District's Lawyers Hold Meeting Here

Study New Court Rules Set Up For The 106th District

Upon the call of Judge Louis B. Reed, the lawyers of the 106th judicial district held a conference here last Friday to study the new rules of procedure.

These rules were promulgated recently by the Supreme Court of Texas under authority granted by the 46th legislature.

The new rules call for many changes in procedure and are designed to enable the courts to expedite the trial of cases.

Among other changes effected is that which provides for what is termed the pre-trial of cases. This means that matters of law involved in the pleadings of attorneys and all preliminary motions and pleas may be heard by the court at some specified time before the main trial, so that such matters may be settled for the most part before the case comes on for trial before a jury.

It is thought that this will conserve the time of jurors as well as court officials. At least this will be a "noble experiment," which may or may not prove as satisfactory as is anticipated.

The purpose of the conference Friday was that the court and the members of the bar might discuss these new rules in advance and arrive at a common interpretation of them, as far as possible.

The conference, or institute, opened at 9:30 o'clock in the morning and continued throughout most of the day. At six o'clock in the afternoon a chicken barbecue with all the trimmings was served to the visitors on the rear lawn of Mr. and Mrs. Truett Smith's home, a feature of the day's "proceedings" which was greatly appreciated and enjoyed.

Present and participating in the conference were the following attorneys and officials, from the various counties of the district:

Gaines county: Alton Freeman;

Rotary Holds Night Meeting

As The News goes to press Thursday night, Rotarians are entertaining their Rotary Anns, the school teachers and the school board in a night fun meeting at the school gymnasium.

A program in charge of W. T. Hanes, school superintendent and member of the Rotary program committee, includes special musical numbers by a quartet of Grassland girls, Jimmie Lou Thomas, Mary Ruth Edwards, Ruby Greer, and Beth Shepherd, a solo by the latter, and musical number by Morgan Layfield, principal of Sanders school in Lubbock.

A skit was to be presented by Frank George and others depicting a "model" school board meeting, and teachers were to read humorous answers to questions by their pupils. Emphasis was to be placed on fun and fellowship.

Registrants Over 28 Under Draft Board

Although deferred by law from actual military training, Selective Service registrants who are now more than 28 years old must conform to orders from their local boards or be liable to penalties prescribed for delinquents. General J. Watt Page, State Selective Service Director, cautions.

While the amendment to the Selective Training and Service Act of 1940 recently adopted by Congress precludes induction of men who were 28 years of age or older on July 1, 1941, these registrants must still live up to the obligations imposed upon them by the Act. General Page said. They must keep their registration certificates with them at all times, and keep their local boards advised of any change of address.

District Lawyers Form Association

While attorneys were here last Friday from the six counties of the 106th judicial district attending the institute called by Judge Reed, they took time out to organize a district bar association.

Carl Rountree of Lamesa was elected president and Joe Moss of Post was elected secretary.

A committee was appointed to recommend the time and place of the next meeting and subsequent meetings.

Defense Training School Is Secured By Local Schools

Tahoka School District and Tahoka have been approved for a National Defense Training Center for out-of-school youths between the ages of 17 and 21. The program is sponsored by the Federal government and Texas State Department of Education through the Tahoka City Schools.

Instruction in operation, care and repair of tractors, trucks, and automobiles, and wood construction will be given. The boys will also study elementary electricity including operation, care and repair of electrical equipment and wiring of light and power. The school will probably be held at night in an unused building in the east part of town.

The government furnishes the local center \$750.00 to buy tools and equipment for the shop. Only high

Ellsworth Brings Interesting Talks

Dr. J. O. Ellsworth, head of the Department of Economics and Business Administration in the Texas Tech, addressed a group of business men and women in the district court room on Tuesday night on the subject of Salesmanship.

This was the first of a series of three lectures being given by Dr. Ellsworth under the auspices of the Retail Merchants Association for the benefit of the business people of the town.

Dr. Ellsworth will give the second lecture of the series on Tuesday night of next week. All of the business men and women of the town and vicinity and their employees are invited to attend.

The lecture Tuesday is said to have been very fine. The attendance was good considering the unfavorable weather.

Raborn Is In The Chevrolet Business

Mr. and Mrs. Harold Raborn are moving to Houston this week, where Harold has employment in the offices of the Chevrolet factory in that city. Until recently he has been employed by Raborn Chevrolet Co. of Tahoka, formerly operated by his father.

Harold says his father, A. H. Raborn, now has the Chevrolet and Buick agency at Atlanta, over in East Texas. Mr. and Mrs. Ray Hickerson are also at Houston, and Ray is in the employ of General Motors.

DE. SINCLAIR MOVES

Mrs. J. W. Sinclair won't know where home is when she returns this week end from Detroit, Mich., where she has been visiting relatives. The Doctor moved their household goods, dog and all, this week to the former George Hogan home, which has been occupied more recently by A. H. Raborn.

Mr. and Mrs. Aubrey Edwards of Hearne, Mrs. Q Dyess of Bryan, and Mrs. G. A. Scott of Dallas are leaving today after a few days visit here with Mr. and Mrs. Roy Edwards and Miss Bernice. They are the brother and sisters of Roy and Miss Bernice. They came Tuesday.

Defense Speaker

Senator Tom Connally of Texas, above, will deliver the principal address for National Defense Day at the State Fair of Texas on Sunday, October 12. Senator Connally will come from Washington for the event, which is to be the greatest patriotic demonstration ever held in the Southwest. Ceremonies will begin at 3 p. m. in the huge Cotton Bowl and more than 50,000 persons are expected to hear the address. Every civic and patriotic organization, including American Legion, Veterans of Foreign Wars, Texas Defense Guard and others, will participate. Many organizations will send representatives from every section of the state.

Rains Damaging To County Crops

Continued wet weather is greatly retarding the opening of cotton and the harvesting of Lynn county's immense feed crop. There have been a few reports of feed sprouting in the head. Farmers are fearful that if the wet weather continues much longer, an early freeze may destroy or damage many of the late bolls before they have time to mature and get a chance to open.

There was rain every day this week up till Thursday, and a fine mist was falling Thursday morning.

The rainfall during the month of September totaled 6.30 inches in Tahoka, and it was much heavier than that in much of the county. The precipitation day by day this week has been as follows: .17 of an inch on Sunday, .20 on Monday, .60 on Tuesday, and .36 on Wednesday. The grand total for the first nine months of the year was 31.78 inches. Including Wednesday's fall, .36, the total for the year to this writing is 32.14. That is believed to be a record figure for this county since rainfall records have been kept here.

Larkin Buys New Steam Equipment

Steam laundry equipment will be installed in the Larkin Laundry during the next few days, according to Frank Larkin.

He and Mrs. Larkin were down at Dallas last week buying equipment, which is due to arrive here today. He says the plant will be modern in every detail.

HELP PREVENT FIRES IN TAHOKA!

Next week has been designated as fire prevention week. The purpose of so designating a week each year is to call to the attention of the people the hazards from fire, and to induce them to take necessary precautions to prevent it.

Many thousands and possibly millions of dollars worth of property is destroyed in Texas each year by fires that could have been prevented.

Just at this season of the year, when gas heaters are being connected up, it behooves every citizen of Tahoka to use the utmost care to see that proper connections are made.

It is also important that the electric wiring in residences and business houses be carefully inspected. Many fires result from a failure to keep the wiring in proper condition.

One of the greatest fire hazards in Tahoka this fall is the rank growth of tumble weeds and other weeds on vacant lots in the town. As cold weather advances and these weeds die, this hazard will become all the more acute, especially when the high, dry winds begin to blow.

Owners of such lots should voluntarily have them cleaned up and the weeds burned. If they refuse or neglect to do so, some kind of pressure should be brought to bear to compel them to do so. They should not be permitted to endanger the homes of the people by their own carelessness or neglect.

We believe that our mayor and our city council, who have been vigilant in the matter of improving our streets, supplying an abundance of water, and looking out after the interests of our little city generally, should now take all legal steps possible to eliminate this serious and obvious menace to the homes of many of our citizens.

Let us make Fire Prevention Week the beginning of a campaign to clean up and destroy the unsightly and inflammable vegetation that covers so many vacant blocks and lots in the town and creates a serious fire hazard that menaces the homes and other property of our citizens.

Tahoka Business Men Pay Visit To Grassland People

Tahoka Bulldogs Humble Lockney By 26 to 0 Score

Tahoka Bulldogs, improving with every game, ran rampant last Friday night to defeat the highly-touted Lockney Longhorns 26 to 0 on the local gridiron before an excellent early-season crowd. The victory was Tahoka's second in three starts.

In the season's first game, a green Tahoka eleven lost to Class AA Lamesa 33 to 0. But the next week a greatly improved Tahoka team, performing on the home lot, won over Andrews 24 to 12. Last week, they had shown much more improvement and at times looked like a real football team in humbling Lockney.

