

# ODDS AND ENDS

(By E. I. The Elder)

Last week we promised to tell you a little more about Sam Houston and then drop the subject.

Well, we didn't really have anything more to say about him, but we wanted to mention his old home at Huntsville, which is situated just under the hill on which Sam Houston State College is situated, and across the street west of the College if we had our directions on straight.

The Sam Houston premises have been converted into a small park in fact and a neat little

shrine and museum have been erected in the forefront. The lady keeper had not come down when we arrived early in the morning and I personally had left the premises before she did come, so I did not go back to see the interior of the museum.

But I did visit the old home, a servant's house, and General Houston's law office, all constructed of logs and all still standing intact on the premises. The old home, however, does not face the College but faces south. Between the home and the street running north and south along the College campus is a pool of water covering possibly a half acre of ground filled with luxurious water lilies. They were not in bloom, however, and added nothing to the attractiveness of the premises.

I said that the residence and other buildings were standing intact. That is not exactly correct. Some years ago somebody got a bright idea and suggested that the old home be weatherboarded, and that was done. So the old Sam Houston home must look quite different today from the way it looked when Sam Houston lived in it.

And, it was not the last house in which Sam Houston lived. There is another house on adjoining premises a little further out and a little further up on a hill in which he spent a few of his last years. This is a more pretentious dwelling and a little more modern than the old log house. In the days when Houston occupied it, it was known as

the Steamboat House, for what reason we do not know.

By the way, since coming home, Mr. H. P. Civeness informed this scribbler that years ago when he went to school at the Sam Houston Normal College and before the old log house had been doctored up with weatherboarding, he boarded in that old log house.

Well, we might have gotten a little story about that old Sam Houston College and also about another well-known institution situated near Huntsville. But we did not go down to the piney woods to matriculate in any college, as much as we may need to do so, and we knew that if we went up onto the campus all those homely old boys and those pretty young Misses would be wondering what that old codger was doing on the premises, and so we shied away from the College. As for the penitentiary, we have been shying away from it all of our life—never wanted any inside information about that institution. So we decided that for one time the best place for us was out on the highway, and out onto the highway we went.

Yes, and we headed for the "Big Thicket." The "Big Thicket" is the pine forest that covers a lot of territory down in east and southeast Texas. Right in the middle of that big thicket, over in Polk county, we ran into that Alabama-Coushatta Indian Reservation.

We had made little explanation to the young girls in our party as to the type and character of Indians that we would probably see in the reservation. So they expected to see some of the men decked out in feathers and other colorful Indian garments, and the squaws at least wearing ornate shawls. They saw nothing of the kind, and were therefore disappointed.

The fact is that we didn't see many Indians, and all that we did see were dressed just about like the poorer type of Mexicans that we see on the streets of Tahoka.

Until we contacted a white man who was assisting in some way in the operation of the reservation, we wondered how in the world those crude people living in the jungle of pine trees managed to live. Driving along the highway, one saw little evidence of human life; but every few hundred yards, on one side of the highway or the other, one would see a narrow lane or roadway leading from the highway back some 200 or 300 yards into the thicket, at the end of which would be a little house of three or four rooms, in which a family of Indians live. We could see no clearings, however, except a tiny garden spot occasionally.

Finally, we came to a service station and a little store, with a wider roadway than the others extending into the thicket. We followed this only a few hundred yards when we came upon a kind of community center. The office of the superintendent was there, two or three residences, a workshop, and a church. The superintendent was not there but two other white men were.

From one of these white men, we learned that this was a Presbyterian Church and was the only church of any denomination on the reservation. When we asked him how come, he explained that soon after the reservation was established, the Presbyterians began doing missionary work among these Indians and other denominations had done

practically no missionary work with them. As a result most of them had been converted and attended the Presbyterian Church which had been established there for their accommodation.

A public school is also maintained, and the children are being given at least an elementary education.

Asked what the Indians worked at and how they made a living, he told us that they got jobs of various kinds in various places and that many of them were at that time working in Houston. The superintendent had gone to Houston that very day.

How did these Indians come to be down there in Polk county?

Well, it is a rather pathetic story. Students of history will recall that the rapid increase of the white population along the eastern border of our country following the Revolutionary War and the constant encroachments of the whites upon the country occupied by the Indians naturally pushed the Indians ever to the westward. Sometimes the Indians were driven out by force. Yielding to the pressure brought to bear upon them, many Cherokees and some others migrated westward and took up their abode along the Neches, the Sabine, and other streams in deep eastern Texas before and following 1820. About the same time also came the Alabama and Coushatta tribes. They were less numerous, less intelligent, and less aggressive than the Cherokees. They seem never to have been warlike or pestiferous. They went along the even tenor of their way living as best they could on the food that Nature provided them, hardly noticed by the white man.

Sam Houston, above all other white men who migrated to Texas, was a friend to the Indians. And it might be said here that if other Texas leaders had understood the Indian as well as Houston did and had dealt with the various tribes with the fairness and kindness which Houston would have shown, there is no doubt that many massacres of the Whites by the Indians would have been averted.

