THURSDAY, JULY 28, 1955

TO REACH WIDE TERRITORY

Local Firms Awarded Rural Phone Contracts

Erickson Construction Company and Charles L. Lanau Lumber Company, both of Muleshoe, were awarded con-

tracts by the Five Area Telephone Cooperative last Thursday to begin stringing 415 miles of telephone line and erecting exchange stations in five rural districts of this area.

Eight bids were presented at 10 a. m. Thursday morning, seeking to contract the project's outside plant (poles, wire, cable, and telephones). Erickson presented the low bid of \$298,868.00. The government, which is loaning the cooperative the money to finance the project, must approve the contract. Erickson has 30 days in which to begin construction after he has been notified. Following that 30 days he has 150 working days not including Saturdays and Sundays. This bid was within the bud-

get as established by the Five Area Cooperative's board of directors.

At two p. m., bids were opened for Central Office buildings. Three bids were presented. Lenau's figure, \$13,792.00 being the lowest.

Lenau will have 60 calendar days to complete work on the five exchange stations. He will also have 30 days preceding this time to begin work.

The stations will be located at Lazbuddie, Needmore, Maple, Bula, and Lehman.

Already 404 people in these areas have signed applications expressing a desire for telephone service. Six miles of cable will be included in the 415 miles of line used by the Cooperative.

D. B. Lancaster, manager of the cooperative, pointed out that the money borrowed from the government to make this service possible is paid back each month with 2% interest. This is included in monthly rates with the up-keep of lines, etc.

Scott Donaldson Rites Conducted Here Last Friday

Funeral services for Scott Donaldson were held last Friday, July 22, at 2:30 p. m., in the Muleshoe Church of Christ. Mr. Donaldson passed away at 8:40 o'clock Thursday, July 21, in West Plains Hospital & Clinic here on his 54th birthday.

Officiating in final rites were Minister W. R. Tittle of the local church and the former minister, Ebb Randol, now of Melrose, N. M., interment was in Bailey County Memorial Park, Muleshoe, under direction of Singleton Funeral Home.

Pallbearers were: John Johnson, Ray Lawhon, Gene Caldwell, Vanoy Tipton, L. S. Barron and Bob Blackwood. Honorary pallbearers named are: Orby Jarman, Paul Scott, M. B. Childers, F. H. Davis, Dee Clements, Travis Clements, Bill Collins, M. H. Ottwell, Bill Harman, T. R. Smallwood, S. C. Caldwell, C. D. Gupton, Bill Willis, Bill Caldwell, Jacques Baker and Harvey Bass.

Mr. Donaldson, a retired Warrant Officer of the U. S. Navy, was a member of the Church of Christ and Masonic Lodge. He came here with his family after retiring from the Navy in 1946, and established himself as an electrical contractor.

He is survived by his wife, Mrs. Thelma Donaldson; two sons, Sammy and Scotty, and a daughter, Nancy, all of the home.

He leaves also a sister, Mrs. John Griffith, Hollywood, Calif.; three half sisters, Mrs. J. M. Rash, Auburn, Calif.; Mrs. L. H. Holden, Kingston, Calif.; and Mrs. Dell Lambert, West Covina, Calif.; and two half brothers, Jack Lenderson, Muleshoe, and Bill Lenderson, Sudan.

Cotton Penalty In Bailey Set

Cotton Marketing Quota penalty has been established on excess Upland Crop Cotton at 17.7 cents per pound, according to Lonnie M. Bass, County Office Manager of the Bailey County ASC.

Any farmer who does not dispose of the excess within 20 days from notice of over-planted acreage, will have to pay this penalty. In addition, not any of the cotton on the farm will be eligible for price support. Initial measurements of farms is about complete in Bailey County. Farms having excess who have deposited their fee of \$2.00 for the first plot, plus 50c for each additional plot per farm are being checked as quickly as possible.

Ladies City Golf Tourney In Aug.

Plans were announced this week concerning five days of golf just for the ladies on the local course in August. Its the Ladies City Golf Tournament, scheduled to be played August 8-13.

Those entering will qualify for medalist and flights—three—some on July 31. Qualifying for Championship and first flight will be with 18 holes, nine holes for nine holes flight.

There will be a Calcutta Pool previous to tourney play on August 1, at eight p. m., in the American Legion Hall. Admission will be \$1.00 and a dutch lunch will be served.

Tournament entrance fees will be \$5. It is not necessary to be a member of the Muleshoe Golf Club in order to enter.

James Wagoner heads the tournament committee, which includes Jo Wood, Inez Bobo, and Melzine Elliott.

Tournament trophies will be on display at The Muleshoe Jewelry throughout tournament play.

First National Opening Monday

First National Bank of Muleshoe will begin business the coming Monday morning, August 1, at 9 a. m. The bank, recently organized, will open in temporary quarters in the Gilbreath building, West First and Avenue B.

President of the bank is W. T. Andrews, who comes to Muleshoe from Sear, where he was long identified with banking. M. D. Gunstream, the vice-president and cashier, has moved to Muleshoe from Memphis, where he was connected with a bank for several years.

Members of the board of directors will be on hand to assist the officials in welcoming those who call during Monday.

The bank has issued an invitation to come in on opening day or any time thereafter. Construction for a permanent home for the bank has been started on lots 75 feet wide by 140 deep on the courthouse square, West First and Avenue C.

Johny Williams With Brock Motor

Brock Motor Company, Hudson-Nash dealers, here announced Johny Williams as a new addition to the firm's personnel this week.

Williams, formerly with Western Chevrolet and Cadillac in Abilene, joins the company here as Sales Manager. His background includes 18 years as a car salesman.

Johny's home town is Bonham, Texas, and ten years of his experience was with two Bonham Motor Companies. Before going to Abilene he was in the sales department of Ray Woods of Dallas.

From 1925-27 he lived near here in the Lazbuddie community and during that time drove the first Lazbuddie school bus. He is a cousin to Sam Blackwell, who lives four miles west of Muleshoe.

Williams says, "I have worked with several motor companies, but here I have found one of the nicest crews to work with anywhere. I would like for everyone to come by and get acquainted, and remember, 'If you trade cars without seeing Johny Williams, we'll both lose money'."

Rites Conducted For Cathy Pollan Tuesday At Earth

Funeral services for Cathy Moore Pollan, two year old daughter of Mr. and Mrs. Elbert F. Pollan, were conducted Tuesday, July 26, at 2:00 p. m. at the Church of Christ at Earth.

Burial was in Earth Cemetery, with Lemons Funeral Home in charge of arrangements.

The child died enroute to the Plainview Hospital Sunday, after she was crushed under the wheels of an automobile. The accident occurred at the home of her grandparents, Mr. and Mrs. J. W. Moore, who reside near Earth.

STRIKES IN GROUP OF 12

Two Latin American Workers Killed By Bolt Of Lightning Here Tuesday

A Latin American mother of nine children and a 17-year-old Latin American, were killed by a bolt of lightning at 4:30 p. m. Tuesday while they were working in a field near Muleshoe.

Dead are Mrs. Helen Rael, 37, of Chico, N. M.; and Frank Encinas, 17, Dahlia, N. M.

They were pronounced dead upon arrival at West Plains Hospital and Clinic here.

The lightning left Christopher Rael, 14, son of the dead woman, in "good condition" and Francis Encinas, sister of the dead youth, was released from the hospital after emergency treatment for shock.

Others in the group were Mrs. Rael's husband, Cleo, 38, and three sons, Torri, 12, Carl 11, and Cleo, Jr., 10; Frank Encinas' three brothers, "Buddy", 21, Henry, 20, and Manuel, 12; and Gilbert Rael, 35, a cousin of the dead woman.

Also near the scene were Mrs. Rael's five younger children who were in the family pickup.

Scene of Other Tragedies
The group was chopping cotton on the Charles Wiseman farm, six miles west of Sudan, at the time of the mishap. A passing unidentified motorist witnessed the accident and took the injured and dead to the hospital. Raymond Gage, who was working on the roof of his gin almost five miles away, was an emphatic witness to the power of the bolt. He was almost knocked from the top of the gin when it struck.

Within the last 10 years, two other persons have been killed by lightning within a mile of the field. A Mrs. Skipper was killed three years ago and a Negro laborer was killed approximately 10 years ago.

The bodies of Mrs. Rael and Frank Encinas were taken to Singleton Funeral Home in Muleshoe Tuesday night. Funeral arrangements are pending, but it is believed that both victims will be buried at their homes.

Survivors of Mrs. Rael's are her husband and 9 children. Survivors of Encinas are his parents, Mr. and Mrs. Joe Encinas, Santa Rosa, N. M., and his sister and three brothers.

More Than 50% Of '55 Seniors Go To College From MHS
A good example of why many colleges all over the United States are getting set to handle record enrollments this fall can be seen in graduating class of 1955 here in Muleshoe.

Muleshoe High school graduated 58 seniors this spring and 32 of these boys and girls have made known their plans to attend college.

This is a record in itself here. The average part of an MHS graduating class goes to college in the past has been 20%.

Superintendent of schools Jerry R. Kirk stated that he believes that the number of high school graduates going to college will increase each year. Just as 50 years ago a person did not need a high school education and the business world developed until such knowledge was a must, so it is with colleges today.

Today everyone needs a college education and anyone can go if they want to bad enough. This means many schools in the near future are going to see the need to expand immediately.

8th Anniversary Party Big Success

Good attendance is reported for the 8th Anniversary "Trade-In Fair", held by Harvey Bass Appliance last Thursday, Friday and Saturday. He said the visitors showed keen interest in the appliances demonstrated by specialists: The Necchi sewing machine, Frigidaire Range, Ironrite Ironer, etc.

The cooking school was a great success. Ladies receiving door prizes were Mrs. Shipp, Ruth Hamcock, Mrs. T. M. Stemmans, Mrs. N. R. Harding, Mrs. Rudolph Moraw, Mrs. Toots Hall.

Mrs. Harding was a lucky lady winning the sewing machine given away Saturday evening.

287 CHILDREN ELIGIBLE

Second Salk Vaccine Shots Set For August 3

Bill Parker To Head Muleshoe High School

Superintendent of Schools, Jerry R. Kirk, announced this week that Bill Parker, who has served the past three years as grade school principal, will step into the office of principal of Muleshoe High School this fall. Parker will take the place of J. R. Baker.

A graduate of Eastview High School in Brinkman, Okla., Parker received his BA Degree from Southwestern State in Weatherford, Okla., in 1948. He was awarded the Master of Education degree by West Texas State in the summer of 1953. While at West Texas State he majored in Education and minored in Physical Education.

Parker taught for three years at Centralview, Okla., where he coached boys and girls basketball. He spent one year teaching in the schools at Amber, Okla., before coming to Muleshoe. He also served in the United States Army during World War II.

Concerning Parker, Kirk said, "He has everything we want in a principal."

Replacing Parker in the position of grade school principal will be Frank Ford, who has been with the Whiteface schools for the past four years.

Ford received his Master's Degree from Texas Tech, and is now working on his Doctor's Degree at Tech.

Miss Mary Ford, who is with the Home Economics Department in Muleshoe High School, is Frank's sister. He is not married.

County Health Officer Dr. B. O. McDaniel, announced this week that the National Polio Foundation has recently released vaccine for the second round of shots, and that area children who received the first series of shots in late April, will be eligible for the second shot next Wednesday, August 3, from noon until three p. m.

It was hoped previously that transportation would be available for those who will receive the vaccination to West Plains Hospital here, where the shots will be given. However, school buses are not available at this time, and transportation will have to be provided by the individual.

In late April of this year 287 area children received the first shots of the new vaccine, which had been perfected only weeks before by Dr. Jonas Salk. In order for the vaccine to do the complete job of inoculating a person it is necessary for the first shot to be followed by second dose identical to the first.

Nice Rains Fall Here This Week

Rainfall here Tuesday and totaled .96 inch, and in the last week a total of 2.39 inches fell. Judge R. J. Klump reported this morning, it brought the month's precipitation to 3.27 through Wednesday night, and the year's total to 8.52 inches.

Other parts of the territory have received much more than this, some parts probably less. But the rains of the last few days have materially brightened crop prospects.

In January, rainfall amounted to .72 inches; in April, .41; in May 3.77; and June .35.

Plainview Stops Local All-Stars 6-3 In LL Tournament Opener Tuesday

Plainview's Little League All-Stars stopped the Muleshoe try for District honors in the first game of the championship playoffs Tuesday at Plainview with a 6-3 defeat.

Playing conditions were everything but to the advantage of these Little League Sars as they stepped from their regulation size park onto the Pony League's standard diamond.

Thuron Dalton started on the mound and pitched two and one half innings for the locals before being relieved by Derrell Jennings, who finished the game.

Muleshoe hopes were up in the top of the third when the locals collected three runs on two hits to go ahead for the first time in the ball game 3-2.

The lead was short lived however as Plainview came back to tie it up in the bottom of the frame, and then go on to win

in the second half of the contest. James Shepherd, Rodney Blackwood, Bob White, and Otis Bradshaw all tagged singles to account for Muleshoe's five hits off Plainview pitching. Blackwood claimed two for his day at bat, both hits counting as RBIs. Shepherd batted in Muleshoe's only other tally.

Ronnie Freeman, James Shepherd, and Derrell Jennings crossed the plate for Muleshoe.

The locals came to bat in this order: Ronnie Freeman, 2b; Dan Lee Smallwood, hit for Freeman in the sixth; Reese Peterson, 1b; James Shepherd, if; Derrell Jennings, cf; Thuron Dalton, p; Tommy Workman replaced Jennings in center; Rodney Blackwood, if; Bob White, c; Gary King, ss; and Otis Bradshaw, 3b.

Plainview went on to play Childress in the second round of the three day tourney yesterday.

Three More Entries In Queen Contest

Kay Willmon

Bettie Moore

Jay Carney

Three more Bailey County girls have entered the Bailey County Farm Bureau Queen Contest. They are Kay Willmon, daughter of Mr. and Mrs. Dick Willmon; Jay Carney, daughter of Mr. and Mrs. Roy Carney; and Bettie Moore, daughter of Rev. and Mrs. A. E. Moore.

Kay is 5' 2", has hazel eyes and black hair. She is a major-

ette in the Muleshoe High School Band, and will be a senior in Muleshoe High School this fall. She is seventeen years of age.

