Post Antelopes Lose To Bulldogs By Score of 13-2

Tahoka Bulldogs won their second game of the season, the first in the 6-A conference race, last Friday night, when they edged past the Post Antelopes 13 to 2 in a game played before a large crowd in the Post stadium.

The Bulldogs rest this week, but will meet the Slaton Tigers at Slaton Friday night of next week. However, the Tahoka "B" team is playing Meadow her tonight.

The game with Post was a close, hard-fought battle, but the Bulldogs were not clicking as effectively as they did the week before in defeating Crosby on 21 to 0. Blocking was not as good. Then, too, the Antelopes had a little stronger opposition, particularly at the ends.

Tahoka's first score came in the first quarter on a line plunge by Joe Don Minor. The Bulldogs held the upper-hand throughout the first half, and threatened to score again, but in the second half, Post stiffened, and threatened to score itself. Early in the fourth quarter, a bad pass from the Tahoka center gave Post a safety and two points. Following the Tahoka kick-off from the 20-yard line, Post again threatened to score, but the Bulldogs again held, kicked out, recovered the ball in mid-field, and marched to another touchdown, Minor scoring on a 15-yard run. Barrington converted, making the score 13 to 2.

A large crowd of Tahoka fans followed the team to Post.

"B" String Plays Meadow Today

This afternoon the Tahoka Bulldogs "B" team take on the Meadow eleven on the local gridiron at 2:30.

This game will give our "B" team some experience and will make our reserves stronger for the first string boys as well. This should prove to be a pretty good game.

Superintendent Vernon Brewer says that there will be a small admission to this ball game to help pay for expenses.

We do not have any dope as who will play for the local club or the visitors, but they need your backing anyway, so go out there and root for them.

Wilson Wins Over Pettit, Score 13-0

The Wilson six man football squad defeated the Pettit six by a score of 13 to 0.

Owen Schneider scored both touchdowns for the Wilson team, and Sammy Kirbie added the extra point.

Wilson is going to be strong contenders this year for the district championship according to reports reaching this end of the county.

Grecian Wearing J. R. Wyatt Shirt

Some time last winter when the Baptist Church sent a collection of clothing overseas for the use of the poverty-stricken people of the war-torn nations of Europe, J. R. Wyatt of south Tahoka included in his contribution three white shirts, a pair of trousers, and a suit of underwear. He placed in the pocket of one of the shirts a request that the person who received it should write him to that effect.

This week he received the following letter from Boghos Minassian, 1st Parados Thiron No. 28, Old Koinia, Pirais, Greece.

Dear Mr. or Mrs. Wyatt: You wished to let you know whoever received this shirt to write you and send also the address.

First of all, I wish to thank you very much. The shirt suit me perfectly. Again I thank you for your kind thoughts to remember the poor people in Greece.

We are four persons in the family. I have a mother, a brother, and a father who is ill and has been about 30 years. He is 70 years old. Please write us soon. We shall be very happy when you remember us.

God bless you, dear. Yours sincerely, Boghos Minassian.

4-H Pig Show Is Being Held Today

Lynn County 4-H Club boys who were awarded registered pigs last spring as winners in the Sears Cow-Hog-Hen Contest will bring their gilts together Friday to compete in the County Show. Prizes to be awarded in this show will be in the form of purchase certificates, with which the boys can purchase feed and equipment to be used in connection with their swine project.

The judging of the gilts will begin at 2:00 P. M. Friday afternoon and will be held just east of the Tahoka Implement Company building. The public is invited to attend the judging. Club boys eligible to compete in this contest are as follows:

Wayne and Randall Hinkle, Charles Brookshire, Elmer Rush, Carlton Wilke, James McCall, John Lester Mason, and Alvis Williams.

Cub Scouts Are Active Again

The Cub Scouts resumed their activity program for this year with a meeting of the Den Mothers together with officials of the movement at the Grammer School Monday evening.

Alfred C. Smith of the Lubbock Boy Scout Office was present and gave instruction about the needs, the personnel, etc.

Mimes, O. F. Aycock, J. M. Uzzie, Mildred Nowlin, Herman Renfro, J. T. Wharton, John Witt, Roger Bell, Ted Clayton, Odelle King, and Marvin Wood are the Den Mothers. The Cubs met for their first meeting Wednesday afternoon immediately after school.

The Den Mothers will meet with Mr. Smith, Scout Field man, for their first instruction at the home of Mrs. J. T. Wharton Monday evening at 8:00 P. M.

Any boy who is of the Cub Scout age is urged to see Mrs. Wharton at the Wharton Implement Co. office, or Mrs. King at the Post Office, or Mr. Brown at the Grammer School, who will assist them in registration and place them with the proper den.

C. R. Roland Is Buried At Merkel

C. R. Roland, 72, of the Castle community near Merkel, father of Eugene Roland and Mrs. Lee Campbell of R. 1, Wilson, died of a brain hemorrhage at his home Monday.

Funeral services were to be conducted near Merkel followed by burial in the Merkel cemetery Tuesday afternoon.

Two other sons, 11 grandchildren, and two great-grandchildren survive. It is understood that the Lynn county relatives attended the funeral services. Mrs. Eugene Roland of this county is a sister of Borden and Vernon Davis of Tahoka.

WILSON MAN GETS LEG BROKEN

Paul Limmer, 48, general foreman of the Farmers' Coop. Gin at Wilson, fell from the door of a box car at that place last Tuesday and broke both bones of one of his legs just below the knee. D. C. Newsom, who operates the gin, turned surgeon double-quick and set the bones back in place, and he did the job so perfectly that when Limmer was taken to the Mercy Hospital at Slaton the surgeon found the bones already properly set.

The wound was surgically dressed and when Mr. Newsom was in the News office on business Thursday morning, Limmer was already back at home.

Mr. Limmer has been employed at the Farmers' Gin for 20 years.

OTHERS IN COLLEGES

Last week The News attempted to list local students who are attending colleges this year.

Among the names not listed by The News were Gladys Evonne Beard and Charles Florence, who are students at Texas Tech, and Lloyd and Jim Crawford, who are entering West Texas State. All are from the Draw vicinity.

Post Youth Is Critically Hurt In Wreck Here

James Waters of Post, 20, suffered serious injuries, the bones of the lower right leg being broken and the flesh terribly lacerated, in a highway accident just on this side of the railway tracks and near the Burleson Grain store at about 2:40 o'clock Wednesday afternoon.

A Stanley ambulance was called immediately and the injured man was rushed to the Tahoka Clinic and thence on to Lubbock Memorial Hospital, where it was found necessary to amputate the mangled leg just below the knee.

The accident happened when a motorcycle on which Waters was a passenger, coming west, was passing the rear end of a coupe driven slowly by G. M. Stewart, who had been going east and was turning to the north at the east or rear end of the Burleson Grain building. L. B. Pate of Post was the driver of the motorcycle and Waters was mounted on the machine behind him. To avoid a collision with the coupe, Pate slowed down and veered his motorcycle to the left but evidently not quite far enough, for the right foot of Waters was caught in the hook of the rear bumper of Stewart's coupe and he was dragged off of the machine. Pate received only slight injuries.

