Tahoka, Lynn County, Texas, Thursday, January 10, 1929

Number 20

## COUNCIL HAS BUSY SESSION

To Move Trees An Pave Parkway On Porterfield; Plan Sidewalks And Street Markers

At the regular meeting of the city council held Monday night, action was taken providing for the digging up and removal of the three trees situated in the middle of Porterfield Street between the blocks on which the Security State Bank and the Thomas buildings are situated. It was also provided that the unpaved portion of this section of Porterfield Street should be hard-surfaced with concrete. The work will be done at an early date.

The matter of starting a sidewalk campaign was also discussed. No ordinance was passed but a committee was appointed to confer with property owners with a view to procuring agreements to lay concrete sidewalks along certain blocks leading from the business section to the high school building. An ordinance may be passed later requiring the building of sidewalks if such action should be deemed necessary. Otho Thomas, H. W. Calaway, and W. S. Taylor were appointed as a sidewalk committee.

The appointment of W. M. Lee as deputy city marshal was confirmed by the city council. Heretofore he has held a commission as a deputy sheriff.

The matter of tearing down the City Tabernacle and selling the material was also discussed but no action was taken.

The mayor also announced that according to previous action taken by the council, street signs are being prepared to be placed at all street intersections.

## Several Business Changes Jan. 1st

The Connolly Motor Company are now moving into their commodious and handsome new building. This structure is 50 by 125 feet in size, with the office, show room, and accessory department in the east end. The west portion of the building is to be used as the repair shop. The office and show room are being given a beautiful interior finish and the arrangement is ideal. The Connolly Motor Company is to be congratulated upon this splendid improvement.

W. G. Tarrance has sold his interest in the Anchor Filling Station to J. B. Vickery, the latter taking charge on January 1. Mr. Tarrance has bought out the Gorman truck line and is engaged in the trucking business.

Travis Gorman, who sold the truck business to Mr. Tarrance, has leased the Lone Star Service Station from H. B. Howell and has been in charge since January 1, succeeding W. K. Crume. (Mr. Crume has not yet announced just what line of work he will follow.)

Also, on January 1, J. W. Pippin, who had leased and had been operating the Buick Service Station, surrendered his lease and left town. W. A. Wimberley of O'Donnell, who formerly operated this station, taking charge at once, and is now operating it.

## JAYNES DEVELOPS HIGH GRADE GRAINS

J. A. Jaynes of the New Lynn community believes in raising only high grade grains and other farm products. He has turned his attention the last few years specially to the development of high grade feed-stuffs. His grains took many prizes at west Texas fairs before he came to the plains. He moved to Lynn county a little more than a year ago and immediately began advertising his highly developed maize seeds. A number of farmers in that locality tried his seeds last year with splendid results. Some of those who used his seed testify that they got a much heavier yield than they did from other seed planted. He not only has high grade maize seeds but also Kaffir, bigari, Chiltex, algeria, and feterita seeds that are said to be of superior quality. In fact he has established a regular pureseed farm and is developing quite a large seed business, and is filling many orders for pure seeds.

D. H. Goodnough and family have recently moved into a residence in West Tahoka.

## SUBSCRIBERS STILL RE-NEWING

The response to our request made several weeks ago that our subscribers renew promptly has been fine. There have been scores of renewals, and many of those renewing have expressed their appreciation of the paper. Their kind and generous words have been highly appreciated by us.

There are still some on our lists, however, who have overlooked this matter. It has never been our custom to drop a subscriber's name from our list as soon as his subscription expires. We shall not adopt that policy now. We know that most of them will call at some convenient time and pay up. Therefore we keep the paper going for a reasonable time after subscriptions expire. When a subscriber, however, permits his subscription to remain delinquent for a long period of time, we take it for granted that he does not want the paper longer and drop his name from the list. If you know yourself to be in arrears, why not come in now and set your figures into the future? We thank you.

—THE PUBLISHERS

## GYM SECURED FOR '29 SEASON

Basketball Games To Be Played Downtown In Old Connolly Building

Pupils of the Tahoka High School have rented the west half of the building soon to be vacated by the Connolly Motor Company to be fitted up and used as an in-door basketball court. Many games are being planned and the building will accommodate a large number of spectators. In fact, it is an ideal place for basketball. A county tournament is being planned for the near future. The season is just now opening. There are some excellent teams in the county, and interest in this form of athletics is expected to grow intense when the contests get in full swing.

The Tahoka boys team goes to Lamesa tonight to play the Lamesa team there. There will be a return engagement here some time soon, in all probability.

## Kiwanians See Boys' Handiwork

Upon the invitation of Superintendent Baze, who is also a member of the Kiwanis program committee, two of the pupils of the high school demonstrated the results of their inventive genius at the luncheon Wednesday.

Bob Caveness exhibited an ingenious sand-loading machine of his own device that operates automatically as long as sand is fed into the container. From the model exhibited, it is possible that a machine might be constructed that would be of practical value. At any rate, it gave proof of considerable genius and much thought on the part of the youthful inventor.

Keith Kemp exhibited a radio sending station and also a receiving station which he had devised. While the contrivances were not completed so that a demonstration could be made, yet Supt. Baze asserted that he was positive it would send radio messages when completed.

Each of these boys is only about thirteen years of age and they are to be highly commended for their achievements.

## THREE LAKES DEFEATS T-BAR

The following report of a game of basketball between the Three Lakes and T-Bar teams has been sent to us by the coach of the Three Lakes team, Prof. J. H. Barnett Jr.

"The consistent scoring of Ellis in the last half of the game led the Three Lakes Long Horns to an easy victory, 28 to 4, over the T-Bar cage Mentors.

"Captain Ellis, center, of the Three Lakes aggregation held high scoring honors with 20 points, while C. Hickerson, forward, of the Long Horns was second with 6 points."

## BURGLARS ROB McCORMACK'S

Big Haul Made Wednesday Night On Gun Stock; Cash Is Also Taken

The McCormack Hardware store was entered here Wednesday night and merchandise consisting chiefly of guns, valued at several hundred dollars, and cash amounting to about \$40.00 were taken. Entry was effected by prying open the rear door. Not only were valuable goods stolen, but the locks on the two or three cash registers were broken in order to procure the contents.

Night watchman W. M. Lee discovered about 1:30 o'clock that the light left burning in the store was out and that the back door was open. He notified D. W. Gaignat at once, who came down immediately. The sheriff's office was also notified and phone calls were made to the sheriffs of all neighboring counties that could be reached.

