

SCOOP SEZ

By J. M. Forbes

KRAZY DAZE

For the first time in a long time, a large group of Muleshoe merchants have combined their efforts in a single city-wide sales promotion. They could have called it anything else, but Krazy Daze seems appropriate to the conductor of this column, for we have read the advertisements in this issue of the paper and are certain the merchants are offering "crazy" prices for the three days, Thursday, Friday, and Saturday.

Read their advertisements and see if you don't agree: if low prices mean "crazy", then the merchants taking part are really "gone".

I have in mind a costume that could win the first prize. I don't know how to make it myself, but I will whisper the idea to someone who is brain enough to use it. If we win, and I think we can, we'll split the loot.

We presume the present promotion is only the beginning one, and that as time goes on we will dream up other ideas to convince the people that Muleshoe is a good place to trade and to. Our merchants appreciate the patronage of their friends in the area.

For Muleshoe is a good place to live; it's a good place to live in, a good place to work in. It has good people above all, but Muleshoe also has a wonderful location, a wonderful climate, a productive soil and ample water. It's a good place to be, from all angles.

We swiped this somewhere:

Grown men are dressing like kids, little boys are dressing like gentlemen, teenagers are dressing like hoodlums and women are dressing like towsocks.

What in the world has happened to us?

And This, Too:

The man claimed his two little nephews received this on the eve of a camping trip:

A Ficial Note

1. If someone falls out of the boat a bar will be given to pull back to boat.
2. If someone was to drown they would get order ficial respiration.
3. If someone was to get bitten by a snake a ternacate would be tighed above the bight and the blood would be sucked out and then would be brought to a doctor.
4. At no time will anybody get panacy.

New System Is Installed At Malone Milk Co.

A new system for handling milk from the producers dairy barn to the bottling plant at Malone Milk Co., was put into service this week, according to Dudley Malone, of the dairy, in Muleshoe.

Funeral Services For Lloyd Alsop Are Held Tuesday

Funeral services were held Tuesday, August 12, at 5 p.m. for Lloyd Strange Alsop, 32, who died August 11 at 3 a.m. in a Plainview hospital after an illness of several months.

More Than 50 Merchants Extend A Welcome to 'Krazy Daze' In M'shoe

More than 50 Muleshoe merchants will feature "Krazy Daze" window banners, and varying degrees of participation in the Krazy Daze promotion event which is set to begin here tomorrow (Thursday) and continue through the rest of this week.

HOLIDAYS LISTED FOR YEAR

Faculty Almost Completed For 1958 School Term Here Beginning Sept. 1

The faculty list for Muleshoe public schools is almost complete, superintendent Jerry Kirk said this week, and will be by the time school begins on the morning of September 1.

Holidays for the school year 1958-59 have been determined also, the superintendent announced. They include November 27-28 for Thanksgiving, December 19 through 29 for Christmas, and the Friday before and Monday after Easter. A holiday will be given students also on March 6, date of the district teachers meeting.

Near Tragedy As Truck Sideswipes Loaded Automobile

A near tragedy occurred Sunday night about one and a half miles east of Muleshoe on U. S. 84, when a heavily laden truck and trailer sideswiped a car loaded with travelers, demolishing the car, but miraculously injuring none of the occupants.

No Second Primary Election In Bailey

Although August 19 is the deadline for absentee balloting for the August 23 second primary election, the date is of little significance to Bailey county residents, inasmuch as the county Democratic Executive Committee has voted not to hold a second primary in this county.

Progress Revival Begins August 15

Senior Methodist Youth "Ramble" To Colorado Springs On Long Weekend

Twelve worn out members of the Senior MYF and five equally as tired sponsors returned Sunday night from a weekend in Colorado Springs. The happy group left last Thursday for a then undisclosed destination on the MYF "Ramble".

The MYFers, who traveled in a truck on mattresses loaned to them by the Farm Labor Association, spent Thursday night in Raton, N. M., with the parents of Leon Blair, one of the sponsors. Friday they arrived in Colorado Springs and started the round of sightseeing.

They visited the Royal Gorge and the Canon City Prison and drove to the Cave of the Winds. The 2200 at the Will Rogers Memorial was on the agenda for Friday also.

Saturday the truck, which was loaned to them by Western Fertilizer, loaded with people climbed Pikes Peak. After this jaunt,

WCS Circle Hear Mission Talks Tues.

Mrs. H. C. Robinson and Paul Sackett were the featured speakers at the meetings of the Alpha and the Mary and Martha Circles of the WCS last Tuesday afternoon in the Methodist Church.

Mrs. Robinson spoke to the Alpha Circle on the economics and customs of Korea where she and her husband lived for several years.

Mrs. Paul Summersgill, the president, and Mrs. Jimmy Small served refreshments to the members after the meeting.

Paul Sackett, youth director for the church, reported to the Mary and Martha Circle on a recent trip to the Navajo Methodist Mission at Farmington, N. M. He showed colored slides taken there and gave the devotional as well. His devotional topic was "Freedom Farm".

Both Circles are scheduled to meet again on August 26, in their respective places.

LAPM President Speaks To Local Auxillary Group

Lady Delma Benedict of Plainview spoke to the Muleshoe Canton and Auxillary on the "advancement, improvement and development" of all auxiliaries Tuesday night in the I. O. O. F. Hall.

Lady Benedict named her goals as gaining membership and making every member a working member in her talk to the meeting over which Captain and president Wallace and Glesie Shelton of Hereford presided. She is the president of the department of L. A. P. M. of Texas.

The auxillary donated \$5 to the eyebank which was stressed.

Other visitors were Lt. Col. Tom Benedict of Plainview, Past Grand Master Raymond Gage and vice-president of the International L. A. M. P. Thelma Gage of Circleback.

A salad supper was served to 23 members and visitors. The next meeting was set for September 12.

Miss Lookadoo, Mr. Jenkins Plan Fall Wedding In Church

The engagement and approaching marriage of Miss Leona Lookadoo is being announced by her parents, Mr. and Mrs. Everett Lookadoo to Lewis Jackson.

The vows will be read in the Trinity Baptist Church in Muleshoe on September 12. The ceremony will be at 6 o'clock with a reception for the couple to follow in the church annex.

Miss Rosemary Hicks Exchanges Vows With Dan Smith Before Candlelit Altar

Before an inverted arch of shrimp colored tapers and baskets of shrimp gladioli, Miss Rosemary Hicks became the bride of Russell Dan Smith of Lazbuddie on Sunday, August 10, in the First Baptist Church. The Rev. E. K. Shepherd, pastor of the church, officiated.

Mrs. Smith is the daughter of Mr. and Mrs. T. B. Hicks of Muleshoe and the bridegroom is the son of the late Mr. and Mrs. L. W. Smith of Lazbuddie.

Mrs. W. T. Andrews accompanied Mrs. C. C. Childress, Jr., as she sang, "Because," "O Day of Golden Promise" and "The Lord's Prayer". Mrs. Childress is a cousin of the bride.

Gowned in a white nylon lace and tulle wedding dress, the bride was escorted to the altar by her father. Her gown was designed with a portrait neckline framed by scalloped lace. Bands of lace held a wide tulle ruffle on the bouffant skirt. Her net illusion veil was attached to a lace cap which was embroidered with seed pearls. She carried shrimp gladioli on a white prayer book.

Miss Coralynn Hicks attended her sister as maid of honor. She wore a shrimp polished cotton dress with a full skirt and a pleated drape encircling the neck. She carried shrimp gladioli on a white lace fan.

Bill Johnson, who is in the Army stationed in El Paso, served as best man.

Tony Keith, a nephew of the bridegroom, was the ring bearer for the couple, while Joni Patterson, a cousin of the bride, was the flower girl. Joni wore a white nylon dotted Swiss dress.

Tommy Hicks, brother of the bride, and Jack Jones lighted candles. They also served as ushers along with Jerry Smith, brother of the bridegroom.

A white wedding cake encrusted with shrimp sugar bells enhanced the center of the serving table at the reception which followed immediately. Miss Shirley Mathieson and Mrs. Marvin Gaddy served the cake and shrimp punch.

When the couple left on their wedding trip to Colorado, the former Miss Hicks was wearing an ensemble in shades of brown.

H. D. CLUB Clatter

Any weight watchers in your family? If so, you, the cook, can be a big help by planning and preparing foods to cut calories.

Here are some suggestions that should help:

Use nonfat, dry milk solids for cooking.

Keep desserts simple. Serve fresh fruits or canned and frozen fruits packed in water or juice—not syrup.

Roast, oven or pan broil meats, poultry and fish instead of frying. Avoid "breading" and use of egg batters on foods. Trim extra fat from the meat.

Serve salad materials plain—or use low calorie seasonings or salad dressings. These can be made with tomato juice, herbs and lemon juice or vinegar.

Prepare food without added fat, sugar or flour whenever possible.

Tempt appetites with herbs and spices instead of rich seasonings, sauces and gravies.

Serve low calorie items for nibbling or appetizers. Try celery, cabbage wedges, carrot sticks, or other low calorie vegetables or fruits.

Avoid high fat foods such as cream, butter, gravies, sauces, nuts, potato chips, oil, pastries, rich salad dressing; sweet foods such as cakes and cookies; rich puddings, candies, fountain drinks and sundaes, carbonated drinks and alcoholic beverages; and starchy foods, such as macaroni, dry peas and beans.

Twins Feted With Birthday Breakfast

Rickey and Mickey Minckler, twin sons of Mr. and Mrs. R. K. Minckler, were honored at a double birthday breakfast given Tuesday morning in the home of their parents.

A cowboy stagecoach centerpiece was used on the breakfast table.

Guests present were: Hal Anderson, Rickey and Devona Bradley, Tom and Beth Black, Gary Pittman, the honorees and their sister, Sherry.

Watermelon Feast Held At Home Of LaNelle Boothe

Miss LaNelle Boothe was hostess to a group of her friends Friday night after the show at a watermelon feast. Earl Ladd provided the watermelons for the fourteen teen-agers.

Present were Rhonda Johnson, Karen Jones, a cousin of Rhonda's of Amarillo, Sandra Harris, Shirley Henry, Sylvia Pool, Mary Sanders, the hostess, Miss Boothe, Don Gardner, Wayne Malone, Paul Shepherd, Jerry Wright, Bob White, Robert Kemp and Billy Gilbreath.

Miss Carol Cook Host Slumber Party

Miss Carol Cook was hostess to a slumber party for several of her girl friends Monday night after church services.

Girls watched TV, talking and eating until the early hours of the morning.

Girls present were Sandra Angel, Marie Swinney, Lennell Claunch, Judy Young, Opal Bogard, Phillis Fred, Linda Holt, Kathy Archer and Shirley Cox.

Ellen Lang Sent To Brooke Army Medical Center

Private Ellen E. Lang, daughter of Mr. and Mrs. Mack Lang, Muleshoe, has been assigned to Army Medical Service School, Brooke Army Medical Center, Fort Sam Houston, Texas, following graduation from eight weeks of basic training at the U. S. Women's Army Corps Center, Ft. McClellan, Ala.

Private Lang is a graduate of Muleshoe high school.

During her basic training she received physical fitness training and instruction in such basic military subjects as Military Courtesy and Customs, Achievements and Traditions of the Army, Army and Civil Defense, Organization of the Army, and Career Guidance. She also learned the rudiments of close order drill and took part in weekly battalion and regimental parades.

Church Youth At Camp Blue Haven

A group of 16 youngsters from the Muleshoe Church of Christ left Sunday morning for a weeks stay at Camp Blue Haven, located 17 miles west of Las Vegas, N. M.

