Visitor, former resident, who yet owns property here: You will have a town here of 10,000. That may be about the limit unless you get some good payroll industries, but I think you'll be 10,000 in four or five years.

Well, if the city takes in the territory out west of the Legion Home, and around Shady Rest, Muleshoe will be a town of 5,000 and more. Those additions seem to be in the cards.

When a town gets to be 5,000 and more, the newspaper begins to think about a twice a week paper. And when it gets to be a 10,000 population town, the paper begins to think of a daily publication.

Real estate manipulator: There ain't but two good towns on the Plains. Lubbock is the other one.

Not long back we had old Babe Barbour, who had renewed his subscription, in our honor roll getting his paper at Melbourne, Australia. Nearly everybody figured he had been competing in the Olympic games. Shucks, we hasten to assure you he's still carrier on route J, probably still gets his mail right here at the Muleshoe postoffice. (Dart these blasted typographical errors).

Ralph Mardis, the gas man, told members of the Rotary Club Tuesday that there are still some abandoned irrigation wells in the area which have not been capped. We understand there sure is a law about capping such a well.

Children can fall into these wells. Each such well certainly ought to be made safe and it might be that a more alert enforcement of the law is in order.

The city recently adopted an ordinance making it an offense to leave doors on old refrigerators, children have climbed into these abandoned boxes, closed the door and met tragedy. Could be that some abandoned building foundation might be a hazard, too, while we're on the subject of safety.

Old Hill, my sheep herdin' brother, and his wife dropped in from Craig, in Moffatt County, Colorado. I always told my wife that old Hill never finished the third grade. She always considered this to be one of my finer exaggerations, and was amazed when Hill casually mentioned that he had finished the second grade.

Me, I had my nose in a book nearly all my life, seeking a formal education. Old Hill raised so many sheep that he could buy me out, not have to sell me, and probably never miss the money. I always tell my missers it sure does pay to get an education. Hill's been retired some time now, I'm still hitting the ball. Draw your own moral from this little story, which is not to be read by children.

County Behind On Bond Purchases

Jesse M. Osborn, United States Savings Bonds Chairman for Bailey county announces that citizens of this County purchased \$71,959 dollars worth of U. S. Savings Bonds during the past twelve months. This amount represents 42.3 percent of the 1956 Savings Bonds Quota for the county, Mr. Osborn stated.

Go to your bank NOW and buy that extra bond. Your purchase will help Bailey county to make its 1957 goal. And remember, said Mr. Osborn, when you are buying that extra bond you are helping to keep your dollars stable, you are helping to keep your community strong, and you're investing in a brighter future for yourself and your family with a safe, sure United States Savings Bond.

Wellborns Build New Beauty Shop

Mr. and Mrs. Curtis Wellborn recently completed the construction of a new Beauty Shop located three blocks south of the West Plains Hospital on the Morton Highway. It is in front of their home which they moved when their old location was sold for a Gulf Oil Corporation station.

The new beauty shop building is 18x36 feet. The interior is decorated in rose-cola and ivory. They have added two new shampoo couches and a new Rayette DeLite dryer, which is one of the improved types that absorbs the moisture from the hair into the machine. This same dryer also acts as an air filter and purifier for the shop.

Mr. Wellborn specializes in hair styling and shampooing, having studied under Vernon Lehall of Ft. Worth and Thomas Cole and Robert Francis of New York City. Mrs. Wellborn specializes in facials and manicures. Their advertisement will be found on another page of this issue.

MARCH OF DIMES RECEIVES CHECK Charles Roark, left, treasurer of the Muleshoe JayCees, presents Sam Lindley, MOD fund chairman, with a check for \$150 raised in a trap shoot Sunday afternoon. (Saff Photo)

Local March of Dimes Drive Benefit From Saturday Night Telethon

The Bailey county March of Dimes campaign participated in the first annual KICA telethon for polio from the Clovis TV station Saturday night, Sam Lindley, fund campaign chairman has announced.

The program consisted of local talent from Muleshoe, Clovis, and Bovina, with merchants from each town donating prizes to persons making contributions to the MOD.

Taking part on the program were Mrs. Frances Minkler, Jackie Henderson, Kenneth Collins, Mrs. Waneen Ragsdale, L. V. Nickelson, Renard Johnson, Lola Nolan, Emma Jean Nolan, and a choral group from the Muleshoe colored school under the direction of Mrs. Christine Raven and Mrs. Georgia Traylor.

Muleshoe merchants who donated merchandise prizes included Anthony's Bass Appliance, Berry Electric, Blackburn Grocery, Cashway, Cobb's Dammor Drug, Dunlap's, Fashion Shop, Johnson Furniture, Johnson-Pool, Lindsey Jewelry, Muleshoe Jewelry, Piggly Wiggly, Remund-Wilson, St. Clair's, Wagon, Western Auto, Western Drug, and White's Auto.

Members of the JayCees and the Ramblin' Eight Car Club assisted in taking calls from local donors and picking up donations. A large number of local folks donated cash to the drive. A complete tabulation of the amount contributed was not available at press time, but will be published next week.

JayCee Trap Shoot Nets \$150 For MOD

A check for \$150 was presented to the Bailey County March of Dimes campaign chairman Sam Lindley Monday, by Charles Roark, on behalf of the Muleshoe JayCees.

The donation came as the result of a benefit trap shoot held Sunday afternoon, sponsored by the JayCees, for the MOD.

Local merchants donated prizes and the following members of the JayCees operated the trap shoot: Jack Young, Charles Roark, Peskie Winn, Bill Wilson, Tootie Middlebrook, and Phil Gillespie.

Mrs. Alice Johnson Funeral Service At Spanish Fort

Mrs. Alice Johnson, 78, passed away at 3:30 p.m. January 20, in West Plains Hospital. She had been residing at the home of her daughter, Mrs. Luther Ellis in Muleshoe since last October. She was a resident of Spanish Fort for more than 60 years, having been born in Knoxville, Tenn. Mrs. Johnson was a member of the Baptist church.

Funeral services were held in Spanish Fort. Survivors include three daughters: Mrs. Ellis, Mrs. Avis Brown of Hereford, and Mrs. Zula Fort of Dallas; five sons, Vernon, Willard and Bernard Johnson of Dallas, Earl of Fort Worth, and Clyde of Spanish Fort, 28 grandchildren and 33 great grandchildren.

Shorty McCall Recipient Bank Honor Award

E. N. "Shorty" McCall, supervisor of the Blackwater Soil Conservation District, who lives at Enochs, was recipient of the Texas Bank and Trust Company annual award Monday night here. McCall was chosen as the outstanding supervisor of the district, and was presented with a scroll by Walter Woodrum, president of Muleshoe State Bank, representing the Dallas institution.

In accepting the award, McCall gave credit to Duane Bartee, work unit conservationist for much of the work done which merited the honor.

Light Snowfall Here Saturday

Saturday morning again found the ground in Muleshoe covered with snow, but again the dry, powdery flakes contained little or no moisture.

The snow, which began falling late Friday night, was a purely local affair, falling only in the immediate vicinity of Muleshoe, and stopping just outside town.

Forecast early in the week was for cooler weather, with no prospect for any moisture, as usual.

James Hart Speaks Here On February 7

James P. Hart will be in Muleshoe February 7 at 1 p.m. in the district courtroom, speaking in behalf of his candidacy for U. S. Senator.

Hart is a former member of the Supreme Court of Texas and was long time Counsellor for the University of Texas.

The election for the office which Hart is seeking will be held in April, to name a permanent Senator to replace interim appointee William Blakley of Dallas.

JayCees To Sell Poll Tax Receipts Next Saturday

Members of the Muleshoe JayCees will be selling poll taxes at Harvey Bass Appliance Saturday from noon until 6 p.m.

Poll taxes cost \$1.75, and are necessary for voting in any general election held during 1957.

Members of the JayCees point out that only 768 persons have paid their poll taxes thus far, with at least 2250 persons eligible in the county, based on last years figures.

Several elections of general interest will be held this year, and it is important that poll taxes be paid.

Clyde Bray Named Vice-President Texas Brokers

Clyde Bray was installed as vice-president, Farm Brokers, Texas Chapter 22 of the Texas Real Estate Association, Inc. in ceremonies January 21 at the Commodore Perry Hotel in Austin.

Before a crowd of some 600 persons, including members of the 55th Texas State Legislature who were among honored guests, oaths of office were administered during the annual TREA installation banquet session which climaxed a three-day program for Texas Realtors and their associates.

