

Here At Home

By J. M. Forbes

Muleshoe Lady:

I have interviewed his honor, Mayor Bovell, and other authorities about this surplus of dogs. I realize that the dog is man's best friend, alright, but your neighbor's dog on your flower beds and garden is something else. Please, let each family control his own dog. I know, too, that some dogs and all dogs should be licensed and wear a collar. But I know, also, that a dog with a collar will ruin your flower bed as quickly as one that doesn't wear a collar.

Now then, lady, this column is positively and absolutely not going to get into the annual spring dog dispute. We merely print this, as you suggested, then dodge.

Some statistics showing that it pays to get an education were presented by Bob Gregory, MC at the education day program:

WORTH OF EDUCATION

The worth of a grade school education, in earnings, we presume over an average life time, \$64,000; high school, \$88,000, a gain of \$24,000; college, \$144,000, an increase over a grade education of \$56,000.

U. S. Census figures show a college graduate earns 20 to 40% more than the high school graduate.

Federal Reserve Board survey shows: 36% of college graduates earn more than \$5,000; 14% of high school graduates earn \$5,000; and only 8% with only a grade school education earn as much as \$5,000.

Ten million families, representing 38 million people of the U. S. had less than \$2,000 income yearly.

Sixty-four per cent of these 38 million people did not go past the 8th grade; 6% did not go past the high school level of education.

Driver Training Film Shown Here

James Crow, of C & H Chevrolet company, Muleshoe, presented a film depicting the child and youth driver training program being conducted in the schools of Phoenix, Ariz., before the Rotary Club Tuesday noon.

It is a very comprehensive program designed to teach traffic safety not only to the driver but to the pedestrian. The program is staged in cooperation with the Phoenix police department. Ray Franz was in charge of the program.

Franz brought the members up to date on the progress being made on the Little League baseball park in preparation for the beginning of the season of play after the school term is over. Concrete was being poured Tuesday in the dugouts to be used by the youngsters. Julian Lenua has volunteered to lay the concrete tile in the dugouts free of charge.

Rotarians Sib Stone of Sudan, and Clarence Whitley of Portales Club made up their attendance at the meeting.

TB Sanitorium Asked For Area

The Lamb County Farm Bureau is sponsoring a move to have a Tuberculous Sanitorium located in this part of the Plains. Due to the crowded condition at the State Tuberculosis, Carlsbad, Texas, the Lamb County Farm Bureau feels it would be profitable to establish one here. We have the ideal climate for such a place and at present enough patients, on the Plains, needing attention to nearly fill one up.

There is a waiting period to get into the State Sanitorium, which in some cases is much too long. The Lamb County Farm Bureau is soliciting the help of other County Farm Bureaus around Lamb County. Any individual interested in this project are invited to come by the Farm Bureau office or write to their Congressman telling him their wishes.

The Weather

Table with 3 columns: Date, High, Low. Rows for April 8 through 14.

Total moisture for the week was 3/4 inch. On Sunday we received .11 of an inch, on Monday, .12 of an inch, and on Wednesday .02 of an inch.

At Fort Bliss

PVT. MCCOOL

Pvt. Kenneth Ward McCool is now stationed at Fort Bliss, Texas, and is a member of the 7th Inf. Battalion, AAA, R. T. C. He volunteered for service March 15.

Pvt. McCool is the son of Mr. and Mrs. E. R. McCool of Muleshoe.

Upon completion of his basic training at Fort Bliss, he will begin eight weeks of training to become an antiaircraft artilleryman.

Colored Pupils Win Honors In Littlefield Meet

Students of the Muleshoe colored school made a fine showing at the South Plains Class B and C District Interscholastic League of Colored Schools meet held in Littlefield last Friday afternoon.

Awards were listed as follows for Muleshoe students:

LITERARY EVENTS

Senior Declamation: Chester A. Burks, first.

Spelling: 2nd place sub-junior: Tennie R. Washington, first; L. V. Nicholson, second.

Junior spelling: Margie Nell Bolton, first; Norma Ray Horn, second.

First place winners of this group will go to the state meet April 24 and are hoping to win first place there. The meet will be at Prairie View A. & M. College, Prairie View, Texas.

TRACK & FIELD EVENTS

100 yd. dash: Eddie Haynes, Jr., second.

50 yd. dash: Ella Louise Harris, first.

200 yd. relay, Muleshoe first: Ella Louise Harris, Norma Ray Horn, Ella V. Byrd, and Ella Mae Raybon.

440 yd. relay: Muleshoe first: Ella Louise Harris, Ella V. Byrd, Norma Ray Horn, Ella M. Raybon.

Bailey Co. Chapter Infantile Paralysis To Elect Officers

Meeting of the Bailey County Chapter of Infantile Paralysis will be held Thursday evening, April 15, at 7:00 p. m. in the banquet room of Gerald's Cafe. The purpose of the meeting is to elect officers for the ensuing year and reports of the outgoing officers will be given.

Mike Hyre of Abilene, state representative, will meet with the group and bring an interesting message on the Fight Against Polio in Texas.

Circle 6 Boys On Television

Muleshoe's Circle 6 Boys are to appear on TV next Tuesday evening, April 20, at 6 o'clock. The popular band will appear over KDUB-TV Channel 13 on the well known program "Community Crossroads."

Members of the band are Dan Crews, Jr., leader; Jackie Henderson, A. R. Vaughn, Dudley Hughes, Walt Simpkins, and Max Maloney.

COPLEYS ATTEND CONVENTION

Mr. and Mrs. A. W. Copley attended the forty-first annual convention of the Texas Cotton Ginners Association in Dallas last week. This convention was the latest convention held anywhere in the world. Six thousand members and visitors were registered during the three-day session.

The meeting was held in the Agriculture Building at the State Fair Grounds where one hundred ten exhibits were on display.

Wayne Bristow Wins Speech 1st At Littlefield

Wayne Bristow of Muleshoe high school won first place in extemporaneous speaking in the district five Interscholastic League Literary Events held at Littlefield last Friday afternoon. Slaton and Levelland each took four first places in the meet. Other winners by Muleshoe students:

Girls Debate: Muleshoe second. Girls extemporaneous speaking: Sue Young, second.

Slide Rule: Peggy McCormick, third; Billy Estep, fourth.

Spelling and plain writing: Beverley Kay Arnold and Joy Dean Warner, fourth.

Shorthand: Laura Whalin, third.

Miss Gaither, of the Muleshoe faculty, was one of the directors of the district meet.

Sunrise Easter Service Planned

A sunrise Easter service is to be held on the grounds of the Progress Methodist Church. The service will be a simple commemoration of the Resurrection consisting of special music, group singing, scripture reading, and a brief address. Three empty crosses will set the background for the entire program.

The service, which is sponsored by the Youth Fellowship, will begin promptly at sunrise. The two acres of lawn will accommodate all who wish to attend.

Following the devotional event everyone is invited to a fellowship breakfast in the picnic area located on the church grounds. "If you wish, bring along your bacon, eggs, and bread," said Carol M. Jones, pastor. "There will be plenty of hot coffee, sweets, etc. All are cordially invited. There are no charges."

Golf Tournament Here April 25

A Scotch Golf Tournament for both men and women players are planned for the afternoon of Sunday, April 25, on the Muleshoe Golf Club course. Teams will consist of one man and one woman player and no man and wife will be paired.

All entries in the tournament must be in by 12 noon, Saturday, April 24, and entrance fees must be paid to Buck Wood or Troy Wilkerson by that time.

There will be prizes for the top three teams. Pairings will be made Saturday afternoon and posted on the bulletin board at the golf course at 1 p. m.

An interesting feature of the tournament will be the awarding of a "blind hole" prize as well as other prizes. The number of a hole is drawn after the tournament and anyone who birdied that hole will be awarded the prize.

Annual CofC Banquet Scheduled Here Friday Evening, April 23

On Friday evening, April 23, at 7:30 p. m., the annual Chamber of Commerce Banquet will be held at the Muleshoe High School Cafeteria. This year's program, under the chairmanship of J. M. "Scoop" Forbes, will include the installation of new officers, presentation of awards, entertainment by LaVon and Don Copley and the "Barbershoppers" of Eastern New Mexico University.

The speaker of the evening will be Dr. Martin L. Cole, Academic Dean of Eastern New Mexico University. Prior to his present position as Academic Dean at Eastern New Mexico University, Dr. Cole served as Assoc. Prof. of History at University of N. Dakota, Dean of Augustana College and Dean of St. Olaf College.

He received his BA at St. Olaf

College, MA at University of Wisconsin and Ph. D. at Iowa State University. Dr. Cole is also widely known for his many articles and publications, most notably for his book "The Rise of the Legislative Assembly in Provincial Massachusetts."

O. D. "Blondy" Ray will serve as Toastmaster for the program. Ticket sales for the banquet will be handled by Onard Upton and will be available April 19 at the Chamber of Commerce office and/or through Mr. Upton and his committee.

New officers to be installed are Clyde Holt, President; Ralph Mardis, Vice-president; Ray Morrison, Treasurer; New Directors: M. L. "Butch" Baker, M. T. Wilson, Lloyd Alsop, and Karl Lovelady.

Another Traffic Light Considered

A traffic light may be installed at the intersection of South First and Avenue D as the result of traffic counts conducted here recently, Mayor W. T. Bovell told The Journal. He said no official statement had been received in the matter but that he understood the traffic count was sufficient that the Texas Highway Department would put up the light.

The count of motor vehicles going through the intersection during the 8-hour period averaged 570, it was said. The period included 3 hours last Tuesday afternoon and 5 hours of the following Wednesday morning.

If it is concluded that the light is needed, it will be erected by the state highway department, since state highway 299 is involved at this intersection. The department also maintains such traffic lights.

Stephens in Race For Commissioner Of Precinct 2

Lloyd Stephens has authorized The Journal to announce that he is a candidate for the office of Commissioner, Precinct No. 2, Bailey County. His candidacy is subject to action of the Democratic Party primary. Mr. Stephens made the following statement in connection with his announcement:

To the voters of Precinct No. 2. After long consideration, and on the advice of my many friends I have decided to run for commissioner of Precinct 2. I have no plans other than to work and act for the good of my precinct and county. I have been a tax payer of Bailey County for the past 15 years, also, a resident of West Camp community that long.

It is my aim to contact every voter, but if for some reason I do not see each one, your vote and cooperation will be more than appreciated. I realize the big undertaking this is and the only way it will be a success is by all working together.

Thanking each one of you in advance for your vote and help, I am, at your service.

Lloyd Stephens

Charles C. Taylor Qualifies As Carrier Pilot

Qualified as a carrier pilot, after six successful landings aboard the light aircraft carrier, USS Monterey in the Gulf of Mexico, is Naval Aviation Cadet Charles C. Taylor, son of Mrs. R. V. Dudgeon of Star Route, Sudan. He attended Texas Technological College in Lubbock.

The landings completed a stringent schedule in military, academic, physical and flight training at the U. S. Naval Air Station at Pensacola, Fla., "The Annapolis of the Air."

A course of instruction in instrument flying at the U. S. Naval Auxiliary Air Station, Corry Field, is his next step towards earning the coveted Navy "Wings of Gold."

Another Traffic Light Considered

A concentrated one-day campaign for Chamber of Commerce membership will be made on Tuesday morning, April 20.

Directors decided upon a one-day drive at their regular monthly meeting at the Chamber of Commerce office last Monday evening. Their review of the situation revealed that under present circumstances, and without an increase in budget a program such as was carried on in 1953 could be maintained, however, in the light of the newly prepared program of work as prescribed by the citizens of Muleshoe and Bailey County in the Community Clinic conducted in February, a minimum budget of \$12,000 will be needed and along with the increased financial support an urgent need of greater activity in the membership will be necessary.

