DIED

J. W. (Whit) Williams died Sunday night and the body was interred in Ross Cemetery Monday evening. Funeral services were conducted by Rev. J. D. Hester at the residence.

Mr. Williams has been in ill health for a long time with kidney trouble. He was a good man and a good citizen. He leaves a wife and four small children and other relatives to mourn his death.

Mr. Williams was 36 years 11 months and 3 days old.

WEDDINGS

Mr. T. B. Beauvelt, of Washington D. C., and Miss Kate Woods, of Putnam, were married Tuesday, Nov. 11, 1919 at the Presbyterian Manse, Rev. J. D. Hester, officiating. After a trip through Colorado and California they will go to Washington to make their home.

Mr. Lindley Ford and Miss Essie Walker, daughter of Mr. and Mrs. F. L. Walker, surprised their friends by going quietly to the Baptist parsonage Wednesday evening, November 12, 1919 where they were united in marriage, by Rev. D. E. Adams. They will make their home here for the present, as Mr. Ford is in charge of the Callahan County Gin.

RED CROSS DRIVE

The time for closing the Red Cross Roll Call has been extended to November 21st. Mr. R. Q. Evans is directing the drive, assisted by members of the Red Cross Chapter and Red Cross Canteen. Enroll your name at the Comadot Co., H. Schwartz' store or with Mr. Evans or the Red Cross ladies. "Join the Red Cross, all you need is a heart and a dollar."

Houses For Rent

NO! Positively and Absolutely NO!

You will keep trying to rent a house and snow will come. Winter will set in and you will be without a home. If you figure on staying in Baird, better make arrangements to buy a home and settle the question. True you cannot get as good a home for the money you could have gotten a year ago, but things have changed and they are still changing.

City Property is a Safe Investment

The rent you pay is the other man's profit—the money you pay on a home is YOURS—it increases daily. Why make monthly donations to the other fellow when you can be making a bank account for yourself?

Consider the matter seriously—then act. See what we have listed. Tell us your wants. Let us help you find what you want.

Holmes-Evans Realty Company

W. E. GILLILAND,
Editor and Proprietor.

Uncle Sam is yet the biggest man in this country.

How much longer will the U. S. Senate tax the patience of the country dilly dallying over the peace treaty?

The government is rounding up the Reds and will deport a lot of the foreign element. There are some agitators native born that are just as disloyal as any Russian or German anarchist that ever hit this country.

Strikes raging in all parts of Austria, Headline, Austria has nothing on the United States. We have strikes raging, or threatening to rage from Maine to California and from the great lakes to the gulf. The world seems to be strike crazy.

A bunch of I. W. W. outlaws fired into a parade of ex-soldiers in Centralia, Washington on Tuesday. Three soldiers and two citizens were killed and a dozen wounded, as a result of the attack. The soldiers killed were all oversea men. The outraged people wrecked the I. W. W. hall and hanged the secretary of the local I. W. W. It is an infamous outrage that a thing of this kind should happen anywhere in the United States. The ex-soldiers wore their uniforms which makes this attack a national affair.

If the railroad employes get the Amb Plan to work on the railroads, I am going to try it on a farm. It is a good thing for the government to buy up the railroads, why not buy up the farms and turn them over to the farm hands to run? Food is more important than railroads and this scribe thinks he can run a farm as profitable for the government in proportion as the roads will be worked for the government. True, perhaps the farm might not make enough some years to pay salary but the same thing is liable to happen to the railroads.

This scribe is not interested in railroading and lived to be nearly grown before he ever saw one, but the first thing we remember was the farm work. If the government is going into the pie distribution we put in a claim right now for our part of the pie. We do not want a railroad but do want a farm if the government will give it to us.

ARMISTICE DAY, NOV. 11TH.

The first anniversary of the ending of the war was celebrated in Baird in a quiet way. The banks and postoffice were closed all day and the business houses from 11 o'clock. There was no parade though the Fireman's Band was out on the street and many former soldiers were present. Many of these boys were on the front and heard the incessant roar of thousands of guns for weeks and months, when the guns suddenly ceased at 11 o'clock November 11, 1918.

In the afternoon a great crowd went out to Ross Cemetery and worked, cleaning up for two hours. Something must be done to clean up the cemetery as it is a reflection upon the people of Baird to let the weeds grow up as they have this year. Let a hundred men and women form a Cemetery Association and meet monthly. If as many as business men will do editor of THE STAR will

pay a dollar a month for a year and pay six months in advance. Some one should be employed to work at the cemetery all the time. We must do something to put our city of the dead in better condition. Won't you help?

