Rev. Todd Says—

"He brushed his teeth twice a day. The doctor examined him twice a year. He wore his rubbers when it rained. He slept with the window open. He stuck to a diet with plenty of fresh vegetables. He relinquished his tonsils and traded in several worn-out glands. He golfed, but never played more than eighteen holes. He never smoked, drank, or lost his temper. He did his daily dozen daily. He got at least eight hours sleep every night. His funeral will be held Wednesday afternoon at 3:00 o'clock. He is survived by eighteen specialists, four health institutes, six gymnasiums, numerous manufacturers of health foods, and antiseptics. He forgot about trains at crossings.

University of Pennsylvania has made a study of the emotional factors in accidents for years, and finds that "a certain amount of it comes from the opposition which we always offer to anything which reduces our freedom of action."

"Home difficulties and plant worries are perhaps more often given as causes of accidents than lack of sleep and periodic emotional fluctuations. It is true that they are more obvious because a person whose mind is on something else besides his work can certainly not observe the factor of safety as carefully as he should."

Dr. Hersey has found that the individual with "low emotions" and the individual with "high emotions" are equally prone to accidents.

So in all things, at all times, in all places "hit a happy medium", "keep your eyes and ears open", and "keep your mind on what you are doing". If you don't — "ACCIDENTITIS".

NEW GM RESEARCH HEAD— Dr. Lawrence R. Hafstad, famed physicist and atomic energy scientist, will become director of General Motors research staff later this year, GM President Harlow H. Carter announced. Dr. Hafstad, who is 51 and a graduate of the University of Minnesota, was the first director of the Atomic Energy Commission's Reactor Development Division. He is called by scientists and AEC officials "the world's foremost authority on harnessing the atom for industrial power."

State Softball Tournery Scheduled At Amarillo

The National Softball Congress State Tournament has been awarded to Amarillo this year, according to an announcement by state commissioner Frank Reid.

Bob McCollum, Executive Director and Coordinator of Kid's Incorporated of Amarillo, has been named as tournament director and he will work with the City Park and Recreation Department.

Entry fee for each team will be \$20. Sixteen players are allowed on each team and each group must be uniformed or bearing insignias. Deadline for entries is August 4. Entries for the double elimination meet may be sent to Bob McCollum at the Maverick Club, 1923 South Lincoln St., Amarillo, or by phoning him at DRake 3-2841. A huge trophy will be given the winner by the Pepsi-Cola Bottling Co., which also gives numerous trophies in the world event.

The state meet will be held under Class A lights at Thompson Park Fields No. 1 and 2 with two games each night at both diamonds. Tentative plans are to hold the final two nights of the meet at Gold Sox Field on August 23-24.

McCollum and Reid, of Electra, discussed plans for the meet this week. The tournament, open to all teams in Texas as well as the closer areas of Oklahoma and New Mexico, will run for 12 days beginning August 12.

Reid stated, "This is a great step taken by the Amarillo Parks Department to bring one of the widely known softball organizations to West Texas and this state tournament will be the largest held in West Texas as far as entries are concerned."

The winner of the state tournament will have the opportunity to take part in the world tournament to be held in Tulsa, Okla., September 3-11, with expenses paid from a 30% share of the gate receipts. Other teams entering will share in 20% of the gate on a mileage basis, in no case will share exceed actual expenses incurred. The world meet will be directed by Larry Walker, executive secretary and Paul Forche, president of the National Softball Congress.

The state meet was held at Shamrock last year. Reid believes that the citizens of Amarillo and the Panhandle will have the opportunity to witness one of the fastest moving tournaments ever held in the Midwest.

Mrs. C. D. Noland, medical; A. P. Garth, medical; Leo Bartley, surgery; Mrs. Ira Robinson, medical; Fred Gallman, medical; Don Criswell, medical; Mrs. O. C. Markman, medical; Joe Simpson, accident.

CONGRATULATIONS TO:

Mr. and Mrs. Jose Lopez on the birth of a son, Roberto, July 5, 1955.

Mr. and Mrs. Foy Wallace Vinson on the birth of a daughter, Deborah Kaye, July 5, 1955.

Mr. and Mrs. Jacinto Bara on the birth of a son, Ernest Rosas, July 9, 1955.

