

Mrs. Bayless Is WSCS Teacher

The WSCS of the First Methodist Church of Muleshoe met Monday, May 16, at 2:30 in the afternoon, in the sanctuary of the church for a regular session, with fifteen members present.

Mrs. Roy Bayless was the teacher. The group began the new study, "Jesus Teaching Concerning Women", after which they sang "Break Thou The Bread of Life". Mrs. Bayless led in prayer and took her scripture from Luke.

May 30 is the time set for the next regular meeting, which will be held at the church at the regular time, with Mrs. H. C. Holt as leader.

The quarterly luncheon will be May 23, instead of May 30, as was previously announced. All members of the church, including Wesleyan Guild and Philathea Circle, are invited to attend. There will be a covered dish dinner and a short program, services beginning at 10:30 a.m.

Those present were: Mrs. H. Jay Wyer, Roy Bayless, H. C. Holt, J. J. Gross, Cecil Davis, W. F. Gable, C. R. Farrell, W. D. Moore, S. C. Beavers, Mervin Wilderding, Morris Childers, Arnold Morris, Clarence Stephens, F. W. Watts and O. S. Richards.

Epsilon Chi Met At REA Building

Ten members were present last Wednesday evening, when the Epsilon Chi chapter of the Epsilon Sigma Alpha sorority met at the REA building.

Joy Finley, president, conducted the business session. The sorority decided to support the recreational program. Installation services will be held May 25, at the REA building. Mrs. Fred Johnson, educational director, will be in charge of the program at the installation.

During the social hour, refreshments were served by the hostesses, Marlene St. Clair, Ellen Gupton, and Pat Glasscock.

Members present were Marlene St. Clair, Ellen Gupton, Pat Glasscock, Joy Finley, Jerrie Farrell, Alta Mae Ellis, Helen Harvey, Joyce Alsop, Ruby Gregory, and Jane Griffiths.

Los Planos Club Installs Officers

Members of the Los Planos Study Club enjoyed an installation dinner, Tuesday evening, May 9, at the home of Mrs. Sam Damron. The social committee served as co-hostesses.

Yellow and brown iris were used as decorations throughout the room. Mrs. Jack Schuster was in charge of the installation. "The Fine Christian Virtues" was her theme. Each new officer was presented with a corsage of "yucca", the club flower.

A summary of the years work was given by Mrs. Al Griffin.

New officers installed were: president, Mrs. Buddy Blackman; vice-president, Mrs. Claude Riley; recording secretary, Mrs. Al Griffin; corresponding secretary, Mrs. Don Moore; treasurer, Mrs. Eugene Black; parliamentarian, Mrs. Sam Hopper; reporter, Mrs. John Smith; and historian, Mrs. Jack Schuster.

The club voted to enter the Community Achievement Contest, which is being sponsored by the General Federation of Womens Clubs. They will use as their project, the Muleshoe Girl Scouts. Some \$60,000 in prizes will be given in the contest. The club voted to have an all-out campaign for the girl scouts.

Also the club members voted to donate to the Cancer Fund and to the Korean Friendship Train.

Club was adjourned for the summer at this meeting.

Progress Methodist Vacation Bible School To Begin

Vacation Bible School is to begin at the Progress Methodist Church, June 5, and run to June 12, excluding Saturday. It will begin each day at 3:00 p. m., and last until 5:00.

Joyce Walker is director and Mrs. Arthur Cooper is assistant director. The school is for children 1 through 13. Refreshments will be served each day.

Anyone having children who wish to attend, but have no way to get to the church are asked to contact Mrs. Carol Jones, or call Mrs. Joe Walker.

Later this year, a youth activity week will be held.

VISITED IN LUBBOCK
Mr. and Mrs. Tom Morgan spent Sunday in Lubbock with their daughters, Betty Wagnon and Coleen Baker.

About Homemakers & Homemaking in Bailey County
By **MOLLIE STINSON**
Home Demonstration Agent

The first of the clothing workshops for 4-Hers were held this week. Others will follow. Plans are for the girls to meet once a week until their skirts and dresses are finished. I hope that mothers or other interested homemakers will attend these meetings whenever possible.

In the spring and summer we begin to think of moths and the damage they can do to clothes, but have you thought about what they can do to wool carpets and rugs?

Clothes moths and carpet beetles can do a good deal of damage to wool rugs and carpets. But they can be protected by careful, thorough cleaning and spraying with DDT.

Frequent cleaning, especially with a vacuum cleaner, prevents dust, lint, and hair from accumulating and offering extra food for these insects. It also may move the insects themselves and their eggs.

Insects usually feed under heavy furniture where it's difficult to clean rather than in the open where they are exposed to regular cleaning, light and movement. It's a good idea to rotate rugs and carpets occasionally to make sure all areas are protected.

The specialist advise using a 5 percent DDT oil solution on rugs and carpets every 12 to 18 months. You will need 11 to 2 quarts of spray for both sides of a 9x12 rug of average weight if you spray the whole rug. Give special attention to parts of the rug that will be under a piano, sofa, bookcase or other heavy furniture, under radiators or around heat registers. Untreated pads under rugs will need spraying on both sides if they contain animal hair or wool. In spraying wall-to-wall carpeting, give special attention to the edges all the way around.

For expensive broadlooms or oriental rugs, you may want to have a reliable pest-control or carpet cleaning firm to do the job of moth-proofing for you.

