Miss Engaged

MISS BETTIE LOGAN

Mr. and Mrs. H. O. Logan, of Muleshoe, are announcing the engagement of their daughter, Bettie, to Mr. Teddy Harrison, son of Mr. and Mrs. W. F. Harrison, Muleshoe.

The wedding date has been set for November 30.

Roger Pool Is Honored By His Airforce Unit

A2C Roger L. Pool, son of Mr. and Mrs. Lee Pool, of Muleshoe, has been nominated for the designation of "Airman of the Month" for the 8th Fighter Group, Geiger Field, Spokane, Wash., in which he is now serving.

The letter of nomination contained the following glowing report of Airman Pool:

Airman Pool has performed his duties as a clerk in a most exemplary manner and beyond the requirements normally desired for efficiency. In many instances he has assumed duties not required of him and has performed these with the same high level skill.

He has been observed in social functions not connected with the military and it is felt that the impression he left upon the civilian populace is excellent and of a type which does great credit to the Air Force and Armed Forces as a whole.

A2c Pool is a neat smart appearing career airman who wears his uniform in strict compliance with the traditions of the service. He has proven both cooperative

and courteous at all times. It is for these reasons that he has been nominated as Airman of the Month.

ron of honor. Her dress was a ballerina length original of blue lace and she wore a blue feather hat. Her bouquet was of white mums and stephanotis.

Myron Pool, III, brother of the bridegroom, was best man.

Registering the guests was Mrs. Randy Johnson, sister of the groom.

Given in marriage by her father, the bride was attired in an original model of white imported chantilly-type lace over net and satin, designed with high neckline framed with upstanding queens collar. The fitted lace bodice had long sleeves ending in points over the hands and terminated with point at center front waistline. From this stemmed a voluminous waltz-length skirt made of lace, fully skirted, highlighted by scalloped edges outlining a full ruffle of tulle that finished bottom edge. The immense fullness of lace tulle and satin was emphasized by crinoline worn underneath.

Her finger tip veil of silk illusion was attached to a cap of pleated tulle and lace embroidered with iridescent sequins and seed pearls.

She carried a lovely bouquet of pink cymbidium orchids surrounded by stephanotis.

Mrs. Stevens, mother of the bride, wore a bronze color dress with mauve accessories.

Mrs. Pool chose a blue silk dress with matching hat and black accessories.

Both mothers wore corsages of white cymbidium orchids.

At the reception in the church annex, the serving table was laid with white satin with an overlay of net. Presiding were Miss Yvonne O'Hair of Earth and Miss Ronda Johnson of Muleshoe.

For the wedding trip to points in New Mexico, the bride chose a two piece wool knit dress in sky blue with black accessories. Her corsage was the orchid from the center of the bridal bouquet.

The couple will reside in Muleshoe where both are employed.

Miss Barbara Ellen Hook, Jim Wingo Wed In Double Ring Ceremony Saturday

Miss Barbara Ellen Hook became the bride of Jim Wingo Saturday evening, October 5, at 7 p.m. in a lovely double-ring ceremony read by Rev. Edwin Hall in the Youth Chapel of First Methodist Church. An arrangement of white gladioli on the altar was flanked on either side by green fern trees and candelabra with white tapers.

Jeanelle McGuire played the wedding marches and accompanied M. D. Gunstream who sang "Because", "I Love You Truly", and "The Lord's Prayer".

Barbara, given in marriage by her father, P. E. Hook, of Ft. Worth, was lovely in a bridal gown of white Chantilly lace over slipper satin with scalloped neckline re-embroidered with seed pearls. The fitted bodice had three-quarter length sleeves and was cut to a point both in front and back, from which fell the full gored waltz length skirt with deep box pleats and scalloped hem.

She wore a lace and pearl tiara, from which hung an elbow length veil. Her pearl necklace was a gift from the bridegroom. She carried a bridal bouquet of three white glittered gardenias with groups of white sweetheart roses surrounded by white satin leaves with clusters of tiny pearls and net ruffles, and a cascading shower of white satin ribbons holding a white rosebud.

H. D. Club Plans Halloween Party

The Blackwater Valley HD Club met in the home of Mrs. H. C. Elliott, Tuesday, October 15.

Plans were discussed to bake fruit cakes to sell to raise money for the treasury.

An invitation was received from the Progress HD Club to a Halloween party.

An invitation is to be extended to the Muleshoe HD Club for a Halloween party, Tuesday, October 29, 2:30 p.m., in the home of Mrs. Clarence Mason.

Mrs. Harriett Brummett, HD agent, showed the club Christmas decorations they could make from Do-It-Yourself kits.

Mrs. Jean Henry was a new guest.

The next meeting will be held in the home of Mrs. Charles Glover Tuesday, November 5, 2:30 p.m.

ATTEND FUNERAL

Mr. and Mrs. E. H. Kennedy were in Lubbock Friday attending the funeral services of B. A. Boston. Mr. Boston was the father of Mrs. Kennedy's sister-in-law, Mrs. Craig Wofford.

APPOINTED TO COMMITTEE

Rep. Jesse Osborn has been appointed to a sub-committee to rewrite the Governor's water bill, by Rep. Leroy Saul of Kress.

quet of three white glittered gardenias with groups of white sweetheart roses surrounded by white satin leaves with clusters of tiny pearls and net ruffles, and a cascading shower of white satin ribbons holding a white rosebud.

