

Bailey Co. Farm Bureau Adopts Resolutions

The Bailey County Farm Bureau membership turned out nearly 100 strong Monday night in district courtroom at Muleshoe to adopt 18 resolutions for presentation at the Texas convention in Galveston November 8-10.

Only one proposed resolution was not adopted by the group, this one concerning the Social Security laws which go into effect January 1, and will require participation by farmers. The proposed resolution would have made participation in the SS program by farmers on a voluntary

basis. The proposition was defeated by a narrow margin.

Tom McFarland, of the Hi-Plains Water district spoke briefly to the group, explaining that the proposed amendments of his group to the legislature would be based on democratic principles or they would not be submitted at all. McFarland's talk was in regard to a resolution adopted by the local Farm Bureau concerning a proposed water bill which might not allow local voting before becoming effective. Following McFarland's talk, the resolution was adopted by those present.

McFarland brought out the fact that by 1975, an additional 175 million more acres of land will be needed to feed the population of that date, stating that while the land would probably be available, the question of available water was still the most serious one.

Farm Bureau president Bill Millen presided over the meeting, and a general discussion of each of the proposed resolutions was held before a vote was taken.

Resolutions adopted by the group concerned underground water control, compulsory social

security, control of the sale of undesirable comic books and others.

One resolution adopted concerned taxation of capital gains from the sale of agricultural property.

This resolution states that taxation on income derived from the sale of agricultural land be treated in the same manner as that from the sale of homes.

The Texas Farm Bureau program of 1954 was given a vote of confidence in a resolution adopted commending that effort.

Resolutions concerning the continuation of grain sorghum as a

non-basic crop and amending the Texas REA enabling Act were also adopted.

Considerable discussion revolved around a proposed resolution calling for the creation of a State Board to control the operation and rates of telephone companies in Texas. The group adopted the resolution.

The Bureau members adopted a resolution calling for the creation of a committee to study ways and means of controlling noxious weeds in the county, and went on record as favoring more secrecy at election places.

Membership recruiting methods, tenure and active work periods for vocational agriculture teachers were the subject of resolutions adopted at the meeting, also.

Limitation of tenure of FB officers, a tax on natural gas shipped out of state and the 1953 resolution on rural roads were also subjects of adopted resolutions.

The group called for the holding of a FB institute at Texas Tech each year in a resolution, as well as including Johnson Grass in the list of items paid for by ASC in poisoning program.

In a final move, the group stated their desire for a better national public relations program to combat bad publicity the FB is receiving in national publications.

Speakers present included McFarland, Jesse Osborn, D. B. Lancaster of the Bailey County REA and Lonnie Bass of the ASC office.

The county FB will have six voting delegates to the State convention in Galveston. They will leave Sunday morning with the Lubbock delegation, and will return Thursday.

Coffee and donuts were served at the conclusion of the meeting.

Bond Issue Carries; Building Plans Talked

State Bank Installs Night Depository

A new Diebold stainless steel night depository has been installed by Muleshoe State Bank as an added convenience and service for their customers.

The night depository opens from the street wall into a receptacle on the inside of the bank. Merchants and businessmen who need to deposit their days receipts after banking hours may put them into the night depository where they will be picked up and entered by bank personnel during banking hours. The depository was installed Monday night.

Fry and Cox Adds New Holland Line of Farm Implements

Fry and Cox Bros., Muleshoe Minneapolis-Moline dealers announced this week that they have purchased the New Holland Implement sales and service department from Hicks Tractor company.

Material and supplies have been moved to Fry and Cox, and sales and service of New Holland equipment may be obtained there.

New Holland, one of the old line manufacturers of hay balers, spreaders, forage harvesters and allied farm implements is well known throughout all agricultural areas of the U. S., and the addition of the New Holland line to Fry and Cox service carries out still further the tradition of the firm, offering a complete "one stop farm service."

4-H and FFA Cotton and Grain Sorghum Contestants Urged To Contact County Agent or Voc. Ag. Teacher

J. K. Adams, county agent, urged Bailey County 4-H and FFA to contact him now concerning their entries in the county cotton and grain sorghum production contest sponsored by the Muleshoe Chamber of Commerce.

Prizes totaling \$400 will be awarded in the contest, Adams said, and pointed out that as soon as a boy has an area ready for entry, he should contact the agent at the courthouse immediately.

Rules for the contest were given all boys last summer, but to refresh their memory, Adams listed the rules again briefly.

The boy chooses the variety of cotton or grain and his own method of production, but rows must be between 36 and 42 inches; the boy must rent, share-crop or own the crop in competition. One acre or more will qualify the contestant, when the stand is marked for location.

Irrigated or dry land will be considered in two separate contests and prizes in each will be the same. In the contest for grain sorghum production, any grain gathered 10 days after killing freeze will not be standardized for moisture. Grain gathered before that date must be subjected to a moisture test and standardized to 14% moisture. Heads will be gathered from 70 yards of row selected by contestant pro-

vided stand on either side is uniform and equal.

Cotton will be hand picked, the agent announced, from cotton remaining in open burr and no cotton will be picked up off the ground.

By entering contest will be entirely responsible for making appointment with the agent or Vocational Ag teacher as to time and place for judging his entry. Either the agent or teacher must be present in person when the yield is judged.

No harvesting will be done after December 20, 1954.

Prizes will be divided on the basis of 35 per cent of the \$400 total for first place, 25 per cent for second, 15 per cent for third, 10 per cent for fourth and five per cent for fifth. The remaining 10 per cent will be used for ribbons and other suitable prizes, Adams announced.

Football Meet Set For Tonight

Everyone who is interested in sports is invited to attend a special meeting called for tonight, Thursday, at 7:30, in the High school auditorium.

Some special treats are in store. For one thing, a great football film, showing the sensational game played last year between grid teams of Texas Tech and Mississippi will be unrolled. The outcome was a victory for Teca by the close score of 26 to 20.

Another feature on the program will be a talk by Karl Lowland, a local attorney, who will discuss the High school athletic program.

Those attending will learn, too, about the progress of the project to better the lighting at Benny Douglass Stadium in Muleshoe.

Muleshoe Scouts Take Banner At Court of Honor

Eighteen Boy Scouts of Muleshoe received advancements and merit badges at the Yellowhouse District Court of Honor held here last Thursday night.

Judge Cecil Tate, acting master of ceremonies introduced local Scouters who made the presentation of awards to the boys.

Ernest Kerr, Scoutmaster of Troop 20 awarded two Second Class advancement awards, while Jeff Peeler presented two First Class Scout advancements.

Max King and Marlin Mills received Star Scout advancement awards from Mack Hale.

J. G. White presented the Life Scout award to Jim Pat Patterson.

Nine Scouts received Merit badges from Eagle Scouts Gaylord Tate and Butch Lenau.

Troop 20 won the Court of Honor Achievement Awards banner, which Scoutmaster Ernest Kerr accepted from Judge Tate.

Jack Christian, District chairman spoke briefly, introducing District officials Huston Hoover, Charlie Duval, Rev. Harry Vanderpool and Scout Executive Bill Strain, of Levelland.

TO WICHITA FALLS

Mrs. Thuman White and her mother-in-law are going to Wichita Falls on business Friday. They plan to be there several days.

Thursday Morning

Bales Had Been
Ginned Here

Dollar Days

Muleshoe trade territory shoppers are again being offered some fine fall bargains in advertising for Dollar Day Monday specials in this issue of the Journal.

Among the progressive Muleshoe firms offering Dollar Day specials are Cashway Grocery and Market, Cobb's Dept. Store, Anthony's Dept. Store, and Remund-Wilson.

Service Awards For Three Local SWPS Employees

Three Muleshoe men will be honored tonight at the Southwestern Public Service Company's annual service awards dinner at Plainview. Fifty employees of the company's Plains

Division will receive awards for periods of service ranging from 5 to 35 years at tonight's event.

J. V. Peeler will top the Muleshoe delegation in terms of service with a 20 year award, while

Grand Jury To Consider 36 Cases At November Court Term Monday

Thirty-six criminal cases, ranging from defraud with worthless check to kidnapping will be considered by the Grand Jury here Monday when it convenes for the November term of District Court under Judge E. A. Bills.

Sheriff Hugh Freeman told the Journal this week that of the 36 cases to be considered, 26 of the persons involved are either in custody now or are under bond of one kind or another.

The Grand Jury is composed of Howard Ashley, E. W. Locker, D. S. Anderson, Baker Johnson, R. E. Ethridge, R. C. Everett, Robert Blackwood, Cecil Cole, Bill Collins, John Hubbard, Cecil Mardis, Lewis Scoggins, Truitt Smith, Mervin Wilterding and J. A. Young.

They will consider four cases of forgery, seven cases of disposing of mortgaged property, three of car theft, and four of other theft.

Also on the docket will be one second offense DWI, 10 of defraud with worthless check or swindle with worthless check over \$50, three cases of burglary

or breaking and entering and one case of receiving and concealing stolen property.

The Grand Jury will also consider the facts concerning one case of assault with intent to rape, one case of kidnapping and one case of maiming.

District Attorney Joe Sharp will present a bill of particulars on the persons concerned in the cases to be considered by the Grand Jury.

James R. Wilson Funeral Today

James Robert Wilson, aged 61, of Rose 1, Muleshoe passed away in West Plains Hospital-Clinic here at 2 pm., October 26, following a short illness.

Mr. Wilson was well known throughout this area, having been a resident here for 23 years. He was born November 22, 1893 in Blue Ridge, Texas. He was a veteran of World War I, and a member of the Church of Christ.

Funeral services under direction of Singleton Funeral Home were held this morning (October 28) at 10:30 from the Muleshoe Church of Christ, with Ebb Randal officiating. Interment was in Muleshoe cemetery.

Survivors include his widow, Mrs. Lorene Wilson at home; three sons; James, of Wichita, Kansas; Harold and Francis, both of Muleshoe; three sisters, Mrs. Willie Eubanks of Muleshoe; Mrs. J. R. Moorehead, Parnell, Texas; and Mrs. Edna Rannell, of New Boston; two brothers, Dennis Wilson of New Boston and Roy Wilson, of Lawton, Oklahoma; two half brothers, Joe Crawford of Amarillo, and Cleve Crawford, of New Boston, and five grandchildren.

Pallbearers were A. W. Copley, Bill Harmon, Luther Hall, Frank Hinkson, Tom Watson and Chick Otwell.

Honorary pallbearers were O. M. Jennings, Finas Jennings, Jess Pendergrass, Joe Tipton, Euel Hall and H. H. Briggs.

The \$225,000 bond issue for the purpose of building a new Junior High school building here carried 161-53 in the bond election held Saturday. With only two absentee votes cast, election officials said the vote represented a very good turnout for this type of election.

With the passage of the bond issue, the bonds have been sold and the School Board met Wednesday night with representatives of a Lubbock architectural firm to begin drawing up plans for the new building.

The First Texas Corporation of Dallas has bought the bonds, School Board members relate, and the Wednesday night meeting was for the purpose of discussing proposed plans and specifications for the building with the architect chosen to do the work.

