**The Agricultural Outlook**

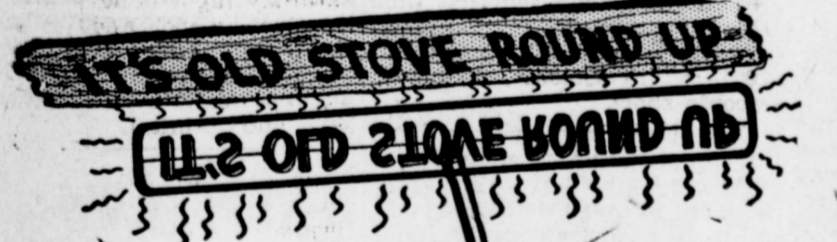

Eureka, Kansas, Nov. 7 — Last July, I forecast a bumper total crop outturn for this year. Thanks to Mother Nature's fine co-operation, the 1952 total crop volume is the second largest of record.

**SUMMER CROP RESUME**  
The above is notwithstanding the ever drought that prevailed in some areas. This year's total wheat crop amounted to 1,298,921,000 bushels, the second largest ever recorded. From the price standpoint, this huge outturn undoubtedly would prove burdensome were it not for government loans. Substantial amounts already have been impounded, a fact that may result in some stringency later.

The rye crop was the poorest on record, amounting to only 15,759,000 bushels; but this will be supplemented by sizeable imports from the large Canadian surplus. The barley yield also was relatively small, but it should suffice. The same may be said for the below-average crops of oats and flaxseed. Hay did very well, with an above-average outturn of 103,858,000 tons; nevertheless, shortages are indicated in some areas this winter. Rice rang the bell, with a record production of 47,730,000 bags (100 pounds each). This is fortunate in view of the expected heavy foreign and domestic demand for rice.

**HATS OFF TO CORN**  
Among the fall crops now being harvested, corn undoubtedly is king. This year's indication outturn of 3,256,550,000 bushels will be second only to that of the record 1948 crop of 3,605,000,000 bushels. Furthermore, this year's corn is of very high quality, a matter of great importance to growers, as well as to livestock interests. Although cattle prices have dropped sharply, and may decline somewhat further next

**Says We Want To Go Easy On Fighting Chinese. Might Have To Feed 'em**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has an odd slant on the war situation, his letter this week reveals.

Dear editor:  
I have been noticed with alarm that some people throughout this country are arguin we ought to roll up our sleeves and end the Korean war even if it means takin on China too.

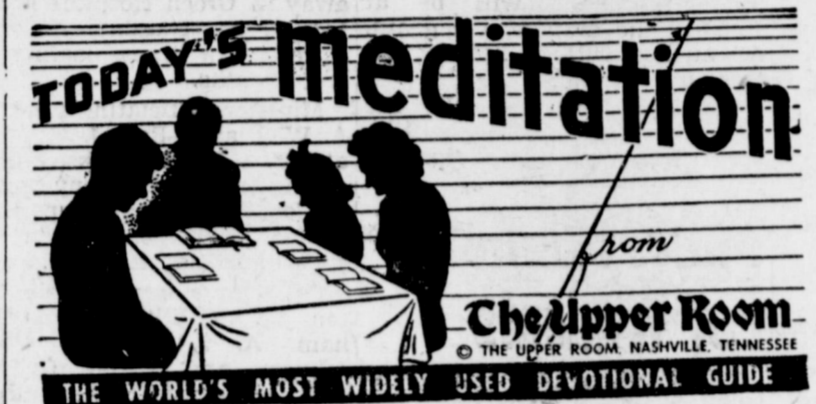

Now people who talk like that ought to go a little slower, and I notice most of em probably ain't of fightin age any more, but the reason they ought to go a little slower is this: Suppose we decide to end the war, start bomb-

in supply bases in China, and we have to take on that country too. Now I ain't sayin we can't whip China, what I'm afraid of is that we can.

That is, say we bob the day. Lights out of em, finally land troops and take the country. Everybody over there gives up. Then what?

Don't you know it'll then be our job to feed em and don't you know it'll break this country tryin to feed 400 million Chinese? Maybe we can stand to whip Germany and feed only 150 million, or Italy with 50 million or so, but you whip China and take on the job of feedin 400 million and maybe more, ain't nobody really got a accurate count, and personally, I guess I could work a little harder and produce a little more, but saddlin the job of feedin 400 million Chinamen on us farmers, in addition to all

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

**THE LORD'S PRAYER**

And forgive us our debts, as we forgive our debtors. (Matthew 6:12.) Read Luke 17:3-10.  
During the occupation of the Philippines, a chaplain brought medical supplies to the prisoners on Corregidor. What he had done was discovered. He was imprisoned. One day a soldier injured him by striking him in the back of the neck with the butt of a rifle. Later the chaplain was forced to spend fifteen hours a day in an uncomfortable position.

In his agony, he began praying the Lord's Prayer. But when he came to the words, "Forgive us our trespasses, as we forgive those who trespass against us," he paused. Could he forgive one who had been so cruel to him, and who had denied medical aid to those who were so badly in need of it? After a long inward struggle, he finally said, "Yes." As he did so, peace filled his heart. He had no difficulty in continuing the Lord's Prayer.

