

# SCOOP SEZ

— By J. M. FORBES —

Henry Schuster says: There are two organizations that ought to have the special and close support of all in this area. They are:

1. The Texas Research Foundation, which has established a field station at Halfway, in Hale County.
2. The Plains Cotton Growers Association.

The Foundation will study farming methods and practices, and will go into improved varieties and crops not now grown here. We farmers have been experimenting on our own, an expensive process sometimes, and our findings are not made available to our neighbors. I believe it is to the interest of every farmer, every business and professional man to contribute.

Plains Cotton Growers will go into problems at the other end, marketing, grading, cotton allotments, etc. The setup for financial support of this organization is: Farmers to give 15 cents per bale, ginners 1 cent, and business men have been or will be solicited. If everyone will contribute, the cost to each will be negligible when the benefits that will certainly come are considered.

Both are new movements and they need our financial support. I am thoroughly sold on the potentialities of both and would like to urge everyone to give them their best consideration.

## Idle Thought Of An Idle Fellow

I may have always felt that anyone who didn't know already about the great natural beauty of the great and beautiful state of Texas didn't hardly count anyway. Apparently our lawgivers may have thought along those lines for there is no provision in law whereby the people of our other 47 states may be apprised of the scenic beauty that awaits the traveler in the Lone Star State, not by using state funds.

Now a bill is pending in the House making this a legal procedure; it's having tough sledding, and if you, Mr. Texan, are interested, why don't you get off a wire or letter to your representative, urging favorable support: wire your senators, too. Twenty-five favorable votes will be needed in the House when the bill comes up for a vote on the 27th.

In a way, it is inhumane to let the lovers of nature in the rest of the nation remain unaware of what Texas has to offer. Another way to look at it is that all the other 47 states use state money to advertise their attractions, and Texas may as well have some of the money tourists spend; and besides, who knows but that a traveler so attracted here might just decide to settle down and establish a business or industry in our state.

## Vibramatic Sales Offices Opening Here Tomorrow

Muleshoe Vibramatic Sales will open their showrooms and offices in the Byron Griffiths building at 210 West First street Friday, March 22.

Mrs. Jake Diehl is manager of the store. Ed and Biddy Hicks, formerly of Muleshoe, are distributors for Vibramatic.

Vibramatic mattresses contain vibrators which are said to give soothing massage to the body. A private demonstration room will be a feature of the store here, where prospective customers may try out the new device.

Registration will begin on opening day for a free Vibramatic mattress to be given away on March 30.

The company's ad may be found in this issue.

# First Annual Career Day Conference In High School Auditorium April 12

The first annual Education for Citizenship program, sponsored by the Muleshoe Chamber of Commerce will be held in the high school auditorium here April 12, beginning at 9:30 a.m., with Jack Young as master of ceremonies.

The program will begin with a band concert by the MHS band under the direction of Paul Summersgill, followed by the welcome address by Jack Morris, vice-president of the Chamber.

Following the invocation, Senn Slemmons, manager of the Chamber will explain the purpose of the program, and introduce Dean Cole of ENMU, who will deliver the principal address.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 36, NUMBER 12

14 PAGES TODAY

PUBLISHED EVERY THURSDAY AT MULESHOE, BAILEY COUNTY, TEXAS

THURSDAY, MARCH 21, 1957

**AWARD FOR THE CHAMP:** Tony Paiz, repeat spelling champion in the County Bee held Friday, receives a cash award from Fred Johnson, the pronouncer. At right is Mike Flaniken, runner-up in the meet and named alternate to the district Bee, receives the second place prize. Freddie Paiz, third place winner, also received a cash award.

## After A Tough Battle... Tony Paiz, Bula 8th Grader, Wins County Spelling Bee Second Year

**Tony Paiz, 14 year old 8th grade student in Bula school, won the Bailey County Spelling Bee for the second straight year. The Bee was held in the high school auditorium at 2 p.m. Friday.**

Tony won the county championship last year, then went to the district Bee in Lubbock and won second place. In the Bee Friday, Tony correctly spelled "chauffeur" after the word had been missed by his last opponent, Mike Flaniken, 13 year old 8th grader at Three Way.

Tony then went on to spell his next word, "chieftain". Tony is a son of Mr. and Mrs. Ben Paiz, of Bula; Mike is the son of Mr. and Mrs. Mike Flaniken, of Maple. Mike won second place and was named alternate to the district meet.

In third place was Tony's little brother, Freddie Paiz, who got his tongue tied up and missed "yaw". Many of the contestants went down because of slips, although they really could have spelled the word they missed.

Other contestants and the word that tripped them: Larry Pollard 14, 8th grade at Muleshoe, son of Mr. and Mrs. Lloyd Pollard, Rt. 1 Sudan, "organization"; Jean Gray, 13, 8th grade at Muleshoe, daughter of Mr. and Mrs. Cleburne Gray, "minium"; Pat Thomson, 14, 8th grade at Muleshoe, daughter of Mr. and Mrs. J. W. Thomson, "lonellect"; Virgil Thomas, 11, Three Way 6th grader, son of Mr. and Mrs. T. A. Thomas, "knickknack"; James Long, 14, 8th grader at Three Way, son of Mr. and Mrs. Garvin Long, Maple, "holiday"; Frances Cooper, 13, 8th grader at Muleshoe, daughter of Mr. and Mrs. Arthur I. Cooper, "applicant".

For the first time in the history of the Bee there were more boys than girls in the list of contestants; Muleshoe was represented

by three girls, Bula and Three Way by three boys. Until Tony came along last year, the champion always had been a girl.

The District Bee will be held at O. L. Slaton junior high at Lubbock beginning at 1:30 p.m. Saturday, October 30. Valuable prizes await the winners there; winner of first place gets to enter the National Bee in Washington, D. C., and the sponsors, Lubbock Avalanche-Journal, will provide expenses for the winner and a companion.

The Journal gave prizes in the Bee Friday of \$15 dollars for first, \$7.50 for second, and \$2.50 for third place winners. The Lubbock papers provided ribbons and a Paper Mate pen for each contestant.

Fred Johnson again pronounced the words. Judges were Mrs. L. S. Barron, Mrs. Harvey Bass, and M. D. Gunstream. The Bee was broadcast by KMUL, Muleshoe radio station.

## School Trustee Election April 6

Deadline for filing for school trustee in the April 6 election is March 26, as was announced here this week.

Three places will be open, with the expiration of terms of Gerald Allison, Jim Cox and John Sowder.

None of the three incumbent members of the board has indicated whether they will seek reelection.

The board is presently engaged in going over plans for the expansion program which will include construction of a new elementary school, cafeteria, business office, band hall and extra classrooms.

## Former Resident Funeral Service Held At Comanche

I. M. Williams, 80, retired grocerman, passed away March 16 at Comanche, Texas, where he was a resident.

Mr. Williams was in the grocery business in Muleshoe and at Needmore several years ago, and will be remembered by many residents of this area.

Funeral services were held Sunday, with interment in a Comanche Cemetery.

