Bulldogs Open Home Season Here Tonight

Tonight, beginning at 8 o'clock, the Bulldogs will meet the twice-beaten Morton Indians on the local field which will be the first home-game for the Bulldogs this season.

The new Tahoka football stadium will not be ready for the game tonight, as had been hoped, due to the failure of the steel contractor to make delivery of girders when promised. However, all the concrete work has been finished, the lumber for seats is on the ground, and if delivery of the steel can be had early next week, the new stands will be ready in time for the Slaton game, members of the school board inform The News.

Tahoka is favored over the Morton Indians, but it is said that the Morton Indians were defeated in both of their previous games by very good teams, so the edge that the Bulldogs are given over the Indians is very thin.

None of the Tahoka Bulldogs have been injured seriously enough to keep them on the bench so far this season and it is expected that most of the men on the Bulldog squad will see service in tonight's game.

The Tahoka Bulldogs bowed to the Littlefield Wildcats last Friday night 40 to 0 on the Seely field in Littlefield.

The Bulldogs, even though they lost by such a big score actually put up a real battle, showing much improvement over their opening game with Crosbyton.

The Wildcats scored 20 points in the first half and 20 in the last half, three of which were made by long passes.

The Bulldogs threatened to score only one time, but gained much ground against the Wildcats both running and passing. The Wildcats stopped the Bulldog scoring threat when they intercepted a Bulldog pass behind the goal line and ran it back out to about the ten yard line, where after a succession of plays the Wildcats kicked and the Bulldogs took over but never seriously threatened to score again.

Baptists Of Area At O'Donnell

The fortieth annual session of the Brownfield Baptist Association was held last Friday with the O'Donnell Baptist Church, with Rev. Levi Price as Moderator presiding. There were two day sessions and one at night. Three men in addition to the pastor and eight or ten women of the Tahoka Church attended one or more of the sessions. Practically all of the twenty churches of the Association were represented.

The high lights of the meeting were the address of Dr. David M. Gardner of Dallas, editor of the Baptist Standard, who spoke at 2:30 in the afternoon, and the address of Dr. J. W. "Bill" Marshall, the new President of Wayland College, who spoke at night. Dr. Marshall was accompanied by some of the members of his faculty. Mr. George Stokes, who also made a snappy address and Miss Billie Russell, who sang, accompanied by Mrs. Stokes at the piano.

Dr. Marshall is a man of dynamic personality, and he impressed those who heard him as being a man of prodigious energy. He expressed the purpose of making Wayland College an institution of world-wide service and influence, and when he had closed his address most of his hearers believed that he would do it. At the least, he himself is most surely destined to become a mighty force in the spiritual and educational life of the Panhandle-South Plains area.

Numbers of local Baptists including most of the pastors of the Association appeared on the program during the day for committee reports and discussions.

It was generally pronounced by those who are in the habit of attending as one of the most inspiring and profitable meetings of the Association in recent years.

A large map of Texas with red lines showing the main-traveled roads of the state, is part of the Texas Roads Association's exhibit at the Dallas Fair. A picture of the map is shown here. Thickness of the lines indicates heaviness of traffic. The Houston-Galveston road and the Fort Worth-Dallas road carry more vehicles than any other highways in the state.

Mrs. E. S. Brown Buried Monday

Following a long period of ill health, the condition of Mrs. E. S. Brown of the New Home community became critical on last Friday and she passed away at 12:25 P. M. Sunday, September 21, in the Tahoka Clinic, to which she had been brought for emergency treatment.

Funeral services were conducted at 2:00 o'clock Monday afternoon in the Church of Christ here by T. L. Kimmel, Minister of the Church of Christ at New Home, assisted by Luther Norman, Minister of the Church of Christ here. (Cont'd. on last page)

Wells Youth Is Accident Victim

Durrone Cook, 12, son of Mr. and Mrs. H. L. Cook of Wells was seriously hurt at 2:30 o'clock last Saturday afternoon when the lever of a combine slipped loose and struck him on the head with great force. He had been oiling the machine, tightening bolts, etc. when the accident occurred. He was rendered unconscious and was brought hurriedly to the Seale Clinic here, where he is still under treatment. He did not regain consciousness for about four hours and his condition has been so critical since that it has been impossible to take x-ray pictures to determine just what injuries were done to the skull. Mr. Cook and a nurse reported Wednesday morning that he had had a good night and they felt that he was distinctly better. It is expected that he will be confined to his bed for several weeks, however.