AN APPEAL HOSPITAL FOR SOLDIERS

Dr. D. G. Powell, President of the Draft Board, has received a letter from John C. Towns, Jr. President of the State Draft Board, asking that the people of Callahan County contribute to a fund to erect a hospital for ex-soldiers in the late war, who have contracted tuberculosis.

The startling information is given that about four thousand Texas soldiers contracted tuberculosis in some form during their term of services in the army. The Federal Government made arrangements to care for all former soldiers, who contracted disease of any kind and will pay all expenses, but unfortunately there is no hospital in Texas that the Federal government can use for tubercular disease and the patients have to be sent out of the state. Many of them refuse to go and several hundred of them, badly in need of treatment, are not receiving any care whatever.

The call is urgent and imperative and help is needed at once. The quota for Callahan county is \$810. for this hospital, less than a dollar for each voter. Will you help?

Dr. Powell asks that some one, a friend of the soldiers, at Clyde, Euis, Denton, Oplin, Tecumseh, Eagle Cove, Cross Plains, Cottonwood, Admiral, Putnam, and every other voting precinct in the county, volunteer to take up a collection for this worthy cause. Dr. Powell suggests that the Sunday Schools ever the county be asked to help in this cause. Let the Sunday School Superintendents bring the matter before the Sunday Schools next Sunday and take the offering the next Sunday following, Nov. 23d. The drive ends Nov. 27th. All contributions should be sent direct to the Governor of Texas, stating what it is for.

I appeal to every one who can do so to contribute what they can for this purpose. I have read full explanations of the necessity for this hospital, and approve and endorse it. The object is to raise \$500,000 for his purpose. Texas can do this easily if they will try and no one will feel it.

Think of it, four thousand of our boys have contracted a fatal disease, if not promptly treated, while in the service, most of them in France, where they were exposed to the cold, snow, sleet and mud while fighting our country's battles while we were at home, safe and comfortable in good homes.

All that is needed is for the people of Texas to do their part is to know what is needed. Be sure and send your contributions direct to the Governor of Texas. Not one penny will be used for any other purpose.

W. E. Gilliland,
Editor Baird Star.

COAL STRIKE ORDER CANCELED

In obedience to the order of the Federal Court, acting President John L. Lewis, of the United Mine Workers, issued an order Tuesday evening canceling the order for the coal strike that has been on since November 1st.

This was the only sensible thing to do under the circumstance and the coal miners will gain more than they could possibly have gained by defying the Government which might have lead to serious consequences.

The only comment Lewis would make after the news canceling the strike order was. "We will comply

with the mandate of the court. We do it under protest. We are Americans. We cannot fight our Government."

This is the way to talk. Most of us have, in times past, ran up against laws and court orders that we did not think just but we all said, "We are Americans, we cannot fight our Government."

Now let Congress enact laws that will prevent a continual wrangle between Labor and Capital. It is certainly possible to find some solution of our labor troubles and give the country a rest from these interminable strikes.

Whatever cause for the coal miners have for complaint should be heard fairly and justly and adjusted. The mine operators need not get the idea that the public will sanction any unjust or unfair treatment of the coal miners, because the court order seemingly favored them, for they will not. The Government did not intervene to protect the mine owners, but to protect the public. Both sides should keep this thought in view and not mistake the action of the Government or the protest of the public against the strike.

DISTRICT COURT

Court adjourned Tuesday until Monday. W. H. Dawkins was appointed Foreman of the Grand Jury. The Grand Jury adjourned Wednesday evening.

DEID

Grayson Levy, aged 2 years and 6 months, little son of Mr. and Mrs. S. E. Settle, died this morning after a brief illness. Interment at the Clyde Cemetery this evening at 4 o'clock.

EPISCOPAL SERVICES

Bishop E. B. Temple will hold services at the Episcopal Church, Sunday morning, November 16th, at 11 o'clock. All cordially invited to attend the service.

HON. W. R. ELY DISTRICT JUDGE

A news item from Austin, in Sunday's Dallas News says District Judge Harry Tom King of the 42nd. District has resigned and W. R. Ely, of Baird was appointed to fill out the vacancy. The appointment is effective Nov. 22nd.

THE STAR congratulates Judge Ely and hopes that he will be reelected for the full term next year. Judge Ely has been at Marlin for some time for treatment for rheumatism.

