### Physical Ed. Program Outlined At Rotary Club

An outline of the physical education program that is being started this year in the grades and junior high school was pre-

sented at the Tuesday noon luncheon of the Rotary Club by Ted Cummings, instructor.

Mr. Cummings said a bare beginning of the program has been made. He said the program will be slow developing, because of lack of space, lack of funds, and a lack of equipment. But organized play is being conducted wherever possible.

For instance, he said one class of girls number 53 pupils and it makes an instructor stay on his

toes to keep all employed.

But in the future athletic teams of Muleshoe high school will benefit from the teaching of fundamentals to the very youngest boys and girls. Coaches will in a few years have to spend much less time in teaching fundamentals to boys who are candidates for the varsity grid team, he pointed out as one example.

H. H. Potter was in charge of the program and introduced the speaker. Guests included Al Hall of Muleshoe and Marvin Paul, member of the Amarillo Rotary

### Col. Alsup Attends School At Ft. Sam.

Lt. Col. E. H. Alsup, Army Medical Service Corps, son of Mr. and Mrs. J. L. Alsup, Muleshoe is a student in a 9-months hospital administration course given at the Medical Field Service School, Fort Sam Houston, Texas.

The school, a unit of Brooke Army Medical Center, is the largest military school in the world for medical service training. The course in hospital administration prepares officers to fill assignments as managers and administrators in military hospitals.

Commissioned in 1941, Colonel Alsup served overseas during World War II as a battery commander in a field artillery battalion and a communications officer.

#### CARD OF THANKS

We wish to thank our many friends who helped in any way during the illness and death of our mother, Mrs. O. B. Robinson. May God's richest blessings fall on each of you.

The Robinson & Odell families

#### CHRISTIAN SCIENCE SERVICES

Man's ability to succeed in any right undertaking is not entirely dependent upon academics, but on his listening to and following the "still, small voice" of God, declares the Lesson-Sermon entitled "Unreality" to be read in all Churches of Christ, Scientist, on Sunday, October 7. The Golden Text points up this theme in this verse from Proverbs: "The blessing of the Lord, it maketh rich, and he addeth no sorrow with it."

Further emphasizing the fact that the blessings of God are intended for today is this Bible citation, included in the Lesson-Sermon: "He that believeth on me, the works that I do shall he do also; and greater works than these shall he do" (John 14:12).

From the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read this correlative statement: "Science reveals the glorious possibilities of immortal man, forever, unlimited by the mortal senses" (p. 288).

# THE Jewish Passover

Assembly of God Church

109 E. First St.

Presented by

Thursday, p. m.

J. H. COHEN

Recently Returned from Palestine

See the Passover Set Up Just as it Was in the Time of Jesus and His Disciples

Great audiences have thrilled to this spectacle of beauty and reverence. You will see the Passover table, with the sacred elements just as they were used by our Lord and His Disciples and as they are used in the present-day Orthodox Jewish home. Hear the striking significance of the vacant chair, the shankbones, the bitter herbs, the three wafers bespeaking the Trinity, and other fascinating features. See how the Lord used this time-honored feast and transformed it into what we now celebrate as the LORD'S SUPPER. Don't miss this exquisite pageant of sacred beauty . . . . .

**Vernon Thomas  
Wounded in Korea**

Pfc. Vernon Hossall Thomas of the U. S. Marine Corps, a son of Mr. and Mrs. I. H. Thomas of Muleshoe, has been wounded the second time while fighting in Korea with the Marine 7th Division. His parents have been informed.

A telegraph which arrived Saturday reads as follows: Regret to inform you that your son, Pfc. Vernon Hossall Thomas, USMC, has been wounded in action Sept. 12, in the Korean area in performance of his duty and in service of his country. I realize your great anxiety but nature of wounds not reported and delay in receiving details must be expected. You

will be promptly furnished with any additional information received. Apparently his wound was not serious as he was not evacuated.

The Muleshoe Marine had been wounded in action in Korea about three months ago and had returned to duty.

**Four Local Men

### Shower Honors Mrs. Kenneth Keeth

A lovely occasion Thursday, September 27, was the wedding shower given in the home of Mrs. Laura Treider, for Mrs. Kenneth Keeth, the former Fay Smith, daughter of Mr. and Mrs. Leonard Smith.

The center piece on the dining table, was a beautiful heart shaped white cake trimmed with rose and green flowers.