Stewart knew nothing of the accident until after it had occurred.

Sam Reid's Father Dies At Waco

An item which escaped us at the time was the death of Sam Reid's father, Sam G. Reid, 84, who died in Waco about three weeks ago. Funeral services were conducted in Oglesby, where he lived. Sam had been called to the father's bedside before his death and was there when he died. Mrs. Reid hastened down following his death to attend the funeral services and accompany her husband back home later.

Surviving are the aged companion, three sons and two daughters, all of whom also were present at the funeral services. One of the sons lives in Houston and another in Christopher, Ill. One of the daughters lives in Waco and the other at Oglesby.

METHODISTS ENTERTAIN SCHOOL FACULTY

The Methodist men and women entertained the school faculty with a "School Days" program Tuesday night in the basement of the Church.

Those taking part in the program represented the various teachers, with Ann Thompson as Miss Etta Peach, the teacher.

The teachers expressed their delight in seeing themselves imitated in such a hilarious way.

Coffee and doughnuts were served to around 200 persons by Mary Ann Jones, Savannah Lou Tunnell, Barbara Wells and Joann Henderson, Ushers were Thomas Fulker-son, Sergeant Murin, James Eubanks and E. A. Parks.

LOUIS BOTKIN ENROLLS AT HARDIN SIMMONS

Mr. and Mrs. V. L. Botkin accompanied their son Louis down to Abilene Tuesday, where he enrolled as a student in Hardin-Simmons University. He will major in Music.

Louis is already a talented pianist and had intended to go to New York City to study music, but knowing that he might be called into the service and would therefore not be permitted to remain in school long, he decided to remain nearer home. Hardin-Simmons is said to have an excellent music department any way.

REV. LLOYD GENTRY RESIGNS REDWINE PASTORATE

Rev. Lloyd Gentry, who has been the efficient pastor of the Redwine Baptist Church for considerably more than a year, has tendered his resignation and moved to Brownwood, where he expects to complete his college course. He and his family left Monday.

Before accepting the pastorate of the Redwine Church, Rev. Gentry had been pastor at Wilson for a year or more. He and his family have made hosts of friends in Lynn county during their residence here.

Be Careful With Your Poison!

The men who haul refuse from the garbage cans of the city have asked the News to sound a warning to the business people about throwing poison into cans.

The reason which they give for the warning may bring a surprise to many people but they say that there are a few small children, mostly Mexicans, who visit the dumping grounds occasionally and have been seen to gather stale food from the garbage and eat it. They think that there is real danger of these children getting poisoned in this way.

We pass the warning on for what it may be worth.

Henry Sayles, Colored, Dies

Following a long period of ill health, his condition being serious for the last few days, Henry E. Sayles, colored, a resident of Lynn county for almost 15 years and a leader among his people, died at his residence in northeast Tahoka at 11:30 o'clock Sunday night.

Funeral services will be held here but the time can not be announced pending word from a son, Pvt. Aron Sayles, who is doing service in the Army and is supposed to be on Okinawa. He had often indicated that if anything serious should (Cont'd. on last page)

Elliott's Nephew Drowns On Luzon

"Slim" Elliott returned Monday night from Pampa, to which place he had gone on Saturday night to visit his sister, Mrs. Marie Noel, who had just received official information of the death of her son, Roy B. Noel, a soldier in the service on Luzon island. The meager information given her was that he had met his death by drowning, on Sunday, September 15, but none of the details nor circumstances were given.

A message was received Thursday, however, stating that the body was being sent back by plane.

Deceased was a grandson of Mrs. J. C. Evans of this city, who is "Slim's" mother. He had been in the service about three years. More definite information is expected soon.

Mrs. T. B. Burrough left Monday for Larue, Henderson county, on account of the serious illness of Mr. Burrough's father at that place.

ROCKET DESTROYER — This heretofore secret guided missile, designed as a potential defense against possible attack by high-speed, high-altitude enemy aircraft, is shown here when fired for the first time. Known as the "GAPA" (Ground-to-Air Pilotless Aircraft), these prototype projectiles are pencil slim, 10-foot long missiles which, when perfected, are expected to be capable of seeking out and destroying possible enemy weapons before they can reach their targets.

City's Business Area Continues To Grow

Gagnat Motor Business Opens

Work of remodeling and equipping the new Gagnat Motor company, of which W. V. McElroy is manager, has been completed, and the business is now in operation. Jim Ward, a skilled mechanic, is in charge of the service department.

The building which has a 100-foot front on Main Street and extends west to a 50-foot front on Sweet Street is one of the most beautiful and most modern in town.

South half of the building, which was originally built by Knight and Brashear, has been joined with the adjoining building on the north formerly occupied by Tahoka Motor company, with a continuous glass and tile front. Both buildings have been remodeled and redecorated, the most modern of offices and display rooms being located in the corner building.

In this room, 50 by 62 feet in size, sales and display of Dodge and Plymouth automobiles, parts and accessories, and household appliances will be made.

In the north building, the front part is being used, at least temporarily, for display of furniture, but the rear, a space 50 x 95, has been equipped completely for the servicing of automobiles. Among the new equipment installed, are boring bar, valve and pin-hole machines, lathe, steam cleaner, etc.

Jim Ward, the serviceman, is well known here, having operated his own shop at O'Donnell 11 years, and having worked for Douglas Henderson Machine Shop, J. K. Applewhite, and others before going to Brownfield, and later to Littlefield. McElroy says he now has the best Dodge-Plymouth set-up in this entire section.

Walls Going Up On New Structure

The walls of the big Littlepage building on the east side of the Square have been completed up to the height of the ceiling. The work has been proceeding rather slowly on account of the difficulty encountered in procuring material.

It was stated in the News when this building was started that it would be occupied by the Kaiser-Frazier Company for the sale of the automobiles which it is manufacturing, but Mr. Littlepage says that no contract has been made with that company yet. He does not know who will occupy it.

The building is 50 feet by 125 feet in size, fronting west of the public square. It is being constructed of concrete blocks and will be plastered inside and outside and given a white dash. In appearance it will be much like the white buildings on the south side of the square but much larger.

Future progress in its construction will depend on the ability to procure building material as needed.

Burleson Plans For New Building

W. L. Burleson stated to a representative of the News this week that while he does not expect to begin immediately the construction of his new building for his Ford business, yet he does hope to begin it as soon as he is assured that plenty of the best grade of building material may become available. Bill says that when he builds, he wants to build a structure of the most substantial and modern type. It will be situated on the lot just west of his present business and will doubtless be one of the largest, handsomest, and most substantial buildings in town.

There are rumors to the effect that another trader company is coming to Tahoka also and plans to construct a nice building here.

John Heck of Wilson is undergoing treatment this week in the Tahoka Clinic.