Plans are proceeding for the recreation workshop for 4-Hers to be held May 30 and 31. This will be similar to the workshop held for club women a couple of weeks ago. Mrs. Totsy Lemons, Mrs. Roy Carney, Mrs. Ruby Jane Batchelor, Mrs. Fern Davis, Mrs. C. H. Gillis, and Mrs. S. C. Caldwell are going to meet Monday at 2 p. m., to make final plans for the workshop.

Three girls from each 4-H club and all the adult 4-H leaders are being asked to attend. The workshop will be held at the Community Center in Needmore.

Golf Course Is Given Overhaul For Summer Play

Local golfers will be pleased to learn that the fairways and greens of the Muleshoe Golf Club course have been given a thorough overhauling and the 9-hole course is ready for warm weather play.

A. S. Stovall, supervisor of maintenance, told The Journal this week that the fairway grass has greened up since the recent rains and the whole course presents a very pleasing appearance. He predicted a busy year of play and said plans for a tournament around Memorial Day are being worked out.

Rheata Peeler and her room mate at Texas Tech visited in Muleshoe over the weekend with her parents, Mr. and Mrs. J. V. Peeler and friends.

Players Bought By Babe Ruth League Managers Here Saturday

Recently a charter arrived for a Babe Ruth baseball league in Muleshoe, and applications from 52 boys have been received and approved by the local board. The Muleshoe league will consist of four clubs and each club will have 13 players.

Team managers met in the office of Karl Lovelady Saturday and using their allotted 30,000 points per club, bought the boys for the 1955 clubs. The managers are: Owen Jones and Garland Joiner, assistant manager, E. A. Hart Co.; Martin Oliver, Irrigation Supply, Carl Lovelady, Johnson-Pool, and Leon Harvey will work with manager Bob Gregory on the St. Clair team.

Included on the local league's board of directors are: president, L. S. Barron; secretary and treasurer, Gilbert Lamb; Morris Douglass, Tom Morgan, Morris Childers, and Houston Hart.

D. D. Crawford has been elected Umpire-In-Chief. Other officials will be elected before play begins on the regulation size diamond located south of the local Scout Hut.

Plans are now being made to level the playing field and have grass seeded in the outfield.

Although relatively in its infancy, the Babe Ruth League program has experienced phenomenal growth, undoubtedly due to national recognition of its value as an outstanding and desirable program for 13, 14, and 15 year old youths.

Further expansion of the Babe

the Lazbuddie meet, both the boys and the girls were defeated by their host but went on to take the consolation trophies.

In their last tournament at Amherst the Mullettes continued to show like true champions taking four straight games and the first place honors. Meanwhile the Mules were going the consolation route again and brought back that trophy.

Conference play began, and hopes ran high after the teams defeated Floydada in the 2AA openers. Along about this time the Mullettes were riding along on the crest of a 16 game winning streak, which was to go on until almost the season's end when the Littlefield Wildcats pulled one of the year's most stunning upsets by defeating the Mullettes in the local gym.

Still in the thick of the running themselves, the Mules dropped a heartbreaker to Tullia and gave the Hornets the district crown.

After wrapping up the 2AA championship the hard fighting Mullettes were eliminated from further competition by the Dahlhart girls in the bi-district contest at Hereford. It came as a hard blow to Coach Bill Taylor's fine squad.

Boxing this year saw little Cliff Allen come through as the only MHS champion, and several strong favorites like R. L. Gabbert and Dewayne Farr fell from the ranks in the early bouts of the season. Allan's honors came in competition at the Golden Gloves tournament in Plainview. After making a good start with a Clovis, NM, boxing team Gabbert met with his first defeat in 11 starts at Plainview.

In track, the Mules were sharpening up to the usual threat in district 5A, but the loss of Gaylord Tate, the sparkplug of the team was the straw that broke the camel's back. Only one first place winner came out of the district meet, that being Doyle Henry's 880. Henry lost out in regional and for the first time in years Muleshoe did not have any representation at the state meet in Austin.

Now with the year behind MHS both coaches and students are looking forward to even more activity in '55-'56.

Sports Summary of '54-'55 at MHS

In the realm of sports the year 1954-'55 has been an exciting one for the Muleshoe fans and participants alike, and for the latter the season just past will probably hold some never-to-be-forgotten memories.

On September 19 the sports activity got underway with the Mules opening the football season at Hereford. The hustling local bunch gave the Whitefaces a battle for it before submitting 19-7.

For their home opener the following week, the Mules were hosts to the ever-potent Sudan Hornets. They lost that contest to their ageold rivals.

After suffering a mighty blow from the powerful Brownfield Cubs the Mules finally broke into the win column by nosing out the New Deal Lions, 13-6.

Littlefield slowed up the Mules' drive, but the locals were looking to their first conference game. In that contest, the Mules got off on the right foot by beating the Lockney Longhorns 33-2.

Hopes of a conference championship were thwarted by a 20-6 loss to the hard driving Floydada Whirlwinds, however when the exes came back to MHS for

the "Homecoming" festivities the Mules gave them a treat by downing Tullia 19-14.

In the final game of the season the Mules gave Olton a fight to the finish before losing out, 14-7. Despite their bad start, the Mules finished in a tie for second place in District 2AA with two victories and two defeats.

With history making events ahead, basketball season began with a flurry. The powerful Mullettes, who were already in top condition, put their early contests at the top of a long list of victories, while the Mules took a little longer to shape up.

Hosts in the first annual Muleshoe Invitational tournament in the new gym, both teams played first class ball. The Mullettes took the championship and the Mules claimed consolation honors after bowing in the finals to the state-bond Sudan Hornets.