These Alabama and Coushatta tribes living principally along the Neches River eked out an existence in some way until 1854, when Sam Houston, then one of the U. S. Senators from Texas learned of their predicament and used his influence to have 2 sections of land, 1280 acres, in Polk county, set aside as a reservation for these Indians. They were there-

upon moved onto this reservation, but for the life of us we can not figure out yet how they made a living in that dense pine thicket.

And they didn't make much of a living, we are sure; and in 1927, after another three-quarters of a century had passed, the people of Polk county called the attention of the Government at Washington to the destitution of these two tribes, and the Government made an appropriation sufficient to purchase 3,000 additional acres of land, making a total of 4,280 acres now in the reservation. Also neat little cottages were built for the Indians to live in, and household equipment was also furnished them.

The children now attend school, and the men have been taught how to do many kinds of work, and presumably are making a living for themselves and families without state or federal aid.

We were told by the white man with whom we talked on the reservation that there are now 426 Indians on this reservation. About 80 percent of them are Ala-

bamas and 20 percent of them Coushattas. They speak a common language. We did not learn whether they inter-marry or not.

For many years, we understand, as long as they lived in dire poverty, their number gradually decreased; but since they have been provided with houses in which to live, taught or learned several different trades, provided with some of the modern conveniences, and permitted to attend the public school and to meet and worship in a Christian Church, their numbers have been

## Bus Inspection Held Wednesday

All Lynn county school buses received their annual inspection from the State Highway Patrol on Wednesday of this week, according to Mrs. Lenore M. Tunnell, county school superintendent.

The Patrol checks bus drivers and the busses they drive for safety factors. Inspections were made of New Home, Wilson, Tahoka, Grassland, O'Donnell, and Newmoore busses.

A colorful and tuneful Music Festival, with 4000 high school musicians taking part, will make Oct. 18 a big day at the 1950 State Fair of Texas Mid-Century Exposition, Oct. 7-22.

Rural Youth Day on opening day of the 1950 State Fair of Texas, Oct. 7-22, will bring 100,000 farm youngsters to the Fair.

## Lubbock Lady Speaks To Local Garden Club

The Tahoka Garden Club met at their regular meeting Sept. 19 at the REA building, with Mrs. W. C. Huffaker, Jr., vice-president, presiding.

Guests from Lubbock were Mrs. Badgett, who introduced the speaker, Mrs. Claude Keeton.

Mrs. Keeton gave a most interesting talk on "Corsages," and demonstrated how to make several different kinds. Bringing several corsages already made, she presented these to the ladies

attending the Rotary-Rotary Ann-Teacher banquet.

The Arrangement Committee had two interesting arrangements showing radiating lines. Mrs. Badgett served as critic and complimented them on the arrangements and container.

Sensational free acts by during aerial performers will thrill visitors at 2 p. m. and 7:15 p. m. daily at the 1950 State Fair of Texas Mid-Century Exposition.

**MANILLA SECOND SHEETS** at The Lynn County News.

Tahoka's Bullpups, Junior High football teams, tied one and lost one to the Brownfield Junior Cubs in a twin bill played on Kelley Field here last Friday afternoon. The Seventh grade teams played to a 6 to 6 tie, but the Tahoka Eighth grade boys were defeated 27 to 0.

Both Tahoka teams played ragged ball, but both were greatly outweighed, and showed evidence of not having been in training as long as the visitors.

In the Seventh grade game, Brownfield scored in the first quarter, and Tahoka crossed the goal line in the third. Gordon Smith at quarterback showed up with great promise, and Backs Ronald Williams and Gleason Anderson also looked good. Jerry Cain also played a good game at guard.

In the Eighth grade game, the visitors badly outweighed the local boys and seemed to be a

# Flower Show To Be Held Here October 7

## Wilson Swamps New Home 40-12

Wilson Mustangs outran the New Home Leopards to win a 40 to 12 district 4B six-man football conference victory last Friday night at Wilson before about 750 Lynn county fans.

The heavier but inexperienced boys from New Home, coached by Wayne Timmons, held the fleet little Wilson team, coached by J. A. Sales, to a 13 to 12 lead in the first half. Wilson wore New Home down in the second half, and Mustang backs Thomas Mason, Leonard Brieger, and Hal Preston ran the New Home boys

ragged.

Playing its first game of six-man football, the New Home team showed promise, however. Dan Cowan and Kenneth Rogers scored for the Leopards.

Mr. and Mrs. Travis Tidwell and daughter have moved here from Lubbock. He is the new meat department manager at the D&H Super Market. J. R. Houston is also a new employee of the department.

A flower show is being held at the American Legion Hall Saturday, October 7, from 1 to 7 p. m., sponsored by the Tahoka Garden Club and the WSCS of the Methodist Church. The show will be open to the public, and every flower raiser in the county has an invitation to make entries in the show.

All entries must be at the Legion Hall by 11 a. m. A card bearing the exhibitor's name and the class of entry should accompany each exhibit.

Horticultural rules: Use "seven up" bottles for single specimens, milk bottles for the three or more specimens. Potted plants must have been in exhibitor's possession three months. Leave all foliage above water line.

Arrangement rules: Exhibitors need not have grown materials used but must be home-grown. Dried or painted materials, foliage, etc., permitted.

