By J. M. Forbes

Sir Carrol, writing his development and progress story for last week's paper, I bet didn't say a word about all the changes that have been wrought in the offices of The Journal. But we've had many compliments on the changed appearance, and we want you to drop in for a visit any time you're so inclined.

Muleshoe is growing steadily albeit soundly. A whole lot of the spiel we reeled off here in this column last two weeks about Chicago was to impress upon Muleshoe people that a town can become a city. But "cities are not built by men afraid". I venture to say Chicago had more unafraid men than the average settlement from the very beginning and retained that sort of people as time went on.

A town can grow in usefulness to its trade territory and its citizens, can become more attractive, more cultured, more comfortable if its people are unafraid and will work together.

Everybody around The Journal opened a window and threw out their chest upon reading a letter, penned voluntarily by a large user of space in our paper. He said we had made wonderful progress in processing his advertisements. He said he didn't know what had happened at The Journal over the years but whatever it was he approved of it.

Well The Journal has the right equipment now, but more than anything people work here who savvy what the community wants and what the advertiser wants, all the way from the front door to the back and we ain't braggin'.

Ronald Davis, who now resides in Amarillo, is just as enthused as ever about the possibilities of growing vegetables for profit in this area and the necessity for developing and strengthening the West Texas Vegetable Council, which he helped to organize.

Ronald, in town Tuesday, said Amarillo's Chamber of Commerce is getting down to business with a committee to encourage A. & M. College and the USDA to spend more money for research on soils, crops, methods and marketing. He showed this writer a pamphlet issued by the two agencies after completion of a survey made last year by two economists. This one concerned tomatoes; other pamphlets will deal with other vegetables.

Ronald thinks it is fine that farmers of the Muleshoe area are to grow cucumbers; however, he built a march on them and he built a refrigerated warehouse on his farm north of town for storing cucumbers. He'll sell to the large grocery chains.

He carried back with him data on acreage compiled by The Journal staff to further stimulate interest of the Amarillo CoFC. Read the news report in this paper about the upsurge in acreage planted to vegetables this year in Bailey county alone.

## Annual Cotton Week May 20 to 25; Feature Contests, Prizes and Music

Plans have been formulated for the second annual observance of National Cotton Week in Muleshoe and Bailey county for May 20-25, climaxing in a downtown celebration and entertainment Saturday night, May 25.

Jimmy Crawford, of Paymaster Gin is overall chairman of the Cotton Week celebration, working with the Chamber of Commerce.

Highlights of the festival will be a cotton dress revue of home-made cotton clothing, a musical program, coronation of the cotton queen, a count and countess of cotton, and a cotton princess.

There will also be an essay contest for school students, with prizes of cotton merchandise for winners in addition to a prize of a sewing machine for the winner of the cotton dress revue.

Merchants will display cotton merchandise in their windows during cotton week, and will feature special cotton week displays.

Bill Parker is chairman of the program committee, and will announce details of the contest at an early date.

Information concerning the contests and eligibility may be obtained at the Chamber of Commerce office.

## Hiway Department Installs Radio Equipment Here

A new radio station went into operation in Muleshoe recently. It is the two way transmission station of district 5 of the Texas Highway Department, and is part of a network of mobile and stationary transmitters and receivers recently installed in the Lubbock district by the highway department.

The 160 foot tower, located at the highway department barn on the Clovis highway, contains two antennas. One is pointed north and south and is for local mobile units, of which there are two.

The other antenna is directional and is used to communicate with Lubbock and other distant installations.

Officials pointed out that similar equipment, including either fixed stations or mobile units are located at Lubbock, Tulla, Lamesa, Brownfield, Muleshoe, Bovina, Morton, Plains, and Dimmitt.

The local station of the Highway Department is cooperating with the area wide tornado and disaster warning system.

## Annual Broom Sale By Lions Club To Begin Here May 29

The annual broom sale, sponsored by the Muleshoe Lions club in cooperation with the Lighthouse for the Blind, will be held in Muleshoe on May 29.

Lions club members will be selling from house to house as well as in the downtown area. In addition to brooms, the club members will also have mops, whisk brooms, door mats and related items at regular prices.

Proceeds from the sale will be used to finance the club's sight conservation program. Through this program, needy school children are given glasses by the club.

## IN SWC TRACK MEET

Among the 21 Texas Tech freshmen who will be trying for Tech's first Southwest Conference title this weekend in Austin is Doyle Henry of Muleshoe, Henry, who will run the 880 for Coach Delmer Brown's Peadors, who have won all three of their preliminary meets.

## Name Managers For Babe Ruth Play To Begin On May 27

Babe Ruth League baseball tryouts began this week in the local park. Workouts and try-out play will continue for several days, and managers selected their players in the annual auction Wednesday night.

Season play begins May 27, it was revealed at a meeting of managers and League officials Friday afternoon.

Managers this season include Charles McClure and Bob Glass of the Colts, Denver Daly and Bill Parker of the Eagles, Alex Williams and L. L. Childs of the Cats, and Bernis Camp and Buddy Howard of the Dusters.

League directors include D. B. Lancaster, M. D. Gunstream, E. K. Shepherd, O. Dean Heard and Earl Harris.

Curtis Welborn is players agent and handled the auction of players.

## Two Projects Not Noted Last Week

In compiling the story on new construction in Muleshoe, which appeared last week in The Journal, at least two construction projects were inadvertently overlooked.

The Muleshoe State Bank is remodeling their building to provide more space for the bookkeeping and records department.

Chief Jones, out at Jones Farm Store has remodeled his business office, and now has a private office where he can confer with customers without interruption. Jones' office features sliding glass window panels, a sliding door, and fluorescent lighting.

In compiling such a list of construction it is well-nigh impossible to list each individual project under construction. The aim of the story was simply to indicate that local people are confident of the future, and believe that their confidence will be justified in the further growth of Muleshoe as the capital of the West Plains.

## Second Polio Shots Given Students At Hospital Tuesday

Bailey county school children received their second polio shots here Tuesday in another mass inoculation program at West Plains Hospital.

The first shots in the series were given about a month ago, and health officials were anxious to complete the second shots before school was out in two weeks.

Assisted by school officials, the students were marched through the hospital in orderly lines, received their shots and were loaded into buses to return to their class rooms.

Third shots in the series will be given within a year.

Assisting with the administration of the polio vaccine shots were Misses Bobby Pittman, Jane White and R. O. Gregory. School officials expressed their gratitude to the ladies for their assistance.

## Named JayCee Of The Month

Bill Wilson spoke on the state JayCees awards program at the Monday meeting of the JayCees here.

There were 20 members and two visitors present to see Phil Gillespie receive the JayCee award of the month for April.

Doc Rogers and Norman Thomas were named team captains for a membership drive to begin immediately.

Reports on the State convention April 23-25. Those attending were Mr. and Mrs. Bill Wilson, Mr. and Mrs. Phil Gillespie, Mr. and Mrs. Charles Roark, Mr. and Mrs. George Bragg, and Doc Rogers.

Pete Snelson of Midland was elected state president, and the convention next year will be in Austin.

## More Than 3,000 Acres Planted To Vegetables In Bailey County

Over 3,000 acres of Bailey county farm land will be devoted to vegetable production this spring and summer, according to a survey recently completed in cooperation with the office of the county agent, J. K. Adams.

**Potatoes**

Potatoes lead the field in number of acres, with early estimates in excess of 1,000 acres devoted to spuds. Barrett will again have considerable acreage; Bill Millen is trying out his new automatic sprinkler system on a large plot, and R. O. Gregory will have a sizeable acreage in potatoes, to name some of those engaged in vegetable production this year.

