WAY BACK IN 1919

Interesting Bits Of History Abound In Hurley Paper Printed 36 Years Ago

Scoop's effusion in his column recently about wanting old copies of the local paper had quick and unexpectedly good results. Henie Long has brought us a copy of "The Booster, Volume 1, No. 1, printed at Hurley on November 21, 1919. It was in the files of his father, the late Charlie Long, one of the earliest settlers in these parts.

It was a 4-page tabloid size paper, published monthly by Turner L. Smith, and it contains lots of news and information about the early community. Advertisers included Gupptons & Wiggins, Muleshoe, Texas. One notes a misspelling of the name Guppton, proving that the paper was a forerunner in the direct line of The Muleshoe Journal, a publication which occasionally misspells a word.

Other advertisers were the Hewitt Mercantile Co., Hurley; E. E. Curd & Co., Texaco; Texaco; O. C. Snyder, Hurley; J. J. Plester, harness and shoe shop, Texaco; and McCuan & Prasley, physicians and surgeons, Farwell.

Headline of the paper was: Pie Supper at Hurley Brought in \$121. Mr. Hewitt, who acted as auctioneer, "never let an on the folks until he got \$121" for the forty pies sold. The supper was held at the Congregational church.

Elsewhere in the paper we read that Roy Butler had been to Clovis to visit Dentist Cox. Judge Wilterding had visited the schools in the interest of the W. S. S. Society. The paper said the "work of the county" in reference to the Stamp drive will be done through these societies.

"We understand", the paper stated on page 2, "that Muleshoe and Y. L. is to have a new pastor next year. The moon changes off, and so do Methodist preachers."

Mr. Witt, from Wagoner, Okla., was to live at Hurley another year. W. M. Coventry was advertising cheap Irish potatoes. Hewitt Mercantile had a reader ad, running as follows:

"National wash boards at 45c. We throw the soap in at a reasonable price. Lots of shallow water. Wash and be clean."

Bentley Gwyn also had been to Clovis to have a tooth filled. Miss West and Miss Donald, teachers in the Hurley school, visited Mr. West Sunday.

A nostalgic item appeared seemingly as an afterthought of the editor: It is time for some one to kill another beef and bring to Hurley. Folks are getting hungry. (It was the custom in the pioneer days for people who butchered a beef or hog to pass around the fresh meat.)

Another interesting item: The county officials have moved from the Bank to the new courthouse.

D. E. Shifflett and family, and Miss Lily Snyder were granted certificates of membership by the Hurley church the preceding Sunday. Little hope was held for the complete recovery of Mary Snyder, a daughter of Mr. and Mrs. T. L. Snyder.

About this paper, the editor inserted this short paragraph: "This paper is published in behalf of the religious and county interests of Bailey County. It is financed by ads. (Some of this still applies to The Booster's successor.)"

A Chamber of Commerce item appeared in the news columns: L. R. Cox is still gone. O. C. Snyder is going to go. Mr. Fonseld what the one did and the other wanted to. And there is not telling which of these gentlemen will beat the other back to Bailey County.

The Journal deeply appreciates Mr. Long's permitting us to see this old paper. And we hope that others, after reading this article, will search through their trunks, their old files and archives, and see if they don't have copies of the early day paper. The Journal has complete files back through 1924 and is particularly anxious to see copies of the paper, by whatever name, printed in the neighborhood prior to that year.

MARCH OF DIMES

All Day Meeting Held By Bailey Co. H. D. Council

Bailey County HD Council committee held an all day meeting Monday, Jan. 16, in the county club room. The committee received training on how to make reports and the duties and functions of a committee.

Giving the training were Mmes. T. Haley, Albert Davis, Carrie Huff, Mollie Stinson, and S. C. Caldwell.

Committee members present were Mmes. C. H. Gillis and Albert Davis, EEE committee; Mmes. Myrtle Wells, K. K. Krebs, A. W. Copley, and S. C. Caldwell, recreation; Mrs. A. W. Copley, Civil Defense; T. Haley, finance; Joe Simmacher, yearbook; O. M. Self, parliamentarian; and the agent, Mollie Stinson.

The standing rules were read and revised with Mrs. Carrie Huff, council chairman presiding. Recommendations of five standing committees were read and approved. Five committees making recommendations were: EEE, Civil Defense, Yearbook, Recreation, and Finance.

Mrs. Huff gave a report of the THDA and council chairman training meeting which was held recently in Lubbock. The district meeting will be held April 6, in Lamesa. All clubs should elect their nominee for delegate to this meeting and their nominee for county THDA chairman at the next club meeting. The county delegate and THDA chairman will be selected at the February council meeting.

Mrs. Stinson set the dates for three leader training meetings, and they are as follows: Social Security meeting, Jan. 19, in the district courtroom at 3 pm. A representative from the Social Security administration in Lubbock will be present at that time. Foods and clothing leaders meeting, Wed. Jan. 25, 2 pm, in the county club room at Muleshoe. Reporters training meeting, Mon., Jan. 30, 2 pm in the agent's office in the courthouse.

Those present for the meeting were: Mmes. K. K. Krebs and Carrie Huff, Three Way; Dealia Peel and Sue Nesbitt, of West Camp; Mmes. C. H. Gillis, A. W. Copley, M. R. Oden, and S. L.

Muleshoe Mules Receive Jackets This Week

The Muleshoe Mules football team received their letter jackets Tuesday for the past football season.

The jackets are made up of a black body, with black leather sleeves, and a gold "M". The letter has service bars indicating how many years the wearer lettered for the Mules.

Those receiving jackets were: Joe Roark, junior, center; Dickie Johnson, sophomore, back; David Shifflett, sophomore, tackle and guard; Edie Wilt, junior, back; John Young, junior, back; Bobby Black, senior, guard; Bob Sanders, sophomore, tackle; Jackie Tidwell, senior, end; Bo Bryant, senior, end; Duane Morrison, senior, back; Jim Morrison, junior, tackle; Buddy Pysl, senior, back; Stanley Fox, senior, back; Gene Paul Jarmon, senior, tackle; Doyle Henry, senior, guard; Charles Jennings, junior, back; Cwinneth Cox, senior, tackle; Billy Black, sophomore, end; Johnny Allison, junior, tackle; Charles Parker, junior, end; G. R. Howell, senior, back; Teddy Mason, junior, tackle.

Manager Leander Sims, and Coach Wayne Mantooth and Bill Taylor.

P. V. H. D. Club Met

The Pleasant Valley Home Demonstration Club met Thursday January 5 in the home of Mrs. Allen Haley.

The business meeting was presided over by the president Mrs. Haley.

The following committees were appointed: Mrs. Doyle Turner, chairman of education Committee; Mrs. Alton Taylor, Chairman of the recreation committee; Mrs. Roy Taylor, chairman of civil defense.

Robison, Muleshoe; Mmes. Myrtle Wells, Fern Davis, O. M. Self, Joe Simmacher, and T. Haley, of Progress, and the agent, Mollie Stinson.

Four clubs were represented.

Lazbuddie News

The Lazbuddie Booster Club will sponsor a Mexican Supper on Monday night, Jan. 30 from 5:30 to 7:30 in the lunch room at the school house. Tickets may be purchased from any member of the Booster Club. Children tickets are .75 and adults \$1.25. They urge that everyone come out and enjoy well prepared Mexican food and help a worthy cause at the same time.

The Sophomore class enjoyed bowling and a movie Saturday night, Jan. 14 at Clovis. Others attending beside students were: Mr. Delmar Clifton, Bill Anderson, Mrs. Artis Ivy and Laverina and Sonja Kaye Brown. Mr. Clifton and Bill Anderson had highest scores.

Several new students have enrolled recently. They are Merlene Newsom from Springlake in the 8th grade.

Mr. and Mrs. L. A. Reed and Mrs. T. D. Reed visited relatives in Brady last weekend.

Mr. and Mrs. Earl Peterson and children visited relatives in Lubbock Sunday.

Mr. and Mrs. John Agee and children visited his parents in Lubbock Sunday.

Bert Gordon was in El Paso on business the first of the week.

Rev. and Mrs. Paul Syms of Albuquerque, N. M., visited over the weekend in the W. S. Menefee home.

Baptist Parsonage Open House Will Be Held Friday

THE DEN OF THE PARSONAGE is seen, with Rev. and Mrs. Shepherd relaxing for a moment. The walls are paneled in pine. (staff photo)

THE KITCHEN-DINING AREA of the new Baptist parsonage is shown here with Rev. and Mrs. Shepherd enjoying a brief rest. The serving bar acts as a room divider. (staff photo)

By Mrs. D. O. Smith

* Mr. and Mrs. Carroll Pouncey and three children, Louise, 7; Melaine, 5; and Carolyn, 3, have moved here from Littlefield, where he was editor of the paper. Mr. Pouncey is now employed as editor of the Muleshoe Journal. They are members of the Methodist Church.

* Mr. and Mrs. A. W. Crabtree have moved to Muleshoe recently from Littlefield, also. They have one child, a son, Robert Wayne, who is four months of age. Mr. Crabtree will be employed at Pioneer Gas Company. They are members of the Baptist Church.

