County Will Pay Bounty On Crows, Coyotes, Rabbits

The commissioners court in session here Monday decided to enter into a campaign in cooperation with several other counties in this area to exterminate wolves, crows, and jackrabbits.

To that end, the county will pay \$2.00 for each wolf scalp brought in, five cents for each jackrabbit's scalp, and ten cents for each pair of crows' feet. After November 1, however, the bounty for wolf scalps will amount to only \$1.00 each.

Wolf puppies are also included in this extermination program.

The scalps of the wolves, and the jackrabbits must each include two ears, and both feet of each crow must be brought in.

In some parts of the county wolves have been very destructive of sheep, chickens, and turkeys; and the jackrabbits are a troublesome and expensive pest. Crows likewise can do a lot of damage to melons and other crops and sometimes do so in a few minutes time.

This program has been under consideration for several weeks, and on last Friday night a meeting was held at Seminole in which county judges and commissioners from various counties were present and all agreed that their respective counties enter into the campaign.

Among the counties which will participate other than Lynn are Dawson, Terry, Gaines, Andrews, Yukum, Cochran, and probably others. County judges and commissioners and other citizens representing these and other counties have effected an organization known as the South Plains Wolf Bounty Association. They propose to make relentless war on these enemies of the farmer and the ranchman, not only as a matter of self protection but also as a part of the program of the Nation to produce and conserve food for our armed forces and for the starving people of some of our allies.

Judge Chester Connolly and Commissioners Leon Jennings, Lonnie Williams, and Pat Swann attended the meeting in Seminole last Friday night, as did also a number of our private citizens.

Game Pictures Are Shown Rotarians

The program at the Rotary Club Thursday consisted of four reels of pictures furnished by the Fish, Game and Oyster Commission of Texas and shown on the screen by L. C. Haney.

The first reel exhibited various fish that abound in the streams and fresh water lakes of Texas and the methods of catching them. The second reel depicted doves of antelope in their native habitat and the steps being taken by the Game commission to restock the range lands of West Texas with them. The third and fourth reels portrayed the wild life of South Texas, including deer, javalinas, coyotes, turkeys, and many types of fowl and bird life.

The board of directors announced to the body that it had elected W. T. Hanes president for the ensuing year and Joe Heare as vice-president. Hanes is superintendent of the Tahoka schools and Heare is Santa Fe agent. Winston Wharton was re-elected secretary.

The new officers will take charge on July 1st.

Southland Man Pays Liquor Fine

Sheriff Sam Floyd a few days ago caught a Southland citizen, one Oscar Berkeley, with entirely too much liquor in his car—six gallons of wine and four quarts of whiskey.

He was invited to explain to the court, and Judge Chester Connolly heard his plea of guilty and assessed his punishment at a fine of \$100.00 and costs, amounting to something near thirty dollars additional. He paid off.

Max Minor, son of Mr. and Mrs. John W. Minor of Tahoka, now an outstanding student and star football and track man at the University of Texas, was elected vice-president of the student body by a lead of more than 200 votes at the recent election held there.

Nowlin Resigns Farm Loan Job

After a service of 12 years, Deen Nowlin tendered his resignation as secretary-treasurer of the Tahoka National Farm Loan Association to the board of directors in session here Monday night, to become effective June 1.

His resignation was accepted with regrets and Carl Griffing, who has been a member of the board of directors for a number of years, was elected as Mr. Nowlin's successor.

This action met with the approval of Assistant Vice-President V. N. Johnson of the Federal Land Bank of Houston, who was present.

This action was deemed necessary by Mr. Nowlin by reason of the demands made upon him by other interests which he has and which he was unwilling to give up for the Farm Loan secretaryship. He will continue to conduct his oil lease and brokerage business, his realty business, and his farm activities, as heretofore, devoting his entire time to these interests.

Carl Griffing will tender his resignation to the board of trustees of the Tahoka Independent School District as its secretary at an early meeting of the board, and will thereupon be free to devote his entire time to his new duties. He has

Two Negroes Get Pen Sentences

Two Lynn county negroes will be taken to the penitentiary by Sheriff Sam Floyd some time next week. They entered pleas of guilty before Judge Garland in the district court this week, and one drew a sentence of two years in the penitentiary and the other a sentence of five years.