This week end, Coach Jackson's Bulldogs have an open date but next week they will journey to
(Continued on Back Page)

Charlie Latham Dies Suddenly

Charles F. Latham, 66, died unexpectedly at his home here at about 9:30 o'clock Wednesday night after having suffered a stroke of paralysis between seven and eight o'clock the same night.

Funeral services are to be conducted at the Church of Christ here this (Friday) afternoon at 2 o'clock, Elder Garnie Atkinson officiating. Burial will follow in the Tahoka cemetery.

Surviving are the widow and the following children: Adella, Doris, Charlene, Louis and Lois, twins, Tom, and Mattie Wess. Also surviving are the following stepchildren: Mrs. Isabel Underwood of Abilene and Monroe Ayers of Lubbock. One sister and two brothers survive, Mrs. Ada Kirk and Jim Latham of Hillsboro and Alvin Latham of Corpus Christi.

Charlie Latham was born on March 9, 1875 in Hamilton, Hamilton county. He was married to Mrs. Alice Ayers in Sweetwater in September 1919. He and family removed from Sweetwater to Tahoka in 1926, and they have resided here ever since.

Mr. Latham united with the Baptist Church years ago but in recent years he had attended the services of the Church of Christ here.

Crippled years ago and having to depend upon his manual labor for a livelihood, Charlie Latham had a continual struggle to support a large family and to make ends meet. A few years ago, he acquired a lot in the southwest part of town and two or three years ago built a numble home upon it. Paid for by the hon-
(Cont'd. on back page)

Cade Is Elected Legion Commander

A. M. Cade was elected commander of the Marion G. Bradley Post of the American Legion at a recent meeting at the hall. He succeeds Marshall Stewart.

E. R. Edwards was re-elected to the office of adjutant.

All Motor Vehicle Owners Must Get Title Certificates

Tax Assessor and Collector Ray Weathers calls attention to the fact in this issue of the paper that all owners of motor vehicles are required by law to secure Certificates of Title to their vehicles from the State Highway Department prior to January 1, 1942, and that it will be unlawful to operate such vehicles on the public streets and highways of this state after January 1 unless the owner thereof has procured such Certificate of Title.

Applications should be made to the State Highway Department at his office at an early date, so that the applicant may be sure to receive his Certificate before January 1.

Car owners should also bear in mind that they will not be able to procure new license plates after January 1, unless they have obtained Certificates of Title to their vehicles. To avoid possible delay, all car owners should make application for these certificates now.

Four Boys Leave For Fort Bliss

Four Lynn county boys left by bus Monday for Lubbock, where with others they were to be transported by a special bus to Fort Bliss, El Paso, for preliminary training and assignment to army training camps.

In addition to the three mentioned last week as selectees, Don Human Bolch, son of Mr. and Mrs. C. J. Bolch of O'Donnell, volunteered for service on Thursday of last week and passed the preliminary physical examination.

The other three were John Carson Gable Jr. and Yourin Thomas Nolen of Tahoka and Harold Thomas Gibson of O'Donnell.

Arch Underwood Is Railroad Director

Arch S. Underwood, owner of a number of cotton compresses in West and East Texas, including the Union Compress and Warehouse of Tahoka, has been elected a director of the Fort Worth & Denver railroad to succeed Gen. John A. Hulen, vice president and general manager, who has retired at the age of 70 years.

Mr. Underwood is also a director of Southwestern Life Insurance Co., and of banks in Dallas, Plainview, and Lubbock.

Tahoka Clinic Is Nearing Completion

Work is nearing completion on the new Tahoka Clinic building just west of the telephone office, workmen now being busy with the finish work. Completion of the building is expected soon.

The clinic is being erected by Doctors Emil Prohl and K. R. Durham.

Nevill Bros. are the contractors.

CONGRATS

To Mr. and Mrs. Cody Bragg on the birth of a 9-pound boy on Wednesday morning at 6:30 a. m.

To Mr. and Mrs. John Paul Ray on the arrival of a 11-pound boy in their home Tuesday night at 10:30.

Mrs. A. P. Edwards has returned from a week's visit in Fort Worth.

Meeting Is First Of Series Sponsored By Tahoka C.-C.

Men of Tahoka and Grassland, 105 in number, were present at the good-will meeting of the two communities held in Grassland school gymnasium Thursday night of last week. The meeting was sponsored by the Tahoka Chamber of Commerce.

Dinner was prepared and served by the Grassland Home Demonstration Club, under direction of Mrs. A. L. Shepherd, president, and the principal part of the program was presented by the Grassland community. The dinner was complete to the nth degree, and all present declared they were filled to the brim with about the finest prepared chicken and "trimmings", pie, etc., served at a banquet table in courses.

With Miss Elzora Railsback, one of the teachers, acting as master of ceremonies, a short entertainment program was presented. Little Miss Joan Thomas gave a piano solo, Billy Lorin Thomas a piano solo, Miss Beth Shepherd a vocal number, and Miss Margie Shepherd piano numbers, much to the enjoyment of the crowd.

Miss Railsback, assisted by Miss Young and Mrs. Shepherd, led the men in a number of songs that created much interest.

R. B. McCord of the Grassland community welcomed the Tahoka visitors, and Wynne Collier, president responded with a short talk. Much fun was injected into the meeting when Collier called on all the men present to introduce themselves. He warned that any man mentioning his business affiliations would be fined 10 cents, the funds to go to the H. D. Club. But each man gave his name and his business and forked over the fine.

Short talks were also made by Tom Garrard and Truett Smith.

The meeting was planned in order that Tahoka business men might better know the Grassland men and that the Grassland men might become better acquainted with the men of Tahoka. A total of 60 Tahoka men and 45 Grassland men were present, the Grassland men being guests of the visitors. If that makes sense.

The News can't speak for Grassland men, but from all accounts, the Tahoka men want to go again.

This was the first of a series of such meetings planned by the Chamber of Commerce to be held in several Lynn county communities this winter.

County Singers Meet In Tahoka

Though a sprinkle of rain fell throughout much of the day Sunday, the attendance upon the Lynn County Singing convention held in the high school auditorium here was most gratifying. The auditorium was almost filled in the afternoon, according to W. M. Lee, one of the promoters.

On account of the distance and the threatening weather, some of the expected quartettes did not come, but there was a lot of good singing nevertheless; it is said. The Carson Quartette of Ropes and a quartette from Post as well as some other quartettes were present.

At a business session in the afternoon, Clem Gillespie of West Point was elected president, succeeding M. C. Richey of Grassland, who has been president the past several years.

Mrs. Deen Nowlin was re-elected secretary.

MEETING OF COUNTY TEACHERS POSTPONED

The meeting of the teachers of Lynn county scheduled here for Wednesday night, was not held on account of the rainy weather, but will be held on Thursday night, October 9, The News is informed.

The News to Roy V. S. Mrs. L. R. who is now miles from cific Ocean hundreds of struction of that island His father ordered the will require the paper to placed in the ens says.

Roy has 1 months. He much longer paper is bel for six mont Wake Islan the Pacific. acres, the eq than four se Stephens sa tion is only comparatively otherwise Un spending so

Phillips' reputation is your assurance of correct and efficient lubrication, of a grade engineered and matched to the requirements of your motor, as specified by its maker.

Remember, of all the lubricants we make, we proudly call Phillips 66 Motor Oil our finest quality!

PHILLIPS 66 MOTOR OIL

WTCC Will Have Winter Meeting

Midland, Oct. 2.—The 1941 fall convention of the West Texas Chamber of Commerce, its second for the year, will be held here on Tuesday, November 4. Selection of the date was made by the WTCC officers' committee and the board of directors of the Midland chamber of commerce, and announced in a President's News Letter by J. Thomas Davis, head of the regional chamber.

Davis' letter revealed further streamlining in line with action taken by the organization's directors at Mineral Wells last May when it was decided to meet in the fall instead of the summer beginning with the fall of 1941. The Midland convention will be organized on a delegation basis, its business to be transacted by a House of Delegates considering projects and resolutions presented by the all-important convention work committee, and voting under the town unit rule as set up in the West Texas Chamber of Commerce by-laws. The delegates will complete their work in one day, adjourning at the close of an evening festival banquet at which a nationally known figure will deliver the address. The host city will provide entertainment features.

One important non-business feature of the past is being retained. That is the immemorial "My Home Town" contest directed by Judge C. M. Caldwell of Abilene. It will follow the pattern adopted earlier this year of district contests with winners brought to the convention city for re-competition in finals.

Delegates to the Midland convention will be the members of the local Public Affairs committee or their substitutes or alternates. These committees are being created throughout the territory by local chamber boards at request of the regional organization. Although the local WTCC director in each case is named chairman, the committee is controlled by its local chamber. Serving in a house of delegates at the WTCC convention is not its only duty. It will serve also as the Westex chamber's contact with the community on matters requiring unified action. It will receive all WTCC committee reports and President's News Letters. It will lead community action on territorial, state and national programs and campaigns undertaken jointly. And it will conduct its town's participation in the WTCC's newly announced inter-community Defense and Preservation contest.

