

Water Mass Meeting Here Is Planned

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 30, NUMBER 22

MULESHOE — County Seat of Bailey County — TEXAS

THURSDAY, MAY 22, 1952

Payne Rites Are Held At Lazbuddy

Funeral services were held Wednesday, May 21, at 2:30 p. m. in the Lazbuddy Baptist Church for W. E. Payne a resident of the Lazbuddy community since 1929.

Payne was born on Sept. 10, 1885, and succumbed of a heart attack suffered on Sunday morning, May 18, about 4:30. At that time he was in the Friona Hospital with his wife who was ill.

Military rites were held for the 66 year old pioneer by the Friona American Legion Post under the direction of Sneed's Funeral Home of Clovis N. M. Officiating ministers were Rev. G. E. Swain and Rev. L. B. Edwards of Plainview. Interment was in the Lazbuddy cemetery.

He is survived by his wife, Mrs. Payne, and two step daughters, Mrs. John L. Seaton and Mrs. Leroy McDonald.

Acting pallbearers were Frank Pittler, Archie Tarter, J. R. Harris, Sr., H. L. Ivy, John Agee, and Glen Dunn. Honorary pallbearers were Wesley Barnes, Bill Shirley, Volney Hodge, W. S. Menefer, Leonard Smith, and Artie Beavers.

McFarland Lions Club Speaker

The Lions Club which met Wednesday, May 21, in the dining room of Gerald's Cafe was entertained by the speaker, Tom McFarland, who is manager of the High Plains Water Conservation District.

Mr. McFarland made a brief talk on water problems of this area. He stated that it had been determined by the state that the owner of any piece of land is the owner of the water under it. He explained that the purpose of the High Plains Water District is to keep control of water in individual counties rather than having state control. It also is to control and space wells and stop water waste.

An educational film, produced by the Standard Oil Co., of Texas, on water problems in the entire United States was shown to the group. This is a very interesting film. Other organizations wishing to show it may do so by contacting Mr. McFarland.

Mrs. Galloway, who recently moved to Muleshoe from Crane, Texas, furnished music during the luncheon. She is a former Lions sweetheart of that city.

Three Way Honor Roll Announced

Oscar H. Davis, elementary principal of Three Way School, Maple, announces the following names of students on the honor roll for the last six weeks period of the school term:

Third grade: James Long.

Fourth grade: Kelsey Branaman, Joe Clark, Bernie Green, (all A's) James Tarleton, Carter Williams, (all A's) Billy Newton, Betty Sue Buie, (all A's), La Vada Sue Holloway, Delores Smith, and Patsy Sowder.

Fifth grade: David St. Clair, Mickey Coleman, Nan Johnson, Virginia Klutts (all A's) Lorena Long, (all A's), Gwenda Lee Parker, and Ruby Phillips.

Sixth grade: Armelda Cox, Milton Holloway, and Charles Newton.

Seventh grade: Glenn Burleson, Janice Baker, (all A's), Janelle Sedgewick (all A's), and Rowan Shepard.

Eighth grade: Paula Griffith (all A's), and Shirley Williams (all A's).

Students who have been punctual in attendance and have not missed a day in school during the year are these:

First grade: Larry Dupler.

Second grade: Carol Daricek and Marieta Edwards.

Third grade: Betty Sue Buie.

Fourth grade: Betty Sue Buie, Carl Faith, and Eugene Faith.

Fifth grade: Rex Baker, Lorena Long, and Ruby Phillips.

Sixth grade: Clifford Reeves.

Seventh grade: Clifford Reeves, and Preston Phillips.

BACK FROM LOUISIANA

F. H. Davis returned Sunday from College Station and Shreveport, La., where he and Mrs. Davis visited relatives. Mrs. Davis remained with her daughter, Mrs. Weldon McCarty for a few days.

TEXAS ALMANACS on sale at the Journal office.

Commissioners Request Right Of Way For Water Line Be Refused

A resolution opposing the granting of right of way for a pipeline to carry water from the land near Muleshoe to the city of Lubbock was adopted Monday by the Bailey County Commissioners Court, which took cognizance of the fact that Lubbock has acquired an option to buy water rights on some 52,000 acres in this county.

Copies of the resolution stating Bailey County people's reasons for being uneasy about the situation and requesting that rights of way be refused for the purpose of the Texas State Highway Department, the Texas Highway Engineer, S. C. McCarty, of Lubbock, and to the Panhandle & Santa Fe Railway at its office in Amarillo.

Judge Cecil H. Tate presided at the meeting, which also was attended by Commissioners L. T. McKillip, W. W. Couch, Robert Kindie, and R. P. McCall. Vote for the resolution was unanimous. The resolution reads as follows:

WHEREAS, it has been made known, to the Commissioner's Court, of Bailey County, Texas, that the City of Lubbock, Lubbock County, Texas, a Public Municipal Corporation of the State of Texas, has acquired and is acquiring certain water rights on lands situated in Bailey County, Texas, with the purpose in mind of piping said waters to the City of Lubbock, Texas. That the Commissioner's Court of Bailey County, Texas, generally are against our water being diverted to the City of Lubbock, Texas, or any other large user. That in piping said water to Lubbock, Texas will be depriving the

owners of land of this area of water under their said lands. That Bailey County is an agricultural and livestock area, and that to reduce the water basin here, would work financial hardship on the Citizens of Bailey County, Texas, as well as the area surrounding it.

That it has been made known to the Court, that the City of Lubbock, Texas, is contemplating acquiring right of way, easement or some right, on the right of ways, of the Highway Department of State of Texas, and of the Panhandle and Santa Fe Railway, through Bailey County, Texas.

That the people generally of Bailey County, Texas, are against the granting of easements, on said right of ways, in the County of Bailey, to the City of Lubbock, Texas, for the piping and transporting of waters from the water basin of Bailey County, Texas.

Motion was made by L. T. McKillip, Commissioner Precinct No. 1 and Seconded by W. W. Couch, Commissioner, Precinct No. 2, that the Commissioner's Court of Bailey County, Texas, request that the State Highway Department and Panhandle and Santa Fe Railway, refuse to grant to the City of Lubbock, Lubbock County, Texas, any easement, franchise or right to use the right of ways, in the County of Bailey, State of Texas. Further that a copy of this resolution be mailed to the Texas Highway Department, Austin, Texas, to the Panhandle and Santa Fe General Office, at Amarillo, Texas, and to Mr. S. C. McCarty, Highway Engineer, Lubbock, Texas. Said motion being presented to the court, same being voted on and carried unanimously, in favor of said resolution. Commissioners voting for said resolution being L. T. McKillip, W. W. Couch, R. P. McCall, and Robert Kindie. And none voting "No".

Morrison Motor New Chrysler Plymouth Dealer

Formation of the Morrison Motor Company to become Chrysler and Plymouth dealers in the local territory was announced this week and Herbert Covin, owner of Covin Motor Company, announced he had sold his business to the Morrison Motor Co., D. L. Morrison and Carroll Goss will be the managers of the new business.

The firm will continue to operate in the building occupied by Covin for the last four and one half years at the southeast corner of the courthouse square.

Mr. Morrison is a farmer near Muleshoe. Mr. Goss has long been associated with automobile dealerships here and of late years has operated the Goss Conoco Service and has been dealer for Hudson and handled used cars.

Alvin Farrell will continue with the new firm. The managers said they will add to personnel of their service department and will sell and service Chrysler industrial motors.

Mr. Covin has not announced what his future plans will be, but said that he and Mrs. Covin may return to their former home in Hollis, Okla.

BACK FROM FISHING TRIP

Claude Watkins, Wiley Bullock, Bob Jones, and W. G. Harlan returned this morning from a fishing trip to Conchas Lake. They returned with a good catch.

VISITORS FROM GEORGIA

Recent visitors in the Bill Garrett and C. J. Darby homes were Mr. and Mrs. Kenneth Welch and small daughter of Harlem, Ga.

ROEBUCKS HAVE VISITORS

Week end visitors in the C. R. Roebuck home were their daughter, Mrs. Hugh Norris and husband, Sgt. Norris. They were on their way to Tennessee where they will visit with his relatives.

Poppy Day To Be Observed Saturday

Memorial poppies, which will be worn to honor the war dead on Poppy Day, are being fashioned by Thomas E. Shelby, Boling, Texas; J. Mack Prescott, of San Marcos, Texas; and Fred C. Fulton, Cleveland, Miss., pictured from left to right.

These veterans are among the number of veterans fashioning the poppy, described as the flower of hope for disabled veterans and their families.

Contributions made on Poppy Day are the main source of support for the extensive activities for the welfare of disabled veterans and needy children of veterans that are carried out constantly by the Auxiliary.

The coins which people drop into the contribution boxes go to give comfort and cheer to disabled veterans in the ten VA and two contract bed hospitals in Texas. They make possible aid to families of veterans left

Livesay Trial Set For July 7

Thomas Clifton Livesay, charged with murder in connection with the slaying last August of Josh Blocher, aged pioneer of Bailey County, will be tried at Haskell beginning July 7. Judge E. A. Bills, district judge, announced the removal of the case to Haskell at a hearing in Tulsa this week, which was attended by Sheriff Hugh Freeman of Muleshoe.

L. D. Stevens, also charged with Blocher's murder, was tried in the district court here in December of last year and was assessed the death penalty.

Livesay's case was then changed to Parmer County but a jury panel was exhausted before the proper number of qualified jurors were found. Judge Bills then sent the case to Swisher County but a jury could be formed at Tulsa. Haskell County is in another judicial district.

Sheriff Freeman pointed out the fact that quite a few Bailey County men likely will be summoned for the July trial of Livesay.

BILL COVIN GETS HIS ROTC BARS AT O. U.

Bill Covin, of Muleshoe, was made a second lieutenant in the Reserve Officers Training Corps at Oklahoma U. in ceremonies last Friday. His mother, Mrs. Herb Covin of Muleshoe, pinned the shaly bars on Bill's shoulders. Bill is in the Engineer Corps.

He has been elected secretary and treasurer of the "O" Club, an organization of letter men, and Saturday night was master of ceremonies at the group's annual banquet.

Lubbock Agrees To Water Parley

(From Sunday Avalanche)

Lubbock representatives are more than willing to discuss with a Bailey County delegation this city's planned development of an 81-square mile tract near Muleshoe as a source of long-range water supply.