Attendants

The bride was attended by Miss Marie Guinn, of Ft. Worth, who, as maid of honor, wore a pink crystalline gown fashioned similar to that of the bride.

The matron of honor was Mary Anderson, sister of the bridegroom, who wore a rose crystalline gown. Both attendants wore corsages of pink sweetheart roses.

Bud Gilliland served as best man, and Bob Wingo was groomsman. Kenneth Anderson was usher and Miss Linda Wingo registered the guests.

Reception

A reception was held in the home of the groom's parents, Mr. and Mrs. Beyrl Wingo. The white three-tiered wedding cake was centered on a table covered with a pink satin cloth and decorated with pink roses and white candle holders with pink tapers.

Mrs. Wingo traveled in a brown tweed sheath dress, trimmed with brown satin and beige accessories.

Mr. and Mrs. Wingo will be at home at 2323 Rosedale St., in Ft. Worth.

Out of town guests included Mr. and Mrs. P. E. Hook and Pam of Ft. Worth; Mrs. Sue Garce and Linda Beaumont, Mrs. L. G. Fowler, Charles, Mike and Mary Jo of Lubbock; Marie Guinn of Ft. Worth; A. I. Fowler, Littlefield, and Mr. and Mrs. Kenneth Anderson of Bellview, N. M.

Military Ceremony Unites Local Pair In Chapel At Ft. Riley On October 5

Twin-ring wedding vows were exchanged on the morning of October 5, by Miss Nealy Mae Steinbock and Pvt. Wayne Moore, in the Division Chapel of Fort Riley, Kans. Their parents are Mr. and Mrs. Walter Steinbock and Mr. and Mrs. Seaborn Moore, both of Rt. 1, Muleshoe.

Chaplain Ervin Shirey read the impressive ceremony at 11:00 o'clock while Miss Wanda Shirey of Manhattan, Kans., sang "The Lord's Prayer". Other wedding selections by Miss Shirey, accompanied by the Chapel Organist, were "Always", and "I Love You Truly".

The bride, given in marriage by her father, wore an original model of white nylon lace with tulle ruffles over satin, designed with a low neckline of scalloped lace. The fitted bodice terminated with a point at center front and three quarter length sleeves. From this stemmed an escalloped waltz length skirt with tulle ruffles and the fullness of lace over satin. Her shoulder length veil of tulle was attached to a tiara of white sequins which were of fan shape. She carried a colonial bouquet of red roses with lace and white satin streamers. For something old the bride wore her slippers she had previously worn; something new, her dress; something borrowed, a strand of pearls belonging to Mrs. Artie Beavers,

and something blue, a garter. Mrs. Russell Vincent of Ogden, Kans., wearing an original model in Royal blue taffeta, with a fitted bodice and full skirt, served as Matron of Honor. She carried a colonial bouquet of white carnations attached to a white lace fan.

Pvt. Eugene Monson of Woodridge, Neb., long time friend of the groom and also stationed at Fort Riley, served as best man.

For her daughter's wedding, Mrs. Steinbock chose a rose beige Princess orlon dress with a brown velvet hat and brown accessories. Mrs. Moore wore a brown wool gabardine suit with pink blouse and pink accessories. Both mothers wore pink carnation corsages.

The B Battery honor guard of the 1st. Division performed in the chapel, standing in the aisle and making "About Face" as the bride and her father marched down the aisle. The arch of guns was made outside the chapel and alongside the walk were four machine guns raised by the honor guards, just as the bride and groom marched through. The bridegroom and all attendants were in military dress.

Reception

A reception followed the ceremony in the social hall of the Chapel and seated at the bridal table were the matron of honor, best man and parents of the newly weds.

The first piece of cake was cut by the bride and groom and a toast was made to them by Lt. Skabelsked. Pvt. E/2 Gomes served the cake, while Pvt. E/2 Jackson served the punch.

The bride's going away dress was a two piece brown acetate with white velvet hat and silver and white accessories. The couple took a short honeymoon trip to Manhattan and Topeka, Kans. They are making their home in Ogden while the groom is stationed at Ft. Riley.

The bride is a 1956 graduate of Lazbuddie high school and attended Eastern New Mexico University, West Texas State College, and is also a graduate of Hendricks College of Beauty, Clovis, N. M. The groom is a 1954 graduate of Muleshoe high school and attended the University of Houston.

Factory Building Project Studied At Rotary Meet

Help of Rotarians in soliciting subscriptions to stock in the proposed corporation to erect a building for Tex-Togs, Inc., in Muleshoe was asked at the Tuesday meeting of the Rotary club by Lowell Irvin St. Clair chairman of the steering committee of the Chamber of Commerce directing the fund drive.

He said the building which will contain around 40,000 square feet of floor space will cost about \$200,000 and this fund had reached a total of \$56,000 at the time of Mr. St. Clair's talk.

The committee expects the building to be rented to Tex-Togs for a period of 20 years at around \$10,000 per year.

Lowell Irvin said response from farmers so far interviewed has been surprisingly good. Up to Tuesday noon some 200 local persons had subscribed for stock. He said that business people here in Muleshoe can figure or increased trade as the result of the hiring of 200 workers by the factory at good wages; and he estimated the beginning payroll will be about \$8,000 a week.

Some Rotary members who previously had not subscribed filled out and signed stock applications after his talk. The speaker was introduced by B. A. Dalton.