Annie Mae Thomas gave several selections of music on the piano. Jeanette Treider, a pupil of Mrs. Thomas played a number on the piano also. Mrs. Juel Treider sang "The Loveliest Night of the Year", accompanied by Mrs. Thomas.

The reading, "In The Usual Way" by Miss Frances was enjoyed by all.

Those present were: Mrs. W. F. Greene, N. J. Goodnough, J. L. Maddox, W. E. Payne, Ira Smith, E. E. Engelking, and Betty Anlie.

Mrs. Thomas, Myrtle Steinbock, Glenn Scott, Archie Tarter, and co-hostess Mrs. Juel Treider and Jeanette.

Those sending gifts were: Mrs. H. L. Ivy, W. C. Williams, Jr., O. D. Spitzer, W. S. Menefee, George

Crain, Hubert Elliott, J. O. Cantrell, J. J. McDonald, Deboe; Mrs. Ben Foster, Beverly and Katherine Smith and Mr. and Mrs. Leonard Smith.

Refreshments of white individual cakes trimmed with rose and green flowers, sugar cookies, decorated with roses, ritz canapes and punch was served after the bride had opened the gifts. Co-hostess Mrs. Juel Treider, who baked the centerpiece cake, presented it to the bride.

### Winsome Class Installs Officers

The Winsome Sunday School class of the First Baptist Church met Tuesday, October 2, at 7:30 p. m. in the home of Mrs. John Watson for their installation dinner service. After a covered dish dinner, an impressive installation service was conducted by Mrs. L. S. Barron and closed with a prayer by Mrs. Lela Barron.

The following officers were installed: teacher, Mrs. Lela Barron; president, Mrs. Vernal King; vice-president, membership, Mrs. Eunice Evans; social, Mrs. Alton Epting; secretary and treasurer, Mrs. H. E. Wimberley; assistant secretary, Mrs. J. R. Kirk; group captains, Mrs. Verney Towns and Mrs. C. C. Renfro.

Members attending were: Mesdames Verney Towns, Lela Barron, Troy Perkins, Vernal King, C. C. Renfro, Travis Porter, Curtis Wellborn, L. S. Barron, M. E. Lee, Lynn Bratcher, H. E. Wimberley, Alton Epting, Rufus Gilbreath, A. T. Fowler, and the hostess, Mrs. Watson.

### FHA Day At State Fair

More than four hundred Texas farmers, who a few years ago were tenants, will be honored October 10 with a day at the State Fair of Texas. These farmers borrowed money through the Farmers Home Administration to buy family-type farms, and paid off 40-year farm mortgages more than 30 years ahead of schedule. Of this number, those who paid their debt from returns from the soil will receive certificates of achievement for having paid their loans in full this year from agricultural income.

Ceremonies of awarding certificates signed by President R. L. Thornton of the State Fair of Texas, and Texas FHA Director, L. J. Cappleman will be held in the Hall of State on the State Fair Grounds at 1:00 p. m., October 10, County Supervisor Arch T. Fowler announced this week. Congressman W. R. (Bob) Poage, Waco, Chairman of Agriculture Committee of the House of Representatives, will deliver an address covering the progress of Farmers Home Administration in the five-year history of the agency. He will be introduced by Dillard B. Lasseter, National FHA Administrator.

Farmers who have paid up their farm and home loans and others whose operations are financed by the Farmers Home Administration have been invited

### Muleshoe Chapter, OES, Celebrates Its Silver Anniversary Monday

Muleshoe Chapter No. 792, Order of the Eastern Star, celebrated its silver anniversary Tuesday evening, October 2, with a double feature, it was also past worthy matron and past patron night.

The regular officers were in their respective stations, Bettie Burkhead, worthy matron presiding over the chapter during the business session.

All past matrons and patrons were introduced at the altar starting the year they were matron or patron.

Mary DeShazo and R. J. Klump were matron and patron for the evening.

Grand officers from Littlefield Chapter, Pat H. Boone, a past worthy Grand Patron of Texas and now serving on the Jurisdiction Committee, Flora Besst Boone, Worthy Grand Associate Matron of Texas, and Blanche Dodgen, Grand Representative Puerto Rico to Texas, were introduced and then presented in the East.