To date, creation of Public Affairs committees in 29 towns has been certified to the West Texas chamber. These are: Abilene, Anson, Ballinger, Big Spring, Bowie, Breckenridge, Coleman, Dalhart, Decatur, Del Rio, Denton, Eastland, Fort Stockton, Gainesville, Graham, Henrietta, Haskell, Hereford, Midland, Marfa, Nocona, Olney, Pecos, Seminole, Seymour, Snyder, Stephenville, and Waco.

NORMAN BILLY HANCOCK IN NAVAL RESERVE AVIATION

Norman Billy Hancock, son of Mr. and Mrs. Hancock of the New Home community, reported on Wednesday for elimination flight training at the Naval Reserve Aviation Base, Grand Prairie, Texas.

Billy was graduated from the New Home High School and had completed two and a half years at Texas Technological College prior to his enlistment in the Navy. Billy will be at Grand Prairie five weeks, at the completion of which he will be sent either to Pensacola, Florida, or Corpus Christi, Texas, for advanced training. His training period will be for eight months, and upon completion he will be commissioned Ensign in the Naval Air Corps Reserve, with a salary of approximately \$245.00 per month, according to officials in charge of the Lubbock Recruiting Office.

In addition to Billy, there are several other South Plains youths going to duty at the same time in the Naval Air Corps.

This Typifies Spirit Of American Youth

Every normal mother naturally feels deep concern when her son must enlist for service in the army. Mrs. John Heck of Wilson accordingly was grief-stricken when her son, Floyd, now employed at a good salary in the Extension Department of the A. & M. College, wrote home that he was soon to be called for service in the Army.

Upon learning of his mother's grief, Floyd wrote to console her, and we quote the following paragraph from his missive because we believe that it typifies the spirit of the youth of America as a whole.

"Mother," he wrote, "there are about a million boys in the U. S. that are going to the army, and it is possibly just as hard for them as it is for me. So, let's all be happy about it because that is the kind of humor I want to leave in."

Floyd has been transferred, however, from his county down there to Lubbock county, and will be inducted from Lubbock county. He is just 23 years of age and already holds a lucrative position, but he is willing to sacrifice a good job and a good salary for the meager sum that will be paid him as a soldier.

BAPTIST BROTHERHOOD LAYS PLANS FOR FUTURE

At a meeting of the Baptist Brotherhood at the Church Monday night, the matter of outlining a program of work for the next few months was discussed and the chairman of a committee on objects and aims was appointed.

One of the local projects that was suggested was the matter of subdividing and rearranging the basement into permanent assembly and class rooms for some of the Sunday School departments.

Another objective that is to receive immediate attention is an all-out drive for increased attendance upon the Sunday School and the Church services.

Although weather conditions cut down the attendance somewhat, a deep interest in the work to be accomplished was manifest, and it was evident that this new body is bent on doing things.

D. W. Gagnat is reported to be in bed sick of the "flu".

Writer Appeals For Interest In P. T. A.

There are, no doubt, many parents who give a sigh of relief when their children have passed from elementary and Grammar School into High School. "Thank Goodness," they say, "Now, I won't have to attend Parent-Teachers Association. From now on Johnny and Mary are on their own with their teacher."

A closer examination will reveal that the High School Parent-Teachers Association is a vital, and possibly the most important, part of Parent-Teacher work today. Due to the rapid changes taking place almost from day to day, the High School Association has added responsibility in meeting the needs of youth from a health, recreational, social, moral, spiritual, extra-curricular and vocational standpoint. Some far-sighted educators believe that technical and vocational training may be completed in High School so the student may at once, upon graduation, take his place as a skilled workman in industry. Whatever changes are ahead, the adolescent needs the sympathetic understanding and intelligent guidance that only parents or teacher can give.

The attitude of parents, teachers, and students will be one of wholesome co-operation when the program is commensurate to the needs of high school groups. Parents of children of high school age often admit they are unequal to the task of advising their children who ask for advice. Meetings of a high school unit are not intended for lectures and entertainment, nor are they an effort of the parent to spy on the conduct of the student, but are for the purpose of enabling parents and teachers to understand the problems and program of high school life in its entirety. Representatives of the student body should serve on committees and share in the financial, educational, and all general work of the Association.

Parents who neglect to become members of such an organization or to see that one exists, are depriving the youth of one of the greatest influences in the life and development of the community. An eminent philosopher once said "Life is lived to the fullest when it is fulfilling

MISS BERYL ROBERTSON PLEASED WITH THE NEWS

Miss Beryl Robertson, daughter of Mr. and Mrs. W. O. Robertson, a recent graduate of the Tech and now holding a position as dietitian in the State Hospital in San Antonio, has written the following letter of appreciation to the News.

"You don't know how much I do really appreciate and enjoy the paper. . . . I look forward to getting it because it has so much news from home. When I'm reading it I'm just carried back home and feel that I'm right there when those things are happening.

"From time to time I'll try to write and let you hear from me.

"I'm still thoroughly enjoying my work, and I find that our new superintendent as well as all the other employees, which number over 400, are equally as nice to work with. It seems like one big happy family with numerous problems for one common cause.

"Many thanks time and again—Beryl."

Ed. Note: We hope you will write

the functions it is best fitted to perform." Help your children to live this life to the fullest by taking part in the development of all its functions. High School Parent-Teachers Association can play a large part in this development. —Contributed.

STATE FAIR of TEXAS

DALLAS, OCTOBER 4th - 19th

THE NEWS GOES FAR OUT INTO THE PACIFIC

The News starts going this week to Roy V. Stephens, son of Mr. and Mrs. L. R. Stephens of Midway, who is now on Wake Island 2,000 miles from Honolulu out in the Pacific Ocean, now engaged with hundreds of other men in the construction of a Naval Air Base on that island for Uncle Sam.

His father came in Tuesday and ordered the paper sent to Roy. It will require about eight days for the paper to reach him after it is placed in the mails here, Mr. Stephens says.

Roy has been there about two months. He does not know just how much longer he will be there, but the paper is being sent to his address for six months.

Wake Island is just a tiny dot in the Pacific. Its area is about 2500 acres, the equivalent of a little less than four sections of land, Mr. Stephens says. The highest elevation is only seven feet. It must be comparatively free from storms, otherwise Uncle Sam would not be spending so much time and money

HACKBERRY CLUB WOMEN VISIT LUBBOCK PLANTS

About fifteen members of the Hackberry H. D. Club recently enjoyed a visit to various institutions and industries of Lubbock. The trip was sponsored by the president, Mrs. Herman Dabbs, and included a number of things, from a bottling works plant, in the morning, where we learned something of the "innards" of our soft drinks and what makes our soda pop "fiz," to the Milam Orphanage Home, in the late afternoon, where a good woman spends her time in salvaging children's lives and characters.

Just after noon, we went to the broadcasting station to hear the Everlitt program and while the boys sang "Silver Threads Among the Gold" for the club members who couldn't be with us, I wondered if the theme held any subtle implication. Did they "dare" remind us that we were not so young as we used to be!

As I remember, there were only six inmates of the Lubbock County Old Folks Home, the youngest of whom was 69, and the eldest 97.

One nice thing about our visit to the plant of an ice cream company was the samples of their product. Samples added to our enjoyment at the bottling works and at a bakery that we visited.

The farm of the Agricultural Experiment Station, which we also visited contains one hundred and sixty acres, and was established in 1909. Its principal work, as reported by Supt. D. L. Jones, has been with field crops, principally grain sorghums and cotton. At present, experiments are being made in crossing the sweet sudan with combine types of sorghum, while the principal objective in the cotton work is to obtain a cotton that can be harvested by mechanical means.

While decorum and dignity was perhaps noticeably lacking about the tables of the Hackberry H. D. Club during the lunch hour at a drug store, I think I may report "a good time was had by all."—Mrs. B. N. Billingsley, reporter.

Mr. and Mrs. Irvin Smith and Finis Smith, all of Paris, were here Sunday visiting Mr. and Mrs. Verner Smith. Verner is their uncle.

In building an air base on it. Before Uncle Sam's men went there, there was not a human being on the island, Roy writes to his parents, but there were millions of birds on it; the kinds and descriptions were not given. With the men of the island there are only three women, the wife of the superintendent of construction, and two others.

Roy says they are pouring the groceries to them. He has seen scarcely anything else but groceries unloaded on the island since he has been there, he says. So he is not afraid of running out of soup.

Oh yes, Roy says there isn't a drop of liquor there and he hasn't seen a single fight since he has been on the island.