The firm of Stiles-Roberts and Associates, of Lubbock will present drawings and specifications to the Board following a survey of the building site and the present lunchroom facilities. Plans for the new Junior High school call for enlargement of the existing lunchroom at the High school plant to accommodate the Junior High pupils.

The Board met Monday night to canvass the votes in the bond election, and Wednesday night met with Edward R. Gee, Jr., representative of Stiles-Roberts, to present their ideas and specifications for the new structure.

With the completion of the new Junior High school across the street from the High school plant, the overcrowded grade school will be expanded into part of the existing Junior high school building.

School Board officials expressed their gratification at the good turnout at the polls Saturday and the success of the election, insuring the construction of needed school facilities.

Mock & Barron Form Real Estate And Loan Company

Formation of a new real estate, loan and mortgage investment firm in Muleshoe was announced this week by John Mock and L. S. Barron. The firm will be known as the B. & M. Real Estate & Mortgage Investment Co.

The firm has offices in the Bailey County Abstract Company building south of the courthouse.

The two men said they will deal in all kinds of real estate, business buildings and lots, residence property, farms, ranches and said they right now have more buyers than they have listings. A good interest is being manifested in Muleshoe territory property, they said. Also, they will handle any type real estate, building, or farm loan.

Mr. Barron has been in the abstract business here for many years with his mother, Mrs. Lela Barron, and he operates a general insurance agency. He also is secretary of the Retail Merchants Credit Association.

Mr. Mock has been county surveyor here for several years and will continue to do surveying and mapping. He has dealt in real estate for some time. A more detailed announcement of their business will be found on another page of this paper.

BANK CLOSED TUESDAY
Muleshoe State Bank will be closed Tuesday, November 2, for General Election Day.

Customers desiring drafts, transfers and other transactions please note closing date.

Coronation of Queens To Be Highlight of Annual P-TA Halloween Carnival At School Auditorium Saturday

The coronation of three queens representing the Grade School, Junior High and High school will be a highlight of the annual Muleshoe Elementary - High schools P-TA Halloween carnival to be held on the High school grounds Saturday night.

The carnival, with all the booths for sale of food, games and entertainment will begin at 6:30 pm in the school bus barn, and will continue in operation there until 9:15 pm, at which time the coronation of the queens representing the three schools

will be held in the High school auditorium.

Miss Ronda Johnson of the fifth grade will be crowned queen of the grade school. Her escort will be Nelson Shipman.

Sue Logan, of the seventh grade is Junior High school queen, and her escort is Max King.

Bettie Collins of the senior class was chosen as High school queen, and her escort is Keith Buhman.

All the queens were chosen by a popular vote of the students in each school.

O. D. "Blondie" Ray will act as master of ceremonies for the coronation.

Members of the coronation committee are Mrs. Elizabeth Wattson, chairman, Mrs. Clyde Holt and Mrs. L. T. Green.

Proceeds from the carnival will be divided between the two P-TA groups on the basis of student enrollment, and used for Association projects.

The carnival part of the annual event will feature pony rides, fortune telling booths, a cartoon movie, refreshment stands and food booths.

First Annual Homecoming Day To Be Highlighted By Parade and Banquet

A downtown parade through Muleshoe streets at 4 pm. November 5, will mark the first annual Muleshoe ex-student teacher Homecoming celebration, according to Mrs. Pat Glasscock, who is in charge of arrangements.

Each class in Muleshoe schools is asked to enter a float in the parade which will also feature the school band. Float entrants are asked to contact Wayne Briscoe, parade chairman.

A gigantic pep rally will be held prior to the parade at 3 pm. Efforts are being made to locate all members of the 1938 Muleshoe team, last team to be undefeated district champions. They are needed for the pep rally, Mrs. Glasscock said.

Registration for the day's events will begin in the High school auditorium at 1 pm, followed by a registration tea. Name tags will be given all registrants, ex-pupils and teachers

alike. Mums in school colors will be on sale by the Junior class members for the big game between the Mules and Tulla, which begins at 8 pm in Benny Douglass Stadium.

The banquet for all former teachers and students will be held in the High school lunchroom at 6 pm. Tickets to the banquet may be obtained by writing P. O. Box 331, Muleshoe. They are \$1.50 per person, and must be ordered by November 1. No tickets to the banquet will be sold at the door, Mrs. Glasscock stated.

Following the Mules-Tulla tilt, a dances for exes of Muleshoe High will be held in the Legion hall, with music furnished by Lloyd Alsop and his "sweetest music this side of Friona" orchestra. Tickets for the dance will be available at the door.

Community Chest Is Subject for Meeting

A public meeting will be held November 8, at 8 pm in the American Legion building to discuss the formation of a Community Chest or United Fund organization for Muleshoe, it was announced this week.

The meeting will be held under the auspices of the local Legion post, and representatives of all civic organizations are urged to attend.

The idea behind the project is to have only one fund drive for charitable purposes rather than a succession of drives for each of the worthwhile causes supported by local citizens.

VISITED BROTHER

Mr. and Mrs. T. W. Berry visited Sunday in Lubbock with her brother, Albert Perkins and family. She said Mr. Perkins had just returned from Colorado, where he had been hunting deer. This was the first time Mr. Perkins had ever been on a deer hunting trip, and he dropped a fine ten point buck with his first shot. Four other Lubbock men accompanied him on the trip.

Wesleyan Guild Plans For Supper

Wesleyan Service Guild met in the home of Mrs. Buford Butts Monday evening, October 25, at 7:30, with Mrs. Delma McCarty as hostess.

Mrs. Butts, vice-president, was in charge of the business session, in the absence of Mrs. Fred Johnson, president.

Opening the meeting, the group sang the Guild Hymn, which was led by Mrs. Clarence Stephens.

Elizabeth Harden offered the devotional.

The study was continued on "Man and God in the City", by Mrs. A. S. Stovall. Mrs. Stovall

conducted the study in a very unique manner, representing herself as Miss Busybody, a reporter for the Guild Banner. She asked questions and took notes on her interview with Mrs. Buford Butts, Ray Edwards, and Mable Dowell.

The Guild voted to sponsor the Family Night at Fellowship Hall, Thursday evening, November 11, at 7:30, with a Pot Luck Supper. The W. S. C. S. and Philathea Circle will assist Guild members.

A report was made by Elizabeth Harden and Mrs. Clarence Stephens on the trip to Giristown at Whiteface.

Visitors attending the meeting were: Mrs. J. R. Singleton, Mrs. L. T. Green, Jr., Fuston and Delma McCarty, Rev. Clarence Stephens, Wesley and Glenda, Magann Lamb, Buford and Patricia Butts, Bob Jennings, and Sandy Warner.

Members present were: Elizabeth Harden and Mmes. Lulu Gorrell, Jim Burkhead, Dee Warner, Ray Edwards, A. S. Stovall, Homer Sanders, Jr., Homer Sanders, Sr., Sam McKinstry, Gilbert Lamb, Mable Dowell, Buford Butts, and the hostess, Mrs. McCarty.

JUNIOR CLASS TO SPONSOR LUNCHEON

The Junior class of Muleshoe High School is sponsoring a luncheon next Wednesday, November 3, at the Fellowship Hall.

Serving will begin at 11:30 and continue through 1:30. Price of the lunches will be \$1 per plate.

Band Boosters Cake Walk Is Huge Success

The tickets which were sold on the three huge cakes, and the Cake Walk which was held Saturday, netted the Band Boosters, \$350, and they considered their venture a big success.

The Boosters wish to especially thank Teeters Sweet Shop for the beautiful cake they baked and donated. Decoration on the huge cake was a replica of the merry-go-round which the band formed at half time at the Sudan-Muleshoe game, Sept. 17. Mr. and Mrs. Teeter went all out on the cake and certainly did a grand job.

Teeters also baked the two large cakes which were donated by the Boosters.

Also the Boosters wish to thank C & H Chevrolet Co. for the use of their lot for the cake walk, and Howard Cox for the use of his loudspeaker and for his help in selling the cakes. Without his help, the walk would not have been the success that it was.

Thanks to all the mothers and to the Meads, Baldrige, and Freshe salesmen who donated cakes. The Boosters wish to thank everyone who helped in any way.

The High School Band marched downtown, and furnished music while the cake walk was being held.

Joint Meeting of Guild, WSCS Held

Mrs. Buford Butts led the program as members of the Wesleyan Guild and Women's Society of Christian Service of the First Methodist Church held a joint meeting Tuesday evening of this week, in observance of the "Week of Prayer and Self Denial".

Beginning at 7:30, the meeting was held in the sanctuary of the Church. Mrs. D. B. Lancaster opened the meeting with the playing of "Have Thine Own Way", after which Mrs. Buford Butts led in prayer.

The group sang, "Just As I Am", and talks were given as follows: "Christian Literature for India, and Pakistan", by Mrs. H. Jay Wier; "Leadership Training" by Mrs. Clarence Stephens; and "Rural and Health Work", by Mrs. Ray Edwards.

"Break Thou The Bread of Life", and "The Kingdom Is Coming", were sung by the group. Members then took their gifts to the altar while Mrs. Lancaster played softly, "We Bring Thee But Thine Own". As the ladies stood at the altar, Rev. Clarence Stephens dismissed with a prayer.

Present were: Mmes. Clarence Stephens, Buford Butts, Ray Edwards, Roy Bayless, H. Jay Wier, D. B. Lancaster, I. F. Willman, O. S. Richards, W. D. Moore, J. J. Gross, C. E. Farrell, and Miss Elizabeth Harden and Rev. Clarence Stephens.

The next meeting of the W. S. C. S. will be held November 1, at 2:30 in the afternoon, and at this

writing a meeting place had not been decided upon.

Progress WSCS To Begin Study

Ladies of the Women's Society of Christian Service met at the Progress Methodist Church for their regular study course, October 21.

Devotional service was led by Mrs. Carrol Jones, who also gave a talk on "Federation of Women". Mrs. Joyce Walker offered a prayer, and the group sang a hymn.

Mrs. Walker was in charge of the business session. Projects as a result of this Bible study were decided upon, and included the buying of a table and chair set for the primary Sunday School room, and the sending of \$20 to the M. C. O. R. (Methodist Overseas Relief). Also, \$2 was sent to a rural church in Oregon.

Income from the rummage sale was \$96.72. Plans for a "Quilt Day" on October 28, were made. This will be during the week of prayer. A resolution passed to commend the publisher of The Muleshoe Journal for his stand against beer advertising.

Mrs. Johnnie Westbrook taught the last lesson of the study book, "Jesus' Teachings Concerning Women". Mrs. Troy Actkinson gave chapter seven of the book, and Mrs. Byron Gwyn gave a talk on "Good Friday and Easter Morning". Mrs. Westbrook led the discussion, and gave an excellent summary of the study course. The session concluded with a hymn and a benediction.

Present were: Mmes. Elmita Gray, Mattie Griffin, Johnnie Westbrook, Velma Gwyn, Jean Carter, Doris Wedel, Iveta Jones, Joyce Walker, and Ruby Actkinson.

A new study course, on India, Pakistan, and Ceylon, begins November 4, and will be taught by Mrs. Ada Thomson.

CALLED TO LUBBOCK
 Mrs. Alma Turner was called to Lubbock Monday, due to the death of her father.