The program of work as tentatively charted by the program of work committee will cover eight fields of activity: civic development, recreation, retail trade, highways and transportation.

This program that is being developed represents the first formal chart of activity for the Chamber and will cover such things as sanitation, city beautification, development of a supervised youth recreation, promotion of Little League Baseball, continuation of our solicitation program, increased publicity for Muleshoe, highway development, an industrial survey of the community and its resources, school ground beautification, visual aid facilities for the schools, investigating the possibility of a veterinarian hospital, continued support of 4-H and FFA, continued work toward the establishment of rural telephone service, the study of a possible bind-weed eradication program, a continued public relations program in the field of rural supplies, etc.

"These items have been definitely made part of our program and we sincerely feel that a comprehensive program such as has been devised will need more than token support", George Hicks, president said.

R. M. "Bob" Gregory has been designated as chairman of this drive and will provide this committee with a copy of the reviewed program in order that new members may well understand the function and nature of the Chamber of Commerce.

Working along with this membership committee the Board of Directors has voluntarily subscribed their active participation in this drive.

VISITED SISTER

Mr. and Mrs. Frank Wofford and daughters, Jane and Martha, of Wheeler, were Sunday guests of his sister, Mrs. E. H. Kennedy and Mr. Kennedy.

VISITED IN MARLOW

Mr. and Mrs. Donald Harrison and Betty Collins visited last Sunday in Marlow, Okla., with Mrs. M. F. Collins, grandmother of Betty and Mrs. Harrison.

THE MULESHOE JOURNAL

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 32, NUMBER 15 MULESHOE - County Seat of Bailey County - TEXAS THURSDAY, APRIL 15, 1954

C. of C. In Expansion Move

600 Students Attended "Education For Citizenship Day" Program Here

Six hundred students from 9 area schools registered here April 8 for the annual "Education for Citizenship Day". Schools which sent students included Friona, Bovina, Sudan, Springlake, Morton, Texas Way, Bulca, Muleshoe, and Lubbock.

Attendance and interest exceeded by far the expectations of the Muleshoe Chamber of Commerce, and Muleshoe schools administration, which annually sponsor the event.

Bob Gregory acted as master of ceremonies for the all day program. Principal speaker for the morning session included Dr. G. E. Giesecke, vice-president of Texas Tech, Lubbock; and Marshall Formby, Plainview, member of the Texas Highway Commission.

Colleges which had representatives here to participate in the various phases included West Texas State College, Canyon; Wayland College, Plainview; and ENMU, Portales.

Along with the college representatives were professional people who have been successful in their fields. These included Jessie Lee Young, of Jesse Lee's Beauty Salon, Lubbock; and Miss Rena Simmons, Braniff International Airways, an airline hostess. Local counselors included Dr. M. F. Green, medicine; J. K. Adams, agriculture; Mary Reed, Florist; and J. M. Forbes, journalism and advertising.

Rainfall Here Only 1/4 Inch

Muleshoe received only a quarter of an inch in the rains the first of this week which, however, were general over Texas. Many parts of the Plains had more than an inch, some reporting as much as two inches.

Men from various parts of the county told The Journal that the precipitation in their communities was about the same as here. "Not enough to change the outlook," is the way several farmers put it.

Rains in some section caused floods and brought heavy damage.

Farmers Urged To Attend Meeting

The Extension Service is sponsoring a Cotton Production meeting for Bailey, Farmer, and Curry County cotton farmers beginning at 8:00 p. m., Wednesday, in the American Legion Hall at Bovina.

Mr. Fred Elliott, Cotton Work Unit Specialist and Mr. Freeman Fuller, Extension Entomologist will come up from College Station for a part on the program. Joe Camp, A. S. C. Secretary for Farmer County will explain the community benefits to be derived from turning back allotted cotton acres that are not wanted so that they can be re-allocated.

The meeting is being held at Bovina because it is in the heart of a new cotton growing area that is the talk of the cotton industry because of a high production and rapid expansion. County Agents Joe Jones and J. K. Adams urge farmers of the Muleshoe trade territory to journey to Bovina Wednesday night for this meeting.

TO BRING MESSAGE

Albert Bobo, a layman from the First Christian Church of Lubbock, will bring the message Easter Sunday to the First Christian Church here.

OKLAHOMAS WERE HERE

Mr. and Mrs. Robert Hooten, of Oklahoma City, Okla., spent last weekend with Mrs. Hooten's parents, Mr. and Mrs. Mervin-Willter and other relatives.

S. S. Clinic Set For April 22

Three out of town teachers have been secured for the Sunday School Clinic that will be conducted in the First Baptist Church here next Thursday night, April 22. They are Rev. Bruce Giles, of Earth, and Mr. and Mrs. Ernest Hock, of Littlefield.

The Clinic will begin with a supper in the church dining room at 7:30. Departmental classes will follow.

Gayle Bowen, educational director of the church, said the Clinic is primarily for Sunday School workers, teachers and officials of the local church, but anyone interested here or in adjoining towns is invited to attend.

Butane Firm Has Two Way Radio

Wiedebush & Childers, butane and propane dealers here, have started service on a newly installed 2-way radio system. All vehicles and service wagons have the two way sets and the drivers are able to keep in touch with the office throughout the day.

Rudolph Wiedebush, a member of the firm, said the system is proving of great value to them in speeding service to their farm customers.

The radio was made by General Electric and operates on FM. Wiedebush said it has a radius of 50 to 60 miles. A tower 120 feet in height was erected on the company's premises in the west part of Muleshoe.

HOME FROM TRIP

Mr. and Mrs. Deltor Wenner and Mrs. F. L. Wenner are home after a ten day trip through states including Louisiana, Mississippi, Alabama, Florida, Georgia, Tennessee, Arkansas, and Oklahoma. They reported a nice trip, but said they were glad to be back on the plains.

First Christian To Have Revival

Harvey M. Redford, Evangelist from Dallas, will begin a Revival Meeting at the First Christian Church on Wednesday, April 21. Services will be held each night at 8:00 o'clock, except on Saturday nights. The revival will close on Sunday night, May 16.

Mr. Redford held a revival for the Muleshoe Church last fall, and while in the community made many friends.

The Evangelist is no stranger to the Panhandle, having served as Pastor of the First Christian Church at Hereford for seven years. After leaving Hereford in 1943, he served as pastor of the Christian Church at Greenville, Texas, and Hot Springs, Ark. He is now in the General Evangelistic work among Christian Churches.

The Evangelist holds both the A. B. and B. D. Degrees from Brite College of the Bible (Texas Christian University) in Ft. Worth. He is an able, fearless

REV. REDFORD and persuasive preacher of the Gospel. The public is cordially invited to attend.

More Members, Larger Budget, Being Projected

A concentrated one-day campaign for Chamber of Commerce membership will be made on Tuesday morning, April 20.

Directors decided upon a one-day drive at their regular monthly meeting at the Chamber of Commerce office last Monday evening. Their review of the situation revealed that under present circumstances, and without an increase in budget a program such as was carried on in 1953 could be maintained, however, in the light of the newly prepared program of work as prescribed by the citizens of Muleshoe and Bailey County in the Community Clinic conducted in February, a minimum budget of \$12,000 will be needed and along with the increased financial support an urgent need of greater activity in the membership will be necessary.

The program of work as tentatively charted by the program of work committee will cover eight fields of activity: civic development, recreation, retail trade, highways and transportation.

This program that is being developed represents the first formal chart of activity for the Chamber and will cover such things as sanitation, city beautification, development of a supervised youth recreation, promotion of Little League Baseball, continuation of our solicitation program, increased publicity for Muleshoe, highway development, an industrial survey of the community and its resources, school ground beautification, visual aid facilities for the schools, investigating the possibility of a veterinarian hospital, continued support of 4-H and FFA, continued work toward the establishment of rural telephone service, the study of a possible bind-weed eradication program, a continued public relations program in the field of rural supplies, etc.

"These items have been definitely made part of our program and we sincerely feel that a comprehensive program such as has been devised will need more than token support", George Hicks, president said.

R. M. "Bob" Gregory has been designated as chairman of this drive and will provide this committee with a copy of the reviewed program in order that new members may well understand the function and nature of the Chamber of Commerce.

Working along with this membership committee the Board of Directors has voluntarily subscribed their active participation in this drive.

Alcorn Home Is Setting For Tea And Book Review

The home of Mrs. Arnold Alcorn was the beautiful setting for a book review and tea, Thursday evening, April 8, when members of the Muleshoe Study Club entertained members of the Half Century and Los Planos Study Clubs.

A mauve and pink color scheme was carried out, and the home was further beautified by spring flowers.

Mrs. Buck Ragsdale, president of the Study Club, welcomed the guests, and Mrs. Glenn Dunn presented the guest speaker, Mrs. W. H. Willoughby, of Bovina. Mrs. Willoughby gave a very moving review of "A Good Man"

by Jefferson Young. The book concerns the life of a colored tenant in the deep south, who wanted to paint his house white. The author attempts to make readers of the book feel the desires of the colored man.

Mrs. Willoughby's negro dialect gave added color to her review, and her story telling ability was superb.

Those present were: Mmes. J. P. McCan, Reagen Looney, and W. H. Willoughby, of Bovina; Mrs. O. H. Atchison, of Level-land; Mmes. Ernest Kerr, Arch Fowler, Leota Witterding, C. R. Farrell, Lois Schoenberger, A. C. Bray, Beulah Carles, Ethel Hudson, Snow Davis, Mattie Duke, Birdie Paul, Alice Bulloch, Madge Clements;

Evelyn Johnson, W. D. Moore, Noel Woodley, Glenn Dunn, Alf Stovall, John Watson, Charles Lenau, Julian Lenau, M. F. Green, Buck Ragsdale, Harold

King, Vance Wagon, A. J. Gardner, Pat Bobo, Lee Pool, Jim Cox, H. L. Blackburn, and the hostesses, Mmes. Arnold Alcorn and Mary Hart.

Earth Rebekahs Visit Lodge Here

The Muleshoe Rebekah Lodge No. 114, met in regular session last Tuesday evening, with Fern Davis, Noble Grand, presiding, and Myrtle Freeman, Vice Grand, assisting.

Each member was reminded that Saturday, April 17, is Association Day at Sundown.

An invitation from the Lubbock Lodge, to attend a social, honoring the State Vice-president, Mrs. Lily Alexander, on April 30, was read to the group. Everyone who can attend is urged to do so.

After the business session was concluded, officers practiced their charges for the initiation

which is to be held next Tuesday evening, April 20.

Members having birthdays in January, February, March and April, are asked to bring a cake. Refreshments of pie, homemade ice cream, and spiced tea was served.

Five members of the Earth Rebekah Lodge were present. They were: Adria Welch, Fay Adrian, Minnie Spencer, Alta Mitchell, and Lora Bill Hickman.

A school of instruction will be held by Lodge Deputy Clara Lou Jones, on April 27.

CTA Of District IV Held Workshop Sat.

District IV of the Texas Classroom Teachers held a workshop in Levelland, Saturday, April 10. The theme of the program was "CTA Members Visualize And Work To Realize Ever Better Schools for Texas' Second Century".

Mrs. Maybell McDaniel, first vice-president, and R. B. Mann, president of the Levelland C. T. A., conducted the workshop.

This meeting combined a discussion of topics of general professional growth, suggested solutions for various special school problems, good fellowship, and inspiration.

Luncheon was served in the new Cal Boykin Hotel.

Mrs. Ed Johnson, local Classrooms president, had a part on the program and also received a service award pin from the Texas Classroom Teachers Association.

Local members attending were: Mmes. Ola B. Jones, Robert Sanders, Ed Johnson, Mable, and John Watson.

