Number 34

Elections Hold Spotlight Here This Week

Teachers Are Chosen By Board Friday Night

Classroom teachers and other school employees were re-elected last Friday night at a meeting of the school board, Supt. W. T. Hanes and Principals Lee Dodson and A. L. Pace had been re-elected previously.

Not asking for re-election for next year were Band Director J. H. Felts, Assistant Coach V. D. Armstrong, and Miss Ida Mae Harris, teacher in the grades.

Carl D. Griffing was re-named secretary, assessor, and collector. J. W. Jaquess and Harold Snowden will be retained as janitors.

Classroom teachers for next year are:

High School: Coach Leo Jackson, Leslie Browning, Mrs. Ruth Assiter, Mrs. Madeline Heel, Misses Quannah Lewis, Elizabeth McEwin, and Willie Pearl Dockray.

Grade School: Misses L. F. Craft, Francis Dunagan, Linnie Finch, Misses Lucille Hall, Georgia Taylor, and Nellie Mae McLeRoy, and A. R. Bostick and John Kirkwood.

Another position to be filled will be in the primary grades, Mrs. A. L. Pace is substituting in this position for Miss Lucille Collier who resigned at mid-term to accept a position in the Lubbock schools.

Para Lee Sayles was re-elected teacher of the negro school.

ROTARIANS HAVE FUN WITH CANDIDATES

Candidates for office were the objects of much fun at a Rotary Club program Thursday at noon, when Rotarians not in politics made spurious announcements against Rotarian members who are candidates. The program produced many laughs.

Those making talks were Arthur Raborn, Henry Maasen, Clint Walker, Conway Clingan, and Lee Dodson.

Visitors present were W. C. Wharton, new Conoco agent, and Col Jay Slaughter of Post.

Error Corrected!

A typographical error can sometimes play havoc with the meaning of a sentence.

In our Garner editorial this week, we used the expression "that Congressmen and Senators will not be afraid..." but it appeared in print "that Congressmen and Senators will be afraid" etc.

Also, in alluding to the charges against Ambassador William C. Bullitt, we stated: "The charges were promptly denied by Bullitt and others concerned." The Linotype machine made us say that the charges were denied "by Bullitt and others concerned", which possibly would have been a more effective way of making denial but which in fact was not done.

Scouts Have Largest Court Of Honor

The largest Court of Honor in the history of Tahoka Scouting was held at the Scout hall here last Monday night. Thirteen advancements were made. In attendance were 22 Scouts and a good many parents and interested parties.

Advancements to Tenderfoot were awarded to Billy Earl Pennington, Ollie Green, Alfred McBeth, Bobby Ray Puls, and Jeff Jones. Advanced to Second Class Scouts were Bobbie Weaver, H. B. McCord, Jr., Roy Anglin, Gordon Gass and Edwin Jolly. Three merit badges were presented, one each to Sonny Roberts, Elbert Boulton, and Claud Slover. These badges were awarded for their work in the raising and showing of calves and a hog.

There were other Scouts who were eligible for the Court of Honor, but

FSA Administrator

WILSON COWEN

The new director of the Farm Security Administration region serving this area is Wilson Cowen, above, who until recently was associate director of this agency's rural rehabilitation division at Washington. Cowen succeeds L. H. Hauter, Wyman J. Welch is the farm supervisor for the FSA agency in Lynn County.

Tahoka Gets New Phone System

Construction of a new common battery system in Tahoka is scheduled to start soon, R. B. Fairly, vice president and general manager of the Southwestern Associated Telephone Company, has announced from his office in Lubbock. Authorization for installation of the system was issued last year.

The new equipment will be installed in the present exchange building of the company here, and will be modern in every respect. The plant will accommodate 800 telephone lines. It is expected to be a great improvement over the antiquated system now in use.

Many lines were rebuilt in Tahoka last year as a part of the improvement program.

Cost of the improvements has not been announced.

EX-STUDENTS HOLD MEMBERSHIP DRIVE

At a business meeting in the home of their president, Oscar Roberts, Tuesday night, the Ex Students Association voted to start a membership drive. Mrs. Irene Gallagher and Harley Henderson, past president, were selected to have charge.

It was also voted that on April 26th a tea would be given for members of the Association.

Mr. and Mrs. L. W. Winn of Denver City were guests of his sister, Mrs. J. E. Dye and Mr. Dye Wednesday.

COURT SELLS OLD BOILER HOUSE ON SQUARE

The old boiler house situated on the east portion of the courthouse lawn has been torn down and moved away.

The boiler was sold to W. O. Thomas and the brick structure was then sold to T. R. Cathcart.

Having outgrown its usefulness and having also become something of an eyesore on the premises, the commissioners court decided recently to dispose of it.

Lyntegar Selects Officers At Annual Meeting Tuesday

Census Being Taken Here

Every 10 years, Americans have an opportunity to demonstrate their quality of co-operativeness by answering the questions put to them by Government census takers. The questions you will be asked are necessary, not impertinent, questions. Your answers, and the answers of millions of others, are important. Combined, they will supply the truest picture of our America.

In a word, the census which this country takes every 10 years is a task in research which is of direct value to everyone of all the millions enumerated. The job is a tremendous one. Americans can do their share to make it successful by answering all questions fully, accurately and willingly, bearing always in mind that the information they give remains confidential and that the results are beneficial to them and their country.

85 enumerators in District 19 started their canvass April 2nd. In towns which had a population of 2500 or more in 1930 this canvass must be completed in two weeks. Other towns, including rural areas, must be completed in thirty days. The cooperation of the people of this District is requested, in order that the canvass can be completed on time.

Managers of hotels and tourist camps are requested to furnish every assistance possible to the enumerators in taking the canvass of hotels and tourist camps on the night of April 8th, the date which has been set aside for this canvass.

The enumerators selected for the Census canvass in Lynn County are as follows: Miss Treva D. Payne, George H. Williamson, Mrs. Mary L. Haire, Mrs. A. N. Norman, Thomas H. Henderson, James Weldon White, Maurice E. Morris, Wayne Clayton, Miss Viola Ellis, and Mrs. Viva Woolsey.

Carriers Attend District Meet

Tahoka was well represented at the annual meeting of the West Texas Rural Letter Carriers Association which convened at the Lubbock Hotel last Saturday night.

Present were all five of the Tahoka carriers and the wives of two of them, the party consisting of G. M. Reid, W. A. Reddell, T. Garrard, Mr. and Mrs. A. O. Conley, Mr. and Mrs. H. L. Roddy, and Postmaster W. E. Smith.

Mrs. Conley had a place on the program, giving a reading that was much enjoyed. Mr. Reid, who is secretary of the association, and is chiefly responsible for the program, pronounced the invocation. W. C. Foote of Petersburg acted as master of ceremonies. Both the banquet and the program were greatly enjoyed, according to the Tahoka delegation.

Among notables present and having a part on the program were Mr. A. Geue of Austin, paymaster for Texas carriers, E. E. Smith of Colorado City, president of the Texas Rural Letter Carriers Association, and W. L. Fletcher Jr. of Hamlin, National Treasurer.

The West Texas Association is said to be one of the very best local or regional associations in the state.

MRS. MARTHA STROUD ILL

Friends here were grieved to learn last Saturday of the serious illness of "Mother" Stroud who lives with her daughter, Mrs. Ross Keiser and family in San Antonio. Last reports indicated that her condition was critical though she was being made as comfortable as possible in a San Antonio hospital.

Directors and their officers were elected here Tuesday afternoon at the annual meeting of the members of Lyntegar, Inc., cooperative electrical company for farmers under the REA.

One hundred and eighty-three members were present, and forty mailed in their votes. One hundred and twenty are necessary for a quorum. Many visitors were also present, making in all quite a large crowd of farmers who gathered for the meeting.

John Heck was reelected president of the board of directors, C. M. Burton of Lamesa was elected vice president to succeed James F. Daniels of Meadow. A. R. Hensley succeeds T. H. Basinger of Southland as secretary-treasurer. Other directors named were Daniels, Burt Eads of Hockley county, Frank Harris of Dawson county, and J. F. Maxey of Post.

Gifts donated by various business men from throughout the territory were presented to members present.

O'Daniel Asks For Office Again

Vigorously assailing his critics and defending his administration, W. Lee O'Daniel spoke over a state-wide radio hookup Wednesday night, announcing his candidacy for reelection to the office of governor.

Governor O'Daniel declared that he was willing to accept any form of taxation that would raise a sufficient amount of revenue to carry out the full social security program.

He quoted at length from his first message to the legislature immediately after he was inaugurated last January proposing a transaction tax of 1.6 per cent to finance the social security program but promising to approve any other tax that the legislature might enact that would get the money.

He also defended his advocacy of the general sales tax as embodied later in Senate Joint Resolution No. 12, which was also favored by 21 senators and 94 members of the lower house, he stated, but was defeated by the opposition of a minority in the house, a two-thirds vote being required for passage.

The Governor bitterly denounced the so-called "professional-politicians" and "some newspapers" which he claimed, failed to publish the truth but published only propaganda to suit their purposes. He assured the people that they could hereafter find the truth in the weekly newspaper which his two sons are to publish in Fort Worth.