Mr. Williams is survived by his widow; four daughters, Mrs. Ray Carter and Mrs. Jack Cox of Muleshoe, Mrs. Vernon King of Lubbock, and Mrs. J. L. Burgess of Comanche; one son, Homer Williams of Comanche; 23 grandchildren and 48 great grandchildren.

## Seven Candidates Seek School Posts In Three Way Area

Seven candidates have been chosen for places on the ballot to elect two trustees for the Three Way school district in an election to be held April 6.

The terms of L. E. Warren and Jack Lowe, are expiring. Both men are seeking re-election to the posts.

Candidates include Millard Townsend, Tommy Taylor, Ed Latimer, Theryl Lemons, Morris Gant, Warren and Lowe.

Archie Sims is superintendent of Three Way school.

## Collie Willard Pays \$73 Fine After Fast Ride

Collie B. Willard of Littlefield, who recently led Bailey County deputy sheriff Joe Hodge on a 27-mile chase at speeds up to 115 mph, paid fines and court costs totaling \$73 Saturday after pleading guilty before County Judge Glen Williams.

Willard was charged with speeding, disregarding stop signs and egt of the 27 mile chase. Deputy Hodge pursued the late model car from near Enochs across the New Mexico line before apprehending Willard.

## Vanlandingham Services Are Held At Enochs Church

Wayne Vanlandingham, 27, Enochs farmer, was killed apparently instantly Tuesday morning when the irrigation pipe with which he was working became entangled in electrical wiring.

He was pronounced dead on arrival at Cochran County Hospital at 10 a.m.

Vanlandingham reportedly was working with irrigation pipe on his father's farm, near Enochs. The pipe became plugged and he was trying to unplug it when the pipe became entangled with the electrical wire connected to the irrigation pump motor.

He was the son of Mr. and Mrs. C. W. Vanlandingham of Enochs. He had lived near Enochs his entire life.

Funeral services are scheduled for 3 p.m. Wednesday in the Enochs Baptist church. Officiating were the Rev. W. R. Harris, Lubbock, assisted by the Rev. V. P. Whitfield, Enochs, and the Rev. Charles Vanlandingham, Harts Camp, Tex. The Rev. Mr. Vanlandingham is a cousin of the victim.

Burial was in Enochs Cemetery under direction of Singleton Funeral Home of Morton.

Vanlandingham was a member of the First Baptist church. He was married to Miss Charlotte Hall Feb. 24, 1950 in El Paso.

Survivors include his wife; two daughters, Debby and Nend of the home; one son, Eddie Wayne, also of the home; his parents; two sisters Mrs. A. J. Becker, Lubbock; and Mrs. James Beck, Lubbock; two brothers, W. C. Morton, and H. G. Lubbock.

## Special Service To Honor 25 Year Church Members

Seventy-one members of the First Methodist Church in Muleshoe will be honored at special services Sunday, March 24, in recognition of their having been members of the church for 25 years or more.

In addition to the special service, members of the congregation have been asked to bring basket lunches and remain for "dinner on the ground".

Mrs. A. C. Leveridge is chairman of the membership committee, and Lonnie Bass is secretary.

## Polly Briscoe Is Named Princess Of Stock Show

Polly Briscoe, 16 year old daughter of Mr. and Mrs. Kenneth Briscoe of Muleshoe was named Princess of the 4-H club division of the South Plains Junior Fat Stock Show Saturday at Lubbock.

She will reign over the show with Ida Pearl Mason, of Tahoka.

Polly was sponsored in the princess contest by the Pleasant Valley 4-H club, of which Royce Turner is president.

## Annual Spring Concert of MHS Bands To Be Presented In Auditorium April 5

The annual spring concert of the Muleshoe high school bands will be presented April 5 at 8 p.m. in the high school auditorium under the direction of Paul Summersgill.

Both bands will play the numbers they will play in contest at Brownfield April 26 and 27, and in addition will play a number of other selections ranging from martial music to contemporary composers. Admission is \$1, and 50 cents for students.

## General Rains Over West Plains Assure Moisture For Planting

Dark skies brought bright faces in the West Plains country Wednesday, as rains began to fall late Tuesday night and continued into the day Wednesday, bringing as much as 1.3 inches at Progress and at least half an inch in all other parts of the area.

With threatening clouds still overhead at dusk and rain still being reported over much of the West Plains, the outlook for planting seemed particularly optimistic. One observer reported that the slow rains were soaking right into the ground, going

deep, and little water was running off. This type of rainfall does more good for early planting than a heavier, harder rain would, he said.

In Muleshoe at noon Wednesday, half an inch was recorded at the official station by Judge Klump. At Progress, the Journal correspondent, Mrs. Arthur Cooper, reported 1.3 inches with rain still falling.

Official rainfall in Muleshoe was .89 of an inch.

At Lazbuddie, the butane station reported one inch with rain still coming down, and the

same was true at Pleasant Valley, as reported by Johnnie West.

Out at Bula, H. G. Thompson told The Journal that he had one inch by noon at his place three miles east of Bula, and two miles southwest of Bula, they had reported a half inch.

Down at Maple, Mr. Fox at the Coop Gin reported from 9 of an inch to a full inch, with lighter recordings south of Maple.

Needmore reported one inch, with rain still falling at 1 p.m. Wednesday at the butane station there.

## Phipps, Black and Pollard Winners In Junior Stock Show Saturday

### Nine Grand Jury Indictments Are Returned Monday

The Bailey county Grand Jury, meeting Monday for the spring term of 64th District Court, E. A. Bills presiding, returned nine indictments.

Six of the indictments were on the charge of forgery and knowingly passing a forged instrument, two of the charges against one individual. There was one charge of theft, felony, one charge of attempting to fondle a minor, and one charge of removing mortgaged property.

The petit jury was recalled Wednesday morning to begin hearing civil jury cases.

### Senior Class Play Tomorrow Night In MHS Auditorium

The annual senior play, this year entitled "The Case of the Missing Heirs", will be presented tomorrow night, March 22 at 8 in the Muleshoe high school auditorium under the direction of Buddy Calcut.

### Three Way Boys Successful In Sale Of Swine At Weekend Stock Show-Sale

Three Way 4-H and FFA boys had a successful weekend showing their prize winning barrows and gilts at the Morton and Muleshoe fat stock shows Saturday.

Howard and Mike Pollard, sons of Mr. and Mrs. Carl Pollard, and Kirk Holt, son of Mr. and Mrs. Marvin Holt, along with Wesley and Lloyd Warren, sons of Mr. and Mrs. Bud Warren, all exhibited at the Morton show Friday and sold at auction Saturday.

Leon Jones, voc. ag. instructor at Three Way, supervised the projects shown at Morton except for Lloyd Warren's 4-H exhibit. Wesley Warren and Mike Pol-

rows which sold for 40 cents per pound. Kirk Holt showed eighth lightweight Poland which sold for 35 cents per pound.

The two top barrows shown by Wesley Warren and Mike Pollard brought over four times their actual market value and the boys also took in money prizes comparable to other shows.