Old Clothing Is Requested By WSCS

Please collect your used clothing, shoes, etc., and give them to the members of the Woman's Society of Christian Service of the Progress Methodist Church. Have them clean and mended if possible.

The articles will be either sold locally, or else they will be sent to the Wesley House of Amarillo, or to some other foreign missions.

Please phone Mrs. Troy Aetkinson, or tell any member of the W. S. C. S. if you have any clothing to donate. Any donation will be appreciated.

Progress WSCS Has Old Clothing Drive

The Woman's Society of Christian Service of the Progress Methodist Church met Thursday, April 8, at the Church.

Mrs. Byron Gwyn started the program with a devotional talk on "Alcohol and Christian Temperance". The scripture was taken from Romans.

The president, Mrs. Carrol Jones, led the regular business meeting. The group decided to have an old-clothes collection, and to pack a box of clothing for either foreign or home missionary work, at the third Thursday meeting of each month. A letter from the missionary in India was read. A Jeep is being purchased for her work there, by the societies of this area. An offering of \$5 was sent for this purpose.

Members discussed having a nursery for babies and young children, during society meetings, a play pen and bassinet were added to the other equipment already in the church nursery. Someone would be hired to care for the babies and children, so that many of the young mothers may take a more active part in the programs.

The business session ended with election of new officers. Mrs. Joyce Walker was elected president. She and others elected will take office on June 1.

Mrs. James Wedel, teacher of the new study, explained and led the discussion on the first chapter, "Alcohol and Christian Responsibility". Mrs. O. S. Richards reported on the author of the book, Clifford Earl.

A new member, Mrs. Lois Kramer was welcomed into the society. Others present were: Mmes. Troy Aetkinson, Joyce Walker, Carrol Jones, O. S. Richards, Arthur Cooper, James Wedel and Byron Gwyn.

HERE FROM EL PASO

Mrs. Fred Clements and son Tommy Lynn of El Paso have been here for the past three weeks visiting in the home of her husband's mother, Mrs. W. H. Clements, and her parents, Mr. and Mrs. T. D. Reed of Lazbuddie.

HERE THIS WEEK

Kirk Herrington is here this week visiting his wife, Carolyn, and her parents, Mr. and Mrs. W. F. Creamer. This weekend Carolyn and Kirk plan to leave for Valley, Neb., where they will visit his parents, Mr. and Mrs. R. E. Herrington

FOODS CAN'T BURN

NEW Westinghouse ELECTRONIC UNIT

So modern... Cook electrically!

Model BG illustrated

Only PER WEEK after small down payment

Other Westinghouse Ranges as low as \$199.95... only \$1.99 per week

If you've ever burned anything, from bacon to beans, because you forgot to watch the pot, we have great news for you. It's the exclusive, new Westinghouse Electronic Unit that makes surface cooking completely automatic!

Here's How It Works... Just set the control for "Warm", "Boil" or "Fry" according to the food to be cooked... then forget it. The Electronic Unit starts cooking fast and then electronically measures the temperature of the food as it cooks, automatically maintaining proper cooking temperature by cycling on and off. It's so automatic foods can't burn or even scorch!

Howard And Koester Engagement Told

MISS DELVIA HOWARD

Dement and Vinson Vows Read April 3

In a double ring ceremony read at 3:00 o'clock in the afternoon, April 3, Miss June Dement became the bride of Mr. Pat Vinson.

Mr. and Mrs. W. D. Dement are the parents of the bride, and the room's parents are Mr. and Mrs. Vernon Vinson. Both families are of Muleshoe.

Rev. Jim Green officiated at the ceremony which took place in the home of the bride's uncle and aunt, Mr. and Mrs. R. E. Ethridge. Relatives and close friends were in attendance.

The bride given in marriage by her father, wore a pale blue suit with white accessories. She carried a bouquet of white feathered carnations on a white Bible.

Bridesmaid was Joyce Hunt, who was attired in a pink dress complimented with white accessories.

Leon Harvey was best man. "The Bells of St. Mary", "Remember", "Always", and the traditional wedding marches were furnished by the pianist, Wayland Ethridge.

Immediately following the ceremony, a reception was held in the Ethridge home. The table was covered with a beautiful lace cloth, and centered with the two tiered wedding cake.

Mr. and Mrs. Vinson are at home in Muleshoe, where he is employed with the R. E. A.

Miss Lou Ann Agee And Jimmy Dale Black Married In Double Ring Ceremony April 3

MRS. JIMMY DALE BLACK

Miss Lou Ann Agee, eldest daughter of Mr. and Mrs. John Agee, of Route 1, and Mr. Jimmy Dale Black, son of Mr. and Mrs.

Burl Black, of Muleshoe, were united in marriage at 5:00 o'clock in the afternoon, April 3, at the First Baptist Church of

HAVE RETURNED

Mr. and Mrs. Bill Collins returned Saturday night from a trip to Oklahoma and Arkansas. In Marlow, Okla., they visited his mother, Mrs. M. F. Collins and his sister, Bessie, after which they went to Springdale, Ark., where they visited Mr. and Mrs. Bill Jeter, their daughter and family.

dealers of Muleshoe on their electric clothes dryers campaign. The range campaign is another of a series projected this year by the Service Company and the Reddy Kilowatt dealers.

It was said that the dealers of the region were pleased with the results of their dryer campaign in the local papers. Much interest was manifest by housewives

in the dryers, and this ought to result in sales as time goes on. Those who wish to enter the contest will find cards for their use at the dealer stores.

The dealers will put up display material telling about the contest.

Marvin Standefer and Billy Johnson, of the service company's district office in Plain-

view; Jeff Peeler, local manager; representatives of the local dealers; and a Journal representative attended a meeting in Gerald's Cafe last Tuesday morning at which all the details were discussed.

Feature Attraction, the amazingly simple electric range campaign starts on April 12 and runs to June 12.

Clovis, N. M. Rev. Joseph B. Underwood, pastor of the Church, performed the double ring ceremony.

The bride was lovely in a rose beige suit and aqua accessories. Her corsage was of red sweetheart roses. Carrying out the bridal tradition, something old was a handkerchief belonging to her sister, something borrowed was a pair of rhinestone earrings, something blue was her accessories, and something new was her clothes.

Marlene Black, sister of the groom, was bridesmaid. She wore a powder blue suit, complimented with navy accessories.

Mr. Black served as his son's best man.

After a short honeymoon in New Mexico, the young couple are at home west of town, where the groom is engaged in farming.

Mr. and Mrs. Black are both students at Muleshoe high school, where he will graduate this spring. The bride is a junior student.

Both families were in attendance at the wedding ceremony.

TO AUSTIN

Mr. and Mrs. E. H. Kennedy left today for Austin and Victoria on a business trip which will last through the Easter Holidays.

Mr. and Mrs. M. L. Iroward of Dimmitt, formerly of the Lazbuddie community, are announcing the engagement and approaching marriage of their daughter, Dalvia, to Mr. Gerald E. Koester, son of Mr. and Mrs. E. O. Koester of Hancock, Iowa.

The wedding will take place April 24, at the Methodist Church in Dimmitt. The public is invited to attend.

Ice Dealers Launch Range Campaign

is in this paper and carries the story of "Feature Attractions", "Feature Electric was not able to get mats of their new range but will join the campaign and use newspaper space later on.

Six ranges are to be given in the campaign, one in each district of the Public Service Company. The readers of The Journal are advised to refer to the literature put out by the dealers and to their advertisements and that of the Service Company to learn how they may win one of these fine ranges.

The cooking school has been tentatively set for the first week in May and the dealers will give some valuable prizes. More information on the school will

be carried in the paper next week.

Johnson Furniture, the General Electric dealer here, has not yet become a Reddy Kilowatt dealer, but will have a "tie-in" advertisement in next week's paper on the G. E. range.

As explained in last week's issue of The Journal, there will be a cooking school during the campaign here in Muleshoe, and home economics specialists of the company will conduct the school. They also will call on customers of local firms who buy a range and give a thorough demonstration if desired.

Readers of The Journal will remember that the paper carried a double page spread some weeks back from these same

FEATURE ATTRACTION

6 ELECTRIC RANGES GIVEN FREE!

FIND THE FEATURE AND WIN THE ELECTRIC RANGE OF YOUR CHOICE!

FEATURE ATTRACTION is your chance to find all of the electric range features that make it the most-desired cooking method. And, at the very same time, it provides you an opportunity to win an electric range free.

Visit your Reddy Kilowatt Electric Appliance Dealer during the next two months, tell him you want to enter FEATURE ATTRACTION. He'll provide you with a complete demonstration of his electric range and your entry blank in the contest. Just describe the feature you like best in 25 words or less and you'll have your chance at winning one of the six free electric ranges.

HERE ARE THE RULES...

Your Reddy Kilowatt Dealer will give you a complete demonstration of his electric range. After the demonstration, you will receive a card on which to submit your entry. Just list the feature you like best, and tell why in 25 words or less.

SIX ELECTRIC RANGES WILL BE GIVEN AWAY

All entries will be judged on originality, sincerity and aptness of thought. Decision of the judges will be final, and all entries become the property of Southwestern Public Service Company. Your entry must be in by June 12, 1954.

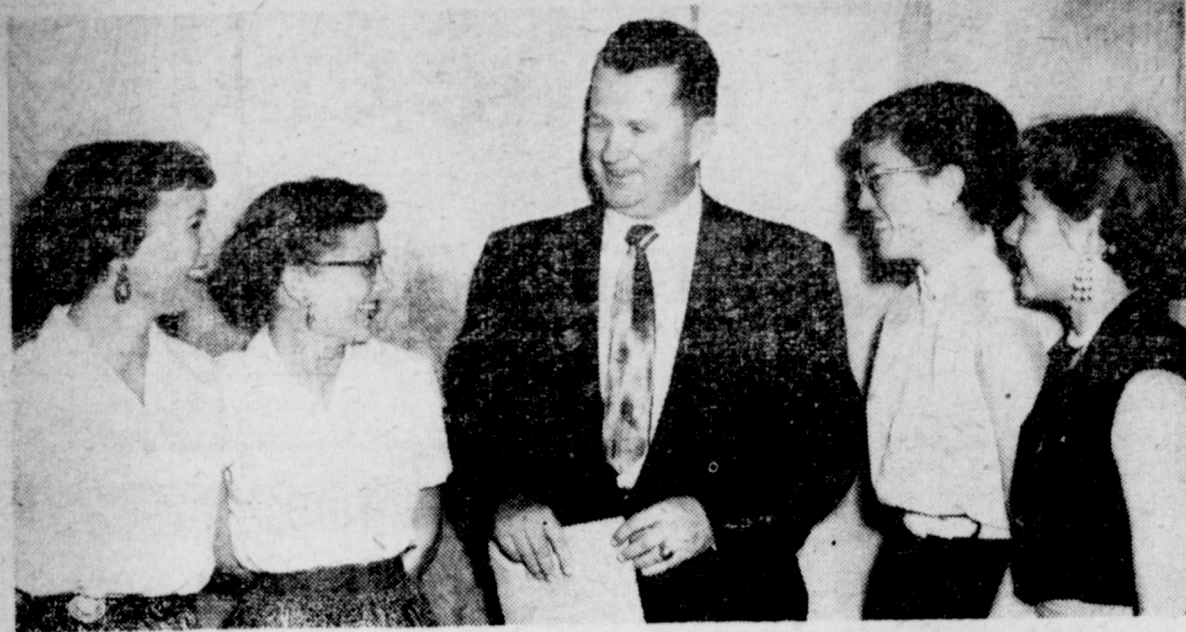

Dealers, distributors, Public Service Company employees, and their respective families, are not eligible to participate in Feature Attraction.

Fidelis Class Met With Mrs. White

Fidelis Class members met in the home of Mrs. T. R. White for a business meeting Friday evening, April 9, at 6:00 o'clock.

