

# Mr. Muleshoe . . .

By J. M. FORBES

## NATIVE MAN AND WOMAN POWER

With the exception of this writer and his wife, The Journal these days is being run by strictly local people, we started to say "natives" and they almost are.

Starting in the front office, there is Joe Bill Alsup, who grew up here and whose family has always lived here. Joe handles advertising and news.

Then there is Mrs. Joyce Shafer, who handles society, office matters, merchandise, and the subscription list, among her many duties. Her family has been here several years and her husband's family is one of our oldest.

In the mechanical department, H. B. Flanagan is now a veteran employee of The Journal as well as an old timer. He went through school here, entered the Navy, and after the war took GI on the job training here, now is a full fledged linotype operator.

Marion Waggoner and his folks have been here many years, also. He began work in the shop at odd times and on graduation last year took permanent work. He's a printer, pressman, and part time linotype operator.

Claude Locke is a school boy who is working during the summer on a steady basis. Claude is learning fast. His parents have lived in Muleshoe many years.

Another old time family represented at The Journal, is that of Gatewood. Ingle Gatewood is just a beginner who nevertheless is learning fast and rapidly training himself to be of service in the mechanical end. These two school boys are earning a trade early in life that, should they desire to follow it, will be of value to them for their entire career.

So, it's a local deal at The Journal office. Of course the Forbes now think of themselves as old timers since they have been here 7 1/2 years.

A recent visitor to the High Plains said in some foreign countries most farmers operate 5 to 10 acres, each. Percentage of renters among farmers is way above 90 per cent. In this country, he said, around the twenties the percentage of operator-owner type farm was about 70 per cent but that by 1929 only 50 per cent of farm operators owned the land. That trend has been reversed, so that now about 75 per cent of all farm operators in the U. S. own the land they till.

Editorial from the San Angelo Standard, June 18:

**Worried By "Lubbock Plan"**  
Lubbock's Bold Plan For Reaching Out To The New Mexico border for water may excite the admiration of fellow-Texans, but it is exciting an entirely different kind of reaction in New Mexico.

Part of Lubbock's long stem water policy is to drill about 125 wells on the Texas side of the New Mexico border, near Muleshoe.

This news is greeted with misgivings in Portales, N. M., which uses the same underground water reservoir which Lubbock intends to tap.

Charles Harris, assistant attorney general for the New Mexico state engineer, has stated, "New Mexico is deeply concerned with this problem because Texas evidently doesn't have any adequate ground-water law."

"If Texas drills enough wells along the state line, it could conceivably deplete the water supply of this state (New Mexico)."

"There is no easy road to an ample water supply."

When Abe Lincoln was 40 he is said to have made up his mind that he was such a colossal failure the only good thing he could do was to commit suicide. He didn't do it and the whole world is glad he didn't. Few of us ever consider anything so drastic but some of us do sometimes feel we may as well cease the struggle, which at times appears futile. But one of our great men and great fighters said: "Fight one more round."

As determined as I am, I myself might have given up had I been in the shoes of the prisoner, later called the Count of Monte Cristo. He tunneled through solid rock for more than thirty years, making an infinitesimal distance each day until he finally was ready to emerge. His despair must have been pretty acute, for he found that he had tunneled directly into the prison guard-room. Me, I would almost have cussed. I am so high tempered. This fellow jumped right in for several more years of digging—

But I often wonder what this superman would have done if he had had a fine crop of cotton only to see it die from the drought or get nipped off at the ground by these high winds.

# The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 30, NUMBER 27

MULESHOE — County Seat of Bailey County — TEXAS

THURSDAY, JUNE 26, 1952

## June Has Been Hot—But Not Much More So Than June Of Former Years

It's hot in Muleshoe, all right, but it ain't any hotter this June than it was in June months of former years, and this is the final word of R. J. Klump, weather re-buiter it ain't any hotter this June order said. He says people forget from year to year how hot it was last year.

Anyway, the current high temperature spell has brought some 104 degree weather. The mercury reached 104 Saturday, June 21, and again on Monday, June 23, and up to Wednesday we have had 7 days when the official gov-

ernment thermometer registered 100 degrees or higher. The seven days and high temperature recordings are: June 14, 101; June 15, 103; June 20, 103; June 21, 104; June 22, 102; June 23, 104; and June 24, 100.

Looking back over the month of June in former years Mr. Klump found these facts in the records: In June, 1951, there were 4 days of 100 degrees or more; June, 1950, 5 days; June, 1949, 3 days; June, 1948, 5 days; June, 1947, 9 days; June, 1946, 6 days. But while he was looking, Mr. Klump found that in July, 1946, there were 11 days having a high of 100 or more. Usually, he reminded, hottest days come in June in this country.

Precipitation this year to date is recorded at 3.70 inches, including several small snows which fell last winter. Mr. Klump ridicules those who figure that the immediate section is becoming a swamp country. Rainfall for this month has been .32 inch.

About the highest temperature Mr. Klump has a record of occurred on June 15, 1948, when the mercury went on up to 108 degrees.

## Fireworks Taboo In Muleshoe

City officials this week directed to provisions of a city ordinance which governs the celebration of the Fourth of July by use of fireworks.

The ordinance forbids any company or firm to have fireworks in their stores with intent to sell. And it forbids the "throwing or firing" of fireworks by anyone within the city limits, and provides for a fine of not more than \$100 for violation of the ordinance.

The ordinance was passed by the city council on August 31, 1949.

## Budget Campaign Is Continued In Methodist Church

The Budget Educational Campaign of the Methodist Church is progressing nicely. Every member is receiving the letters each week. H. C. Holt, Troy Wilkerson and Morris Childers are the direct mailing committee.

The church bulletin committee, Mrs. Sam Fox, Miss Elizabeth Harden and Miss Mamie Freeman have added a supplement to the bulletin with declarations from different members of the church.

The signs and posters committee, Raymond Morrison, Mrs. A. C. Gaede and Miss Jeanett Kirk, have placed posters in all the classrooms and the church vestibule.

The class speakers for last Sunday morning were Mrs. A. C. Gaede, Mrs. A. W. Copley, Miss Mamie Freeman and Mr. McReynolds. Noel Woodley spoke in general assembly.

## VISITOR FROM CLOVIS

Mrs. J. E. Miller of Clovis is spending a few days in the home of Mr. and Mrs. Clarence Wilhite.

## MR. TACK IS GONE

The people of the Plains today mourn the loss of Gene Howe, the famous Tackless Texan, whose columns in the Amarillo News-Globe they have read for so long. Funeral services are scheduled today at his home in Amarillo. Old Tack was the most widely read writer of this section. His column, in which he made weather predictions, scored the great and near great, told of his wild life conservation efforts, about his big ranch, his extensive travels was read avidly everywhere. Mr. Howe was a great editor, the son of a great editor, the late Ed Howe. He has created a niche for himself which no one will ever occupy.

Me and old Wendy put our foot in our mouth when we wrote it up about how clean is that certain alley in the Blondy Ray, Ed Johnson et al neighborhood in last week's paper. Pat Bulloch and Jim Cox think their alley (I don't know all who lives on this block) was mighty clean not to get a mention, also. And another man told me that the alley in the rear of the R. G. Spence home in Hospital Addition is now as clean as a pin. Well, we are proud to hear about these things and we hope the fed of having clean alleys will grow to fabulous proportions here in Muleshoe.

## Andy Rogers Makes Statement For Senate Race

A. J. "Andy" Rogers, of Childress, a candidate for the office of Senator, 30th Senatorial District of Texas, this week made his formal statement of principles upon which he solicits the vote and support of the people of the district, including Bailey County, at the Democratic Primary July 26.

He authorized The Journal to print this statement to the voters, which follows:

"This is a critical time for our nation. It is 'time for a change'. But let us remember that new faces in Washington will make no real difference if we have not changed things here at home.

At all levels of government we must return to the great principle upon which this country was founded and built; and if it is to stand, upon which it must 'and.

This great principle is Americanism. It says that man is created free, that his Creator gave him certain 'inalienable' rights, that the sole purpose and reason for government is to see that these sacred rights are protected. Government is not meant to take away these rights or to create substitutes.

ANDY ROGERS

We can have such a government ONLY when it is kept in the hands of the people. Through our representative form of government we can do this. But it will not be done for us. We, the people, must do this. Too often in the past twenty years we have let "George" do it for us. "George" has almost taken our government out of our hands—and our God-given freedom with it.

We must act—NOW. It will take hard work and sacrifice—and courage, and faith in our great American principle.

Washington and Austin are full of "smart boys" and "big shots". I believe that it is time for Mr. Average Citizen to step into the forefront in Austin, as well as in Washington. Our primary need is for honesty and moral integrity.

I believe we need much new blood in all of our law-making bodies. I do not believe we need more men who have fed at the public trough for eighteen or twenty years—and have grown wealthy in the process.

I also believe we need some of the vigor and courage young men and women have to offer. At the very least, the young men did not get us in our present mess, yet they live and pay in the same manner as others—and down their lives on foreign soil as their payment.

I offer the above way of thinking and the following summary of my qualifications and own actions to my fellow citizens so that they may decide if Andy Rogers is the man to work with them as their State Senator toward the great goal of Freedom:

I am a West Texan by birth, training and education. I was raised on a farm and dairy. My business is farming, and it will continue to be. I am a land owner and a tax payer.