Guests included T. M. Cox of Hereford, former Muleshoe manager; Headstream, Hereford; Bob Lewis, Muleshoe; and R. Arian Gordon Doss, Levelland.

Rev. Edwin Hall, pastor of the First Methodist Church, gave a talk on "Responsibility", at the October 21 meeting of the Muleshoe Parent-Teachers Association.

Mrs. Bernard Phelps presided at the meeting, during which the junior high school chorus directed by Fawayne Murphy presented several numbers.

The freshman class won the attendance award for the second time this year.

A youth development workshop will be held in Springlake October 29. Anyone interested in attending may contact Mrs. Charles Lenau or Bryan Brady.

Finch, Shafer Even Match In Scoring For Friday Game

Muleshoe's Mules will be trying to make Dalhart's Wolves their fifth Homecoming victim in six years Friday night when the two teams clash in the second district 1-AA tilt for each squad.

The Mules, although averaging a meager three wins per year for the past five campaigns have lost only one Homecoming affair during that span. That was to Lockney, 34-6 in 1955, the year Muleshoe was winless in 10 games.

The game will mark only the second meeting in the history of the two schools, and will be an exact reversal of last year's setting. Last season Dalhart hosted Muleshoe at their Homecoming, and Carter's Wolves handed the Mules a 20-7 setback.

Friday's match appears to be a battle between two first-rate backfields, headed by Dalhart's speedster, Gary Finch, and the Mules' counterpart, Dennis Shafer. Shafer was named "Back of the Week" Tuesday by the L-J-Book Avalanche-Journal, while Finch has been similarly honored recently by the Amarillo Daily News.

Finch leads Shafer in scoring,

Mules To Class 2AA Next Year May Face Lineup of Toughies

New assignments to district classification for high school football teams have been tentatively released this week by the University Interscholastic League.

Although the list will not be final until next September, this league has used the two year assignment set-up which was put to the test for the first time in 1955.

Enrollment in the various conferences next year includes scholastic counts as follows: AAAA, 900 and above; AAA, 300-900; AA, 200-300; and conference A, 120-200. Conference B for schools with scholastics of less than 199. Schools with fewer than 100 students may play six-man football.

District 1-AA will be made up of teams from Canyon, Dalhart, Dimmitt, Friona, and Tullia.

Muleshoe moves into District 2-AA, with teams from Abernathy, Lockney, Morton and Olton.

Sudan, Anton, Farwell, Hale Center, Kress and Springlake will form District 3-A. In class B, Bovina, Happy, Hart, Lazbude and Vega will form District 1-B.

Lowell Irvin and Billy Jim St. Clair will meet in the consolation round of the championship flight.

In the Presidents flight, Joe Butler will match with Dudley Malone, Malone beat Gil Wolfard 6-4, and Butler beat Bernard Phelps 1 up. Consolation finals will be played by Woodie Lambert and Don Bryant.

In third flight finals Herb Griffiths will play Alex Williams, and Sam Damon will meet Bill Connell in the consolation finals.

Jerry Angeley and Clyde Holt play in fourth flight finals, and consolation players are Fred Johnson and Harold Newsom.

Chief Jones and Calvin Clark are matched in fifth flight championship play, and Red Johnson and Troy Wilkerson in the consolation round.

Sixth flight championship play matches Buck Ragsdale and Lloyd Alsop, Consolation, Babe Barbour and Dee Brown.

Seventh flight championship, Bob Harvey and Dick Martin, with consolation match unplayed at present time.

Revival Meeting

Rev. and Mrs. Gene Davis are conducting a revival meeting at the Muleshoe Assembly of God

Mules Rank Fifth In District AA

Mantooth's Mules were rated fifth team in District AA this week by area papers after they beat Olton 33-21 Friday night.

The Mules rank well above Tullia, Canyon and Dalhart, all of whom they have yet to meet in conference 2-AA play.

Dalhart ranks sixth; Canyon, ninth, and Tullia tenth.

The Mules have a 5-1-0 win, loss, tied rating.

Bryant-Renner In Championship Play Of MGC Final Round

Club champion Russell Haberer will defend his title Sunday afternoon when he plays John Renner in the championship finals of the Muleshoe Golf Club tournament. Finals of the meet were postponed from last Sunday due to the weather.

In semi-final play Haberer beat Terry Dill one up, and John Renner won over Russell Bryant 2 up.

Platter Chatter

by David Shepherd

This week, that outstanding young rock and roller, ELVIS PRESLEY, whom everyone has said wouldn't last, has done it again. His latest, which has been on the market four weeks, jumped from nowhere to the No. 2 spot across the nation in two weeks.

Don and Paul EVERLEY, whose first recording climbed to No. 3 and sold well over a million copies, happily saw their second recording, "Wake Up Little Susie" hit the No. 1 spot in just four weeks.

A newcomer to the record business is RUSS HAMILTON, who hails from England. Russ had one record released which reached the one million mark. This record, "Rainbow", is being followed strongly by his latest, "Wedding Ring."

Of the top 30, thirteen are recorded by artists who are having their first big ones. Three others are by artists in their first year out. They are Johnny Mathis, Buddy Knox, and Bobby Helms Knox, by the way, graduated from WSTC two years ago and

Club Ladies To Hear Mrs. Lindsey

Mrs. Robert R. Lindsey, of Borger, president of the 7th District, Texas Federation of Women's Clubs, will meet with the Muleshoe Study Club in a regular meeting Thursday evening, October 24, the meeting to be held in the REA building at 8 o'clock.