Mrs. Edith Blaine opened the meeting with a prayer, and Mrs. White presided over the business session. Mrs. Lee Pool brought the inspiring devotional.

The next meeting will be held in the home of Mrs. Lee Pool. Games were played following the business meeting, and refreshments were served.

Those present were Meses. A. W. Blaine and Barbara, Guy Killion, Leona Glenn, Frances Garrison, Lee Pool, L. T. Green, Eugene English, Clifford Green, and R. I. McLeroy.

The meeting was dismissed with a prayer by Mrs. Guy Killion.

Progress HD Club Program On Styles

A panorama of fashions showing styles from 1928 up until the present time, was enjoyed by members of the Progress H. D. Club at their regular meeting Tuesday.

Mrs. Harold Mardis was in charge of the very interesting program. She showed pictures of the changing styles of formals and other clothes through the years.

Roll call was answered with "A factor to consider when buying clothes".

Eight were present for the meeting. They were: Meses. Veta Self, Lela Mardis, Fern Davis, Gladys Haley, Elvov Simmacher, Laurine Qusenberry, and a new member, Estelle Hill.

Hostess for the day was Mrs. Jessie Mae Thomas.

The next meeting will be held April 20, at the home of Mrs. T. Haley. Each member is asked to bring their work to the meeting for the program.

FOR ATHLETE'S FOOT USE A KERATOLYTIC BECAUSE—

It SLOUGHS OFF the tainted outer skin to expose buried fungi and kills it on contact. Get this STRONG, keratolytic fungicide, T-4-L, at any drug store. If not pleased IN ONE HOUR, your 40c back. Now at Damron Drug Store. 16-3tc.

WSCS Will Conclude Study On April 19

At the Woman's Society of Christian Service meeting Monday, April 12, fourteen members were present for the business session, and for the Easter program which followed.

Participants on the program were Meses. H. C. Holt, O. N. Jennings, Cecil Davis, Clarence Stevens, and H. Jay Wyer.

At the next meeting, April 19, the ladies will conclude the study "Alcohol and Christian Responsibility". Mrs. H. C. Holt will be study leader, and all members are urged to be present.

The Treasure Chests will be collected at the next meeting, April 19, therefore all who have a part in this drive are asked to be ready with their gifts, as they are to be mailed not later than April 20.

Each member is asked to help put over the Institute for vacation Bible school. The Institute will be held at the Methodist Church and Fellowship Hall, Thursday, April 20.

Party Given For Nicki Ellen Evans

A birthday party honoring Nicki Ellen Evans on her 6th birthday was given Saturday, April 10, at 2:30 p. m. in the home of her parents, Mr. and Mrs. L. E. Evans, 902 Main.

The children played games and were served refreshments of ice cream, cake, and punch.

Nicki Ellen's little guests were Lynann Jones, Lana Auddle, Becky and Sheryl Mason, Judy Williams, Jerry Don Ansley, and Don Cunningham.

TULIA VISITORS

Mr. and Mrs. Jimmie Stephens and little daughter, Gloria, of Tulia, visited Sunday here in the home of Mrs. Stephens' parents, Mr. and Mrs. L. E. Evans. Other visitors recently in the Evans home were their son, Zane Evans, and Mr. and Mrs. S. T. Evans, parents of Mr. Evans, all of Tulia.

Senior Play Keeps Large Audience On Edge of Seats

The play "Arsenic and Old Lace", a three-act comedy, depicting two sweet old ladies who murdered for mercy, presented Tuesday night by the Senior Class of Muleshoe High School at the High School auditorium, was proclaimed a great success by all those fortunate enough to be present.

There was never a dull moment from the very beginning. It moved fast, and the plot kept everyone on the edge of their seats. The production staff as well as the players are to be

commended for their excellent production. The play was well cast. Helen Stovall as Abby Brewster, Jackie Henderson as Teddy Brewster, Lola Roark as Martha Brewster, and Wayne Moore as Mortimer Brewster, played the leading roles, and were outstanding in their portrayal of these parts. The supporting cast, who also were above average in their parts were: Franklin Mann, playing The Rev. Dr. Harper; Dickie Fudge, Officer Brophy; Ray West, Officer Klein; Sue Young, Elaine Harper; Norman Head, Mr. Gibbs; Joe Coffey, Jonathon Brewster; Jimmy Clyde Holt, Dr. Einstein; Travis Clements, Officer O'Hara; Jackie Parker, Lieutenant Rooney; Len Martin, Mr. Witherspoon; Jimmy Black and John Johnson, the corpses.

Director of the play was Barbara Gaither; assistant, Mrs. Bob Brown; student director, Pat Inman; stage manager, Bill Holman. The play was presented Monday afternoon to the Elementary grades, and again Wednesday afternoon for Junior High.

NOTICE TO DISSOLVE CORPORATION AND PAY OFF ALL DEBTS AND RECEIVE ACCOUNTS PAYABLE

THE STATE OF TEXAS, COUNTY OF BAILEY:

I, Mervin Wilterding, President of the CONSUMERS FUEL AND SUPPLY CORPORATION, of Muleshoe, Texas, hereby give notice that the said corporation will be dissolved by act of the stockholders of said corporation, by giving notice to the SECRETARY OF STATE, of the State of Texas, and it is requested that all stockholders of the said corporation, go by the office of Karl L. Lovelady, Attorney at Law, Muleshoe, Texas, and sign the petition there for said dissolution.

It is further requested that all persons, firms, or corporations holding any claim or claims against the said corporation, file the same, under oath, with Karl L. Lovelady, Attorney at Law, Muleshoe, Texas, and any person or persons who owe the said corporation money, please contact Karl L. Lovelady, Attorney at Law, Muleshoe, Texas, and arrange for the payment of same.

MERVIN WILTERDING, Pres. Consumers Fuel and Supply, a Corporation. 15-2tc.

TO ARRIVE FRIDAY

Mr. and Mrs. Ivan Mardis and Mrs. Laura Morris, of Arizona, and Mrs. Harold Neff, of Los Angeles, Calif., are expected to arrive Friday to visit Mrs. C. C. Mardis, Mr. and Mrs. Arnold Morris, and other relatives and friends.

FISHING IN NEW MEX.

Mr. and Mrs. T. W. Berry, accompanied by Mr. and Mrs. Albert Perkins of Lubbock, and Dewey Perkins of Dallas, are spending this week on a fishing trip near Truth or Consequences, N. M.

A Tennessee mountain man came down to Memphis for his first city visit. When he returned home, he was asked how he liked the big city. "Never did see much of the town", he replied. "There was so much goin on around the depot".

Club Appoints New Committees

Most of his committee posts have been filled for the coming year by Bob Gregory, incoming president, who will take office with other officers and directors July 1 of the Muleshoe Rotary Club.

Director "A" for club service is J. M. Forbes, retiring president. Director "B", vocational service, is O. D. Holton. For Community Service, Director "C", Onard Upton was appointed. Melvin Bass will head up international service as Director "D".

Committees named were: Attendance, Ralph Mardis, chairman. Classifications, B. A. Dalton, chairman. Club Bulletin, J. M. Forbes. Fellowship, Myron Pool. Magazine & Historian, Clyde Holt.

Membership, Jim White, chairman; Ray Griffiths, Arnold Morris.

Program, Onard Upton, chairman. Public information and Rotary information, E. O. Baker, chairman.

Sergeant-at-arms, Jim White. Others on the vocational service committee are Harold King, Harry Waddle, and Arthur Crow.

Committees named under director "C", community service, include: Youth Chairman, Vance Waggoner.

Community Safety, Paul Scott. Community Service, L. S. Barren, chairman; Ray Franz. Scholarship, awards, and student loans: B. A. Dalton, chairman; Ray Franz and L. S. Barren.

Under Director "D", International Service: D. B. Lancaster, international contacts.

Woodie Lambert, international information. Paul Scott, international student projects.

Wesleyan Guild Began New Study

The Wesleyan Service Guild of the First Methodist Church met on April 12, and the new study, "Within These Borders", was begun. Mrs. O. N. Jennings gave the first two chapters of the very interesting book.

The group opened the meeting with the singing of "Sweet Hour of Prayer".

Mable Dowell, vice-president, had charge of the meeting. She appointed Mrs. Clarence Stephens, Mrs. D. Warner, and Elizabeth Harden on the nominating committee for new officers.

New officers elected are as follows: president, Mrs. Fred Johnson; vice-president, Mrs. Buford Butts; recording sec., Mrs. A. S. Stovall; secretary of promotion, Mrs. Jim Burkhead; treasurer, Mrs. Ray Edwards; and coordinator, Mrs. Clarence Stephens. They will take office at

Girls Scouts Met At Scout Hut April 12

The regular meeting of the Los Planos Study Club was held Tuesday evening, April 13, in the home of Mrs. Richard Smith, with Mrs. Earl Schmitz as co-hostess.

Mrs. Russell Haberer presided over the meeting.

The Club voted to deposit \$100 to the Girl Scout fund, and Helen Gardner reported on the Style Show.

A round table discussion on color and furniture was held, followed by a very enjoyable reading by LaNell Booth.

Fourteen were present, including two guests, Mrs. Bill Booth and LaNell.

THE MULESHOE JOURNAL

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY
 VOLUME 32, NUMBER 15 MULESHOE - County Seat of Bailey County - TEXAS THURSDAY, APRIL 15, 1954

Jimmy Clyde Holt Sets New Record In 440 Yard Dash

BREAKING THE RECORD in the 440, shown breasting the tape in top picture is Jimmy Clyde Holt, of Muleshoe, the local high school's star all around athlete. Second in the quarter mile race is Barnes of Levelland. Jimmy's time in the district meet, held in Lubbock was 51.3 seconds.

LOWER PICTURE shows Barnes coming in ahead of Jimmy in the mile relay. Jimmy is shown here in second place, but he actually gained on Barnes in the anchor lap. Levelland's winning of the mile relay gave them the district championship of 4-A, the Mules grabbing second place.

Jimmy Clyde Holt of Muleshoe set a new record in the 440 yard dash at the District 4-A track meet, which was

held last Saturday in Lubbock. Jimmy toured the lap in 51.3. He broke the record in the prelims Saturday morning with a

51.4, and in the afternoon broke his own record. Sports writer, Bill Hart, of the Lubbock Avalanche, prophesied

that Jim will finish high in the state meet. As the picture above show, Jim won with ease over Royce Barnes of Levelland, who

himself is a good runner. Up in the Panhandle Relays last week, Jim finished second to Joel Lummus of Dumas, whom he had defeated in the Caprock Relays at Snyder, but defeated Benny Counts of Phillips, who set a new mark at the regional meet in Lubbock last year with a 51.1. Jimmy also won first in the broad jump, and was second high point man of the meet.

In other events of the meet, Sam Donaldson placed first in the 120 high hurdles, 4th in the low hurdles, and second in the pole vault.

Robert Richards placed first in the 880 yard dash, with Doyle Henry running fourth. Bill Willis placed second in the discus throw, and third in the shot put.

Wayne Moore placed third in the low hurdles; Parker tied with boys from Tahoka, Levelland, and Morton for second place in the high jump; and Willis and Harvey tied for fourth place in the pole vault, with boys from Brownfield, Slaton, and Morton.

In the pole vaulting event, Kennedy of Levelland won first place, and broke the old record of 10'6" set by Willis in 1953. In the 100 yard dash, Reynolds of Slaton tied the record of 10.2, set by Eugene Buhrman of Muleshoe in 1952. In the 220 yard dash, Reynolds broke the record of 22.8 set by Buhrman in 1952, with a 22.3.