This agreement was unanimous Saturday morning at a meeting of members of the City Commission, the City Water Resources Board and officials and directors of the Chamber of Commerce in the City Hall council chamber.

The special meeting followed a letter to Mayor Murrell R. Tripp and other Lubbock representatives from Al Hall, manager of the Muleshoe Chamber of Commerce, requesting a joint conference.

Muleshoe is about four miles east of the huge tract, located in the "Sand Hills" of northwest Bailey County, upon which the city of Lubbock recently acquired options to water rights.

Stating uneasiness is widespread in Bailey County as to the effects of the development of the tract as a water field, Hall's letter continued:

"We are sure this situation can be clarified to everybody's satisfaction if a (Bailey County) delegation is granted an audience with a joint meeting with the Lubbock City Water Resources Board and City Council."

Those present at the special meeting instantly made clear their willingness to go more than half way in complying with Hall's request.

Want To Cooperate

They were equally unanimous in their opinion that Muleshoe and Bailey County are entitled to every proof that can be supplied that the proposed development will not imperil the underground water reserves there.

No attempt was made to suggest details of such a joint conference.

On the contrary, and on the motion of Roy Furr, member of the water board, the arrangements for closely as possible to the preferences and conveniences of the Bailey Counties.

Their desires will be consulted on such details as to the time and place of a conference, those who shall attend and the subjects to be discussed before any final arrangements are made.

R. L. Oldham, city director of public works, reported Saturday that the tests are being drilled. Those completed, he said, indicate thick strata of water of good quality.

The tests have not progressed far enough, he continued, to permit any definite calculations of supplies are secured the quantities that might be produced.

Water Reserve Possible

But the consensus of engineers is that huge quantities of water underlie the Sand Hills. Wells surrounding the area support this optimism. Hopes are that supplies from this source will assure Lubbock adequate water for the next 30 years or longer and for a population exceeding 200,000.

If the deal for the water rights is closed and other obstacles to development are surmounted, several years will elapse before supplies are secured from this source, according to present plans. Utilization of such supplies will require a 70-mile pipeline and other equipment expected to cost \$6 to \$8 million.

Under the planned program, wells would be drilled only as needed to keep pace with Lubbock water needs. Production would be limited to around 600,000 gallons per day per section of land. Production from the present Lubbock well fields, all within five miles of the city, has averaged about 1,250,000 gallons a day.

Towns Of Area Pledge Support In Controversy Over Water Rights

A mass meeting for the purpose of acquainting all the people with the Plains water situation is being planned for the first week in June, to be held in the high school auditorium. Details will be announced later.

If the program that is being considered is carried out, the mass meeting will be the place for learning the true facts about water, about Bailey County's side of the controversy now going on, about Lubbock's viewpoint, as well. A speaker will explain Bailey County's views and a Lubbock man will tell what Lubbock has in mind in acquiring options to Plains underground water rights.

The "Committee of Ten", composed of representatives of the Bailey County Farm Bureau, directors for Bailey County in the High Plains Underground Water Conservation District, and of the Muleshoe Chamber of Commerce, is considering the meeting and will sponsor it. They have invited one of the outstanding underground water authorities of the country, Bill Broadhurst, U. S. Geologist, to be one of the principal speakers.

Mr. Broadhurst in the past has discussed the nature and source, probable longevity, etc., of the underground water supply of the Plains before numerous groups in the various towns. If he can fill the engagement here, it is certain he will present facts from an impartial point of view, and anyone who has ever heard him speak will say that his talks constitute an education in themselves on the subject of water and the geology of the Plains.

The committee of ten are postponing their mass meeting until the matter has been thoroughly gone over between them and representatives of the city of Lubbock. Tomorrow (Friday) morning at 10:30, Mayor Tripp of Lubbock and three or four others of Lubbock will be in Muleshoe to discuss details of a joint meeting of representatives of the two towns, to be held in Lubbock, presumably next week.

Such a meeting was requested by Al Hall of the Muleshoe Chamber of Commerce in a letter to the mayor last week.

Mayor Tripp and his group will confer here with the representatives of the three groups and decide on the meeting day and the matters which shall come before the Lubbock meeting. After that, it is expected that the Muleshoe group will call the mass meeting and will notify the people as to the date and other details.

A spokesman for the local committee said every means of arriving at an amicable settlement of the issue are being considered, in order to avoid any possible friction between the people of the two towns and their territories.

Meantime, CoC officials here are reporting encouraging response to their solicitation of support from their Plains towns. A group visited Levelland Wednesday and learned from the board of directors of the CoC there that Bailey County can certainly count on the full cooperation of all of the people there in the controversy. Levelland and Hockley County people are as much concerned with the outlook as are local people and feel that the withdrawal of large quantities of water from the water basin by the cities would, without doubt, serve to lower the water table in the irrigation section of the Plains.

Encouraging replies have been received from several of the Plains towns. Mr. Hall said the CoC will continue to solicit the support of allthepeople in the territory from Hereford to Levelland and from Littlefield to Portales.

The city of Lubbock recently announced it had acquired an option to water rights to more than 50,000 acres of land near Muleshoe, on the Wasson and Birdwell ranches, southwest of town. It is reported that several test wells have been drilled on this land. Lubbock proposes to lay a pipe line from the well sites to the city, the whole development being estimated to cost some \$14 million.

Muleshoe Area Schools Complete School Terms, Vacations In Order

Legion Aux. Says Bring 'Em Back

Schools arund the Muleshoe area have completed another school term, some completing their work this week, others winding up last week end.

In Muleshoe the high school graduating class baccalaureate services were held in the school auditorium Sunday night, May 18. The commencement exercises were held Tuesday evening May 20. Roy Bass, attorney of Lubbock, gave the commencement address. Baccalaureate sermon was given by Rev. H. W. Hankes. Fifty-one students received diplomas.

The Muleshoe junior high had 112 boys and girls to graduate in exercises held in the high school auditorium at 8 o'clock Monday evening, May 19.

Bula's graduation exercises are to be held Friday night of this week. Lazbuddy's on Saturday night. Three Way school's graduation exercises were held last week, ending another year of work for that school.

So, it's vacation time for the boys and girls of the Muleshoe territory.

All Kinds of Paper, Office Supplies at The Journal.

TO VISIT IN SAN ANTONIO

Mr. and Mrs. Tom Smallwood and children left Wednesday to visit her sister in San Antonio and perhaps do a little fishing.

Cong. George Mahon Comes In For High Praise In Capital Paper

By John G. Norris
In Washington, D. C. Post

Former Vice President and Speaker of the House John Nance Garner sent some words of advice up from his Texas ranch several years ago.

"Put George Mahon on the Ways and Means Committee," he urged. He's the best man we've elected in Texas in the past 25 years."

Normally, counsel from the dean emeritus of the Texas delegation is apt to be followed by his former congressional colleagues. But, reports veteran Washington Correspondent Bascom N. Timmons, Rep. George H. Mahon of the Nineteenth Texas District demurred.

The tall, lanky Congressman from west Texas was honored by Garner's interest and well aware of the power going with House Ways and Means membership. That group not only handles tax legislation but also selects members or places on other House committees.

Mahon, however, liked the job he had. And it can be said without fear of contradiction that his decision has proved to be very much in the best interests of the Nation.

Today, with two-thirds of the Federal budget being spent for national defense, Mahon's post as chairman of the House Military Appropriations Sub-committee is one of the most important on Capitol Hill. As chief guardian of the defense purse-strings, he is very much on the spot in these days. Yet the quiet, boyish-looking, 51 year old Texan has won the respect of all for his fairness, hard work, balance and thorough knowledge of military matters.

That goes not only for Congress, but also the Pentagon and those severest of critics, the members of the congressional press galleries.

It is fortunate that a man of Mahon's stripe is found in such a key place in the present emergency. For the chief military problem before Congress today—perhaps the major dilemma of the Nation—is how to achieve a balance in defense spending that will give us reasonable security without eventually defeating ourselves through bankruptcy. A large part

of the responsibility in this field falls upon George Mahon and his committee.

As the Texan sees their job they must go over Pentagon spending proposals with great prudence, trimming away fat yet avoiding the "meat ax" approach favored by the vocal and powerful economy-at-any price bloc.

In the course of its work, the military spending subcommittee investigates the many charges of waste in the armed forces. When Mahon finds that the reports are inaccurate—as in many instances—he'll often take the House floor to refute them.

There was the published report that the Army had bought 68,000,000 can-openers, a seemingly unnecessary expense. The congressman found that they went with cans of combat rations issued to troops in Korea, and were much cheaper than non-expendable can-openers. He passed out some of the thumbnail openers—costing a penny and a half—to bring home the point.

Mahon also exploded the stories about the Navy buying 11,000,000 dozen silver oyster forks and 1,300,000 dresses for 10,000 Waves. The Navy did have 11,000 dozen forks—bought in 1944 at 18 cents each—and had ordered 1 percent of the number of dresses reported, he said.

But Mahon doesn't hesitate to go after the military when it's wrong.

"While I am willing to defend the Pentagon when the Pentagon is right," he told the House, "I would not for one moment be willing to assume the role of yes-man for anybody."

"We have a responsibility here to perform, and we give credit where credit is due; we condemn where condemnation is due."

When an Army Assistant Secretary had a special suite of offices prepared for him, replete with bath and dressing room, Mahon gave Pentagon chiefs hell.

"How can you sell your essential military spending when you have de luxe 'blue room' suites?" he asked them. "Why can't he put his pants on and take a bath at home?"

"This waste particularly enraged Mahon, as he uses a tiny, windowless, former storeroom as an office in his own modest suite at the Capitol.

The above dressing down was given in private—as it was highly embarrassing to the individual concerned—but the Congressman doesn't hesitate to take defense chiefs to task more publicly on the broad issues of waste and mismanagement.

In the 1953 hearings, Mahon told defense officials that he was "fed up" with their failure to "make a more strenuous effort to do a good job" and annoyed that they sometimes ignored charges of waste. Often they just "shrug off criticism," he said.

He told Army Secretary Frank Pace that his campaign to install "cost consciousness" in the troops was fine but that the need for it "exists on a much higher level."

