

### Miss Honeycutt, Mr. Redwine Wed In Progress Baptist Church Ceremony

Progress Baptist Church was the scene of the recent wedding of Miss Oleta Lynn Honeycutt and J. L. Redwine, Jr.

The double ring ceremony was performed by the minister of the church, Rev. Cone Merritt, at 3:00 p.m. January 12, before an archway of baskets of white gladioli and red carnations.

The bride is the daughter of Mr. and Mrs. Cordie Honeycutt of Muleshoe. Parents of the groom are Mr. and Mrs. J. L. Redwine, Sr., of the Progress community.

Traditional wedding music was played by Mrs. E. H. Kenney, of Muleshoe. She also accompanied Misses Carolyn and Rosemary Hicks as they sang "I Love You Truly" and "Because".

Given in marriage by her uncle, Homer Currey of Muleshoe, the bride wore a street length dress of embroidered net over white satin, fashioned with elongated bodice, full skirt and cap sleeves. Her fingertip veil of illusion hung from a tiny sat-in pillbox adorned with seed pearls. The bridal bouquet was of red and white carnations atop a white Bible.

Serving as bridesmaid was Miss Evelyn Bratcher of Muleshoe. She was gowned in red lace

### Engagement Is Being Announced

QUINEIL ELLIOTT

Mr. and Mrs. Howard Elliott, of Muleshoe, are announcing the engagement and approaching marriage of their daughter, Hattie Quineil, to Joe Cecil Roark, son of Mr. and Mrs. C. E. Roark of the West Camp community.

The wedding will take place at 7:00 p.m. April 5, in the First Methodist Church of Muleshoe, with Rev. Edwin Hall reading the ceremony.

All friends of the couple are invited.

### Bridal Shower Fetes Ann Birdsong In McDaniel Home On West Ninth Street

Miss Anne Birdsong, bride-elect of Jim Toney, was named honoree at a gift coffee January 17 from 9:30 to 11:30 a.m. in the home of Mrs. B. O. McDaniel, 310 West Ninth Street.

Shirley hostess duties with Mrs. Daniel were Mmes. Cecil Davis, S. D. Slemmons, T. M. Slemmons, G. L. White, F. B. Pierson, Gil Lamb, Paul Summersgill, W. D. Moore, and Lee Pool.

Guests were greeted by the honoree and her mother, Mrs. W. F. Birdsong, and registered in the bride's book by Mrs. Cecil Davis.

The serving table was laid with an imposed white linen cloth and centered with a twin arrangement of pink awa-heart vases and canyift flanking a miniature bride and groom under an arch from which hung silver wedding bells.

Presiding at the silver coffee service was Mrs. Paul Summersgill. Also assisting in serving were Mrs. McDaniel, Mrs. Pier-

### Harts, Lamberts Hosts For Dinner

To begin the 1958 season for the Muleshoe Ladies Golf Ass'n., Mr. and Mrs. Houston Hart and Mr. and Mrs. Woodie Lambert entertained the ladies and their husbands with a dinner last Wednesday evening.

Installation of new officers began at 6 p.m. Mary Frances Holt installed Mrs. Thurman White as president; Mrs. Lambert as vice-president; Mrs. Pat Bobo as secretary-treasurer; Mrs. Ray Hardy as reporter; and Mrs. Holt as director for the Hi-Plains Association.

The past presidents are Jo Wood, Ruth Malone, Janet Wagon, Mary Frances Holt, Melzine Elliott, and Ruby Hart, the latter the outgoing president.

Mrs. White complimented all the outgoing officers on their outstanding work.

The association invites all members to participate in their weekly play days each Wednesday.

### Downing-White Wedding Vows Said In Main Street Baptist Church January 18

Miss Betty Sue Downing became the bride of Jimmy White in a quiet ceremony performed January 18 in the Main Street Baptist church by the pastor, Rev. Paul Robinson.

The bride is the daughter of Mr. and Mrs. E. L. Downing of Muleshoe, and the bridegroom is the son of Mrs. Sam Justice of Farwell.

For her wedding, the bride wore a white wool suit, with black accessories, and carried a white Bible topped with a corsage of blue carnations.

The couple will make their home in Muleshoe.

Only members of the immediate family were in attendance.

## Bethany SS Class Met Thursday Nite

The Bethany Sunday School class of the First Baptist Church met Thursday night in the home of Mrs. Eva Mae Alsop. After a short business session, Mrs. Ruth Dunn brought the devotional, and Mrs. Lela Barron led in prayer. Spiced tea, coffee and angel food cake was served to Mrs. Melba Phipps, Margaret Timmons, Vera Haire, Dorothy St. Clair, Carolyn Reeder, Gerry Kennedy, Lela Barron and Ruth Dunn. Tulla boys and girls teams that won over Muleshoe last week lost to Dimmitt Tuesday night. Dimmitt boys won 54 to 45, the girls 65 to 62. It was the first conference losses for Tulla.