Robinson Starts Large Building

Construction of one of the largest business houses yet built in Tahoka was begun last week. Hall Robinson is having a building 50 feet front by 125 feet deep constructed on a lot recently purchased by him situated on the south side of the main highway passing east and west through Tahoka two and a half blocks east of the traffic light. The building necessarily faces the north.

It is to be built of brick and tile, with a glass front and a glass section of the side walls extending back 14 feet on each side from the front. It will be beautifully finished inside and outside and undoubtedly will be one of the most substantial and attractive business buildings in Tahoka.

Trenches for the concrete foundation had been finished and forms were being set Tuesday when a representative of the News visited the site. Mr. Robinson stated that gravel was being loaded out of Sweetwater on that day and he expected the pouring of the concrete to begin Wednesday. He thought that the laying of brick might begin by the end of the week.

Bus Mullen is superintendent of construction, and he opined that it would take at least 60 days to complete the building with fair weather.

The foundations are being laid unusually deep and will be heavily reinforced with steel.

Mr. Robinson has already acquired practically all of the steel, brick, lumber, and other material that will go into the building and he does not contemplate that there will be any serious delay in the construction and completion of the building.

The lot on which the building is being constructed has a depth of 200 feet back from the street, Mr. Robinson declares, and in addition to this lot he has recently acquired two other lots, each the same size, one on the east side and one on the west side of the lot on which the building is being constructed. A concrete surface will be laid on at least one of these lots as a parking place for customers.

Needless to say, the building will be occupied by The Lynn County Motor Company, of which Mr. Robinson and son are the owners.

This building and others to be constructed will have the effect of extending the business section of the town decidedly eastward. And it will be a building of which all Tahoka will be very proud.

Koss Building Small Structure

C. C. Ross began early this week the rebuilding of a small structure on the north side of the Tahoka-Post highway on the second block east of the traffic light which has been used heretofore chiefly as a cold drink stand.

The rebuilt structure will be much larger. It will be about 20 feet wide and will extend back from the sidewalk some 30 or 40 feet. It will be used as a gasoline service station and grocery store, Mr. Ross states. It is to be a frame structure, stuccoed outside and neatly finished inside—a neat little building that will distinctly add to the attractiveness of that street.

Florence's Father Dies In Georgia

W. Z. Florence returned on Wednesday of last week from Lincoln ton, Georgia, where he had been called some three weeks previously by the serious illness of his father. The father, W. Z. Florence, Sr., about 85, passed away on September 11 and Mr. Florence attended the funeral services there.

Mr. Florence had visited his parents rather frequently during their later years and had lost his mother about 19 months previous to his father's death.

MY SOUL

Math. 10:28 and 16:26
 That man as contemplated in the above passages has a soul is not questioned by those who believe the Bible. We cannot really comprehend what it would mean for one to "Gain The Whole World". Yet the Lord places a greater value upon our soul than all the material wealth of the world. Then the importance of us knowing whether we are saved or not, becomes a question of great importance. Is it possible for us to "KNOW" whether we are saved or lost? I am persuaded that the saved in Christ may know that they are children of God. 2 Tim. 1:12; 1 Jno. 1:5. We need not spend life in doubt and die in despair.

That we cannot know whether we are saved is based on a false doctrine of the evidence of pardon. Many people believe that "feelings" is an evidence of pardon. That such is not true is proven by those who claim to believe that doctrine. They know by their own experiences that they some times feel one way and then another about the matter. There is uncertainty.

One man says he knows he is saved because of certain feelings he has experienced at some time and place. Another says he feels happy because he knows from the testimony of God's word that he is a Christian. To one feelings is an evidence of pardon; to the other feelings is the result of knowledge of pardon. These theories cannot both be right. In material things we are agreed upon as evidence of being agree that feelings cannot be a right. Example. Mr. "A" desires to go to a certain place. He gets on a train going in the opposite direction to where he wants to go. He feels he is right; but he is wrong and we know it. For him to feel or think he is going right does not make it right. Just so many people think or feel like they are on the road to heaven, but they need to consult the Divine Guide—The Bible. By so doing they may find that they are members of a church that the Lord has said nothing about. They may be traveling a way that "Seems Right" but the end thereof are the "Ways of Death". Prov. 14:12. Friends save this article and read this column next week for more on "How We May Know We Are Saved."

Address questions and criticisms to Price Bankhead, Post, Texas, Rt. 3.

GUARDIANSHIP OF CHARLES CATHEY McLAURIN, A MINOR

No. 554, in the County Court of Lynn County, Texas.
 To all persons interested in Charles Cathey McLaurin, a minor, or his estate:
 You are hereby notified that I have, on the 24th day of September, 1946, filed with the County Clerk of Lynn County, Texas, an application under oath for authority to make and execute to Ray A. Albaugh, of Lamesa, Dawson County, Texas, as lessee, an oil, gas and other minerals lease on the undivided one-half (1/2) interest in and to the oil, gas and other minerals in, upon and under that certain tract of land situated in Lynn County, Texas, and belonging to said minor, to-wit:

All of the East One-half (E. 1/2) of Survey No. Seven (7), in Block "O", H. & O. B. R. Co. Grantee, and containing 320 acres of land; that the Honorable Tom Garrard, Judge of the County Court of Lynn County, Texas, on the 24th day of September, 1946, duly entered his order designating the 5th day of October, 1946, at 10:00 o'clock, A. M., in the County Court room of the Court House, of such County, at Tahoka, Texas, as the time and place when and where such application will be heard, and that such application will be heard by said County Court at such time and

MANY VISITORS HERE FOR LEDBETTER FUNERAL

Out-of-town relatives here last week for the funeral of Mrs. R. P. Ledbetter, which was conducted in the First Baptist Church on Thursday, included the following: Sgt. and Mrs. Byron Darnell of Camp Hood, Killeen; Mr. and Mrs. Herman Richburg and son of Hermleigh; R. J. Richburg and Misses Eva and Era Richburg of Inadale; Mr. and Mrs. A. J. Collier of Hermleigh; and Mr. and Mrs. Brady Nix of Crane.

Out-of-town friends were: Mr. and Mrs. J. M. Noble, Mr. and Mrs. R. E. Townzen, Mr. and Mrs. P. E. Askew, Mr. and Mrs. A. R. Tyler, and Mrs. E. D. Yeatts, all of Brownfield; Mr. and Mrs. Virgil Phipps and Mrs. D. J. Bojch of Lamesa; Mr. and Mrs. J. M. Graham of Ashtola, Donley county; Mrs. McQuaid of Hermleigh; and others whose names are not available.

CARD OF THANKS

We wish to express our thanks for all the kind deeds, words of sympathy, and floral offerings during the illness and death of our mother and grandmother. May God bless each of you.—The Ledbetter Family.

NEW-HOME P. T. A. HAS BUSINESS MEETING

The New Home P. T. A. met last Friday at 3:45 with a large attendance. The secretary read a letter explaining the work of the Parent-Teachers association. The by-laws of the club were read and accepted. The P. T. A. decided to have a general business meeting the first Friday of each month and on the third Friday a night meeting as program night.