Bad luck followed the teams to

Heavy Hail Hits Near Muleshoe

Heavy hail belted Olton Tuesday, May 17 for about 55 minutes during a thunder storm there. No reports as to the amount of damage is available at this time, but damage was believed to have been heavy. Hale Center reported hail as large as baseballs along with tornado type winds and a cloud burst of 6 inches of rain in about one hour's time.

Light hail fell several miles northeast from Muleshoe with one farmer reporting a loss to the Alsip Insurance Agency.

Muleshoe area has been blessed with only spotted hail damage to growing crops the past three years, but of course those years were dry years. Every indication is that the drought is broken and if true we are probably in for a hail year such as 1949, 1950, and 1951.

Your real money crop is cotton this year. If you should lose all your cotton from hail, could you pay your loans, outstanding debts and still have enough money to live on until next years crops are harvested? Not many people can,

but you can substitute certainty of income for uncertainty thru crop hail insurance. The rates are reasonable this year, and as usual the ALSIP INSURANCE AGENCY stands ready with the long years of experience at our command to make sure that you will have the best insurance protection money can buy. YOU TOO can experience the friendly, courteous and reliable service that so many people have come to know and appreciate for over 20 years. Our customers are many, but we want you too.

Wimberleys Observe 50th Anniversary With Open House Coming Sunday, May 22

MR. AND MRS. J. A. WIMBERLEY

Mr. and Mrs. J. A. Wimberley, long time residents of Bailey County, are celebrating their 50th wedding anniversary the coming Sunday, May 22, with open house. All their friends and neighbors are invited to visit from 5:00 until 7:00 p. m.

Mr. Wimberley was born and raised in Bell County, Texas. Mrs. Wimberley was born in Mississippi. She later moved to Bell County.

They were united in marriage in Bell County, in 1905.

They have been residents of Bailey and Parmer Counties since 1926, and for the past few years have made their home in Muleshoe.

Miss Bradley is Shower Honoree

Jerana Sue Bradley, bride-elect of R. M. Crawford, was feted with a bridal shower, Thursday, May 5, from 5:00 to 7:00 o'clock at the home of Mrs. Buford Butts.

Blue and yellow, chosen colors of the honoree, were used in decorations and appointments. The serving table was centered with an arrangement of yellow mums, flanked by blue tapers in crystal candelabra. Decorations on the buffet consisted of a beautiful bouquet of yellow mums flanked by crystal candelabra bearing yellow tapers.

Golden punch, cookies covered with blue icing, and salted nuts as plate favors, were the refreshments served. Tex Ann Holdeman presided at the punch bowl.

The honoree was presented with a gardenia corsage and her grandmother, Mrs. Beulah Carles, was presented with a corsage of orchid irises.

Approximately fifty-five persons called.

Hostesses were: Elizabeth Harlan and Mildred Davis, and Meses. Arnold, Morris, Buford Butts, Madge Clements, A. J. Gardner, I. W. Harden, S. C. Beavers, H. O. Barbour, A. C. Gaede, and Herbert Nash.

Mrs. Mae Simmacher Hosts Progress HD

At 2:30 in the afternoon, Thursday, May 12, the Progress Home Demonstration Club met in the home of Mrs. Mae Simmacher.

Those attending the meeting were: Meses. Davis, Self, Alan Haley, T. Haley, Gray, Batchelor, Williamson, Hill, Wells, McGuire, Murrah, Simmacher, and Maltby.

Ruby Batchelor led the group in songs and several games. Vice-President Marie Maltby called the meeting to order and roll call was answered with "my hardest household task". Members voted to donate \$10 to the Cancer Fund.

Program for the day on "How Do We Spend Our Time", was given by Mrs. Mollie Stinson, HD Agent.

Punch, tuna sandwiches, and cookies were served.

WEEKEND GUESTS

Mrs. Bertha Langley, Montrose, Calif.; Mrs. Edna Cole, Santa Anna, Calif.; and Mr. and Mrs. W. F. Whitaker, and children of Lovington, N. M., were guests over the weekend in the home of Mrs. Langley's sister, Mrs. Mattie Griffin and other relatives and friends.

The group was on their way to Oklahoma, and Mrs. Griffin and Johnnie Westbrook accompanied them on there, for a few days visit.

Letters To The Editor

FORMER RESIDENTS ARE ENJOYING MISSOURI

1509 Garrison Ave., South
Carthage, Missouri
May 15, 1955

Dear Forbes:
Thought I would send a note to tell you we are delighted to hear of the rains you folks back at Muleshoe have been getting, for I know how much they mean to everyone back there. We, too, have had more rain here, which has insured one of the finest wheat and small grain crops in this section that you can imagine. Everything here really looks good. The country is beautiful, especially at this time of the year, and we surely do like it. So far the weather has been almost ideal, since we came up here. It was a bit cold when we first arrived but since then it has been delightful. We've been seeing some of the bad dust storms the plains sections has had this spring on TV, and have been glad to have missed them. I'm sure you haven't enjoyed them either, but since it has started raining in that section, maybe you will not have many more this year.

There are quite a number of people in this vicinity from Texas, and especially from our part of the State. A week ago there were four families from Muleshoe, who live within a radius of 75 miles that got together for a picnic and fishing trip over at Grand Lake and surely had a good time. They were the George Stotts, from Parsons, Kans., Charles Prather from Vinita, Okla., the C. W. Grandys from Goodman, Mo., our family, and Mr. and Mrs. Frank Prather from

Muleshoe, who are visiting with Charlie and his family. We spent the day down on the lake and although we didn't have any luck fishing, we surely had a full day visiting, and catching up on all the conversations about Texas and especially about Muleshoe.