* Coming here from Abilene are Mr. and Mrs. Riley Sumnerall. They have three children, Rita 11, Michael, 7, and Lou Ann, 3. Mr. Sumnerall is a carpenter. They are members of the Missionary Baptist Church.

ATTEND BEAUTY CLINIC

Mrs. Lucille Cherry and Betty Patton, of the Muleshoe Beauty Salon, attended a Revlon Beauty Clinic held in Amarillo Monday. They took a special course in facials and make-up.

CARD OF THANKS

The family of Sammy Ray Elliot wishes to express their gratitude to all the good friends who did so much for us during our recent sorrow. We are grateful for the floral offerings and the food.

Mr. and Mrs. H. C. Elliott, Cary Don and Deborah, Mr. and Mrs. C. R. Black, and Delbert, Mr. and Mrs. G. F. Walker and Rex.

ATTENDED SHOWER

Mmes. S. C. Caldwell, Bill Caldwell and Gene Caldwell attended a wedding shower in Lubbock Monday evening for Mrs. Bryan Meyers.

The shower took place at 7:30 in the home of Mrs. Carol Anderson. Before her marriage, Mrs. Meyers was Miss June Rose Harris. She had visited the Caldwells many times during the past years.

IT'S A BOY

Mr. and Mrs. L. D. Estep, of Belin, N. M., are the proud parents of a son, Lonnie Dale. The young gentleman arrived at the Belin Hospital Monday morning. He weighed 6 lbs., 8 oz. Grandparents are Mr. and Mrs. W. L. Key, of Amherst, and Mr. and Mrs. L. L. Estep, of Muleshoe.

The public has been invited to an open house Friday evening January 20, to view the newly built parsonage of the Muleshoe First Baptist church on Avenue E.

Occupied by Rev. and Mrs. E. K. Shepherd and their three sons, the new buff brick three bedroom home was first moved into on November 14.

Visitors to the open house Friday evening from 5-10 pm, will be greeted by ladies of the First Baptist Sunday School classes.

RALPH WARE TO ACCEPT RIDERS TO LOS ANGELES
Ralph Ware, former Muleshoe boy, will be leaving the last of the month for Los Angeles, where he will take up his studies at a well known art school. He's been visiting old friends here.

Ralph says he has a new car and will be pleased to have two or three passengers for the trip out on a share the expense basis. So anyone wishing to avail themselves of this opportunity should get in touch with him. He resides now at 709 E. Lincoln, Morton. He wants to leave about Jan. 28 or 29.

CARD OF THANKS

The extreme kindness and thoughtfulness shown us by the good people of this community during our recent bereavement has helped so much to comfort us. We are deeply appreciative.

Mr. and Mrs. LeRoy Holley, Roger and Randy.

NOTICE

There will be a meeting of all mothers of the junior class of Muleshoe High School, Tuesday afternoon, January 24, at 4:00 o'clock.

Plans will be made for the Junior Senior-Banquet, and all mothers are urged to attend. The meeting will be held in Mrs. Ewin's room at the High School building.

who are acting as hostesses for the occasion.

Visitors will enter the large livingroom and immediately note the tasteful beige walls with matching wall to wall carpet in a Coventry pattern. Double drapes with silk glass curtains hang at the picture window facing west. The drapes are of case-ment cloth in seabreeze beige. A curved sofa in beige and white sets off the other muted colors of the room and harmonizes with the wood furnishings.

Built By Higginbotham
The house was built by Higginbotham-Bartlett Lumber Co. of Muleshoe. The building committee from the church was composed of Pat Bullock, chairman, Harold Griffiths and L. E. Bratcher. Members of the planning committee were Verney Towns, Byron Griffiths, and Mrs. D. L. Morrison.

All drapes and curtains in the home were made by women of the church congregation.

The front bedroom is David's. David is 16 and a sophomore at MHS, where he received his football letter this week. His room is carpeted and has aqua walls with drapes of brown and aqua. The bedroom suite is pecan.

Two Baths
There are two baths. One is in lite and dark green with tan, and is tiled with plastic tile. Fixtures are a suntan shade. The other bath is pink rose and brown with white fixtures. It too is tiled.

The second bedroom is occupied by the two younger Shepherd boys, James, 13, who is in the seventh grade, and Paul, who is 11, and in the sixth grade. This room has tan walls with a tan tile floor. Drapes are of brown and aqua with matching cornice boards.

Natural finish woodwork throughout the house is birch.

The den, where the Shepherds find time to relax from their busy schedules, is paneled waist high in perennial pine with light green walls above. Floral drapes and cushions carry out the color

THE E. K. SHEPHERD FAMILY is seen here in the living room of the lovely new parsonage of the Muleshoe First Baptist Church. (Staff Photo)

A built-in book shelf is a feature of the den.

The master bedroom is carpeted and has pink walls. A Queen Elizabeth bed spread carries out the color scheme. Draw curtains in a brown print are in the bedroom, with bleached oak furnishings.

A large kitchen and dining area is tiled with green vinyl flooring, and features a dado of tan vinyl, which is carried out into the hall. A matching breakfast suite in green adds to the color of the rooms. The color of the rooms they figured wall paper. A breakfast serving bar divides the kitchen from dining area and all counter tops are in vinyl. The cabinets are painted pink and lined inside with a bright yellow to pick out the two colors in the wall paper.

This house has six closets, a pantry and a utility room, as well as large storage space in the attached garage. It contains more than 2300 square feet of floor space in addition to the garage.

The garage, which opens off the kitchen, is painted the same shade of light green as the exterior trim of the house.

THIS & THAT

About Homemakers & Homemaking in BAILEY COUNTY By MOLLIE STINSON Home Demonstration Agent

This has been a very busy month so far. I'm beginning to believe it is harder to stop working than it is to start! There are so many things that need to be cleared up and so much planning that should be started before I leave.

The girls 4-H County Committee is one of those important meetings. This group will meet Saturday, Jan. 21 at 2:30 p.m. in my office at Muleshoe. This group is composed of the president and an elected delegate from each of the seven 4-H clubs in the county. At least one adult leader from each club will also attend to act in an advisory capacity. These girls will make the plans for the rest of the year at this meeting.

New Equipment and Method Found For Cleaning Cotton Carpets . . . Development of a new and revolutionary method of cleaning wall-to-wall cotton carpets in the home has been announced by the U. S. Department of Agriculture.

Use of the new method, a result of contract research sponsored by the Departments Agricultural Research Service makes it possible for a carpet cleaner to restore heavily soiled, installed cotton carpets to bright

shades in one treatment. Such carpets have always been a difficult problem to cleaners, sometimes requiring as many as three calls to do a satisfactory cleaning job.

Unlike most conventional rug-cleaning methods, the new procedure uses large quantities of fresh, clean suds. These are actually worked through the carpet pile by a specially designed rotating brush and then sucked up through a vacuum nozzle at the outer edge of the brush. In this way, the suds and the soil which they carry are removed from the carpet.

The new process leaves a cleaner and drier carpet. Shampooing is followed by a quick drying operation after which the texture of the pile is restored by use of an agitation-type vacuum cleaner.

The new cleaning machine is expected to go into commercial production in the near future. Further information on the developments in the new wall-to-wall cotton rug cleaning process is available through Dr. C. H. Fisher, chief of the Southern Utilization Research Branch, 2100 Robert E. Lee Boulevard, New Orleans 19, La.

Mules, Mullettes Lose To Tulia Tuesday Night

Muleshoe Mules and Mullettes suffered a double conference defeat Tuesday night, as they lost both bag games to Tulia in the Muleshoe gym. The boys lost 72 to 48, and the girls lost by a single point, 34 to 33. Muleshoe B boys beat Tulia B team 48 to 43.

In the B game, Muleshoe led 14 to 8 at the end of the first quarter, and halftime score was 25 to Tulia's 20. Muleshoe led by 12 points at the end of the third quarter.

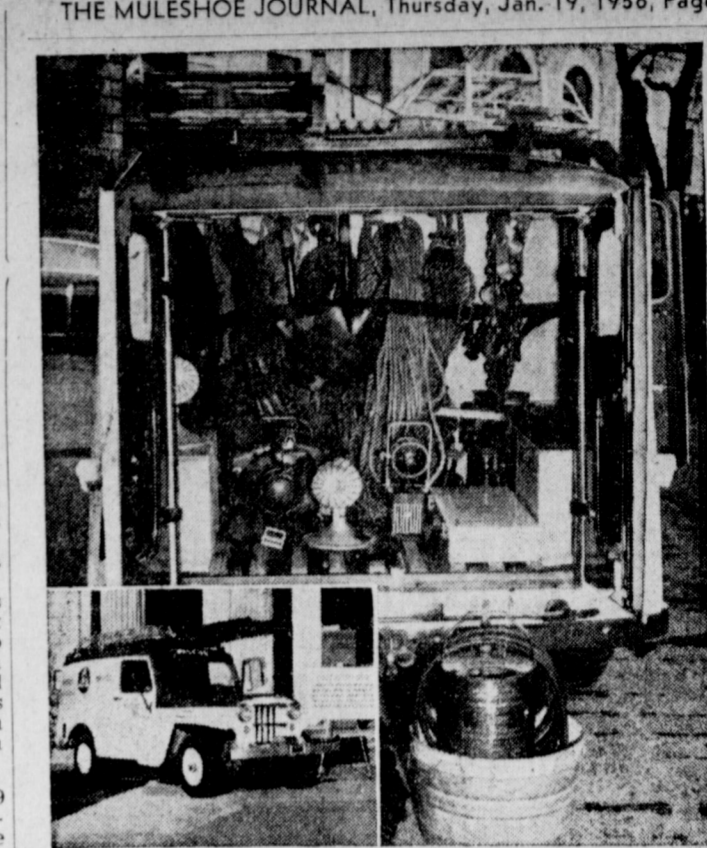

Bob Sanders led the B Mules attack, sinking two free throws and eight field goals for a total of 18 points; Don Alexander was close behind with 17 points.