"You would hate for your children, Mr. Secretary," Mahon Mahon added, "to read the history of this period and say, 'Yes, my grandfather was the Secretary of the Army in perhaps the greatest period of waste in our history.'"

Navy and Air Force officials

came in for similar treatment.

Mahon knew then—as Pentagon chiefs seemed unaware—that Congress had become convinced that wasteful practices prevail in the armed forces and that defense appropriations could be cut heavily without really hurting defense. The Texan also knew that "meat-ax" slashing would cripple preparedness and that the only safe and efficient way to curtail expenditures was by careful, selective trimming away of fat—which the Pentagon can do much better than anyone else.

Last fall when congress adjourned, Mahon wrote every member of the House, asking them to visit military installations in their districts and see whether they were operating efficiently and economically. He requested that they submit reports on their findings so the committee could investigate and trim where necessary, rather than wait until the 1953 defense appropriations bill reached the House floor and then urge blank-

ets.

Few of the Congressmen followed his suggestion—and a big majority voted for the heavy, across-the-board reductions which Pentagon chiefs now are protesting. The '53 defense appropriations, however, still are pending on Capitol Hill, and there are signs that (1) at least part of the cuts will be restored, and (2) that Mahon's preachings are having some real effect at the Pentagon.

What sort of man is this influential but almost unknown man from Texas?

George Herman Mahon was born in Louisiana, but moved to west Texas as a boy. He was reared on a cotton farm, was graduated from Simmons University and the University of Texas and became county attorney of Mitchell County Tex., when he was 26.

After seven years as district attorney in his home district—he lives at Colorado City near Lubbock, Tex.—Mahon was first elected to Congress in 1934. He's been reelected ever since—usually with little or no opposition.

For some years here, Mahon taught a men's Sunday School class at the Mount Vernon Place Methodist Church. Now he attends the Metropolitan Memorial Methodist Church. Something of an authority on the Bible, he likes to sing hymns and is reputed to know the words of every one in the book. Mahon neither smokes nor drinks, and does not serve liquor when friends—mostly Texans—come in for bridge at the Mahon's apartment here. "Herman"—as the Congressman is known to his family—married his college sweetheart in 1923. They have one daughter and a grandson.

Mahon works hard. In order to handle his mail, often gets up at 4:30 a. m. and dictates for a couple of hours into a microphone at home. He and Mrs.

Mahon have never "gone Washington," as they say in Texas, and when they go out it usually is to a Texas State Society party. Mahon is usually found around the hors d'oeuvre table rather than the bar. He's inordinately fond of such tidbits.

A STRONG BELIEVER in adequate national defense, Mahon has equally firm feelings on the need for maintaining a strong economy. He has been a leader in the fight for a more powerful American Air Force. On domestic issues, he generally reflects the "Texas attitude," but is a bit more liberal than his district.

The West Texas Congressman is noted for his caution and sometimes gets teased about it. When the Texas Legislature passed a resolution calling for an opinion opposing State control of tidelands oil, Mahon almost alone among the Texas delegation refused comment. He told reporters he wanted to wait and see the text of the Legislature's resolution. It is recorded that he smiled when he said this.

2 Fall Fashion Clinics Set For Dallas Market Week

A fashion clinic covering all phases of promoting and selling fall fashion merchandise will replace the usual breakfast show presented by the American Fashion Association during the May Market in Dallas, according to William Goldstein, president, American Fashions.

Slated as the major event of market week, May 25-30, the clinic will be held on two consecutive days to accommodate the large number of merchants attending the market.

The first clinic is scheduled Tuesday morning, May 27, in the Grand Ballroom of the Adolphus Hotel, Dallas, with the attendance limited to 750 buyers. The following morning, May 28, the entire show will be repeated for 750 more buyers.

Presented by the Dallas Fashion Arts, Inc., a group of women professionally engaged in fashion, in cooperation with American Fashions, the clinic will be based on seven promotional themes, listed as "Seven Keys to Fashion." Six or eight costumes assembled from actual lines represented in the Fall market will illustrate each of the seven themes. Price ranges, functional uses and the expected reaction to the fashions will be discussed. Each group will be arranged in a window by a window display expert, who will suggest copy for window cards and ideas for props.

Contrast adds to the smartness of the fall fashion picture to be presented by the American Fashion Association at breakfast clinics during the Fall Market, May 25-30 in Dallas. Here checks, in black and white underscored with red, are combined with solid black in a suit with companion coat. From a group of fine imported fabrics to be shown by the Association for fall and winter wear.

Promotional and advertising ideas will be discussed in connection with each grouping.

The entire clinic will be designed to help the small store owner sell and promote fall merchandise.

Officers' Training Day Program Given By W. S. C. S.

The Woman's Society of Christian Service of the First Methodist Church met in the Fellowship Hall Monday, May 19, at 10:30 for officers' training day and a covered dish luncheon.

The meeting began with the song, "Bringing in the Sheaves," and Mrs. Roy Bayless presented an interesting devotional on the subject.

Mrs. H. W. Hanks led in prayer and beginning with the new president, each officer listed some of the duties of her office. The dismissal and invocation was given by Mrs. O. N. Jennings.

Afternoon session was opened with the song, "My Faith Looks up to Thee" followed by a prayer by Mrs. I. W. Haney. Reports on other phases of work were then given including the treasurer's report of \$489, W. S. C. S. quota to the district paid in full.

Life membership pins were given to Mrs. H. C. Holt and Mrs. F. B. Pierson and arrangements were made for a going away gift to be presented to Mr. and Mrs. George Powell.

The meeting was dismissed by prayer by Mrs. H. C. Holt.

Those enjoying the program were Mesdames A. C. Gaede, I. W. Haney, H. W. Hanks, H. M. Shofner, H. O. Barbour, A. A. Young, Tom Smallwood, H. Jay Weyer, R. O. Gregory, I. F. Willman, H. C. Holt, O. N. Jennings, J. E. Day, S. D. Anderson, Roy Bayless, Beulah Charles, C. M. West, Jack Stallings, Troy Wilkerson, David Anderson, Archie Pool, Arnold Morris, Rev. H. W. Hanks, William Pierson of Lubbock and Hal Anderson.

WILTERRINGS HAVE VISITORS

Week end visitors in the home of Mr. and Mrs. Mervin Wilterding were their daughter, Luella from Abilene and Tom Hayes of Lubbock.

Earth, Mr. and Mrs. Floyd Dutton and family of Friona, Mr. and Mrs. A. L. Wright and Mr. and Mrs. Claude Pope and daughter of Sudan, Mr. and Mrs. E. Winegeart of Texico, N. M., Mr. and Mrs. A. L. Dutton, Mr. and Mrs. Olen Dutton and boys and Mr. and Mrs. Criss Holt all of Muleshoe.

BAGGED A WINNER

From feed bin to milady's wardrobe of Sunday bests—that's an easy jump these days for cotton feed bags! Here three 100 lb. bags spend a gay second life as a fashion-right costume for either sports or dressy occasions. The print's a handsome one—a leaf design in grey, maroon, and white. This frock is included in the National Cotton Council's new cotton bag wardrobes available to women's clubs for unusual style shows.

VISITED IN CHILDRESS

Mrs. Connie Dale Gupton was in Childress last week visiting her parents, Mr. and Mrs. W. T. Goodson. Returning with her over the week end was Mrs. Andy Rogers who met her husband here Tuesday. Mrs. Gupton is a cousin to Andy Rogers.

Local Scouts Attend District Court Of Honor

Thursday, May 15, marked an important event for the local Boy Scouts. Twenty-eight boys from the Muleshoe units attended the District Court of Honor held in Littlefield on this date. It was the most impressive court of Honor to have been held in the district in a great while.

The following boys of Troop 20, Muleshoe were invested as Tenderfoots: Jerry Berry, Mack Hale, Crispin Green, Mike Morgan, Therman Elder, Wayne Bob Jennings, Jimmy Laux of Cherry, Dudley Bristow, Wink Thompson, Marlin Mills, and Bob Jennings. Jimmy Laux of Troop 20 received his Second Class badge. Other boys of Troop 20 attending this event were Jim Pat Patterson and Dick Johnson.

Six boys of Post 20, Muleshoe, received Second class badges. They were Civenith Cox, Jimmy Wilkerson, Stanley Fox, Ingle Gatewood, Roger Pool, and Bob Bryant. Gaylord Tate, Hulon Freeman, and Allen Berry received their First Class Badges. Ralph Ware received his Star Scout Badge at this event.

Many Merit badges were awarded to members of Post 20. Gaylord Tate received merit badges or Airplane Structure, Farm Layout, First Aid, and reading. Allen Berry received badges in home repairs, life saving, in swimming and first aid. Ralph Ware received awards in basket weaving and reading.

Johnnie Baker was given his merit badges in bee production, pork production, poultry production, carpentry, animal industry, and first aid. The following boys of Post 20 received merit badges in first aid: Hulon Freeman, Jimmy Wilkerson, Bo Bryant, Stanley Fox, Roger Pool, Gwenith Cox, Robert Greer, Ingle Gatewood, and Charles (Butch) Lenau. Gene Paul Jarman of Post 20 also attended the affair.

The following adult Scouters and friends of our Troop and Post were present to witness the beautiful ceremony:

Lloyd White Is Home From Korea

A dinner was given Sunday, May 18, honoring Cpl. Lloyd V. White in the home of his parents, Mr. and Mrs. Coy White of Sudan. Lloyd entered the Armed Forces April 4, 1951. He received his training in Hawaii and has been on combat duty in Korea since Sept. 1, 1951. Lloyd is now at home on a 30 day leave.

Those present for the occasion were his brothers, Arvis Jo and Johnny Mac, his sisters, Pearl-ean, Corene, and Melba Lee, his grandparents, Mr. and Mrs. John Stine, and Orval Stine of Amherst. Also present were Mr. and Mrs. Toy Stine and family and Dortha Stine of Dimmitt, Mr. and Mrs. C. N. Stine, Mr. and Mrs. H. D. Dutton, Mr. and Mrs. Melvin Dutton and girls, George B. Williams and family, Mr. and Mrs. Clarence A. Munce and girls all of Amherst, Mr. and Mrs. Truman Stine and girls of

Peeler, "Boots" Bryant, Mr. and Mrs. T. W. Berry, Mrs. J. E. Perkins, Troy Wilkerson, O. E. Bowman, Mrs. Ruby Baker, Patsy Baker, Ernest Kerr, and Vernon Baker.