More Automobiles In County

According to reports from the office of Tax Collector A. M. Cade, 227 more motor vehicles were registered this year than last, up to April 1 each year.

Up to April 1 this year, 2235 automobiles had been registered, 520 truck and commercial bodies, and no motorcycles, making a total of 2755 licenses issued. On April 1, 1939, the total had reached 2528, all classifications.

The office has been getting a last minute rush this week, and probably the total at the end of this week will be raised considerably.

Mr. Cade asked us to state that he was appreciative for the cooperation given him by the public during the last minute rush.

Important!

The local AAA office is taking applications for wheat parity payments. C. A. Lawrence announced Tuesday. All farmers with wheat allotments are eligible, and should drop in at the office and sign up.

Rev. J. O. Quattlebaum, Jr., of Slaton, who will conduct the revival starting at the Methodist Church, April 14th.

Tahoka FFA In District Meet

Members of six Future Farmers of America chapters in the Meadow district participated in contests on their work at their district meeting in Tahoka, Saturday. Meadow, Ropesville, Tahoka and New Home chapters each took a first place in the four contests held.

Claud Slover of Tahoka won first place in extemporaneous speaking, with second place going to Meadow and third place to Plains.

New Home was winner in one-act play demonstrations, Meadow second, Wilson third, and Tahoka fourth.

In essay writing Wallace Finley of Meadow first, Froy H. Smith of Plains, second, Pershing Alexander, Tahoka third, Royce Hemmeline, Wilson, fourth.

In chapter conducting Ropesville, first, Plains, second, Brownfield third, Tahoka fourth.

These contests were held at the high school building.

Traffic Law Is Explained

City Marshall W. M. Lee requests that we explain for the benefit of the public, many of whom apparently don't understand, one of the laws governing traffic within the city limits.

"When approaching either a red light or a stop sign, with the intention of making a right turn, it is requested that the driver come to a complete stop before proceeding to make the turn," he said.

Many otherwise careful drivers violate this rule, Mr. Lee stated and he does not think they are cognizant of this requirement.

Enloe Gets 5 Years On Murder Charge

Post, March 30. — A jury in 106th district court last week found Drew Enloe, 23, guilty of murder and set his punishment at five years in the penitentiary. Deliberation was brief.

Enloe was charged in the fatal shooting last Nov. 11 of Len Browning, 29, farmer of the Grassland community in Lynn county. The victim died early the next morning in a sanitarium at Lubbock as the result of hemorrhaging of wounds through both thighs.

L. A. Enloe, 23, brother of the convicted man, was sentenced to eight years in the penitentiary as an accessory to murder early this month in Tahoka. Judge Louis B. Reed presided in both cases.

The Drew Enloe case was transferred here when it appeared a jury could not be selected at Tahoka. The trial opened Monday. Arguments

Rosemary Nelms Is Re-elected City Secretary

Rosemary Nelms was re-elected city secretary Tuesday, with a margin of 89 votes over her opponent, Mrs. L. E. Turrentine. Miss Nelms received 263 votes while 194 were cast for Mrs. Turrentine.

Dr. K. R. Durham and N. C. Ratney were re-named aldermen without opposition, receiving 384 and 343 votes respectively.

The total votes cast, 477, was the largest number cast in a city election since 1932, when six candidates ran for city secretary. At that time, 480 votes were recorded. In 1934, 392 votes were cast, and at that time Miss Nelms was elected to her first term. She has served since. In 1936, only 143 votes were cast, with no opposition. In the mayor-city marshal election last April, 332 votes were tabulated.

The reason for the votes for aldermen being less than the total were probably due to a misunderstanding on the part of a few of the voters, who thought there was only one vacancy to be filled.

High School Faculty Meets

School election. School trustee elections will be held Saturday in the various school districts of Lynn county.

Two trustees are to be elected in the Tahoka district. The names of L. D. Howell, Carl Owens, V. A. Lotkins and Frank Hill have been filed.

SUPERINTENDENT L. A. WOODS HERE THURSDAY

State Superintendent of Public Instruction L. A. Woods of Austin, in company with Mrs. Lenore Tun-cell of this city and of E. Esten Day of Plainview, was a brief caller at the News office Wednesday.

Mr. Woods was in this section of the state attending some educational meetings and incidentally meetings as many of the voters as time might permit. He is a candidate for reelection to the position he holds.

FACULTY MAKES PLANS FOR NEXT YEAR

Probably the most important faculty meeting of the year was held Wednesday night, when committees on student guidance and on scholarship reported. Plans are being made for a bigger and better student guidance program for next year. Ideas on how to reduce the number of failures were offered after a thorough investigation by the scholarship committee.

TEXAS' NEW MILLION DOLLAR INDUSTRY AWAITS FUTURE DEVELOPMENT

Weatherford, Tex., April.—Texas has the finest climatic and range conditions in the world for Karakul sheep raising", declared J. E. McDonald, State Commissioner of Agriculture, on a recent visit to George H. Klossoff's Parker County Karakul sheep ranch where successful experiments have proved that Texans have a new three million dollar industry awaiting simple and easy development.

Mr. Klossoff (pronounced Key-oss-off) a native Bulgarian whose grandfathers and one great-grandfather were killed by the Turks and who himself had to wear a fez until he was twelve years old, has shown, through four years of experiments in cooperation with the State Department of Agriculture that this fur, wool and mutton producing animal is superior to any other pelts than have been obtained in the native habitat, West Central Asia.

Mr. McDonald said statistics show that the United States imports annually three million dollars worth of Karakul and Persian lambskins, and this country, which consumes eighty five percent of the world's production produces less than ten thousand skins a year, whereas German Southwest Africa last year produced one million two hundred thousand lambskins.

Of course, women know that the soft, tightly curled, tar-black Persian lamb is born of the Karakul sheep and from a number of these lovely little pelts are made the beautiful coats and wraps so desired by women.

Right now, with the world trade conditions as they are and the country's foreign source of fur supply cut drastically, Texans stand an unusual opportunity to cop the world market in Karakul, believes Mr. Klossoff who comes of the third generation of Karakul raisers and has spent his life in the fur trade. He also claims the sheep will do as well on damp lowlands, as on hilly semi-arid lands. With the exception of our milder winters the climate throughout Texas is much like that of Bokhara, in the heart of Central Asia, where the breed originated. "Over there," he says "the sheep are raised on the hilly country as well as on the lowlands. They will lamb twice a year if their lambs are taken when a few days old, and have been known to produce at this rate for fourteen years. No special season is required for the production of fine pelts."

The pelts taken from Karakul lambs which have been still-born within twenty days of the end of gestation period are of extra texture and value, therefore saving the owner the great loss which occurs in most breeds of sheep by what is generally known as "lamb sinking".

Mr. Klossoff thinks they are the hardest sheep in the world and declares it costs less to feed a Karakul

sheep than it does a turkey. As a mutton producer he says they top the market.

In making garments the pelts are carefully selected and matched, therefore Texas Karakul sheep owners could market their pelts to the best advantage when a minimum of twenty-five thousand pelts are available annually, says Mr. Klossoff, who for twenty years has maintained his own fur import business in Battle Creek, Michigan, and who was for three years head of the fur department of a large Fort Worth department store. He has made nine trips to European fur markets as purchasing agent for various well-known concerns.

FRAME GARDENS

Frame gardens have "caught on" in the Draw Home Demonstration club. In order to have fresh vegetables from four to six weeks earlier than would be produced in open gardens, seven frame gardens have already been made and planted by women in the Draw club and others will be planted at a later date.

"Frame gardens provide a means of having fresh vegetables at a time of the year when they would have to be purchased or left off the menu entirely," says Mrs. W. T. Luttrill, a cooperator in the club. Fresh vegetables probably will not be left off the menu in the Luttrill home because English peas, carrots, beets, radishes, ten-her greens, bunch beans lettuce, and tomatoes for plants have been planted in their 6 by 20 foot garden. The garden was made on the south side of the house which protects it from north winds and for additional protection, a cover, made of laying mash feed sacks, was used. Sub-irrigation was made possible by the use of two rows of tin cans located one foot under the ground.

"You should see my garden. It is wonderful", stated Mrs. R. R. Reagan in conversation with some of her members. Mrs. Reagan has been harvesting greens and onions from this garden for more than a week. Strawberries are planted as well as vegetables and perhaps next year she will be serving berries to those who come her way.

4-H WASHINGTON TRIP WINNERS NEMED

College Station, April 4 — Texas 68,685 4-H Club members will be represented at the National 4-H Club Encampment at Washington, D. C., by Oaida Johnston, Ekota, Fisher County; Lezette Lewis, Midlothian, Ellis County; Kenneth Garvin, also of Midlothian; and Donald Olsen, Amarillo, who lives in Randall County.

The encampment will be held June 12 to 19th. As usual, the tents will be pitched along the Tidal Basin near the foot of the Washington Monument.

Each state and territory will send four delegates—two boys and two girls.

The awards, announced by Onah Jacks and L. L. Johnson, state club agents of the Texas A. and M. Extension Service, were made on the basis of outstanding work in club demonstrations during 1939.