**Carrots**

State Line Farms and Doug Avery will both have carrots in production, totaling about 160 acres. In fact some of the earlier planted carrot crop sustained considerable hail damage two weeks ago which is expected to delay the crop somewhat. State Line Farms will have regular plantings about 10 days apart for a longer season.

**Cabbage**

The cabbage situation reveals an estimated 75 acres up and growing on the state line farms and Lewis Scoggin place out toward West Camp.

**Tomatoes**

Although more than 500 acres of tomatoes will be grown in the county confines, a larger amount is expected to be planted within the area served by the packing sheds and cannery. Among those who will have tomatoes are Peugh, Scoggin, McVatt, Cherry, and Bartley.

**Sweet Corn**

Kirk Pitts in the Pleasant Valley community is putting in about 15 acres of sweet corn, with some smaller patches expected over the area.

**Cucumbers**

In response to an ad and a story in The Journal last week, at least 390 acres has been contracted for growing cucumbers for an Arlington, Texas packing plant. This acreage is mostly in plots from five to 15 acres each.

**Onions**

More than 200 acres of onions have been planted in small plots over the county, and despite hail damage, the onion crop is expected to exceed that of 1956.

**Lettuce**

About 550 acres of land will be put into lettuce for commercial markets, it was revealed by the survey. Most of the lettuce will follow potato harvest on the same ground after the spuds are dug.

**Planting Time?**

Although there have been some warm days, cool nights and sudden temperature drops have kept the soil temperature here from attaining the 60 degree mark for 10 consecutive days. According to experiments carried out over a long period of years, cotton has less than a 50-50 chance of 30 per cent of the crop coming up if planted before the soil temperature reaches the 60 degree mark for 10 consecutive days.

Moisture conditions are ideal in most parts of the county, and practically every farmer is ready to plant as soon as it warms up. The soil is in good shape, and small grains looking good. Some small grain suffered hail damage, but appears to be recovering.

## JayCees Net \$860 In Cancer Drive

The Muleshoe JayCees netted \$860 on the sale of tickets for benefit of the Bailey County cancer fund drive. Pesky Winn was chairman of the drive for the JayCees.

The club gave away merchandise Saturday afternoon during the Trades Day drawing downtown.

Christine Raven won a sewing machine; W. D. Palmer, a TV set; and Johnny Crow, a wrist watch.

## Donald Daly Wins \$150 Trades Day Money Saturday

Donald Daly, son of Mr. and Mrs. Denver Daly of Muleshoe is richer by \$150 this week after winning the first prize in the Muleshoe Trades Day drawing last Saturday afternoon. The prize was accumulated over five weeks of public drawings.

Second prize of \$25 was won by Jimmy Seaton of near Lazbuddie, and D. R. Buchnell won the third prize of \$10.

First prize this coming Saturday afternoon will start at \$50 again, and increase \$25 each Saturday it is not claimed.

## Reports Heard At Lions Club On 2TI Convention

Reports on the recent district convention were given by several club members at the Wednesday luncheon meeting of the Muleshoe Lions Club.

It was brought out in the discussion that if enough advance effort had been made, Bill Moore of the local club would have been elected district governor. Bill was almost elected, but withdrew from the race in favor of the popular candidate. The Club voted to begin at once a campaign to elect Moore at the next convention in Dalhart.

## CUBS AND LIONS OPEN Little League Baseball Season Opens May 13 With Special Ceremony In Park

The Little League baseball season will open in Muleshoe at 6 p.m. on May 13 with special ceremonies. Bill Moore, president of the league announced today.

The program will begin with a band concert at 5 p.m. by the cadet band under the direction of Paul Summers. D. B. Lancaster, president of the Babe Ruth League will act as master of ceremonies. He will introduce board members, team players, managers and umpires, and the Boy Scouts will conduct the flag raising ceremony.

Invocation will be by Rev. Roy Havens of Progress Methodist Church, and Mayor W. T. Bovell will toss out the first ball.

The first game will be between the Cubs and the Lions.

The Cubs are sponsored by the American Legion, and managed by C. O. Ackinson and O'Neal Rocky. The Lions are sponsored by the Lions Club, and managed by Jimmy Crawford and Bill Taylor. The Sox are sponsored by the JayCees and managed by B. R. Putman. The Cards are sponsored by the Rotary club, and managed by Herb Griffiths and Dudley Malone.

Paul Scott is umpire-in-chief, assisted by Bill Parker, Buddy Blackman, George Chapman, Dr. Brooke Green, Lloyd Alsip, Truman Lindsey, Buford Hemphill, Boyd Landers, Jack Young and W. E. Young.

J. J. Redwine is groundkeeper. Directors include Bill Moore, president; Lyndel Murray, vice-president; Jim White, secretary-treasurer, and board members Blondy Ray and Dub Finn.

The minor league teams are suited and ready to begin play on May 16 at 4 p.m.

The Wa-Le's are sponsored by Chas. Elnau and J. W. Watts. Spud Thomas and R. O. Gregory are managers. The Pig-Wigs are sponsored by Red Simmons and Piggly-Wiggly, and managed by Rayford Calhoun.

## JayCees Board Lists Committees

The board of directors of the Muleshoe JayCees met Tuesday night with George Bragg presiding.

Phil Gillespie reported that work is scheduled to begin this week on the public restrooms in the city park. Doc Rogers and Norman Thomas, team captains for the membership drive announced the drive will end June 24, and the losing team will treat the winners to a chicken dinner.

Pesky Winn, Bill Jim St. Clair, Bill Keifer and Norman Thomas were appointed to the entertainment committee.

## Golf Clinic For Dubs and Tyros Here On May 14

Joe Lopez will conduct a clinic and free lesson period for men with scores of 100 and over and for beginners Tuesday, May 14 at 6:30 p.m. at Muleshoe Golf Club. Clubs and balls will be furnished by the pro, and it is not necessary to be a member of the Muleshoe Golf Club to attend the clinic.

## City Council Sets Taxi Ordinance In Wednesday Meet

The Muleshoe City Council met Wednesday afternoon and adopted an ordinance regulating the operation of taxicabs within the city.

Howard Cox was granted a franchise to install a home cable-movie system here sometime in the future.

The Council spent some time in talking with a consulting engineer concerning the possibility of obtaining a low cost federally financed housing project in Muleshoe.

Coach Wayne Mantooth was again employed to operate the city's swimming pool this summer.

### Mules Football Schedule For 1957

Last week in the sports roundup for Muleshoe high school, we somehow missed track, the most recent event. Just the same here are the results of the 1957 MHS track season.

No member of the Muleshoe team gained a first place at the district meet, although three were in second place, and several got third and fourth places.

Charles Jennings, Muleshoe's top miler, came in fourth at the Regional meet. Jack Wright a sophomore, managed a fifth in the 880-yard run, and Ray Preucure, discus thrower, made it to Regional, but didn't get past the semi-finals to qualify.

Like most of the other sports around MHS, the track team has a rosy-looking future. The pri-

### Student Council Ends Activity With Swim Party

The Muleshoe high school Student Council met Wednesday to transact end of the year business.

First on the agenda was the donation of 65 each to the Red Cross and the cancer fund. This might seem like a small amount for such an organization, but after all the personal expenses are paid there will be very little money left.

The safe driving contest is fast drawing to a close and the winner of the \$25 safe driver award will be announced very soon.