Mike and Howard Pollard and Kathy Pollard showed their 4-H barrows and gilts in the Muleshoe show. Mike Pollard took Grand Champion barrow of show while his brother Howard showed Reserve Champion barrow. The Pollard brothers also won top honors in the breeding gilt division of the Muleshoe show. Mike Pollard won eighth lightweight Poland barrow at Lubbock this week in the strongest show ever held in Texas according to the opinion of qualified observers.

### PLEASANT VALLEY NEWS

#### Large Crowd Hears Quartet Last Week

A large crowd attended the Stamps Quartet program presented at Pleasant Valley last Tuesday night.

The program was sponsored by S. N. Reed of the Northern Star Seed Farms of O'Brien, Texas, and featured Loy Hooker, Arthur Watson, Jerry Barnett, Cecil Pollock, and Jim Grisham, members of the Stamps Quartet and their accompanist.

Food for the occasion was furnished by Guy Nickels of the Pleasant Valley Gins, and was prepared by the ladies of the community.

A. A. Cox, salesman for Northern Star showed a film on the first bale of cotton ginned in the nation this year.

**On Sick List**  
Glenda Hutton, Katie Roubinek and Sammy Allison, were on the sick list last week.

Mr. and Mrs. Harry Engelking and Mr. and Mrs. Forrest Greene attended the County Farm Bureau meeting held in Littlefield Thursday night.

Mr. and Mrs. Leroy Hicks were Sunday dinner guests in the Rochelle Christian home in Farwell and in the Louis Hicks home Sunday evening in Texico, N. M.

**Social Club**  
The Pleasant Valley Social club met at the community center Thursday night with Jean Allison hostess, and June Free as co-hostess.

It was voted to have a monthly social for the club members families the first Saturday night of each month.

Members present for the meeting were Mrs. Eula Calloun, Gaynell Pitts, Leona Hicks, Joan Hardin, Judy Green, Nell Shoemaker, Victoria Hendricks, Pauline Adams, Pete Hodges, Vera Inman, Billie McCalman, and the hostesses, Allison and Free.

Next meeting will be with Mrs. B. H. Bickel and Mrs. R. L. Roubinek as co-hostess.

Mr. Kirk Pitts reports that her father, Mr. Tate of Tahoka, is much improved.

Mr. E. A. Seaton was visiting her daughter, Mrs. Pauline Green one day this week.

**City Election**  
April 2 is the date of the Muleshoe city election, with three incumbent aldermen seeking re-election on the short ballot.

Aldermen Houston Hart, Lloyd Alsip and Horace Blackburn have all filed for re-election, and no opposition had been reported at press time.

### Track Team Takes Three Points In Crosbyton Relays; Set For District Meet

Last Saturday, Coach Bill Taylor entered the Muleshoe Mules track team in the Crosbyton Relays at Crosbyton. For all their hard work the team managed only three points. These were accounted for by freshman Donnie Shafer who took third place in the 100 yard dash, and Ray Precure who took fourth in the discus throw.

Shafer, although only a freshman, is among the top dash men on the high plains. In the preliminary tryouts, he covered the 100 yards in 10.3 seconds; in the semi-finals he made it in 10; and in the finals he finished third with a time of 10.1 seconds.

Ray Precure managed the team's only other placing as he threw the discus 119 feet, 8 inches to gain a fourth place.

This coming Saturday, the team will participate in the Longhorn Relays at Lockney. Then on March 29, they will enter the District track meet, which is to be held at Canyon, Muleshoe, along with Canyon, Dalhart, Tulla, Olton, and Dimmitt are the member schools of district 1-A-A.

### Fat Stock Show At Plainview Set For March 27-28-29

Plainview Fat Stock Show dates have been set for March 27, 28, and 29, according to Dyer Slaton, president. This year's show promises to be one of the best in recent years.

Approximately 85 calves, 375 barrows and 180 lambs have been entered in the Plainview Fat Stock Show by Vocational Agriculture Teachers and County Agricultural Agents.

The show is open to the following counties: Parmer, Castro, Swisher, Lubbock, Bailey, Lamb, Floyd, Motley, Briscoe, and Hale. Animals are due in the barn at 6 p.m. on March 26. The sifting will begin at 8 a.m. on March 27.

On March 27 beginning at 9:30 a.m., Ray Mowery of Texas Tech will judge the lambs.

Also on March 27 beginning at 1 p.m., H. D. Elijah, of Oklahoma City, will do the swine judging.

On the second day of the show beginning at 9 a.m., on March 28, Frank Newsom, County Agent, at Alpine, will judge the calves.

A total of approximately \$1,500 will be offered in prize money plus banners for the winning exhibitors at the show. There will be a livestock judging contest for 4-H and FFA members at 1:30 p.m. on March 28. The auction sale will begin at 1 p.m. at the dairy barn on March 29.

### Poage Cotton Bill Controversy To Continue For Several More Weeks

Rep. George Mahon of the 19th District has reported from Washington that the controversy over the Poage cotton bill will continue for several weeks and that the outcome is uncertain.

Dates for further hearings have not been set.

Mahon said figures prepared by the Department of Agriculture show that if the Poage bill is enacted into law it will cost the 19th Congressional District of Texas 118,000 acres of cotton allotment next year, channeling the acres into East and Central Texas.

This would result from changing the base period for allotments from the previous five years as in the present law to the previous three years, Mahon explained. The Congressman and representatives of the Plains Cotton Growers pointed this out in testimony before the House Committee on Agriculture last week.

One provision of the Poage bill would require the Department of Agriculture to establish a special loan on light spotted cotton. West Texans have been working for a light spot loan program for a long time. The Secretary of Agriculture now has the authority under the present law to establish such a program.

In order to take the light spot

issue out of the area of controversy, Mahon has introduced a separate bill which provides for a loan on light spot cotton but which omits the objectionable provisions of the Poage bill. Mahon said he would work for a settlement of the controversy which would include elimination of all provisions of the Poage bill which are discriminatory toward West Texas.

The Congressman pointed out that our cotton problems are national in scope and that no good purpose was being served by proposals reopening the cotton allotment fight between East and West Texas.

Mahon said he had received much helpful information in regard to the cotton acreage controversy from various farm organizations and farmers in West Texas and that he was presenting it to the House Committee on Agriculture. He said that he would keep West Texas farm groups advised of developments on the pending legislation.

## Babson Discusses...

### POPULATION

Babson Park, Mass., March 21 — In 1950, our U. S. population was about 150,000,000. Today we are 170,000,000 strong and the prospect is that our rapid expansion in numbers will continue. The 20,000,000 more Americans added since 1950 are equivalent to twice the present population of the six New England states!

**TREMENDOUS GROWTH AHEAD**  
I am told that a baby is born in this country every eight seconds, and that, if present rates of increase continue, we could well have a population of 220,000,000 by 1975. This huge gain means that demand prospects for our products are good. Each new birth, each immigrant, and each person living a longer life than had previously been considered normal, adds to the potential demand that American manufacturers and merchants can attempt to satisfy.