Robert Russell pleaded guilty to a charge of stealing the car of Chester Short at New Lynn a few weeks ago, and his punishment was assessed by the court at two years in the pen.

B. J. Jackson was charged with the burglary of the home of T. H. Basinger near Southland and taking \$32.00 in money therefrom. He admitted he did it, and the court fixed his punishment at five years in the State's big house at Huntsville.

Tinsley Feed Stack Burned Monday

Approximately 5,000 bundles of feed were destroyed by fire on the J. O. Tinsley place north of town Monday night. The loss was not covered by insurance.

The fire, which started about 7:30 o'clock, was of unknown origin. The local fire department was called and managed to save much of the feed after several hours work, and was called back again Tuesday morning when the smoldering fire broke out again.

The annual meeting of the stockholders of the Tahoka Cooperative Gin association was held at the gin here Tuesday afternoon at 4 o'clock with a good attendance. Stockholders in the enterprise number 371.

The gin has had a most successful run the past season and the auditor's report showed the association to be in splendid financial condition.

A dividend in the sum of \$9,300.00 was declared and divided among stockholders.

Two gin plants are operated here by the association and it is one of the biggest ginning establishments in the county.

Mexican Caught With Beer Load

Recently a Mexican driving a car through the county lost his way and called upon somebody for directions. He claimed that he was on his way to Seagraves but was going in the opposite direction. He appeared to be very definitely inebriated and a search of his car by the sheriff revealed that it contained quite a quantity of beer.

He was allowed to sober up in jail and then entered a plea of guilty to a charge of unlawfully transporting intoxicants. He was fined \$100.00 by Judge Connolly and the costs were about \$28.00, all of which he paid. In addition to this his liquor was confiscated. Then he went hence a sadder but wiser Mexican.

Negroes Indicted On Gaming House Charge

Henry Sayles, a prominent member of the colored race here, was indicted by the grand jury early this week for renting a building over in the negro section of the town for gambling purposes.

Charley Malone, another negro, was likewise indicted for operating a gambling house. Each made bond in the sum of \$1,000 and was released.

War Bond Drive Launched Monday Meeting Success

Lynn county's drive for the sale of War Bonds started off Monday with a bang, more than \$100,000 being sold on that day. Up to Wednesday afternoon, about \$182,000 worth had been sold, according to reports received by Truett Smith, who is acting as co-director of the drive with Deen Nowlin in this county.

Of this amount, more than \$160,000 worth had been sold by the First National Bank of Tahoka, Mr. Smith stated.

The largest purchase, \$50,000 worth, was made by a prominent local citizen.

The second largest purchase was made by the Southwestern Life Insurance company of Dallas, which has adopted the policy of distributing its purchases among the counties of the state in which it does the most thriving business. It bought \$25,000 worth of bonds here Monday. It had made one very substantial purchase of war bonds in this county previously. Its local representative is Mrs. Gladys Stokes.

The third largest purchase reported by the First National was also made by a local citizen, the amount being \$15,000. A number of citizens each bought \$10,000 worth and several others as much as \$5,000.

It is believed that more than half the quota for Lynn county, which is \$415,000, will have been sold by the end of the week. The directors, bankers, and others engaged in the campaign agree, however, that it will be much harder to sell the second half of the quota than the first half. Every worker in the county is urged to keep on the job continually and diligently until the county shall have gone over the top.

Guardsmen Will Visit At Slaton

Officers and men of the Tahoka Defense Guard company will participate Saturday night and Sunday in maneuvers with the Slaton company at Slaton, Capt. E. R. Edwards has announced.

The Tahoka men will leave the American Legion hall by bus at 6:30 p. m. Saturday, each man bringing his own bed roll.

Special training will be given at Slaton, including guard duty, review, machine gun firing, etc. Actual patrols and guard details will be carried out with live ammunition during the night.

Officers of Company F ask that business institutions which have men in the Guard be lenient in allowing their employees-members off early Saturday evening for this important meeting.

Bill Sewell, formerly of Tahoka and son-in-law of R. P. Weathers, is captain of the Slaton Guard unit.

Thursday night of last week, Major A. C. Jackson of the 39th Battalion issued orders from Lubbock at 8:15 p. m. for the battalion companies to mobilize, within 45 minutes every member of the Tahoka company except eleven out of seventy-five was in uniform, armed, and ready for duty. The mobilization was for practice only.