Next Tuesday after school, some 30 members of the council will go to Lubbock for a party. The main attraction is to be a swimming party at one of the pools in Lubbock. After that they will decide on the various other activities. This party is the final result of a year's planning and work. Several parties have been planned this year, but something always interfered and they had to be postponed, so now at long last the opportunity has presented itself.

### Bible Comment:

### Lying Speeches of False Prophets Vanish With Death

The false prophet is exposed by the quality of his life. He professes to stand in God's counsel, but he has not turned from evil himself. He has not tried to dissuade the people from their evil ways.

The true prophet is morally upright. The false prophet is the prophet of the immediate and the expedient. Jeremiah charges that this type has a limited view of God. His God is an immediate and a temporary one. As Jeremiah puts it, "Am I a God at hand, saith the Lord, and not a God afar off?"

The amazing thing about the true prophets of Israel was that they had a world vision. They prophesied to a small people in a small land.

There were no printing presses or radio to carry their messages abroad. Yet, though they spoke to their own people and in their own time, they are well known today. They dealt so with moral and spiritual values and with eternal principles that their words apply with keen insight and terrible force to our own world.

No false prophet in any age has lasted beyond his own time. He is gone with the falseness of the time in which he lived.

The false prophet says pleasant and easy things. They err, as Jeremiah says, by their lies and their lightness. But God's word, as spoken by the true prophet, is like a fire and like a hammer.

There is something stern and terrible about truth, just as there is power in it to save men from the falseness of life. God's mercy must be strong to overcome God's judgments. The true prophet never minimizes the one or the other.

It is the mark of the true prophets of God that they speak to men in every age and under all conditions.

### Summer Reading Class Begin At School On June 3

Mrs. Christine Rutherford will teach a summer reading class for children on a remedial and accelerated basis at Muleshoe grade school from June 3 thru July 12.

Pupils reading from one to three grades below their grade level will be in the remedial class. Phonetics and word attack skills will be stressed in this group. Pupils who want to increase their reading power will be taught in the accelerated reading group.

One hour classes for each group will be held four days each week during the morning hours. Tuition will be \$30 for the six weeks, and class materials will cost \$1.25.

Contact Mrs. Rutherford or Principal Frank Ford prior to May 17 for entry in the classes.

Mrs. Rutherford is a cum laude graduate of Abilene Christian College and obtained her Masters degree in education from North Texas State Teachers College. She has done extensive

#### BACK TROUBLE, ARTHRITIS: CASE HISTORY:

Man, age 45, symptoms, severe back trouble and it was difficult for him to move without excruciating pain. Upon moving his side ached terribly and he had a painful feeling in his arm. A few weeks ago he sprained his knee and had to stay in bed one week. Also he sprained his back in lifting. From then on he had trouble with his back, side and arm until he had to quit work.

He came to Chiropractic Clinic after trying different forms of treatment without results. The Ray examination of his spine revealed that the vertebrae in his neck were badly misaligned. Also there was a curvature in his spine in the dorsal region. Two nerve tests accurately located bad nerves leading to his spine, his arm and his side. Upon further questions he told us of a fall he had one time that broke his leg. This further proved that if a fall or sprain was great enough to break his leg or injure his spine, it was also great enough to knock the vertebrae in his back out of place.

After a series of Chiropractic Service this case is now feeling as tho he were a new man. His back does not hurt any more; his arm and side are feeling fine.

#### HEADACHES: CASE HISTORY:

Headaches have a removable cause. A middle aged mother had suffered from headaches for so many years she couldn't remember when they first began. Working and taking care of her family with these head pains, she grew more and more nervous.

She tried several remedies without results.

She was eventually brought to the Clinic for a spinal analysis and spinal X-ray to locate the cause of her trouble. She told us that she had developed sinus trouble, pleurisy, palpitation of the heart and high blood pressure of 200. After a course of Chiropractic service she reported no headaches at all. Besides this recovery, she said she was not dizzy any more, blood pressure was down to 156-100, all chest pains and sinus pains were cleared up. When your personal opinion is based on fair investigation and not upon conditioned emotions, you become a satisfied patient. It will pay you to investigate now!

**Dan Thornton To Address Scouting Banquet On May 27**

Dr. J. Davis Armistead, president, South Plains Council, Boy Scouts of America, announced today the acceptance of Dan Thornton, Past Governor of Colorado as speaker for the 31st annual dinner meeting to be held at Texas Tech College Student Union building on May 27. Dan Thornton, a native of the South Plains was born in Hall county in 1911. He attended grade school in Hall county and graduated from Lubbock high school, attended Texas Tech for two years and spent two years at UCLA where he graduated.

As a youth he worked in cotton fields and ranches. He was an outstanding member of the Texas 4-H Club and served as Texas President of 4-H's in 1927. In the 1930's, Dan Thornton began ranching at Springerville, Ariz., where he built up a fine herd of Hereford show cattle. In 1941, he moved to Gunnison, Colo., where he began building the Thornton Triumphant herd, one of the outstanding strains in cattle history. He was also very active in the National Livestock Association.

He was elected to the Colorado State Senate in 1948. He served as Governor for two terms, from 1950 to 1954. He was elected chairman of the National Governors' conference in 1953 and served as was appointed, chairman of the Economic Committee of Korea and Far East in 1954.

Dan Thornton, whose home is now in Denver, is a Mason and a member of the Baptist Church. His present business activities include real estate development, uranium mining, manufacturing and cattle.

Other phases of the program will include Silver Beaver presentations and special awards. The Council officers for 1957 will be installed. All Council Scouters and wives are invited.

**Lady Golfers Win At Morton Meet**

Two Muleshoe lady golfers won their respective flights in the monthly tournament of the West Texas-New Mexico Ladies Golf Ass'n., held at Morton Country Club Wednesday.

Mrs. Mildred Lambert won first flight low gross honors; Mrs. Marie White had low gross in the third flight. Nineteen local women golfers entered the tournament, a regular affair. Tullia will be host to the association for the next tournament, June 12.

**Hi-Style Truck for Country Club or Hard Work**

Newest member of the swept-wing family is this hi-style truck named the "Swept-side 100." Attractive enough to be parked at any country club, the new Dodge truck will handle any job now being done by the 4,000,000 pick-ups on American highways. The "Swept-side 100" is powered by either a 204-horsepower V-8 or a 120-horsepower 6-cylinder engine. Power brakes and steering, and push-button transmission make it easy to drive.

**ECONOMY SWEEPSTAKES WINNER IS CALIFORNIAN IN IMPERIAL**

For the second year in a row Imperial and Mel Alsbury, Jr. (right) of Hollywood, Calif., have won the top Sweepstakes Award in the Mobilgas Economy Run. Here the 28-year old champion accepts the Sweepstakes trophy with his father, Mel Alsbury, Sr., who sponsored his car. The Imperial set a record ton-mile average of 64.51 and averaged 20.94 miles per gallon on the 1,500-mile run from Los Angeles to San Valley. A Chrysler Saratoga won in Class C with Dodge and Plymouth winning in Classes A and B.

Charles Hornbrook, another Muleshoe boy finishes his junior year, as does Charles Lewis this year. All three Muleshoe boys are high ranking students at Baylor Dental.

In a recent election of the Baylor chapter of the Psi Omega fraternity, Charles Lewis was elected grand master and his wife, Sammye, was elected president of the chapter's wives club for the coming year. Dr. Lewis was a member of Psi Omega national dental fraternity while attending Texas Dental in the late twenties.