Tulia's girls led the Mullettes 13 to 6 at the end of the first quarter, but the Mullettes got to work in the second to lead Tulia at the half, 20 to 18. At the end of the third period of play it was Mullettes 28, Tulia 26. After a hard fight in the fourth Tulia girls eked out ahead.

The Mules led the Hornets 19 to 16 at the end of the first quarter, but scores switched and the Hornets were leading the Mules at the half, 36 to 25. At the end of the third period the Mules were trailing 51 to 35, and in the final quarter the Hornets ran wild, scoring 21 points in the period. Final score Mules 48, Tulia 72.

Eddie Wilt was high scorer for the Mules, with 22 for the evening. Tulia's O'Daniel had 25.

This was the second conference win for the Hornets, giving them a 2-0 record. It was the first conference loss for the local lads. The Mullettes have lost one game and won one.

MULESHOE CHIROPRACTIC CLINIC IN BARRON BUILDING South of Courthouse Phone 4090

NEURITIS FORM OF RHEUMATISM

Aches and pains shooting through arms and legs and over the shoulder which are commonly felt this time of year is a form of neuritis and is often called rheumatic neuritis.

Chiropactic realizes that rheumatic neuritis is caused by nerve pressure. Here at the clinic nerve irritation is located and removed. When the cause of neuritis is removed, the nerves subsequently heal and the pain subsides.

Such was the result when a lady, age 37, came to the clinic suffering with pain and burning between the shoulders and down arms and other disorders as well. A spinal nerve analysis located the area of major pressure, and spinal X-rays revealed the exact position and condition of vertebrae. Spinal adjustments were made to remove pressure on nerves causing her trouble. This woman now enjoys fine health with entrance symptoms corrected.

HEADACHES AND BACKACHES

A lady, age 62, came to the clinic with history of headaches and backache. She also was suffering from hurting in arms and legs; hurting in left side; constipation; and insomnia, or sleeplessness. After an examination spinal X-rays were made, which revealed many dislocations of vertebrae in the spinal column. The Nerve Test Analysis determined the amount of nerve pressure leading to the affected regions of her body. The nerves were partially blocked or cut off. After taking a series of adjustments the causes of his lady's trouble were corrected as proved by post X-rays Spinal Analysis. She now enjoys health and happiness as stated in her last visit to the clinic for a checkup.

and down right leg, whether sitting or standing. Entrance complaints also included nervousness, neck and shoulder pains, nervous indigestion, black-out spells. This man had not been able to work for some time. After a spinal nerve analysis to located pinched nerves causing his trouble, spinal X-rays were taken to reveal the cause of the nerve pressure. Spinal adjustments were begun to remove pressure on nerves affected. Under recommended service, this patient reports no aches or pains.

RUPTURED DISCS

A man, age 44, was referred to our clinic with condition medically diagnosed as ruptured disc and arthritis. He suffered excruciating pain in lower back

Janelle Sedgwick Is Feted With A Farewell Party

Janelle Sedgwick was feted with a farewell party at the home of Nell and Ann Gholson Tuesday afternoon of this week after school.

Mrs. H. Jay Wyer Hosts The W. S. C. S.

Initiating the study "To Combine Our Efforts For Lasting Peace," the First Methodist Women's Society of Christian Service met Monday, January 16, at 2:00 p.m. in the home of Mrs. H. J.

Pleasant Valley Talent Show To Be January 24

Pleasant Valley Social Club is sponsoring a local talent show Tuesday evening, January 24, at the Community Center, to raise money for the March of Dimes Campaign.

Mrs. F. B. Pierson directed the lesson. She was assisted by Mrs. Clarence Stephens who gave the devotional, and Misses W. D. Moore and Roy Bayless.

This scene from the motion picture "JOHN WESLEY" shows the 18th century English churchman breaking tradition by preaching in the field to the Bristol miners.

Motion Picture 'John Wesley' To Show At First Methodist Church

The motion picture "John Wesley" is coming to Muleshoe, and will be shown at the First Methodist Church on Sunday night, Jan. 22, 7:00, according to the pastor, Rev. Clarence Stephens.

The feature-length film is in Eastman color and was produced

by the Radio and Film Commission of The Methodist Church in cooperation with J. Arthur Rank. It brings to the screen for the first time the dynamic and colorful 18th century evangelist and educator.

John Wesley's miraculous rescue from a burning house at the age of five, at the beginning of the film, forecasts the dramatic and eventful life which unfolds in this story of a man of slight stature but of impelling influence upon his contemporaries and upon history.

The English clergyman thought his venture in America as a missionary to the Indians in the Georgia colony was a failure, but it was the kind of failure which opened the door to the discovery of a religious certainty he had been seeking.

Furthermore, this discovery, in which John Wesley, felt his "heart strangely warmed," led him to face mobs unafraid and to ride 250,000 miles on horseback, changing the masses of English people from a low state of moral degradation to sturdy and happy uprightness.

His enthusiasm was frowned upon by the lethargic leaders of the Church of England of that day, but it was this new-found enthusiasm which enabled him to influence so many phases of the life of English-speaking peoples.

His appeal to the common man, his establishment of schools, clinics, lay preaching and societies — finally his sending of supervisors for the movement in the new world after the American Revolution—all these make the film one which will be long remembered.

The Rev. Clarence Stephens explained that while the film is being released only to Methodist churches during the initial period, the public is invited to see the picture at the First Methodist Church.

Sue Willman Feted On 11th Birthday

Sue Willman was honored on her eleven birthday, January 13, in the home of her parents, Mr. and Mrs. Dick Willman.

The dining room was beautifully decorated in shades of blue. Silver foliage and candelabra, bearing graduated blue tapers, centered the table, which held the three tiered cake iced in blue.

Sandwiches, cake and punch were the refreshments served. After a number of games were played, Sue opened and displayed her lovely gifts.

Attending were the following guests: Marsha Buhrman, Sheryl Stevens, Eugenia English, Mary VanDyck, Patricia Lewis, Joan Mook, Glenda Powland, Barbara Surratt, Donnie King, Diane Fullerton, Melba Buhrman, Marilyn Green, Davy Jean Anderson, Darlene Buhrman, Pam Lenau, Mike Connell, Gary Farr, Jerry Max Harrison, Kathy Moore, Richard Leveridge, Gerald White, George Morow, Donna Moore, Paula Walter, Sharon Millen, Jerry Gilbreath, Don Finn, Roxanna Hart, Annette Leveridge, Delbert Black, Sena Stevens, Charlie Hanks, and the honoree.

Agent Meets With Pleasant V. Club

Mrs. Hazel Hickman, Lamb County Home Demonstration Agent, met with the Pleasant Valley Home Demonstration Club in the home of Mrs. Allen Haley, on January 4, and gave a program of vital statistics on family life.

She also gave a demonstration on folding fitted sheets and showed some aprons for ideas on an apron parade to be held in the near future.

Mrs. Haley, the president, was in charge of the business session, and appointed the following committee chairman: Mrs. Doyle Turner, education; Mrs. Alton Taylor, recreation; and Mrs. Roy Taylor, civil defense.

Mrs. Roy Taylor received the hostess gift. The ladies were presented with the club's year books. Refreshments were served to Misses C. E. Lowe, O. E. Green.

Unused Acreage Allotments May Be Returned

Texas cotton farmers can plant more acres of cotton in 1956 than was harvested in 1955 if they make full use of the State's allocated acreage.

The Texas Stabilization and Conservation Committee points out that the 1956 cotton acreage allotted to Texas producers is 7,410,893 acres. Final figures released by the U. S. Department of Agriculture on the 1955 cotton crop shows that 6,860,000 acres were harvested in the state.

All farms in the state eligible for a cotton allotment have been assigned an acreage for 1956 planting. The State committee urges all producers who do not intend to plant their allotted acreage to contact the local ASC office and return to the county committee any cotton acreage not to be planted. It can then be reallocated to producers in the county who have asked for additional acres. A final date has been set in each county for turning in the acres which will not be planted.

If the intentions not to plant are not known and the acreage not reallocated, the county loses the acreage and the farm gets no credit on its historical base. Acreage can be returned on both a temporary and permanent basis. A full explanation, says the state committee, can be obtained from the local county committee or from officials in the county ASC office.

Athletic Fund Pays Own Way In 1955

The athletic fund of Muleshoe schools started the 1954-1955 school year off with a balance of \$30,200 on September 1, 1954.