Muleshoe won second in the mile relay. Muleshoe had hard luck, and should have gotten more points in the meet. Bill Willis, a top prospect, was injured on the last handoff of the 440 yard relay, and didn't get to finish, nor did he get to participate in the broad jump, or his last throws of the discus.

Levelland won the meet with 40 5/7 points, and Muleshoe came in second with 38 4/35, ending a two year reign by Muleshoe as District 4-A champions.

June 4 Final Date To Release Cotton Acreage

Farmers in Bailey County may release their 1954 cotton allotment back to the County Committee and be given credit for having planted cotton provided the farm has a history for one of the three (3) base years, according to Lonnie M. Bass, County Office Manager.

This means if the history years used in 1955 for establishing allotments are 1952, 1953, 1954, and you release your acreage back to the county committee, you must have a cotton history for one of the years 1952 or 1953 to be given credit for your 1954 released acreage.

The final date to release your cotton acreage has been established as June 4, 1954. If you want to release all or part of your 1954 cotton allotment, come by the ASC Office in Muleshoe and sign the necessary papers. If you desire further information on the cotton release, come by the office and we will be glad to explain the program to you.

Anyone desiring to make application for mixed feed, can place their application with the Bailey County ACS Office. The drought committee has to approve your application, after approval you must find your own feed and turn your certificate in to the feed dealer. Anyone having pasture available in thirty (30) days is not eligible for the drought emergency feed.

VISITED HERE

Mr. and Mrs. George Gabbert of Hereford, Mr. and Mrs. D. C. Seymore, and Mr. and Mrs. Wayne McCleskey, of Lubbock, and Mrs. Gertie Edwards and son of Amarillo, spent the weekend with Mr. and Mrs. John Gabbert.

VISIT IN OKLAHOMA

Mr. and Mrs. Buford Butts and daughter, Patricia, visited his mother, Mrs. Mary A. Butts, and his sister and husband, Mr. and Mrs. Loyd Sidders in Shattuck, Okla., over the weekend. They were accompanied to Amarillo by Miss Elizabeth Harden who visited her sister, Mrs. W. H. Bethany and family.

Two Cases In District Court Here Last Week

In District Court which was in session here last week, presided over by Judge E. A. Bills, the case of Shirley Kizer vs. S. L. Jackson, in suit for eviction and damages, was decided in favor of defendant.

The suit of D. W. Perkins vs. Parts Wholesale, Inc., and D. B. Elliott, employee, for damages sustained by plaintiff in auto wreck July 30, 1953, was settled out of court by compromise and mutual agreement of parties involved.

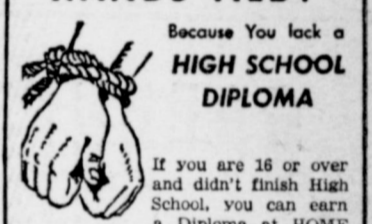

SONS VISIT McCARTYS

Lt. and Mrs. Weldon McCarty and children of College Station, visited his parents, Mr. and Mrs. Delma McCarty, and her parents, Mr. and Mrs. F. H. Davis over the weekend. Lt. McCarty is in the Air Force, and is studying to be a Jet Pilot. Also visiting his parents are Lt. Fuston McCarty and wife of Dennison. He received his discharge from the Air Corps Wednesday. They are also visiting her parents, Mr. and Mrs. W. B. Little at Littlefield.

WERE IN PLAINVIEW

Mr. and Mrs. Glenn Eason spent the weekend in Plainview.

H-BOMB: There is one topic that is on everyone's lips — and in everyone's heart.

It is the hydrogen bomb—the most destructive force ever wielded by man.

As a father, I am deeply concerned over this dreaded weapon. The lives of my little girls, Lynda Bird and Lucy Baines — will be determined by our ability to control this force. The lives of your children will depend upon our collective wisdom and determination to harness this power.

What is it? The H-bomb is simply heavy hydrogen exploded by an atomic bomb. The process, according to our scientists, is similar to that by which the sun gives off the heat that warms our earth.

Can it destroy the earth? Our best minds tell us "No" — but it can destroy civilization! It is the mightiest force that has ever been in the hands of man. But experts tell us it is still a "firecracker" compared to such natural forces as the volcano Krakatoa which erupted in the early part of this century.

What can it do? For all practical purposes, it can destroy any city on the face of the earth. It

can cause total destruction within a 50-square mile area; severe damage within a 200-mile square area; moderate damage within a 600-square mile area; fire destruction within an 800-square mile area. This does not take into account the damage from radiation.

What does the future hold? The hydrogen bomb is a force which will either end war or end civilization. The answer lies in our wisdom; our unity; our ability to put aside our petty quarrels and dedicate ourselves to preserving our country for posterity.

Is there hope? I personally have a tremendous faith in the future of our country. I think we have the brains, and the courage, and the will to preserve our freedoms. I take comfort from these verses of the 91st Psalms:

Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day;

Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.

In that spirit, we can control this tremendous force that we have developed.

HOW ABOUT INDO-CHINA?

Here, too, we are at the crossroads. We must make hard decisions—the kind that will tax our determination and willpower.

I attended a highly secret briefing at the State Department last Saturday. Of course, I am not at liberty to reveal the details of that briefing. But it is no secret that the fall of Indo-China to the communists would be disastrous to all our plans in Asia.

It would mean the loss of the richest tungsten, tin and rubber producing areas in the free world. More important, it would mean the loss of all Southeast Asia and probably the loss of all Asia. Ultimately, we might be driven out of the Pacific itself!

The issues are simply this: Shall we continue to give more aid to the French forces in Indo-China? Shall we insist that the aid be conditioned upon a more realistic attitude on their part? (The French forces actually fighting have been magnificent. But they have had little support from the home front. Furthermore, their leaders have not been inclined to listen to good, common-sense advice.) Shall we continue without clear assur-

Today's Meditation

THE WAY OF THE CROSS

Many walk . . . that . . . are enemies of the cross of Christ. (Phillipians 3:18). The Lord Jesus the same night in which he was betrayed took bread; and when he had given thanks, he broke it, and said, Take eat; this is my body, which is broken for you. (I Corinthians 11:23, 24). Read I Corinthians 11:23-28.

Both the cross and the broken bread symbolize the love of God for mankind. Yet the two symbols are distinctly different in meaning. The cross reminds us of the constant love of God for all mankind. The cross represents God's tireless seeking after men to win their love and obedience. The cross is a public symbol for all the world to see. The Master gave the broken

bread to the twelve disciples in the close intimacy of the last supper in the upper room. The broken bread reveals the unique relationship of the inner circle of believers. The broken bread, and the cup also, are for all who love Jesus.

Our love for Him is in doubt if we neglect Christ's table. Unworthy though we are, He loves us everyone. Our unworthiness need not stand in the way of accepting His redemption and entering into intimate fellowship with Him.

PRAYER

O God, we thank Thee for Thy seeking love and Thy holy table laden with spiritual food. Lead us to the foot of the cross and to the bread and cup. We would

humble ourselves before Thee and receive Thy strength. In His name. Amen.

THOUGHT FOR THE DAY

Jesus accepted the way of the cross because of His love for us. Albert G. Curry (Penn.)

WERE HERE MONDAY

Mr. and Mrs. Carl Zoch of Waurika, Okla., visited here Monday with Mrs. Anna Achroeder and Esther.

WILL ARRIVE HOME

Arlyn and Lloyd Kriegel, of Texas Tech, are expected home this week for the Easter holidays. They are the sons of Mr. and Mrs. Alvin Kriegel.

MOTION PICTURES are your best and cheapest entertainment!

Here's the most luxurious Mercury ever built. You get a transparent top, exclusive Sun Valley colors and interiors, new ball-joint suspension, and an entirely new 161-hp V-8 engine.

Never before has a Mercury been so new and exciting. The specially molded transparent plastic roof is tinted a soft, cool green to reduce the glare . . . yet leaves you with the wide-open feeling of a convertible. The special Sun Valley interiors are exclusively styled— are found in no other car in America.

Under the hood is Mercury's entirely new 161-hp V-8. You get instant reserve power, automatically, thanks to a new four-barrel carburetor with the two rear barrels vacuum-controlled to operate when needed.

Up front, there's Mercury's revolutionary ball-joint front suspension . . . every turn is easier, smoother.

Come in and take a trial drive in a 1954 Mercury Sun Valley. Talk things over. Let us show you how easy it is to own.

Here At Home

By J. M. Forbes

C. L. Thomas of Hickam Field, Honolulu, T. H., has contributed this, which he called a "short story or a long joke."

THE HAPPY MARRIAGE

This is a story of an old man that was continually telling the story of how he and his wife had lived together for sixty

years and never had an argument. He was telling it one day at the local store when a stranger asked how he did it. For he was a married man himself and was very doubtful of what the old man had said. This is the way the old man told his story. He said that when he was married there were no cars. So he owned the best horse and buggy in the state. The wedding was over and the bride and groom had started for their Honey-Moon cottage. They had gone

but a short distance when the horse that was pulling the buggy tripped and fell. Slowly he got out of the buggy and spoke to the fallen horse. "That's one!" then returned to the buggy. He set there patiently and soon the horse got to his feet. The man cracked his whip and they were on their way again.

They had not gone too far when the horse fell again. Then the man got out of the buggy and spoke to the horse the second time. "That's two!" then got back in the buggy and set there patiently. A short time later the horse got his footing and the man cracked his whip. Again they were off to their destination.

As they neared their destination the poor horse fell again. Then the man got out of the buggy and spoke to the horse for the third time saying "That's three!" then took out his revolver and shot the horse. His new bride was quite shocked to see her husband shoot the horse. She jumped out of the buggy and said in an angry voice. "That's was the most cruel thing I have ever seen. The poor horse only fell three times and you shot him." Then the husband turned to her and said in a soft but firm voice "That's one my dear."

C. L. Thomas

Out on Clovis highway, says Bob Gregory, a bunch of kids have built a club house out of cardboard. And what amused him was the sign in box letters: "No Girls Allowed". We figure the house committee is on the job.

OF ART AND DOLLARS

The artist Edouardo Gardnero once mailed a bill to a New England church. Payment was refused, and a detailed breakdown was requested. The irate painter responded promptly as follows: Corrected the Ten Commandments \$16.50 Embellished the Pontius Pilate and put a ribbon in his bonnet 1.75 Put a New Tail on the Rooster of St. Peter and mended his

About People You Know

WERE OUT OF TOWN

Mr. and Mrs. Bill Lambert and daughter Mary Lou, spent Saturday and Sunday in the home of their daughter, Mrs. Earl Lee, of Andrews. They spent Saturday night with Mr. and Mrs. J. B. Wharton, pastors of the Andrews Assembly of God Church.

SPENT DAY HERE

Mr. and Mrs. J. A. Kaltwasser and Mr. and Mrs. Ben Kube of Farwell, spent Sunday with Esther Schroeder and mother.

VISITED BAPTIST CHURCH

Mr. and Mrs. C. C. Anders and Bonnie, and Mr. and Mrs. Ed Harp and Jerry, visited at the Baptist Church of Olton Sunday.

HERE ON BUSINESS

Mr. and Mrs. Lester Gibbs, Mrs. Flossy Smith, and Wollard Carter, of Lubbock were here last week on business. While here they visited in the home of Mr. and Mrs. C. C. Anders.

SPENT DAY

Mr. and Mrs. J. L. Shaw, Mrs. Arthur McArthur, Mrs. Buford Arnold, Mrs. M. G. O'Neil, and Mrs. Fred Fuqua, of Tascosa, spent the day with Mrs. E. O. Baker Tuesday. The ladies are all sisters of Mrs. Baker.

TO FT. WORTH

Mr. and Mrs. Jack Baker spent the weekend, and the early part of the week in Ft. Worth.