CARD OF THANKS

We desire to express our keen appreciation to the many friends in Tahoka for their many kind and thoughtful acts and the numerous expressions of sympathy tendered us upon the recent sad occasion when our dear mother and grandmother, Mrs. W. C. Cowan, was taken from us by the hand of death. May God bless all of you.—Her children and grandchildren and families.

Texas Stands Behind John Garner

Texas State Democratic Executive Committee gave a ringing endorsement to the

presidential aspirations of John Garner, despite some protests which were not warranted. Mr. Garner is of high ability and probity. He who for twenty years has maintained his own fur import business in Battle Creek, Michigan, and who was for three years head of the fur department of a large Fort Worth department store. He has made nine trips to European fur markets as purchasing agent for various well-known concerns.

This implies no party split, no discrediting of President Roosevelt or anybody else.

It is just pro-Garner, that's all. Entirely proper.

—El Paso Times.

BRADSHAW CHILD IMPROVING

Cecil Wayne, six year old son of Mr. and Mrs. Cecil Bradshaw of the Joe Stokes community, and grandson of Judge and Mrs. P. W. Goad, underwent emergency operation for appendicitis in a Brownfield hospital Tuesday night of last week. This case was complicated by an acute throat infection, and for several days his condition was critical, but he is reported to be improving nicely.

TECH HOME ECONOMICS HAS OPEN HOUSE

Lubbock, April 4—Invitations to Texas Tech's eighth annual Home Economics open house April 12 and 13 have been mailed to presidents of 4-H clubs, home economics teachers, and home demonstration club women of District two, to Lubbock women's clubs Federated clubs in the seventh district. Tech faculty members and the college board of directors.

About 2500 persons attended the two-day show last year, Dean Margaret W. Weeks said. The open house shows students actually at work on individual and group projects in foods and nutrition, clothing and textiles, applied arts, child development and family relations institutional management, vocational home economics, and home management.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses; 25c.

Cousins Wed Same Day

Cousins of O'Donnell were married on the same day last week, but in separate ceremonies.

Opal Mae Harris, beauty operator there, married Odell Jones of Tahoka at Seminole Saturday, after obtaining their license here Friday. They were married by the Justice of the Peace.

Mrs. Jones is the daughter of Mr. and Mrs. D. E. Harris of O'Donnell. They are living in the McDaniel apartments.

Velma Mae Harris, cousin of Opal Mae, became the bride of Vernon Cook in the office of Justice of the Peace J. E. Dye Saturday. They will live in O'Donnell.

Mrs. R. E. Gibson, Chico, who had been visiting in Lubbock was a week end visitor in the W. A. Reddell home. Mrs. Gibson was postmaster for eight years at Chico where Mr. Reddell was carrier; before transferring to Tahoka almost three years ago.

the Scrapbook

Myrtle Rochelle

The lilacs are in bloom at the Lum Haney's again—more profusely this year than ever before. They have a hedge of these all around their private sanctum in their back yard and across the back of their lot.

To us, lilacs, daffodils and Spring are synonymous.

March came in like a lion, and we couldn't decide whether it went out like a lamb, or like a wolf in lamb's clothing. At any rate, the temperature reached 92 degrees, and that is mighty hot to folk who have just shed their winter coats.

April is our favorite month, of which there is no favorite—provided a few April showers intersperse with March's left-over sandstorms. We always get poetic and romantic in the Spring and Fall—we're too hot or too cold in the summer and winter to have any illusions.

In spite of the fact that we have spent our lifetime in a section where spring mostly means sand, dust, and more sand, we always enjoy watching things get green under our eyes, and we think Spofford's description of April is just what it should be:

"A gust of birdsong, a patter of dew, A cloud and a rainbow's warning, Suddenly sunshine and perfect blue— An April day in the morning."

One of last year's graduates is wearing a gorgeous diamond, gift of her sweetie—they will middle-aise it Sunday morning. Wish I could say who, but I value my neck.

Scatterings: The Paul Cooks have completed their lovely new home in the Oscar Roberts addition. It's modern to the nth degree... If your children like to mix with other children, don't forget the city park where all the kiddos seem to have a big time each afternoon, without indulging in mischief of any kind... Isn't it funny that we never think a photograph of us is good unless it flatters us almost past any resemblance. Personality plugs: It is strange that two such good friends as Ellen Nixon and Barlene Norman should have such similar names... Our club sister also knows where lilacs grow.

BRO. DALE CONDUCTS FUNERAL Reverend Geo. A. Dale was called to Vera, near Seymour, Monday to conduct the funeral of a friend of thirty-five years standing, C. W. Russell. Rev. Dale had been his pastor for five years many years ago.

Jodie Bob Nevill Weds In Clovis

Friends here received a surprise last week when news came that Miss Jodie Bob Nevill of Tahoka and Luther L. Jones of Flagstaff, Ariz., had been pronounced husband and wife by Rev. Barbee, Baptist minister in Clovis Wednesday morning, March 29. Mr. Jones, together with Mr. and Mrs. Russell Fleming of Flagstaff, had spent the Easter holidays in the Nevill home here, and Miss Jodie Bob was returning to Flagstaff with them when the marriage rites were read enroute.

The two couples proceeded to Flagstaff where the newly-weds have set up house-keeping.

Though he is not generally known here the groom was reared in Amarillo, and is a graduate of Amarillo High School. For the past several years he has operated a wholesale oil and gas business in Flagstaff where he also serves as express agent for the Santa Fe.

Miss Jodie Bob, daughter of Mr. and Mrs. J. L. Nevill was reared here, and is a graduate of Tahoka High School. She has many friends among both young and old who wish for them great happiness in their married life.

Pie Supper At Midway

The candidates for public office were guests at a pie supper and speaking at Midway Tuesday night. About three hundred were estimated to be present. The building was full and running over into the street, one candidate said.

About 40 or 50 pies were auctioned off, he stated.

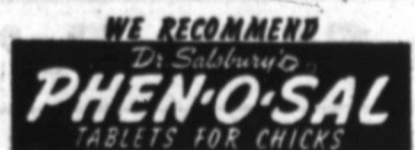

O'DONNELL PASTOR AND WIFE GO AS MISSIONARIES TO AFRICA

Announcement was made recently that Rev. J. A. Lunsford, pastor of the First Baptist church at O'Donnell, and his wife have been accepted by the Foreign Mission Board at Richmond, Virginia, for missionary work in Nigeria, western Africa. They expect to sail from New York about June 1.

The Lunsfords have been at O'Donnell somewhat more than two years and have greatly endeared themselves to the people of the town and vicinity and have made many friends throughout this entire South Plains section.

They are well-educated young people, with two children, and are well qualified to serve efficiently on the missionary field. Mr. Lunsford's work will be largely of an evangelistic nature, it is said, while Mrs. Lunsford will teach.

They go with the best wishes of hosts of friends in West Texas.

WYNNE COLLIER, DRUGGIST

PERSONALS

Mrs. C. H. Jackson, a long-time resident of New Lynn community but now a resident of Post, has been quite ill in a Lubbock hospital following a major operation, according to information given the News, but she is now recovering satisfactorily, it is reported.

Dr. Bob Caveness of Seagraves visited his parents, Mr. and Mrs. H. P. Caveness, here last Sunday. He will accompany Dr. K. R. Durham to Dallas Sunday, where they will attend the state medical convention, returning here Friday.

Mr. and Mrs. Wiley Curry were called to Cleburne by the death of her cousin, Mrs. Louis Moore, early this week. Mrs. Moore was buried Tuesday morning.

Mr. and Mrs. J. N. Garrison of Guymon, Oklahoma, visited with Mr. and Mrs. J. Frank Stuart from Sunday to Tuesday. Mrs. Garrison is the daughter of Mr. Stuart.

Little Joy Owens, two year old daughter of Mr. and Mrs. George E. Owens, is recovering from a broken arm suffered March 22 when she fell at their home southeast of Tahoka. The arm was broken at the elbow, making healing slow.

G. G. Young, one mile west of town, suffered a broken arm last Friday afternoon when the belt of a feed grinder slipped, catching his arm and breaking it below the elbow.

Mr. and Mrs. W. O. Thomas and Mr. and Mrs. A. L. Lockwood left Thursday morning for a two weeks sojourn at Hot Springs, Ark. for the benefit of their health.

Mr. and Mrs. L. N. Conwell and Harvey, Freeman visited Mr. and Mrs. F. M. Billman and son Levi at De Leon last week.

Mr. and Mrs. D. H. Davis Jr. and infant daughter visited relatives in Lamesa Sunday.

Young People Wed On Last Friday

Kingston Crouch, son of Mr. and Mrs. E. D. Crouch of the Three Lakes community, and Miss Virginia Hawthorne, who was reared at Close City, were married in the home of a Baptist minister in Lubbock last Friday, according to information given relatives here.

Kingston is a 1937 graduate of the Tahoka High School and is now attending a business college in Lubbock, where the couple are now making their home. The bride is a 1939 graduate of the Post High School but her parents now live at Morton.

Kingston's Tahoka and Three Lakes friends are wishing them much happiness.

SHEPPARD—Announces For Congress

Senator Sheppard gave out a copy of the following letter he is today sending Mr. William M. Thornton, Staff Correspondent, Dallas News, Austin, Texas.