Income from football ticket sales amounted to \$3,559.11, and \$1,663.80 from basketball. Football contracts brought in a total of \$1200 and miscellaneous other items accounted for \$600, making a total of \$7,053.11 receipts including the starting balance.

Expenditures included \$3,550.45 for uniforms and equipment; \$1,276.29 for football contracts and \$428.72 for officials. Hospital bills cost the school \$314.75, while awards cost \$510.39. Meals, lodging and other expense amounted to \$602.80, and laundry and cleaning costs \$353.75. Total expenditures were \$7,037.15, with a fund balance of \$15.96 for the year ending August 31, 1955.

Muleshoe Beats Lockney Cagers Friday Night In Conference Opener On Road

The sharp shooting of Charles Jennings and Eddie Wilt gave the Mules the advantage over the Lockney Longhorns Friday night as the Mules beat the Longhorns 43 to 42 in the first conference game of the season for both teams. Shirley Matthiesen led the Mulettes to victory over the Lockney girls by scoring 16 points of the Mulettes' 30. The final score of the girls game was Muleshoe 35, Lockney 29.

The Mulettes were leading Lockney 7 to 5 at the end of the first quarter and the halftime score was Mulettes 15, Lockney 14. At the end of the third quarter the Mulettes were leading

by two points, 21 to 19, and in the final quarter the Mulettes managed to stay ahead of Lockney, beating by one point, 30 to 29.

Shirley Matthiesen was the high scorer for the Mulettes, making 16 points for the night, and Mathis was Lockney's high scorer with 20 points.

The Mules were trailing by one at the end of the first quarter, 10 to 9, and at the half the Longhorns were leading by six points, 22 to 16. The Mules were leading at the end of the third quarter by one point, 33-32. In the final quarter, it was close all the way, but with less than a

Recently Congressman George Mahon was in Muleshoe to talk with farmers and other interested people concerning the farm problems facing the lawmakers in Washington. The following is the text of a letter written to The Journal by Mahon, on this subject:

I have asked Senator Ellender, Chairman of the Senate Committee on Agriculture to give me an opportunity to testify before his committee in opposition to the Administration's request for the standard grade for cotton for purposes of parity and price support be changed from 7/8" inch staple, which is the present law, to a general average of the cotton staple, which is approximately one inch. If this provision had been in operation in 1955 it would have cost the Texas farmers approximately \$12.50 per bale an average of 2 1/2 cents per pound, a loss to the Texas cotton farmers of about fifty million dollars. In other words, this portion of the Administration's proposal simply represents a gadget for reducing the income of the cotton farmers.

I have also asked to be heard in opposition to a proposal, which apparently has considerable support in the Senate, and which would grant a support price of 90% of parity on one-inch staple and a support price of less than 90% of parity on staples which are less than one inch.

A combination of these two proposals would bring about a very drastic reduction in the income of the cotton farmer generally, particularly the farmers of West Texas. It is not possible in West Texas to successfully produce long staple cotton on account of the short growing season. This is particularly true in the South Plains area.

Relatively speaking, there is not an excessive amount of short staple cotton in government-held stocks, and there is no reason why producers of the shorter staples should be discriminated against. Of course we are constantly seeking to improve staple lengths and the quality of the cotton. Quality is often more important than staple length.

Government loans on cotton for years been made on the basis of 7/8 inch staple. Section 403 of the Agricultural Act of 1949 provides: "Middling 7/8 inch cotton shall be the standard grade for purposes of parity and price support."

The President, in his farm message, has recommended that the standard grade for purposes of parity and price support should be the average staple length. The average staple length for 1955 crop was slightly in excess of one inch, precisely 32.8 thirty-seconds. The average of Commodity Credit stocks as of August 1, 1955 was one inch. The total carry-over average was 32.2 thirty-seconds.

The staple length of Commodity stocks is just slightly shorter than the average staple length of the total carry-over. As of August 1, 1955 there was not an excessive carry-over of short staple cotton in Commodity Credit stocks.

Of United States production last year 8.6% was 7/8 inch or shorter. In Commodity Credit stocks the percentage of 7/8 inch and shorter staple was about 11%. This would indicate that only a slightly larger percentage of short staple cotton is in the loan than is in the regular stocks.

There seems to be considerable sentiment for the adoption of a support program which would give 90% of parity for top grades of wheat, corn and cotton and a support basis of less than 90% of parity on shorter staples or poorer grades. This would work a tremendous hardship upon farmers generally and particularly upon the farmers of Texas.

79% of the cotton produced last year of less than one-inch staple was produced in Texas, 11% in Oklahoma, and 10% in the remaining portion of the nation.

Records of the Lubbock classing office indicate that the average staple length in 1954 was about 29.5 thirty-seconds and the average staple length in 1955 was 29.32.

NOTICE! TO PARENTS of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1956, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in the census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 21 you are being overlooked and should do one of the following:

1. Phone Supt. Jerry Kirk at No. 7300 or the School Tax Office No. 6720 and ask for a census blank.
2. Call in person at the School Tax office and get a census blank and fill it out.

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six years old who start next September to school are the ones most often overlooked in the census. Failure to count them costs the school and the taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

DABSON DISCUSSES: PROHIBITION

Babson Park, Mass., Jan. 19 — My father used to say to me: "Roger, avoid the words NEVER and ALWAYS; also do not put dates on your forecasts." In discussing this unpopular subject of Prohibition, I will now observe his advice.

PROHIBITION COULD RETURN

First, let me say I am not forecasting the success of the Prohibition Party as a political factor. Rather, I am forecasting that one, or both, of the major parties will put some form of Prohibition in their platforms. The curse of the liquor traffic may be no different now than 25 years ago; but there is one great difference.

In 1939 when Prohibition was overwhelmingly defeated, there were no great industries to put up the funds to continue Prohibition, while the great brewers, distillers, and other liquor interests supplied the funds to kill it. Then, however, there were only 20½ million automobiles. Today — with 50 million automobiles — the situation is very different. In the next fight over Prohibition, the automobile industry (now the second largest) which includes manufacturers, sales agencies, the great gasoline industry, as well as the owners of property rented by these interests, should heavily support the Prohibition cause. And this group is increasing every year as more cars go on the roads. There are now over 225,000 filling stations earning nearly a billion dollars annually.

METHODS OF PREVENTING ACCIDENTS

Safety belts, compulsory car inspections, canceling of licenses, and even jailing offenders should help prevent accidents or make them less serious. However, none of these things seem to be effective. The main cause of accidents is with the brain of the driver. Hence, the great importance of insisting upon drivers keeping in line and not passing except where specifically permitted.

The basic reason why drivers disobey traffic rules, crossing lines, driving fast, ignoring intersections, and signs, is lack of mental control. People are all too willing to take chances. But civilization has progressed by a constant tempering of this instinct to risk, by education, religion, and laws working toward the development of self-control. This is a very important fact which parents and teachers should recognize.

LIQUOR AND SELF-CONTROL

There are three biological effects of drinking. 1. Drinks "pep" one up. Liquor, even in very small amounts, gives people temporary courage to do an dday things they otherwise would not. 2. Drinks enable people to forget — but this means forgetting driving rules as well as troubles. 3. Drinks are habit-forming. No one ever expected to become a slave to drink when he started simple social drinking. Not only are automobiles increasing every year by several million and the population by about 3 million, but the age when young people start to drink has lowered. The cocktail party, along with the above-mentioned factors, has made liquor a national problem which must be conquered. It may get worse before Prohibition, in some form, returns; but it is a sure forecast that it will return. Perhaps one plan would be to prohibit sales to those holding drivers' licenses. Even the new four-lane turnpikes do not solve the difficulty, as they develop a "sleepitis".

NEW PROHIBITION WILL BE DIFFERENT

How the liquor curse will be handled, I do not know. As my friend, Delevere King says, it is a problem of the three E's: — Education, Engineering, and Enforcement. The most common suggestion is that we all have a license either to buy liquor or to drive a car. This, however, will not alone solve the cocktail party danger and the fact that the self-control and judgement of many individuals are not affected by a little liquor — while others are affected almost by the smell of it! I hope readers will not take this column as propaganda for Prohibition, as I believe the person who does not drive a car has a right to drink. However, with 99 being killed each day and one seriously injured every 25 seconds, and these figures constantly increasing, something radical must be done. Also, unless the brewers and distillers themselves "see the handwriting on the wall" and help solve the problem, the securities of such companies face a terrific decline, as happened when Prohibition went into effect in 1919.

Today's Meditation

FALSE IDOLS WE WORSHIP

Read Matthew 22:34-40.
Thou shalt love the Lord thy God with all thy mind. This is the first and great commandment. (Matthew 22:37-38.)
The ancient Incas of Peru used gold only in the worship of their Sun God. It resembled the yellow rays of the rising and setting sun.
Money and the fascinating things it will buy we ought not to love and to seek as first things, as life's goals. They cannot sustain the human spirit in its hours of fierce trial or great responsibility.
God we worship; and beauty, truth, and righteousness we esteem and appreciate. Persons we can and should love and serve in Christ's spirit. All these are the ends of life.