Troop 20 won the plaque for having the most in attendance from the most miles away. Post 20 won the trophy for greatest number of points in Scouting.

Four boys of the Littlefield units were awarded the Eagle Scout Badge. They were each named Bob.

 **ANNOUNCING**

MORRISON MOTOR CO.
NOW YOUR
Chrysler-Plymouth
DEALER

It is a genuine pleasure to announce that we have purchased the Covin Motor Company, Chrysler-Plymouth dealership in Muleshoe.

It will be a great deal of pleasure to serve the people of the Muleshoe trade territory.

Fertilizer... "Pays Off" AND HERE'S WHY!

HERE'S WHAT YOUR CROPS REMOVE FROM THE SOIL EACH YEAR

CROP	Acre Yield	Nitrogen	Phosphoric Acid	Potash	Calcium Oxide	Sulphur	Magnesia
WHEAT	25 bus.	28 lbs.	13 lbs.	8 lbs.	1 lb.	2 lbs.	3 lbs.
ALFALFA	4 tons	109 lbs.	43 lbs.	178 lbs.	207 lbs.	19 lbs.	49 lbs.
POTATOES	300 bus.	63 lbs.	27 lbs.	90 lbs.	5 lbs.	7 lbs.	12 lbs.
COTTON	1500 lbs.	40 lbs.	16 lbs.	46 lbs.	5 lbs.	5 lbs.	9 lbs.

Here's the Effect of the Three Major Elements On Plant Growth:

PHOSPHOROUS

1. Encourages root growth, especially the lateral and fibrous rootlets.
2. Hastens maturity of the crop: flowering and fruiting depend on it.
3. Improves quality of crops.
4. Increases the ratio of grain to straw as well as total yield of grain.
5. Increases disease resistance.
6. It is essential to seed production.
7. Aids in formation of carbohydrates.
8. Aids assimilation of fats.

NITROGEN

1. Encourages vegetable growth.
2. Causes a deep green leaf color by increasing chlorophyll.
2. Increases plumpness and protein of grain.
4. Produces succulence in crops such as grass, lettuce, radishes, etc.
5. In excessive quantity:
 - a. Produces a delayed maturity.
 - b. Increases tendency to lodge.
 - c. Increases susceptibility to diseases.
 - d. Decreases resistance to drought.
 - e. Causes plant to fail to set fruit.
 - f. Causes sappy growth and promotes winter killing.
 - g. Causes fruit to be watery and of poor quality.
6. A deficiency of available nitrogen results in stunted plants with restricted root systems. The leaves turn yellow and drop off some plants. Yields and quality are reduced.

POTASSIUM

1. Improves plant vigor.
2. Encourages resistance to disease.
3. Encourages root development.
4. Delays maturity, thus balancing the effect of phosphorous.
5. Gives plump, heavy kernels in grain.
6. Encourages tuber development.
7. Is needed in the development of chlorophyll.
8. Offsets bad effects of excessive nitrogen and phosphorous.
9. Increases drought resistance.
10. Increases sugars and starches.

HAVE NEW SON
Mr. and Mrs. Weldon McCarty, proud parents of a new boy, Gary Lynn, Friday morning of College Station became the May 16.

Blackwell-Pruitt Vows Are Read

Miss Louanna Blackwell, daughter of Mrs. Oleta Lee, became the bride of Mr. Jimmie Pruitt, son of Mr. and Mrs. Charlie Pruitt in a double ring ceremony performed in the Main St. Baptist Church Sunday, May 18, at 2 p. m. with Rev. M. E. Robinson officiating.

Vows were exchanged beneath an arch of fern and pink and white carnations flanked by stands of picardy gladioli.

Traditional wedding music was played by Betty Shanks and Carolyn Atchison sang "I Love You Truly."

Given in marriage by her uncle, Duane Curtiss, the bride chose a street length dress of yellow nylon and carried a bouquet of white carnations with mistle and satin streamers on a white Bible.

Her only attendant, Doris Kemp of Portales, wore a dress of orchid lined and a corsage of pink carnations.

Jasper Pruitt was his brother's best man. Ushers were Leldon Blackwell, brother of the bride, and Alva D. Gilliland.

Mrs. Lee, chose for her daughter's wedding, a winter white suit and a corsage of pink carnations. The groom's mother wore a dress of navy and pink with a pink carnation corsage.

Immediately following the ceremony, a reception was given in the home of Mr. and Mrs. C. M. Evans, grandparents of the bride. Mrs. Talmage McKillip registered the guests. Receiving the guests was Mrs. Leona Mason.

Presiding at the punch bowl service was Lona Mae Mason and Nona Faye served the wedding cake.

For a short wedding trip to Palo Duro Canyon and Amarillo, the bride wore a navy dress with white accessories with a corsage of white carnations. Mr. and Mrs. Pruitt are now at home in Mule-

Mrs. Jordan And Mrs. King Are Club Hostesses

The Muleshoe Garden Club met in regular meeting at 8:30 a. m. May 14 at the Legion Hall.

After a business meeting, Mrs. Woodley gave an interesting talk on mulching as a means to conserve moisture and to keep a hard crust from forming on top of the soil. She also gave a list of plants, trees, and shrubs that do well in this alkaline soil that is prevalent in Muleshoe.

The year books for 1951-1952 won third place in the district meeting at Lubbock.

All members brought plants to exchange for plant exchange day. The club is also selling subscription to the "Hollands" magazine.

Coffee and cookies were served by Mrs. Robert King and Mrs. Roy Jordan to members. Mesdames Ross Goodwin, George Stotts, E. O. Baker, W. E. English, Jack Epps, Jack Lenderson, L. S. Barron, B. H. Morgan, H. S. Sanders, Sr., Pat Bulloch, Lee Pool, H. S. Sanders, Jr., John W. West, Beryl Wingo, and Noel Woodley. The next meeting will be May 28 at 8:30 a. m.

UPTONS HAVE VISITORS
Sunday guests in the home of Mr. and Mrs. Onard Upon were Mr. and Mrs. C. E. Luna of Portales, N. M. Also visiting them was Mr. and Mrs. D. D. Langford of Lockney who were here Tuesday night and attended the commencement exercises of the high school.

shoe where he is employed with the Bailey County Electric Cooperative Association.

Out of town guests were Mrs. E. L. Smith of Clovis, N. M., aunt of the groom, Mr. and Mrs. Talmage McKillip, Leldon Blackwell and Paul Allen all of Amarillo, and Mr. and Mrs. Duane Curtiss of Farwell.

THE MULESHOE JOURNAL, Thursday, May 22, 1952

WTCC Meeting Here Tonight

A regional meeting of the West Texas Chamber of Commerce is to be held here tonight in Fellowship Hall. Dinner will be served by the Methodist ladies. Among other notables here for the meeting will be WTCC President Frank Kelley of Colorado City; district 2 vice-president Homer Grant of Lubbock; director at large W. O. Fortenberry of New Deal; and Fred H. Husbands, executive vice-president and general manager.

Homer Sanders, Sr., WTCC director here, will preside at the meeting.

Miss Lowery, Mr. Carter Are Wed In Clovis Ceremony

Miss Catherine Louise Lowery, daughter of Mr. and Mrs. Lee Lowery of Muleshoe, became the bride of Mr. Gerald Carter, formerly of Wisconsin, in a beautiful double ring ceremony solemnized in the home of Mrs. George Anderson of Clovis, N. M., on May 17. Rev. Maddox, pastor of the First Baptist Church of Clovis, officiated.

The bride chose for her wedding ensemble a winter white dress with black accessories. Her corsage was of red roses.

Close friends and relatives attended. After a brief visit with the bride's parents, Mr. and Mrs. Carter will be at home at Midland, Texas, where both are employed.

Mrs. Awtrey Hosts Philathea Circle

The Philathea Circle of the First Methodist Church met in the home of Mrs. Fern Awtrey Thursday night, May 15. The meeting was opened by the congregational reciting of the creed. Mrs. J. K. Adams and Mrs. Mack Ragsdale then brought a

Sunshine Club Met In Nash Home

The Sunshine Club met in the home of Mrs. Herbert Nasm with twelve members, two new members, and one visitor present.

The vice-president, Mrs. Dave Coulter, presided over the business session. The rest of the evening was spent playing games and visiting.

Refreshments were served to members, Mesdames C. H. Odom, L. D. Tipton, W. M. Stass, Tiny Lewis, Dave Coulter, J. W. Williams, N. W. Lee, M. M. Simmons, Florence Simmons, George Chambliss, new members, Mrs. T. Allen, and Margie Copley, and the visitor, Mrs. R. C. Cline.

The next meeting will be in the home of Mrs. C. H. Odom June 5.

AT HOME ON LEAVE

Pfc. Billy Whalin, son of Mr. and Mrs. C. W. Whalin of Muleshoe, was home on leave for Mother's Day through May 16. He has returned to San Diego from where he will be sent to Japan for duty aboard the Bon Homme Richard.

He would like letters from all his friends in Muleshoe. His address is Pfc. BUHY J. Whalin 1192979, Marine Detachment, U. S. S. Bon Homme Richard C. V. 31, c/o F. P. O. San Francisco, Calif.

very interesting program.

Plans were made to make curtains for the Sunday School rooms and the nursery. Mrs. Ida Shofner was appointed chairman of the committee for the curtains. The club is to meet on Wednesday, May 29 at 9. All members are to bring a covered dish and a sewing machine.

Refreshments were served to Waneen Ragsdale, Bobbie Porter, J. K. Adams, Doris Johnson, Thesia Edwards, Jean Allison, Jerie Farrell, Joan Barbour, Joy Whitt, Kleta Nell Bynum, and a new member, Bessie Elder.

The next regular meeting will be held in the home of Doris Johnson on June 5.

Bride-Elect Is Breakfast Honoree

Sunday morning, May 11, at 8 a. m., the Claude Riley home was the scene of a breakfast honoring Donna Kimbrough, bride-elect of Ed Nickels. Arrangements of yellow daffodils made an attractive setting for the occasion.