Monday night's drill consisted of close order drill by the company, platoons, and squads, and posting of the guard.

New Cafe Opened Thursday Morning

Mr. and Lee McFadden opened their new cafe Thursday in their new location in a building recently constructed for the purpose by A. I. Thomas on the lot, immediately south of the Deen Nowlin building on Sweet street. They served doughnuts and hot chocolate free Thursday.

Mr. and Mrs. McFadden have been in the cafe business a long time in Tahoka and had built up a good patronage in their former location. They invite their friends and former patrons to call at their new place of business any time.

IT'S JEFFERSON VS. HITLER

In the midst of war and a thirteen billion dollar bond campaign, the Nation nevertheless is taking time this week to celebrate the two hundredth anniversary of the birth of America's most distinguished champion of democracy, Thomas Jefferson. He was born on April 13, 1743, in Virginia. At the youthful age of thirty-three, he penned that immortal document, the Declaration of Independence. "We hold these truths to be self-evident," he wrote, "that all men are created equal, that they are endowed by their Creator with certain inalienable Rights that among these are Life, Liberty, and the pursuit of Happiness. That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed."

That is the very essence of democracy. It was a clarion call then and is a clarion call today to every American to enlist in the holy task of destroying the viper of Autocracy wherever it raises its venomous head. It was a declaration of war in defense of liberty and of the rights of men everywhere, and it will yet prove to have sounded the death knell to totalitarianism and

tyranny as a governmental policy in all lands and for all time. These two forces, Democracy and Autocracy, were aligned against each other in battle array in the American Revolution, and they are even more definitely aligned against each other in a world-wide struggle today. It's Jefferson against Hitler; and the forces of Jefferson are going to prevail.

Even in a great Democracy like our own, there are men in high places who love power. When little men are given big jobs they like to show their authority. They must be tolerated till the war is won, but when that is done they must be wiped off the slate. Our people have no more use for autocratic power exercised by little men at home than they have for autocratic power exercised by strong men abroad.

For a democracy to function most efficiently and satisfactorily, a high degree of education and general intelligence is necessary. We believe that after this war is over, more attention will be given to public education than ever before. We have an excellent public school system here in Tahoka and in many other of our towns and cities, but the standards and requirements will doubtless be greatly raised within the next few years. We are for education.

PROBLEMS IN RAISING CHICKS

By Carolyn Dixon
County Home Demonstration Agent
A&M Extension Service
Raising the chicks after getting them from the hatchery is the main problem for amateur poultrymen, sometimes for the more experienced, too. Proper spacing in the brooder house and disease prevention are the main elements in bringing them successfully into production. "And correct spacing is the chief of these," states George P. McCarthy, poultryman for the A. and M. College Extension Service.

Crowding opens the gate to diseases which pick off chickens that otherwise would become needed producers. The right capacity for a brooder house having 100 square feet, for example, is 200 chicks.

Fowl pox, or sorehead, and coccidiosis, levy a heavy toll on eggs and chickens. Both are preventable. Beginners, or those who have experienced outbreaks on their farm, should make vaccination of flocks for fowl "mud" this season, especially the pullets after the cockerels have been sold. Vaccination, which costs approximately one-half cent a pullet, is the safest chicken insurance.

Sanitation is the best preventive of coccidiosis — clean feeders and waterers, and clean, dry litter, with emphasis on dry. Coccidia need moisture to develop. Stirring the litter, moving the feeders and water fountains to new locations in the house daily will help prevent the disease. Feeding of sulphur in the mash, along with good sanitation, also has proven successful as a preventive. The recommendation is to add two and one-half pounds of dusting sulphur, or unconditioned 325 mesh sulphur, in 100 pounds of feed. Chicks must be at least three weeks old and running in the sunlight before sulphur is fed, and it can not be fed to chicks which are in batteries.

Additional information on poultry problems may be obtained from the offices of the Lynn county agricultural agent, J. C. Smith, and the home demonstration agent, Miss Carolyn Dixon.

Mr. and Mrs. J. L. Nevill had as guests from Tuesday to Thursday of last week Mr. and Mrs. Russell Fleming and baby Ronnie of Flagstaff, Ariz., and Mr. and Mrs. Luther Jones of Fresno, Calif. Misses Fleming and Jones are the former Misses Faye and Jodie Bob Nevill.