Is Asking Aid For Chinese Children

L. A. WOODS

L. A. Woods, State Superintendent of Education, has been appointed Chairman of the United China Relief Committee for Texas schools. He will work with State Chairman Nathan Adams and Governor Coke Stevenson, vice chairman, in the drive to raise \$200,000 in Texas to aid sixty million unfortunate and suffering war victims in China. Money given by Texas school children will be used to aid the children of China, millions of whom are homeless, destitute and starving as the result of Japanese invasion. Chairman L. A. Woods urges that every school in Texas make a collection for United China Relief without delay and forward the money to Nathan Adams, president of the First National Bank in Dallas. The money will be sent overseas to aid the little Chinese children who are so badly in need of help. Every student and every teacher is asked to subscribe to this humane cause.

IN MEMORY OF MRS. RUTH NEWTON ASSITER

Our beloved co-worker and friend whose memory shall ever linger with us as an inspiration to greater loyalty to profession, ideals, duty, friends, and youth, we the teachers of Tahoka Public Schools, tender the following poem as a tribute.

She Was Our Friend
 "She softly hurried out and shut the door,
 And all our souls with bitter anguish shook;
 We strived to pierce the darkness o'er and o'er,
 'Tis not for us to know the course she took!
 Yet biding here today we can but know
 That blue and kindly skies above her bend;
 And where she has journeyed we shall go,
 She was our friend."

"Her presence lingers still about the room;
 Her footsteps echo yet upon the floor;
 Her cheery smile still brightens all our gloom,
 Though she has hurried out and shut the door.
 And biding here in grief we feel and know
 Whatever way her fading footsteps trend,
 A little lapse of time and we shall go,
 She was our friend."

"A little lapse of time and then—and then—
 The outer door again shall open wide,
 And we shall leave the busy haunts of men,
 To overtake her, journey at her side.
 And biding here alone we can but pray
 'Whatever fate our God of love shall send,
 O let us clasp her hand again some day,
 She was our friend."

Mrs. N. S. Price came to the News office Monday and had the name of her son, Lawrence Price, now of Amarillo, placed on our subscription list for a year's good reading matter as a birthday present. A nice and thoughtful act. That boy will experience a distinct pleasure, no doubt, regularly each week for the next fifty-two weeks as the result of her thoughtfulness.

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions. SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years! Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed. SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

John L. Lewis appears to be a virtual dictator of the labor organizations comprising the C. I. O. With the voting power of these organizations behind him, he seeks to dictate the policies of this Government respecting industry. Many people believe that the big stick which he wields holds too much terror for the President and for Congress. The bill to curb strikes and to punish those who would use violence to prevent other men from working, which Senator O'Daniel introduced, may not have been judiciously drawn nor properly presented, but in the opinion of millions of the common people of this country some such measure should be speedily enacted into law. They believe also that the chief reason why such legislation is not enacted is to be found in the fact that members of both parties fear the power of John L. Lewis and the labor organizations in the next election. And thus John L. Lewis, to a greater extent than President Roosevelt, is dictating the course of Congress respecting all proposed industrial legislation. Somewhere down the line such would-be dictators as John L. Lewis have got to be squelched.

The health of the people in "dry" counties seems to have improved greatly since the new whiskey prescription law went into effect. For instance, Lubbock county druggists issued 23,769 prescriptions on which they sold 2,749 gallons of whiskey to sick people in August, 1940, whereas the past August they issued only 171 whiskey prescriptions on which they sold only 21 gallons of whiskey. In Taylor county last year, 23,797 whiskey prescriptions were issued and 2,229 gallons of whiskey sold, whereas the past August only 203 prescriptions were issued and only 25 gallons of whiskey were required to keep the population in fairly good health. The proportion has run very much the same in the other dry counties. In the entire state, 449,283 prescriptions and a total of 43,147 gallons of good liquor were required during the month of August, 1940, to cure the ailments of the sick and afflicted, while during the past August only 3,592 prescriptions and only 445 gallons of liquor were required to turn the trick. The decrease in number of prescriptions and the amount of liquor necessary to take care of all cases of headache, bellyache, influenza, bad colds, dysentery, and other maladies for which a good dram is supposed to be a sure cure has decreased 99 per cent in one year's time. The people of Texas are to be congratulated upon their sudden improvement in health.

When W. Lee O'Daniel was sworn in as U. S. Senator, he announced that he would retain all of the late Senator Sheppard's employees. He not only gave this announcement to the press, but he even emphasized it in his Sunday morning broadcast that he was retaining his predecessor's employees. A short time later, news comes to us through the press that members of the Hillbilly Band are in Washington. Then, last week the Fort Worth Press' Washington correspondent, carried a story which revealed that all except one of Senator Sheppard's thoroughly experienced and highly respected employees had been released on our great junior Senator's demand. And, who do you suppose replaced them? Why Hillbilly band members, of course.

These rains are a bit discouraging, but some of these days the skies will clear up and this cotton will pop open like popcorn. We'll be crying for help in the cotton fields before long now.

"It's funny," muses The Grazer, "how many people chase around till their tongues hang out looking for a good time. Me—I can just crawl up on a pole pen and listen to fattening hogs popping dry corn and have the best time on earth."

I guess people are pretty queer creatures, all right. Joseph Peters claims he gets more pleasure out of bringing his hounds into the house on a cold night and letting them bask with him in the warmth of his fireplace than nearly anything else—but he always has to wait until his wife leaves home before he can afford to do it.

Personally, I can get a strange, but highly satisfactory, pleasure out of just sitting down and trimming my toenails. Seems like the act is restful.

"I've knocked about a heap in this world," says Pecos Turner, and I've been knocked around considerable. And I notice that about the only new things a man stumbles across is them what's old and forgot."

A fuzzy-haired pup was born to Jackie Polk's little Sally Rand only a couple of weeks ago. They called it Stumpy. "We was all so stumped with surprise when it was born," Big Jack explained.

Jackie's mighty proud of Sally Rand's pup, especially after his grandpa pointed out that "its tail is curled up over its back so tight that its hind feet can just barely touch the ground."

Cicero Ever's kid sampled his

That was a powerful and a convincing speech that Senator Tom Connally made over the radio Monday night favoring the outright repeal of the Neutrality act and the arming of our merchant vessels in order that they may be able to protect themselves against the ruthless attacks of Adolf Hitler while on lawful business on the high seas. He believed that this nation should reassert its right to send its ships anywhere under the sun that they have the right to go under international law. He cited the activities of Hitler agents in South American countries and of his spies in this country as an evidence of the fact that Hitler does have designs against us. If not, why these plots against the governments of South American countries by Nazis by which they seek to set up the Nazi regime there? Why are their spies swarming and plotting in our own country? Tom Connally hit the bull's eye every shot, and he hit it hard. He is coming to Texas soon and will speak at a banquet in Austin honoring Governor Coke R. Stevenson on October 14. We hope that his address on that occasion may be broadcast.

The State Observer, which observes things down Austin way and prints 'em, observed last week that Governor Coke R. Stevenson recently had "two very distinguished visitors." One of them, the observer observed, was Senator and former Governor W. Lee O'Daniel, who passed through Austin while on his way from Washington to Tyler to visit his daughter. The Senator evidently was going straight to the point. He didn't even have time to address the legislature, nor to stop and fraternize with his old friend, Senator Joe Hill, we suppose.

Hitler must be growing desperate, judging by the way he is shooting innocent men in France and Czechoslovakia in an effort to crush the spirit of unrest and rebellion against his cruelty and his tyrannical rule in those countries. But such atrocities will only deepen the spirit of resentment and hatred in the breasts of these victimized peoples.

first chew of tobacco yesterday evening. He indulged in this bit of vice just as he left for the cow-pen to do the milking. Before he finished the first cow, however, he decided that maybe he'd made a mistake, so he spit out the chew and milked a few streams of milk into his mouth to wash out the taste.

He claims he doesn't know yet whether it was the tobacco or the taste of that warm milk that made him so sick.

Doc McCollum heard about Ike's tobacco-chewing experience and was reminded of the time he got so sick in school on the cut of tobacco he kept hidden under the culvert but was afraid to leave and go home to face his mother because a couple of days before, his brother Harry had retrieved one of their Uncle John's choice cuds from under the house and chewed it till he turned green in the face, and their exasperated mother refused to help Harry in the house, exclaiming: "Let him stay out there with that filthy tobacco. I don't care if he dies!"

El McCollum used to keep his chewing tobacco in his pants pockets until he married and his wife got to taking it out every night and throwing it in the garbage can. Then he transferred it to his automobile.

In time, she found that hideout, too. And when El finally began missing his chewing out of his saddle pockets, he just gave up and quit. Too expensive, buying all that tobacco and never having a chew where he could get to it, either.

El figures it must be such acts of woman that preachers are talking about when they speak of a good woman being the salvation of man.

Jess Maker's youngest boy, Little

Jess, is one who believes in curing in a hurry. He broke out with a bunch of boils last week and his mama sent him to town for some raisins, having read somewhere that raisins are good to clear up the blood, and Little Jess bought a two-bit box of the fruit and ate every raisin on the way back home.