Those in the group were Linda and Sandra Scott, Rhonda Wagon, Lana Brown, Mona Rucktashel, Linda Monk, Glenda Smallwood, Ronald Scott, Frank Tittle, Greg Blackwood, Don and Dickie Smallwood, Gordon Tipton, Sharon DePaugh, Ann Tipton, and Charlene Lindsey.

Parents who accompanied the youngsters were, Mr. and Mrs. Dick Scott, Mr. and Mrs. Clyde Monk, Mr. and Mrs. Johnny Smallwood, Mr. and Mrs. Paul Scott, Mr. and Mrs. Vandy Tipton and Mr. and Mrs. Bob Blackwood. Some of the parents will return on Saturday to bring the group home.

Hot Weather Coolers

Ices, milk beverages, and sparkling fruit and vegetable juices offer a wonderful variety of thirst-quenching "coolers" for these hot summer days. They offer important food values.

Acid fruit juices are especially refreshing and cooling, as they contain less heat producing sugar.

Specialist suggest that you keep plenty of milk, frozen or canned fruit and vegetable juices on hand. Iced tea and ginger-ale are good "blenders" and "stretchers". Fresh oranges, lemons and limes can be used in many different beverages.

Sweetening drinks is easier if you keep a supply of sugar syrup in the refrigerator. To make it: mix 2 cups water and 3 cups sugar and boil 3 minutes. One and three-eighths teaspoon cream of tartar may be added to the syrup to prevent crystallization.

Home Economics Briefs

Remember these rules to avoid heat sickness. Avoid over-exertion, particularly in the early part of the heat wave; avoid too much exposure to direct sunrays or extreme indoor temperatures and high humidity. Wear a hat

Garnishes add zest appeal. A sprig of mint, slice of orange, lemon, a cherry or other colorful fruit will add enjoyment.

Remember to serve beverages in well chilled glasses or over sparkling ice cubes.

Garnished ice cubes add a note to many fruit drinks. Fill an ice cube tray about two-thirds full of water. Boiled water tends to make the cubes clear. After the water freezes slightly, add with water and freeze again.

Robert Blackwood Cooperating With Water District In Research Program

About 18 months ago the High Plains Underground Water Conservation District entered into a flowmeter program with several farmers in the district.

The purpose of the flowmeter program, coupled with a program of keeping accurate records of available moisture at all times in various types of soil, is not to gather data with the idea of possible regulation of irrigation, according to High Plains District officials.

The program is rather designed to obtain sufficient information to show the most economical and conservative method of irrigation, with the sole and primary purpose being the ultimate conservation of underground water supplies, which must eventually become scarcer and scarcer.

One such flowmeter-available moisture installation is located on the farm of Robert Blackwood, northeast of Muleshoe in the YL-Pleasant Valley community.

Robert has 80 acres in cotton, grain sorghum, wheat, alfalfa and sesame. He waters from two 10-inch wells, and one well is equipped with the flowmeter. This meter, connected into the discharge pipe, accurately registers the water flowing out of the well in hundreds of gallons. By keeping accurate records of hours of operation of the well, Blackwood, and the District, are able to determine exactly how much water was pumped from the well to various fields on the farm.

Blackwood irrigates through open ditches, and keeps a strict

accounting of how much water is applied to each of nine fields watered by the flowmeter-equipped well.

The available moisture program consists of small blocks of gypsum buried at varying depths connected to wires which registers the available moisture in the ground on a special meter.

Blocks are buried at depths of 6, 12, 18, 30, and 42 inches. Recordings of the available moisture content at each depth are made by High Plains officials at weekly intervals.

The High Plains Underground district personnel feel that tabulation of information gained through the more than a dozen such installations within the district, will present a pattern showing how farmers may conserve their irrigation water, and yet adequately and economically water their crops.

Bula News Briefs

by Mrs. John Blackman

J. M. Morris, vocational agriculture teacher, spent last week attending the state agriculture work shop held in Dallas. Mrs. Morris and children visited during this time with her parents at Tishomingo, Okla.

Ladies of the Bula Church of Christ met Tuesday morning at 10 a.m. for their weekly study with 11 ladies present. The study was "Perils of the Home". Mrs. Blackman was leader of the lesson. Mrs. Cash led the opening prayer and Mrs. Drake closed the lesson with prayer.

Attending were Meses. B. S. Selfff, Bonnie Fisher, Eugene Bryan, Bonnie Claunch, Jimmy Drake, Dutch Cash, T. L. Harper, Fred Archer, John Blackman, Miss Martha Barleson of Tucson,

Ariz., Kathy Archer, and Mrs. J. D. Bayless of Enochs.

Mr. and Mrs. W. B. Gage and daughter, Dot, visited her parents, the Bartons, at Cecil, Ark.

Mrs. C. M. Tidwell is with her mother, Mrs. G. M. Lane at Haskell this week. Mrs. Lane is very ill.

Mr. and Mrs. Debney White of Lawton, Okla., left Thursday for a visit of several days in the Jack Speck and Jack Hicks homes.

Supper guests Sunday night in the Gordon Overland home were Rev. and Mrs. Lauckmeyer and children, Paul, Ruthie, and Becky of Littlefield.

Mrs. Cecil Charlton and three children, Paul, Frank and Eileen, of Fritch, Texas, spent several days last week in home of Mr. and Mrs. Cecil Jones.

Mrs. Jones' parents, Mr. and Mrs. M. M. Thompson of Anahelm, Calif., arrived Thursday for several days.

Mr. and Mrs. DeWitt Tiller and girls left early Monday morning for a vacation at Tres Ritos.

Pat Risinger is spending this week in Lubbock with his cousin, Gerald Reid.

Attend Reunion

Mr. and Mrs. H. A. Reynolds and girls attended the family reunion over the past weekend at the Ranger Park in Ranger for Mrs. Reynolds' relatives, the Crawley families, Miss Carolyn Reynolds met her parents there, returning home with them after attending a homemaking work shop in Dallas last week.

The hiring of James G. Moore of Wichita Falls for a school

teacher, completes the coming school years faculty, superintendent H. A. Reynolds has announced.

Mr. Moore has a wife and one small child. They are moving here from Wichita Falls. He is a graduate of Midwestern College and has taught science for three years in the college there.

Revival Starts

Rev. Boone, pastor of the Baptist Church, announces their summer revival to begin Friday night, August 15 through Sunday night, August 24. Rev. W. S. Stoker of Jasper, Texas, will be the visiting minister, and Keith Lamb of Amherst will direct the singing. Mrs. DeWitt Tiller is pianist.

Services are to be held at 10 a.m., and 8 p.m. The public is invited.

Miss Martha Barleson of Tucson, Ariz., is spending this week with Mr. and Mrs. Ronnie Fisher.

Among those to attend the funeral for Mrs. Otilie Nickels of Meridian on Wednesday afternoon of this week were Mr. and Mrs. Howard Weaver, Mrs. V. C. Weaver, Mr. and Mrs. Paul Young, Mrs. F. L. Simmons, John Hubbard.

Mrs. Nickels lived here several years ago and their two children, Juanita and Ray Lee, graduated from Bula school.

Weekend guests in the Tom Bogard home were Mr. and Mrs. Raymond Kinnison and son, Ray, and daughters, Jean, Jane and Barbara, of Seagraves.

Mr. and Mrs. W. E. Speck and son, Rodney, spent three days last week with his mother, Mrs. Minnie Speck.

Superintendent H. A. Reynolds has announced the hiring of a homemaking teacher for the 1958-59 school term. Mrs. Elwana Rossland Duke. She is a graduate of Oklahoma Women's College of Chickasha, Okla.

Mrs. Duke has two sons and will live at Pop, since Bula and Pop schools have a cooperative unit plan for vocational agriculture and vocational homemaking.

George Hicks of Ft. Sumner, visited with his uncle and family, the J. F. Hicks, from Thursday until Sunday.

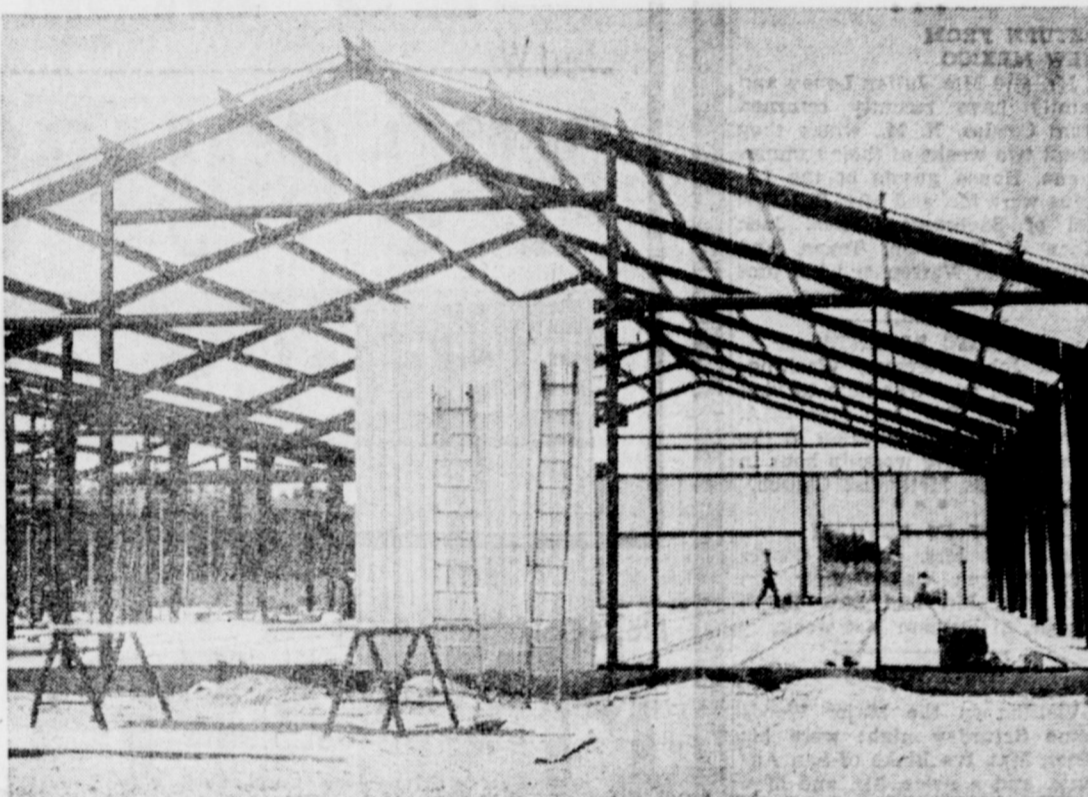

Recent guests in the Leo Holt home were three of Mrs. Holt's sisters, Mrs. Jim Maloney and two children, Patrick and Sally of Pensacola, Fla.; Mr. and Mrs. James Erwin Fowler of Wichita

Mr. and Mrs. Deward Wall and children have gone to Arkansas this week to see her grandmother, who is ill.

MORRIS' EXPECTED

Mr. and Mrs. Marshall Morris and their son, Mark, of Ft. Worth will be in Muleshoe with Mr. and Mrs. Arnold Morris the remainder of this week.

Alcoa® Standard is the pipe you need if your watering problems subject your irrigation equipment to unusual strains. Alcoa Standard's built-in dent resistance, full-thickness walls and ability to take high pumping pressures enable it to stand up under even the most rugged treatment.