Hostess was Mrs. Claude Riley with Mrs. Clinton Bristow as co-hostess.

Guests were Billie Faye Graves, Jerie Nell White, Betty Gaede, Wanda Kimbrough, Mesdames Bill Gaede, Charles King, T. L. Gilley, Finis Kimbrough, mother of the bride-elect, Guy Nickels, mother of the groom-to-be, the honoree and hostesses.

Mrs. Stotts Hosts Progress HD Club

The Progress Home Demonstration Club met Tuesday, May 20, in the home of Mrs. George Stotts.

Mrs. Edward Little presided over the business session. Roll call was answered with "The Birthday Celebration I Remember Most".

Mrs. Ada Murrah and Mrs. Fern Davis gave council report. Plans for helping sponsor a bazaar to help raise money for council were discussed.

The Program was on "Glorified Painting". Mrs. Ada Murrah gave a demonstration after which several tried their hand at painting.

Delicious refreshments were served to one visitor, Mrs. C. R. Rucker of Clovis, and Members, Manuel Self, J. W. Roberts, Harold Mardis, Albert Davis, G. T. Maltby, Gordon Murrah, Davis Gulley, Odell Logan, Edward Little, Alfred Patterson, and the hostess, Mrs. George Stotts.

The next meeting will be Tuesday, June 3, in the home of Mrs. Davis Gulley. Mrs. George Stotts will present the program on "Learn Shrubs and Trees". Roll call will be answered with "I Have Been Reading . . .". The first Pollyanna gift will also be exchanged at this meeting.

They are the children of Mr. and Mrs. Carl Stockton and they have been discharged. CONGRATULATIONS: To Mr. and Mrs. Wayne Vanlandingham on the birth of a son Eddy Wayne May 15, 1952. Mr. and Mrs. M. L. Howard on the birth of a daughter, Sally Sue on May 17, 1952.

Dorcas Class Has Regular Social

Members of the Dorcas Class of the First Baptist Church met in the home of Mrs. T. R. White Wednesday afternoon, May 14, at 3 p. m. for their regular monthly meeting and social hour. The president, Mrs. Vernon Jamison, called the meeting to order and the meeting was begun with a prayer by Mrs. A. P. Lambert. Mrs. Lee Pool gave a very interesting devotional, "The Growing Christian". After the business meeting the meeting was adjourned and a social hour followed. Ice cream and cookies were then served by the hostess to Mesdames Earl Humphrey, Lee Pool, Vernon Jamison, A. P. Lambert, Ed Hicks, W. E. English, Margarette Marshall, two visitors, Mrs. J. J. DeShazo and Alpha Waggoner.

Bailey County H. D. Council Has Meeting

The Bailey County Home Demonstration Council met Monday afternoon, May 19, in the county club room with delegates from Progress, Muleshoe and West Camp present. Interesting reports on the District 2 Texas Home Demonstration Association which was held at Dimmit on May 7 were given by Mesdames Ada Murrah, S. C. Caldwell, Fern Davis, J. E. Day, and A. W. Copley. Mrs. Dian Reed, county home demonstration agent, gave the date, July 21-26, for the creative artsworkshop which will be held in Lubbock. Mrs. Reed stated she will give training meeting on "Learning Plants and Shrubs." She also outlined 3 years of suggested programs on "Clothing", "Foods",

JayCees Plan Banquet-Dance

Plans were completed last Monday night for the annual JayCee's Installation Banquet. More than 200 members and guests are expected from ten South Plains cities. The banquet and dance will be held at the American Legion hall on Friday May 30, at 8:00 P. M.

Principal speaker for the occasion will be Ivan L. Little, professor of Sociology and Philosophy at Texas Tech.

Installation of new officers will be under the direction of Rocky Ford, of Midland, Texas, National Director of the JayCees.

The La Vista orchestra of Clovis will provide the music for the dance.

Covins To Move To Oklahoma

Mr. and Mrs. Herb Covin are planning on moving back to Oklahoma, having recently sold their business, the Covin Motor Co., to the Morrison Motor Co.

They said they likely will settle again at Hollis, where they formerly lived for many years. However, they moved here from Hobart.

The Covins came here and established the motor company on Dec. 9, 1947. The motor firm was dealer in Muleshoe territory for the Chrysler and Plymouth line of automobiles.

Mrs. Covin has never become acclimated to the higher altitude here and that is their reason for selling their business and moving back to Oklahoma where the altitude is only about 800 ft.

The Covins have made many friends during their residence here, and will be missed from the community. Muleshoe also claims Bill Covin, their son, who is a member of the great football team at Oklahoma University.

Mr. Covin is a member on the Muleshoe Rotary Club and is a director of the Muleshoe Chamber of Commerce. He has been active in Masonic lodge work also.

Eight Lucky Boys To Draw Poland China Registered Gilts Saturday

HARRIS QUALIFIES FOR INSURANCE ROUND TABLE

Marion F. Harris, Muleshoe representative for Southwestern Life Insurance Co., has qualified to become a member of the Round Table, honor group sponsored by the Texas Association of Life Underwriters. Awards will be presented at the annual convention of the Leaders Round Table, which will be held in conjunction with the Texas Association convention in San Antonio June 26 to 28. Harris was one of 19 South Plains insurance men to qualify for the Round Table.

LINDLEY BECKWORTH WILL SPEAK IN AREA

Lindley Beckworth, candidate for the United States Senate, will speak in 13 area towns in the next 10 days.

Monday, May 26, he is due in Farwell at 10:30 a. m.; Dimmitt, 11 a. m.; Littlefield, 2 p. m.; Muleshoe, 3:30 p. m.; Morton 4:30 p. m.; Leveland, 5:30 p. m.; and at Brownfield at 7:30 p. m.

Beckworth's last speech in this section of the state during this tour will be at Seminole at 10:30 a. m. May 27.

SURRATTS HAVE VISITORS

Mr. and Mrs. Charlie Berry and Mr. and Mrs. Harold Berry of Floyd visited in the Woodrow Surratt home Sunday. Also visiting the Surratts were Mr. and Mrs. Guy Surratt of Ralls, Texas and Mr. and Mrs. Eual Hall of Needmore.

Eight lucky boys will come to the courthouse square at 9:30 a. m. Saturday morning to draw for the eight Registered Poland China gilts they have won through their efforts in the essay contest supervised by J. K. Adams, county agent for Bailey County.

Necessary cash for carrying on the program is furnished by a foundation originally set up by a leading mail order company.

The program has had seven very successful years in Bailey county and many valuable prizes are won each year by the 4-H club boys that succeed in being selected by the committee to receive gilts.

Winners this year include Howard Pollard of Star Route Goodland, Texas; Junior Ausin of Enochs, Texas; Hollis Phillips of Three Way School, Goodland, Texas; James Seagraves from Cyote Lake vicinity; Dwayne Wimberley of Progress; John Ross Langham of West Camp; Joe Roark of West Camp and Clifton Allen of Progress.

The public is cordially invited to the drawing of gilts which is set for 10:00 a. m. the first thirty minutes being set aside for discussion of rations, future shows and feeding contests.

July Draft Call Is For 2580 Men

AUSTIN, May 15. — State Selective Service headquarters is scheduled to mail pre-induction and induction draft calls Friday, calling for the examination of 2,580 men and the induction of 1,251 men in July.

This bears out a prediction of Brigadier General Paul L. Wakefield, the state Selective Service director, earlier this spring that draft calls would begin to rise in the summer and behavior next fall.

The June call, announced about two weeks ago, was for only 384 men. The number of men receiving the pre-induction physical and mental examination in June will be 2,160.

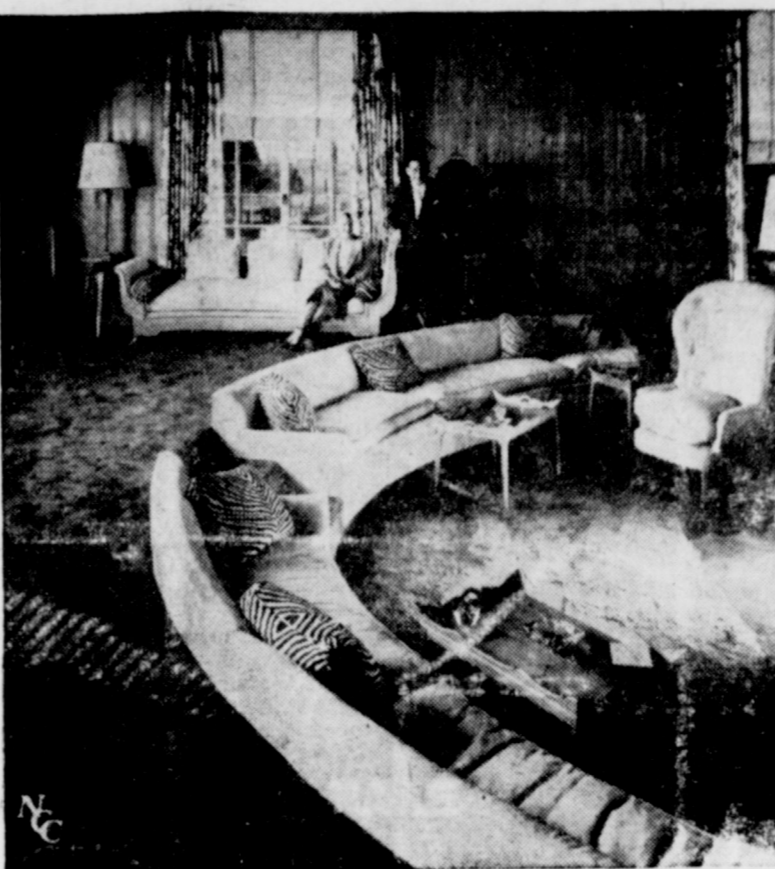

The July induction call for 1,251 men in July is the Texas share of a national quota of 33,000, the state director of Selective Service said. The induction call in July 1951 was only 367.

The July call will be filled with men 20 years old and older. General Wakefield said. The remainder of the quota will have to come from the 20-year-old group.

The local boards will not be able to induct any man below the age of 20 with the exception of delinquents and volunteers.

As of the end of April, Texas had inducted 38,658 men since the beginning of the conflict in Korea. More than 91,000 men were given pre-induction examinations during the same period.