THE LYNN COUNTY NEWS, Friday, September 29, 1950

Top headliners for Ice Cycles of 1951, which holds its world premiere Oct. 7-22 at Dallas Ice Arena during the State Fair of Texas, include beautiful Margaret Field and Jamie Lawrence. The 1951 show now is in rehearsal in London where the 1950 exhibition is completing a record three-month engagement.

### New Cottonseed Foods Developed By Research Men

Two new food products have been developed from cottonseed through chemurgic research studies of the Texas Engineering Experiment Station and the Cotton Research Committee of Texas.

The new cottonseed foods are a roasted nut made of French fried cottonseed kernels and a tasty sauce for flavoring soups and vegetable dishes. Though experiments with the products to date are only preliminary, indications are that the products have commercial possibilities.

The roasted cottonseed nut used in peanut brittle and fudge prepared by researchers, Dr. Bryant R. Holland and Dr. W. W. Meinke, was judged satisfactory on freshness of taste shortly after preparation. Objective of the research with the roasted nut is to develop a basic application with many avenues of use including candy making and pastry baking. Follow-up research will deal with storage qualities of products made with the cottonseed nuts.

The cottonseed sauce, called "soy" sauce is similar to the old soy sauce of China. Chinese families make use of the sauce with

virtually every meal to flavor soups and mixed vegetable dishes, much as American families sprinkle salt and pepper on foods. The cottonseed sauce produced by the station is made up of hull-free cottonseed kernels and parched wheat, in a five to two ratio. The cottonseed and parched wheat are put through a complicated fermentation process, resulting in the tempting sauce.

Research on these products is being conducted under the chemurgic experimentation program to develop new food uses for cottonseed. Dr. Holland is research chemist in charge of the Chemurgic Research Laboratory, and Dr. Meinke is associate research chemist.

FISHER'S WRECKING YARD

IF YOUR'E INTERESTED IN SAVING

TIME / MONEY / ENERGY (and what woman isn't)

**LEAVE IT TO YOUR ALL-ELECTRIC KITCHEN!**

Time, energy and budgets are three mighty important considerations for the modern homemaker! Is it any wonder that more and more women prefer kitchens all-electric. For electricity is a miracle worker... especially in the kitchen. All the right appliances in correct labor-saving arrangements add up to more time for yourself, and your family. Less work, easier work... with results more satisfying. Besides saving precious time and energy, low cost, dependable electric service does its work at a very modest wage. The services of your range, refrigerator, dishwasher... and the many other components of your all electric kitchen costs but a few cents a day!

Your electrical appliance dealer will be happy to discuss an all-electric kitchen to fit your budget. See him today!

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

36 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

**Looks like a big car**

One ride on Ford's Sofa-Wide seats (offering top hip and shoulder room in Ford's field) and you'll ask: "Why pay more for roominess and comfort when Ford offers so much for so little?"

**Feels like a big car**

Take a "Test Drive" in a Ford and you'll discover the fine car "feel" of cars that cost hundreds of dollars more. You'll have to keep reminding yourself that this is a low-priced car you're driving.

**As a big car!** (IN EVERYTHING BUT COST)

**Test Drive it today!**

Ford brings big-car V-8 power to the low-price field, too. Yet, with all its big-car features, Ford is low in first cost, low in upkeep, high in resale value.

### National Cotton Picking Contest Dates Announced

BLYTHERVILLE, ARK., Sept. 21—Two thousand nimble fingers will fly through a fluffy white cotton field at Blytheville, Arkansas, October 13, in search of one thousand green dollar bills.

The occasion will be the National Cotton Picking Contest when more than two hundred of the nation's speediest cotton pickers vie for the title, "World's Champion Picker," and a \$1,000.00 prize.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members are urged to attend. Visitors welcome.—B. F. Sherrill, W. M., Wayne Shawn, Sec'y.

In addition to the top award and the title, more than 25 other prizes—totaling \$2,500 in all—will be awarded in sums ranging from \$25 to \$250. While women also are eligible for the \$1,000 award, they also may compete for the \$250 first place award for the best woman picker.

Sponsored by the Blytheville Junior Chamber of Commerce, the National Cotton Picking Contest has grown in the past decade into one of the nation's leading agricultural events. It not only serves to encourage a better degree of cotton picking, but also promotes the growth of better cotton. The contest also spotlights cotton as one of the world's oldest and most important crops and strives to promote increased use of the fiber.

Included in the program of entertainment accompanying the contest itself will be a parade,

## Eagles To Test Sundown On Home Field Tonight

O'Donnell Eagles play host to the Sundown Roughnecks tonight at O'Donnell in a Class 5-B conference contest.

The O'Donnell team dropped to Class B this year after playing in

the Class A conference for several years.

Last Friday night, the Eagles lost a heart-breaker for the Lynn county fans to Meadow 39 to 6, the game being played at the latter city.

The Eagles' lone touchdown came in the second period when Back Roger Doss went over his own left tackle and scampered 52 yards for the score. Back Leroy Gass and Linemen Donald Vaughn and Roger Line were also standouts on the O'Donnell team.