Mr. and Mrs. R. Reynosa on the birth of a son, Robert Albert, July 8, 1955.

Mr. and Mrs. Ben Chapman on the birth of a son, William Carter, July 6, 1955.

Mr. and Mrs. Jess P. Winn on the birth of a daughter, Audree Kay Winn, July 2, 1955.

EXPECTED GUESTS
Mr. and Mrs. Alvin Dalton and son, Terry, are expected to arrive here this weekend for a visit with their parents, Mr. and Mrs. W. R. Bowers and Mr. and Mrs. B. A. Dalton.

RETURNED HOME
Mrs. G. M. Allen, of San Antonio, who for the past several weeks, has been visiting her sister, Mrs. Ben Chapman and family, returned home Wednesday morning.

TUESDAY GUEST
Mrs. Reagon Loney, of Bovina was a guest in the Roy Dunn home Tuesday of this week.

VISITED SUNDAY
Mr. and Mrs. John Benson visited Sunday in Canyon with Mr. and Mrs. Burnis Pearson.

Canada Couple Appreciate Our Texas Hospitality

One Canadian couple always will have a kindly feeling for Texas because of the kind hospitality served up in Muleshoe, Texas, the kind they like. Mr. and Mrs. F. H. Armitage are the couple.

They stayed here several days recently and got to eating their meals at Gerald's Cafe. Now, written on the letterhead of G. M. G. Lambert Company Ltd., Calgary, Alberta, Canada comes a nice letter to the proprietors, Mr. and Mrs. "Buster" Reid, reading as follows:

Dear Mr. and Mrs. Reid: Thanks for the Texas 100 Bucks awaiting me when we arrived here Monday, July 4th.

We had a good drive all the way back and no car trouble, not even a flat tire.

The country looks wonderful all the way along, the crop situation is good and the cattle on the ranges seem to have plenty of good pasture.

Please accept our thanks for all the kindness extended to us, especially for the good meals we enjoyed when with you. Good food, with your kind attention, leaves a lasting memory.

We look forward to having an opportunity to show you around this part of Alberta, and our in-

TO FAMILY REUNION

Mrs. E. K. Shepherd and her son Paul spent the past weekend at her father's annual family reunion in Glen Rose, Texas.

CARD OF THANKS

We wish to thank everyone for the many kindnesses during the illness and loss of our mother.

The Dearing Family

IN BEARDEN HOME FROM WASHINGTON

Hiram Bearden of Omark, Wash., arrived here Tuesday for a visit with his son, W. R. Bearden and family, and other relatives and friends.

MOTHER VISITED

Recent visitors in the A. P. Lambert home have been her mother, Mrs. A. W. Henry, of Crum; her brother and sister-in-law, Rev. and Mrs. E. W. Henry, of Myrtle Springs; and her nephew, Rev. Jimmy Henry and family, of Jacksonville.

FRIENDS ATTEND BIRTHDAY DINNER

Wayne Bristow celebrated his nineteenth birthday last Monday

at the "British Columbia" (where we have some fine trees) and who knows; you may enjoy the visit up here just as much as we enjoyed your kind hospitality in renowned Texas.

With kindest personal regards,
Sincerely yours,
F. H. ARMITAGE

evening with a small group of friends. Those present were Darla Myers, June Freeman, R. L. Gabbert, Billy Ellis, and Tommy Osborn. After dinner was served by Mrs. G. C. Bristow, the group spent the remainder of the evening watching television and playing "42".

VISITED PARENTS

Dan Bray and daughters of Lubbock, visited his parents, the Clyde Brays and other relatives and friends over the weekend.

ATTENDED HOMECOMING

Mrs. W. J. Matthews, J. T. Harding, N. R. Harding and Mrs. H. H. Carlyle, attended homecoming festivities at Wilson, in Comanche County on July 2. They also attended a homecoming service at Lamkin on July 4, and one at Purvis on July 5. All reported a wonderful time, and said they met quite a few old friends.

HONORED WITH PARTY

W. J. Matthews, of Texaco, N. M., was honored with a birthday dinner the past Sunday, in his home.

Attending from Muleshoe were Mr. and Mrs. R. J. Klump and Mr. and Mrs. H. H. Carlyle. Howard Carlyle, Jr., of Lubbock and family also attended.