The burglars are evidently well armed, for a list of the goods taken from the McCormack store comprises the following: 1 new Remington pump shot gun, 1 new Marlin pump shot gun, 1 used Winchester shot gun, 1 new army rifle (Remington), 1 Colt automatic pistol, 32 calibre, 1 slightly used Colt automatic pistol, 38 calibre, 2 new Remington automatic pistols, 38 calibre, 1 used Army Model Colt automatic pistol, 38 calibre, 1 new 32-20 single action Colt Revolver, 1 22 target Revolver, 1 used Colt Revolver, several 22 calibre Remington rifles, a quantity of ammunition, a number of Diamond Edge pocket knives, and some cheap watches.

So far as we are advised officers have little or no clue to the identity of the guilty parties and no knowledge as to the direction they went from here.

## Chris Adair Brings Bride From Memphis

Chris Adair arrived in Tahoka late Monday evening from Memphis, Tennessee bringing with him his bride of two weeks. Chris was married at 1:30 p. m. on December 24, at the parsonage of the Louisiana Street Baptist Church in Memphis, Tenn., by the pastor, to Miss Maggie Lou Phillips of that city.

Mr. Adair and Miss Phillips first heard of each other a few months ago through mutual friends, when they began a correspondence which resulted in a love affair. Early in December Mr. Adair left for Memphis, and after his arrival there the "romance" developed rapidly, culminating in the wedding above announced. Mr. Adair says that this is his wife's first trip west of the Mississippi River but thinks she will like the West.

Mr. and Mrs. Adair were accompanied to Tahoka by Mr. and Mrs. Jim Mayberry and the former's little daughter, of Memphis, who will locate in this county and who are friends of the bride.

## NOTICE OF SALE OF IMPOUNDED STOCK

Notice is hereby given that I have impounded the following live stock found running at large within the city of Tahoka and will sell the same at public auction to the highest bidder for cash on Monday, January 21, at 2:30 o'clock, at the Billie Brandon Wagon Yard, said stock being of the following description, to wit: 1 gray horse, 15 h. h., smooth mouth, no brands nor blemishes; and 1 brown horse mule, 15 h. h., smooth mouth, no brands, wire cut on right hind foot.

C. M. Finch, City Marshal. 1c

STRAY HORSES—I have taken up the following live stock running at large at my place, to wit: 9 mules, and a gray horse. Owner expected to pay the damages.—G. O. Coley, Joe Bailey community, Tahoka Rt. 2.

C. P. Church and H. R. Grayson, prominent citizens of Merkel, are here on business. Mr. Church owns three or four good farms in this county and says he likes the country very much. He just recently bought one farm in the Midway community. Mr. Grayson has extensive land holdings near Merkel, one tract having a 200-barrel oil well on it. Both complimented Tahoka highly.

## P. W. HORN'S TEST OF TOWN

Tech President Would Ask Ten Questions Before Moving To A Place

In addressing the Tahoka Chamber of Commerce last Tuesday night, Dr. Paul W. Horn, President of the Texas Tech College, declared that the question of first importance with any town is not how large it may grow to be but how good a town is it? He stated that if he were thinking of moving to Tahoka, he would ask the following questions:

1. Can I make a living there?
2. Can I and my family be healthy there?
3. Can my family be comfortable there?
4. Can we have the conveniences of life?
5. What about your public schools?
6. What about the aesthetic side—the beauty of the town?
7. What about the churches there?
8. What about its accessibility? Can you get to and from it easily?
9. Is your town going up hill or down hill?
10. What is the type of people living there?

Dr. Horn discussed each of these topics briefly and cogently. He showed that these are each important considerations with most people seeking a new location, and the inescapable conclusion was that any town desiring to attract newcomers and keep growing should give careful attention to all these matters. We pass the questions on to the various civic organizations of Tahoka for their consideration.

Dr. Horn was introduced by Supt. M. L. H. Baze, who highly praised the Tech College for its amazing growth and the efficient work it is doing. He ascribed the major portion of its success to Dr. Horn.

## Uncle Ike Retains Marrying Supremacy

According to the statement that appeared in the News two weeks ago, G. C. Grider, county judge of Lynn county, offered to marry the first couple that should procure their license after he should assume the duties of his office, free, the license to be issued by the new county clerk, Truett Smith. However, Uncle Ike, the famous marrying squire, soon made his first proposition seem cheap by proposing not only to marry the first couple free but also to give them a ten-dollar bill as a bonus. It seems that Dan Cupid was a little reluctant in playing his role, for that proposition remained open almost a week before being accepted. Then, at the midnight hour last Sunday night, W. A. Tankersley and Miss Norine Powell, a fine young couple, seemed to sense the opportunity, and after resurrecting County Clerk Truett Smith from a warm bed to issue the marriage license, Uncle Ike was called upon to perform the ceremony. After the wedding the couple received the ten-dollar bill and the best wishes of all present and left immediately for their short honeymoon. According to our offer made two weeks ago, the Lynn County News will go to their address for one year, free of charge.

## Negro Is Charged Of Liquor Violation

A gentleman of color was arrested by the sheriff's force in O'Donnell Sunday night on a charge of unlawfully transporting intoxicating liquor. Further investigation is to be made, according to Sheriff Sam Sanford, to determine if possible where and from whom he procured the liquor that was found on his person. Possibly the negro will be used as a witness against the man who sold the liquor.

## Rev. and Mrs. B. N. Shepherd received a message early this morning that Mrs. Shepherd's brother, E. J. Howard, was seriously ill at Rochelle, where he resides, and that there was little hope for his recovery. Rev. and Mrs. Shepherd left in their car for that place as soon as they could get ready. Brother Shepherd was unable to say whether he would be able to get back for services Sunday or not.

## Interest Renewed In C-C At Banquet

Program For P. T. A. Is Announced

The following announcement of the program to be rendered by the Parent-Teachers Club at its meeting to be held at the Central Ward school building next Tuesday afternoon at 4 o'clock, January 15, has been made. In handing us the announcement Mrs. Baze said that all parents are urged to attend the meetings of the P. T. Club. "There is a picture to be given, the room which has the greatest number of parents present each meeting," she continued. "These meetings are held each first and third Tuesday of each month at the Central Ward building."