PRESBYTERIAN CHURCH

Regular Service - Sunday Morning at 11 o'clock and 7 p. m.
Sunday School at 8:45 a. m.
Endeavor at 6 p. m.
Prayer meeting 7:30, every Wed. evening.

We insist upon an increased attendance on the part of the membership. The church stands for the best and highest things, both in this life and in that which is to come. And the principles for which the church stands are the piers upon which our Government rests. And her influence is also the protection of, both home, business and society. For what would these things be without the influence of Christianity? Then let us rally with our moral support and practice what we preach.

We therefore not only insist upon the presence of our own members but we extend a very cordial invitation to one and all to worship with us. Strangers and visitors are especially welcome.

I understand the Pastor of the the Methodist church is out of town attending Conference, and so we extend to you brethren, a hearty invitation to worship with us, one or both service, as may be your good pleasure. Respectfully,

James D. Hester, Pastor.

CARD OF THANKS

We wish to thank all our friends for the kindness and sympathy shown to us in the death of our husband and father, M. J. Parks.

Sincerely,

Mrs. M. J. Parks and family

CARD OF THANKS

We wish to express our sincere thanks to the many friends for the kindness shown us during the illness and death of our husband and father, Whit Williams, and for the many beautiful flowers which covered his grave. We wish also to thank those who so kindly helped us during Mr. Williams long illness and the help given us since his death. We also thank Bro. Bester for his kindness Mrs. Whit Williams and Children

THIS MEANS YOU

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are consti-

pated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the indigestion. 49-4t-adv.

A GOOD COUGH MEDICINE FOR CHILDREN

Mrs. J. W. Phillips, Redon, Ga. phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in child loose, expectoration easy and soon frees the system from the cold. 49-4t

There Is a Delco-Light Man Near You

No matter where you live, there is a Delco-Light man within easy reach of you.

This means much more to you than mere convenience in the purchase of a Delco-Light plant.

These men are trained men—they KNOW electricity as applied to farm use. They can advise you as to the size of plant you should have.

They can see that your house and barn are properly wired—

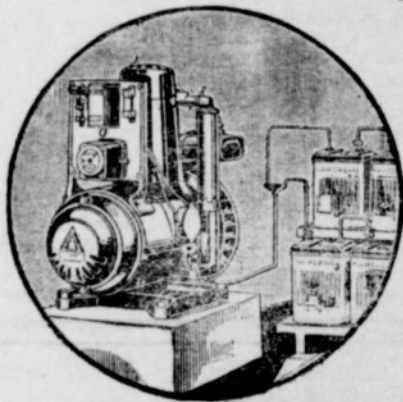

They can superintend the installation of the plant so that it will give you the most efficient and economical service.

They can give you intelligent advice as to the purchase and use of water system, washing machine, churn, separator, milking machine and other appliances that you can operate with the electricity furnished by Delco-Light.

And—after the plant is installed they are always near-by to advise with you and see that you get one hundred per cent satisfaction out of its operation—

Delco-Light is a complete electric light and power plant for farms and country homes. self-cranking — air-cooled — ball bearings — no belts — only one place to oil — Thick Plates, long-lived Storage Battery — RUNS ON KEROSENE.

Delco-Light is lightening labor, bettering living conditions and actually paying for itself in time and labor saved in more than 75,000 farm homes.

CAMPAIGN WILL SUCCEED, SAY RED CROSS WORKERS

Enthusiasm of Women Workers Is Outstanding Feature of Drive.

ALL RESOURCES TO BE UTILIZED AT CLOSE

House-to-House Canvass Now Under Way in Most Communities—Encouraging Reports Are Being Reported.

Vim is being added to the Red Cross drive for memberships now being conducted, by the diligence of both workers, teachers, women volunteer canvassers, Boy Scouts and many returned soldiers, sailors and marines, who have rallied to the aid of the campaign, reports show.

Campaign officials in charge of the drive at Southwestern Division head-

quarters at St. Louis announced that while a few communities have fallen below the mark set for them, in general, enrollment in the Red Cross has been heavier than had been expected. Thousands of persons in all parts of the Division—Missouri, Kansas, Texas, Arkansas and Oklahoma—applied for membership yesterday. The drive which opened Sunday, November 2, closes Armistic Day, November 11.

Chance of the Southwestern Division equalling or exceeding its quota of 2,000,000 members, set as the number the Division is expected to raise, is very bright, officials of the campaign declared. Edward Hidden, Division Roll Call Director, said that people were responding with a cheerfulness and a unanimity that made the success of the drive seem assured.