"I note your statement in the Dallas News of February 8 to the effect that it is felt by some that Morris Sheppard might be willing to step down in 1942, after having reached the age of 67 years and having seen 30 years service in the Senate. In order to dispel this illusion let me say that I shall be a candidate for re-election in 1942. I have an ambition while continuing to serve the people with the best energies I possess to break the all American for length of service in Congress. Another election will enable me to do this. There are still five men, none living, who have served in Congress consecutively or non-consecutively longer than I have but after another term my record will exceed the record of each of these.

"With cordial good wishes, I am, Truly your friend," MORRIS SHEPPARD

TECH FRESHMAN WINS TRIP TO WASHINGTON

Ouida Johnston, 17-year-old Texas Tech freshman from Eskota, has refinished 31 pieces of furniture, set out an orchard, built a frame garden, canned 677 containers of food, and made 105 articles of clothing during her four years as a 4-H club girl. Recognition of these and other accomplishments was shown Miss Johnston this week when she was selected one of five outstanding Texas 4-H club girls for 1939, by Miss Onah Jacks, state girls' club agent of the Texas A. and M. College extension service.

She will be one of the two representatives of Texas 4-H club girls at the national encampment in Washington, D. C. June 12 to 19. Miss Johnston learned cement mixing, carpentering, gardening, dress-making, and interior decorating in her four years work. Her poultry equipment is of the best, with separate compartment for hens, pullets, and chicks, and provisions for rotation grazing. She has also resodded her yard and built a fireplace.

BORDEN DAVIS NEW CONSIGNEE

Borden Davis is the new consignee for Gulf Oil Corporation. He has bought the contract from E. S. Evans, and has been approved by the officials of the company for the job. Mr. Davis took charge of his new job Tuesday but has not yet disposed of his service station, which he has operated almost a year. Before that he was connected with Appwhite Company in Brownfield, having served several years as funeral director for the former firm of Harris-Appwhite.

Mr. Davis is a capable business man, and no doubt will be successful in his new undertaking.

E. ESTEN DAY TO BE HERE

E. Esten Day, deputy state superintendent of schools, supervisor for district 2, will be here to visit all affiliated and standard schools of the county on April 16th. Mr. Day was scheduled to make his visits last week, but was unable to do so.

Dr. Emil Prohl expects to be back in his office Monday. He has been in Fort Worth at the bedside of his wife and new son, Karl Emil.

Glamour Girl Wins Screen Test

The secret ambition of every girl was realized by Beryl Ann Longino, Lubbock sophomore at Texas State College for Women, when she was named Denton's Glamour Girl and the winner of a trip to Hollywood, screen test with Warner Brothers, and a three-day visit in the home of Ann Sheridan, Denton movie actress. A tall, slender brunette of 18, Miss Longino is a dramatics student at TSCW and won her title in a contest open to every girl in Denton, including students of the two colleges.

TECH STUDENTS CELEBRATE ARBOR DAY AT CAMPUS

Lubbock, April 4—Third annual Arbor Day on the campus of Texas Technological college was celebrated by students and faculty joining forces in setting out hundreds of trees and shrubs. In 1938 under the direction of O. B. Howell, horticulture professor and director of campus beautification, 20,000 trees and shrubs were planted. Last year more than 5,000 were added. President Clifford B. Jones along with other college officials and students join enthusiastically in the project. Director Howell points out some essentials in the planting of trees in West Texas, as follows:

1. Deciduous trees and shrubs are usually transplanted bare rooted.
2. Never expose the roots to the sun and air. Never let the roots dry off.
3. Cut off bruised or injured roots.
4. Plant trees to the same depth they were in the nursery.
5. The roots should be spread out to conform as nearly as possible to their natural position.
6. Pack the soil around the roots leaving a depression or basin of 3 or 4 inches below the turf.
7. Keep this basin filled with water for several hours to settle the soil.
8. Fill in the depression with dry dirt to soil line on tree.
9. In West Texas it is advisable to lean the tree slightly to southwest toward the prevailing winds.
10. Large trees should be anchored with guy wires.

FRANK TRAYLER TO CONDUCT REVIVAL FOR GRASSLAND CHURCH OF CHRIST

The spring meeting at the Grassland Church of Christ will begin Sunday morning at 11 o'clock, April 7, and will continue through April 17 at least. Evangelist Frank Trayler, Alpine, Texas, will be the speaker.

Last August Evangelist Trayler held the Grassland meeting with twenty-two responses as the result. He lived in Rotan then but has since moved to Alpine, where he is conducting an intensive program of mission work among the Mexicans as well as the Americans. Recently he has translated five tracts into the Spanish language for publication by a Pittsburg, Pennsylvania, publishing house.

The Grassland congregation is happy to have Evangelist Trayler back in this section, and each member is extending the public a cordial invitation to attend the meeting.

FRANK TRAYLER

WAYSIDE H. D. CLUB STUDIES MEATS

"Tenderness is one of the factors by which palatability of meat is judged and tenderness is determined by structure", stated Miss Maurine McNatt, H. D. A., when the Wayside home demonstration club met with Mrs. Busby Thursday March 28.

Some cuts of meat are tender and have fine grain; others less tender and are coarse in grain.

Tenderness is influenced by age of the animal, the amount and character of the connective tissue, and the disposition of fat within the muscles.

The muscles in the neck, legs,

shoulders, and around the joints receive the most exercise and have developed thickened cell walls and denser connective tissue. These muscles have a large amount of extractives, the flavor substance in meat.

Refreshments were served to the following members and visitors: Mrs. McNatt, Mrs. Johnson, Tom Dulin, Benson, Jackson, Misses Doris and Ernestine Medlin, Miss Mildred Benson, Miss Ruth Smith, Mrs. Floyd Reese, Chas. Patterson, Leon Jennings, Hazel Davis, Allie Mae Curtis, Elmer Cary and the hostess.

The club will meet with Mrs. Tom Dulin on March 11

MAHON ANNOUNCES FOR CONGRESS

Congressman George Mahon this week announced that he would be a candidate for re-election to Congress. It had been generally assumed that he would seek re-election. He said that his duties in Washington would make improbable his return to the District prior to the adjournment date of Congress, which likely will not be earlier than June 1st.

Mahon said, "I expect to remain on the job in Washington until adjournment, and I shall continue to serve our District to the best of my ability on all matters of both national and local concern. When Congress adjourns, I shall return immediately to West Texas and visit every community that I possibly can in the 25 counties of our District, not only for the purpose of the primary campaign but also in line with my policy followed in previous years of endeavoring to keep in close touch with the people and their needs in every part of the District."

The Congressman expressed his gratitude and appreciation for the fine cooperation, confidence and support of the people of the 9th District throughout his service in Congress.

NEW LIFE

Swell "Youth Treatment:" Change oil for Spring
Better yet: Change to OIL-PLATING

What's worse than a late Winter?... The late Winter's oil still slopping around in your engine! Changing now is true economy—and you're a regular economy "shark" to change to OIL-PLATING—at Your Mileage Merchant's Conoco station today.

All he does to give you an OIL-PLATED engine is to drain and then re-fill with Conoco Germ Processed oil—at a perfectly usual price. But extremely unusual is the costly man-made extra substance in this patented oil. It bonds lubricant to engine parts—like fine PLATING. That's your OIL-PLATING, which can't fly off, or drain down during all-day runs and all-night stands. That's why your OIL-PLATED engine can't even start unlubricated. The less of that oil-starved starting, the less risk of a worn engine that over-eats oil. Change to OIL-PLATING today at Your Mileage Merchant's. Takes no extra time. But it's an extra long time till you need your next quart of Germ Processed oil. Continental Oil Company

CONOCO GERM PROCESSED OIL

WHY THE GARNER CANDIDACY?

John Nance Garner is too astute a politician to believe that he has a ghost of a show to win the Democratic nomination for the Presidency if Roosevelt wants the nomination again.

He is too astute to believe that he can win the nomination over the active opposition of the President even though the President may not seek the nomination again himself. That Roosevelt can dictate the nomination even if he himself does not choose to run is conceded by most politicians.

We believe that Mr. Garner knows this and has known it from the beginning. Why then is he willing to immolate himself on the rocks of certain defeat by offering himself as a candidate?

There are many men in this country who think it would be a bad precedent for a President, backed by a mighty machine, to go into office for a third term. It would be particularly dangerous, they think, for a man to be so nominated and elected by an overwhelming majority. For, by a continuation of the special favors handed out among the people which won him a third term, he might win a fourth and even perpetuate himself in office for a lifetime.

At any rate, if he should win a third term by an overwhelming majority, he could easily make himself a virtual dictator for that term at least, for after such a crushing victory, few men in Congress would have the hardihood to seriously oppose any of his undertakings.

So, if Roosevelt should be renominated and reelected for a third term by overwhelming majorities, many can see that he would be a virtual dictator for such third term just as he was a virtual dictator during his first term. This would seriously endanger the perpetuity of this republic, as many believe.

We would not charge that Mr. Garner is seeking to bring about the defeat of the President in the event that he should be nominated for a third term, but it does seem plausible to us that he is offering his own candidacy as a protest against the third-term idea, in order to call attention to its dangers and to so clip the wings of a third-term President in advance to such an extent that Congressmen and Senators will be afraid to act on any question as their own conscience and judgment dictate.