**JOINS PAYMASTER**—A recent addition to the staff of Paymaster Farm, Aiken, Texas, is Ellis M. Taylor, who will be in charge of Seed Sales and Seed Advertising; it has been announced by Western Cottonseed Co. officials. For the past five years Taylor, a Texas A & M graduate, has been with the Texas Department of Agriculture as Chief Inspector, Seed Divisions, and brings extensive experience in seed testing, laboratory and field trials of seed, and field inspection of certified seed to the expanding Paymaster Seed program.

**LAZBUDDIE HONOR STUDENTS**

**JOHNNY GAMMON**, valedictorian, and **JUANITA SCOTT**, salutatorian at Lazbuddie High School. Johnny is the son of Mr. and Mrs. John Gammon of Rt. 1, Muleshoe. He played football, basketball and baseball four years in high school. He was a member of the FFA chapter, was carnival king, class officer two years, in the junior and senior plays, and graduated from grade school at Muleshoe. Juanita is the daughter of Mr. and Mrs. Glenn Scott of Lazbuddie. She was football sweetheart attendant; played volleyball and basketball, being captain of the team her fourth year; on the annual staff, in the class play two years, on the pep squad, in the band, majorette, and president of the pep squad.

### Carolyn McCall Named Honoree At Bridal Shower Friday Afternoon

Miss Carolyn McCall, bride-elect of Burley Lee Roberts, was complimented with a bridal shower on Friday afternoon in the school lunch room. Co-hostesses were Mmes. Dutch Cash, Horace Hutton, Gary Weaver, Ray Seagler, Dan Hall, Carl Hall, J. M. Angel, Leo Holt, John Vanlandingham, H. H. Snow, Cecil Jones, Jewel Brackman, Evelyn Gibson and A. M. McBee.

The serving table was laid with a white cut work cloth. Table appointments were of silver and crystal. The centerpiece was a floral arrangement of lavender and purple iris, flanked on either side by orchid candelabras in crystal holders. Orchid ribbon flowed from the center arrangement with names Carolyn and Burley Lee. Plate favors were bags of rice tied to silver slippers giving the wedding date, May 30.

Miss Juanita Pearson registered the guests and alternating at the serving table were Miss Kathy Archer, Phillis Fred and Doris McBee.

Angel food cake, orchid punch and salted nuts were served to 80 guests.

Mrs. R. P. McCall, mother of the bride, and Mrs. Bertha Roberts, groomsmen's mother, assisted Miss McCall in opening the packages.

Both mothers and Miss McCall were presented orchid corsages.

Hostess gift was an ironing board and cover.

After opening the gifts, the honoree expressed with gracious words her deep appreciation.

### Nursing Group Holds Meeting Monday Night

The West Plains School of Nursing met at the home of Mrs. Mable Bristow Monday evening for their first business-social meeting.

After the business meeting, the members enjoyed a spell-down of medical words. Mrs. Mattie Hicks was winner.

Delicious refreshments were served to the instructor, two visitors, and nine members.

Present were: Mmes. Betty Pruitt, Mildred Glenn, Lee Kimbell, Carmell Nolen, Vernice Garth, Tommie Sanders, Elaine Mills; the visitors, Mmes. Madge Clements, and Mattie Hicks, and the instructor, Mrs. Winona Davis.

### Mrs. McAdams Is Dinner Hostess

Officers and their husbands or wives, Past Matrons and Past Patrons of Muleshoe Chapter No. 792, O. E. S. were entertained by Mrs. Anna Lucy McAdams, Worthy Matron, with a delicious dinner Saturday evening, May 14, in the banquet room of Masonic Hall.

The tables were placed to form a star and were beautifully decorated with spring flowers, lovely parasols and miniature stars made of styrofoam, using the O. E. S. colors to complete the O. E. S. motif. The decorations were very artistically arranged by Horace McAdams, husband of the Worthy Matron.

Those enjoying this lovely courtesy were: Mr. and Mrs. Jim Cox, Mr. and Mrs. Bert Mathis, Mr. and Mrs.

### Short 'Beauty Break' Helps Office Efficiency

BY EDNA MILES

TO keep neat and well groomed on the job in an office, a girl should take a beauty break once a day. Don't stretch this beauty break into half an hour or take it at a time when there's something important your boss wants you to do.

Work it in wherever you can, close to the time when you're feeling smudged from carbons and your lipstick is peeling off. When your appearance is neat and fresh once more, you'll feel and be more efficient.

Check up on stocking seams; make good use of a clothes brush; freshen your make-up and use a small pocket hairbrush to get your hair in shining order. Finish up with a thorough hand washing, using a nail brush to rout that office grime.

Final step should be a hand lotion that contains silicone, one that will prevent rough, chapped skin. Use it generously and don't forget your elbows.

Make this part of your daily routine but streamline the whole operation to under 10 minutes. Then your boss will have no need to suggest daily "work breaks."

Using a hand lotion should be part of every working girl's daily beauty break. You'll feel and work better.

Roy Bryant, Mr. and Mrs. Ernest Kerr, Mr. and Mrs. Elbert Nowell, Mr. and Mrs. W. E. Young, Mr. and Mrs. John Farley, Mr. and Mrs. Tom Smith, Mr. and Mrs. Clyde Bray.

Miss Elizabeth Harden, Mrs. Bettie Burkhead, Mrs. Lou Green, Mrs. Mildred Wingo, Mrs. Ruth McCarty, Mrs. Frank Hinkson, R. J. Klump, Mr. and Mrs. Willie Strong, Jan, Henry and Travis Creamer, Ben, Ken and Julie McAdams and Mr. and Mrs. Horace McAdams.

### Vickie Broyles Party Honoree On Birthday

Vickie Broyles, daughter of Mr. and Mrs. Bobby Broyles of Lazbuddie, celebrated her sixth birthday with a party May 1 in the home of her parents.

Refreshments of ice cream, birthday cake and soda pop were served to: Trena and Stephanie Bryant, Delane Steinbock, Melanie Precure, Patcine and Maxlene Broyles, Ross McKillip, and Mickie Broyles.

Mothers present were Mmes. Don Bryant, Willie Steinbock, Alex Steinbock, Wanda, Morris McKillip, Kenneth Precure, and the hostess.

PORTRAIT OF AN ARTIST—Kokomo, the celebrated painting chimpanzee, jumps in exultation in New York after finishing his latest work, lying on the table. He may never challenge the masters, but the 1 1/2-year-old chimp is apparently delighted at his efforts to make monkeys out of his fellow artists.

### Eastern Star Elects Officers

Officers for the coming year were elected and appointed Tuesday evening, May 7, by Muleshoe Chapter No. 792, OES, as follows:

Lou Green, Worthy Matron; Elbert Nowell, Worthy Patron; Callie Smith, Associate Matron; Tom Smith, Associate Patron; Clara Lou Jones, secretary; Hazel Nowell, treasurer; Mildred Wingo, conductress; Ada Thomson, associate conductress; Mary Farley, chaplain; Mickey Bryant, marshal; Maude Young, organist; Hazel Welch, Adah; Louise Busbick, Ruth; Lavonne Hinkson, Esther; Lois Norwood, Martha; Myrtle Creamer, Electa; Jewel Strong, warder; Peggy Childers, sentinel.

Open invitation of the corps of officers was set for June 10 in Masonic Hall.

### Copley Twins In Organ Recital At Lubbock Church

Don and LaVon Copley, twin son and daughter of Mr. and Mrs. A. W. Copley, were presented in their senior pipe organ recital by the Lubbock Chapter, American Guild of Organists at the First Methodist Church in Lubbock Sunday afternoon.