Wheel moves put extreme stress on aluminum pipe. Alcoa Standard will deliver full service under properly designed wheel moves. Itinerant labor seldom handles pipe carefully. Alcoa Standard's extra-dent resistance pays off when your pipe is treated roughly. Long-haul pumping subjects pipe to high pressures. Alcoa Standard can take 'em... even the most severe ones.

Check with us for a complete line of quality irrigation equipment backed by quality engineering.

MALONE MILK CO.

"Miles Closer - Days Fresher"

A Progress Report To Our Customers:

We have just completed the installation of a bulk handling process for the milk which ultimately reaches our customers in one of the many forms bearing the Malone Milk Co. label.

This new process eliminates entirely the old awkward method of handling milk between the dairy barn of the producer and the bottling plant of our dairy.

We have installed stainless steel tanks and fittings in the producers dairy barns, on our tank truck which picks up the milk, and in our own dairy here in Muleshoe.

The milk is now transferred directly from the producers herds to our bottles without once being exposed to the outside air, and is of course, untouched by human hands.

Without getting technical, the process is this: The milk is pumped from the milking machines into a stainless steel holding tank on the producer's dairy. From there it is pumped into another stainless steel tank on our pick up tank truck, which brings it quickly to our plant, and pumps the milk into our stainless steel storage tank, from which it is pumped to our bottlers, pasteurizer, mixers and other machines.

The milk is constantly temperature controlled and sanitation measures are rigidly enforced.

WHAT THIS MEANS TO YOU:

Malone's milk and milk products are fresher, better tasting, and guaranteed 100% pure. Malone's milk and milk products are processed daily to reach you at the peak of their flavor and goodness.

Martin C. Hill, son of Mrs. A. S. Hill, spent last weekend with his mother and his sister, Mrs. Lawana Sue Russell, of Clovis. Hill is stationed in Amarillo with the Air Force, and is due to there until October 15.

WINS TRIP IN CONTEST

Randy Johnson of Johnson-Pool, is among a number of South Plains appliance dealers who are in St. Joseph, Mich., touring the Whirlpool factory. Enroute, the group saw the Cubs-Cardinals baseball game in Chicago Sunday.

Randy won the trip in a Whirlpool appliance sales contest.

IN TULIA

Mr. and Mrs. Leonard Evans spent last weekend in Tulia with Mr. and Mrs. Jack Richardson and with Mr. and Mrs. S. T. Evans. Sharon and Nicki Evans are spending this week with their sister, Mrs. Richardson and their grandparents, Mr. and Mrs. S. T. Evans.

GET CHILDREN

Mr. and Mrs. Johnny Glasscock of Portales, N. M., were in Muleshoe Monday to pick up their three children, Gail, Ted, and Joe Beth, who have been visiting their grandparents, Mr. and Mrs. Henry Hanover, and their aunt and uncle, Mr. and Mrs. Robert Sanders and family.

RETURN FROM NEW MEXICO

Mr. and Mrs. Julian Lenau and family have recently returned from Cowles, N. M., where they spent two weeks at their summer home. House guests of the Lenaus were Mr. and Mrs. Bill Tindel of Saebreeze, Texas, Jack Koen of Hamilton, Texas, and Miss Agnes Warren and her brother, Kay Warren, of Waco.

VISITS PARENTS

Lt. John Norcross, Washington, D. C., who was here to visit his parents, Rev. and Mrs. C. A. Norcross, was the speaker at the Sunday morning worship hour in the Progress Methodist Church.

VISIT IN PUTNAM

Mr. and Mrs. Arthur Cooper and children visited their son and wife, Mr. and Mrs. Ralph Cooper, at Putnam last week.

VISIT WOODS

Visiting in the Major Woods home Saturday night were his sister, Mrs. Iva Blake of San Antonio, and a niece, Mr. and Mrs. Edwin Gloss and Johnny of Albuquerque.

Those attending a picnic in the park Saturday in honor of the guests were Mrs. Blake and Mrs. Dollie Molly of Farwell, sisters of Major Woods, Mr. and Mrs. Edwin Gloss and Johnny, Mr. and Mrs. A. J. Hamm and family of Arkansas.

Mr. and Mrs. Felix Monroe, Johnny Green, and Jimmy Armstrong of Farwell, Mr. and Mrs. Major Wood, Bonnie and Stanley and Joe Don Jackson, all of Muleshoe, a nephew and his family visited with them in the afternoon.

REMEMBER WHEN?

by JOHN CROW

It happened on the eve of victory in Europe. The man who had held the office of the Presidency of the United States longer than any other man in our history looked drawn and tired in the spring of the year. He had returned shortly before from a momentous "Big Three" conference . . . and when he made his report to Congress viewers were shocked by his appearance.

He had gone to the "little White House" in Warm Springs, Georgia, the place where, many years before, he had begun his lifelong battle against infantile paralysis. Here he was taking a needed rest. The world was unprepared for the shocking news that came from Warm Springs on April 12th.

The press release was brief. It read: "It is my sad duty to inform you that the President died at 3:35 of a cerebral hemorrhage".

Franklin D. Roosevelt, 31st President of the United States, was dead.

Remember the year?
Those were the war years, and a new car was something you might get some time in the future. Meanwhile, car owners kept their pre-war cars going . . . and dependable service was vital to them.

The year was 1945.
Service is important any time . . . for safe, trouble-free driving and lasting value from your car. We can promise you dependable service, from all points lubrication to a complete motor overhaul. See your CHEVROLET dealer—and drive safely!

Low-waisted jumper (right) by Jack Spiro features oversized plaid with all around knife pleats in the graceful skirt.

MULESHOE
 MERCHANTS SERVICE GUIDE
 by Mrs. D. O. Smith

Mr. and Mrs. Johnnie Hays have moved to Muleshoe from Roswell, N. M. They have three sons, Jerry 5, Johnny 2½, and David Ray, 11 months. Hays is a farmer and a member of the Assembly of God church.

Mr. and Mrs. W. L. Scroggins, formerly of Roswell, N. M., are now Muleshoe residents. He is a farmer, and he and his family, Mrs. Scroggins, Margaret 12, and Jimmie 16, attend the Assembly of God Church.

Mr. and Mrs. L. E. Thompson have moved to Muleshoe from El Paso. They belong to the Baptist Church and have three children, Lonnie, Jr., 5, Jerry Lynn 4, and Patricia Gale 3. Thompson is in the service.

Mr. and Mrs. Rush Timmons have moved to Muleshoe from Northfield with their three children, Larry Lee 7, Brenda 5, and Rex 3. He is a barber at Sanitary Barber Shop and the family belongs to the Baptist Church.

Mr. and Mrs. J. W. Winkins have moved to Muleshoe from McCamey. They have five children, W. D., 11, Forrest 9, Willie 7, Dorman 6, Sherril 3. He is manager of the OK Auto Store. They are members of the Church of Christ.

Mr. and Mrs. J. M. Dunswoth have moved here from Cleburne with their two children, James 2,

and Florenda, 4 months. He is employed by Piggly Wiggly. The Dunswoths are Baptists.

Mr. and Mrs. R. A. Ham have moved to Muleshoe from Slaton. He is a farmer and a member of the Nazarene Church.

Mr. and Mrs. Raymond Clayton have moved to Muleshoe from Otton. They have five children, Therman 17, Marie 15, Janice 11, Tommie 9, and James Ray 4 months. They are Baptists and he is employed by Muleshoe Motors.

Let us not love in word, neither in tongue; but in deed and in truth.—(1 St. John 3, 13.)

Words of love are the most welcome words in any language. But words alone are not enough. They must be uttered "in truth" from the heart of the speaker, and proved by deeds. Only thus can we show our love to others, as God has shown His love to us through the life of Jesus Christ.

VISIT PARENTS

Mr. and Mrs. Douglas Howard and their daughter, Brenda, visited last week with his parents, Mr. and Mrs. W. E. Howard. Douglas is a Texas Patrolman at Hillsboro. His address in Hillsboro is 813 Park Drive. He said any friends traveling through are welcome.

False Chinch Bug Infestation Presents Problem In Grain Fields

"I believe most farmers are not aware of the gravity of the present heavy infestation of false chinch bugs in grain sorghum fields in this country," county agent J. K. Adams said this week in referring to what may be termed the most severe threat to feed crops ever experienced in this part of the Plains.

Continued humid conditions,

following a wet fall and spring, have made area crops particularly susceptible to insect infestations, although this is the first threat from the false chinch bug to grain sorghum crops.

Several fields visited by the agent late last week showed varying damage from the winged insects, with some grain yields expected to be cut to near

the zero mark.

Reports from the department of entomology at Texas A&M College are that if chinch bug infestations are heavy enough, and control measures are not taken in time, the crop could conceivably be lost completely.

The insects cause damage to grain heads, piercing the individual grains and sucking them dry. Infestations may be detected in more mature fields of sorghum by the discoloration of the grain heads.

Recommended control measures call for the aerial application of Malathion or Methyl Parathion. For correct application instructions, information may be obtained from the county agent.

Although many farmers are reluctant to spend any more money on sorghum crops, the county agent urged farmers not to consider the cost of control measures as a primary factor, but as a protection to the investment they already have in their crop.

The average farmer with irrigated grain sorghum has about \$30 per acre in his crop. The agent's point is that an additional \$1.50 to \$2 per acre to prevent

the loss of the crop is a wise investment.

Fields with early maturing varieties seem to be hardest hit by the infestation.

Dr. Owens of the Experiment Station at Lubbock warns farmers that BHC and DDT insecticides are not to be used on grain sorghums. A large amount of grain has been condemned or tied up at Temple, Texas, because of the use of these poisons.

The only recommended poisons are parathion, malathion and toxaphene. The false chinch bug seems to die slowly, if at all, when too little toxaphene is used. Parathion and malathion both seem to be very effective.

Public Hearing On County Budget Set For August 19

The Bailey county commissioners court met August 11, and among other business discussed voted to hold a public hearing on

FU State Prexy Scores Senate Passed Farm Bill

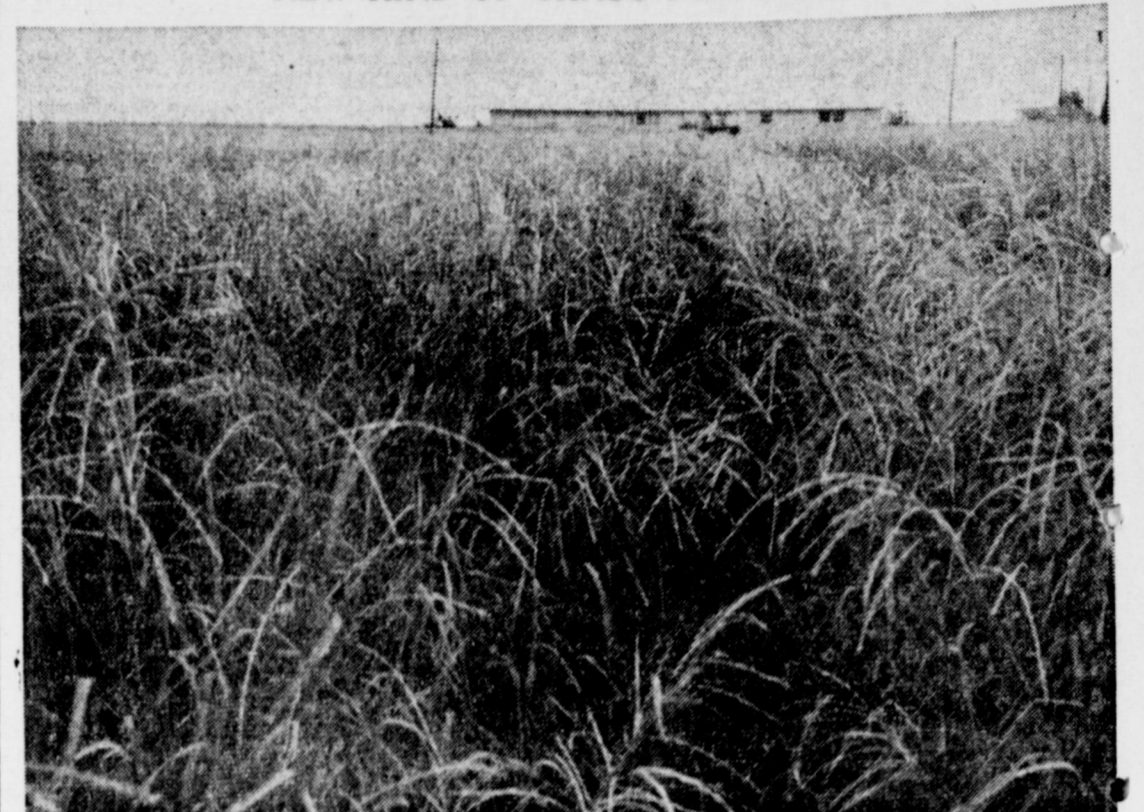

Texas Farmers Union president, Alex Dickie, Jr., sent the following telegram to the members of the Texas Congressional delegation in Washington: "Texas Farmers Union urges you oppose Senate Passed, Benson Backed, Farm Bill, now before the House unless it can be improved from the general family farmer's standpoint."