Mr. Pace talked to the group on the new text books and the finances of the school.

Mrs. Henry Heck was elected historian. She took pictures of the P. T. A. members in order to make her history more complete.

MISS FENTON PLEDGED

Austin, Sept. 26.—Miss Mary Beth Fenton, Tahoka, student in the University of Texas, is among the 459 coeds pledged by the 18 sororities on the campus. She has been pledged by Chi-Omega.

BROTHERHOOD ORGANIZES AT NEW HOME

A number of Tahoka men went out to New Home Tuesday night to give a brief Brotherhood program and to witness the completion of the organization of a Brotherhood in the Baptist Church there.

At a previous meeting the organization had been partially effected, Wayman Smith having been elected president, A. C. Fillingim first vice-president and chairman of the membership committee, and Boswell Edwards secretary.

On Tuesday night Henry Heck was elected second vice-president and program chairman, and Lloyd McCormick third vice-president and activities chairman. A number of other committees also were appointed.

Talks were made by Rev. Levi Price, L. D. McKee, Randall Densman, and E. I. Hill, all of Tahoka. Other Tahoka visitors were E. J. Cooper, P. A. Nowlin, E. B. Gaither, and O. C. Elliott.

Slightly more than twenty New Home men were present. A sumptuous chicken feast was served by the hostesses.

FIFTH SUNDAY SERVICES AT GORDON CHURCH OF CHRIST

Three Fifth Sunday services are to be conducted by the Church of Christ at Gordon next Sunday, as follows:

- 10 a. m. to 12 p. m.—Bible study and communion.
- 3 p. m. to 4:30 p. m.—Singsong, with Evangelist Moyer of Slaton speaking. Lovers of vocal music are all invited to be present.
- 7:30 p. m.—Regular services.

CARD OF THANKS

We are truly grateful to the many friends for their words of sympathy, for the beautiful flowers, cards, and all kindnesses shown us in our recent bereavement. The loss of our dear one, Mrs. Emma Larkin, is a heavy burden. May God bless you all.—Mrs. A. P. Houston, Mr. and Mrs. Frank Larkin.

LEHMAN IS PLEDGED

Austin, Sept. 26.—At the end of the fall rush period at the University of Texas, 1922 women have been pledged to the Phi Kappa Psi Fraternity. Among them is Irvin Lehman of Tahoka, who is a member of the Phi Kappa Psi Fraternity at the University of Texas.

Scene from the action packed western, "In Old Sacramento," with Bill Elliott, Constance Moore and Eugene Patterson.

New York Pier Town in Itself

No Housing Problems There With Bunks for 6,000 Speeds Discharges.

NEW YORK.—Nowhere in the world, on sea or shore, is there a town comparable to Pier 92 at Sloat Point, and the North River, which was turned into a receiving station during the war. It is the only known project which a large pier ship building company has ever undertaken in many ways. It is a town in itself, with a large city and a large town. It has a large city and a large town. It has a large city and a large town.

Like any American town, it has several restaurants, a movie theater, and a large city and a large town. It has a large city and a large town. It has a large city and a large town.

Probably one million navy men have been handled through Pier 92. As many as 30,000 are processed through the tremendous land-anchored pier in a single month.

Presently about half of these are sent to separation centers for discharge, and the others go to ships for new assignments. Officers in command have received no orders concerning future operations, but it is expected that the pier will continue to operate.

The navy leaves the pier from the city of New York, and the pier is used by the navy. The pier is used by the navy. The pier is used by the navy.

New Yorkers, faced with a housing shortage and sometimes sleeping eight to a room, might be envious if they saw Pier 92's big bedroom, nearly one-fourth mile in length, and three-tiered bunks at one end.

In the future, the pier will be used as a midshipmen's school. The pier will be used as a midshipmen's school. The pier will be used as a midshipmen's school.

MRS. HAMILTON GAVE SHOWER FOR BRIDE

Mrs. Ed Hamilton recently honored Miss Gretta Joyce Beard, who became the bride of B. Williams on Sept. 18, with a miscellaneous shower in her home. Misses Cowan, Anderson, Shaw, and Turner rendered vocal numbers, and a number of other guests were present. Many beautiful and useful gifts were brought by friends. The house was decorated with flowers and streamers.

Let Us Show You This GATSBY TIRE

Special Design for Postwar Driving. You postwar driving is a lot more demanding on tires and hatbox. You want tires that will actually meet your heavier driving requirements. That is why Gatsby designed and built this tire especially to withstand the heavier loads of postwar driving. Having built this tire upon thousands of military tires for our armed forces, Gatsby put all of this experience behind this postwar tire. Behind it, too, are over 1 1/2 Million Miles of road testing. It is heavily overloaded, at continuous speeds of 60 to 80 miles per hour for 24 hours at a time. You can put this tire on your car with utmost confidence. Let us show it to you. Call us at 100-1000.

LIQUOR DRINKING RISES

The Austin correspondent of the Abilene Reporter-News has given that paper and its readers the low-down on liquor drinking in Texas as reflected by the liquor stamp tax collected by the State. His figures show that there has been a startling increase in the amount of hard liquor and beer consumed during the past two years.

The tax on hard liquor, he points out, is \$1.28 per gallon. This tax brought into the state treasury during the fiscal year ending August 31, 1946, a total of \$11,712,451.66 which was an increase of \$2,579,907.14 over the preceding year. At \$1.28 per gallon, it would require 9,150,353 gallons or 73,202,822 pints to yield that much tax. It

STATED MEETINGS

Visitors welcome.
C. E. McCLELLAN, W. M.
L. A. Forsythe, Secretary

would mean also that the tax was paid on 2,015,556 more gallons than in the preceding year.

Taxes collected from beer during the year just ended amounted to \$3,275,243.81, an increase of \$199,471.80 over the preceding year. The tax on beer is 9 cents on a case of 24 bottles. This would indicate that taxes were paid on 873,398,328 bottles last year, an increase of 53,192,472 over the preceding year.

In percentages, this would mean that the people of Texas consumed 22 percent more hard liquor and 6 percent more beer during the past year than they consumed the year before.

If this percentage increase should continue for a few more years it would look like we were headed toward the goal of total inebriation—nation of "Big Drunks."

Isn't it about time to call a halt?

One of the most discouraging aspects of the liquor problem is that so many women are becoming addicted to the liquor habit. Like the cigaret habit, the drinking of liquor by women seems to be becoming more common with every passing year. We wonder what our nation will be if and when our men and our women alike become a nation of drinkers.

The liquor habit is almost as fatal to a man's usefulness as the drug habit and possibly a hundred times more common. We enact strict laws to stamp out the sale of "dope" but laws designed to stamp out the sale of liquor are regarded as fanatical and foolish. We wonder why.