Mrs. Otis Spears, who had been residing here with her mother, Mrs. E. B. Terry, went to Roswell last week to remain with her husband as long as he is stationed there.

**LAW'S RECEIVE LETTER
PRAISING THEIR SON**

V. V. Laws of Grassland received a letter a few days ago from Pvt. Charles E. Davis of Camp Mackall, Hoffman, North Carolina, a youth whom he has never seen, but he prizes the letter, and friends brought it to The News office, deeming it worthy of publication. So here it is:

"Dear Mrs. Laws: I thought I would write to let you know how well I like your son. He is one of the nicest boys I ever met. He is a real friend. I guess you know that. But you can't find many boys like that. Does not chew, smoke, or drink.

"I have worked at several places where there would be a lot of boys and if I would start to the show with one he would want to stop and get drunk or would get sent out of the show for smoking. But at last I have found one and owe it to his parents (to let them know).

"I am an Oklahoma boy 18 years old but I have lived in several states. I haven't had much schooling, but I know a good boy when I see one.

"I saw your address on his dog tags as he was taking a shower. He does not know I am writing to you. Pvt. Charles E. Davis."

MIDWAY 4-H CLUB

The Midway Girls 4-H Club met in the school room at 11:15 o'clock March 23. The girls told how many War Bonds and Stamps each had. They also told about their projects. Those present were: Inez Rainey, Mary Draper, Hazel Lee Phillips, Hazel Ruth Johnson, Dorothy Rainey, Dovie Jenkins, Jaunell Phillips, Katherine Henry, Jackie Stephens, Martha Stephens, Betty Lou Henry, Sue Alice Lewis, Pauline Rainey and Veda Margaret Carlisle.—Reporter.

THE 2nd WAR LOAN DRIVE IS ON!

**America...you've
got to get tougher!**

A MERICA — Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair. Many of us have bought War Bonds out of extra cash, out of money we didn't miss too much. We haven't been really tough with ourselves.

But this war is a hard, down-to-reality war. And many of our boys are dying in it.

We've got to buy MORE

So your government asks you to buy Bonds and more Bonds—to get really tough with yourself. We're asking you to give up the frills and "extras."

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling.

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands.

If you could see

Look at it this way—suppose you had a magic carpet that could take you to Africa and New Guinea. Suppose you could hear the groan of American boys wounded, and American boys dying. . . . Saw now, how many Bonds would you buy?

That kind of war

THEY . . . are dying. And they would be dying until we drown the enemy in an over-

whelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That's why we're asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars—by buying War Bonds. 13 billions of extra dollars—over and above any buying that you'd be doing anyway!

A lot of money

Of course, 13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going without now. But also—it will mean savings now—to buy later. It'll mean giving up everything you can't square with your conscience, so that we, us, our children, can have a better, more decent place to live in when this war is won.

The drive is on

So during this month of April, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more?

Better yet, will you go to your Bank, Post-office, or wherever you're used to buying your Bonds—and buy NOW? Will you lend extra money this month? Money that can hasten the day of Victory? Money that can help to save American lives.

Money buys money

Remember, what you're really buying with your money is still more money. For after all, these Bonds are money! Money plus! Every

dollar you put into War Bonds will bring you a dollar plus interest.

So the more Bonds you buy the better for you. Americans — Get Tough — with yourselves — for your country.

EDITORIAL
 What am I to do when I finish school this year? This problem keeps bobbing up in students' minds as they come to the end of the school term. Most of them have been wondering if the war situation will affect their ambition to go to college. Most of the boys have already planned to enter military service, but the girls' decisions are still in doubt. College, as we all know, is an expense for our parents and since we are in war, would spending our money for college be wise? Even though we are in war, our education should not be forgotten. We have to consider the generation to come. If we forgot our education, would we be intelligent enough to carry out plans in the future? Certainly we should not put our education aside. We should go on to school so we can successfully take the place of those who now carry on our work. All students should go to college if it is possible for them to do so.

The Seniors have received their invitations. Most of the invitations will be in the mail by the last of April. They will also receive souvenirs which will be of good leather.

School Typewriters Have Gone To War

Remember the howl we put up when we discovered that four Underwood typewriters were missing? But we didn't mind after we were informed that these typewriters were going to help win the war by being reconitioned and sent to the Armed Forces.