Durrone had been attending school in O'Donnell. He is quite musically-minded and has been singing and playing the guitar at church services at Wells, each Sunday night for a long time. He was intent on earning the money with which to buy a new guitar and with that in mind he was preparing to operate the combine he remainder of the afternoon when the accident occurred. He is a very popular lad out at Wells and those who know him, both young and old, speak of him in terms of highest praise. It is hoped that he will completely recover.

H. L. McMillan Is Visiting At Home

Harry L. McMillan, Printer (MO) 3/c, son of Mr. and Mrs. H. L. McMillan, arrived home Sunday morning on a 20-days leave to visit his parents and other relatives here. H. L. Was a part-time employee in the News office for three or four years before enlisting in the Navy about two years ago.

As a sailor, H. L. has visited Japan, Shanghai, China, Guam Island, Honolulu in the Hawaiian, and other islands in the Pacific. He expects to be in American waters from here on out, or at least on this side of the Pacific.

He reports that Albert L. Jester of New Lynn, who entered the service with him and is now a Seaman first class, was recently transferred to San Francisco.

Billy Joe Oliver, T-1/c, son of Mr. and Mrs. J. B. Oliver, who entered the service a month or more before H. L. entered was stationed at San Diego when he last heard from Billy Joe.

Glenn Newton and Jackie Driver, both Seaman 1/c, are at Pearl Harbor.

Mr. and Mrs. W. C. Cook of Arlington are out here this week visiting relatives and friends in this area including Mrs. Cook's mother and brother, Mrs. Brock and son Charley residing at Brownfield. Mr. and Mrs. Cook resided at Wilson a number of years and in Tahoka for a year or two before removing to Arlington.

Mr. and Mrs. Joe Cromer and son Lynn of Richardson were visiting his parents, Mr. and Mrs. N. H. Cromer, at Petty over the weekend, coming for their 30th wedding anniversary "open house".

L. S. Todd of O'Donnell and Hale Center, who has been ill the past year, is able to be out again.

Cotton Harvest Gets Under Way In Lynn County

The gins have been humming this week. Up till eight o'clock Thursday morning, 818 bales had been ginned in Tahoka, probably four times that many or more in the entire county.

There is still a scarcity of hands although many Mexican pickers have arrived during the past week. They are expected in greater numbers this week-end and next week.

The long-desired and expected rain to aid late cotton and feed crops never came, and any rain that would damage the grade of the cotton is not wanted now, because much of it is open and farmers are anxious to get it gathered before it may be blown out or otherwise damaged by wind or rain storms.

The prospects are still good that the county will harvest a crop of 80,000 to 100,000 bales.

There has been little change in the price during the past week but seed prices have advanced from \$80.00 to \$85.00 per ton, which is probably the highest price ever paid for the crop.

The feed crop is still moving slowly on account of the lack of railway cars in which to move it.

Costa Rican Is Rotary Speaker

The annual Rotary-Rotary Ann-Teacher banquet will be held next Thursday night at 7:30 o'clock in the American Legion hall, according to Rotary President Alton Cain. All wives of Rotarians, teachers in the local schools, and wives of husbands of the latter have a special invitation.

At Thursday's Rotary meeting, Jorge Padilla, native citizen of the principal speaker. He is a son Alajuela, Costa Rico, Central America, was introduced by Jarrell Brown, program chairman for the day. Padilla is a senior architectural student in Texas Tech, where he holds a scholarship and is an outstanding student.

Padilla very interestingly described his home country. He revealed that the little country is not nearly so hot as generally considered, has a mean temperature of about 75 degrees the year around, has about six months of "dry" season and six months of "wet" season, the latter known as "winter." Pure Spanish is the national language, but English, French, and Latin are compulsory subjects for high school students. Principal industries are the production of coffee, bananas, and oil. He dispelled many popular ideas about this little nation of 800,000 inhabitants in describing his homeland, which is making marvelous progress.