Truma Griffiths, a past matron serving in 1931-32 gave a brief talk on the first meeting of the Muleshoe Chapter and also read the minutes of the first meeting held in June 1926.

R. J. Klump, a charter member of the Muleshoe Chapter and a past worthy patron for the years 1926, 27, 28, 29, 32, 33, 34, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, and 50, added more information on the progress of the chapter in the past 25 years.

Beulah Carles, a past matron and one of the early members of the chapter but not a charter member also gave a short talk.

Juanita Roberts sang, "Yesterdays" accompanied at the piano by Ruth McCarty a past matron. Anna Lucy McAdams gave a reading.

Talks were made by Pat H. Boone, Flora Besst Boone, Blanche Dodgen, Catheryn Luce, Wynnie Dunn and Agnes Moreland.

The past matrons, patrons and associate patrons present from the Muleshoe chapter were: Truma Griffiths, Hattie Griffiths, Virginia Wyer, Mary I. DeShazo, to attend the ceremonies and see the State Fair exhibits.

This will be the fourth annual Farmers Home Administration Achievement Day. Of the six thousand Tenant Purchase loans made in Texas under the Bankhead-Jones Act, approximately one-half have been paid off and their farms are now owned

Elizabeth Harden, Beulah Carles, Mary Hart, Elizabeth Gardner, Emma Dee Copley, Jackie Tate, Naomi St. Clair, Ruth McCarty, Mary Frances Holt, Margaret Collins, R. J. Klump, and Jim Burkhead.

Other visitors were: Catheryn Luce, worthy matron, Littlefield chapter; E. B. Luce, Loraine Hoppling, Pat H. Boone, Flora Besst Boone and Blanche Dodgen, Littlefield; Harriett Cummings Olton chapter, a past matron; Wynne Dunn, a past matron from Bovina chapter; Martha M. Russell, from Bovina; Agnes Moreland, from Chicago, Ill.; Jewell Grandy, Blair, Nebr.

After the chapter closed refreshments of hot spiced tea, sandwiches, cookies, nuts and mints were served in the dining room, Elizabeth Gardner and Naomi St. Clair presiding over the tea service. Jewell Grandy furnished appropriate music.

The refreshment committee was composed of Beth White, Anna Lucy McAdams, Jo Wood, Grace Lane, Viola Layne, Ruby Cox, Bertha Johnson, Lou Green, Billie Mathis and Lorena Thomson.

### Progress Church Plans Meetings

Rev. Carol Jones, pastor of the Progress Methodist Church, will leave this week end to participate in the Methodist Evangelistic Mission at Yancy, Texas. After spending one week there, he will return to prepare for a series of evangelistic meetings in his own church, Oct. 28 through Nov. 2. He will be assisted at that time by a pastor from the Houston conference, possibly from S. M. U.

A cordial invitation is extended to everyone to attend meetings Sunday through Friday, Oct. 28 to Nov. 2 at the Progress Methodist church. Also, to attend regular services each Sunday.

Church school, 10 a. m., preaching services at 11; Sunday night services at 8:15 with study classes for all ages at 7:30; and prayer meeting services Wednesday night at 8. "See you in church".

### Holland Student To Address The Elementary PTA

Gearhardt Liefstingh, exchange student from The Netherlands under the Marshall Plan, will speak at the meeting of the Elementary P-TA Tuesday, October 9 at eight o'clock. Mr. Liefstingh recently visited in our schools. His topic for discussion will be a comparison of the schools of The Netherlands with those in our country.

The above date will mark the observance of Junior High Open House. Every room in the newly remodeled and redecorated building will be open for inspection. These rooms will feature exhibits of the childrens work. Under the direction of Mrs. Watson, Mrs. Thompson and Mr. Walker, a short program will be presented by the Junior High students in the assembly hall.

On Thursday night, October 11, the finance committee of the P-TA will sponsor a picture, "Tell It To The Judge", to be shown at the Cox Drive-In theatre. Half the proceeds will go to the P-TA for the purchase of visual aid materials.

Parents and friends of the school are invited to participate in the activities of Tuesday and Thursday nights. The schools are for your children. Back them to the limit!