Jay is sixteen years of age, has blond hair and blue eyes. She will be a sophomore student in Muleshoe High School this fall. An outstanding 4-H club worker in the county, Jay won first place in the recent Bailey County Dress

Review. She has performed and won prizes in various rodeos in the area during the past few years.

Bettie is sixteen years old, has brown hair and blue eyes and will be a senior in Muleshoe High School this year.

Eight Bailey County girls are now vying for the queen title. They are, other than the above three: Doris Ann Fields, Ann Cole, Barbara Mitchell, Lois Ann Collins, and Paula Griffiths.

Soil Conservation News

The Board of Supervisors of the Blackwater Valley Soil Conservation District urges every farmer in the district to observe the 12th National Farm Safety week, July 24th through July 30.

There are three main places where accidents occur. First in the Home. More fatal home accidents occur to farm children under five years of age than occur to other farm residents in the combined age group from five to 45.

Protect all children from burns, scalds, suffocation and other physical hazards. Keep poisons, medicines, chemicals, and fuels away from small children.

The next main place accidents occur is on the farm.

Tractor accidents is the main killer on the farm. The following is a guide for children by age to prevent tractor accidents: Children from one to four years of age should not be given rides on tractors. Provide a fenced area with play equipment for small children.

Children from five to nine years of age should not ride on or play around tractors. Direct their play away from danger.

Boys and girls ten to 14 years of age should not be given a man's work to do.

Training in tractor operation and supervision of work with machinery will save the lives of youth 15 to 19 years of age and provide future protection.

Safe efficient tractor operation requires knowledge, skill, judgment, quick reflexes and strong hearts. Why test these by accidents?

The next place farm accidents occur is on the highways.

More than three out of ten drivers in rural fatal accidents were reported as violating speed laws.

In rural fatal accidents, 13 out of 10 drivers were on the wrong side of the road.

Only 15 percent of rural fatal accidents occur at intersections; 85 percent between intersections.

In 52 percent of the rural fatal accidents it was daylight; and the weather was clear or cloudy in 86 percent of the cases.

Accidents can occur anywhere so remember the safety of many depends on you. ALWAYS BE ALERT.

These are just some hints for use of the freezer. If you want more, the office has copies of "Frozen Foods" for distribution. It gives directions for preparing, packaging and freezing fruits, vegetables and prepared foods such as cakes, pies, breads and combination dishes.

Mrs. S. C. Caldwell and Mrs. Ruby Jane Batchelor leave soon to attend the State THDA meeting in Ft. Worth, August 3, 4, and 5. They are Bailey County's delegates to the meeting.

A leader training meeting was held Friday for family recreation leaders of the home demonstration clubs. Three clubs attended and received material for programs in July, September and October.

Leaders attending the meeting were: West Camp, Mmes. S. L. Busbice, Sue Nesbitt; Muleshoe, Mmes. J. E. Day, Mrs. A. W. Copley; Progress, Mmes. G. T. Maltby, and Mrs. Harold Mardis.

Around forty girls and mothers and several fathers have said that they are planning on attending the Tri-County 4-H Camp from Bailey County. This camp is to be held August 17, 18, and 19 with Parmer and Yoakum Counties. Around eighty persons from the three counties are expected to attend the camp which will be held near Las Vegas, N. M.

Bailey County is to be in charge of the night parties at the camp and several of the 4-H girls have already volunteered to work on planning and directing the games.

THIS & THAT

About Homemakers & Homemaking IN BAILEY COUNTY
By MOLLIE STINSON
Home Demonstration Agent

To freeze tomato juice select firm, vine-ripened tomatoes. Wash, trim and cut tomatoes in quarters or eights. Simmer for 5 to 10 minutes. Press through a sieve. If desired, 1 teaspoon of salt can be added to each quart of juice. Pour juice into containers. Seal and freeze immediately. Store at zero or lower.

Use frozen bread when you must make sandwiches several hours ahead of time. It is easier to spread than fresh bread. The

chill from the frozen slices will keep the filling fresh. Even lettuce keeps crisp for several hours. When slices thaw, they have the characteristics of fresh bread.

These are just some hints for use of the freezer. If you want more, the office has copies of "Frozen Foods" for distribution. It gives directions for preparing, packaging and freezing fruits, vegetables and prepared foods such as cakes, pies, breads and combination dishes.

Rotary Fellow From Argentine Tuesday Speaker

Oscar A. Knudsten, of Santa Rosa, Argentine, a student in the Rotary Foundation, told members of the local club and their guests about the aims and objects of the Foundation and something about his country when he addressed the club meeting Tuesday.

Oscar lives on the Pampas, a Plains country very similar to the High Plains of Texas, about 400 miles west of Buenos Ayres, the metropolis. His family farms and ranches. His father, who went to Argentine from their native Norway, passed on in 1950 and his mother and the four sons operate the place.

They raise cattle and grow small grains on their ranch. Oscar has graduated from the University of Buenos Ayres, specializing in soil erosion and kindred agriculture subjects. He was nominated for the Rotary fellowship by the club of Santa Rosa, and is continuing at A. & M., his soil erosion studies.

He expressed the opinion that the Rotary Foundation is instrumental, through its financing of students in foreign countries, in furthering understanding among nations, and said he wished all farmers and ranchers in his country could come to the U. S. for a personal visit with the people and that more of our people could go there.

It was announced by Pres-

ident E. O. Baker that the Muleshoe Rotary Club has become 100 per cent in support of this Foundation.

Knudsten has been visiting the Amarillo Experiment Station for two weeks and has been appearing before Rotary Clubs in West Texas. He was brought from Amarillo by Baker and Rev. James Todd. The latter and Bob Gregory returned him to Amarillo, where he is staying in the homes of local Rotarians. Rotary Foundation pays for one year of further study here for Knudsten, plus other expenses.

Visitors included Herb Potter and Edgar Chance, Sudan Rotarians; Gil Lamb, George Hicks, and Jeff Peeler, of Muleshoe.

thought of that as I have pondered on the pattern size of my life and influence on others. What is the size of pattern "size me"? Are my spirit and outlook so small that Christ is ashamed of me? Or do I seek ways to develop in heart and outlook so that pattern "size me" is ever approaching nearer "size Christ"? Only when I try to make my life pattern fit that of the Christ can I have any good works with which to glorify my Father in heaven.

PRAYER
Eternal Pattern of our lives, help us to study Thy ways that we may design our lives after the pattern of Christ. Grant us

Christlikeness that we may glorify Thee, our heavenly Father. In the name of Christ who has said to all His disciples, "Follow me". Amen.

THOUGHT FOR THE DAY
Today I will seek to be more Christlike.
Carolyn Jane Avery (Ariz.)

PRAYER
Eternal Pattern of our lives, help us to study Thy ways that we may design our lives after the pattern of Christ. Grant us

TO COLORADO
Mrs. Murrell Brown and daughter Kay, accompanied by her parents, Mr. and Mrs. J. F. Wharton, of Amarillo, left this week for a vacation in cool Colorado.

TO CONCHAS
Mr. and Mrs. Perishing Busbice and children left Wednesday, and will spend a few days at Conchas.

FROM LOVINGTON
Mrs. James Hobbs, of Lovington, N. M., visited several days this week with her parents, Mr. and Mrs. W. H. Kistler and other relatives and friends.

Today's Meditation

SERMON ON THE MOUNT
Read Luke 11:33-36.
Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven. (Matthew 5:16.)

When I was teaching English in homes in Chinatown in a large city, one of my new students knew very few English words. She turned to her young son and told him to tell me, "I want to make American clothes for my son. Will you teach me?" I replied to the boy, "Ask your mother what size pattern I should buy." They talked together a moment and then the boy said to me, "She say pattern size me?"

How often since then have I

Talented Copley Twins Presented In Organ And Piano Recital Here Sunday

Cecil Bolton, of the Cecil Bolton Studio of Music, of Lubbock, presented two of his students, Don and LaVon Copley, in a joint organ and piano recital, Sunday afternoon in the First Methodist Church in Muleshoe. Don and LaVon are the sixteen year old twins of Mr. and Mrs. W. Copley, of Muleshoe. One hundred-fifty friends of the twins heard the program, which was rendered on a Steinway grand piano, and a Hammond organ.

The program was as follows: Fugue in G Major, Beethoven; Boellmann; Chorale; Mendel; Priere a Notre Dame; Toccata; LaVon Copley, Organist; Trumpet Tune, Purcell; Be-

cause (Jocelyn), Godard; He Shall Feed His Flock (The Messiah) Handel; Hallelujah! (The Messiah) Handel; Don Copley Organist.

Concerto in C Major, Beethoven, Allegro; LaVon Copley, Pianist.

Fugue in G Minor, Bach; O Sacred Head Now Wounded, Bach; Serenade, Pieme; Toccata (Symphony V), Widor; Don Copley, Organist.

Mountain Sketches, Clokey; 1. Jagged Peaks In The Starlight; 2. Wind In The Pine Trees; 3. Canyon Walls; LaVon Copley, Organist.

Concerto in G Minor, Mendelssohn, Allegro; Don Copley, Pianist.

Orchestral accompaniment was played by Cecil Bolton.

Don and LaVon's music teachers during their study of music have been: Mrs. C. S. Holland, Mrs. Anita Butler, Miss Jane Scott, Mrs. Sam Dameron, Mrs. C. W. Grandy, and the present teacher, Mr. Bolton.

Out-of-town guests attending the recital included Mr. and Mrs. H. A. Phillips and children, Amarillo; Mrs. Joe Dan Yates and Miss Onecta Yates, Olton; Mrs. Robert O'Hair, Mrs. John Garrett, Mr. and Mrs. R. F. Welch, and Miss Tony Welch, Earth; Harold Dutton and R. B. Griffin, of Lubbock.

Mrs. Caldwell To State HD Meeting

Mrs. T. F. Maddox hosted nineteen members of the Muleshoe H. D. Club in her home, July 26, when that organization held a business and social meeting.

Present were: Mmes. C. E. Briscoe, M. E. Simmons, Mary Ratcliff, J. E. Day, Roy Carney, W. R. Bowers, M. L. Oswalt, Jean Landers, S. L. Robinson, Fred Bruns, S. C. Caldwell, M. R. Oden, C. H. Gillis, J. H. Hanks, K. G. Masters, and visitors: Mmes. Jack Bruns, Laverne Caldwell, Mary Lou Jernigan, and Mrs. Hey.

Club members will meet Tuesday morning, August 23 at the courthouse, from where they will go to Dimmitt to visit Mrs. Augrey. All are asked to bring a covered dish.

Family night is to be held Thursday evening, August 11, at 7:30, in the City Park. Bring either a freezer of ice cream, or cake and sandwiches.

On August 29, members are to meet at the Bailey County courthouse and will go to Lubbock for an all day outing at MacKenzie State Park.

Mrs. A. W. Copley and Mrs. J. E. Day brought the program on "Family Life Cycle", Mrs. Day discussed ways to entertain small children at the club meetings. The subject, "The Family Life Cycle", was illustrated in an interesting manner by Mrs. Copley.

Club members voted to give \$20 to Mrs. Caldwell, to help with her expenses to the state meeting at Ft. Worth August 2. Mrs. Caldwell is to serve as hostess on the way to Ft. Worth. Delegates will travel by chartered bus.

Refreshments of frosted cakes and cookies were served.

The next regular meeting will be held at the home of Mrs. K. G. Masters, September 13, as club is to be dismissed for vacation during August.

Bovina Rainbow Assembly Honors Mr. Press Abbott

Bovina Assembly of the Order of Rainbow for Girls, held a lovely initiation ceremony and program, at the Lodge Hall in Bovina, Monday evening, July 25, honoring Uncle Press Abbott, an outstanding Mason and staunch supporter of the Rainbow. He is 82 years of age.

The assembly presented him with a pipe and container of fine tobacco.

Attending from Muleshoe were: Mrs. La Von Hinkson, Mother Advisor; Elizabeth Farley, Grand Representative from Alabama to Texas; Mrs. Wynnie Dunn, Mrs. Mary Farley, Carolyn Hinkson, Mary Janice Puckett and Darla Johnson.

Elizabeth Farley was introduced and seated in the East. Darla Johnson filled the station of "Patriotism", during the initiation. Delicious refreshments of angel food cake and punch were served to a large group of Masons, Eastern Stars, and Rainbow Girls.

MIMEOGRAPH paper, stencils, and ink. Paper supplies of all kinds at The Journal.

Miss White Is Shower Honoree

A pre-nuptial shower was given to honor Miss Mary Jo White, bride-elect of Luther Clegg, Tuesday evening, in the home of Mr. and Mrs. V. E. Maxwell.

Hostesses were members of the young peoples class at the Nazarene Church. Guests were served a meal prepared in the backyard of the Maxwell home.

Attending were the honoree, Miss White and her fiancé, Luther Clegg; Mr. and Mrs. Roy White, Mr. and Mrs. V. E. Maxwell and family, Mr. and Mrs. Cecil Blansett and family, Mr. and Mrs. John Williams and family, Mr. and Mrs. Johnny Williams and family, Mr. and Mrs. Travis Butler and family, Freddie Cevae, Dorothy Vinson, Rex and Mrs. L. E. Perryman and grandson Gary Paul; Mrs. W. M. Daniels, Leo Waldrop, Irma Willis, Glen Stevenson, Mr. and Mrs. Charles Long and family, and Mrs. M. A. Ratliff.

Resolutions Drawn Up At Tri-Regional Meeting Of JayCees Concerning Rufus

This official-looking document concerning the whereabouts of Rufus, "The Muleshoe Mule", was drawn up at Plainview, on July 10, at the Tri-Regional meeting of the Texas JayCees.

Bill Wilson, president of the Muleshoe JayCees, announced this week that they are now in the midst of a membership drive, and would urge any young men who are interested in civic work, to join the organization. James Glaze and George Bragg are team captains in the drive.

Mrs. C. Stephens Gives Devotional At WSCS Meeting

A song followed by prayer opened the program for the W. S. C. S., meeting on Monday, July 25.

Mrs. Clarence Stephens, leader, gave the devotional, and Mrs. H. M. Shofner gave a brief, but interesting report on her work for the quarter, as secretary of children's work. Mrs. H. C. Holt, secretary of status of women, reviewed some of the high points pertaining to her work during the quarter.