Jesus Himself cherished no ill will, even toward those who were responsible for His death upon the cross. He prayed, "Father, forgive them; for they know not what they do."

**PRAYER**  
Merciful and gracious Father, help us to be kind and considerate of others. Through the power of Thy Holy Spirit, give us the desire and will to forgive

**DUE FOR OVERSEAS DUTY**

Master Sgt. Joseph W. Casey, his wife and their 5 year old son, Grady, have been visiting here with his parents, Mr. and Mrs. W. Q. Casey. After a month's Army leave, he will report at a New Jersey Army station and expects to be assigned to duty either in England or in Iceland. His wife and son will stay with her family in Haskell until such time as it is decided whether they will join him. Sgt. Casey has been stationed at West Palm Beach, Fla., since his return from duty in Okinawa.

**Four Bailey Co. Students At H-SU**

ABILENE — Two persons from Muleshoe, one from Bula, and one from Enochs are among the 1450 students enrolled at Hardin-Simmons University this fall. Janice Grimsley and Curtis Morgan are from Muleshoe. Gerad Thompson is from Bula and Ralph George is from Enochs. Reserve Officers' Training Corps courses are being offered at Hardin-Simmons this year for the first time. Freshman and sophomore male students are required to take the basic course in the branch general ROTC program. Advanced training also is offered.

Miss Grimsley, the daughter of Mr. and Mrs. Floyd Grimsley of 1507 Avenue C, is a sophomore at the university. Morgan, son of Mr. and Mrs. C. C. Morgan, is a Junior at H-SU. He is a member of Alpha Psi Omega, dramatic fraternity, Players Club, Ranger's, men's service organization; Life Service Band, Future Teachers of America and the Bookstore Staff.

Thompson, son of Mr. and Mrs. H. G. Thompson of Bula is a freshman at the university and is

the others we got to feed, is askin too much.

I tell you, if this country ever needed some real, deep thinkin, it needs it now. War just ain't what it used to be. To the victor used to go the spoils, but nowadays winnin a war is like whippin your brother-in-law. After you get it done you have to take him to the hospital, pay for havin him patched up, keep him around your house several months while he's recoverin, and then get him back on his feet economically.

I don't know what the answer is in Korea, the same as Eisenhower don't know, but anything that leads to feedin 400 million Chinamen ain't what I call statesmanship.  
Yours faithfully,  
J. A.

**David Herrin To Masonic Hospital**

David Herrin, five year old son of Mr. and Mrs. Donley E. Daniel of Muleshoe was admitted on October 29, to the Scottish Rite Hospital for Crippled Children in Dallas.

The hospital was founded 27 years ago by Texas Masons to provide the best treatment for Texas' crippled children at no extra cost to the patient.

Since that time, the Scottish Rite Hospital has treated over 15,000 children in the wards and 68,000 clinical patients. An expert staff of doctors, nurses and therapeutic technicians provides the treatment, both surgical and corrective, by means of contributions from the general public.

**taking ROTC training.**

Ralph George of Enochs, son of Mr. and Mrs. Roy R. George, is also a freshman and enrolled in ROTC courses.

**ATTENDED CONVENTION IN FT. WORTH**

**Quizdowners Lose To Lazbuddy**

Five girls and a boy from Lazbuddy out answered five boys and a girl from Morse yesterday to win 655 to 490 at the weekly Quizdown session at KGNC in Amarillo.

Lazbuddy Elementary School youngsters were dealt such "toughies" as: Name nine planets, and tell what the Norwegians were called long ago. Questions asked to Morse youngsters included: What is the largest country in Western Europe, and where is Betsy Ross' house?

On the Lazbuddy team were Cornetta Watkins, Glenda Robinson, Wanda Steinbock, Beverly Smith, LaNita Robertson and Dean Watkins. Alternates were David Carter, Alice Gordon and Carolyn Hinkson.

Representing Morse were Mike Berry, Joe Don Cotner, Gloria Turner, Tommy Womble, Kim Copeland, and Sonny Blankenship. Alternates were Johnny Clifton, Kay Leverton and Barbara Pruitt.

First place Lazbuddy won a new "Holiday" Zenith portable radio, through courtesy of Nunn Electric. Second place Morse will receive through the mail a Rand McNally World Globe.

In addition, Lazbuddy team members received individual gold medals and red, white and blue mechanical pencils from sponsors News-Globe and KGNC. Runner-up Morse team members received individual silver medals and mechanical pencils. Quizmaster was Monte Rosenwald. Bog Watson took charge.

of emcee duties. Bud Thompson was announcer.

At the half, Morse led 215 to 180.