Meadow's big guns were Backs Eddie Bingham and Billy Bell and Linemen Tommy Ashburn, Jerry Roberts, and Gene Joplin.

Meadow has established itself as one of the Class B favorites in this area, while O'Donnell is attempting to rebuild after losing several good boys from last year's team.

### TOWN SUIT FOR FALL

A town suit of cotton corduroy is a must in the wardrobe of both school girl and career girl this fall. A new cotton corduroy, sheer and soft like chambray cloth, is used by Stephanie Koret of California for this all-purpose corduroy suit. Its style details include a wrist-length jacket with belted back and slim, flattering skirt, according to National Cotton Council fashionists.

street dance, bands, Western and Hill-Billy musical groups, specialty acts, the "Clothing from Cotton Bags" fashion show, and the Cotton Ball.

Winners are judged by the amount of "clean" cotton they pick in the two-hour contest period. Absence of debris in the picked cotton and condition of the rows after picking are factors in determining winners.

Second place award is \$250 in the open competition, while runner-up in the Women's Division will receive \$100. Special prizes of \$50 will be awarded the pickers over 65 and under 12 years of age who pick the most clean cotton.

The 187-acre, \$35,000,000 State Fair Park at Dallas will be the scene of the 1950 State Fair of Texas Mid-Century Exposition, October 7-22.

MANILLA SECOND SHEETS at The Lynn County News.

### Circus Coming To City Soon

Tom McLaughlin, advance representative of the Cole & Walters circus was a caller in the News office this week and announced the coming of the first big circus of the season, the date having been set for Thursday, October 12, with two performances scheduled, at 2 and 8 p. m. under auspices of the Tahoka Jaycees.

This will be the first trip through this territory for the Cole & Walters circus since becoming motorized, the big show will be presented in three rings and elevated stage, twenty big time circus acts are being offered patrons this season, with a new and enlarged menagerie, featuring such outstanding features never before carried by any motorized circus, a real baby hippopotamus, also a baby elephant and mother, in addition to a herd of three performing elephants, lions, tigers, bears, apes, monkeys, deer, kangaroo, camels, etc.

In a few days the regular advertising trucks will arrive and begin the task of placing the bright red posters throughout the surrounding territory.

## Looking for honest-to-goodness COMFORT?

## Better Buy Buick!

YOU'VE probably heard a lot of talk about comfort in 1950 cars.

But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you

have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflo Drive\* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to.

This whole experience is bound to make you want a Buick—and when you ask "how much" you'll get a second pleasant surprise in the low delivered prices your dealer is quoting—prices that start at a level that is actually lower than you'd pay for some sixes.

Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed?

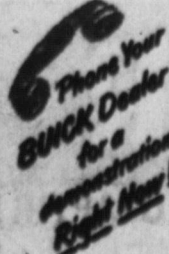

**FOUR-WAY FOREFRONT**  
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

# Accidents Take Heavy Toll Of Life Every Year

## MIX AND MATCH

Skirts and jackets to mix and match are again the mainstay of the coed's wardrobe. This back-to-school corduroy ensemble designed by Harry B. Brown combines an Eisenhower jacket and slim skirt that can be teamed with other skirts and jackets to stretch wardrobes. National Cotton Council fashionists say that the two-way scarf lined in cotton plaid has a zippered pocket in one corner for small change and lipstick.

The President's Conference on Industrial Safety is currently focusing national attention on the problem of occupational accidents, and the tremendous toll in lives and money which these accidents take every year. This publicity is all to the good, and a very healthy thing it is, indeed. How-

## Coming With Circus

ever, let's not forget for one moment that many more workers are killed and injured off-the-job each year than on-the-job. As a matter of fact, twice as many men and women suffer disabling injuries or death on a holiday, over a weekend or after business hours as they do in the factory, business office or place of work. A great many of these casualties are caused by traffic accidents, -but drowning, falls, burns, poisons and other accidents also help to swell the total,

## THE LYNN COUNTY NEWS,

Friday, September 29, 1950

according to the Association of Casualty and Surety Companies. Last year in America, death rode the highway with 16,500 off-the-job workers, while his fellow-traveler, accidental injuries, paid an unwelcome visit to 550,000 others. Driving on the wrong side of the road, speeding, reckless or drunk driving—these are some of the principal causes of automobile accidents. Meanwhile, home accidents cause many more

disabling injuries, and almost as many deaths, as do their widely-publicized big brother, traffic accidents. Last year, for example, accidents in the home killed 7,500 Americans and injured more than 1,000,000 others. When you're off-the-job, your good sense and watchful vigilance are your best defense against having a tragic accident—your best guarantee of being back on the job, the same as always.

## Ford Quality Queen

Dark-haired Helen Meyer, 25, of Staten Island, N. Y., has been chosen by Ford Motor Company employees as the 1950 Ford Quality Queen. She's 5'8" tall, a perfect size 12 and says her No. 1 job is to keep house for her husband, Herbert, a Marine veteran, who works in the Metuchen, N. J., Lincoln-Mercury assembly plant. Only hourly employes or members of their families were eligible for the contest.