The program next Tuesday afternoon is as follows: Opening song: America. Prayer—Rev. R. T. Breedlove. Music—Orchestra. Report of Amarillo (Meeting). Mrs. Kercheville. P. T. School Associations—Mrs. H. A. Maasen. Business Meeting.

## RAIN TUESDAY TOTALED .58 IN.

Puts Soil In Still Better Condition For Plowing; Wheat Is Looking Good

A fine rain visited this entire section of the state Tuesday night. All Lynn county seems to have been covered. The precipitation in Tahoka amounted to .58 of an inch. Some localities report heavier precipitation than that. While the soil was already in good condition for plowing, yet this rain will place it in the finest condition possible. Many farmers are now ready to begin preparing their land for another crop.

The wheat acreage in this county is comparatively small but it was doing well even before the rain. This rain will keep it growing for several weeks, and the prospects for a good yield are excellent. The only damage done by the rain to the cotton crop is the delay of a day or two in gathering.

It is said by old-timers here that rain rarely falls here in January. Government records show scant precipitation throughout this section in the winter months, and that usually comes in the form of snow. This rain was unusual but welcome.

## New Home Citizen Is Buried Here

L. G. De Priest, prominent citizen of New Home community, died at his residence last Thursday, after a long-continued illness, and the remains were buried in the City Cemetery here Friday afternoon. Funeral services were conducted by Rev. B. N. Shepherd at the Baptist Church.

Mr. De Priest was 73 years of age and had long been a resident of Lynn county. He was a splendid citizen, a member of the Baptist Church, and a most estimable gentleman in every respect. He had many friends in Lynn county, who are grieved at his departure.

Besides his companion, he left three sons and four daughters surviving him.

## CARD OF THANKS

We wish to thank the good people of the Central Church community, for kindness and help and every word of sympathy, during the sickness and death of our darling wife and daughter, and sister.

Especially do we thank Mr. and Mrs. M. L. Short, for the beautiful floral offering.

May God bless each and every one of you and if you ever have this sorrow may you meet with the same good Christian people to comfort you.

Thomas S. Jackson, husband. Mr. and Mrs. W. C. Russell and family. Mr. and Mrs. Jackson, father and mother-in-law.

## ELECT WHITE AS PRESIDENT

New Board of Directors For 1929 Is Selected; Dr. Horn Is Principle Speaker

New life apparently was infused into the Tahoka Chamber of Commerce at its annual banquet held in the basement of the Central Ward School Building Tuesday night. Dr. Paul W. Horn, President of Texas Technological College, delivered a thought-inspiring address, taking for his theme "Some Questions I would Ask If I Were Thinking Of Moving to Tahoka". Music was rendered by the orchestra. A couple of numbers were also given by the Donkey Quartet and Mrs. Jackson favored the banqueters with a few piano selections, rendering "The Side-walks of New York" by request of the toast-master, for the special benefit of the editor.

The feast itself was fine. It was provided by the ladies of the Church of Christ and the Home Economics girls served. A goodly crowd was present in spite of the rain and stormy weather. President R. P. Weathers presided with dignity, injecting a little wit into the program now and then, and Garnet Reeves of the Lubbock Chamber of Commerce, who accompanied Dr. Horn, made a brief address, thanking Tahoka for the co-operation it had always given in every effort to help this section of the state.

Prof. Taylor White, acting secretary of the organization, read his report, reciting the accomplishments of the organization the past year. We hope to publish this report in full next week, for it will serve to call the attention of our people to a surprising amount of service rendered.

Following the report, new officers for the ensuing year were elected. Prof. Taylor White was elected President and J. Emory Nance, Vice-President. A board of directors was also elected, consisting of the following gentlemen: W. R. Neyland, D. W. Gaignat, J. K. Applewhite, Chester Connolly, J. C. Wells, W. L. Burleson, Truett Smith, G. H. Nelson, E. E. King, O. C. Roberts, E. L. Hill and M. L. H. Baze.

## Farm Loan Ass'n. Holds Annual Meet

The Tahoka National Farm Loan Association held its annual meeting in the county court room Tuesday afternoon and re-elected the old board of directors, composed of W. D. Nevels, A. R. McGonagill, J. S. Wells, I. M. Draper, and W. B. Edwards.

Following the meeting of the association the board of directors met and elected officers as follows: President, W. D. Nevels; Vice-President, A. R. McGonagill; Secretary-Treasurer, E. M. Swan. Messrs Nevels and McGonagill had held their respective positions for several years, but Mr. Swan was elected to succeed B. F. (Uncle Ben) Rogers as secretary-treasurer. Uncle Ben had been secretary-treasurer the past three years.

In the general meeting of the association, members expressed their appreciation of the service being rendered the farmers by the Federal Land Bank, but W. L. Tunnell expressed criticism of the authorities at Washington for not providing some kind of farm relief to enable the farmers to get a fair price for their products. He favored measures, as suggested, to preserve the soil and to prevent soil erosion but declared that the farmers were already making more farm produce than they could sell. His remarks seemed to meet with general approval but no action was taken in this matter.

Judge G. L. Matthews and his client, L. E. Williams, both of Floydada, were business visitors in Tahoka Wednesday.

Jess Eubanks is constructing a neat 5-room stucco residence on West Lockwood street immediately west of the E. L. Howard home.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

A blanket of cruel snow covers the Panhandle country, while we bask in the glorious sunshine of the most favored spot in the semi-tropical Central Texas. But we're not selfish with our big garden—we have room aplenty and our gates stand open to the Yankees of Northwest Texas.

Some of the present week has been the very coldest of the winter, with lots of ice to prove it. A good rain just now would lend much encouragement to the starting of the 1929 crop.

Moody are parents of a fine, typical American boy, who made his advent Sunday night. Daddy Dan now has another job almost as big as that of acting as governor—at least he will probably think so many a time before he gets the boy raised. Still, to rear and train a boy aright, or a girl either, is the greatest and sweetest privilege that Providence has vouchsafed to man.

The result of the last election evidently convinced officials that the people want the dry laws enforced. Newspapers bring reports almost daily of sweeping raids of booze joints in New York, Chicago, and other cities. We hope they keep up the good work until they clean up all our cities. But we are wondering if such a campaign would have been started had Al Smith been elected President.

but we also love the snows of the Panhandle in the winter and its balmy breezes in the summer. Great is Texas, especially the Panhandle-Plains section.