Mrs. Lindsey will speak on the Community Activities Contest, sponsored by the General Federation of Women's Clubs and help the local clubs to formulate plans for community service.

Bill Moore will tell the group what has been done about the Youth Center, what needs to be done and what can be done to help the project.

The Los Planos Study Club will cooperate in the meeting. Representatives of other clubs, civic and school organizations, will meet with the group.

church, the pastor, Rev. Luna has announced.

CHIEF JONES MAKES ACE

Chief Jones made a hole in one Tuesday while winning his tournament match against Martin Oliver 1 up on the 18th hole.

Jones made the ace on number 2 with an 8 iron, using a Tittist ball. Playing in the foursome were Jones, Martin, Buck Wood and Randy Johnson.

1958 Chevrolet Trucks On View At Local Dealers

An expanded, widely diversified line of trucks featured by a rugged new 318-cubic inch V-8 of 230 horsepower, many chassis improvements, and more powerful and durable sixes and V-8's is announced by Chevrolet Motor Division. C. & H. Chevrolet Co., are dealers for the Muleshoe territory.

Fresh new front end styling includes modern dual headlamps and redesigned grille, hood and fenders. Scheduled for display at dealer showrooms nationally, concurrent with the debut of 1958 Chevrolet passenger cars October 31, the new truck line lists 12 new models, for a total of 128, up 10 per cent over the number available in 1957.

For the first time, Chevrolet will assume body production responsibility for three forward control "Step Van" models. The same warranty and parts service will be extended to these bodies that now apply to company-built panels, pickups, stakes and cab-chassis models. Also of major interest is the addition to the line of nine new medium-duty cab-chassis models.

An innovation in the 1958 line is the assigning of names to each of the three weight classifications. They are:

The Apache — Light duties with GVW ratings up to 9600 lbs., and available on six different wheelbases.

The Viking — Medium duties,

Benson Asks Cut In Hog Production For 1958 Due To Prices

Secretary of Agriculture Ezra Taft Benson has asked hog producers to consider their production intentions for 1958 with special care in light of the present hog price situation.

Hog prices have been fairly good this year — running between \$17 and \$22 per hundred pounds through September. But what will happen to prices by fall of 1958 and the following year depends upon the number of pigs produced next spring. Too many sows farrowed early next year could mean a severe decline in price next fall.

Except for slight seasonal downturns, hog prices have been steadily recovering from a low point of around \$10 per hundred pounds to which they fell in December 1955. The gains of the past two years can be maintained only if supply is kept reasonably close to prospective demand.

The Secretary is concerned because conditions exist this fall which could stimulate production to the extent that prices would again dip disastrously. And the supply of feed grains at a relatively low price due to bumper crops this year. The number of bushels of corn that could be bought with the price

available on 12 wheelbases with GVW ratings up to 21,000 lbs.

The Spartan — Heavy duties with GVW ratings up to 25,000 lbs., and offered on nine wheel-

bases. of a hundred pounds of hogs has averaged slightly above 12 over many years. This September it rose to a high of 16.6 bushels, and it is expected to run between 14 and 15 during the current breeding season. Such a situation almost invariably leads to increased farrowings.

Increased population should take care of a moderate increase in the 1958 spring pig crop, but growth in consumer demand for pork has been slow. The Department's market analysts warn that more-than-moderate increases could lead to a repetition of the unfavorable price situation of late 1955. They think that at least a 7 percent increase is in prospect, and for a gain of this size price declines might not be exceptionally large. For increases above 7 percent the risk of sharp declines would be greater.

Turkey Is Tops On Plentiful Foods List In November

Many Thanksgiving menus will likely include turkey and the trimmings, for turkey heads the U. S. Department of Agriculture's plentiful foods list for November.

Heavy supplies of pork, lamb and broiling and frying chickens also will be available for main dish servings in November. Cranberries and fall fruits such as apples, pears and canned purple plums are in good supply. Grape products—juice, jelly and jam—made the plentiful foods list for the first time in recent years.

Brown Supply Starts Manufacture Of Underground Concrete Pipe Here

Brown Supply Co. of Muleshoe began full scale manufacturing this week of concrete pipe for underground irrigation purposes in its newly completed plant on the Friona highway. The plant, which will employ as many as 50 men during peak seasons, has a capacity of 3,000 feet of 12 or 15 inch pipe daily. The factory is housed in a brand new metal building containing more than 5,000 square feet of floor space.

T. L. Timmons, plant manager, said this week that the plant has successfully completed tests and trial runs and full scale operations are underway now.

The new plant is in addition to one for fabricating aluminum irrigation pipe and systems, which has been in operation here since last spring. It is located on an eight acre tract on the south side of the Friona highway west.

The building is constructed so that material for the concrete mix can be loaded into the mixer conveniently from protected supply sources.

The concrete mix is carried on a conveyor belt to the pipe machine where it is measured into metal drums and put under high pressure to form the pipe joint.

The inside dimension of the pipe is controlled by the machine and as soon as one joint is finished, the bed of the machine revolves and places another drum in position for a second joint.

The loaded drums are transported on buggies to an unloading area where two men slip the drum off the joint. It is then placed in one of several steam-curtained areas for curing.