William J. Elliott of El Paso took office in the same services as the new head President of TREA, succeeding Glover Turner of Tyler. Other 1957 officers are Henry S. Miller, Jr., of Dallas and John E. Wolf of Houston, vice-presidents; and A. B. Beddow of Austin, secretary-treasurer. Vincent J. Schmitt of Galveston and Texas City, a TREA past president, was the installing officer for the occasion.

Among major issues discussed by Texas Realtors during the weekend was a recommendation for amending the Texas Constitution, such amendments to provide State expenditures for advertising Texas so as to encourage new industries and greater tourist trade in the state. The plan calls for an Economic and Industrial Development Commission, patterned somewhat after those already functioning in 46 states. Mr. Bray was encouraged to secure assistance from Texans in his area toward passage of this much-needed legislation.

Trades Day Begins February 4 With \$135 To Be Given Away Each Saturday At 4:30

A retail trades day will begin February 4 in Muleshoe, with local merchants giving away cash prizes amounting to \$135 weekly, with the first awarding of prizes to be held at 4:30 p.m. on February 9, it was announced this week. Sponsored by the retail trades committee of the Chamber of Commerce, the program will entitle purchasers in participating stores to a numbered ticket with each \$1 purchase. Each Saturday the stubs of the tickets will be placed in a barrel and drawn at 4:30 p.m., for first prize of \$100, second prize of \$25, and third prize of \$10.

If no one claims the first prize Saturday afternoon, within the first five minutes. Participating merchants will after it is drawn, half the first issue tickets with the purchase of prize money will be added to the merchandise in their stores, otherwise it will be awarded the next taining their tickets from the

Chamber of Commerce office, which will also handle the details of collection and payment of prize money.

Families of participating merchants are not eligible for prizes, but employees of participating merchants will be eligible.

Drawings for prizes will be managed by employees of participating firms on an alphabetical basis.

Merchandise sold after 2 p.m. on Saturday will entitle purchaser to tickets for the following Saturday drawing.

The trades day is designed to stimulate local trading in Muleshoe, as exemplified by the slogan, "Buy It in Muleshoe", printed on each ticket.

Tickets will be given every day of the week, and any purchase of \$1 entitles purchaser to a numbered ticket.

Further details of the plan, and a list of participating merchants will be announced at an early date.

Musical Program At Lions Club Meet Features Chorus

With a program of vocal numbers ranging from "The Old Ship of Zion", to "Love Me Tender", a mixed chorus from the Muleshoe colored school, entertained the Lions club at the Wednesday luncheon meeting.

Under the direction of Mmes. Traylor and Raven, the group sang "Cindy", "Wayward Wind", "Que Sera Sera", "Singing The Blues", "Witness", and "The Old Ship of Zion".

Lola Frances Nolan sang "Great Pretender" and a spiritual. Erma Jean Nolan, accompanied the group, and also played "Sincerely", as a piano solo.

Portions of the group also appeared on the KICA telethon Saturday night for the March of Dimes.

Blacksmith Shop Fire Causes \$500 Damage Thursday

Fire from a gasoline tank blaze caused an estimated \$500 damage to Kemp's blacksmith shop, on the Clovis highway Thursday morning.

A workman was repairing a gasoline tank which caught fire, the blaze spreading over the entire frame building in seconds.

Firemen extinguished the blaze and no one was injured, although considerable damage was done to electrical wiring and hand tools.

Mr. and Mrs. Deward Wall and children visited in the Wulles Wall home Monday night.

Business Men and Farmers Attend Vegetable Meeting

Prefacing their remarks with the statement that this area offers much in the way of vegetable growing prospects, four experts in the field of vegetable horticulture spoke before approximately 100 farmers and business men in the district courtroom here Wednesday afternoon.

B. G. Hancock, Extension horticulturist spoke on the types and varieties of vegetables suitable for commercial production in the plains counties. Details of the varieties may be obtained from the County Agent, J. K. Adams.

Dr. Harlan Smith, plant pathologist with the Extension Service, spoke on plant diseases as affecting vegetables in particular, and showed slides of some of the more common vegetable diseases. Dr. Smith also pointed out that the Extension Service operates a free pathology service for diseased plants.

Insects and insect control was the topic of a talk by C. F. Garner, Extension entomologist. J. F. Rosborough, well known horticulturist and marketing specialist in the field of vegetable production, concluded the program with a talk on his specialty.

A question and answer period followed, in which the audience quizzed the experts on various phases of vegetable production.

New Assistant Manager

Royce Hanna is the new assistant manager of Cobb's Department Store in Muleshoe, coming here from Morton, where he was associated with Cobb's for two years.

Hanna replaces Bobby Wallace, who is now the assistant manager in the new Abilene Cobb's store, where Gerald Priboth, also formerly of Muleshoe, is now manager.

Phone and Electric Cooperatives Elect Directors At Friday Meeting

Electric Coop Has \$145,763 Margin

A near-capacity crowd Friday afternoon heard a financial report on the Bailey County Electric Cooperative, revealing a net margin for the year of \$145,763.78, given by Glenn W. Thompson, secretary-treasurer of the organization.

The occasion was the annual membership meeting of the cooperative, and included a general report on business for the year, which saw the number of members grow from 3357 in 1955 to 3539 in 1956. Line serving members also increased from 1783 to 1817 in the year, and members average bills were \$18.39 to \$18.78 due to increased use of electricity.

Joe Sooter, president of the cooperative, presided over the meeting which opened with the invocation by Rev. J. E. Moore of Muleshoe.

Thompson read the financial statement, and nominations were then announced for two directors to replace Ray Axtell of Spring Lake from district 3, and Roy Young of Bula from district 6.

Axtell was renominated, and Thuro Branscum was also nominated for director of district 3. D. C. Snitker of Rt. 2, Morton, was nominated for director of district 6, and Roy Young was renominated for the position.

Young was elected to represent district 6, and Thuro Branscum replaced Ray Axtell as district 3 director. Joe Sooter was re-elected president; R. L. Kimbrough re-elected vice-president, and Glenn Thompson, re-elected secretary and treasurer.

Nominating committee for the 1958 meeting, at which time directors for district 1 and 2 will be nominated, posts now held by Joe Sooter and Robert Kimbrough, were chosen, and include W. E. Myers, Ross Goodwin, Robert Blackwood, and Lloyd Stevens. In a general business discussion, the members voted to approve four objectives for the cooperative. The objectives are: Repay long term debt according to or ahead of schedule. Maintain a good credit rating. Inform each patron of the amount of patronage capital provided by him. Pay patronage capital to estate of deceased members upon application.

Bob Craig, farm specialist from A & M College, gave a demonstration on the misuses of electricity.

Door prizes were drawn and presented members of the cooperative.

Dan Darsey and Sherman Inman, supervisors of the Blackwater Valley Soil Conservation District, accompanied by Duane Bartee, work unit specialist, attended the state convention of SCD supervisors in Tyler, Texas on January 16-18.

Yarborough In Race For Senator

Judge Ralph Yarborough has announced that he is a candidate for United States Senator in the special election called in Texas for April.

A vacancy occurred when Price Daniel, who was Senator, became Governor on Jan. 15. Governor Shivers, in one of his last acts before going out of office, had appointed Robert Blakley, a Dallas attorney, as interim Senator.

People of Bailey County are reminded that they must pay their poll tax before Jan. 31 in order to be qualified to vote in this special election.

There doubtless will be other issues to be decided in 1957, too, so a poll tax certificate or exemption will be a valuable thing to have.

JayCee Minstrels Begin February 28

The annual JayCee Minstrel show will be presented in two performances, February 28 and March 1, at 8 p.m. in the high school auditorium here, director Jack Young announced this week.

Young will be overall director, and Lloyd Aisup will be in charge of musical direction. Members of the minstrel committee include Tootie Middlebrook and J. W. Watts.

Interlocutor will be Gil Lamb, and end men will be announced next week.

Mules 96 - Dalhart 47

The Muleshoe Mules downed Dalhart cagers 96-47 here Tuesday night, while the Mulettes lost 44-38 to the Dalhart girls. Black was high scorer for the Mules, and Shirley Matthieson scored high for the girls team.

Tullia won 70-48 over Dimmitt, and Lazbuddie beat Adrian 44-43.

Coop Shows Loss Five Area Phone

Seven directors were elected by members of the Five Area telephone cooperative at their first annual meeting in the Muleshoe high school auditorium Friday afternoon.

C. E. Roark was re-elected from district 1. O. M. Jennings is new director from district 2; Jarvis Angeley was re-elected from district 3, as was Walter Dammor from district 4. New directors were named for districts 5, 6 and 7 in the persons of J. G. Arnn, H. G. Thompson and G. D. Lewis, respectively.

Since this was the first annual meeting, the directors elected will draw lots for one, two and three year terms of office, when they hold their organizational meeting on February 4.