Mrs. Pearl Callaway and her brother, D. D. Brian, both of Abilene, were here the first of the week looking after her Lynn county property interests.

## TROUBLE IN THE FIELD?

We're here to help you

Emergency service is part of our business. We hope you never have a serious breakdown during rush seasons, but if you do, our field service is as near as your telephone. Call

### WAYS TO AVOID FIELD DELAY

- 1 Lubricate machinery on regular schedule.
- 2 Tighten loose bolts and repair worn parts promptly.
- 3 Use only genuine A-C parts on all Allis-Chalmers machines.
- 4 Apply for inspection service well ahead of rush seasons.

# Child Labor Law Hits Farmers Hard Blow

## Bleachers Are Being Built At Wilson Stadium

Bleachers are being built this week for the Wilson football field, according to Theo Campbell of that town.

It is hoped to have them ready in time for tonight's game there with Dickens.

Wilson is playing its home games at night on the softball field, however a field is being sodded at the school for games in the future, possibly next year.

### Congratulations:

Mr. and Mrs. Wilbur A. Wuenesche of Wilson, Route 1, on the birth of a daughter weighing 7 pounds 3 ounces at 4:19 a. m. Monday in St. Mary's Hospital in Lubbock.

Farmers and others are again warned of the new Federal Child Labor Laws in a letter from Wm. J. Rogers, regional director of the U. S. Department of Labor, Wage and Hour and Public Contracts Division, Dallas, to Mrs. Lenore M. Tunnell, county superintendent of schools.

Mr. Rogers writes as follows: "Now that the opening of the fall term of school is approaching, we should like to call your

attention to the fact that when Congress amended the Fair Labor Standards Act in 1949, the Child Labor provisions of the Federal law were extended considerably.

"It is now illegal to employ children under 16 years of age in agriculture during school hours. In industry, the law prohibits the employment of oppressive child labor—generally boys and girls under 16 years of age—in inter-

state commerce or in the production of goods for commerce.

"The law in reference to child labor in agriculture applies to local resident children as well as to migratory children—but not to the farmer's own children working on their parent's farm.

"We have enclosed a bulletin which sets forth in summary form what farmers who hire workers should know about the Child Labor provisions of the Federal Fair Labor Standards Act. For it is the farmers themselves who are responsible.

"Whatever you can do to bring about a better understanding of the Child Labor provisions of the Federal law among the persons directly concerned will be greatly appreciated. Additional copies of the bulletin are available if you wish them."

The following two questions on the new labor law, and their answers, should answer most of the farmers' questions in regard to hiring youth. These two questions and answers are taken from the U. S. Government Child Labor Bulletin No. 102:

How can a farmer be sure that the young person he intends to hire during school hours is at least 16 years of age?

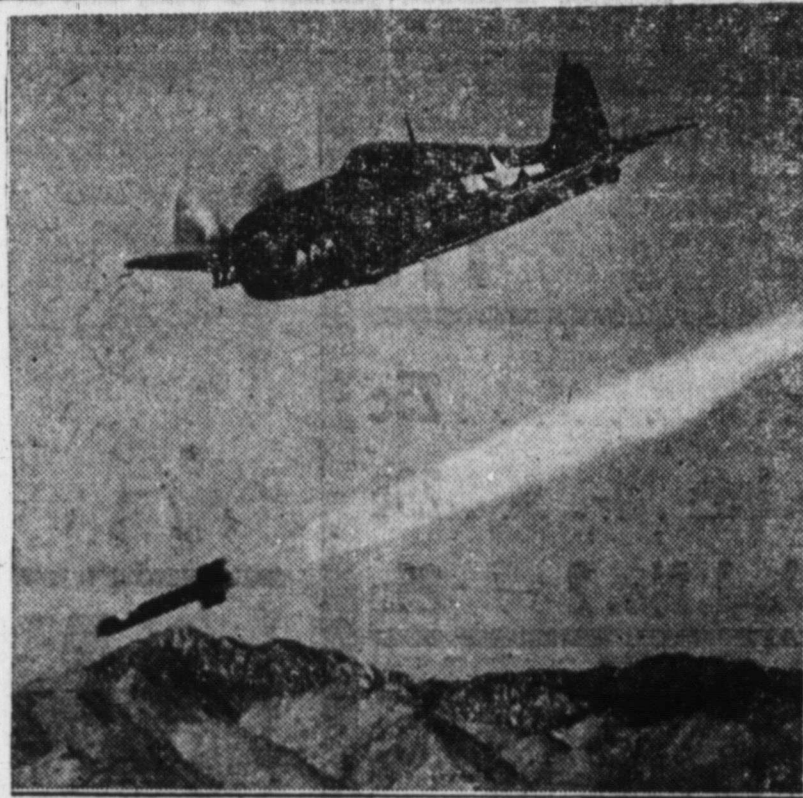

The farmer IS RESPONSIBLE for finding out the CORRECT AGE of the young worker. He will be PROTECTED if a certificate of age, issued or accepted by the U. S. Department of Labor, is obtained, which shows the young person to be at least 16 years of age.

Is a farmer in violation of the Federal law if the under-age child, working on his farm were not hired by him personally?