### RETURNED MISSIONARY SPEAKS HERE MONDAY

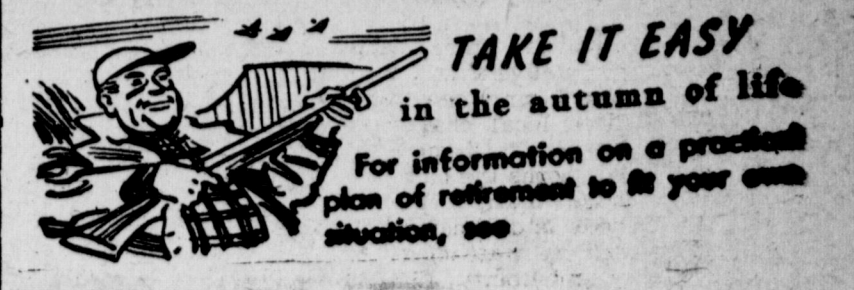

A missionary who has returned from Cape Verde Islands will speak at the Church of the Nazarene Tuesday, October 9, at 7:30 p. m., Rev. Sidney Patrick, pastor, announces.

He was in the mission field five years. This service is to relate the successes of the gospel work in the Islands. Come and worship with us. (Also come to Sunday school). Rev. Patrick.

**BABSON DISCUSSES  
Men Versus Machines**

Babson Park, Mass., Sept. 28 — The Babson Organization has 2,000 corporations on its Master List which it constantly watches. In other words, out of the 16,000 corporations whose securities are publicly traded in, we select 2,000 which we believe to be the cream.

**CURING SLIPPING DEPARTMENTS**  
Notwithstanding our careful selection, some of these corporations are at times suffering from one department slipping. This naturally worries the head of the department. The more he worries, the more the department slips; the more it slips, the more he worries. If this continues too long he has a nervous breakdown or a heart attack. This is a loss to the corporation and its stockholders.

The real purpose of my story is to emphasize that men are more important than machines; in fact, all machines were invented by men and we must depend upon men for coming great inventions. I have in mind electronic devices which should reduce prices and increase the wages of intelligent workers. The value of foremen and department heads is not fully recognized by many corporations. Their accumulation of experience will take many years on the part of their successors to duplicate.

**ENTITLED TO MORE REST**  
Corporations judge employees by their hours of work and indirectly or indirectly by their production in physical units. But a department head or foreman may be able to develop original ideas in a few hours that can be worth large amounts to the corporation. To accomplish this, however, such a man should not be worried, and should keep himself in good

health. If I should tell the president of the corporation that he could save thousands of dollars annually by spending \$1,000 on repairing a certain machine, he would gladly do so; but most corporation heads can't see this when it comes to repairing men or keeping them in A-1 condition.

When I tell the corporation president that he could save and make large sums by spending \$1,000 to give the head of a slipping department a complete rest for a month, the president often fails to see the point. Of course, this rest must be away from home and under supervision. Yet, such an investment by the corporation would produce more dividends to stockholders than if spent in any other possible way. This is the next great lesson which corporations must learn.

**PREVENTING HEART ATTACK**  
During the past year, I have been especially distressed because so many of my friends and clients are dying from heart attacks. This is not only a loss to the family, but often a severe loss to the corporations with which such men were connected. Often the death of such a man is ultimately unfavorably reflected in labor relations, sales programs and the earnings of the corporation; and hence a loss to stockholders. With special interest in the 2,000 corporations above mentioned, I am anxious for the support of all attempts to reduce these heart tragedies.

Doctors tell me that these heart attacks are unnecessary and could largely be prevented if corporations would insist on annual physical audits of their head executives. When finding one of their executives threatened with a heart condition, the corporation would find it an ex-

**Sand Hills Philosopher Amazed To Learn Each Farmer Produces Enough For 19 People In Town**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm once more is no doubt misinterpreting statistics, his letter this week reveals.

Dear editor: With occasional Fall weather already been enjoyed out here I've been wauder in around more than usual lately.

I don't mind vander in around any season of the year, thru spring plantin or any other time, a man who wanders around ain't nothin else to do is likely to find very little time to do it in, but Fall is one of my favorites, next to winter, spring and summer, and my readin material has been pickin up noticeably, this mornin I picked up four newspapers, three magazines, and a copy of the

cellent investment to give this executive a supervised vacation with pay at a restful spot catering to the "tired businessman". This is not charity or a "welfare" nature. It is sound, hardboiled business sense.