I am a family man with a wife and one daughter.

I have prepared myself for service with seven years of college education—law, government, economics and agriculture.

I have proven my willingness to sacrifice by voluntarily giving three years' service in the United States Army.

## Local Church To Conduct Revival

REV. JOE NORTON

Revival services will be conducted at the Church of the Nazarene July 2 to 13 at 8 p. m. each day. Rev. Mr. Joe Norton of Hamlin, Texas, will be the evangelist.

Prior to entering the evangelistic field in 1948, the Rev. Mr. Norton, who is a graduate of Bethany-Peniel College, Oklahoma, was for sixteen years a pastor in Oklahoma and Texas.

Rev. Sidney Patrick joins the church in extending to you and each of your friends a hearty welcome to attend these services.

## Irrigation Farmers Learn What Lubbock Proposes In Meeting Here

Irrigation farmers of this section of the Plains had the opportunity to learn at first hand the hows, whys and wherefores of the current water controversy when a mass meeting was held here in the high school auditorium Monday night. However, due to a dust storm which hit about what had been expected and only about 200 were present to hear the Lubbock story on their recent acquisition of an option to water rights under about 50,000 acres of Bailey County land.

R. L. Oldham, director of public works for the city of Lubbock, told the assemblage the reasons why the city sought additional water supply sources and how they intend to develop the Bailey County water field. It was

the speech he made at the meeting in Lubbock when delegations from surrounding towns met a Lubbock delegation.

The Lubbock men left immediately after Oldham's talk. There was a whole bus load of them, as follows:

Parker Prouty, one of the owners of the Lubbock Avalanches Journal, representing the Chamber of Commerce; Murrell Tripp, mayor; Steve Matthews, city engineer; Mr. Oldham; W. C. Woods, C of C; E. K. Hufstetter, Jr., Water Resources Board; Ruel Martin, chairman Water Resources Board; Ray Dickey, president Lubbock C of C; A. R. Davis, C of C manager; H. I. Kiefer, staff writer for the Avalanche Journal; S. S. Forrest, Jr., C of C; Vaughn Wilson, city attorney.

## McFarland Speaks

After the Lubbock men left, Tom McFarland, general manager of the High-Plains Underground Water Conservation District, discussed his organization, its powers and limitations. Many questions were asked him concerning the possibility that his organization might regulate or limit the withdrawal and transmission of water from one portion of the district to another. McFarland said the district is so new that there has been no definitive outline of its powers under the law which created it.

In the end those present agreed that a small group to conduct future investigations and negotiations appears to be the best, rather than more mass meetings. Accordingly, the group voted to reestablish the "Committee of Nine" which has conducted Bailey County's investigations thus far. The Chamber of Commerce, the Water District, and the Bailey County Farm Bureau each are represented by three men.

## Pleasant Valley Hosts Candidates

The Pleasant Valley Social Club is sponsoring a candidate rally and pie supper at the Pleasant Valley community school house Friday night, June 27.

Everyone is invited to attend.

## Lack Of Storage Capacity Brings Water Shortage To Plains Cities

Several Plains cities have been feeling the bite of a lack of water in the last few hot, dry days, but principally, it is noted, their shortages are due to lack of storage, not to any lessening of the potential water supply.

In two Plains cities, Amarillo and Plainview, water is being strictly rationed. Odd numbered house holders are permitted to irrigate their lawns and gardens on three days, alternating with folks on the other side of the street. Amarillo is pumping nearly 40 million gallons a day; Plainview better than 6 million. Amarillo permits no irrigation on Sundays.

Reservoirs were causing concern in Matador, among other Plains towns and cities. The three city wells can produce approximately 300,000 gallons per day.

In Muleshoe there has been no rationing of water so far this summer. The two city wells can produce lots of water, but there is the limiting factor of only 350,000 gallons of storage capacity. One tower tank will hold

50,000, another 200,000 and the ground reservoir in the west part of town holds another 100,000 gallons.

Production of water here in the last few days has been ranging from 750,000 to 900,000 gallons per day, city officials said. W. E. Young, water superintendent, said that one city well has been pumping at the rate of 1200 gallons a minute, which would be 62,000 gallons per hour or 1,528,000 in 24 hours. However, the pump on this larger well is not being operated on a 24 hour basis.

## Pumping Passes Million Gallons

The city of Muleshoe pumped more water Tuesday, June 24, and the residents thereof used, than ever was recorded in a single day before, according to W. E. Young, city water superintendent.

Mr. Young said he pumped around 1,070,000 gallons that 24 hours. It was the biggest day's pumping since he has been the superintendent.

Mr. Young recalled that on the same day in 1951, a rain fell in Muleshoe amounting to 3.03 inches.

## AUNT VISITING

Mrs. Dannie Stone of Duncan, Oklahoma, arrived Saturday to visit several weeks with her niece Mrs. Joe Damron and family.

## All-City Golf Tournament Set

The annual All-City golf tournament will begin this Sunday with an expected 48 golfers participating, according to Lowell I. St. Clair, club president. Qualifying scores to determine which flight each golfer will be in must be turned in with the \$3 entrance fee to Wood Drug Store by Sat. June 28. Finals of the tournament will be completed on Sunday July 6th, at which time awards will be made.

Qualifying for Medalist will begin Sunday at 2:00 P. M. The Calcutta Pool will be held at 7:30 p. m. Monday at the home of B. Z. Beaty. Tickets for this occasion are available for \$1.00 each at Wood Drug. Everybody is eligible for participation in the Calcutta Pool whether they participate in the tournament or not. Auctioning of the players will begin following a picnic supper.

The rules committee of the City tournament stated that one match must be played before July 4th and that two matches will be played on that day. The starting time for matches played on the 4th will be 7:00 A. M.

The rules committee further ruled that no high school students will be allowed to participate in the tournament because of the possibility of making them ineligible for participation in League activities.

A plan is in the making for a women's tournament to be held in the very near future.

## Fire Destroys Joe Smith Barn

Fire starting from an unknown origin Saturday night destroyed the barn on the Joe Smith place about 10 miles west of Muleshoe, entailing a loss estimated at \$7,000.

The fire must have started around 12 o'clock. Smith had gotten out of bed to get a drink of water about 11:30 and had glanced out at the barn. Nothing was amiss.

12:30 and by the time he reached the barn the roof had fallen in. A large quantity of hay was stored in the barn and it was surmised that the new hay might have created a gas, but there was really no way of determining what started the fire. A tractor stored in the barn was badly damaged and a large roll of new wire was damaged beyond usability. The barn was about 50x80 and had a shed running along one side.

REVOLUTION IN RANCHING?—Mrs. Bonnie Haber of near Earth stands with two of the Angus cattle included in her 25-head herd. Not satisfied with the single distinction of being a woman rancher, Mrs. Haber decided to be entirely "different" by raising Angus instead of Herefords, the stand-by for the men ranchers of her area.

WHEAT IS FOOD — KEEP IT CLEAN

# Food And Drug Regulations Will Affect The Grower Of Wheat

The following article has been released by the PMA explaining the Food and Drug Administration regulations on handling of wheat:

All farmers producing wheat should be advised of the new Food and Drug Administration regulations so that they will be able to maintain the proper market value of their wheat. This new program that will start very shortly will affect all handlers of the wheat crop including the farmer.

Wheat is a human food and must be handled as food. Elevator operators hereafter will be forced to examine very carefully all deliveries of wheat by the farmer for signs of insect

infestation and bird and rodent contamination. Wheat standards cannot be sold as food therefore the value will be reduced to the feed value of wheat which is far below the human food value.

Here are some of the Food and Drug Administration requirements for wheat as a human food:

(1) Wheat cannot have more than 3 weevil exit holes kernels in 100 grams of wheat (¼ pt.) Under the U. S. Grain Marketing Standards wheat could have as high as 60 weevil cut kernels and still grade U. S. No. 1.

(2) Wheat cannot have more than an occasional rat or mouse excrement pellet.

(3) Wheat cannot have but an occasional bird pellet.

(4) Wheat cannot have an excessive amount of any kind of filth.

Much of the filth in wheat originates on the farm and in the county terminal elevators. The Food and Drug Administration

has no jurisdiction over wheat stored on the farm however the Administration does have jurisdiction over wheat at the county elevator level and from there on through to the finished flour and bakery products. Regulations that will apply to insure sanitary raw materials for processing into human food will be strict and farmers should prepare themselves against financial losses not heretofore a primary consideration in determining the market value of wheat.

Here's what to do:  
 (1) Keep th rats and mice out.  
 (2) Keep the insects out.  
 (3) Keep th birds out and,  
 (4) Be alert for any other source of filth.

County Agricultural Agents and PMA Personnel are in a position to advise farmers of steps that should be taken in preparation and care of food grains stored on the farm.

## Poor Showing Made By Texas College Students

Austin, June 24 — Forty-six out of every 100 Texas college students who took the 1950-51 Selective Service college qualification tests made passing scores or better, as compared to 64 out of every 100 for the nation as a whole.