Press dispatches from Austin state that Judge C. H. Jenkins of Brownwood, who is a member of the legislature which convened Tuesday, will introduce bills providing for judicial reform. He will not only fight for those measures suggested by the State Bar Association but also for others of his own composition. Judge Jenkins will doubtless be a power in the legislature. He is a man of big brain and big heart. He has always been a progressive. Many years ago he was one of the wisest and most conservative leaders of the Populist party. Upon the demise of that organization, he came back into the Democratic fold. Soon afterwards he was elected to a place on one of the courts of civil appeals, where he served many years. He is a learned lawyer and a judge of wide experience. He will bring much wisdom and knowledge to the legislature. If that body were composed solely of men of his type and ability, we are confident that we would have less complaint to register against the laws enacted in this state. May his tribe increase—at Austin.

"Unto us a son is given; unto us a child is born." Governor and Mrs. Moody are parents of a fine, typical American boy, who made his advent Sunday night. Daddy Dan now has another job almost as big as that of acting as governor—at least he will probably think so many a time before he gets the boy raised. Still, to rear and train a boy aright, or a girl either, is the greatest and sweetest privilege that Providence has vouchsafed to man. Congratulations, Governor!

C. B. Caveness, who resides over near the east line of the county, renewed his subscription Monday.

It is noticed E. I. Hill, publisher of the dandy little paper at Tahoka, thinks it prudent at least to try West Texas the next time for timber to make a governor of. How about Mr. Blanton, E. I.? —Killen Herald.

Blanton would not be so bad, W. T. In fact, we believe he would be a dandy governor. He is inclined to be a little demagogic, perhaps, and we have not been in the habit of supporting him, but if he were governor he would pry into every graft and come as near stopping costly leaks and sloughing off useless offices as any man in Texas. Mighty few men in Texas that would make a better governor—and we may run him, W. T.

The News feels that this district has a sound and conservative representative in the present legislature in the person of Carl Rountree of Lamesa. We believe that he will represent this district with credit to himself and for the best interests of Texas.

The Honorable Pink Parrish of Lubbock, representing this senatorial district, will be a conspicuous figure in the Senate of Texas, which convened Tuesday. Judge Parrish has good ability and he should make a worthy successor to Senator Bledsoe.

**CHRIST'S MISSION**

Luke 4:18. The Spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised.

Luke 19:10. For the Son of man is come to seek and to save that which was lost.

John 14:2, 3. In my Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.

PRAYER: O Lord, Thy ways are not as our ways, neither are Thy thoughts our thoughts, for as the heaven is high above the earth, so thought our thoughts, for as the above ours.

The Senior Leaguers will have charge of the preaching service at seven o'clock. The public is invited to see what the Leaguers all over the Conference are doing.

**SLAT'S DIARY**

(By Ross Farquhar)

Friday—Well skool has begin agen. And the teacher says to me when I go back to skool that she wishes me a Happy New yr. That all ways sounds like Sourcasm washing you a Happy new yr. and then making you start to skool at the same Identikle time

Saturday—Well A n t Emmys neace has broke off her engagement witch lives in the Suthern part of the state.

She was all set to get married to a man, but they got to discussing thissen that and then they got into a argumint about how mutch allamoney he wood settle on her and they cudent agree so they Quit for good.

Sunday—Ma was reeding in the Sunday paper where a man was a suing his wife for a divorce on act. she woodent wash the dirty dishes at there house for sevrul days at a time. Pa whispered to me and sed. Well if that women went to as meny bridge parties as yure ma does, they woodent seldom be enny dirty dishes to wash. How Ever ma diddent hear what he sed. He has had a lot of luck here of lately.

Munday—I seen Jane today and I told her I had a Noshun to come over to her house last night and see her and she sed Gee Why diddent you. I wassent at home. Women of her sex is hard to understand sum times. Sum fellas mite get sore at her for saying things like that. But she cant joak me.

Tuesday—We had Co. tonite and a yung lady which's name I wont rite down was here and plade on the peano and after she had Got threw with 1 peace she ast if they was ennything sum of us wood drather ahead play and I whispered to pa that I drather ahead play Drop the Hankercheaf. The evning was kind of spoiled after that becuz she hapend to over hear what I sed I am standing up to rite this to.

Wednesday—Ma was wirrying about not having ennything to ware to the party witch ise being give next week and pa got about 1-2 sure. He sed Yure just like all the other wimen. they will lie, steel and do enny thing for close Xcept wear them.

Thursday—I told Jane this morning at skool that I dreemed I was taking a walk with a bewtiful lady last nite. She answered and replied and sed. Well where did we walk to. Since I have ben thinking about it it seems to me she is a little bit conseeded

Dock Cunningham of Grassland called Saturday to be sure that he was on the safe side on our subscription list and moved his figures forward another year. He will keep abreast of current events in Lynn county for at least one more year.

Many Art Prints are on display at the Central Ward School this week. These are reproductions of some of the masterpieces in art. The small charge will be used to buy pictures for the school.

**Simplicity of cooling system is a feature of the new Ford**

A COMPLETE water plant is a part of every automobile as it is a part of every modern city.

The purpose of this water plant is to keep the engine cooled to a temperature that will make it efficient in operation. If it were not for this, the cylinder walls would become overheated and the pistons refuse to operate.

The cooling system of the new Ford is particularly interesting because it is so simple and reliable.

When the radiator is full of water, the engine of the new Ford will not overheat under the hardest driving. Yet the water is so regulated that it will not impair engine operation by running too cold in winter.

The cooling surface of the Ford radiator is large, with four rows of tubes set in staggered position so that each receives the full benefit of the incoming air. The fan is of the airplane propeller type and draws air through the radiator at the rapid rate of 850 cubic feet per minute at 1000 revolutions per minute of the motor.

The hot water around the cylinder head is drawn to the radiator to be cooled by a centrifugal water pump of new design.

The entire cooling system of the new Ford is so simple in design and so carefully made that it requires very little attention.

The radiator should be kept full, of course, and drained once each month so that sediment will not collect and retard the free passage of water. In cold weather, a reliable anti-freeze solution should be added.

As owner and manager of this important water plant you should also see that the water pump and fan are properly lubricated and the packing around the pump shaft kept in adjustment.

Hose connections also need replacement at long service. For these adjustments, it pays to call on the Ford dealer.