**REPAIRING VS PREVENTIVE TESTS**  
The so-called "six weeks cure" for heart attacks can be taken at home or at a hospital if the patient will absolutely obey the doctor's orders; but this is not true of preventive heart repairing. Those showing a tendency to heart trouble, but who have not yet been attacked, need not stay in bed. They should, however, be away from home and office, in a restful spot in the woods until all these symptoms vanish.

In this connection let me say that great progress is being made by physicians in detecting possible heart troubles. The electrocardiograph is now being supplemented or anticipated by "flicker tests", blood tests and ingenious gadgets which give an executive warning to take a rest and avoid further trouble.

Congressional Record, and when I got home I ran across an item which has me disturbed.

Accordin to the latest statistics one American in twenty is now workin for the Federal government, supported, as the writer pointed out, "by the other nineteen of us."

This fact had the editorial writer disturbed and you got the impression it was too big a load for him and 18 others to support their Federal worker.

Well, I don't know what proportion of the population ought to be workin for the Federal government, but so far it ain't the number that bothers me so much as what they do or try to make me do, but what I started out to say is that this editorial writer complain about supportin one-nineteenth of a Federal worker ought to consider the plight of the farmer. The farmer has to support not just one-nineteenth of a man but nineteen complete men.

That is, I guess he does. I read the other day where in 1850 I took one man in the country to grow enough food for himself and one extra man in town, and that the ration has been increased so that now one farmer raises enough food for 19 men in town. No wonder I'm tired.

However personally I don't put too much stock by these figures, maybe some farmers do raise enough to support nineteen city people, but I don't believe I make the grade myself out here, this country is on shorter rations than I ever dreamed of. If I lived in town and that's all I had to eat, believe me I'd hunt me up a Federal job too.

Yours faithfully,  
J. A.

**PARTY OF LOCAL MEN TO PURINA LIVESTOCK FARM**  
A group of local men left Saturday to inspect the Purina livestock feeding experiments being carried out at their farm near Gray Summit, Mo. Joe Jones, of Jones Farm Store accompanied the following farmers: Charlie Barnett, Carl Bamert, and Zee McCasland. They were to return about the middle of this week.

*rom*  
**The Upper Room**  
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

**PRAYER**  
"... love ye your enemies, and do good..." (Luke 6:35.)  
Read Romans 12:14-21.

In the massacre of 1909, thousands of Armenians lost their lives. A certain doctor lost his father and many other dear relatives, including a brother. When the surgeon heard that the murderer of his brother needed an operation but was afraid to come to him, the surgeon sent word to his brother's murderer, saying: "My Lord and Saviour commands us to forgive our enemies, and those who have done us evil. Come, I will do you no harm."

As the surgeon left the operating room after successfully performing the operation, he remarked, "It was very hard to do it."  
Indeed, "It is hard," as the doctor said. Many Christians think that the Sermon on the Mount is impractical on this point. But, thank God, He makes us able, through Jesus, to forgive our enemies and love them and do them good.

**PRAYER**  
We thank Thee, our heavenly Father, for the forgiveness taught

and practiced in the person of Jesus Christ, Thy Son. May we day by day remember the holy beauty of His forgiveness when He prayed, "Father, forgive them; for they know not what they do". Make us willing to take up our cross and practice forgiveness in the spirit of Christ. In His name. Amen.

**THOUGHT FOR THE DAY**  
Real forgiveness is a fire through which Christ-possessed, praying souls can pass.  
Hovhanness Apkarian (Syria)

**GI BARRACKS SOLD**

Jones Bros. Farm Store purchased the G. I. barracks, property of the veterans agriculture classes in the auction last week. In turn, the Jones firm sold one half of the big structure to John Birdwell who moved it out to VVN Ranch.

"I've driven 50,000 Miles, so I know!"  
**'50,000 Miles No Wear'**  
with New Conoco Super Motor Oil!  
says D. C. Lemmons  
Construction Contractor  
Brownwood, Texas

"I am continually running from one of our jobs to another, in all kinds of weather, over all kinds of roads," says D. C. Lemmons. "In my car, and in our trucks and cement mixer, I must have a motor oil that can stand up under dust, dirt and cement powder. That's why I was so interested in your story of 50,000 Miles—No Wear."

"Since changing to Conoco Super Motor Oil, I've driven my personal car more than 50,000 miles. That's why I know—50,000 Miles—No Wear has sure been true for me. Since I can't afford to take chances on ordinary oil, it's Conoco Super one hundred percent for me!"