IT'S A BOY!

Mr. and Mrs. B. F. Chapman, Jr., are proud to announce that they are the parents of a son, whom they have named William Carter.

ed 7 lbs., 12 oz., when he arrived at 4:00 p. m., July 6, at the West Plains Hospital and Clinic.

Mr. B. F. Chapman, Sr., of Tyler is the grandfather.

The Chapmans have one other child, a daughter, Martha Jane, who is 21 months of age.

VISITING UNCLE

Tommie and Buddie Hall, sons of Mr. and Mrs. C. O. Hall, are visiting this week in Amherst with their uncle, Ralph Lewis.

The two families traveled to Memphis Friday and visited with other relatives.

MRS. KITTRELL REPORTS HAVING WONDERFUL TRIP

Mrs. T. P. Kittrell reports that she has just returned from a very enjoyable trip, which she made with her sister and family, of Almagordo, N. M.

The group first visited relatives in Killeen. They came home by way of Carlton, their old home town, where they visited their old home place. Mrs. Kittrell said the old house was still standing as was the old log barn.

They visited old friends in Carlton and also in Dublin. In Stephenville, they visited an aunt of Mrs. Kittrell's whom she had not seen in fourteen years.

WENT TO RUIDOSO

Mr. and Mrs. George Neil, of Midland and her parents, Mr. and Mrs. Claude Sanders, spent the July 4 weekend at Ruidoso, N. M. Mrs. Neil is visiting here with her parents and Mr. Neil, who returned home, will come after her this weekend.

Bureau Opposes New Legislation

Bill Miller, president of Bailey County Farm Bureau, in a letter to The Journal, has expressed opposition to a bill, introduced in Congress by Congressman Poage of Waco, intent of which is to eliminate "trends" as a factor in figuring area cotton allotments.

Cotton Growers' Ass'n., of Central Texas, is protesting the allotment of cotton acreage to West Texas at the expense of that section because of trends.

Mr. Miller feels the law with respect to trends should not be changed.

The Farm Bureau also opposes Resolution 7072, a bill to provide for a 12 year highway construction program, at a total federal cost of 47 million dollars, which is four times the present level of federal appropriations for highways.

This bill also provides that federal gasoline tax will be increased from 2c to 3c per gallon, with no provision for refunds of non-highway use gasoline; an increase on diesel fuels from 2c to 6c per gallon; a tax on large truck tires, large innertubes, and a tax on large retreaded tires.

Miller has wired asking Cong. Mahon to take a stand against the two bills.

IN OKLAHOMA

Mrs. E. W. Lockyer is staying in Altus, Okla., with her mother,

Mrs. C. T. Henderson, who fell some seven weeks ago and suffered a broken hip.

IS FISHING

Dr. B. O. McDaniel, accompanied by two nephews, Dick McDaniel and Eddie McFaust, of Amherst, left this week for Rockport and Port Isabel, where the three plan to fish.

LEFT FOR CAMP

Bennie Ann McDaniel left last week for two weeks at the girl scout camp, Camp Mary White, located near Mayfield, N. M.

VISITED AT TIPTON

Mrs. W. A. Mathis visited over the weekend in Tipton, Okla., with her mother, Mrs. Bell Locker.

VISITED MOTHER

Calvin Perkins, of Waxachie, visited here last week with his mother, Mrs. J. E. Perkins.

FROM LITTLEFIELD

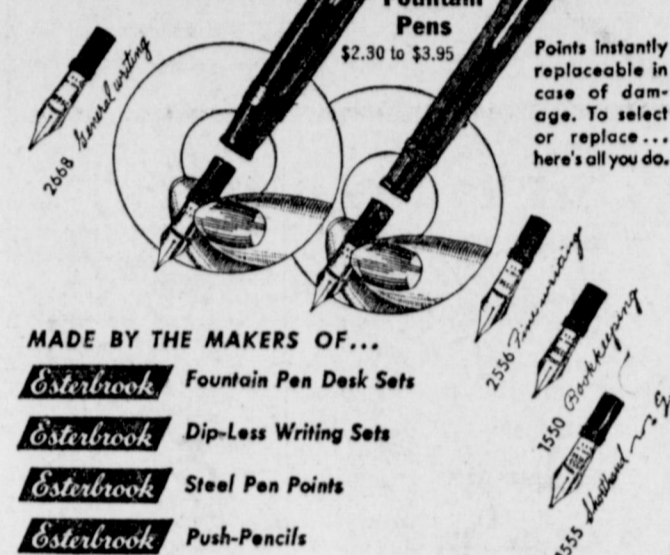

Mrs. Ray Keeling and children of Littlefield, were visiting in Muleshoe Tuesday.