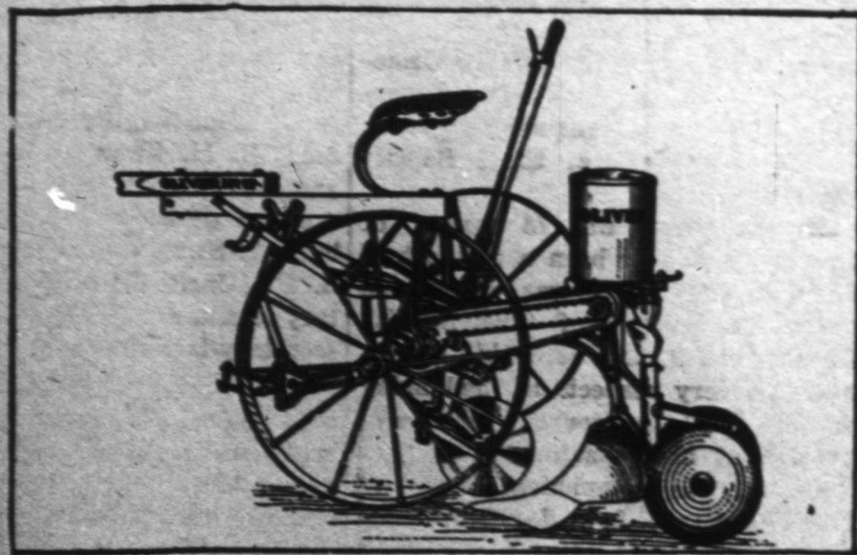

He works under close factory supervision and has been specially trained equipped to do thorough, correct job at a fair price.

**IT DRIVES OUT WORMS**

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by

THOMAS BROS. DRUG CO.

**Grassland**

There has been quite a bit of sickness in our community the past few weeks, including Bro. and Sister Aherns' baby, but we are proud to say it is getting along just fine now.

Mr. Earl Odom is getting along just fine and we hope it won't be long until he will be able to be going about again. We are very sorry that his sister, Miss Ruby Odom can't be with us in our school work.

There was church at the Nazarene Church house last Sunday and Sunday night. The services were conducted by our district Superintendent, Brother Keagle. He surely did deliver a fine message and we were very proud to have him with us.

Mr. and Mrs. Hardy Chapman entertained the young people of this community with a party Saturday night. All who attended reported a fine time.

There was a birthday dinner Sunday in honor of Grandpa H. C. Aten's 78th birthday. His birthday was Friday but on account of the grandchildren going to school the dinner was held Sunday. The children all attended who live here except Mr. A. P. Aten and family who could not be there on account of sickness. Mr. and Mrs. Harry Chapman were also present.

Miss Maurine Elliott left last week to attend the National Business College of Fort Worth, and we wish her the very best of luck.

Two young men of this community, Mr. Ben Nixon and Rudolf Chapman are now trapping in the W. U. pasture, while their friends wish them the best of luck.

We are very interested in our school work and want to try to make this the best school year there has ever been at Grassland, beginning with New Pep in 1929, and we wish to encourage every one to help.

—F. E. N.

**POWER FARMING POPULAR**

Power farming is becoming so popular that Harris & Applewhite Implement Company, the McCormick Deering dealers, are giving a Power Farming entertainment on January 22nd, 1929, at their store. Records coming to us from other communities where similar entertainments have been held assure the people a day well worth their time.

This is a real opportunity for every progressive farmer, who is interested in increased profits, to acquaint himself with the methods other farmers are finding to save time, and eliminate much of the hard work. This entertainment is for the entire family because the housewife, as well as any one else, is desirous of reducing farm drudgery.

Mr. Applewhite of this Company has worked out a very interesting program for the day, which includes, in addition to instructive talks on tractors, several reels of interesting and entertaining motion pictures. Instructive talks of vital interest to the farmers of this community will be given during the afternoon. At noon a free lunch will be served; thus it is evident that Harris & Applewhite have done all in their power to make this a day well worth spending with them.

The lateness of this last season naturally reduced yields of certain crops. Many progressive farmers who were familiar with the growing of and the benefits received from soybeans were able to come to the rescue with this emergency crop and secure a very good profit. A special feature of the day's entertainment will be a talk on the "Market and Growing of Soybeans." We believe this will be of special benefit to the people of this community.

Do not forget the date—every tractor owner should be there. Make your plans now and be on hand when the entertainment opens. Come prepared to ask questions and to learn all you can.

**Locals**

Prof. and Mrs. F. C. Newbrough of New Moore were callers at the News office Saturday. Prof. Newbrough is principal of the school in that district and he says that they expect to have the school building finished within a few days. It contains an auditorium and three class rooms and is being constructed at a cost of about \$12,000. New Moore is rapidly taking its place as one of the most progressive communities of Lynn county.

R. C. Wood dropped in Tuesday and renewed his subscription. Mr. Wood has weighed cotton for the people of Lynn county for many years. He surrendered his job to W. O. Henderson last week but he does not expect to be idle. He will look after his farming interests and continue to work for the welfare of Lynn county. Better men than R. C. Wood are mighty scarce.

Charles Leichey, who lives nine miles north of Tahoka and who has been reading the Lynn County News for several years, came in Saturday and renewed his subscription. Mr. Leichey says that he has 90 acres of wheat that is looking fine so far. Mr. Leichey does not depend on cotton alone.

W. C. Wells renewed his subscription and that of an aunt who lives at Ballinger, on Tuesday. The Wells family send the News all the time to relatives living elsewhere and thus keep them informed as to conditions here. Many other residents of our county do the same thing, and this has been the means of attracting many new comers to our county.

R. D. Spruiell is moving from the Gordon community to the Joe Stokes community and stopped in Monday to have his address changed. Mr. Spruiell is one of our best citizens, and we are glad to retain him in our big News family.

Our good friend A. A. Lawson of Grassland informs us that he is building a nice new home. Here's hoping that he may live many years to enjoy it, and that his declining days may be his happiest.

W. A. Waller of Draw sent in his renewal for the News and for the Dallas Semi-Weekly Farm News Monday. He will get a lot of good reading again this year for only two dollars.

C. R. Sims came in Saturday and paid up for six months. He decided he could not do without the county paper any longer. Wise decision.

**For 9 Years Gas Ruined Her Sleep**

"Due to stomach gas I was restless and nervous for 9 years. Adlerika has helped me so that now I eat and sleep good."—Mrs. E. Touchstone.