LOMBARDOS SET DECOR WITH COTTON CARPETING

To carry out the exotic charm of the ultra-modern living room in their Freeport, L. I., home, the Guy Lombardos chose Towley cotton broadloom, woven by Artloom in genuine carpet looms in a luxurious wall-to-wall sweep of carpeting. The maestro and his wife are now admiring the beautiful results. Many types of cotton rugs are now available in wall-to-wall sizes, the National Cotton Council reports.

PETER VAN DER VEEN IS PARTY HONOREE

The G. T. Maltby home was a scene of a surprise birthday party honoring Peter van der Veen of Holland Thursday evening at 8:30 on his 25th birthday.

A huge angel food cake was served to the guests, M. and Mrs. Cecil Mardis, Mr. and Mrs. Charles King, Margaret Davis, Amrina Aylesworth, Frances Byford, Jon Ann Thompson, Howard Roebuck, Bill Aylesworth and Herbert James.

VISITED IN ANTON

Mr. and Mrs. Buford Hunt visited in the home of Mr. and Mrs. Raymond Scott of Anton Sunday.

BUDDY BLACKMAN AT STATE JAYCEE MEET

Representing the Muleshoe JayCee's, Buddie Blackman attended the State Executive Board Meeting in Dallas last week. The purpose of the meeting was for completing plans for the National JayCee convention which

will be held in Dallas on June 22 - 28.

COOPER A VISITOR

O. V. Cooper, a former resident of Bailey County for many years, now of Rising Star, Texas, was visiting here with old friends last week.

HERE FROM HAGERMAN

Mr. and Mrs. E. C. Smith and children, of Hagerman, N. M., visited here Sunday in the home of her sister, Mrs. Julian Lenau and family.

We Extend Our Sincerest Thanks

To the people of Muleshoe territory for their friendship and patronage in the four and one half years we have operated the Covin Motor Co., Chrysler & Plymouth dealers.

And we commend to you our successors, the Morrison Motor Co., and its managers, D. L. Morrison and Carroll Goss, and hope you will continue to look to them for the finest in motor vehicles and the very best in service.

With best wishes to everyone

Mr. and Mrs. Herb Covin

* LIQUID PETROLEUM

ECONOMY WITH THE WORK OUTPUT OF GASOLINE MASSEY-HARRIS

3-4 plow 44 L.P.*

Liquid Petroleum burns cleaner, reduces carbon deposits and practically eliminates crankcase dilution.

The Massey-Harris 44 L.P. is custom designed and factory built for efficient operation on L.P. fuel. And because it is built as a complete L.P. unit, the 44 L.P. gives you the same high-power rating as the 44 Gas—the same belt and drawbar efficiency.

In addition you get the economy of operating on low-cost fuel, and the low engine upkeep that results from the use of clean-burning, high-octane L.P.

Ask for a demonstration of the 44 L.P. . . . let us show you the tractor that gives you lower operating costs and maximum power in its class.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 180 HP V-8 engine, on 125 1/4 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, seen on non-pre-

mium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering*, you steer with one-fifth the usual effort . . . drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure . . . and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

Texans Must Figure How To Pay Their Teachers Adequate Salaries

Austin. — Texans must spend more of their state tax dollars on public schools or see their children handicapped by receiving an inferior education.

That blunt warning was issued here today by Miss Ruth Hillyer, president of the Texas State Teachers Association, who urged Texans to realize the seriousness of the situation.

Heavy annual increased enrollment in elementary and high schools, which is expected to continue at least through 1959-60, plus many antiquated educational plants now in use are the main reasons for the need of more funds.

The increased attendance makes necessary a minimum of 1,000 more teachers each year, and the same number of additional classrooms, Miss Hillyer said.

That, plus the need to make it more attractive for teachers to keep them from going to better paying positions, makes it imperative that the next legisla-

ture provide additional funds, Miss Hillyer declared.

Local school districts cannot raise even half of the millions of dollars needed, she said.

The increase in the number of scholastic-age children in Texas is increasing by 50,000 annually and it is expected to continue to do so for several years. Of that number, at least 75 per cent will enter the public schools through each year until 1959-60.

"That means that even with teachers having classes of 30 pupils (the ideal proportion is 24 to one teacher), that an average of 1,000 additional teachers, and, of course, that many new classrooms, must be added each year," Miss Hillyer pointed out.

"Too, more adequate pay for teachers to keep them from leaving the profession and to attract new ones is a necessity.

"Texas teachers are 6 per cent below the average of all employed persons in the United States and there is already a heavy exodus of instructors.

"Retirement, death and the lure of more pay in other professions takes 3,500 teachers annually out of our schools. In addition, we annually need those 1,000 additional teachers."

Texas must soon build more than half billion dollars worth of classrooms to keep pace with the increasing enrollment, Miss Hillyer stated.

"Unless we do so, huge numbers of our children will be attending school half time, in double shifts," Miss Hillyer said. "More than 17,500 are doing so this year and that number will triple next year."

Miss Hillyer explains the need for more of the state tax dollar for schools by quoting a recent survey made by the Teachers Association. It disclosed that even if local districts increased assessed valuations and bonded themselves to the limit that they could raise only \$259,383,889. That is less than half enough to provide adequate classrooms, let alone aid in increasing teacher remuneration, Miss Hillyer said.

Miss Hillyer also pointed out that schools now cost less than 2 cents more of every tax dollar than they did in 1939-40, the last year before World War II dissipated usual conditions.

Out of each tax dollar, 32.15 cents goes for public education now, whereas 30.31 cents was spent for this purpose in 1939-40.

"When we consider the enormous increase in attendance and the additional teachers required for this increase, the cost of public school education has kept pace with other governmental costs," Miss Hillyer asserted.

"Texans realize the value of good education to the individual and to the state. I believe if the people are acquainted with the seriousness of the problem, they will insist that the proper support is provided."

Lazbuddie News

Willie Frank Wagon was painfully injured in a tractor accident last Monday. Willie Frank's clothing became caught in the drive shaft of his tractor causing his leg to be lacerated. He was treated in the Muleshoe Hospital several days.

The Lazbuddie Seniors are to leave on a Senior trip to Albuquerque, Santa Fe, Raton Pass, Eagle Nest, Conchas Dam and other points of interest in New Mexico immediately after their graduation exercises on May 24.

Mr. and Mrs. James Kyle and baby son arrived from Tacoma, Wash., last week to visit Mr. and Mrs. Rhiny Steinbock. They left their son with Mr. and Mrs. Steinbock while they enjoy a ten day trip to California.

Larry and Junior Vaughn were in the Muleshoe Hospital for medical care for tonsillitis Tuesday. Larry and Junior are sons of Mr. and Mrs. T. D. Vaughn.

MRS WEST HAS MOTHER'S DAY GUESTS

Mrs. C. C. West was honored on Mother's Day with a Mother's Day dinner which 5 daughters, one son, and many grand children and great grandchildren attended.

Those attending the event were Mr. and Mrs. Jim Elridge of Lubbock, Mr. and Mrs. Raymond Eldridge and children, Johnnie Raye, Bub, and Cherry of McAdoo, Texas, Mrs. Edwin Cook, Peggy Sue Cook, Mr. and Mrs. H. H. Whitehead and Alan, and Mrs. Corrine Whitehead and children, Dellene and Tanner, all of Lovington, N. M., Mrs. Beauford and son, Stephen, of Carlsbad, N. M., Mr. and Mrs. Mack Savage, Mr. and Mrs. D. N. Coulter and children, Charlene, Jerry Don and Janie, Pearlene Volkman, and Mr. and Mrs. Barrie Smith and grandsons of Muleshoe, Mrs. G. T. Crossley and sons, Pat and Robert, of Hada Call Corner, N. M., Ray Dobbs, Miss Eula Fay Dobbs, Mr. and Mrs. C. L. Dobbs and daughters, Mary Ella, Kathy, Lynda Ray and Wanda, all of Floyd, N. M., W. W. West of Amarillo, Miss Pearl West of Hereford, Bill Howell of Canyon, and the honoree.

Glenda Hall was painfully cut about her arms when she accidentally thrust it through the glass door at school Tuesday.

Mrs. Andrew Brown and Mrs. B. Brown have returned from San Antonio where they visited Andrew who is stationed at Lackland Air Force Base taking basic training.

Mr. and Mrs. O. R. Mahan and Mrs. Rhiny Steinbock were Sunday visitors of Mrs. Mae Mahan and daughter, Leota.

Mr. and Mrs. W. S. Menefee, Mrs. Juel Treider, and Mrs. R. G. Treider visited in Albuquerque, N. M., last week end.

Mrs. Virgil Teague went to California last week to attend the funeral of a brother-in-law.

Mrs. Leonard Smith returned home from Friona Hospital Tuesday.

A-2c Max Steinbock and Gene Parker of Sheppard Air Force visited here over the week end.

Mrs. J. W. Hunt and small daughter, Leota Mahan and Mrs. William Steinbock were Clovis shoppers Tuesday.

The Junior Class gave their play Tuesday night for a nice crowd. The play was scheduled for a week before but was held over because of the storm on that night.

The music by Mrs. Cordell Brown and Juanita Scott was especially enjoyable.

NEW WAY TO RAKE HAY

faster... better!

SIX-BAR OFFSET REEL MAKES A BIG DIFFERENCE

The Ferguson Side-Delivery Rake is designed specifically for tractor operation. It greatly reduces leaf-shattering... safeguards the quality and value of your hay!

This rake is truly unique. New six-bar offset reel handles hay gently. No pitching, kicking and tossing even at high speeds. Instead, your hay is lifted gently, up and over into light fluffy windrows with the precious leaves turned inward.

True "sideward" raking action reduces the distance from swath to windrow by 50 per cent. There is far less rolling and churning... no sudden jarring.

Tractor-mounted... power take-off driven... Finger Tip Controlled. And it's surprisingly low in price.

REGISTERED NURSE SAYS BIG 12 FORMULA IS BEST

When a registered nurse with years of experience in hospitals and private homes caring for sick people recommends a medicinal product one can be certain that the product has real merit. Mrs. Fern Collins, a registered nurse who resides in San Clemente, California and recently visited in Texas had this to say about BIG 12 Iron Tonic.