A business meeting followed the program. The Executive Committee disposed of a number of important items. Mrs. Clarence Stephens, vice-president and chairman of the program committee, gave a report on tentative plans for the programs in the near future.

Eight officers and secretary were present for a briefing in each line of work.

The W. S. C. S., will meet Monday, August 4, at 2:30 in the afternoon, at the Church. There will be interesting reports on the School of Missions by Mmes. W. F. Gable and F. B. Pierson.

A benediction closed the meeting.

Wesleyan Guild Members Enjoy Picnic Supper

A delicious picnic lunch was enjoyed in the back yard at the Buford Butts home Monday evening, by members of the Wesleyan Service Guild, their families and guests.

Following the supper, games were played, with Mrs. Clyde Bray and Mrs. Horace McAdams, leading.

Attending were: Mr. and Mrs. Fred Johnson and son Roald, Mrs. Lois Schoenberger, Mr. and Mrs. Jim Cox and son Edwin, Mr. and Mrs. Jim Burkhead and son Duane, Mr. and Mrs. Francis Gilbreath and sons Bill and Jerry, Mrs. Clarence Stephens and daughter Linda, eGorge Ann Freeman, of Texoma, Okla., A. S. Stovall, Mr. and Mrs. Clyde Bray and granddaughter, Nancy, of Lubbock;

Mrs. Horace McAdams and children, Julie, eBa and Ken, Mrs. Helen Ingle, Carolyn and Margaret, Mr. and Mrs. A. C. Leveridge and Richard, Mr. and Mrs. Homer Sanders, Jr., Mrs. Andy Thompson, Dr. and Mrs. T. M. Slemmons, Letricia and Senn, Mr. and Mrs. Eenn Slemmons, Mr. and Mrs. Gilbert

Mrs. C. S. Caldwell returned home Monday from a two weeks vacation in Long Beach, Calif., with her daughter and son-in-law, Mr. and Mrs. Alfred Clay, and her new granddaughter, Vickie Lynn.

Lamb and Magann, Elizabeth Harden, and Patricia Butts.

Mrs. C. S. Caldwell returned home Monday from a two weeks vacation in Long Beach, Calif., with her daughter and son-in-law, Mr. and Mrs. Alfred Clay, and her new granddaughter, Vickie Lynn.

Lamb and Magann, Elizabeth Harden, and Patricia Butts.

Lamb and Magann, Elizabeth Harden, and Patricia Butts.

RESOLUTION

WHEREAS, Regions 1, 2 and 3 of the Texas Junior Chamber of Commerce, in convention assembled in Plainview, Texas, on this the tenth day of July, A.D. 1955, are greatly concerned by the possible absence of Rufus the Muleshoe Mule, and

WHEREAS, such absence gives some credence to the boast of the Muleshoe Mule that he is the new home of the said Rufus, and

WHEREAS, the absence of Rufus the Mule is greatly resented by the members of the said Muleshoe Junior Chamber of Commerce, and it is the desire of this great convention to have Rufus the Mule return to his home in San Antonio, Texas;

IT IS HEREBY RESOLVED, that the members of the said Junior Chamber of Commerce do hereby urge the members of this convention to make every effort to locate the whereabouts of Rufus the Mule and that a committee be appointed to locate the Mule and that a report be made to the President of the said Junior Chamber of Commerce.

Witness my hand and the seal of the said Junior Chamber of Commerce, this 10th day of July, 1955.

Executive Vice President,
Texas Junior Chamber of Commerce.

Intermediates Of Methodist Church Report On Camp

Intermediates of the Muleshoe Methodist Church, returned last Friday from Cota Canyon, reporting that they had enjoyed a very wonderful and inspiring camp session.

Rev. and Mrs. Clarence Stephens and daughter Linda Beth, Mrs. Irvin Wilson and children, and Jora Mae Leveridge, accompanied the group to the camp on Monday and helped them get settled in their cabins. Mrs. H. T. Totten went after them Friday.

Making the trip were: Carolyn Totten, Nell Moore, Bonnie Woods, Magann Lamb, and Wesley Stephens.

FISHING TIME

Vacation time brings out fishing poles and cool, cotton sportswear. This fisherman wears a comfortable fishing outfit designed by Catalina in colorful Lowenstein "Signature" fabric. The short sleeve shirt features big, useful pockets, and the shorts are neat boxer style.

Seventeen Attend Rebekah Meeting

A regular Rebecca meeting was held in the Muleshoe Lodge Hall Tuesday evening, with Noble Grand, Mary Thomas, presiding.

Following a short business session, the meeting was closed and members enjoyed games of "42".

The Noble Grand asks that all members be present next Tuesday evening for team practice. Refreshments of delicious cake and iced tea were served by Alice Smith and Velma Howell, to sixteen members and one visitor.

Five Attended Progress WSCS

Progress W. S. C. S., met last Thursday afternoon at 2:30 for a work session at the church.

Five members were present. They were: Mmes. Carol Jones, Elnita Gray, Byron Gwyn, Arthur Cooper and Joyce Walker.

Mrs. Walker gave the devotional on "Experience Working With God". She was also in charge of the short business session.

Mrs. Elnita Gray was in charge as the Executive Committee planned the year books for the coming year.

MATTHEWS HAVE RETURNED HOME

Mr. and Mrs. C. C. Matthews, of the Lazbuddie Community, have returned home after a two weeks tour of the Eastern states.

They went by way of Sherman, where they picked up two of her sisters, Mmes. J. L. McSpedden and P. E. Pierce and a nephew, Jimmie McSpedden, before starting on the tour which led first through Arkansas, Tennessee and North Carolina.

In McMinnville, Tenn., their birthplace, which they had not seen since small children, they visited and attended church.

Leaving there, they traveled to Raleigh, N. C., where they visited a sister and family, and from there they went to Wrightville Beach, where they fished for a few days.

The group returned home by the southern route, through South Carolina, Georgia, Alabama, Mississippi and Arkansas.

They reported seeing some beautiful country, and having a very wonderful time.

WERE IN LUBBOCK

Mr. and Mrs. Horace Edwards and family visited Wednesday in Lubbock with her brother and family, Mr. and Mrs. Bill Pierson.

ATTENDS FUNERAL

Mrs. Irma F. Willis, accompanied by her daughter, Mrs. Clyde Holt, left Wednesday for Waldron, Ark., to attend the funeral service of Mrs. Willis' brother, C. E. Wade which will be held Friday.

GALS RUNNING FOR FAIR GOERS — These eight lovely Glamour "Icers" are only a few of a bevy of beauties to appear in "HOLIDAY ON ICE" at the Panhandle South Plains Fair in Lubbock the last week in September. In one of the 28 show acts, these girls are out to capture the notorious love thief Bill Blocker, the outcome of which will amuse all members of the family.

New Examinations Announced By U. S. Civil Service

The United States Civil Service Commission has announced an examination for positions paying \$3,410 and \$5,060 a year in the Bureau of Motor Carriers, Interstate Commerce Commission, in various cities throughout the United States.

A written test will be given. Appropriate experience is required. Successfully completed college study in transportation or mechanical engineering may be substituted for all of the experience required for positions paying \$3,410, and for part of that required for the higher grade.

Further information and application forms may be obtained from Mr. Walter Witte located at Postoffice, Muleshoe, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Board of U. S. Civil Service Examiners, Interstate Commerce Commission, Washington 25, D. C., until further notice.

CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the food, floral offerings, and other kindnesses we are deeply grateful.

Mrs. Scott Donaldson
Sammy, Scottie, and Nancy

Kenneth McCool With 24th Inf. Div. In Korea

24th Div., KOREA — Army Pvt. Kenneth W. McCool, 20, son of Elton R. McCool, Muleshoe, is a member of the 24th Infantry Division in Korea.

The 24th is one of the American divisions stationed in Korea. It was the first U. S. unit to fight in the Korean conflict.

McCool, a driver, entered the Army in March, 1954, and completed basic training at Fort Bliss, Tex. He arrived in the Far East in August, 1954.

THE JOURNAL prints letterheads, envelopes, statements, invoices, checks, calling cards. Call on us for quick service.

All Over State

SEASON FOR FAIRS AT HAND IN TEXAS

In many a city and town of Texas today, community leaders are making plans for an important annual event which many folks have been eagerly looking forward to all year. During the next several months it will be fair-time throughout Texas — with county and regional fairs and festivals taking place in every section of the state.

"In addition to providing wholesome and worthwhile recreation and relaxation, fairs serve to stimulate pride in the achievements of the individual, his group and his region," Mr. Stewart said. "They are a stimulus to trade and a unifying medium."

"The various fairs, festivals and livestock shows in Texas have one important thing in common — they are all working to improve our agriculture and livestock industry, to better living conditions generally and to build up our state."

Texas cities which will hold fairs, festivals or similar events during August, September and October — the traditional fair season in Texas — include the following:

Abilene, Alice, Amarillo, Angleton, Baytown, Beaumont, Big Spring, Blanco, Boerne, Bowie, Brenham, Carthage, Center, Centerville, Cleburne, Coldspring, Corsicana, Crockett, Dalhart, Dallas, Denton, Dublin, Edna, Emory, Fairfield, Floresville, Floydada, Fredericksburg, Gainesville, George West, Georgetown, Gilmer, Goliad, Gorman, Haskell, Hempstead, Henderson, Huntsville, Iowa Park, Johnson City, Junction, Kaufman.

La Grange, Levelland, Liberty, Lipscomb, Littlefield, Livingston, Longview, Lubbock, Marshall, McKinney, Mesquite, Mexia, Midland, Nacogdoches, Navasota, New Braunfels, Palestine, Pampa, Paris, Pasadena, Pecos, Perryton, Plainview, Richardson, Roby, Rosenberg, San Angelo, Seguin, Seminole, Stanton, Tahoka, Temple, Texarkana, Trinity, Tulla, Tyler, Waco, Wharton, Wheeler.

Fairs in Texas date back over 100 years. The first fair to be held in the state may well have been one in Corpus Christi in 1852, which featured bull-fights, a circus, cockfights and fireworks. During the same decade Dallas County became the first county in the state to organize a fair. The State Fair was founded in 1886.

A good fair regardless of size can be a valuable asset to its community, in the opinion of James H. Stewart, general manager of the State Fair and vice president of the International Association of Fairs and Expositions.

By MRS. FRANK CRIPPHIT

BRIDAL SHOWER HONOR MRS. RUSH AND MRS. PHIPPS

Mrs. Doyle Rush, nee Sue Cunningham, and Mrs. Virgil Phipps nee Betty Williams, were honored with a bridal shower, Tuesday afternoon, July 19, in the home of Mrs. S. P. Phipps.

The receiving rooms were decorated with arrangements of garden flowers, and the serving table, which was centered with a lovely bouquet of gladiolus, featuring blue satin streamers bearing the names, "Sue and Doyle" and "Betty and Virgil", was covered with a lace cloth.

Cake and punch were served by Misses Kay Cole and Lynda Lowe.

Attending were Mrs. J. G. Arnn, Ted Therford, J. M. Phillips, N. J. Woody, Boyde Magee, Jack Lowe, W. T. Parker, G. R. Newman, Ray Duncan, Earl Burleson, W. T. Cunningham, J. R. Cunningham, Bob Klutts, O. H. Pierce, Frank Griffith, Rush, Hazel Cunningham.

And Misses Roxie Rush and Jeanette Cunningham, Mrs. Charlie Phipps, Jane and Geraldine, Gail Arnn, Brenda Griffith, Paula Griffith, Kay Cole, Lynda Lowe, Virginia Klutts, Paula Kinley and Betty Martin.

The honored guests were presented corsages made of measuring spoons and ribbon. Hostesses wore corsages of small kitchen articles, which were presented to the honorees.

Hostesses were Mrs. H. L. Carpenter, Lewis Jordan, Cecil Cole, Horace Hutton, Conrad Williams, Don Lamar, S. P. Phipps, J. L. Shackelford, and Bill Burris.

COLES HAD GUESTS

Guests in the home of Mr. and Mrs. Cecil Cole recently were her mother, Mrs. Pauline Walker and a nephew, David Wallaeger, of Clarkdale, Ariz.

FROM ARIZONA

Recent guests in the Louie Jordan home were Mr. and Mrs. Vernon Gibson and daughter of Portales, N. M., and O. W. Kial, of Kingman, Ariz.

MODELED IN STYLE SHOW AT LUBBOCK

Betty Hutton, daughter of Mr. and Mrs. Horace Hutton, modeled a one-piece cotton swim suit in the style show which was held Wednesday, July 20, at Lubbock, at the annual meeting of the Co-op Gin and Oil Mill members.

VISITED HERE LAST WEEK

M/Sgt. and Mrs. Morris Phipps and children visited their parents, Mr. and Mrs. S. P. Phipps last week. He is now stationed at Randolph Field, San Antonio.

VISITED GRIFITHS

Mr. and Mrs. Ira Griffith and family, visited the Frank Griffith family over the weekend.

FROM COLLINSVILLE

Mr. and Mrs. John T. Reed, of Collinsville, visited their daughter, Mrs. Bobby Rowe and family recently.

BAPTIST YOUTHS ATTEND CAMP

Junior boys from the Baptist Church of the community attended the Youth Camp at Floydada, the past week. They were accompanied by Rev. Bobby Rowe, pastor of the Three Way Baptist, who conducted the mission study.

Others from the community attending were Bailey Griffith, Thomas Coffman, Lewayne Batteas, Jeff Townsend, Bobby Walker, Jerry Walker, Roy White, Glenn Pierce and Weldon Walker.

THOMAS B. COSTAIN'S RECORD-SETTING BEST-SELLER!

"...for this was the time of Temptation, and this was the day of Sin..."

THE SILVER CHALICE

A VICTOR SAVILLE PRODUCTION
CINEMA SCOPE
VIRGINIA MAYO • PIER ANGELO • JACK PALANCE • PAUL NEWMAN

Written for the screen by LESSER SAMUELS. Directed by VICTOR SAVILLE. Produced by VICTOR SAVILLE. Presented by WARNER BROS.

"The Silver Chalice", Famed Novel Shows At Valley Theatre Starting Sunday

"The Silver Chalice" will begin its local premiere engagement Sunday at the Valley Theatre. Victor Saville, noted Producer-Director of Hollywood and England, filmed the epic story from Thomas B. Costain's novel in CinemaScope and Warner Color. "The Silver Chalice" stars Virginia Mayo, Pier Angeli, Jack Palance and introduces Paul Newman. The film is a Warner Bros. presentation.