Receiving mechanical pencils for submitting questions were: Morris Lee Blankenship and Terry Lynn Creitz, Adrian; Donald Wayne Rea and Jim Bivins, Stinnett; Larry Gould and Sara Sue Johns, Plainview; Leldon Womble and Jackie Breittling, Hereford; Dickie Eddleman, Goodnight; Rita Sue Witkowski and Tommy Brockman, Nazareth; Linda Middleton, Shallowater; Jack Cobb and Karen Stephenson, Claude; Betty Mae Waiser, Summerfield; Don Woods, Borger; Jesse Williams, Fritch; Ronnie Major, Groom; Hal Ratcliff, Dimmitt; Lewis Virgil, Clayton, N. **No Dead Furrows with a No. 33 Plow for Contours, Hillsides, Level Land**

The new Massey-Harris No. 33 Roll-Over plow is the efficient plow for contours and hillsides. It throws all furrows in the same direction. On level land it eliminates those troublesome dead furrows and expensive trips across big headlands. The No. 33 gives you a sturdy, efficient, 2-way mounted plow that's easy to operate. You can change from left-hand to right-hand plows instantly... automatically.

Come in and see the new Massey-Harris No. 33. We'll be glad to give you a free demonstration.

HOUSE PLAN No. 34

**Modern Ranch Home**

If you like the long, rambling type house you will really "take to" this Farm and Ranch Plan No. 5034. It gives you casual ranch house appearance in a very compactly arranged home.

The casement windows in the attractive kitchen will let in plenty of Old Sol's rays to both the work area and the eating space. This eating space is large enough for serving the family meals in comfort. Cabinet space is plentiful, and the arrangement of sink, range, and refrigerator will require a minimum of housewife mileage in meal preparation. Off the kitchen the

utility room will provide space for laundry equipment and possibly a freezer-chest. Field hands can get rid of sweat and grime in the shower off the utility room before entering the rest of the house.

The arrangement of the bath, utility room, and kitchen in one area permits a rather simplified plumbing system which will appreciably reduce the cost for materials and labor.

The living-dining area is more spacious than that found in most homes of this size. The large picture window and casements opening on each side will provide an abundance of light and plenty of ventilation.

All three bedrooms have wall space convenient for desirable furniture arrangement. The closets are unusually large, designed with sliding doors to save valuable floor and wall space. In addition, there is linen storage in both the bathroom and hall.

We suggest that this house be built of brick or masonry veneer with a concrete slab foundation and metal casement windows and cement asbestos shingle roof. The gables and front section under the porch should be painted wood to give the most eye-pleasing effect.

You can obtain blueprints for this The Muleshoe Journal Farm & Ranch House Plan No. 5034 and a handy list of materials by which you can figure your construction cost accurately. Send

**Another Great Feature of the JOHN DEERE "50" and "60" Tractors...**

**new "LIVE" Power Shaft**

You'll reduce clogging of power-driven machines to the very minimum... cut clutching and shifting time and effort by two-thirds—speed up every PTO job with a John Deere "50" or "60" equipped with the new "live" power shaft.

Operating completely independent of the transmission clutch, this "live" power shaft provides continuous power for operating PTO machines as long as the tractor engine is running. You can stop forward travel at any time, start up again while the power-driven machine continues to operate at full speed without interruption.

An independent clutch completely protects the power shaft and cushions shock loads on equipment. And for extreme conditions, a low gear of 1-1/2 mph lets you creep along taking in heavy crops slowly while the power shaft operates the power-driven machine at maximum capacity.

**OTHER OUTSTANDING FEATURES:** Duplex Carburetion • "Live" High-Pressure Power-Trol • Quick-Change Wheel Tread • Effortless Steering • Ultra-Modern Engineering • Greater Convenience • Unexcelled View • Unequaled Two-Cylinder Strength and Simplicity.

**Of the three leading makes of trucks, ONLY DODGE gives these extra values\***

When you buy a truck, you buy on facts. And the fact is... of the three leading makes of trucks, only Dodge "Job-Rated" trucks give you extra values listed below!

Truck costs are not just original price, but total costs over the life of the truck. Extra values make Dodge trucks the least expensive, on a basis of real truck costs, so see us today.

**\*Extra ENGINE values**

Most Truck Engines of 3 leading truck manufacturers assure you of profitable power.

Two Fuel Filters on all Dodge trucks keep out dirt—and help assure dependable power.

Floating Oil Intake avoids sediment, gives better lubrication, longer engine life.

45-Ampere Generator keeps battery charged even when using electrical equipment like heater, extra lights.

Water Distributing Tube on all models, cools valve seats... means longer, more trouble-free valve and seat life.

4-Ring Pistons, Top Ring Chroma-plated on all engines. Saves oil, reduces upkeep, keeps engines young longer.

**\*Extra CHASSIS values**

Shortest Turning Diameter of 3 leading makes means easier parking and handling.

Independent Parking Brake on all Dodge "Job-Rated" trucks gives you additional safety.

Cyclebond Linings on hydraulic brakes are rivetless. Give smooth stops, last longer.

Shot-Peened Rear Axle Shafts mean extra strength. Dodge trucks are built to last!

37-cyl Fluid Drive Available on 1/2-, 3/4-, 1-ton, and Route-Van models for smooth power.

Oriflow Shock Absorbers on 1/2-, 3/4-, 1-ton models give smoother riding, reduce wear.

**\*Extra BODY values**

Most Pick-Up Bodies of the 3 leading makes. You're sure of a pick-up that fits your job.

Most Stake Bodies, too. Center section of stake body is hinged for easy side loading.

Greatest 1/2-ton Panel Capacity... 155 cu. ft., plus greatest payload of 3 leading makes!