Things are meant to be used in the services of God and men. Kept in their place, as servants of the highest, they will bless us and not hurt us. God, the Father of our Lord Jesus Christ, and God only, we dare worship. He only can sustain us in every trial and duty and bring us to live in His Kingdom on earth, and with Him eternally.

PRAYER

Father, we would worship Thee and seek first Thy Kingdom and Thy righteousness. Have mercy upon us and forgive us for our false loves and draw us up to Thyself alone. For Jesus' sake we ask it. Amen.

THOUGHT FOR THE DAY

"Thou shalt worship the Lord thy God, and him only shalt thou serve."

KOGHE SEES— THROUGH A GLASS DARKLY

By CARROLL PONUCEY

Have here a letter from the Hon. Gomer Cool, Esq., postmarked from Lonesome Walnut, Ga., or Mass., I can't tell which. Gomer says he is presently touring with an all-girls basketball team. Admits he had to lie about his age, but to Gomer that's a small matter. And Gomer relates that the only other sure thing besides death is due to the Department of Internal Revenue, right now.

The usual number of mangled fenders being rendered asunder brings to mind that if a couple of strategically placed stop lights were put up at the intersection by the First National Bank and by Blackburn's Grocery, there might be less work for the body repair men, and also less work for the head shrinkers and finance companies.

Last week the Lions club held a round table discussion on traffic problems, roads and highways and like matters. It was a change for the club, and most members welcomed a chance to get up on their hind legs and speak their piece. Despite the number of things that most people believe to be beyond a Toastmasters club if organized in Muleshoe would find enough people interested to be worthwhile.

Toastmasters is an international organization designed to help folks learn to think and talk on their feet before an audience. Most business men are called on at one time or another to make a few remarks before an audience, and Toastmasters is a good way to become accustomed to this.

The way it works, there are not more than 30 members. Each man makes a two minute talk each meeting night on a topic in a round robin discussion. Then five men make five minute talks on pre-assigned topics, and one man makes a five minute extemporaneous talk. Each talk is evaluated by other members of the club, and the best talk of the evening is awarded a trophy to keep until the next club meeting.

It's inexpensive and a lot of fun. Anyone interested in this idea can get all the information they want by calling the kindly old gray haired columnist.

SANDHILLS PHILOSOPHER—

That senator wants to Discourage City Farmers, says He Already has

Editor's note: The Sand Hills Philosopher on his Johnson grass farm probably has misinterpreted the news again, a habit of his, his letter this week reveals.

Dear editor: I was out here on my farm this week sort of waiting around for Congress to solve the farm problem, if Congress can do it, it'll beat anything I've been able to do, when I got to planning thru a batch of newspapers I'd accumulated and read across an article that made me pull my feet off the couch and sit up and pay attention.

According to it, a U. S. Senator wants Congress to map out a plan to discourage "city farmers" who operate part time.

At first glance, I thought this Senator was behind the times, that Congress had already mapped out a plan that'd discourage not only city farmers but all other kinds.

But after I got into it and read where he said "These city farmers — professional men and business men who buy a few hundred acres — help complicate the farm problem", and he wants something done to discourage them, I understood, without agreeing.

I'm afraid the Senator is nunting up something to do to avoid plenty of work already staring him in the face.

If you will talk with these city farmers, you'll find that a good many of em are already discouraged. I don't know whether Congress can take credit for this or not, but something or somebody has done such a good job of discouraging city farmers that it has carried over to regular dirt farmers too.

I talked to a city farmer just the other day and, after making the down payment on a farm a couple of years ago, he says he is now willing to let anybody operate the farm for all he can make off it if he'll just agree to keep up the payments for him.
Making money on a farm is easy when you do it on paper, but when you try it out, those paper profits always manage to hide out. Looks like you never can get to the bank with em.

I'd like to suggest to this Senator that he has already succeeded in discouraging the city farmers, that job is well taken care of. Now he ought to concentrate on encouraging the dirt farmer, and if he's shy of an idea, I'd like to suggest that nothing's as encouraging as a good profit.

Yours faithfully,
J. A.

Christian Science Services

Why the spiritual qualities of honesty, unselfishness, and obedience are important to an understanding of Truth will be brought out at Christian Science services Sunday.

Scriptural selections to be read in the Lesson-Sermon entitled "Truth" will include Jesus' parable of the sower and his explanation of its meaning for his disciples (Luke 8).

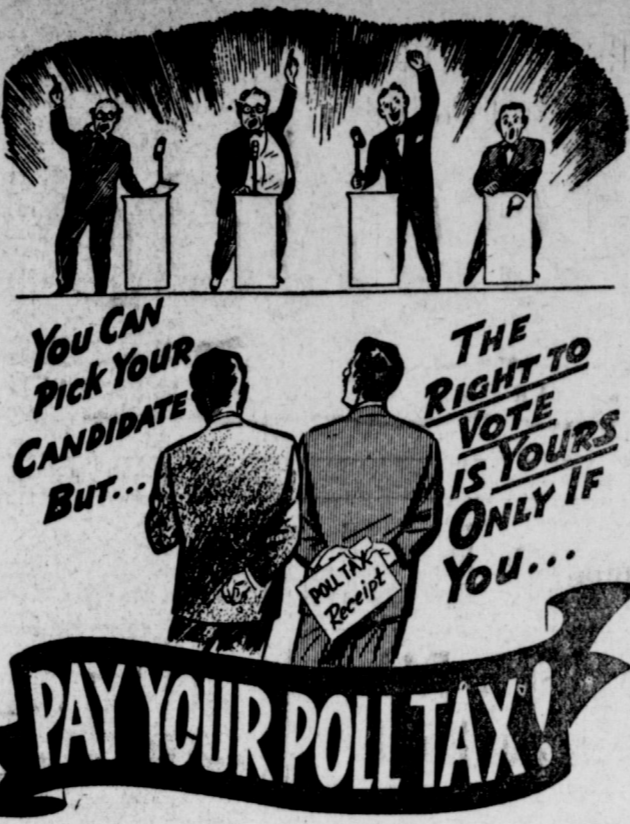

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (272:3-8): "The spiritual sense of truth must be gained before Truth can be understood. This sense is assimilated only as we are: honest, unselfish, loving and meek. In the soil of an honest and good heart the seed must be sown; else it beareth not much fruit, for the swinish element in human nature uproots it."

The Golden Text is from Psalms (86:15): "Thou, O Lord, art a God full of compassion, and gracious, long-suffering, and plenteous in mercy and truth."

School Aid

In his message of a year ago, on federal aid to public schools, the President put first emphasis on extending federal credit to local school districts — to guarantee a cooperating federal-state market for school construction bonds. For direct grants he asked of Congress less than one-third the amount he requested for the bond purchase authorization.

This emphasis had the great merit of demanding a maximum of local initiative and resources. But it met a storm of opposition, not all of it by any means from politicians merely interested in cutting a cash melon for their constituencies. Many, including school people, felt the need for facilities was so urgent and the legal and other obstacles to the bond idea so formidable that aid would come too late to forestall chaos. Others feared that federal control might follow federal holding of the credit strings.

Daniels Introduced Legislation To Prevent False Idea Of Insurance

Senator Price Daniel today introduced legislation to amend the Criminal Code and enlarge the prohibition against false advertising by banking or investment companies. Daniels bill would prohibit the use of the initials "U. S." in the firm or business name of such companies and the use of pictures of the Capitol or other public buildings in the advertising when it would be reasonably calculated to convey the impression that the company had some connection with the United States Government. In addition, the penalty for violation is increased from a possible \$1,000 fine and not more than one year in jail to a possible \$10,000 fine and not less than one year imprisonment.

In recent months, a company operating in Texas, The U. S. Trust and Guaranty Company of Waco, Texas, was found to be insolvent. This company, in addition to using "U. S." in its firm name, also advertised on its stationery, in the newspapers,

and on television with pictures of the United States Capitol in the background and the slogan "You can put your trust in the U. S. Trust."

"Many persons in Texas, I am informed, invested their life savings in the U. S. Trust & Guaranty Company, at a very desirable interest rate. These investments, in many instances, were made upon the erroneous conclusion, induced by the type of advertising used by the company, that the deposits would be insured or guaranteed by the U. S. Government", Daniels said. At present, Sec. 709 of Title 18 of the U. S. Code prohibits use of the words "national", "Federal", "United States", "reserve", and "Deposit Insurance" in the firm or business name but the initials "U. S." have not been prohibited, nor has the use of pictures of public buildings. The purpose of the bill is to prevent banking, investment, or other companies of a fiduciary nature, from misleading the public into

PARMER COUNTY Farm Bureau News

By RAYMOND EULEN

Members of the commodity committee and others attended a meeting in Plainview Tuesday relative to formation of a producer-marketing system. Roy V. and Ralph Miller, Jack Patterson and Gilbert Kaltwasser planned to attend. These men want to gain information and to hear opinions of others interested.

President Gilbert Kaltwasser returned from the County President's Conference in Waco with renewed enthusiasm. He will report to the directors on February 6, at their regular meeting.

Members of the membership committee, of which E. T. Ford is chairman, met in the Friona Office with O. K. Hoyle, State Field Representative Tuesday afternoon. Plans were discussed for membership acquisition, slated in Parmer County for late February or early March.