After the pipe is cured it is moved to an outside storage area to await shipment or transportation to an area farm for installation.

The building was constructed of welded pipe and sheet iron by personnel of Brown Supply Co., all local residents. Spud Thomas of Muleshoe was electrical contractor for the plant.

The plant is one of six operated by Brown Supply in three states. Mr. Timmons has issued an invitation to the public to visit the plant and see the pipe being manufactured.

TO MOTHER'S BEDSIDE

Claude Riley has gone to Wickenburg, Ariz., to be with his mother, Mrs. Blanche Riley, who was to have undergone surgery in a Phoenix hospital Wednesday. Mrs. Riley has a son and daughter living in Wickenburg.

HUNTING DEER

Rudolph Wiedeubush and Don Taylor are on a deer hunting trip in the mountains of Colorado. They were to be gone several days.

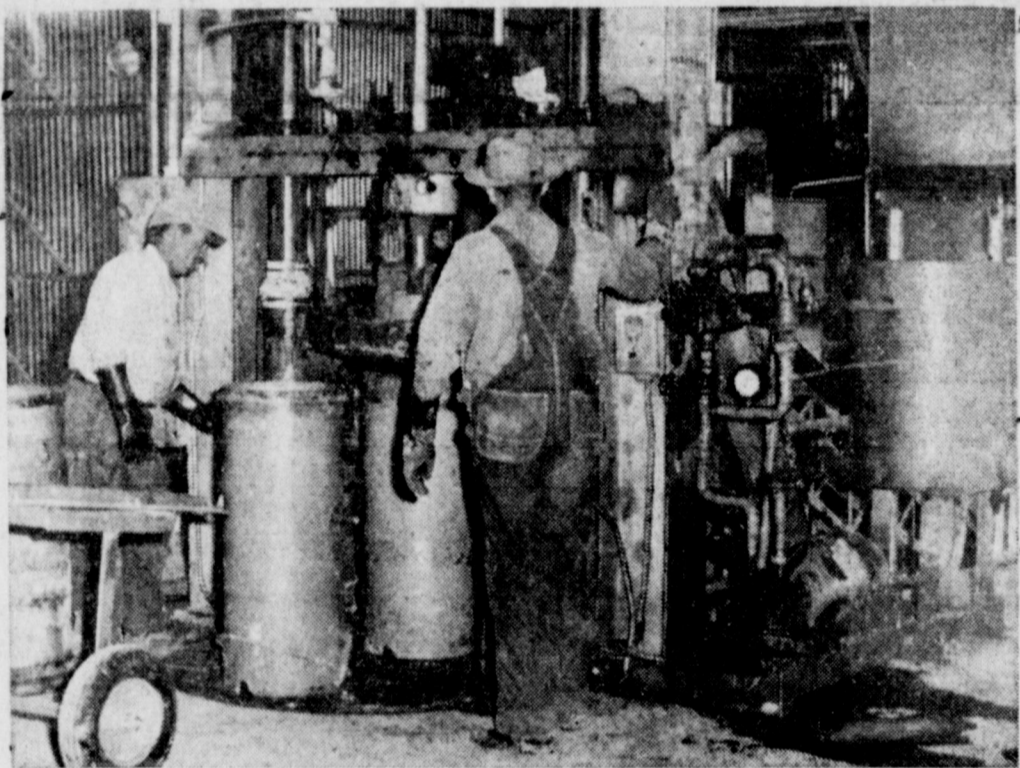

November plentiful vegetables are limited to Irish potatoes, pinot beans, and peas, including dry, canned and frozen.

Peanut butter, almonds and filberts round out the listings. John J. Slaughter, southwest food distribution chief, Agricultural Marketing Service, points out that food stocks in the major trade areas of this region are checked regularly and only those foods in especially heavy supply make the USDA plentiful list.

Former Teachers Now Live At Kwajalein

A letter from Mr. and Mrs. David Estes was received this month by the Pete Mimms family. Mr. and Mrs. Estes taught school two years in Lazbuddie and we think bits of the letter would be of interest to their friends here. They are teaching school on Kwajalein, one of the islands in the Marshall group.

"We are here and are very happy in our new situation. Everything is much better than we expected and there is more to do than you can imagine. We already have a collection of shells. — Although Kwajalein would only stretch from your house to the corner by Shirleys house (two miles) if it were straightened out, it is a very challenging place. It is all made up of coral which is the dead bodies of thousands and millions of tiny coral polyps. We are only 20 feet from the ocean at high tide. Our house catches the breeze just right but we keep being hit in the hot lockers that will rust, mildew, or corrode. We even get rust on our clothes and the floor.

"We live in a duplex, made of concrete block with large rooms. Our living room is about 20'x20', and it has sliding doors opening out onto a lanai (porch) which is 10'x20'. Everything is furnished but it costs \$90 per month.

We are learning to skin dive and to sail a lightening (18' sailboat). We have a bomb crater out on the reef behind the house (big enough to yut your house in) and it is always full of beautiful tropical fish when the tide goes out. We also see many beautiful fish when we go swimming in the lagoon. We can't eat them because too many are poison. They eat certain kinds of coral growth which may or may not be poison depending upon the season.

"We also have 'killer clams' which sometimes get to weigh up to six or eight hundred pounds, but mostly only weigh three hundred pounds. This lagoon is the only place in the world where they grow.

