Number 13

Volume XXIV

Noodle Creek Has Another Oil Well

Another gusher was brought Saturday in the new Noodle Creek oil field a few miles north of and almost mid way between Slaton and Abilene. The new well according to press reports, is deeper than the first one, the Winter 1, which came in unexpectedly two months ago. It is situated 700 to 1,000 southwest of the Winter well and is good for 1000 barrels per day or more, it is claimed. The bringing in of this well has created much excitement locally and has created new interest in the newest West Texas oil field. The fans are more confident than ever that a real oil field lies in that vicinity and not merely a pool. Other wells are being drilled and two of them are expected to pay and this week.

Grassland School Has Good Opening

The school at Grassland is now in its second week, having started auspiciously on Monday, November 8, according to Miss Zuelia Fox, principal, and Miss Ola Ady, primary teacher, who were business visitors in the News office last Saturday. The faculty consists of four teachers, including the two above mentioned and two intermediate teachers, Miss Gladys Fox and Miss Nana Lawson. About 75 pupils are enrolled. Although a number of them are new attending school, remaining for a few weeks to help gather enrollment will run up to at least 125 during the term.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or chronic festering sore. The cheapest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c and \$1.25. Powder 30c and 60c. Sold by THOMAS BROS. DRUG

of C. HELPS THE FARMERS

Organization Has Made Many Efforts to Get Aid For Cotton Raisers

G. H. Nelson, Secy. C. of C. The report has come in that the number of Commerce has been striking to the detriment of the farmer in that some action has been taken to prevent the market from being flooded with snaps and sledged cotton. The only action that has been taken was to talk to the gin men to see if they would refuse to gin snapped cotton. Nothing has been said to them in regard to sledged cotton. You remember that a meeting was held in Lubbock some thirty days in the News office last Saturday before the first freeze, to see if hands could be secured and to see if some agreement could be reached whereby the market would be kept as free as possible of the low grade of cotton. At this meeting were the farm secretaries of chambers of commerce and any others who might like to attend. At this meeting the agreement was reached that an effort would be made to keep this low grade of cotton off the market by working through the gin men. An effort was made in Tahoka to do this thing. But remember that this agreement had to do only with the cotton that would be put on the market before the freeze or a reasonable time thereafter. Time and money have not been spared in an attempt to secure pickers for the farmers. Individual farmers have failed, the U. S. government employment service has failed, and we have failed to secure the needed help. We now recognize the fact that the cotton must be gotten out any possible way. Our policy has been to give what help we can to the agricultural interests instead of being a detriment.

Dixie School to Open Monday

Dixie School will open its doors to the children of the community on next Monday, November 28th, after a long delay on account of the need of the children in the cotton fields. Dixie is putting on an additional teacher this year, making a total of four, since the enrollment is expected to be around 125 as against 100 last year. This community boasts of a fine school and in the past it has been making rapid strides in improvement. Mr. G. M. Murrah of that community says the people out there expect to have the best school year at Dixie that they have ever had.

Strickland Buys Barber Shop Here

W. A. Strickland has purchased from Dave Houston, the barber shop situated next door south of Craft's Tailor Shop, taking charge last Thursday. W. J. (Slim) Langford who has been working in the Houston Shop, will remain with Mr. Strickland. Mr. Strickland is making some improvements in the shop and says he expects to make it just as nice a shop as can be afforded.

Kill Wild Turkey and Bring Home the Proof

C. L. Dickinson and E. J. Hendrix brought back the proof Monday afternoon that they had been turkey hunting. Last Friday they threw their guns into their car and started south. Arriving at the Concho somewhere in the Angelo country, they pitched their tents and Saturday morning began their hunt. They say that there are many turkeys in that vicinity but that there are also many hunters. At any rate the boys came back with plenty of turkey meat, four fine gobblers, dressed and ready to be prepared for the table. They were beautiful birds and the editor enjoyed looking at them.

H. T. Gootch, one of the pioneers of this county, who has been residing in Lubbock the past 2 years was in the News office Wednesday and set his figures for the News up another year and ordered the paper sent to him at O'Donnell hereafter.

Mr. Gootch was one of the commissioners of this county when the present court house was built and he has had an important part in the development of this county.

West Texas Press Association Was Formed Saturday

The editor of this paper attended the meeting of the West Texas Press Association organized in Colorado last Saturday. We went down Friday and returned to Tahoka Saturday night. A program which had been previously prepared was carried out, in the main, in the morning session, which opened at 10:30 in the beautiful new court house in that city. After the program the editors and newspaper men present repaired to the Barcroft Hotel, where a luncheon was tendered the visitors by the Colorado Chamber of Commerce. Dr. P. C. Coleman, well known throughout West Texas, delivered the welcome address, and Homer D. Wade of the West Texas Chamber of Commerce acted as toastmaster. Following the speechmaking the following officers were elected: President, J. L. Martin of the Snyder Times-Signal, vice president J. L. Dow of the Lubbock Avalanche, secretary, W. E. Reid of the Colorado Record, assistant secretary, Miss Jena Jordan of the Big Spring Herald, directors, E. I. Hill of the Lynn County News, Barney Hubbs of the Pecos Enterprise, W. D. Van Blarcom of the Fort Worth Star Telegram, Max Bentley of the Abilene Reporter, and H. C. Shelton of the Rotan Advance. Committee on constitution and by-laws consists of the following: C. S. Boyles of the Nolan County News, Sweetwater, J. W. Roberts of the O'Donnell Index, and E. I. Hill of the Lynn County News. We failed to get the names of all the members of the committee of resolutions. This organization was brought about chiefly through the efforts of J. L. Martin of Snyder and F. B. Whipkey and W. E. Reid of Colorado. Mr. Martin presided at the morning session and Miss Jordan acted as the secretary. Mr. Reid was the temporary chairman at the afternoon meeting. There were about twenty cities and towns represented in the organization Saturday, and it was a bunch of fine men who entered the organization. Some of the best weekly newspapers to be found anywhere are published in West Texas, such as the Snyder Times-Signal, the Colorado Record, the Big Spring Herald, the Nolan County News, the Haskell Free Press, the Lamesa Reporter and others in this section that we

Drinks Too Much Booze; Is Pinched

A young man residing a few miles southeast of town went to a dance Saturday night with too much booze under his belt. Deputy Sheriff B. R. Holcomb invited the young gentleman to appear before Uncle Ike's court Monday morning and make amends to the State of Texas for his unlawful hilarity. His father came in Monday morning and paid off for the young man.

NEW METHODIST PASTOR HERE

Rev. R. T. Breedlove Preaches First Sermon; Comes to Tahoka From Rule

Rev. and Mrs. R. T. Breedlove and their two children arrived last Friday and Brother Breedlove filled the pulpit at the Methodist Church Sunday morning and evening. He was heard by good sized congregations and made a most favorable impression. Brother Breedlove is likewise pleased with Tahoka. In conversation with the editor he highly complimented the town for its neatness and attractiveness as well as the fine spirit of the people whom he had met. Brother Breedlove comes from Rule to Tahoka and we have heard very complimentary references to his good work there by people who had personal knowledge of it. He and his good family are warmly welcomed to Tahoka.

7,730 Bales of Cotton Ginned Here

Up to 6 o'clock Wednesday the six gins in Tahoka had ginned 7,738 bales compared with 7,914 ginned prior to 11 a. m., November 26, 1925, as reported in the News one year ago. This includes round bales, counting two round bales as the equivalent of one square bale. By the same hour and date, the ginning this year will slightly exceed those of last year. All gins are running far into the night an almost of them had many bales on the yards at the time we gathered the report.

The report of ginning is as follows, counting two round bales as the equivalent of one square bale.

West Texas No. 1	1,384
West Texas No. 2	1,030
Law Gin Co	1,695
Faller	985
Holaway	1,315
Edwards & Lockhart	1,429
Total	7,738

At the same time 6,852 bales had been weighed up at the yard, according to public weigher R. C. Wood, against \$350 up to November 26th, 1925.

The blacksmith shops have been busy the past two weeks making sleds for the farmers, and many of them have dismissed their hands and are gathering their crops with sleds.

WE THANK THEE, LORD!

The year pursues its constant way,
Thou givest night; Thou givest day;
A time to work, a time to play,—
We thank Thee, Lord!