Star Agriculture

Released by
The Texas Department of Agriculture

By John C. White, Commissioner

PINK BOLLWORM RESEARCH

Cotton cultural practices, a vital factor in the control of the Pink Bollworm, are being improved through Research by Texas and U. S. Department of Agriculture Entomologists.

Texas has been experimenting to determine under what conditions the Pink Bollworm can and cannot survive the winter in stalks or trash left in cotton fields. The highest rate of insect kill was achieved from:

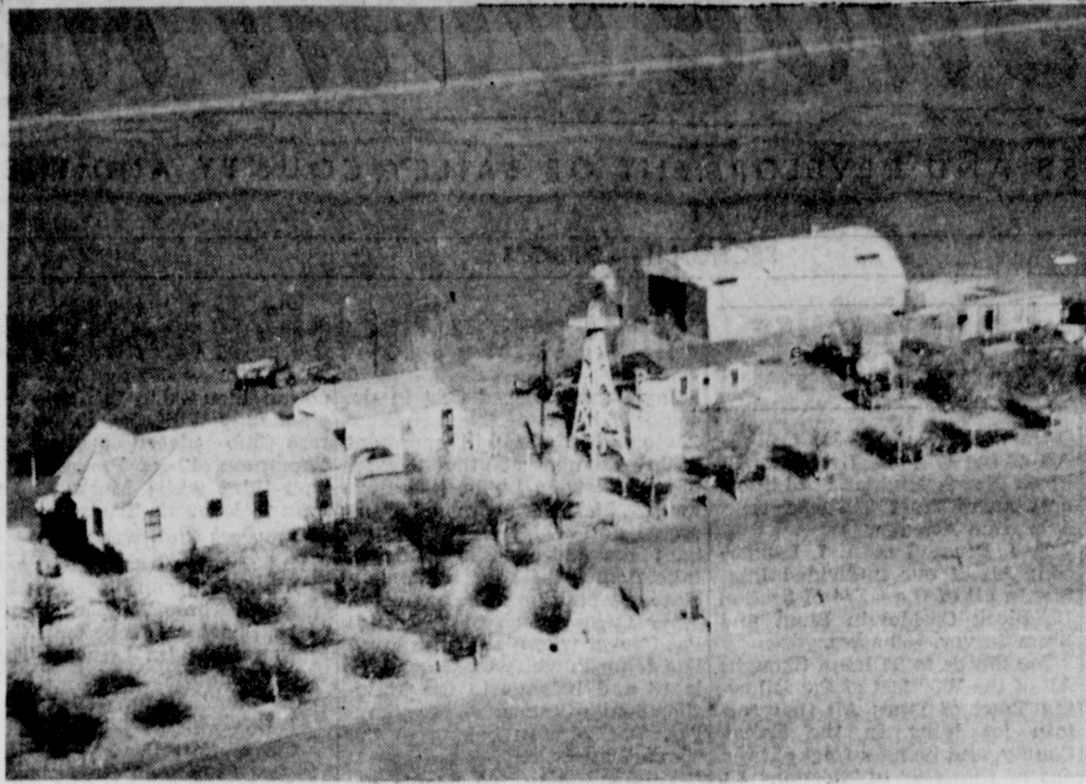

1. Fall plowing to bury infested cotton bolls and trash in the warm humid areas of Southern Texas.
2. Allowing stalks to stand over winter and be plowed under in the spring in colder Northern Texas. (This method has not yet received full approval of all entomologists, due to the varying

climatic conditions.) Records on the percentage of kill by early plowing under of the stalks showed a survival of only .04 percent in Port Lavaca fields. The rate was higher, 1.35 percent, at Waco.

In the colder regions, allowing stalks to stand through the winter and then plowed under in the spring proved effective under ideal weather conditions. Prolonged cold resulted in a Pink Bollworm survival of only .01 at Lubbock, .01 at Vernon and .03 at Chickasha, Okla.