This is revealed in a statistical analysis of test results by the Educational Testing Service received here Wednesday by Brigadier General Paul T. Wakefield, state Selective Service director.

More than 12,000 Texas students took these tests, around 339,000 taking them throughout the nation and territories at the same time. Results of these test scores are furnished draft boards for consideration in student deferments.

Students of only nine other states made a poorer showing than Texas students. Practically all these states were southeastern or southwestern states. Only 31 out of every 100 students made passing scores or better in Mississippi, less than any other state.

Students in 17 states scored higher than the national average. In New Hampshire, the leading state in test results, 79 out of every 100 made the passing score of 70 or better.

Other states where students performed better than the national average were California, Washington, Delaware, Iowa, Minnesota, Michigan, Wisconsin, Illinois, Indiana, Ohio, Pennsylvania, New Jersey, New York, Connecticut, Massachusetts and Maine.

### ON CALIFORNIA TRIP

Mr. and Mrs. Fred Clements and Mr. and Mrs. H. A. Douglass and families are on a vacation trip to California.

PAPER & OFFICE Supplies at the Journal.

## Federal Land Buying Spree Has Taken Huge Area From Local Hands

Abilene, Tex. June 17.—Uncle Sam started a land-buying spree in 1937 that has taken 65 million acres off state and local tax rolls and made the Federal government owner of one-fourth of the land area of continental United States, according to a bulletin just issued by the taxation and legislation department of the West Texas Chamber of Commerce.

Current Federal programs call for federal acquisition of many additional millions of acres, the WTCC declared.

The WTCC report said that a 1947 report of the Senate Com-

mittee on Public Lands showed that the government then owned from 35 to 87 per cent of the total land area of ten western states, as follows: Nevada, 87 per cent; Arizona, 73 per cent; Utah, 72 per cent; Idaho, 64 per cent; Oregon, 53 per cent; Wyoming, 51 per cent; California, 46 per cent; New Mexico, 44 per cent; Colorado, 38 per cent; Montana, and Washington 35 per cent.

The Committee report is quoted as declaring that a federal policy of land acquisition which stresses Federal ownership and control of all the resources of the United States had developed from activities of various government agencies.

"This policy is inimical to the proper and full development of many of the States and seriously impairs the entire tax structure of such States and their local subdivisions," the Committee report declared.

The WTCC commented that "this trend toward increased Federal land ownership is of comparatively recent origin. For many decades it was the established policy of the Government to dispose of its more accessible lands to private owners who proceeded to put them to productive use. Federal land holdings gradually diminished under this policy until in 1937 the total government acreage was a record low of 394,657,000 acres. By 1949, government acreage totaled 455,147,000. A recent unofficial check showed that approximately four million acres more had been added.

## Loan Cotton To Be Pooled On August 1

The U. S. Department of Agriculture announced recently that all 1951 crop loan cotton still under loan on August 1, 1952, will be pooled on that date by Commodity Credit Corporation for producers' accounts. The loans mature July 31, 1952.

About 1,111,000 bales of 1951 crop cotton were put under loan. Through May 29, a total of about 675,000 bales had been redeemed, leaving loans outstanding on about 436,000 bales.

Producers may either sell their "equity" in the loan cotton or redeem the cotton from the loan and then sell it in the open market. The market price of the various qualities of cotton has varied materially during the year, but at present prices farmers should be able to dispose of most quantities of cotton at prices that will give them some net profits above the loan and charges against the cotton.

The 1951 crop loan cotton not redeemed prior to August 1, will be placed in a pool, as provided in the loan agreements, and sold in an orderly manner by Commodity Credit Corporation. On final liquidation of all cotton in the pool, the net proceeds, if any, after deduction of all advances, interest and accrued costs including storage, insurance, and handling charges, will be distributed among the producers whose cotton was placed in the pool, in proportion to the amount of the loans on the cotton placed in such pool. No payment will be made to producers at the time the cotton is placed in the pool, and after July 31, 1952, producers will not be entitled to order the sale of the cotton.

exception of delinquents and volunteers.

The August call compares with a July call of 1,251, previously announced. The August 1951 call was for only 772 men. Calls for the summer months of 1952 have been well above those in the same period for 1951.

State draft headquarters Tuesday also announced that 1,209 4-Fs will be re-examined in July. Also announced was a July call for two dentists. General Wakefield indicated that several thousand regular registrants may be given pre-induction ex-

aminations in August, but said that no definite figure has been set.

As of the end of May, Texas has inducted 40,104 men since beginning of the United Nations conflict in Korea and had examined 94,128 men during the same period.

Since passage of the 1940 draft act just before World War II, 479,889 Texans have entered the armed forces through local draft boards, up to and including May, 1952. During the same period 1,105,893 were examined for service.

## Texas Quota For August 1, 129 Men

Austin, June 24 — State Selective Service headquarters was called on Tuesday to furnish 1,129 men for the armed forces in August, the state's share of a national call of 29,000.

Brigadier General Paul L. Wakefield, state Selective Service director, said quotas for local boards will be computed and in the mail by June 25.

The August quota will be filled with men 20 years old or older. General Wakefield said that at present it appears Texas can furnish around 850 men in August who will be 21 years old or older. The remainder of the quota will have to come from the 20-year old group.

The local boards will not be able to induct any man in August below the age of 20 with the

From where I sit... by Joe Marsh

## Whitey Sure "Rang the Bell"

Telephone woke me out of a sound sleep last Friday about eleven-thirty. "This is Whitey Fisher out on River Road," says a voice. "I just wanted to tell you how much I like this week's Clarion."

"Thanks, Whitey," I told him. "But why in blazes call to tell me at this time of night?" "Simple," he says, "your paper boy just delivered it a short while ago. Been waiting for it all evening."

Next day, Buzzy Wilson tells me he delivered Whitey's paper late because he stayed for the school dance and thought it would be OK

to drop it off on his way home.

From where I sit, I can't blame Whitey for his joke. He was just reminding me we owe other people the same respect we expect from them. Since I'm always talking about respecting the other fellow's rights—including his right to enjoy a glass of beer if he chooses, it was only fair that Whitey should "wake me up" to his right to get his copy of the Clarion on time. Thanks again, Whitey!

Crab Grass ?

ORTHO CRAB GRASS KILLER

Kills and controls crab grass in many types of lawns.

**Kill this ugly pest NOW—the easy, scientific way!**

Gone are the backaches from digging out ugly crab grass patches. It's much easier and more effective to use the new, scientific ORTHO Crab Grass Killer. It kills and controls crab grass in many types of lawns.

ORTHO Crab Grass Killer is easy to use... simply apply evenly over infested area. In severe cases, 2 or 3 applications at weekly intervals may be necessary.

For easiest application... use the ORTHO Fertilizer Spreader — spreads evenly in just the right amounts.

## WHEN YOU TRY POWER STEERING... HERE'S WHERE TO COME FIRST!

You've heard about it and read about it. Now, if you haven't felt what Power Steering does for you, we invite you to try it first in a Chrysler New Yorker . . . where you will find full-time (not partial) Power Steering!

What happens is this . . .

You handle the steering wheel in normal fashion. But 4/5 of all the work is done for you by hydraulic power, constantly at your command. Also, you turn the wheel 1/3 less distance now for every maneuver . . . the feeling you get of utter control is as wonderful as it is new.

Even at a standstill you can turn the wheel easily. Now, parking is shorn of its troubles (and fatigue!) . . . and you can negotiate traffic, awkward drives, and garage doors precisely and with ease.

You can double the longest day's drive you've

ever known . . . end up free from arm and shoulder strain. Rough roads, soft shoulders, snow, mud? . . . the power that helps you steer now prevents the car's wheels from "steering back" at you. The course you set is held, at any speed, till you want it changed. Yet, with this 5-times greater control, "wheel feel" is always the same.

Why not come try it? Learn for yourself why growing thousands of motorists say they'll never be without Full-time Power Steering from now on. Drive a Chrysler . . . and Learn the Difference!

 MULESHOE, TEXAS

I got Conoco's NEW 1-2-3  
**"50,000 Miles No Wear" Service!**

1 2 3

Drive to your nearest Conoco Mileage Merchant and ask for Conoco's great new "50,000 Miles—No Wear" Service—a service that helps your engine stay like new year after year, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

**1** Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot!

"Hot-od" drains every 2,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

**2** He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to assure filters have been serviced at proper intervals.

**3** He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—OIL-PLATE against wear.

This is a **HEAVY DUTY OIL**

### Kirk Assists In Play Production At West Texas

Canyon, June 24—Jerry R. Kirk, Superintendent of Schools in Muleshoe, is working this summer with the Palo Duro Players, a dramatic organization on the West Texas State College campus, who produce several plays each summer.

This organization is one of hundreds throughout the nation which furnish entertainment for

theatre audiences which might otherwise not have the opportunity to see some of the more well known plays and to provide practical experience and knowledge to those participating in the program.

For this week's show, the final production this season, Mr. Kirk is to be assistant director to Mr. William Angus Moore who has directed the organization since its beginning in 1949.