The telephone cooperative, organized and put into operation in April, showed a net deficit of \$2,970.05, although it has done more than \$45,000 worth of business in that short time, totaling a healthy \$445,417.95, and liabilities of \$417,224.00.

Jarvis Angeley read the financial statement at the meeting, which was presided over by Walter Dammor, acting president.

By-laws relating to the manner in which the first board of directors should be elected were adopted by the members. Door prizes were presented members.

Chamber Names New Committee Heads At Meeting

Committee chairmen and co-chairmen for the year's work in the Muleshoe Chamber of Commerce, were chosen and approved at a meeting of the board of directors Monday morning, manager Senn Slemmons has announced.

The newly formed county development committee, has M. D. Gunstream and Walter Woodrum as co-chairmen, while Jack Young and Jeff Peeler head the educational committee.

Gil Lamb and Morris Childers lead the membership committee, and Carroll Pouncey and Paul Scott are in charge of publicity for the Chamber.

Retail trades committee will be directed by Jim Cox and Harvey Bass, while civic affairs will be in charge of Ernest Kerr and W. Q. Casey.

Harrol Griffith, Butch Baker, and Tom Morgan are to work on the highway committee, and J. K. Adams and Sherman Inman head the agricultural committee.

Tootie Middlebrook and Dr. B. Z. Beaty are co-chairmen of the youth development committee.

A member of the board of directors is included on each committee, so that work of all committees may be coordinated with the governing body of the Chamber.

Production Credit Annual Meeting To Be February 2

The twenty-third annual meeting of the stockholders of the Plainview Production Credit Association will be held February 2 at 11:30 a.m. in the cafeteria of Plainview high school, followed by a business meeting in the high school auditorium.

W. N. Stokes, Jr., president of the Federal Intermediate Credit Bank of Houston will be the speaker, and he will discuss the rising cost of money and the possibilities of an adequate supply of money to meet the credit needs of farmers and ranchers.

The term of two directors, Thuro Branscum and S. J. Payne of Tullia, will expire, and two new directors will be elected. The names of D. S. Anderson of Muleshoe and J. A. Streety of Littlefield have been nominated to replace Branscum; while A. H. Jennings and G. L. Sadler have been nominated for the place vacated by Payne.

Others who will appear on the program are Henry Hayes of Plainview and Director Cecil Davis of Muleshoe.

The Muleshoe office of PPCA loaned a total of \$2,810,972 during 1956, and showed a net operating income of \$31,485. Wilbur LeVeque is manager of the Muleshoe office which is located on the west side of the courthouse square, next to The Journal office.

T. W. Goar Is New Director of Music At First Baptist

T. W. Goar, formerly of Clarendon, is the new director of music and education for Muleshoe First Baptist Church.

The Goars have two children, Randall, 15, and Kay, nine years of age.

The family is residing at 110 West 20th street in the former B. A. Dalton home.

Mr. Goar is a native of Hamilton County, Texas, and was at Clarendon for two years.

Ruby McMahan and Cleo Ward Exchange Vows In Ceremony Saturday, January 19

Miss Ruby Irene McMahan, daughter of Mr. and Mrs. C. McMahan, became the bride of Cleo Ray Ward, son of Mr. and Mrs. A. E. Ward in a lovely candle-light ceremony Saturday evening, Jan. 19, in the Northside Church of Christ. Minister Jack McCormick officiated at the double ring ceremony. Vows were exchanged before tall baskets of white gladioli and stock with blue ribbon bows, and tall candelabra bearing white tapers and blue bows. Other tapers and bows marked aisle pews.

Given in marriage by her father, the bride was lovely in a gown of white frosted nylon over tulle, cut on princess lines with a sweetheart neckline. She

wore a shoulder length veil of white illusion attached to a shallow white pillbox hat. Other accessories were white, and she carried a pink carnation bouquet atop a white Bible. Something old was a penny in her shoe, her dress was new, the veil was borrowed, and something blue was a handkerchief given her by her mother. The bridegroom wore a dark brown business suit and a white carnation boutonniere.

Matron of honor was Mrs. George Raney, sister of the bride. She wore a blue taffeta dress, styled with princess lines, and a blue velvet hat, and carried a white carnation corsage. Paul McMahan, brother of the bride,

was best man. Ushers, who also served as candle lighters, were Wayne Garth, brother-in-law of the groom, and Clarence McMahan, brother of the bride. Mrs. Wayland Harris presided at the registry.

Mrs. C. McMahan, mother of the bride, wore a charcoal brown dress, black accessories, and a white carnation corsage. Mrs. A. E. Ward, mother of the groom, wore luggage brown with brown accessories and a white carnation corsage.

Reception Held
A reception was held immediately after the ceremony at the home of Mr. and Mrs. L. F. McCormick.

A four-tiered white wedding cake topped with a miniature bride and groom was flanked by triple candleholders with white candles on the white lace covered table. Frosted punch, nuts and white mints were served with the cake by Mrs. Wayne Garth and Mrs. Paul McMahan.

The young couple left after the reception for a honeymoon trip to points in New Mexico. For her going away costume, Mrs. Ward wore a blue velvet dress and hat and a pink carnation corsage. The couple will be at home in Muleshoe after their return.

Joint Installation Service Held By IOOF and Rebekah Lodges Thursday

A joint installation of officers of the Muleshoe IOOF No. 58 and Muleshoe Rebekah lodges was held January 17 in the lodge hall here.

District Deputy Grand Master George Tompkins, and District Deputy President Odell Tompkins, with their teams, installed the following officers in the Rebekahs:

CARD OF THANKS

We wish to express our sincere thanks to each and every one for their kindness, for the cards and flowers sent our mother during her illness; for their sympathy and for the food and flowers sent to our homes after her death. Also, for those who participated in the beautiful service in any way. We again give our thanks to you.
The Family of Mrs. Mary L. Lewis.

PATTERSONS RETURN AFTER ARIZONA SOJOURN

Mr. and Mrs. Alfred Patterson and children, Lionel and Nancy, have moved back to Muleshoe after residing near Elfridi, Ariz., for nearly three years, where they were farming.
They will reside north of town and farm there this year. They own the former C. S. Otto quarter section west of town.

Ideal for Christmas presents. See them at The Journal.

Dolores Lowe and Dale Wood To Wed February 17 In Church of Christ

MISS DOLORES LOWE

(Photo by Cline) Christ Minister Ebb Randol of Clovis, N. M., is to read the ceremony. Miss Dolores Lowe and Mr. Dale Wood are to be united in marriage February 17, at 3:30 p.m., in the Muleshoe Church of Christ. Dolores was a member of the 1956 graduating class of Muleshoe High School.

shoe, and is the daughter of Mr. and Mrs. Gene Lowe. She is attending Merriman's Business College in Lubbock. Dale is the son of Mr. and Mrs. Willis Wood of Littlefield. He attended high school in Muleshoe and Portales, N. M. He is now in business with his father operating a soft water service in Littlefield. All friends and acquaintances of the couple are invited to attend.

Pamela St. Clair Named President Brownie Troop 7

Pamela St. Clair was elected president of Brownie Troop 7 when the troop met in the Scout Hut January 18. Other officers elected are Ann Phelps, secretary; Patsy Meyers, treasurer and Gail Locker, reporter. Members present at the meeting were: Connie Connell, Lynor Erickson, Betty Lou Field, Debbie Goss, Donna Heard, Doris King, Gail Locker, Patsy Meyers, Ann Phelps, and Pamela St. Clair.

Skating Party For Sue Willman On 12th Birthday

Sue Willman was honored with a skating party at Priboth Roller Rink, celebrating her twelfth birthday. Those attending were: Diane Fulerton, Donna Moore, Barbara Jones, Patricia Butts, Pam Lenau, Maria Deed, Patsy Holly, Lynn Lenau, Joan Mock, Marsha Buhman, Marilyn Green, Rene Howell, Kathy Moore, Margaret Howell, Sharon Milten, Virginia Bayless, Sheryle Stevens, Roxana Hart, Janet White and Sylvia Pool. Birthday cake and Cokes were served to the guests by Mrs. Dick Willman. Sue received many lovely gifts.

Pleasant Valley HD Club Meeting Was January 17

The Pleasant Valley HD Club met in the home of Mrs. Jo Meeks January 17, with eleven members and two visitors present. Roll call was answered by our favorite radio or TV program. Vera Lou Barnett gave an interesting report on the council meeting which she, Gienda Haley and Jo Meeks attended. We filled out our new year books. The date was set for June 20, for our country fair. Mrs. Phillips gave a very interesting talk and helps for us to follow on Family Security. She also showed us some craft and sewing her 4-H girls were doing. Delicious refreshments were served by the hostess.