Greatest Vision Area of the 3 leading makes increases visibility, safety, handling ease.

Front Parking Lights, in which SAE-approved directional lights can be quickly installed.

Widest Seats of the 3 leading makes of trucks... 57" accommodate three husky men with plenty of elbow room.

Of the 3 leading makes, only DODGE gives you these, and many more, extra values!

**BEWARE OF A BARGAIN**

After Studying The Chaos Attending The Opening Of Other TV Markets, Your Local TV Dealers Have A Word Of Advice To Prospective Buyers!

"Beware of obsolete sets. Many defective sets, in other markets were polished up and sold as new. Few buyers took the precautions to secure guarantee of service and lost money on their investment.

On the streets of a neighboring city this past week a man was trying to sell obsolete sets. Someone will buy them, if they think they are getting a bargain, even though they will be useless to them in this market.

Offbrand sets carry no warranty service and the buyers stand unprotected. Be SAFE. Do business with an authorized dealer who will stand behind a

guarantee of qualified service.

Having established the fact that it is dangerous to do business with other than authorized dealers, it is equally foolhardy to do business with other than LOCAL merchants, because the same service problem for you exists itself. For example, if you buy a TV set say as far away as 30 miles from your home, you cannot expect prompt and adequate servicing... and when you consider that your investment in TV is quite substantial you really can't afford to let it sit idle for any long period of time. SO... WHEN BUYING A TV SET... BUY ONLY FROM AN AUTHORIZED DEALER... BUY LOCALLY!

THIS IS THE FIRST OF A SERIES OF ADS, PUBLISHED BY YOUR TV DEALERS DESIGNED TO GIVE THE FACTS ABOUT TELEVISION THAT WILL ENABLE YOU TO GET THE MOST FROM YOUR TV INVESTMENT NOW... AND TOMORROW.

### Club Contributes To Cyclorama Fund

George Glover, high school principal, announced Wednesday that the Muleshoe Study Club donated \$20 to the fund for the cyclorama for the high school auditorium. This brought the total of the fund to \$1301. The curtains are to be hung by next week. The curtains for the side windows will be maroon velvet pull drapes to match the stage curtain. Grey velvet will be used at the back of the auditorium.

### Philathea Circle To Aid Family

The Philathea Circle of the First Methodist Church met Thursday, Nov. 6, in the home of Mrs. Deon Awtry with Mrs. J. T. Shofner, president, presiding. Reports were made from the project committees concerning the sale of Christmas cards. Mrs. Edsel Bynum who was in charge of the program, gave an interesting discussion of the Book of Ruth. Members present were Mesdames Mack Ragsdale, J. K. Adams, Horace Edwards, J. T. Shofner, Edsel Bynum, Roy Whitt, Bennie Chapman, Paul Gardner, David Wyr, David McRynolds and one visitor, Mrs. Claude Faubus. The next meeting will be in the home of Mrs. Edsel Bynum November 20. Each member is to bring an item for a basket to be packed for a needy family's Christmas.

### WSCS Observes Education Week

The Woman's Society of Christian Service of the Methodist Church met Monday, Nov. 10, at 2:30 p. m. in the Wesleyan Class Room of the Fellowship Hall for study and observance of American Education Week. "Children in Today's World" was the subject of the devotional emphasizing our responsibility and the importance of "Their Homes, Their Heritage, Their School, Their Country, Their Opportunity and Their Future". The lesson from the book, "African Heritage", was given in a comprehensive manner by Mrs. H. M. Shofner and Mrs. R. O. Gregory. They stressed the importance of the widening educational needs in Africa. They stated that it is important that these gifts of reading and writing should come from Christian hands. Mrs. I. F. Willman told of the Nyadiri babies in the Methodist Mission Station in Rhodesia, South Africa. Rev. and Mrs. Lenart Blomquist are now at Texas Tech at Lubbock for a year's study. They are in charge of this mission. During a short business session, Mrs. R. O. Gregory, acting secretary due to the illness of the secretary, Mrs. Arnold Morris, read the minutes of the previous meeting. They were approved. Reports on members who were ill were made. Mrs. J. E. Day dismissed the Society with prayer. PAPER & OFFICE supplies at the Journal Office.

### H. D. Club Meets In Briscoe Home

The Muleshoe Home Demonstration Club met Tuesday, Nov. 11, in the home of Mrs. C. E. Briscoe with Mrs. Bobby Hardy as hostess. The roll call was answered with "The most interesting home made gift I ever received." Mrs. Dian Reed gave a very good demonstration on making a true sponge cake. A card of thanks was read by Mrs. S. C. Caldwell from Abilene State Hospital. One of the girls being sponsored by the club from the hospital is now at home and another was recommended by the hospital to be sponsored in her place. She was accepted. A Christmas box will be packed for these girls December 9 in the home of Mrs. Sylvan Robinson. Dresses will be made and sent by the club and each member will contribute treats to fill the box. Several gifts were received from secret pals. Refreshments were served to the agent, Mrs. Dian Reed, one visitor, Mrs. E. R. Wright, and members, Mesdames W. H. Awtry, Ethel Julian, Don Bruns, J. E. Day, S. L. Robinson, T. F. Maddox, Dave St. Clair, J. L. Smallwood, Peggy Thompson, D. R. Aylesworth, C. H. Gillis, Roy Carney, S. C. Caldwell, Walter Witte, and C. E. Briscoe by Mrs. Hardy. COX ATTEND NATIONAL THEATRE OWNERS MEET Mr. and Mrs. Howard Cox left this morning for Chicago to attend the annual convention of the National Theatre Owners Association. They will visit briefly in Springfield, Ill., with his sister and husband, Mr. and Mrs. R. L. Althouse.