Muleshoe Mules Steam Past Longhorns 2; Meet Floydada Here Friday Night

Muleshoe Mules, playing their first conference game of the season, rolled over hapless Longhorns last Friday night with a score of 33-2.

Gene Shaw, quarterback, passed for 62 yards with a touchdown and a field goal in the first quarter.

Shaw also ran 64 and 53 yards in the second quarter. Shaw handed off to his halfbacks and they in

turn, when trapped, pitched back to Shaw for some mighty nice runs during the game.

Fullback G. R. Howell also did some fancy running and passing. He passed to end Jackie Tidwell for one touchdown and then again to end Keith Buhrman for the last tally of the game.

The Mules showed some stiff defense when they held the Longhorn for four downs on their own 2 yard line. The Mules' pass defense proved successful

when they intercepted no less than 7 passes thrown by Lockney, Gordon Wilson, center and linebacker, grabbed off five of the aerials, and played a bang up game as linebacker. Doyle Rush also turned in some neat defensive work as right end of defense. Also Howell, Pool, Sims and Tidwell showed their stuff.

The Mules line comes in for a nice hand for their line play and blocking.

All the boys who played deserve a big pat on the back for a job well done.

The Mules meet the Floydada Whirlwinds here on Benny Douglass Field Friday night in a big conference game. The Whirlwinds are being picked to wrap up this conference. Last week they took a long stride in that direction by defeating a good Olton team.

The thing that does the boys more good than anything is a large crowd of fans out to the games urging and hollering for the home boys, so let's all turn out for a good game and show the boys that we are behind them all the way.

Cox Reports On Retail Sales At Tuesday Breakfast

Howard Cox reported on the activity of the Retail Sales Committee Tuesday morning at the fifth regular breakfast of the Chamber of Commerce, in a series of eight breakfasts designed to increase the membership of the civic organization.

Cox stated that the retail sales committee, despite the fact that it had been too busy to meet, was planning the annual Christmas program, and would announce the plan in the very near future.

A program to increase trading at home with local merchants is also being worked on by the committee, Cox said.

It was suggested that weather reports from Muleshoe be made available to area radio and TV stations, since the Journal has carried a weekly weather report for years.

Cox was introduced by Bob Gregory. Thirty persons attended the breakfast. Gregory won the door prize of an electric bean pot.

One Arrested Sunday For Sale of Liquor

County Sheriff Hugh Freeman and Deputy Elmo Owen arrested a colored man in the "flats" Sunday on charges of illegal possession and sale of intoxicants. Freeman said he and Owen

NOTICE TO BIDDERS AND NOTICE OF INTENTION TO ISSUE ROAD AND BRIDGE WARRANTS

THE STATE OF TEXAS: COUNTY OF BAILEY: NOTICE IS HEREBY GIVEN that the Commissioners' Court of Bailey County, Texas, will receive bids until 11:00 o'clock, A. M., on the 8th day of November, 1954, at the Courthouse in Muleshoe, Texas, for the purchase of the following road machinery:

1—Motor Graders, powered by 100 h. p. Diesel Engines, equipped with cab, heater, windshield wiper, and hour meter, power steering, lights, blade extension, and any other attachments the Court may deem necessary or desirable.

NOTICE IS ALSO GIVEN that it is the intention of the Commissioners' Court of Bailey County, Texas, to pay for said road machinery out of an issue of Bailey County Road and Bridge Warrants in the maximum amount of \$50,000, bearing interest at a rate not to exceed Three (3%) per cent per annum, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, with a maximum maturity not to exceed Four (4) years from their date; which warrants will be authorized by the Commissioners' Court by an order to be passed on the 8th day of November, 1954.

A cashier's or certified check, issued by a Texas Bank, payable without recourse to the order of Cecil H. Tate, County Judge of Bailey County, Texas, in the amount of five (5%) per cent of the amount of the bid must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into contract and execute bonds in the amount and in the form required by law.

The county will make arrangements for the contractor to dispose of the warrants herein mentioned at not less than par and the contractor must agree to deliver the warrants at such price to the party with whom the County has made such agreements.

County reserves right to accept or reject any or all bids.

CECIL H. TATE, County Judge, Bailey County, Texas (SEAL)

42-2tc.

TWIN PROTECTION

Give yourself real financial protection against double trouble spots — with the twin protection given by Mobile Agricultural Equipment and Livestock Insurance. You can get this protection individually or in combination form — with coverage to fit your specific needs. Call us today for full information.

Bobo Insurance Agency

purchased a pint of liquor from the man and then arrested him. The seller of the spirits is now lodged in the county jail in lieu of payment of \$100 fine.

The Sheriff's office also arrested two persons on DWI charges over the weekend, one of whom plead guilty and the other is under \$750 bond awaiting arraignment.

Four persons were arrested for being intoxicated during the weekend. All plead guilty and paid fines averaging \$15.50.

Mystery Farm Is Ira Martin Place

The Mystery Farm in last week's issue of The Journal has been identified as that of Ira Martin, and is located about nine or ten miles northwest of town.

Mr. Martin has a beautiful aerial photo of his farm awaiting at The Journal Office, which he may pick up at his convenience.

First person living out of town to identify the farm was Robert Giles, and first person living in the city to identify it was Roy Fender. Both have two tickets to Cox Drive-In Theatre awaiting them at The Journal office.

Good Neighbor Seed To Be Distributed

Farmers in the south end of Bailey county who want to take advantage of the Good Neighbor Seed program were urged this week to bring trucks or trailers to Muleshoe gin by Farm Bureau President Bill Millen.

Millen said farmers wanting to get Good Neighbor plan seed should contact him at the Farm Bureau office in Muleshoe for directions where to take their trailers for seed.

The seed will be stored with E. N. McCall, at the Gardner-Hankins gin at Enochs, Millen said.

MULESHOE HIGH SCHOOL Ex-Students Association

Dear Ex-student or Ex-teacher:

Do you ever wonder what has been happening back in ole Muleshoe Hi? We bet you don't even know who Jane or Joe married, or if they even made it or not. What ever happened to the class comedian, singer, pet—or that GOOD old teacher?

We are having homecoming this year with plenty of time to talk to old classmates. If you ever went to school in Muleshoe, or taught in Muleshoe, we want you to be back Nov. 5 for a real Homecoming.

Besides all the get-togethers, coffee, banquet, etc., you will be able to see the conference game between Muleshoe and Tulia. Lets give those lads some ole school backing.

We hate to mention this, but the banquet tickets are \$1.50 per plate and we would appreciate it if you would order yours now. You can't imagine what a strain the last minute is, not knowing if 10 or 200 will be present. Sit down right now and order your tickets.

If you wonder why tickets are \$1.50 here are a few of the answers: Good food plus a nice little fund to be able to give you a better Homecoming each year without having to ask somebody to dig later on.

By the way, if you know some ex-student who might not know about this, why don't you mail this letter on to them? We don't want to miss anyone, so pass the word and don't forget to bring your wife or husband even though they may not be Muleshoe graduates. We want to meet them... while you're at it, mark November 5 on your calendar, now.

See You Then. Write
Box 331
Muleshoe, Texas

FRIDAY, NOVEMBER 5
1 p. m. Registration Tea, High School Building.
3 p. m. Pep Rally.
6 p. m. Banquet and Business Meeting, Lunchroom.
8 p. m. Muleshoe vs. Tulia, game on the Mule gridiron.
11 p. m. Or after the game. Dance at Legion Hall.

**Wilburn P. Coffman
New Minister For
Calvary Baptists**

Rev. Wilburn P. Coffman has assumed his duties as pastor of the Muleshoe Calvary Baptist Church effective October 17.

Rev. Coffman moved into the Church parsonage at Main and Avenue G on October 19 following his first service here the previous Sunday. Formerly minister of Bible Baptist Church in Stockton, Calif., Coffman was previously associate pastor of Tabernacle Baptist Church in Lubbock.

He is a graduate of Lubbock High School and of the Bible Baptist Seminary in Ft. Worth, where he received his BD degree. He also attended Texas Tech.

Rev. Coffman is married and has two children, Dianne, eight, and Ronald who is six.

VISITED SUNDAY

Mrs. Bonnie Haberer and Mrs. Ted Haberer and sons were visiting in Morton Sunday with the W. E. Angeleys.

VISITED PARENTS

Mrs. Doris Borum and small daughter were visiting in the home of her parents, Mr. and Mrs. Short Bickel, over the weekend.

Canning Muleshoe Tomatoes

FILLING AND PACKING TOMATOES last week these three local women who were employed during the tomato packing season at Muleshoe Canning Co. plant. From left to right they are Mrs. Martin, Mrs. J. O. Allison and Mrs. Lee. (Staff Photo.)

Dairy Scholarship Established At Tech For Ag. Students

A five year scholarship grant in dairy industry has been established at Texas Technological College by Fulton Williams, owner of the Fulton Supply Co., in Fort Worth.

Williams established the scholarships to be awarded at the rate of \$100 annually for five years, in memory of his grandmother, Mrs. A. M. Williams. The awards will carry her name.

The scholarships will be awarded to a junior dairy industry student each year on the basis of scholarship, citizenship and financial need. Presentation will

be made in the spring at the annual dairy industry banquet.

Williams' scholarship gift was accepted officially by the College's board of directors at its last meeting.

VISITED IN LUBBOCK
Judge and Mrs. R. J. Klump visited in Lubbock over the weekend with Howard Carlyle and family, and with A. L. King and family.

VISITING SISTER
Mrs. W. J. Matthews, of Texas, N. M., is visiting here this week with her sister, Mrs. R. J. Klump and Judge Klump.

IS IMPROVED
Mrs. A. P. Lambert, who has been rather ill for sometime, following an operation, is feeling better now, and is able to sit up and have visitors.

ATTENDED ANNIVERSARY
Mr. and Mrs. H. M. Shofner and Mr. and Mrs. J. T. Shofner and daughter Alva Lee, were in Tahoka Sunday, where they attended the Golden Wedding Anniversary of Mr. and Mrs. W. C. Huffaker.

Gerald Allison New Prexy Farm Bureau In Pleasant Valley

Gerald Allison was elected president of the Pleasant Valley community Farm Bureau last Tuesday night.

Other officers elected at the meeting include Mrs. Bonnie Haberer, Bill Free, Johnnie West, B. H. Bickel, and Roy Taylor.

THE MULESHOE JOURNAL

VOLUME 32, NUMBER 43 SECTION II — 8 PAGES THURSDAY, OCTOBER 28, 1954

THIS & THAT

About Homemakers & Homemaking In Bailey County
By Mollie Jordan

Barbecue pits have been springing up all over the county the past two weeks. Some people may think that those fireplaces just appeared magically overnight, but I know better. I didn't know that bricklaying could produce so many sore muscles. The results of the club women's industry were worth every bit of it, though. All of us are looking forward to sampling some delicious barbecue cooked on these fireplaces. In case you'd like to see these outdoor fireplaces they can be found at: Mrs. J. J. Smallwood's of Progress Club; Mrs. Gerald Byrd of West Camm Club; and Mrs. Calwells of Muleshoe Club.