According to Dickie, the Senate-passed farm bill abandons the parity concept for farmers and goes a long way toward destroying the farm programs as Benson has so long advocated.

"It looks as though to me the bill is pretty much of a Packer, Professor, Middleman, Farm Bill", Dickie stated.

"I can't see that it makes very much sense to produce more and more if you have to sacrifice on the price to the point you would be better off at home asleep", Dickie further stated.

NEW KIND OF GRASS FOR SEED

GREEN SPRANGLETOP, a new variety of grass, is being grown on this 10 acre plot on the B. Z. Beatty farm west of Muleshoe. The variety is so new that only about 15 acres was grown in the entire world last year. This is the first year seed has been released on a commercial scale, following extensive tests of the Extension Service. Ben Chapman is farming this acreage. —Journal Photo

HYBRID TEST PLOT NEAR PROGRESS

THIS FIELD of new hybrid grain sorghums are on the Verney Towns place near Progress. The variety in the center of the photo is 3005. Note the large size of the heads on the plants in the foreground. —Journal Photo

False Chinch Bugs Present Menace

FALSE CHINCH BUGS caused the head on the left to become discolored and dry, while the head on the right, not yet attacked by the insects, remains green and full. — Journal Photo

Grain Sorghum Damaged By Insects

GRAIN SORGHUM CROPS in Bailey county have been hard hit by an invasion of false chinch bugs, as evidenced in the number of insects shown above, all shaken from one partially mature head of grain. The damage done by this insect can result in zero yields, if the invasion is heavy enough, and control measures are not taken in time. —Journal Photo

Undesirable Wheat Varieties To Be Discounted Under 1959 Support Plan

The U. S. Department of Agriculture has named wheat varieties which are undesirable because of inferior milling or baking qualities and will be discounted 20 cents a bushel in price support rates on the 1959 crop.

Discouraging plantings of the undesirable wheat varieties were included in the price-support program for the first time in 1956.

R. J. Hodges, extension agronomist, says the list includes among the hard red winter class Bluejacket, Chieftan, Cimarron, Early Blackhull, Kanking, Kharkof MC 22, New Chief, Pawnee Sel. 33, Purokof, Red Chief, Red Hull, Red Jacket, and Stafford.

Hodges points out that the list was developed by the USDA's Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and others. Representatives of crop improvement associations support the program which is aimed at improving the overall quality of U. S. wheat production.

Application of the 20-cent-per-bushel discount to producer support rates will be the same as under the 1958 operation. Because wheat varieties are difficult to determine from threshed samples, identification of the variety going under price support will be the responsibility of the producer based on his knowledge of the varieties he seeded and harvested.

Even though some of the undesirable varieties might have

protein content high enough for a premium, no protein premiums will apply to the undesirable varieties when loan rates are determined, said Hodges.

Documents Needed When Filing For S. S. Benefits

What documents do I need to furnish when I apply for my social security benefits? This question is frequently asked of the Social Security Office, according to John G. Hutton, manager.

When a person files an application for retirement or family insurance, some records must be furnished to establish his rights to the payments, Hutton said. The proofs most often needed are proof of age, proof of marriage, and evidence of the amount of earnings in the preceding year.

Most people have an old record on which their date of birth or

age was recorded many years ago, such as a baptismal certificate, school record, government record, family Bible, insurance policy, poll tax receipt, etc. Census records are sometimes available. A recently established delayed birth certificate is not sufficient proof of age for this purpose. A widow of a deceased worker who applies for monthly benefits is required to furnish proof of marriage. The marriage certificate or certified copy of it may be obtained from the county clerk of the county where the marriage license was obtained, Hutton said.

Evidence of the amount of earnings in the preceding year will speed the payment of a claim. In the case of an employee, this would be the statement of wages and taxes (Form W-2) which he received from his employer. A self-employed person should furnish a copy of his last income tax return and evidence of payment such as a cancelled check or money order receipt.

A representative of the Lubbock Social Security Office will be in Muleshoe on August 21, at 9:30 a. m., at the courtroom and will be glad to assist in all matters pertaining to Social Security.

W. R. Poage Named Main Speaker At PCG Annual Meet

W. R. POAGE

The second annual meeting of the Plains Cotton Growers, Inc., has been scheduled for 10 a. m., August 29 in Municipal Auditorium on Texas Tech Campus in Lubbock, W. O. Fortenberry, president, announced this week.

The two featured speakers will include Texas Congressman W. R. Poage, Waco, and W. E. Reid, president of the Riegel Textile Corporation, New York.

Fortenberry said directors of the PCG would hold a business meeting beginning at 9 a. m. that day and the annual election of officers would be held. In addition to talks by Poage and Reid the annual meeting agenda will include the showing of a 20 minute film taken of the PCG-Plains Ginners Association sponsored textile mill tour in South Carolina last April. President Fortenberry's annual report and a busi-

New Methods Given For Controlling Johnson Grass Invasion Of Farms

Johnsongrass is an aggressive perennial which infests over five million acres of cropland in Texas. It is difficult to control with normal cultivation methods and is quite a "pain-in-the-neck" to many farmers.

Farmers long have used grazing, tillage, cultivation, rotary weeding and hoeing for the mass control of Johnsongrass. Some have used, but usually have not accepted, pre-emergence chemical treatments, lateral application of chemicals and flaming for this purpose. These methods are effective for reducing stands when they are used persistently.

But the newest, cheapest and most effective method for Johnsongrass control is spot-spraying. This practice was introduced by the Texas Agricultural Experiment Station in 1954 and was immediately popular as a supplement to cultural practice, particularly for scattered infestations in cotton.

Spot-spraying was used on 89,491 acres of infested cotton land

in 133 Texas counties in 1956. Subsequent progress by the Texas Station has increased the efficiency of the practice and extended its use.

The Texas agricultural Experiment Station and Texas Agricultural Extension Service recently released a bulletin entitled "Spot-spraying Johnsongrass". The author is H. E. Rea, associate professor, Department of Agronomy, Texas A&M College.

This 14-page publication is loaded with information on Johnsongrass as well as spot-spraying. It discusses such topics as development of Johnsongrass, effect of farming practices, chemicals for spot-spraying, spot-sprayers and cost of spot-spraying.

The bulletin can be very helpful to anyone confronted with Johnsongrass. It can be obtained from local county agents or from the Agricultural Information Office, College Station, Texas. Ask for Bulletin 902.

Three Way News

by Mrs. Frank Griffith

(Too Late For Last Week)

Sid Phillips returned last week from Temple, Texas, where he had been in the hospital for observation and treatment. Mrs. Don Lamar and Mrs. Frank Mooney, his sisters, accompanied him to Temple and remained with him during his stay in the hospital.

Visiting in the Frank Knox home are their granddaughters, Connie and Kathy Knox of Hereford.

Nan Johnson, daughter of Mr. and Mrs. Baker Johnson of Goodland, was crowned Bailey County Farm Bureau queen Friday evening report by Executive Vice-president George W. Pfeifferberger.

Fortenberry said that door prizes would be awarded throughout the program and that all persons are eligible upon registration.

Mrs. Dial of Lubbock is spending a few days with her daughter, Mrs. Lewie Jordan.

Mr. and Mrs. Elbert Lowe and Jack Lowe were called to Memphis, Texas Friday to the funeral of an uncle, R. E. Lowe.

Mrs. Jack Lowe received word Friday of the death of an uncle, John Folley. Mr. and Mrs. Don Lowe and Mrs. Wayland Altman accompanied her to Turkey, to attend the funeral.

Jack Reeves and George Taylor will leave Monday to join the Marines. Jack is the son of Mr. and Mrs. Leon Reeves of Goodland. George is the son of Mr. and Mrs. Tommy Taylor. Both boys are 1958 graduates of Three Way high school.

Fishing on Conchas Lake last week were Cecil Cole, Mickey

Sowder and R. W. Chadburn.

Mr. and Mrs. W. C. McCelvey plan to attend a family reunion at Monahans this weekend.

Mrs. Cecil Cole was on the sick list the first of the week with a sore throat.

Miss Kay Cole returned home Tuesday from Camp Davis, near Las Vegas, N. M., where she has been employed this summer as counselor for 9 and 10 year old girls.

Mr. and Mrs. Donnie Carpenter were honored with a house warming party and wedding shower Friday evening at their new home west of Stegall.

The women of Hicks Chapel Baptist Church served punch and cookies.

Mrs. Carpenter is the daughter of Mr. and Mrs. Mitchell of Three Way. Donnie is the son of Mr. and Mrs. M. L. Carpenter of the community.

Mr. and Mrs. Weldon Lee of Cotton Center visited in the Horace Hutton home last week. Betty went home with them to spend a few days. Mrs. Lee is a sister to Horace.

Noah Cowen Hutton of Shallowater is visiting in the Horace Hutton home.

Visiting in the Jack Lane home this week are his nieces, Joan and Nancy Pierce of Lubbock.

Mr. and Mrs. Johnny Glasscock and children of Portales, N. M., visited Monday with the Baker Johnsons. Mrs. Glasscock is a niece of Mrs. Johnson.

"One of the great mysteries of life is how the boy we were sure wasn't good enough to marry our daughter can be the father of the smartest grandchild in the world."

VACATION IN RUIDOSO
Mr. and Mrs. Sam Fox, Mr. and Mrs. Pat Bobo, and Mr. and Mrs. Wilbur LeVeque spent last weekend in Ruidoso, N. M.

for top profit yields

IRRIGATION ENGINEERED TO FIT YOUR FARM

Irrigation needs differ on every farm. Slope of the land, head of available water, kind of crops and the amount of money you can afford to put into your irrigation installation varies in each instance.

Those complex needs are why we carefully engineer every irrigation system we install. We've found it to our long-term advantage to use proven quality equipment. That's why you find either Alcoa® Lite-Line or Alcoa Standard irrigation pipe in our systems.

You'll find our pumps, couplers, sprinkler risers and heads are of comparable quality... designed right for long, efficient service.