Moore states that the assistance and help of Kirk during this summer has been invaluable. He said, "We have called on him to do many things of every sort in nearly every show this year and he has responded with new

### Texas Press Resolution Requests All Candidates Fight Tax Increases

A resolution requesting all Texas candidates pledge themselves to oppose further tax increases in the state was passed by the Texas Press Association in its recent convention. The resolution reads:

WHEREAS, the cost of Texas state government has increased 253% since 1940 to the astounding total of \$582,821,034 for the fiscal year of 1952, according to an estimate by the Texas Economy Commission; and—

WHEREAS, local and federal taxes also have increased to swelling the total tax burden to an alarming more than 30% of total income; and

WHEREAS, we of the Texas Press Association well know that excessive taxation will destroy the incentive for profit and a stable economy; and

WHEREAS, the members of this Association believe that the places to start practicing sanity in government are in our home communities and our home state; now therefore be it

RESOLVED: That the Texas Press Association in annual convention assembled this 14th day of June, 1952 demands of candidates for public office this year that they pledge themselves to call a halt to tax increases;

RESOLVED: That since the cost of Texas state government has more than doubled the 120% increase of non-military federal government the successful candidates for state representative and state senator must be men and women who will not only assure economy in government through elimination of waste and duplication of services but will work for a reduction in taxes; and be it further—

RESOLVED: That a copy of this resolution be printed in our respective papers and sent to every candidate for public office in our respective territories.

zeal each time." Moore went further to say that it is the wish of the organization that more people in Mr. Kirk's position could see the inside of the work in Summer Theatre in order to better acquaint themselves with the problems which arise in their own High School's productions.

In the second of the current series, Mr. Kirk served as house manager which seemed appropriate since it dealt with the high school problems of the familiar radio character, Henry Aldrich.

In the presentation of "The Glass Menagerie", Kirk was in charge of set decoration. It is the policy of the group that each member receive a chance to perform each of the various duties of producing a show in order that he may see more clearly the part each duty plays in a production.

#### HOW MUCH FOREIGN AID?

Washington — When Secretary of State Acheson testified last year on the Mutual Security Program, he talked in terms of a three-year program costing approximately \$25 billion. This year, he has testified that he cannot foresee any date on which the program can be ended.

The Mutual Security Program will have nearly \$9 billion in unspent money left over when the present fiscal year ends June 30, but nevertheless the Administration asked that \$7.9 billion be added to that fund for future foreign aid operations.

The Senate and House agreed that no more than \$6.4 billion should be authorized. A House subcommittee is now developing an appropriations bill within this framework.

The Chamber of Commerce of the United States has been leading a fight to save the American taxpayer money by having the Administration take a realistic look at foreign aid spendings.

The National Chamber opposes any appropriation for fiscal 1953. The Chamber says that \$5 billion is sufficient to operate the foreign aid program in the coming year, and that, furthermore, this money can come out of the \$9 billion carryover kitty.

The Chamber also urges Congress six weeks ago to call a temporary halt to further obligations by MSA of the unspent money so that the commitments already made could be reviewed and further obligations be made so that no more than \$5 billion be spent in fiscal 1953.

Former ECA Administrator Paul Hoffman had said that when industrial production of Western European nations reached 125 per cent of the prewar 1938 levels, they will have reached "a healthy economy independent of extraordinary outside assistance."

This goal actually was reached in 1949. And the industrial production average for countries in the North Atlantic Treaty Organization is now 145 per cent of 1938 production. Other countries participating in MSA funds are producing at the rate of 136 per cent of 1938.

MSA calls the economic aid it is now sending to these countries "defense support". But it would appear that these countries are not utilizing a maximum amount of their industrial expansion on their defense.

According to the Committee on the Present Danger, military expenditures of the NATO countries, at 1951-52 prices were the equivalent of \$5.8 billion in 1949-50; \$7.3 billion in 1950-51; estimated at \$9.5 billion for 1951-52 and are expected to rise to \$11.8 billion in 1952-53.

This means that from fiscal 1950 to fiscal 1952, the increase in NATO military outlays has been only \$3.7 billion. But during the same time, their total output of goods and services went up by \$10 billion.

In view of the fact that production of these countries reached the goal set by ESA as early as 1949, many observers believe they could have increased their military outlays by at least \$10 billion and still not have fallen below the level of "a healthy economy independent of extraordinary outside assistance."

### Surplus Sale At Reese Ends July 9

A mammoth sealed-bid sale will be held in the purchasing and contracting office at Reese Air Force base July the 8th at 10:00 a. m. Lt. William O. Keeney, Reese contracting officer, announced.

Kindling at \$1.00 per load, wooden baskets, non-ferrous metals (scrap), ferrous metals (scrap), non-metallic scrap such as rubber, plexiglass, and automotive equipment including 1942 Plymouth sedans, Dodge sedans, and ½ ton trucks will be available to bidders.

The merchandise will be available for inspection at the base between June 11 and July 7 at 7:30 a. m. and 4:15 a. m. except on Saturdays, Sundays, and legal holidays, according to the contracting officer.

Any successful bidder must deposit 20% of the total amount of his purchase in the form of postal or express money order, cashier's or certified check or other such security as the contracting officer deems acceptable. Property must be removed by bidders within 15 days after the sale.

#### BUILD NEW HOME

Mr. and Mrs. Albert Perkins of Lubbock have moved into their newly completed home there. They are former Muleshoe residents. A group of his family here in Muleshoe spent the day with them Sunday, including Mrs. J. E. Perkins, his mother, two brothers, Cecil and Arthur, and his sister and family, Mr. and Mrs. Tom Berry and sons, Glenn and Allen.

#### CARD OF THANKS

From the bottom of our broken hearts we wish to express our sincere thanks to our many friends and neighbors for all the kind things you did, for your sweet words of sympathy, the most beautiful flowers, and for the food.

Your comforting expression of sympathy will always be remembered with deep gratitude.

Mrs. Arch Gabbert  
And Children  
Mr. and Mrs. J. L. Gabbert  
Mrs. H. R. Carter.

#### CIVIL SERVICE EXAMS

The U. S. Civil Service Commission announces examinations for filling vacancies in the positions of Farm Management Supervisor and Home Management Supervisor at the entrance salary of \$3410.00 and \$4205.00 a year for employment with the Farmers Home Administration, U. S. Department of Agriculture in the states of Arkansas, Kansas, Louisiana, Missouri, Oklahoma and Texas. Additional information and application forms may be obtained from the post office or from the Executive Secretary, Board of U. S. Civil Service Examiners, U. S. Department of Agriculture, 816 Interurban Building, Dallas, Texas.

PAPER & OFFICE Supplies at the Journal.

#### CARD OF THANKS

We wish to thank you for your kindness and for the beautiful flowers sent during our recent bereavement.

You get **MORE TRUCK FOR THE MONEY** when you buy on the plain hard facts!  
**CHEVROLET**  
first in demand in value in sales  
MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!  
**RUGGED and thrifty, too!**  
Fact No. 1: Model for model—costs less. Stack up a Chevrolet truck against any other truck with comparable specifications, capable of handling the same payloads. You'll find the Chevrolet truck lists for less and brings you great features.  
Fact No. 2: Mile after mile at rock bottom cost. Truck users everywhere have proved that Chevrolet costs the least of all to own and maintain. Valve-in-Head, economy, in the Loadmaster or Thriftmaster engines, saves on gas.  
Fact No. 3: Right truck for the job saves money. Chevrolet trucks are factory-matched to your payload requirements. You don't waste money by buying "too much truck"—you don't risk work interruption by buying "too little truck."  
Fact No. 4: Lower, slower depreciation. Records show that Chevrolet trucks traditionally bring more at resale than any other make which costs about the same new. The market value of Chevrolet trucks stays up because the value stays in.

## Special Meeting In St. Clair Home

The Muleshoe H. D. Club had an all day meeting Tuesday, June 24, in the home of Mrs. Dave St. Clair.

Corsages of woodfiber were made for the craft sale to be sponsored by council Saturday, July 12. Final arrangements are to be made Friday, June 27, at a meeting promptly after noon in the club room.

Mrs. J. E. Day, Mrs. Peggy Thompson and Mrs. Ethel Julian will help Mrs. A. W. Copley with the craft's sale.

Mrs. S. C. Caldwell was elected nominee for council T. H. D. A. chairman to fill the place of Mrs. W. W. Couch who resigned.

A covered dish luncheon was enjoyed at noon.

In the evening refreshments were served to two visitors, Mrs. Olen Dutton of West Camp and Mrs. D. Clements of Muleshoe and regular members, Mesdames E. E. Briscoe, Don Bruns, A. W. Copley, J. E. Day, C. H. Gillis, Ethel Julian, Peggy Thompson, T. F. Maddox, Walter Witte, Tom Smallwood, S. C. Caldwell and the hostess.

The next meeting will be with Mrs. E. E. Holland as it has been scheduled.

## RETURNED TO OKLAHOMA

Mrs. Bert Castleberry of Dunham, Okla., returned to her home Sunday, after spending a week visiting in the home of her sister, Mrs. I. W. Haney.

## MRS. HANEY HAS VISITORS

Mrs. Cora Grey, Clinton, Okla., and Mrs. Jim Kirby of Dale, Okla., are visiting in the home of their sister, Mrs. E. W. Haney.

## Young People Enjoy Day In Portales

The Progress M. Y. F. took a picnic lunch to Portales Sunday where they enjoyed the day at the park.