Friends from Ralls, Petersburg, Lockney, Olton, Littlefield, Earh, Bovina, Tulla, Lazbuddie, Portales, Muleshoe and Lubbock were in attendance.

Don and LaVon are students of Cecil Bolton and have studied organ with him for four years. Both have received offers of music scholarships to colleges.

The Guild honored the Copleys with a dinner Sunday evening, which concluded with the dean of the Guild, Mrs. G. O. Atkins, presenting the twins with gifts.

Attending from Muleshoe were Mmes. John Watson, Ed Johnson, Wilson Witherspoon, Clifton Finley, Horace Blackburn and Radie Boone.

#### MOSTLY MOTHERS

This article was submitted for publication by Mrs. T. W. Berry of Muleshoe.

Bettie Jo learned to write rather early. And judging from her letter to grandmother, she had learned a lesson that some of us are slow to learn. Bettie's simple letter said:

"Dear Granny:

"Daddy and mother pulled my first tooth today, mostly mother."

Bettie didn't know it, but she gave expression to a tremendous truth. It has ever been "mostly mother", in all spheres of life. We are fond of saying that mother love reaches from the cradle to the grave. In fact, it reaches beyond the cradle and beyond the grave.

It is "mostly mother" in making a home. Mother's discerning heart, observing eye and sympathetic spirit gives to the home all those tender touches and endearing charms that make it the brightest spot on earth.

Mother's love, mother's patience and mother's prayers have modeled, molded and made the manhood of America. Whoever said, "The hand that rocks the cradle rules the world", stated a plain fact.

The influence of mother begins in the home circle, but it doesn't stop there. Think of the beneficent influence of good mothers in churches and schools of our nation. We feel the heart throb of mother in much of the art, poetry and songs of the world.

Someone has wisely said:

"The greatest word is God;

"The deepest word is Soul;

"The longest word is eternity;

"The swiftest word is Time;

"The nearest word is Now;

"The darkest word is Sin;

"The meanest word is Hypocrisy;

"The broadest word is Truth;

"The strongest word is Right;

"The tenderest word is Home;

"The dearest word is Mother."

## One Price Cotton Program Proposed By Plains Cotton Growers Group

A one-price cotton legislative program proposed by the Plains Cotton Growers, Inc., won industry-wide support from representatives attending a meeting in Memphis, Tenn., recently, Ross Goodwin, Bailey county director of the PCG reported.

George W. Pfeifferberger, executive vice-president of the PCG, attended the meeting as did representatives from the American Cotton Producers Association, the American Cotton Manufacturers Institute, National Cottonseed Crushers Assn., National Compress and Warehouse Association, and the New York, New Orleans, and Memphis cotton exchanges were at the Memphis meeting.

Six producer groups earlier had met and drafted the program. These included the Louisiana Council, Mississippi Delta Council, Tennessee Agricultural Council, Arkansas Agricultural

Council, Missouri Cotton Producers Association, and the PCG. Representatives of the industry-wide meeting this week are presenting the revised program to their individual groups for approval.

After another industry-wide meeting of all segments of the industry the ACPA hopes to present the program to Congress, sometime next month.

Pfeifferberger listed the long range program containing these points:

Cotton to seek its own competitive price level, both domestic and abroad.

Protect producers income thru acreage increase and compliance payments.

Loan program at a stated percentage under world price for orderly marketing.

Continue production controls to prevent huge surpluses from again accumulating.

Revision to be made in Soil Bank Act to provide a cotton acreage reserve option whereby individual cotton farmers could elect to participate in the acreage reserve section with increased rates of payment as now provided, or receive additional cotton acreage. Farmers who elect to receive additional cotton acreage would not be permitted to place cotton acreage in Soil Bank.

Intensified research and quality improvement programs as absolutely essential parts of any long term program.

We oppose any limitation of participation within the framework of any farm program.

We oppose any form of cross-compliance or of total farm compliance in any program.

We continue to urge passage of the Smith bill or textile labeling act.

Producer objectives are to make United States cottons competitive. All segments between the producer and the mill are urged to work towards optimum efficiency and economy to stabilize charges.

The influx of cheap foreign textiles would seriously disrupt American mills. We urge their curtailment thru either import quotas or agreements.

**During The Transaction Period:**

To provide desirable qualities and insure continuity of sales under the competitive export sales program, the U. S. D. A. is urged to initiate action now to acquire on July 31, 1957 to the 1956 loan stocks for cataloging and sales as soon as possible after August 1, 1957.

## 166 Registered For Odd Fellows And Rebekahs Association Here April 27

One hundred sixty-six Odd Fellows and Rebekahs registered at the high school auditorium in Muleshoe April 27 for the South-Plains Association.

The meeting was called to order by Jaunie Cook, of Morton, president of the association. Theo Actkinson of the Muleshoe I. O. O. F. lodge was master of ceremonies. Levelland Canton and Auxillary presented the flag. The invocation by Viola Dodson was followed with a welcome by Mayor Bovell on behalf of the city of Muleshoe.

Rev. E. K. Shepherd gave the welcome address to the association and Little Alexandra of Lubbock gave the response. Several officers of the Grand Lodge and Rebekah Assembly of Texas were introduced, among those were Raymond Gage, Grand Master of Texas; Thelma Gage and Lola Harris of the Rebekah Assembly of Texas.

The mascot, Lynn Hatum of Levelland was introduced and presented with a Bible. After a very interesting and informative talk on the U. N. Youth Pilgrimage sponsored by the I. O. O. F. Lodges, Raymond Gage gave the benediction. The Home Demonstration Council ladies served a delicious lunch and supper in the school cafeteria.

During the afternoon session, the association voted to send two children from the I. O. O. F. Home on the U. N. tour this summer.

**Officers Elected**

Officers elected for the coming year are as follows:

President, George Tompkins, Needmore; vice-president, Clara Timmons, Levelland; Chaplain, Lola Harris, Morton; Mascot, No-reen Green, Muleshoe.

On the individual charges, Les Lambert of Muleshoe won a first place on the Noble Grand charge. Arnold Gross got first on the Chaplain charge and secret work.

Mrs. Garner, from Plainview, was the high point lady on the Rebekah Noble Grand charge. Hub City, of Lubbock, won a cup in the Rebekah degree work. The association will be held in April 1958 at Levelland.

these machines. Their ad in detail will be found on another page of this issue.

**Memorial Service Held**

A beautiful and impressive memorial service was presented Saturday evening at the Association by the Muleshoe Rebekah Lodge. The stage was decorated with baskets of flowers. There was a replica of the old rugged cross with a background of a flower covered archway.

Evelyn Calder opened the program with the reading of the 23rd Psalm, followed with prayer. Elizabeth Darnell sang a lovely solo. A single flower was deposited on the cross for each of 18 members who departed this life the past year. The program closed with the hymn, "God Be With You." Rufus Aylesworth at the piano played during the entire service.

PROTECTING RETIRED ACREAGE

Texas seed laws are being taken to task because of an oversight in one of the country's most important agricultural programs—the Soil Bank Conservation Acreage plan.

Because Federal conservation acreage measures fail to stipulate that seed bought for use on reserved acreage be tested and tagged to qualify for federal payment, some persons are disregarding state laws which establish standards of purity and quality for commercial seed.

For example, the Federal Government has agreed to pay 80 percent of the purchase price for grain sorghum seed used on retired acreage, whether the seed be cleaned, tested, tagged, treated, or not.

False Encouragement
Those who have construed this as encouragement to plant "cheap" seed in order to effect slight savings in costs are endangering the value of their land in the long run. It is hoped that the oversight which might cause such false encouragement will be cleared up soon.