If Mr. Garner can succeed in bringing about such a situation we feel that he will have done a distinct service to his country.

As for ourself, we do not want a Republican President; neither do we want an all-powerful Democratic President.

We want this Government to continue to function in its three distinct departments as was originally contemplated by the Constitution.

Prompted chiefly by political motives, no doubt, Senator Reynolds of North Carolina, anti-Administration Democrat, and Representative Hamilton of New York, a bitterly partisan Republican, introduced resolutions almost simultaneously in the Senate and the House respectively on Monday of this week calling for investigation of the charges made by Hitler's howling hunting hounds in Berlin two or three days before to the effect that William C. Bullitt, the United States Ambassador to France, had given assurance to the allies two or three years ago that if they started a war with Germany the United States would come to their aid at the proper time and help them win it. The charges were promptly denied by Bullitt and others concerned. The charges are too absurd for any sane American to believe for a moment. Just some more lying Hitler propa-

ODDS AND ENDS

By See Eye
The Elder

Our allusions to Stump Ashby in this column two weeks ago brought a quick response from our long-time friend former Senator C. W. Taylor, who, for more than forty years, has been owner and editor of the Rogers News. He adds another chapter to the life of that colorful human paradox, a chapter which we should have remembered but had forgotten.

"Your paper of the present week's issue reached me today, and I was quite interested in your comments on the life and political career of the late Stump Ashby, with whom my personal acquaintance began in about 1891," wrote Senator Taylor. "As gleaned from the press I have this to add to the record of this political gladiator: After the passing of Populism and following the fall in the battle for prohibition, Stump Ashby moved to the state of Oklahoma, where he contested in the political strife of the Sooner State, winning a seat in the House of Representatives of the Legislature for one or more terms.

"Ashby's last public appearance, so far as I am informed," Taylor adds, "was in northeast Texas at the funeral of his brother" who had met a tragic death, the circumstances of which it is not necessary here to relate. Ashby made an address at the grave.

But if the espousal of the cause of the liquor interests by Stump Ashby in those local option fights brought no credit to him in the eyes of the ministry and church people generally or even in the eyes of the "wets" themselves there were hundreds of ministers of the gospel who in those hectic days were true to their highest impulses and to the dictates of conscience and bravely went forth to battle for the cause of righteousness. While they thus brought down upon their own heads the imprecations of the liquor politicians who denounced them, as "political preachers" and

ganda, as everybody should know. An indignation could only have the effect of dignifying the charges and humiliating the State Department at Washington and giving a few Hitlerites in this country a chance to howl, even though the charges could and doubtless would be proven utterly false in short order. All of this would afford old Hitler the keenest delight. We do not believe in accommodating the lying scoundrel in any such fashion. The resolutions at Washington should be promptly thrown out the window.

Speaking at an annual meeting of the mine-workers of this country held in a West Virginia town Monday, John L. Lewis, C. I. O. leader, threatened to form a new party after the Republican and Democratic conventions are held this summer if the Democratic convention does not knuckle right down to him and give him all he wants. Among the organizations, in addition to his labor organization, which he said he would call upon to meet in a great national convention in some central city were the following: The American Youth Congress, the American Society for the Advancement of Colored People; the American Negro Conference; and "liberal agricultural organizations". He declared that he already had the National Youth Congress lined up for action in co-operation with his labor organizations and he expected to get the two Negro organizations completely lined up within the next few weeks. Labor, youth, tenant farmers, and negroes are the elements that he expects to weld into a great party strong enough to win a Presidential election and rule the country. Pooh!

Dictator John L. Lewis says that he expects to tell the negroes of this country: "It is an outrage and a shame that 8,000,000 negroes in America are prevented from voting in eight southern States because they do not have enough money to pay their poll tax." If John L. Lewis comes down into the South preaching his doctrine of Negro rule and social equality we are afraid that he would receive an invitation that would be instantaneously effective to get himself back to where he came from mighty quick. The people of the South have no patience with his kind.

WANTED—The News office is very much in need of three or four copies of this paper of the issue of Jan. 26, 1940. If anyone having a copy which they do not care to keep will notify us or send it to this office, we will appreciate it greatly. The Publishers.

undertook to "scourge them back to their pulpits", most of them only added lustre to their reputations as faithful and courageous servants of their God, and at the close of the campaign were more highly respected and more influential than they had been when the campaign opened.

Among the ablest and most outstanding of these, we here mention only three. These were Dr. George C. Rankin, editor of the Texas Christian Advocate of the Methodist Church, Rev. Granville Jones, a leading minister of the Christian Church, and Rev. George W. McDaniel, pastor of the Baptist Church at Temple.

Dr. Rankin was a man of strong intellect, great force of character, and was a power in the pulpit and on the stump alike. He easily detected the wiles and the sophistry that characterized the deliverances of most of the "wet" speakers of that day, and he went after them hammer-and-long fashion. His sledge-hammer blows in debate put most of them out of commission. He was not a crusader for the money there was in it but for his devotion to the cause. In many a county was he drafted by the dries to carry their banner to victory. A great man was Dr. Rankin!

Granville Jones was a great campaigner of a somewhat different type. He had a keenly analytical mind. He could take the argument of an opponent and pick it to pieces bit by bit, showing every flaw, every weakness, every rotten piece of timber in the structure; and when he was through, the argument of his antagonist usually lay before the audience like a pile of junk. On the other hand, he could also build up an argument stone by stone, so that the audience could plainly see the soundness of every piece of material that went into it. When that argument was finished it was as nearly impossible for an antagonist to tear it down as it would be for a man to demolish our courthouse with a baseball bat. Granville Jones was a man that all the wet leaders feared, and he possibly did as much to make Texas dry via the local option route as any other man in Texas.

George W. McDaniel did not go out over the state, as did the others, to make prohibition speeches. But when the contest came on in his own county, Bell, he was ready for the fray. He was the youthful pastor of the First Baptist Church in Temple. Only three or four years before had he graduated at Baylor University, one of the most eloquent young preachers that institution had ever sent out from its walls. He had been pastor in Temple only a couple of years. Yet he was idolized by his church and greatly admired by the people of the town generally. The "wets" sent to Temple probably the

keenest and ablest debater they had in the entire state, Barry Miller of Dallas. The "dries" sent out their little "David" to meet him. The big public square in Temple was alive with people that night; they were there by thousands. Instead of having a picnic, as they had expected, the wets had their Waterloo. McDaniel so completely answered and riddled the "great" Barry Miller that when the fight was over Miller looked like a peacock with all his tall feathers and all the rest of his gaudy plumage picked off to the skin. The wets went home that night too utterly stunned to be sore. The dries were hilariously jubilant. Barry Miller ran for governor years afterwards, but he made a poor showing. In Central Texas at least he had never gotten over that terrible drubbing that a Temple Baptist preacher had given him.

As for George W. McDaniel, he was soon afterward called to the pastorate of one of the strongest Baptist churches in Dallas, Barry Miller's home town, and a few years later he was called as pastor of the First Baptist Church of Richmond, Virginia, which he served continuously from that time until the day of his untimely death a number of years ago.

In the meantime he had easily become one of the leaders of the Baptist denomination in the South serving at one time as President of the great Southern Baptist Convention.

We doubt if that period of Texas history embracing the first decade and a half of the present century is ever adequately written. That was the period when possibly four-fifths of the counties of Texas, one after another, went dry through local option elections. These included nearly all of the counties of East Texas, North Texas, West Texas, and Central Texas north of Austin. Some of the most populous counties were won by the dries. Only South Texas, Southwest Texas, and Central Texas remained predominantly wet.

This was the period, too, when the courts were continually called upon to construe the local option laws and questions arising under the operation of them, and when the legislature was called upon, time after time, to amend and to strengthen or to amend and weaken these laws. For a number of years, the prohibition question was a burning issue

in every gubernatorial campaign. We doubt if our school histories adequately set out the story of this vitally important period, for it was the forerunner of state-wide prohibition and of the "noble experiment", national prohibition, which was never given a dog's chance by the politicians and the law-enforcement constabulary of the North and East.

SPRING IS HERE

We have little patience with the person whose chief thoughts in Spring are of sandstorms and house cleaning! To such we would say "Drop it all for a while and spend a little time searching for the beautiful in your home town."

What a wealth of beauty in Tahoka's few fruit trees! From the early blooming plum to the late blooming apple. The snowy profusion of blooms on plum, cherry and

pear resemble snow banks against the blue or the sandy color of sky; then the varying colors of pink and rose in the blooms of the peach trees, followed by the soft, very delicate colors of the apple blossom.

Then there are the various flowering shrubs. Did you see that gorgeous pussy-willow at Mrs. Jim Burleson's? Or that beautiful cydonia japonica at Mrs. Fred Bucy's? Or that beautiful forsythia at Mrs. Jack Applewhites? Or that rose-colored flowering peach at Mrs. E. I. Hill's? Or Mrs. L. C. Haney's lilac hedge? Or those lovely redbuds at the rear of the Baptist church? and at many other places over the town? And soon it will be rose time again. Oh! cheer up, it is Spring!