Enjoying the trip were sponsors, Mr. and Mrs. Bill Garrett and Sharon, Rev. and Mrs. Carol M. Jones, Mr. and Mrs. George Stevens, Barbara and Kim Jones, Helen and Mona Mitchell, Sue Actkinson, Lucille Davis, Donna Wright, Wayne Johnson, Leander Sims, Cecil Stevens, and Jerry Darby.

## Half Century Club Meets In Paul Home

The Half Century club met in the home of Mrs. Birdie Paul Beulah Carles as co-hostess.

Canasta games were played and the members enjoyed an evening of visiting.

Attending were Mesdames Jennie Panter, Anna Moeller, J. H. Engram, Lula Kistler, Mattie Duke, Maude Jones, Birdie Paul, Beulah Carles, and W. D. Moore.

The next meeting will be in the home of Mrs. W. D. Moore on July 3.

## UNITED PENTECOSTAL CHURCH HAS NEW PASTOR

M. W. Stowers, formerly of Friona, arrived in Muleshoe about two weeks ago to take over the pastorage of the United Pentecostal Church at 3rd and Ave. D.

He has just completed studies at the Apostolic College of Tulsa, Okla.

## Society News

THE MULESHOE JOURNAL, Thursday, June 26, 1952

## Mrs. Witte Hosts H. D. Club Meeting

The Muleshoe Home Demonstration Club met Tuesday, June 18, in the home of Mrs. Walter Witte.

Mrs. Shelby Sanders supervised textile painting in the morning and making patterns by stencil cuttin in the afternoon. A wide variety of articles were decorated with hand painting. They were aprons, tea towels, bath towels, pillow cases, luncheon cloths, place mats and many other things.

A covered dish luncheon was enjoyed at noon and Mrs. LaVerne Simmons was honored with a pink and blue package containing a blue robe for herself.

Ice cream, pie and watermelon were enjoyed in the afternoon by four visitors, Mrs. Barbara Kirby of Dimmitt, Mrs. Olen Dutton of Progress, Joy Snyder, and Mrs. Shelby Sanders of Muleshoe, and regular members, Mesdames Frank Snyder, E. E. Holland, W. H. Awtrey, A. W. Copley, J. E. Day, Ethel Julian, T. F. Maddox, C. E. Briscoe, Don Bruns, S. C. Caldwell, LaVerne Simmons, Sylvan Robison, Wiley Bowers, and Joe Smallwood by the hostess, Mrs. Walter Witte.

## Social Club Has Ice Cream Supper

Those of the Pleasant Valley Social Club who were "losers" of the contest in another meeting entertained the "winners" with an ice cream supper Thursday night.

Mrs. Herman Haberer was guest speaker for the evening.

Each one of the winners was then presented with a red rose corsage, and a pleasant evening was enjoyed by all.

## Bradleys Receive House Warming

A group of close friends of the R. A. Bradleys gathered at the pretty home of the Bradleys on West 11th St. for a surprise house warming on Thursday evening, June 19.

R. A. Bradleys gathered at the received several nice gifts. Refreshments of Cokes and cookies were then served to those present.

They were Mr. and Mrs. M. E. Finley, Mrs. Bill Moore, Mrs. Clyde Brown and Reta Gail, Mrs. W. Q. Casey, Mr. and Mrs. Jack Cox and Holly and Edwin, Murrell Brown, Gwyneth Bigham, Mr. and Mrs. Joe Mack Wagnon, Gene English, Ray Hardaway, Mr. and Mrs. George Province and Paula, Mr. and Mrs. Kenneth Nabors and Genie, Mrs. Faye Cox, Frank and Claudie, and Mr. and Mrs. Leslie Mills and Jody.

Those sending gifts who were unable to attend were Mrs. J. J. DeShazo, Mrs. T. R. White, Mrs. Gorrell, Mrs. S. E. Goucher, Mrs. B. C. Locke, Mr. and Mrs. Lawrence McDaniel, Mr. and Mrs. Roy Bráshear, and Mr. and Mrs. Jim Cox.

## DON'T FORGET PLEASANT VALLEY CANDIDATE RALLY

The public is reminded of the Candidate Rally and Pie Supper to be held at the Pleasant Valley Community School House Friday night, June 27. Everyone is invited to attend and enjoy a very pleasant evening.

## Enochs H. D. Club Meets In Van Home

The Enoch's Home Demonstration Club met in the home of Mrs. E. W. Van June 12 with nine members and 4 visitors present. Two new members enrolled were Mrs. Billie Boren and Mrs. Bobbie Gilliam.

Roll call was answered with "I've been reading". Mrs. M. J. Gibson and Mrs. Joan Bowen were nominees voted to go to the T. H. D. A. meeting to be held at Kingsville, Texas, on August 26, 27, and 28.

Mrs. Roland Gibson attended a training school in textile painting at Muleshoe on June 13. She will give a demonstration on this at the next club meeting in the home of Mrs. R. P. McCall. Everyone is urged to be present.

The club voted to buy a birthday present for our special remembrance patient at Abilene State Hospital.

Mrs. J. S. Boydston brought the program on "Shrubs and Trees". She listed those that are adapted to this Plains area. Club members identified several different types of these by viewing them growing in Mrs. C. W. Van's yard.

Delicious refreshments of home made ice cream and cookies were served to guests, Mesdames Ethridge, Sue Johnson, Zelma Harris and Roger Sullivan, and members, Mesdames D. T. Johnson, J. S. Boydston, E. C. Gilliam, John Van, L. G. Harris, T. A. Thomas, W. A. Pool, T. J. Sullivan, the hostess, Mrs. Van, and the new members, Mrs. Boren and Mrs. Gilliam.

## Philathea Circle Meets In Home Of Mrs. Gardner

The Philathea Circle of the Methodist church met in the home of Mrs. Paul Gardner, Thursday, June 19, at 8:00.

Mrs. J. T. Shofner, president, presided during the short business session. Mrs. Paul Gardner gave the devotional and Mrs. H. W. Hanks led the discussion of the study "The Life Of Christ".

Attending were Mesdames Deon Awtrey, Horace Edwards, Buddie Blackman, Willis Farrell, Leroy Johnson, George Elder, H. W. Hanks, J. T. Shofner, J. K. Adams, Mack Ragsdale, David Wyer, Roy Whitt, the hostess, Mrs. Gardner.

The next meeting will be in the home of Mrs. Buddie Blackman, Thursday, July 3, at 8:00.

## Mrs. Edwards Is Guild Hostess

The Wesleyan Service Guild met Monday evening, June 23, with Mrs. Ray Edwards.

Mrs. Alex Wilkins, president, presided over the business session.

Opening song, "O Worship The King", was sung by the group. Mrs. Curtis Spivey gave the devotional. Mrs. H. W. Hanks lead in prayer.

Mrs. Homer Sanders, Sr., vice-president, had charge of the program "Proclaim the Good News", those taking part in the discussion were Mesdames Homer Sanders, Sr., Delma McCarty, and Homer Sanders, Jr.

Final plans were made for the Rotary banquet to be held Tuesday evening, June 24 at Fellowship Hall.

Next meeting will be with Mrs. Francis Gilbreath July 14.

Delicious refreshments were served to members Elizabeth Harden and Mesdames Curtis Spivey, H. W. Hanks, Buford Butts, Francis Gilbreath, Homer Sanders, Jr., Homer Sanders, Sr., A. S. Stovall, Alex Wilkins, Delma McCarty, and the hostess, Mrs. Edwards.

## USS IOWA MAKES NEW HIGH IN NAVY RELIEF

Mr. and Mrs. Royce Garth of Muleshoe are in receipt of a recent issue of "The Iowa", publication of the Battleship Iowa, on which their son, D. T. is serving. The Iowa is in Korean Waters.

D. T. wanted to call attention to the record of the crew in a three weeks campaign, which gave \$12,679.00 for Navy Relief averaging \$5.64 for each of the 2,159 officers and me aboard.

## FIVE NEW VOLUMES FOR MULESHOE LIBRARY

Five new volumes have been placed on the reading lists of the Muleshoe Public Library. Mrs. E. R. Wright, librarian reports. Titles and authors are:

"Say It With Love" by Emily Noble; "Mesquite Johnny" by Barry Cord; "Season in Paradise" by Gay Rutherford; "Eavesdropping on Death" by Carol Estes; and "Broomtail Basin", by Austin.

## Odd Fellows In Anniversary Meet

Clovis IOOF and Rebekah's celebrated their anniversary Thursday night, June 19, with Odd fellow and Rebekah's in the surrounding territory invited to attend. Dean Golden of the University of New Mexico of Portales was the main speaker. He gave a very interesting talk on the origin of Oddfellow ship which was enjoyed by everyone present.

Miss Trinidad Alvarez played several numbers on the violin accompanied at the piano by Jimmy Dean who is stationed at the Clovis Air Base. Ace Balch who was formerly with the radio station at Clovis sang two numbers and then four men played several numbers and pulled some comic stunts. A delicious dinner consisting of fried chicken with all the trimmings was served to 200 members and visitors and an invitation was extended to all to come back next year on the same date to help them celebrate.