Mmes. Garland Pennington and W. H. Kenley of Tahoka and Mrs. B. W. Baker of Wilson returned Friday night from Belton, where they attended a meeting of the state executive board and other officials and workers of the W. M. U. They report that about four hundred women were in attendance.

Mrs. Harvey Johnson of Seminole was here over the week end with her parents, Mr. and Mrs. Sam Holland.

Dr. Bob Caviness of Seagraves, dentist, came over Friday to visit his parents, Prof. and Mrs. H. P. Caviness.

IT'S 2 for 1 AGAIN!

We are again offering a SPECIAL 2 FOR 1 on TWO combination Floor and Pin-it-up Lamps.

GROUP 1...
We have 150 combinations of the Model 2130 3-light floor lamp, complete with parchment shade and G.E. Mazda bulb... and a modern Pin-it-up Lamp complete with bulb—the combination that was so popular last year... BOTH for the price of ONE.

GROUP 2...
We have 350 combinations of the new Model 2100 Floor Lamps and Pin-it-up Lamps. This floor lamp is of the latest style with a plated finish and linen shade, modern design, and is a most sturdy lamp. This beautiful floor lamp, complete with 3-way G. E. Mazda bulb and... the new modern Pin-it-up Lamp—BOTH for the price of ONE.

Last year the demand was so great for these combinations that a number of our customers were disappointed in not being able to purchase these lamps. So, this year, may we suggest that you visit our office early and make your selection so that you may be sure of delivery.

Ask any employee for a free over-night trial

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, stiffer chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room. On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

Student Safety Patrol Begg For Co-operation

There seems to be some misunderstanding among a small group of citizens as to the need for or the cause of the Volunteer Student patrol which is attempting to serve as student patrol leaders at the school buildings during the rush periods of the day.

This is a volunteer project being done by the safety classes of the seventh grade. The sole purpose is to try to use an ounce of prevention instead of waiting till some child has been crippled or even killed. It is for YOUR child and YOURS and YOURS.

Do the parents of Tahoka school children want the students protected from all kinds of driving enough to cooperate with the school by obeying the simple driving regulations which have been adopted for the rush hours at the school building?

No law is enforced till the people themselves believe in that law to the extent that they will obey the law. Then, the officers can and will protect the people against that small minority who INSIST on violating the law. If you want some kind of traffic regulations enforced during school hours for the protection of your child and your neighbor's child, your voice should be heard! Tell some member of the school board or some member of the faculty.

Likewise, if you think driving in Tahoka is as safely done as it needs to be done and if you are opposed to a safety zone being established around the schools during rush hours when 700 students fill the streets—YOUR VOICE SHOULD be heard!

If the safety patrol is to be as useful as it should be, some folks are going to either volunteer or be forced to use safe driving methods near the school buildings.

As a matter of record, 95% of the people are voluntarily co-operating—but it takes only one car and

LYNN COUNTY CITIZEN DIES IN DECATUR

G. H. Walker, 73, who had been residing in this county the past sixteen years and who recently went to visit a daughter in Decatur, died at her home there on Tuesday night of last week. Funeral services were conducted on Thursday in the Christian Funeral Home and the body was buried in the Deep Creek cemetery near that city.

Mr. Walker's wife died here in May, 1928, and since that time he had been living with a son, Marvin Walker, who resides about eight miles southeast of Tahoka. About seven weeks ago he left here and went to Decatur to visit in the home of his daughter, Mrs. W. G. Rhine. Death came last week when he suffered an attack of heart trouble.

Mr. and Mrs. Marvin Walker went down to the funeral services. Marvin and Mrs. Rhine are the only surviving children. Mr. and Mrs. Rhine also formerly lived in this county.

G. H. Walker was born in Wise county more than forty years ago, and in 1925, he and his family removed to Lynn county.

He united with the Baptist Church many years ago and remained a member through the remainder of his life. He was well known and highly respected in the South Ward community, in which he lived, and many friends regret his passing.

MINOR PLAYS FOR TEXAS

Max Minor, former Tahoka High star athlete, played his first varsity football game for University of Texas Saturday when the Longhorns defeated Colorado at Boulder 34 to 6. Max went into the game in the third quarter and played the rest of the game at right halfback. He did not disappoint the coaches, according to the press, for, behind a line of second and third stringers he carried the ball 18, 6, and 8 yards and played a good defensive game.

one second to snuff out a life or cripple one for life. Public opinion, your voice needs to be heard, and promptly!

MISS CLAUDIA DRAPER IS COMING HOME

Miss Claudia Draper, daughter of Mr. and Mrs. I. M. Draper, who has been stationed at Honolulu, Hawaiian Islands, the past year, is now on her way home.

Her sisters, Mrs. Oscar McGinty and son Don of Spur, Mrs. Dr. John Dupre, of Levelland, and Mrs. Fred McGinty of Tahoka, left last Friday morning to meet her at San Francisco. They are expected to arrive back here Sunday or Monday. They went via Denver but expected to return by a more southerly route.

Miss Claudia was reared here and is a graduate of the Lubbock Sanitarium Nursing School. She is not expected to return to service in the Army.

THOUGHT HE WAS IN TAHOKA

Still in Louisiana September 30, 1941.

Lynn County News: I thought it was Saturday in Tahoka. I was in Logansport, Louisiana, one night and ducked into a little cafe. I heard some on "hollow" and looked up and saw "Bugs" Woosley from the Veterinary Troops out of Port Bliss, El Paso.

We had a few words and I left and started down the street and heard another yell, and there was Florence from Draw.

I go on down the drag and run into McCulloch from some outfit on the boarder, I think. I keep advancing and see Ted Boydston from El Paso. Yes, I thought I was in Tahoka.

Keith Connolly, Btry. C, 131 F. A., A. P. O. 36, Bagley, La.

CONGRATS

To Mr. and Mrs. Paul Cook, now of Sundown, on the birth of a daughter born in the Lubbock Sanitarium at 1:13 Wednesday morning. The babe has been named Carolyn Gene. Mrs. Cook is the former Miss Margaret Greathouse, was reared here, and removed to Sundown only a few months ago. Mrs. Greathouse visited them in the sanitarium Wednesday.

BOB CORLEY HURT

Bob Corley, son of Mr. and Mrs. A. O. Corley, who live a few miles west of Wilson, was painfully though not critically injured, when a car which he was driving was struck by a truck as he was entering from a side road onto the highway Friday night of last week.

He was taken to a Lubbock hospital for treatment, from which he has since been dismissed.

AAA Loans For Grain Sorghum

Loans on the 1941 grain sorghum crop are available this year for the first time in Texas, Vernon Willhoit, chairman of the Lynn county AAA committee, has announced.

The purpose of this kind of loan, which will be made to producers who complied with acreage allotment provisions, is to aid producers in holding their feed and seed supply and in marketing their surplus in an orderly manner, the AAA committeeman said. A similar loan has already been announced on barley.

For No. 1 grade grain sorghum stored in farm structures, the loan rate has been set at 40 cents per bushel while 38 cents will be paid for No. 2 sorghum. On Nos. 3 and 4 grades, the prices have been set at 35 cents and 30 cents respectively, and "mixed" grain at 2 cents less per bushel. Grain with moisture content in excess of 13 percent, if stored on farms, and 14 percent if stored in elevators, as well as weevily or smutty grain, will not be eligible for loans, Willhoit explained.

Warehouse-stored grain will be about 7 cents per bushel less than farm stored grain, the AAA official said, since storage charges will be

paid by the CCC on grain sorghum delivered to the Corporation.

As in the case of wheat and barley, applications for loans will be handled through the County AAA committees, and may be made to approved lending agencies or the Commodity Credit Corporation.

Loans will be available up to January 31, 1942, and all notes will mature on demand on June 30, 1942, the chairman said.

Mr. and Mrs. Homan Hilliard of Caldwell are here on a visit with her parents, Mr. and Mrs. F. O. Greathouse and other relatives. They came Sunday.

Mrs. A. P. Edwards has returned from a week's visit in Fort Worth.

ODDS & ENDS

by Eec Eye,
the Elder

Last week we took note of the brilliant committee work being done by a brand-new senator, the gentleman from Arizona, Senator McFarland—how he was more than holding his own with such stalwarts as Senator Nye, one of the leading isolationists in that body.

On the very day that our paper came off the press, Judge Maddox called our attention to a radio broadcast that he had just heard which showed that McFarland was still in the thick of the fray and was winning new laurels. Newspaper reports the next morning indicated the same thing.

We mention this merely to show that even a new Senator, if he is learned and brilliant, and if he exhibits a proper degree of modesty and prudence, may win his way to a position of respect and esteem on the part of his fellow senators and to an active participation in the deliberations of the Senate in a very short time, not having to wait years for the rule of seniority to bring him into the lime-light.