Wednesday night, 22 members of the local club attended the 24th annual Lubbock Rotary inter-city meeting at Tech gym, enjoyed a chicken barbecue dinner, and heard an address by Charles W. Woodridge, president of the Dallas Rotary Club. Approximately 500 men from 30 Plains Rotary Clubs were in attendance.

Tahoka F.F.A. Boys Hold First Meet

Officers were elected for the Tahoka Future Farmers of America in its meeting last Friday.

Gerald Wayne Tippit was elected president; Finis Botkin, vice-president; Duane Carter, secretary; Robert Adamson, treasurer; Billy Ray Kelley, reporter; and Don Des Cowan, sentinel.

Nominations for Chapter sweetheart are Bennie Lou Pridemore, Bobbie Louise Cowan, and Billie Faye Anderson. The sweetheart will be elected at a later date.

In a recent meeting of the Brownfield district, Duane Carter was elected district secretary, and Mr. V. P. Carter, V. A. teacher, was elected district adviser.

Three new chapters have been added to the district, the chapters at O'Donnell, Wilson, and Ropesville. Other chapters in the district are Tahoka, Brownfield, Meadow, and Plains.—Reporter.

THE GRACE OF GOD
Eph. 2:8-9
Grace is a word like Love. We learn what it means by seeing what it does. In Heb. 2:9 we learn that by the "grace of God, Jesus should taste death for every man". In Rom. 5:8; Paul says, "God commendeth his love toward us, in that while we were yet sinners Christ died for us." John said, "He (Christ) is the propitiation for our sins and not for ours only, but for the sins of the whole world." I Cor. 15:3, Paul teaches that, "Christ died for our sins". In John 3:16 we read, "For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish but have everlasting life."

From the above passage we learn what Paul meant in Eph. 2:8-9, when he said, "By grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works lest any man should boast." Who can name the man that ever did anything that obligated God to give his Son to die for the sins of the whole world? Such man has never lived. Then truly, the sinner is saved by the "Grace of God". And that Grace—Favor—Love of God was manifested in the gift of his Son and all that without any man ever having done one thing to merit such gift or to obligate God to make such gift.

Mr. and Mrs. Zack Kemp were here last week-end visiting Mr. and Mrs. S. R. Kemp, Zach being a brother of Mrs. S. R. They lived at Post for many years and resided here for a short time. Their home is now at Santa Anna.

Mr. and Mrs. W. T. Parrish of Houston visited over the weekend in the home of Mr. and Mrs. R. M. Turner, Post, Rt. 2. Mr. Parrish is Mrs. Turner's brother.

Question: Does Eph. 2:8-9; mean that the sinner is saved by "Grace Alone"—That is without the sinner complying with any conditions? Answer: No. It does not mean that. When any man adds the words, "Alone" or "Only" to anything that a sinner is said to be saved by, that man sins. Rev. 22:18. That the sinner is not saved by the "grace—favor or love of God as manifested in the gift of his Son without the sinner complying with some conditions is clearly taught in Heb. 5:8-9. Get your Bible and read it for yourself and then read what the Apostles taught sinners to do to be saved, for Christ sent them to preach the Gospel, and Paul said, Christ would take vengeance on all those who obey not the gospel. II. Thes. 1:7-10. Now please don't get mad and tear your shirt and become my enemy because I cite you to the word of God that teaches you and me that there are some conditions to which we must comply in order to enjoy that salvation that has been made possible by the Grace of God. Attend the services of the church of Christ in your community and read this column next week for more on the Grace of God.—Price Bankhead, Post, Texas.