If you would like the plans so that you can build one of your own, come by the office and look at the plans for different types and sizes that we have here.

Another important item in the yard is the trashburner. Every home should have a trashburner of some kind; the barbecue fireplace should never be used in this capacity. A good trashburner helps insure the safety and beauty of your home. It makes it easy to burn rubbish often.

Put a trash burner near enough to the kitchen for convenience, but not so near as to be dangerous. If the trash is burned every day or two the trash burner does not have to be large.

A large fly-tight, watertight garbage can for storing tin cans, bottles and other material that will not burn is the working partner of the trash burner. It should sit nearby.

Check to see that the trash burner has a 1/4 inch wire mesh cover over the top and front closing to hold all burning particles inside. It should be at least twelve feet from the buildings and away from the clotheslines. A metal barrel used as a trashburner should be near the driveway, so that it can be picked up and carried away when ashes accumulate.

The first club program next

GOLD STAR 4-H TWINS

LaVON AND DON COPLEY

Copley Twins Get 4-H Gold Star

Don and LaVon Copley, fifteen year-old twins of Mr. and Mrs. A. W. Copley, of Muleshoe, have recently been awarded Gold Star 4-H pins by the Extension Service of Texas A&M College in recognition for their achievements as 4-H members in Bailey county for the past six years.

In presenting the awards, J. K. Adams, Bailey County Agent, stated that their long list of winnings include championship honors at San Antonio, Waco, Dallas and at local fat stock shows. The twins exhibited four of the 24 4-H barrows at the State Fair in Dallas last week.

The twins are not only outstanding in 4-H club work, but are also talented musicians. They play the organ and piano and are both members of the Muleshoe High school band. Don plays trombone and LaVon plays clarinet and is a majorette.

Both youngsters take an active part in local church work.

By John C. White, Commissioner

SIMPLIFIED DROUTH PLAN NEEDED

A little reverse body english was applied to the "grab and giveaway" technique in Washington recently.

When the railroads reduced drouth hay shipment rates by 50 percent early this month, the federal government cut its aid responsibility down to one-fourth the normal freight rate. Drouth stricken stockmen received half the benefits of the cut—the government grabbed the other half.

This bold stroke caught the drouth states unaware. It happened just at a time when representatives from 15 states, including Texas, were in Washington seeking to obtain a simple and more practical plan of relief for grass-starved livestock. The plan submitted by the states was turned down by aides of the Office of the Secretary of Agriculture and the rail cut was interpreted as an opportunity to reduce federal participation in the drouth program.

The delegates to Washington were stunned by this action. They immediately adjourned a meeting with the Federal Drouth Committee and returned to their respective states.

In the beginning, the delegates had hoped the government would dump the present program entirely as too complicated to be of any real use. Instead of paying half the actual hay freight rate up to \$10 per ton, they had proposed a federal reimbursement flat rate of \$9 per ton to eligible livestockmen. The rate was based on actual cost experience with last year's program in all 15 states.

The flat reimbursement could be applied towards the cost of

hay and transportation, they pointed out. It would cut down paper work from five forms now required to only one certificate of eligibility. The end result would be more benefit to needy livestock for less administrative cost.

But instead, half the benefits of the rail cut were wiped out! If the government intends to spend the money it has earmarked for drouth relief, then state officials argue the program should be put on a more simple and economical basis. At is now stands, the program is not doing the job for which it was intended.

1500 Workers Needed For Bailey Harvesting

Favorable weather conditions for harvesting have created full time activity in the fields around Muleshoe and throughout the area this week.

The Texas Employment Commission stated early this week that Bailey county is short about 1500 workers. Some observers report that housing shortages for transient workers in Bailey county have kept the labor supply from meeting the demand, although the housing shortage is said to be easing somewhat.

The TEC also reported that crop conditions are good in the Muleshoe-Bailey county area, with the cotton about 60 per cent open, and the harvest about 12 per cent complete. The TEC estimates a 37,000 bale crop, with 3,222 bales ginned by last week-end.

TEC reports local scale for pulling at \$1.55 with 25 cents for weighing and hauling.

HERE IS NEWS YOU CAN USE

The more successful a farmer becomes the more his family may have to pay for it, when he dies, unless he does something about it ahead of time. Probate costs, administration costs, inheritance taxes, estate taxes can add up to a large amount; and since they must be paid in cash, heirs are often hard pressed to pay them without selling part of the farm or other property.

For that reason many farsighted farmers and businessmen are providing for tax money in their Farm Bureau Insurance Program today.

Our company is a Legal Reserve Capitol Stock Co. participating. Our policies have high cash and loan value. This makes it possible to carry enough low cost insurance to guarantee your heirs sufficient cash to pay estate settlement costs in the event of death. This program can do much also to improve an individual's credit standing.

There is no time like the present time to invest in the future. So start your self a saving account today with Farm Bureau that will put gold in your pocket when there is silver in your hair.

Would you pay \$5.00 for a sack of flour when you could cross the street and buy a better quality for much less?

If you need Insurance to protect your farm and your family, See—

PROFITS CAN YOU AFFORD TO MISS 'EM?

Amazing fuel savings. 3 to 4 seasons without overhaul.

Oil life increased 4 times. No carbon, sludge, "ping".

Stepped-up engine power.

ENSIGN LP-GAS

CARBURETION

You've heard how tractors using low-cost LP-Gas and Ensign Carburetors are scrapping customary performance standards. "Sure," you say, "I'd be sitting pretty with that kind of power, but I can't afford it." Stop a minute. Look at the facts, and you'll find that it is actually costing you money every day you delay switching to LP-Gas! Consider fuel costs. The per-gallon difference between your present fuel and LP-Gas will pay the modest cost of converting in a short time. Then you'll save dollars, while enjoying a more powerful, smoother running engine. Oil? With LP-Gas, lube oil life is 4 to 5 times longer! And, overhaul jobs are needed only every third or fourth season as LP-Gas leaves no carbon, gum or sludge.

See how switching to LP-Gas with Ensign carburetion pays dividends? Why not talk to your Authorized Ensign Dealer? Find out now about ALL the Ensign and LP-Gas advantages... You can't afford to miss 'em!

Muleshoe And The Future

The provocative question of which of the present communities in this area will be "big cities" 10 years from now, was put before a group attending a civic meeting here last week.

Whether Muleshoe, Friona, or Sudan, will win out over the others in population growth and civic improvements will depend entirely on the citizens of Muleshoe, the speaker, Lloyd Alsop said.

It is undeniably true that any community cannot remain static. It must grow or fail, and a community can only grow when it is inhabited by progressive minded citizens, which Muleshoe definitely has. This gives us a head start on other communities in this area, and we believe it will ultimately prove to be the deciding factor in assuring the continued advancement of our community.

Delbert Downing of the Midland Chamber of Commerce likes to tell of the more than 200 Texas postoffices that have literally disappeared from the maps and postal directories during the last 20 years. Downing makes the point that any town must continue a never ending fight for growth and improvements, or lose forever its identity as a town.

There is of course, no danger of Muleshoe disappearing from the maps and directories, and the example is an extreme one, but it does illustrate what has happened in communities where no civic pride and interest existed.

We are all of us proud of Muleshoe. We have an active Chamber of Commerce, with good, active, committees who do not mind working for their goal. In this we are extremely fortunate, but we cannot afford to rest on our laurels. We must continue in the direction we have started.

There is no doubt about our having a wonderful product to sell to the outside world. Our almost unbelievable production of agricultural commodities, plus our naturally ideal location combine to make Muleshoe truly one of the ideal centers for opportunity.

SAND HILLS PHILOSOPHER—

Doubts Electing Officials For 4 Years Instead Of 2 Will End Worrying

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is off on the subject of worry again this week. A topic he knows very little about.

Dear editor:
I'm about as close to being a Constitutional authority as I am to being a loan shark, but I was interested in reading about one of the proposed Constitutional amendments Texans are gonna vote on in November.

I wasn't so much interested in the amendment itself as the reasons some people are advancing for passing it. This amendment is the one which would allow county officials to serve four years instead of two, and the arguments for it are that under the present system of serving two years and having to run again for reelection, an office-holder no more than gets in than he has to turn around and start worrying about getting elected again. This they say cuts down on his efficiency.

Elect em for four years and they'd have to worry less about the next election and could be freer to devote more time to the duties of the office, the argument goes.

I do not believe this argument takes into consideration much human nature, as I have not yet seen an office-holder who, regardless of how long his term was, two years or four years, wasn't immediately aware as soon as he got in that there was

another election coming up and he'd better sail his ship with the prevailing winds in mind, and sailing a ship and keeping your ears to the ground at the same time has always been a delicate job.

In fact, the only way I know to produce a worry-free office-holder is to elect him for life, but while that would free him from worry, it would multiply the public's, and when it comes down to a choice of whether you'd rather have the worrying done by office holders or the public, I guess you know where the majority lies.

Of course, we might vote a Constitutional amendment prohibiting office-holders from giving a single thought to their future until 30 days before the election, but it would be awfully hard to find many men who could qualify for this type of control.

There are lots of good arguments for electing county officials for four years instead of two, but eliminating their worrying over getting re-elected ain't one of em.

It'll be all right with me if we elect em for four years, but I think only one-fourth of em ought to be elected at a time, so we could have elections every summer, not just every fourth summer. Enough fun has been eliminated in life as it is without eliminating the fun of voting in county politics no oftener than once every four years. Life is based on the promise of a better tomorrow and you cut all elections in half and you slice the number of promises in two and where does that leave you?

Yours faithfully,
J. A.

"J. A."

Today's Meditation

Lights In The Darkness
Read John 4:9-15.
Sir, give me this water that I thirst not. (John 4:15.)

One summer morning some people went hunting. The day became hotter and hotter. Their supply of drinking water was soon used. More was needed but none could be found. Later in the day a family passed that way. They gave of their supply to quench the hunter's thirst. That day the hunters learned that man cannot survive without water.

The state of man is tragic without Christ. The soul is dead unless it gains freedom that comes through Him. Without Christ we are nothing.

As the light of the world, Jesus is the source of life, knowledge, inspiration and joy. As the door He is the entrance into salvation and the realm of God. As the good shepherd, He is the con-

stant companion, provider, guide, and defender. As the bread of life, He is strength, growth, and virtue in all good activities. As the true vine, He is the divine supporter of the Church. It is through communion with Him that we are daily endowed with love, joy, and peace. He is the resurrection and the life. From His fullness we all receive grace.

PRAYER
Our heavenly Father, we come to Thee because we have faith that we can obtain from Thee complete satisfaction for all our needs. Give us spiritual light that we may know Thee. Be Thou the light for our darkness. In Jesus' name. Amen.

THOUGHT FOR THE DAY
In Christ we are complete.
Robert Elphick (Chili)

Cost-conscious livestock producers can cut labor requirements by self-feeding cattle on a salt and protein supplement mixture. County agents can supply information on the subject.

Saved From The Round File

by Carroll Pouncey
It is possible that some interpreted the final paragraph of this column last week as a prelude to the remarks made by The Sandhills Philosopher re: kennel dogs who sit and howl for food. We blushing assure both one and all that such was not the intent of the writer. The sterling characters who run the back shop of this family chronicle "goofed", and the deed was done. No harm intended.