Charles B. Schuman, AFBF President, invited leaders of the two other general farm organizations and the presidents of the National Council of Farm Cooperatives to attend a joint conference for discussing current farm problems on January 12. The invitation was in response to a suggestion by Senator Allen J. Ellender (D), Lr., chairman of the Senate Committee on Agriculture and Forestry, for such a meeting. We have no report on that meeting at this time, but have hopes that it was one that will strengthen the farmer's voice in legislation.

About all we can tell about the farm program to be adopted

by Congress at this time, is that partisan politics are not being entirely left out of the discussions. It is quite clear that some kind of Land Fertility System will be inaugurated, as soon as agreement can be reached as to who gets credit for it. Some are objecting to this plan on the grounds that it "does nothing for the starving farmers right now". Actually about the only thing that could help that soon would be a check for cash, and it seems that someone is trying to promote just that, not only for farmers, but everyone else.

We are glad to see the accumulating interest in the March of Dimes in the county this year. School children are about 100% on the job in Friona, and we believe from what we have heard, that this is due to the promotional action of Mr. Cook, Mr. Fields, and Miss Smith. As usual, we expect something unusual and great from the Farwell Schools, under the direction of Superintendent Jack Williams. We just haven't been around to see what it is yet. Texas Farm Bureau President, J. Walter Hammond is a member of the Texas MOD advisory board, so we feel doubly close to that work, to which we devote part of the month of January here in the office every year.

Consider This: To everything there is a season, and a time to every purpose under the heaven: Ecclesiastes 3:1.

Economists Say Poultry Outlook Is Good For New Year.

The over-all demand for eggs and poultry is expected to remain good for 1956 but supplies of red meats which compete with poultry are expected to be high and prices lower, says John McHaney, economist for the Texas Agriculture Extension Service.

From the production standpoint, McHaney says 1956 should be another year of record or near-record proportions for eggs, broilers and turkeys. Intentions of turkey breeders, shown by an October USDA survey, indicated that about 13 per cent more

breeder hens would be kept nationally while Texas breeders indicated they would keep about 30 per cent more hens than last year. If these intentions are carried out, says the economist, the 1956 turkey crop, would exceed the 1954 record.

Generally, says McHaney, the price situation during the past year has been favorable. Net income from farming, however, has continued to decline and farmers are looking for enterprises to bolster their returns. Poultry makes a natural choice for 1956, because of favorable recent experiences and lower feed prices.

Feed supplies are very large and presently both feed grains and vegetable proteins are costing less than a year ago. Chances are good, says McHaney, that poultry rations will average a little lower in 1956. Other production costs aren't expected to change very much.

Prices for eggs through most of 1956 are likely to average slightly lower than in 1955. Broiler prices, because of more production and competition from other meats, are also expected to average a little lower for the year. If the large turkey crop materializes for 1956, lower prices will be the result.

The inefficient poultry producer may find the going rough in 1956 for competition within the industry is keen. The secret of success is to produce a quality product in quantity and at a low per unit cost. Management thus becomes even more important, says the economist.

Here Is How To Get The Most Out Of Your Food Dollar

Built-in maid service on our grocery shelves may be a big boom to time-saving for today's housewife, but it has been a big factor in making the food process cost more than the food itself.

Ten years ago the farmer got more than half — 53 cents to be exact — of every retail food dollar. Today his share has shrunk to a miserable 39 cents, little more than a third of the total, and 3 cents less than it was only a year ago.

The lion's portion, of 61 cents out of every food dollar, goes to the "middle-men", those who

breeder hens would be kept nationally while Texas breeders indicated they would keep about 30 per cent more hens than last year. If these intentions are carried out, says the economist, the 1956 turkey crop, would exceed the 1954 record.

take change of the foodstuffs after the "preliminary" stage of raising them is completed. And while the service of the middle-man is generally essential in bringing food from the farmer's market to the food store in good condition, his fancy labels often save little time while costing a lot more money.

It is doubtful that the average housewife can thaw out a package of frozen french-fried potatoes and have them on the table any quicker than if she took paring knife in hand and went to work. Most women can cut up a potato while the grease is getting hot. Yet this little built-in convenience can cost you more than the potato itself is worth and put the cash conveniently into the middle-man's pocket.

Of course, frozen food processes are the best means we've ever had for enjoying the food we like whether in season or not, and without danger of spoilage. But when the housewife selects a package of in-season vegetables from the frozen food counter, she's not helping herself much, and certainly not the food budget.

The housewife can avoid buying the box and getting the beans thrown in incidentally by sensible marketing. But what

"Our ELECTRIC water heater is an important partner to our other work saving electric appliances!"

says **MRS. KEITH HALL 120 E. 18th STREET PORTALES, NEW MEXICO**

A modern water heater is fast, safe, clean and economical... so, of course, the modern water heater is electric.

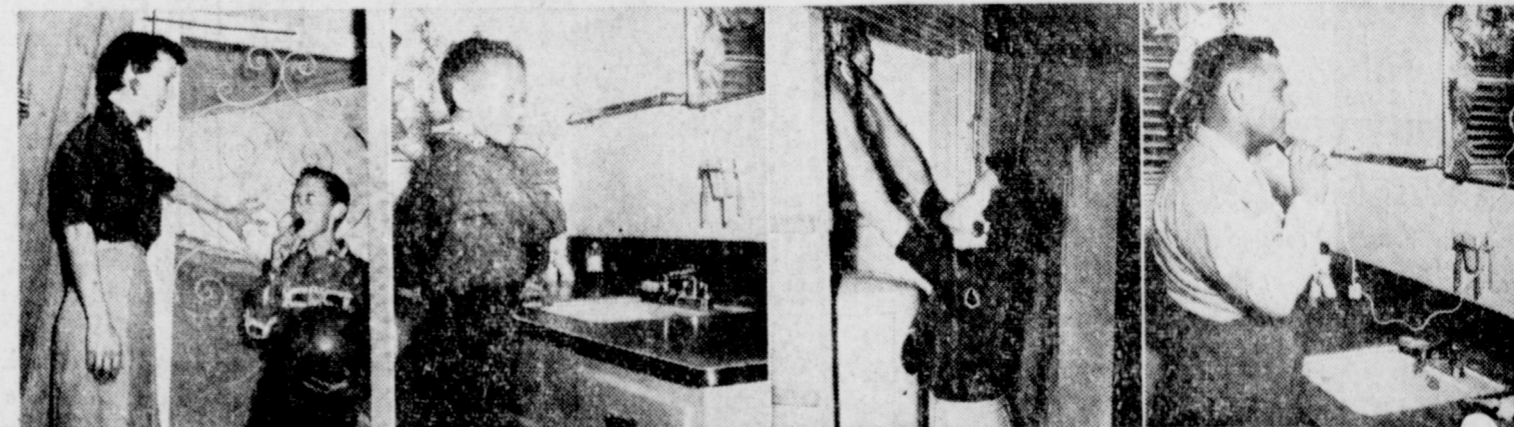

Mrs. Hall says: "I like for the water to be really hot when I use my dishwasher and my washer-dryer combination. Our busy family makes many demands for hot water, and our electric water heater does a perfect job."

Mrs. Hall enjoys the exclusive plus value of extra storage space, which electric water heating offers, too. "Even our linens can be stored above our electric water heater."

The supreme test for a water heater? Keeping up with the needs of a growing boy. "Our son, Jimmy, like most young athletes, requires a dependable supply of hot water."

And the father looks to safety. Mr. Hall, immediate past president of the New Mexico Junior Chamber of Commerce, says: "I often find it necessary to make out of town trips in my business, and I appreciate the fact that our electric water heater is absolutely safe."

For every member of your family there's a modern way to heat water. Of course, it's electric.

Madge Johnson Becomes Bride of Jimmy Cannon In Ceremony At Y. L. Methodist

MR. AND MRS. JIMMY CANNON

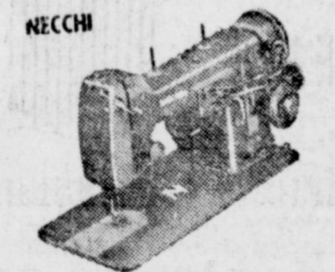

Miss Madge LaVerne Johnson became the bride of Jimmy Cannon in an impressive candlelight ceremony at 5:00 o'clock in the afternoon, Saturday, January 14, at the Y. L. Methodist Church.

Parents of the couple are Mr. and Mrs. John A. Johnson, of Muleshoe, and Mr. and Mrs. Clarence L. Cannon, of Bula.

Views were exchanged before an archway of greenery centered with wedding bells tied with satin ribbon, flanked by large bouquets of white gladiolus and greenery, and baskets of ferns. An archway of candelabra bearing white tapers stood in the background. The double ring ceremony was read by Rev. Will M. Culwell, pastor of the church.

Given in marriage by her father, the bride was lovely in a street-length, princess style dress of white embossed faille. The bodice of the dress featured a V neckline, and was embroidered with pearls and rhinestones. Her bouquet of white roses was carried atop a white Bible.