One never knows what to think about Russia, since little can be learned positively as to what is going on behind the iron curtain. One of our generals, however, began yelling "Wolf! Wolf!" in a recent interview given out for public consumption in this country. He declared that Russia has a magnificent standing army several times as strong as the U. S. Army. Somebody else declared that Russia could probably over-run and subdue all Europe in a matter of a few hours. Right along about the same time, one high in authority in this country who claimed to have first-hand knowledge, declared that Russia had not cashed in on the victory of the Allies in the recent war. Reminding us that 15 million Russians had been killed in the war, he declared that the rest of them showed no zest or skill in their work. In fact, they do not work enough to hurt, to hear this commentator. They are actually right-down lazy, according to him, and one of the reasons the Russian dictators keep the iron

curtain swung up is that they do not want America and the rest of the world to find out how little Russia is actually doing toward recovery. So there you are. How do we know what the facts are? Not knowing, it behooves us, as President Wilson once remarked, to keep a loaded gun behind the door. It behooves us also to keep in demanding in tones that can be heard even behind the iron curtain that liberty of speech, liberty of the press, and the right of self-government should be granted to all peoples everywhere. Every dictator is a menace to the peace of the world, and this truth needs to "soak in" in Russia.

Some accidents on the highways are purely accidental and apparently unavoidable, but many others could have been avoided. Many of them result from the fact that there is a fool at the wheel. Just this last Sunday we were witness to a near-wreck in which the driver of the car apparently was about to commit suicide. He undertook to pass a truck just ahead of him that was approaching a side-road. The truck-driver gave the signal and turned to the left across the highway onto the side-road and the car-driver, running at high speed, was compelled to throw on his brakes, swerve to the left, and stop as suddenly as possible to keep from running into the truck. Fools like that have no business with a driver's license.

CONTROL BY PRESSURE GROUPS RESULTS FROM ELECTORAL SYSTEM

(Third instalment of an address by Congressman Ed Gossett of Wichita Falls in the House of Representatives.)

The electoral college greatly restricts the field of Presidential possibilities. Certainly so important an office should have the whole nation as a field from which to select potential Presidents. The electoral college, however, narrows the field of Presidential hopefuls almost exclusively to the aforesaid pivotal states (New York, Penn-

sylvania, Ohio, Illinois, and Michigan.)

Since the Civil War, no President has come from the South. With the exception of Herbert Hoover, none has ever come from the West. In the last fifty years, we have had three Presidents from Ohio and three from New York. In fact, to be a governor or an ex-governor of the great state of New York gives one the inside track in the Presidential derby. Why? The answer is obvious. The change of a comparatively few votes in the state of New York will ordinarily give to a candidate 47 electoral votes and usually the election. Only one time in the last 70 years has anyone been elected President without carrying the great state of New York. No one can dispute these facts and no one can defend the results on democratic principles.

Fourth. The electoral college permits and invites irresponsible control and domination by small organized minority groups, within the large pivotal States. It aggravates and accentuates the building up and solidification within these States of religious, economic, and racial blocs. Small, definable, minority groups, organized along religious or economic or racial lines, by voting together, can and do hold a balance of power within these pivotal States. As a result, the political strategists in both parties make special appeals to these various groups as such. These groups have become more and more politically conscious. They know their power. In many instances, they have no political alignments or philosophy as such, but are simply up for sale to the highest bidder. To encourage economic, racial, and religious group consciousness and group action, is a dangerous undemocratic practice, aside from its other evil consequences.

At the danger of stepping on some toes, let us get down to specific cases. Let us take a look at the political platforms of both major parties in the Presidential campaign of 1944 and see how they were built and designed to appeal to minority groups and blocs* in the large pivotal States. First, both parties wrote the FEPC into their platforms. The platform makers of both parties will tell you frankly, off the record, of course, that this was done as a bid for the negro vote. There are enough negroes in New York City, when voting en bloc, to determine often how the entire electoral vote of the State of New York is cast; enough in Philadelphia if cast en bloc to probably determine the result of an election in the State of Pennsylvania; enough in Detroit to perhaps decide the vote of the State of Michigan; enough in Chicago to carry the State of Illinois. Hence, a dangerous and radical proposal in which neither party believes was written into both plat-

forms as political bait for a minority-group vote within the large pivotal States.

A second minority group that was wooed by the platform makers of both parties was the radical wing of organized labor. In the large pivotal States above mentioned, the votes controlled by the Political Action Committee of the CIO was a tremendous potential political threat. The votes allegedly controlled by this organization in the large pivotal States, if cast en bloc, would be sufficient to swing the votes of such States and perhaps elect a President. Hence, both parties wrote platitudinous provisions into their platforms concerning industrial-management relations. Both parties pussy-footed the labor question because of organized labor's power through the electoral college.