Sandhills Philosopher Joins With the President In Refusing To Raise Price Of What He Grows

Editor's note: The Sand Hills Philosopher in his Johnson grass farm has an odd idea for whipping inflation, his letter this week reveals.

Dear Editor:

Talk about living in a fast age, here I was out here on my farm gathering my forces to whip the recession when I opened up a copy of a newspaper I found in the road by my mail box this morning and found it was already over, and the thing to be doing now is to start whipping inflation.

That's one of the troubles with reading newspapers, all you do is bring more problems to your attention you'd never know existed if it hadn't been for newspapers. Right now I wouldn't be any more worried about the Middle East than the Middle East without me.

However, since I've always tried to do my duty, so long as it

was me, not the other fellow, defining the duty. I was interested in reading President Eisenhower's views on how to stop inflation.

He says both labor and business have got to stop raising prices unnecessarily, labor stop asking for higher wages without a corresponding increase in production, and business to stop raising prices just because it figures it can.

Now here's my position: as I'm a farmer, I don't guess you could call me a laborer, at least I don't work for wages, some times don't work at all, so I guess you could call me a business man, if you want to be careless with the term, and I wish to state to President Eisenhower that I will back him up 100 per cent in this fight against inflation and he won't be raising the price of a thing I grow.

Regardless of how big the temptation may be to raise the

price when I start to sell my crops, I intend to back the President up and take whatever is offered me, and furthermore I can pledge Mr. Eisenhower that 99 per cent of all the other farmers in this area and throughout the United States will do the same. You just don't catch a farmer saying, look, everything I buy has gone up, labor has gone up, I guess I'll have to raise my prices a few dollars this year to balance things out. No sir, the farmer understands economics and knows that won't get him anywhere.

What this country needs is a car manufacturer who will work all year making a big stack of automobiles and then haul them to town and ask somebody what he'll give him for them. That's the way to whip inflation. Maybe not the way to stay in the car-making business, but it's sure anti-inflationary.

J. A.

BABSON DISCUSSES BEST SUMMER "BUYS"

Babson Park, Mass., Aug. 14.—Most people think the best place to invest money is the stock market. So they give their money to some broker, who sends it to New York City. This may or may not be a good place to get a quick profit; but the best investment for the long pull may be waterfront land in your own neighborhood.

be thought at department stores! Children at very early age are being educated to love the water. This popularity has so spread that the Babson Institute has built probably the best swimming pool in New England, costing over \$200,000, to satisfy the demand for water sports and to make sure that every student who graduates can swim like a fish.

Thus far this has been done by haphazard dredging, but in the future it will be done by underwater diving.

Therefore, if you are buying property today, try to get some waterfront. If you own waterfront, do not sell it. To make money in any investment, buy into something for which the demand will increase and where the supply is more or less limited. The reason our dollars will gradually become of less value is because they can be printed in unlimited supply. The reverse is true of good waterfront property.

Outboard Motor Glamour

Speaking of the stock market, I am greatly impressed by the relative action of railroad stocks and automobile stocks vs. outboard motor stocks. For instance, the first mortgage 4 1/2% \$1,000 bonds on the New York, New Haven, and Hartford Railroad can be bought for about \$450, or at a discount of over 50%. General Motors sells today just under the 45 of a year ago, while Chrysler sells near 50 today compared with 78 a year ago. The Ford Motor Company has just reduced the dividend on its stock.

While declines have taken place in the stocks of companies whose product operates on wheels, a big advance has taken place in motorboat stocks. Outboard Marine, adjusted for stock splits has increased to a price of 25 from an equivalent 2 1/2 in 1953, a gain of 1000%. This is because people are tired of driving automobiles for pleasure driving, owing to crowded highways, lack of parking space, and increasing accidents. Families get more peace and quiet in a small outboard. In short, the automobile is becoming largely a business accessory; the glamour of driving is fading away. This is a fundamental reason for the decline in automobile rates.

Skating and Other Sports

When I was a boy the only water sports were rowing a boat or swimming; but today these are "old hat". The outboard motor has taken the place of rowing; while skiing and underwater exploring have taken the place of playing on the beach in the "old swimming hole", with which most readers are acquainted. This underwater exploring is a most fascinating sport which just recently started, those engaged in it put long plastic fins on their feet, and either a can of oxygen on their back or a tube leading up to the surface. They discover marvelous new kinds of fish, crabs, and curiosities of all kinds, including the wrecks of vessels, some of which may contain pirate gold or silver.

The way to make money is to invest in corporations in some new industry of permanent value. When I was a boy, it was the railroads that held the glamour; later, water power and the development of electricity. Recently it has been the automobile; but the future will deal with the discovery of unknown wealth under lakes, rivers, and oceans.

There will always be interior land to buy.

As roads are extended, more land constantly comes onto the market. Interior land is like money; it depreciates just as the dollar does unless backed by increased population and industry. But, there is only so much waterfront property. There never was, and never will be, any more. This is another reason why waterfront land, wherever located, is probably the best investment for the long pull for both residence and industry. Cities and towns bordering oceans, lakes, or rivers will continue to grow and their waterfront property will continue to increase in value.

As an illustration of the increasing popularity of water, note the advertisements for backyard swimming pools which can

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

HJR #20—Number Eight on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

Section 1. That Section 51 of Article III of the Constitution of the State of Texas shall be amended to read as follows: "Section 51. The Legislature of the State of Texas shall have the power to appropriate money and establish procedures necessary to expend the same for the purpose of developing, maintaining, and improving the natural, agricultural, industrial, educational, recreational, and other resources of the State of Texas."

Section 2. The Governor of the State of Texas shall have the power to appropriate money and establish procedures necessary to expend the same for the purpose of developing, maintaining, and improving the natural, agricultural, industrial, educational, recreational, and other resources of the State of Texas.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

Hall County Picnic To Be August 17 In Mackenzie Park

The annual Hall county picnic will be held August 17 at Mackenzie State Park in Lubbock. All present and former residents of Hall county are invited to attend, bringing food, drink and eating utensils. Ice will be furnished.

Prizes will be awarded the oldest man and woman present who formerly lived in Hall county; the former Hall county resident who traveled the most miles to the picnic, and to the oldest person present who was born in Hall county.

Harry Delany is president of the group, and Ruth Dunn is secretary.

WASHINGTON NEWS FEED

By Senator Lyndon Johnson

Dear Friend: The work of this session of Congress has resulted in a record of productivity that compares favorably with the record of any Congressional session in our history. As this is written, there are still important measures to be enacted before adjournment. But the record already made is one that does credit to our representative form of government.

In the field of national security, as I pointed out in my News Letter last week, Congress took definite steps to strengthen our defenses and to improve our position in the Space Age.

Also, we met the threat of economic recession with a series of legislative measures prudently designed to combat the slump in business and to provide jobs for people who need them.

Effects of much of the legislation enacted during the last seven months will be felt for years to come. Space does not permit the listing of all the important bills passed, or even of most of them. But among the outstanding ones are these:

Resolutions calling for speeding up on previously authorized military construction and public works projects.

A new highway bill setting up a program to bring better roads to all our people and provide many, many new jobs.

The biggest health research program in history.

Extension of unemployment compensation — a lifesaver for people who had been laid off from their jobs.

A housing bill to stimulate home building. Its good economic effects already are being felt throughout the country.

We authorized construction of a long list of water control and conservation projects to be financed by the Federal Government. I hope the House of Representatives will approve a farm bill of great importance to Texas cotton and rice producers, to wool producers, and to other farmers.

A bill creating a permanent Small Business Administration with greater lending authority and lower interest rates.

A bill to save the country's railroads from bankruptcy.

When will Congress adjourn? Guesses are plentiful, but no one knows the exact date. There

FORMER RESIDENT OF MULESHOE DIED SATURDAY

Jim Traveek, longtime resident of Wilson, died at 11:30 a.m. Saturday in Methodist Hospital, Lubbock. He was a brother of Mrs. Odell Echols of Clovis. He had lived in Wilson since 1924, with the exception of three years he lived in Muleshoe.

Funeral services were held Monday in the First Methodist Church at Wilson, with Rev. Ellis Todd of Sudan officiating. Burial was in Tech Memorial Park.

The Muleshoe Journal

PLEASANT VALLEY NEWS

Susan Allison Comes Home From Hospital

by Mrs. Norman Hodges
Susan Allison, daughter of Mr. and Mrs. Oscar Allison, underwent a tonsillectomy at the Muleshoe Hospital Friday morning. She returned home Saturday and is doing fine.

A housewife-motorist recently paid her first visit to a Phillips 66 Station, and reported as follows . . .

"All I expected from my Phillips 66 Dealer was ten gallons of gasoline and maybe the windshield wiped. But the first thing I knew they had cleaned the windows all around . . ."

"Was I surprised when the attendant suggested he check the tires, including the spare? Then the battery and radiator. I figured he must have me mixed up with someone important. Wife of the mayor, maybe?"

"You could have knocked me over with a feather when he started brushing out inside the car. 'You do this for everybody?' I asked. 'That's what he said . . . everybody!'"

"About the gasoline . . . I got that, too. And that Phillips 66 Flite-Fuel makes my car run swell!"

Alice Angeley returned home under major surgery. She is reported to be doing fine. Her mother, Mrs. Jewel Crow is here helping out while her daughter is sick.

Everyone extends their congratulations to Royce Turner and Sandra Briscoe of this community on announcement of their engagement.

Dub Hardin spent part of this week fishing at Junction on the Llano River. While he was away, Mrs. Hardin and daughter stayed at Shallowater with her mother, Mrs. J. P. Hutton.

Local Girl Wins Second
The Junior 4-H girls went to Littlefield Wednesday to the 4-H dress revue. They had made skirts and blouses, but only their blouses were judged. Carolyn Allison won second on her blouse. The Junior 4-H who made blouses are Carolyn and Veta Allison, Patsy Angeley, and Sheryl Stevens.

Harold Allison is out of circulation this week because of a bruised and swollen foot. He dropped a barrel of oil on it.

Guests of Mr. and Mrs. Dub Stewart over the weekend were Mr. and Mrs. Robert Splawn and family, and Mrs. Fred Neely of Frederick, Okla., and Mr. and Mrs. Ed Steinbock of Lazbuddie. Freddie Stewart, who has been in Oklahoma all the summer working in the wheat harvest, is back home again.

Visiting in the home of Mr. and Mrs. Gerald Allison is Mrs. Allison's nephew, Arlin Holley, stationed at Fort Bragg, N. C. His parents, Mr. and Mrs. A. V. Holley and Billy of Roswell, N. M., came over to visit with their son and the Allison's.

Sherry Turner, daughter of Mr. and Mrs. Doyle Turner, spent last week in Lubbock as a guest

of Mr. and Mrs. Alan Turner. They brought her home and spent the weekend here.

Goes To Retreat
Mr. Roy Taylor, along with several other men from Earth, attended the Methodist Laymen's Retreat at Ceta Canyon over the weekend.

Glenda Haley left Tuesday to attend the Texas Home Demonstration Association at Austin. She was one of three chosen delegates from this county who left Lubbock by chartered bus and will return home Friday.

Mr. and Mrs. Allan Haley and Mr. and Mrs. Richard Barnett attended the Micro-Midget races at Odessa Sunday. Mr. Barnett was entered and won in the consolation race.

Bonnie Haberer is on the sick list this week. She is suffering from a cold and had to cancel several speaking engagements.

Today's Meditation

Read John 10:1-6.
A stranger will they not follow, but will flee from him: for they know not the voice of strangers. (John 10:5.)