Those attending from Muleshoe were Mr. and Mrs. Frank Snyder and Joy, Mr. and Mrs. Kenneth Burton, Jackie and Darrell, Mrs. Hugh Freeman and Ronje, Mr. and Mrs. Ernest Baugh, Mr. and Mrs. Bill Whalin, Mrs. Dailey Howell, Letoya and Peggy, Lillie Ruth Lee, Mr. and Mrs. L. A. Green, Mr. and Mrs. Ernest Gatlin, Grandma Snyder and Mr. and Mrs. A. P. Lambert.

Everyone reported a good time and lots to eat.

## ACTKINSONS HAVE GUESTS

Visitors over the week end in the Troy Actkinson home were Mr. and Mrs. Edgar Madison and baby of Lamesa and Shirley Fields of Hereford.

**VISITORS FROM FT. SUMNER**

Mr. and Mrs. Max Gibson of Ft. Sumner visited Monday in the J. H. Sain home. The Gibsons and the Sains have been friends for more than 30 years.

**VISITING IN CLOVIS**

Nancy Jane Wilkins daughter of Mr. and Mrs. Alex Wilkins, is spending this week in the home of her grandmothers, Mrs. O. F. Carmain and Mrs. John Wilkins, both of Clovis, N. M.

**JESSE P. WINN IS PROMOTED TO SERGEANT**

Jesse P. Winn, "Pecky" to all who know him, is now a sergeant his promotion to the higher grade having come through a few days ago. Winn is with the United States Air Force as a radio technician, and is stationed in Roswell, N. M. He is a son of Mr. and Mrs. D. W. Winn of Muleshoe.

**TO ALBUQUERQUE**

Arthur Crow and James Crow, of C. & H. Chevrolet, were in Albuquerque on business Wednesday of this week.

**HIGH WINDS DESTROY YOUNG COTTON PLANTS**

Some young cotton in the Muleshoe country suffered in Monday afternoon's heavy wind and dust storm, which hit about night. The wind drove the sand down the rows in some places, cutting the tender plants off at the ground. Lots of cotton acreage has been lost in Bailey County, due to the drought and other unfavorable factors.

**FOR SALE**

**Political Announcements**

The Journal is authorized to announce the following candidates for office shown, subject to the Democratic Primary July 26, 1952:

**For Representative 19th Congressional District.**

GEORGE MAHON

**For Senator, 30th Senatorial District:**

A. J. "Andy" ROGERS  
HAROLD M. LaFON

**For Representative, 96th Legislative District:**

KARL L. LOVELADY  
JESSE M. OSBORN

**For County Judge and Ex-Officio County Superintendent:**

CECIL H. TATE

**For Sheriff, Tax Assessor and Collector:**

A. H. (Hugh) FREEMAN  
W. F. (Buck) CREAMER

**For County & District Clerk:**

M. G. BASS

**For County Attorney:**

NORMAN W. BAYS

**For County Treasurer:**

HELEN JONES  
LEONA MASON

**For Commissioner, Prec. 1:**

L. T. MCKILLIP  
M. E. FINLEY  
TOM MORGAN

**For Commissioner, Prec. 2:**

WOODROW W. COUCH  
TOM L. SMITH

**For Commissioner, Prec. 3:**

BOB KINDLE  
H. E. BAKER

**For Commissioner, Prec. 4:**

R. P. McCALL  
W. E. "Woody" GOFORTH  
C. W. VANLANDINGHAM

**For Constable, Prec. 1:**

J. N. (Jesse) JAMES  
CECIL W. PERKINS  
EARL E. WILSBFORD

**REMEMBER - To vote for Karl L. Lovelady, State Representative, 96th. District. 23-4tp.**

BABSON DISCUSSES

Some Advantages Of High Taxes

Babson Park, Mass., June 20—Now that the first half of the year 1952 is nearly over, income tax reckoning still leaves in its wake a raft of questions. For instance, if someone should ask about the effect of income taxes on profits, the answer would seem to be obvious. Taxes bite into profits and apparently bring about slimmer margins between sales and costs. Business tries, however, to make up for this shrinkage in profits by expanding the volume of sales.

**TAXES MAY HELP BUSINESS TEMPORARILY**

There are also other "silver linings" to the cloud. I hate high taxes as much as any reader does, but we should realize that indirectly such taxes may have

certain advantages: (1) High taxes make us all work harder. (2) As high taxes are hardest on retired people living on a fixed income, these higher taxes are forcing many of them to again become producers. (3) High taxes should make us all more interested in electing a better government. (4) High taxes may result in increased gifts to churches, hospitals and charities.

Even "excess profits" taxes have certain compensations. For example, at maximum rates, seventy-seven cents of every dollar of excess profits may go to the government in taxes. But if the corporation decides to spend what would go into its excess profits for research, advertising, or employing more salesmen, it

could do so advantageously. Every dollar of such outlay would then cost the corporation only twenty-three cents. Companies in a position to make use of these "thrift" dollars might better maintain buildings and expand sales efforts.

TAXES AND THE STOCK MARKET

Now, with some degree of certainty of earnings at the level where excess profits begin, there might even be a reflection thereof in higher prices for the company's shares. What would be the position of the stockholders in such a case? The higher stock prices might bring about long-term capital gains if more of the earnings are later converted into dividends.

By spending money that otherwise would go to taxes, the competitive position of the company should be improved. It should have an advantage over competitors who do not have excess profits for expansion of business out of tax money. Excess profits may well increase the advertising in newspapers and magazines.

GOVERNMENT MUST PERMIT PROFITS TO CONTINUE

Corporate profits provide over one-third of the income of the Federal Government. It is a paradox that the tax program, which eventually might be a drag on incentive, may, for a time, itself provide an incentive to expand. In addition, the Government needs the success of every business it taxes to continue its defense program.

Some firms, which may otherwise barely break even, may then remain in the field, due to the high level of economic activity. So the tax program, which threatens to take away with one hand, also gives advantages with the other. There is opportunity to expand and freedom to look forward to profits.

BUSINESSMEN SHOULD NOT GET DISCOURAGED BY BAD NEWS FROM ABROAD

Stockholders can be sure there is no stock market behind the Iron Curtain! A stock market depends upon free enterprise by those companies whose shares are traded. Buying and selling then depends on available money and the existence of confidence in the future.

But taxation it not lacking behind the Iron Curtain! Taxes are collected in Russia so as to retard enterprise and activity. To meet the challenge of those governments, however, we must show by our actions and faith that the fuller life, offered by the free world, pays. We must maintain not only the freedom to work, save, and invest, but we must

SAND HILLS PHILOSOPHER

Pleased To Notice All Candidates Have Now Come Out Against High Taxes

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has been listening to the candidates, his letter this week reveals.

Dear editor:

For a while, the various campaigns for the Presidential nomination had me worried. There wasn't anybody running on a platform of reduc'n taxes, and it just ain't natural, it's like gettin married without promis- to support your wife, but startin last week I notice most of em are fallin in line and you can now take your pick of havin taxes reduced by where from 15 per cent to 50 per cent. So far

ain't none come out in favor of wipin em out altogether, but I'm willin to listen.

As long as I can remember, candidates have been runnin on platforms of reduc'n taxes, and as long as I can remember taxes have been goin up, and while I had rather see a man run on a platform of less taxes than more, if nothin else it just sounds better, still I would like to see some of em accomplish their ends occasionally and I have figured out a way.

When a candidate stands up and says "I will reduce your taxes 15 per cent the first year I'm in office," we ought to believe him and sort of take him at his word, and at the end of that year, if he rides into office, what we ought to do is take off 15 per cent of the previous year's tax total and send him a bill for it. This would have one of two re-

"J. A."

**TODAY'S meditation**

**Chelupper Room**  
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

CHRIST—OUR DAILY PARTNER

God hath not given us the spirit of fear; but of power and of love, and of a sound mind. (I Timothy 1:7.) Read! Thessalonians 5:5-13.

During Commodore Perry's negotiations with the Japanese, a group of Japanese officials and American naval officers met for consultation. As the naval officers entered the building, it is said they threw off their caps. The Japanese thought they were drawing their swords. So they prepared to defend themselves. Later when it became warm in the room, the Japanese pulled out the sashes and pulled out their fans. The Americans thought they were drawing their pistols. So they prepared to defend themselves.

Too often we mistrust one another and draw quick but false conclusions without sufficient work and save and invest.

evidence. Faith and confidence in the company which bears my name have been the largest single factors contributing to its success. My friends are often surprised when I say that not a man among our more than 50,000 employees is, or has been, under bond. Partnership with Christ day after day and confidence in our fellow man can and will bring the confidence we need to overcome our great fears. Our faith demands such stewardship.

**PRAYER**  
O God, forgive our feverish ways which so often lead us to be suspicious of others. Help us to know that as we show faith in Thee and confidence in our fellow man, we become men of spiritual power. In Jesus' name, Amen.

**THOUGHT FOR THE DAY**  
Daily partnership with Christ destroys fears.  
J. C. Penney. (New York)

sults: either it would reduce taxes 15 per cent, or it would reduce promisin.