**Change Now—For Summertime Performance All Winter!** Protect your engine from winter's rasping wear. Change to new Conoco Super Motor Oil, with Oil-Plating. Get quick starts, fast pickup, better performance all winter.

**Proof of 50,000 Miles—No Wear!** After a punishing 50,000 mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings! Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

Tastes like Peaches and Cream!  
**"Party Peach Pie"**

CRUMB SHELL:  
 1/2 cup melted butter or margarine  
 1 1/2 cups graham cracker crumbs

FILLING:  
 1/2 cup granulated sugar  
 3/4 teaspoon salt  
 1 cup Peaches  
 1 cup syrup from canned cling peaches  
 2 eggs  
 1 tablespoon butter or margarine  
 1 teaspoon vanilla extract  
 2 cups canned cling peach slices

Shell: Blend butter with crumbs. Reserve 2 tablespoons crumbs for top. Pack remainder firmly in bottom and sides of 9-inch pie pan. Chill.

Filling: Blend sugar, cornstarch and salt. Slowly stir in milk until smooth. Add peach syrup. Cook and stir over boiling water until thick and smooth; cook 10 minutes longer, stirring occasionally. Remove from heat and stir into lightly beaten eggs. Cook and stir 4 to 5 minutes longer. Add butter and vanilla. Cool, covered. Pour half of custard into crumb shell; top with half of well-drained peaches. Repeat layers with rest of custard and peaches. Decorate with remaining crumbs. Chill 3 hours or longer. Makes 1 9-in. pie.

**HOME GROUNDS  
BEAUTIFICATION WORKSHOP**

On October 9, there is to be a Home Grounds Beautification Workshop in connection with the Wayland Baptist College in Plainview.

The general meeting at 9:30 will be held at the College Heights Baptist Church, across the street from the north east corner of the Wayland Baptist College Campus.

Miss Sadie Hatfield, Homestead Improvement Specialist of College Station is the head of the Workshop.

Some of the subjects are Lawns and Watering, Identification of Shrubs, Prune for Better Shrubs, Control Insects on Ornamentals, Safety in Service Area, Control Chlorosis, General Principles of Homestead Planning, Windbreaks Conservation, Soil Preparation, Placing Trees, Chrysanthemums,

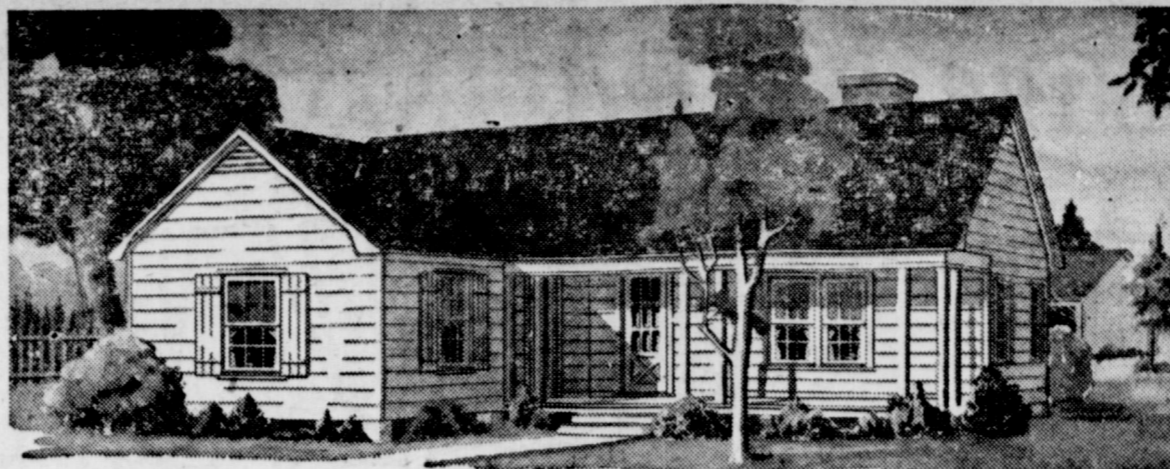

Dahlias, Iris, Roses for the Plains, Placing Flowers and Shrubs.