There are so many beautiful places here to picnic and fish, or just sightsee. We are enjoying this rest thoroughly and getting acquainted with this section of the state too. D and I visited another family from Muleshoe, too, who live in Parsons. They are the Bruce Abneys. I think they left there before you and Tiny came to Muleshoe, but Bruce is a son of Mrs. Joe Jarman and they are old friends of ours. We've also met folks from Plainview and Hereford, who now live here at Carthage.

We are only 22 miles from Sarcoxie, Mo., which is called the strawberry capital of the world, they are just starting to pick them now. They are also noted for growing Peonies and they are now blooming, just acres and acres of them. This week if Peony week and tours will be made all during the week to show them to the visitors. We went this past week and I don't believe I have ever seen anything more beautiful than those fields of every color of beautiful blossoms.

The registered cattle parish shows have been and are being held here at Carthage the past week and this week. We have attended some of them and have certainly seen some prize cattle. Makes you wish you owned a

herd of almost any kind of them they are such fine animals. We are planning on a trip to Kansas City soon to see some baseball. Wish you folks were here with us for a while to help us enjoy something new every day. We took the children down to the fish hatcheries and they got a thrill out of seeing them, also the State Parks. We are only 12 miles from Diamond, which is the home of George Washington Carver. There is a monument to him on the farm on which he was born. His folks were slaves on that farm, at the time of his birth. They are making a park there and plan it for a national shrine.

When Richard and Lometa visited us a few weeks ago, we visited the Carthage Marble Co., which I am told is the largest marble quarry and processing company in the U. S. It is a very interesting operation, from taking it from the ground until it is finished. Little did I ever dream there was so much involved in one small piece of polished marble. They shipped a great deal of marble from here to use in the building of the Pentagon building in Washington. They had orders from all over the world when we were out there. They import every kind of marble known and finish it here. Its such an interesting place I know you would enjoy visiting it and seeing how the various steps are done.

I'm glad to see Muleshoe is growing as much as it is. Its a fine little business center and makes you wish you owned a

there is another asset to the town. We miss our friends there and enjoy hearing from them; we get The Journal each Monday morning, and I'm afraid we don't get much done until it is read from front to back. If you or any of our friends are ever up this way we'll be glad to have you drop by and spend some time with us.

Sincerely,
Mrs. D. Warner

THE SMITHS ARE WELL PLEASED, ALSO

Mexico, Mo.
May 10, 1955

Dear Mr. Forbes:

We appreciate the very nice things you wrote in your column about our family. We hope we can live up to those words, wherever we may live. I am sure you understand that we never expected to find better people anywhere in the world. It was with regret that we left that fine group.

Our decision to make the change was based on a desire to find a better climate and one more especially adopted to the raising of cattle. I think we have found it along with the opportunity to raise grain when needed.

The farm we have purchased has 233 acres, and of that, 200 is tillable. The 200 will consist this year of 30 rye, 6 wheat, 14 barley, 75 corn and 75 soybeans. The rye, wheat and barley look fine. We plant the corn and beans in a day or two. The farm is 4 1/2 miles west of Mexico, on highway 22. We now live at 9 Mars

St., as you know, but will move to the farm in August. Come to see us whenever you can get up this way. We would like to show you this area.

Sincerely,
Richard and Lometa Smith

All Co. HD Clubs Represented At Council Meeting

All five of the home demonstration clubs were represented when the Bailey County Home Demonstration Council met Monday at the county club room. Ten people were present at the meeting with Mrs. A. L. Jones presiding.

Mrs. O. M. Self reported that the Dress Review for Home Demonstration women will be held June 13 at 2:30 p. m. in Fellowship Hall in Muleshoe. The garments to be judged will be brought in that morning, and the women will model them in the afternoon.

Mrs. Marie Maltby and Doris Pond are to provide music for the dress review. Mistress of ceremonies will be furnished by the Muleshoe and Progress clubs. Fern Davis is in charge of registration and Mrs. N. R. Harding, decoration.

Mrs. S. L. Busbice and Mrs. T. Haley reported on the district

THDA meeting. They were two of the delegates to this meeting. Clubs should contact their nominee for delegate to state THDA meeting at their next meeting. To be eligible a nominee must have been in club work one year at some time. The state meeting is to be at Ft. Worth in early August, according to Mrs. S. C. Caldwell, county THDA chairman.

A charade on the song title, "Smile", was given by Mrs. Roy Carney and Mrs. Maurice Oden. The group then sang "Smile", "Bingo", and "Six Little Ducks". Mrs. S. C. Caldwell led the group in a game of "Proverbs".

Attending the meeting were: West Camp, Mrs. Jones, Mrs. Busbice; Progress, Mrs. Davis, Mrs. Self, and Mrs. T. Haley; Muleshoe, Mrs. Caldwell, Mrs. Carney; Community Center, Mrs. Zeffa Shaffer and Three Way, Mrs. Louis Jordan and Mrs. Mollie Stinson, Agent.

HERE SUNDAY

Dr. Billy Payne, of Lubbock, spent Mother's Day in Muleshoe visiting his mother, Mrs. C. E. Layne and other relatives and friends.

Mrs. Merriott Is Feted With Shower

A pink and blue shower was given last Thursday at the home of Mrs. Cleve Bland, in honor of Mrs. Lonnie Merriott.

A come and go affair, the shower lasted from 6:00 o'clock until 7:30 o'clock in the evening.

Purple and white iris bouquets had been placed at points of interest in the home, and one such arrangement centered the serving table.