The best-selling book, which reached a sales mark of over 2 1/2 million, as a tale of spectacle and sin, courage and love. It is the story of the Chalice and the young Greek artist who fashions it. The struggles to create and then protect the fabulous Chalice from the attempts at destruction by Simon, the Magician; the temptation of the dazzling silver-girl, Helena; the love of Deborra for Basil; these provide the dramatic highlights of the epic story.

The production, reports are, is replete with elaborate settings and scenes. One sequence, which reportedly took two weeks of preparation, employs a large cast of dancing girls as the visual highlight of a bacchanalian banquet. The scene called for the services of hundreds of stars, players and extras.

LOGAL POOL TO CLOSE FOR SWIM MEET

The Municipal Swimming Pool will close at seven p. m. to the public Monday evening preceding a District Boy Scouts Swim Meet to be held there Monday night.

MRS. NICKELS RITES HELD IN CALIFORNIA

Word was received here Wednesday that funeral services for Mrs. Fred W. Nickels, of Orlando, Calif., would be held at Orlando, at the Church of Christ today, Thursday, July 28.

Mrs. Nickels is a former Muleshoe resident. Her mother, Mrs. C. C. West and two sisters, Mrs. Dave Coulter and Mrs. Mack Savage, still reside here.

Vetch and Clover Improve Farm Land

"Now here's how I'd do it." Ed Little is shown above taking a break from his day's work and chatting with friends concerning the Vetch he is using on his land as a soil im-

provement crop. The picture shows left to right: Jake Roberts, a neighbor; Ed Little's brother Jack, and soil conservationist, Duane Barbee.

C. R. Mayhugh and a Mexican farm hand are shown above thrashing Madrid Clover

for seed on the Mayhugh farm northwest of Muleshoe. (Photo by The Journal.)

During a recent tour of certain sections of Bailey County with Soil Conservationist Duane Barbee, The Journal's reporter noted several interesting crops being used for a dual purpose by many farmers near here. Two of these crops stood out to the extent that it was felt that a report on the operation involved might prove to be of value to those seeking similar crops.

Clover On Mayhugh Farm
C. R. Mayhugh was interviewed while thrashing 17 acres of Madrid clover planted in March of last year for a seed crop. Few crops can beat clover for soil improvement and Mayhugh summed up the other purpose of the crop by commenting: "If clover is seeded at the right time of the year, nothing will pay better."

Mayhugh drilled 400 pounds of seed on 17 acres and harvested 900 pounds from 1.2 acres. He plans to pay for the cost of harvesting by baling the straw and using it for feed this winter.

Soil improvement is the first purpose of this crop, but few soil improvement crops can be made to pay directly, and indirectly at the same time. The first year after the clover was seeded, the entire 17 acres was left for pasture, and then in this, its second year, it has been thrashed for seed. Mayhugh made note of the fact that "as long as the clover is on the land it is doing the land good."

Soil Conservationist, Barbee was able to give the picture an even brighter side by pointing out that clover will make seed in one year if seeded in late August or early September.

Considering clover as a seed crop and taking advantage of the soil improvement, Mayhugh says that he had much rather have clover for a rotation crop than grain sorghum. The crop will be followed with cotton next year.

Mayhugh farms 80 acres of land planted in cotton, small grains, and clover.

Vetch Improves Little's Land

Next step, west to the farm of Ed Little, and another interview in the field concerning another soil improvement crop. This time vetch, more common than clover on local farms, took the spot light.

Little planted 35 acres in vetch about August 25, 1953, and interseeded it with cotton. He is planning to follow the same program again this year, with a few improvements in the operation. With his acreage he advises the planting of about 20 pounds of seed, and the crop should be seeded early enough to get two waterings on the land.

Barbee and Little agreed that the best time to fertilize the land during the above operation is when the vetch is seeded or just as soon as possible after the cotton is taken off the land.

Last year Ed drilled the land in Martin Maize, then cut and baled the maize. In late September or early October after taking the maize off the land, Little had a volunteer crop of vetch.

Vetch should be watered after removing feed, and hit with 300 pounds of 20% Phosphate. Little's vetch was watered four times, beginning just as seed came into full bloom.

Last fall 93 head of cattle were grazed on the 35 acres of vetch for 40 days. In late March, 19 head were taken off his barley and grazed on the vetch until May 10. He then fenced the nine acres off, after grazing there a few days he decided the cattle were grazing in spots. The 19 head were confined to only four and one half acres and left on this area until June 15. At this time the cattle were removed and the vetch made a bumper seed crop.

It is Little's plan to leave the seed for volunteer crop next year. Some greatly improved method of harvesting the seed is going to have to come into operation before vetch can ever be a really worth while seed crop. Last year Ed attempted combining the vetch and got 200 pounds of seed per acre with most of the crop remaining on the ground.

Next spring Ed plans to water his vetch shortly before the crop is plowed up. He believes he will have enough moisture to plant on. This will give additional time for the vetch crop to make its maximum growth for grazing and soil improvement.

Summing up his opinion of this program of soil improvement, Ed said that he will continue to use vetch on his farm for soil improvement. He believes that the crop will give him two years of fertile land for each year it has been on the land.

Little owns the 80 acres on which he lives, and farms 80 to the west of his land, and half a section to the south, not including half interest in another 80 with his brother, Jack.

Ledge Craig, Of National C of C Speaks To Lions

Members of the local Lions Club were privileged to hear Ledge Craig, manager of the Denver District of the United States Chamber of Commerce, speak concerning his work in this area, during the program at their regular meeting Wednesday at noon in Gerald's Cafe.

Senn Slemmons, manager of the local Chamber, was introduced by Jerry R. Kirk, and he in turn introduced Craig. The speaker was in town Wednesday to meet with several committees from the local Chamber.

Craig travels throughout Colorado, New Mexico, and the Texas Panhandle, working with all local CofC groups in these states.

His brief talk was highlighted by his definition of a Chamber of

Commerce. It was pointed out that the Chamber of Commerce is the most important organization in any community. "This group alone can determine the type of town you live in and in any progressive community you will find an active Chamber of Commerce."

The National Chamber with which Craig is connected, was organized by President Taft in 1912 to keep Congress informed concerning the commercial operation of local chambers this organization rightfully claims the title of "The Voice of American Business."

Four fields in which the National organization works were discussed by Craig. The Chamber has the best staff in the field of research of any National Organization. In this one field they have 15 specialized departments, working on activities that parallel those of the local Chamber. It is also an information formulating organization, and opinion formulating organization, and an action setting organization.

This last statement was explained in the fact the National Chamber cannot take action, but it can encourage it on a local level.

Craig concluded by reminding the Lions that the people of a community are actually the Chamber of Commerce and not just a few individuals.

Visiting with the Club Wednesday other than Mr. Craig, was Allen Karcher, who works out of Dallas with the Koda KCompany. Karcher is formerly a resident of Portland, Maine. He was the guest of Sam Damron.

New members will be installed when the Club meets next Wednesday.

BAILEY COUNTY Farm Bureau News

Approximately 100 people attended the second of four Bailey County community meetings, which was held in the Needmore community house on Friday night, July 22. There was fun and entertainment for all ages.

Mrs. Cass Stegall and Mrs. Rudolph Marow had charge of the program. Mrs. Stegall acting as mistress of ceremonies, Kay Cole started the activity with a piano prelude, followed by Anita Schmitz with tap dancing. George Marow also rendered a tap dance number. W. T. Parker accompanied his daughter, Carlina as she sang. Paula and Brenda Griffith gave a piano duet. Anita Schmitz and Elizabeth Marow gave a tap number. Mrs. Tempia Arnold and Robbie Bates sang religious songs, Robbie then gave a solo. Lester Howard and N. C. Moore chose sides for a Bible Quiz. When members on the teams couldn't answer the questions the audience gave them. Mrs. Bill Garrett played the piano for group singing. Paula Griffith from Three Way and Betty Moore were introduced as candidates for the Bailey County queen contest.

Mrs. Lonnie Arnold won the beautiful set of silverware given as the door prize. Delicious refreshments of cookies and cold drinks were served. Everyone had a good time.

The Farm Bureau wishes to thank all of those who had a part in making the evening a success. A lot of hard work went into the planning and staging of the program.

Mrs. Doris Traveek and Jerry White attended an office secretaries meeting in Lubbock, at the Lubbock Hotel, July 21. They reported a nice meeting and helpful ideas in carrying on Farm Bureau work.

Joe Sooter, J. K. Adams and Jimmy Wedel attended a presidents and secretaries meeting of Farm Bureau, in the Lubbock Hotel Thursday evening. Several impressive talks by Gene Leach, Odel Frazier, O. K. Hoyle, and Hub King.

Mr. Leach, being our Legislative representative of Texas Farm Bureau, advised them to send more telegrams and letters.

Baptist Announce Youth Led Revival

Tommy Dempsey

Charles Osborn

Plans for a seven day Youth Revival in August were discussed by six committees of young people, who have been appointed in a meeting Sunday afternoon at the First Baptist Church here. The campaign is scheduled for August 14-21.

Charles Osborn, of Baylor University, will bring two evangelistic messages daily, and Tommy Dempsey, of Pecos, Texas, will direct the revival choir and will be in charge of special music.

Services will be held at seven a. m., and eight p. m., each day. A light breakfast of coffee and doughnuts will be served following the services each morning. Prayer services will be conducted in age groups each evening preceding the services at 7:30.

Throughout the entire meeting all activities will be carried out by the youth of the church. Both the evangelist and the singer are young men, who are still completing their college education.

The evangelist, Charles Osborn, is classified as a senior at Baylor University, in Waco, and at the present time is pastor of the First Baptist Church of Moody, Texas.

Osborn, who has worked in Youth Revivals throughout the South, has made an outstanding name in the religious work at Baylor. He has been president of the school's ministerial alliance, and served as president of his freshman class. He is also a member of the Baylor Chamber of Commerce. After finishing college and attending the seminary, Charles plans to make evangelistic and pastoral work his life's work.

Singer, Tommy Dempsey, is finishing his education at Sull Ross, is now serving as Music and Education director of the First Baptist Church in Pecos, Texas. Previous to coming to Sull Ross he studied voice for three years at East Texas Baptist and Howard Payne. He will complete him BM Degree next year.

Wayne Bristow will head the seven committees appointed to direct the week long meeting, in cooperation with the evangelist and singer. These groups include: Music, Billy Ellis, chairman, Mona Wilhite, Rosemary Hicks, and Doc Wilhite; Prayer meetings, Billy Eason, chairman, Ronald Stinson, Jera Lynn Wilhite, and Sherman Inman; Fellowship, Karlene Towns, chairman, Dwayne Morrison, Larry Hicks and Mrs. Clarence Wilhite. Entertainment, Mrs. James Finley, chairman, Mrs. Bob Wallace

as he has to have the backing of farmers to enable him to get bills passed.

Scout Swim Meet Set Here Monday

Scouts from Littlefield, Muleshoe, Sudan, Earh, Levelland, Sundown, and Three Way will meet at the Municipal Swimming Pool here for the Annual Boy Scouts' District Swim Meet, Monday evening at seven p. m.

Boys of all classes will be included in the meet ranging from eleven year olds through Explorer Scouts.

Ribbons will be presented in three places with the highest honor going to the winning team. Winners in the contests here will go to Lubbock to compete in the Council Wide Meet. It is hoped that some 15 to 20 local boys will enter here.

Revival At Main St. Baptist Now

The first services of a revival meeting scheduled to run thru Sunday, August 7, were conducted last night at the Main Street Baptist Church.

Tex Cobb, of Delvin, Texas, is doing the preaching and song services are being directed by James Green of Anton.

There are two services daily. The morning service at 10:30 a. m. and the evening services beginning at 8 p. m.

Pastor Loy J. Ferguson extends an invitation to everyone to come out and take part in the services.

GUESTS FROM EAST TEXAS

Guests this week in the home of Mr. and Mrs. F. H. Davis is his mother, Mrs. Minnie Cobb, his niece and nephew, Mr. and Mrs. Harold Brooch and daughter, Judy, of Mt. Pleasant, and Mrs. Milton Wiseman, of Sudan.

The group left today for Colorado, where they plan to stay for a few days and do some fishing.

Home From Service

Pictured above is Roy Wilemon and his two sons, Boatwain's Mate 2/c Bobby Wilemon and A/2 Jackie Wilemon. The two boys were home on leave recently visiting their father and relatives and friends.

Bobby is now stationed in San Francisco, and Jackie is on his way back to Bermuda, where he has been stationed for some time with the U. S. Air Force.

and Mrs. Ed Hicks; Ushers, Marlon Inman, chairman, Jimmy Morrison, Raymond Scott and Omar Kelton, Publicity, Jack Douglass, chairman, Billy Ann Pence, and Byron Griffiths. Members of the visitation committee had not been decided upon at Snuday's meeting.

The revival motto, "God Can Do Anything But Fail", brings out the spirit of those who have a part in planning the meeting.

An invitation is extended to everyone to attend each service during this evangelistic campaign, and a special welcome goes out to all young people.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 32, NUMBER 30

SECTION II — 8 PAGES

THURSDAY, JULY 28, 1955

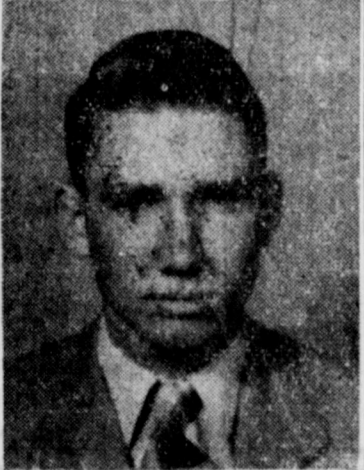

Muleshoe FFA News

By BILL BICKEL and CHARLES THOMAS

Eight members of the Muleshoe FFA Chapter were in Houston last week for the annual State Convention which ran July 20-22 in the "Livestock Coliseum". The local representation included Ronald Lewis, Bobby Black, Delbert Black, Billy Schaffer, Richard Greene, Buddy Black, J. L. Redwine, and Beverley Mardis.

Outstanding among those making the trip were Ronald Lewis and Bobby Black. Only 2% of the total State FFA membership is eligible to receive the Lone Star Farmer degree each year, and both Lewis and Black were awarded the degree during their stay in Houston.