The horse and buggy days may have had their faults, but you seldom read of a son killing his father because he couldn't use the horse that night.

If you remember the days when a lady fainted when she stuck her finger with a needle, you're a lot older than I thought.

If you are past the age of what is commonly called reason, you must be aware that the cost of running for a public office has become increasingly greater with each successive campaign year.

At the Lions club the other day, Rep. Jesse Osborn was asked how it is possible for a candidate to spend \$200,000 running for an office that cannot legally pay him more than four or five thousand dollars during his term.

Those who expected Rep. Osborn to answer this puzzler were disappointed, for Jesse simply said he didn't know, and could offer no other advice or solution to the problem.

Dudley J. LeBlanc, known in this area as the father of what household comfort, Hadacol, was, and still may be, a perennial politician in the boiling pot of Louisiana knock down and drag-out politics.

Uncle Dudley, as he was known to his constituents, used to put on some rousing campaigns, complete with two or three bands, several variety acts and a two hour program of "entertainment" mixed with his stumping for whatever office he happened to be seeking at the moment.

He said frequently, concerning the subject mentioned above, that he was a rich man, that a vote for him meant honest government, he had all the money he needed, and would not be forced to steal public funds if elected to office.

Not too strangely, he was frequently elected, and for all we know, may now hold some public office or other.

The list of those who fed at the public trough of Louisiana politics is long and monotonous. The system in vogue during our years in that neighboring state was for each candidate for high office to appoint a campaign chairman in each parish (county). In case the candidate lost, the campaign manager lost also. But if the candidate won his office, the campaign manager immediately became a patronage boss for the parish, and passed out favors to the faithful.

To make our point (if any), the parish we lived in was over three hundred miles from the nearest salt water of any sort, but an acquaintance proudly bore the title of Fish and Oyster Inspector for (Blank) parish. His duties of course were nonexistent, but the pay was good.

By the way, we hope you will notice that from now and henceforth forward, we are beginning to departmentalize The Journal. This means, in effect, that the more important news of interest to the most people will be found on page one; news of interest primarily to women will be found on well forward in that same section; editorial comment plus such think tank ticklers as the Sandhills Philosopher and Roger Babson, will be located in one of the back sections, but always approximately in the same location. Then too, page one of section two will be devoted to farm features, or stories of interest to farmers and farm families. We hope to be able to devote considerable time and space to bringing you news of interest to those who farm.

We are interested in pictures. Without quoting that famous Chinese proverb about the value of one picture, we will state that pictures of people you know, doing things that interest you will just naturally draw your attention. We plan to use more pictures from now on, within economic reason, of course. Pictures cost us money to make, and we will somehow manage to stay in our budget, but we will also continue to make and print as many local pictures as possible under the circumstances. Bigger ones too.

The kindly old gray-haired editor has survived two issues of The Journal by now. We don't know what is par for the course, but we are kind of proud to still be around.

BABSON DISCUSSES— Investors Vs. Speculators

Babson Park, Mass., Oct. 28 — I have always encouraged the safe investment of money through buying stocks in well-known, standard, dividend-paying companies, plus diversification amongst a large number of companies. That is why I have favored the Investment Trusts and Mutual Funds for those with only a little money. These should give safety and security.

The nation as a whole, however, may get top-heavy with "safe investments." Too many people cannot live on the dividends of old-established corporations. Some people must be willing to take some risks by putting some money into new enterprises.

WHO BUILT AMERICAN INDUSTRIES?

During the past few weeks I have been studying the industrial history of New England. Conservative investors did not build the cotton factories, the paper mills, the woolen plants of New England. These were built by men willing to take risks. The sailing ships which set forth from Boston, Portsmouth, Gloucester, Salem, and New Bedford to all parts of the world—without charts or steam—and even before the days of lighthouses—were built by "speculators", not by "investors."

The Securities and Exchange Commission has done a good thing for conservative investors and the big, established companies; but whether the Commission has done well for the nation as a whole is debatable. America today needs more speculators.

PIONEERING ENCOURAGED

It is said that the Democrats inaugurated most of the new tax law changes to help the sick and aged. The Republicans, however, are responsible for the features of the 1954 Tax Law which encourage invention, industry, and voting concerns. During the Roosevelt Administration, business was treated with a certain disdain. The New Deal politicians and professors, who had had no experience with business, wrote the laws.

Such legislation has helped the unfortunate who were unable to work, but it has discouraged the formation of new companies to provide future employment. It has been very difficult for young men to get the capital or to save enough from earnings to start a new business. It has been like trying to run a church without a Sunday School—or have a family without raising children. The new 1954 Tax Law makes it easier for any young man of good character to start a new business. It also encourages older investors to take some risks by starting new enterprises, prospecting for uranium and other rare metals, and providing future employment for the next generation.

WHAT UTOPIA MEANS TO ME

Mrs. Babson and I have founded three successful colleges — Babson Institute for men at Babson Park, Mass., Webber College for women at Babson Park, Fla., and a third college in the center of the United States, at Eureka, Kansas. This third school is intended to help worthy young people with vision do new things which their parents or friends may think impossible.

As I meet the men who are doing big things today, I find

that—as a rule—they did not come from big cities. Most of them were brought up on farms. Their college was the wood box and the corn fields. They were obliged to fight severe heat in summer and cold in winter. They thought that life consisted of taking risks with horses, cattle, and storms. Steam heat, air conditioning, and flabby colleges may make good investors, but these modern luxuries do not teach men to take risks. A greater willingness to risk is the need of America today.

ONE MORE THOUGHT

Young people who are born without luxury or without money and who are struggling for an education should remember this: You have as much time as anyone in the world. No President,

Prime Minister, Professor, or Captain of Industry has more time than you have.

I forecast that some day every reader will realize that time is worth more than money. My appeal this week is that you use a fair proportion of your time in taking risks for the good of the nation.

A single copy of a new USDA bulletin on corn production may be obtained free from the Office of Information, USDA, Washington 25, D. C. Ask for F. B. 2073. Noted in the bulletin are the changes which have occurred in the production of corn during the past 20 years. It's a handbook on corn production.

"It's Not The Amount of Mules In The Fight — It's The Amount of Fight In The Mules"

Bailey County 4-H Club Wins 19 Prizes In State Fair Show

Jerry Inman led the parade of Bailey County 4-H winners in the State Fair of Texas Barrow Show Thursday. With 392 top quality barrows being shown from all over Texas, the Bailey County group won nineteen prizes.

The Grand Champion of the show went to the Hale County 4-H on a lightweight Poland China and Jerry Inman placed his best barrow alongside this fine animal in a class of 48 Poland weighing between 180 and 210 pounds.

Marlon Inman, brother of Jerry, had won Reserve Grand Champion barrow at the State Fair both shows previous to the show this year. This makes three years in succession that Poland Chinas from the Sherman Inman farm came out at least best or second best Poland Chinas at the State Fair. Bailey County 4-H members bedded their 23 barrows on shavings and otherwise kept their pens as neat as a Pennsylvania Dutch woman's doorstep. Reward for this fine job was 2nd prize showmanship award of twenty dollars.

The other 4-H club members of Bailey County voted to allow their share of this award to go to Howard Pollard to compensate him for feed costs on a fine barrow he lost at Dallas as a result of suffocation.

Other high placings of the show included fourth light Poland won by Mike O'Hair and fifth medium Poland China won by Bennie Splawn. Mike O'Hair won 9th in Chester Whites and Claudia O'Hair won 11th and 12th lightweight Durocs.

The sale Saturday morning

found the Grand Champion barrow bringing \$2.00 per pound. All Bailey County barrows brought \$23.00 per hundred or better and netted approximately seven dollars per pig above Fort Worth market value. This added to show ring premiums, made a profitable venture for Bailey 4-H at the State Fair this year.

LAMASTER

IKE SAYS:

"FOR THE NEXT TWO YEARS THE WELFARE OF OUR NATION REQUIRES A REPUBLICAN-LED CONGRESS."

"PETE" LAMASTER

You elected "Ike" Eisenhower to office in 1952... and in the two short years he has been President, he has done much to stabilize our economy, bring our soldiers home from Korea, establish a workable peace plan for the world, and reinstate America to the position of leadership that is rightfully ours.

You gave this great American a job to do. Now... give him the help he needs to complete his dynamic program. Your vote for Pete LaMaster on November 2 will be a vote of confidence for President Eisenhower and will give him a cooperative Congressman from the Texas Panhandle.

1955 Pontiac Star Chief Custom Catalina

"Vogue" two-toning and new panoramic body styling enhance the long sleek look of the all new 1955 Pontiac Chief Custom Catalina. Powered with Pontiac's new 189 h. p. Strato-Streak V-8 overhead valve engine, the very popular Catalina is offered in Star Chief Custom and Chieftain 870 models.

Pontiac V-8 Line For 1955 Will Be Shown By Ladd Pontiac Tomorrow

Pontiac makes its biggest bid for the medium price market with an all new body and 180-horsepower overhead valve V-8 engine for 1955. The "all new" 1955 Pontiacs, featuring completely new panoramic bodies and a Strato-Streak V-8 engine, will be shown for the first time on October 29 at Ladd Pontiac in Muleshoe.

The Strato-Streak V-8 engine and new bodies head an impressive list of new features. The 1955 Pontiacs have an exciting range of modern colors and "Vogue" two-toning; exquisite interior styling; panoramic windshield and increased glass area; functional, jewel-like instrument panel; powerful 12-volt electrical system; newly designed frame; new vertical king-pin front; larger brakes; improved ride and handling and attractive accessories combined with a tremendous number of mechanical refinements.

The Pontiac for 1955 incorporates more engineering innovations than any model since Pontiac was first produced in 1926. The new car has 109 outstanding new features.

The fleet new bodies have a low, streamlined silhouette. The front-end, accentuated by the massive dual impact bars and grille bar has the modern appearance of a jet plane air scoop.

VISITED IN HEREFORD

Mr. and Mrs. Tom Smith and Mrs. Ruby Green and daughter Noreen, were visitors in Hereford Sunday.

SUNDAY IN AMARILLO

Mr. and Mrs. D. S. Anderson and children Hal and Davy Jean spent Sunday in Amarillo with Mr. and Mrs. Archie B. Pool.

The headlamps display a bold new treatment with futuristic air crescents above them. Twin silver streaks, a popular feature of Pontiac's "dream cars", the Bonneville Special and the Parisienne, sweep back from the radiator grille of the 1955 Pontiacs, terminating at the cowl-like passenger compartment air intake.

The Silver streak motif is continued with chrome streaks that run along the crown of each rear fender fin and terminates at the massive tail lamps. Dual bumper impact bars combined with the graceful wing-and-circle emblem on the trunk lid give a new beauty and distinction to the back of the 1955 Pontiac.

Pontiac colors for 1955 show the influence of the public's taste for lighter and brighter tones. "Vogue" two-toning which brings the color of the top of the car down to the middle of the car body, adds greatly to the streamlined appearance of the new Pontiacs.