## Boys And Girls Basketball Teams Win Conference Tilts Over Dalhart

Williams, Mulettes set records. Two free throws by Okie Alexander in a sudden-death overtime brought the Muleshoe Mules a 37-35 District 1-AA win over the Dalhart Wolves at Dalhart Tuesday night. The score was knotted, 51-51, at the end of regulation time and 55-55 at the end of the first overtime. The sudden-death went into effect in the second overtime period instead of after the customary third. Muleshoe trailed throughout most of the first three quarters, but they were ahead by four points in the first overtime. Aguin Dalhart rallied to tie the score, this time, 55-55. Finch missed an opportunity to give Dalhart the win when he failed to connect on a free throw after time had run out in the overtime. Alexander, who sank 10 of 13 free throws, was high point man with 24 points. Bob Sanders hit 16 points. Muleshoe won the girls' game 86-68, as two new school records were broken. The 86 points represents a team high for one game and the 45 points scored by Gwen Williams broke the previous individual high for one game. Jean Montgomery posted 41 points during the 1954-55 season, this time, 55-53. Finch

"You wouldn't believe what that AMALIE L. P. G. Oil can save when you're burning butane or propane in your engines. Butane's a problem; common, ordinary oil thickens up till it looks like gear-grease. Dust and grit cake up. That sure is rough on engines. But no more — with AMALIE L. P. G.!" Nothing but the finest Pennsylvania crude in AMALIE L. P. G. Oil — no other crude like that on earth. And AMALIE chemists have done two great things: In refining, produced an oil that holds its "viscosity," or flowing quality, and developed additives to keep grit, dust, etc., in solution, so they filter out. **REMEMBER WHEN?**

by JOHN CROW

Any man will tell you that women have always had a lot to say about everything. . . . including politics. But there was a time when women didn't vote. . . . and not so long ago. The year women finally won their right to obtain suffrage was the year another great experiment began. . . . when 13 representatives of the world's nations met at Geneva to form the ill-fated League of Nations. But here in America as many headlines were reserved for the passage of the 19th Amendment to the Constitution. . . . extending to women the right to vote. Now women could have their political say. . . . officially!

## John Hubbard Makes Statement On Candidacy

John Hubbard, of Bula, who recently announced he is a candidate for the office of Commissioner in Precinct 4, submits the following statement to the people of the precinct:

To the people of Precinct 4: As you know I am a candidate for Commissioner of Precinct 4.

I want to take this opportunity to give you this information.

I came to Bailey county in 1930 and worked as a farm and ranch hand for two years in the Circle-back community on Paul Bros. Ranch. In 1932 I moved to the Bula community and have lived in precinct 4 in Bailey county all these years. I am a property owner and a tax payer of the precinct and county. I think I have fair knowledge of the needs of the precinct. I have served the people of the precinct and the county in the following ways:

(a) I have measured land with the ASC Office.

(b) I have served as local committeeman of the ASC.

(c) I have served as County Committeeman of the ASC.

(d) I have served as member of the local school board for a number of years. The majority of this time as president of the board.

(e) I have served four years as a member of the County Schoolboard.

In my opinion the experiences better fit me to carry on the business of the office as your Commissioner. I think I have been fairly successful in my personal finances. I think this will be an

asset to me in handling the finances of the precinct.

I shall be greatly pleased if you have enough interest in my candidacy to investigate my record as to my honesty and my business ability.

If I am elected your Commissioner, I will conduct the office in a business like manner. It will be my pleasure to see that each one is treated fairly as far as my ability to know what is fair.

It is my intention to contact and visit with each of you in the precinct. If I should fail to contact any individual I will not do so intentionally.

Thank you in advance for your influence, support and any consideration that you give me.

Remember that vote for John Hubbard for Commissioner of Precinct 4 will be sincerely appreciated.

Sincerely,  
JOHN HUBBARD

## Civil Service To Give Examinations For Reporters

The United States Civil Service Commission has announced an examination for Shorthand Reporters for duty in various Federal agencies in Washington, D. C., and vicinity. A few positions may be filled in foreign countries. The entrance salaries range from \$4,080 to \$5,440 a year.

To qualify for positions paying \$4,080, applicants must pass a dictation test at 160 words a minute. For the higher levels, a dictation exercise at the rate of 175 words a minute will be given. For positions paying \$4,525 and above, appropriate experience is also required.

Further information and application forms may be obtained from Arnold Alcorn located at U. S. Postoffice, Muleshoe, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Civil Service Commission in Washington, until further notice.