Mrs. E. N. (Grandmother) Weathers has returned from a prolonged visit with a daughter at Celeste, Hunt county.

Homes Get Spring Fever

Even your house needs a Spring tonic after a Winter of Wear and exposure. Now is the time to make those changes and repairs that will make your home a much more desirable abode for Spring and Summer. Come in today and talk over your home remodeling plans. Specialists in building materials.

NOT A BUCK IN 5 YEARS
Q-How does she "stand up" on a farm or ranch?

SAYS MRS. R. E. DILLARD, OF TUSCOLA, TEXAS:

"OUR Servel Electroflux has been in constant use since 1935, and is just as good now as when we bought it. We have never spent one dollar for repairs. It uses about two cents worth of kerosene a day. The first cost is soon forgotten, when year after year it keeps right on giving plenty of ice, cold milk, fresh sauer and vegetables, and saves leftovers, besides."

Servel Electroflux operates on kerosene, butane, bottled gas, or natural gas. Conventional terms.—See it TODAY!

- No moving parts in its freezing system
- Permanent silence
- Careless low operating cost
- More years of dependable service

Insurance Co. Honors Mrs. Gladys Stokes

Signal recognition was accorded Mrs. Gladys M. Stokes of Tahoka at the 36th Annual Convention of Southwestern Life Insurance Company's agency force in Dallas during this week. With a persistency ratio of 92.41 per cent, Mrs. Stokes led the Abilene territory in conservation work during the past year. She will be a guest of the Company at the annual Agency Convention.

This is the second time Mrs. Stokes has won the persistency award for the Abilene district.

The Southwestern Life Club Convention opened Wednesday morning in the Baker Hotel. Leon Rovinsky of Dallas, Club President, presided during the morning session. C. F. O'Donnell, President of the Southwestern Life Insurance Company delivered his annual address to the agency force. Dr. W. J. Allison, Medical Director of the Company, also appeared on the first day's program.

In the programs today and tomorrow other officers and executives of the Company are scheduled to speak. Addresses by T. L. Bradford, Jr., Vice President and Treasurer; E. G. Brown, Vice President and Actuary; Richard R. Lee, Vice President and Agency Director; R. A. B. Goodman, Vice President and Director of Public Relations; Arthur Coburn, Vice President; Ben H. Williams, Sales Director; and R. William Archer, Director of Publicity, are on the program.

The feature of the noon sessions will be an address by Honorable Stanley Foran of Dallas, on the subject of "Americanism".

Honorable Walter Woodward, Chairman of the Texas State Board of Insurance Commissioners and Honorable R. G. Storey, prominent Dallas attorney, will highlight the annual banquet of the Southwestern Life Club to be held at the Adolphus Hotel tonight at seven o'clock.

Jack Wolff, Houston representative of the Company, is also scheduled to speak.

Included in entertainment plans is a Minstrel Show to be given Thursday night by members of the Home Office Staff under direction of LeVan and Biggs, popular radio entertainers, and a sales skit which will be presented by members of the Company's Agency Department.

Meeting a day in advance of the Life Club Convention the Company's Top Club, composed of a group whose annual production exceeds \$200,000 in new business, will meet in Dallas on April 3.

John P. Costello, C. L. U., member of the Company's Dallas City Agency and President of the Top Club, will preside.

The one-day meeting of the Top Club will be devoted to a lecture by Leon Gilbert Simon of New York City, leading authority in the United States on business insurance. Mr. Simon, who is author of several books dealing with taxation and business insurance and who for the past several years has served as Chairman of the Advisory Council of the Insurance Trust Department of the Chase National Bank in New York, will conduct a three-hour discussion for the Top Club devoted entirely to the subject of corporation and partnership insurance.

While Mr. Simon will not appear on the regular program of the Life Club he will also conduct a brief seminar for interested club members on Thursday afternoon in an informal discussion of business insurance.

Appropriate entertainment, including a luncheon at the Dallas Country Club, a bridge tournament, and other diversion, has been planned for wives of the agency force attending the Convention.

Approximately five hundred persons will attend the Convention, including more than two hundred agents who have qualified for the thirty-sixth Convention and will be here for the opening session April 4. Many of those attending will be honored at the annual banquet Friday night for outstanding achievement the past year in production of new business and in conservation work.

Among those to be honored are Colonel G. A. Bodenheimer, of Longview, who for the fourth consecutive time will be awarded the Company's Grand Challenge Cup, a trophy awarded annually to the agent who leads the entire sales force in total production. Thomas E. Neill, of El Paso, will also be accorded signal recognition for having won the Company's state wide efficiency contest for the second consecutive time. Mr. Neill won the trophy this year as he did last year with a persistency ratio of 100 per cent.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

4-H WASHINGTON TRIP WINNERS NEMED

College Station, April 4 — Texas 68,685 4-H Club members will be represented at the National 4-H Club Encampment at Washington, D. C., by Ouida Johnston, Eskota, Fisher County; Lesette Lewis, Midlothian, Ellis County; Kenneth Garvin, also of Midlothian; and Donald Olsen, Amarillo, who lives in Randall County.

The encampment will be held June 12 to 19th. As usual, the tents will be pitched along the Tidal Basin near the foot of the Washington Monument.

Monument.

Each state and territory will send four delegates—two boys and two girls.

The awards, announced by Onah Jacks and L. L. Johnson, state club agents of the Texas A. and M. Extension Service, were made on the basis of outstanding work in club demonstrations during 1939.

Mr. and Mrs. J. T. Tippit, parents of a 7 pound girl at 10:50 p. m. Thursday night at their home east of Tahoka. The daughter is named Gerald Deane.

LEGALS

ELECTION ORDER

Be it ordered by the Board of Trustees of Tahoka Independent School District that an election be held at the Court House, in the Town of Tahoka in said Tahoka Independent School District on the 6th day of April 1940, for the purpose of electing two School Trustees for said Tahoka Independent School District.

N. C. Rainey and J. H. Henderscu and R. P. Weathers are hereby appointed to hold said election in the manner prescribed by law.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In Testimony Whereof, witness the signatures of the President and Secretary of said Tahoka Independent School District and the seal thereof hereunto affixed, this 14th day of March 1940.

HENRY A. MAASEN, V.-P. and acting President Tahoka Independent School District.
Attest: CARL GRIFFING Secretary. 33-2tc.

Skippy Girls Look Unhealthy

POULTRY SUCCESSFUL WITH EARLY CHICKENS AT DIXIE

It is fried chicken time in the home of Mrs. S. B. Francis, a cooperator in the Dixie Home Demonstration club.

Early in February, 65 Rhode Island Reds and 35 Silver Lace Wyandotte chicks, three weeks of age, were purchased.

The lack of a brooder for heating the house didn't faze Mrs. Francis, because she had a very good plan for a substitute. In the brooder house a pen, similar to a frame garden, with wooden sides and a canvass top, was constructed. Two lanterns suspended from two by four plank on the top furnished sufficient heat for the chicks even during the snow storm.

The chicks have grown rapidly and it isn't unusual to hear Mrs. Francis ask, "can't you just see the chickens grow? Surely you can?"

PERSONALS

Mrs. E. S. Davis returned last week from Los Angeles, where she had been on an extended visit with her daughter, Mrs. Owen D. Fields, and family.

Miss Lee Northcross received word a few days ago that a brother, Hardy Northcross, had died at Haskell, Oklahoma. He had lived in Tahoka in 1911 and 1912 and was well known to many of our citizens. Miss Lee was unable to attend the funeral.

Mrs. W. G. Brunette and daughter Louise and a niece, Miss Lillie Moon, left Sunday for their home at Eastland after a few days visit here in the home of the former's brother, W. L. Knight. Miss Moon is a member of the Eastland school faculty. She spent some time in the Knight home a few years ago.

Mr. and Mrs. W. D. Smith Jr. have removed to Tahoka from Corpus Christi, arriving here last Thursday. W. D. has accepted a position as salesman with the Tahoka Motor Co., and will be glad to meet his many friends at that place of business.

Mrs. Lenore M. Tunnell attended the district teacher's meeting at Lubbock Wednesday, and attended the dinner of the County Superintendents of district 2 there Wednesday night.

Charles Scott, son of Mr. and Mrs. Scott, underwent tonsillectomy Tuesday in the office of a local physician.

Misses Beverley and Jim Ellen Wells of O'Donnell were Tahoka visitors Tuesday morning. Miss Beverley was here on school business and her sister visited friends.

Mr. and Mrs. Jarrell Cox accompanied their daughter, Miss Mildred, and her room mate, Miss Willie Lee Young of Arlington, back to the North Texas State Teachers' College at Denton last week, after the young people had made a brief visit with Miss Mildred's parents here. Mr. and Mrs. Cox went on to Grand Saline where they visited Mrs. Cox's mother, Mrs. J. A. Slaughter of Edgewood, sister of Mr. Cox, came home with them for a visit.

OPEN HOUSE TO BE HELD AT TECH

Lubbock Texas, April 3—Ernestine Story, senior home economics student, is Chairman of the Program Committee for the Home Economics Open House which is to be held April 12 and 13 on Texas Technological College campus. She is the daughter of Mr. and Mrs. H. C. Story of Tahoka.