This growth in population far exceeds earlier predictions. I well remember the experts telling us in the depression days of the thirties that the U. S. population would hit a peak—probably around 1980—and then decline. As I recall it, they thought that peak might be around 154,000,000—a mark we actually passed about five years ago!

**WHAT ABOUT OUR LABOR FORCE?**  
The current boom in people is the result of an unexpected high birth rate and a steadily declining mortality. Modern medicine conquers many of the diseases which in the past have cut life short. Thus the area of our greatest population gain is among the very young and among our senior citizens. The adults who form the labor forces are a decreasing segment of the total population. That being the case, we should be more concerned about labor-management relations in future years. I forecast that labor-force growth may continue to lag the total population rise to an increasing degree during the next twenty years. This widening gap will create problems for management except as the automatic factory becomes a factor in the situation. This is especially true if too small a proportion of the labor force possess the scientific and engineering skills required to keep us abreast of technological developments.

Instead of paying too much attention to the

expensive frills of education (as we do now), we need to encourage high school boys and girls to become scientists, chemists, and engineers, as well as economists, business managers, merchants, and teachers. We ought to find out whether our schools are actually doing the type of educational job that needs to be done. If we do not mend our ways in this respect, we shall pay dearly in coming years for our foolishness.

**WILL MORE PEOPLE MEAN MORE SALES?**  
Growth in population suggests a rising demand for products and services. However, we should not be too quick to assume that this increase will always be translated into actual buying power. Much will depend on the economic conditions during the years ahead.

More people will not necessarily mean more sales if the government does not curb its spending. Such spending makes for highly progressive taxes which undermine profits and cripple business incentive. Neither will more people mean more sales unless we are able to adjust as a nation to the vast changes which are ahead. I have in mind the further development of atomic power, automation, speedier transport, and other new manufacturing and marketing techniques. Mere bigness in numbers and in potential resources will not assure our prosperity. Hence, my repeated emphasis on the need for more religious training of our children.

Our rapid population growth scares some folks. They fear we cannot produce enough food for all these people. I do not share those fears. We have learned during and since World War II how to step up our crop yields to levels not dreamed of a generation ago. We now have food and feed surpluses. Irrigation and phosphate can produce miracles.

Surely more people in future years may well solve our current farm problem of overproduction. In fact, I forecast that the time is not far distant when we shall be eager to increase our farm output. We will step up our crop yields to new record highs through an intelligent use of irrigation and fertilizer and other soil and crop builders. I am optimistic about the future of American farmers.

## Sandhill Philosopher Claims... CURRENT GRAFT AND EASY MONEY HASN'T TOUCHED FARMER

Editor's note: The Sand Hills Philosopher on his Johnson grass farm points out a little-known fact in his letter this week.

Dear editor: I don't know whether it's just better reported and therefore oftener denied and in the news more, but there seems to be a rash of graft and scandal in high and low places these days.

Money is changing hands under strange circumstances in all kinds of endeavors, from government places all the way from Washington down to the states on down to the local level in some places. Racketeers are being discovered in labor unions, insurance peddlers in high and low places, phony insurance schemes are being uncovered, etc.

But I have just been thinking and searching my mind all afternoon as I was sitting out here on my farm watching spring creeping upon me, and while it's pleasant to watch spring creeping up, experience has taught me that when it does, grass and weeds are going to start creeping up too at any rate, to get on with my train of thoughts, I have been searching my mind and it was suddenly dawned on me that I can't think of a single case of influence peddling taking place on any farm anywhere.

I mean, you never hear of anybody seeking out a farming job so he can use his position to

pick up some easy money.

You hear of fraudulent schemes taking place in some areas in the insurance business, in the oil business, in the housing business, in the uranium business, in the army pants making business, etc., but agriculture stands as a bulwark against the inroads of sharpsters and crooks. I was talking about this to one of my neighbors and he said the reason for that is the same as the one explaining why sharpsters and crooks haven't hit the salt flats of Utah—there's no money there.

But I have ignored his argument, and would like to point out that never in the history of this nation has a Congressional investigating committee had to haul out the television cameras and look into corruption on the farm, it's never had to inquire into why one farmer was seen driving a new tractor while his neighbor had to put up with a 10-year-old model, how one farmer could flash a new hat every fall and another fringed pair of khakis every day while another struggled along in the same patched-up overalls, why one farmer, by apparently knowing the right people, could grow twice as much per acre on his land as the farmer across the road.

You just don't find any influence peddlers among farmers. Why even if we tried, I doubt if us farmers could influence a single piece of legislation.

J. A.

### Getting Closer

### THIS WEEK -In Washington

With Clinton Davidson

The official lid is being kept on talk about cutting the government budget, but the fact is strong back-stage pressures are building up for sizeable cuts, with foreign aid as the principal target. There's grumbling, too, about the size of the defense budget.

Congress is in an economy mood. There is no doubt about that. Congressmen who have been here for many years tell us they are getting more spending protests than ever before from their constituents.

Treasury Secretary George Humphrey has quieted down, publicly, but in private talks with congressmen he apparently is not discouraging them from making cuts in the budget. Word is that the White House told him to "lay off" talking for publication.

It is the well-established, although little known, practice of government agencies to lobby Congress for all the money they can get. These lobbyists are government officials on the public

### Today's Meditation

Read Matthew 7:7-12.

What man is there of you whom if his son ask bread, will he give him a stone? (Matthew 7:9.)

We would not serve our children stones, of course! But how many times when people come to us for help and understanding do we offer them the stones of indifference and impatience? Sometimes when the day has been trying and our patience is worn thin, we feel that we have nothing but stones to give! So when someone brings a problem to us for solution or a sorrow to us for comfort, we top it with our own tale of misfortune.

It is in the face of such daily failure and daily need that God stands ready always to be of help to us. God not only fills our own needs with His love when we turn to Him in faith; He gives us also a supply of love to share with those who seek our

help. Secure in the knowledge of His care, we cease to seek consolation elsewhere and turn our thoughts to helping others to find peace and help in Him.

#### PRAYER

Our Father, we are this day in need of Thy love, for we are creatures in constant need. Let Thy love so fill our hearts that we may be used of Thee to reach out with healing, lifting hands to help others. In the name of Christ, Amen.

#### THOUGHT FOR THE DAY

God's love answers man's need for love that we can share with others.

—Ruth Van Gorder (Penn.)

#### CHRISTIAN SCIENCE

Man's God-given dominion over material laws of sickness and limitation will be emphasized at Christian Science services Sunday.

Scriptural selections in the Lesson Sermon on "Matter" will include the following from Isaiah

(33:20, 22): "Look upon Zion, the city of our solemnities; thine eyes shall see Jerusalem a quiet habitation, a tabernacle that shall not be taken down; not one of the stakes thereof shall ever be removed, neither shall any of the cords thereof be broken. For the Lord is our Judge, the Lord is our Lawgiver, the Lord is our King; he will save us."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (380:31-1): "Every law of matter or the body, supposed to govern man, is rendered null and void by the law of Life, God."

payroll.

By contrast, there are almost none here who represent and speak for taxpayers before the appropriations committees. It is the common practice to hold appropriations hearings in secret, behind locked and guarded doors. Testimony is edited, and released only after the appropriation bills have been passed by Congress and signed by the President.