The furor created by Wallace's Madison Square speech has about led out since he was kicked out of the cabinet. It was a terrible blunder on the part of our President to place his stamp of approval upon it before it was made, or even to approve Wallace's right to make it while a member of his cabinet. When the furor immediately arose and grew to a high pitch, president Truman continued to try to carry

MANY NEW HOME STUDENTS ENTER COLLEGE

(By Mrs. A. L. Pace)
(Delayed)

Vacation time is past and many of the youth of New Home community are enrolling in many colleges. The former New Home students entering college this week are: Charles Hammons, who will continue his studies at McMurry. He has been in the Navy for several years.

Wayne Nelson will continue his studies at Tech. This is Wayne's second year.

Mac Rodgers from Petty is entering Hardin Simmons.

Eudania McCormick, who is a last spring graduate of New Home High school, will enter Baylor University at Waco this week. She is majoring in Applied Arts and minoring in music.

Loyd Russell McCormick, who graduated from New Home in 1941 with high honor points and was declared the best all-around boy, will attend Hardin Simmons University at Abilene. Loyd Russell attended Wayland in 1941 and stopped in 1942 to enlist in the Marines.

Rodney Heck will continue his studies at Hardin Simmons. He has been in the Navy for several years.

Billy June Balch, who graduated last spring, will enter Hardin Simmons this week. She is majoring in Business Administration.

Peggy Ruth Smith, daughter of Mr. and Mrs. Wilmer Smith, is entering Tech again for her second year in Pre-med. She is staying in dormitory No. 2.

A. C. Fillingim, Bill Timmons, and Harvey Dell Knight, all last spring graduates, will enter Wayland. Wayne Timmons and R. L. Fillingim will also continue their studies at Wayland this year.

Ted White, who has been in the Merchant Marines for several years, will enter West Texas State Teachers College at Canyon.

FORRESTAL TO ADDRESS PETROLEUM OPERATORS

DALLAS, Sept. 29.—Navy Secretary James Forrestal will address the State's petroleum operators at the Victory Meeting of the Texas Mid-Continent Oil and Gas Association Oct. 17 and 18 in Houston. Andrew M. Howsley, general counsel, announced here today.

Mr. Forrestal, Secretary of the Navy since 1944 and Under Secretary for four years prior, will speak Oct. 18 on "Oil and Victory." The home of the meeting is petroleum's part in helping win the war, for which Texas alone supplied nearly three-fourths of all the nation's increased oil needs.

In accepting the cabinet member wrote: "In reply to your recent invitation, I shall be most happy to address the members of the Texas petroleum industry at their Victory Meeting on Oct. 18. The story of oil in relation to our final victory is an amazing one, and I shall do my best to do it justice."

Secretary Forrestal will be welcomed by a committee of Texas friends and former class-mates at Princeton University, headed by George A. Hill, Jr. of Houston. Mr. Forrestal is one of several outstanding speakers for the meeting, first general gathering of the States oil and gas operators since 1943. Mr. Howsley said.

The session will mark the association's twenty-seventh anniversary as research and service organization for the Texas petroleum industry.

water on both shoulders by forbidding Wallace to make any more speeches of that kind but permitting him to remain in the cabinet. This left the world in a state of confusion as to whether the administration was standing firmly behind Secretary Byrnes and his aides in Paris or not. It is reasonably certain that he would not have fired Wallace at all if Byrnes, Connally, and Vandenberg had not virtually demanded it. The President has lost much prestige by reason of the bungling manner in which he handled this regrettable affair.

DRAUGHON'S BUSINESS COLLEGE
Lubbock, Texas

SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for 1 1/2, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may enlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 30 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

TAHOKA PEOPLE RETURN FROM VISIT WITH FATHER

J. L. Cunningham and his sister, Mrs. S. J. Cowart, returned last Friday night from Terrell, Kaufman county, where they had spent two weeks visiting their aged father, S. E. Cunningham. The aged man was 99 years of age on August 31—not 100 as erroneously stated in these columns a week or two ago—and is confined to his bed. They do not believe that he can live but a few weeks at the longest. He is conceded to be the oldest man in Kaufman county. He had two or three brothers who also lived to be ninety or more. Born in Mississippi, the aged man has been in Texas 62 years and has lived on the same place for 57 years, the son says.

W. S. C. S. ENTERTAINED IN MARVIN WOOD HOME

The Methodist Women's Society of Christian Service was given a "Come as you are" coffee Monday morning, September 23, in the home of Mrs. Marvin Wood. The house rang with fun and laughter from the forty women attending. Assistants were Mrs. H. A. Nichols, Mrs. C. L. Steele, Mrs. A. E. Ware, and Mrs. V. C. Steele.

Mr. J. H. Sheffield of Big Spring visited his grand daughter, Mrs. Neal Stanley and family here last week. Mrs. J. L. Terry came and spent the week-end with the Stanley's and her father accompanied her back to Big Spring.

Miss Virginia Ray Jones, daughter of Mr. and Mrs. V. F. Jones, is teaching this year in a school near Coleman. This is her first experience but so far she is well pleased with the work.

OKLAHOMA RAISES 12-INCH CORN

Mr. and Mrs. J. L. Tomlinson returned Monday from a week's visit with two sons and a daughter living in Oklahoma. Roy Tomlinson of Bennington, J. L. Jr., of Durant, and Mrs. Flora Kelsey of Choctaw. They brought back with them several ears of the corn which their son Roy has raised and was gathering on a big farm near Dennington in the Red River Valley, Bryan county. The ears were very long and slender measuring from ten to 12 inches in length, of the Reed's Yellow Dent variety. The corn was measuring out about 50 bushels per acre and was selling at the end of the row at \$1.50 per bushel.

Now this is not intended as a boast for Oklahoma, but we do understand that they raise lots of good corn over there, both the solid and the liquid varieties. Mr. Tomlinson brought back none of the liquid product, however.

METHODIST NOTES

The Visitation Evangelism is in full swing now. It promises to be a big success. The teams are making good reports of their success. The work will continue through next week and the first Sunday will mark the closing of this special campaign. On that day Protestantism will observe world-wide Communion.

Last Sunday three united with the church by vows and baptism. Every department of church work is on the upward move.

Sunday is Rally and Promotion Day. We should have 350 in Sunday School. Your presence will help make that number. Will you be there? Services are at 11 o'clock in the morning. Intermediate and Young people meet at 6:45 and evening services at 7:30.—H. A. Nichols, Pastor.

MANY VISITORS HERE FOR THE LARKIN FUNERAL

Several out-of-town relatives and many out-of-town friends were here last Sunday attending the funeral services for H. M. Larkin, who had died at his home in Jacksonville, Florida, but whose body was buried here where he spent so many years of his life.

Among the relatives here from a distance, in addition to his widow and his daughter, Mrs. Arnold Houston from Florida, were Miss Lola Lewis and Mrs. Stoney Smith and son Fred of Ingram, and Mr. and Mrs. A. B. Davis of Ballinger.

Among the friends from out of town, we noted Mrs. G. E. Lockhart, J. B. Walker, and others from Lubbock. Matt Williams from Tokio and old-timers from various communities in Lynn county.

Mr. Larkin was in business in Tahoka for about 30 years.