Of course you understand when I say I'm in favor of reduc'n taxes, it goes without sayin the reduc'n should come through cuttin out waste and extravagance in Washington or Austin or at the court house, and not through cuttin down on any road improvements or other governmental service slated for this area out here. We ain't quite gettin our share like it is. Anybody can reduce taxes by lettin things slide, what I want is reduced taxes and increased services both in the same year.

As I see it, everybody runnin for anything this year is opposed to graft and corruption and high taxes, so all we got to do is get the election held and everything will be straightened out, no matter who gets in where.

Your faithfully,  
J. A.

Letters To The Editor...

THE LEFTLEADER AND GLADYS INVITE US ALL

Cleburne, Texas

Dear Folks:  
Enclosed you will find Two dollars for renewal of The Muleshoe Journal.

We have traded our farm for The Modern Washateria in Cleburne. Our new address is 808 S. Caddo St., Cleburne, Texas.

We close at noon on Saturday. Come down and we will go fishing.

We also invite any of our friends and neighbors if they should be coming down this way to drop by and see us.

Your friends,  
Lefty & Gladys

**NOW IMMEDIATE DELIVERY!**

**AMES GATED SURFACE PIPE**  
for Controlled Furrow Watering...

**Replace your old-fashioned inefficient ditches!**

Say "goodbye forever" to wasteful, troublesome open ditches. Enjoy bigger and better crops, less work and worry with portable, efficient AMES GATED SURFACE PIPE. Easy to operate AMES FLO-CONTROL GATES provide instant precision control of the water flow and penetration in each furrow. Volumes are easily regulated from a trickle to full gate flow for tight or porous soils, level or sloping lands, long or short furrows. Your land is covered faster, more uniformly and a higher percentage of every gallon reaches and remains in the root zone of your crops.

AMES GATED PIPE is available in Galvanized Steel or Aluminum with SLIP-JOINT, "OCL" QUICK-COUPLING, or new "ABC" COUPLERS for instant, positive connections. Lengths and diameters to meet your needs.

**LEGAL NOTICE**

**NOTICE OF CITY'S INTENTION TO RECEIVE SEALED BIDS FOR THE PURCHASE OF FIRE-FIGHTING EQUIPMENT**

Sealed proposals addressed to Mr. R. J. Klump, City secretary of the City of Muleshoe, Texas, will be received at the office of City Secretary until 5:00 o'clock p. m. on the 3rd day of July, 1952, for the purchase of Fire-Fighting equipment for the protection of said city to wit:

**PUMP:** Shall be of 500 gallons per minute capacity, three-stage centrifugal with bronze impellers and stainless steel shaft; the shaft to be carried on both ends with ballbearings, priming pump shall be approved design capable of lifting water eighteen feet, pump must be midship mounted, pump shall be equipped with the following connections:

Two 4 inch inlet valves, one on each side;

Two 2 1/2 inch discharge valves with remote control;

Balance gauges, Pump to Tank valve, 1/4 turn valves on tank to pump and pump to booster reels;

**BODY:** Made of automobile steel with hardwood slatted removable floor; capacity of body 1200 feet of double jacket 2 1/2 inch fire hose and 300 feet of 1 1/2

inch double jacket fire hose. Also a large equipment compartment for carrying miscellaneous items, body to be fully reinforced throughout; to be equipped with polished railing on both sides of body and rear and across rear of body, to have one hose body adjustable partition.

**REAR STEP:** To be 18 inches wide, strongly supported from hose body with steel channels, top of running boards to be fabricated with special safety tread. Rear fenders to be pressed steel of 14 gauge with one aluminum step on each fender.

**INSTRUMENT PANEL:** To be mounted on left side of truck with all controls grouped and plainly marked, also a panel light, water level gauge for booster tank, and vacuum clutch controls to be mounted on instrument panel.

Motor to be equipped with closed out cooling system.

**BOOSTER TANK:** Tank to carry 500 gallons of water, it must be of copper bearing steel, electric welded, with exception of top, which will be of removable type, and fully baffled with two inch outlet to pump.

**HOSE REELS:** To have two booster reels with 200 feet of 1 inch, 600 pound test on each reel. To be equipped with a Fog Gun on each base, shall also have anti-kick swivel gun.

**EQUIPMENT:** Shall have a master drain for all lines and pump on truck; two electric F. D. lanterns in holders; one full plated siren Federal or equal to be mounted on fender (Flasher Type); one F. D. axe in spring holder; one F. D. crowbar in spring type holder; four clip type fitting holders on running boards (size specified by Fire Chief); one 2 1/2 gallon Foam and one 30 pound Ensel Dry extinguishers mounted; two ten foot lengths of 4 inch hard suction hose with long handle coupling on female end, pin lug coupling on male end, mounted with quick release clasps; one 10 foot section of soft suction 4 inch hose with long handle coupling on female end, pin lug coupling on male end with running board holder; one 12 foot roof ladder with folding roof hooks; one 24 foot extension ladder both to be mounted with quick releases; one flasher red light to be mounted on cab; two pistol grip spot lights mounted on cab up-rights; two electric swivel search-lights mounted on rear body post; all electric appliances to be 6 volt; one 10 foot pike pole mounted; two 1 1/2 inch fog nozzles (Elkhart or equal); one 4 inch strainer; one 4 inch by 2 1/2 inch double female hydrant adapter; one 4 inch by 4 inch double female hydrant adapter.

**ALL FINISH:** All nozzles and similar polished metal parts shall be chromeplated.

**PAINTING:** This is to be done in first class manner with the best grade lacquer; lettering and decorations to be done in Gold Leaf with appropriate shading.

**COLOR TO BE RED:** Lettering to be as ordered.

**ELECTRIC SYSTEM:** Battery charger receptacle on rear.

**LONE STAR AGRICULTURE**

By John C. White, Com. of Agriculture

**INDUSTRY and AGRICULTURE**

The Texas farmer, through no particular fault of his own, is losing many dollars annually because there is little coordination between agricultural production and industrial development in the state.

In one way, we Texans are like the country boy at the carnival. We swing away at that strengthening contraption and ring the bell. But we're so busy setting crop production records that we don't notice the guy standing behind us with his hands in our pocket.

Most of the raw farm and ranch products are shipped out of the state. These are later processed by manufacturers in other parts of the country. Texas' return has been for the raw materials while someone else has received a much higher return and profit from the semi-finished products.

One example is cotton—the king of Texas agriculture. This state is the nation's leading cotton producer, raising 1-4 to 1-3 of the United States crop. Only a small amount of cotton is processed by Texas mills.

Last year Texas produced over 4 million bales of cotton. About 240,000 of these bales remained in the state and the rest went to eastern domestic mills. Since it costs a minimum of \$1.05 to ship 100 pounds of cotton from Galveston to the nearest eastern market, then the staggering sum of more than \$17,687,000 was paid in freight charge alone. This money would have meant a lot to the Texas cotton farmer if the mills had been in the state.

Texas also leads the nation in dollar volume of annual farm sales. But it ranks low in per acre income. The rate in the last year of record was only \$12.05 per acre as compared with the income of some states such as California, New York, Michigan, and Illinois, which were in some cases as high as \$47.67 per acre.

Completed Fire Truck to be delivered at Muleshoe, Texas. The truck to be tested and approved by State Fire Insurance Commission Officials.

A CERTIFIED CHECK or Cashier's Check in the amount of five per cent (5%) of the amount bid must accompany each proposal.

All bids will be opened in the office of the City Secretary on the 7th day of July, 1952, at 8:00 o'clock p. m.

THE CITY OF MULESHOE reserves the right to reject any and all bids.

R. J. KLUMP  
City Secretary,  
City of Muleshoe, Texas  
24-4tc.

or four times that of our own.

It is, after all, the per acre income that counts in profits. These states outrank Texas partially because the farmer is closer to the processor.

Perhaps the development of some particular industries in Texas would not be in line with the economic realities of the area. But to the extent that it is possible, the farm products of Texas should be made into finished products within the state. This kind of "regional industry", taking full advantages of our resources, would result in a well-rounded economy and help increase the income and standard of living of Texans.

**CHRISTIAN SCIENCE SERVICES**

The healing power of Truth and Love as taught and practiced by Christ Jesus, is available for mankind's use today. This priceless heritage is stressed in the Lesson-Sermon titled "Christian Science" to be read in all Churches of Christ, Scientist, on Sunday, June 29. The Golden Text is: "The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away" (Isaiah 35:10).

Citations to be heard from the Bible include: "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths" (Proverbs 3:5-6).

These words from the Christian Science textbook, "Science and Health with Key to the

Scriptures," by Mary Baker Eddy, further explain the true point of departure from material sense to spiritual understanding: "The divine Principle of the First Commandment bases the Science of being, by which man demonstrates health, holiness, and life eternal" (p. 340).

**WIEDEBUSH and CHILDERS**

**Have you tried BUICK'S POWER STEERING?**

smoothness that make this ROADMASTER so distinguished among fine cars.

Where then, you ask, does Power Steering come in?

When you want to get into—or out of—a tight spot at the curb, Power Steering takes over the extra effort of turning the wheels, and you can forget the two-ton-plus of automobile you're handling.

When you want to turn around in a narrow space—Power Steering lets you get the last inch of benefit from Buick's short turning radius, because it makes the maneuver so easy.