Just ONE spoonful Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. —Thomas Bros. Drug Co. A-1

**Washes, Carries Coal, Woman Gains 18 Lbs.**

"I wash, iron, and carry coal and don't get tired since taking Vinol. Also, I have gained 18 pounds!"—Mrs. S. Cortese.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very FIRST bottle often adds several pounds of weight to thin children or adults. Tastes delicious.—Thomas Bros. Drug Co. T-1

**FOR WORKING PEOPLE**

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick bill, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

**WHICH WOULD YOU PREFER**

—An income of fifty dollars a month and a bonus of six hundred dollars each year or a possible 1200 dollars at one time?

The \$1200 looks bigger, yet it buys no more—in fact it buys less.

Agriculture in the United States is bowed down under a terrific burden of a 2,000,000,000 debt at an interest of 9-3-4 per cent (the average for Texas). It pays an overhead of \$195,000,000 that could be avoided by being on a cash basis.

Farming will be forced to a business basis sometime. Why wait? The time to use a doctor is before illness begins and the time to diversify is now.

**FIRST NATIONAL BANK**

same being the 18th day of February A. D. 1929, then and there to answer a petition filed in said Court on the 9th day of January A. D. 1929 in a suit, numbered on the docket of said Court No. 744, wherein H. B. Howell is Plaintiff and M. A. Gordon is Defendant, and said petition alleging as follows, to-wit:  
H. B. Howell vs. M. A. Gordon, No. 744.

In the District Court of Lynn County, Texas, February Term, 1929.

To the Honorable Judge of said Court:  
Now comes H. B. Howell, hereinafter styled plaintiff complaining of M. A. Gordon, hereinafter styled defendant, and after leave of the Court is first had and obtained, files this his first amended original petition and for such amendment says:

1. That the plaintiff resides in Lynn County, Texas, and that the residence of the defendant is unknown.
2. That heretofore, to-wit: On or about the 1st day of June, 1928, the defendant, M. A. Gordon, who was running and operating a garage and filling station in Tahoka, Lynn County, Texas under the name of the Gordon Service Station, and at such time to-wit: on or about the 1st day of June, 1928, made, executed and delivered to this plaintiff his one certain promissory note, dated on the day and year last aforesaid, payable to the order of plaintiff, at Tahoka, Lynn County, Texas, for the principal sum of \$604.16, due and payable on demand, bearing interest from date at the rate of 10 per cent per annum and stipulating that if said note is placed in the hands of an attorney for collection, then the defendant agreed to pay an additional 10 per cent for attorney's fees, whereby the defendant became bound and liable to plaintiff and promised to pay plaintiff the sum of money in said note specified, together with all interest and attorney's fees.
3. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney, for collection, and has contracted to pay him the 10 per cent attorney's fees stipulated for in said note, the same being reasonable and the usual and customary fee in such cases provided.
4. That on or about the 28th day of September, 1928, plaintiff demanded of defendant the payment of said note but the defendant failed and refused to pay same or any part thereof, and the plaintiff declared said note due and payable on the 28th day of September, 1928, but although often requested that defendant pay same, the defendant has hitherto failed and refused to pay same or any part thereof, and the same remains due and unpaid, to plaintiff's damage in the sum of \$681.21.
5. That heretofore, to-wit, on or about the 1st day of August, 1928, the defendant made, executed and delivered to plaintiff his one certain promissory note for the principal sum of 153.75, bearing date on the day and year last aforesaid, payable to the order of the plaintiff at Tahoka, Lynn County, Texas due and payable on demand bearing interest from date at the rate of 10 per cent per annum, said note stipulating that if said note is placed in the hands of an attorney for collection, then defendant agreed to pay an additional 10 per cent as attorney's fees, whereby the defendant became liable and bound to plaintiff and promised plaintiff to pay him the sum of money in said note specified together with all interest and attorney's fees due thereon, according to the tenor, reading and effect of said note.
6. That on or about the 28th day of September, 1928, the plaintiff demanded of defendant that he pay said note, but that the defendant failed and refused to pay same or any part thereof, and that said note at once became due and payable, and plaintiff declared same due and payable on the 28th day of September, 1928, but though often since then requested, defendant has failed and refused to pay said note, and still refuses to pay same or any part thereof, to plaintiff's damage in the sum of \$171.94.
7. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney, for collection, and has contracted to pay the 10 per cent attorney's fees provided for in said note, the same being reasonable and the usual customary fee.
8. That heretofore, to-wit: on or about the 1st day of September, 1928, the defendant made, executed and delivered to plaintiff his promissory note for the principal sum of \$84.05, dated on the 1st day of September, 1928, payable to the order of the plaintiff at Tahoka, Lynn County, Texas, due and payable on demand, bearing interest from date at the rate of 10 per cent per annum, and stipulating that if said note is placed in the hands of an attorney for collection, then defendant agreed to pay an additional 10 per cent as at-

torney's fees, whereby the defendant became bound and liable to plaintiff and promised plaintiff to pay him the sum of money in said note specified, together with all interest and attorney's fees then due, according to the tenor, reading, and effect of said note, and in this connection plaintiff would show to the court that the defendant had rented from the plaintiff the following lands and premises, described as follows, to-wit: All of lots 4 and 5 in Block 35 of the original town of Tahoka, Lynn County, Texas, for running and operating his business as aforesaid, at the agreed rental price of \$50.00 per month, said rental aforesaid beginning on the 1st day of June, 1928, said rental being due and payable in advance, and that a part of said note was executed and delivered to plaintiff by the defendant for the balance due on the rental due on aforesaid premises for the month of July, 1928, said unpaid balance being in the sum of \$34.05 and that the remainder of said note of \$50.00 was for all their rent due on said premises for the month of August, 1928, which was owing by defendant and which he was unable to pay.

9. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney and has contracted to pay him the 10 per cent attorney's fees provided for in said note, the same being reasonable, and the usual and customary fee.

10. That on or about the 28th day of September, 1928, plaintiff demanded of defendant that he pay said note, but the defendant failed and refused to pay same or any part thereof, and that said note became due and payable at once and the plaintiff declared said note due and payable on the 28th day of September, 1928, and the defendant, though often requested has hitherto failed and refused to pay same or any part thereof and still fails and refuses to pay same or any part thereof to plaintiff's damage in the sum of \$93.22, principal, interest and attorney's fees and in this connection plaintiff would show to the court that at all times from the 1st day of June, 1928, to about the last day of September, 1928, the defendant was the tenant of plaintiff in and on said premises described in paragraph No. 8 of this petition and the agreed rental for same was the sum of \$50.00 per month, payable in advance.