Now, with all due deference to our many fine Jewish citizens, they constitute a third group to whom a specific overt appeal was made in the platforms of both major parties. There are 2,500,000 Jews in the city of New York alone. When they vote even substantially en bloc, it means the balance of power in our largest State. The candidate for whom they vote carries New York State and probably the Presidency. What did the platform makers of 1944 do? Both of them wrote into their platforms specifically and without equivocation the so-called Palestine resolution, calling upon Great Britain to immediately open Palestine to unrestricted Jewish immigration. Regardless of the merits of the Zionists' cause in Palestine, this was political demagoguery and dangerous meddling with British foreign policy in the Holy Land. As a result of platform endorsements by both parties, we passed a resolution through the last Congress calling upon England to open up Palestine to unrestricted Jewish immigration. Within a few weeks after this resolution was passed, England asked us if we were ready and willing to back up our request with the Army and the Navy if she got into war, as would have been the case had she followed our request. We stuck our noses into British foreign policy for purely political reasons and to the detriment of all of our citizens, Jewish and otherwise.

A REPORT FROM EUROPE
By George Mahon

As reported from Washington several weeks ago, an Act of the House of Representatives required the Speaker to appoint a Committee of 19 members to make a study and recommendation in regard to our program of feeding and financing Europe—our foreign aid program. I was appointed as a member of the committee. There are 8 Democrats and 11 Republicans on the Committee. It is headed by Christian Herter, a Republican from Boston. The Committee is working under a mandate from Congress and is under great pressure to do the job. The report of the Committee may have a far-reaching influence on our future foreign policy at a very critical

time in world history. The interests of the United States must come first and no aid to Europe should be recommended which will not also serve the best interests of America.

The war has now been over for more than two years. What does Europe look like to a West Texan? First about England. In going by train the 70 miles from the port of Southampton to London, I was struck with the intensity with which the land is cultivated. The grain was off the wheat fields but many other crops were growing. However, they were not growing very well because England is in the midst of a terrific drought. I have since learned that most of Europe has been in a severe drought for about three months.

This is making a marked reduction in the food supply. The clamour throughout Europe is Food, food, food! At home we complain at the prices of food but here the emphasis is on food at any price.

I noticed in England that the Victory gardens were still very much in evidence. In suitable areas the British are using such places as the right of way on the railroad for countless little gardens, and they are well cared for. I went out in the country and met with what we would call the AAA committee for one of the counties. We looked at some of the farms. The farmers are doing a good job. A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation.

England is far from being self-sufficient in food and the people are up against it. They are not producing enough manufactured products to sell abroad to acquire enough dollars to pay for the food from abroad which they need. They call this the dollar crisis. The monetary complications are hard to understand but the results are quite easy to see. The people are reducing their import of food and struggling to increase their exports, —doing this to get dollars and prevent the collapse of the government.

In spite of the fact that more than two years have elapsed since V-J Day, the British still have a severe rationing system which apparently works much better than our OPA ever did. The severity of the program is indicated by the fact that each person is allowed only one egg per week and only twenty cents worth of meat per week. Gasoline is strictly rationed. Clothing and textiles are strictly rationed also, and while the British produce large stocks of clothing they are not released in quantity for local sale but are exported, the idea being to acquire more dollars to be used for the purchase abroad of raw materials and food.

The British are a sturdy lot. They are unwilling to admit defeat; they are determined to prevent the collapse of their country. This was the impression which I got in conferences which I held with officials of the British Government.

Our officials feel that the collapse of England and Western Europe would mean Communism and the domination of all Europe by Russia. In that event the security of America would be seriously threatened.

The most dynamic British officials with whom we conferred in London were the Foreign Minister Ernest Bevin, and the Minister of the Board of Trade, Sir Stafford Cripps.

RECEPTION GIVEN FOR NEW HOME TEACHERS

Members of the New Home P.T.A. enjoyed a reception honoring the teachers at the Gym with New Home ladies as hostesses. Thursday night, September 18. Punch and cake were served.

Boswell Edwards led in the singing of several old-time songs, and prayer was offered by George Hancock.