When it is too late to do anything about it, taxpayers learn the size of the government bill they are going to have to pay. Their only hope is that the appropriations committees will whitewash the agency demands and that the Senate and House will back up any cuts they make.

The \$72 billion Federal budget for the year starting next July 1 looks awfully big to a lot of taxpayers who will have to foot the bill. That bill will amount to almost \$500 per person, on a na-

tional average. Several congressmen tell us they won't vote so home unless they vote for a reduction in government spending. The difficulty is that they are not given enough unbiased information on which to make intelligent cuts. Probably 99% of the testimony in hearings is for the budget requests, and very little argument against them. They hesitate to vote blindly against White House estimates of what is needed.

This hesitancy is especially true in the case of defense and foreign aid estimates. No congressman wants to weaken the national defense. The two combined—military functions and foreign aid—amount to \$45.3 billion, or almost two-thirds of the 1958 fiscal year budget.

The international situation being what it is, there isn't much chance that Congress will override Presidential objections and whittle any sizeable chunk off defense and foreign aid spending.

AIKEN, TEXAS

**DAIRYING AND TEXAS AGRICULTURE**

Dairying, one of the youngest of all phases of Texas agriculture, has made such remarkable strides that it is now a leader in the state's farm economy.

A \$250 million annual business, Texas dairying during the past three years has ranked second only to cotton in total farm income value.

This position, of course, is partly due to the drought which has taken as part of its terrible toll large drops in profits from livestock and other major products.

Still, the fact remains that Texas has come a long way from the days when most of our dairy products were imported and milk producing was more a side-line than an industry in its own right. Dairy income today accounts for one out of every eight dollars earned in Texas agriculture.

This development from meager beginnings has been brought about by several economic factors and the foresight of state dairy leaders.

First, dairy development was recognized as a year-round income source as opposed to seasonal income from crops and livestock. Because of this, the dairy dollar is said to multiply itself approximately seven times in trade activity, far ahead of other farm products.

Then, too, the dairyman's productive capacity was challenged by tightening of the cost-price squeeze on all farm industries in recent years. To meet the challenge, Texas milk producers have become some of our most efficient farmers, modernizing and increasing production through use of new equipment, such as tank trucks for hauling, plant pipelines and other major improvements.

The drought, curiously enough, has also had an effect on these increases. Imported feeds, although expensive, have improved dairy cattle diet and increased

the amount of milk produced. In 1956, for example, dairy production was up 14% from 1955.

To handle marketing problems resulting from such increases, Texas dairymen organized themselves into the business of selling their own product much the same as other farm industries have done. The Texas dairy promotion and marketing program through milk-producers co-ops and their branch of the American Dairy Association is one of which we can be proud.

The dairy industry has truly come into its own as a full-fledged and vital partner in Texas agriculture.

**Blight Resistant Cotton Available To Farmers In '58**

Texas cotton growers looking for a blight-resistant, open boll cotton may obtain Austin variety commercial seed in 1958, according to plant pathologist Luther Bird. It is recommended for areas of the state where an inch staple is desired.

Austin is highly resistant to Texas' most damaging race of bacterial blight and tolerant to the number two race. Resistance is highest where adequate soil moisture and available nitrogen are present. Under blight-free conditions, Austin will yield as much as other open boll varieties grown in Texas. It will prevent 5 to 100 per cent of yield losses under blight conditions depending on the degree of infection.

Tests conducted under Fusarium wilt-nematode conditions showed Austin with a 10 per cent yield reduction while susceptible strains suffered a 50 per cent reduction.

The new variety has performed exceptionally well under irrigated and normal rainfall conditions. Although it yields satisfactorily under drought conditions, the open boll may be extremely loose. Its fiber is suitable for yarn production and staple length is 30/32 to 33/32 inch. The boll is larger than Deltapine types but is smaller than Em-

**WHERE PAST AND PRESENT MEET**—Centuries ago this same bucolic scene might have met the eyes. This farmer, tilling a field near Rome, uses a primitive wooden plow pulled by a pair of massive oxen. The giant animals are at work in a field crossed by one of the great engineering works of ancient Rome—an aqueduct, the arches of which stretch away in the background.

pire. Austin seed are satisfactory for cottonseed products and the variety's normal lint per cent is 36 to 40.

Foundation seed are now available to individuals who wish to produce certified seed from the Foundation Seed Section, Texas Agricultural Experiment Station, College Station. Commercial seed will be available next year.

**Eggs and Beef Top April Foods List**

April has always been known as the noisiest month of the year so far as nature is concerned. Spring induces birds to sing, insects to drone and hens to cackle.

This April there will be an egg to match almost every cackle. The Agricultural Marketing Service says that April egg production is heading for a new high.

So eggs along with beef have earned the top spot on the U. S. Department of Agriculture's April plentiful food list throughout the country.

Record numbers of cattle in feedlots with plenty of grain to fatten them have produced unusually heavy supplies of quality beef—U. S. Prime, Choice and Good.

Two other meats—lamb and turkey—are also in heavier supply than they normally are in the spring.

**Parmer County Farm Bureau News**

There are only three nationally organized groups opposing Federal aid to education. They are The American Legion, United States Chamber of Commerce and the American Farm Bureau. We would urge your support of all of these organizations on this subject.

Now comes a Mr. Fine, United States Representative from some state, making a speech in support of his National Lottery Bill for our country. And he quoted the New York Daily News, which favors the lottery, as headlining a story, "Cash Pours into Britain's Lottery". To us this is as sensible as hiring a professional bum to advise a millionaire in his investment business. Britain, who can't even pay interest on the money she owes the United States is certainly not a very bright example to cite for im-

provement of our economic operation. She is the country which under her socialistic and labor government plan is losing as many of her valuable scientists and other professional men to the United States as can get admission from there to here; and the reason they give is "opportunity for the future in a country where individual initiative still offers reward".

One week ago last Tuesday, the Poage Cotton Bill was killed in Washington. The bill meant chopping off two years of acreage history, which would have been disastrous to a majority of Texas cotton growers. Texas and American Farm Bureau opposed the bill.

Texas Farm Bureau has doubled its membership in the last ten years to over seventy thousand. 191 counties have organized groups for Farm Bureau. Nationally, 3 out of every 4 farmers belonging to a farm organization are Farm Bureau members. In Parmer county, the ratio would be about 6 1/2 out of eight.

Our county membership is divided about as follows: out of county, 15; Rhea, 40; Bovina, 121; Farwell, 124; Black, 53; Lazbuddie, 79; City of Friona, 99; Northwest of Friona, 57; and southeast of Friona, 68. You will note that the percentage of farmers belonging is fairly consistent in all communities.

**Big Horn Sheep Hunt Depicted For Rotary Club**

A film of the famed Big Horn sheep hunt, held in New Mexico mountains in 1954, was shown for the Rotary program at the club's meeting Tuesday.