Generally, spring plowing under of infested trash and bolls was less effective than fall plowing in all locations. Test plots at Waco and Mount Pleasant were studied where bolls and trash were allowed to remain on the surface of the ground. This method resulted in nearly 22 per-

Guess Who Lives Here

A FARM HOME of the Muleshoe and Bailey County territory is pictured above. It should be familiar to many of The Journal's readers. First person who gets his mail to the post office here, and first person who gets his mail on a route or at another post office correctly identifying this farmstead will receive two tickets to COX DRIVE-IN THEATRE. Phone The Journal, 7220 or 5400 and submit your guess, come to the office or mail a card.

cent of Pink Bollworm survival. The Pink Bollworm is the worst of all cotton insect pests. It is found in all cotton producing areas of Texas and in parts of Arizona, New Mexico, Oklahoma, Louisiana, and Arkansas.

This research is only one phase of an intensive program through the cotton belt aimed at developing effective ways of controlling the pest. Rigid Federal and State quarantine and control programs

have only slowed its spread. Complete eradication, is still a remote possibility.

"Trace Mineral" Deficiency In Texas Farm Land

COLLEGE STATION, July 12—Attention of farmers has been drawn in recent months to the possible deficiency of "trace minerals" in crop growing soils of Texas.

M. K. Thornton, Extension agricultural chemist, says that apparent deficiency symptoms appearing on growing plants suggests rather than most of them are suffering from poor drainage nematodes or other soil-borne troubles such as compacted layers, absence of organic matter and lack of major nutrients—nitrogen, phosphorus, and potash.

"In practically every case of this type," Thornton explains, "deficiency symptoms disappeared after the physical troubles had been corrected and plants fed adequate supplies of nutrients."

The common trace minerals include molybdenum, boron, zinc, iron, manganese, sulphur, calcium and magnesium.

This is not to say, the chemist adds, that there are no trace element deficiencies in Texas soils, but rather to emphasize that be-

fore dosing the soil with various chemicals operators should understand clearly the purpose of the treatment. Some trace minerals are toxic and too hazardous to play around with.

There is more evidence of iron deficiency in Texas than of other trace minerals. Iron is necessary to give plants a dark green color. Iron shortage is responsible for the chlorosis seen in plants in many areas, but the use of large amounts of organic matter in the soil usually will enable plants to pick up the iron needed.

Texas Land Values Up Two Percent

COLLEGE STATION, July 12—Purchase price of Texas farm and ranch land in 1954 was two percent more than in 1953, or an average of \$70.20 an acre.

Although this slight gain represented a new price level, the number of sales dropped to the lowest level since 1940 and the acreage transferred was the smallest in land market record history.

"Continued drought, decreases in

agricultural prices, acreage allotments and 'tight' holdings of land tended to depress land market activity", William G. Adkins, agricultural economist at Texas A. & M. College, explained. Fewer Veterans Land Board Purchases and modifications of that program helped push the sales volume down.

Attempts to enlarge units, demand for irrigated acreages, mineral activity and urban and industrial development were factors tending to increase market activity.

Adkins reported that owner-operators were the principle buyers in 1954 and farm size contin-

ued to grow. Tenants made only 10 percent of the purchases. "Family-type" farm units continued to be in strong demand, bringing premium prices.

Land price increases were most significant in the Panhandle wheat, High Plains cotton and Lower Rio Grande Valley areas. Price declines were notable in the Upper Rio Grande Valley irrigated area, the Post-Oak country and in the Rolling Plains.

	NEW POWER BRAKES Standard on 2-ton models, an extra-cost option on others.
	New hand lever for parking brake

FORMER 4-H MEMBERS CAN BE NOMINATED IN NEW AWARD PROGRAM HONORING ADULTS

Do you know a member of your community whom you consider a notable success in his or her chosen career or who has an outstanding record as a citizen or as a leader in community and public affairs? And is this person a former 4-H member?

And have you often thought that that person should receive some form of public recognition for his or her acceptance of citizenship responsibilities and achievement in life?

If so, you now have the opportunity to do something about it, according to G. L. Noble, director of the National Committee on Boys and Girls Club Work, who recently announced that Olin Mathieson Chemical Corporation would again sponsor the National 4-H Alumni Recognition Program, the only 4-H Award Program honoring adults.