11. That the rental on said premises for the month of September, 1928 was due and payable to plaintiff on the 1st day of September, 1928, and altho the plaintiff had often since said rental for said month of September became due, requested of defendant that he pay same, he failed and refused to pay same or any part of same and still fails and refuses to pay same or any part thereof, and that said \$50.00 is past due and unpaid.

Wherefore plaintiff prays that defendant be cited to appear and answer this petition, and that upon final hearing he have judgment for his debt, principal, interest and attorney's fees, costs of suit in this behalf expended, and for such other and further relief, both general and special, in law and equity that he may show himself entitled to and plaintiff will ever pray.

B. P. Maddox, Att'y. for plaintiff  
THE STATE OF TEXAS,  
COUNTY OF LYNN

I, Truett Smith, Clerk District Court, Lynn County, Texas, do hereby certify that the above and foregoing is a true and correct copy of the Plaintiff's First Amended Original petition in cause No. 744, styled H. B. Howell vs. M. A. Gordon, as the same appears on file in my office in Tahoka, Texas.

**WHAT OTHERS THINK**

**THE BREAKS OF THE PLAINS**

Lamesa, in addition to all advantages of being situated on the South Plains, has a great accession to its amenities by being close to the edge of the Cap Rock, where an abrupt change of scenery is encountered. It would be impossible to say just what the value of this natural phenomena is to the city, because it is one of those intangible assets to which no dollars and cent value can be assigned. Undoubtedly, the value is great, because there is scarcely an able bodied citizen who does not ride out frequently to view the immense stretch of country visible from this rocky rampart.

And what a magnificent view it is! East and south stretches the lonely rolling country melting into blue distance. The peak of Gail stands in lonely grandeur, 25 miles away, but on a clear day this seems almost one of the nearer objects for the visible prairie extends far beyond, until the edge rests on dim ridges, almost like clouds, closing the far distant horizon.

One can almost imagine that the rotundity of the earth is visible so extensive is the view.

The rocky bed forms an ideal camping ground, there is plenty of wood lying around among the tumbled boulders, and rocky nooks where, if the wind is chill, a shelter may be found, and over all a sense of ineffable peace.

These vast landscapes exhibit an extensive stretch of sky in which majestic color effects are displayed.

It is a superb sight to see a bank of massed clouds far away in the east, their near edges visible but the main bulk curved to earth's form so that they disappear over the far rim of the horizon. The clean air of West Texas and the altitude of the observer produce effects that are not visible in a country of short distances. There is a sublimity which can only be found in the West, the sublimity

of vast distance, lonely stretches of country and great ambit of sky.

Yes, Lamesa is fortunate in its situation. In less than half an hour the people can drive out and behold one of the most outstanding features of Texas, the breaks of the Plains, and the majestic expanse of rolling country and over-arched sky that lies above and beyond the Cap Rock.—Dawson County Journal.

Brother Hurst is a new-comer, and these great distances out here are a never-ceasing wonder to him. A view equally as entrancing as that which Brother Hurst describes can be had from almost any point along the edge of the cap rock, and in some places the scenery is much more majestic than that east of Lamesa. But to the man who has been reared in the timber or among the hills to the east of us, whose horizon has been circumscribed by woods and knolls and ridges, the most enchanting thing in the world is his first view of the plains, as he mounts the crest of the cap rock and beholds the majestic sweep of the level, endless landscape. No one can describe the majesty and charm of the scene, he can only feel it in his soul.

Being old, with a tinge of grey in our once beautiful auburn locks, we have naturally acquired a certain amount of wisdom. Being wise, as we have just broken down, so to speak, and boldly admitted, we are qualified to make predictions, basing such predictions on incidents of the past. The Texas legislature will repeal the gambling laws to permit betting on horse racing. To do so would be rank and unjust discrimination against crap-shooters and poker players, to say nothing of the embarrassment such action would cause those who would wager their money on their skill at pitching nickels at cracks and betting on dog fights. To allow high-collared gentlemen to bet on horse racing would mean permitting all other forms of gambling, and the majority of people are opposed to gambling. Time was when a body could bet his limit on his favorite blues, buy plenty of booze from an open saloon to make him forget his loss and sleep it all off at his leisure, but those days were not the happiest days for all concerned, and our law-makers legislated the custom into the scrap-heap. Now, after twenty-five years under the no-legal-gambling laws, the so-called good old days will not be destroyed. People who have money to bet on horse races might as well buy groceries with it, subscribe for this paper for themselves and their friends and relatives and invest it in other profitable ways. They'll never have the chance in Texas to legally bet on horse races. So they won't.—Belton Journal.

At the Christmas season just passed a young lady of a Panhandle city in attendance on a Texas college refused to come home for the holidays, because of a drinking father, whose actions during past Christmases made her shrink from humiliation. Brought face to face with a vice so utterly selfish and disgusting, the father came to himself, renounced liquor forever and wired the daughter to come home for a Christmas more joyful than the family had ever known—a Christmas where the Birth of the Prince of Peace was celebrated as it should be celebrated. What a Christmas! —Clarendon News.

There is quite a bit of sickness in our community now. Mr. and Mrs. Oscar Sanders' boys, Arden and Robert returned from the Lubbock Sanitarium where their tonsils were removed. They are doing nicely. Mrs. E. D. Payne was also a Sanitarium visitor and is taking treatments for the eye. The singing class at Dixie came to Edith Sunday night. We are always glad to have these good singers with us and hope they will hurry back. Mr. and Mrs. T. I. Hammonds and daughter Pearl returned from Rochester Sunday. Pearl had her tonsils removed while she was away. Mr. and Mrs. Chas. E. Campbell and daughter Geraldine spent Sunday afternoon in the Grassland community. Mr. C. W. Krebb's son and family while returning to their home in Tulsa, Okla., had a wreck in Fort Worth but were uninjured. Bro. R. T. Breedlove preached a fine sermon here Sunday afternoon. But there were only a few out to hear him on account of sickness. Brother Lonnie Whitworth from Draw, Texas will preach next Sunday afternoon at 3:00 o'clock. Every one come and be with us. We are still having Sunday School at 10:00 o'clock. Every one is invited to come and take a part.—Reporter.

**SOUTH WARD ITEMS**

The attendance at Sunday school was good considering the sickness in the community. Rev. W. A. Kercheville will preach at 3 o'clock on the first Sunday of each month and Rev. Shepherd will preach every fourth Sunday afternoon at some time.