Funeral services were conducted in the Stanley Funeral Chapel by Rev. Riddle, the Presbyterian Minister at Levelland, in the presence of a crowd that overflowed the building.

BRIDAL SHOWER FOR GERRY MILLIKEN

On Tuesday evening of last week Miss Gerry Milliken was honored with a bridal shower of miscellaneous gifts in the home of Mrs. Shorty Chestnut. Mina Buckmaster was co-hostess with Mrs. Chestnut.

Mrs. Herman Renfro and Miss La Myrl Ramsey had charge of the registration and Misses C. W. Conway and Louis G. Allsup presided over the lace covered refreshment table. Fall flowers decorated the table and entire reception suite.

During the calling hours, six to eight thirty, Miss Milliken opened and displayed the many lovely and useful gifts to be used in her new occupation of home making.

Please do not knock down Engineer's stakes on highways. 47-4fc

Brazil's Coal Output Stimulated by War

Brazil's coal production rose from about 500,000 metric tons in 1931 to 907,224 in 1939, then jumped to 2,034,311 in 1943 as wartime shortages of imports stimulated the development of mining at home. Imports dropped from 1,700,000 tons in 1937 to about 600,000 in 1943.

Mining of Brazilian coal, long retarded by transportation difficulties and lower-cost imported coal, has been aided in recent years by government loans and tax exemptions. While few deposits of high-grade coal have been developed, Brazil has extensive bituminous deposits, largely rated as low-grade.

Total reserves in the four states of Rio Grande do Sul, Santa Catarina, Parana and Sao Paulo, where the chief deposits are located, are calculated at 5 billion metric tons.

Congratulations . .

Mr. and Mrs. T. B. Mason upon the birth of a son, at 6:30 a. m. September 21 at Seale Clinic. He will be called Joe Robert.

A LOCAL LADY SPIT UP ACID LIQUIDS FOR HOURS AFTER EATING

For hours after every meal, a local lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloating, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking INNER-AID. Her food agrees with her.

No gas, bloating or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound. INNER-AID contains 12 Great Herbs; they cleanse bowels, clear liver and kidneys. Miserable people gas from stomach, act on sluggish soon feel different all over. Se don't go on suffering! Get INNER-AID Sold by all drug stores here in Lynn County.

ADJUTANT GENERAL—Major General Edward F. Witsell, Adjutant General of the Army, directs the verification of claims for settlement of unused leave made by honorably discharged soldiers of the Army. Forms for use by enlisted members of the armed forces are now obtainable at post-offices throughout the country. General Witsell is a native of Charleston, S. C., a graduate of The Citadel in Charleston and was commissioned in the Regular Army as a second lieutenant of Infantry in 1912. He served on the Mexican border in 1916 and in 1918, was appointed assistant chief of staff at headquarters of the Hawaiian department. He was named Adjutant General in January, 1946.

TWINS GIVEN SURPRISE BIRTHDAY PARTY

The friends of Joyce and Lois Veach, twin daughters of Mr. and Mrs. John Veach of Draw, gathered at their home for a surprise birthday party Friday night. Lovely gifts were presented to the girls. Refreshments were served to about forty guests.

CAPT. BROWN VISITED RELATIVES HERE RECENTLY

Mrs. Pearl Brown and Frank have been enjoying a visit from their son and brother, Capt. J. E. Brown and family. Capt. Brown has been stationed on the East Coast. While here Mrs. Brown and the others visited one of her daughters, Mrs. O. D. Pierce at Nocona.

Mrs. A. E. Herring has been quite seriously sick the past week or ten days. A part of the time she has been a patient in the Tahoka Clinic.

Tommy Barber was released from Seale Clinic late Wednesday afternoon after treatment of injuries received in a fall from his horse a week earlier.

TWO DAUGHTERS OF G. R. MILLIKEN WED

Mr. and Mrs. G. R. Milliken have announced the marriages of their daughters Gerry and Donna Sue.

Donna Sue was married to Alton Ray Gardner at Fortasies, New Mexico, Saturday, September 14th, at the home of Rev. W. E. Barnes, Pastor of the First Baptist Church in that city, who used the double ring ceremony.

The bride is a graduate of Tahoka High School, and a former student of Texas Technological College.

The groom is the son of Mrs. L. B. Gardner, 1634 17th St., Lubbock. He was reared at Ropesville, and graduated from the Ropesville High School in 1944. He served 26 months in the Navy as a yeoman 2nd class; received his discharge in May of this year, and entered Texas Tech. They will reside in Lubbock, where Mr. Gardner will continue his studies at the College.

Gerry was married to Olin Renfro at the home of Rev. Geo. A. Dale, 2112 25th Street, Lubbock, Thursday Evening at 6:30, September 19.

Mrs. Mina Buckmaster was Matron of Honor and Mr. Herman Renfro was best man. They were attended by Mr. and Mrs. Wilson Edwards, Mrs. Herman Renfro and Miss Robbie Milliken.

The bride is a graduate of Tahoka High School, and is at present employed by Lyntegar Electric Co-operative. The groom is the son of Mr. and Mrs. W. N. Renfro of Garland, Texas. He served many months in E.T.O. in the Army. Mr. Renfro is employed by Wharton Motor Company.

They went on a trip to Dallas and other points in that section of the state. They will reside in the Ovid Luallin home on N. 2nd St.

BOULLIOUN BUYS SURPLUS ARMY PROPERTY AT SALE

FORT WORTH (Spl.)—Sharing in the award of 92 surplus used motor vehicles, all non-set aside, in a sale conducted by War Assets Administration's regional office in Fort Worth was Elbert H. Boullouin of Tahoka, a World War I and II veteran.

GIBSON FEATURED IN CAPPER'S FARMER

R. L. Gibson, who lives near Tahoka in Lynn county, is among a group of Flying Farmers featured in an article in the October issue of *Capper's Farmer*, entitled "Flying Farmers Meet".

"Air-minded farmers and their wives from Ohio to California," the story in the nationally circulated farm magazine points out, "grounded their planes at Stillwater, Oklahoma, recently for the first convention of the National Flying Farmers Association."

Fifteen states were represented, the article states, and the most conspicuous group were the Texans in the khaki uniform of the state organization.

"Texas also claimed the distinction of having the oldest flying farmer at the meeting," says the story. "He is R. L. Gibson, who is still actively piloting his plane at the age of 76."

Boullouin was awarded four crates (2 to a crate) of new 3 to 6 ton platform trailers for \$2000.00 each crate. These items he has been seeking to obtain from war surplus since he was certified by WAA on September 11, 1946.

TAHOKA AIRPORT

TESTING GROUND FORCES EQUIPMENT FOR FRIGID WEATHER—Above, snow covered terrain like this will be part of the daily scene for 4,000 Army Ground Forces troops conducting winter tests in Alaska and in Wisconsin wilderness camp. Below, a chilly foxhole is this in which Ground Forces soldiers will try out their cold-resisting clothing.

T-Hangar Flying

By Billy Hill

There are around 24 G.I.'s flying at the Tahoka Airport and it is reported that the list is increasing all the time.