Body interiors, luxuriously color-keyed to the new exterior paints, reach new heights of comfort, roominess and safety. The graceful instrument panel mounts aircraft-type instruments at 90 degrees to the driver's vision with control knobs recessed for added safety. Pontiac's exclusive safety-arc speedometer indicates speed with a continuous red curve.

The 1955 Pontiacs will be available in two new series, the Star Chief Series, having a 124-inch wheelbase and the Chieftain Series with a wheelbase of 122-inches. Dimensionally, sedan and coupe models are 2 1/4 inches lower in overall height. A two-door station wagon has been added to the line of Pontiac body styles this year. Station wagons are as much as 6 inches lower. All models have lower hood lines exposing both front fenders to the driver's vision. Hip and shoulder room have been substantially increased by redesigning the car interior.

The new bodies with panoramic windshield, and increased glass at side and back have 26% more "see through" area. Station Wagons have wrap-around rear windows.

In all, 12 body styles are offered this year by Pontiac. The new Strato-Streak V-8 engine represents Pontiac's answer to the automotive industry's goal of developing an engine with durability and low-cost dependability and with the power and quick response that modern drivers demand. The engine develops 180 horsepower, reaching maximum torque at low engine speed.

The Strato-Streak's "quad-gallery" full pressure lubrication system was developed by Pontiac to meet the rigid requirements for supplying oil under pressure to all moving parts.

WERE IN PORTALES

Mrs. Roy Hogan, Mrs. Jack Hicks and son Jimmy, and Judy Murrah, visited Myra Hogan at Portales, N. M., Sunday. Myra is a student at E. N. M. U.

ARRIVED SUNDAY

Doyle King arrived Sunday for a two weeks visit with his parents, Mr. and Mrs. J. M. King and other relatives and friends. Doyle is stationed at White Sands N. M., with the armed forces, and expects to be released soon.

Hachita Ranch Deal Announced

John Q. Adams, formerly of San Angelo, has contracted to purchase the U Bar ranch, 4 1/2 miles south of Deming, N. M., for \$1,125,000. The ranch, which lies along the New Mexico border contains 107,000 acres of deeded land and 33,000 acres of leased land.

Owner of the property is the E. W. Warren estate, Three Oaks, Mich., which was until a few months ago the owners of the Muleshoe Ranch. The ranch now under sale contract is sometimes called the Hachita ranch because of a town nearby of that name.

The deal is being handled by a Lubbock real estate man. The deal would include some 3,600 Hereford cattle.

The valve-in-head V-8
as only the valve-in-head
leader can build it!

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price. It's something that took a lot of doing and that only the world's leading car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V8." It carries the V8 design to a new high in efficiency with its high horsepower (162), high compression (8 to 1), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

6
The motoramic
Chevrolet

You can choose from
two new sixes, too!

Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

More than a new car—a new concept of low-cost motoring!

Classroom Teachers Turn Thumbs Down On Amendment 2

Mrs. Christine Rutherford, president of the Muleshoe Classroom Teachers Association stated this week that all local teachers are being urged to vote "No" on proposed Constitutional Amendment 2, in the November 2 election.

Amendment 2, concerns a provision for reciprocity between the Teachers Retirement System and the State Employees Retirement System.

Mrs. Rutherford says that four reasons can be cited to show why teachers should vote against the proposed amendment, including the chance that the amendment if passed could disturb the financial soundness of the Teacher Retirement system. This could come about by the admission of a number of employees with claims of prior service.

The second reason given is that the amendment would permit unequal participation in retirement benefits. The amendment as it is now worded says the teacher, does not provide for the adjustment of differences between the two systems.

Another reason is that the prior service angle would need adjustment. Claims on the Teacher retirement system can be made upon service prior to 1937, while claims on the State Employees retirement service can be made on service prior to 1947.

The amendment would also point the way for a possible merger of the two systems, the MCTA president feels, and this, would be undesirable, from the teachers viewpoint.

Four Initiated Into Rainbow

Darla Myers, Worthy Advisor, presided over a beautiful initiation ceremony held by the Muleshoe Assembly No. 161, Order of Rainbow for Girls, Thursday evening, October 21, at 7:30 in the Masonic Hall, for Kay Brown, LaQuinta Stone, Sherry Allison and Patricia Broune.

Several Masons and Eastern Stars and Past Worthy Advisors Elizabeth Farley and Betty Collins, witnessed the ceremony. These girls filled the stations of Associate Worthy Advisor and Confidential Advisor in the closing ceremony.

During the business session the girls voted to sell boxes of King's Candy, to make money for the assembly.

The refreshment table was beautifully decorated in the Halloween motif. Lime Sherbet and cookies were served to all present by Darla Johnson, Ginger Gaede, Kay Lenderson, Nan Allison and Marsha Dale Redwine.

Mrs. Bill Estep Shower Honoree

A bridal shower honoring Mrs. Bill Estep, nee Miss Ester Ford, was held last Wednesday afternoon at 2:30, at the home of Mrs. Gail Hoover. Mrs. Hoover and Mrs. Jimmy Shafer were hostesses.

The serving table was laid with a beautiful lace cloth over pink, and centered with a lovely arrangement of pink and white cosmos on a pink vase.

Cake, punch, and pink and white mints were served. Mrs. Hoover served the cake and mints, while punch was poured by Mrs. Shafer.

The honoree received many nice gifts.

IS A GUEST

A guest this week in the Jim Moore home is his aunt, Mrs. Honsinger, of Ropes.

Half Century Club Observes 17th Birthday

The lovely home of Mrs. Elizabeth Woodley set the scene as members of the Half Century Club gathered Thursday for a celebration of the seventeenth birthday of the club.

Mrs. Beulah Carles served as hostess, and Mrs. Leota Wilterding as co-hostess.

Decorations were in the Halloween motif. Huge bouquets of dahlias and mums were placed at various points of interest throughout the house to further add to the festive mood of the party. Flowers were furnished by Mrs. Jack Epps and Mrs. Leota Wilterding.

Delicious refreshments of hot spiced tea, coffee, and sandwiches were served during the afternoon.

Those present enjoyed games of canasta.

The following ladies were present: Anna Moeller, Etta Welch, Berdie Paul, Sallie Harden, Laura Gilbreath, Mattie Duke, Sweetie Johnson, Snow Davis, Lucy Mardis, Mattie Haney, Mary Young, Daisy Engram, Jennie Panter, Alpha Julian, Hazel Farrell, and granddaughter Claudia Huber, Pearl Moore, Hertha Walker, and visitors: Mrs. Rosie Steedham, of Lindsay, Okla.; and Mmes. T. M. Slemmons, Peggy Childers, Mae Wilterding, Jack Epps, June Beavers, W. T. Birdsong and Ola Bell Lamb and her mother, Mrs. J. R. Singleton.

The Half Century Club ladies will have a dinner of turkey and dressing with all the trimmings at the Fellowship Hall on November 4. They will begin serving promptly at 6:00 pm. The price is \$1 for adults and 50c for children. Everyone is invited to attend.

Mrs. Wampler To Speak To Study Club This Evening

The Muleshoe Study Club will meet in the reception room of the R. E. A. Building this evening, October 28.

Mrs. Perry Wampler, Dale Carnegie sponsor, of Clovis, N. M., and Lubbock, will speak on "Are We Intolerant?" Mrs. Wampler, a noted speaker, has written a book on racial prejudice.

This promises to be one of the outstanding programs of the year. Each member may bring a guest.

Hostess is Mrs. H. S. Sanders, Jr., and co-hostess is Mrs. Lee R. Pool.

VISITED FATHER

Mr. and Mrs. Guy Nickels visited in New Castle over the past weekend with her father, T. E. Jones, and others.

TO WASHINGTON

Bobby Pittman and his friend Buzz Ellis, of Waco, left Monday morning by auto, for Neselle Air Force Base, Washington, where they are to be stationed. Bobby has been here the past month visiting his parents, Dr. and Mrs. G. A. Pittman.

WEEKENDED HERE

Mr. and Mrs. J. W. Robinson, of San Angelo, weekended with her brother, J. A. Richards, of Muleshoe and O. S. Richards, of Progress, and their families.

PAPER & Supplies at The Journal Office.

Philathea Circle Met October 21

Philathea Circle of the Methodist Church met Thursday, October 21, at 7:30, in the home of Mrs. Douglass Jones.

The meeting was called to order by the president, Dorothy Wyer, and opening prayer was given by Mrs. Stevens.

The Christmas cards have arrived and anyone wishing to purchase cards are asked to contact any member of the Circle. Money netted from the sale of the cards will go into the building fund for the new church.

A very interesting program was given by Gertrude Myers on "Deaconesses Funds" and by

Mrs. Stevens on "Foreign Mission Funds"

These funds are obtained during the week of prayer and self denial.

A special meeting was called for the Circle on Wednesday afternoon, October 27, at which time they met in the home of Sammie Allison and completed work on the Birthday Calendars.

Delicious refreshments were served to two prospective new members, Ann Wilson and Mary Andrus, and to the following members: Mmes. Stephens, Ida Mae Shofner, Dorothy Wyer, Ethel Benetis, Charlene Bickel, Gertrude Myers, Juan Allison, Sammie Allison, Margaret Huff, Gladys Black, Mildred McReynolds, and hostess Doris Jones.

The next regular meeting will be in the home of Mildred McReynolds November 4, at 7:30.

PVS Club Elects Officers For Year

Mrs. Paul Hammett hosted members of the Pleasant Valley Social Club in her home October 20. The meeting was called to order by the president, and roll call was answered.

A bed-side tray is to be sent to Ivan Reeder, who is ill. Katie Roubinek, Leona Hicks, and Ethel Allison, are to go to Mary Andreas Wednesday to work on and finish the curtains for the school house.

Officers for the coming year were elected. President is Verona Grizzle; vice-president, June Free; secretary and treasurer, Mary Andreas; and reporter, Ver-nice Landers.

In a secret ballot, members voted on the most outstanding member. Her name is to be revealed at the anniversary supper on November 8.

The next regular meeting will be held at the home of Mrs. Alta Holdeman on November 3.

BY REPRESENTS
ITY AT LUBBOCK MEET
 Millen attended the bi-
 hly meeting at the Lubbock
 in Classing Office Tuesday,
 session being held to hear
 nents of farmers over the
 on the service being given

by the office. Presidents of
 county Farm Bureaus were pre-
 sent.
 Millen said the meeting is
 open to any farmer, and he
 would be pleased to have other
 farmers go down with him for
 any of the meetings.

**Rev. E. K. Shepherd
 Named Trustee At
 Baptist Convention**

Rev. E. K. Shepherd of Mule-
 shoe, is among newly-elected
 trustees of the 191-member Ex-
 ecutive Board of the Baptist Gen-
 eral Convention of Texas.

The Board, composed of 191
 Baptist pastors, laymen, and
 women who transact the BGCT's
 business between annual ses-
 sions, was elected during the six-
 ty-ninth annual meeting held
 last week in Fort Worth.

The convention elected Dr. J.
 Ralph Grant, pastor of Lubbock's
 First Baptist Church, as presi-
 dent, and Dr. Robert E. Naylor,
 pastor of the Travis Avenue
 Baptist Church, Fort Worth, as
 vice president.

Rev. Carroll Ray of the Central
 Baptist Church, Pampa, was
 named second vice-president.