We are glad to be able to report that several people who were ill last week are improving. Mrs. Greenwood, W. T. McFadden, Seanie and Viola Cobb, Pauline Smelser and F. J. Switzer have all had the influenza but they are able to be up now.

The children at school are very interested in some pecan trees and evergreen trees which they have set out since Christmas.

The members of the scholarship club will be entertained Saturday afternoon from 1:30 until 4:30 at the teacherage. Four new members have been received into the club. They are Linnie Mae Greenwood, Lorene Lowmie; Donnelle Hood and Cecil Hammonds.

Woodie Switzer, "our carpenter" with assistance, built a new book room in the hall this week. This is a very valuable addition because it enables students from both rooms to get books without any disturbance.

New pupils who have come into our community are Harvey Weatherby and Stewart Lowrie.

E. B. Lowrie and family have recently moved from Amarillo to our community. Mr. Lowrie is making his home with his parents, Mr. and Mrs. A. N. Lowrie.

**McNEES PRODUCTS**

I have the contract to handle the McNees products in Lynn county, and request that you watch for my advance folders, which will state the exact time I will be around.

**Beyond all Expectations!**

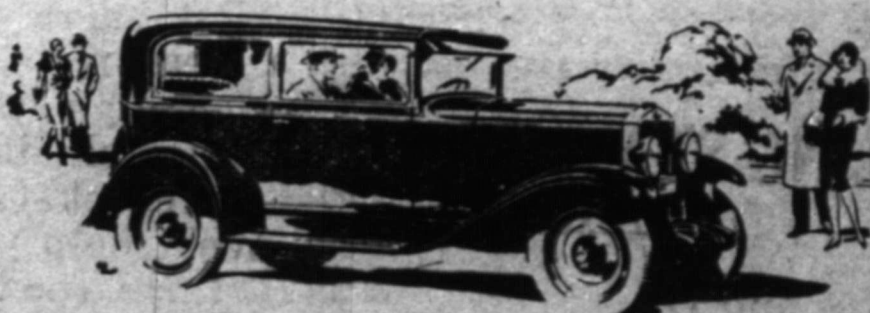

-say those who have seen the Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

The Outstanding Chevrolet of Chevrolet History has now been seen and inspected by millions of people in every section of America—and everywhere it has been enthusiastically hailed as exceeding all expectations. Everyone anticipated that Chevrolet would produce a remarkable automobile—but no one expected such a sensational six-cylinder motor... such delightful handling ease... such marvelous comfort... such luxurious Fisher bodies... and a fuel-economy of better than 20 miles to the gallon! And no one believed that it would be possible to produce such a car in the price range of the four!

If you have not already made a personal inspection of the new Chevrolet, we urge you to do so at your earliest convenience. We are now displaying these beautiful new models—and we cordially invite you to call.

QUALITY AT LOW COST

Read what these leading automobile editors said after seeing and riding in the new Chevrolet Six—

"In appearance, performance and mechanical nicety the new Chevrolet Six presents actual values far beyond its price range."  
—Hazen Conklin  
New York World

"Aside from beauty in body lines and attractiveness in finish, the astounding feature of the new Chevrolet Six is its powerful and flexible motor. One will have to go far to equal the high performance of this new Chevrolet in general road and traffic use."  
—Leon J. Pinkson  
San Francisco Chronicle

"The new Chevrolet is a triumph for volume production. The car at its price is one of the greatest achievements ever recorded in the automobile industry. Its beauty is a treat; its riding comfort a new delight and its performance a real sensation."  
—Ray Priest  
Detroit Times

"St. Louis motordom is tremendously enthused over the new Chevrolet Six. Personally I have never seen the public so interested in a new car. The factory should be congratulated on the truly monumental engineering feat it has accomplished."  
—Robert Henry Hall  
St. Louis Post-Dispatch

**4 NEW BRICKS TO BE ERECTED**

Baze Brothers to Construct Buildings North and West Security State Bank

At least four brick buildings are to be constructed in the early date, if plans now on hand shall materialize. Receipts of Baze of Mason purchases of the lot lying just north of the Security State Bank Monday Sept. M. L. H. a contract with the Security Bank for the lot lying just north of the building. Dr. Baze is erecting a building on the lot purchased by him. Prof. Baze will erect three buildings facing the south on the lot purchased by him. The lot purchased by the latter and on the lot of the lot purchased by the latter. The building facing the south is 25 by 70 feet in size and three buildings will be about 20 by 50 feet. start as soon as rental shall be closed for the buildings.

Supt. Baze, who has the past two years, and who has visited here a number of times, each have great faith in the future of the town of Tahoka. Both are progressive men, with a vision of the future, and men as they that help to build up the town.

**MRS. SPEIGHT TRADES CAFE FOR WILSON**

Mrs. Wanda Speight, who is operating the City Cafe for a year or more, effected a week with W. A. Chaney, and operated a cafe in Wilson. The Wilson property and Mrs. Chaney took charge of her business and Mrs. Chaney took charge of the City Cafe here Wednesday. Mrs. Speight and family moved to Wilson Wednesday afternoon for Wilson. Mrs. Speight has in charge of the business there. Mrs. Speight has many friends here, who hope to meet with splendid success. Mr. and Mrs. Chaney came to Tahoka.

**Miss Peek Make Official**

A report has been received from Miss Peek, who visited Miss Blaine at the Tahoka High School early days of December. Miss Peek made some helpful suggestions for the improvement of the business work of the Tahoka School. Among the most important suggestions was that more attention be given to the selection of the officials for the last year and they are asking the parents in inducing to enroll for the home works.

Miss Peek's recommendations are active to the sinks in the economics room has been considered and as a result the school sinks for sale. Other changes have been made in the cooking room to overcome the handicap of the amount of this year will be \$506.25, amount will be paid the June.

Miss Peek's visits are appreciated by the teachers and officials. Sympathetic and criticism are always welcome in schools, and are also very valuable. We quote Miss Peek in her letter under the heading "General". "It is a pleasure to visit and to note continued progress of personalities of boys and girls being developed. This is more than book knowledge is every evidence, however, that the latter is not being neglected."

**County Will Again Furnish Dog**

On Tuesday of this week the commissioners' court took action to again furnish the land owners in Lynn county with poison to kill the prairie dogs. The poison will be ready for distribution February 1. The prairie dogs again become rather numerous in some localities, it is said, and it is important that they be killed.