You can help nominate one of your neighbors for these coveted awards by filling out the form below and sending it to your county extension agent.

The program provides two certificates as awards in each county. Four state winners, selected from all the county winners are presented burnished copper plaques mounted on walnut.

Eight people, four men and four women, chosen from all the state winners, will receive gold keys and all-expense trips to the National 4-H Club Congress in

Chicago, November 27-December 1.

Men and women who have previously been 4-H Club members, or who have an outstanding record of participation and leadership in community activities and who are a success in their chosen occupation or profession are eligible for consideration. So, if you know any one in your community who is eligible for this award fill out the blank and send it to your County Extension Office. They have official nomination forms.

Many 4-H Alumni are successful farmers and homemakers. Others are leaders in business, government or civic affairs. Some may not have been recently active in 4-H Club work, yet because of the basic training received through the 4-H program, they contribute to the advancement of community, state and nation.

Purposes of the awards are (1) to inspire present-day youth to greater accomplishments by providing them with living examples of dependable purposeful citizenship and (2) to encourage former 4-H Club members to support and cooperate in 4-H work.

Fill in information regarding nominee for National 4-H Alumni Recognition Award, attach any supplementary information which may be helpful and submit to the County Extension Office.

About Homemakers & Homemaking in BAILEY COUNTY
 BY MOLLIE STINSON
 Home Demonstration Agent

A new bulletin came into the office today and I thought I'd pass along some of the information along. The title is: "Eat Well For Less" and it is No. B-794.

One section is entitled "How to save pennies" and that is what I'll share with you today.

1. Plan meals and make out a marketing list before a grocery shopping trip.
2. Check the newspaper for weekend specials. Check for unadvertised specials in the store.
3. Meat generally takes the largest part of the food dollar, so cook it properly to prevent shrinkage.
4. Choose linked or grated tuna; its a penny saver, and the flavor is the same.
5. Packaged, quick-frozen fish fillets are a thrift buy. They are boneless, hence there is no waste.
6. Use evaporated or nonfat dry milk solids for drinking and cooking.
7. Take advantage of vegetable and fruits in three forms—fresh, canned and frozen. Often times some portion of the fresh ones may have to be discarded. There is no waste in canned and frozen vegetables.
8. Save money and food value by refrigerating perishable fruits and vegetables.
9. Select the canned fruit or vegetable to fit the dish. The choicest ingredients are not always necessary.
10. Buy staples in large, economical sizes if storage space is available.
11. Commercial mixes for breads and cakes are often more expensive than homemade mix.
12. Prepared foods (ready cooked) are more expensive than unprepared foods.
13. Consider cheaper versus more expensive foods of similar composition and food value. In many instances the food value of a cheaper food is as good as that of more expensive forms of the same food. For example, canned English peas are cheaper than frozen English peas; dried peaches, than a good grade of canned peaches; peanuts than pecans or almonds; pink salmon, than red salmon; fancy-packed fruits and vegetables, than less fancy-packed; pork liver than calf livers; canned or non fat dried milk solids than whole fresh milk; unprepared cereals, than prepared cereals; milk flavored cheese than sharp-flavored cheese.

Here is a recipe for using liver that was included in the book.

ITCH-ME-NOT IN 15 MINUTES
 After applying Itch-Me-Not, you must be pleased, or your 40c back on any drug store. Banish externally caused itch of eczema, ringworm, athlete's foot, poison ivy, insect bites, sunburn rashes. Today at DAMRON BEKALL DRUG STORE

FOR ATHLETE'S FOOT USE A KERATOLYTIC PREPARATION
 3 BLOWERS OFF the labeled outer shell to expose buried fungi and kill it on contact. Get this STRONG, keratolytic fungicide, today at any drug store. If not pleased in ONE HOUR, your 40c back. Now at DAMRON BEKALL DRUG STORE

let. Liver is a relatively inexpensive meat and very nutritious one, but sometimes we get tired of it fixed the same old way.