The golden glory of the field,—
The harvest of abundant yield,
Thy love and bounty hath revealed,—
We thank Thee, Lord!

For home, the dear ones serving there,
Their love, their confidence and care,
Their kisses and the heartful prayer,
We thank Thee, Lord!

For tasks that call, that bids us do,
Where sorrow waits and sin breaks through,
Where we our Master's steps pursue,
We thank Thee, Lord!

For hope, so sweet a staff and stay,
That sees the upward-faring way,
That sings of Christ's own Crowning Day,
We thank Thee, Lord!

Leap, too, our hearts to gladly own
Redemption through the Blessed One
Whom Thou didst send, Thine only Son
We thank Thee, Lord!

—William M. Runyan

Lamesa man to Speak Here on Cotton Pooling

By G. H. Nelson, Secy. C. of C.) Next Monday night a meeting of the farmers of the Tahoka trade territory will be held in the county court room. Mr. Wilson, Manager of the Lamesa Chamber of Commerce and the Dawson county bonded cotton classifier will be here to present the farmers the proposition of pooling their cotton for immediate shipment. Mr. Wilson states to us that the farmers of Dawson county have been following this method of selling their cotton and the net revenues above the street price has been about \$4.50 per bale. If this is true it will pay the farmers of Lynn county to follow their example. To say the least it will not cost you anything to be present at the meeting. Mr. Wilson will explain the whole proposition to you. If their plan does not suit your needs it will not be necessary for you to go any further into the matter. Do not forget the date. Next Monday night at seven thirty.

WILL MAKE MERRY AT DIXIE SCHOOL

A combination pie and box-supper is planned for Saturday night, November 27th, at the Dixie school according to G. M. Murrah, who was in town Saturday. The funds derived from the supper will be used in paying out the piano bought by the school and in furnishing play ground equipment. Of course an invitation is extended to everybody in the county to come and bring their pocketbooks.

Taylor and Ingram Buy Tahoka Dairy

E. G. Taylor and Geo. Ingram bought the Tahoka Dairy from A. Z. Jackson and son last week and are now in charge of the business. Along with the change in management comes the announcement that many improvements will be made in the service. After December 1, the dairy will be made a strictly Jersey cow dairy and all cows will be T. B. tested. The price of milk is being lowered to all customers, also. Taylor was formerly connected with Stroud's Dairy and knows the business.

Real Winter Here; Thermometer Drops

We have been experiencing some real winter during the past week. On Sunday morning the thermometer registered 24 degrees Fahrenheit and again Monday morning the mercury stood at the same figure eight degrees below the freezing point. The weather has been cool most of the time this month, but cool weather is what we need.

CITY IMPROVES POWER LINES

New Heavy Wire Line Now Being Constructed to Greatly Improve Service

A new line of poles is being set and wire strung from the Electric Light and Power Plant directly south to the business section of town. No. 6 wire is being strung on this line. This gives a double circuit and will increase the carrying power to the business section 3-fold, it is said. Much better power and a delight service can thus be given. The mayor and city council are to be commended for this improvement in the service.

Water Supply Augmented by New Wells

The editor was invited Tuesday to visit the Municipal Water Works plant and note the amount of water that may now be pumped from the city wells. We found great streams of water flowing from the two pipes which convey the water into the city reservoir and a test of the flow showed that about 120 gallons were being pumped each minute. This supply came from the seven wells which have been drilled the past summer and fall. The five old wells, we are told, will furnish about 50 gallons per minute. So the city now has access to about 170 gallons of water per minute, with all pumps going. The capacity of the large reservoir is 66,000 gallons, the small reservoir down in the lake 35,000, the old tank 60,000, and the elevated tank 50,000, a total of 211,000 gallons. If all these water receptacles were entirely empty, they could be pumped full from the 12 wells of the city in 24 hours.

However, the city authorities assert that a double pump unit should be installed and an additional reservoir of about 250,000 gallon capacity should be provided. All this can be done, we are told, at a cost of \$5,000 to \$6,000. This would give the city a much larger water reserve upon which to draw in case of emergency and the installation of another pump would entitle the citizens to a decrease of 7 cents on insurance rates. It would appear to be wise and economical therefore, they argue, to install this additional reservoir and pumping equipment at the earliest date possible.

Grading Highway East of Town

S. W. Sanford, highway foreman, has been doing some work recently on highway No. 84 covering a few miles just east of Tahoka. This work was very much needed and is much appreciated by the public. It is to be hoped that sufficient funds will be available to grade this highway all the way to Post at an early date. It is no fault whatever of Mr. Sanford's, but practically no work has been done on this highway for more than a year and it has gotten in a most wretched condition.

Making Tests of Intermediate Grades

AUSTIN, Nov. 22—Through the co-operation of the superintendents of twenty-one schools and members of the education faculty of the University of Texas, a project for testing the accomplishments of the 4th, 5th, 6th and 7th grades is being carried on by the School Inquiry Bureau of the University. Between 8,000 and 10,000 pupils will be given both achievement and mental tests. The results made by the different grades in Texas schools will then be compared with the national norms of these same grades in schools of the North and East, showing whether the pupils of this state are up to standard.

J. V. Dyer says Tahoka affords the best cotton market in this section.

He has recently visited all the towns around here and he says they pay more for cotton in Tahoka than anywhere else. The fact of the business is that Tahoka is one of the best towns in any respect in this whole section.

TAHOKA LOSES TO BROWNFIELD

Score Was 12 to 6 in Poorly Organized Game, To Play at Post Today

(By M. L. H. Baze)

In some respects 'takes' is the word to use in this connection. While the Brownfield team outplayed the locals in most respects, yet poor officiating resulted in squabbles and caused the locals to lose heart. The final score was 12 to 6 in favor of Brownfield. For the locals Bennett made a touchdown after receiving a pass from Hackney and racing 25 yards across the goal line. In the same quarter Brownfield "pushed" over a touchdown to tie the score. The locals drew a 50 yard penalty, while their opponents did not receive a penalty of any kind. Tahoka was badly crippled because of ineligibility of two regulars and the illness of Barnes, the ace of centers of Brownfield was the outstanding backfield man of the opposition. Brownfield showed to advantage on end runs, in which department they showed superior speed over the locals.

Tahoka plays Post at Post next Thursday.

This promises to be a good game. Barnes will be unable to play in this game also, which will weaken the local team considerably, although Redwine, a utility man of promise, is fast rounding into shape as a center.

R. M. Chitwood Dies Suddenly

All West Texas was surprised and grieved to learn Monday of the death of R. M. Chitwood, secretary of the Texas Technological College. Mr. Chitwood was found dead in his bed in a Dallas Hotel, to which city he had recently gone for medical treatment.

Mr. Chitwood was one of the authors of the bill which created the Texas Tech. He helped to pass the bill through the House of Representatives, of which he was an influential member. He had been the consistent champion for the establishment of a West Texas College for a number of years and there were only a few men who did as much as he to cultivate sentiment in favor of such an institution. When it was established and built he was selected as business manager, which position he still held at the time of his death.

Mr. Chitwood was a native of Alabama. He attended Chicago University and received his degree from that institution. For some time he was connected with this institution in an official way. Then he came to Sweetwater to manage a ranch. He soon took his place as one of the leading citizens of the city and all that section, and upon being elected to the legislature was soon recognized as one of the strong men of that body.

The News editor had the honor of enjoying the genuine friendship of Mr. Chitwood and we deeply deplore his untimely death.

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or chronic festering sore.

Inc. More Comfort and in Your Home thing AND PRAC- L GIFTS

Scouts to Hunt For Lost Grave At Encampment

Mrs. Della McCommis, the mother of the infant that was buried on the Old Llano or Curry Comb ranch during the winter of 1883, writes from Alamogordo, New Mexico. She writes that she appreciates the fact

that Mr. R. Q. Burns has given the Boy Scouts the information that the infant daughter of Mr. and Mrs. Jimmie McCommis was buried on the ranch.

She writes that Uncle Johnny Hefner who was then wagon cook for the ranch made the coffin, and that he is now living at Cloudcraft, New Mexico.