The president, Mrs. Cromer, says: "I expect to be active in P.T.A. until I'm 75; then I shall attend the meetings." She urged every mother, father, and teacher, as well as any other civic minded adult, to become a member "because their ideas, interest, zest, strength, support, and co-operation are needed to help raise the standards of the mental, emotional, and spiritual health of the school child."

Mr. Edwards introduced the teachers as: A. L. Pace, Superintendent; J. N. Denning, principal; Suddie Kornegay, Commercial Work; Modell May, Home Economics; Ruth Ganus, English; Mrs. Annie Lee Pace, 7th and 8th grades; Besie Daughtrey, 6th and 7th grades; Louise Jackson, 5th grade; Alma Lomax, 4th grade; Bernice Martin, 3rd grade; Mrs. Denoma White, 2nd grade; Mrs. Lillie Hubbard, 1st grade.

Mr. Pace was very highly praised for the good work he has done in New Home school. A cake was presented to him by P.T.A. hostess, thereby showing in a small way the appreciation that our school has for our Superintendent.

Other numbers on the program were: Song by the Jones sisters; solo by Gloria Ellen James, accompanied by Greta Heck; music by Mrs. James and Mr. Smith; piano solo by Miss Lomax; piano solo by Mrs. Daughtrey; games directed by Mrs. Lowrey.

Every one really enjoyed the evening.—Reporter.

CROMERS HONORED ON THIRTIETH ANNIVERSARY

Mr. and Mrs. N. H. Cromer of the Petty community were honored Sunday with an open house by their daughter, Mrs. Fred Nolen, and Mrs. Leroy Bledsoe in observance of their thirtieth wedding anniversary.

Mrs. H. T. Ritchey and Mrs. Lee Cromer of Lubbock poured punch and served sandwiches and cookies to more than 60 guests who called in the afternoon.

The table was laid with a beautiful lace tablecloth with a centerpiece of red rosebuds. Two tall white tapers, each tied with a tiny rosebud, gave charm to the table decorations.

Mrs. Lon Cromer greeted the guests and Mrs. Floyd Bledsoe sat at the guest book.

Their children were all present for the celebration, including Joe Cromer of Richardson, Mrs. Fred Nolen of Tahoka, and Noah Lee Cromer of Texas Tech.

A large birthday cake and ice cream cones were served to about twenty children.

The New Home P.T.A. met in a get-acquainted program last Thursday night. After a program and the presentation of all the teachers, a cake was presented to Mr. A. L. Pace by the P.T.A. in appreciation of his long years of service and devotion to the New Home School and community. Punch and cake was served to the guests.

The finance committee of the P.T.A. will sponsor a forty-two party in the gym October 3. The proceeds will be used to buy playground equipment such as swings and slides for the pupils from the first grade to the fifth grade.

Mrs. J. M. Hicks of Rochester is here visiting her son Roy Hicks, and family.

TURNING SOUR GAS INTO A Mighty INDUSTRY

Carbon black produced in the area we serve dominates the industrial scene.

Only in this area—with its vast resources of natural gas—is the mass production of this vital material possible. "Sour" gas, once considered worthless (on account of its high sulphur content), has become the basis of a great industrial operation. The automotive, rubber, paint and ink industries are but a few of those dependent on carbon black.

We have so much confidence in the carbon black industry—and other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

MISS HALSEY WEDS JOHN BURKHOLDER

Miss Joyce Halsey, at one time radio announcer for Station KFYO in Lubbock and more recently announcer for the Mark Halsey Drug Store Cowboys over Station KSEL, was married to John Burkholder of Lubbock at 8:30 o'clock Thursday night in rites read by Dr. H. I. Robinson in the First Methodist Church in Lubbock.

Attending the ceremonies from Tahoka were the editor and Mrs. E. I. Hill, who is an aunt of the bride, and possibly other Tahoka people.

Mrs. Burkholder is well known throughout Lynn county and over the South Plains through her radio work. She is the daughter of the late Mark Halsey and Mrs. Halsey and a sister of former Representative Hop Halsey. A graduate of Lubbock High School and of Christian College in Columbia, Mo., she has studied Dramatic Arts in Pasadena, California.