Both of these boys have been enrolled in Muleshoe School since their freshman year. They will be seniors when school starts here in September.

RONALD LEWIS

"When I entered vocational agriculture I had one dairy cow which my father had given me as a calf. I had earned enough from this cow to buy a beef calf and from these two projects I earned enough to expand by projects each year."

In this brief statement Ronald Lewis sums up three years as an active member of the local FFA Chapter, but the record says a lot more concerning the work that went into the projects mentioned above.

His projects during his freshman year included one dairy

cow and a beef calf. From these he made a total labor income of \$185.39. That was boosted to \$281.35 at the end of his second year. He still had one dairy cow, but another beef calf was added to the list of projects.

Ronald took one beef calf to the State Fair during his second year in vocational agriculture and saw it graded "Prime". His first year calf had been graded "Choice" at the Dallas show.

During that sophomore year he was also a member of the Dairy Cattle Judging team, and ranked as high point individual at the Texas Tech judging contest; the team placed sixth.

Last year in Ag. III Ronald's project took a real step up the ladder. He had three beef cattle, three beef calves, three acres of cotton, and two acres of milo. Next October he will show another calf at the State Fair in Dallas.

Lewis was also a member of the land judging team which placed first in the contest at the Plainview Dairy Show. Ronald was fourth high individual.

Like most Future Farmers he mixes being a good farmer with being a good citizen. He is a member of the YL Methodist Church and has served as an officer in the Young People's Department of that church throughout his years in high school.

BOBBY BLACK

"When I became a freshman and entered agriculture, I borrowed money from the bank to

MISS GUPTON AT GENEVA

Local Girl Attends Conference Of Big Four Leaders in Switzerland

Before I write anything about the Geneva Conference, I would like to give your editor, J. M. Forbes, my heartfelt thanks for his split-second reaction to my frantic wire asking for the necessary accreditation that would allow me to attend the Conference as a press representative.

Having decided to leave Switzerland, because it is a very expensive country for five students struggling to stretch an already strained budget over a three month stay in Europe, we were on our way to Austria. In spite of being somewhat discouraged by a report of the Conference by a UP correspondent in Zurich, we changed our plans to include it.

This new plan required crossing a long stretch of the Swiss Alps in order to reach Geneva by Tuesday, the second day of the Conference. I began to realize I was actually nearing the vicinity of the Conference when we could see the heavily armed, expressionless guards posted on every road crossing the main Geneva-Lausanne highway. One or perhaps two and three guards were stationed at each road thirty kilometers (approximately 20 miles) from the Big Four's meeting.

Immediately upon our arrival in Geneva, we contacted the foreign editor of The Journal de

buy four lambs; and my father let me have ten acres of crop. From the earnings on these projects I was able to expand my program each year.

"Outstanding" is the only label for the way Bobby Black handled his first farming project as a Greenhand in Ag. I, and went on each year to enlarge the program until a few projects in the State could compare with his now as he received the well deserved honor of "Lone Star Farmer."

With four lambs, five acres of milo, and five acres of cotton, Bobby made a total labor income of \$126.10 his freshman year. His entire acreage went into cotton the next year, and continued to enlarge his sheep program by feeding seven head of South-down ewes. That year his income was \$1,596.65.

Last year he added another feature to his project, two Dairy heifers. He had in addition, one lamb for mutton, 16 acres of milo, four acres of cotton, and 12 ewes for lambs.

Not counting his projects, Black managed to stay busy with agriculture and school activities throughout his Junior year at MHS. He was president of the local FFA Chapter. He worked as member of the land judging team from the Muleshoe FFA in the contest sponsored by the Soil Conservation District, and climaxed his agricultural activities by showing a lamb at the State Fair.

In other activities around MHS he made a name too. Black was elected Junior Class Favorite, and was a member of the "M" Club and the Student Council. He participated in both football and track.

INDEED AN HONOR
Both of the above records are far above the average agricultural record of a boy still in high school, but in order to receive the honor bestowed on Bobby and Ronald last week, the rules demand something above the average.

In order to receive the State Farmer Degree a boy must have been a member of the FFA for two years, and he must have completed satisfactorily at least two years of vocational agriculture. He must have in operation an outstanding program of supervised farming. He must be enrolled in Ag. III or have completed the course, and he must have earned and invested at least \$500 during his time in the FFA.

Not only must he be an outstanding farmer, but he must show outstanding ability as evidenced by his leadership and cooperation in student, chapter, and community activities, and have a satisfactory scholarship record certified by the superintendent of his school.

TRIP CUT SHORT
Local vocational teacher, Charles Thomas, was forced to leave the State FFA Convention at Houston and make a speedy trip home due to a case of the MUMPS. He is recovering at his home here.

Geneve, Bernard A. Beguin, who directed us to the accreditation department of the press. There we learned that we must have credentials or letters of accreditation from newspapers that would be approved by the security department of the Conference. I quickly sent a wire home to secure my accreditations while the other four sent their Daily Texan press cards through, hoping a student press card would be sufficient.

The importance of these accreditations was realized when we were refused entrance into the Palais de la Nations in order to see the "Big Four" that afternoon. The Texan press cards were sufficient, however, to allow us to have temporary passes into the "Maison de la Presse"—headquarters for all Conference

press activities. I had to borrow a "once-used" press card from Carol, hoping desperately that it would not be checked too closely. It was sufficient for the time being, and I breathed a long sigh of relief as I walked into the large grey building.

Press conferences for French, Russian, British, and American correspondents are held in various rooms throughout the "Maison de la Presse" immediately following the Prime Ministers' meetings, which are held in the mornings, and the heads of the governments' meetings, which are held in the afternoon. The French and Soviet Union press conferences are translated into English on the spot, so we have been able to split up and later compare notes on the information released.

The five of us are not here to attempt "on the spot" reporting, but I, for one am very interested and excited about the mass of newsmen, TV and movie cameramen, and radio correspondents from all parts of the world. One question that we have all phras-

ed is: "Are there any other students here?" At this point we have found only one other student—an eighteen year old boy from Germany, representing his school newspaper.

He stands out among the other very professional representatives dressed very simply in hiking shorts. In a brief interview, we learned that he had hitch-hiked to Geneva. For him, the experience of attending this Conference will be invaluable for future work in foreign service, which he is considering at present.

Our decision to attend the Geneva Conference was made with-out hope of actually getting in as press correspondents. We fully expected to be on the outside looking in. The slim risk of just looking in on the Big Four Conference was enough to send us from almost one corner of Switzerland to the other, and I'm sure none of us will regret following the seemingly wild impulse that led us to Geneva.

MULESHOE

Guess Who Lives Here

A FARM HOME of the Muleshoe and Bailey County territory is pictured above. It should be familiar to many of The Journal's readers. First person who gets his mail to the post office here, and first person who gets his mail on a route or at another post office correctly identifying this farmstead will receive two tickets to COX DRIVE-IN THEATRE. Phone The Journal, 7220 or 5400 and submit your guess, come to the office or mail a card.

Mystery Farm Barnett Place

Mrs. Frank Snyder city, and Mrs. W. R. Carter of Baileyboro, were the first persons calling in to correctly identify the Mystery Farm in Last week's issue of the Journal.

Both identified the farm as that of Mr. and Mrs. Pat Barnett, which is located in the Baileyboro community.

The winners may come by the Journal Office and pick up two free tickets to The Cox Drive-In Theatre.

The Barnetts have a free aerial photo of their farm awaiting them at the office.

ARRIVED YESTERDAY

Mrs. Danny Neal, of Temple, arrived here yesterday to visit her daughter, Mrs. D. B. Lancaster and family.

TO MARYLAND

Mr. and Mrs. Earl Ladd Jr., and son Earl III, here visited their parents, Mr. and Mrs. J. A. Johnson and Mr. and Mrs. Earl Ladd, Sr., and other relatives and friends, before going to Baltimore, Md.

VISITED SISTER

Mr. and Mrs. Coy Williams, of Eden, were here last week visiting her sister and brother-in-law, Mr. and Mrs. L. F. McCormick. The two families drove to Tris Ritos, N. M., during the latter part of the week, and enjoyed a few days in the mountains.

About People You Know

LUNCHEON IN LUBBOCK

The Dave Aylesworths lunched in Lubbock Sunday, with Mr. and Mrs. J. B. McPherson.

SUNDAY GUESTS

Mr. and Mrs. R. G. Pylant and children of Edcouch, were guests Sunday in the O. J. Lorraine home.

FROM AMARILLO

Mr. and Mrs. Archie Scarbrough and Monroe Teague, of Amarillo, visited in Muleshoe over the weekend with Archie's parents, Mr. and Mrs. A. E. Scarbrough and other relatives and friends.

IN ARIZONA

Mrs. W. F. Mullins is visiting in Phoenix, Ariz., with her granddaughter, Mrs. Dan Orick.

TOURED CALIFORNIA

Mr. and Mrs. W. F. Mullins returned home last week from a vacation trip during which they toured the state of California.

GUESTS FROM OKLAHOMA

Guests last week in the Bill Moore home was his sister and brother-in-law, Mr. and Mrs. Otho Brown and children of Hobart, Okla.

FROM SAN SABA

Watson Miller, of San Saba, was visiting here this week.

Norway, and owned by the Compania Consolidada de Maderas, Tampico was her home port.

A hundred and eighty feet long, with twenty-six foot beam and twelve-foot draft, the Nicaragua was driven by a triple compound three-cylinder engine, whose remains are still washed by the surf of Padre Island.

The vessel was sunk on October 16, 1912, on a voyage between Tampico and Port Arthur, Texas.

Probably she was full of bananas, but on the other hand, legend might be right. Maybe her cargo was guns.

VISITING FATHER

Mrs. J. E. Lovelady and children, of Amarillo, arrived here Tuesday for a two weeks visit with her parents, Mr. and Mrs. W. W. Smith and other relatives and friends. Mr. Smith has been ill.

TOURED NORTHWESTERN STATES AND CANADA

Jane Stephenson of Abilene, Catherine Striker, of Ropes, and Margie Moore, returned Sunday from a tour of the northwestern states and Canada. The girls

visited points of interest in California, South Dakota, Washington and Oregon.

They reported a wonderful trip. The three are teachers in the Post School system.

ENJOYED VACATION AT HOT SPRINGS

Mr. and Mrs. Ray Griffiths returned home from Hot Springs, Ark., Sunday evening, after spending two weeks there fishing, taking the hot baths, and sight seeing.

They reported a wonderful trip.

SUNDAY GUESTS

Mr. and Mrs. Bill Garrett and daughters of Farwell, were guests Sunday in the home of her mother, Mrs. E. H. Ivy. Other guests were Mrs. "Pretty" Owens and sons.

Visiting Monday with Mrs. Ivy, was her son, Leland Ivy and family, of the Lazbuddie community.

FROM PARIS

Mrs. H. R. Carter, of Paris, is here visiting her daughter, Mrs. A. L. Gabbert and family.

YOUR MONEY

Is it safe—and is it really working hard for you?

As an experienced businessman will tell you, part of your earnings should go into a savings account which is not subject to market fluctuations. When you open an account, look for two basic things:

One is safety. The other is a good return on your money.

Where are you sure to get both of these things? In an insured Savings and Loan Association!

More and more prudent Americans now choose to put their savings in these Associations because: Your money brings excellent returns in these

Associations which invest most of their funds in sound, steady-paying home mortgages.

Your money is safe. It is protected by sound management and substantial reserves. It is insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government.

You really owe it to yourself to get acquainted with the insured Savings and Loan Association nearest you!

Wreck Of Nicaragua Off Padre Island In 1912 Still Unsolved Mystery

Padre Beach, Tex.—Forty miles north of Padre Beach, an easy drive from the south tip of Padre Island along the hard-packed sands of the Gulf shore, lies one of the Texas coast's mysteries—a great rusty mass of iron that is the remains of the steamer Nicaragua.

Barnacles mark the high tide line on the old engines and sea lettuce covers its salty sides and colors it a brilliant green. Tales about the vessel are legion.

One, long current, says the Nicaragua was the victim of saboteurs. According to this story, she was a gun runner, carrying arms to revolutionists. She was loaded with sacks of cement—so the story goes—and in the center of each were guns and ammunition destined to help in the overthrow of the Mexican

government.

Authorities, aware of this fact, smuggled one of their own spies aboard, who crippled the steering gear so that the Nicaragua was driven ashore on Padre Island and her cargo lost.

According to another legend, Pat Dunn, the fabulous Duke of Padre, is reputed to have used the hinges from the Nicaragua's refrigerators to hang the doors of his island house, and chairs from the wreck are said to have adorned his dining room.

All these stories may be true. No one knows, for Lloyd's Register—the only source of facts regarding the vessel—confines itself to mundane information.

The Nicaragua, according to this weighty tome, was a Mexican steel screw steamer of six hundred tons, built at Bergen,

NOW-Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History! Come in and see!

You can sit this pretty for less than you think

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price

(Come in and check it!)

We'll mince no words.

You can buy a Buick SPECIAL like the one shown here if you can buy any new car.

You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for less than some models of the three most well-known smaller cars. The price tag we'll show you proves that

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.

They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance.

And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflo?

Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick.

Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

GM Builds New Train

CHICAGO — GENERAL MOTORS LIGHTWEIGHT TRAIN, shown here in artist's conception, will be unveiled at the GM Powerama — a "world's fair of power" — in Chicago August 31 — September 25. GM's Electro-Motive Division at La Grange, Ill., is building the revolutionary train at the request of a committee of railroad presidents. After its introduction at the spectacular Powerama, the train will be tested on major railroad lines.

TO SUPPLY NEWSPAPER WORKERS

Gillentine Of Hereford Establishes Journalism Scholarship At Tech

LUBBOCK, July 27—Establishment of a \$180 annual Hereford Brand Freshman Scholarship in Journalism at Texas Tech was announced today by Dr. William E. Hall, Tech journalism head.

Purpose of the scholarship, provided by Hereford publisher James M. Gillentine, is to encourage talented high school graduates to begin professional training in journalism.

"Through scholarships such as this, we'll be able to meet with in a few years the increasing needs of this region for trained newspaper personnel," Dr. Hall said.

The Tech journalism educator reported that more than 60 job openings had been listed with his department within the past 10 months, about seven per graduating senior.