In Palestine a guide told our family an unforgettable fact. He said that if a sheep is lost, the owner will go to a neighboring shepherd, asking him if he has a sheep not of his flock. The other shepherd answers, "I don't know, but I'll see". He leaps upon a rock and gives his call. His own sheep lift their heads, but one goes on grazing.

Then the other shepherd leaps upon the same rock and gives the call. This time, the flock of sheep goes on grazing, but the one sheep lifts his head. "That is my sheep", he says. He takes his sheep and goes home rejoicing.

Sheep know their own shepherd's voice and respond by following. In this regard do they not put us human beings to shame? We hear the voices of business, social life, luxury, radio or television—yes, even the humdrum tasks of every day. Above all, let us listen for and heed the voice of the great Shepherd, who calls us; His sheep, to follow Him.

PRAYER
Our Father, in this world where there are so many voices calling, help us to keep our hearts open and attuned to Thy small voice. May we remember to seek first Thy kingdom and Thy righteousness. In Christ's name, Amen.

THOUGHT FOR THE DAY
"The sheep follow him: for they know his voice."
—Helen Goodrich Daulton (Ark.)

THE OLD TIMER
"When a man keeps his mouth shut, his ears can work twice as fast."

Cotton Quiz

HOW MUCH DO PLANT DISEASES COST THE COTTON FARMER?

MORE THAN ONE BALE OUT OF EVERY TEN THROUGH REDUCED YIELDS.

Parmer County Farm Bureau News

by Raymond Euler

Senate bill 5071 was pretty well scuttled by the Senate agricultural committee last week. It is believed, however, that House Speaker Rayburn may be inclined, with enough urging from farmers, to request that a rule be placed on the bill, bringing it up for discussion and passage by the House yet. Farm Bureau is urging that every man interested in avoiding the drastic cuts in cotton acreage in 1959 send a telegram to Mr. Rayburn, urging him to bring SB 4071 to the floor of the House for discussion and passage. If this can be done, it will be the best forward looking piece of legislation farmers have had for a long time. You should be interested in this. Send a telegram.

One hundred-eighteen Texas Farm Bureau counties had sent in more new and renewal memberships by July 31 this year than they had last year. Included in the list is Parmer county and five others in District II.

Texas Farm Bureau president, J. H. West, was one of three men who received honorary Lone Star Farmer Degrees presented by FFA delegates at their state convention July 17 in San Antonio.

Texas Farm Bureau delegates will vote on a resolution intended to protect landowners whose land is annexed to cities, in convention in November. Portions of the resolution text are: "Be it resolved that incorporated towns and cities annexing any additional area shall not collect taxes from the annexed area until all city conveniences are provided." Also, "We oppose the annexation of rural areas to cities without the majority vote of the people residing within the area to be annexed."

On legislation again: we noticed in one days session of Congress that forty-two pages were devoted to eulogizing late were, no doubt, good men. However, in the same days session, Congressmen and Senators who only 15 pages was recorded on discussion of a farm program. We doubt if this division of time

Acting Cpl. Roland W. Stevens, left, son of Mr. and Mrs. Elmo Stevens, Route 1, Muleshoe, receives congratulations from Brig. Gen. Roland H. Den Mar after he was graduated from the 4th Armored Division Non-Commissioned Officers Academy in Ulm, Germany. Stevens, regularly assigned as a rifleman in Company D of the division's 51st Infantry, received instruction in leadership, tactics and general military subjects. He is a 1954 graduate of Muleshoe high school and was a farmer before entering the Army.

Mr. and Mrs. Elmer Franklin Smith on the birth of a 10 lb. boy, Ronald Lynn, on August 5 in the West Plains Hospital.

Mr. and Mrs. William Hurston Parker on the birth of a 7 lb., 8 oz. boy, Larry Wayne, on August 10 in the West Plains Hospital.

Mr. and Mrs. Jan Wampler on the birth of a 7 lb., 14 1/2 oz. girl, Janis Gayle, in a Lubbock Hospital on August 6.

VISIT IN ARKANSAS
Mr. and Mrs. Donald Harrison and their son, Donald Glen and Mrs. Betty Richardson of Lubbock left Friday for Springdale, Ark., to visit Mr. and Mrs. Bill Jeter. Mrs. Harrison, Mrs. Richardson and Mrs. Jeter are all sisters.

The Harrisons and Mrs. Richardson took Butch Jeter, the Bill Jeter's son, home after he had spent two weeks here in Muleshoe with his grandparents, Mr. and Mrs. Bill Collins.

News Of Men In Service

Army Pvt. Boyd W. Mears, of Lubbock, recently completed 8-weeks of basic combat training under the Reserve Forces Act program at Fort Chaffee, Ark. Mears, whose wife, Brookie, lives at 1902 10th St., was employed by the Commercial Credit Corporation before going on active duty. A 1954 graduate of Littlefield high school, the 22-year-old soldier attended Texas Tech. His

parents, Mr. and Mrs. Claude M. Mears, live on Rt. 2, Friona.

ENLISTS IN AIR FORCE
James Varner, 18, son of Mr. and Mrs. Russell Varner of Friona, recently enlisted in the U. S. Air Force. He was sent to Lackland Air Force Base, San Antonio, for a brief training period.

While in San Antonio he will undergo Air Force aptitude testing and Career Guidance Counseling prior to placement in a specific field; he was initially enlisted in the "General" career area.

Varner resided with his parents and attended Friona high school prior to his enlistment in the Air Force.

Visiting Sister
Mr. and Mrs. J. J. Redwine are visiting with his sister and husband, Mr. and Mrs. Huet Moore of Goree.

Mr. and Mrs. Willie Davis and family of Bovina moved to the Progress community recently.

The intermediate class of the Progress Baptist church held a class party last Friday night. There were twelve members present with two visitors. The class played games and ice cream and cake was served.

Christian Science Services
Assurance of God's readiness to supply all good to man will be emphasized at Christian Science services Sunday in the Lesson-Sermon entitled "Soul".

The ever-ability of divine goodness is set forth in the Scriptural readings, including this one from Luke (12:32): "Fear not, little flock; for it is your Father's good pleasure to give you the kingdom."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy declares (60:29): "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul."

The Golden Text is from Psalms (70:4): "Let all those that seek thee rejoice and be glad in thee; and let such as love thy salvation say continually, Let God be magnified."

Progress News
by Mrs. M. O. Nigh

LAZBUDDIE NEWS

Shower Honors Mrs. Treider Tuesday P.M.

Mrs. Albert Clark and Mrs. Andy Brown were co-hostesses last Tuesday afternoon at Mrs. Clark's home for a lullaby shower honoring Mrs. Ted Treider. Refreshments of brownies and punch were served to Meses. Max Steinbock, Gene Smith, Jimmie Black, Dud Winters, Linda Fuqua, Andy Fuqua, Don McDonald, Betty Lou Whitworth, Beal-dean Broyles, and the honoree. Several sent gifts that were unable to attend.

Mr. and Mrs. Alton Morris and family left Friday for Durango, Colo., where they are vacationing this week. Mr. and Mrs. Joe Moore, who is pastor of the Calvary Baptist church in Muleshoe, and Mr. and Mrs. Delter Wenner accompanied the young people of the church to the Fellowship meeting conducted at the Bible Baptist Church in Staton on Friday, August 8.

Mr. and Mrs. C. C. Matthews returned home Sunday afternoon after spending a week at Sherman and Lake Texhoma. They took Mr. Matthews' sister, Mrs. Willie Davis, to her home in Sherman after visiting here for a week. The Matthews also visited in Desert, Texas.

Mr. and Mrs. Richard Engelking were vacationing in Las Vegas, Nev., last week. Enroute they visited the Grand Canyon, Hoover Dam and other spots of interest. Mr. and Mrs. Fred Wilbanks were hosts to their grandchildren, Debbie and Davey, while Richard and Marilyn were gone.

Mr. and Mrs. James Hall and small son of Ft. Worth, spent the weekend with his parents, the Luther Halls and other relatives.

Mrs. Thorn Recovering
Mrs. Garvin Thorn underwent major surgery last Tuesday at the Northwest Texas Hospital in Amarillo. Mrs. Thorn is recovering nicely and is expected home the last of the week. Mrs. Carroll Hunton from Portales has been

staying in Amarillo with her mother.

Mr. and Mrs. Albert Ramm and family from Salisaw, Okla., visited last Thursday night with his sister, Mr. and Mrs. Leroy Pierce and son.

James Nelson from Shaddock, Okla., is a guest of Clifford Hugg and his family.

Miss Mitzi Ivy from Dallas, visited with her parents, the Jimmie Ivys last week.

Mrs. Eddie Joe Hall returned home from the hospital in Plainview on Thursday and although not able to be about yet, is recuperating nicely.

Ronald and Darrell Elliott are up and about, doing fine after both having tonsillectomy at the Clovis hospital last Monday.

Mrs. James Kyle and Sheila of Wichita Falls came Sunday to visit with relatives for a few weeks. Jimmie Kyle has been here for the past week with his grandparents. Mr. and Mrs. Rhiney Steinbock.

Mr. and Mrs. Lois Fletcher and family of Walters, Okla., visited Sunday and Monday with the Gene Smiths.

Sunday guests with Mr. and Mrs. E. T. Ford and family were Mr. and Mrs. Howard Cash of Clearwater, Fla.

Elaine and Aleene Embry left Saturday by train to visit their aunt and uncle, Mr. and Mrs. Sarguine in Boulder, Colo. The girls will stay until time to start to school.

In Ruidoso
Judy Bruns accompanied Mrs. Ruth Briscoe and children. Sandy, Polly and Joe Don, to Ruidoso Sunday for a few days vacation.

Mr. and Mrs. J. W. Maddox attended the Branzeal family reunion at Ralls Saturday. Sunday they attended the Reese reunion at the MacKenzie Park in Lubbock.

Mr. and Mrs. Buck Crim and Doyle and Mr. and Mrs. Robert Waggoner and Kim of Snyder, spent several days last week vacationing at Ruidoso. They drove to El Paso and Juarez before returning home. The Waggoners are visiting with the Crims this week and with friends in Muleshoe.

Weekend guests in the J. B. Thomas home were his parents and brother, Mr. and Mrs. Jim Echols and Joe Lloyd of Albany. Others visiting in the Thomas home Sunday were Mr. and Mrs. Carl Mangum, Jr., Kenny and Patricia and Sonny Walston, all of Plainview; Mr. and Mrs. J. W. Echols, Johnny, Jimmy and Ronny and Mr. and Mrs. Lloyd Echols, all of Portales; Mr. and Mrs. Buster Echols and Carla, of Throckmorton, and Mr. and Mrs. Bill Jennings and children. Joe Lloyd is staying this week with his sister and family.

Mr. and Mrs. Alvie Reavis of White Deer visited Sunday with Mr. and Mrs. Elbert Nowell. Mrs.

THIS WEEK
—In Washington
With Clinton Davidson
THE BALANCE OF POWER

Davidson

Developments in the Middle East have caused Washington to look upon our \$8 billion stockpile of farm commodities as one of our strongest assets instead of the burdensome liability of only a few weeks ago.

In an area of the world where hunger is always present, and starvation is a constant threat, an abundance of food supplies gives the Free World an advantage that can, in the long run, be more decisive than nuclear weapons.

Last summer, Nikita Khrushchev told an American television audience that Communism would win its contest with Capitalism when the Soviet's per-capita production of meat, milk and butter surpassed that of the United States.

He was reminding us that a nation is as strong as its agriculture, and he was acknowledging that the balance of power between Communism and the Free World is in the hands of the American farmer.