Stuffed Liver Rolls With Carrots and Onions
 6 thin slices of beef or pork liver (about 1 lb.)
 2 cups small bread cubes.
 1/2 cup grated American cheese.
 1 tablespoon chopped parsley.
 1/4 teaspoon onion salt.
 1/4 teaspoon sage.
 1/4 cup water.
 4 tablespoons melted bacon drippings.
 2 tablespoons flour.
 1/4 teaspoon salt.
 Dash of pepper.
 2 bouillon cubes.
 2 cups boiling water.
 12 small white onions (1 lb.)
 4 medium size carrots, scraped and cut into bite size pieces.
 Cut-out tubes and white membrane from liver slices. Combine

PARMER COUNTY Farm Bureau News

By RAYMOND EULER

Rhea Farm Bureau, in conjunction with their Home Demonstration Club, enjoyed another annual "4th of July" get-together on July 1, their regular monthly meeting date. Rhea is one of the few remaining communities of this area with a thoroughly active local program.

Farm Bureau's annual Queen Contest will soon be in the news again.

Your commodity committee, of which E. T. Ford is chairman, met last Thursday night. The principal subjects of discussion were: (1) Planning definite lines of action to retain the "trend factor" in cotton allotments. (2) Action necessary to regain last year's reallocation of unwanted

bread cubes, cheese, parsley, onion, salt, and sage in medium-size bowl; sprinkle water and 2 tablespoons bacon drippings over mixture. Spread stuffing over liver slices. Roll up each slice, jelly-roll fashion; fasten rolls securely with wooden picks or metal skewers; dust rolls lightly with flour, salt and pepper. Brown rolls quickly on all sides in 2 tablespoons drippings in large skillet. Dissolve bouillon cubes in boiling water; pour around rolls in skillet; add onions and carrots. Cover skillet tightly; simmer gently 30 to 35 minutes, or until vegetables are tender. Transfer rolls and vegetables to heated platters; keep hot while making pan gravy. Makes 6 servings.

acreages of wheat, and (3) Plans for a county wide meeting in cooperation with the National Cotton Council in August. This meeting is to be held in the Bovina Auditorium on the night of the 19th John Gregg, an associate of the Council met with President Kaltwasser to talk over plans for this meeting, designed to acquaint producers with the work being done in research with other marketing promotion work.

You will be glad to know that the amendment proposed for attachment to the Mexican Farm Labor Program extension bill was defeated. The House vote was 98 to 50 against the amendment which would have given Immigration Service Personnel authority to stick their noses into your farm labor business. Your local Farm Bureau Officials joined state and national Farm Bureau efforts to defeat this move.

To protect you against a probable \$1 per hour minimum wage law, your organization is working for clarification of the phrase "area of production" in the Fair Labor Standards Act.

Most of you no doubt know that you pay a 1 1/2 cent federal tax on gasoline used in farming operations. Farm Bureau is actively working for exemption of this tax on agricultural production fuel, particularly in view of the present aim of some legislators to increase this tax for federal highway use. No other industry has a substantial tax burden on power used in production.

Cynthia Bell, whom most of you remember as our first office secretary, has returned from Michigan to help us for a few weeks. She will supervise rearrangement of some of our files and records, and help us serve you better now and later. Glen

da Rickerd is the young lady who is working with Mrs. Bell, training to serve you as regular office secretary. We think you will find her efficient, courteous and pleasant to work with. Her husband, Charles Rickerd, farms southeast of Friona.

Consider This: Fret not thyself because of evil men, neither be thou envious at the wicked. Proverbs 24:19.

CHRISTIAN SCIENCE SERVICES

The fact that God's man is endowed with unquenchable strength and power will be brought out at Christian Science Services Sunday in the Lesson-Sermon entitled "Life". Selections to be read from "Science and Health with Key to

the Scriptures" by Mary Baker Eddy include the following (215:12): "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life".

The life-giving power of God is also set forth in passages from the Bible including the following (Psalms 27:12, 4): "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid? One thing have I desired of the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life to behold the beauty of the Lord, and to enquire in his temple".

HERE FROM OKLAHOMA
 Mrs. Ray Puckett, of Blanchard,

Okla., is here visiting her sons, Richard and Vernon and families this week.

WEEKEND GUESTS
 Guests over the weekend in the home of Mr. and Mrs. M. T. Wilson and Mrs. Bert Remund were Mr. and Mrs. John Garvey, of Watoiga, Okla.