"Our school buildings are very poor and we have limited supplies, compared to Lazbuddie. Our working hours are shorter though because of the heat. School is out at 3 p.m., and there is no bus to drive.

"We do not have the energy here to do as much as we did there — Almost everybody is in bed by 10 p.m., unless there is a party or something."

who has been sick with it and in some cases the whole families. With that and the rains the community has been pretty well hobbled.

There will be a football game here at home this Friday night with Happy and will be a conference game.

FFA Parade Float
The Lazbuddie FFA boys and their teacher are to be commended on their attractive float entered in the Friona Maize

Days last Friday. "New Products thru Student Research" was the theme of the float. A first prize was awarded this float in the school division on originality. The float was made up of a mock chemistry work table where the boys were working and then showing the new products that can be produced from maize through this research some of which are syrup, flour and starch. On the back of the float was a huge triangle to represent the mountain of surplus maize and in this triangle were the letters F. F. A. made of maize heads colored silver and the surrounding heads copper colored which was a very colorful arrangement.

School Wins Prize
The school won a second prize on the window display that was made in the Ebridge-Spring insurance agency. This was an arrangement of silver colored maize heads on a large background, with open cotton bolls helping to complete this and all of it surrounded by plumes of Pampas grass. The floor in front of the wall decoration was covered with black and orange, the school colors and some of the agricultural exhibits from the schools fair on display. It also showed 10 large heads of maize representing 6,500 lbs. of maize to the acre and showing a net income of \$17, while on the other hand 10 ordinary heads of maize with a yield of 3,500 and showing a loss of \$90 per acre, thus proving the necessity of good management.

Mr. and Mrs. Ed Little Enjoy Many Comfort Features In Farm Home

Last Friday evening Ed Little, Lee Pool and several other local men left for the Colorado high places to hunt elk. Just before they left, The Journal visited the new farm home of Mr. and Mrs. Little, six miles out on FM road 1760, west of Muleshoe. Ed was busy getting ready to leave, and between inspections of guns, checking other gear, etc., he and his family allowed The Journal to see their new home.

Ranch style, of mahogany blend roman brick, the new home of the Littles faces south and is already surrounded by a lovely blooming flower garden, a tribute to the "green thumb" of Mrs. Little, which she shares with Ed, who is a successful farmer and vegetable grower. The house contains more than 1800 square feet of comfortably arranged living space, plus two large garages. Having lived for

a number of years in a house with only one small closet, the Littles included nine walk-in closets in their new home, including one fully cedar lined. Entering the carpeted hall, one observes the restful beige color scheme carried throughout the house. The viscose carpet is used in all the rooms except the two baths, hall and combination kitchen and den, where vinyl plastic tile is featured. The house contains three bedrooms, two baths, living room, kitchen-den, large hall and double garage. The arrangement is such that Ed may come into the house from the fields and go into the bath, kitchen or den without getting on the carpet with his boots.

It is also convenient for overnight guests in that the guest bedroom and bath are separate from the rest of the living area of the house. A convenient door opens near the guest room into the garage and into the yard. Higginbotham - Bartlett was general contractor for the Little residence. Plans were drawn from an incorporation of ideas which Ann and Ed accumulated in advance of actual building. They were pretty certain what they wanted, and except for a few minor changes suggested by Higginbotham's George Mayo, the house is exactly as the Littles pictured it.

Greg, five, and Gary, 7 share a bedroom decorated in a western theme, which contains their own desk and closet. Gary is in Mrs. Senn Slemmons' second grade room at Richland Hills. Greg stays home and helps with the farming. The master bedroom features an oversize bed, and tasteful drapes. The beige color scheme is carried out in this room also. The master bath is in shades of pink ceramic tile and gray. It features a double compartment arrangement, separated by a frosted glass door. The guest bath is in green and oatmeal, and here too, ceramic tile is featured.

The large living room has fiberglass drapes over the huge picture window and the furniture blends well with the carpet and wall color scheme. It is the den though where the Littles spend most of their time, and the room which they enjoy the most. Pirhana pine panelling is used on the walls and carried through into the kitchen which is separated by a pass through, or breakfast bar. Comfortable furniture, the TV

set, and Ed's gun collection in a built-in wall cabinet add to the attractive air of homeiness in this room.

In the kitchen, the pine panel walls are complemented by the birch cabinet work, and the copper tones of the built-in electric range top and oven.

Another large picture window in the den overlooks the flower beds of the back yard area.

The utility room, down the hall from the kitchen contains a washer, dryer and large freezer unit. It is here that Mrs. Little takes care of the housewifely duties that are a necessary part of every household.

The Littles have a lovely home, and incidentally, Ed got an elk on his hunting trip.

CALIFORNIA GUESTS

Mr. and Mrs. John H. Sain and boys from Palo Alto, Calif., are visiting with his parents, Mr. and Mrs. J. H. Sain and other relatives. They plan to go to Oklahoma to visit Mrs. John Sain's parents before returning to California.

