has passed the prohibition enforcement act over the president's veto and made immediately effective machinery for preventing sale of beverages containing more than one half of 1 per cent alcohol.

President Wilson has issued a formal statement with the approval of the full membership of his cabinet, declaring the project strike of bituminous coal miners under present circumstances "not only unjustifiable; it is unlawful."

THE PRINCESS

"The House The Public Built"

IMPORTANT ANNOUNCEMENT

We have just signed contracts for our films for the season of 1920. We will continue to show Paramount and Artcraft Pictures as in the year past. Also First National Exhibitor's Circuit productions, Special Productions made by Pathe, Metro, and Goldwyn. You will again see the Fox Sunshine and Sennet Comedies during 1920. We have booked something new for you.

On Thursdays you may see a Pathe Weekly—all the latest news, with "Topics of the Day"—all the latest jokes on the screen. On Mondays we offer the new Paramount-Briggs Comedy, "When a Feller Needs a Friend" based on the famous Cartoons by Briggs. We have a lot of other good things in store for you during 1920.

The Railroad Man, The Merchant, The Laboring Man, The Ladies and the Children will always find a warm welcome awaiting them at The Princess.

Two Complete Night Shows: 6:30 and 8:00

Matinee Every Saturday at 3: P. M.

PRO BILL IS PASSED OVER WILSON'S VETO

**PRESIDENT WILL REPEAL WAR-
TIME RESTRICTIONS WHEN
TREATY IS RATIFIED.**

Washington.—The senate has passed the prohibition enforcement act over the president's veto and made immediately effective machinery for preventing sale of beverages containing more than one-half of 1 per cent alcohol.

The vote was 65 to 20, or eight more than the necessary two-thirds majority. While there was a wrangle over taking up the measure in place of the peace treaty, which had the right of way, there was doubt as to how the senate stood. It was overwhelmingly "dry" like the house, which repassed the bill within three hours after the president had vetoed it.

Before congress finally clinched enactment law, despite presidential objection to linking war-time and constitutional prohibition acts, there came from the White House the announcement that the war time law, which was put into effect after the cessation of hostilities, would be annulled the moment the senate formally ratified the German peace treaty. It was the most definite of official or semi-official statements bearing on the war-time act. Prohibition leaders were plainly disturbed by the news, for they had counted firmly upon the country reaching the effective date of constitutional prohibition—Jan. 15, 1920—without reopening of saloons.

Washington.—President Wilson unexpectedly vetoed the prohibition enforcement bill Monday, and within three hours the house had repassed it over his veto by a vote of 176 to 35. The total vote was barely more than a majority of the entire membership.

The president refused to sign the bill because it included the enforcement of war-time prohibition. The objects of war-time prohibition, he said in his veto, had been satisfied, and "sound public policy makes clear the reason and necessity for its repeal." It would not be difficult, the president held, for congress to deal separately with the two issues.

Nobody had really professed to know that the president would veto the bill Republicans and democrats alike—and the countless multitude that had sorrowfully watched the passage of the law through it would become a law without his signature. Attorney General Palmer, it was said, had declared it constitutional.

FOURTEEN PERISH IN LAKE STEAMER WRECK

Gales on Lake Michigan Dash Craft
to Pieces Against Pier at
Muskegon.

Muskegon, Mich.—With 14 dead and six or more missing, only time can bring an accurate count of the toll of the great seas which lifted the Crosby passenger steamer Muskegon, formerly the City of Holland, and smashed her to pieces on the pier at the entrance to the Muskegon harbor.

The steamer, a side wheeler, bound from Milwaukee, after outriding a night of gale, made for the harbor but is said by Captain Edwin Miller to have struck the bar at the entrance. The wheel paddles jammed in the sand, checking headway, and the great combers threw the ship about and hurled her into the pier. There she hung momentarily, and then shipped off into the deep channel, going down in fifty feet of water.

WHEAT IN PANHANDLE ROTTING ON GROUND

Conditions in Several Counties Are
Explained in Washington.

Washington.—The condition of wheat stored in some sections of the Panhandle was explained to officials of the railroad administration by J. C. Paul of Amarillo. In Gray and Carson counties, he explained, 1,500,000 bushels of wheat are on the ground at Pampa, White Deer and Panhandle, and rapidly deteriorating.