This year's Hereford Brand freshman scholarship will be open to any entering Tech journalism freshman from West Texas who ranked in the top half of his or her high school graduating class and who demonstrated both interest and superior ability in journalism, Dr. Hall said.

Applications should be mailed to the Department of Journalism, Texas Tech, before August 15. The 1954-55 winner will be announced on or about September 1, Dr. Hall said.

In future years, the scholarship will be awarded to the outstanding journalism senior at Hereford, to be chosen by a representative of the Brand, the high school principal and the high school journalism instructor.

"We are particularly proud that the first donor to Tech's new 'hometown scholarships' program should be a long-time leader in Texas press circles," Dr. Hall said.

Gillentine is a director of the Texas Press Association, a past president of the Panhandle Press Association and a member of Sigma Delta Chi, national journalism professional fraternity.

He has been associated with the brand since 1937. He became a co-owner of the newspaper in 1939 and became sole publisher in 1948. Following his graduation from Southern Methodist University, he worked on the

Wellington Leader and the Dallas Times-Herald.

Under Gillentine's direction, the Brand has been a constant award-winner in Texas journalism competition. The newspaper was awarded first place in 1955 TPA competition for personal column, editorials and news pictures. The Brand also ran first in editorials in 1952 and won the "sweepstakes" for semi-weeklies and tri-weeklies in 1952.

The Brand was one of Texas' first successful semi-weekly newspapers, also one of the first to successfully publish a Sunday edition.

PARENTS VISITED

Sunday guests in the Owens Jones home were his parents, Mr. and Mrs. Coleman Jones and his brother and sister-in-law, Mr. and Mrs. Tony Jones. Both families were from Plainview.

Mr. and Mrs. Tony Jones also visited her parents, Mr. and Mrs. Delton Gilliland.

M. Sgt. Casey Is Now A Farmer

Master Sgt. Joseph W. Casey, son of Mr. and Mrs. W. Q. Casey, of Muleshoe, is now a civilian, after serving ten and one half years in the U. S. Air Force. He and his wife and their son, flew in from North Africa, where he had been the last 30 months, reaching Amarillo last Wednesday.

Mr. and Mrs. Casey met them at the airport and the family spent the rest of the week with his parents, Sunday they all went to Haskell County, where Mrs. J. W. Casey's parents live and the sergeant is now a farmer.

His father-in-law and brother-in-law had planted and cultivated the sergeant's crop for him, had it going nicely. Their address is O'Brien, Texas.

VISIT IN MASON

Mrs. N. J. Mathiesen, accompanied by her daughter, Mrs. Edith Wilt and sons, Eddie and Todd, returned Friday from a week's visit with a daughter of Mrs. Mathiesen's, Mrs. Robert Prather and family at Mason, and a son, Charles D. Julian and family at Ft. Worth.

JANELLE SEDGWICK TO ATTEND MUSIC CAMP

CANYON, July 26 — Miss Janelle Sedgwick of Muleshoe is among the more than 300 high school musicians who have made reservations to attend the third annual West Texas Music Camp, to be held July 31 to August 12 at West Texas State College. Students from all over the Panhandle and West Texas region will participate.

Most Modern, Shortest Stroke V8's
in any leading truck!

New Chevrolet Task-Force
Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction... longer engine life!

Here are more dollar-saving reasons why Chevrolet trucks offer the most modern V8's* for your money!

MODERN 12-VOLT ELECTRICAL SYSTEM

Double the punch for quicker starting and more efficient ignition for finer performance.

GAS-SAVING HIGH-COMPRESSION RATIO

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

EXTRA-HIGH POWER PER POUND

Since these V8's deliver high power per pound of engine

weight, more of the power is actually available for hauling.

ADVANCED AIRCRAFT-TYPE VALVES

Valve action is more positive at all speeds for finer, smoother performance.

FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION

Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year... America's best selling trucks

BABSON DECLARES— Crimes and Accidents Decreasing

Babson Park, Mass., July 28 — It is too bad that the newspapers and broadcasters feel obliged to present so much bad news — about crime, foreign complications, and even auto accidents. Every impartial statistician must be an optimist, to ferret out the facts.

ALWAYS CONSIDER OUR POPULATION GROWTH

It is true that these three unfortunate things are on the increase, and churches and schools are getting the blame for it. But when crime and accidents are reduced to a per-capita basis, the figures are not so bad. Our population is growing so fast that in reality there has been a decrease in crime and accidents when adjusted to the population growth.

Just think, since Hoover was in the White House the net population of the United States has increased over 40,000,000! This is almost equivalent to the entire population of Great Britain. In other words, if, say, the total population of Great Britain had been dumped into the United States in the last 25 years, would we not expect to have even more crime and trouble than we have today?

AUTOMOBILE NUISANCE

I admit that parking problems are terrible. Unless our city fathers remedy these very soon, our merchants will suffer. When their sales decrease, manufacturers cannot sell as many goods and unemployment increases. But — considering the number of automobiles, it is remarkable that we find any place to park our cars!

Yet, should we blame the automobiles or the ignorance and shortsightedness of our municipal governments? What would any city do today without the automobile business? Close up the dealers, garages, gas stations, and repair shops, and what would we have left? A few blacksmiths would be shoeing horses and there would be dealers in hay and oats — but the life of our cities would be gone. However, we should have both the auto industry and sufficient free parking.

BOUNTIES OF NATURE

We not only have wonderful crops; but we have a billion bushels of grain in storage. In addition we have tons of eggs, butter, and other products in storage. No country in the world begins to have our blessings. This applies even to the wealth

of the sea and the trees of the forests. Each week as I read a large Sunday paper I read the acres of splendid woodland which were destroyed to give me the newspaper. Yet, I am assured that the new growth exceeds the destruction.

When I learn of the great rivers which have not yet been harnessed, of the supplies of coal and oil which will last for centuries, and of other God-given natural resources, I am both humble and thankful. And we are just now learning about the power of uranium which may be found anywhere and a pound of which may do the work of 2½ million pounds of coal. It seems wicked for any of us to complain about anything. We perhaps are wasting precious time even bothering to look at stock-market quotations or concerning ourselves about investigations. Speaking of "time," this is the only thing of which there is no surplus. Our TIME is the one thing which we cannot replace when it is wasted.

FREEDOM FROM WAR

Of all our blessings, perhaps the greatest is our freedom from war — and the possibility that World Wars may be at an end. Upon the highest military authority, I forecast that the hydrogen bomb may be a blessing in disguise. At any rate, we know that the draft calls are being reduced, and the orders for much military equipment are being canceled.

I grant that it makes some people pessimistic to read the newspapers; but the very fact that the newspapers publish no more about crime and accidents proves that the bad news is becoming proportionately less. Whenever I get pessimistic, which is very seldom, I read the history of England or of some other country. This shows that the world is getting better fast and that my job is to keep up with it. If you have any difficulty being optimistic, read each day one of the Psalms of David. There are 150 of these, so they will keep you busy for 5 months. They will be the best pills you can take.

KIRKS VISIT MULESHOE

Mr. and Mrs. R. C. Kirk of Littlefield were in Muleshoe Thursday on business connected with their Sharp Tool Service in Littlefield. You will find their ad on another page of this paper.

SAND HILLS PHILOSOPHER UNWORRIED

About America Becoming Soft Due To Soft Living, Says It Costs Too Much

Editor's note: The Sand Hills Philosopher on his Johnson grass farm discusses easy living this week, a subject he ought to know something about.

Dear editor: Anybody can rest after he gets tired but it takes fore-thought to rest ahead of time and I was out here on my farm yesterday morning enjoying this type of rest and I got to thinking about an article I read in a newspaper the night before.

According to it, an expert in Washington worried about the health of the nation, said "easy living habits are steadily reducing America's stamina to the danger point."

"No one can estimate what the automobile has cost the American people in muscle, or the radio, television and motion pictures in active participation in recreation," he said, adding: "A nation that indulges in this easy living is steadily reducing its stamina to the danger point."

This is the type of thinking, if you ask me, that is mostly an argument for resting before you get tired, to avoid such outlandish conclusions.

Sure, I'll admit it, we've got more automobiles in this country than the rest of the world put together, more radios, more television sets, more automatic washing machines, more air-conditioning, etc. In fact, just looking at the figures, you might say we've got easy living in this country and the expert is right.

CHRISTIAN SCIENCE SERVICES

How spiritual understanding of God, as divine Love assures man of wise guidance and unlimited inspiration will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Love" will include the following passage from the Biblical account of the guidance the children of Israel received in their flight from Egypt: "And the Lord went before them by day in a pillar of a cloud, to lead them the way; and by night in a pillar of fire, to give them light; to go by day and night: He took not away the pillar of the cloud by day, nor the pillar of fire by night, from before the people" (Exodus 13:21-22).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (454:18-21): "Love inspires, illumines, designates, and leads the way. Right motives give opinions to thought, and strength and freedom to speech and action."

The Golden Text is from I John (4:8): "He that loveth not knoweth not God; for God is love."

it running and replace it with the new model coming out next year, it's a full-time job and you're not in danger of getting soft.

If automobiles reproduced themselves, if washing machines had little washing machines to grow up and take their place when they wore out, if electricity was free to operate all the gadgets, and gasoline too, there might be some danger in us becoming soft, but like things are now, it takes as much muscle to keep the machine age going as it did the stone age. The down-payment has produced as much hard work as the struggle to kill wild game ever did, new models every year are a responsible for as much muscle as planting corn with a forked stick ever produced.

Soft living might bring about weak people, but it'll have to get a whole lot cheaper before there's any danger. To keep the payments up on the kind of easy living we've got, a man has to stay in trim.

Yours faithfully,
J. A.

HERE and THERE By JAMES TODD

TEXAS ROADSIDE PARKS WIN FAVOR OF TRAVELERS

With the coming of the vacation season and increasingly large numbers of tourists sitting in Texas, both permanent residents and tourists express deep appreciation of the planting of trees and the maintaining of roadside parks along our Texas highways as resting places for the passerby.

The Texas Highway Department distributes free to all who request it one of their Texas roadside park guides, containing regional maps of the state showing the location of roadside parks, accompanied by photographs of their principal ones in each of these regions. There are four of them: Region A, covering East Texas; Region B, Southwest Texas; Region C, the Panhandle of Texas; Region D, West Texas.

These roadside parks in all four regions are designed to harmonize with the distinct picturesque contour and atmosphere of each particular region. In addition to the concrete table and benches in these roadside parks, there are fireplaces for cooking and receptacles for the disposal of garbage and other refuse.

The Texas Highway Department also issues a summer edition of their Texas official highway map giving helpful information to those using the highways, such as the marking and designating of the highways; listing the location, address, and phone number of the Texas Highway Patrol Stations; mileage chart of mileage between prominent cit-

ies of the state with highly colored photographs of historical places; supplementary mileage chart to State capitols and certain key cities in other states, and a partial United States road-map.

As a visitor tarries beneath these trees and at these roadside parks he is made to recall that the israelites were expected to plant the sycamore tree along the highways and thoroughfares passing his property line to afford rest and refreshment to the passerby during the heat of the day. The sycamore tree of Bible Lands was unlike our sycamore tree, in that it is a fruit bearing tree. The fruit is edible and nourishing.

After the Romans built and maintained the side and straight military highways across the land — for "all roads led to Rome" — the Israelites cared for the sycamore trees along the way as an act of hospitality to the passerby and the stranger within his gates where he could pause and rest and refresh himself.

Everyone remembers the Bible stories of childhood and the story of Jesus leaving the city of Jericho among the palm trees and going out on the broad and straight Roman highway and finding Zaccheus, the Jewish tax collector of small stature, waiting for him up in one of the sycamore trees. When we heard that Jesus told him to come down for he was to eat that day in his house and this little man hurried down from out of the sycamore tree, we thought we could hear the bark being peeled off as he slid down the tree, but his sycamore tree did not peel like ours.

The maintaining of trees and shrubbery and roadside parks for the passerby on our Texas highways is a fine gesture of hospitality, especially to those from afar. These and other equally splendid gestures of our Texas Highway Department, particularly during the vacation and tourist season, are in line with the Biblical admonition, "Do not neglect to show hospitality to strangers, for thereby some have entertained angels unaware."

FOURTH ATOMIC ARTICLE

Strange And Awesome Devices Used By Scientists In Atom Research

(The following is the fourth of a series of seven articles disclosing the highlights and sidelights which have accompanied the nation's development of atomic energy. Prepared at the Hanford atomic energy plant, the series deals with the human things which followed in the wake of the first historic announcement that man had harnessed the atom. It touches upon the things which lie ahead.)

By BILL JURY
General Electric
News Bureau
Hanford Atomic Plant

Strange and awesome devices are among the tools with which scientists today are probing the mysterious world of the atom.

By-products of the atomic age and America's search for nuclear knowledge, many of the new instruments might have been fostered in the mind of Jules Verne or H. G. Wells, and later discarded because they were considered "too incredible."

Yet, their collective presence in the laboratories and workshops of American industries and research laboratories eventually may have a profound effect on the lives of the nation.

For he was to eat that day in his house and this little man hurried down from out of the sycamore tree, we thought we could hear the bark being peeled off as he slid down the tree, but his sycamore tree did not peel like ours.

The maintaining of trees and shrubbery and roadside parks for the passerby on our Texas highways is a fine gesture of hospital-

tion's farmers and city-dwellers as the steam locomotive or the automobile.

The nation's atomic scientists today are employing these hypersensitive instruments to explore minute worlds to a degree never before imagined possible.

With the electron microscope used by General Electric company scientists in research work at the Hanford atomic energy works, for example, particles one ten-millionth of an inch in diameter can be observed.

Viruses and certain molecules became visible under this magnification for the first time in the history of the world, and if you could write letters that small, you could cram 40,000 printings of the Gettysburg Address onto the tip of a human hair. Members of the Biology section of the Hanford plant for the Atomic Energy Commission use the microscope to observe animal tissues and other materials which have been exposed to radiation.

(Next Week: "Atomic Age Sheep")

FAMOUS TEXANS' RECIPES

Pre-Planning Is Secret To Margo's Late Suppers

Whether she's directing a play or whipping up an after-theatre beef casserole for the cast and friends, Margo Jones' personality dominates the scene.

Her effervescent quality causes Broadway to call her "the Dazzling Dynamo from Dallas" and fellow Texans to refer to her as "our own tornado".