**TABLETS FOR TOMATOES**  
Most of the housewives who tried combination salt tablets in home canning tomatoes during the past two years have reported favorably on results. These tablets combine table salt for seasoning with a tiny quantity of calcium chloride or other calcium salt which helps tomatoes hold their shape and remain firm and whole during heat processing. Such tablets have been manufactured for wholesale for about 10 years but only recently have they been for sale in the small lots needed for home canning.

**VISIT IN CLOVIS**  
Mrs. Eva Murrah and Jerene visited Monday afternoon with Mr. and Mrs. Wayne Stark in Clovis, N. M.

**HERE FROM CANYON**  
La Rue Black, Bill Thompson and some friends from Canyon visited with friends, and relatives in the Progress community Sunday.

**DINNER GUESTS**  
Mr. and Mrs. Russell Bearden and son Keith took dinner with Mrs. Eva Murrah Sunday.

House Plan No. 15

**Small But Convenient**

Our Farm & Ranch Plan No. 15 provides a comfortable home that offers you as much convenience as can be found in a house of this size. The bedrooms are large enough to make furniture arrangement easy and give plenty of window space for light and cross ventilation. Each bedroom has two closets.

The work area in the kitchen is quite compact and convenient to save the housewife unnecessary steps. And there is plenty of space for a table on which to serve the family meals.

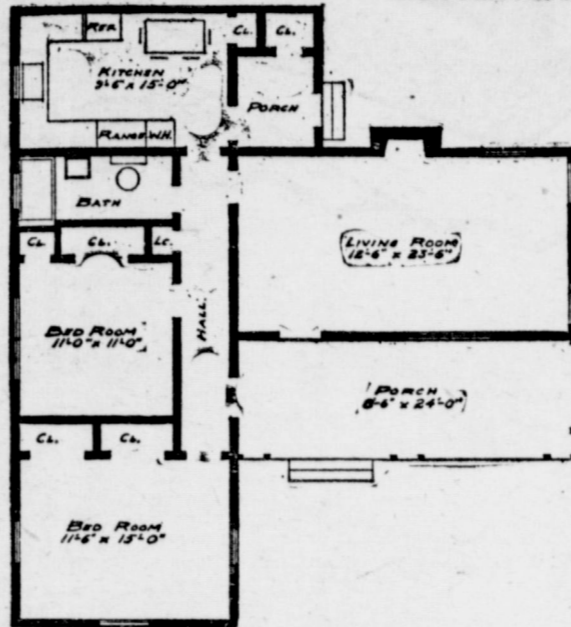

On the back porch there is room for a freezer chest, or laundry equipment, and a closet.

The living roof purposely has been made rather spacious in order to provide space for an extra bed, if it is needed and still leave plenty of room. Or it could be used as a combination living-dining room.

The central hall is provided to eliminate a lot of travel through certain rooms in the house, thus alleviating some house cleaning.

Economy has been considered carefully during the entire planning of the house. The bath and kitchen are located so all the plumbing can be grouped together, thus requiring only one large drain. This means considerable reduction in plumbing costs.

The house has been designed for you to use piers instead of a solid concrete foundation. The "L" shape makes it easy to hold

all framing lumber to a minimum size. The shed-type roof over the kitchen and back porch help to keep the cost per square foot as low as possible, yet in no way will it affect the convenience, or attractiveness of the well-planned home.

You can obtain blueprints of this Muleshoe Journal Farm & Ranch Plan No. 4915 and a hand list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm & Ranch Southern Agriculturist, Dept. L-36, Nashville, Tenn. Order by number: Plan No. 4915. Blueprints are adequate for any farm carpenter or for any farmer handy with tools

**Electric Cooking Is ACCURATE**  
...as MODERN women KNOW!

Wherever accuracy is required in business, industry, the home, electricity is used. Yes, whether it is synchronizing a nationwide radio hookup, dispatching trains or baking a cake, when you want accuracy and precision, you call on electricity.

When you push the buttons or turn the switches on your electric range, you know that exactly the amount of heat you desire will be on the setting used. You know the heat will be accurate because you know the heat has been measured — measured in the correct amount.

You know, too, that your electric range oven control holds the temperature at the cookbook figure in your recipe, assuring you of cookbook results every time.

Yes, electric cooking is accurate — as modern women know.

**How does it feel to drive a Buick?**

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick — mister, you've never been so right.

It does a lot of things for you and to you that will be something new in your driving experience.

Take the way it feels beneath your hands on the wheel — eager and willing and anxious to please.