Representative Jones, who also visited the railroad administration, declared that while the United States grain corporation had reported that 75 per cent of the Texas wheat had left the farms, such might be true as to the state generally, but was not the case in the Panhandle section.

Lansing Rejects Italy's Proposal.

Paris.—Notification has been given the peace conference by a representative of Italy here that the proposal made by Foreign Minister Tittoni for the settlement of the Fiume problem had not been accepted by the United States. It is declared in Italian quarters that, although the reply of Secretary Lansing was unfavorable as a whole, a considerable portion of the Tittoni proposal was accepted and that the exchanges with the United States on the subject will be continued.

GENERAL PROSPERITY IN SPITE OF UNREST

**REPORTS OF FEDERAL RESERVE
BOARD NOTE DANGER IN IN-
CREASING STRIKES.**

Washington.—Despite disturbed industrial conditions, great prosperity obtains generally over the country, according to reports for October received by the federal reserve board from its agents in the several districts. A strong demand for commodities, verging at times upon recklessness in buying, was noted in practically all sections.

Summarizing the reports, the board, in a statement just issued, said the labor situation occupied a position of primary importance with an increasing degree of general unrest over the country.

"The steel strike, which has been long drawn out, though with production well maintained," said the summary, "is apparently approaching its end. The strike has not in recent weeks seriously hampered production."

WARNING TO COAL PROFITEERS ISSUED

**Palmer Will Not Permit Government's
Action to Benefit Employers.**

Washington.—Suggestion from the Wholesale Coal Trade association of New York that the government should not fix a maximum price for coal or interfere with the normal course of supply and demand during the strike brought from Attorney General Palmer the assertion that he would take the same action against persons enhancing prices as was taken against the union officers.

"The action of the government was taken solely in the general public interest," Mr. Palmer declared, "and I shall not permit it to be used, directly or indirectly, for the benefit of the employers' side of the controversy."

Disabled Will Get More Compensation.

Dallas.—The bureau of war risk insurance at Washington has reported that the Sweet bill, house bill No. 877, will pass congress substantially without amendments, according to W. H. Kemper, Dallas representative for the war risk bureau. The Sweet bill, which has already passed the house of representatives, provides in part for more liberal pay for former soldiers, sailors and marines with total temporary disabilities and makes changes in the payment of converted government insurance.

Brotherhood Takes Hand in Strike.

Washington.—Immediate steps for assembling at Washington an industrial commission to deal broadly with present turbulent conditions is suggested by the advisory board of the Brotherhood of Locomotive Engineers. Deploring "attempts at government by injunction" as a means of settling the coal strike, the board declared injunction proceedings would make conditions worse and delay, if not defeat a peaceful settlement.

GENERAL PERSHING ADVISES STANDING ARMY OF 300,000

Cost of Maintenance Makes Larger
Army Impracticable, General
Asserts.

Washington.—Disagreeing in many important respects from the program recommended by the war department and the general staff, General Pershing told the military committee of congress that 300,000 men, raised entirely by voluntary enlistment, should be the outside figure considered for a standing army.

He favored universal military training to provide an emergency reserve, but thought general educational work should be combined with it and military discipline "somewhat relaxed" so that the system would be in complete harmony with democratic institutions. He fixed six months as the training period.

Twenty Entombed Miners Given Up.

Stuebenville, Ohio.—After battling their way to within 150 feet of where 20 miners have been imprisoned since Wednesday morning rescue workers were ordered out of the Y. & O. mine No. 2 at Amsterdam, Ohio, by mine officials and state mine inspectors, who feared an explosion might occur, according to word received here. Hope has been abandoned that the miners are alive. Rescue parties worked all night in the gas-filled mine.

Nov. 11 "American Legion Day."

Austin, Texas.—Governor Hobby has issued a proclamation proclaiming Nov. 11 as American Legion day. The governor has also in a proclamation issued some time ago designated Nov. 11 as Armistice day. Not only former service men, but all citizens, are urged by the governor "to acquaint themselves with the noble purposes and patriotic nature of the American Legion."

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

W. E. GILLILAND,
Editor and Proprietor.

What has become of the Republican construction program they promised the people a year ago?