Purpose of the open house is to illustrate how an average West Texas family of four can save 2 per cent of a \$1160 yearly income. It will be arranged to show the difference in living standards for this average family and for the professional family averaging \$2000 yearly.

MOORE IS GUEST-SPEAKER ON ABERNATHY PROGRAM

Evangelist Arley E. Moore, minister of the Tahoka Church of Christ was guest-speaker on Monday of the annual Abernathy Church of Christ Lectureship. Subject of Bro. Moore's address was: "Wordliness in the Church."

Word was received here Thursday from the Lubbock Sanitarium to the effect that the condition of E. W. Shawn, who underwent an operation for appendicitis last Friday, was not so favorable as it had been. Pneumonia had developed in one lung causing much concern on the part of the family and friends.

Mrs. A. F. Harkins of Wingate is spending this week with her father, W. W. Simpson, who has been seriously ill. He is now thought to be somewhat improved. Wesley Simpson and wife of Norton spent last week with him. Mrs. A. J. Oliver was here again Tuesday of this week.

Mr. and Mrs. A. J. Oliver and son Jack of Okey, Mrs. Jewell McIver and Billie Marshall of Welch, Mr. and Mrs. Bob Ensor and children of Petty spent Sunday here visiting "Grandpa" Simpson and Mrs. Poe.

R. L. Littlepage is building two rent houses just southwest of the business section of Tahoka near the J. S. McKaughan residence.

SUNDAY SCHOOL CLASS ENTERS CONTEST

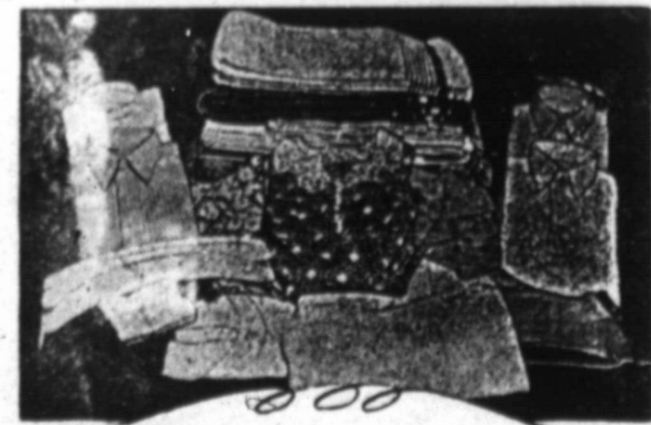

The Men's Bible Class of the Baptist Church has entered a contest with the Men's Bible Class of the Baptist Church at Post, beginning last Sunday.

The report of the contest will appear each week in this paper. The standing last Sunday was as follows: Tahoka, 2,430 points; Post, 1,908. But Post comes back to say: Look out for next Sunday.

Men, you are going to have to "strut your stuff" if you stay ahead.

RADIO Information

This column will be in the Lynn County News for several weeks. If you are interested in the whys of Radio, follow it. Most people take Radio for granted, more or less. They look at it and say, "Oh well who cares what makes it work?" But when a very important program is on and just at the critical moment; Biff! Boom! Zip! Bang! And the listener loses the best part of the program. Then right away, he wishes he knew what to do to stop such interference and in most cases he would gladly pay any reasonable price for an attachment to filter out the noise.

You say, "So what? In the first place, I don't know what causes this unho'ly interruption, and in the second place, I don't know where it is coming from, and in the third place, I couldn't do anything about it if I knew the first and second place." So, round and round we go and nothing is done about it.

Now, as I have promised to put you wise to the whys, I will give you a few of the many causes. So, drag in your feet because somebody's toes are bound to get stepped on.

After a thorough survey of Tahoka, I find that about 90 per cent of the man made static is caused by electrical appliances. Now this does not mean that 90 per cent of the appliances are defective. Not at all. It means that due to the necessity of construction, most appliances have devices such as; automatic cut-offs, switches, brushes, etc. Each of these cause interference in radios. Other troubles often experienced are, defective wiring, loose fuses, naked wires running through trees, and in some rare cases, the transformers that distribute the juice. The latter belongs to the utility company and such trouble can and will be remedied with great pleasure by them. Other very common causes for radio interference are; bad light sockets, receptacles, and in some instances the bulb has been found to be loose in the socket.

Why not check these few common troubles in your home and business? Perhaps you will help your neighbor, and perhaps your neighbor will help you.

Next week's article will deal with two types of cures for radio interference written in plain, everyday English you may understand it, whether you know any technical terms of radio or not.—Kenneth Reid.

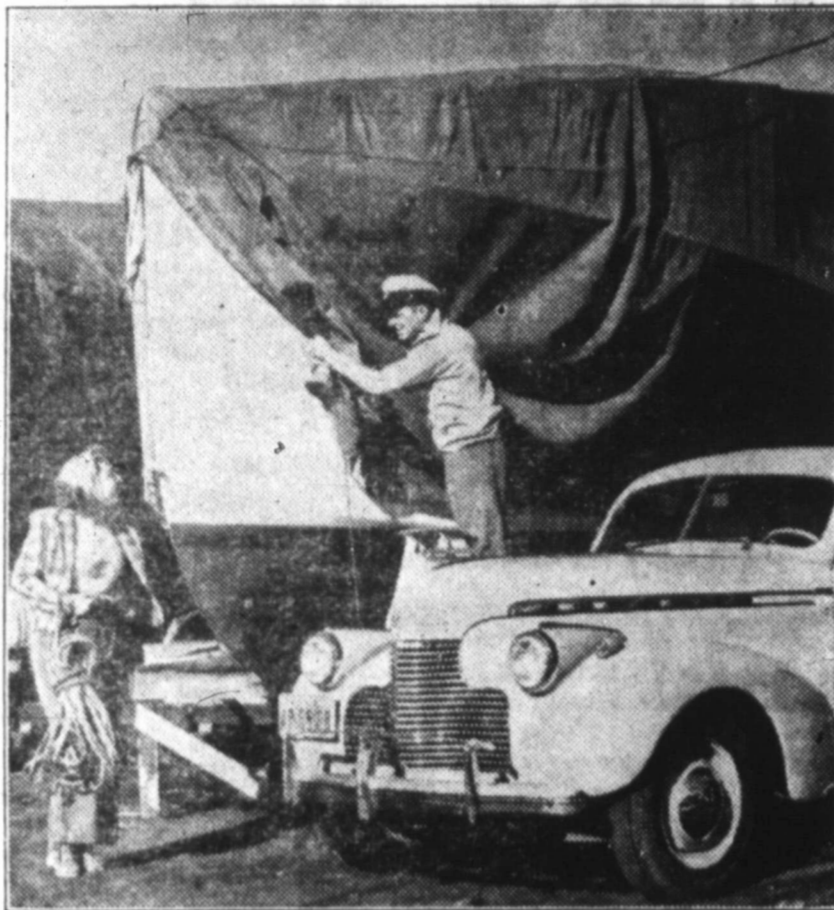

ARM BROKEN

Travis Shelton, Tahoka High graduate of 1939, now a student in Texas Tech, suffered a very painful injury Thursday night of last week when the large bone of his right arm was fractured just above the wrist while he and another young man were enjoying a friendly wrestling match.

After having the bone set Travis remained in a Lubbock hospital until late Saturday, then spent the week end with his parents Mr. and Mrs. S. L. Shelton here, returning to his studies Monday morning.

Mr. and Mrs. T. B. Moore of Lamesa visited their son and daughter-in-law, Mr. and Mrs. Bernard Moore, here Tuesday.

Sure Signs Of Spring

Spring is here when motorists dig out the road maps and lay their plans for seeking the "open road," and sailors the country over begin their annual "fitting-out" activities, preparing sleek water craft for the first jaunt of the season. Here Skipper Ted Skinner begins operations under the watchful eye of Miss Tony Clark, who motored down to the boatyard in her new 1940 Chevrolet.

AAA Deadline Announced

College Station, April 4—No more applications for agricultural conservation payments or for range conservation payments under the 1939 AAA program can be accepted after May 31.

This deadline is final, according to a ruling of the state Agricultural Conservation Association committee, which declared "no exceptions will be made".

GRAHAM MAN VICTIM OF STRANGE ACCIDENT

J. O. Key of the Graham Chapel community out east of Grassland was the victim of a strange accident late Saturday afternoon, in which he sustained many painful if not serious injuries, according to Fred Mathews of Draw, who was over at Graham Chapel a day or two later and brought the story back to the News.

At a point about nine miles south of Graham Chapel, Key's car ran over a broken whiskey bottle lying in the road, Fred says, a casing blew out, and the car ran over a canyon wall. When Key regained consciousness he was hanging on a barbed wire fence. After extricating himself he crawled and walked by holding to the fence a distance of five miles to the nearest residence. The accident occurred about 6:30 o'clock and it took him five hours to make his way five miles to the nearest residence.

He had been severely gashed and bruised on the head, cheek, body and knee, and his back was wrenched. He has since been under the care of a physician.

The car which he was driving caught fire and burned up.