A farmer IS RESPONSIBLE for EVERY under-age child working on his farm. This includes children hired either individually or as a part of a family group by labor contractors, processors, or others.

**Musical Show Coming To Local School Soon**

The forthcoming musical stage attraction, "Snow White and the Seven Dwarfs" will introduce to Tahoka's theatre audience one of the most charming personalities of the American Theatre. The title role will be portrayed by "Clelia" who has delighted children and adults with her interpretation of the fairy tale Princess.

Clelia is a New England girl, born of a theatrical family, well known in the annals of the musical and theatrical world. She studied voice with the great Malatesta of the Metropolitan Opera Company and was guided in the ballet by Louis Chalf. She starred with the Children's Opera Company, then appeared with the New Opera Company, and the American Light Opera Company. After completing 40 weeks tour as Snow White, she played prominent roles in Naughty Marietta and Blossom Time and was assigned as the comedienne soubrette in the Vagabond King with the Toledo Light Opera Company. Another nationwide tour established Clelia even more strongly as an audience favorite. This time it was her portrayal of "Alice" which endeared her to all who saw her dance and sing her way through "Wonderland."

Last summer, Clelia starred as soubrette with the Grand Rapids Light Opera and successfully carried leading parts in "Roberta," "Babes in Toyland" and many others. Besides her innate dancing, singing and comedy talents, she is an accomplished costume designer and illustrator. Her original designs and costume plates have been used by some of the leading fashion department stores of New York City. The cast supporting Clelia, all professional players, will make "Snow White and the Seven Dwarfs" an unforgettable theatrical event. One of the many comedians in

**Two Six-Man Games Tonight**

Two six-man football games are on-tap for today, Friday in Lynn county.

This afternoon, New Home will play its first home game, meeting Flomot at New Home.

Tonight, Wilson likewise plays at home, meeting Dickens.

Cake-baking and hat-making contests will be special attractions for the ladies at the 1950 State Fair of Texas, Oct. 7-22.

the coming musical show, "Snow White and the Seven Dwarfs," is also its director and choreographer. He is Hill Belmont whose background includes many years in the theatre both here and in Europe.

He was born in Vienna, Austria, studied under Max Reinhardt and then was active as actor and dancer in some of the foremost theatres in Central Europe. Since coming to the United States in 1940, Hill Belmont has been stage director all over the country.

As a comedian, Hill Belmont combines his acting talents with his extensive dance training to great advantage. He is a favorite with children and adult audiences everywhere and his antics contribute much toward making "Snow White" the happy show it is.

**Draw Farm Home Burns To Ground**

The home of Mr. and Mrs. Wayman Pierce, on the E. E. Callaway farm near Draw, burned Monday morning, destroying the family's furnishings and clothing.

The house burned while the family was away from home. Mr. Pierce had gone to meet some relatives who were coming for a visit, and Mrs. Pierce had gone to take the children to school.

**CARD OF THANKS**

My friends have been so kind during my recent illness, I take this means of saying "Thank You." Your kind deeds and words have helped a lot. I love and appreciate each of you and wish the Good Lord's blessings on one and all. —"Aunt Becky" Roberts.

Mrs. Clarence Gaussoin and small son of Belen, N. M., and Mrs. Mattie Redwine of Silver City, N. M., arrived Saturday for a visit with Mrs. Vesta Redwine, mother of Mrs. Gaussoin, and other relatives here.

**IH PISTONS and SLEEVES Give Me Lots of Pep, Power and Pull!**

"No, the boss hasn't been feeding me wild oat! It's just my new piston-and-sleeve transfection that gives me all this pep, power and pull."  
"It was just yesterday the boss was bragging to the neighbor across the fence about my 'operation.'"  
"You know," he said, "I'm not only getting more work done since I had those IH matched pistons and sleeves put in, but I'm getting it done cheaper. I've already made more than the cost of the job in oil and fuel saved. Besides, it's a lot more fun driving a tractor with lots of zip and go."

**Bring in Your Tractor for a Piston-Sleeve Transfection TODAY**

You'll be surprised, too, at what a piston-and-sleeve transfection can do for your tractor. Be ready for the busy season. Drop in and talk it over NOW.

Drive all over the map—  
**MERCURY** makes any road the right road!

**1** You get the right power!  
Cruise down the highway. Back out your driveway. Mercury's big V-type, 8-cylinder engine gives you just the performance you ask for. When it comes to economy, this is it! In fact, the beautiful Mercury is "America's Number 1 Economy Car!"

**2** You get the right riding comfort!  
You don't "hit the road," you float over it gently in this sweet-riding, built-for-six Mercury. "Cushion-coil" springing plus foam-rubber seats make it the smoothest riding car you ever relaxed in.

**3** You get the right roadability!  
Yes, Mercury loves the road, all right—hugs it tightly on the curves, up and down the hills, on the straightaway. But you don't talk about roadability—you feel it. Get behind a Mercury wheel and you'll know what we mean.

Go for a ride and you'll go for **MERCURY**

## Tankersley's Will Display New Kaiser-Frazier Car Here Today

Hubert Tankersley, new Kaiser-Frazier dealer in Tahoka, will have on display today the new product of that company, the Henry J. The Henry J is the long-awaited new automobile in the low price field, about which there has been so much talk.