Texas seed laws provide that all seed sold or offered for sale in the state, excepting some transactions between farmers, must meet certain requirements to prevent the return to the soil of undesirable weed seed contained in crop seed.

For only a few extra cents per acre spent on tagged and tested seed, a farmer can be assured that his land value will not drop.

ing with Admiral Higgins in the five states of Arkansas, Louisiana, New Mexico, Oklahoma and Texas in this year's observance. The residents of the cities in the five states will view an aircraft flyover on the weekend of the 18th.

Parades and speeches will share the limelight with the flyovers. Each branch of the military team feels that citizens will benefit more if they can see for themselves the "Power for Peace" Armed Forces Day theme demonstrated. "Open house" will be held at all military activities, including regular service installations, ships in ports and reserve and National Guard armories.

POOR "SPORT"—"Sport," a Brooklyn, N. Y., pooch, searches the horizon for some sign of rescue from his precarious perch atop the box. Marooned in a two-foot-deep lake caused by recent rains, his quest for dog's best friend ended when his mistress commandeered a boat and got her pet back on dry land.

May 18 is Official Armed Forces Day

Rear Admiral John M. Higgins, Commandant of the Eight Naval District and Area II Commander for Armed Forces Day, 1957, joins with President Eisenhower and Secretary of Defense Wilson in extending an invitation to all citizens to attend an "open house" at a military installation during the week of May 12 to 19, Saturday, May 18, is the official Armed Forces Day.

The commanding generals of the Fourth Army and Flying Training Air Force are cooperating with Admiral Higgins in the five states of Arkansas, Louisiana, New Mexico, Oklahoma and Texas in this year's observance.

### Parmer County Farm Bureau News

By Raymond Euler  
REA will celebrate its 22nd birthday this Saturday, May 11. David A. Hamil, administrator, who is a native Coloradan, says he thinks the future is a bright one for REA. In a statement last week, Hamil said, "If I have any one hope for the future, it is that Farm Bureau members and REA user should do everything possible to keep service up and standards high — for the future of farming and the future of their cooperatives." Hamil is a member of the Colorado Farm Bureau.

If you did not get to attend the cotton growers meeting in Bovina Monday night, make it a point to attend the one at Friona school auditorium this Friday night. This is not a Farm Bureau meeting, but President Kiltwasser was called upon to send notices to members to attend the meetings, which he gladly did.

Asphalt coated cotton sacks have contributed seriously to town grading of cotton pickings in them because of tar spotted from the coating in years past. In an effort to eliminate the use of these sacks, Kiltwasser has sent letters to vendors of cotton sacks in this county to refrain from offering asphalt coated sacks to their customers. Plastic dot, plastic coated or plain duck sacks are free from the contaminating tar.

Monday night, May 13, in the Friona school study hall, a meeting will be held for the purpose of inaugurating a program of mosquito prevention. HD agent Jimmie Lou Waincoat and her clubs are taking the initiative and asking all civic and farm organizations to participate. Farm Bureau will be represented.

Secretary of State Dulles, testifying against the House's recommendation for a cut of some 19 million dollars for salaries and expenses, stated that this would necessitate a cut of about

### Gas Explosion Wrecks Home Of Bud Holland

E. E. Holland learned Sunday of the explosion by gas April 29 of the home of his brother, Bud Holland and family at Lost Lodge, Cloudcroft, N. M. Mr. Holland operates the Lost Lodge real estate development.

Mrs. Penny Holland, a daughter-in-law of Mr. Holland, came from her home nearby to prepare breakfast for the family, since Mrs. Bud Holland was visiting another daughter in Texas. She noticed that the living room heater was not alight; when she started to light the fire with a match, the explosion came with a terrific roar.

The block house was pulverized. Mr. Holland and three children were asleep in the two bedrooms. The daughter-in-law was severely burned and remains in grave condition in the hospital there. Other members of the family were less seriously injured.

#### AT GALVESTON

Mr. and Mrs. Beardean Broyles and Mrs. Gene Smith, Mr. and Mrs. Max Stienbeck and Mr. and Mrs. Richard Barnett spent the week end at Galveston where they enjoyed all the entertainment that goes along with Splash Day at the beach.

700 employees in that department. According to our calculator, that would be a little over 27 thousand dollars per year for each employee. He complained that many of these people have had to work overtime without overtime pay. With equipment furnished by you the taxpayer, we wonder how much we should add to the 27,000 for overtime past eight hours.

CONSIDER THIS: The lot is cast into the lap; but the whole disposing thereof is of the Lord. —Proverbs 16:33.

ON A PARIS FLING—The sound of skirling bagpipes fills the air of Paris as a company of Scottish Highlanders march away from the Arc de Triomphe where they joined with other British troops to honor the French unknown soldier. The troops from across the channel were in the French capital for the Franco-British Military Festival.

#### SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Blackwater Valley Soil Conservation board of supervisors met in regular session on April 15, in the offices of the ASC. Board members Sherman Imman, chairman; E. N. McCall, member, W. H. Eubanks, member and Virgil Nowell, secretary-treasurer, were present and following business completed.

Soil Stewardship Week literature was distributed to supervisors for ministers in their sub-district. A good participation is anticipated during this important week of May 25 thru June 2. Soil Stewardship Week is proclaimed by the Governor, and all districts throughout Texas will have soil sermons preached on May 26 or June 2. Also radio programs, special editions, and television programs will be presented. Your district will work with our local paper, The Muleshoe Journal, in putting out a special edition during Soil Stewardship Week. Our soil is our strength and must be saved, and this is set aside to emphasize our responsibilities.

What Others Are Doing  
A small tour of districts to observe grass plantings for the Soil Bank Program brought out several important facts about these plantings. Several of the farms visited were:

Pat Bobo-Jesse Osborn farm west and north of Enochs. Land put in acreage reserve (cotton land) has a good stand of Hubam clover. This clover was planted in furrow and rains have brought it up. Conservation reserve (grain land) has been planted to weeping lovegrass. This grass has germinated and should be up to a good stand.

Grass plantings of weeping lovegrass were examined on Carl Barnett's farm, west of Shafer Gin, and Bill Jim St. Clair's farm, east of Wildlife Refuge. These plantings were not up but close inspection showed small seedlings coming through. It appeared that a good seeding operation had been made on these two farms. It is understood that Leon James made the seeding on these farms. He has an excellent tractor-mounted grass seeder. It uses disc opening plows. These seedings were made in stubble and have a good chance for survival.

Leon was seeding weeping

lovegrass in Sudan cover crop on Paul Brothers Ranch. Grass planting not made in stubble was observed west of Enochs, where severe wind erosion is taking place.

It should be re-emphasized that early grass planting must be made in dead cover (preferably drilled sorghum or sudan). Row planting can be made of blue panic, weeping lovegrass, and sorghum alnum thru July.

Sorghum alnum and blue panic plantings made last year on Shorty McCall and Vandlingham farms were checked. At this time blue panic has put out green shoots and seedlings have come up from last year's seed. A solid row seeding of this grass will be established this season. Blue panic appears to be earlier in coming out from winter dormancy. Sorghum alnum has a few green shoots and some seedlings.

Dan Darsey of Longview, has completed construction of one diversion and five standard terraces. Dan built these himself, with a Hancock terracer. They are really broad, workable terraces, and are designed to hold water on land, preventing runoff and stopping erosion.