Upon arrival callers were registered in the guest book and served refreshments. Gifts were on display.

Hostesses were Meses. W. R. Bearden, Cleve Bland, Elmer Downing, and Miss Evelyn Soder.

HAVE RETURNED HOME

Mrs. Edith West, sister of the late Mr. Sam McKinstry, and Mrs. Eva West, sister of Mrs. McKinstry, of Hagerman, N. M., have returned home after spending two weeks in the homes of Harold and Oscar Allison where they visited with Mr. McKinstry during his illness.

RETURNED HOME

Mr. and Mrs. M. D. Locker and children returned Tuesday from Harlingen, where he has been working for the past month and the whole family has been enjoying the Valley climate. They reported having an enjoyable trip, and said it was nice to return home and find it raining.

they fell in love...

...with the sweetheart of the low-price 3

Biggest of the low-price 3! Plymouth is much bigger than the "other 2" low-price cars. You get more beauty outside, more comfort inside, more trunk space, plus the only truly big car ride in the lowest-price field.

Most economical of the low-price 3! Plymouth's fast-stepping new 6-cylinder PowerFlow 117 is a joy to drive, and own. Its exclusive Chrome-Sealed Action locks in power to give you peak performance for extra thousands of miles—at rock-bottom cost.

Greatest vision of the low-price 3! Plymouth's new Full-View windshield, with cornerposts swept back both top and bottom, gives you the widest vision of any low-price car.

Newest power features! Plymouth alone offers full-time Power Steering, and all the other energy-saving power assists, at low extra cost. And you get many features that other low-price cars don't have.

Drive this big beauty today!

Why pay up to \$500 more for a car smaller than Plymouth?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

Lazbuddie School Proposes New Building

Shown above is the architect's drawing of Lazbuddie schools as they will appear when proposed additions and improvements to the plant are completed.

Tentative plans call for three new buildings: 1. A ten classroom elementary building with

offices, library, book room and toilets, one story, semi-fire-proof building of masonry, steel and concrete; 2. A 500 seat auditorium to be built adjacent to the present high school with stage, dressing rooms, foyer, and public toilets.

3. A 32 by 120 foot agricultural shop building, including a class room, office, toilets, and a shop for woodworking, machine repair, welding, and exhibit work.

All buildings are to be semi-fireproof with masonry walls and steel framing.

James G. Ward is superintendent of schools and Frank Hinkson is president of the Board of Education. Architects for the proposed construction are Stiles, Roberts & Associates, architects and engineers, Lubbock.

Earl Ladd of Muleshoe. The summer camp is designed to give Cadet Ladd, who is a future officer, experience and practical training in various aspects of the Army.

Mrs. A. Thompson Employed By Cobbs

Mrs. Andy Thompson of Dimmitt, assumed her position as head of the Ladies Ready-to-Wear Department at Cobbs in Muleshoe Monday. She has been employed in Cobbs at Dimmitt for the past few years.

Her husband, a farmer near Dimmitt, will join her in a short time. They have one daughter, Andy Kay, with them. Mrs. Thompson is a sister of Mrs. Clyde Bray of Muleshoe.

John C. Ladd To ROTC Camp

Norman, Okla., May 6—John C. Ladd, University of Okla. junior majoring in Chemical Engineering will attend a six week Army ROTC summer training camp in June, at Fort Hood Texas. Ladd is the son of Mr. and Mrs.

The term "Publicity Man" has a bad ring to the ears of the average farmer. Nevertheless, no other segment of our Economy has had such adverse publicity in the past two years.

Most farmers would be repelled by the idea that an "outsider" should champion his cause with the people of the nation. A farmer prides himself on being a rugged individualist - the man supporting the basic structure of our national economy. He prefers to make his own way, grow his crops, care for his land and make a little money, without outside interference.

But in these days of complex independence of one industry on another, rugged individualism is slowly becoming a thing of the past. The farmer needs someone to tell his story to the city people. He needs someone to explain that high prices today don't necessarily start on the farm. They are largely the result of increased cost in transportation, processing and marketing of farm goods.

Even some of our national farm leaders have contributed to the distorted idea that high farm prices are the main factor in the present high cost of living. What is the true story?

During the past years, the price the farmer has received for his produce has decreased 24 percent. Yet the cost of foodstuffs has not decreased in a like amount. A loaf of bread still costs the same although wheat prices have dropped drastically. This fact is true of most other commodities which originated on the land.

City people have been sold the idea that the farmer is responsible. They have been told that high support prices mean burdensome demands on the salaries for needed foodstuffs. Yet how much of this 24 percent drop in farm prices was past on to them in dollar savings? About one-half of one percent.

The difference came out of the farmer's pocket. He has to cut back by one-fourth the amount of goods and services he needs to maintain his living standard. His buying power has suffered a similar blow.

This is the story that needs to be told. The farmer isn't a gouger of the salaried dollar. He is the victim of bad publicity. The result has been the end of a guaranteed price program for his goods by the Federal Government which once served as a kind of "Minimum Wage Law" for the farm population.

New Mercury Super-Torque V-8 Engine 188-HP

MERCURY CONSISTENTLY LEADS ITS FIELD IN TOP TRADE-IN VALUE!
look at the record before you buy

MERCURY COSTS LESS THAN YOU THINK. This big Mercury Custom 6-passenger Sedan, shown above, costs less than 13 models in the "low-price" field.