Buyers are offered a choice of the four-cylinder Henry J and the six-cylinder Henry J deluxe. Both engines are new high compression Kaiser Superonic L-head type. Prices are said to be the lowest in America for a full size sedan. Basically, it is the car Henry J. Kaiser envisioned when Kaiser-Frazier was formed in 1945.

The company claims for the new car highway and traffic performance and riding comfort comparable to cars selling for hundreds of dollars more. It is claimed the Henry J will keep from zero to 50 miles per hour in 10 seconds, and to 60 in 14 seconds. In an American Automobile Association test, the six-cylinder car made 34 miles to a gallon of gasoline.

The new model provides the largest luggage capacity of any passenger sedan. The car has an overall length of 174 inches, and an overall width of 70 inches, has spacious seating room for

five adults, ample head and leg room for six-footers. It is 59 1/2 inches in height, claims the lowest center of gravity of any sedan, yet has a road clearance of 7 3/4 inches.

All people of the area are invited to inspect the new automobile now on display at Tankersley's.

### WCS STUDIES

#### THE NEAR EAST

The W.C.S. of the Methodist Church began a new study course at its meeting Monday at 3 p.m.

This was the first of a series of four studies for the year, and the text for the first is Dr. Gloria Wysner "Near East Panorama."

Those participating in Monday's lesson included Mmes. H. W. Carter, Vernon Brewer, Roy Edwards, Mrs. A. M. Bray is director of the studies.

An invitation is extended to any woman of any church who would like to attend.

Buffala grass, South African bluestem, Coastal Bermuda and the perennial crab grasses are a few of the new introduced grasses which may be of economic importance in Texas in the future.

### THE JODY NEVILLS MAKE EXTENDED VISIT

Mr. and Mrs. J. L. Nevill and their son Ray returned Tuesday from an extended visit with their children, and families in California, Arizona, and New Mexico.

They first visited their daughters and families in Arizona, Mr. and Mrs. Russell Fleming and children, Mr. and Mrs. Milton Flowers and little son; and Mr. and Mrs. L. L. Jones, all of Flagstaff.

From that place they proceeded to Sacramento, California, where they visited Captain and Mrs. Kenneth E. Nevill for several days.

On the way back home, they stopped at Ruidoso and visited Mr. and Mrs. Ovid Luallin, and at Mayhill, Mr. and Mrs. Clay Hughes, Mesdames Luallin and Hughes are sisters of Mrs. Nevill.

Mr. and Mrs. E. J. Cooper returned Tuesday from a visit at Sherman, having been called down there on last Friday by the very serious illness of an aunt of Mrs. Cooper. There seemed to be little hope for her recovery. Mr. Cooper, who is always interested in cotton, says that the crop down there this year is pitiful. They practically have none. The boll weevils and other pests have literally cleaned it up.

Rev. J. P. Durham, father of Dr. K. R. Durham, and Mrs. Charles Rhodes, Dr. Durham's cousin, both of whom live in Shreveport, La., came Wednesday for a few days visit here. They had been visiting also at Roswell.

Mr. and Mrs. A. A. Kidwell of Mineral Wells have been here a week visiting his brother and wife, Mr. and Mrs. O. L. Kidwell, and the latter's children. This is their first visit to the Plains.

Mrs. J. J. Raindl and son Dennis have gone to Smyrna, Tenn., to be with her husband who is stationed at the Sewart A.F.B. in that town. During their absence, Mr. and Mrs. H. L. McMillan will occupy their home.

Mr. and Mrs. Frank Raindl and daughters, Jo, Mrs. Henry Jahnke and Mrs. Louis Brash, of Lubbock, spent Sunday in Seminole visiting with Mr. and Mrs. O. C. Buford.

### Applewhite

(Cont'd. From Page 1)

years at Ballinger, where he was employed by the Higginbotham-Curry Co.

They came to Tahoka in the fall of 1916, and Mr. Applewhite worked for the Jap Adams Hardware & Furniture store then located in a frame building on the lot now occupied by the Clay Bennett store. Early in 1918, he went back to his old job at Ballinger.

The Applewhites returned to Tahoka to stay in 1922, and he became associated with the G. W. Small hardware and furniture store, which occupied the building now housing the W. M. Harris store and Lynn Theatre. He acquired an interest in the business. Four years later, 1926, W. M. Harris bought out Mr. Small, and operating under the name, Harris & Applewhite, the firm handled hardware, furniture, and implements and conducted an undertaking parlor until 1936, when the two divided the business.

Mr. Applewhite bought the building at his present location, and since that time has been dealer for International Harvester farm machinery. More recently, the firm has also been the local Buick dealer, but this part of the business was sold the day before he died.

He suffered a heart attack on September 5 last year, and since that time his son, James, who had been with the firm for several years, took on the business responsibilities. At one time he owned implement houses at O'Donnell and Brownfield, but several years ago sold the Brownfield house to two sons-in-law, Prentice Walker and Sam Privitt.

He was an active member of the Shriners, a Mason, a member until recently of Lubbock Country Club, and long was active in the Panhandle Hardware Association.