Last Tuesday, Supt. W. T. Hanes received a letter from George L. Frymire, branch manager of the Underwood Elliott Fisher company. The letter is as follows:

"We are sure you will be interested to learn that the four Underwood Standard Typewriters which you recently surrendered from your typing class, after being reconitioned in our Service Department, have been shipped to U. S. Army Medical Officer, San Antonio, Texas. You may well be proud that your contribution to the War effort is serving our Army."

Juniors, Seniors Have Banquet

The annual Junior-Senior banquet was held last night in the Grade School gymnasium with approximately 88 Juniors and Seniors attending.

The theme was Western and little books were made as place cards, programs, menu, and the name of every Junior and Senior and sponsors attending Tahoka high school. The table was arranged in the form of a big T.

The program was as follows: Prelude, Mrs. Edwards; Invocation, Supt. W. T. Hanes; Piano solo, "Wabash Blues," Winston Redwine; Welcome Address, Ovid Luallin, president of the Junior class; Response, Noble Rumbo, president of the Senior class; Class Prophecy, Dorothy Lee Carmack; "When the Lights Go On Again," Pat Hill; School song, by audience.

Special guests attending the banquet were Mr. and Mrs. Prentice Walker and the faculty. The Home Ec. department prepared and served the courses.

The reception was held at the home of Mr. and Mrs. D. W. Gaignat.

Remember that the Junior play will be presented April 23 at 8:30 o'clock.

The News is sorry, but it was forced to leave out a part of the school news this week due to the labor shortage.

ASSOCIATION BACKING SALE OF BONDS

The old-fashioned doctrine of "work and save" is very much in the thinking of farmers and ranchmen as they lay plans to reach war production goals in 1943. Lee F. York, secretary-treasurer of the Lubbock Production Credit Association, reports that more than ever before farmers and stockmen are trying hard "to get their business in shape." He said that they are "paying their obligations down to a safe basis, making investments in conversion to full war basis and are writing into their plans for 1943 a heavier investment in War Bonds. Many are pledging to invest a certain part of production returns in War Bonds."

He said that the association's loan committee is helping individual members work out financing plans in advance to help them reach their war goals. "There is a feeling among the farm and ranch people that they want to get the most out of their places toward helping win the war and at the same time come out of the war in good and sound financial shape. War Bonds not only help finance the war now but they provide the family a reserve for peace times when readjustments have to be made and when many of the things now wearing out will have to be replaced."

The Association has been instrumental in the sale of \$12,000.00 in bonds in the past three months, and pledges now on hand total \$2,500.00 for future purchases. While the association will issue bonds to any purchaser, its sales efforts are concentrated on its 885 members.

Pvt. "Dub" Kenley, who has been here visiting his wife on a 15-day furlough, returned this week to his camp at Bryan.

Pvt. "Dub" Riddle of Bryan was home Monday on a three-day pass to visit his parents, Mr. and Mrs. Alec Riddle.

Staff Sgt. R. C. Wells of the Pampa Flying School spent the week end here visiting his parents, Mr. and Mrs. R. C. Wells, and family.

Workers Urged To Take Care of Social Security Cards

"Every time an American worker loses, destroys, or mutilates his social security account card, he is wasting as much money as it costs to provide thirteen bullets to an American soldier," John Palmer, manager of the Lubbock Social Security Board field office, said today. He asked that holders of social security cards safeguard them as a wartime conservation measure.

"Don't carry your card with you unless you must. Put it in a drawer, safe, or other place where you keep valuable documents. Know where the card is. Before putting it away, place it in an envelope and mark it: 'My social security card.' Then you will be able to find it in a hurry, if necessary."

"If you change jobs frequently, and need to carry your card with you, don't just stuff it in a pocket. Try to protect it against loss, wear, or mutilation. Never keep your card in your overall or shirt pockets. Many losses occur because the shirt or the overalls—together with the card—are tossed into the laundry tub."

Mr. Palmer also warned against using the card for identification purposes. He said the card is not only valueless for identifying persons, but such use results in wear and tear and shortens the life of the card.

Staff Sgt. Keith Connolly has transferred to an air school at San Antonio, according to his mother, Mrs. James Connolly. Since returning from the Southwest Pacific war zone a few months ago, he has been stationed at Ft. Yote.