There are four students from Post learning to fly on the G. I. program. They are: Mr. Ricker, Pickerton, Waters, and Pale. Several other Post citizens are planning on learning to fly at this field in the near future.

Mr. Hazen Ricker of Post brought his wife along with him the other day when he came over to Tahoka for instruction as a pilot and she was persuaded to make her first trip in an airplane. Mrs. Ricker is a native of London, England and is making her home with her husband at Post. Another man from Post to bring his wife over for a ride was Mr. John Pinkerton who operates a cafe in that city.

Mrs. Iona West, mother of Lynn West who is around 65 years of age says that she was thrilled by her first airplane ride the other day. She had been visiting her daughter and son-in-law in Claude for several days and was dreading the trip back to Tahoka by car as she always gets sick riding in them, so her son-in-law who owns an Aero-coupe persuaded her to let him fly her back to Tahoka. She really did enjoy the trip and did not get the least bit sick. She now thinks there's nothing like air travel.

Mr. and Mrs. Elmer Newton flew in from their farm the other day.

T. A. (Pa's) Barrington was out for a while recently and limbered up the flying-six for a few circles around the field.

Carlos L. Marshall and A. G. Maulder of San Angelo stopped over the other day for a rest. They were on their way to Lubbock to see a football game.

Mr. Stone of Stanton paid Tahoka a visit the other day and was inviting all local flyers to attend the formal opening of the airport at that city on Sept. 29.

The Presley brothers who do more flying possibly than any other local people have turned their talents toward the midget racers. If you want to see a slick little racer that will make its debut in the near future on the race tracks at Lubbock and possibly other tracks you can get a peep at the little job in the Presley brothers garage where they have built it from the floor up.

Several of the G. I.'s that have been learning to fly have received their students licenses and have already soloed.

Don't move that stake. It is being used for your road construction. Don't delay the engineers.

BOY SCOUTS NOW MEETING REGULARLY

The Boy Scouts of Tahoka are now meeting regularly again on Monday night of each week at the W.O.W. Hall, according to E. B. Gaither.

A. R. Milliken is the scoutmaster and is doing a good job. He would like to have the active support of all parents of boys within the scout age.

Scouting gives the boys much useful information and training and prepares them for better service as citizens. If your son is within the Scout age encourage him to become a member.

Don't move that stake. It is being used for your road construction. Don't delay the engineers.

FALL STARS TO FALL AGAIN IN-OCTOBER

Do you remember hearing the elderly people—very elderly—talk about stars falling back in 1872?

Well, you are going to have a chance to see such a phenomenon yourself early in October, according to astronomers, that is, if the skies are clear.

They tell us that there is most surely to be a "shower of meteors" on the night of October 8, 9, or 10, or possibly all of them. The greatest display is likely to be on the night of October 9, the astronomers say.

"Falling Stars" are supposed to be the debris from the nucleus of a comet, and the comet which approached within 500,000 miles of the earth in 1833 is scheduled to come much closer on the above dates in October, possibly within 131,000 miles of the earth. Some of our flying farmers might get out their machines and go up to see the show close at hand, maybe. The center of the show will probably be in the northwest heavens, they tell us, and should be a good show in

of the fact that the moon will be shining brightly.

So, don't forget. Get out your binoculars or "specks" about 8:30 o'clock Tuesday night, October 8, and see what happens. If nothing happens try it again Wednesday night; and if the show still does not come off, look again Thursday night. If results are not satisfactory blame it on the astronomers.

MISS BETTE RUTH WYATT WEDS LUBBOCK MAN

In a double ring ceremony read Friday evening at 7:00 o'clock September 20, in the First Methodist Church in Lubbock, Miss Bette Ruth Wyatt, daughter of Mr. and Mrs. N. M. Wyatt, became the bride of Morris Gregg Bell, son of Mrs. L. G. Bell of Lubbock.

Dr. H. I. Robinson performed the ceremony before the altar decorated with Woodwardia fern, palms, and baskets of white gladioli, illumined with ca-hedral tapers in wrought-iron candelabra.

As the organ played, Mrs. Douglas Greene sang "Always," "Because," and "Indian Love Call," followed by the traditional wedding march.

The bride, given in marriage by her father, wore a slate grey suit with black accessories and a corsage of tinted gardenias.

Mrs. Richard Young, sister of the bride, was matron of honor. Berry Loflan of Lubbock served as best man.

The bride is a graduate of Tahoka High School and took a summer course in McMurry College, Abilene. For the past three years she has been employed in the general office of the Dunlap Company, Lubbock.

The groom is a graduate of Lubbock High, where he played with the Westerners football team. He served two years as lieutenant in the Army Air corps.

After a wedding trip to Dallas, they will be at home in Lubbock.

Mrs. H. L. Roddy and little son Leighton and her daughter, Miss Mary Beth, returned Tuesday from Hico, where they had gone to visit Mrs. Roddy's mother, and where Miss Mary Beth is to be married on Sunday, October 6.

Lubbock Fair Boosters Here

A group of boosters for the Panhandle South Plains Fair to be held in Lubbock beginning on Monday, October 7, was here Tuesday morning advertising the event. They gave a brief program on the Public Square and another at the school building, and distributed many circulars telling of the fun, frolic, and exhibits that may be seen at the Fair.

In addition to the agricultural and horticultural exhibits, other features of the week will be Buck Steiner's Rodeo, Bill Hames' shows on the Midway, Midget Auto Races.

Special Days will be Monday, when the Veterans of World War II will be guests of the Fair Association and those wearing discharge buttons or in their uniforms will be admitted free except for the payment of a 10-cent federal tax; and Wednesday and Thursday, when school children will be admitted free, except for a tax of 5-cents for children under 12 and 10-cents for children over 12.

The Management is promising a good show, and the probabilities are that there will be large crowds in attendance.

TAHOKA F. H. A. MEETS

The Future Homemakers of America of the Tahoka High School had their first meeting on September 24 in the high school auditorium.

Miss Wright, our sponsor, opened the meeting by explaining to the group what we wanted to do in the coming year.

Then the officers were elected. They are: president, Mary Ann Adams; vice-president, Bobbie Lynch; secretary, Claudia Raindi; treasurer, Jan Edwards; reporter, Lena Williams. The Club decided that the president should appoint the parliamentary.

The Club will meet once a month, and we are looking forward to a big year.—Reporter, Lena Williams.

Rev. and Mrs. Fred Porter of Eastland were brief visitors in the home of Rev. and Mrs. Levi Price Tuesday afternoon. He is pastor of the First Baptist Church of Eastland and did the preaching in revival services in the Baptist Church here last spring.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many say have a marvelous effect. All druggists sell Swamp Root.

AUCTION SALE OF LIVESTOCK AT DALLAS FAIR

Meat-on-the-hoof will go on sale by auction at the State Fair of Texas, held in Dallas Oct. 5-20, as 400 4-H Club and Future Farmers of America boys auction off all the livestock they bring to the State Fair at the Junior Livestock Sale scheduled for 10 a. m. Tuesday, Oct. 8, in the Livestock Arena.