**NUMBER ONE** item on most anyone's list of automobile "musts" is power—the life and lift of your going.

In this Buick SPECIAL you get a valve-in-head high-compression Fireball 8 Engine that can pour out a wealth of the thrillingest power you ever held rein on—more power per dollar than you'll find elsewhere.

Number Two is ride—the way you go—the comfort and steadiness and luxury of your travel.

Every Buick has big soft coil springs on each wheel to cushion your way—and an unyielding torque-tube that firms and steadies your ride. Yet these are just two of the fifteen

Buick ride features that cost, literally, more than a million dollars to engineer.

Then there's style, there's room, there's visibility, there's handling ease—all part of your travel—all helping to make the difference between good going and great going.

But price is very much part of the picture, too—what you pay for what you get.

So when you add in the big horsepower rating you get in a Buick, plus the extra thrill and thrift of its Fireball performance...

When you measure the inches of room, count up the many hours of comfort through the years, check off things like durability and solid satisfaction and high trade-in value...

And when you put this total against the price of a Buick—you're going to say, "Man! That's great going all the way!"

Come in and see us today or tomorrow, won't you?

## Farm And Ranch Credit School Is Projected For Bankers In December

Down to earth farm problems which daily face bankers as they handle farm loans will get top billing at the second annual Farm and Ranch Credit School for Commercial Bankers. The school, scheduled for the period from December 7-10, will be held in the Memorial Student Center on the campus of Texas A & M College.

According to Tyrus R. Timm, professor of agricultural economics and program chairman

the school is sponsored by the School of Agriculture under the leadership of Dean C. N. Sheppard. Activities begin with an informal gathering on the evening of December 7 and concludes at noon on the 10th. Timm says registration is limited to commercial bankers and some 175 from every section of Texas and adjoining states are expected to attend. Among the subjects up for discussion are soil and water conservation, production efficiency, rental agreements, correspondent loans, outlook or agricultural prices and other related problems. Timm believes the information to be presented will not only be of tremendous value to the bankers but also to farmers and ranchmen.

He calls special attention to the class sessions to be taught by O. V. Wells, chief, Bureau of Agricultural Economics, USDA, on "The Agricultural Outlook for 1953 and Beyond." Mr. Wells is internationally known for his forecasts and studies in this

## Reading and Lighting and 'Rithmetic

Look what some figure-happy statistician just found out. From kindergarten through high school, school kids have to plow through a pile of books 18 feet high. A photograph taken of this pile of books would make your eyes ache.

Close visual work is hard on the eyes. A New York State survey of 83,000 students showed only one in 20 kids had vision defects at kindergarten age. By senior high, eye troubles affected six students in 20.

Good lighting is one readily available means of making seeing easier for these students. Lighting engineers find that over half the schools still use old, globe-type fixtures that give only one-sixth the light that ought to be on the desks.

In those schools that have installed modern lighting, teachers report that students are more eager to study, are happier and require less discipline. The teachers find their jobs easier.

To help schools analyze what light is needed, General Electric engineers work out various lighting systems in model classrooms where effects can be demonstrated and compared. A booklet is offered, "Making Schoolwork Easier on the Eyes," in which current practices are summed up. (Write the Lamp Division, Nela Park, Cleveland, Ohio.)

It is the aim of General Electric to translate its engineering help into public service at the community level.

You can put your confidence in—

## CONGRESSMEN TO ANSWER VOTERS' QUESTIONS IN STATE-WIDE MEETING AT FT. WORTH NOV. 21

BROOKS BURLESON DIES FISHER LUCAS

IKARD POAGE REGAN TEAGUE WILSON

Pictured above are ten of the twelve members of the U. S. House of Representatives who will discuss national and international issues with the people of the state in the second annual Texas Congressional Forum in Fort Worth, November 21. The public is invited to attend and to ask the legislators questions. Members of the Forum Panel pictured above are: Jack B. Brooks, Beaumont; Omar Burleson, Anson; Martin Dies, Lufkin; O. C. Fisher, San Angelo; Wingate Lucas, Grapevine; Frank Ikard, Wichita Falls; W. R. Poage, Waco; Ken Regan, Midland; Olin E. Teague, College Station and J. Frank Wilson, Dallas. Other members of the panel will be Brady Gentry, Tyler, and John Dowdy, Athens. Ed Gossett, Dallas, former congressman will be the moderator. R. B. Anderson, Vernon, will deliver the keynote address, prefacing the question-and-answer session. The Forum is sponsored by the West Texas and East Texas Chambers of Commerce and the Fort Worth Chamber of Commerce. It will open at 2 p. m. in the Texas Hotel ballroom.