Mr. Burns hopes to have some of the old settlers and friends visit him and go with him to the C. W. Post Memorial Boy Scout Camp this summer and locate for sure the grave. He wants to make some plans for the erection of a suitable marker for the resting place of the first child born in Garza county. Mrs. R. L. Holly of Brownfield is a daughter of Mr. and Mrs. McCommis. There are ten children living who are brothers and sisters to this infant.

We are now sure that the Boy Scouts of the South plains will very tenderly care for this plot of ground. And will perhaps build a rustic fence of cedar about the plot in memory of this little child, and its mother may feel assured that these grounds are in good hands.

STAMFORD—The West Texas Chamber of Commerce is making an effort to check a new form of "bootlegging" being practiced by unscrupulous hog dealers who are spreading hog cholera through their careless introduction of infested or exposed swine into West Texas and federal aid is being sought by the regional organization in the matter.

F. M. Sherrod Killed Buffalo Here In '74

BY J. EVETT HALEY
Field Rep. Panhandle-Plains Historical Society

(Editor's Note: The following account was given Mr. Haley by Mr. Frank M. Sherrod, local citizen, when the former was here recently in the interest of the Panhandle-Plains Historical Society and the story is furnished the Lynn County News for publication through the courtesy of that organization.)

I was just a boy and was but here on the buffalo range in 1874 and 1875. I was 17 years old when I came out the first time, having been born in 1856.

We came out from Brown county, and there were only five of us the first time. We hunted for meat. That year you could see 200 and 300 coyotes in a bunch, but the second year they were thinned out. There were a good many people buffalo hunting who killed the coyotes for their skins.

There were no people on the range when we came out in 1874, but the next year there were hundreds of men hunting. We brought two-eight-yoke ox teams. We had just two ox wagons, and one wagon with a span of mules. We left Brown county in October, and came out and camped at Tahoka Lake about six weeks. Then we moved over and made a camp near the site of Old Emma on a stream south of there. (Old timers who know the country thoroughly tell me there is no stream near Old Emma, they may have camped further north on the Blanco J. E. H.) We were there about two months.

We really came a lot further out than necessary to kill the buffaloes but we had lots of fun. There were tens of thousands of buffalo everywhere. When we got tired of one place we would move to another. We made houses of poles, covered with buffalo hides, lined and floored with the same. The second winter we came out here there were 32 of us from Brown county, and I killed 365 buffaloes that winter myself. I didn't do anything but hunt.

The first winter we loaded our wagons with meat. We took yearlings and twos and dried their hams whole. We brought a wash kettle along with us and rendered up thirty two kettles full of marrow and tallow. This got so hard that you could throw it around like a chunk of wood. We would take an axe, break the bones and then scrape the marrow out. The marrow and tallow was used for cooking, making soap, and the like. We killed enough buffaloes to furnish Brown county with meat all the next year. 12 months afterward the meat would be as hard as a stove on the outside, but good and fresh when cut into. We didn't salt our meat. The majority of the meat we cut in big chunks, as large as a ten pound bucket, and dried. Some of it we carried back in the whole hams.

We killed lots of buffalo at first that were poor. The hair of a poor buffalo is brown, but that of a fat one is black, and the fatter the buffalo the blacker the hair gets. The coyotes would come right up to within 20 or 30 steps of your camp and sit there and howl while you were getting supper. My brother, Noah, got lost one night, and it was fearful cold. He covered himself up with sage grass, and the coyotes pulled it off of him two or three times. He was scared to shoot at them because the Indians were so thick. But he finally shot at them two or three times.

At another time the same winter three of us were out near Old Emma. We had been hunting and everything was covered with snow. We had been doing some skinning, dark overtook us and he came near freezing. Finally he got down and couldn't get up. We took the hide off a buffalo and wrapped him up in it.

In killing the buffalo we used needle guns and it cost us five cents a shot. We met two fellows up on the head of the Colorado the second year who had been but two months and hadn't killed a buffalo. They had these "citizens rifles" and traded us some tobacco to kill some buffaloes for them. We went out and killed about 15 for them.

There were lots of Indians out here the first year. We left our camp many times and would look back and see the Indians sitting on the tops of our wagons, and moving around our camp. They never would bother anything except something to eat or our mules. We had to guard them every night. Many a night

we have gone off into a thicket with our mules, and the Indians would come into camp and pass all around us. There were more over in Crosby county than around Tahoka Lake. We never did have a fight with them as they never did bother us. Lots of times we would ride around a point and meet a bunch of Indians face to face. We would both stop, and in a minute the Indian behind would turn his horse, and then all would turn and ride back the way they had come.

We never bothered with the buffalo hides in 1874, except to throw a few on top of our meat when we started back. There was a spring at Tahoka Lake, but no water in the plains lakes then.

Our oxen disappeared that year for about 6 weeks, but finally came back. We always thought that somebody drove them off and then back. We never saw another party of meat hunters that first winter. We never saw a soul except the Indians. In coming out we came by Coleman City, Pecan Springs, and struck the McKennis trail and followed it up close to Tahoka Lake.

The second winter there were hundreds of men killing for hides. It looks unreasonable, but there were places on the plains where you could almost walk on the buffalo carcasses. We came up the Jim Ned, through Taylor county, and up to the head of the Colorado where we camped and made a pole house. We cut forked poles and placed them in the ground, put poles over these, and covered them with hides.

We made our house 8 or 10 feet wide, and real long, with the south side open. We built a fire in front of it and it would be real warm on the inside.

We drove ox teams in 1875 and must have had about 15 wagons that year. There was an outfit from Ft. Worth on the Colorado which was killing just for the tongues. They said they were worth fifty cents in Ft. Worth. They would kill the buffaloes, cut out the tongues and leave the rest lying there. We were gone on this trip about six months and a half. We stayed pretty close to the Colorado that year.

STATE OF TEXAS: COUNTY OF LYNN:

By Virtue of an Order of Sale issued out of the District Court of Lynn County, Texas, on the 6th day of November, 1926, on a judgment rendered in the said Court on the 11th day of October, 1926, in favor of J. F. Coffman against A. L. Nettles, Middle Lou Nettles for Eighth Thousand and forty-three and Twenty four One hundredth (\$8043.24) Dollars, with interest from the 11th day of October, 1926, on \$5089.33 of said amount at the rate of 10 per cent per annum and on \$2953.86 of said amount at the rate of 8 per cent per annum from October 11, 1926, and cost of suit and a judgment against A. L. Nettles, Middle Lou Nettles, J. B. Lowe, W. D. Morris, T. H. Stagg, The First National Bank of Tahoka, Texas, First State Bank of Ropesville, for foreclosure of lien on a part of Section No. 163, Block No. 12, E. L. & R. R. R. Company Survey, beginning at a point in the South line of Section No. 163, 478 varas from concrete stone, the S. W. corner of Section No. 163, and 506.1 varas South from the S. E. corner of Section No. 4, Block C-B, Thence East 1425 varas to S. E. corner of Section No. 163; Thence North 1900 varas to the N. E. corner of Section No. 163; Thence West 1425 varas to the East line of Section No. 4, Block C-B; Thence South 1900 varas to the place of beginning, and containing 479 1-2 acres situated in Lynn County, Texas, the said suit being numbered 645 on the docket of the said Court, I did on the 11th day of November, 1926 at 8 o'clock A. M. levy on the said property, and will on the 7th day of December, 1926, the first Tuesday of the said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., at the Court House door of Lynn County, Texas, sell the same at public auction to the highest bidder for cash.

Witness my hand, this 11th day of November, 1926.
J. W. SIMPSON, Sheriff of Lynn County, Texas

Mrs. M. E. Lowe returned from Lubbock Monday, where she had been spending a few days with her daughter, Miss Beulah, who is in the employ of the law firm of Lockhart and Garrard.

**New Home Man
Buried Here Today**

Walter A. Dixon, 41, single, died Tuesday night at the home of his step-father, L. G. Depriest, near New Home. Funeral services were conducted in the home and at the City Cemetery here, where interment was made this morning at 10 o'clock. We did not learn the name of the minister officiating. Harris and Applewhite, undertakers, prepared the body for burial.
Mr. Dixon had been in failing health for a long time we understand, and his demise was not unexpected. The family and relatives have the sincere sympathy of many friends.

There are about 200,000 more men than women living in Texas.