Communists Fear Hunger
More than the great destructive power of our A-bombers, the communist leaders fear hunger. They have been unable to build a defense against the threat of starvation in almost 40 years of strenuous efforts.

Intelligence reports from behind the Iron Curtain reveal that Russia, China and their satellite nations have a food reserve of less than 90 days. Some estimates place the reserve as low as 60 days.

In contrast, the United States has in storage or nearing harvest a

supply of food sufficient to maintain an adequate diet for more than two years. We have a four-year supply of bread grains.

The Communist Bloc has a population of almost a billion people, nearly one half of whom are farmers. But, the thirty million American and Canadian farmers have the capacity to produce more than almost half a billion communists.

We Are Gaining
Farm experts tell us that we are operating our agricultural plant at only about 75% of capacity this year while producing an all-time record supply of farm products. Our capacity to produce is being expanded at a rate of more than 5% a year.

Nineteen years ago, when World War II broke out in Europe, American farmers produced 2 1/2 billion bushels of corn on 88 million acres. This year they will produce 38% more corn on 18% fewer acres. In 1939 we harvested 740 million bushels of wheat from 53 million acres, but this year we are growing 1.3 billion bushels, almost twice as much, on 10 million fewer acres.

Cotton acreage has been cut by more than half since 1949, but total production is down only 5%. Milk production is up 25%, but cow numbers are down by 20%. Total farm production is up 40%, but the number of farmers is down by one-third. American production per acre is double that of Russia, and per farmer it is eight times the Russian average.

Reavis is an aunt of Mrs. Nowell. Aztec, N. M., with her mother, Mrs. J. J. Haun.

Mr. and Mrs. Boots Reed and son, Doyle, left Monday morning to make their home in Pecos. Mrs. Reed with teach Home Ec in the school system there.

Mr. and Mrs. Jimmie Black, Mr. and Mrs. Beal-dean Broyles, Mr. and Mrs. Leland Gustin, Mr. and Mrs. Buster DeLoach, Mr. and Mrs. Max Steinbock, Rex Steinbock and son Troy, were all in Roswell, N. M., Sunday at the drag races.

Mrs. Jack Smith visited Beverly at Camp in Canyon last Thursday and went to Amarillo to see Mrs. Garvin Thorn in the hospital.

Mr. and Mrs. Raymond McGehee and Mr. and Mrs. Adrian

Weir attended funeral services for Jim Traweck at the First Methodist church in Wilson Monday. Traweck passed away at Methodist Hospital in Lubbock Saturday after a lengthy illness. He was a former resident of this community. McGehee was a pall-bearer.

Mrs. Ira Wimberley and Mrs. Edgar Hartley attended a music camp of the Baptist Plains Association in Floydada the first three days of last week. While there, Mrs. Wimberley visited one night in Plainview with Mr. and Mrs. A. G. Ivey.

Attend Church Reunion
Mr. and Mrs. C. C. Graef and Mr. and Mrs. Gene Phillips and family left Saturday for a church reunion at Wilburton, Okla. The Phillips family plan to be home in about 10 days, but the Graefs intend to visit in Kansas before returning home in about three weeks.

Mr. and Mrs. John W. Crim, Mr. and Mrs. Weldon Crim, Gary and Cheryl Punroy from Pampa recently spent a few days at Cowles, N. M., on a short vacation.

Weekend guests in the Dec Chitwood home was a cousin, Mr. and Mrs. Hartsel Edwards and family from Eureka, Calif. On Friday evening the group had an out door supper. The J. B. Youngs joined the group.

Visiting in the Dan Cargile home on Sunday were their children, Mr. and Mrs. Preston Cargile and girls of Dimmitt, Mr. and Mrs. Don McDonald and children and Mr. and Mrs. Dwight Menefee of Farwell. The Preston Cargiles also visited their parents, the C. A. Watsons.

Mrs. J. F. Strickland and daughters, Mrs. Peggy Peel of Amarillo and Mrs. Ann Christopher of Ropes, visited last week with a son and brother in Abilene.

Rosemary Agee, Carolyn Hinkson, and Wanda Steinbock left by train Saturday for Dallas, where they are to attend a week-long Cheerleader School, Sunday. Marie Houston and Susie Carpenter accompanied Susie's parents, Mr. and Mrs. Howard W. Carpenter, to Dallas to attend the same school. The Carpenters planned to return home Monday or Tuesday, and Mrs. John Agee is planning to go to Dallas to pick the girls up on Saturday and bring them home.

Don Stevens and Harvey Kendrick and Doyle Bills of Earth, are in Red River, N. M., a few days this week.

Family Reunion in Amarillo
Mr. and Mrs. A. H. Wilson, Andrew Wilson and Margaret, Carl and Geneva Robertson and Wayne Knowlton of Y. L., were in Amarillo Sunday for a family reunion at the home of Mr. and Mrs. David Robertson, daughter of the A. H. Wilsons. Others attending were Donald Robertson of the home, Mr. and Mrs. Leon Robertson, Amarillo; Mrs. Mary V. Knowlton, sister of Mrs. Robertson, Norma, Vern, and Max, Wetumka, Okla.; Mrs. Ray Melton, niece of Mrs. Robertson.

Oklahoma City, Okla.; Mr. and Mrs. Ernest Merriott, Dalhart, and friends of the family who called in the afternoon. Donald Robertson came on Monday to visit awhile with his grandparents, the Wilsons, and the rest of the family.

Linda Monk was among a group of young boys and girls going to Camp Blue Haven, located west of Las Vegas, N. M., Sunday for a week. Mr. and Mrs. Clyde Monk were among the parents making the trip with the youngsters.

Miss Hicks Honored
The Fellowship Hall of the Methodist church was the setting for a miscellaneous shower honoring Rosemary Hicks, bride-elect of Dan Smith, Wednesday, August 6. Shrimp color was carried out in the decorations with the center piece of the serving table which was shrimp gladiolus. Corsages were presented to the honoree, her mother, Mrs. T. B. Hicks and Mrs. Barney Floyd, consisting of "kitchen gadgets". Games were played and refreshments of sandtarts and shrimp color lemonade were served to approximately 30 guests. Hostesses were Meses, John Gammon, Joe Briggs, D. B. Ivy, Don Littlefield, Frank Hunt, Max Steinbock, Luther Hall, Don McDonald, Junior Stout, and Miss Glenda Hall.

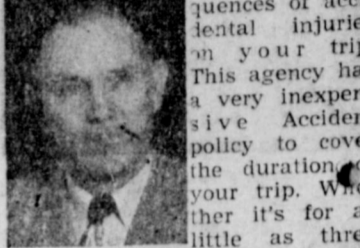

Warm Springs Seek Local Assistance

An urgent appeal for willing workers from Muleshoe to give a single evening of effort to an emergency statewide "Citizens' March" for the Gonzales Warm Springs Foundation (now the Texas Rehabilitation Center) is being made by R. I. Payne of Dallas, Foundation president. Unless financial help is forthcoming in the very near future, the famous Texas rehabilitation

center is faced with the possibility of having to close its doors. "We earnestly hope there is a civic, church, women's, Scout, or school group in Muleshoe which would like to volunteer for this one evening's Citizens' March", Payne said. If so, its officers are urged to contact the Foundation's executive director, Walter H. Richter, P. O. Box 38, Gonzales, Texas, as soon as possible.

Safe 'n Sound
by Myron Pool

Going on a trip? By land... sea... or air? What ever your choice is, and no matter where you go in the world... You can be protected against the drastic financial consequences of accidental injuries on your trip.

This agency has a very inexpensive Accident policy to cover the duration of your trip. Whether it's for as little as three days or as long as six months. FLOWERS IN HOME BOOST FAMILY MORALE

Use those lovely summer flowers to brighten family meals, add an extra touch of hospitality to your home every day. Flower arranging is fascinating, simple, and it is fun, says Mr. A. F. DeWorth, head, Department of Floriculture and Landscape Architecture of Texas A&M College. A well planned flower arrangement is a creative project.

Basic rules for arranging flowers are given in the bulletin by DeWorth entitled, "Flower Arranging Is Easy". The bulletin also gives suggestions for making cut-flowers last longer.

Group Entertainment
Let's have a Chick-N-Que! With summer now in full swing and most of the usual recreation becoming a bit routine, a Chick-N-Que is just the thing to renew our enthusiasm for living.

A Chick-N-Que is the new way to combine a delicious meal with an evening within the family circle.

Some of the things you'll need are:

Charcoal grill or pit, fuel, sauce, basting brush or long stick with a rag tied to one end, tongs or long handled fork, other foods (salad, vegetables, etc.), a cool beverage. Serve when chicken is ready.

This type of outdoor cooking is fine for larger groups such as church gatherings or club socials. The entire operation takes only about two hours, 30 minutes for making the fire ready and an hour or hour and a half to cook the chicken.

Chicken-N-Ques are fun, delicious, nutritious and inexpensive. Try it.

Don't forget to use the delicious Lemon Basting Sauce that is so right for chicken.

Lemon Basting Sauce
1/2 cup butter or margarine, Melt over a low heat. Add the following and blend: 1 teaspoon salt, 1 teaspoon paprika, 1/2 teaspoon pepper, 1/4 teaspoon mustard, and a dash cayenne.

Add 1/2 cup lemon juice, 1/2 cup hot water and dash of Tabasco Sauce. Two tablespoons grated cheese may be added if desired.

Entertain With Ease
Weekend visitors throughout the summer will probably call for extra food and entertainment.

Avoid last minute fuss and confusion by advance planning and preparation.

Arrange ahead for the foods to serve, preparation and service, table decorations, etc. Unless you have lots of help, plan to keep things simple.

"Food and Fun with Friends", a special bulletin prepared by extension foods and nutrition specialists, will help you with planning and preparation.

The bulletin gives information, introduction of guests, recipes and suggestions for preparing refreshment plates for large or small parties. Teen-agers in the family will find the information helpful, too.

Get your copy of "Food and Fun with Friends" from your local county home demonstration agent, or write the Agricultural Information Office.

Thaw Chicken Before Cooking

Question often asked is "can chicken go from freezer to frying pan or boiling rack without thawing—and cook successfully?"

Extension foods and nutrition specialists say it's best to thaw first if you are going to fry or broil the chicken. Otherwise it's difficult to get a brown crust on the pieces. For stewing, the cut-up pieces can go into the water while still hard-frozen. This information is based on research done at the New York State Experiment Station.

For roasting, it's best to thaw completely before cooking. Otherwise the outside may be overdone and dry by the time the inside meat is done.

All this adds up to the fact that it pays to get the chicken out of the freezer and into the refrigerator a day ahead to be sure it's completely thawed for cooking.

This reminder—allow poultry to thaw in the original package. The skin of an uncovered bird becomes tough and dry when exposed to the air during the thawing process.

Fall Is Best Time For Seeding Of Alfalfa On Plains

Alfalfa is now grown on approximately a third of a million acres in Texas. Hay and seed are the most important products harvested from this acreage, but according to E. M. Trew, extension pasture specialist, alfalfa is also an excellent pasture crop; is one of the best soil improvement crops; is used for dehydration and its flowers provide bees with the pollen for making honey.

Trew believes that many other farmers could use alfalfa in their farming plans especially in areas where the crop is adapted. The perennial legume does best on fertile, well drained soils of medium texture and which are neutral to alkaline. It is being grown, points out Trew, on some acid and sandy soils in east Texas but heavy application of lime and fertilizer are required. A soil test is recommended by the specialist as the first step in establishing alfalfa.