## Christian Science Program Nov. 23

The popular CBS Columbia "Church of the Air" will originate in a program from Texas this

field.

The changing agricultural picture in Texas plus the drought which is well into its third year in some sections of the state has brought many serious problems to the farm loan business, but, says Timm bankers, as well as leaders of other credit agencies, are to be commended for the positive steps being taken to overcome these obstacles.

### Credit Is Necessary

Credit, points out the professor, is a mighty important and necessary part of most farming and ranching operations. Also, farm and ranch loans make up a sizeable share of the business of hundreds of Texas banks. Last year, he says, 158,915 Texas farmers and ranchmen borrowed \$571,923,000 from 851 commercial banks in the state for carrying on their agricultural enterprises.

Because of the great importance of this phase of the banking business, Timm adds that twenty-eight commercial banks in Texas now have on their payroll full-time agricultural representatives; farmer banker clinics are proving very popular and that this month the first national meeting of agricultural representatives of commercial banks will be held in Louisville, Kentucky.

Timm believes that the highly commercialized farming and ranching operations in the state will continue to require large amounts of credit and on terms which fit the production and marketing patterns of Texas agriculture. Schools, such as the one planned for Texas A & M in December, will help train bankers for doing a better job of fitting their operations into the complex picture of modern day agricultural production.

Timm says requests for reservations and other information on the school should be directed to Dean C. N. Sheppard, School of Agriculture, Texas A & M College, College Station, Texas.

month. The nationwide network will air a 30-minute program on Christian Science, Sunday, November 23, at 9:00 a. m. (CST) from Radio Station KRLD, Dallas.

"Can Religion Heal?" will be the subject. Vaughn Willbur, a former First Reader of Fifth Church of Christ, Scientist, Dallas, will be the speaker. Musical selections from the Christian Science Hymnal will be sung by a quartet accompanied at the organ by Mrs. Clio Pederson.

For many years Columbia's "Church of the Air" has been regularly presented to America from various CBS affiliated stations throughout the United States in order that representatives of many faiths may bring their messages to a nationwide congregation.

You do a better job... and you do it easier with MM Hi-Klearance Plows. Their greater clearance, 23 1/2" between share points and beam, 26 1/2" between share points, helps eliminate your trash problems... greater lift prevents dragging trash or stubble at the end of rows, lets you plow deeper when necessary, makes transport and turning easier.

MM Hi-Klearance Plows are built for strength and durability to meet the needs of modern, high-speed plowing. Longer land-slides on the rear bottom act as rudder for entire plow keeping it in alignment with line of travel. Heat-hardened, carburized shares give you longer plowing life. An adjustable hitch allows you to use Hi-Klearance Plows with all makes of tractors. Friction or Spring Trip hitches, standard equipment with Hi-Klearance Plows, protect shares and beams if plow strikes hidden obstacle.

**VALLEY FRUIT PROSPECTS**

Mother Nature certainly knew what she was doing when she fashioned the southern end of Texas.

Have you noticed? She shaped it just like an inverted cornucopia. And the abundance of agricultural products grown there bares out South Texas' resemblance to the "horn of plenty".

But what first comes to the average Texan's mind when he reads of the Rio Grande Valley is

"fruit". The crop suffered a severe setback after two consecutive years of hard freezes. Yet Texas still sends a considerable volume of citrus products to the nation's markets and is more than holding its own against California and Florida competition.

The citrus season opened in early October this year when an estimated crop of a million and a half boxes or more of oranges and grapefruit began moving out of the Lower Rio Grande. The crop is short of

The South Clovis automatic dial exchange of the E. N. M. R. Telephone Cooperative which went into service Nov. 8, is the first completely new exchange in the United States to be activated by a rural telephone cooperative under the new REA telephone loans program. A few existing telephone companies have previously put into service REA financed facilities to improve and expand rural telephone service in their operating areas but these systems were already providing some sort of service. E. N. M. R. will be operating an entirely new system in an area where there were no phones before.

About 60 rural subscribers will receive service from the initial cut over of the South Clovis exchange, Chitwood explained. Six additional exchange areas, in the vicinity of Pleasant Hill, Ranchville, Bellview, Grady, Weber City and Ragland are now under construction and are scheduled to go into service by the end of November.

Good progress is being made toward completion of other exchanges in addition to South Clovis, Chitwood said. Testing is starting on the Ranchville and Pleasant Hill exchanges which

are-freeze production but it is greater than in 1951, indicating the citrus industry is getting back on its feet.

Between 3 and 4 million trees are still standing and 1,117,000 excellent trees are in the nurseries this year. Soon the Texas housewife will once more have her pick of fine fruits from our own state.

Future predictions are based on present nursery stock. This year it is in better condition than usual. Many nurseries report they are sold out and inquires on sales have increased tremendously since the early rains in the eastern part of the valley. Many growers who cleared their orchards after the freeze in favor of cotton have indicated they want to replant their trees.

Heavy pink bollworm damage and the drouth this year are big factors in the switch back to fruit. One grower observed he can't get cotton up without moisture but citrus could withstand drouth and still make a fair crop. Other farmers believe resetting the orchards will help solve the water shortage. Vegetable and cotton crops are heavy users, they claim, while citrus can survive with comparatively little moisture.