TO SHALLOWATER

Mr. and Mrs. Wiley Baker and children and Mr. and Mrs. Jenks Myers and children are planning on spending Easter Sunday in Shallowater with Mrs. Baker's brother, W. B. Sooter and family.

WERE IN CLOVIS

Mr. and Mrs. H. O. Earbour

In the low-price field, ONLY PLYMOUTH brings you NEW POWER for flashing new performance—NEW POWER for still more driving ease—NEW POWER for greater driving safety!

new PowerFlite transmission with new PowerFlow engine

PowerFlite, the newest, smoothest fully automatic no-clutch transmission in the low-price field, combined with the great new PowerFlow engine, gives you flashing acceleration with no lurch or lag. The PowerFlow engine's new 110 horsepower gives you ample reserve power for any driving need.

new Power Brakes

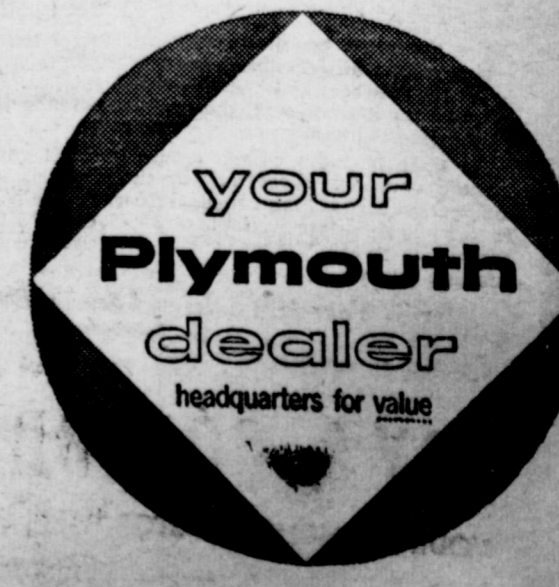

You get quick, smooth, straight-line stops with only half the usual pedal pressure! New Power Braking works with Plymouth's famous Safe-Guard hydraulic brakes which have two brake cylinders in each front wheel, where competing low-price cars have but one.

full-time Power Steering

Plymouth's Power Steering works full-time, not "on again-off again." It soaks up road shocks, eliminates "wheel fight," gives you more precise control on rough, bumpy roads or in deep sand or mud. And Plymouth's Power Steering lets you park with one-fifth the normal effort!

Just as Plymouth has always brought you the newest developments in riding comfort and driving safety, Plymouth now brings you the newest power advances in the low-price field! Come in and try Plymouth's sensational new performance, experience its great new driving ease—let us arrange your demonstration drive today!

PowerFlite, Power Brakes and Power Steering each available at low extra cost.

Private Enterprise Contrasted With Socialism, Communism By Speaker Here

Marshall Formby, of Plainview, a member of the Texas Highway Commission, was one of the principal speakers on the program of the annual "Education for Citizenship Day", held here last Thursday. The Journal editor talked him out of a copy of the speech and it is being reprinted here almost in full:

Private Enterprise

You, the Seniors of 1954, will soon be part of a working world where you will be in competition with some 60,000,000 other workers. Perhaps some of you have already faced this experience but each of you in the near future will feel that you no longer should depend upon your parents for your food and shelter and clothing, spending money and schooling. So whether you will be working full time or only part time as you enter into col-

lege work, you are entering a world where you will be paid dollars and cents in proportion to what you can produce for your employer. You will then be involved in what we call the "Private Enterprise" system of economics.

Under this private enterprise system, you will be allowed to choose your employer and your job. Under any other system of government or economics, you would be automatically assigned to a task whether you liked it or not and whether or not you fit into the job; this is not so in America, for fortunately you live under a government which is the richest country in the world. All this progress has been brought about through "Private Enterprise."

The advantages of a private enterprise system of economics is important to you and it makes no difference whether you will always work under a boss or whether you hope to own your own business or farm. Not only does the owner or employer benefit more under private enterprise but the worker or employee also fares a hundred times better under private enterprise.

You ask what the word "enterprise" means. It is defined as an undertaking of importance or risk. "Enterprise" is defined as boldness, as energy, as invention. The law dictionary says it is a hazardous undertaking. So, "private enterprise" simply means a personal, not a public, but a personal undertaking or risk of a business or professional venture.

"Private Enterprise" and democracy go hand in hand. You can hardly have one without the other. So when we talk of our private enterprise system, we are talking about our democratic system of government and our democratic system of economics.

In this 1954 topsy-turvy world, there are three distinct systems of government. Broadly speaking, this means that there are three distinct types of economic systems. These three are: the DEMOCRATIC or private enterprise type, SOCIALISTIC, and COMMUNISTIC. It would be well

for us to briefly discuss these three systems of government or economics.

"Private Enterprise" means that the individual operates his own business, or his profession, in an undertaking which is most times a risk. But it is an independent venture with little or no interference from a man's government. This is "Private Enterprise" but we will talk more about it later.

Next, we have the SOCIALISTIC type of government or economics that is between the "Private Enterprise" and Communistic forms. Perhaps it is a middle ground. Yet, once a government becomes socialistic, it is easy for it to slip into a totalitarianism, or communistic form of government. In a socialistic form of government or in a system of socialistic economics, individuals are allowed to own only certain businesses. But they are tied down on every hand. In socialism, the government controls and usually owns the banks, the railroads, the mines,

the waterways, the shipping industry, the gas companies, the electric companies, the phone companies, and we could go on and on. In some countries socialism means the direct government control of newspapers, radio, the law profession, the medical profession, etc. There is little left for the individual in a socialistic country. He might run a little shop or he might own a little farm or run some small business. But he can never get very big because the government is standing there ready to take him over if he does. Socialism is being tried on a large scale in England today. It is prevalent in many countries of the world. While it is not as rotten as communism, socialism can, however, become rotten to the core and can stifle the ambitions of every man and woman within its reach.

The direct opposite of private enterprise is COMMUNISM. We read and hear more today about communistic influence than about any other thing in the

world. We must rid our government, our labor unions, our colleges, and our other institutions of any form of communistic influence. I do not hold to the theory that communism should not be discussed in our public schools. I do not believe that all books which mention communism should be burned. I have always thought that things which are rotten should be studied and exposed. In my opinion, a West Texas Senior high school student can study communism 15 minutes and decide that it is all wrong. I do not think that communism is a hush-hush word. On the contrary, I think it should be studied, explained, and then thrown in the gutter where it belongs.

To understand communism is relatively easy. Communism operates under the theory, and it is a false one, that the people own and share everything alike. Communists say that everybody is to share in the profits, every worker is to be well taken care of, no one is to get too rich,

everyone is to always have a job, and that the people will look after each other and everybody will have a share in the great prosperity of that communistic country. But the communists lie. Their entire theory of government is built upon lies. There is not a word of truth in communism or in its teachers. What actually happens is that the state owns everything. A very small percentage of the people, the high moguls, control the state with utter disregard for the welfare of the average man. These rulers become dictators. Communism takes away all incentive for a man to get ahead. Workers toil because they fear not to. The people have no voice in their elected officials or in the way their government is run. There are no free opinions in the newspapers and the radio is completely controlled by the government. There is no opportunity for the opposition to present its views.

Communism made great strides in China because the

people were already in a hopeless position. Many Chinese live on one and two acre tracts of land which they do not own nor did their fathers own. Communists came along and promised they would divide this land and that every man would own his own little field. Many of the Chinese believed this. Since communists have taken over China, the poor helpless Chinese have found they are ten times worse off than they were under the old system. What little freedom they had is gone. Communistic power has grown through its party members spying on their neighbors—through false information and through false promises. It could never take root in a land occupied by enlightened people.

Now let us get back to PRIVATE ENTERPRISE. A man who believes in private enterprise also believes in capitalism. There is nothing morally wrong in a man making a reasonable profit on his labor or on the goods he sells. He is entitled to a reasonable profit. It is true

FOR UNIFORMLY FAST MOWING...
FOR UNIFORMLY GOOD MOWING...

Cuts up to 35 ACRES PER DAY

The MM Uni-Mower has many outstanding features that assure longer, more uniform operation with a minimum of servicing. Full length wearing plate holds the knife true and straight from end to end. This wearing plate closes the knife-race, prevents choking and separation of the mower knife section from the guard plates... prevents undergrowth and dirt from wedging into the knife-race. There is safety built into the MM Uni-Mower... for the operator and the machine. Safety shielded hitch-bar quickly attaches to power-take-off. Control of cutting bar is through conveniently located lever or by hydraulic lift linkage.

SAFETY SPRING RELEASE

When the sickle bar of an MM Uni-Mower strikes an obstacle, the spring release hitch is disengaged, allowing the mower and sickle bar to pivot to the rear and by-pass the obstruction. To resume operation without leaving the seat, the operator merely backs the tractor to re-engage the hitch.

Two 16-inch caster wheels assure uniform cutting level over any ground contour. These full-swiveling wheels make it possible to make short turns... to cut square corners easily. Pea vine lifters and rock type guards are available on the 5, 6, and 7 foot sizes of the Uni-Mower. With MM's simplified V-belt drive you get a quiet, smoother running mower.

Parents And Teachers Of 20 Counties Will Attend 14th District PTA Congress

"Concerted Action; Richer Dividends — For Every Child" will be the theme of the twenty-sixth annual conference of Fourteenth District, Texas Congress of Parents and Teachers, to be held at Plainview high school April 20-21, Mrs. Robert W. Cross of Anson, district president, has announced.

"District officers, chairmen and committee members have been busy completing plans for the conference, and we are convinced that this will be the most outstanding conference we have had in Fourteenth District," Mrs. Cross stated.

Parents and teachers from 20 counties in Fourteenth District will attend the conference. Counties represented are Jones, Fisher, Stonewall, Crosby, Kent, Dickens, Motley, Cottle, King, Hale, Floyd, Hockley, Lubbock, Lamb, Bailey, Cochran, Garza, Lynn, Terry and Yoakum.

Two representatives from the Texas Congress of Parents and Teachers will be special guests. They are Mrs. Crews Henry of Canyon, state vice-president, and C. E. Sanderson of Austin, executive director of the state office.

The district board of managers will hold a pre-conference meeting at 10 o'clock Tuesday morning, April 20, and delegates and visitors will begin registration at 11 a. m. A luncheon honoring the district board of managers will be held at 12 o'clock at the Hilton Hotel with the Plainview Chamber of Commerce and Board of City Development serving as hosts.

A banquet honoring life members, school superintendents and past district presidents will be held Tuesday evening at the high school cafeteria. A delegates' luncheon will be held Wednesday noon.

Featuring the two-day program will be the workshop sessions on the theme, "Three Points of Program Building: Planning, Publicity and Production," which will begin at 11 Wednesday morning and continue until adjournment that afternoon. Mrs. J. M. Harper of Lubbock, aide to the district president, is program chairman, and co-chairman of the workshop planning committee are Dr. John S. Carroll and Dr. Per G. Stensland, Texas Technological College faculty member.

WERE DINNER GUESTS

that sometimes greedy capitalists cause the finger of scorn to be pointed at them. But this small percentage of unethical businessmen does not change the picture as a whole.

You ask me, "What is private enterprise?" Well, let me tell you. Private enterprise in a democracy is that "something" that allows a boy to run bare footed through the streets of his home town with few restrictions. It is that "something" that allows him to sell newspapers, to get an education, to become an Eagle Scout, to raise a prize-winning 4-H club calf or lamb, or to raise the best five acres of wheat or cotton or maize in the community. Private enterprise is that "something" that enables a boy and girl to find employment, from a capitalistic employer, if you please, and earn enough money by working spare time to go to business school or on to college. Private enterprise is that "something" that enables a boy to become a successful farmer or rancher, owning his

own land and livestock and plow tools. Or a girl to become the wife of a successful rancher, farmer, or businessman. It is that "something" that enables a boy to become a successful preacher or a teacher or an able lawyer or a doctor or a public official. It enables a young lady to find employment in her chosen profession or an opportunity to own a dress shop or cafe or some other business.