Surprise Dinner For Mrs. Priboth

Mrs. Myrtle Priboth was surprised with a covered dish dinner Friday night at her home in honor of her birthday. The group gathered at Cobbs' department store and went to her home. Upon entering her home the group surrounded her and sang "Happy Birthday", and presented her with a gift. The group also presented a going away gift to Bob Wallace, Mrs. Opal Thompson, and Mrs. Paula Clements. Bob is moving to Abilene where he is to be assistant manager of Cobbs' Department store in the new River Oaks shopping center. Mrs. Clements is joining her husband, Travis, at Fort Hood. Mrs. Thompson is moving to Dimmitt where she will be associated with Cobbs'.

Those attending were: Mr. and Mrs. Blondie Ray and Dixon, Mr. and Mrs. Bert Mathis, Mrs. Paula Clements, Mr. and Mrs. Lud Taylor, Mrs. S. V. Willis, Mr. and Mrs. Roger Albertson and Gary, Mr. and Mrs. Bob Wallace and children, Mrs. Opal Thompson, Mrs. Nora McCormick and Linda and Mrs. Mae Province.

Mrs. S. L. Robison Elected President County HD Council

The Bailey County Home Demonstration Council met Monday in the courthouse, with ten present, representing the clubs from Muleshoe, Progress and West Camp. Mrs. Veta Self resigned as Council chairman, and Mrs. S. L. Robison was elected in her place. Each club is to nominate a member as delegate to the district meeting in Levelland in March. Delegates will be chosen at the next council meeting in February. Yearbooks were given to all members present, which included Mmes. W. R. Bowers, M. A. Peel, S. L. Robison, S. C. Caldwell, Fern Davis, Estelle Hill, Mae Busbice, J. E. Day, Walter Witte and M. L. Oswalt.

Lazbuddie News

Mrs. Calvin Embry—Y. O. 5-3345

The Betty Crocker Homemaker of Tomorrow in Lazbuddie High School is Janice Oliver, daughter of Mr. and Mrs. F. L. Oliver. She received the highest score in a written examination on homemaking knowledge and attitudes, administered December 4, to senior girls in the graduating

class. Her examination paper will be entered in competition to name this state's candidate Homemaker of Tomorrow and for the title of All-American will also be considered for the runnerup award in the state. For her achievement, she will receive an award pin designed by

Trifari of New York.

New Minister
R. A. Hartsell is the new minister at the Lazbuddie church of Christ. He, Mrs. Hartsell and a daughter came from Bovina, where he served for the past 18 months. He has served 17 years in evangelistic service and 35 years as a minister.

The Lazbuddie Church of Christ will begin their dedication services, Sunday, January 27, for their very beautiful spacious new church. The dedication service will continue for one week, through February 2. Services will start at 7:00 Sunday evening and 7:30 on week nights. "The Church" will be the theme.

Mr. and Mrs. John Agee, Sr., of Lubbock, visited Sunday in the home of their son and family, Mr. and Mrs. John Agee, Jr.

Guests in the home of Mr. and Mrs. E. D. Chitwood were Mr. and Mrs. Bill Buchanan of Hub.

Sunday guests in the home of Mr. and Mrs. F. L. Brown and Mr. and Mrs. Glen Splawn were Mr. and Mrs. Leroy Hickerson and Stanley of Lorenzo, Mr. and Mrs. Hoodie Splawn of Whiteface and Mr. and Mrs. C. M. Splawn of Muleshoe.

Beverly Smith visited Sunday with Judy Brown.

Miss Betty Floyd, of Plainview visited over the weekend with her parents, Mr. and Mrs. Barney Floyd and Jeanell.

Weekend guests in the home of Mr. and Mrs. Jack Smith were Tech Sgt. and Mrs. Gerald Smith and David. Sgt. Smith is stationed at Clovis.

Steven Young, son of Mr. and Mrs. J. B. Young entered his Hereford 4-H Club calf in the Fat Stock Show in Hereford, Sat. Jan. 19. At the same time Richard Chitwood, son of Mr. and Mrs. Dee Chitwood, had his Angus calf entered in the stock show. Both boys placed in their respective shows.

All people are urged to pay their Poll Tax before January 31.

Juanita Scott visited over the weekend with friends in Del Rio.

Mr. and Mrs. Ernest Nowell, Jo Ann, Johnny and Jan, visited Sunday with Mr. Nowell's sister, Mrs. Sammie Taylor and family in Denver City.

Mrs. Mae Mahan and Mrs. Claude Blackburn visited in Lubbock Sunday.

Mr. and Mrs. Melvin Treider have returned home from a tour in Mexico and parts of California. They visited the Grand Canyon and Petrified Forest. They had a nice time but were glad to be home.

Mr. and Mrs. Bill Jennings and children visited Sunday with Mr. and Mrs. Mike Vabalus and family, Friona.

MULESHOE CHIROPRACTIC CLINIC

DR. BROOKE GREEN — PHONE 6090
Located Across From Courthouse

THERE IS A "CAUSE" FOR EVERY DISEASE
CHIROPRACTIC LOCATES AND CORRECTS IT

HOW TO GET WELL

You listen to the radio and watch TV and buy what they commercially ding-dong into your consciousness day after day. You try from one thing to another. All give temporary relief by deadening pain or temporarily stimulating functions. You grow desperate; give up in despair. Somebody suggests that you "try" Chiropractic. Chiropractic literature is given you. You read it; it sounds too good to be true. You think it overrated, boastful, impossible. But you go to the Chiropractor who has been highly recommended. Without endless preliminaries he suggests you have spinographs — makes an analysis, seems confident. After the X-Rays are made, he gives you an adjustment; you gradually begin to feel better — slowly at first as disease begins to go, then consistently health begins climbing back. In a few weeks or months you are back at work, at a minimum cost, hale and hearty. The Question is: IS THERE REALLY NOTHING MORE THAT CAN BE DONE FOR YOU?

Nervousness

Case History: Lady, age 48, came to the Clinic more than a year ago suffering from a severe nervous condition. Her symptoms were confusion and frustration, nervousness, as well as physical conditions of stomach pains, kidney ailment, constipation for most of her life, poor appetite, lack of energy, and some arthritis of arms and shoulders. After Chiropractic examination to determine cause of her trouble and X-Rays and analysis to locate misalignment of vertebrae causing pressure on spinal nerves, Chiropractic adjustments were begun to make corrections. Her progress under Chiropractic care was very satisfactory and this woman was restored to normal health.

High Blood Pressure

Case History: A farmer, age 55, was recommended to the Chi-

ropractic Clinic by a patient of ours. After an examination and consultation at the Clinic, he was found to have nerve interference. This man had a history of high blood pressure for several years, soreness and stiffness of the neck, dizziness, a kidney condition, stomach condition, constipation, nervousness and some rheumatism. When the Chiropractic spinal examination and X-Rays revealed misalignment of vertebrae causing pressure on spinal nerves, corrective Chiropractic adjustments were begun. This abnormal condition subsided and after recommended period of Chiropractic care, his health has returned to normal.

WMU Circles Meet

All three circles of the WMU met at the church on Monday, January 21. Mrs. W. R. Broadhurst brought the devotional. Mrs. A. E. Redwine gave the study on "Mission Program in the U. S. A."

Those present were Mmes. Wesley Barnes, John Agee, A. E. Redwine, F. W. Greene, W. R. Broadhurst, Juel Treider, Claud Heath, C. K. Roberts, Earl Peterson, George Washington, Raymond Houston, Weldon Slayton and a visitor, Mrs. John Vaughan.

Mr. and Mrs. L. B. Hambright of Lazbuddie and Mrs. Alice Linsley of Morton visited last week in the home of Mrs. Hambright's and Mrs. Linsley's sister, Mrs. Stella Stirmen in Odesa. The Hambrights also visited in Midland with their son and daughter, Mr. and Mrs. B. E. Hambright and children and Mr. and Mrs. B. J. Trimble.

Thursday evening the Baptist Brotherhood will be host to the Brotherhood of the Temple Baptist Church of Hereford. The Lazbuddie men will serve the evening meal and the Hereford organization will bring the program. The wives of all the Brotherhood members are invited to attend.

Rev. and Mrs. C. K. Roberts were in Ft. Worth the first of last week attending an evangelistic conference. Tuesday evening the great evangelist, Billy Graham, was the speaker. Wednesday evening, Dr. W. A. Criswell closed the conference.

Shop Fire

Wyle Bullock had the misfortune of losing his shop by fire Thursday morning, January 17. Two neighbors, Gene Briggs and Billy Hunt were working on their pickup truck when the fire started. Gasoline was being used for cleaning parts when suddenly a light fire from a heater.