The hunt was staged by the Wildlife Service to eliminate 15 surplus rams. The hunters were determined by drawing lots, the hunt was staged in a remote area and taxed the endurance of hunters, game wardens, and animals used to bring the sheep carcasses down from the mountain. But it was a well prepared film and was greatly enjoyed.

Two members of New Mexico game warden service were here to present the film, whose showing was arranged by Bob Darnell of Muleshoe Wildlife Refuge. Guests included J. W. Miller and Wayne Brown, Sudan Rotarians.

**Bailey County Farm Bureau News**

By W. T. MILLEN, Pres.

Agriculture is vital to Bailey County. For that reason it is important that every farmer and rancher in this country join an organization that is seeking to promote, protect and preserve agriculture.

The Bailey County Farm Bureau is staging its annual membership drive through March. During the drive all persons in Bailey county who make a living from the soil will be given an

opportunity to join with their neighbors in Farm Bureau.

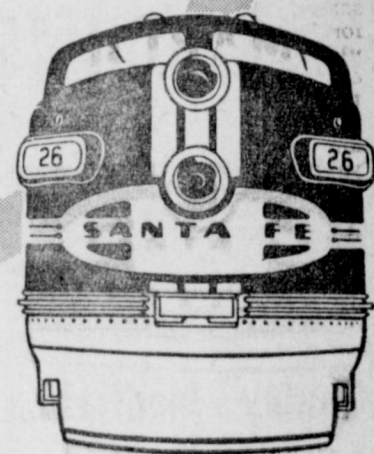

Since its inception in 1919, the Farm Bureau has been striving to obtain and maintain a higher standard of living on the farm and ranch. It has had many notable successes on both state and national levels. Altogether, the American Farm Bureau has been responsible for passage of more than 200 pieces of national legislation beneficial to agriculture. It has defeated many bills that would have been harmful to agriculture.

On the state level, the Texas Farm Bureau has also helped Texas agriculture through its legislative program. The state

farm organization was responsible for the passage of the present rural road program. It has also been able to obtain and retain the tractor gas refund and many other benefits.

As an individual, a farmer or rancher has no voice in helping run his industry. Joined together with his neighbor in a strong organization, his "voice" is magnified many times. The Farm Bureau offers the farmers and ranchers of Bailey county the opportunity to solve the many, and complex problems beyond the fence rows.

So, join your neighbors in Farm Bureau. It doesn't cost to belong to Farm Bureau — It Pays!

LAZBUDDIE NEWS LETTER

# Senior Bake Sale To Be Held Here Saturday

By MRS. CLYDE MONK  
The school auditorium was filled with laughter last Friday evening when the Juniors turned Lucindy Peck from Cabbage Neck loose. They did a fine job in presenting this and congratulations not only to them and their sponsor, but to the Kent Furniture Store in Muleshoe who so tastefully decorated the stage for the play.

**Bake Sale**  
The Seniors will have a sale this Saturday, March 23. They are asking the ladies to call carefully and a donation be sent to the school by the first of April whether it is small or large.

they will be delivered. So save yourself the job of Sunday baking and at the same time help the Seniors.

**P-TA Project**  
Some time this week each home in this school district will receive a letter telling of the P-TA project, which is a communication system connecting all the buildings and to Mr. Ward's Office. This will prove to be a time saver and make each teacher more efficient. The P-TA would like this to be considered a donation and a donation be sent to the school by the first of April whether it is small or large.

There will be no embarrassment as this will be the only time you are contacted. The executive committee feel that this is a two year project, but would like to have half of the amount needed to pay this year.

Mrs. Jack Smith is in the hospital in Plainview taking treatments for her nerves. She is not allowed to have visitors but we feel sure she would enjoy a card or letter to help pass her time. The address is Plainview Hospital and Clinic Foundation, 801-813 W. 8th St., Plainview.

**Shower Honoree**  
A pink and blue shower was given in the home of Mrs. James Ward Tuesday afternoon in honor of Mrs. T. J. Williams. Refreshments were served to the following: Mmes. James Hayes, Jimmie Seaton, Clarence Mason, Addie McMillan, Morris Cooper, L. A. Reed, Pete Friesen. Those sending gifts but were unable to attend were, Mmes. Roy Daniel, John Gammon, D. B. Ivy, Ethel McCurdy, George Crain, Raymond Treider, Sr., H. E. Gilmore, Fred Wilbanks, David Estes Arvill Lawrence, J. E. Williams, and the basketball girls. Hostesses were: Mmes. Purl Tippie, Jack Black, George Washington, and James Ward.

**District Meeting**  
Lots of activity is going on around the school buildings and on the grounds getting everything in shape for the 35th district meet that is being held there. The literary events will begin at 9 a.m. Friday, March 29, and the track events will begin at 9 a.m. on Saturday, March 30. The finals in volleyball will be played Friday evening, March 22 at Nazareth.

The P-TA will serve lunch both Friday and Saturday, during the meet. There is no other place for the people to eat and this is customary at the other schools when they have the meet.

The L. M. Hardages, Joe Bates Jennings and D. Chitwoods were all in Lubbock Monday at the stock show. Mr. Black and his boys were all there, also. The boys all had good showings on their stock that was entered but at this time we do not know how they were classed.

**Schedule For Baseball District 3-B, 1957**  
The conference was divided into two divisions to be called the North Division and the South Division, with each division playing a double round-robin. The winner of each division will meet in a three game play-off to decide the district champion. Representatives of the North Division are Adrian, Bovina and Vega. In the South Division are Lazbuddie, Hart, and Nazareth. All conference games will begin at 3:00 p.m., and two adult officials will be furnished by the home team.  
**SOUTH DIVISION**  
**First Round**

There is still lots of sickness in the community with the measles, mumps, and flu. Ordinarily we expect the youngsters to contact these things at school and bring them home, but we know one mother that couldn't wait for this as Mrs. Frank Hinkson has been sick with the mumps this past week and the children haven't had them yet.

Mr. and Mrs. Rufus Carter, accompanied by Mrs. N. J. Mattheisen of Muleshoe, visited the J. O. Cantrells of Clovis Sunday.

Mr. and Mrs. G. L. Splawn had as their guests over the weekend their daughter and husband, Mr. and Mrs. Bill Collins from Floyd, N. M.

Mrs. Frank Hunt is in Lubbock taking care of her daughter, Mrs.

Hollers, who is ill. Mrs. Hollers is bedfast at the present with rheumatic fever. Mrs. Gene Briggs, mother daughter of Mrs. Hunt, has been keeping the two younger children of Mrs. Hollers since she has been sick.

Gil Lamb talked at the Baptist church Sunday evening in the absence of the pastor, C. K. Roberts. Mr. Lamb spoke to a large and appreciative crowd on "The Dangers of Alcohol".

Mr. and Mrs. Alfred Steinbock had as their guests Sunday, Mr. and Mrs. Frank Moss from Amarillo and Mr. and Mrs. David White of Farwell. Mrs. Steinbock and Mrs. Moss are sisters.

Mr. and Mrs. Bud Irvine, Nancy, Stanley, and Jerry of Earth were visitors in the David Johnson home Friday evening.