Mr. Ervin Jones, who is manager of the Fulkerson station in O'Donnell, had the misfortune to fracture two of his fingers while unloading an oil barrel from a truck last Saturday.

Mr. and Mrs. J. L. Cunningham left Saturday morning, with their daughter, Mrs. Ruby Collins of Amarillo, to visit relatives at Houston and at New Orleans.

Sgt. David Weathers of the Army Air Forces, Pueblo, Colo., has been here several days visiting his parents, Mr. and Mrs. R. P. Weathers, and other relatives.

\$25,000 In Bonds Sold One Firm

That U. S. War Bonds are one of the safest and best investments that can be made is evidently the belief of the great insurance companies of the Nation.

As proof of this fact, Mrs. Gladys M. Stokes, local representative of the Southwestern Life Insurance company of Dallas, calls attention to the fact that this company, which invested \$25,000 in these bonds in this county Monday, is investing a total of nine million dollars in these bonds in this second War Loan campaign. "Since Pearl Harbor, the company has purchased more than \$24,000,000 of United States Government Securities, according to a statement received from the Dallas office," she says.

Individuals who have money to invest, whether it is \$18.75 or \$25,000.00, will do well to convert it into U. S. War Bonds. It would not only be a safe investment but it will help our country to win the war.

TAHOKA

Farm Loan Job

(Continued from page one)
been secretary of the school board for the past 12 or 15 years and has been very proficient in that position.

Mr. Johnson of the Federal Land Bank of Houston had a meeting with the directors of the Garza County Farm Loan Association on Tuesday morning and induced them to use the secretary-treasurer of the Tahoka Association as their secretary-treasurer also. Mr. Griffing will therefore serve both associations.

The board of directors of the Tahoka Farm Loan association is composed of R. C. Wood, president, A. J. Edwards, vice-president, Oscar Roberts, O. M. Stewart, and Carl Griffing, who retires upon assuming his new duties. Deen Nowlin, the retiring secretary, was elected as a director to succeed Mr. Griffing.

In view of these actions, it will be necessary for the Tahoka school board to select a new secretary, which it probably will do at its next meeting.

Recreation Parlor In Tahoka Closes

After operating for several years, the only pool hall in Tahoka closed its doors Saturday night. Threatened legal action together with a falling off of business was responsible for the closing.

Opposition to the pool room has flared up from time to time, and it became evident last week that legal action of some kind would be taken. An application for an injunction was presented to Judge Garland by the district and county attorneys, Rollin McCord and Calloway Huffaker last Tuesday, after the room had really closed, and the Court granted the writ. It was not served until Wednesday.

A domino parlor which has been operated for some months has also closed, in the face of threatened legal action.

J. L. Reese, who became seriously ill at church Saturday night and has been confined to his home since, is reported to be improving.

Pfc. Carma Reese of Fort Sill, Okla., has been here the past week visiting his parents, Mr. and Mrs. J. L. Reese.

HANES PROMOTED

Key Field, Miss., April 14.—Corp. Charles T. Hanes added a third stripe to his sleeves at Key Field recently when he was advanced to the grade of sergeant. Sgt. Hanes, son of Charles D. Hanes, Rt. 2, O'Donnell, has been a member of the Army Air Corps since his enlistment at Fort Bliss in February, 1942.

SGT. HOLMES OVERSEAS

Mrs. Aletha Holmes received three letters by the same mail Monday from her husband, Sgt. Shelton K. Holmes, who is now "across the seas" somewhere. His letters gave no intimation as to where he is, probably in Africa.

Lt. Randolph Rutherford, now in an Army camp at San Luis Obispo, Calif., writes Mrs. Irene Gallagher of Cobb's Department Store that he has missed only one issue of The News since arriving there and that one held more than ordinary interest to him because it contained the annual anniversary ad of the store. He says he really appreciates the old home paper.

Mr. and Mrs. S. A. Mensch and family, Miss Louise Pierce and Mr. Otis Mensch visited relatives in Coryell county near Gatesville the last few days. A big rain had just fallen in that country, they report, and everything was green and pretty.

Miss Irene Grider, daughter of Judge and Mrs. G. C. Grider, who joined the WAAC's about a month ago, is in training at Fort Oglethorpe, Ga.