**Teachers are off
To State Meeting**

Supt. M. L. H. Baze, Mr. and Mrs. L. F. Craft, Mrs. Story, and Misses Seroyer, Galloway and Casale left Wednesday afternoon for El Paso to attend the state teachers association in session there the latter half of this week.
Thursday is given as a holiday, and on account of the absence of the teachers there will be no school Friday. This day will be made up later. Mr. and Mrs. Williams will spend the week end at Abilene and Putman, Miss Jernigen in Austin, and Miss Coltenback in Brownwood.
Mr. Lewis and the football team are to play a game with Post in that city this (Thursday) afternoon.
A Thanksgiving program was rendered at South Ward Wednesday night.

THANKSGIVING

Make a joyful noise unto the Lord, all ye lands.
Serve the Lord with gladness; come before His presence with singing.
Know ye that the Lord he is God; it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture.
Enter into his gates with thanksgiving, and into his courts with praise, be thankful unto him, and bless his name.
For the Lord is good, and His mercy is everlasting; his truth endureth to all generations.—Pa. 100

ADVERTISING

A little Jewish boy stood in the middle of the street and cried as if his heart would break. A large crowd gathered and endeavored to learn the cause of his tears. When the multitude had reached large proportions the boy took his hands from his eyes.
"What's the matter, sonny?" asked a member of the crowd.
"Boo-hoo," cried the boy. "Von't somebody please take me to Izzy Ikenstein's clothing store? There is a big sale of men's suits, overcoats and ties. Everything at reasonable prices."—Forbes Magazine.

FIFTY-FIFTY

A certain sea captain and his chief engineer, tired of endlessly debating which the ship could more easily dispense with, decided to swap places for a day. The chief ascended to the bridge and the skipper dived into the engine room. After a couple of hours the captain appeared on deck covered with oil and soot, bruised as to one eye and generally the worse for wear.
"Chief!" he called wildly beckoning with a monkey wrench. "You'll have to come down here at once, I can't seem to make her go."
"Of course you can't," said the chief, calmly removing his pipe from his mouth, "she's ashore."
THE CORRECT SOLUTION
Two women in a train argued concerning the window and at last one of them called the conductor.
"If this window is open," she declared, "I shall catch cold and will probably die."
"If the window is shut" the other announced, "I shall suffocate."
The two glared at each other.
The conductor was at a loss, but he welcomed the words of a man who sat near. These were: "First open the window. That will kill one. Next shut it. That will kill the other. Then we will have peace."

According to Capt. Billy, Deacon Miller bought a horse and buggy and took his wife out on Sunday for a drive. They came to our neighboring town of Oseco and saw a sign which read: "Speed limit 15 miles per hour."
"Here, ma," said the deacon excitedly, "you take the lines and drive, and I'll use the whip. Maybe we can make it!"

THE WAY IT SOUNDED

Young Man: "May I have this dance, madame?"
Young Lady: "No, I am too danced out!"
Young Man (a trifle deaf): "You're not, madame, you're just pleasantly plump."
The M.Missionary Society of the Presbyterian Church met with Mrs. J. T. Bovell Monday afternoon. A very interesting lesson was studied.
The Missionary Society of the First Christian Church met Monday afternoon at the Church in a business meeting.
J. M. McLean of Lubbock, and Miss Maggie Taylor of Waco were here Thursday visiting Miss Mille M. Halsey.
Miss Louise James of the Doak Beauty Parlor spent Sunday in Lubbock with home folks.

Mrs. J. T. Wade was in Monday from the farm at New Lynn and says that notwithstanding the low price of cotton they have already sold more than \$1,000 worth. They have about 30 bales yet in the field. There is going to be lots of money in Lynn County by January the 1st in spite of the low price of cotton. It's not going to be so bad, folks.

Whos Who TODAY

PARDON BUSINESS GROWS
MORE SCANDALOUS

We have never made wholesale ac-
cusion against the Fergusons regard-
ing their pardoning policy. We long
felt that much of the criticism di-
rected at them in this respect was
undeserved. But this pardoning busi-
ness seems to be growing worse and
now it is little short of a public scan-
dal. Recently Mrs. Ferguson pardon-
ed a man named Trammell, who was
a notorious whiskey runner
from El Paso to Fort Worth and
who was detected in Mitchell county
with a large quantity of whiskey
and arrested. He had money with
which to fight his case, employed
able if not tricky lawyers, and suc-
ceeded in having the trial post-
poned several times. He was finally
brought to trial and convicted, and
now Mrs. Ferguson has pardoned
him. An ex-official of Tarrant

county was convicted of having em-
bezzled several thousand dollars of
public funds. Mrs. Ferguson grant-
ed him a pardon before he had serv-
ed a day in the penitentiary. A few
days ago she pardoned Mrs. Collier
of Wichita Falls, who was convict-
ed of murder in connection with the
death of her son-in-law and senten-
ced to ten years in the penitentiary,
her husband having fired the
shot that snuffed out the young
man's life. The grounds for her
action according to a statement she
issued, is that there was no evi-
dence of Mrs. Collier's guilt. We
do not know but we suspect that
the statement which she signed and
published was written by Mrs. Col-
lier's attorney, since it was a legal
argument and Mrs. Ferguson never
studied law a day in her life. Mrs.
Collier's attorneys on the trial of
her case tried to convince the court
that there was no evidence of Mrs.
Collier's guilt. The court held
against them and submitted the
matter to the jury. The jury
found beyond a reasonable doubt that
Mrs. Collier was guilty of the crime
of murder, though her own hand did
not fire the shot that resulted in the
young man's death. Her attorneys
then appealed the case to the court
of Criminal Appeals and undertook
to convince this court that the evi-
dence of Mrs. Collier's guilt was
insufficient. The court of crimi-
nal appeals held to the contrary.
Now in the face of all these findings
by a jury of twelve men and by two
courts, Mrs. Ferguson says there
was no evidence of Mrs. Collier's
guilt. It is a shame and disgrace.
If Mrs. Ferguson had pardoned Mrs.
Collier on the grounds that the lat-
ter is a woman and a mother and be-
cause many prominent people had
petitioned for her pardon, we would
have had more respect for these rea-
sons than for the one given.

Early in her administration Mrs.
Ferguson justified her pardon policy
on the grounds that many poor
devils were sent to the penitentiary
because they had no money nor
friends to plead their cause, and she
ostentatiously offered a reward for
the arrest and conviction of any
person charged with bootlegging
who was worth more than five
thousand dollars. But now it
seems that any bootlegger and any
murderer who has money can suc-
ceed in getting a pardon. This par-
don business is becoming scandala-
ous.

NOMINATIONAL

After reviewing the putative lead-
ers in the prospective contest for
the Democratic presidential nomina-
tion, Chris L. Adair in the Lynn Coun-
ty News, proposes Governor Dan
Moody of Texas as the logical can-
didate. Why not? Stranger things
not half as good have happened in
politics and out of politics. Why
shouldn't the Empire Democratic
State seriously present a candidate
for the Democratic presidential nom-
ination? The long-fostered obses-
sion to the effect that the North and
West wouldn't hear of a Southerner
being president has become quite
antique and worn out. Among
the real people of the North and
West there is no prejudice against
Southerners. On the other hand,
Southerners who deserve respect and
admiration are rather more highly
thought of by reason of being South-
ern.—State Press in Dallas News.

Editor Hill of the Lynn County
News is a foe to the cigarette habit
and says that it is utterly blighting
and baneful for the young to ac-
quire the habit. "Whiskey has
slain her thousands, the cigarette is
slaying her ten thousands," says Mr.
Hill. "We must destroy the cigar-
ette, or it will destroy us." Mr. Hill
is right and if we could prevent the
young from acquiring the habit it
would only be a matter of time un-
til the habit would die out. No grown
person else would take up the habit
it, but it seems like the one mention-
ed in the clip sheet of the Methodist
Board of Temperance and Public
Morals; when he was asked why he
wanted to use tobacco, said: "I
want to smell like a man." No to-
bacco user will recommend that any
one else take up the habit, but it
seems to be a case where action
speaks louder than words, as far
as the boys are concerned. The Mc-
Lean News is helping in the cam-
paign against cigarettes by refus-
ing to carry their advertising.—Mc-
Lean News.