But beneath the exterior "bubbles" lies a determined and serious nature. Margo Jones pioneered in founding a permanent professional repertory theatre dedicated to the staging of new plays and classics in 1947 when she established Theatre-in-the-Round in Dallas. Then the only one of its kind in America, Margo's theatre has set a pattern for other such theatres in metropolitan cities over the nation.

And Margo, a native of Livingston, Texas, sets other precedents with her after-theatre suppers where careful pre-planning makes hosting an easy and delightful adventure. Her Beef and Rice Casserole, to be included in the Texas Beef Council's "Famous Texans Recipe" book, is a good main dish for informal get-togethers late at night since much of the preparation can be done hours in advance. The final mixing and heating takes only about 30 minutes—minutes which can be

divided gracefully between kitchen and living room.

BEEF AND RICE CASSEROLE (Yields 6)

- 2 pounds ground beef
- 1 teaspoon garlic salt
- salt and pepper to taste
- 1 cup chopped onion
- 1 cup uncooked rice
- 1 1/2 cups tomato juice or tomato sauce
- 1/2 cup grated American cheese

Advance preparation: season ground beef with garlic salt, salt and pepper; brown. Saute onions lightly; add to meat. Set mixture in refrigerator. Boil, drain, cool and set rice aside separately.

After the show, to speed the cooking process, pre-heat the meat mixture in a heavy skillet over low heat before mixing in the cooked rice and adding liquid.

"Do not mix the entire casserole in advance because the rice will absorb the moisture of the tomato juice or sauce and dry out the finished dish," Margo warns.

"Pour the well moistened mixture into a casserole, cover with grated cheese and pop into hot (450°) oven until bubbling. Serve it piping hot with tossed green salad and French bread and fruit for dessert," she advises.

"If this sounds pretty heavy for after-theatre eating, remember that midnight to actors is equivalent to the 6 p.m. dinner hour for folks who work daytime schedules, and we're ready for a hearty meal," the talented theatre director, author and lecturer concluded.

Barbara Hinkson Lazbuddie WSCS Program Leader

Barbara Hinkson was in charge of the program on "In Street and Shop and Tenement", when the Lazbuddie W. S. C. S., held their regular meeting last week.

Ladies taking part on the program were: Mrs. Frank Hinkson, scripture; Mrs. C. D. Gustin, introduction; Mrs. H. E. Gilmore, City problems and social factors; Barbara Hinkson, the Christian response to the city.

A short pledge service was conducted by Mrs. W. C. Williams, Jr., with eight members making pledges.

Mrs. V. H. Bowley agreed to lead the study, "Indian Americans". She and two other ladies made plans to attend the School of Missions, which is to be held in Lubbock, July 25-29.

During the business meeting, it was decided that the cash supply for this quarter should be sent to Korea. The group voted to order napkins to sell to help pay for a stove to be put in the new Church building.

The next meeting is to be held August 11, with Mrs. John L. Seaton in charge of the program.

made for each meal and milk was provided for the girls daily. Other useful things learned by the girls was fire building and the proper care and useage of a knife. Many of the things used for cooking and eating were made by the girls under the direction of Mrs. Artaman and Mrs. White.

Under national standards it was necessary for the girls to have an adult sponsor for each group of four or five. The sponsors in the camp here were: Mmes. Robert Sanders, Eugene English, James Wedel, J. W. Thompson, Ed Moore, Clayton Wells, Russell Buhman, Paul Scott, Ray Franz, Don Moore and Louise Rucktashel. Mrs. Alves Burge was on duty each day to administer first aid, and Mrs. Buford Butts served as camp song leader.

Methodist Young People Lead At Services Sunday

Methodist Young People were in charge of services at the evening worship hour Sunday at the Muleshoe Methodist Church.

Linda Lou Lancaster introduced the program, topic of which was "The Decision of Life", with a short talk. Others giving talks were Jean Montgomery, Elizabeth Farley and Darla Myers.

Prayer was led by Mary Janice Puckett, and singing was led by Jimmy Wilkerson. Alva Lee Shofer furnished music at the piano.

Jimmy Wilkerson, accompanied at the piano by Alva Lee Shofer, also rendered a cornet solo.

Wesley Stephens and Charles Lenu took the offering. The services were climaxed with a devotional.

George White Guest of Honor At Scout Meeting Held Here

Members of the George White District Committee met Thursday evening, July 21, at Gerald's Cafe here to do the administrative work of Scouting in this area.

After their meal which was ordered from the menu, Dave Stanley, of Levelland, asked the invocation. Each man then stood and introduced himself, and

gave his home town and his capacity in scouting.

B. D. Garland of Littlefield called for reports from the Operating Committee Chairman. Reports were presented by Dave Stanley, Alvin Webb, Rohlin Sullender, B. D. Garland, and Bill Strain. These reports outlined the Council Program for the coming year, and assured those present that 1956 is sure to be a big and busy year in South Plains Scouting.

George White was introduced to the group by Bill Street, who related several anecdotes of Mr. White's unselfish service to the boys in the Boy Scout movement.

Street expressed personal pleasure in that the district had been named the George White District in honor of Mr. White, and presented to White a framed certificate of thanks from the boys of this area.

White accepted the certificate

and later presented a path to a richer life, and as an immediate weapon against the recent problems arising in our area.

Both boys and leaders were invited to White's Yellowhouse Ranch near Crosbyton, to camp and explore. A personal invitation was extended to the Scout leaders of this district and their families to come to the ranch in the near future for Bar-B-Que as only the Yellowhouse can prepare it.

Movies of the recent summer camp at Camp Sel 'lover were shown by Dave Stanley, and slides by Bill Strain. The District Leaders expressed enthusiasm over the success of the camp, and recommended the use of that camp next year.

Those attending the meeting were: George White, Littlefield; Haskell Kirby, Three Way; W. T.

Way; Curtis Wellborn, Muleshoe; Willard J. Street, Littlefield; Alvin Webb, Littlefield; B. D. Garland, Littlefield; Jim Davidson, Littlefield; Cecil Tate, Muleshoe; Alex Wilkins, Muleshoe; David R. Stanley, Levelland; Rohlin Sullender, Levelland; Bill Strain, Levelland.

TOURED NEW MEXICO

Mr. and Mrs. J. E. Willite and

family, Mr. and Mrs. Lonnie Wilhite and family, and Mr. and Mrs. Troy Actkinson left Thursday and spent the weekend at Cowles and Santa Fe, N. M. They returned home Sunday evening and reported an enjoyable trip.

Week Long Day Camp Enjoyed By The Muleshoe Girl Scouts In City Park

Muleshoe's Girl Scouts spent last week learning how to live out-of-doors comfortably, and from all reports they had the time of their lives at the "Day Camp" conducted each day from 8 a. m. until 1 p. m. in the City Park.

Mrs. E. F. Artaman of Clovis, N. Mex., and Mrs. Bob White of Muleshoe were the co-directors of the camp; Mrs. White was also the business manager.

A total of 53 girls joined in the activities. The group was split into two units of Intermediate and two units of Brownie Scouts.

Each day the camp opened with a ceremony at the American flag which the girls placed in the center of the grounds, using a rope looped over the high limb of a

Merriotts Honored On Anniversary

A dinner was given in the home of Rev. and Mrs. Ernest L. Merriott, Sunday, honoring his parents, Mr. and Mrs. C. E. Merriott, of Plainview, on their forty-fifth wedding anniversary. The occasion also honored the sons of Rev. and Mrs. Merriott, Lonnie Dee, and Virgel, on their birthdays.

Those present were: Mr. and Mrs. C. E. Merriott, Mr. and Mrs. Lonnie Dee Merriott and Gary, Virgel Merriott, Juanita Scott, and Mrs. F. L. Wenner.

tree very effectively as a flag pole.

Cooking proved to be the most outstanding of all the activities during the week. The names given to each day's meal added an extra note of the unusual for the girls. There were such things as: Camp Fire Stew, Ring-Tom Diddy, Pilaf, and Salmon Wiggles. A salad and dessert was

Enjoy all these big-car, fine-car features for less than the deluxe models of the "low-price" 3*

- 1. BIG SIZE—BIG WEIGHT.** Mercurys are bigger all over than cars in the low-price field. Bigger in length . . . bigger in width . . . bigger in wheel base. The Mercury Monterey shown weighs close to 3700 pounds . . . gives you big-car stability on the road.
- 2. SUPER-TORQUE POWER.** Mercurys have more power than ever—188 hp in Customs and Montereyes; 198 hp in Montclairs. More important, is the new way this power is put to work in the everyday driving ranges—for smoother, effortless getaways . . . safer passing.
- 3. EXCLUSIVE STYLING.** Mercury's beauty is fresh, distinctive—shared by no other car on the road. Lines are clean, smooth as silk. Use of chrome and color is simple, beautiful, in good taste. Mercury's standout styling is available in all 11 models in 3 series.

- 4. ULTRA-SMART AND LUXURIOUS INTERIORS.** Two-tone interior color combinations are available in every model. So are specially designed fabrics and patterns—instead of ordinary upholsteries. So beautiful you'll want to leave the door open!
- 5. 4-BARREL VACUUM CARBURETOR** is standard on every model at no extra cost. You enjoy 2-barrel economy for normal driving, 4-barrel pickup for getaways and passing. Unique anti-fouling high-compression spark plugs help provide top performance in all speed ranges.
- 6. AND YOU SAVE ON FUTURE RESALE VALUE.** Mercury consistently leads its class in high resale value, according to independent reports. You protect your investment—can expect to get back more of the original purchase price when you trade again.

*Based on comparison of manufacturers' suggested list or factory retail prices, using Mercury Custom 2-door Sedan (not illustrated).

Revolutionary, Low-Cost Fertilizer in Prospect For Texas Farmers

Texas farmers may soon be growing crops on tired, overworked soil by using a revolutionary new fertilizer. If the formula proves successful, it could be produced 80 per cent cheaper than present commercial fertilizers.

Now in experimental stages, the fertilizer is said to be unique in its ability to extract nitrogen from the air and place it in the soil. This would enrich soil vitally, since all crops with the exception of legumes extract nitrogen, essential to plant growth, from the soil.

Much of our land has become practically barren through a vicious cycle of planting and replanting of nitrogen-draining crops. Resultant deficient crops then pass on the nitrogen deficiency to animals and humans consuming the plants.

The actual formula contains no nitrogen itself. It extracts nitrogen from the air by use of a chemical compound which includes cobalt, a tough, metallic element similar to nickel. The fertilizer is spread over the ground where fertilizer is needed. From there the chemical action begins which attracts the nitrogen to the ground where it is utilized by plant roots.

The compounder of the formula, chemist P. W. Mader, says he discovered the fertilizer

through accident when an overdose of cobalt and borium, a non volatile element, got mixed into another formula. A small amount of this mixture was spilled on a glass and within 72 hours nitrogen crystals had formed.

The chemist explained his formula works somewhat on the reverse principle of the nitrogen bomb.

All research on the project is being done in Texas, where experimental stations are being set up in the Panhandle, and the Rio Grande Valley, near Houston.

Cotton Reserve Reduction Favored By Farm Bureau

WACO — The Board of Directors of the Texas Farm Bureau went on record here July 20 favoring a 50 per cent reduction in the state's cotton acreage reserve.

Farm Bureau wants the controversial state reserve cut from 10 to 5 per cent and the county reserve from 15 to not less than 5 and not more than 10 per cent.

A bill introduced by Rep. W. R. Poage would reduce the state reserve to 2 1/2 per cent. The legislation was introduced as a result of demands of farmers in older producing areas in the state.

They claimed that the state Agricultural Stabilization and Conservation committee was unfair in allocating most of the reserve acreage on a trend basis. Counties in West Texas and other areas where cotton production is showing an upward trend received most of the state's 10 percent reserve this year.

The state Farm Bureau recommended earlier this year that the state reserve be cut to 2 per cent. The decision to recommend a higher figure resulted from a recent meeting of a Farm Bureau committee with Henry H. Marshall, state ASC cotton program administrator.

Marshall said that most of the 5 per cent reduction would be taken from the "trend adjustment". Reserve acreage is allocated on the basis of trends and abnormal weather conditions, small farms, new growers, and to correct inequities and prevent hardship.

He said the 2 1/2 per cent reserve in Poage's bill would not be enough to take care of those needs next year.

Insecticides Can Rid A Farm Of Mosquitoes

Mosquitoes can be a severe problem, as well as an annoyance of the farm. They often cause livestock to lose weight by driving them away from lush pastures and may also cause poultry to lose weight and lay fewer eggs, say entomologists of the Texas Agricultural Extension Service.

To get rid of mosquitoes, the entomologists suggest that you first look for standing water on or near your property. Mosquitoes breed in such places as temporary rain pools, flooded areas, irrigated pastures, salt marshes, ponds, and even in water caught in tin cans, rain gutters, or discarded tires.

Wherever possible, eliminate these breeding places by removing the water. In the case of ponds and irrigated pastures, the entire water surface should be sprayed or dusted with an insecticide.

The following sprays are rec-

ommended for controlling mosquito larvae in standing water: (1) A one-percent emulsion of oil solution of DDT, chlordane, toxaphene, TDE, or methoxychlor; or (2) A 0.5 (five-tenths) percent emulsion of oil solution of lindane, dieldrin, or heptachlor. Each of these should be applied at a rate of 1 ounce per 100 square feet, or about 10 quarts per acre of water surface.

If it is easier to dust the water surface, a ready-mixed 5 or 10-percent DDT dust may be applied at a rate of 2 to 5 pounds per acre. A very light mist of pyrethrum is recommended to kill mosquito larvae in fishponds and ornamental pools without poisoning fish or plants. This also is available ready for use from insecticide dealers. No more than 1 ounce of spray should be applied per 100 square feet of water surface.

It may be necessary to use a residual spray on areas where adult mosquitoes rest or hide. For this purpose a 5 percent DDT, 2 percent chlordane, or 1 percent lindane spray, applied to foundations and underparts of buildings, tree trunks, logs, and vegetation will be effective for a week or more.

County Agents can give directions for mixing these recommended sprays at the proper strength. Oil solutions and emulsions should not be used on vegetation because they may burn the leaves, say the entomologists.