The Townly Bank organized by Townly, the head of the Non-partisan League in North Dakota, has blown up. More Socialism come to grief.

Another thing. If we did not have some labor troubles there would be no use for so many fat jobs for the labor leaders.

It looks like our old friend, Samuel Gompers, is becoming radical too. Perhaps he has to talk up a bit to prevent the radicals from running away with the Union Labor band wagon.

Attorney General Palmer told the coal dealers who wanted the sky as the limit on coal prices because of the strike, that he would prosecute dealers who tried to hold up the public on prices of coal. That is right, the dealers have no more right to hold up the public than the miners have to hold up the public to force an increase of their wages.

Famine in Petrograd, 40,000 people starve to death in one month, a head line reads. There is no more excuse for a famine in Petrograd than in the United States. Russia is one of the greatest countries in the world and the worst governed. The Czars were bad enough, but the Soviet government is infinitely worse because it has failed to re-establish order. They robbed the Bourgeois and divided the land among the peasants, who probably do not care to work now that they are the upper crust with the little pigmy, Trotsky, who is trotting around with a general's uniform on.

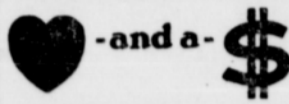

The coal miners say the coal operators are to blame for the strike because of their methods in curtailing operations during the summer to hold up the price of coal. No doubt that this is true, in a way, but the leaders of the coal miners let the operators outwit them by placing the onus of the strike upon the coal miners. The coal operators offered to arbitrate the questions at issue, if the coal miners would call off the strike set for Nov. 1st, a month or more before, but the miners refused. Right there is where the mine leaders lost a chance to win public approval, by not calling the bluff of the coal operators, if it was, a bluff, if not, they had a good chance to win in arbitration.

Samuel Gompers, head of the American Federation of Labor, says that prohibition is the cause of the wide spread unrest in this country. Prohibition may have in some degree been a contributing cause, but not the cause. We have had periods of labor troubles, panics, etc. and, from the beginning, you could not have sold without re-

Join The American Red Cross

All you need is a

tion cause so much trouble now? Prohibition is unknown in in England, France and Italy, and they are all having the same trouble we are having here. As we have prohibition why not give it a fair trial? This by the writer, who opposed both state and nation-wide prohibition. We do not and never will endorse some of the tricky methods used by some pros to secure prohibition during the war. Yet we see nothing to be gained by fighting the law. The better way is to give the law a fair and impartial trial and if it is a failure the people can repeal it. If it proves satisfactory they will retain it. One thing, we believe a majority of the people favor prohibition at this time, and our motto has always been that a majority have a right to rule. We cannot have a stable government any other way and our idea has always been that if we get licked in a political fight we can put up with conditions brought about as well as those who had the majority.

THE ELECTION

The vote on the amendments at Baird was only 91, about one fourth. We were unable to get the official vote but learned that all the amendments at the Baird box were defeated except the Galveston and Confederate pensions. The proposition for the constitutional convention was also defeated. The entire state seems to have voted just as the people at Baird voted. Everything but the two named, Confederate Pension and Galveston went down in defeat. We regret the prison amendment was defeated, but the people started out to slaughter the whole bunch.

In other states the Democrats seem to have been bested by the Republicans. Kentucky elects a Republican governor, New Jersey, Dem., Anti, Massachusetts reelects Gov. Coolidge, who was opposed by Union Labor on account of the Boston Police strike. Ohio defeated state-wide prohibition. Tamm was snowed under in New York. Mississippi, Democratic as usual.

HALLOWEEN PRANKS

The boys of Baird were out last Friday night, Hallowe'en, in greater force than ever judging from the signs on Market street. Wagons, farm implements of all kinds were scattered all along the sidewalk on both sides of the street. Signs over business houses were changed. Most all merchants took the matter good humoredly as no serious damage was done to property. Some men do not forget that they were boys themselves once and consequently do not judge such things harshly while some think every one who indulges in such pranks should be prosecuted, but much as we respect law and order and the rights of property, if no serious damage was done to property we see no great harm in rolling a few wagons, water

tanks, etc. upon the sidewalks, and that seems to be about the extent of the pranks. Why not be a sport and pass the matter off good naturedly, like Lemus Boydston, who had his wagons and farming implements scattered all over the business part of town. He only laughed at the pranks the spooks played on him, yet we are satisfied it cost him more than all the balance of the merchants combined. So long as no wanton destruction of property is not had, what's the use of complaining?