Mr. and Mrs. Neal Bradshaw visited in Slaton last week with his brother, Mr. and Mrs. Juel Bradshaw. Juel, a former resident of this community, has been seriously ill with pneumonia and will be confined to the house for some time. Mr. and Mrs. Neal Bradshaw drove home in a new car.

Buster Steinbock has been out of school for some time with what the doctors say has all the symptoms of rheumatic fever.

Rex and Max Steinbock were entered in the drag races in Lubbock Sunday and came home with a trophy.

Mr. and Mrs. J. B. Young and family attended the stock show at Lubbock on Sunday.

Mr. and Mrs. Purl Tippie attended the St. Patrick day celebration at Shamrock on Saturday.

Mr. and Mrs. Dave Estes visited in Springlake Sunday with her brother, the Frank Lott family.

**A LITTLE BOY'S LOVE**  
Last night, as I gazed out my window,  
Into the shades of night  
A little boy walked out of the shadows  
Making my room so bright.

In his chubby hand, I saw a beautiful flower  
Very quickly, he placed it in mine  
And suddenly, as the sun after a shower,  
His face began to shine.

As my arms went 'round him,  
I remembered, with anxious fears,  
What if I had killed this love,  
When through anger, I caused his tears.

And I whispered, "Oh God, give me patience,  
Give me Thy Grace from above  
To be like the Master Teacher  
And merit my school children's love."

—RUTH DUNN  
Teacher Second Grade  
Muleshoe School.  
Editor's Note: The above verses were inspired by an actual recent occurrence. Miss Dunn had been ill and the little boy's action therefore was the more touching.

**West Camp HD Club Met On March 13**

The West Camp Home Demonstration club met in the home of Mrs. Mae Buschke March 13 for a program on quilting a quilt for the orphans home in the near future. The club members also discussed hats and voted to donate \$5 to the Red Cross. Refreshments of cookies and

punch were served to the following: Mmes. Ethel Harding, Kay Robertson, Wanda Walker, Delia Peel, Louise Roark, Alta Hughes, and the hostess.

The next meeting of the club will be March 26 with Delia Peel as hostess.

## Mr. and Mrs. Butts Honored With Family Gathering

Honoring Mr. and Mrs. Buford Butts and daughters, Patricia, a family gathering was held Sunday at the home of Mr. and Mrs. Delma McCarty.

Luncheon was served to the following: Mr. and Mrs. B. H. Bethany of Amarillo; Good Harden and son, Joy Lynn of Port Neches; Mr. and Mrs. Fuston McCarty, Gay Lynn and LaLauri McCarty, all of Lubbock; Mrs. I. W. Harden and Miss Elizabeth Harden of Muleshoe.

With health, everything is a source of pleasure. Without it, nothing else, whatever it may be, is enjoyable. Even the other personal blessings — a great mind, a happy temperament — are degraded and dwarfed for want of it. It follows, from all this, that the greatest of all follies, is to sacrifice health for any other kind of happiness, whether it be for gain, advancement, learning, or fame. The sophomore homemaking class went on a field trip one day last week to the Doss Food Store in Morton. The trip was to see a beef cut up and to find out where the different cuts of meat come from. It was a very educational trip.

## Tourists Spent \$8.4 Million In Texas Last Year

Texas last year played host to 8.4 million out-of-state visitors who spent a total of \$379 million while in the state, D. C. Greer, State Highway Engineer, announced today. A report on Texas tourist industry for 1956, released today by the Texas Highway Department, shows that the average tourist stayed 5.9 days and spent \$7.71 per person.

For the first time, a survey of accommodations used by tourists has been included in the report. The majority, 62 per cent favored motels, 9 per cent stayed in hotels, 5 per cent camped out, and 24 per cent used other accommodations including trailers and homes of friends and relatives.

A total of 3.1 million vehicles carrying an average of 2.7 persons each entered the state in 1956. California again led the list of out-of-town visitors by sending 1,223,000 to our state. Louisiana was second by sending 645,000 to our state.

From a study of other states Texas ranks high as a tourist state, topping the popular state of Florida by more than 4 million visitors last year.

Figures used in preparing this annual report are obtained from survey cards distributed to tourist at the seven Highway Travel Information Bureaus located on major highways at the state's borders. Greer stated. Information from these cards is supplemented with data from other

sources to compile the report, he said.  
More than 170,000 out-of-state visitors, in addition to 65,794 Texas vehicles stopped at the Texas Highway Department Information Bureaus last year and, through the use of descriptive material and their knowledge of the state and its attractions. Bureau personnel increased the mileage of each out-of-state vehicle by 13 per cent.  
In addition to operating these Travel Information Bureaus, the Highway Department publishes and distributes the Official Highway Travel Map, road condition bulletins, and other descriptive materials in an effort to assist and stimulate travel in Texas, Greer said. During 1956 the Information and Statistics Division of the Department answered 210,700 requests from the public for travel information. The division also maintains a large collection of 35 mm color slides on points of interest and travel data which are furnished free to civic groups and schools throughout the country.

### FEATURED IN WHO'S WHO

The National Baton Tirling Association, Janesville, Wis., in conjunction with the editors of the Drum Magazine, today announced the release of their eighth annual library edition of "Who's Who in Baton Tirling". Featured in the book is a picture and biography of LaQuinna Stone, daughter of Mr. and Mrs. Arley Stone, of Muleshoe.

### CARD OF THANKS

I want to express my sincere thanks to all the nurses, cooks and workers at the hospital, and especially Dr. Slemmons. They were all so nice, and I am grateful.

## WHERE ROTARIANS WILL GATHER IN CONFERENCE

April 7, 8, and 9 the Lamesa Rotary Club will be host to an expected 500 Rotarians from all over West Texas at the annual Spring Conference of the Organization.

Plans for entertaining, housing and feeding the larger than usual number of members who are expected to attend, are well underway by the local club. Hundreds of rooms are being made available by hotels, motels and private citizens for the influx of visitors.

Restaurants are expected to put on their best "bib and tucker" for the three-day affair, and the city as a whole is preparing to open its heart to welcome Ro-

tarians. The planned "Friendship House", set for Sunday afternoon and evening, will be held at the newly completed Lamar Forrest Community Center, in a beautiful Forrest Park.

The \$40,000 structure, erected with funds obtained by voluntary subscriptions from Rotarians and civic-minded Lamesans, was turned over to the City of Lamesa upon completion, for use by all the residents of the city.

Several entertaining and interesting sessions have also been arranged for Rotarians, wives of members.

Several top speakers in International Rotary will be on hand

for the general sessions of the organization. Entertainment will also be sparked by top names in the world of entertainment.

Members of the housing committee have announced that reservations have already begun to pour in, several requests are being filled daily, and an attendance mark of over 500 persons is almost assured.

### One Act Play Given For Student Body At Assembly

An assembly program Monday afternoon, members of the Muleshoe high school speech department presented a one-act play, "No Greater Love", under the direction of Buddy Calcutt.

The play was the local school's entry in the Interscholastic League one-act play competition at Tulsa March 14.