PARMER COUNTY Farm Bureau News

By RAYMOND EULER

According to figures kept in Parmer County's ASC Office, at least 26,500 pounds of sodium chlorate have been applied to treat bind weed infested areas in the county. At the recommended rate of application, this would indicate at least 30 acres of bind weed under treatment. This is not all of it by any means, but represents much more than any one would have believed existed a year and a half ago, before the weed committee of your Farm Bureau began urging farmers to watch for it and start getting rid of it. There are still some who don't know what it is, but most farmers are beginning to find out.

Farm Bureau President, Gilbert Kaltwasser and Bruce Parr attended a meeting in Lubbock last Thursday night, where presidents and secretaries of District II met. Parr went in the interest of learning more about the proper procedure for establishing a weed control district. We haven't a report from the meeting at this time.

Mrs. Glenda Rickerd, our office secretary, attended a meeting the same day in the Lubbock Hotel, with other employees of District II. They studied office procedure and exchanged ideas and prob-

lems common to county offices. Glenda reported a very interesting and informative day.

We are glad to note that some grain dealers are informing their patrons of consideration being given the proposal to encourage production of quality wheat for milling purposes. The proposal, being studied by Agriculture Secretary Benson, would lower the support prices for "undesirable varieties of wheat", and raise them for good quality wheat. This looks to us like a good move in favor of wheat farmers, and follows recommendations of Texas Farm Bureau at their last convention.

The report of Parmer County Farm Bureau's activities since March of this year, appear elsewhere in most of the papers that carry this column. We hope you will read it and feel free to ask for more detailed information on any item mentioned. Information is available at the office.

Consider This: As snow in summer, and rain in harvest, so honor is not seemly for a fool. Proverbs 26:1.

John C. Ladd Expert Rifleman

Fort Hood, July 19 — John C. Ladd of Muleshoe, an Army ROTC student at the University of Oklahoma, qualified as an expert rifleman by firing a score of 212 at the Fort Hood ROTC Camp where he is in his fifth week of a six-weeks encampment. Marksmanship with the M-1 Rifle is one part of the intensive training received by the ROTC students, at the camp. The final phase of marksmanship training is qualification on the rifle-range where the students apply the fundamentals learned during the initial training to an actual test.

To qualify as an expert rifleman, an individual must fire a score of 212 or better out of a possible 250, from 500, 300, 200 and 100 yard ranges. A score of 185-212 wins the Sharpshooter medal, and 160-184, Marksman.

Eighty-six students in the camp qualified as Experts to date while 420 as Sharpshooters

OFFERS 4 WAYS TO BE SURE YOU'RE CHOOSING THE FOOD PLAN THAT'S BEST FOR YOUR FAMILY

Because of the ever-increasing interest in food plans, it is of the greatest importance for you to know why one food plan is better than another. Here are the facts:

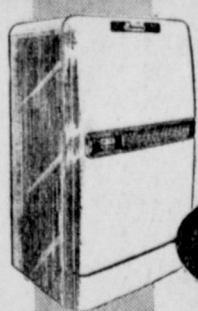

1 CHECK THE QUALITY OF THE FOOD

Food is a very important part of a food plan. That's why we provide you with all the nationally advertised brands . . . the finest foods obtainable . . . all unconditionally guaranteed.

2 CHECK THE SAVINGS

A good food plan should save you money while serving you finer foods. That's why we continually provide our customers with the best foods at the biggest possible savings.

3 CHECK THE FREEZER

Amana stor-mor FOOD FREEZERS

A quality freezer is absolutely essential because the money you save with a food plan can be lost if these foods aren't properly stored. For this reason we have chosen the Amana "stor-mor" Freezer . . . the only freezer guaranteed to outperform all others.

4 CHECK THE FIRM BEHIND THE FOOD PLAN

A food plan is as good as the people behind it. Be sure to check the reputation of the company you plan to do business with. Our reputation for integrity, quality and excellence of service is your assurance of satisfaction always.

KNOW ALL THE REASONS WHY OUR FOOD PLAN IS BEST FOR YOUR FAMILY

Learn how you can save money and time while serving the finest meals you've ever eaten . . . at less than your present food cost!

DON'T DELAY—DO IT TODAY!

For complete information and personal attention, fill out, and mail the coupon below, or

By JIM GORDON

PARTY HONORS STEVEN YOUNG

A birthday party honoring Steven Young, son of Mr. and Mrs. J. B. Young, Jr., on his ninth birthday was held in his home on Saturday, July 23.

After several games were played, refreshments of punch, cake, and sandwiches were served to the following guests: Sammy Harlan, James Brown, Connie Sue Harlan, Carol Jamison, Lee Ann Harlan.

Gary Mack Brown, Kelly Jamison, Larry Marrow, Cooper Young, Benny Marrow, Richard Gordon, Delwin Marrow, Edwin Young, Pat Chitwood, and Richard Chitwood. The guests of honor, the following parents: Mrs. U. G. Harlan, Mrs. Robert Trapp, Mrs. Dee Chitwood, Mrs. Marrow, and Mrs. Dee Brown.

IVYS ENTERTAINED ON ANNIVERSARY

Mr. and Mrs. Roney Smith entertained with an anniversary dinner for her parents, Mr. and Mrs. Jimmie Ivy, on their twenty-second anniversary.

The climax of the dinner featured a lovely cake inscribed with "Happy Anniversary Mom and Dad".

Those present to commemorate the occasion were Miltz Ann Ivy, Lloyd Skinner, Jimmie Dwan Ivy, the guests of honor, Jimmie and Artis Ivy, and the host and hostess, Carol Jean and Ronny Smith.

FROM SAN ANTONIO

Mr. and Mrs. Lesley "Cotton" Barnes, and their three sons, Edwin, David, and Kenneth, of San Antonio, are visiting in the homes of his mother, Mrs. Perry Barnes, and other relatives. "Cotton" is stationed with the United States Air Force at Kelly Field in San Antonio.

FROM OKLAHOMA

Mr. and Mrs. Bob Titus and children, Margaret and Tommy, of Chouteau, Okla., are visiting in the home of her sister, Mr. and Mrs. John Azeo for a few days. The two families journeyed to Carlsbad, N. M., the latter part of the week and enjoyed a tour through the Carlsbad Caverns.

SON BORN FRIDAY

Mr. and Mrs. Kenneth Keith are the proud parents of their second son, who was born Friday, July 22. The son was a real husky, weighing 8 pounds and 7 ounces.

SPENT WEEKEND IN SWEETWATER

Mr. and Mrs. Bob Freeman spent the weekend in Sweetwater, visiting his grandmother and other relatives. His grandmother is Mrs. George Freeman, and his parents, Mr. and Mrs. George Freeman. They returned home Sunday night.

LBS CIRCLE MET IN MENEFE HOME

The Lucy Bell Stokes Circle of the Lazbuddie Baptist W. M. U. met in the home of Mrs. W. S. Menefee for Bible Study, with Mrs. Juel Trieder in charge of the very interesting study.

Refreshments of frosted punch and angel food cake were served to the following ladies: Mrs. Raymond Houston, Luther Ham, Abe Mallouf, Carrie Withrow, Wesley Barnes, C. K. Roberts, Bert Gordon, Juel Trieder, W. S. Menefee, one one visitor, Mrs. Opal Goens, of Greenville.

TO GREENVILLE

Rev. and Mrs. C. K. Roberts have gone to Greenville to take his sister, Mrs. Opal Goens home and to attend the annual homecoming of a church located in Hunt County, where Rev. Roberts held his first pastorate. Rev. Roberts has been invited to deliver the sermon in this church on the coming Sunday.

ATTENDING FUNERAL

Mrs. Mae Mahan and son, J. W. Hunt, are in Westminister, Texas, this week to attend the funeral services for their father and grandfather, respectively. Mrs. Mahan's father, Mr. Hood, passed away on Sunday, July 24 according to word received here.

TWO TEACHERS

As of right now, the faculty picture in the Lazbuddie Public Schools is not completed to date, two new teachers have been added. They are both to teach in the elementary grades. Miss Clarence Dean Dollar and Mrs. Lena Bell are the new members of the faculty. James G. Ward, Superintendent, reports.

FOOTBALL FIELD IN SHAPE

Coach C. W. Dukes reports that the football field is nice and green and he is expecting all high school boys to be in top top condition and to report to practice on August 23. All boys who plan to play football this fall should contact Coach Dukes for the practice schedule.

SOFTBALL LEAGUE IS FORMED

Approximately fifty men, this number composed of farmers and school teachers, met last Tuesday, to form a four team soft-ball league.

The league consists of the following teams and managers: The Bums, managed by Bill Brown; The Dragons, managed by C. W. Dukes; The Butane Gassers, managed by Glen Scott; and the Greyhounds, managed by James Robinson.

REVIVAL MEETING AT LAZBUDDIE

A revival meeting is to be held in the Lazbuddie Baptist Church during the week of August 7 through August 14. The ones who are to hold the meeting are to be Rev. Wayne O. Perry, pastor of the First Baptist Church of Sudan who will be doing the preaching, and David Polston, of Portales, N. M., is to conduct the singing. From all reports available, both of these men are able and willing leaders.

Brother Polston will be in charge of the Junior Choir and the Young People's Singers.

Services are to be held twice daily, at 10:30 in the morning, and at 8:30 at night. The public is very cordially invited to attend.

BARBARA HINKSON ATTENDING TECH

Barbara Hinkson, daughter of Mr. and Mrs. Frank Hinkson, is enrolled in the Texas Tech Summer School in Lubbock this last summer session. Barbara did not attend the first session as did Jimmie Frank Carpenter and Winnie Paul Ham, but neither of these girls is attending the second session.

New this summer are automobile seat covers made of cotton terry cloth. Fitted to the front seat of any car, Terry-Tuck covers protect seats from wet swim suits and grime. This young lady won't damage the seat of her Ford convertible with a wet swim suit because the upholstery is protected by the absorbent Terry. The cover can be removed easily and laundered without ironing.

MERRIOTT'S HONORED ON ANNIVERSARY

Mr. and Mrs. E. L. Merriott honored his parents, Mr. and Mrs. C. E. Merriott, of Plainview on their forty-fifth wedding anniversary.

Those attending the affair were Mr. and Mrs. Lonnle D. Merriott and son, Gary, of Muleshoe, Virgel Merriott, Juanita Scott and Mrs. F. L. Wenner.

RETURNS FROM GERMANY

Lt. Col. E. H. Alsop, wife and son, John Andrew, will arrive in the United States August 8, on board the luxury liner the United States, from Wurzburg, Germany, where Col. Alsop has been stationed for the past three years. They will come to Muleshoe for a visit with his parents, Mr. and Mrs. J. L. Alsop and other relatives, before going to his new post in the state of Washington.

VISITED BROTHER

Mr. and Mrs. Allen Guinn and family, visited his brother, Pete Guinn, in Hereford Sunday.

WERE IN ROSWELL

Mr. and Mrs. Jack King were in Roswell, N. M., over the weekend, visiting relatives and friends. Her mother and brother returned home with them.

HAS RETURNED HOME

Mrs. Sam McKinstry arrived Saturday evening, after spending the summer in Lovington and Hagerman, N. M., and Dallas, where she attended school.

Her daughter and son-in-law, Dr. and Mrs. Kenneth Osborne returned home with her and spent the weekend.

She reported that she had a nice surprise awaiting her when she arrived home, as the Oscar and Harold Allison families had erected a fence around her back yard. She said she had a nice trip, but was glad to be home.

SUNDAY GUESTS

Mr. and Mrs. Joe Crowley, of Amarillo, were Sunday guests in the homes of Mr. and Mrs. Will Harper and Mr. and Mrs. Vance Wagon.

VISITS GRANDPARENTS

Donna Sue Cannon, of Amarillo, has been a guest for the past two weeks in the home of her grandparents, Mr. and Mrs. L. D. Cannon.

CARD OF THANKS

We wish to express our heartfelt appreciation and thanks for the lovely floral offerings, the food, and the kindness shown our wife and mother during her illness and the sympathy and kindness bestowed upon us at her passing.

P. E. Wilemon
Mr. and Mrs. N. L. Johnson
Mr. and Mrs. Claude Wilemon
Roy Wilemon
Mrs. R. E. Jackson

FROM LUBBOCK

Mrs. Robert Holt and daughter, Shirley Ann, of Lubbock, spent the weekend in Muleshoe, in the home of her parents, Dr. and Mrs. W. F. Birdsong. Guests over Sunday in the Birdsong home were Mr. and Mrs. Henry Brown and family, of Amherst.

INMANS VISITED HER FATHER

Mr. and Mrs. Sherman Inman and daughter Judy, visited last weekend in O'Donnell, with her father, T. I. Hammonds.

FROM FLOYDADA

Mr. and Mrs. Frank Floyd, of Floydada, visited in Muleshoe Sunday with Mr. and Mrs. C. A. Horsley and other relatives and friends. Mr. and Mrs. J. F. Prather returned home with them.

PARENTS VISIT

Guests in the Gil Wollard home this week are her parents, Mr. and Mrs. C. E. Pritchett, of Byrum. Visiting Sunday in the Wollard home were Mr. and Mrs. M. G. Miller of Ft. Worth, and Mr. and Mrs. Chester Miller, of Clovis, N. M.

GUESTS IN EVANS HOME LAST WEEK

Guests last week in the Leonard and Evans home were their daughter, Mrs. Jimmy Joe Stephens and children and Mrs. Jack Richardson and children, of Tulsa; her mother, Mrs. G. W. Nickel and sister, Mrs. W. H. Davenport and sons of Slaton, and their son, Zane Evans, of Decatur.

DINNER GUESTS

Dinner guests Sunday evening in the M. L. Jackson home were Mr. and Mrs. Austin Floyd and family.

FROM FLOYDADA

Mr. and Mrs. Frank Floyd, of Floydada, visited in Muleshoe Sunday with Mr. and Mrs. C. A. Horsley and other relatives and friends. Mr. and Mrs. J. F. Prather returned home with them.

PARENTS VISIT

Guests in the Gil Wollard home this week are her parents, Mr. and Mrs. C. E. Pritchett, of Byrum. Visiting Sunday in the Wollard home were Mr. and Mrs. M. G. Miller of Ft. Worth, and Mr. and Mrs. Chester Miller, of Clovis, N. M.

VISITED HERE

Mr. and Mrs. Ed White and family, of Sundown, were guests last Friday in the Kenyon Dean home.