It spurts when you want to spurt — rolls with effortless momentum when you want to cruise.

When you take a curve, it snugs down to the road with sure-footed confidence.

After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself.

When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel.

Then there's power that surges into action at a nudge of your toe — sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift — the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car.

To top all this, there is Dynaflo Drive\* — that feeds power in a steady, falterless flow — lets you ride relaxed in busy traffic or on a day-long cross-country drive.

We're willing to stand on the statement that no other car rides, performs or drives like a Buick.

But why take our word for it? Come in — take over one of these lively lovelies — and see for yourself.

**NO OTHER CAR PROVIDES ALL THIS:**  
DYNAFLO DRIVE\* • FIREBALL ENGINE  
4-WHEEL COIL SPRINGING • DUAL VENTILATION  
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE

MULESHOE

### Stevens Bros. Circus To Be Here Monday

A CIRCUS without wild animals—well it just wouldn't be a circus. The circus and wild animals are synonymous in that you can't think of one without thinking of the other. Stevens Bros. Circus boast that they have elephants, camels, zebras, llamas, sacred bulls, tigers, bears, pumas, lions, monkeys and numerous other animals, both foreign and those of this continent and when they appear in Muleshoe on October 8 they will be the center of all eyes. Children from 5 to 75 immediately gather around them as they are spotted in their cages around the circus lot. There they

remain the center of attraction until they are taken into the menagerie tent and closed from the view of all until the front doors open and the hundreds of circus hungry fans loaded with bags of peanuts converge on the elephants picket line. Elephants are truly the most intelligent of all animals, and the circus just couldn't get along without them. Nothing will ever take the place of patient, obliging old jumbo in the circus. Many of the strange tales that have been told about elephants most of them are fallacies. For instance the story that an elephant never forgets. They can and do forget although their propensity for remembering is possibly greater than that of any other animal, because the elephant is the most intelligent of all. This season Stevens Bros. Circus has a very large assortment of outstanding acts gathered from all quarters of the globe.

## Mules Looked Good Friday Night In Paving— Losing To Tulia By 13 to 7 Score

The Mules lost another close one last Friday night, this time to the Tulia Hornets, 14 to 7. Statisticians figured that the score was about the only department in which the Hornets were superior, since the Mules had 9 first downs to the Hornets 7; and gained 232 yards rushing to the visitors 201.

Muleshoe, however, was plagued by hard luck, or the breaks, practically all of which were against them.

The Mules scored first, with Buck Johnson racing from his own 35 yard line across the pay off stripe, 65 yards away. That was the first offensive play of the game. He slipped around right end, got some nice blocking and tore out for the goal. DeWayne Burkhead kicked the extra point and the Mules led 7 to 0.

It went along like that into the second quarter when the Hornets struck twice. Tulia intercepted a Johnson pass on the Mules 35 and with Nelson, R. Hudson, and Pannell totting they worked down to the 11, from where D. Luke, quarter, passed to end B. Jennings for the touchdown. Luke then passed to Nelson, a halfback, for the extra point and the game was all tied up.

Bobby Seid got off a nice re-

turn of a Tulia punt, to the Tulia 40. Heathington ran to a first on the Tulia 38, Seid got 2, but a 15 yard penalty set the boys back to the 45. Johnson got back to the Tulia 38, then punted. The ball went squarely to Luke who was standing about on his 5, and Luke dodged and outran the field to score a 95 yard run and a touchdown. Luke's kick for extra point failed.

The second half saw no scoring but there was lots of fireworks. Hudson, a splended back for Tulia, continued to knock off consistent gains but the Mules on that line were doing a fine job of holding.

Three backs got in a lot of action, and rolled up the yards. Heathington, Seid, and Johnson

## Paving—

(Continued From Page 1)

way. (West First). This will give a "loop" from the Clovis highway in the northwest part of town, down 7th, along by the schools and so to the Morton highway.

Much of the paving is completed and in use. In the Lenau addition some 2,000 feet of new paving has been laid.

Altogether the present paving program, in which the property owners are paying all costs, has been entirely successful. Representatives of the company said new blocks are being added to the program every day or so as property owners request that the work be done.

Altogether the present paving program, in which the property owners are paying all costs, has

been entirely successful. Representatives of the company said new blocks are being added to the program every day or so as property owners request that the work be done.