McFarland, after a service of only eight months, has already taken his place as a man to be reckoned with in this great body, said to be the greatest deliberative body in the world. He has not won a place in the sun by clap-trap methods, not by pulling foolish stunts, not by bragging on his popularity nor making false claims as to his past achievements, not by cheap bids for publicity. He is winning his spurs because he came to the Senate equipped by learning, experience, and native ability to cope with the most brilliant and capable men in that body.

Mountebanks and showmen don't get anywhere in the United States Senate.

That is why we hope that Texas will send a really strong man to the Senate next year—a man learned in the law, a man who knows how to meet argument with argument, capable of speaking his views in that great body without making an ass of himself in the eyes of its members, a man of the calibre of Tom Connally, of the late Morris

Sheppard, of numerous other Senators from Texas in the past who have reflected credit upon their state.

When we go to the polls to choose a Senator next year, folks, let us have these things in mind.

A truly great Senator must have high character as well as outstanding ability.

There are men of excellent ability in the Senate today who yet are not good Senators; they are men who are actuated by unworthy motives. Brilliant men they are, and yet they are so little in spirit, so selfish, so vengeful, so demagogic, that seemingly they do not hesitate to betray the best interests of their country if by so doing they can crucify the President or some other powerful official they hate.

There are others not so bad as that but so blinded by prejudice or partisanship that they can not see the world situation in its true perspective.

We need in the Senate men who are big of spirit as well as mind.

There are Democrats as well as Republicans who fall in one or the other of the above-mentioned sorry categories; but possibly a majority of the Republicans are actuated seemingly by a despicable spirit of partisanship in the grave emergency which now confronts our country. They are so intent upon discrediting President Roosevelt and the Democratic leaders that they are going to dangerous lengths in their opposition to our foreign policy. They are saying and doing things which can not possibly be of any help to our own country but which give only comfort and encouragement to Hitler and the enemies of our democratic way of life.

Who can believe that these isolationists, or non-interventionists as they prefer to call themselves, would be pursuing the course that they are if President Roosevelt were an adherent of the Republican instead of the Democratic party?

These isolationists would have us withdraw entirely from all participation in world affairs. They would

have us to back off from any course or any problem that might involve us in war with any foreign nation. They would have us draw up into our shells like terrapins and stay there.

It is a course directly opposite to that which the Republican party has pursued heretofore. It was the Republican party which, immediately following the Spanish-American War, entered gleefully upon the policy of "Expansion" and took over the task of governing, civilizing, and educating the ignorant and barbarous millions that inhabited the Philippines and the West Indies.

So avidly did the Republicans, then in power, enter upon this policy that William Jennings Bryan and the Democrats accused them of being imbued with the spirit of imperialism and with the purpose of making of the United States "a world empire—the policy of subduing and governing peoples against their will. The second campaign which Bryan waged for the Presidency was made upon the issue of Imperialism. Bryan making opposition to that policy the paramount issue of this campaign. President McKinley and the Republicans justified their seemingly imperialistic course by asserting that it was the only honorable course open to them, that it was the "Manifest Destiny" of this country to liberate and to civilize and to bring stable government to the oppressed peoples of these far-distant islands in the Pacific as well as the West Indies lying almost under the shadow of the dome of our Capitol.

And so it was the Republicans who put Uncle Sam, perhaps permanently, into the Philippines and assumed the task of guarding them against the avaricious eyes of such nations as Japan and Germany, both of which nations even then were eager to lay their hands on these productive islands, not to civilize the inhabitants but to exploit them.

After Commodore Dewey had destroyed the Spanish fleet in Manila Bay and was awaiting for the Spaniards to surrender the city of Manila without his being compelled to reduce it by force, he found that the officers of the German squadron hovering around were fraternizing with the Spaniards evidently with the hope that they might be able to get a foothold in the islands themselves. In fact the German Admiral became so meddlesome and

arrogant that Commodore Dewey had to show him where to head in.

No, the Americans didn't tuck their tails and run away from Manila Bay in 1898 to avoid a fight with the Spaniards; and after they had licked the Spaniards, they did not become frightened by the might of the great German Empire and run cack home.

No, President McKinley didn't call our battleships back to the waters that wash our own shores nor did he take our merchant vessels off the high seas. He fought and licked the Spaniards, and he would have fought the Germans too if they had begun sinking our cargoes of freight or any of our fighting ships on the Atlantic, the Pacific, the Indian, or on just any other old ocean on earth. We still stood for the good old doctrine of

the "freedom of the seas" back in those days.

But now, because we have sent some soldiers as far east as Iceland to protect American interests and have declared that we are going to protect American vessels plying the Atlantic, our Nyes and our Johnsons and our Tafts and our Lindbergs, sailing under the same Republican standard that McKinley held aloft, are rearing up with a great snort and declaring that our Democratic President is deliberately trying to lead us into war. And even our Clarks and our Wheelers, sailing under Democratic colors, join this hue and cry of these Republican recalcitrants in an attempt to discredit the President of our country and the Commander-in-Chief of our Army in this time of trial and turmoil, which must give great comfort to that peerless democrat and

that saintly humanitarian, Adolf Hitler.

Say, folks, while we are stressing the teaching of patriotism and good citizenship in the public schools, it might be a good idea for us to give a few lessons in the United States Senate.

Hope it doesn't rain next week, fellers.

GATSKI IS ARMY FLIER

Sam Gatski of Grassland, who has been an Army aviation student at Love Field, Dallas for the past few months, is now at the Army advanced training school, Brooks Field, San Antonio.

Remove roundworms and cecal worms. Use Dr. Salsbury's AVI-TON in a five-day treatment. Easy to give—just mix with the feed.

Again...real reasons for the Mileage to expect from

Your Mileage Merchant

"TRY MY NEW CONOCO Nth OIL THAT WON THE CERTIFIED DEATH-TEST IN DEATH VALLEY"

THEY SAY you can hardly get up a sweat in Death Valley; the heat's so dry. A red-hot desert, only worse—way below sea level. Some hotpot to give you a showdown on your motor oil. And that's just where they went and tested this new Conoco Nth oil I've got here for you right now. My crankiest customers go for it, and I've got lots of new trade by telling the straight-out certified mileage record of Conoco Nth oil, which lasted any amount longer than the 5 other big brands in the Death-Test. That's lasting to the Nth degree.

"It was the same fair and square chance for all, because the cars were all the same, and first the Referee even had the new engines taken apart to make sure no oil got any edge. They were all on the same desert, hitting the same speed around a mile-a-minute. And just one single 5-quart fill of some one brand was in every crankcase—locked, so as not another drop got in. And when was the finish? Not till the one fill was so far gone the engine-busted up. Imagine 6 new ones junked on purpose, BUT... this new Conoco Nth oil that people like, lasted 5,600-and-some miles longer than any other oil in the Death-Test.

That's certified. Conoco Nth outlasted one of them more than 8,200 miles!—mileage to the Nth degree.

"You want reasons for anything that important, and let me say this: any oil that you'd want for your engine today has been plenty refined to get rid of the bad things in oil. The only trouble is that this same swell refining can't help taking out some of the very best things! Out goes lots of good 'vim-and-vigor', except for Conoco being able to bring it back good and plenty with their Thial-hene inhibitor that's in Conoco Nth motor oil—patented.

"And surest thing you know, this great new Nth oil is still made under the famous Conoco Germ Processed oil patent. So it will still give your engine good old OIL-PLATING, which can't all drain down from the working parts even the whole night long, and that's why OIL-PLATING is on guard against wear in advance! [This same OIL-PLATING

is just one more thing that made Conoco Nth oil last more than twice as long as some of those others in Death Valley.

"Sure, you don't try Death-Tests, or any other proving-ground tortures. So you'll still insist on draining at just the right times, depending on your car and how you use it. You can ask engineers, and so forth, or come and look at my official chart of when to drain. The way Conoco Nth lasted in Death Valley, you can know that every time I check your oil-level you won't be needing another quart or two. Better OIL-PLATE now with Conoco Nth oil."

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. M. Jackson
Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

CONOCO Nth MOTOR OIL

LOCAL REPRESENTATIVE

Tahoka F. F. A. Elects Officers

Officers for the local chapter of the Future Farmers of America were elected at a recent meeting of the organization under the supervision of Mr. Leslie Browning, vocational agriculture teacher at Tahoka High School.

New officers to serve during this school year are: Cecil Curry, president; Robert Warren, vice president; Roy Lee Cruce, treasurer; Noble Rumbo, secretary; Wilton Payne, historian; Claud Slover, reporter; Edward Bartley, parliamentarian, and Jim Bob Curry, watch dog.

There are 22 new members in this organization this year.

The Future Farmers of America is the national organization of farm boys studying vocational agriculture in the public high schools throughout the United States. There are approximately 3,500 local chapters in the nation.