Private enterprise is that "something" which rewards a man or woman for his ability, his initiative and his hard work.

Maybe you have heard the story of the teacher who pointed out the difference in private enterprise and socialism in the way which she gave out the grades at the end of the semester. This teacher took all of the 95's and the 90's and 85's made by the smarter pupils and averaged them up with the grades of the one who made 60 and 65 and 70. Thus everybody in the class made an average of 71. But no one was happy. Those who made

the high grades knew they had been cheated and those who made the 60's and 65's and 70's knew they had taken something away from their classmates and had been given something that did not belong to them.

Through the ages there have been many attempts to operate community projects where everybody did some work and everybody shared equally in the total production. It has never worked. Three years ago I passed by an abandoned project in the state of Kentucky where the people had tried a form of socialism or communism. The Bible tells us of an experiment or two that was tried but history tells us that these failed. Then I always think of that socialistic experiment that was tried by our pilgrim fathers when they first came to America. For a couple of years the men folks were assigned certain tasks and at the end of the year the harvest was divided equally among all the families. But there was not much production. Not enough food was

grown to adequately supply the colony. And soon the women folks began to complain. Mrs. Smith did not like the idea of having to wash the clothes of "that no good Mr. Jones", when she saw that he was only working two days a week and when her husband worked six days a week. And Mrs. Brown did not like the idea of the Jackson family getting more out of the store house than she thought they deserved. Governor Bradford saw that this socialistic or communistic experiment would not work. So he changed the entire setup. Each family was given certain jobs and certain land to work and they kept all that they made. Within a couple of years production was up and the colonists were supplying more than their needs. And most of all, the women folks were happy.

I think private enterprise means that you can go after and get just about anything you really desire and are willing to pay the price for. Some people are smarter than others. Some men

work harder than their neighbors; some men have more initiative; some plan better and some are better managers than their neighbors. On the other hand, some people are plain lazy.

Our democratic form of government gives a man the right to pursue the job or profession he desires. It gives him the right to work and it gives him protection while he is working. The rest is left up to him and his ability and initiative. Private enterprise gives a man the right to own his own home or his own farm or his own ranch or his own place of business. He has no fear that the government will take over his grocery store or his farm for its own use. Through our private enterprise system a young man can work for wages and save his money and later buy and own his own business or his own farm or ranch. Or he can save his money and buy stock in a utility company or an automobile manufacturing company or the hundreds of other manu-

J. M. FORBES Editor and Publisher

BABSON EXPLAINS— HIGH SCHOOLS

Babson Park, Mass., April 15 — My recent article on education in this column brought a heavy correspondence from all over the United States. I want to share with you the two points of view which these letters seem to represent.

DOWN WITH COMPETITION

One point of view comes from the disciples of John Dewey. One of these disciples, a high school teacher, writes that she is "shocked" to think that businessmen "have no higher ideals or understanding than that of competition." She pleads that "an A achievement may be only a D achievement for someone else," and that it is much better for the individual's development to "work on his own level and compete with himself, working to progress as far as he can." This teacher wrongly says, "A pupil gains confidence only when measured by his own possible growth and not his neighbor's brains." I believe this theory is wicked and unfair to the student who must compete after graduation with all students on all levels.

Of course an A achievement is only a D achievement for someone else; but I am pretty sure the D student can excel in something. Let him find that something and move in that direction. That is where we need guidance from a sympathetic teacher. Let no student be discouraged by work that he finds

hard or because he cannot make A grades, too. This is not preparation for life, because life is not like that. One of America's great business leaders today, James F. Lincoln of Cleveland, tells his workers he looks upon them as players on a team. He expects them to play to win, and the minute one of the players slacks off, a substitute will be sent in. There are only a very few places in this world where one can compete with just oneself. If you doubt it, send to Utopia College, Eureka, Kansas, for a free copy of McComb's essay on the crime of present day High Schools.

TEACHERS DON'T DARE

A different point of view is presented by another high school teacher, who writes: "We cater to mediocrity. Only lip service is paid to the principle that achievement is the basis for grades. The truth is High Schools are constantly dropping their standards. Since students, along with many others in our present society, are not anxious to work for rewards, a teacher finds it expedient to give fairly good marks to all. The good students, in turn, finding good grades come with relatively little work, begin to let up. Then the downward cycle cannot fail to operate in school as in business." Let me add here that 3,725,000 unemployed is good for the nation. Such unemployment supplies the discipline which

SAND HILLS PHILOSOPHER— Calls On Texas Legislature To Outlaw New Bombs Before Somebody Gets Hurt

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has been thinking too much about the hydrogen bomb. It affects a lot of people that way.

Dear editor: I was out here on my Johnson grass farm yesterday afternoon tryin to steady my nerves after readin all the hydrogen bomb talk and hearin about this new kink, the cobalt bomb, which you fire up from a raft out in the ocean and row for the other shore while clouds of radio-active stuff drift toward the opposite shore, wiping out all life before them, you know, some people steady their nerves

teachers fail to give. This teacher finds much of the cause of this difficulty is in the home because too many parents "think that discipline is all right as long as it falls on the other fellow's kids!" The result is that the "would-be popular teacher eases up, avoids issues, and becomes popular by not insisting upon proper standards of conduct or academic achievement." This "easing up" is undermining all industry today and will be a cause of the "big smash" when it some day comes.

THE STANDARD WE RAISE Teachers tell me that when they insist upon high standards and enforce them, they may become known as "good" teachers, but "unpopular". The school paper and the yearbook take cracks at them. When such teachers question obvious laxities at faculty meetings, the other teachers smile and refer to them as trouble makers. It is wrong for a principal or school committee to allow this, but then they also want their jobs!

Many good teachers tell me they have ceased being a martyr and have at last seen the light. They say that they get promoted faster by being a good fellow, smiling at students who need discipline and passing all students, whatever their work. This growing habit means much to every reader of this column. It explains why these high school graduates do not get and hold better jobs. This poor training handicaps your children throughout life. It is more than a school problem. You and your family will always suffer from such lack of school discipline. In fact, this "easing up" may be a basic cause of the next business depression when it comes

by lightin into a lot of work, jumpin on their tractors or grabbin a hoe, but I have never gotten that nervous.

The way I calm my nerves is to stretch out on the ground under a shade tree and watch a buzzard sail around the sky in a big circle without ever flappin his wings, and if more people had used my method, we wouldn't have to worry over the hydrogen bomb. Wouldn't have had one.

But now that we've got it I see no reason in duckin the job of facin up to it. I notice where President Eisenhower said we have no plans for buildin a bigger bomb, the one we've got now is big enough to accomodate any city and as I see it, it's now up to the cities to get bigger if they want us to keep forgin ahead in bomb sizes.

But what I started out to say was I've been readin about the plight the cities find themselves in when they start thinkin about evacuating their citizens in case of a hydrogen bomb attack. I don't see how they're gonna do it successfully. I guess if you had time you could get all the people out of Dallas or Houston say, but it sure would be hard on bobwire fences and grovin crops around there, especially if some enemy hit on the idea of stagin dummy raids, just crankin up their plans two or three times a week and headin for a city just to see the people scatter. I tell you, after five or six of these there wouldn't be a stalk of cotton or grass grovin within miles of Dallas or Houston, all trampled into the ground by the fleeing citizens.

In ancient times, you know, when an enemy attacked, everybody fled to the city and shut the gates behind em, but modern civilization has reversed this trend.

What it proves is that cities probably were a mistake in the first place. I still say, though, the Texas Legislature ought to take this thing by the horns and outlaw the hydrogen bomb before mankind rubs himself out. It's goin to be hard on Legislature if it happens and there's nobody left to tax.

Yours faithfully,
J. A.

CHRISTIAN SCIENCE SERVICES

Man's spiritual unity with God, as taught and lived by Christ Jesus, will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Doctrine of Atonement." Keynoting the Lesson-Sermon is the Golden Text from I Tim.

thy: "There is one God, and one mediator between God and men, the man Christ Jesus; Who gave himself a ransom for all, to be testified in due time." (2:5-6).

The following passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ Jesus the Way-shower; and we acknowledge that man is saved through Christ, through Truth, Life, and Love as demonstrated by the Gallian Prophet in healing the sick and overcoming sin and death" (497:13).

From the Bible the following verses will be among those read: "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. And all things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation; Now then we are ambassadors for Christ, as though God did beseech you by us: we pray you in Christ's stead, be ye reconciled to God" II Cor. 5:17-20).

Portable Remington typewriters and adding machines in stock at The Journal.

LONGER LASTING — MORE ECONOMICAL!

The New SWANSON GREEN Canvas Irrigation Dams are really something to shout about! This Outstanding Green Dam has been treated with an exclusive, new Rot and Mildew resistant treatment. It is far superior to much higher priced Dams. Available in car sizes or in rolls with pole loop. Ask us about this easier handling — longer lasting GREEN Dam today. You'll be glad you did.

Murl T. Wilson Home On Leave

MURL T. WILSON

Murl T. Wilson, Jr., photographer second class, USN, is visiting his parents, Mr. and Mrs. Murl T. Wilson.

For the past two years he has been stationed at the Naval Air Station in Atsugi, Japan. The above picture was taken in the photo lab of Utility Squadron Five, at Atsugi.

Before entering the Navy, Murl

graduated from Canton, Okla., high school with the class of 1950, and attended Southwestern State College, Weatherford, Okla. He will report to Pensacola, Fla., April 20, for advanced photography training.

Billy J. Whalin Lands On Iwo Jima

Marine Cpl. Billy J. Whalin, son of Mr. and Mrs. Charles W. Whalin of Muleshoe, landed on Iwo Jima with the 3rd Marine Division during the recent "Operation Flag Hoist".

Nine years and a month after the first landing, the Marines came through the surf and dug out a beachhead in the familiar volcanic ash, amid ruins of WWII. They powered their way inland, directing their attack against an "enemy" force acted out realistically by the 2nd Battalion, 4th Marines, who had spent a month digging in for the "battle".

Following the successful completion of the mission — to seize, occupy and defend Iwo Jima — memorial services were held for the more than 4,000 Marines and Sailors who gave their lives in 1945 to take the island for use as an American airbase.

Ray Kersey Now Serving In France

PVT. KERSEY

Pvt. Ray Kersey, former football star at Muleshoe high school, is now stationed at Bossac, France, with the Army's 40th Engineer Pipeline Company. He is a son of Mrs. G. D. Kersey of Muleshoe.

Ray was a halfback on the 1949 and 1950 grid teams. He entered the service July 21, 1953, took his training at Fort Leonard Wood, and sailed for Europe with his unit last Christmas Eve.

Cotton Farmers Pre-measurement Service In 1954

Bailey County cotton growers can arrange for an official measurement of their 1954 farm cotton acreage allotment prior to planting time, the County Agriculture Stabilization and Conservation office announced this week.

To get the pre-measurement service, which is being provided on a cost basis, a cotton farmer must file a written request with the County ASC office prior to May 1, 1954, says Lonnie M. Bass, County Office Manager. The rate to be charged for the service in Bailey County has been established at \$5.00 per farm plus \$2.00 for each additional acre over one, and payment based on this rate must be made at the time the request for measurement is filed.