When one front wheel hits a bump, a chuckhole, loose sand or dirt at the edge of a road—Power Steering takes up the jerk—makes control of the wheel easier and therefore safer.

Many folks who have tried it tell us that Power Steering has added almost as much to the pleasure of owning a Buick as Dynaflo Drive.

When would you like to try it?

Equipment, accessories, trim and models are subject to change without notice. †Optional at extra cost on Roadmaster only.

### Rotary Installs New Officers At Annual Banquet

DR. JACK W. MEARS

Dr. Jack W. Mears, dean of personnel at Eastern New Mexico University, was the principal speaker at the Muleshoe Rotary club annual installation and ladies night June 24. Dr. Mears will speak on "We Learn to Live."

"We have nothing to fear but fear itself". The famous utterance of the late President Franklin D. Roosevelt upon his first taking office in 1933 was quoted by Dr. Jack W. Mears, who delivered the principal address at the Muleshoe Rotary Club's annual installation banquet and ladies night, held Tuesday evening in Fellowship Hall. He developed the theme that Americans, by having faith in their history and traditions, and in themselves can solve any problem which faces them.

He did not discount the gravity of problems which face Americans today, but he said that a people strong spiritually, and strong in their faith in themselves can solve these problems as they have overcome their difficulties of the past.

Dr. Mears is dean of personnel at Eastern New Mexico U., Portales. He and Mrs. Mears were accompanied by Mr. and Mrs. E. C. Mallory, both men being members of the Rotarians from neighboring Portales and Clovis.

The meeting was featured by the number of Rotarians from neighboring Portales and Clovis. Little Miss Alva Lee Shofner, talented daughter of Mr. and Mrs. J. T. Shofner, stole the show with her clever singing and acting of the song, "Alice Blue Gown". She was accompanied by her teacher, Mrs. C. W. Grandy. Everyone at the banquet fell in love with Alva Lee.

Eddie Frear, business man of Clovis, a member of the Rotary club there, led several group singing numbers at various times in the program. Rev. H. W. Hanks pronounced the invocation. The ladies of the WSCS and Wesleyan Guild served a delicious dinner to the 80 in attendance.

New officers and directors introduced and installed at this meeting are: Myron Pool, president; Omard Upton, vice-president; Bob Gregory, secretary; B. A. Dalton, Arthur Crow, Hoyt

### Snyder-Young Engagement Told

Mr. and Mrs. F. L. Snyder of Muleshoe announce the engagement and approaching marriage of their daughter, Joy, to Charles Kenneth Young, son of Mr. and Mrs. L. T. Williams of Portales, N. M.

The wedding is planned for July and is to be held at Portales with Rev. Hagermyer, pastor of the Church of the Nazarene, officiating.

### MULESHOE FIRMS WILL BE CLOSED JULY 4th

It will be a holiday in Muleshoe on July 4th.

The Muleshoe State Bank, the Post Office, and practically all business houses in the city will observe the anniversary of Independence Day as a full holiday. Some firms may close Saturday so that their employees can

### Hospital News

Mr. A. H. Hannaman was admitted for medical care. He has gone home.

Mrs. R. A. Gregory was admitted for medical care. She has been discharged.

Mrs. S. F. Davis was in for medical care. She has gone home.

Mrs. Floyd Andreas is in for medical care. She is resting well.

Mr. Gene Stovall, a surgical patient, is resting well.

Mr. J. O. Redwine is in for medical care and is resting better.

**Congratulations To:**

Mr. and Mrs. Marion Wabington on the birth of a son, Bennie Lee, born June 13, 1952.

Mr. and Mrs. Clebourne Gray on the birth of a son, John Earl, born June 12, 1952.

Mr. and Mrs. Virgil Wood on the birth of a son, Charles Wayne, born June 16, 1952.

Mr. and Mrs. Grady Davis on the birth of a son, Garland Isiah, born June 17, 1952.

Mr. and Mrs. Bobby Broyles on the birth of a girl, Mickie Diana, born June 19, 1952.

Mr. and Mrs. Jerry Angeley on the birth of a son, Thomas Raymond, born June 20, 1952.

Mr. and Mrs. Donald Spears on the birth of a girl, Ramona Kay, born June 22, 1952.

Mr. and Mrs. C. L. Burrow of the birth of twins, born June 23, 1952. Johnny Wayne and Connie Elaine.

Morgan, and Arnold Morris. Pool outlined the hopes and aims of the club for the coming year.

Rotarian Herb Potter introduced the guests and the members of the club and Rotary Amns.

Bud Holton, outgoing president, presided as toastmaster. He expressed regret at leaving the club, at least for a time. Mr. Holton has begun his study for the ministry in Wayland College at Plainview.

On behalf of the club, Rotarian B. A. Dalton presented a gift to Mr. Holton. It was a beautiful Bible, one that the club thought would be of use to him in his future study and work.

### W. S. C. S. Honors Mrs. H. Jay Wyer

The Woman's Society of Christian Service of the Methodist Church enjoyed a social hour Monday, June 23, in the Fellowship Hall honoring Mrs. H. Jay Wyer.

The opening song, "Blest be the Tie", was followed by the purpose of the meeting by Mrs. H. O. Barbour, who is chairman of the status of women.

Mrs. W. D. Moore brought the devotional on "Friends and Friendship". Mrs. H. M. Shofner then spoke on "Friendship".

Mrs. D. B. Lancaster read a poem on "Friendship" and directed the social hour while many games were played.

Mrs. F. B. Pierson conducted a short business session concluding plans for the Rotary banquet. The treasurer reported on money made in the previous banquet.

Minutes were read and approved and a going away gift was presented to Mrs. H. Jay Wyer.

Refreshments of lime punch and lemon thins were served to Mesdames Beulah Carles, H. M. Shofner, H. O. Barbour, J. J. Gross, O. C. Kirk, J. E. Day, H. W. Hanks, D. B. Lancaster, H. Jay Wyer, F. B. Pierson, C. R. Farrell, A. C. Gaede, Tom Smallwood, W. D. Moore and Arnold Morris.

### VISITORS FROM CALIFORNIA

Mr. and Mrs. Cecil Dorsey and granddaughter, Karen, of Whittier, Calif., visited over the week end with Mr. and Mrs. M. G. Bass.

### Santa Fe Will Again Sponsor Chicago Trips

College Station, June 25 — Fifteen outstanding Texas 4-H club members this fall will be selected to receive educational awards provided by the Santa Fe Railway System. Word has been received from the National Committee on Boys and Girls Club Work, Chicago, by the state 4-H leaders in Texas transmitting the offer from the donor of the awards. Each offer has been accepted.

### GUESTS FROM ODESSA

Mrs. Jimmie Grantham of Odessa, visited here Friday and Saturday in the homes of Mr. and Mrs. John Smith and Mr. and Mrs. Martin Oliver. Mrs. Grantham is the former Jimmie Adams of Muleshoe.

M. G. Bass visited this past week end in Midland with his son and wife, Mr. and Mrs. Raymond Bass, and their new son, Mrs. Bass returned home with him.

### Andy Rogers —

(Continued From Page 1)

I have had two terms' experience serving West Texas in your State House of Representatives. I have served on these following important committees: Appropriations, Agriculture, Insurance, Highways and Roads and Conservation and Reclamation.

Andy Rogers is not a lawyer. Therefore I can represent only the people who elect me. I cannot hope for financial gain by serving you as State Senator—an important job that pays only an approximate \$700.00 per year.

I am not a professional politician. I have consistently fought corruption in all government, and

#### CALIFORNIANS HERE

L. P. Bynum, of Riverside, Calif., for many years a resident of the Muleshoe country, has been visiting here with his son, Edsel Bynum and family. His daughter-in-law, Mrs. Ansel Bynum, also of Riverside, is here for a visit with her parents, Mr. and Mrs. W. O. Barber of northwest of Muleshoe.

#### ARE IN HARVEST

Mrs. W. F. Harrison and children, Bob King, and Cleve Bland, all of Muleshoe were here to spend Sunday. The Harrisons and several other Muleshoites are operating combines in the wheat harvest around Spearman. They have harvested some in Oklahoma, and will head for Colorado soon. Mr. Harrison owns three combines.

will continue to do so.

As a State Representative, I have opposed an increased rate of spending and taxing in State Government, and will continue to do so. Andy Rogers has fought for economic development of West Texas in the following ways:

1. Continually supporting our Rural Road and Primary Highway development.

2. Voting against and helping kill legislation for State control of our underground water. I will continue to do so.

3. Fighting to protect our surface water rights as they now stand.

4. Writing and getting passed legislation giving West Texas \$10,000.00 for preliminary study of its surface water possibilities.

5. Writing and getting passed legislation which will soon bring into being a new Agriculture Experiment Station to study the particular needs of our Blowsand areas of West Texas.

6. Writing and getting passed legislation requiring the labeling of "drip" gasoline when offered for sale, so consumers and honest service station operators are protected.

7. Supporting a sound, sensible, Public School program.

I will continue to fight for a fair break for West Texas and for the protection of your rights.

I will run my race and serve you in the only way I know—

BY CLEAN HARD WORK.

I will not be able to visit all of the people in our fifteen County State Senatorial District but I humbly and sincerely ask for your vote and support.