The shop was immediately engulfed in flames. The fire department, from Earh came to fight the flames but were late in arrival and hampered by the lack of water. The shop building and all the equipment were lost, with the exception of one welder. Also lost was the pickup truck motor, belonging to the Hunts. Both young men were burned about the legs, however Gene suffered the more serious burns but was not hospitalized.

There will be a "Community Club" meeting, Monday evening, January 28, 7:30. This is the regular meeting night. There is

some unfinished business that needs to be taken up, so please make an effort to be present.

NEW SON

Mr. and Mrs. Gene Smith are proud parents of a son, born Tuesday, January 15. The young fellow is the first child of the Smith's, and has been named, Timothy Carroll. He weighed seven pounds. Mrs. Smith and Timmy are presently staying with her parents, Mr. and Mrs. John Littlefield.

FARMERS UNION

Lazbuddie Farmers Union met Tuesday evening, January 15. James Welch was elected as delegate to go to Washington. He and Mrs. Welch will leave Wichita Falls, January 25, by bus. There will be other delegates from several communities making the trip with them. They are to voice in legislation what the wants and needs of the farmers are.

Mr. and Mrs. Leroy Wilson spent the week end in the home of Mrs. Wilson's mother, Mrs. Virgil Barton in Amarillo.

HOBBO PARTY

On Wednesday evening, January 16, the M. Y. F. of the Lazbuddie Methodist Church enjoyed a Ho-Bo Party and supper at the home of Mr. and Mrs. Joe Bates Jennings.

Mulligatawny stew, hot biscuits, baked banana, tea and cocoa was served to the following members: Carolyn Hinkson, Susie Carpenter, Lawrence King, Jo Don Gallman, Ronnie Guston, Darrell Jennings, Ted, Miekie, and Freddie Smith.

Others present were Mr. and Mrs. C. D. Gustin, Mr. and Mrs. Mel Smith and Donnie, Mike Hinkson, Tamra and Joe Brain Jennings, Bruce Matthews and the Host and Hostess.

Farmers Should Carefully Study All Details of Cotton Acreage Plan

In most counties details of the Cotton Acreage Reserve Program are in the hands of farmers. They are being told just how much they will be paid to take part of their allotment out of production. They need to weigh carefully the advantages and disadvantages of the program. They also need to get both sides of the story, because the effects of the program may be far reaching.

For example, are farmers aware of the fact that further production curtailments means sacrificing additional markets to synthetic fibers, foreign production, and soybeans?

Do they know that lost markets will result in further shrinkage of allotments, with the eventual loss of enough acreage to prevent efficient operation?

Do farmers realize that gins and other facilities for handling their production can not provide their essential services efficient-

ly with reduced volume? Are they aware that less employment in their community means lost markets for products, other than cotton, they might produce?

Finally, do farmers actually understand that they are paying dearly in lost markets — and in other ways — for what might appear to be easy money? It is well to review the path cotton has traveled in recent years. Before the plow-up program, cotton had just about all the textile markets except for a little held by wool, silk and other natural fibers. Last year textile mills in the United States used 9.1 million bales of cotton and 1.7 billion pounds, or 3,400,000 bales (500 lb.) of synthetic materials.

Can cotton afford to lose additional ground? Well, let's see. In 1933 the United States produced 13,047,262 bales (500 lb.) or 51.6% as compared with 12-

224,372 bales (500 lb.) for the rest of the world. But in 1956 United States production of 13,303,000 bales amounted to only 34.20%, while foreign growth accounted for 25,600,000 bales or 65.8%.

Cottonseed before acreage control had little competition from other vegetable oils for the oil and protein markets. In 1956 soybeans produced 13,680,000 tons and cottonseed only 5,495,000 tons.

Had it not been for the market advantages given synthetic fibers, foreign cotton and soybeans, there is little doubt that American cotton producers would now be able to produce a 15-million bale crop and sell it at a good price.

The record is not misleading at all. It shows what has already happened to cotton and cottonseed. To argue that giving away additional markets is good for the farmer or the country is ab-

surd, because markets once lost are almost certainly gone forever. For, as cotton shrinks, its competitors grow and strengthen.

Of course, the prospect of getting paid for doing nothing is tempting, but give-aways almost always cost everybody too much, including the farmer. We can all do him real service at this critical time by cautioning him to weigh carefully the ultimate consequences of taking part in the Cotton Acreage Reserve Program. Well-intentioned though it may be, widespread acceptance of the program is bound to result in additional market losses and damage to the state's economy. The biggest loser of all may be the farmer himself.

Texas was allocated \$64,055,300 for making cotton acreage reserve payments in 1957. Based on an average payment rate of .371 per acre, the program will reduce plantings more than 1,700,000 acres from those allocated the State. Using the average unit production figure for the State (249.6 lbs. lint per acre), the program will reduce production about 850,000 bales. This 850,000 bales has a farm value for lint and seed of around \$148,750,000. Deducting the 64 million dollar payment, leaves a farm income loss of \$84,750,000.

Temporary advantages of the program may appear to be great, but if the end result means going out of cotton production almost entirely, then the price tag on the program is all out of proportion to its value. If we had another cash crop ready to step in and take cotton's place, the picture would be an entirely different one, but after 30 years of diligent searching we still have not found a substitute that comes close to matching cotton's cash-producing ability.

District FB Meet Held In Lubbock

Five Parmer County farmers attended a meeting of over a hundred District II Farm Bureau leaders in Lubbock last Thursday. Purpose of the meeting was to give information relative to executing Farm Bureau Legislative policies during the year, and keeping informed, and gaining information from local farmers and ranchers. Both objects are contributory to a truly representative organization, believe Farm Bureau leaders.

Speakers heard were Millard Shivers, TFB organization director who taught a class on legislative execution. Hub King, State TFB director from Dist. II reported to the group on the American Farm Bureau Convention held in Miami last month. TFB field representative, Oliver Grote, instructed the group on the workings and duties of committees. John Greg of the National Cotton Council addressed the group on progress of that organization's activities.

Dr. Wayland Bennett, head of the Agricultural Economics Department of Texas Tech College, and Dr. Satngel, Dean of Agriculture, Texas Tech, made some observations of great interest to farmers of this area, according to Kaltwasser. They predicted

FARMER COUNTY Farm Bureau News

By RAYMOND EJLER

Your directors and officers in Farm Bureau feel the great loss of a faithful friend and worker at the passing of Ralph Miller. Mr. Miller was elected to a second term as director at the annual convention in October 1956. He served as chairman of the legislative committee in 1955. His sense of individual responsibility for himself and his fellow farmer in working out solutions to problems consistently magnified the value of his services to his fellow man through the organization. His conservative and Christian approach to every occasion commanded the respect of all who were associated with him.

We are proud of President Kaltwasser's presentation of Parmer County Farm Bureau's recommendations to the President at the Lamesa drought relief meeting. A re-broadcast of his remarks was heard by many on Cotton John's program, and the report carried in county papers was complimentary in a factual way.

We have learned that TFB President J. Walter Hammond had breakfast with President Eisenhower in San Angelo, and was given a thirty minute audience to present TFB's recommendations for drought relief. Parmer county's recommendations, in general, were included in the

State Recommendations. News that Texas Wheat Growers Association agreed to discontinue their proposed two-point system for wheat until the USDA's Soil Bank plan has had time to prove itself is, we think, good news. The association was begun with the support of Farm Bureau leaders back in 1952, we believe it was. The first meeting we knew of was held in the Amarillo Hotel. From that grew the National Wheat Growers' Association, of which Mr. Kendrick, one of its first leaders in Texas, is president.

Vice-president Jack Patterson is getting his committee lined up for membership acquisition in February and March. Efforts are being made to increase mail renewals to save time and expense of so many farmers having to call on you for your renewal. If you intend to renew, says Patterson, you will be doing some farmer a great favor by mailing your dues in when you receive your first statement.

CONSIDER THIS: Whoso rewardeth evil for good, evil shall not depart from his house. Proverbs 17:13.

February 15 Set As Deadline For Filing Farm Income Tax

February 15, 1957 is the income tax report deadline for Texas farm and ranch families who did not file an estimate and payment before January 15, 1957, warns C. H. Bates, extension farm management specialist.

Farmers and ranchers should not overlook the fact that certain livestock sales made under drought conditions need not be reported in taxable income provided the animals are to be replaced within one year, says Bates. An extension of this 12-month provision may be obtained from the District Director of Internal Revenue if drought conditions continue, he adds.

Bates says all operators with a "net farm profit" of \$400 or more must file a return and pay a 3 percent social security tax whether any income tax is due or not. Operators with less than \$400 net profit, but over \$600 gross farm income may use two-thirds of their gross income for determining self-employment tax up to \$1200, says the specialist.