"I am a registered nurse, serving many years in hospitals and on private cases, and I have seen many instances where patients, suffering from stomach trouble, nervousness, sleeplessness, loss of appetite and a general run-down condition have been greatly benefited by taking a vitamin and mineral tonic such as BIG 12. In fact I should consider BIG 12 an absolute necessity where the patient's system is deficient in Vitamins B₁, B₂, Niacin, and Iron; this is especially true in cases of iron anemia of which there are many. I have studied the BIG 12 formula carefully and BIG 12 supplies by far more iron per daily dose than any similar product I have seen and I think I am familiar with all of them. BIG 12 also supplies in the daily dose as much of the new Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. I believe that BIG 12 Iron Tonic, supplying as it does, helpful amounts of Vitamin B₁, B₂, and Niacin in addition to Vitamin B₁₂ and with such a large iron content is undoubtedly the best tonic a person, young or old, can take to relieve conditions caused by these deficiencies. Also, because of its pleasant taste, BIG 12 is invaluable to mothers whose children are not thriving as they should, since children will readily take BIG 12 and this is important to mothers because other similar products usually taste atrociously and have to be diluted with water to enable an adult to take them, much less trying to get such a dose down a child. BIG 12 requires no dilution with water, in fact BIG 12 can be placed in milk without causing the milk to curdle as will be the case with other similar products."

If you or any one in your family, a grownup, or child, is suffering with stomach distress, listlessness, poor appetite, nervousness, nagging aches and pains and sleeplessness due to deficiencies of Vitamins B₁, B₂, Niacin and Iron you could not possibly do a greater favor than to purchase a bottle of BIG 12 Iron Tonic at your drug store and within a short time, often before the first bottle has been taken, you will note a decided change for the better, you'll note more energy, better appetite and a general improvement so why wait? BIG 12 is the product you have been looking for if you suffer from these deficiencies and it is as close to you as your nearest drug store.

ALWAYS BE CAREFUL DRIVING

White sidewalls optional at extra cost.

It gives this old familiar sign new meaning

WOULD you be interested in getting one gallon free with each tankful of gasoline you buy?

Then we can tell you this: It will certainly be worth your while to read this brief story of Buick's new Airpower carburetor.

Truth is—a skillful driver can just about double the bonus we mention, if he makes the most of what this year's ROADMASTER has to offer.

The reason you can get such a bonus traces to a pair of simple facts:

- (1) It's a mixture of gasoline and air that gives you power.
- (2) Buick engineers have come up with a four-barrel automatic carburetor that lets you use more gallons of air per gallon of fuel.

Most of the time, only two of these barrels are needed—and they feed such a thrifty mixture that you use less gasoline at 40 mph than you'd formerly use at 30.

But—when you want a quick burst of eager power—you can double the air supply as well as the gasoline feed—and come up with the highest horsepower that Buick's Fireball 8 Engine ever delivered.

Of course, any man who's buying a car as fine as a ROADMASTER wants a lot more than extra miles from a tankful of gas.

He wants the distinction of extra room, extra comfort, richer fabrics and all the other refinements that make a car truly fine.

He wants to ride with solid security, confident poise and lordly silence.

And, while he may not admit it, he yearns for a car that's full of fun.

All this, we promise you, and more will be yours when you take the responsive wheel of a ROADMASTER.

How about doing that—soon?

Equipment, accessories, trim and models are subject to change without notice.

BABSON DISCUSSES

Savings

Babson Park, Mass., May 16. The man in the street has done as much this year to stop inflation and stabilize our currency as all the government regulations put together. I wonder if the average American realizes how much he has really helped to curb inflation through restraining his urge to spend and by voluntary saving? He has done a job that ought to make the front pages of every paper in the country. I say this because only through a program of natural, voluntary savings can America keep strong.

POLITICIANS STEAL THE CREDIT

You can be sure that in this election year the politicians will be taking the credit for what you have done. They will tell you that inflation has been slowed to a standstill by their price and wage controls, their heavy tax program, and their tightening of consumer credit. No one

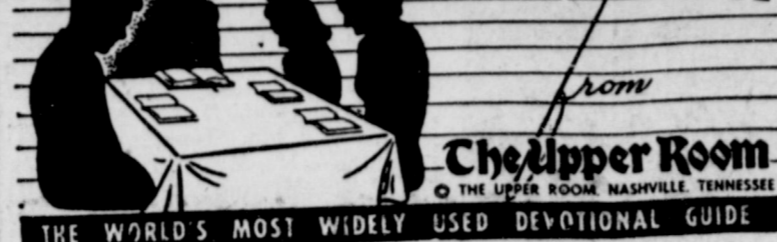

of us is going to be stupid enough to deny that an aspirin or a Seltzer may help a headache. But unless we are very stupid indeed, we realize the aspirin is only a sedative, not a cure. A look at the record since the close of the war shows the politician to be a good hawk of patent cure-alls but a mighty poor diagnostician.

Sometimes, after awakening from an overdose of drugs, the hang-over which follows is worse than the pain one first endured. As a result, the American people have lost confidence in the politician's patent medicines and have decided to try an old-fashioned remedy—THRIFT. This old-fashioned remedy is producing some phenomenal results. It has actually caused a halt in the inflation epidemic.

THE REAL STORY ABOUT SAVINGS

Through voluntary savings our people more than doubled their 1951 savings over 1950, putting

TODAY'S meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

INFLUENCE OF THE CHRISTIANS LIFE

Yet a little while, and the world seeth me no more; but ye see me: because I live, ye shall live also. At that day ye shall know that I am in my Father, and ye in me, and I in you. (John 14:19, 20.) Read Philipians 2:5-12.

As long as our spirits are housed in human bodies, it is impossible for us to know the full nobility, the overpowering dearness—of Christ.

Christ's dearness is most frequently and winningly sensed as He lives in some human creature and through him or her manifests Himself to us. How often the dearness of a loved one is in reality but the winning personality of Christ shining out to us through the darkness!

Christ depends upon us to show others what He is truly like. It is an awesome thought. But how better can the knowledge of Christ be gained in a world of men and women imprisoned within human bodies?

PRAYER

O God, we know that except through Thy designs, revealed by Christ, there can be no stability in the world, no lasting international peace, no human progress. Help us by our lives to interpret Christ aright to others so that humanity may learn to know Thee truly. Thus would we help Thee to build Thy great Kingdom. In the name of Jesus Christ, the great Lover of mankind. Amen.

THOUGHT FOR THE DAY

Does my life interpret Christ truly to others?
Francis B. Sayre, Diplomat, (N. Y.)

BUILDING NEW HOME

A new home for Mr. and Mrs. H. E. Schuster is being constructed in the west part of Muleshoe.

WEEK END VISITORS

Mr. and Mrs. Henry Williamson and son were guests over the week end of Mr. and Mrs. Howard Elliott.

better than \$22 billion into stock. At the same time, consumer debt held steady for 1951; only 34% of disposable income after taxes, and but 32% of savings. Yet, the same potential to spend was there.

More people are earning more money than in any previous post-war year; incomes are better for 25 million families. They could have gone on a spending spree, but they didn't. My guess is that they didn't because the average man has lost faith in the politician and his panaceas. He is wondering if he can keep afloat if prices go much higher. So he is beginning to put a little money aside for harder times. He is less and less inclined to mortgage his future for a TV set or a new car. People everywhere who have good wages ought to continue to save as much as they can while the going is good.

HOW IS THE MONEY BEING SAVED?

Bank accounts and savings bonds are still the most popular places to save money. This last year the nation's 529 mutual savings banks reported an all-time high in new savings accounts, with 3 million more accounts. Despite this exceptionally good year for the banks, there is a trend away from the banks, and a trend away from buying U. S. Savings Bonds. The number of families that have become interested in mutual investment trusts and other stocks has trebled in the last couple of years, while the number who have put their savings into real estate has increased about 80%.

I hope that small investors who are now buying stocks for the first time will not be disappointed. The high prices which most popular stocks are now selling are danger signals. The small saver, especially, should know that at only one point in history (1929-30) were stocks selling higher than they are today, and he should remember well what happened then!

IT'S TIME TO BE CAREFUL

I am not predicting a stock market crash. I am merely warning that the risk factor of buying stocks increases as the prices of stocks advance. This risk is further accentuated by unstable world conditions and the uncertainties of an election year. It, therefore, might be wise to take profits and put them into savings banks and in government bonds. This would enable you to set aside a nest egg now so that it will be ready for use when prices drop. Whatever you do, save. The great need for strengthening our national economy today — and for keeping it strong for years to come — is voluntarily enforced savings. Join the parade of savers, today — even though the political outlook appears better.

SAND HILLS PHILOSOPHER:

Wants Truce Negotiations Started Now For All Possible Future Wars

Editor's note: The Sand Hills Philosopher on his Johnson Grass farm has an involved suggestion this week, his letter reveals:

Dear editor: Dear edishrdulVtrao—lmsv gb After the truce negotiations in the Korean war passed the 11th long month and they are still arguin, I got to thinkin.

This is a new wrinkle in modern warfare, takin nearly a year to shake hands and call the thing off, and if it's goin to become a general practice, we ought to get set and I have a suggestion for Washington.

Take the next war. Of course, we may not have one but we can't afford to take a chance, and it seems to me we'd be ahead if we started truce negotiations long before the fight-in starts, so they can have some chance of com-in out even.

I don't know who our enemies are gonna be next time, but there's no use takin a chance on that either. We ought to start truce negotiations with all possible enemies now, just in case Arguin is cheaper than shootin.

As far as I know we ain't got anything for example against the African pygmies and I don't suppose they got anything against us, but there's no use takin a chance. Set up a truce team to negotiate an armistice just in case. How about Borneo? Iceland? Pitcairn? Russia? A re-armed Germany? Italy? I don't know how many possibilities there are, but there must be room for at least three or four dozen truce teams all negotiatin at the same time and they ought to be set arguin right now.

That way, let somebody drop a bomb, and before the troop transports can get loaded the truce teams ought to come staggerin out of the truce tent with everthing drawn up and agreed on.

I don't know who'd be the best people for this assignment, but how about ex-Congressmen as a starter? They've had years of patient wranglin over split hairs, and many of them could hold their own with pygmies I know. Or club women who are sticklers

for parliamentary rules. Or school teachers who have stood up for years to childish prattle without breakin more than the average.