### Saul Explains Purpose Of Bill Affecting REA

Representative Saul of Kress, advised the press that House Bill No. 547, commonly known as the REA Bill, was successfully passed out of the House after probably the most industrious study and effort by the House of any measure considered this session. Saul revealed that the sub-committee and the whole committee of State Affairs had worked in excess of 150 hours in research and consultation on this vital measure affecting the future of the REA program in Texas.

Saul's committee, with complete cooperation from the whole committee and interested members of the House accumulated material and facts which resulted in an all time record for the "biggest grandfather clause" in the history of Texas. Saul explained that a grandfather clause is a legislative lingo for keeping a situation status-quo, which means no rights can be disturbed now held by any Texas citizen affected by legislation. In

other words, no lights on the farms, in the homes, or property of any REA customer or service will be turned off.

Saul revealed that his committee's biggest obstacle was to overcome a proposed limitation that the REA service within city limits be limited to a ten year period. The bill recommended by Saul's committee and adopted by the House carried no ten year limitation and protected the REA from infringement by private power companies forever.

Saul concluded that never in his legislative history had there been so much confusion or misrepresentation surrounding the purposes of a bill. "The true purpose", Saul said, "it to see that the progress of the REA is not curtailed in any way and at the same time the rights of cities and towns for local control is preserved. The House Bill does this."

### Hit Paraders Made A Hit In Rotary Program

"The Little Hit Paraders", a quintet of second grade singers delighted the crowd at the Rotary Club Tuesday noon with a program of popular songs. They were accompanied at the piano by their teacher, Mrs. Ruth Dunn, who has done wonders with these young singers. She not only has taught them to sing, but her instruction has developed surprising poise and personality.

The little singers are Linda Timmons, Jeannie King, Connie Connell, Renee Howell, and Carol Haire. Carol announced the program as it progressed. Jeannie, Connie, and Renee each sang the solo parts of their song; Linda gave a tap dance exhibition. The youngsters have been practicing together only during this year.

Present to watch the program also were Mrs. Harold King and Andy, Mrs. Lloyd Haire, Mrs. Timmons, and Mrs. Connell.

## Babson Discusses THE FUTURE OF AGRICULTURE

Babson Park, Mass., May 9 — Many farmers write to me complaining about the cost-price squeeze. They are discouraged because for them the bottom seems to have fallen out of the farm market. I sympathize with these people, but I suspect that many of them have come upon hard times because they are not farming as well as they know how. Also, many of them are not keeping abreast of new ideas and new crops.

**TREND IS TOWARD MORE MECHANIZATION**  
Tremendous changes have taken place in farming during my lifetime. When I was a boy, horses and mules furnished practically all the power on farms. Even as recently as 1910, there was almost no mechanization on farms. In that year the total farm population was 32,076,960. By 1950, this had dwindled to 25,058,000, a decline of 21.9%. Most observers estimate the present farm population to be only 20,000,000. Thus farmers and their families now account for only 11.8% of our total population compared with 34.9% in 1910.

I predict that machines will continue to displace men on American farms. Hence, the smaller commercial farms will be hard put to survive. However, I do not believe farmers should be despairing of the future. A good living can still be made on the farm by those who open their eyes to progress. Obviously, the trend is toward new crops and greater mechanization, and there is no sense in bucking that trend.

**OVER-PRODUCTION IS A TEMPORARY PROBLEM**  
Right now farmers are the victims of their own unusual ability to coax record yields-per-acre from the soil. Better seed, improved fertilization and irrigation, and more efficient spreading, cultivating, and harvesting machinery have increased production. During the war our farmers rose magnificently to the challenge to provide food and feed for our allies, and now they are temporarily in trouble.

**FUTURE OF AGRICULTURE**  
At present we are growing at least 5% more farm products than we can sell. In an effort to keep our farm surpluses from becoming too burdensome, the government spends huge sums on

price support programs, the soil bank, and foreign distribution schemes. All these measures have helped to some extent, but they are by no means cure-alls. I am disturbed by the fact that too many farmers take undue advantage of this government help by deliberately overproducing. However, I am firmly convinced that this over-production is a temporary problem.

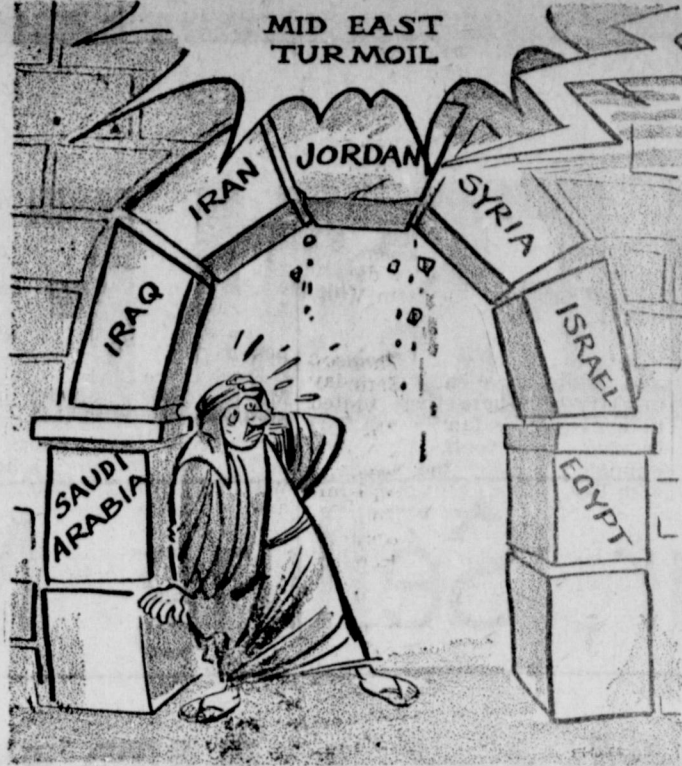

**RESEARCH HOLDS THE ANSWERS**  
Research has performed wonders for all other industries. I forecast that it will also perform wonders for agriculture. Chemistry, industry, and agriculture, working together, gave us hybrid corn and varieties of the soybean which would grow in our country. This combination sponsored the research that produced a new dwarf variety of castorbean said to yield as much as 2,700 pounds per acre if the soil is properly irrigated and fertilized with nitrogen. Also, a new combine harvester-huller has been developed which will gather tall or short castorbeans without waste. I predict a profitable future for castorbeans, with output reaching as high as \$300,000 crop acres.

A stimulating flow of new research ideas has emerged from the recent annual Chemurgic Conference of the Council for Agricultural and Chemurgic Research. This organization and others like it are facing up to real farm problems, which is not over-production but under-utilization and waste.

**INDUSTRIAL USES FOR FARM PRODUCTS**  
We should be proud of the progress agriculture has made in our country. But there is still much to learn about soils, irrigation, and weathers. Crops such as castorbeans and sesame seed will become big business before long and I forecast that other big new cash crops are coming. But I want now to call special attention to the need for putting more farm products and residues to work in industry.

President Eisenhower is alert to this need. Some months ago, he appointed a Commission on Increased Industrial Use of Agricultural Products. Its report should be made public within the next month. I urge farmers to study it carefully and to follow it up with action. Over the long pull, I am bullish about farming in this country.

## Look Out Below!

## THIS WEEK —In Washington

**Clinton Davidson**  
Agriculture Secretary Era Taft Benson is getting ready to ask Congress to kill mandatory farm price supports. He expects that President Eisenhower will back up his request.

This Congress wouldn't touch such a request with a ten-foot pole, and Benson knows that. What he intends to do is strike the dust blow in the brewing fight scheduled for next year over farm programs and policies.