Miss Jean Johnson, of Plainview, sister of the bride, was maid of honor. Her street-length dress of aqua blue faille designed with a stand-up collar, was made similar to that of the brides. She wore a corsage of white carnations. Benny Gale

Colleen Reeves Jimmy Cook Are Wed At Morton

Miss Colleen Pae Reeves, daughter of Mr. and Mrs. Bill Beck, of Maple, and Jimmy Cook, son of Mr. and Mrs. Bob Cook, of Morton, were united in marriage in a single ring ceremony read in the Hosiery Baptist Church of Morton, at 2:00 p. m. Wednesday, January 11.

Rev. Curtis Carrill performed the ceremony before an altar decorated with pink snapdragons and greenery.

The bride, given in marriage by her father, wore a suit of navy blue wool, with pink accessories, and a pink carnation corsage. Carolyn Cook, sister of the bride, was maid of honor. She wore a street-length dress of orchid fabric, and a corsage of pink carnations.

Misses Peggy and Mamie Fowler sang "I Love You Truly," who also presented the traditional wedding marches.

Clifford Reeves, brother of the bride, served as best man. Tommy Lynch and Royce Hanna were ushers.

For her daughter's wedding, Mrs. Beck chose a grey suit, with which she wore black accessories, and a pink carnation corsage.

A reception honoring the couple was held in the home of the groom's parents, following the ceremony. The table, laid with a lace cloth over pink, was centered with the wedding cake. Miss Paula Griffith served the cake, and Joan Reeves presided at the Crystal punch service. Coffee was poured from the silver-service by Mamie Fowler.

After a short honeymoon, the couple will make their home in Morton.

Mrs. Cook attended high school at Three Way. Her husband was graduated from Morton High School in 1955.

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS, COUNTY OF BAILEY: TO THE RESIDENT QUALIFIED ELECTORS OF BAILEY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 4th day of February, 1956, in Bailey County, Texas, to determine whether or not bonds shall be issued by said county to the amount of \$50,000, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Bailey County, Texas, and whether or not ad valorem taxes shall be levied on all taxable property in said county, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity, in obedience to an ELECTION ORDER passed by the Commissioners' Court of Bailey County, Texas, on the 4th day of January, 1956, and which order is in words and figures as follows, to-wit:

ORDER FOR ROAD BOND ELECTION

THE STATE OF TEXAS, COUNTY OF BAILEY: ON THIS, the 4th day of January, 1956, the Commissioners' Court of Bailey County, Texas, convened in special session, at the regular meeting place thereof in the courthouse at Muleshoe, Texas, the following members of said Court, to-wit:

Glen Williams, County Judge, Presiding; and Tom Morgan, Commissioner, Precinct No. 1; W. W. Couch, Commissioner, Precinct No. 2; R. R. Kindle, Commissioner, Precinct No. 3; R. P. McCall, Commissioner, Precinct No. 4; being present and participating; there came on to be considered the petition of Willie George Wilson and 83 others, for an election to be held in said Bailey County, Texas, to determine whether or not bonds be issued by said Bailey County, Texas, to the amount of \$50,000, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Bailey County, Texas, and whether or not ad valorem taxes shall be levied on all taxable property in said county, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

IT APPEARING to the said Court that said petition is signed by more than Fifty (50) qualified property tax paying voters of said Bailey County, Texas, and IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Bailey County, Texas;

IT IS, THEREFORE, CONSIDERED AND ORDERED by the said Court that an election be held in said County on the 4th day of February, 1956, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said Bailey County, Texas, shall be issued in the amount of FIFTY THOUSAND DOLLARS (\$50,000), in conformity with the Constitution and laws of the State of Texas, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Bailey County, Texas; said bonds to bear interest at a rate not to exceed THREE AND ONE HALF PER CENTUM (3½%) per annum, and to mature serially over a period of years not to exceed ten (10) years from the date thereof; and whether or not ad valorem taxes shall be levied annually upon the property in said Bailey County, Texas, subject to taxation, for the purpose of paying the annual interest on said bonds and to provide a sinking fund for the redemption of said bonds at maturity.

SUBJECT to the authorization of said bonds by the qualified property taxpaying voters, \$25,000 of the proceeds of said bonds will be used to acquire and purchase lands for rights-of-way in respect of Texas State Highway No. 84 and farm-to-market roads in said County; and \$25,000 of the proceeds of said bonds will be used to acquire and purchase lands necessary for rights-of-way in respect of farm-to-market roads in said County.

THE SAID ELECTION shall be held under the provisions of the Acts of the Thirty-ninth Legislature, First Called Session, Chapter 16, as amended. ALL PERSONS who are legally qualified voters of said Bailey County, Texas, who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election.

THAT THE BALLOTS for said election shall be prepared in sufficient number and in conformity with V. A. T. S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"For The Issuance of Bonds and The Levy of Ad Valorem Taxes in Payment Thereof"

Against The Issuance of Bonds and The Levy of Ad Valorem Taxes in Payment Thereof"

AS TO THE foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or in the alternative, each voter may vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

THE POLLING PLACES and presiding judges of said election shall be, respectively, as follows: Precinct No. 1, Polling Place, The Election House, Presiding Judge, Ernest Kerr. Precinct No. 2, Polling Place, Baptist Church, West Camp, Presiding Judge, Partin Austin. Precinct No. 3, Polling Place, Longview Church, Mays, Presiding Judge, Bert Seales. Precinct No. 4, Polling Place, Schoolhouse Threeaway, Presiding Judge, J. G. Arnn. Precinct No. 5, Baileyboro Gin, Baileyboro, Presiding Judge, Howard Ashler. Precinct No. 6, Schoolhouse, Bula, Presiding Judge Roy Young. Precinct No. 7, Schoolhouse, Circleback, Presiding Judge, C. G. Danron.

SPECIAL CANVASSING BOARD:

Barry T. Lewis, Johnnie Johnson, Mrs. Elizabeth Woodley, THE COUNTY CLERK of Bailey County, Texas, is hereby authorized and directed to cause said notice of election to be published once each week for three consecutive weeks prior to said election, in a newspaper of general circulation published in Bailey County, Texas, and, in addition thereto, by posting notice of such election at four public places in Bailey County, Texas, one of which shall be at the Courthouse door of said County, for three consecutive weeks prior to said election.

A COPY of this order, signed by the County Judge of Bailey County, Texas, shall serve as proper notice of said election.

THE ABOVE ORDER having been read in full, it was moved by Commissioner Morgan and seconded by Commissioner McCall that the same be passed and adopted. Thereupon, the question being called for, the following members of said Court voted "AYE": Commissioners Morgan, Couch, Kindle and McCall; and none voted "NO".

PASSED AND APPROVED, this 4th day of January, 1956. Glen Williams, County Judge, Bailey County, Texas.

Tom Morgan, Commissioner, Precinct No. 1. W. W. Couch, Commissioner, Precinct No. 2. R. R. Kindle, Commissioner, Precinct No. 3. R. P. McCall, Commissioner, Precinct No. 4.

IN WITNESS WHEREOF, I have hereunto signed my name officially and affixed the seal of the Commissioners' Court of Bailey County, Texas, this 4th day of January, 1956, pursuant to authority given by law and the above order of the Commissioners' Court of said County.

NOTICE OF ELECTION FOR ADDITIONAL COUNTY AD VALOREM TAXES

THE STATE OF TEXAS, COUNTY OF BAILEY: TO THE QUALIFIED PROPERTY TAXPAYING VOTERS OF BAILEY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY THEREIN AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held throughout BAILEY COUNTY, TEXAS, on the 4th day of February, 1956, for the purpose of determining whether the Commissioners' Court of said County shall be authorized to levy, assess and collect additional county ad valorem taxes, the proceeds thereof to be used for the construction and maintenance of farm to market and lateral roads, or for flood control either, or both, as the Commissioners' Court may determine, as provided by Section 1a of Article 8 of the Texas Constitution, and Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended, in obedience to an order passed by the Commissioners' Court on the 9th day of January, 1956, and which order is in words and figures as follows:

ORDER FOR ELECTION FOR ADDITIONAL COUNTY AD VALOREM TAXES

THE STATE OF TEXAS, COUNTY OF BAILEY: ON THIS, the 9th day of January, 1956, the Commissioners' Court of Bailey County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Muleshoe, Texas, the following members of said Court, to-wit:

Glen Williams, County Judge, Presiding; and Tom Morgan, Commissioner, Precinct No. 1; W. W. Couch, Commissioner, Precinct No. 2; R. R. Kindle, Commissioner, Precinct No. 3; R. P. McCall, Commissioner, Precinct No. 4; being present and participating, when, among other proceedings had by said Court were the following:

Commissioner McCall introduced the following order and moved its adoption by the Court: WHEREAS, by an amendment of the Constitution of the State of Texas adopted at an election on November 2, 1948, being Section 1a of Article 8 of said Constitution, it was among other things provided that from and after said date the several county ad valorem tax shall be levied upon any property within the State of Texas for general revenue purposes, and that from and after said date the several counties of said State shall be authorized to levy ad valorem taxes upon all taxable property within their respective boundaries for county purposes, except the first THREE THOUSAND DOLLARS (\$3,000) valuation of residential homesteads, not to exceed THIRTY CENTS (30c) on each ONE HUNDRED DOLLARS (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenues derived therefrom shall be used for the construction and maintenance of farm to market roads

and for flood control; and WHEREAS, by Chapter 464, Acts of the Fifty-first Legislature at its Regular Session in 1949, being Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended, and certain the manner and means by which the Commissioners' Courts of the various counties of this State should be enabled to place into operation the authority granted by the aforesaid constitutional provisions; and WHEREAS, it has been found and determined that Bailey County and no political subdivision or defined area therein has heretofore been granted any tax donations by the State of Texas out of or from any state ad valorem tax and;