The 1,117,000 budded trees now in nurseries will be ready for fall and spring delivery in the Valley. About 3,500,000 seedlings are in the seed beds for future needs. Texas citrus is well along the road to recovery.

**Robinson Farm Sale November 18**

James Robinson will hold a farm sale Tuesday, November 18, at his place, 1 mile south and 1 mile west of Lazbuddy. The sale will begin at 10:30 a. m. and the P. T. A. ladies of Lazbuddy school are to serve lunch. There will be free coffee.

Mr. Robinson is offering a very large list of farm machinery and equipment, also miscellaneous articles of farm tools and accessories. Also, there is a list of dairy and beef cattle for sale, some hogs and chickens.

Col. Dick Docher, of Farwell, is to be the auctioneer and Orval W. Francis will clerk the sale.

**Galloway Sale Was Held Today**

About the first event of the new farm sale season was held today. A. E. Galloway advertised an auction sale of sheep, dairy cattle, hogs and farm equipment and miscellaneous items.

The Galloway place is located 5 miles northeast of Muleshoe.

Kenneth Bozeman & Son, of Lubbock, were the auctioneers for the sale and it was clerked by Tom Morgan. Mr. Morgan said he expects quite a few farm sales will be listed soon in the Muleshoe territory.

**What's the biggest "little" business in Texas?**

It's the business that employs one out of seven Texas jobholders . . .

It's the business that helps to bring you everything you buy, use, eat or wear . . .

It's the business whose taxes build one-third of all Texas highways . . .

It's the TRUCKING business! Over a million Texas men, women and children depend directly on it for their livelihood.

Yet—fifty-six per cent of Texas' trucks are owned by individuals with only one truck. Trucking is probably the biggest "little" business in the State!

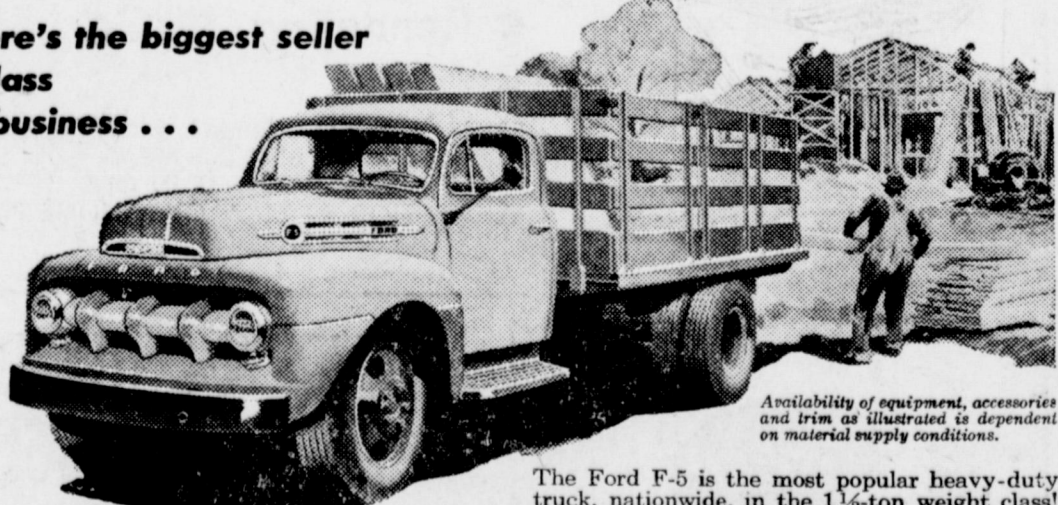

Texans can't do business without truck transportation.

No community can exist, even if it is on a rail line, without trucks to haul goods away from the railroad and get them to stores and homes.

There are 1,788 Texas towns that have no rail service at all. If it were not for trucks, they would have no commerce with the rest of the State and the nation.

Wherever you live in Texas, whatever you do—trucking services are essential to your way of life. Trucks belong!

And here's the biggest seller of its class in the business . . .

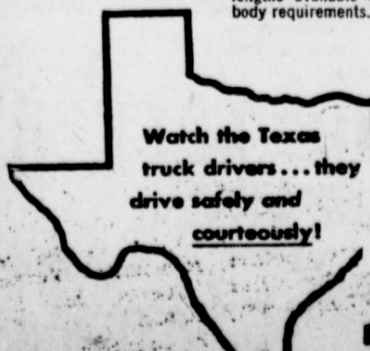

Availability of equipment, accessories and tires as illustrated is dependent on material supply conditions.

The Ford F-5 is the most popular heavy-duty truck, nationwide, in the 1 1/2-ton weight class! It out-sells everything in its class, because it out-values competition. Here's an all-purpose performer with a payload capacity that goes over 5,600 lbs. . . lets you carry big bulky loads with ease. Choose new V-8 power—or all-new Six!

Whatever your work, the rugged Ford F-5 gives all-around economical operation. 3 wheelbase lengths available for your special purpose body requirements.

## Bailey County Asked To Nominate Young Lady For "Maid Of Cotton"

LUBBOCK, Nov. 10 — Approximately \$1,000 worth of clothes, travel expenses and entertainment are waiting for some young lady from West Texas who participates in the South Plains Maid of Cotton Contest to be held in Lubbock November 24.