LEFT SATURDAY
 Jimmy Reed left Saturday for Ft. Hood, where he will train for

the next two weeks with the National Guard.

VISITED FATHER
 County Agent and Mrs. J. K. Adams and family drove to Tulsa Sunday where they visited his father, John H. Adams.

BROTHER UNDERWENT EYE SURGERY
 Mrs. Ira Welch is in Monahans, at the bedside of her brother, who recently underwent eye surgery.

"You Haven't Worn the Best Until You've Worn 'BUCKHIDE'"

Pamphlet pictured above was issued on completion of the record-breaking railroad run by Death Valley Scotty from Los Angeles to Chicago 50 years ago (July 9-11, 1905). Walter P. Scott, legendary western showman, sped on a special Santa Fe train between those two cities in 44 hours and 54 minutes for the 2,267 mile journey, a mark which stood until the advent of Diesel locomotive power.

Fifty years ago this month, Santa Fe Railway and a legendary western showman named Walter Perry Scott made railroad history by running a special train from Los Angeles to Chicago in a record-breaking 44 hours and 54 minutes.

Scott, better known as "Death Valley Scotty" chartered the train which was known as "Coyote Special", for \$5,500, and special handling by the Santa Fe enabled him to clip 13 hours and two minutes off the previous record for the 2,267 mile journey.

This mark stood until the advent of Diesel locomotive power. "Scotty's" train consisted of a baggage car, a diner and a pullman-observation and was powered by the road's best steam locomotives manned by its top engineers.

Departing Los Angeles at 1 p. m., on July 9, 1905, the "Coyote Special" rolled into Chicago's Dearborn station at 11:54 a. m., on July 11.

Crowds lined the track night and day to see the train pass, and fast engine changes were made at every terminal.

Scott passed out \$25 gold pieces to engine crews before the end of each division. Speed records fell hourly and the run was front page news throughout the nation.

Between Cameron and Surrey, in Illinois, the special covered the 28 miles in 95 seconds for a world record of 106 miles per hour. In the same territory, the train covered 103 miles between Fort Madison and Chillicothe in 101 minutes.

On the strength of the run Death Valley Scotty became as well known as Buffalo Bill, in whose show he had worked before turning to prospecting in California and Nevada around the turn of the century.

U. S. CofC Expects Tax Cuts Next Year

WASHINGTON, July 7—There's a possibility of federal tax cuts next year, perhaps as much as \$5 billion, according to the Chamber of Commerce of the United States.

Politics aside, there are sound economic reasons for lower taxes. One of them being the probability of a balanced budget in the fiscal year starting July 1, 1956, the Chamber says.

But among the strongest forces pushing toward tax reductions is the current business boom which the Chamber believes will extend into 1956, if current trends continue. When personal and business income are high, taxes can be cut without reducing revenues.

At the same time, lower taxes would provide one of the soundest means of keeping the economy in high gear by giving everyone more money to spend and invest, the Chamber points out.

None of this means, however, that government economy can be ignored, even though it is always more exciting to earn more than to save more. Any sharp increase in government spending, the Chamber emphasizes, could wreck the possibility of lower taxes. And government economy is always the surest way to maintain tax cuts once they have been made.

Americans have been given the blueprints for government economy by the Hoover Commission. The Chamber is convinced all of us could bolster the chances for tax cuts by giving full support to those blueprints for federal economy.

See the Difference?

(No Center Posts!)

188-hp Buick SPECIAL 6-Passenger, 4-Door RIVIERA, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

YOU certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list. It's a Buick Riviera, of course. Which means the low and rakish look of a Convertible — a solid steel roof overhead — and no center posts in the side window areas to obstruct your view.

But that's only the beginning. Here you get two extra doors. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear.

Here you get massive half-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.)

Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom.

And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom — yet with no increase in wheelbase or over-all car length.

So we repeat—you certainly ought to come in and see this stunning new kind of hardtop.

It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series — the SPECIAL and the CENTURY. And it's all Buick — with Buick power, Buick ride, Buick handling—and the spectacular performance of Buick's Variable Pitch Dynaflo.

Drop in today—tomorrow at the latest—and learn what Buick's all time record sales year can mean to you in the way of a whopping big trade-in deal.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

NOW—Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History! Come in and see!