COAL STRIKE

Not much change in the coal strike situation. Labor leaders predict a long struggle, but the fact that the injunction prohibits financial assistance to the strikers, they are not as well prepared for a long strike as the public, at which the strike was aimed, although they have no interest in the fight. The mine owners are hurt less than anyone, because they are able to stand a shortage of coal much better than the miners or the public. Some union miners are said to be going back to work. The miners deny this.

OIL NEWS

Satisfied
Delco-Light Users

More Than 75,000 Satisfied Users

DELCO-LIGHT was designed and built by men who were raised in farm homes—who experienced the discomforts and inconveniences of farm life—and who set out deliberately years ago to develop an electric plant that would provide city advantages for rural communities.

They were the same men whose engineering talent had made DELCO Starting, Lighting and Ignition Equipment for automobiles the standard of the world—

They knew electricity—and they knew the needs and limitations of farm life—

They knew that an electric plant to give service in a farm home must be simple, so that it would not get out of order and require complicated repairs—

It must be easily operated and require little attention—

It must be very economical in operation—

It must be built to stand hard usage and it must last indefinitely—

It required five years to develop a plant that would measure up to these specifications.

There were five years of hard engineering effort back of DELCO-LIGHT before the first plant was put on the market three and a half years ago.

Today DELCO-LIGHT is furnishing the conveniences and comforts of electricity to more than Seventy-five Thousand farm homes.

It is providing an abundance of clean, bright, economical electric light for these homes. It is furnishing power to pump water, operate washing machine, churn, separator, vacuum cleaner, electric iron, milking machine, and other small machinery.

And everywhere it is demonstrating its wonderful efficiency—and actually paying for itself in time and labor saved.

DELCO-LIGHT

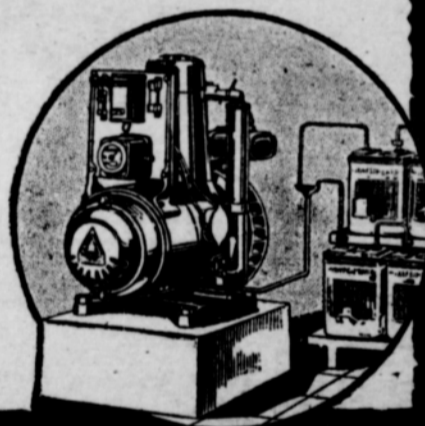

A complete electric light and power plant for farms and country homes, self-cranking—air cooled—ball bearings—no belts—only one place to Oil—Thick Plates—Long Lived Battery—RUNS ON KEROSENE

INJUNCTION FAILS TO STOP COAL STRIKE

MEAGER REPORTS FROM MINING STATES SHOW MINERS GENERALLY LEFT POSTS.

TROOPS BEING MOBILIZED

Fuel Administration, Functioning Through Railroad Administration, Issues Orders.

Figures compiled and based chiefly upon union leaders' claims, although in many cases conceded by the operators, showed that 435,820 men were on strike.

In its physical aspects the strike apparently had largely stopped production of soft coal, but with large non-union fields in Pennsylvania and West Virginia in particular still operating at somewhere near normal, and with a number of smaller fields also operating with union contract miners, the actual effect upon production could not be definitely stated.

Coal operators claimed thousands of non-union miners are producing coal in the usual quantities, although conceding that in union fields the strike is effective.

coal strike situation is the federal court's restraining order to stop engineering of the strike by union leaders. It was followed by a long line of developments and opened the door to wide possibilities.

Attorney General Palmer emphasized to the labor leaders that the government's injunction was in no wise an infringement of the workingman's right to strike, but that it was a lawful process against a calamity to the country.

The principal leaders in the miners union met the court's action with denunciation as a "violation of constitutional rights," declarations that it came too late to reach their men with a countermarching order, and with predictions that it would be disregarded anyway.