No other car offers you 3 bigger reasons for buying it

1. **EXCLUSIVE STYLING SHARED BY NO OTHER CAR.** There's no mistaking a Mercury—it's distinctive from every angle. The unified bumper and grille assembly, the original use of color and chrome, the massive tail-lights... all say "Mercury."
Mercury offers 11 models in 3 series. You'll find a Mercury that's just right for your needs. Regardless of the one you select, you get the distinctive styling that makes Mercury America's most advanced new car.
2. **NEW SUPER-TORQUE V-8 POWER AT EVERY SPEED.** Mercury puts high horsepower to work in a new way—not just for high speeds but for everyday driving. You get far more pickup at every speed—reserve power for safer passing, hill climbing. And "high-price" car features are yours in Mercury at no extra cost—4-barrel carburetor, high-compression anti-fouling spark plugs, ball-joint front wheel suspension, and dual exhausts on 8 of 11 models.
3. **CONSISTENTLY HIGHEST TRADE-IN VALUE IN FIELD.** Mercury is champion of its class for resale value, according to independent market reports of used-car prices. Year after year, Mercury has consistently held that distinction because it's styled to be years ahead in beauty... powered to be years ahead in performance.
You're ahead when you drive a Mercury, too, because of Mercury's traditional low operating cost.

IT PAYS TO OWN A **MERCURY** FOR FUTURE STYLING, SUPER POWER

Progress WSCS Ladies To Visit Wesley Center

Members of the Progress W. S. C. S. made final plans to visit the Wesley Community Center, Amarillo, when they met the past Thursday, May 5. The visit will be made Friday, May 13.

The ladies will take quilt scraps, scissors and other articles for use at the center.

During the business session plans were made for the gift bazaar and announcement was made of a shower of hospital and baby supplies for the Texas Mission Home at San Antonio. Also five members who attended the District WSCS meeting at Plainview, reported on their trip.

Also a progress report was made on the treadle sewing machine, used clothing, and other supplies for the Friendship for Korea.

Prayer, hymns, and talks composed the program for the day. Ladies taking part on the program were Mmes. Fern Davis, Velma Gwyn, Jean Henry, and Doris Wedel.

Refreshments were served by Doris Wedel to Mmes. Jean Henry, Fern Davis, Mattie Griffin, Velma Gwyn, Johnnie Westbrook, Ruth Cooper, Joyce Walker, Velma Jones, and Ruby Actkinson.

The Progress WSCS held a successful gift bazaar, Saturday, May 7. Approximately \$40 was added to the treasury for various projects. Appreciation is expressed to all who helped in any way. Special thanks to Piggly Wiggly, KICA, and The Muleshoe Journal.

Journalism Class Has Clovis Party

Sixteen members of the staff of the '54-'55 Muleshoe High school newspaper, "The Hee-Haw", enjoyed a night of fun in Clovis, N. Mex., last Friday evening. The party was a climax to nine months of work for the group, all of whom were seniors in MHS this year.

Dinner at El Monterey and bowling at the Playmore Allies rounded off the program. Highlighting the evening was the 163 bowled by "rookie" Dale Albright, MHS journalism sponsor.

Expenses for the night were met by the money put into the Hee-Haw fund during the year.

Those sharing in the fun were Wanda Cherry, Maxine Pugh, Mary Lou Lambert, Myra Foster, Alice Harvey, Winona Glenn, Paula Province, and Wanda Joyce Clements, Billy, Ellis, Don Moore, Leon Harvey, Ralph Cooper, and Wayne Bristow. Sponsors included Mary Ford, Wanda Middlebrook, and Dale Albright.

BABSON DISCUSSES—

Licking The Parking Nuisance

Babson Park, Mass., May 19 — The only solution now known for the parking nuisance is for people to stay at home and use the telephone. In fact, the present increase in auto accidents and the lack of parking space will drive people to greater use of the telephone. Otherwise, congestion will so increase that we will travel "bumper to bumper". When one car stops, then all must stop.

THE MERCHANT'S OPPORTUNITY

Every storekeeper should at once install an extra telephone which should be used only for incoming calls. No one in the store, not even the boss, should be allowed to make calls on this extra phone. It should be reserved for "Customers' Calls Only". When customers complain of finding it "busy", then a second such phone should be installed. Merchants should advertise more and solicit telephone orders more. Many customers now dread going downtown to shop on account of the parking problem and the general congestion. Hence, they stay at home and the merchants lose customers. Buying is being constantly postponed. Therefore, in their advertising, merchants should urge people to use the telephone, stating that special phones exist for incoming calls only.

IMPORTANCE OF HABITS

The present method of shopping has been the custom for centuries. It has become an instinctive habit which will change only slowly, but the sooner shopkeepers determine to change this habit, the better off all will be. Otherwise, our downtown retail sidewalks may become as deserted on weekdays as they are now on Sundays.

As they have a virtual monopoly, the telephone companies seem to be little interested in helping shopkeepers in their present dilemma. This criticism is said to apply especially to the big Bell Companies. These are rich and ruled by self-satisfied bureaucracies. These telephone companies claim that they can not phone enough to take care of all the demands. This is nonsense. If they would be willing to buy more telephone equipment from outside manufacturers and develop more efficient installation crews, all demands could be filled.

AVOID BEING KILLED

My appeal for a greater use of the telephone is not solely to help

businessmen keep their customers. The telephone can also help us to keep a life. Hubert L. Kerr has recently stated that while only two persons per 100,000 die from polio, yet, in the same ages, 50 young persons per 100,000 are being killed by automobiles. As these figures become recognized, I forecast that people will visit less by automobile and visit more by telephone.