Some of the purposes the Future Farmers have in their organization are to develop competent rural and agricultural leadership; to strengthen the confidence of the farm boy in himself and his work; to improve the rural home and its surroundings; to create more interest in the

-Beautiful Girls and Comedy in Vanities

Forty of the "most beautiful girls in the world" will be among the cast of Earl Carroll's Vanities, which will be the Auditorium attraction during the State Fair of Texas. The Show, playing at popular prices, is strong on comedy, but offers a variety of entertainment including several spectacular production numbers. Top sections above show three of Carroll's "most beautiful girls in the world," Ann Frederick, Jane Ellison and Rudi McIntosh. Below are the three dizzy Slate Brothers, with Dixie Nelson, another of the show's beauties.

New Home F. F. A. Elects Officers

The New Home F. F. A. Chapter held a meeting Monday night, Sept. 22, to initiate first year Agriculture boys and to elect officers.

There were 31 boys present. Nine boys were initiated.

The following were elected officers: President, Joe Mack Armontrout; vice president, Charles Hammonds; secretary, H. Joe Schwartz; treasurer, Harvin Smith; reporter, C. W. Smith; parliamentarian,

Doyce Jennings; watch dog, Roy Timmons; historian, James Ellis Ensor.

Tahoka merchants appreciate your business.

CAN'T YOU SLEEP?

If it weren't for heartburn and "fullness" caused by indigestion, you might get some rest! ADIA Tablets contain Bismuth and Carbonates for quick relief. Ask your druggist for Adia Tablets tomorrow.

TAHOKA DRUG

DON'T LET THIS HAPPEN TO YOU!

Hot, hungry tongues of flame can consume in a few brief hours all the prized possessions you have carefully accumulated in a life-time. Charred, smoldering embers are mute testimony in the light of morning of the cost you pay for careless neglect. Now—before it's too late—investigate the very nominal cost of complete protection against fire by seeing—

PRESBYTERIAN CHURCH
The Presbyterian Church next Sunday morning at 11 o'clock will participate in the World Wide Communion Service. A brief Communion Meditation will be given by the pastor, Dr. W. B. Gray. All believers in Christ are invited to share in this service.

The evening service at 7:30. Theme for the sermon: "The Problem of Unanswered Prayer."
Topic for the morning adult Bible Study Class: "God, Our Wonderful Heavenly Father."

There will be a District Conference of the Women of the Presbyterian Church in Lovington, New Mexico, Friday, Oct. 3rd.

District 1 is composed of churches of Clovis, Levelland, Lovington, Lubbock, Portales, Seagraves, Seminole, and Tahoka.

Mrs. John Evans is president of the Woman's Auxillary of the Presbyterian Church of Tahoka.

A car of delegates consisting of Mesdames John Evans, W. T. Bovell, S. H. Howell, Joe Heare, and possibly others will attend. Mrs. Howell is to discuss the value of officers training classes.

The program also includes numbers by Rev. and Mrs. Gray.

METHODIST CHURCH
Have you taken notice of the movement toward loyalty to the church and its program so recently accelerated by visitations and double postal cards mailed to the members? Please answer these cards and let them lead you to a dedication of the talents you possess to the growth of the church program and the upbuilding your own faith and that of your children.

Now that promotion day has been held, we advance to Rally Day this coming Sunday. Let us rally to the support of our classes and teachers who are faithfully giving their time and effort toward our religious development. If you appreciate their efforts, tell them so and back them up by being present regularly.

Another new feature is our Church School literature. Examine it carefully, reading the articles in the front of the Adult Student, which is combined with the Adult

Intelligent choice of farming occupations and to create and nurture a love of country life.

DAWSON WOMAN IS CLAIMED BY DEATH

Mrs. K. J. Nelson, 75, died at her residence near Welch early Sunday morning.

Funeral services were held in O'Donnell Baptist Church at 3:00 o'clock Sunday afternoon and burial was in Tahoka cemetery. Rev. W. M. Bozeman of Lamesa officiated at the services.

Survivors include five sons, three daughters, 28 grandchildren, and 23 great grandchildren.

COLLEGE PRESIDENT HERE

Don H. Morris, president of Abilene Christian College, and Paul Southern, assistant Bible instructor in the same institution, were business visitors in Tahoka Wednesday.

While here they were luncheon guests of Evangelist and Mrs. Garnie Atkisson.

Melvin Brookshire of Fort Riley, Kansas, is spending ten days with his parents, Mr. and Mrs. W. G. Brookshire, and family at Grassland. Melvin has been in the Army about four months.

Bible Class Monthly. This magazine will fit in the coat pocket, where it should be carried to Sunday School each Sunday and read on week days.

Another room is being added to the basement and many are praying for some changes in the back of the auditorium to accommodate classes and make the church more sound proof and comfortable in cold weather. A little expenditure and effort now will repay itself in increased attendance and support through decades to come.

Geo. E. Turrentine, pastor.

ELLIS FAMILY REUNION HELD AT CHRISTOVAL

Misses Viola and Grace Ellis, accompanied by Mr. and Mrs. C. F. Galven of Terry county, went down to Christoval last Saturday to visit the ladies' parents, Mr. and Mrs. Sam Ellis, and to attend a family reunion there the next day.

All of the six daughters of Mr. and Mrs. Ellis were present, together with other relatives. These include the three that went from here and Mrs. L. D. Smith of Chandler, Henderson county, Mrs. Harry Evinger of Christoval, and Mrs. J. C. Kerr of San Angelo. Mrs. Smith's son, Mrs. Evinger's children, and Mr. Kerr and three children also were present.

Mrs. Smith and son accompanied her sisters back to Tahoka for a few days visit here and in Terry county.

Appeal Is Made For P.T.A. Membership

The membership committee of the Parent-Teacher Association, composed of Mmes. Stella Duke, Jack Fenton, Hafiah Cook, and Fountain Wyatt, is making an appeal for the patrons of the Tahoka schools to join the club for the many advantages that may thereby come to them and for the service they may be able to render the schools and the community.

A special drive for members is to be made during the week of October 13-19 inclusive, and it is hoped that a large percent of the patrons of the school will join during or before that time.

The P. T. A. has been of great service to this community in recent years but with an increased membership its power for good can be correspondingly increased. There can be no doubt but that a live Parent-Teacher Club may become the most serviceable and useful of all the clubs of the town.

If you are interested in the welfare of your public schools, if you feel that they might be improved, if you have any constructive criticism to offer, you will find the opportunity in the P. T. A. to cooperate with others in lending encouragement and help to the end that our schools may attain the very highest degree of efficiency and usefulness possible.

The membership fee is only 25 cents.

Guests of Mr. and Mrs. Howard Payne last Sunday were Mr. and Mrs. J. L. Cornwell, her parents, and son and daughter; Mr. and Mrs. J. N. Payne, his parents, and daughter; and Mr. and Mrs. J. W. Payne and children—all of Ralls.

Mrs. Myrtle Rochelle, who is employed as editor, news reporter, and advertising manager of the Denver City Press, visited the home folks here Saturday night and Sunday.

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners Court of Lynn County, Texas, will, on the 13th day of October, 1941, at 10 o'clock a. m. in its usual meeting place in the court house at Tahoka, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery: One 2-wheel hydraulic scraper of not less than 5 cubic yards capacity; and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law; and if any bid be accepted it is the intention of the Court to issue title warrants on said County in payment of all or part of such proposed contract, in the maximum amount of \$2100.00, to bear six per cent interest per annum, the last maturity date of such warrants to be not later than the year of 1944.

CHESTER CONNOLLY, County Judge; by Order of the Commissioners Court. 7-2tp.

Honoring Two Famous Pan-Americans

Statue of Henry Clay in Caracas, Venezuela.

CITATION BY PUBLICATION

The State of Texas.

To: Marion Lafayette Waller and the Unknown Heirs of Marion Lafayette Waller, deceased, Greeting:

You and each of you are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 3rd day of November, A. D. 1941, at or before 10 o'clock A. M. before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas.

Said plaintiff's petition was filed on the 15th day of Sept., 1941.

The file number of said suit being No. 1411.

The names of the parties in said suit are: Emily Viola Waller, Maud Cook (a widow), Christopher C. Waller, John Henry Waller, Myrtle McNeil (a widow), Elsiead Roena Franklin (a widow), Willie Alma Phillips and husband, Lester Phillips, and Wallace W. Waller and Bryan J. Waller, as Plaintiffs, and Marion Lafayette Waller and the Unknown Heirs of Marion Lafayette Waller, as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiffs sue in trespass to try title for the title and possession of two tracts of land situated in Lynn County, Texas, and described in separate tracts, as follows:

First Tract: All of the North One-half of the Northeast One-fourth and all of the North One-half of the Northwest One-fourth of Survey No. 429, in Block 9, surveyed by virtue of Certificate No. 131 issued to the E. L. & R. R. R. Co., and containing 160 acres of land.