"Sure have paid that loan down since you changed to **AMALIE L. P. G.!**"

"You wouldn't believe what that AMALIE L. P. G. Oil can save when you're burning butane or propane in your engines. Butane's a problem; common, ordinary oil thickens up till it looks like gear-grease. Dust and grit cake up. That sure is rough on engines. But no more — with AMALIE L. P. G.!" Nothing but the finest Pennsylvania crude in AMALIE L. P. G. Oil — no other crude like that on earth. And AMALIE chemists have done two great things: In refining, produced an oil that holds its "viscosity," or flowing quality, and developed additives to keep grit, dust, etc., in solution, so they filter out. That's why we say —

PROGRESS NEWS REPORT

Royal Service Program Held By WMU Monday

The WMU of the Baptist Church met Monday afternoon at 2:30 at the church for their Royal service program. It was a very impressive program entitled "An Open Door". There were 10 members present and one visitor. Those present were, Mmes. J. R. Walker, Sr., Bessie Davis, Florence Merritt, Minnie McCray, Delores Garrett, Billie Downing, Selma Redwine, Helen Redwine, Retta Shipp, Ruth Blair, and the visitor, Mrs. Carrol Davis.

Mrs. Marcia Dell Henry and son, Bobbie Don, of Lubbock spent the weekend visiting her parents, Mr. and Mrs. J. L. Redwine. We were glad to have them in our service Sunday at the Progress Baptist Church.

Rev. Bill Watson made a trip to McMurry College at Abilene last Saturday.

Ed Little of Progress and Lee Pool of Muleshoe returned Sunday from a hunting trip to Colorado. Each got a deer.

Oregon Visitors
Mr. and Mrs. Frank Actkinson and family of Portland, Ore. are here visiting with his uncles, Troy and Theo Actkinson of this community, and with his grandmother, Mrs. J. L. Actkinson of Muleshoe.

The above families attended a family dinner Sunday in Muleshoe. Others attending were Mr. and Mrs. Guy Madison and Donald, Mr. and Mrs. Jud Dennis and daughters, all of near Lamesa. Also Mr. and Mrs. Leonard Actkinson of Lubbock.

Harold Cooper attended a sub-district MYF council meeting at Earth last Sunday afternoon.

WSCS Concludes Study On Japan
Progress WSCS met last Thursday afternoon at 2:15 in Fellowship Hall for a study of Japan. Mrs. Bill Shaw gave the devotional talk on a famous Japanese Christian.

Elneta Gray taught the lesson on the last two chapters of the study book. Those present were Mmes. Mattie Griffin, Velma Gwyn, Vergie Shaw, Donna Shaw, Ruth Cooper, Fern Davis, and Elneta Gray.

The WSCS will observe a Day of Prayer next Monday from 10 a.m. until 2:30 p.m. Each member is asked to bring a covered dish for the noon meal. Mrs. Bessie Davis will keep the nursery for the children during the entire program.

Halloween Party In Fellowship Hall
The Progress Fellowship Hall will be the scene of a Halloween Carnival on Thursday, October 31. The different classes of the Progress Methodist Sunday school will sponsor different events for the evening of fun.

There will be a "spook house" in the basement, and fortune telling, fish pond, and other seasonal pastimes. Prices will be low and the proceeds go to the classes for their various projects. There will be refreshments, too.

Everyone is invited to come for a world of fun, at 8:00 p.m. at Progress Fellowship Hall on Halloween night!

Myke Murrain and Ben Roming were among a group of Bailey county boys who attended the State Fair at Dallas last week, and exhibited their livestock.

Mr. and Mrs. Paul McMahan and son, Douglas, and Arthur

Millen, home for the weekend from Canyon, visited in the home of his parents, the Owen Powells.

Return From Hunt
Clyde Henry, Earl Henry, Eugene Henry all had good luck on their deer hunting trip this year. Each brought back their deer. They went to Colorado.

4-H Club Plans Party
Members of the Progress 4-H Club met on Wednesday, October 16, at the home of Judy and Joy Williams. Business meeting was presided over by Mary Wedel.

The girls decided to have a Halloween party, but the date was not set.

Mrs. Harriett Brummett gave a demonstration on care of shoes. Frances Cooper led the games. Refreshments of fresh doughnuts and punch were served to Trudy Davis, Mary and Linda Gross, Frances, Doris, Sandra, and Linda Cooper, Shady Bass, June Gray, Mary, Jane and Wanda Wedel, Kay and Pat Thomson, Joy and Judy Williams. Also to Home Demonstration Agent, Mrs. Harriett Brummett and adult leaders, Mmes. Lloyd Williams, Albert Davis and John Thomson.

Pink and Blue Shower
Mrs. Dorothy Woodruff was honored with a pink and blue shower Friday, October 18, at 2:00 in the home of Mrs. J. R. Walker, Sr. Other hostesses were Mrs. Phoebe Gray, Mrs. Selma Redwine and Mrs. Retta Shipp. There were 12 ladies present, and many presents were sent. They served beautiful pink and blue angle food cake and blue punch.

Mr. and Mrs. Ronnie Daboy of Lubbock, spent the weekend with her parents, Mr. and Mrs. J. R. Walker, Sr.

Mrs. Eva Cox and daughters, Mary, Juanita and Oneta, from Floyd, N. M., spent Saturday with her brother, Mr. and Mrs. M. L. Shipp and family.

VISITED FATHER

High Plains Research Station Ends First Year Of Operation At Halfway

One year ago 61 representatives of 19 counties in the High Plains area organized the High Plains Station of the Texas Research Foundation. This group of outstanding business men and farmers met in Plainview on October 19, 1956 and accepted the offer of the 310 acre farm at Halfway, Texas for their research station. The general outline of the research program to be conducted was set up. They were to study methods of increasing the economic return from crops now grown in the area; to search for new crops which can be grown in the area that will add to the economic stability; and to study soil and water conservation.