Landlords are covered for self-employment benefits this year provided they "materially participate" in the farm's operations, Bates points out. He says "material participation" may be determined either on the basis of actual physical work or thru

management decisions affecting farm and ranch production.

The Farmer's 1956 Tax Guide Bulletin provides information on tax credits and other deductions allowed farm operators. It is free from your county agent or the Internal Revenue staff. Also, suggests Bates, ask your county agent about a farm record book designed for income tax and social security purposes which is available for a small charge from the Exchange Store, College Station, Texas.

February 5 Set As Deadline For Vets To Bid On Lands

Texas veterans were reminded today that they have only until February 5 to submit bids on 56 tracts of land which the Veterans' Land Board has for sale.

Land Commissioner Earl Rudder, who is chairman of the VLB, explained that — unlike normal procedure in the Veterans' Land Program — veterans are not required to obtain an application number to purchase any of these tracts.

The lands to be sold, which

are located in all sections of the state, have been forfeited by original owners who purchased the property through the Veterans' Land Program.

CHRISTIAN SCIENCE

Availability today of the healing power of divine Truth will be emphasized at Christian Science services Sunday.

Christ Jesus' healing of the "woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself" (Luke 13) will be among the Scriptural passages read from the King James Version of the Bible. The subject of the Lesson-Sermon will be "Truth".

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selection will be among those read (495:1): "God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did over ten centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

Let's see the decisive factors in the '57 Inner Ford

They show you why the new kind of Ford is worth more when you buy it, worth more when you sell it!

The secret of Ford's nationwide success is this: it's a new kind of Ford... new from the wheels up... more than a last year's model with a few "face lift" changes. In a Ford the chassis, engine and body are individually engineered into one spacious rock-solid unit.

If you're a careful car-buyer with whom features count, count the new features of the '57 Ford. Then drive it! There's only one conclusion: the liveliest car in the low-price field is the completely new Ford. For the decisive facts see your Ford Dealer.

Members of Progress WSCS passed a resolution to encourage women to pay poll taxes, to study issues and candidates and to vote at every election this year. This action followed a report by Velma Gwyn on the recent sub-district meet. Other business was discussed at the regular WSCS meeting last Thursday afternoon at the church fellowship hall.

Fern Davis was teacher of the second lesson on "Youth in a Responsible Society". Sadie Bass presented the chapter on "A look at youth development". Fern Davis gave the chapter on "Education in a changing world". All members entered the discussion. Prayers were offered by Velma Gwyn and Doris Wedel.

Members present included Mrs. Sadie Bass, Johnnie Westbrook, Mattie Griffin, Daris Wedel, Velma Gwyn, and Fern Davis.

Intermediate Party

The intermediates of the Baptist Sunday School enjoyed a social last Friday night at the Ben Atkins home. A scavenger party was planned, but cold weather prevented that, so the group played indoor games. Refreshments of punch, cookies, and popcorn balls were served to about sixteen young people, including two visitors. Sponsors and teachers present included Mr. and Mrs. Sam Blackwell, Mrs. Whit Barber, and Rev. and Mrs. Ben Atkins.

To Workers Conference

Rev. and Mrs. Ben Atkins, James and Carolyn, Mrs. Elmer Downing and Mrs. Amon Blair attended the Baptist Worker's Conference at Longview church Monday evening. They heard the Latin-American preacher from Littlefield tell of need for more workers in his field of endeavor.

Dorcas Class Meeting

The ladies of the Dorcas Sunday School class assembled for their monthly meeting last Thursday afternoon, Jan. 17. "Ready" was the first song on the program. After prayer, Mrs. C. A. Bishop gave the devotion on Isaiah 30:18-27. "Alaska Blossoms" was a story told by Mrs. J. J. Redwine. A poem, "Feed the Sheep" was read. Mrs. Whit Barber read letters from missionaries, Mrs. C. A. Bishop led prayer for the missionaries. Mrs. J. J. Redwine gave special music.

4-H Club Draws Secret Pals

Members of the Progress Girls 4-H Club met in the Cooper home last Wednesday afternoon. Trudy Davis, vice-president, held the business session. The girls drew names for secret pals. The secretary, Judy Williams, read the minutes of the previous meeting. Pat Thomson led a drill on parliamentary procedure. After refreshments of cocoa and cookies, several games were played.

Royal Service Program

The WMU met at Progress Baptist church on Monday afternoon, January 21. The Virginia Circle presented the program to the Martha Circle with Billy Ruth Downing as leader.

The devotional was opened with a hymn, "Throw Out the Life Line". Mary Harrow read the prayer list, and Minnie Redwine led the prayer. After another hymn, "Rescue the Perishing", the devotional talk was given by Selma Redwine on Psalm 46. Another hymn was "Who Will Our Pilot Be". Song leader was Ruth Blair.

The program on missions was given by Evelyn Atkins, Ruth Blair and Mary Marrow.

One visitor was present, Mrs. H. L. McCray, and the following members: Mmes. Bessie Davis, Selma Redwine, Helen Redwine, Jewel Atkins, Ruth Blair, Minnie Redwine, Billy Ruth Downing, Mary Marrow, and C. A. Bishop.

Those present were members: Kay and Pat Thomson, Linda Sandra, Frances and Doris Cooper, Trudy Davis, Judy Williams, Mary and Wanda Wedel, the sponsor, Mrs. Lloyd Williams, and Joy, and Mrs. Arthur Cooper. The next meeting will have a Valentine exchange, and will be at the Albert Davis home on Wednesday, Feb. 13.

Bride-Elect Showered

Miss Ruby McMahan, bride-elect of Cleo Ward, was honored at a gift tea at the Fellowship Hall in Muleshoe last Thursday evening, Jan. 17. The serving table was covered with a white lace tablecloth over pale blue with a lovely centerpiece of blue carnations and white spirea, in a low silver planter. White angel food cake and punch were served by the hostesses, who were Mmes. Roy Clark, J. L. Redwine, Jack McCormick, and L. F. McCormick. Many beautiful and useful gifts were received by the bride and the ladies attending and from many others unable to come.

This peeping tom killer you read about a while back who knocked on a door then shot the man when he came to the door did a very foolish thing. He could have avoided a possible prison term or the electric chair by just running the man down with his car and getting by with a fine. In all seriousness, auto accidents happen too often and are taken too lightly. We think nothing of spending millions to fight diseases, but when an auto safety program is suggested, we just smile. All the inflation in the world wouldn't make insurance rates higher if there were no accidents and insurance won't keep you from having accidents. So until we wake up and eliminate accidents you can at least make sure of your coverage by calling—

BABSON RECOMMENDS AN INVESTMENT

Babson Park, Mass., Jan. 24. It is the first time for several years that I have felt free to recommend any specific stock or bond in this Weekly Column. I, however, now want to explain the mention of non-taxable bonds which I made in my recent Forecast for 1957.

HISTORY OF BONDS

There is a big difference between stocks and bonds. Stocks own the equity in a corporation. Profits go to the stockholders after payment of interest on the bonds and other indebtedness. This may be much or none, and it fluctuates up and down. Some people make lots of money by buying stocks at the right time; while other people lose everything by buying them at the wrong time.

Bonds — on the contrary — are the same as a mortgage on your house. The interest on bonds is a prior claim. Usually their price does not fluctuate as widely as the price of common stocks and the interest is most always paid. Hence, they are much safer to buy than are stocks. In addition to U. S. Government Bonds, there are three other important types of bonds: (1) "Full Faith" State and Municipal Bonds, which are the safest investment you can buy and whose interest is non-taxable (2) Corporation Bonds, which — of the same company — are safer than the stock of that company, but their interest is taxable. (3) Revenue Bonds which are issued by your state, city, or town, but your interest payment depends upon the earnings of a state turnpike, or upon your local gas, water, or sewerage system. This interest, however, is not taxable.

TODAY'S PRICES FOR BONDS

All bonds are cheaper than they have been for over 20 years. Buy almost any today and you should have an excellent investment. But by proper selection, with the help of an investment counselor, you should be sure to make money particularly by purchasing selected non-taxable bonds. Buying good non-taxable bonds is just like discovering gold in your own back yard. No reader of this column remembers my ever saying this since the panic of 1929-1932.

All of the following non-taxable Revenue Bonds were selling at par (\$1,000) a few months ago. Today they can be bought as follows:

Florida Turnpike Authority Revenue Security, 3 3/4% rate, maturity, 4/1/95, price, \$8.50.

Illinois Toll Highway Revenue Security, 3 3/4% rate, maturity, 4/1/95, price, \$7.00.