WERE ALL ADVERTISERS

(By Chalmers L. Pascaust)

Advertising is the illuminat-
ing power and the horsepower
of business. Its influence,
color and activity is in evi-
dence wherever clever men are
striving to accomplish some-
thing.

Everything under the sun is,
has been or will some day be
advertised in some way, some-
where. The man who dress-
es well gives himself good pub-
licity. The bum sends forth
bum publicity. The store
front, show windows, business
block, street and city all ad-
vertise something favorably or
unfavorably.

Advertising is the secret of
great success; the result of
genius; the hope of civilization.
It is the light of great-
er intelligence, the education
of the world, the benefactor of
all mankind. Its benefits reach
from trees to temples. The tree
surgeon advertises to make trees live—the ar-
chitect to make temples beauti-
fully cities.

Aren't we all advertisers?
Aren't we continually adver-
tising ourselves and our pos-
sessions? To ourselves we are
very important. We want
others to think so. We adver-
tise it in every conceivable
way—speech, dress, manner
and mode of living.

The editor had occasion to visit
Colorado last Saturday and we found
the city had made many improve-
ments since we ceased frequenting
the town three years ago. They
now have many blocks of paved
streets, a number of new business
houses, a whole flock of handsome
new residences, a splendid and com-
modious new court house, a mag-
nificent new high school building,
and a five story hotel under con-
struction. The old town has de-
veloped into the small city class, and
is one of the most attractive places
we know of. The editor has many
warm friends there, some of whom
it was our pleasure to meet again.
Cotton and oil are their principle re-
source, and they have a good sup-
ply of both commodities. Mitchell
and Scurry counties have made a big
cotton crop this year. We rarely
ever saw better cotton than is seen
all along the highway from Colorado
to Snyder and along the highway
leading west out of the latter city.
That is a rich and attractive agricul-
tural section, almost as attractive
as the south plains. We enjoyed
the trip.

In a speech before the Baptist
State Convention in San Antonio Sat-
urday night, ex-governor Pat Neff
declared that he had not seen a man
drunk during the entire week. Con-
tinuing he declared that "The whis-
key interests, by a well directed
flank movement are spreading the
false propaganda that the law is
not achieving results. It is achiev-
ing results. San Antonio is dryer
now than ever before; Texas is dryer;
the nation is dryer." Governor
Neff also criticized federal courts
for assessing only light fines for
violation of the Volstead act. "These
courts take a violator and assess him
a \$25 or \$50 fine. This is about
the price he can make in one good
night. He pays it and the next day
is practicing in his old stand. When
the word comes down from Wash-
ington for the Federal Courts to start
sending bootleggers to the peniten-
tiary—and keeping them there—then
you will see a change." Neff is en-
tirely right. The country is be-
coming dryer every day, but if the
Federal Courts would really get
down to business in the enforcement
of the Volstead Act, this bootlegging
business would be put on the bum
even in the wet centers.

The Nolan County News quotes a
portion of one of our editorials re-
lating to the cigarette habit among
boys and comments on the same in a
facetious vein. In fact the Sweet
water editor attempts to be humor-
ous and a bit sarcastic. He appar-
ently thinks that cigarettes are per-
fectly harmless. The young man
doubtless knows a good many things
but if he has not learned that the
habitual use of cigarettes by boys
is harmful to them he ought to
start to school again. One sen-
tence out of the half column of per-
fectly good space which he uses up
in attempting to laugh off the mat-
ter, shows how far astray our young
friend has been led by somebody's
propaganda. "Of course there
might be another prohibition law,"
he says, "halting their sale and use.
But goodness knows, there is enough
of them smoked now without prohibi-
tion act which doubtless would, as in
the case of liquor, cause wider spread
use of the prohibited article." Was

told our youthful contemporary that
the prohibition of the liquor traffic
had caused "wider spread use of the
prohibited article"? Huh? Where
did you get that bunk? Not one
tenth as much liquor is consumed
in Texas today as was consumed 25
years ago. Possibly our young
friend does not know that, but every
man who lived in the days when
every town the size of Sweetwater
had from ten to twenty saloons and
beer joints knows it to be the truth.
We doubt if one gallon is consumed
now where fifty were consumed then.
Prohibition has not increased the use
of liquor; it has greatly decreased it.
Cigarettes do not make a man drunk
and act a fool as whiskey will do,
but they will sap the physical
strength of the boy who habitually
smokes them, and dull his mental
and moral faculties. We are sorry
that the youthful editor of the Nolan
County News will not join us in a
war on this evil instead of trying to
laugh us out of court on the prop-
osition. Its a pity.

It used to be the ambition of the
ordinary high school boy to become
a Daniel Webster, a Henry Clay, or
a John C. Calhoun. Now it seems
to be the ambition of most of them
to become a Babe Ruth, a Red
Grange or a Charlie Chaplin.

TULIA—In line with the increas-
ing business in the local post office,
a second regular clerk has been em-
ployed by the Tulia postmaster.

IT ISN'T THE TOWN
IT'S YOU

If you want to live in a kind of a
town
Like the kind of a town you
like,
You needn't slip your clothes in a
grip
And start on a long, long hike.
You'll only find what you left be-
hind,
For there's nothing that's really
new,
It's a knock at yourself
When you knock your town
It isn't the town—it's you.

Real towns are not made by men
afraid
Lest some one else get ahead—
When everyone works and no one
shirks,
You can raise a town from the
dead;
And if while you make your personal
stake,
Your neighbor can make one
too,
Your town will be
What you want it to be;
It isn't the town—it's you!
—Author Unknown.

MOTHERS

Watch for symptoms of worms in your
children. These parasites are the great
destroyers of child life. If you have
reason to think your child has worms, act
quickly. Give the little one a dose or
two of White's Cream Vermifuge. Worms
cannot exist where this time-tried and
successful remedy is used. It drives out
the worms and restores the rosy hue of
health to baby cheeks. Price 25c. Sold by
THOMAS BROS. DRUG

PLAINVIEW—A new addition to
the Missouri hotel here to cost \$5,
200 has been planned by its proprie-
tor to consist of ten rooms of brick

and tile construction. The im-
provement program will make the
Missouri Hotel a first rate structure,
proof throughout.

Let us reduce your
cost on your right
side, which runs down
the new water system
through the railroad line
bank.
Long time if you
wait, but you can
pay off any time after
five years without
penalty.
Come see now and
for details.

Wife and Husband Both Ill With Gas

"For years I had gas on the stomach. The first dose of Adlerika helped. I now sleep well and all gas is gone. It also helped my husband." (signed) Mrs. B. Brinkley. ONE spoonful Adlerika removes GAS and often brings astonishing relief to the stomach. Stops that full, bloated feeling. Brings out old waste matter you never thought was in your system. Adlerika is wonderful for chronic constipation.

Thomas Bros Drug Co.

GRASSLAND NEWS

Thomas Bros. Gin is operating steadily, having ginned up to date about 1,500 bales. Cotton pickers have been very scarce, and when you get a bale out it hardly pays for the picking, ginning etc. A renter sometimes has only a few cents or is in debt after paying rent, picking, and ginning. On account of so much rain in the early fall the staple is very low grade, bringing only 7 or 8 cents a pound.

The churches of Grassland are preparing a union program for Thanksgiving Day. The Methodist and Nazarene of Grassland, the Baptist of Central, and the Christian of Magnolia will participate. The service will be held at the Nazarene church at from 10 to 12 o'clock on November 25.

Mr. and Mrs. D. W. Turner and J. C. Walker have gone to Portales, N. M., for a few days.

Mr. B. Richardson, our barber, has gone to Trent to follow his profession. Mrs. Richardson will remain at Grassland for a time.

Mr. Kirby Kirklen, who has been working at the Thomas Gin, had the misfortune to get his arm wrenched out of place and will be unable to work for some time.

Mr. Walter Brandon had a message stating that his mother was very low in a sanitarium at Gorman and went at once to see her.

Mrs. J. W. Warrick, who spent more than a month in the West Texas Hospital at Lubbock in the early fall, has just returned from a second trip to the hospital, where she stayed several days. We hope she will soon regain her health.