State and city police and regulation constabulary forces will be used first, and troops will be called only as a last resort, according to those familiar with the program. Secretary Daniels announced that sailors and marines will be shifted to land duty and attached to military organizations, if the services are demanded by the

Washington.—An executive order fixing prices for bituminous coal has been signed by President Wilson. Prices of anthracite are not affected. The maximum prices are fixed by states and for prepared sizes range from \$4.50 a net ton at mine mouth to \$2.60

Rules set up during the war governing the margins of profits of wholesale and wholesale and retail dealers were re-established and Fuel Administrator Garfield was given all the authority to regulate production, shipment and storage or use of bituminous coal that he had during the war.

GEN. PERSHING PROPOSES FEDERALIZED GUARD

Recommends Placing Troops That Have Seen Service in Reserve Units.

Washington.—Elimination of "dead timber" among officers was suggested by General Pershing before the senate and house military committees as one of the steps advisable in peacetime reorganization of the military establishment.

In nearly every grade, the general said, there were a few officers who had passed the stage of usefulness and should be replaced.

In reducing the army from 500,000 to 300,000 men, the general said only a very small reduction could be made in the number of staff officers.

"We had 350 on our staff in France for an army of 2,000,000 men," he said. "We should have needed the same number for half as many."

"Staff officers have been able to come to congress," General Pershing

said, "and they have been able to influence the action of congress."

"I think it would be wise to take all troops that have seen war service in national guard units and make them into the national reserve units," he answered. "The national guard could be kept as part of the training service."

Japan Ratifies Treaty of Peace.

Tokyo.—Japan has ratified the treaty of peace of Versailles. The peace treaty was approved by the privy council Monday at a meeting over which the emperor presided.

Palestine Phone Service Resumed.

Palestine, Texas.—The Palestine Telephone company has resumed operation of its plant that has been idle since Aug. 14 in account of a strike of the linemen and operators.

Branch Reserve Bank for Oklahoma.

Washington.—The federal reserve board will establish a branch of the Kansas City Federal Reserve bank in Oklahoma and has asked the Kansas City bank to report whether it shall be placed in Tulsa or Oklahoma City.

Secretary of Labor Wilson has refused to inform the house of the activities the department of labor may at present be conducting in the case of Thomas J. Mooney, convicted of bomb throwing in the San Francisco preparedness parade.

Mrs. Ella Wheeler Wilcox, Dies.

New Haven, Conn.—Mrs. Ella Wheeler Wilcox, author and poetess, died at her home, the Bungalow, in Bradford recently. Mrs. Wilcox had been ill for some months.

Three Finish Transcontinental Derby.

Minneapolis, N. Y.—Colonel Harold E. Hartness, in a German fokker, and Lieutenant Ralph S. Bazby, in a De Havilland biplane at Roosevelt Field Friday, finished first in the army's transcontinental air race.

Cuba Has Plenty of Sugar.

Washington.—Nearly 400,000 tons of sugar, enough to meet American demands until the next crop is produced, is held in Cuban warehouses, says a cablegram from President Alejandro Carreno of the Cuban Sugar Manufacturers' and Planters' association. "Cuba is willing on reasonable returns to protect further contingencies," said the cablegram, "but the blame is not with Cuba, which should not be penalized because the American market is unbalanced."

Under the army reorganization law as the war department is asking congress to pass it, Chief of Staff March told the house military committee, conscription of men between 18 and 45 would begin automatically on declaration of war, without any other action by congress.

Ford

THE UNIVERSAL CAR

Remember that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service—material, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers, trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer. We are getting a few Ford cars and first come first to receive delivery.

R. L. ALEXANDER

LAST AMENDMENT TO TREATY IS REJECTED

FIGHT IS LAUNCHED ON LABOR PROVISION AND BIDS FAIR TO BE LONG.

Washington.—The 48 amendments attached to the peace treaty by the foreign relations committee have passed into history. The last survivor of the group, a proposal by Senator Moses (Rep.) of New Hampshire, to revise voting strength in the league of nations, has been consigned to the discard in the senate by a vote of 47 to 26.