WHEREAS, upon due consideration and investigation this Court has affirmatively found and determined that it will be to the best interest and general welfare of the county to call an election pursuant to the provisions of the aforesaid Article 7048a for the purpose of determining whether the Commissioners' Court shall be authorized to levy, assess and collect additional county ad valorem taxes, the proceeds thereof to be used for the construction and maintenance of farm to market and lateral roads or for flood control, either or both, as the Commissioners' Court may determine;

THEREFORE BE IT ORDERED BY THE COMMISSIONERS' COURT OF BAILEY COUNTY, TEXAS:

That a special election be held throughout said County on the 4th day of February, 1956, at which election the following proposition shall be submitted to the qualified taxpaying voters who own taxable property in said County and who have duly rendered the same for taxation for their action thereupon:

"SHALL THE COMMISSIONERS' Court of Bailey County, Texas, be authorized to annually levy, assess and collect ad valorem taxes upon all taxable property within said county, except the first THREE THOUSAND DOLLARS (\$3,000) valuation of residential homesteads, not to exceed THIRTY CENTS (30c) on each ONE HUNDRED DOLLARS (\$100) valuation of taxable property in said county, (until the amount of said maximum tax shall be changed as authorized by law), which tax shall be in addition to all other ad valorem taxes heretofore authorized by the Constitution of the State of Texas, provided the revenues therefrom shall be used for the construction and maintenance of farm to market and lateral roads or for flood control, either or both, as the Commissioners' Court may determine, all in accordance with the provisions of

Section 1a of Article 8 of the Texas Constitution, and Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended?"

The said election shall be held under the provisions of Chapter 464, Acts of the Fifty-first Legislature at its Regular Session in 1949, being Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended. All persons who are qualified property taxpaying voters of Bailey County, who own taxable property therein and who have duly rendered the same for taxation shall be entitled to vote at said election. IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with V. A. T. S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following: "FOR THE TAX NOT EXCEEDING THIRTY CENTS (30c) ON EACH \$100.00 VALUATION" "AGAINST THE TAX NOT EXCEEDING THIRTY CENTS (30c) ON EACH \$100.00 VALUATION"

AS TO THE FOREGOING proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or in the alternative, each voter may vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

THE POLLING PLACES and Presiding Officers of said election shall be, respectively, as follows: Precinct No. 1, Polling Place, The Election House, Muleshoe, Presiding Judge Ernest Kerr. Cadillac

Not Wealthy... Just Wise !

Most people think that the gentleman who owns and drives a new Cadillac must necessarily be blessed with an abundance of this world's goods. But the truth of the matter is that a great many motorists of relatively modest means—like the happy man you see here—sit at the wheel of the "car of cars."

For wisdom and practicality lead to Cadillac—just as surely as prominence and prosperity!

Listen, for a moment, to this remarkable assembly of facts—and see if you don't agree.

The Series Sixty-Two Coupe... the beautiful and inspiring motor car pictured above... costs just a few dollars more than many cars in the "medium-price" bracket.

Cadillac's dependability is so extraordinary that the car is virtually free from all but the purely routine requirements of service.

A Cadillac stretches a gallon of gasoline over so many miles that it is actually the rival of much smaller, lighter cars in this regard.

And a Cadillac will retain its value over the years better than any other automobile in the land.

The conclusion is, we think, self-evident: Cadillac ownership is not only wonderful and thrilling—but sound and sensible as well.

Why not stop in soon for a look and a ride? You'll discover the most beautiful Cadillac ever built... the finest-performing Cadillac of all time... and the greatest value in Cadillac history.

That's Cadillac's magical combination for 1956—and it's waiting for you now in our showroom.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Recent information released by the Spur Experiment Station shows that the average yield increase from the use of mulching materials on the experimental plots has been 60 per cent. Runoff was five times greater on bare plots than on those where two tons of gin trash was on the surface. After the spring rains this year, the average depth of moisture was 22 inches. This was compared with the 31 inches, 40 inches, and 46 inches where 2, 4, and 8 tons of mulch were used.

Summary of field trials with stubble mulching equipment at Plains, Texas, by Wyatt Lipscomb, Work Unit Conservationist, and J. C. Ebersole, Agronomist, Soils Conservation Service, indicate strongly that this method of tillage greatly aids moisture conservation. Stubble mulching is the type of tillage which leaves the residue on the surface. Graham-Hose plows, chisels, mold board plow without wings, and large sweeps can be used to good advantage to secure this mulch on the surface. Laying down the middle, throwing up dirt around the standing stubble, is becoming more common and accomplishes this type of tillage.

Stubble mulching also effectively reduces movement of the soil from wind and rain action. Rough surface created by the stubble mulch reduces blow acceptability and retards runoff by slowing rate of water movement.

Another conservation practice to conserve soil fertility — interplanted peas, soil builder, with grain sorghum — has been reported with very favorable results. Substantially increased yields are reported on second year plantings of peas and sor-

ghums. Farmers indicate this is a proven practice and that it will be used extensively throughout the District.

WHAT OTHERS ARE DOING:

J. B. McPherson is land-leveling about 50 acres on his farm located 2 miles northeast of Muleshoe.

John R. Tueller is finishing a spreader system on his farm south of Circleback.

Tom Bogard, north of Enoch, plans to install a spreader system and standard terraces on his farm. He will use outside water to supplement the normal rainfall he receives.

Concrete pipe is being installed with the assistance of the personnel of the local work unit of the Soil Conservation Service on the following farms:

M. A. Sander, Sr., West Camp; Bill Gable; Lewis Sanders, Rt. 2, Muleshoe; John S. Williams, Rt. 1, Farwell; Bill Jim St. Clair, Muleshoe.

This pipe improves water application and eliminates seepage from ditches.

New cooperators whose plans were approved at the November meeting of the Board of Supervisors of the Blackwater Valley Soil Conservation District are: Joe H. Simmacher, Muleshoe, 160 acres; J. C. Pearson, Enoch, 399 acres; John R. Tucker, Sudan, 177 acres; D. L. Morrison, Muleshoe, 657 acres; C. H. Grusendorf, Muleshoe, 48 acres; D. A. Next week your column will report on Conservation Accomplishments in the Blackwater Valley Soil Conservation District for 1955. Records indicate that 1955 was our best year yet with a 150% increase in on-the-ground application of conservation practices.

"Everyone is in favor of conservation — it's just like prosperity — no one would vote against it. Conservation, however, is not something which can be voted into effect. It is a method of farming—a principle, and principles have to be used in order to work."—Jim Bruner

THE NEW INTERNATIONAL FARMALLS

Some Questions And Answers . . .

- Ques:** How big is the new Farmall?
Ans: 52.71 H. P. on the belt, 47.34 H. P. on the Draw-bar.
- Ques:** How long will it last?
Ans: Many International F20 & F30 Farmalls bought in the 1930's are still in use. As far as we know—all M Farmalls bought in the Muleshoe area since 1939 are in use—with exception of Two. One was wrecked in a Hi-way accident, one burned up in a fire.
- The New 400 Farmall is bigger thru-out—Engine—Clutch—Transmission & Differential. It is logical to reason that the New 400 should out last the International Farmall of the past.
- Ques:** How will the New Farmalls trade or resell?
Ans: To forecast the future - we should consider the past and the present: International Farmalls have always been tops in TRADE—RESALE—or at PUBLIC AUCTION. Recently 1940 and 1941 Farmalls, less machinery, have sold from \$550.00 to \$850.00 — 1945 and 1946 Farmalls with 4 row equipment — up to \$1800.00
- Ques:** Does the International Farmall cost more?
Ans: First cost - Yes. We believe in the LONG PULL - NO.
- Ques:** Is the International 400 Farmall worth more?
Ans: We think so. The old Adage - "AN ARTICLE IS WORTH WHAT YOU PAY FOR IT" is a pretty good gauge. The proven toughness, and long life of an International Farmall—The ease of handling The economy of fuel and oil consumption, The increased ruggedness of the engine — The Clutch — the transmission —the Differential — The high resale and trade — in value, — down the years—all these factors combined makes it worth more.
- Ques:** How much does a Farmall cost?
Ans: It varies. A butane 400 — with 12 x 38 6 ply tires—2 valve hydraulic lift — 1 set of front wts. 3 sets of rear wts. Regular draw-bar — including swing draw-bar Easy ride seat and pre-cleaner Lists, FOB Muleshoe for \$3590.00.
- Ques:** Do we insist on our full margin of profit?
Ans: Nells Bells NO. Every body wants a full loaf — that's only human. 'Tis said — "A half loaf is better than None" That crusty little slice on the end — commonly known as the "HEEL" would make us mighty happy.

So come in and deal for the International of your choice. The best line of International Tractors ever built.