Benson said in an interview that he plans to make his request to the Senate Agriculture Committee before the end of this session of Congress. Chairman Allen Ellender said his committee will "not be receptive" to such a suggestion. Farm leaders in Congress already have begun laying the groundwork for a thorough-going "review and revision" of farm programs next year, just ahead of the election contests for control of the next Congress.

Their plan, unless there is a sudden and dramatic improvement in farm prices and income in the next 12 months, is to attack the Benson flexible price program and place supporters of it on the defensive. It was Benson, with White House backing, that put the flexible price program through the Republican-controlled Congress in 1954. It was the same combination that blocked a return to rigid supports in 1956. Farm price supports still are one of the most explosive issues in Washington.

The flexible price support law has, so far, been a one-way street — a downhill street so far as support levels are concerned. It says simply that when supplies go up supports must go down.

They have no place in the gospel of brotherly love. In its noblest meaning, character is Christlike. The cross symbolizes the finest in our Christian religion—God's gift of love revealed to mankind!

**PRAYER**  
Our Father, we thank Thee for making known to us the truth that our disciples demand proof in the way we live. Cleanse us of hypocrisy, deceit, and sham. Help us to develop Christlike character. In His name we ask It. Amen.

**THOUGHT FOR THE DAY**  
Discipleship demands that I be in accord with the will of the infinite God.  
—Clyde O. Law (W. Va.)

But there also is a provision in the law which says that when supplies go down supports must go up. It is this provision which Benson wants taken out. He argues that when supports go up farmers will be encouraged to produce enough to cause new surpluses.

The law also says that when surpluses decrease the Secretary of Agriculture must increase acreage allotments. Benson wants that changed, too.

The farm law is so written that it could automatically result in a return to excessive production, new surpluses and then lower price supports," Benson said. "The result would be to cause farm prices to go up and down like a yo-yo."

The basic crops—corn, cotton, wheat, rice, tobacco and peanuts—must now be supported at not less than 75% nor more than 90% of parity. On some others the support floor is 65% of parity and on others there is no minimum.

Benson's objective, however, runs directly contrary to that of the Democratic majority in Congress. They will be trying next year to pass legislation restoring mandatory 90% of parity minimum supports for the basic crops, and to muster enough votes to override a probable veto.

## Sandhill Philosopher Willing To Risk The Monotony Of Getting Same Price Every Year For Calves

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses the cattle business this week, a subject he's as much an authority on as he is the international situation, if you follow us.

Dear editor:  
I didn't have anything to do the other afternoon, or rather I had plenty to do but wasn't interested and went into town to sort of break the monotony and while I was there I borrowed a newspaper off the cafe counter and the first thing that caught my eye was an article about a proposal an agriculture expert has for stabilizing, as he calls it, the cattle business.

According to him, if the oil industry can prorate oil production, which as I understand it means control the amount of oil anybody with an oil well can take out in any one month, and thus can maintain the price of oil at around \$3 a barrel, then farmers and ranchers can prorate the cattle business, control the number of calves being raised, and hold the price of a steer at 33 cents a pound.

However, he went on, this might get awfully monotonous, selling cattle at 33 cents a pound year after year, and might detract from the present system whereby a man doesn't know when a calf is born what it will be worth at selling

time. He said it might take the adventure out of cattle raising.

Well, now I'll tell you, getting 33 cents a pound for a steer might get monotonous for some people, but as far as I'm concerned it ain't near as monotonous as getting 15 cents one year, 12 the next, 18 the next, etc.

To some people raising a calf to market age may be an adventure, but as far as I'm concerned the adventure comes after you sell him for a profit and start figuring what you'll do with the money.

I know from experience that there's a certain amount of adventure in raising cattle, even scrub cows, in looking after them, watching the calves grow while you sit in the shade and speculate, figuring when it's time to load em up and head for market, but the big adventure comes when you get your check, and one of the most monotonous things on earth is getting one smaller than you figured.

If this fellow can figure out how to guarantee me a price of 33c a pound for calves, year after year, tell him to go ahead, I'll bear up under the monotony of it.

Yours faithfully  
J. A.

## FACTS ABOUT THE CAPITAL STOCK INSURANCE COMPANIES NEW COTTON HAIL POLICIES

1. There are only two kinds of hail insurance policies written. One, the Capital stock companies with unlimited resources who can and will pay full loss — any time — year in and year out. The other, the policy holders constitute the company, and losses can only be paid out of premiums paid in any particular year, and if losses exceed premium paid, the available funds are PRO-RATED among claimants as far as it will go.
2. The advantages of the Capital stock companies hail policies:
  - A. No pro-ration clause whereby one may not collect all of his damage.
  - B. No step ladder clause as has been heretofore. Full loss is paid when it occurs.
  - C. Improved method of adjustment where one can be assured of proper adjustment of loss and full payment or damages at time of loss.
3. The full damage occurring by hail to cotton from the day it is up to a stand, unless the loss is total. This is in contrast with the old step ladder clause now eliminated from the Capital Stock company policies.

Compare these advantages with other policies that have the said pro-ration clause referred to above and still have the old step ladder clause.

The following firmly established agencies handling only old time tested, capital stock, companies solicit your hail business. Insure now — with date of stand to be supplied when up. Get the advantage of the full season's insurance.

# Ferel Royce Little Formerly of M'shoe To Join Ministry

"Sunday evening was a great time in First Methodist Church", Rev. J. Morris Bailey, pastor, reported. "Ferel Royce Little made public his personal surrender to the call of God to be a preacher. The hearts of all present were warmed and blessed to see this fine young man dedicate his life to be a minister for God", the pastor said.

Ferel Royce Little is the son of Mr. and Mrs. Ferel W. Little of Stephenville. He is a junior in Stephenville High School. After graduating from high school he will have four years in college and then three years in theological training.

Members of the church and friends of the community pray God's blessings upon this fine young man." Reverend Bailey stated.

The above item was taken from the Stephenville Empire-Tribune, of May 6. Ferel Royce Little was born while his parents resided in Muleshoe. Mr. and Mrs. Little are both graduates of the Muleshoe high school. He was formerly associated with his father, S. R. Little in the grocery business here, was also City Secretary a number of years.

Mrs. Little is the former Irma Willis, daughter of Mrs. Irma Willis. The Littles have made their home in Stephenville the past ten years. He is secretary-treasurer of the Stephenville Farm Loan Association and Mrs. Little is in the bookkeeping department of the Farmers National Bank there.

# Johnson Joins In Predicting Cuts In Ike's Budget

Congress will cut the budget submitted by President Eisenhower for the fiscal year 1958, Senator Lyndon B. Johnson, Senate Majority Leader, predicted this week.

"There will be material cuts in the budget", Senator Johnson declared. "We are going to try to make them material enough to justify relief from the heavy tax burden."

The Texas Senator is a member of the Senate Appropriations Committee.

Johnson said that during his visit to Texas the latter part of April he heard many "disturbing reports" about the economic situation.

"Business men tell me their profits are down even though they are doing more business than they did last year", he said. "People on a salary tell me their bank accounts are lower even though they have had no salary cuts."

"Costs are up all along the line—the cost of living, the cost of money, the cost of doing business."

CAMPUS ROYALTY—Pretty Linda Kittiel, 19, makes an attractive picture framed by college pennants and ivy. She's been named "Hunter College Queen" and the junior at the New York City school will compete against girls from all over the nation in the fifth annual National College Queen Contest. Finals will take place at Asbury Park, N.J., in June. Qualifications are based half on beauty and half on brains.