Miss Vera Crawford, who underwent an operation at Lubbock, is now at home with her sister, Mrs. Hugh Turner.

All of our neighbors who were in hospitals are at home at last. Mr. Roy Greggs, Miss Eula Gregg, Miss Erlene Norman and Mrs. Bowen have all been operated on and have recently gotten home.

Rev. W. C. Hart, the Methodist pastor, was sent to us another year. Bro. Shelton, the Nazarene pastor, will also stay another year.

Mr. and Mrs. Elmer Trice spent the week-end with her parents at La Mesa.

Our Grassland school has been operating for the past two weeks under the management of four young ladies: two Misses Fox and Miss Ady of Weatherford and Miss Lawson of Grassland. We are very proud of the way they are managing the school, and on Friday afternoon November 19, the women of this place organized a mother's club in order to help our teachers, and our children to make the school even a greater success. We started with 20 members including the teachers.

Mrs. A. A. Lawson, Pres. Mrs. E. Trice V. Pres., Mrs. Avery Thomas, Secy. and Treas. A reporter and program committee were appointed. We decided to have a picnic supper on Friday night, December 10, and would be glad of the presence and co-operation of the people of the surrounding communities. We will also make a quilt and sell it for the benefit of the school.

REPORTER

Use Chevrolet for "Trouble-Shooting"

The novel combination of a covered wagon and a Chevrolet roadster mounted in front on skis and the rear on snowmobile caterpillar tractors is the strange appearing vehicle used by the Black River Telephone company of Lowville, N. Y., for winter "trouble-shooting" on its lines in the heavy snow belt of New York State.

The difficult winter territory for the company's linemen extends from Lake Ontario to Raquette Lake in the Adirondack Mountains and involves the maintenance of service throughout a chain of 20 exchanges.

The type of vehicle which will travel over the most formidable snow drifts, was assembled by H. O. Peebles, a mechanic in the employ of the telephone company.

Jim Weatherford returned Saturday from Sierra Blanca and El Paso where he spent about ten days visiting relatives. Jim says El Paso is a nice little town and he enjoyed the visit very much. Of course he made an expedition over into Juarez also.

NEW LYNN ITEMS

Well, Lynn is not dead yet, plenty of cotton, plenty of cotton pickers. Everything is sailing smoothly.

School opened again Monday morning with four efficient teachers; Mr. Wade, and Miss Jessie Sargent. We hope to have a better attendance soon, as sleds are coming into the fields and taking the place of these little soldiers who so badly need to be in a good warm school room and getting the proper training.

B. W. and Lucile Cashion spent the day with Harold and Maxie Wade Sunday.

The baby boy of Mr. and Mrs. Cecil Russell has been very sick the past week with pneumonia.

Mr. and Mrs. A. V. Price had visitors from Post Sunday.

Clovie Dryden has been on the sick list this week.

Uncle Pat Bartley happened to the misfortune of losing a good wagon sheet the night of the sand storm. M.M.Y. how the wind did blow!

Quite a number of people of Lynn attended the sales Saturday trying to find something as cheap as cotton.

Everybody attend the "Thanksgiving" service next Sunday. This will be given at the Nazarene Church at Grassland but will be a union service. Everybody invited to attend.

We may think that we have nothing to be thankful for, but stop and think what the Pilgrims had at the first Thanksgiving service. They were thankful because they had a place where they could worship as they pleased. Do we have that today? Are we thankful for it? We have life, health, liberty happiness.

What more could you ask for, for we are promised bread to eat? You have it and will continue to have as long as you do your part. I am one that is thankful.

NOTICE OF TRUSTEE'S SALE

THE STATE OF TEXAS
COUNTY OF LYNN

WHEREAS, by virtue of authority vested in me as substitute trustee, named for the trustee appointed in a certain deed of trust recorded in volume 11, page 297, of the deed of trust records of Lynn County, Texas, executed and delivered to him on the 27th day of October, 1925, by H. J. Heaton, for better securing the payment of one certain promissory note in the principal sum of \$150.00 more fully described in said deed of trust, executed by said H. J. Heaton, payable to the order of G. S. Witt, at Amarillo, Texas, due on or before the 27th day of April, 1926, bearing 10 per cent interest per annum from date until paid, interest due & payable at maturity of the note, providing that failure to pay said note or the installment of interest thereon when due, shall at the option of the holder of said note, mature the same in the same manner as if the full time provided in said note had expired and also providing for the payment of 10 per cent additional on the amount of the principal and interest then due as attorney's fees, if placed in the hands of an attorney for collection, for Lots Nos. One (1) and Two (2), in Block No. Thirteen (13), in Shook's First Addition to the city of Tahoka, Lynn County, Texas:

AND WHEREAS, J. G. Wayland is the holder and owner of said note, and the said H. J. Heaton has made default in the payment of the aforesaid note, due on the 27th day of April, 1926, and the same is now past due and unpaid, principal, interest and attorney's fees, by reason thereof and as provided for in said note and in said deed of trust the said J. G. Wayland has declared said note and all of said indebtedness immediately due and mature and has therefore so notified the said H. J. Heaton in writing; and, whereas, said note is now past due and unpaid now aggregating, principal, interest and attorney's fees, \$184.60; and whereas, I have been requested by the said J. G. Wayland to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit: between the hours of 10 o'clock a. m. and four o'clock p. m., at public auction, to the highest bidder, on the first Tuesday in January, 1927, the same being the 4th day of January, at the courthouse door in the City of Tahoka, Lynn County, Texas, the following described property, to-wit: Lots Nos. 1 and 2, in Block No. 13, of Shook's First Addition to the City of Tahoka, Lynn County, Texas with all the rights, members an appurtenances thereto in anywise belonging.

Witness my hand this the 24th day of November, 1926.

W. S. TAYLOR

PAINT ROCK—A new produce house has been opened up in this section. It will handle poultry, pecans, wool, mohair, furs and other products.

IN APPRECIATION

The generous pounding by the people last Monday night was highly appreciated by the parsonage family. The can show their gratitude by diligent and painstaking service to the Church here, and it shall be their great pleasure to do so. The people of Tahoka are well and widely known for the fine community and church spirit they manifest. The reasons for this fine reputation is now well known to the preacher's family.

Services Sunday were spiritual, and gave every evidence of the live interest in religious work that is manifestly manifested in the church here. A basis for Thanksgiving here, certainly had laid at the preacher's home, so come and worship together.
R. T. BREEDLOVE, Pastor.

Mrs. J. B. Cumble of Fort Worth is here visiting her parents, Mr. and Mrs. Monte Bowron.

SYSTEM CHOKED

Yours Was Helped by Use of Black-Draught.

Mr. James W. Burnett, who lives on Rural Route No. 4, Whitney, Texas is a great believer in Theodor's Black-Draught for the relief of such ailments as indigestion and constipation. He writes: "Since I first found out about Black-Draught, I have never been without it in the house. For several years, I had been a sufferer with indigestion. Occasionally, my system would become thoroughly choked with poison, and I would have a real sick spell. Now I ward them off by being forehanded, and taking Black-Draught before they come, instead of after. We all use Black-Draught in our home, for constipation and indigestion."

Get a package today, and try Theodor's Black-Draught the next time you are constipated. Sold everywhere. One cent a dose.

LOCAL BOY SCOUTS ARE IN NEED OF LEADERSHIP, SAYS PALMER

(By H. B. Palmer)

What will Tahoka do with the boys of the town? At a recent meeting of the Kiwanis Club composed of a group of fine fellows, the Boys work had charge of the program. The Scout Executive was invited down but due to sickness, of a severe nature in his family, could not come. But we have been assured that the men have the boys of the town and their interest at heart. Tahoka has set the pace in financing the Scout program in the South Plains now for two years, being paid up in full to date and some ahead. So just part of this last payment, \$2,000, and we have W. B. Slaton, the Area Finance Chairman to thank for this good work.

Back to the first question. Are the men of Tahoka giving personal leadership? Why can't we find some good men who are willing to give some tests? Go on hikes, and meet with these boys, one night a week. We already have some good men as Scoutmasters and assistants, but they are not functioning. We have done our best to put on a training school for Scoutmasters and interested about 20 men. Let's think this thing over, men. Are we really treating the boys of the town right? It will be too late after a few have gone wrong. (For those boys).