About 250 steers, 250 hogs and 100 lambs will go to the highest bidders as the young exhibitors sell their prize stock.

OPA has granted the auction committee authority to sell above ceiling price to individuals who may store the meat in frozen food lockers or to restaurants stocking up, announced Chairman John W. Carpenter.

Mr. Carpenter urged bidders and buyers to turn out for this sale of grain-fed quality beef, pork, and lamb in order to support and encourage Texas farm and ranch boys to produce more livestock.

Other members of the committee are A. B. Green and Henry Neuhoff, Dallas meat packers; Leon Gilmore of the Texas Power and

Light Co.; Ed E. Sammons, president of the Dallas Junior Chamber of Commerce; Z. E. Black of the Dallas Chamber of Commerce; James Asion and R. L. Thornton Jr., Dallas Bank executives; R. H. S. Henderson of Allis-Chalmers Manufacturing Co., and Luther Sharp, farm market relations consultant.

Assisting the committee are R. L. Thornton, Nathan Adams, Fred Florence, Earl Wyatt and Ben Campbell.

Mrs. C. C. Johnson of Draw is a patient in the Tahoka Clinic this week.

MINNEAPOLIS-MOLINE SALES & SERVICE

Thank Goodness! NOW I HAVE ELECTRICITY IN MY HOME

It's a great day when the last wire is in place and you can flick a switch and have electricity at your command.

It has taken time to bring the wonders and advantages of electricity to folks in this great area.

But today, in a major part of our 12 million dollar expansion program, we're stretching our rural power lines to reach more and more farms and ranches.

Folks in those homes have been waiting a long time for low cost electricity, and many of them can look forward to better living electrically.

A pioneer in building ahead for the future, we're proud that in our 22nd year we can bring low cost electric power to so many more of you.

COMPANY

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Sayles . . .

(Continued from Page 1)
 happen to his father, he would like to come home, and members of the family took the matter up with authorities in an effort to get speedy conveyance for him if possible. They indicated that funeral services might be delayed several days on that account.
 Born on August 19, 1885, at Gomer in Upshur county, Henry Sayles was married at the age of 19 to Lou Ella Hargist on January 5, 1905, and the couple had lived together more than 41 years.
 He and family moved to West Texas in 1924, living at Paducah nearly eight years. From there they moved to Lynn county in 1931, living on a farm east of Tahoka for

several years, then moved into Tahoka and have lived here ever since. His wife survives him.

With six children of his own and five adopted children, he succeeded in giving some of them a college education and all of them a better education than most of the children of his race obtain. Three of the daughters and two of the adopted daughters are teachers. Para Lee has been teaching the colored school in Tahoka for many years, Ella D. teaches in Brownfield, and Minnie A. in Post. Bernice Hargist Sayles Mann, an adopted daughter, teaches the colored children at New Home, and Lottie Hargist Sayles, another adopted daughter, teaches at Muleshoe.

Three of the surviving children are sons. Aron is in the Army, overseas. H. E. has been living at Amarillo but will now move back to Tahoka. Marvin Sayles is a student in the Texas College at Tyler.

Frankie Moultrie, the oldest of the adopted daughters, operates a Beauty Shop for colored people in San Angelo. The two adopted sons are John K. Walker Sayles and Willie Charles Wilson Sayles of the family home.

Two grandchildren survive, Billy Ray Williams and Erma James Martin Sayles of Tahoka.

Surviving brothers and sisters of deceased are A. W. Sayles, Mrs. Lula Montgomery, Ohio Montgomery, and Mary Sayles.

After closing a revival meeting, Rev. H. C. Bristow of Big Spring came Sunday for a brief visit with his daughter, Mrs. M. L. Bentley. He arrived worn and sick, the News is informed, and Mrs. Bentley accompanied him on to his home near Big Spring.

Football Roundup

Just to give you an idea of what the Tahoka Bulldogs have to face from now on we are giving a roundup of the football squads that they will meet this season.

The Bulldogs won their second game last week-end 13 to 2, but we think they were lucky to come out of the heap with the long end of the score. Post has a strong club, but the main thing that we could see wrong with them was the fact that their blocking was very poor. However they will be hard to beat by anybody's ball team.

Seagraves won over the Slaton Tigers 21 to 6 last Friday night. Both of these teams are in our conference. Seagraves seems to have plenty of power and a fast backfield man or two. Slaton's football aggregation are probably no slouches as they scored one touchdown against the strong Seagraves team and were on the march battling for another score when the final whistle blew. Slaton is our next foe. We play them there next Friday night.

Sundown ran over the O'Donnell Eagles 27 to 0 and we have been told that O'Donnell had a fair little team this season. Both of these teams are in our conference. Sundown has a backfield full of men that can score if they are not carefully watched at all times and then they may be hard to stop.

Seminole knocked over the strong McCamey eleven 6 to 0 this past week-end. Seminole kept banging on the door all night and finally pushed the ball over for the only score of the game just a few minutes before the final whistle. If they can push McCamey around like that all night . . . there's not much telling what they will do to us.

Denver City was defeated by the strong Levelland team 14 to 0, but don't sell those Denver City boys short—they're liable to give us a good run for our money in this seasons game. They face the Slaton Tigers tonight, so we will know more about how they play ball by Saturday morning.

If any of you posters think that the Tahoka Bulldogs will go through the season undefeated come on around to see us and we'll take your money away from you. Of course the Bulldogs face the Littlefield team for their last game of the season, but that is a non-conference game and won't count anyway so far as the conference is concerned.

However we do expect the Bulldogs to win a couple of these games, but they shore have got a tough row to plow.

The Bulldogs get a rest this week and coach Foust has been putting them through the mill and will continue to do so until they meet Slaton at Slaton next Friday night.

CARD OF THANKS

We wish to express our thanks and appreciation for the lovely flowers, cards and expressions of sympathy. May God's richest blessings be yours.—Mr. and Mrs. Sam E. Reid.

RUPTURE

Shield-Expert, H. L. Hoffman of Minneapolis, Minnesota, will demonstrate, without charge, his "Rupture Shields" in Lubbock, Texas at the Hotel Lubbock on Saturday, October 5th from 9 a. m. to 3 p. m. Please come early. Previous evening by appointment. I have been supplying my shields to rupture sufferers in this territory for ten years and longer. I have fitted thousands of cases in the United States during this time. There are many of my satisfied customers right here in your community. CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains, people having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right, don't experiment. See my associate, H. G. HIGGINS." If unable to see him at this time, address:

HOFFMANN'S SURGICAL APPLIANCE CO. 520 MASONIC TEMPLE Minneapolis 2, Minn.

The TAHOKA FLASH O GAS COMPANY is proud of its complete assortment of fine gas appliances and Butane and Propane installation and repair equipment. The gas way is easy, for appliances take over arduous household tasks.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build muscles, and ease the "stomach" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. TRY IT!