Gene Templeton Buys Guernsey Sire

Gene Templeton, Earth, has just purchased the young Guernsey sire, Kelmur's Viking Dalton from Barrie Smith, Muleshoe. This young bull is out of the

urement is filed. "The premeasurement is purely optional and is offered as a service to growers who prefer to have an official measurement to use as a planting guide." Mr. Bass explained that all cotton acreage in the County will be measured as soon as possible after the cotton "comes up" to determine compliance with the acreage allotment — marketing quota program. When compliance is checked, the farm will be considered to be within the farm plot over one, and payment based on this rate must be made at the time the request for measurement is filed.

Emergency Loans Available In Dust Storm Areas For Listing, Chiseling

COLLEGE STATION, April 12—Emergency loans are available to farmers and ranchers in dust ravaged areas to pay for listing and chiseling land subject to wind erosion, according to an announcement by Secretary of Agriculture Ezra Taft Benson.

Up to one dollar an acre or more can be advanced for this purpose to eligible borrowers. In addition, funds for family subsistence, planting of new crops, temporary and permanent pasture reseeding and other necessary farm and ranch expenses may be included, says the announcement.

The loans bear three per cent interest and may be repaid on a schedule based on the applicant's ability to pay.

The funds are handled by the

Farmers Home Administration, and to make certain all applications for assistance are handled rapidly, additional personnel have been assigned to offices in dust storm areas.

In addition to the emergency loans, drouth relief funds are available on a reimbursable basis by the Department of Agriculture to states in dust storm sections to help control wind erosion.

Applications for these loans are handled by county offices of the Farmers Home Administration. Farmer committees pass on all applications.

Nothing makes a motorist feel more in a hurry than a boulevard stop.

Parmer County Farm Bureau News

Irrigation day was a very successful day for Extension Service and SCS last Friday. Seems to us it should prove profitable to every farmer attending, and we wish every one irrigating or contemplating irrigation could have been on hand. There is little doubt in the light of facts presented at the meeting, that many thousands of dollars could be saved in the initial installation and long-term operation of water wells. It is also our conviction that haste is again the cause of much waste when a man feels the final urge that compels him to start irrigation. Congratulations to Steve Bavousett and Joe Jones, promoters of the program.

Secretaries and presidents of county Farm Bureaus in District Two met in Lubbock April 6. They adopted recommendations

to be presented to Congress to aid farmers in drouth areas. Parmer County, fortunately, is delivered from the bulk of tragedy caused by drouth by the abundance of irrigation water. Emergency loans with extremely low interest, long term contracts were recommended. It was recommended that such loan monies, when repaid, be held in a permanent fund for reallocation for drouth relief, instead of being returned to their source. Aubrey Ellison and Bruce Parr attended from Parmer County.

A new stock of "Scotch Lite" Farm Bureau strips has arrived in the office. Put one on each of your vehicles. Name signs for new members should arrive shortly. You will be notified when they arrive.

We received favorable replies from congressmen and senators concerning the inclusion of underground tile as an income deductible item in the conservation program under consideration of the Finance Committee. Practically every other practice was included in the original bill.

We have a complete course in Pitmanic Short hand, including a nice text book, which we will give to the first person requesting it, if our secretary still doesn't want it. We would like to have a Gregg book if you have one.

If you have tractor gas invoices in the office, please respond to the notice you receive. We have told you ladies how to get new hats and suits by taking care of this for your husbands. Come in and take care of this important detail for him.

Consider This: A good man is rather to be chosen than great riches, and loving favor rather than silver and gold. Prov. 22:1.

RECEIVES PROMOTION

Mr. and Mrs. B. C. Locke received word this week that their son, Claude, who is in the U. S. Air Force, had been promoted from A-3c to A-2e. He is stationed at Kirtland AFB, N. M.

Before entering the service, Claude was employed at The Journal Office.

COMPLETES LEAVE

Radar Seaman D. T. Garth has just completed a ten day leave with his parents, Mr. and Mrs. Royce Garth, and has returned to his base at Norfolk, Va.

CHILDREN WERE GUESTS

Mr. and Mrs. W. S. Clark had all their children and grandchildren home Sunday with the exception of Mrs. Clifton Finley and family. Those present were Mr. and Mrs. Anson Deane and family, Mr. and Mrs. W. S. Clark and family, and Mr. and Mrs. Eldon Page, all of Muleshoe.

HOME ON LEAVE

Pvt. Thomas Mark Grimsley is recently home for a ten day leave. He has just completed his six week training at Ft. Bliss, and now entering a 33 week training in radar repair at Ft. Monmouth, N. J. His wife, Coriene Amberley Grimsley, is now residing west of town with her parents, but will join her husband in New Jersey.

STAYED HERE

Mrs. F. A. Grimsley, of Lubbock, was in Muleshoe Friday afternoon. Mrs. Mark Grimsley turned home with her for a weekend stay.

VISITORS HERE

Mrs. B. B. Lollis and her sons, Fry and David, of San Bernardino, Calif., are visiting this week in the home of her parents, and Mrs. J. A. Wimberley.

COACH KOEN ATTENDED CITIZENSHIP DAY HERE

C. Koen now a teacher in the Lubbock schools and a former teacher here, attended the Education for Citizenship Day program held in Muleshoe last Friday. Coach Koen put in a part of the day shaking hands and visiting with youngsters who were his former pupils. Mr. Koen's health is much improved.

Stop Taking Harsh Drugs for Constipation

Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

Constipation, never take harsh drugs. Cause brutal cramps and griping, or normal bowel action, make relief doses seem needed.

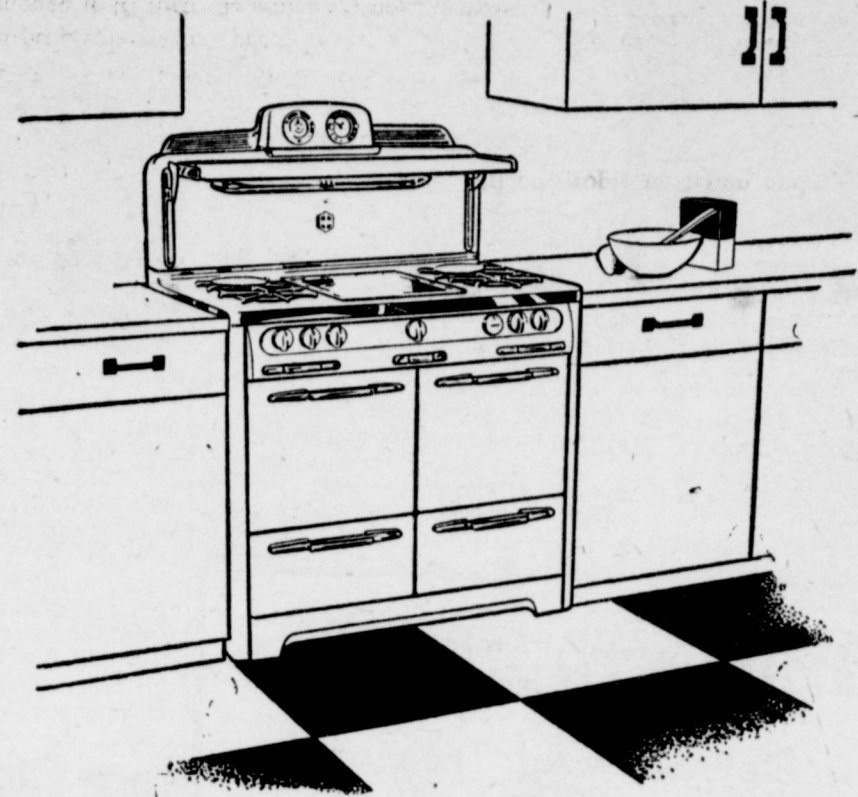

When you are temporarily constipated, get relief—without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Pepsin. The extract of Senna in Pepsin is one of the finest natural known to medicine.

Caldwell's Senna Laxative tastes gentle, comfortable, satisfies relief of temporary constipation any member of the family. Helps get "on schedule" without redoses. Even relieves stomachs that constipation often brings.

Dr. Caldwell's Money back if not satisfied. Mail orders to Box 266, Fort 16, N. Y.

The seal you'll find in kitchens where good food is prepared

Illustrated above is a Wedgwood fully-automatic gas range built to "CP" standards. This range features the twin clock control.

"CP" Seal Assures You Of Deluxe Features

Look for the "CP" seal on the next range you buy. It is a symbol that assures you that you are buying a range with deluxe features. The symbol is a trademark and not a "brand name", and can be used only on automatic gas ranges manufactured by a member of the GAMA, whose ranges meet these extra high requirements that mean so much to the modern housewife.

Every feature of the new automatic gas ranges built to "CP" standards is designed to help you do better cooking, with less work, on a range that adds much to the attractiveness of your kitchen. Examine the features of an automatic gas range built to "CP" standards and we believe you'll agree that these ranges offer you the greatest range values ever known. See these wonderful new gas ranges at your dealer's today.

Pioneer Natural Gas Company
FUEL FOR A GROWING EMPIRE

How smart can machines be?

Back in the twenties there was a stage play about mechanical men, who repaid their creators by trying to wreck civilization. "Robots" have made people uneasy ever since.

How smart can a machine be? At General Electric we're beginning to find out. For some years now we've been working with machines that come startlingly close to thinking like men.

Can they outsmart men? Just the opposite: they make men even smarter by taking over routine mental chores and freeing men for the creative thinking only human minds can encompass.

A jet engine used to be designed by trial and error. You had to build it first, or a costly model, to find out how it would work. Now, an electronic computer helps solve long and complex jet development problems in advance. In 15 minutes it goes through 8 million mathematical calculations and comes up with an answer that would take a mathematician 7 years.

In management, "hunch" is giving way to fact. Electronic data-processing machines zip through head-spinning statistics on market changes, product design and income trends to come up with the answers General Electric managers need to make sound decisions, not hopeful guesses.

Their ability to digest tons of data in a hurry may one day help the farmer by making weather predictions more accurate. They may shed new light on the reasons for boom and bust.

Machines that can read, write, do arithmetic, measure, feel, remember, now take the load off men's minds, just as machines have eased the burden on our backs.

But these fantastic machines still depend on people to design and build and guide and use them. What they replace is drudgery—not people.

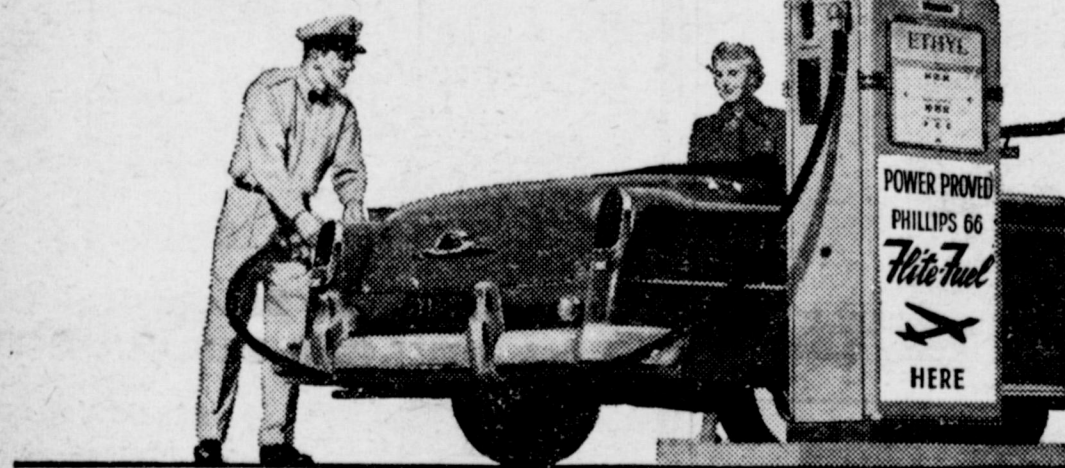

Don't worry; smart though they are, machines will never be as smart as people. Not while people are smart enough to think them up, smart enough to let them do a man's drudging work.

Progress is our most important product