The spirit of this poem is the Scout Leader's salary. Don't you want to lay up some treasures?

There isn't any pay for you, you serve without reward, The boys who tramp the fields with you but little could afford, And yet your pay is richer far than those who toil for gold, For in a dozen different ways your services shall be told.

You'll read it in the faces of the troop of growing boys, You'll read it in the pleasure of a dozen manly joys, And down the distant future you will surely read it then, Embazoned through the service of a band of loyal men.

Five years of willing labor and of butchering a troop, Five years of trudging highways, with the Indian cry and whoop, Five years of campfire burning, not alone for pleasure's sake, But the future generation that the boys are soon to make.

They have no gold to give you, but when age come on to you; They'll give you back the splendid things you taught them how to do They'll give you rich contentment, and a thrill of honest pride, And you'll see your nation prosper, and you will all be satisfied.

Hunt For Deer

Find a Boar

Mr. and Mrs. Clyde Briley, W. M. Harris, Happy Smith, and C. T. Tankersley returned Saturday night from the mountains near Sanderson, where they spent last week hunting deer. They had no luck. They didn't see a buck. They visualized a few does and fawns but of course did not attempt to kill them. They did find partridges by the thousands and bagged the limit. Their most thrilling experience was the unexpected discovery of a wild boar, one of the vicious and ravenous animals that infest those mountain wilds. Clyde scared him up from a clump of bushes and with his long protud-

OVER-WORKED

Cardui Helpful to South Carolina Lady Whose Health Gave Way.

Mrs. Letha Calanis, of Chesnee, S. C., "did too much" and her "health gave way." She writes: "I took boarders and, at the same time, worked in the mill. As a result, I had to stay in bed from overwork for sixteen days. I had bad pains... I got clear down and was very much depressed."

"I had read of where Cardui had helped other women suffering with troubles like my own, so I made up my mind to take Cardui, myself. 'I rest and got a bottle, and it did me so much good I took it on until I got entirely well.'"

Cardui should also prove helpful in your case. Try it. Ask your druggist.

A Vegetable Tonic

Father and Son in Same Class

CANYON Nov. 24—When the senior class at the West Texas State College has completed its work, and its members have degrees conferred upon them, there will be no more interesting members than B. B. Chamberlain and his son, James C. Chamberlain.

The father is 57 and the son 19 years of age. Both will serve the State as teachers; two other members of their family are also teachers.

Rev. and Mrs. B. N. Shepherd arrived home Sunday night from San Antonio, where they attended the Baptist General Convention of Texas. They were accompanied on the trip by Rev. C. E. Ball, pastor of the Baptist Church at Brownfield, and Rev. M. C. Bishop, pastor at Post. Brother Shepherd says that it was a very harmonious and successful convention, although the attendance was not as large as some conventions in the past. The discussions and the spirit were fine. Brother Shepherd and party attended Sunday School and church at Brady on the return trip Sunday morning.

ROBERT LEE—Lights in the community are to be installed upon receipt of a transformer which was ordered some time ago.

DR. A. F. WOODS

Oldest Established Specialist-Optomertist in Lubbock
Lubbock Texas
Corner Ave. I, 13th St.

Dr. E. E. Calloway returned home Sunday from the Lubbock Sanitarium, where he has been undergoing treatment the past few weeks for blood-poisoning. His condition is

much improved but it will be several weeks yet before he will be able to come to his office. The Doctor made a brave and desperate fight for his life and his host of friends

feel greatly relieved and seem to have won the battle.

Marketing Many Turkeys On Plains

MANY TURKEYS ARE SHIPPED TO MARKET

Approximately 210,000 pounds of turkeys were bought from farmers in Plainview during the Thanksgiving rush, figures gathered from the various produce houses this morning reveal. The lowest price paid for these turkeys was 21 cents per pound and the price ranged from there to 27 cents and today, after the rush has almost subsided the price is standing at 22 cents per pound.

At an average of 22 cents per pound, the turkeys brought to farmers of this territory a total of around \$46,200, or in the vicinity of \$50,000.

The Christmas season will demand perhaps as many turkeys as did the Thanksgiving market and it is likely that the figure will again be equaled at that time, and that the total will exceed one hundred thousand dollars in value during the season.

When it is remembered that the turkey crop is produced without much cost of time or money, its value to the community is made more plain.—Plainview News.

Snyder Man Buys 29,000 Lbs. Turkeys

Sam Nation, genial and hustling manager of the Farmer's Produce Company, bought in one day, Wednesday, November 10, 29,000 pounds of turkeys for which he paid \$8,002, or an average of 26 3-4 cents per pound.

This was perhaps the largest amount of money ever paid out for turkeys in one day in Snyder, especially for turkeys raised in the county.

The turkey crop in Scurry county is getting larger every year, but it could easily be trebled, if our farmers would only pay more attention to turkeys and less attention to cotton. So why not begin now to make arrangements to raise more turkeys, chickens and hogs during the year 1927. Not only will it pay you but it will help to increase the price of what cotton you do raise.—Snyder Times-Signal.

16,000 POUNDS OF TURKEY IS SHIPPED

Sixteen thousand pounds of turkeys were harvested by Hale county farmers here Saturday. It was a pool formed by the Staked Plains Turkey Grower's Association and members to the number of seven brought in their turkeys.

A full car load of live turkey meat went gobbling to New York City, to fill the craws of hungry city people for Thanksgiving Day.

There were 15,000 pounds of No. 1 turkeys and one thousand pounds of No. 2 turkeys, old toms.

The price paid for the No. 1 turkeys was 26 1-2 cents per pound; for the old toms, 23 1-2. According to the officials of the organization the members were elated over the price received, as it was, the officials said, higher than has been paid on the local markets previous to the day of the marketing.

At Christmas the members of the Association will again pool their turkeys and ship them to market. It is expected that the harvest at that time will be far heavier than it was for the Thanksgiving market and a date for the pooling will be announced later.—Plainview News.

The Lynn County News and The Semi-Weekly Farm News, 1 yr. \$2.

MARKET \$20,000 WORTH OF TURKEYS HERE IN WEEK

Over \$20,000 of turkeys were marketed in Floydada from Friday of last week to Tuesday night of this week, the four dealers here working night and day weighing and shipping turkeys. Practically all of the Thanksgiving turkeys were marketed during these four days while the buying price ranged from 24 to 26 1-2 cents per pound. The Thanksgiving market closed Tuesday night when the price dropped to 21 cents with a probable drop in the latter part of this week to 20c.

The four local dealers during the four days bought approximately 82,870 pounds of turkeys. The greater part of these were shipped out by truck, while one dealer shipped out a freight car of turkeys the first part of the week.

The quality and size of the turkeys were extraordinary, many of them ranging in weight from 20 to 30 pounds. One gobbler marketed here during the four days weighed 47 pounds.

Dairy Cows Pay; Read This Story

Ye reporter saw a woman in town a selling her cream Monday, and as the women are more talkative than men decided to find out about this dairying. She said they milked 7 cows, pretty good ones.

The reporter asked her how much dollars and cents that was. She said ten to twelve dollars every week in the year.

The reporter said it pays for your groceries, don't it? She snorted and said they didn't spend a third of that much for groceries. The reporter said I bet it pays for the family's clothes too. She said "yes" and also the running expenses of a car.

Then she got to talking about turkeys and chickens, the maize and kafir, the brood mares, the cotton and the poor newspaper man thought he was talking to Hetty Green or Mr. Rockefeller and he ran off and left her.—Plainview News.

TEN REASONS FOR BEING THANKFUL FOR NATIONAL PROHIBITION

The American people have to thank God for National Prohibition:

1. Because it has taken from our prisons 55 out of every 100 who had been going there drunk, according to federal census reports.

2. Because it has decreased alcoholic insanity by sixty per cent.

3. Because it has decreased deaths from drinking liquor by fifty per cent, and total deaths according to federal and life insurance reports at a rate of about 300,000 per year.

4. Because according to federal reports it has decreased juvenile crime from 172 per 100,000 to 161 per 100,000.

5. Because, according to federal census on admission to prisons, except murder, banditry and one or two other forms of crime it has decreased crime on an average of fifty per cent.