Women Hard Workers.

Reports indicate that from the outset women have been enthusiastic, indefatigable workers. That every woman and child in every community in the Division will be given an opportunity to enroll as a member up to and including November 11, is a late announcement from drive headquarters. House-to-house solicitation is now under way in most communities and encouraging results are being announced daily from each state headquarters.

"Our responsibility," Chairman Hidden said, "is to see that not one available person fails to get an invitation to join. We believe that obligation is being fulfilled and that

every man, woman and child who is able to comprehend what the program of the Red Cross means, knows that they are not only welcome to the Red Cross fraternity, but that it is a privilege as well as a duty to link up with its membership. The Southwestern Division," he continued, "has always set the pace and the enthusiasm being shown indicates that we may lead the other divisions again. I know of no greater honor and privilege than to be a member of the American Red Cross.

Clergy Endorse Roll Call

"Clergymen all over the nation have endorsed the Third Roll Call in unqualified terms of approval. Their co-operation is regarded as vitally essential to the success of the drive. The church has the equipment in organization, in buildings already furnished, and in men and women already trained in tasks demanding service and sacrifice. The high standard set by the church itself and its splendid record of work already accomplished impels the Red Cross again to appeal to it to help make the Third Roll Call the finest thing the American people have ever done. The organization is, without doubt, the greatest, the most inclusive and the most efficient clarity the world has ever known.

"Not all can volunteer for the actual distribution of relief, but all can have a part. All should be members of this glorious army of armies. The membership fee is only \$1. There is no one too rich or too poor, too

old or too young, too proud or too humble, to become a 'Red Crosser' and wear the tiny emblem badge of such as love their fellow men.

The President Issues Summons.

"The President of the United States has asked every American to respond and to his call has been added those of every state governor and every other high official in the country. The necessity for the success of the Roll Call is not underestimated by these men, who know what the organization has accomplished and what it must yet do.

"The newspapers have performed immeasurable service in presenting the Red Cross message to the public and that service has been reinforced by faithful endeavors on the part of men, women and children workers. We are gratified very much over the work of these agencies and are very proud that our organization has had the good fortune of commanding such devotion and loyalty.

"For the final days of the campaign every available resource will be thrown into the 'firing line' in order to assure the drive's ultimate success."

An increase in pay has been voted by the adoption of conference report by congress to third-class postmasters and assistants, clerks and postmasters of the first and second classes, and certain rural route carriers.

J. P. Morgan & Co. announce a proposed loan of \$250,000,000 for the British government in the form of three and ten-year government securities. The proceeds will be used in part to retire the outstanding bonds of about \$135,000,000 British government 5 1/2 per cent notes.

The manufacture, sale and transportation of "liquor" for the legitimate nonbeverage purposes, of denatured alcohol and other nonbeverage alcoholic liquids, and of certain beverages that are not "liquor," as near-beer, must be conducted under permits from the internal revenue commission.

Acting on the recommendations of the student honor council of the men's dormitory, the discipline committee of Southern Methodist university faculty at Dallas has suspended five upper classmen for one year, two for the remainder of the fall term and given heavy demerits to five others for their participation in the hazing of a freshman on the campus of the university.

What may prove one of the greatest industrial battles in history is believed to be the forecast by announcement of Samuel Gompers, president of the American Federation of Labor, that a conference of the heads of the 112 international unions affiliated with the American Federation of Labor would be held in Washington in the "near future" to discuss present and impending disputes.

Ford

THE UNIVERSAL CAR

Remember that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service—material, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers, trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer. We are getting a few Ford cars and first come first to receive delivery.

R. L. ALEXANDER

SEVERE MEASURES FOR PROFITEERING

LEVER CONTROL ACT NEEDED NOW AS MUCH AS DURING WAR, PALMER DECLARES

Washington.—Profiteering on the part of coal operators will be severely dealt with by the department of justice, and the prevention of profiteering of coal and other necessities is the prime purpose for the proposed extension for six months of the Lever food and fuel control act.

This was made clear by A. Mitchell Palmer, attorney general, when he appeared before the house committee on agriculture to urge favorable action on legislation now pending for extending war time food and fuel control restrictions for six months beyond the period of truce.