But there are only a few days left to enter the pageant. Application blanks must be mailed to contest officials on or before Monday, Nov. 17.

As in the past, the winner of the South Plains contest will be one of 20 finalists from cotton-producing states to compete for

the National title which carries with it a six-months expense paid tour of Europe, South America, Canada and the United States. The National Maid of Cotton will be selected in Memphis, Tenn., Dec. 29 and 30.

Officials of the South Plains contest are particularly interested in having several young ladies from Bailey County enter this month's contest. Entry blanks are available at The JOURNAL, Box 561, Lubbock.

**All unmarried girls, between the ages of 19 and 25 inclusive, who are 5 feet 5 inches or taller, and who were born in a cotton producing state are eligible.**

The contest committee has pointed out that this is not a beauty contest in the usual sense. The South Plains Maid of Cotton will be selected for her poise, personality, intelligence and appearance. Judging at the Lubbock contest will be on the same basis as will the National finals.

The girl selected as the South Plains Maid of Cotton will receive several hundred dollars worth of clothes for the National contest. She will also be provided air transportation to and from Memphis for herself and the chaperon of her choice. During her stay in Memphis she will have all expenses paid. Each finalist receives a screen test; she is given instruction in modeling and posture; newsreel newspaper and television cameramen record the judging in pictures; and the girls get to meet many of the leaders of the nation's huge cotton industry.

**All of this will go to some young lady from West Texas. It might be you. Mail your entry blank to South Plains Maid of Cotton Contest, Box 561, Lubbock, Texas, before the November 17 deadline.**

## Social Club Meets In Stevens Home

The Pleasant Valley Social Club met in the home of Mrs. W. A. Stevens Wednesday, Nov. 5. The meeting was called to order by the president and roll call was answered.

Delicious refreshments were served to visitors, Mrs. Glenn Stevens, and Mrs. Opal Robson, and members, Mesdames Doyle Turner, Leroy Hicks, Oscar Allison, Floyd Andreas, John West, Raymond Roubinek, Gerald Allison and Elmo Stevens.

The next meeting will be held November 19 in the home of Mrs. Doyle Turner.

### VISITORS FROM ABILENE

Mrs. L. D. Thomas and son, Warlick and Miss BeeGee Langham of Abilene visited Saturday night and Sunday with Mrs. Thomas' parents, Mr. and Mrs. W. H. Kistler.

## Rotary Plans Ladies Night

The Rotary Club of Muleshoe is to stage a ladies night program and banquet the evening of December 16, it was decided at the meeting of the club Tuesday, D. B. Lancaster, D. L. Morrison, Clyde Holt and Onard Upton were named to a committee to make arrangements.

Each Rotary member and his lady will have as guests a farmer friend and his lady for the occasion.

Guests included Benny Bickel of the high school; Earl Fine, of Lubbock; and Rotarian H. H. DeLozier, of Clovis.

Mr. DeLozier was the principal speaker on the program and had for his subject the growth of Communism in the world. He said the ultimate objective of world Communism is world conquest, and he warned that there are many Communist sympathizers in this country.

He urged every American to be on the alert to thwart the growth of Communist tendencies in our governmental and economic life. B. A. Dalton had charge of the program. The speaker was introduced by an old friend, Rotarian E. O. Baker.

## Rebekahs To Honor Husbands

The Muleshoe Rebekah Lodge met in regular session Tuesday night, with Noble Grand, Hazel Nowell, presiding.

Plans were made for a Thanksgiving program and dinner to be given at the I. O. O. F. Hall Tuesday night, Nov. 25, for members of the Lodge and their husbands. Everyone wishing to attend are asked to bring a covered dish.

Nomination of officers will begin next Tuesday night. Team practice is also scheduled to start.

## Dec. 1st Is ACP Deadline

December 1 is the final date for signing the 1953 ACP Intention Sheet by Bailey County farmers, according to announcement of the county PMA committee. It was intended that each farmer should be interviewed by his community committeeman in regard to practices the individual wanted to carry out under the Agricultural Conservation Program.

Farmers are reminded that if the committeeman has not contacted them, they should look the committeeman up soon and sign the sheet showing what practices are planned for each farm. Farmers who do not sign this sheet are not eligible to participate in the 1953 program.

The PMA office personnel does not accept these requests. They must be made with the community committeeman.

The Bailey County PMA Committee is composed of the following: Henry E. Schuster, Chairman, Muleshoe; Troy L. Actkinson, Rt. 2, Muleshoe, vice-chairman; John W. Gunter, Enochs, member; J. K. Adams, county agent, Muleshoe, ex-officio, member; and Travis A. Winter, Muleshoe, secretary.

Mrs. Leroy Hicks, Mr. and Mrs. George Wuerflein, Mr. and Mrs. Harold Allison, Mr. and Mrs. Floyd Andreas, Mr. and Mrs. John West, Mr. and Mrs. Kenneth Osborne, of Hobbs, N. M., and the host and hostess, Mr. and Mrs. Oscar Allison. The evening was spent playing "Forty-two" and "Canasta". LEDGER SHEETS in stock at The Journal.