Second Tract: All of the South Forty acres of Survey No. 435, in Block 9, surveyed by virtue of Certificate No. 169 issued to the T. T. Ry. Co.

Plaintiffs further allege that said land constituted a portion of the community estate of W. A. Waller and his wife, Mary Margaret Waller, both now deceased; that plaintiffs are all of the living children and heirs of Mary Margaret Waller, deceased; that such heirship has been established by a judgment of the County Court of Lynn County, Texas; and that the plaintiff, Emily Viola Waller, is the sole beneficiary under the will of W. A. Waller, deceased, which has been admitted to probate in the County Probate Court of Lynn County, Texas.

Plaintiffs pray judgment for the title and possession of said land, writ of restitution, rents, damages, removal of cloud from title and for general and special relief.

Plaintiffs' petition is endorsed as follows: "This action is brought as well to try title as for damages." Issued this 15th day of September, 1941.

Given under my hand and seal of said Court, at office in Tahoka,

Texas, this 15th day of September, A. D. 1941. (SEAL)

HATTIE SERVER, Clerk, District Court, Lynn County, Texas. 6-4tc

CITATION BY PUBLICATION

The State of Texas.

To: Richard L. Lowery, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. on the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 20th day of October, A. D. 1941, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County at the Court House in Tahoka, Texas.

Said plaintiff's petition was filed on the 6th day of September, 1941.

The file number of said suit being No. 1407. The names of the parties in said suit are: Bulah May Lowery as Plaintiff, and Richard L. Lowery as Defendant. The nature of said suit being substantially as follows, to wit: Plaintiff was married to defendant April 22, 1925, and lived with him as his wife until January 1st, 1941, when by reason of defendant's cruel and harsh treatment and improper conduct towards plaintiff and of such nature as to render their living together insup-

portable, plaintiff permanently abandoned defendant. There are no children as fruits of said marriage (natural or adopted). Plaintiff prays for decree of divorce, for restoration of her maiden name, Bulah May Jenkins, for other and further relief,

special and general, etc. Issued this the 6th day of September, 1941. Given under my hand and seal of said Court at office in Tahoka, Texas, this the 6th day of September, A. D., 1941. (Seal) HATTIE SERVER, Clerk District

County, Lynn County, Texas. 5-4tc E. E. Dale and sister, Mrs. J. C. Edwards, both of Dallas, came Sunday night to spend a few days with their parents, Rev. and Mrs. George A. Dale.

ATTENTION

AUTOMOBILE AND TRUCK OWNERS

CERTIFICATE OF TITLE ACT

SECTION 63, PARAGRAPH "C"

The owner of a Motor Vehicle registered in this state shall NOT after January 1, 1942, operate or permit the operation of any such Motor Vehicle upon any highways without first obtaining a Certificate of Title therefor from the State Highway Department, nor shall any person operate any such Motor Vehicle upon the public highways knowing or having reason to believe that the owner has failed to obtain a Certificate of Title therefor. This does not apply to vehicles purchased new prior to January 1, 1936.

SECTION 63, PARAGRAPH "B"

The State Highway Department or any agent thereof SHALL NOT after the first of January, 1942, register or renew the registration of any Motor Vehicle, unless and until the owner thereof shall make application FOR AND BE GRANTED an official Certificate of Title for such vehicle or present satisfactory evidence that a Certificate of Title for such vehicle has been previously issued to the owner by the State Highway Department. IT WILL NOT BE POSSIBLE FOR A PERSON TO FILE AN APPLICATION FOR TITLE AND REGISTER HIS VEHICLE AT THE SAME TIME. As this section provides that the owner shall make application for and be granted a Certificate of Title, and the filing of an application for Certificate of Title does not necessarily mean a title will be issued.

Each and every Motor Vehicle owner that does not have a Certificate of Title for their vehicle is requested to make application and secure a Certificate of Title before January 1, 1942, as the above laws make it a violation to operate the vehicle after January 1, 1942, unless the owner has a Certificate, and he will not be allowed to re-register unless they have a title.

Tech Considering Aggie Building

Lubbock, October 2.—Directors of Texas Technological College will meet in Fort Worth Saturday-morning, Oct. 10, to consider bids for construction of an agricultural building on the campus, President Clifford B. Jones announced this week. The meeting will assemble at 10 a. m. in the office of Wyatt C. Headrick, college architect.

Board members are: Spencer A. Wells of Lubbock and San Angelo, acting chairman; Charles C. Thompson of Colorado City, treasurer; Mark McGee and John E. Collier Jr. of Fort Worth; L. L. Steele of Mexia; Milburn McCarty of Eastland; A. J. Riddle of Denison; and Chancellor Weymouth of Amarillo. W. T. Gaston, business manager of the college, is secretary.

Billy Jack Edwards is in Oklahoma working for a cotton mill.

Borger to play Coach "Windy" Nicklaus' Class AA Borger Bulldogs, who have defeated Quanah 51 to 6, and have been tied by Electra 6 to 6. Nicklaus received his first coaching experience at Tahoka, following his graduation from Texas Tech. He is considered one of West Texas' better coaches and is expected to have a strong team this year. Tahoka does not expect to beat Borger, but local fans are predicting that the local boys will be fighting for sixty minutes.

The first quarter of the game with Lockney was a sluggish affair, each team fumbling several times, and each trying to feel the other out. Lockney's position as one of the better teams in its class year in and year out, apparently had the Bulldogs a bit nervous.

However, as the second quarter opened up, the Bulldogs seemed to gain confidence, "took the bull by the horns" and carried the ball across the double-stripe for six points on Cecil Curry's line smash. A great cheer went up from the crowd when Duane McClintock kicked goal for extra point, for that was the first extra point Tahoka had made by this method in many moons.

In the second half, the Bulldogs had found their stride, and three more touchdowns were chalked up. Fullback Curry making two more and "Sonny" Roberts' other. Lockney staged two or three drives that appeared headed for pay dirt, but the fighting Bulldogs throttled each threat.

McClintock, who scored another extra point later in the game, as well as Curry ripped off sensational gains, "Sonny" Roberts was highly instrumental in carrying the ball down field, and James Wells made some nice gains. A new potential backfield ace was found in Buster Driver, substitute back, who had given up his job as team manager to become a player. Buster made several long runs in the second half and will likely prove a valuable man in games to come.

"Hoss" West was his old self at end, which position he plays perhaps better than any man in this district. "Hoss" did everything right Friday night, even catching a few passes and carrying the ball on the old end-around play. Jim Boy Curry looked fine at the other end, and down near the middle of the line there was some good play on the part of Bill Barham, the two Harvick boys, Werner Shaffner, and several others. In fact all the boys, including about every man in uniform, looked better than previously.

Fans predict that if the Bulldogs continue to show the aggressive spirit in the future games, they may yet be a factor in the district championship.

Next home game will be on October 17, when Seminole plays here.

Lawyers . . .

Lynn county: District Attorney Rollin McCord, District Clerk Hattie Server, County Judge Chester Connolly, County Attorney Calloway Huffaker, County Clerk Walter Mathis, C. H. Cain, B. P. Maddox, Truett Smith.

Also here from Lubbock county were G. H. Nelson and Frank Brown.

Defense . . .

Continued from Page 1

quality equipment can be purchased.

State supervisors of this defense program state that the purpose of such a school will be to better prepare youths to preserve equipment on farms and in industries and to have a surplus of skilled workers at home to take the place of those leaving for defense industries. A vacant unused building in which to conduct the school is all that it will cost the citizens of Tahoka and Lynn county.

Boys in the required age groups interested in attending this school should see Mr. Leslie Browning or Supt. W. T. Hanes at the Tahoka High School as soon as possible. The boys do not pay to attend this school.

The course will begin as soon as a shop instructor is selected and the equipment is installed. The course will probably continue over a period of ten months, and will be open to approximately 20 boys.

Make Tahoka your trading center.

District Agents Exchange Places

College Station, October 1.—Kate Adele Hill and Lida Cooper, Extension district agents, exchanged assignments today, October 1, Mildred Horton, vice director and state home demonstration agent announces.

Miss Hill, who has served District 5, comprising 19 counties in northeast Texas, since September, 1937, has transferred to District 2 on the South Plains. Miss Cooper was appointed district agent in October, 1934, and has worked continuously in District 2, which includes twenty counties.

Ed. Note: Miss Cooper is exceedingly popular with the home demonstration agents and the Club women of this district and evidently has done fine work. Miss Hill is said to have done excellent work in her district and is regarded as a very capable and proficient leader in this character of work.

Dr. Prohl Sustains Painful Injuries

Dr. Emil Prohl sustained painful and somewhat serious injuries early Tuesday afternoon when he fell backwards over a stool in his office, tearing loose some of the ligaments of the back.

He was taken in an ambulance to the Loveless Hospital in Lamesa, where he is receiving treatment. It is hoped that he will be back in his office in a very few days.