As if gaining impetus by this accomplishment, the senate then upset two more proposed textual changes in the treaty, brought in by individual senators. One of them, presented by Senator Sherman (Rep.) of Illinois, and proposing to write into the treaty preamble a reference to the deity, was laid on the table by a vote of 57 to 28. The other, sponsored by Senator Johnson (Rep.) of California, offering a new solution for voting inequality in the league, was killed outright by a count of 43 to 35.

The effort to hasten final action has struck an obstacle which seems likely to prevent further progress for several days. A determined group of senators will launch a fight to eliminate the labor section of the treaty, opening a debate which, in view of unsettled labor conditions over the country, is expected by the leaders to last for at least a week. The battle is expected to be the more spirited because it is regarded as holding out whatever hope remains of writing any amendment into the treaty.

KING ALBERT HAS SHORT TALK WITH PRESIDENT

Belgian Monarch Starts Homeward After Brief Meeting as Climax of Visit.

Washington.—King Albert and President Wilson clasped hands Thursday. The meeting at the president's bedside, brief as it was, proved the climax of the American visit of the Belgian monarch. He left Washington a happy man, to sail for home from Newport News on the transport George Washington, which brought him to this country. From the day he landed the pleasure of his tour has been marred by the anxiety over the president's condition, and he had abandoned hope of being able to see him.

When he drove to the White House, Albert had little expectation of being able to see the man for whom he has expressed the highest admiration. Only at the last moment, at the president's earnest request, did Rear Admiral Grayson, his physician, consent to a brief chat. The king went alone to the sick room, operating the elevator himself. His call lasted ten minutes.

SECRETARY WILSON HEAD OF LABOR CONFERENCE

Cabinet Member Becomes an Official of the League of Nations.

Washington.—Secretary Wilson has been elected permanent chairman of the international labor conference by acclamation.

Wilson thus became an official of the league of nations, of which the conference is a part, despite the refusal of congress thus far to ratify the peace treaty.

Except for election of a chairman and examination of delegates' credentials the conference has finished all preliminary business and is ready to go ahead with consideration of the five topics laid before it by the Paris peace conference.

The question of application of the 48-hour week is expected to arouse most discussion. Other subjects scheduled for debate include regulations governing employment of women and children.

MEXICAN RAILROADS TO BE RETURNED TO OWNERS

Announcement From Mexico City That Merger Made in 1908 Will Be Dissolved.

Laredo, Texas.—The great merger of the railway system of the republic of Mexico, which was effected in 1908 under the administration of the late President Porfirio Diaz, when all the railroads operating in Mexico, including the Mexican National line from Laredo to Mexico City, were merged into what has since been known as the national lines of Mexico, is to be dissolved and the various railway properties are to revert to their private owners.

Confidence Voted British Government. London.—The government has been given a vote of confidence in the house of commons on its financial policy by an overwhelming majority of 355.

RED CROSS DRIVE GAINS MOMENTUM

ACTIVITIES OF EACH DAY OF NOVEMBER CAMPAIGN OUTLINED.

SCHOOL CHILDREN TO AID

Also Women's Clubs, Municipal Employees, Labor Organizations and Business Men.

That added momentum is being given by the Third Red Cross Call by the approach of the opening day of the campaign, November 2, is indicated by hundreds of preliminary reports reaching Southwestern Division headquarters in St. Louis from Red Cross Chapters in the five States—Missouri, Kansas, Texas, Arkansas and Oklahoma—composing the division. The drive closes November 11.

An outline, giving in detail the Red Cross activities that will characterize each day of the 10-day campaign, recently has been made public. The opening day as been designated "Red Cross Sunday" and will be the occasion for sermons on the Red Cross that will be preached in churches throughout the United States. Special programs are to be held at morning or evening services.

On Monday, November 3, the Governor's proclamation in each State will be made public, mass meetings will begin and the first check of the progress of the campaign will be made at a workers' dinner in the evening.

"Municipal Employees Day" has been set for Tuesday, November 4. On this day a proclamation from the Mayor of each city and town will be arranged for, while on the principal municipal building the Red Cross flag will be raised to be displayed throughout the remainder of the campaign.

Department store speeches will be made by "four-minute men" to be followed by lunch hour enrollment.