While no objections were made in the committee to the proposal to aid the federal authorities in dealing with the coal strike and prevent profiteering, opposition was manifested by several members to extend those provisions of the Lever act which do not affect the coal situation. To these objections Mr. Palmer urged that the whole act ought to be extended, first so that it would not appear that discriminations were being made, and second, because by complete extension he believes public opinion will more generally support the legislation.

The attorney general said that war time control is needed as much now as during the war, and possibly more. He gave his opinion as to the cause of the high costs of living, which he said are due to economic causes during the war, inflation of credits and profiteering.

"Under the law as it stands today all of the remedies provided for in the act could be enforced in time of peace, and all of the things which are declared to be unlawful would no longer be unlawful," said Mr. Palmer.

"Another cause for increased prices is the pyramiding of credits. Nations have borrowed tremendous sums from their people and issued securities, borrowed again and issued securities and repeated the process until we have inflation of credit, conditions which the law-making department can not change.

HAVE BEGUN NATION-WIDE ROUND-UP OF ANARCHISTS

Agents of Department of Justice Arrest More Than 200 in New York

New York.—A Nation-wide raid on anarchists has begun here.

Agents of the department of justice led by William J. Flynn, arrested more than 200 radicals assembled in the headquarters of the Russian soviet republic and after they had been taken to headquarters of the department of justice and cross-examined 50 were held for deportation as undesirable aliens.

Eight women were taken in the raid, of whom two were held for deportation.

While the men were being examined reports were received of other raids which were made on radicals at other cities.

It was learned that 36 warrants had been issued by Commissioner general of immigration Caminetti for radicals known to have been particularly active in the industrial unrest of the country. It was reported that these persons, who were particularly sought, had been caught. They were taken to police headquarters.

WANT U. S. TO KEEP OUT OF SUIT OVER BOUNDARY LINES

Texas Representative Says It Would Tend to Cloud Titles and Injure Owners

Washington.—Attorney General Cretton and associates, representing interests in the boundary suit brought by Oklahoma have conferred with officials of the department of justice with a view to the department disclaiming interest in the suit as it affects the area of 30,000 acres north of the Burkburnett oil field.

Representative Parrish made the opening statement, claiming that the litigation, with the government a party, would tend to cloud the title to a vast amount of property and injure owners who have been in peaceful possession for 50 years.

Asks Liquor Permit Blanks

Austin, Texas.—The first request from a railroad company for application blanks for permit to ship liquor under the Dean prohibition law, which became effective last month, has been received at the comptroller's department. It was from the San Antonio and Aransas Pass Railway company. The blanks were sent out and it is expected that the railroad company will soon file its application for permit.

EDERATION MEETING SUPPORTS STRIKERS

COUNCIL HOLDS INJUNCTION "SO AUTOCRATIC AS TO STAGGER THE HUMAN MIND."

AID OF PUBLIC WILL BE ASKED

Lever Act Said Never to Have Been Intended to Apply to Workers and Used Term Unjust

Washington.—Holding that the action of the government in the injunction proceedings against striking bituminous coal miners to be "so autocratic as to stagger the human mind," the executive council of the American Federation of Labor has declared in a statement issued after a four-hour meeting that the miners' walk out was justified, promised for the strikers the entire support of organized labor and asked aid and indorsement for it from the general public.

The Lever act, under which the government acted in the court proceedings, never was enacted to apply to workers, the council asserted, and its use against the miners was classed as "an injustice not only to workers, but to all liberty loving Americans."

The action was taken without the participation of William Green, general secretary of the mine workers, who is a member, but all the remaining principal officers of the American Federation of Labor were present.

"By all the facts in the case the miners' strike is justified, we indorse it. We are convinced of the justice of the miners' cause. We pledge to the miners the full support of the American Federation of Labor of our country to give like indorsement and aid to the men engaged in this momentous struggle."

EIGHTY ACRES SWEEP BY FIRE IN OIL DISTRICT

Man Killed and Damage Exceeding \$100,000 Caused at Waggoner City

Wicfat Falls, Texas.—One man was killed, several were more or less seriously burned, half of Waggoner City was destroyed and more than \$100,000 damage done in an oil fire which raked eighty acres of the northwest extension of the Burkburnett oil field, the largest producing oil field in America, Sunday. The fire was caused by lightning striking and exploding an oil tank belonging to the Apple-Dunlap-Bell company in block 84, on the outskirts of Waggoner City.

The main street of the town, which has about 12,00 inhabitants, and is the largest unincorporated settlement in America, was a sheet of water on account of the recent incessant rains. Down this natural carrier the burning oil waves flowed, searing everything they touched. Between 40 and 50 structures, including nearly all of the business section, were destroyed. Among them was the new home of the Waggoner bank.