Indiana Toll Road Commission Revenue, 3 3/4% rate, maturity, 1/1/94, price, \$7.50.

Greater New Orleans Expressway Revenue Security, rate 4%, maturity 11/1/94, price \$2.00.

Maine Turnpike Revenue Security, rate 4%, maturity 1/1/89, price \$5.50.

Mackinac Bridge Authority Revenue Security, rate 4%, maturity 1/1/94, price \$4.50.

Ohio Turnpike Revenue Security, rate 3 3/4%, maturity 6/1/92, price \$8.50.

Chesapeake Bay Ferry District Revenue Security, rate 4 1/4%, maturity 4/1/86, price \$5.00.

Massachusetts Turnpike Revenue Security, rate 3.30%, maturity 5/1/94, price \$7.00.

NON-TAXABLE BENEFITS

But here is something else to remember. The income you get from ANY stock, corporation bond, or even U. S. Government Bond, is taxable. Practically everyone must pay a Federal Tax of at least 20%-25% of all dividends and interest received except from State, City and Town Bonds, and special non-taxable authority issues which include these Turnpike Revenue Bonds.

Here is what this means to you. Whatever your income, you can save 20%-25%. If, however, you are in a higher income tax bracket (say 50%), 4% on any of the above bonds could net the same as 8% on taxable stocks. If your income is \$50,000, then the interest on these 4% tax-free bonds equal 16% in taxable income; while those having income of \$80,000 get an equivalent yield of 25% on their money after all taxes. Seems too good to be true; but it is true!

THE FLY IN THE OINTMENT

Why doesn't everyone with large incomes buy these bonds now? It may be that they are waiting for lower prices due to the fear that many more new Turnpike Bonds are coming on the market. Or it may be due to fear of the competition which these present turnpikes may have from the new U. S. Government highways. Surely I do not fear such competition.

If you believe that automobile riding is going to be less and that the automobile business is "going to pot", then don't buy these tax-free Turnpike Bonds. If you believe World War III is soon coming, when gas again will be rationed, you are justified in being cautious. But I believe such fears are now foolish. Hence, I say: "Buy seasoned Non-Taxable Turnpikes — and buy them today."

THESE ARE THE GOALS

With the advent of the new year and the appointment this week of committee chairmen for the Muleshoe Chamber of Commerce, it might be well to list here some of the plans and projects of the Chamber, as well as a few of the things that appear to be immediate needs for the community.

Foremost among the projects planned by the new Chamber directors under the presidency of Jerry Kirk, is the establishment of a working committee to secure new industries for Muleshoe and Bailey county. Industry in the form of packing and processing plants for vegetables appear to be the most likely prospects, although other types of businesses, including the manufacture of cotton articles will not be overlooked by the development committee headed by Walter Woodrum and M. D. Gunstream.

Such a program would bring not only added payroll money into the community, but also would add to our population, and would naturally create a second problem, already high on the agenda of problems of the Chamber, that of additional housing in Muleshoe.

The need for housing here is acute. There is no other word for it. While Muleshoe is not in the midst of a boom, as such, the natural growth of the community keeps the available supply of housing far behind the demand. Some type of housing unit such as have been constructed in several other towns in West Texas, might be the solution, although the real need is for more privately owned and built homes, rather than rental

units, not discounting the urgent need for rent houses.

This brings to the fore another real problem which also is on the Chamber's agenda for the year. That is the need for some sort of an institution which could supply loans for building private housing units.

There is simply not enough money available for this purpose in Muleshoe. Outside lending institutions cannot be expected to take as keen an interest in local housing as a local institution would have.

In this regard, there has also been broached the idea of forming an employee's credit union. Committee chairmen know of the aims of the Chamber for the year, and will be expected to work at their committee's goals.

Another item, which will get priority from the Chamber, along with an active campaign to secure new members, is a program to compile and publish an adequate brochure on the history of Muleshoe and the advantages it offers to outside firms and individuals contemplating a move to this area.

While it is not expected that all these goals will see their fruition by the end of the year, certainly some of them will have been attained, and considerably more than the ground work will have been laid for others.

We predict an active year for the Chamber and the town, one that will be noted for many achievements.

TODAY'S MEDITATION

Sand Hills Philosopher Warns...

WASHINGTON NOT TO LOOK TO HIM FOR ANY HELP

and his Johnson grass farm has gotten word of the national budget, his letter this week indicates.

Dear editor:
The other night during that cold spell after I'd gotten my chores done, well, they weren't actually done according to some standards but they were by mine, which is to say I just let 'em slide, I was sitting by the fire reading the news from Washington in a copy of a newspaper I'd found earlier in the day on the road near my house where it'd blown off the radiator of a car where somebody had tied it to keep his block from busting, and I got interested in President Eisenhower's budget for this year.

As I understand it, he says we'll have to spend more money but won't have to raise taxes. He says it will take about 72 billion dollars to run the government for the next twelve months, which is an increase of about 3 billion over what it took last year, and while I'll admit it doesn't make much difference to me, I don't know the difference between 69 billion and 72 billion anyway, they lost me way back there, I did notice that Ike's advisors were telling him that the increase wouldn't throw the government in the red,

even without a tax increase, because they were figuring there'd be more money coming in this year because of more income tax payments because of higher incomes, and thus the budget will stay balanced.

Well, now, I'll tell you, I sure hope Ike ain't basing his plans for a balanced budget on any increased earnings on my part. I don't believe I can swing it. I'd sure like to help him out, but if the United States government is counting on me increasing my income in 1957 to balance the budget, they better re-figure the whole thing.

If the Washington experts are counting on me to keep 'em out of the red, my advice is to stop counting their chickens before their eggs are hatched. In fact, they'd better check up on the eggs too. My hens haven't been laying much.

Understand, I'd like to help balance the budget, be proud to, but any spending program in Washington which is based on the assumption I'm gonna make more money in 1957 than I did in 1956, just ain't being realistic. I'd like to help Ike balance his budget all right, but I haven't ever gotten around to balancing my own yet.

Yours faithfully,
J. A.

POLL TAX FACTS

You can help write history — and also help to determine your own living conditions — if you remember to pay your poll tax before January 31st.

If you do, it is entirely possible that your vote alone could change the course of history. It has happened before.

More than a century ago, one vote sent a certain man to the Indiana State Legislature. A vote cast by this legislator sent Edward A. Hannegan to the United States Senate. And the vote cast by Senator Hannegan was the margin by which Texas was admitted to the Union.

One vote was also the margin by which an Indiana Congressman was elected... and a single vote, cast by that same Congressman in 1876 made Rutherford B. Hayes President of the United States.

Texas has had many close elections — some so close that a mere handful of votes determined the outcome. So remember:

All citizens, 21 to 60 years of age, must obtain a poll tax receipt (the tax is only \$1.75) in order to vote. This includes citizens in the regular military service (to be paid or secured

in the county or their residence at the time they entered the service).

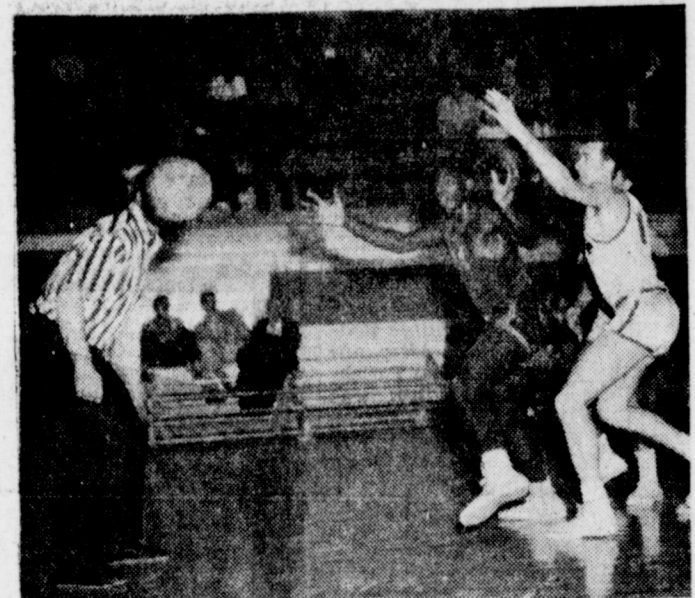

Persons 60 years of age or older before Jan. 1, 1956, are exempt but must secure an exemption certificate before Jan. 31, 1957, if they reside in cities of 10,000 population or more. (If they live outside the city limits of a city that size they do not need a certificate to vote.)

A husband can apply for his wife's poll tax receipt and vice versa.