**Farm Bureau Has
 New Adjustor**

Charlie Scruggs, associated
 with the Farm Bureau Insurance
 companies in Waco, will assume
 his duties as claims adjustor for
 the Bailey County Farm Bureau,
 December 1.

Scruggs will headquarter in
 Littlefield and will work with
 local insurance agents of FB in

seven counties other than Bailey.
 Announcement of Scruggs ap-
 pointment was made by Ray
 Carter, Bailey FB service agent.

TO AMARILLO

Mr. and Mrs. L. F. McCormick
 were in Amarillo, Monday of this
 week, visiting their children.

ANNOUNCEMENT

Mrs. Clinton Bristow will pre-
 sent her expression pupils in a
 recital this evening, Thursday,
 October 28, at 8:00 o'clock at the
 Fellowship Hall.

The public is cordially invited
 to attend.

**Muleshoe Journal To Sponsor
 'Maid Of Cotton' Contestant**

The Muleshoe Journal will be
 one of the co-sponsors of this
 year's South Plains Maid of Cot-
 ton Contest to be held in Lub-
 bock on November 22, at was
 announced today.

Any girl from Muleshoe who
 is between the ages of 19 and 25
 inclusive, at least 5 feet 5 inches
 tall, born in a cotton producing
 state and who is unmarried, is
 eligible to compete for the covet-

ed title which carries with it a
 chance to compete in the nation-
 al finals in Memphis, Tenn.,
 early next year. The South Plains
 Maid will also receive an all-cot-
 ton wardrobe and have all ex-
 penses paid for her and a chap-
 erone of her choice to the Mem-
 phis pageant.

This is not a "beauty contest"
 in the ordinary sense of the
 word since judging is based on
 intelligence, personality and
 poise, as well as appearance.

The South Plains Maid will be
 the official ambassador of the
 area's cotton industry and will
 have the opportunity to tell the
 story of South Plains cotton to
 persons from throughout the na-
 tion who will be on hand for the
 Memphis finals.

The winner of the national
 contest will receive a six-month's
 world tour in many beautiful
 clothes, a new convertible and
 hundreds of other prizes. She
 will visit 30 cities in the United
 States major centers of Europe
 and several cities in Canada be-
 fore her tour ends next July.

But the first step toward this
 fabulous goal is to contact The
 Journal where entry blanks and
 further information about the
 South Plains contest are avail-
 able.

This year's pageant will be
 held before several thousand per-
 sons in Lubbock's new Fair Park
 Coliseum. Last year's program
 attracted 21 contestants who ap-
 peared before an audience of
 more than 1,600. Contest officials
 are expecting this year's pro-
 gram to attract even more con-
 testants and a much larger
 crowd.

All entries must be received by
 November 15.

So come in to the Journal of-
 fice today and pick up an entry
 blank. This might well be the
 first step toward an exciting
 world-wide tour.

**Paquin and Moore
 At Tax Conference**

G. A. Paquin and Bill Mora
 are attending a tax conference on
 the new Internal Revenue Code,
 being held at Texas Technologi-
 cal College, Lubbock, Texas, this
 week.

Both Moore and Paquin felt
 that because the last Congress
 amended the entire Internal Re-
 venue Code, that by attending this
 conference and learning the lat-
 est facts concerning the new law
 they could render a better ser-
 vice to the people of Muleshoe
 and Muleshoe trade territory
 this coming year on their tax
 problems.

Their office is in the Law Of-
 fice of Karl L. Lovelady.

LIBRARY NEWS

Mrs. E. R. Wright, librarian,
 announces that she has received
 a new book at the library. It is
 "The Power of Positive Think-
 ing", by Norman Peale.

**Fourteen Inducted
 Into A'md Services**

Fourteen area boys left this
 month for the Armed Services,
 according to the Selective Ser-
 vice board here. They are:

- Lynn Calvin Foster, Sudan;
- James Holly Fenton, Littlefield;
- Franklin Reeves Watson, Am-
 herst; Jesse Coolidge Ray, Mule-
 shoe; Billy Eudon Muller, Little-
 field; Robert Hernandez, Morton;
- Bary Gilbert Nichols, Muleshoe;
- Harold Herbert Roberson, Am-
 herst; Richard Dexter Hancock,
 Morton; Edd Carpenter Work-
 man, Olton; William Franklin
 Anderson, Littlefield; Patton
 Garlington Blessing, Amherst;
- Eugene Alfred Coleman, Am-
 herst; and Bill Blackstone, Mule-
 shoe.

V8 Power, Complete Re-styling Mark Chevrolets

A styling advance from any point of view is claimed by the
 company for 1955 Chevrolets. The latest lineup of 14 models has
 been completely restyled and in addition incorporates the
 widest array of chassis improvements ever offered by Chevro-
 let on a new model. Lower, fleetier lines are accompanied by
 new frames, new suspensions, new operating devices, and new
 power. With the optional Powerglide or overdrive and new V8
 engine plus two six-cylinder engines, a customer has a choice
 of six "power packages." The Bel Air 4-door sedan is pictured
 above.

**State Farm Bureau Convention To Be Held
 In Galveston Nov. 8; Local Men Attend**

Acreage allotments, price sup-
 ports and the farmer's cost-price
 squeeze are likely to get top
 billing when the Texas Farm Bu-
 reau holds its 1954 convention in
 Galveston November 8-10.

Some 1,500 members, repre-
 senting every phase of agricul-
 ture in Texas, are expected to
 converge on the resort city for
 the state farm organization's
 21st annual session.

Among those who will attend
 from the Bailey County Farm
 Bureau are Mr. and Mrs. Bill
 Millen, Joe Sooter, Mrs. Doris
 Trawick and others.

Policies to guide the organiza-
 tion in its dealings next year
 with Congress, various govern-
 ment agencies and officials will
 be formulated by voting dele-
 gates from about 180 counties.

A state-wide resolution com-
 mittee will meet for four days
 prior to the convention to dra-
 ft tentative resolutions for the de-
 legate body's consideration. These
 drafts will be based on county
 resolutions.

Registration for the convention
 will begin Sunday afternoon,
 Nov. 7, in the Buccaneer Hotel.
 A vesper service will be held
 that evening.

An open hearing on tentative
 resolutions will be held Monday
 morning, with conferences on
 various commodities scheduled
 for that afternoon.

Finals of the state-wide Farm
 Bureau queen contest will be
 held Monday night. Thirteen dis-
 trict nominees will compete for
 the state crown—and its accom-

panying prize, a trip to New
 York.

The convention proper will get
 under way Tuesday, Nov. 9, with
 the morning session featuring
 TFB President J. Walter Ham-
 mond's annual address.

Two nationally-known speak-
 ers will address the convention
 that afternoon. They are Senator
 James Eastland of Mississippi,
 and Howard Hill, president of
 the Iowa Farm Bureau Federa-
 tion.

Banquet speaker Tuesday night
 will be the well-known Dr. W. H.
 (Bill) Alexander, pastor of the
 First Christian Church in Okla-
 homa City.

Voting on resolutions will take
 place on the final day, Wednes-
 day. Balloting will begin after
 the credentials committee reports
 and delegates are seated.

Adopted resolutions dealing
 with state matters will become
 the official policy of the Texas
 Farm Bureau for 1955. Approved
 resolutions on national issues
 will be recommendations to the
 American Farm Bureau Federa-
 tion's annual meeting, which
 convenes Dec. 12-16 in New York
 City.

**Reliability Run
 Scheduled Sunday**

The Reliability Run, which is
 being sponsored by the Ramblin
 Eight auto club of Muleshoe is
 scheduled to begin at 2:00 pm,
 Sunday, October 31, at the Mule-
 shoe High School parking lot.
 Entrance time is 1:00 pm.

All students of Muleshoe High
 School are eligible to enter the
 run. Entrance fee is 50¢ per car.
 First, second and third place
 trophies will be awarded.

Points will be docked from the
 total points gained by entrants
 if their automobile brakes, lights,
 wipers, horn, head lights, park-
 ing lights, tail lights, and stop
 lights are not in proper working
 order.

The run will be cancelled in
 case of rain or other similar
 weather.

State Bar In Favor of Amendment Four

"Something for nothing" isn't altogether a thing of the past. That is the belief of members of the State Bar of Texas who are urging passage of Amendment Number Four at the November 2 general election. The Amendment which would

provide for the construction of two state office buildings, without additional taxes, and at a saving of \$250,000 per year now being paid in rent by state agencies housed outside the Capitol. That is about as close as you can get to "something for nothing" they believe. The Committee, headed by Ed Gossett of Dallas, is one of many groups throughout the state who have given their endorsement to this Amendment. It provides for the transfer of surplus money in

the Confederate Pension Fund to a building fund for a State Court building to house the Supreme Court, Court of Criminal Appeals, Court of Civil Appeals, State Library, and Attorney General's office and for a State Office building to house state agencies now paying rent for office space outside the Capitol.

Barbara Jones Is McMurry Freshman

Barbara Carol Jones, freshman daughter of Mr. and Mrs. Carol M. Jones, has enrolled in McMurry College for the fall semester, according to Jerome Vannoy, registrar.

Miss Jones is a 1954 graduate of Muleshoe High School. She was active in drama. She was also a member of FHA, the annual staff, the paper staff and the Spanish Club. She was president of the pep squad and was elected to Who's Who.

The McMurry registrar reported that more than 615 students registered for the fall semester, representing a sizeable increase over last year's enrollment. Forty two students are studying toward the master's degree, Vannoy said.

The application of plenty of the right kind of fertilizer will materially increase the value of small grain pastures.

Office Supplies at the Journal Phone 7220. We deliver.

Honor Society Initiates Senior From Muleshoe

Mrs. Jon Ann Thomson Dwyer of Muleshoe was promoted to senior membership in Alpha Chi, national honor society at West Texas State College, in a recent initiation ceremony.

Requirements for membership in Alpha Chi include residence at WT at least one year and compile a scholarship average within the upper 10 per cent of the junior or senior classes. A social hour with society sponsors Dr. Mattie Swayne Mack, Dr. Hattie Anderson and Herschel Coffee followed the initiation services.

Mrs. Dwyer, a senior at WT, is majoring in English. She is a member of the Mary E. Hudspeth Honor Society. She is a graduate of Muleshoe High School and the daughter of Mr. and Mrs. J. W. Thomson, Route 2, Muleshoe.

UNDERGOES SURGERY

Mrs. L. N. Childress, of Dallas, visited in Muleshoe last week-end with relatives. She returned by way of Amarillo to be with her father, H. A. Douglass, Sr., of Muleshoe, who is in a hospital there. He underwent major surgery in an Amarillo hospital four weeks ago. Mrs. Childress will also visit her sister, Mrs. Millard Moore in Amarillo.

Winter Pastures Need Management

Rain alone will not provide the grass needed for winter grazing. A. H. Walker, extension range specialist, says planning and management of the range may be just about as important as the supply of moisture in determining how much grass will be available for livestock feed during the winter period.

Walker points out that many areas of the state received heavy rains only a short time ago but because the soil was bare much of it was lost to run-off. Planning and management would have helped the situation.