A thousand people are made homeless at Waggoner City as a result of the fire. A pouring rain, which set in soon after the fire began, added to the discomforts of the sufferers, but could do nothing to check the oil fire, because oil burns easily on the surface of water.

INDUSTRIAL CENSUS IS TO BE MADE IN TEXAS

Three Zones Created for Gathering Information During Coming Census

Washington.—Three industrial zones will be established in Texas for the purpose of taking the industrial census with the decennial enumeration beginning next January, as a result of a conference between officials of the census bureau and Representatives Summers and Lanham, and G. S. Maxwell, secretary of the Chamber of Commerce and Manufacturers' association of Dallas. They will be the Dallas-Fort Worth zone, the Houston-Galveston zone and the San Antonio zone.

It has been the policy to take the industrial enumeration throughout the counties, without regard to sections, of large manufacturing production. This year the county census is to be made as usual, but in the zones the inquiry will be somewhat more complete and go into greater detail.

Expenses Lowest Since June, 1917

Washington.—Secretary Glass has announced that during October the ordinary and special disbursements of the government amounted to \$576,349,205, the lowest since June, 1917.

Brazil Contracts Loan in

Rio Janeiro.—Insistent rumors are in circulation in financial circles that Brazil has contracted a large loan in the United States. The amount is given as approximately \$50,000,000.

Ohio Dries Lead By 1,480

Columbus, Ohio.—Complete returns from all but two precincts in the state, including officially returns from 85 of the 88 counties, gave the dries a majority of 1,480.

Bill Will Not Surrender

The Hague.—Former Emperor William is still in Holland. There has been no demand officially or unofficially, for his extradition or delivery up to the allies, nor has Holland changed its viewpoint toward him.

No Action Against Liquor Violators

St. Louis, Mo.—Proceedings against violators of the war-time prohibition law have been ordered temporarily stopped by Federal Judge Pollock here.

Students To Pick Cotton

Tahoka, Texas.—On account of the scarcity of farm labor and so many school children being out of school to pick cotton, the public school here has been dismissed for several days.

Treaty Effective Nov. 28

Paris.—The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well informed circles in Paris, Nov. 28.

Bolivia Not Given Outlet

Santiago, Chile.—Categorical denial of reports from Washington that Chile had ceded Bolivia a strip of land north of Arica, which would give Bolivia an outlet to the sea made by the Chilean government.

MISS JOHN GILLILAND

"MICKEY"

"Mickey" which will have its premier presentation under the direction of Mack Sennett at the Princess Theatre for 2 days is filled with love, adventure and thrills, it vibrates with the contrast of poverty and wealth, it contains every element of human appeal, and because of all these things, critics have termed it the greatest motion picture ever produced. It is not the most spectacular, it is not the largest, and it is not many things, but it is the supreme achievement of the master of screen craft, and producer of comedies who shows his ability and versatility in being able to make a play that will appeal to every man, woman and child, old or young. "Mickey" is a lovable little hoyden played by Mable Norman and before the fact is realized she is no longer Mable Norman the actress, but Mickey, the little girl that will not be forgotten, the girl who has stolen her way into the hearts of human beings and there nestles closely in a

warm spot she has found waiting for her. "Mickey" is a super picture that comes once in a lifetime, it runs the gamut of human emotions with its humor and comedy, its slapstick farce, its romance, its suspense, in fact almost everything and anything that an audience expects in any sort of great play. The modern day audience who has looked on awe inspired at the massive film presentations of the producers, have another thrill coming in "Mickey." In short, it is a de luxe presentation, censor proof, wholesome, thrilling and to the very last scene satisfying. The cast of "Mickey" is an exceptional one, the foremost stars of comedy drama, and romance were gathered together during the making and from the galaxy were picked those most suitable to portray the parts assigned them. "Mickey" is well worth the wait we have had. Friday and Saturday, November 21st, and 22nd., Continues from 2:30 p. m. until 11 p. m.

Tractors

We are agents for the best Tractors made and have on hand

10-18 CASE

10-20 TITAN

If you are interested in a Tractor, come in and see us. We would like to demonstrate these Tractors to you

Tractors not only reduces man and horse labor required on a farm, but does the work more quickly, which means much when the season is late or weather conditions unsettled.

Let Quality be the determining factor when buying a Tractor. The best is the cheapest in the long run.