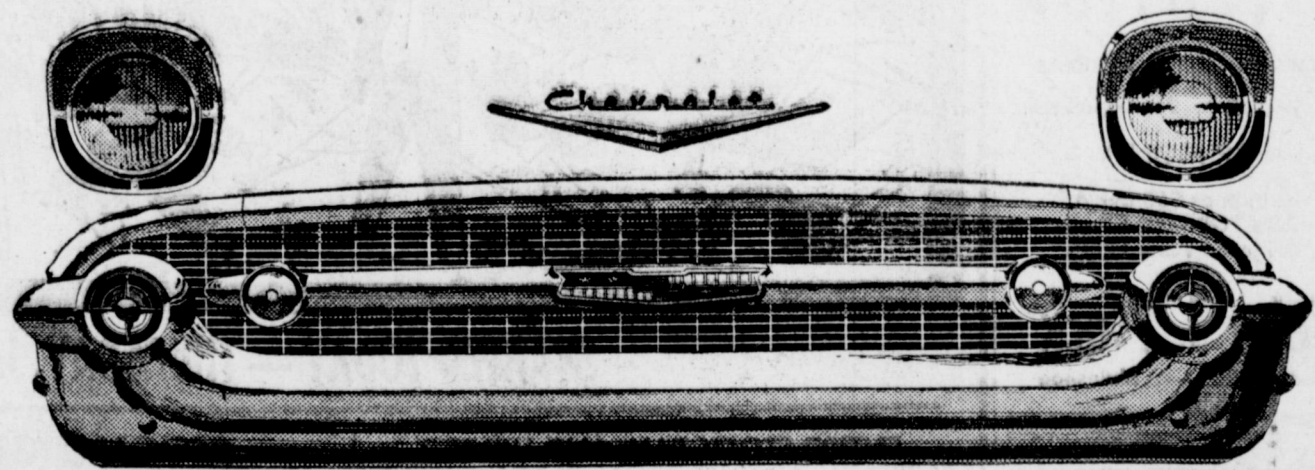

Any person becoming 21 years of age after Jan. 1, 1956 and before Dec. 31, 1957, is exempt from the payment of tax but must secure an exemption certificate.

New residents of the State of Texas, after Jan. 1, 1956, are entitled to exemption certificates, but must have lived in Texas for at least one year and in the County where they offer to vote for six months prior to the election in which they wish to vote.

As a citizen of a free country, it is your solemn duty to vote in every election. You can help defend your freedom, but ONLY if you are armed with a poll tax receipt or exemption certificate.

WHO SAYS HE'S A BUBBLEHEAD? — Players appear startled at the sight of a ball-headed referee during a recent basketball game at Morago, Calif. Before "losing face," the man in the striped shirt lost his voice shouting so much in the earlier part of the contest.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only

car in its field with a lacquer finish... that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

Sidedress Small Grain For Better Average Yields

Generally, the value of using a nitrogen fertilizer for increasing the yields of cotton and corn is well known, but according to M. K. Thornton, extension agricultural chemist, small grain producers who fail to give their crop an application of this same plant food are passing up an opportunity to increase yields.

From now until mid-February, farmers in the area south of Wayco should apply the nitrogen sidedressing. Those to the north of the area should make the application by March 1 or not later than March 15.

The specialist emphasizes that demonstrations conducted for the past several years have shown that small grain yields can be increased from 25 to 3 percent through the use of nitrogen fertilizers.

Generally, Thornton says, an application of 150 to 200 pounds of ammonium sulphate or 100 pounds of ammonium nitrate an acre is sufficient if applied within the suggested dates. The increased yields will more than pay for the plant food and labor required to put it on the crop. Too, he adds, increased yields are needed now to replenish the short stocks of farm held small grains in Texas. Of course, he says, cooperation from "mother nature" in the form of badly needed moisture will materially aid the cause of production.

For more detailed information on the use of all types of fertilizers, Thornton suggests a visit with the local county agent.

Cotton Seedling Disease Control Increases Yield

Seedling disease has cost Texas growers an estimated 426,000 bales of cotton during the past five years says a report from the Cotton Disease Council.

Harlan E. Smith, extension plant pathologist, offers suggestions for halting these losses.

Plant, he says, when the soil temperature, at about 7 a.m. is 68 to 70 degrees F. at a depth of 3 to 6 inches over a 3-day period. Treating the seedling with seed insurance especially once the plant is growing, the protective period is over, says Smith.

The presence of seedling disease should not be considered a failure of seed treatment because the disease may be either seed or soilborne. Seed treatment has greatly reduced cotton replanting, and made possible earlier planting. Fungicides for use in the furrow at planting time may be recommended in the near future and should lengthen the protective period of the treatment, says Smith.

Plant food nutrients have some effect on the development of seedling blight diseases and Smith says a proper balance between the main nutrients seems to be important. He suggests planting only mechanically or acid-deteriorated certified seed on well pulverized, raised seed beds. Planting too deep enough to obtain good germination for the desired stand, he adds.

The use of a rotary hoe will help dry out soil around small seedlings and help provide growing conditions for disease resistance. Years of research have shown, says Smith, that planting rates in excess of 25 to 30 pounds of seed an acre increases the chances for seedling diseases.

Finally, the specialist points out that research has indicated that soil fungi cause cotton seedling disease and most are present in all Texas soils. Any one or more of the fungi in various combinations can be responsible for seedling diseases. Cold, wet winters provide ideal conditions for fungi attacks on the cotton seedling.

Eggs, Beef Top Plentiful Food List For Month

The feature spot on the USDA's plentiful foods list for February for the southwestern area goes to eggs. Supplies of this highly nutritive food are heavy and prices attractive. Consumers are urged to take advantage of the situation.

Beef, lamb, broilers, and fryers, and ocean perch and had-dock filets are also listed by the USDA as in plentiful supply.

Other foods expected to be plentiful during February include rice, milk, and other dairy products, potatoes, canned sweet corn, canned purple plums and dried prunes.

A monthly survey made by the southwest food distribution division, Agricultural Marketing Service, USDA, forms the basis for determining the plentiful foods list for the southwestern area.

Freedom Theme Of Rotary Talk

Some ideas about freedom, not usually heard, were expressed by Dr. Hubert Bratcher, superintendent of the Pampa Methodist district, who spoke at the Rotary Club luncheon Tuesday.

Dr. Bratcher said some might think freedom from business worries by the sudden acquisition of wealth would be ideal. Most finding themselves in that condition long for the restraints they formerly felt.

Between World Wars I and II, he said four ideas seemed to gain headway:

1. Independence without discipline.
2. Bread without work.
3. Privilege without responsibility.
4. Morality without God.

Dr. Bratcher was here on business. A cousin of L. E. Bratcher and others, he owns land in the community. He was introduced by Horace Edwards, long time friend.

RETURNS HOME

Mrs. L. L. Wenner is home after a week visit at Dalhart, in the home of her daughter and son-in-law, Rev. and Mrs. E. L. Merriott.

Guests in the Oran Reeves home Sunday were Mr. and Mrs. Foy Lewis and children.

The Three Way grade school basketball team played Bda Thursday night. Three Way lost both games.

Good Lawns Require Time, Effort

Good lawns don't just happen. They are the product of considerable time and effort, says E. M. Trew, extension agronomist. A fertile soil, adapted grasses, and drainage along with proper watering, fertilization and mowing are essential for establishing an attractive lawn.

A sandy loam soil high in organic matter is considered best for lawns. The lawn area should be graded for proper drainage and smoothness. Sand may be added to clay soils or clay to loose sandy soils in order to make them suitable for lawns, says Trew. A soil test is recommended in order to know just what kinds and amounts of plant food should be added to the soil. The fertilizer should be worked into the soil by plowing or spading. The addition of organic matter will improve the tilth and water holding capacity of the soil but in new lawns, Trew recommends the use of nitrogen fertilizer along with the organic matter to take care of the decomposition process.

Only adapted grasses should be used in the lawn. Bermuda is the most widely adapted lawn grass for Texas. San Augustine grass is recommended for the eastern half of the state. Buffalograss is recommended for areas where watering facilities are not available except in East Texas and Gulf Coast areas. Centipede is not generally recommended for lawns. Zoysia is adapted in Texas but unless the home owner is willing to do all the necessary things for establishing and maintaining a beautiful lawn this grass is not recommended. Perennial ryegrass, tall fescue and Kentucky bluegrass can be used in the Panhandle area for permanent lawn grasses if irrigated.

Trew recommends that only high quality seed of a single grass, not a mixture, be used for lawn seeding. Lawns may also be established with sprigs or by sodding depending upon the

grass used. The new lawn should be watered lightly and frequently until it is established. Then less frequently and in increased amounts as needed. Mow frequently, clipping only about a half inch of growth at each mowing. Fertilize throughout the growing season for an attractive vigorous growing lawn.