Wednesday, November 5, is to be "Women's Day," on which special tribute is to be paid to the work which women are doing in the Red Cross. Meetings of women's clubs, special exercises in Red Cross workrooms and Chapters will characterize the day, which also will mark the peak of the house-to-house canvass that is to be an additional feature of the campaign.

Homage to the support which the laboring man is giving to the Red Cross will be paid Thursday, November 6, which is "Employees' Day." Noon meetings will be held at factories and large industrial plants.

The school children of each city, town and county will be the central figures on Friday, November 7, when special exercises in the schools will be held. The following day is special feature day for business and fraternal clubs. On the second Sunday of the campaign, November 8, patriotic sermons will be held. November 10 is "Button Day" when all not wearing Red Cross buttons, will be solicited, while on Tuesday, November 11, the first anniversary of the Armistice, final reports will be made, and the campaign will close.

SOLDIERS TO DIRECT DRIVE

SAILORS, TOO, IN SOME CASES WILL RUN CAMPAIGN.

Willingness of Returned Fighters to Direct Red Cross Roll Call Encouraging.

Returned soldiers and sailors in a large number of Red Cross Chapters of the Southwestern Division of the Red Cross—Missouri, Kansas, Texas, Arkansas and Oklahoma—have accepted the directorship of the Third Red Cross Roll Call, Nov. 2 to 11, according to a recent announcement.

That this willingness not only to become members of the organization but to engage actively in the campaign to perpetuate the American Red Cross for future work indicates the high regard in which service men hold the Red Cross, is the belief of Alfred Fairbank, Division Manager.

"The fact that the young men who have served their country so courageously, and who have seen the Red Cross at work, are willing to assist so actively in its continuance should appeal to every man, woman and child in the country.

TEACHERS WILL CANVASS

Dallas, Texas, Instructors Volunteer As Red Cross Roll Call Workers.

School teachers of Dallas, Texas, have volunteered their services as canvassers for the Third Red Cross Roll Call, November 2 to 11. They already have perfected an organization and plan to make a house-to-house canvass on the second Sunday of Roll Call week in an effort to swell the total of Red Cross memberships for 1920.

"As we each intend to canvass in our own district," one teacher writes to Red Cross headquarters, "we expect to accomplish much by this unified action. Many teachers have mentioned that they had been unable to give as much time to war work as they wished and therefore desired now to aid the Red Cross in furthering its peace program."

Sends Officer Into West Virginia.

Chicago, Ill.—Colonel E. H. Humphrey, chief of staff to General Leonard Wood, commander of the central department of the army, has departed for Huntington, W. Va.

Robbing Graves of Soldiers' Bodies.

Brussels.—Grave robbing in military cemeteries has become more or less frequent of late. The thefts of bodies are generally committed by persons hired by families anxious to have their dead brought to a particular cemetery.

Gen. Angular in Madrid.

Madrid.—General Candido Agular, son-in-law of President Carranza of Mexico, who is traveling in Europe on a special diplomatic mission for the president, has arrived in Madrid.

800 Dallas Men in Training.

Dallas.—The Dallas district of the federal board for vocational training has already placed more than 800 men in training and has approved the applications of a total of 2,400 ex-service men.

OBITUARY

The death angel hovered near the home of Mr. and Mrs. John Miller and on October 13th., claimed for its victim little Uttie Ovilene, aged 2 years, 3 months and 17 days. He was stricken with whooping cough and later with pneumonia. He bore his suffering so patiently, and seemed conscious until his last moments.

Weep not as those who have no hope, for Jesus said Suffer Little Children to come unto me, and forbid them not, for of such is the Kingdom Heaven. For we shall again greet the dear little babe around God's great white throne. Constantly trust Our Heavenly Father, who is ever ready to pour into broken hearts, the healing balm of love.

His sweet little spirit soon wafted, To that bright home above.

As a bright morning star, But now bounding in Gods love.

His innocent mind never knew a sin,

As a sweet rose, so pure.

His sweet little lips again will lisp,

The names to him so dear

We'll again embrace when to God's Throne were near.

By his Aunt,
M. E. S.

ONLY A COLD

Are you ill? is often answered— "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indi-

cation of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off. 49-4t-adv.

CONSTIPATION

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want what permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion. 49-4t adv.