6. Because under it church attendance is better, membership increasing at the rate of 1800 per day, contribution to all benevolent funds and to missions have greatly increased, and the pastors salary increased from a general average of about \$600 per year to general average of about \$1,400 per year. They need it.

7. Because persons having saving accounts have increased from 11,296,981 to 43,854,127 and the amount on deposit from \$8,192,000,000 to \$23,134,052,000.

8. Because closing 200,000 saloons known as the "poor man's club" prohibition has built 2,000,000 homes or "poor man's castles" or 10 "castles" to each saloon closed.

9. Because the wealth of America has increased from 220 billion dollars to total value in 1917 to \$75 billion in 1925, a net increase of 155 billion, 42 billion of which is directly due to prohibition, or a net value from prohibition to each man, woman and child in America of \$52 per year, or \$364 for the seven years.

10. Because the Anti-Saloon League which performed the major function in bringing these conditions about, did its work on a total

expense through a third of a century of just 33 cents for each man, woman and child, and the Federal Government is spending just 15 cents for each man woman and child in enforcing the law an dmaking the bootleggers pay ten cents of that in fines, penalties, et cetera. LET US ALL THANK GOD FOR THE 18TH AMENDMENT!

FOR WORTH—The committee named by the West Texas Chamber of Commerce to investigate the cotton situation in Texa, went on record at its recent meeting here as endorsing the Texas Cotton Corporation to be organized with a subscribed \$5,000,000 capital stock by a special cotton committee of the Texas Bankers Association in accordance with plans adopted by Six Southern States for the retirement of 1,250,000 bales of Texas cotton. The committee also adopted a resolution relative to a plan for cotton acreage reduction in the State of Texas to an extent of not less than 25 per cent.

STATE OF TEXAS: COUNTY OF LYNN:

By virtue of an Order of Sale issued out of District Court of Terry County, Texas, on November 6, 1926, on a judgment rendered in said Court on the 11th day of October, 1926 in favor of Temple Trust Company against W. R. Carter for One Thousand Forty-three and Forty-two (\$1043.42) Dollars, with interest from the 11th day of October, 1926, at the rate of 10 per cent per annum and costs of suit, together with foreclosure of lien on the West 470 acres of Survey No. 9, Block C-B, EL & RRRR Company Survey, Certificate No. 1027, located in the Counties of Lynn and Terry, State of Texas, the said suit being numbered 647 on the docket of the said Court, I did on the 11th day of November, 1926, at 8 o'clock A. M., levy on the said property and will on the 7th day of December, 1926, the first Tuesday of the said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., at the Court House door of Lynn County, Texas, in the City of Tahoka, sell the same at public auction to the highest bidder for cash.

Witness my hand, this 11th day of November, 1926.

OLD LEGENDS OF FIRST MAN COMMON TO ALL RAACES

Almost every race of people has legends regarding the first man and woman. Among North American Indians myths are common. Tradition traces back our first parents to white and red males; another is that man, searching for a wife, was given the daughter of the king of muskrats, who in being dipped into the waters of a neighboring lake became a woman. One of the strangest stories concerning the origin of woman is told by the Madagascarians. In fact as the creation of man goes, the legend is not unlike that related by Moses, only that the fall came before Eve arrived. After the man had eaten the forbidden fruit he became afflicted with a bull on the leg, out of which, when it

burst, came a beautiful girl. The man's first thought was to throw her to the pigs; but he was commanded by a messenger from heaven to let her play among the grass and flowers until she was of marriageable age then to make her his wife. He did so, call of her Barbara and she became the mother of all the races of men.

About sixty out of each one hundred people residing in Texas live in the country.

Sixty-nine per cent of the foreign born population of Texas are natives of Mexico. Germany ranks second with about eight per cent of the foreigners in Texas.

The area and resources of Texas are sufficient to care for a population of thirty million people.

Letters to Santa Claus

Santa Claus, North Pole
Dear Old Santa:—
Please send me a little wagon, lots of fruit, nuts and candy, and I'll let you off as cotton is so low. Bring my little sister a doll, too, and some cats.
JIM DAY

Dear Santa:—
I want a sweater and I want some peanuts and candy. I want a cowboy suit.
BILL HILL

Dear Santa:—
Please bring me a bi-boo doll, a little blanket, a watch, and a little doll buggy. I have tried to be a nice little girl and will always be good. Please don't forget me. Hoping you a merry Christmas, I am.
Your Friend,
MILDRED DAVIS

Dear Santa:—
I want a wrist watch and a ring. I am a big girl ten years old. Thank you Santa. A merry Christmas.
RUMELLE SHORT

Dear Santa:—
I want a teddy bear and a rubber ball. Please bring me something for I am a little orphan girl four years old. I thank you, Santa. A merry Christmas.
VERNELLE HORTEN

Mrs. Lee Wood left the last of last week for Houston, where Mr. Wood has been for quite awhile. They expect to make their home there.

SEEK RARE METAL IN TASMANIA ISLAND

Find of Comminium Lure for Adventurers.

Gold pans are tipped with quartz-stillite, which is one of the world's rare metals. Tasmania, lying off the coast of Australia, is now the hunting ground of the metal, two-thirds of the entire output coming from there. Comminium is white in color, very hard and somewhat brittle. It is found in the vicinity of quartz veins of massive rock, so called because of its white, quartz, mottled appearance. A new find recently was discovered on the Adams River, 30 miles from a railroad station, in the wilderness, more remote part of the Tasmanian bush. It is reached by a cart-track trail through the bush.

Conditions are as primitive in the camp as they were in the old Klondike days and living is almost an agonizing and difficult. During the winter season, which corresponds to our summer, there are occasional rain storms, with heavy snows. The soil is hard, with a thin layer of peat on top. In summer the heat is often oppressive and when it is dry the scrub bushes are and destructive bush conflagrations result. In spite of these conditions there has been a rush to the field. The mineral conditions of the island, of the "Wild West" character, in the days when gold was the chief attraction in California.

The method used in mining is of a primitive character. There are claims as in the old mining days in the United States, each with under the Tasmanian laws being allowed an area of 30 acres. The mineral character of the constitution from the ground, and the rock, in which it is formed, is usually affected by weathering. When water is scarce, this is done by hand, otherwise by electrical.

During the construction of the dam, the water is kept in the dam, and the water is used for the dam. The dam is built on the dam, and the water is used for the dam. The dam is built on the dam, and the water is used for the dam.

The dam is built on the dam, and the water is used for the dam. The dam is built on the dam, and the water is used for the dam. The dam is built on the dam, and the water is used for the dam.

Cotton Coming in at Weather Remaining able to Gather
According to reports and estimates made, information could not be obtained from more than 34,000 bales were ginned in Lynn County Wednesday night. The raw and Grassland Tuesday night, for New Lynn early Wednesday or O'Donnell, Tahoka Wednesday afternoon, Mr. Busby had only 6,000 bales had here, since the round arm Burea cotton do this yard, and there is each of these. He accepted as fairly accurate. He had no report from have estimated their 1900, which may be two new. While 8,896 bales came out of Tahoka, only been weighed up at the difference is much more at by the round bales, to be cotton which is being which have not been to the yard. Some of receipts therefore have come from gins in the With the exception of last week, the weather is exceptionally favorable gathering during the three week and it is completed rapidly.
The figures for the county are as follows:
Tahoka _____
O'Donnell (estimated) _____
Wilson _____
New Home _____
Grassland _____
Draw _____
New Lynn _____
Gordon (estimate) _____
Total _____

KIWANIS HAS ELE
Novel Scheme in Election for Committee Wednesday
Mutt proved to be more popular than Jeff at the election of officers by the Club at their Wednesday meeting. Two tickets were in the running, the Muttersonian and the Jeffersonian. The Mutt beat the Jeff by more than two to one. There was only one candidate, Trustee, W. O. Henderson, who ran on both tickets. The Muttersonian ran against 6 for W. O. Henderson, the Jeffersonian ran against 6 for W. O. Henderson. The new officers are as follows:
President, W. E. Henderson
Vice President, W. O. Henderson
Secretary, H. O'Neal; Directors, J. Bovell, G. M. Stewart, H. B. Howell, R. E. Chester Connolly.
The secretary will be named by the board of directors. Plans are being made for a visit to the city Christmas eve.