People will remain home more and travel less. Travel by automobile — except for business — may now be near its peak. Even business calls will be made more by telephone and less by automobile. It takes time to change habits; but the present habit of making both personal and business calls by travel may become a thing of the past. All habits can be changed.

WHAT ABOUT TELEVISION?

Television is already taking the place of the movies. When television gets over its "teen-age" period of "sowing wild oats" and gets settled down to decent programs, many more families will prefer TV to going out evenings to a movie. When television is hooked up with the telephone so we can see with whom we talk, when automobiles may be used only in emergencies. In fact, the time is coming when most of the better automobiles will carry telephones. These will be used not only in case of car trouble but also for business and social calls. In short, I believe that the telephone industry is headed for a great future with tremendous growth ahead. This will come both from an increase in population and from a much-needed use per capita, especially among the

SAND HILLS PHILOSOPHER INVITES—

Touring Russians To Inspect His Farm, Chiefly To Confuse Them

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has an interesting idea this week, but he won't get anywhere with it. He never does. Dear editor: As I understand it, in the interest of international harmony, a group of Russian editors and students are coming over to the United States to study us farmers sometime this spring or summer, and I have been giving the matter some serious thought. The reasons the Russians want

younger generation. The telephone can create greater sales, can save more time, and can protect us from unnecessary accidents and other losses. I also believe that telephone securities are among the safest of all securities which give a good income.

Today's Meditation

"Lo, I Am With You Always" Read John 15:12-17. These things I have spoken to you, that my joy may be in you, and that your joy may be full... You are my friends if you do what I command you. (John 15:11-14 RSV.)

One day a friend asked me, "Do you ever feel that Christ is near you?" My answer was, "I certainly do. He is the unseen member at our family table. We have welcomed Him into our family circle."

To us He is friend, adviser, and comforter. He seems to us not a man of sorrows, burdened with the cares of the world, but joyous, risen Christ.

Jesus lived a full life in but a few years. He lived the sunrise; the strength of the hills; the sea; whether calm or tempestuous. He walked the roads of His country in a never-tiring effort to bring comfort, peace, and health to those who loved Him.

You recall the little boy's definition of a friend. He said, "It's someone who knows all about you and still likes you." Christ is such a friend; He knows all about us and loves us just the same. "Lo, I am with you always, even until the end of the world".

PRAYER

O God, teach us to remember Thee for Thy ever-present love. Instill Thy love in us through Christ that His joy may be in us and our joy may be full. Teach us obedience that we may be called Thy friends. In His name. Amen.

THOUGHT FOR THE DAY We have a constant friend and comforter in God the Father, in Christ the Son, and in the Holy Spirit.

CHRISTIAN SCIENCE SERVICES

The fact that lasting beauty is gained through spiritual understanding of God's radiance and strength will be stressed at Christian Science services Sunday.

The Lesson-Sermon entitled "Soul and Body" includes the following verse from the Bible

(Psalms 96; 6); "Honour and majesty are before him; strength and beauty are in his sanctuary."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (247:10-12, 13-15); "Beauty, as well as the truth, is eternal; but the beauty of material things passes away, fading and fleeting as mortal belief. Immortality, except from age or decay, has a glory of its own, the radiance of Soul."

to study us is that in Russia, try as hard as they will or as hard as the government can make them, the farmers haven't been able to grow enough food, whereas in this country we have succeeded in growing more than we know what to do with. I don't know what the intentions of the United States are in this matter, I suppose they are entirely above-board, just a friendly gesture to let the Russians see how a free country farms, but if any body is interested in confusing them, I know it can be done. Just let em visit my Johnson grass farm out here. If they can look at my farm operations thoroughly and then figure out how America had produced more food than it knows what to do with, they've got bigger electronic brains than we have. And if we want to use a few cold war tactics in this matter, give em to understand my farm is a typical one, and after they spend a day taking notes on my methods and go back home and spread the word, it'll set Russian agriculture back two generations. However, I don't look for anything to come of this, as I don't believe the Russians would ever understand my farm methods. In the first place, they may not even have bailing wire in Russia, and without bailing wire the foundations would fall out from under my system. You take all the bailing wire off my farm and two-thirds of the fences would fall down, all the gates would swing open, the tail gate would fall of my trailer, my tractor would scatter parts from the backdoor to the north end of the farm, and I'm not even sure my pants would stay up. If though the visitors insist on coming by my place, I'll be glad to show em around, and will give each one a small handful of Johnson grass seed. If we can get it back to Russia and dropped in half a dozen places, in five years we'll have em begging for mercy. Yours faithfully, J. A.

President Accepts USO Honorary Chairmanship

President Eisenhower receives a scroll in appreciation for his acceptance of USO's honorary chairmanship from Harvey S. Firestone, Jr., (far right) of Akron, Ohio, USO's Board Chairman, and Emil Schram (second from right) of Peru, Indiana, USO President. At the meeting in the White House, Admiral J. L. Hall, Jr., Alexandria, Va., was announced as USO National Campaign Chairman. The USO this year will seek \$13,934,444 for operational expenses in 1956 through community chests and united funds and an independent campaign in New York City. Adm. PARMER COUNTY Farm Bureau News
By RAYMOND EULER

You will soon be able to drive your pickup 60 miles per hour on Texas Highways and still be within the law. At the same time you can drive your passenger car 65 miles per hour on two lane highways and 70 miles per hour on divided 4 lane highways. Texas Farm Bureau has been working at least three years for the increase in legal pickup speeds, because they are used as passenger vehicles to a great extent. The present speed limit on them is 45, as some of you may know from experience, as well as the highway signs.