Mr. Burkholder is a former student of Texas Tech and is a car salesman.

Mrs. Sam Reid returned Monday from a ten-weeks visit with her son Kenoth Reid and family at Ogden, Utah. She reports that Kenoth and wife have a little son, born on August 10, and that they have named him Lee Edward.

Mrs. Brown . . .

(Continued From Page 1)
and by Price Bankhead, Minister of the congregations at Grassland and Gordon.

Funeral arrangements and burial which followed in the Tahoka cemetery were under the direction of the Stanley Funeral Home of Tahoka.

Many friends and loved ones were present to offer their tributes of love and esteem for the good woman who had just ended her earthly pilgrimage, much of which had been spent in Lynn county.

Surviving her, in addition to her beloved life-companion, were five sons and three daughters, as follows: Ernest Brown of Tulsa, Oklahoma, Lloyd of Leveland, Bryan of Los Angeles, Calif., and Dewey and Claud of Tahoka; Mrs. B. W. Bintliff of Fort Worth, Mrs. Clarence Hart of Fort Worth, and Mrs. R. J. Maloney of Lubbock; all of whom were at her bedside in her last hours. Three sons had died in childhood.

Also surviving is one brother, who resides at Uvalde, Texas, eighteen grand-children and five great-grandchildren.

Mrs. Brown, whose maiden name was Hulda Lee, was born on December 15, 1876, at Decatur, Illinois. When only five years of age she came with her parents to Collin county, Texas. She was married to E. S. Brown on December 16, 1901, at McKinney. She and her husband and their children moved out to Taylor county and settled near Abilene in 1901.

They removed from Taylor county out to Lynn county in 1916 and lived for 29 years on a farm nine miles east of Tahoka. About two years ago they moved to their present residence seven and a half miles northwest of New Home.

For forty years Mrs. Brown had been a devoted member of the Church of Christ, and she attended its services regularly until ten years ago when her health failed and she was confined to her home most of the time thereafter.

Many friends in the Grassland, New Home, and Tahoka communities, and elsewhere, were grieved at her departure.

A relative submitted the following tribute for publication. We break our rule this one time and publish it.

OUR MOTHER

Our mother dear from earth has gone;

The parting's sad, but not for long.

Her life was sweet here with us all.

But she was ready for the Lord to call.

Now her pains are over, and she is at rest;

We will miss her here, but the Lord knows best.

She is not dead but just asleep; The Lord, we know, her soul will keep.

And then some day, as if tomorrow,

We can meet again where there is no sorrow.

If we live right, along life's way, We can meet again some happy day.

So, do not worry, dear loved ones, here; We can meet again our mother dear.

Mrs. Lit Moore of New Home sent a card down from Ruidoso, N. M., stating that she is up there sharing Mrs. Hensley's cabin with her and recuperating. "And these big pine trees enchant me," she writes.

TAHOKA PASTOR ATTENDS WAYLAND TRUSTEES MEET

Rev. Levi Price attended a meeting of the Board of Trustees of Wayland College at Plainview Tuesday and reports that plans of vast and far-reaching import for the expansion of the College were laid. He came back confident and jubilant over the prospect of procuring some large contributions during the coming year—and years—for additional buildings and for increased teacher salaries. Price is one of the members of the Board.

Dr. Bill Marshall, the new president, has given the trustees a new vision and inspired them with a determined purpose to make Wayland one of the greatest denominational colleges of the entire country.

New and greater buildings have already become imperative, the Tahoka pastor says. "The walls are just bulging out with students now," he asserted—\$10 have already enrolled this session, by far the largest number in the history of the school.

HOME EC GIRLS ENTERTAIN TEACHERS

The Home Ec III girls entertained on Wednesday evening in the Home Ec Department with a reception for the High School teachers.

Present were Miss Bettye Frazier, Mrs. Travis Mason, Mrs. Bert Stephens, Mrs. Charles Stewart, and Mr. Vernon Brewer. Punch and small sandwiches were served. The room was decorated with lavender and yellow flowers.

J. H. Henderson returned Wednesday morning from California, where he had spent a couple of weeks visiting his son Douglas.