At any rate, I believe we've got the talent for this job and Congress ought to establish a far-flung Department of Truce and get the wheels in motion. Otherwise there may come a time when the world is so mixed up in truce negotiations and wars at the same time won't anybody know in which direction to shoot. Fire in one direction in one war and hit somebody still

RED CROSS AND CITY COUNCIL TO HAVE JOINT MEETING

The Red Cross and the City Council have scheduled a joint meeting for Tuesday night, May 27, at 8. The meeting is to form a disaster committee. All the public is invited as this is a very important meeting.

MOVE IN NEW HOME

Mr. and Mrs. Howard Elliott and daughters, Quineil and Roberta, have moved into their new home, recently completed on the site of their old home, corner of West Fifth and Avenue D.

In a truce tent from the last war.

All the elements of good planning have gone into the arrangement of the S. B. Nelson farmstead, located 3 miles north of Wolfforth. The new 40'x140' Quonset, with 20'x100' shed attached, is ideally located in relation to the residence, garage, feeding pens and other farm buildings.

"OUR QUONSET IS THE FOCAL POINT ON OUR FARM"

—MR. S. B. NELSON, Wolfforth.

"Our farm work revolves around our Quonset," states Mr. S. B. Nelson whose farm is located north of Wolfforth. The 5,600 square feet in the barn and the 2,000 additional square feet in the shed amply take care of all of our working and storage space needs."

"We have an economical, sturdy, weather-tight building — a sound improvement to our farm valuation — in which we can shelter our farm machinery, cotton, seed, grain, feed and live stock and have a place to do our farm work in bad weather."

"I'll recommend the Quonset to any Plains farmer as the ideal farm building."

S. B. NELSON

Quonset's multiple-storage features can save money for you, too! Steel-Bilt Products Company is ready to erect Quonsets on your farm or ranch for many uses, such as grain storage, cattle feeding, dairy production, implement protection and labor housing.

Reasonable initial cost, fast delivery and erection, rodent and weather resistance, extended durability and versatility put Quonsets in a class by themselves. Get the facts, and you'll get a Quonset!

Cleaning Formula
 Need a simple formula for cleaning woodwork or white painted surfaces? Then take one part of kerosene oil and one part vinegar, rub over the solid area and wipe off with a dry cloth.
 If it's a varnished surface, wring a cloth of a mixture made of three tablespoons of linseed oil, one quart of hot water, and one tablespoon of turpentine. Wash the woodwork with it, and wipe dry. Polish with a soft cloth. You may need to protect the walls with a heavy cardboard or metal strip with a straight edge.

- 1 cup pineapple juice.
 - 2 ablespoons flour.
 - 1/2 cup butter.
 - 1-8 cup sugar.
 - 1-16 teaspoon salt.
 - 1 egg.
 - 2 tablespoons lemon juice.
 - 4 slices pineapple, cut fine.
 - 2 oranges.
 - 1-4 cup nuts.
 - 10 marshmallows.
 - 1 pint whipped cream.
- Make a paste of flour and pineapple juice, then gradually add remainder of juice. Add butter, sugar, and salt. Cook in top of double broiler for approximately 10 minutes. Then add the egg, slightly beaten. Continue to cook for a few minutes, stirring continually; then cool and add lemon juice. All pineapple, oranges, nuts marshmallows, and cherries; then fold in the whipped cream. Pour into freezing tray and allow to freeze. 6 to 8 servings.

TEXAS—ANOTHER DUST-BOWL

Dust storms are a part of man's age-old struggle with nature, and Texas' greatest scourge! Recurring "dusters" have changed once fertile areas of the world into desert. That was the fate of one of the most productive regions which we know through the Bible as the Garden of Eden.

Our trouble in Texas is not enough cover. Old-time cattlemen think the prairies should have been kept as pastures and never plowed. There may be

some truth in that. But millions of acres are already under cultivation in the so-called dust bowl, supporting millions of people. We can't go back. Our problem now is how to go on and cope with the combination of intensive prairie land tillage, lengthy droughts and strong winds which sets the stage for dust storms.

Of course, the way to conserve the moisture and prevent blowing in the "wide open spaces" of Texas is to adopt measures which will replace the cover nature originally

Bill Covin, left, Muleshoe student in the University of Oklahoma College of Engineering, and Sanford Borksky, Tulsa, Okla., look over athletic trophies at O. U., dating back to 1907. The Sooners teams nationally famous in football, wrestling, baseball and track, recently marked the close of a successful athletic year at the annual "O" club banquet. Covin, a junior specializing in electrical engineering, is the son of Mr. and Mrs. Herb Covin.

gave us. Contouring and terracing are two ways of making that running water walk. They keep the water from draining off the land as rapidly as it falls.

Still a better way to conserve moisture is to leave stubble and crop residue on top of the soil instead of plowing it under. This "stubble mulch" practice breaks the impact of the rainfall to let it soak in more slowly and thoroughly. It also provides protection for the soil from the sun and wind.

Stubble mulch has been used in Texas for only a few years and is not yet in general practice. Planting strips of foliage in a field, or "strip-cropping", is a good way to keep the field from being a bold race track for a high wind.

A lot of us have been forcing the soil to get more production out of maximum acreage. And, of course, all of us are for full production. On the other hand, we can't afford to abandon the practices we know will hold the soil and soil moisture.

So long as we don't have much water in Texas this year, the determining factor in our production for 1952, as well as in preventing a repetition of dust-bowl conditions, may very well be how well we take care of the little moisture we do have.

All Kinds of Paper, Office Supplies at The Journal.

Auto Not Perfect Bomb Protection

Austin, May 21—Don't count on the shelter of your automobile for more than limited protection from an atomic bomb attack, Paul R. Kulp, manager of the Texas Division of the American Automobile Association, today cautioned Texas motorists.

Kulp's advice was based on information received from the U. S. Civil Defense Administration which recently evaluated the possibilities of using autos as A-bomb shelter in a series of atomic tests on five cars at the Nevada proving grounds.

"Occupants of cars with metal tops," Kulp said, "will have good protection from light falling objects. However, automobiles give no significant protection from penetrating atomic radiation."

The AAA official pointed out that, while automobiles will not provide "safe" shelter, they are better than no shelter at all. He passed on the following instructions to Texas motorists from the Civil Defense authorities:

"If there is a warning and you should be in a congested section like a downtown area, the car should be quickly parked at the side of the street. Leave the vehicle and hurry to the nearest designated shelter, or take refuge in the tallest building nearby. If the car is a considerable distance from shelter, occupants should roll down the windows to minimize danger from flying glass and should crouch down as low as possible. In case the first sign of attack is the bomb flash, vehicles should be stopped and then occupants should crouch as low as possible, remaining there until debris has stopped falling. The vehicle also should be driven to the side of the road if possible in order not to interfere with civil defense traffic."

Water District Tax Explained

Many questions have been asked concerning the tax levied by the Hi-Plains Water Conservation District.

A recent bulletin of the district says:

Who Pays This Tax: All people within the District who have rendered taxes, both personal and real.

How Much Is This Tax: 3 cents per \$100 State and

County valuation, or, roughly, 30 cents per 160 acres of land, depending on your county valuation.

From where I sit... by Joe Marsh

Attention Ladies!

Cakes kneed up—each with a number. Judges looking, breaking off pieces, tasting. The winner? Number 4—a cake with a wonderful, glossy chocolate frosting.

This was at the Women's Club last night. Then Duke Thomas stepped up—his cake was Number 4! Seems his missus was laid up, so Duke took over—and won!

Here's Duke's prize-winning frosting recipe:

Melt 3 squares unsweetened chocolate in double boiler. Remove from heat, add 1 1/2 cups sifted confectioner's sugar and 2 1/2 tbs. hot water and blend. Add 1 egg yolk, one at a time, beating well after each. Add

4 tbs. butter, beating thoroughly after each. Fill and frost 8-inch, 2-layer cake.

From where I sit, we all have different abilities and tastes... and these differences are sometimes surprising. Duke bakes prize-winning cakes. My wife, for example, can beat most any man at checkers. Same when it comes to beverages—you may like coffee or tea while I prefer a refreshing glass of beer. But let's not have any "half-baked" ideas that people are all the same—or should be.

Joe Marsh

You're money ahead when you buy on these PLAIN HARD FACTS

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Stack up what you get for what you pay... and join the nation's largest group of truck users by choosing Chevrolet

By far the biggest number of truck users today are Chevrolet owners... and for good hard-headed reasons. Because what they get is this:

Low Cost—in purchase price and in upkeep. A truck that gets the job

done. A truck that's rugged, long lasting.

Take a look at the four facts below... and see why you, too, will be money ahead with a Chevrolet truck. Come in and see us about it!

FACT NO. 1

Save money on purchase price. Stack up a Chevrolet truck against any other truck with comparable specifications. You'll find the Chevrolet truck lists for less.

FACT NO. 2

Save money on operating costs. Hundreds of thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain.

FACT NO. 3

Save money on job efficiency. Chevrolet trucks are factory-matched to your payload requirements. You don't buy "too much or too little truck."

FACT NO. 4

Save money on low depreciation. Records show that Chevrolet trucks traditionally bring more money at resale than any other make which costs about the same new.

CHRISTIAN SCIENCE SERVICES

The fact that man in God's likeness is immortal and spiritual—a fact capable of present demonstration—is brought out in the Lesson-Sermon "Mortals and Immortals" to be read in all Christian Science churches on Sunday.

The Golden Text is from Romans: "They that are in the flesh cannot please God. But ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you" (8:8, 9).

There is a way to master the discordant material senses and this is indicated in the following Bible verse included in the Lesson-Sermon: "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting" (Gal. 6:8). This statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, deals with this theme: "It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (p. 491).

time to cook the **EASY Electric Way!**

"Bake at 350 degrees" — turn the oven heat switch to "350" and KNOW that is the heat you'll get. "Cook on high for 5 minutes" — just push the button that says "High", turn your timer to 5 minutes and when the bell rings push the button that turns the heat off or sets it on a lower heat. Nothing could be simpler than automatic electric cooking. Nothing is as modern. Try it in your home and see.