Members of the cast included Don Taylor, Wink Thompson, Nita Thompson, Darlene St. Clair and Sandra Cooper. Production staff included Virgil Vaughn, Agnes Long, Ralph Roming, Bobby Eason and Linda Cooper.

Dimmitt won the district play competition, and the Muleshoe production was judged by Jerry McDonahue of Amarillo College.

## Mrs. Georgia Pena Appointed To FHA Office Staff Here

Walter T. McKay, State Director, at Dallas, has announced the appointment of Mrs. Georgia W. Pena as Assistant county clerk for emergency loans in the local Farmers Home Administration Office. Mrs. Pena entered duty on March 11, 1957.

Mrs. Pena graduated from Fort Summer high school and received her Bachelor degree in Business Administration from the University of New Mexico. During her senior year in college she received the Zonta Scholarship for Business Women. Prior to her appointment in the Farmers Home Administration office at Muleshoe, Mrs. Pena had worked for the Department of Public Welfare, Clovis, N. M., Bailey County Electric Cooperative, Muleshoe, and the Veterans Administration Hospital Laboratory Service at Big Spring.

## Five Lose Lives In Automobile Wreck

Noal G. Tillman, 35, of Greenville, Texas, nephew of Bernie F. Smith of Route 1, Muleshoe, was killed in an auto accident, along with four other members of his family early March 18 near Sulphur, Okla.

According to information received by Mr. Smith, the car overturned when he went to sleep at the wheel.

Burned to death in the resulting wreck were Tillman, his wife Mildred, Vernon age four, Art Roger age two, and Doris Gale, nine months.

Mr. and Mrs. Smith left Tuesday for Oklahoma to attend services scheduled for Thursday (today).

## Crime In Texas Is 11 Per Cent Above Previous Years

Crime in Texas during 1956 gained 11.8 per cent over the preceding year according to Col. Homer Garrison, Jr., director of the Texas Department of Public Safety. The increase was attributed mainly to urbane areas where a 14.4 per cent increase in crime was shown during 1956 in comparison with the records for 1955. Rural area crimes were up only 2.6 per cent.

The figures compiled by the

Department's Statistical Division and the Bureau of Identification and Records point out that crimes of violence against the person were down with actually a decrease in comparison with the preceding year.

On a statewide basis, including urban and rural areas, murder and homicide was down 13.7 per cent, rape was down 11.1 per cent and aggravated assault was down 4.7 per cent.

On the other hand, burglary was up 13.5 per cent, theft was up 14.5 and auto theft increased 11.3 per cent.

The rural areas showed a crime decrease in all divisions except two — theft with an increase of 1.1 per cent over the preceding year. Urban areas were up in four divisions, but down in violence against the person.

Garrison said the crime rate for Texas compares favorably with that of the entire nation.

"Compared with crime statistics for the first six months of 1955 given in the Uniform Crime Reports for the United States, crime in the entire nation was up 14.4 per cent. During that same period crime in Texas was up only 9.8 per cent.

"If the national trend continues for the entire year of 1956 the crime rate will be up 18.33 per cent over 1955, making our 11.8 per cent increase look encouraging."

The state police director said hopes for lower crime rates in

"Don't worry about dust any more — **AMALIE L. P. G.!**"

"AMALIE must have been thinking about this dusty country, when they brought out AMALIE L. P. G. Oil, the way it holds the dirt and corrosion in suspension, so they filter out. And the way it still flows freely—until drain time. If you burn butane or propane, there's just nothing like AMALIE L. P. G. Oil!"

It was a great oil ENGINEERING job—to get an oil that wouldn't thicken up till it looked like gear-grease. To get it to hold its viscosity, or flowing qualities, like AMALIE L. P. G. Oil. And then the additives that hold that grit in solution. Of course it's 100% pure Pennsylvania—no other oil equal to it, on earth. And it's a cross-graded 20W-30 oil (or 40)—just as efficient summer or winter. Give YOUR engine—and your bank account—a break.

### CHEVROLET UNVEILS CORVETTE 'IDEA CAR'

As a research vehicle for advanced engineering studies in car performance, handling, braking and other safety factors, Chevrolet has unveiled a startling new experimental model. Called the Corvette SS (Super Sport), the custom built car (above) has a lightweight magnesium alloy body, tubular frame and many other features in car design. Zora Arkus-Duntov, Chevrolet engineer and noted European car designer and driver (shown in cockpit), played a major role in developing the SS. If shakedown tests are completed, it may be tested at Sebring, Fla., this month.

**Patricia Broyles Shower Honoree**

Miss Patricia Broyles, bride-elect of Phillip W. White of Dimmitt, was honored with a coffee Saturday afternoon, March 9, at the home of Mrs. J. E. White in Dimmitt.  
Guests were received through the hours two until six by Mrs. White, Miss Broyles, and Mrs. Edgar Broyles, mother of the bride-elect.  
Guests registered at a table presided over by Miss Sandra Broyles. The table was laid with a white cut work cloth, centered with Lillies of the Valley in an arrangement of twin hearts on a base of net ribbon in the chosen colors, turquoise and white. Guests were present from Lubbock, Amarillo, Hereford, Olton, Sudan, Earth, Muleshoe, Seagraves, Dimmitt, and Clovis, N. M.  
Members of the house party for the afternoon were Mmes. C. R. Perry of Seagraves, Robert Ramey of Amarillo, Joe W. Thompson, R. S. Vestal, Curtis Tate, Melton Richardson, Eugene Morton, S. T. Newman, and Tom Bice of Dimmitt, and Miss Myrna Thompson of Lubbock.

**Study Club Has Safety As Topic At March 14 Meet**

"Getting the Most out of Life Through Safety" was the theme of the Muleshoe Study club meeting held March 14 in the home of Mrs. W. B. Wagnon.  
Members answered the roll call with suggestions to make traveling easier.  
Mrs. Pat Childers spoke on "How to Drive Hundreds of Miles and Enjoy It", and Mrs. John Watson spoke on "Help Your Teenage Driver."  
The afternoon of March 28, the Muleshoe Study club will present its exchange program on "Getting the Most Out of Life Through Home Life to the Bovin." Study club in Bovina.  
Refreshments of German chocolate cake and spiced tea were served to one guest, Mrs. T. H. Kent, and the following members: Mmes. Gil Lamb, B. O. McDaniel, Senn Slemmons, A. S. Stovall, W. T. Andrews, Pat Childers, John Watson, A. J. Gardner, Thurman White, and the hostess, Mrs. W. B. Wagnon.

March 14 and 15. The theme of the convention was "What Is Your Challenge?"  
The two day program included talks by Art Jordan, mayor of Amarillo; H. Roe Bartle, mayor of Kansas City; and an address by Madame Ali Ghitto, European screen and stage star.  
A highlight of the program was the presentation of a plaque to LaVon Copley of Muleshoe, who was named the outstanding senior student in the 7th district of TFCW.  
A panel discussion by students from Amarillo high school, a style show by an Amarillo department store, and a talk by Judge Phillip Gilliam of the juvenile court in Denver, Colo., were other points of interest.