The most widely grown and adapted are the "Common" varieties — Southwestern and Barstow. They are best, says Trew, for all of Texas except that part of the State south of a line running through San Antonio, H. V. Peruvian, Indian or African varieties are recommended for the area south of the line. Ranger and Buffalo are grown in the Rolling and High Plains areas for seed production but have no advantage over the "Common" varieties for forage production.

Fall is the best time for seeding, says Trew mainly because the weed problem is much easier to handle and moisture and temperature are usually more favorable. The seedbed should be well-prepared, firm and moist, and the seed, adds Trew, may be planted in dead stubble in areas where wind or blowing sand is likely to damage the seedlings. From 15-20 pounds of good seed

KNOW YOUR NAVY

THE SONARMAN IS A "DETECTIVE OF THE DEEP." HIS ELECTRONIC SOUND EQUIPMENT IS ABLE TO DETERMINE WHAT IS UNDER THE WATER; TO DETECT UNCHARTED REEFS, ENEMY SUBMARINES OR OTHER SUBMERGED OBJECTS. OPERATION AND CARE OF SENSITIVE SONAR EQUIPMENT IS THE SONARMAN'S DUTY. THE OIL WELL SOUNDING DEVICE OPERATOR IS THE CIVILIAN COUNTERPART OF A SONARMAN.

should be used per acre if it is drilled in, while from 2 to 3 pounds should be planted per acre when the alfalfa is planted in 36 to 42 inch rows. Planting seed should be certified and inoculated just prior to planting. Trew says, alfalfa needs plenty of phosphorus and potash and an adequate amount of calcium and a soil test is best for making this determination.

Parmer County Youth Attend FU Convention

Parmer county was represented at the 1958 Farmers Union Camp for juniors held from August 3-7 at the Methodist Assembly Grounds near Turner Falls in the beautiful Arbuckle Mountains in southern Oklahoma, by David Smith, Don Watson, Eugene Houston, and Gene Phillips.

About 150 members from the Farmers Union from 18 counties attended the camp, which is a leadership training activity of the Farmers Union.

Among subjects studied were safety, know your Farmers Union, human relations, recreation, leadership, handicraft, and library.

The camp was held jointly by the Oklahoma and Texas Unions. The camp administrators were George W. Stone, Oklahoma FU president, and Alex Dickie, Jr., president of Texas FU. The camp director was Dora Barney, OFU Director of Education.

The counties represented most of the counties from Oklahoma, most counties from north and west Texas including Potter, Parmer, Hale, and Crosbyton counties.

Enochs News

by Mrs. J. J. Brackman
Larry and Glenda Bates of Carlsbad, N. M., are visiting their grandparents, the J. O. Danes.

Jean Dane is home for the rest of the summer. She has been working in Odessa this summer.

Sharon and Nita Joyce Cash of Hereford have been visiting their aunt, Mrs. H. H. Snow and other relatives this past week.

Mr. and Mrs. Douglas Cash of Fort Worth spent Friday night with his parents, Mr. and Mrs. Dutch Cash. Their children, Glenda and Buster returned home with them.

Visiting in the home of Mrs. Grace Vanlandingham Sunday were her daughter and family, Mr. and Mrs. A. J. Becker of Levelland and Mr. and Mrs. Crabtree of Levelland. Mrs. Van went home with her daughter to visit until Monday.

WMU Camp Held
Those attending WMU camp from Enoch's Baptist church Thursday were Meses, J. J. Brackman, Johnnie Angel, V. P. Whitfield and Charlotte Vanlandingham.

Betty Hallford was home a few days this past week on the sick list.

Carolyn Whitfield and Susan Layton were on the sick list Sunday.

Methodists To Hold Revival
The Methodist revival will begin Sept. 12 and last through the 21st. Bro. E. H. Martin from Pioneer Memorial in Merkel will be the evangelist, and Zed Robinson will lead the singing. Everyone is invited. Bro. Ray Forbes is the pastor.

Rev. and Mrs. Ray Forbes and sons visited in the home of Mr. and Mrs. Garland Brown at Bledsoe Sunday. Bro. Forbes preaches there every other Sunday.

Mr. and Mrs. Bobby Joe Newman have moved their trailer house to the Gibson farm west of Enochs.

Visiting in the J. H. Davis home over the weekend were their sons and families, Mr. and Mrs. Eugene Davis and girls of Midland and Mr. and Mrs. Vernon Davis of Hereford.

Arrest 26 During Past Week Locally

A busy week for local law enforcement officers found 26 persons either jailed or brought before county judge Glen Williams and JP Judge Joe Vaughn for trial.

Sheriff Dee Clements office reported the following arrests: two check violations, two breaking and entering, one vagrancy, five for fighting and disturbance, seven for investigation, one DWI, one contributing to the delinquency of a minor, one child desertion, and four liquor law violations.

All four liquor law violators were tried, found guilty and charged \$150 each plus court costs.

LONE STAR AGRICULTURE

A FARM AGENCY THAT ALSO HELPS CITY FOLKS

How does a state farm agency help city folks?

The most commonly accepted answers to that question would likely relate to services at the farm level which, through quality improvement and assistance, give the city consumer a better product.

Not so. For not only does the Texas Department of Agriculture have responsibility for guarding against inferior production of farm goods; we also have a number of functions and responsibilities aimed directly at protecting and serving the consumer—and most consumers live in cities.

A prime example of first-hand service to every consumer is the department's division of Weights and Measures, which checks to keep every grocery store scale accurate, makes certain of printed weights on all food stuffs, and even inspects for proper measures on gasoline pumps.

Another direct consumer service evolved just this year with the enforcement of the Texas Egg Law, which makes available to consumers more accurately-labeled eggs that ever before possible. Although you can't always tell an egg by its shell, you can now tell by its advertised label, because the Texas Department of Agriculture, as the agency responsible for the

Students Present Rotary Program

A group of high school musicians presented the program for the Rotary Club at its noon luncheon Tuesday.

In the group were Janell McGuire, LaNelle Boothe, Sandra Harris, and John Wilkins. Janell accompanied at the piano for LaNelle's clarinet solo; and Sandra was the accompanist for John, who presented a cornet solo. The performers were introduced by their director and instructor, Paul Summersgill.

Ed Hicks had charge of the program. Guests included Rotarians Guy Walden and C. O. Gregory, Sudan; Ninette Bovell, guest of her father, W. T. Bovell; B. R. Black, of Honey Grove, Texas, guest of his brother, Clyde Black; and Rufus Gilbreath, guest of E. O. Baker.

law's applications, makes the necessary inspections and checks.

In other significant ways, the department's agricultural services provide as much direct protection to the city citizen as to the farmer. Such a service is that which deals with nursery stock inspections. City homeowners all take pride in their yards, and often invest a great deal of time and money in them unhesitatingly.

The nursery business, then, must be regulated to see that the homeowner gets what he pays for in nursery stock—undiseased, properly represented plants. And this is a service of the Texas Department of Agriculture. More than one offender of Texas nursery regulations has been brought to justice through departmental action.

This department serves all the people of Texas, which is why the voters of Texas are the ones to determine the department's administration.

Scouts, Explorers Win First Places In Swimming Meet

Muleshoe Boy Scouts and Explorers made a good showing in the South Plains Council swim meet held in Levelland Monday night.

The local group entered two teams in the relays and both teams captured first place in the races to help put Muleshoe in second place in the intermediate division of the council-wide meet.

Owen Jones of Muleshoe, was a judge for the meet.

In the junior division Charles Elrod entered in the freestyle competition, Tim Mills and Kenny Heathington won second in the backstroke race, and Herbert Blair was entered.

In the breaststroke race in the intermediate competition, David Roberts took third place. Mike Leigon and Herbert Blair entered.

Second place in the intermediate freestyle was won by Kenny Heathington, Harian Curry and Clarence Hall, Jr., were entered.

David Roberts, Herbert Blair, Tim Mills and Mike Leigon composed the first of the winning relay teams. This group placed first in the medley relay.

The freestyle relay team, which also placed first, was made up of David Roberts, Kenney Heathington, Mike Leigon and Mike Epling.

Explorers who entered the meet were John Wilkins, Frosty Jones, and Wayne Malone. Frosty Jones placed third in the freestyle race.

Homers Curry announced Tuesday to The Journal that the Court of Honor will be held soon and many boys will receive awards.

 H—Lubbock

TEXAS TECH CAPTAINS—Leading the Red Raiders through their 1958 schedule are quarterback Jerry Bell of Ballinger, captain, (left) and halfback Mack Pogue of Sulphur Springs, alternate captain.

Although the weather and the excellent condition of cotton seemed to favor insect activity, no heavy infestations were reported. Scattered plantings have been treated for insect control, but infestations were rarely heavy.

Fleahoppers continue to be reported in light to medium infestations. The insect is not a problem in most fields. Only very late cotton would likely suffer any serious damage at this time.

Bollworm activity increased somewhat in most localities during the past week. Infestations increased to a more marked degree in the southern parts of Garza, Lynn, Terry and Yoakum counties. Medium infestations were general in the southern part of the area. Light infestations were reported in most other counties. Scattered fields have been treated for control of the worms in most counties. In most instances the population consisted of worms of all sizes. Cotton should be checked for appearance of eggs and small worms since cotton is in an attractive state of growth and infestations often develop rapidly at this time.

Aphids appeared in spotted heavy infestations but were generally found in restricted areas within the fields.

Cabbage loopers were present in most fields, although populations were generally light. There was an increase in egg populations in some fields. Disease reduced populations in most plantings.

prospective "settlers." It takes something more than a Texas brag to sell our state for the wonderful place that it is, and even Texas brags have lost their impact since Alaska got out the yardstick.

The thing that could remedy this situation would be passage by the voters in the November General Election for Senate Joint Resolution Number 4 which would remove these restrictions from the State Constitution which were intended to keep out post-Civil War carpetbaggers—not free-spending tourists and important industries.

Advantages of state cooperation in such advertising and promotion extend into every area of Texas industry—including our agricultural industry.

If the Texas Department of Agriculture could lend its support in advertising and promotional efforts of private farm groups and associations, Texas farm goods could find markets untold. And this kind of support could be a by-product of this constitutional change.

We Texans know the blessings of our home state, and we tell it every chance we get. But word-of-mouth advertising is not enough to assure Texas of its fair share of the millions of dollars spent every year by vacationers and new business and industry developments.

Lone ★ Agriculture

By JOHN C. WHITE, Commissioner

TAKING ADVANTAGE OF TEXAS' OPPORTUNITIES

The state of Texas has been recognized as the "place to go to" in the industrial expansion of America, and this is logical. We have room, we have climate, and we have resources. And

there is a wealth of industry looking for a home.

Trouble is, we can't officially invite them down, however welcome they may be, because of long out-dated constitutional restriction which forbids the state from advertising its wonders to

"MY ELECTRIC HOME FREEZER MAKES MEAL PLANNING SO

Easy!

SAYS
Mrs. H. S. Hackfield,
 2132 56th STREET,
 LUBBOCK, TEXAS

"An electric home freezer is the perfect answer to meal planning, especially for working wives," says Mrs. Hackfield. She continues, "There are many advantages of owning a freezer. For example, it's such a convenient appliance and, because we can buy in quantity when prices are lowest, our freezer lets us realize a big savings in food costs. But, getting back to meal planning — when I have odd moments I can prepare complete meals in advance, freeze them, and then when we have dinner guests it's a simple matter just to 'heat 'n serve.'"

The same advantages that Mrs. Hackfield speaks of can be yours just as soon as you get that electric home freezer you've been wanting for so long — why wait — there's never been a better time to buy!