On the national level, H. R. 12 has passed the House under a system of partisan pressure. It is thought that it will not pass the Senate if many farmers will write in opposing it. If farmers do not object, boys like CIO President, Walter Reuther will still be in there pitching for its passage. Stop and think, and decide whether he and his constituents are really the ones who know and want what is best for you, the American farmer.

The Commissioners' Court is again cooperating 100% with the weed eradication committee in the summer program directed against bindweed. County Agent, Joe Jones is preparing agreement cards for farmers applying for sterilants to be used on county road right of ways adjoining their land. ASC has included provisions for assisting in the program this year, too. So it looks like Parmer County may escape serious damage from these weeds because the program was started early enough. Parmer County implement is handling the sodium chlorate at \$12.85 per hundred pound can this year.

Texas Friendship for Korea will have some gifts from Parmer County. The Friona FFA Chapter is giving a pig; three pigs have been contributed from Bovina, and we hear there are two pigs coming from a church group in the Oklahoma Lane Community. There is a trailer at the southwest corner of the park in Friona where miscellaneous items may be placed for this cause.

We understand that Parmer County Farm Bureau plans to have a county wide policy development meeting prior to the annual convention this year. That is when your ideas will be welcomed for consideration of the full membership. Then they will be drawn up in resolution form for final discussion and vote in October. Keep these meetings in mind. You will be duly notified of dates.

Consider This: The labor of the righteous tendeth to life; the fruit of the wicked to sin. Proverbs 10:16.

Some Of Texas' Old West Now Made Accessible By Canadian River Bridge

AUSTIN, Some of Texas' most legendary "Old West" country is now easily accessible to tourists with the completion of the Canadian River Bridge on State Highway 51, between Vega and Channing in Oldham County, D. C. Greer, State Highway Engineer announced in Austin.

The new bridge opens a northern and through route to the picturesque old ghost town of Tascosa which in its prime was the "Cowboy Capital of the Plains", one of those rip-roaring towns of the old West where the Cold six-shooter and the Winchester rifle were the law.

Heretofore, tourists visiting Tascosa had to chance fording the unpredictable Canadian River or backtrack to Vega or Channing. This not only discouraged tourist travel but made through traffic practically an impossibility, Greer said. Now this old relic of early Texas, which since 1939 has been the home of the original Boys' Ranch, will be easily accessible from both directions.

State 51 also passes through country that once was part of the famous XIT Ranch, a part of the West Texas land that was traded for the construction of the present capitol building at Austin. This fabulous empire was long ago sold and broken up into smaller ranches and farms.

Another route for the marketing of produce from these ranches and farms has also been made possible with the opening of this bridge, Greer continued. Built at a cost of \$340,005, the bridge is 1,301 feet long and has a 28-foot roadway with two one-foot seven-inch curbs for sidewalks.

The Highway Department has been modernizing and rehabilitating highways in this section of the state since the end of World

War II, Greer stated. State 51 from the Hartley County line to the Canadian River has been complete since 1951, and various sections south of the river were finished in 1951, 1952, and 1953. With the completion of this bridge, the state now has a direct route from McCamey to the Oklahoma County line, he said, at Hartley, the highway connects with U. S. 8 which crosses New Mexico to Denver, Colorado and runs northerly to Havre in northern Montana. Eventually, this route from New Mexico and Colorado will be improved as a result of the closing of this longstanding gap in the highway, Greer concluded.

Social Security Man Here May 25

A representative will be in Muleshoe at the Post Office at 9:30 am on May 25 and will be happy to assist in all matters pertaining to social security.

Disability, long an economic factor in the life of a wage earner, will no longer reduce the insurance payable under the Social Security Law according to John G. Hutton, Manager of the Lubbock, Texas, Social Security District Office.

Since January 1, 1955, workers who are totally disabled by illness, injury, or other physical or mental impairment which can be expected to be of long-continued and indefinite duration may file an application with their Social Security office to establish a period of disability. This period of disability, when established by medical records furnished by the claimant, will be excluded in computing the wage earner's average monthly wage at retirement or upon death of the wage earner.

Mr. Hutton explained that old-age and survivors insurance payments are figured from the worker's average monthly earnings. Under the old law, the average monthly earnings had to be figured over the entire period of employment history until the worker became 65 years of age or died. People who were totally disabled, of course, had very low earnings or no earnings at all while they were disabled. Under the old law, their average earnings would keep dropping as long as they were disabled. It was possible, Mr. Hutton added, that in some cases of a long continued disability the right to any payment at all.

Under the 1954 amendments to the Social Security Act, effective with January, 1955, a disabled wage earner may apply to have his earnings record "frozen" while he is unable to work. A free booklet, entitled "Facts for Those Who Are Disabled" is available from the Social Security

Notary Publics To Be Reappointed

Secretary of State A. M. Muldrow has announced that he will reappoint all persons who now hold Notary Public Commissions and that all such persons must qualify by filing an oath and bond with the County Clerk of their residence between June 1, 1955 and June 10, 1955.

The law specially requires County Clerks to approve Notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All Notary matters can only be received by the Secretary of State after the County Clerk acts thereon.

Any person who has not heretofore been a Notary Public should apply to his County Clerk between May 1, 1955 and May 23, 1955, if he desires to have this application given prompt attention in the State Department, as the rush of reappointing all old Notaries may slow up the ordinary process of making new appointments and issuing commissions.

Secretary of State Muldrow said, "Each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the County for which he is appointed; exact names and permanent addresses should be given to the County Clerk in applying for a commission, as location of the Notary may be necessary long after he has notarized a particular instrument."