## Adverse Weather Cause For Caution While Driving Car

Driving at night is a serious part of driving. One should drive ten miles per hour slower than in the day time. Don't over drive your headlights. This is very easy because when driving at 55 mph, you would not be able to see an object until you are right on it and then it would be too late to stop.

When meeting another car, you should always dim your lights. If the other driver does not dim his lights, blink your lights from bright to dim once or twice then look to the right side of the road and slow down, being careful to stay on your own side of the road.

When following someone at night, you should always dim your lights. When passing someone at night, you should blink your lights from bright to dim several times before passing.

Fog is a bad weather condition for driving. It is best to stop and wait until the fog lifts before going on, but if you can't, you should drive with your lights on dim. Drive very slowly and be on the lookout at all times for things alongside and in front of you.

When driving in snow, rain or sleet, reduce speed. Skids are caused by speeding, and applying the brakes too quickly. When in a skid, turn your wheels slowly in the direction of the skid. Never turn too fast or you will, in all probability, skid in the other direction. Never slam on the brakes in a skid, this will cause more skidding and most likely a wreck. When stopping, pump brakes, never put them on quickly.

When driving in mud or snow, and you get stuck, rock the car. Never spin the back wheels. That only digs in deeper. Rocking the car calls for patience and alertness. When you rock the car, you change gears (reverse-low) quickly, but steadily. Never jerk the gears. When you stick in the sand you rock the car also, never spin the back wheels, if you don't want clear down to your running board in sand.

When driving in hot weather, keep a close check on the radiator. Water is a necessity in any engine. It is important in cold weather and twice as important in hot weather.

Remember, better late than never.

## Amherst Farmer Is Gunshot Victim On Hunting Trip

An Amherst farmer, H. W. Terrell, 44, died last week of gunshot wounds while hunting rabbits near Baileyboro, just across the New Mexico line.

New Mexico officers, who investigated the accident, said Terrell apparently discharged the rifle when he reached for it to shoot it. They also reported he was apparently enroute to visit a friend, Frank Griffin at Three

Way community. Terrell's body was found by a New Mexico rancher, Tillman Arnold. The body was found in his pickup truck with one shot through his forehead from a .22 calibre rifle.

Mrs. Terrell said her husband left home Tuesday enroute to Clovis.

The body was found late Wednesday.

Survivors include his wife; two daughters, Mrs. Lawanda Shobe, of Denver and Miss Eloise Terrell of the home; a son, Harold, stationed in Germany with the Air Force; a brother, J. R. of Lorenzo; a sister, Mrs. Nannie Robertson; his mother, Mrs. Broyle Terrell of Lorenzo, and two grandsons.

**CAUTION AND THE COTTONSEED CRISIS**

Coming hard on the heels of the worst cotton harvesting conditions in 50 years, is a serious aftermath which threatens to affect most Texas cotton farmers—inflation on the short crop of good quality cotton planting seed. Dependable cottonseed is short this year, and as a result, the farmer stands in danger of being exploited by unscrupulous speculators who would not only jack up prices on cottonseed but near worthless cottonseed at that. In spite of the fact that Texas has good, sound laws which require accurate labeling of seed offered for sale and which estab-

lish dependable germination standards, conditions are ripe for black marketing and misrepresentation of seed to the farmer. This is because much of the cottonseed from Southern states this year will be completely worthless for planting purposes. Already, seven of the 14 major cotton producing states have had to lower their minimum for certification of cottonseed from 80% of germination to as low as 50% of germination. Seed will be offered for sale which normally would be fit only for crushing at the oil mill.

Although Texas suffered the same bad harvesting conditions as did the other states, Texas certification standards have thus far remained unchanged. This means that, with optimum planting conditions this spring, it is possible there will be enough reliable seed to take care of the state's needs. But good seed is not plentiful, and the speculators who free-lance for profits on such disasters are already up for business. Spring planting in most areas is still some weeks away. It is not too early, however, to begin thinking about getting ready to plant, and the farmer's most reliable source of dependable seed is, as always, his certified seed dealer whom he knows and trusts.

The cotton farmer will long remember those who take unfair advantage of present conditions to skyrocket prices beyond reasonable levels. The outcome of this present unusual situation can affect good producer-buyer relations for years to come.

**Peas Lead List Of Plentiful Foods For February**

Canned and frozen peas take the spotlight as the featured food on the U. S. Department of Agriculture's February plentiful foods list for this area.

Here's why. The latest inventory of the Agricultural Marketing Service shows that stocks of canned green peas are 7 million cases larger than a year ago. Stocks of frozen peas run 16 1/2 million pounds more than a year ago.