Mr. and Mrs. Ben Moore of O'Donnell passed their 29th wedding anniversary on April 2. Ben says that they were married at the Baldridge place three miles south of Sikeen and that Judge Perryman of Tahoka rode out that far on the train when he came to perform the ceremony.

Miss Mary Squires returned Sunday afternoon from ten days visit to Bonham and Henrietta, where she visited relatives and friends.

Alva Moore of Big Spring visited with his brother, Elder Arley E. Moore, Tuesday. He left Wednesday morning for Brownfield.

METHODIST CHURCH

Dr. O. P. Clark, Presiding Elder will preach Sunday morning and hold the second Quarterly Conference in the afternoon. The pastor will preach in the evening. On Sunday April 14, we expect to begin our revival. Rev. J. O. Quattlebaum, of Slaton will do the preaching and Rev. Will M. Culwell will conduct the singing. Young People's and Children's work. Between now and the time the meeting begins we want to hold prayer meetings. The only one announced is Wednesday evening in the Young People's room of the basement, 7:45.

Mrs. Lucille Bludworth of Mississippi, visited the W. O. Hendersons early this week. Mrs. Bludworth, who formerly taught in the high school here, has been at the bedside of an aunt who is seriously ill in a Lubbock sanitarium.

CARD OF THANKS

I wish to take this means of thanking my friends and the citizens of the city of Tahoka for their nice vote in the city election on April 2, 1940. My intentions and earnest desire is to serve the public to the best of my ability in the future, as I have in the past.

Yours very respectfully,
Rosemary Nelms

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering! Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI. Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI'S principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodical distress. Women have used CARDUI for over 50 years.

piano could be taken in trade. Terms if desired. Write: Brooks Mays & Company, Dallas, Texas. 32-3tc.

Singer sewing machine for sale, good as new.—Elmore Boydston. 33-tfc.

DEMONSTRATOR HAS HIGH PRODUCTION GOAL

"The only sure ways to have quality meat in the daily diet is to produce it at home and this can be done because the government will allow feed to be grown on neutral acres for feeding such animals," states Mrs. Clem Gillespie, home food supply demonstrator in the West Point Club.

Mrs. Gillespie is working on all phases of the home food supply, however, special emphasis is being placed on the meat phase. She not only sees the need for quality meat, but realizes the value of variety in the diet. Home grown beef, pork, mutton, chicken and turkey will find a place on the Gillespie table during 1940.

CONDUCTS FUNERAL AT VERA

Rev. George A. Dale, Baptist pastor here was called to Vera Monday where he assisted in funeral services for a long-time friend, Charlie Russell, 65, who had died there after suffering a stroke.

Mr. Russell, ginman at Vera was well and favorably known in that section where he was active in church and civic work. School officials and pastors of several churches and denominations participated in the final rites at the Baptist church. Rev. John R. Balch, former pastor of the Tahoka Baptist church, but who has pastored the First Baptist church of Seymour for about 20 years was among those taking part in the funeral services.

CARD OF THANKS

We want to take this opportunity to thank the merchants that gave the gifts for the benefit of the Epworth League of New Lynn. The play was a great success. New Lynn Epworth League

New Professor

WILLIAM F. READ

Canyon, April 4—The nationally acclaimed work of the late Prof. C. Stuart Johnston in the department of geology and anthropology at West Texas State College will be carried on by William F. Read of the University of Chicago, beginning in late summer.

President J. A. Hill announced the appointment after spending nearly a year seeking the best qualified man for the position.

"I believe we have found that man," Dr. Hill said. "I have seldom been as impressed by a young man and his recommendations.

Mr. Read is completing work for his Ph. D. degree at the University of Chicago. His dissertation is based on studies of vertebrates of the Permian redbeds near Seymour, Texas—a subject similar to that which will require much of his time here. His major subject is vertebrate paleontology, a field to which the Panhandle "diggings" are contributing finds of worldwide importance.

POULTRY SUCCESSFUL WITH EARLY CHICKENS AT DIXIE

"It is fried chicken time in the home of Mrs. S. B. Francis, a cooperator in the Dixie Home Demonstration club.

Early in February, 65 Rhode Island Reds and 35 Silver Lace Wyandotte chicks, three weeks of age, were purchased.

The lack of a brooder for heating the house didn't faze Mrs. Francis, because she had a very good plan for a substitute. In the brooder house a pen, similar to a frame garden, with wooden sides and a canvas top, was constructed. Two lanterns suspended from two by four plank on the top furnished sufficient heat for the chicks even during the snow storm.

The chicks have grown rapidly and it isn't unusual to hear Mrs. Francis ask, "can't you just see the chickens grow? Surely you can?"

Mrs. W. L. Davis is back home again after visiting her daughter, Mrs. J. E. Davis, and family at Compton, California, for two months.

DRAW W. M. S. HAS ALL-DAY MEETING

"The most beautiful and most beloved of all fellowship Psalms is the twenty-third, the "Shepherd Psalm" stated Mrs. W. T. Luttrell in her discussion of the fourth lesson in the Bible study.

The Rev. J. Young and Mrs. Dudley Simpson presented the fifth and sixth lessons respectively. They brought out many interesting phases in their discussions of the "Festical, Processional, and Great Psalms".

The society concluded their study of the Psalms with these three lessons Monday, last week, in an all-day meeting, with a covered luncheon.

They had an average attendance of fifteen members throughout the course.

CONFUSED ABOUT 1940 REFRIGERATOR VALUES?

DO THESE 3 THINGS:

Look at the Size! Look at the Name! Look at the Price!

Here are the Amazing Results of Kelvinator's New Program of Large-Volume Production and Low-Cost Selling... Values in 1940 Refrigerators you can't match anywhere.

NOW YOU CAN BUY a big 6 1/2 cubic-foot, family-size 1940 Kelvinator built by America's oldest maker of electric refrigerators... at the exact price shown on the right. This is not a "price reduction" on out-of-date, last year's refrigerators. Near is this just a "price leader". It's a daring new move, in the face of rising costs, on Kelvinator's part. Savings made possible by sweeping changes in Kelvinator's distribution program... by concentrating on big 6 cubic-foot and larger models... by anticipating greatly increased sales... and passing the savings made on to you. And today—even in the face of rising costs—you can get this big, spacious, beautifully-built 1940 Kelvinator for exactly \$119.95. And these are the finest Kelvinators ever built... which means no make, anywhere, is finer. Each one is powered by the economical Polarsphere sealed unit... all cabinet exteriors are finished in gleaming long-life Permalux. Automatically lighted inside... fitted with the modern conveniences you want. They're absolutely new in every detail—and you save \$30 to \$50 compared with last year's prices! Literally, they're the most astonishing electric refrigerators ever built! Come down and see them now!

COME IN TODAY... GET YOUR FREE COPY OF "THE 1940 REFRIGERATOR GUIDE" TO HELP YOU PICK the best refrigerator for your money, your Kelvinator dealer will gladly give you a free copy of "The 1940 Refrigerator Guide". It contains complete, authoritative information regarding 1940 refrigerator values.

AND LOOK AT THESE FEATURES 11 1/2 square feet of shelving • Automatic Light • Easy-Touch door handle • 84 ice cube capacity • 9 lbs. • Automatic Kelvin control • Permalux cabinet finish • Permalux-on-steel interior • 3 extra-fast freezing shelves • Embossed freezer door • Big cold storage tray—and many other features we'll be glad to show you. Come in today.

YOU NEVER SAW SUCH SAVINGS! Every Model is Powered by the Cost-Cutting Polarsphere.

Imagine it! Kelvinator's famous Polarsphere uses current less than 20% of the time—yet has sufficient capacity to keep 3 refrigerators nicely cold, under average household conditions. Saves many dollars each year on current costs alone.

SEE KELVINATOR'S OTHER "BIG 6" VALUES FOR 1940!

WARNING!

When you buy a refrigerator this year—be sure you do not pay good money for an out-of-date, last year's model offered at a "reduced" price. Don't run this risk when you can buy brand new 1940 Kelvinators at sensationally low, new prices!

**Joe Bailey Consolidation
Election Is Carried**

O'Donnell—By a close vote in the Joe Bailey community, but a clean sweep in O'Donnell, the merger-proposal of the Joe Bailey school to the local system was favorably voted upon last Saturday.

An unofficial count of the votes at Joe Bailey showed 33 for with 29

against, while O'Donnell cast 60 for and none against.

Belief was expressed by one Joe Bailey voter that nine ineligible votes were cast against at Joe Bailey, which were challenged at the time of being cast, but because they were allowed to be voted by the election judge, they must stand and be counted by the commissioners court next Monday, and any further action would have to see the matter threshed out in district court, so one commissioner said today.

**TAHOKA BAND TO ENTER
PLAINVIEW CONTEST TODAY**

Tahoka High School Band, under direction of J. H. Felts, is in Plainview today to participate in the annual band contests. The band will enter Class C competition.

The band, which is less than two years old, has made fine progress and is one of the best young bands in this section.

H. D. Smith who was indicted by the grand jury for harboring stolen property in connection with the Galignat robbery here last fall, was brought here from Corpus Christi by Sheriff B. L. Parker recently. He had been arrested and held there.

The sheriff stated that the jail has only five boarders now, a record low for the past year or so.