This group requested the Texas Research Foundation at Renner, Texas to supply the directing personnel.

A finance campaign for \$350,000 to operate the station for a 5-year period was set up to be raised in the 5-year period. Over 84 percent of the budget has now been subscribed with the largest number of supporters being farmers. Area campaign chairman Frank Moore and big gifts chairman R. V. Payne have stated they expect another 25 percent of the 5-year budget will be invested at the end of 1957 harvest season.

Members of the regional council have expressed themselves as being well pleased with the progress in all fields of agricultural research being accomplished at the station.

The popularity of this, their own research program, was evident in the fact that over 2,000 attended the first Field Day on September 18, 1957 and the large number of farmers and business men who visit the station every day.

Domestic Demand Up For Agricultural Products In Nation

Domestic demand for agricultural products will probably be good in 1958, because consumer income should remain at a high level, and general economic activity should continue strong. However, there are signs of weakening.

At the present time, it appears that exports in this fiscal year, July 1, 1957, to July 1, 1958, may not be as high as they were last year, according to John G. McHane, extension economist. Agricultural exports in the fiscal year 1956-57 were about 35 percent greater than the preceding, due primarily to government export programs. The main trouble with agriculture, says the economist, is that our production is over-expanded in terms of available markets.

Cattle prices in 1957 are better than in 1956 because of higher incomes, a larger number of people, a smaller slaughter and improved range conditions which have created a good demand for range cattle. Cattle prices in 1958 will probably be somewhat higher than in 1957 because employment and incomes should be high and the number slaughtered should be a little less than in 1957, points out McHane.

Feeder cattle will probably not decline as much seasonably this fall as they usually do because there will be an abundance of cheap feed in the form of corn, grain sorghum and other grains, says the economist. This should create a good demand for feeders. Hog production in 1958 will probably be larger than in 1957, and beef will have to compete with more pork. Poultry products will also give beef strong competition.

It is estimated that about 418 million bushels of grain sorghum will be harvested this year. This is more than double last year's crop and is 72% more than the record crop of 1955. The production of corn is average. The oat crop is 20% larger than last year and the barley crop is up 17%. As a result, McHane says that lower feed prices can be expected during the feeding year of 1957-1958.

The cotton picture shows that the carry-over is down and the acreage is down; the big "unknown" is how much cotton will be exported in 1957-1958.

Parmer County Farm Bureau News

Those in charge of the Farm Bureau parade float for Maize Days wish to express their sincere appreciation to Miss Johnnie Hand for her willingness to substitute for Miss Wilma Norton as Farm Bureau queen, Miss Norton and her entire family were down with the flu. Miss Hand, second place winner in the queen contest represented Farm Bureau in the parade, and promptly came down with the flu that night. We hope both of these fine girls are feeling better by now.

A recent publication in a nearby weekly paper quoted some farmers who had visited Washington as commending some of our legislators for having allowed 80% loan value on farm commodities that must be temporarily stored in the open because of shortage of storage space approved by USDA.

The fact of the matter is that Texas Farm Bureau requested and got approval for open storage at a critical time four or five years ago when some elevator operators would buy, but would not store commodities during harvest periods. The provision, obtained by TFB President Walter Hammond directly through then President Harry S. Truman within a twenty-four hour period, in many cases, opened storage facilities to the farmer. It has since, by Farm Bureau resolution been requested and obtained each harvest season.

Beginning November 1, one dollar will be charged non-Farm Bureau members for handling farm used tractor gas refund papers. It has been fifty cents for non-members heretofore, and will continue to be ten cents for members, which amount covers actual postal costs for the service. This filing and notification service is one of the most exacting operations of the office, and requires a complete review of the files at least every fifteen days, to determine whether you have responded to your first notice. We believe the new charge is very nominal, considering the time and relative expense of rendering the service. The charge will be made whether the papers are executed in the office or not, as there is no charge for

Applications, together with photograph, must be submitted to the South Plains Maid of Cotton Committee, P. O. Box 561, Lubbock, not later than 12:00 noon, Monday, November 11, 1957. Official entry blanks may be obtained at the Lubbock Chamber of Commerce, 902 Texas Avenue, or at the local Chamber.

Maid Of Cotton For 1957 To Be Chosen

Wanted: A Maid of Cotton.

For the 8th consecutive year, the South Plains Maid of Cotton Committee, in cooperation with the National Cotton Council, is conducting a search for a young lady who likes to travel, meet people, and to win friends at home and abroad for the American Cotton Industry.

George Brassell, Jr., chairman for the 1958 South Plains Maid of Cotton Committee, in announcing the opening of this year's contest, stated, "This is by no means a beauty contest. The Maid of Cotton, as a representative of the 13 million people in the American Cotton Industry, has a tremendously important public relations job to do, and is chosen on the basis of poise, personality, and background, as well as appearance."

Among the qualifications required of an applicant for South Plains Maid of Cotton, she must be between the ages of 19 and 25; at least 5 feet 6 inches tall; never have been married; not wear glasses, and have been born in a cotton producing State. In addition, the South Plains Maid of Cotton must have a home residence in one of the following South Plains counties: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Deaf Smith, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb,