Other vegetables on the plentiful list are canned and frozen corn and potatoes. Growers' prices of potatoes are below those of last year in most western producing areas, while can-

ned and frozen corn stocks are heavy enough to rate a spot on the list.

Since February usually marks the time when the fall pig crop starts to market, pork takes the featured spot at meat counters. The fall pig crop is 2 per cent larger than last year.

Milk continues in heavy supply as production stands at record levels, increasing seasonally in February.

Apples and dried prunes are the only fruits listed as plentiful for February.

Other plentifuls include peanuts and peanut products and filberts.

USDA determines what's plentiful every month by a survey of major food suppliers in this area.

**Turner Twins Show Stock In Ft. Worth**

Muleshoe will have two exhibitors in the Junior Steer Show at the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth January 24 through February 2.

They are Doyce and Royce Turner of Pleasant Valley.

Their entries will be among 293 animals competing for premiums totaling \$3,761 in the junior steer department. Cash awards of almost \$200,000 will be offered in the other livestock, rodeo and horse show events at the Fort Worth Show.

Other Lamb County exhibitors are: Harlan Carson, Edwin George, John Paul Jones, Roy Neal Jones, Jerry Moore and Carl Nafzger, all of Olton.

A special feature of this year's rodeo will be the appearance of movie and TV star Gail Davis in her famous role of Annie Oakley. An expert horsewoman and sharpshooter, Miss Davis is also trained singer and will be accompanied by a top musical group at each of her 20 rodeo performances.

An all-western parade through the downtown business district of Fort Worth will officially open the 1958 show Friday, January 24.

**Parmer County Farm Bureau News**

by Raymond Euler  
American Farm Bureau has gained support of some commodity groups in their request for payment in "like commodities" for land left out of production. The failure of the so called Soil Bank program in reducing production can be attributed to the failure of congress to recognize the necessity of this and other provisions suggested to them. Actually, so long as the farmer is used as a bought voter by the politicians, there will not be a

**Grain Storage Conference January 30**

The 1958 Grain Storage Conference, designated to aid country elevator operators, will be held in the Memorial Student Center of Texas A&M College January 30 and 31.

The program is designed to apply mainly to persons interested in rice the first morning and to persons interested in grain sorghum that afternoon and the next morning. About 150 persons are expected to attend.

The conference will begin with a discussion of "Seasonal Price Changes and Storage Costs for Rice." This will be followed by a presentation on "Rice Drying Service, USDA; Dr. H. W. Schroder, Plant Pathologist, AMS, USDA; J. F. Kelley, President, Aeroglide Corp.; Lee Wanner, Commodity Stabilization Service, USDA; and Reed Hutchison, Agricultural Engineer, AMS, USDA.

Other speakers include several Texas A&M College system staff members. Additional details and a complete program may be obtained by writing W. S. Allen, extension agricultural engineer, Texas A&M College, College Station, Texas.

hum"; and "Drier Selection and Operation Techniques" Also, a panel will discuss "Quality Control of Stored Grain."

The list of speakers is composed of a group of men who are distinguished in their fields. Included in this list are David L. Calderwood, Agricultural Engineer, Agricultural Marketing Service, USDA; Dr. H. W. Schroder, Plant Pathologist, AMS, USDA; J. F. Kelley, President, Aeroglide Corp.; Lee Wanner, Commodity Stabilization Service, USDA; and Reed Hutchison, Agricultural Engineer, AMS, USDA.

Other speakers include several Texas A&M College system staff members. Additional details and a complete program may be obtained by writing W. S. Allen, extension agricultural engineer, Texas A&M College, College Station, Texas.

successful; farm program. That time will come when and if the farmer looks more than once at the paltry check he receives far conforming with the political program alleged to be inaugurated for his benefit.

The promise that a political party will bring lasting opportunity for prosperity to any group should be closely examined before credit is given to it. In spite of some people's lack of respect for the natural law of supply and demand, it still exists, and finally asserts itself. The sometimes exaggerated million of dollars spent for the prosperity of agriculture never reaches the pocket books of the farmer. It is channeled to the area of government employees and warehouses that store the resulting surplus commodities raised by many who would never have become producers except for uncle sam's promise of a reasonable profit.

We believe you will enjoy the discussion of American Farm Bureau policies of particular interest to people of this area. You will have opportunity to hear and discuss some of them at the meeting at Hub Community Center Tuesday night at eight o'clock. Everyone is welcome to attend and participate in the discussion.

In a recent survey in a college in this country, fifty-three per cent of the students stated that they believed the government should own and operate all businesses. . . . We have read recently that one college in New York is beginning to offer a course designed to help people select the T V program they would enjoy most. There may be some people who are not smart enough to turn the dial until they are properly impressed with the program at hand. If there are, it is not the student who is to blame; it is the teacher who is hired by the parents of the students.