Now that winter is at hand, the specialist says livestock producers should save all of the feed they possibly can as bundles, hay or silage. If feed must be purchased, buy it now, he says. Plant annual grazing crops and here he points out that producers who dusted in small grains and legumes are far ahead of those who waited for rain.

He says pastures which have been deferred should not be grazed until after frost because livestock will graze off the seed heads before they have a chance to fall to the ground. He suggests that a protein supplement of one to two pounds for cattle and an eighth to a quarter pound for ewes be fed each day where the

livestock is running on dry grass. Finally, the specialist points out, drouths are not new to Texas and urges livestock producers to plan their operations and manage them to take care of the drouth years.

Bill Wilson Back From MOD Conclave

"It's a bigger job now", declared Bill Wilson, one of Bailey County's March of Dimes leaders, today on returning from a conference at Austin, where polio volunteers from Texas mapped plans for the 1955 drive to finance the fight against polio. More polio patients are receiving help from the March of Dimes this fall than ever before in the long history of the polio program, Wilson said.

"The year 1954 was one of the heaviest polio years on record, and it is anticipated that many thousands more Americans will be stricken during the year ahead.

Millions of dollars will be needed during the coming year to care for those thousands of individuals who were stricken in the past and who will become ill in the future", he said.

Medical authorities of the National Foundation for Infantile Paralysis told those attending the meeting that the new Salk vaccine, tested last summer on half a million school children, gives great promise of proving an effective preventative against paralytic polio. Results of the field trials of the vaccine will be known next spring.

Bailey County March of Dimes leaders already have begun plans for conducting the appeal next January. Bailey County citizens contributed \$5,517 to the polio program in 1954.

Eugene Sokora With Fifth Infantry In Munich, Germany

Army Pvt. Eugene A. Sokora, whose wife, Dorothy, lives at Littlefield, recently returned to Munich, Germany, after participating in VII Corps' Exercise Westwind, a field artillery training maneuver, in southern Bavaria.

Private Sokora, assigned to Battery C of the 5th Infantry Division's 50th Field Artillery Battalion, arrived overseas last February. A 1950 graduate of Pep High School, he entered the Army in September, 1953.

A machine developed by scientists of the USDA detects the presence of green-rot bacteria in eggs. This bacterial infection causes more egg spoilage than any other egg rot. The new electronic machine detects the presence in the egg of the bacteria at a very early stage of development and thus can be used to eliminate infected eggs from market and storage channels.

Navy Announces Increase In Quotas of Enlisted Reserve

The Navy has announced a 70 per cent increase in monthly quotas of inactive reserve enlisted personnel who may be voluntarily ordered to active duty.

This increased effort to obtain volunteers is made to insure maintaining planned enlisted strength throughout the remaining fiscal year which ends June 30, 1955.

Eligible personnel of the U. S. Naval Reserve or the U. S. Naval Fleet Reserve (enlisted personnel retired from the regular Navy) may be ordered to active duty for periods of 24, 36 or 48 months. They must have sufficient obligated service remaining in their current enlistment and/or period of service obligation under the Universal Military Training and Service Act.

First priority shall be given to any members of the Naval Reserve who have received their "Order to Report for Induction" notice.

Categories of personnel who are not eligible for voluntary active duty include (1) Reservists who served less than three years on a regular Navy enlistment; (2) Reservists who served a three-year enlistment and are now obligated for five years in the reserve; (3) All exclusive emergency ratings; (4) U. S. Naval Fleet Reservists formerly in an officer status; (5) Permanently retired personnel; (6) Personnel in special rating programs, except those in construction ratings; and (7) Personnel with an aviation pilot (AP) designation.

While communications technicians in all pay grades are desired, not all specialty ratings are eligible for active duty. Most of the ineligible specialties, while closed in top grades, are open at third and second class petty officer levels.

Ratings that will not be considered in any pay grade are boatswain's mates, printers, aviation machinist's mates, aviation electronicsmen, aviation ordnancemen, aviation boatswain's mates, aviation photographer's mates and stewards, unless they have received their induction notice.

Interested personnel who wish to apply for active duty may contact their local Navy Recruiting Station or U. S. Naval Reserve Training Center for details.

Planning and management of the range may be just as important as the supply of moisture in determining how much grass will be available for livestock feed during the winter period. A combination of good planning, management and rainfall would provide a satisfactory answer in most cases.

Two recent Agricultural Extension Service publications, B-243, Planning for the Business of Poultry Farming and B1240, Poultry Houses for Texas, are available at local county extension offices or from the Agricultural Information Office, College Station, Texas.

Motor Trend magazine shows Mercury is

LOWEST COST CAR IN ITS CLASS TO OWN

13-car test by leading automotive magazine covers all costs of owning and operating a car—shows Mercury has lowest cost per mile in its class!

What does it really cost to own and operate various 1954 cars? Motor Trend magazine decided to find out—in probably the most detailed study of true car cost ever made.

All the costs that go into car ownership were covered, including depreciation. Thirteen cars in all price classes were

compared on a 10,000-mile basis. It was a survey that duplicated—as Motor Trend points out—"an average experience of a car owner in the first year's operation and ownership of a car." The results as reported in the July issue:

Mercury beat all cars tested in its class for low ownership cost per mile—beat all cars in the test in every class except for one in the so-called "low-price" field.

And, remember, for all its economy, Mercury has a new 161-hp overhead valve V-8 engine. You enjoy the easy handling advantages of the only ball-joint front wheel suspension in its field. And you get a car that holds the "class championship" for resale value.

Best of all, you couldn't pick a better time to buy a Mercury. We are now offering special year-end deals that top any we have ever made. Come in and see!

TAX ASSESSOR AND COLLECTOR
Bailey County

Candidate

LeRoy "Pete" LaMaster, above, Republican candidate for Congress from the 18th District, has challenged his opponent's stand on price supports on live cattle.

LaMaster, a farmer from Perryton, speaking on television from Amarillo, stated, "I want to make it clear that I am not in favor of price supports on live cattle."

The GOP candidate also issued a challenge to Rep. Walter Rogers to explain use of tax money for what he charged were salaries of personnel not working in Rogers' Washington office on government business... including the salary of Rogers' campaign manager in Amarillo and other campaign workers in the district.

"My opponent has yet to answer a flat 'yes' or 'no' to any question on current issues," said LaMaster.

"As a taxpayer, I want my opponent to tell the people of the district how he stands on the question of price supports on live cattle," LaMaster said. "I find there is a decided difference of opinion as to where he stands. The opinions depend on the groups before whom he appears."

CHRISTIAN SCIENCE SERVICES

How God's infinite love for man redeems man from sin by destroying sin and revealing man's divine, sinless nature, will be explained at Christian Science services Sunday. The Lesson-Sermon is entitled "Everlasting Punishment."

Among the passages from the Bible will be read the story of the Prodigal Son, including his forgiveness and his welcome back to his father's house, as told in Chapter 15 of Luke's gospel. The following selection on the overcoming of sin will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (327:9-13):

"Evil is sometimes a man's highest conception of right, until his grasp on good grows stronger. Then he loses pleasure in wickedness, and it becomes his torment. The way to escape the misery of sin is to cease sinning. There is no other way." The Golden Text is from Psalms (130:7): "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plenteous redemption."

Barron Attends Credit Meeting

L. S. Barron, manager of Retail Merchants Association of Muleshoe, was among the delegates from 26 Penhandle and South Plains Texas cities who attended a two-day management seminar for merchants association-credit bureau managers and collection service heads in Amarillo Saturday and Sunday, October 16 and 17.

The sessions were devoted to improving credit and collection service. The purpose of the meetings was to develop a standard brand of service and to advance the industry in the credit field Barron said.

Courses of instruction included Word Motivation, Collecting by Phone, Investigations by Phone, Answering Letters, and Office Interviews in the collection management session. Credit men discussed Telephone Reporting, Slow Reports, and the Written Report.

C & H Chevrolet To Unveil Beautiful 1955 Line In Showroom Thursday

Pronounced mechanical advances plus new riding comfort and a complete re-styling of bodies give Chevrolet for 1955 its most spectacular model.

No major part of the car has been overlooked in the broadscale improvement program. Driving ease and riding comfort benefit along with the creation of fresh automotive design. The accomplishment, says the company, has been possible only because of a thorough job of product re-engineering and the tremendous new plant facilities Chevrolet adds this year.

The 1955 models will go on display at C & H Chevrolet showrooms today, October 28. From an extraordinarily long list of new features the public will see at that time, these are particularly outstanding:

First automobiles in the low-price field to reflect the "dream car" influence of the General Motors Motoramas. First V-8 engine offered on a Chevrolet in 35 years. Higher horsepower ratings and new quietness and smoothness in two "Blue Flame" sixes. Engines are of the traditional valve-in-head design, which in the last few years has won virtually 100 per cent acceptance by other makes.

Integrated body and frame design. Chevrolet points out it has been able to obtain close unity with body and frame by engineering components to complement each other. Front and rear suspensions revamped. Added riding comfort and roadability, Chevrolet states, are assured by vastly improved suspensions. At the front, a modern version of the ball-joint design aids car handling and steering as well as comfort. Increased safety through greater visibility. Every car window of safety plate glass—front, rear and side—is larger in 1955 Chevrolet bodies. The gain is due largely to the extension of glass over areas that have been "blind spots" since the early days of the automobile. Optional overdrive. An overdrive installation will be offered for the first time. Engine speed reduction of more than 20% is accomplished by the overdrive which automatically cuts in when the foot is lifted off the accelerator above 31 miles an hour.

More electrical power. A 12-volt electrical system will furnish ample reserve power for the

ever-growing demands of accessories. The system is standard on both sixes and V8s, assuring increased generator efficiency and higher starting motor speeds.

"Dry Air" ventilation. This feature involves an arch shaped plenum chamber that channels fresh air from a slotted cowl vent. Drainage from the chamber prevents any water from reaching passenger, even in rainiest weather. Tubeless tires for increased safety. The casing remains the same, but instead of an inner-tube, interior surfaces are coated with a butyl "skin" for sealing. Blowouts are resisted and deflation slower with punctures. Smoother power application. The torque tube drive is replaced by a hotchkiss drive to deliver power more smoothly to the rear wheels and to provide a "flatter" ride in combination with the longer springs.

Easier steering. From power steering, an improved version of which is available on 1955 cars, Chevrolet has adopted the re-circulating ball-nut gear and combined it with a relay type of linkage that increases smoothness and reduces driver effort.

Most distinguished mark of the new Chevrolet bodies is their low-slung silhouette and vertical windshield pillars. Broad, flat hood and trunk lids are approximately three and one-half inches lower than last year while the high, straight crown of the fenders enhance an impression of fleetness and agility. The design gives the cars the appearance of much greater length although wheelbase remain unchanged.

Brand new among 14 bodies on the One-Fifty, Two-Ten and Bel Air series are two-door station wagons. The complete line-up shows two-and four-door sedans in all series, two-door station wagons in the One-Fifty and Two-Ten, four-door station wagons in the Two-Ten and Bel Air, a utility sedan in the One-Fifty, a club coupe in the Two-Ten and sport and convertible coupes in the Bel Air series.