Jack Applewhite was one of the most active and progressive citizens Tahoka ever had. He gave freely of his time and money to charity and to civic work.

In fact, until a few years ago when he began to ease out of some of his responsibilities, there was hardly ever a civic job that needed to be done that Jack did not head or at least help. He served as president of the Chamber of Commerce, president of the old Larchmont Club, president of the Tahoka School Board and of the Lynn County School Board, Red Cross Chairman, Chairman of the County Democratic Committee, and many others. He has headed the list and taken up collections for scores of unfortunate people.

He has long been a friend of the school children, and always got joy out of helping along some little student project.

Though golf and fishing were his favorite recreations, his favorite spectator sport was football—especially Tahoka High football. Friday afternoon, he went out to see the Juniors play, and at this game was telling a News reporter about Tahoka's first team, coached by M. B. Hood, now of Plainview, and many of the other teams he had watched here through the years. And he was looking forward to seeing the fighting Bulldogs that night.

Mr. and Mrs. Applewhite had returned the Saturday before from a visit to Lampasas with his only sister, Mrs. Ben Peak. Mr. and Mrs. Peak had accompanied the couple to Austin and Galveston on a pleasure trip.

He is survived by his wife, one son, James K. Jr., (Jimmy) of Tahoka; three daughters, Mrs. Prentice (Helen) Walker and Mrs. Sam (Greta Joyce) Privitt, both of Brownfield, and Mrs. Sonny (Dorothy) Roberts of Tahoka; one sister, Mrs. Ben Peak of Lampasas, five grandchildren, James Prentice and Jill Walker, Sharon and Jackie Applewhite III, Chris Roberts; and one step-grandchild, Lynda Hunsaker. A baby boy died in January, 1923.

**RELATIVES ATTEND APPLEWHITE FUNERAL**  
Many relatives and near-kin were here last Sunday for the funeral services of J. K. Applewhite.

Those here included Ben Allen, Lampasas implement dealer; Bob Noble of Los Cruces, N. M., and Jerome Peak and wife, Lampasas, nephews; and Miss Marion Noble, Houston, a niece.

Relatives of Mrs. Applewhite: Mr. and Mrs. J. S. Skaggs, Oklahoma City, brother; Keith Kemp of Post, step-brother; Mr. and Mrs. E. D. Kemp, Santa Anna, uncle.

Mr. and Mrs. Warren Gill, Santa Anna; G. W. Chancellor and son, Bill, of Hot Springs, N. M.;

### Football

(Cont'd. From Page 1)

featured the play.

Morton seemed to have another march started in the early moments of the fourth quarter, made one first down on two runs totaling 17 yards. But a vicious tackle thrown by 130-pound guard Don Brice on the 185-pound Morton fullback and an incomplete pass, ended the drive. Foster passed to Halameck for 19 yards, then Halameck passed to Foster for 35, but the Bulldogs bogged down on the Morton 20. Morton took over, but not for long, for Brice intercepted a Morton pass on the Indians' 26.

Tahoka made 2, drew a 5-yard penalty, lost 10 on a running play, then got off a short kick to the 20. Tahoka broke up Morton's passing attack, and then started one of its own, with one complete to Foster for 5, one to End Gurley over the middle for 10. Halameck made 11, Foster dashed for 21 yards, and three plays later, after a 5 yard penalty for backfield in motion, Halameck took it right back to the 1 1/2 yard line, from which point Foster went over for the Touchdown.

Tahoka kicked-off, and Morton ran the ball back to the 46 as the gun sounded.

Mr. and Mrs. Munger Kemp of Post.

Also present were a number of relatives of "in-laws," including Mr. and Mrs. A. M. Privitt of Childress, parents of Sam Privitt; Mr. and Mrs. Roy Quisenberry of Seymour and Mr. and Mrs. J. E. Wilhite of Westover, uncles and aunts of Prentice Walker; Mrs. T. R. Herbert and Mrs. Jack Fife of Amarillo, mother and sister of Mrs. James Applewhite.

A number of friends also were present from Amarillo, Lubbock, Brownfield, and a score of other towns.

If anything, Tahoka's blocking and tackling was even more vicious than in the Brownfield game a week before. Jerry Stevens was a power in the line, and Wayne Tekell again turned in another good game, as did Jackie Slover, Wayne Martin, Clayton Carter, and Wiley Curry, blocking back, though the latter had an injured leg. Bill Short and Conrad Ratliff also turned in head-up play. Charles Hyles, who was out with a hard injury and was making his first appearance in the lineup, proved to be a boy that must be watched. In fact, every Tahoka boy who got into the game showed the old Bulldog scrappiness.

Tahoka ran the ball a total of 124 yards, but lost 45, leaving a net of 79 yards. The Bulldogs tried 10 passes, completed five for a total of 106 yards, for a total of 185 yards from scrimmage. In spite of one punt for only 12 yards, the average on five punts

was 36 yards. Tahoka drew 10 yards in penalties, and rolled up 10 first downs.

Morton had 122 yards net running the ball, tried 11 passes, of which one was good for 8, one lost 2, and one was intercepted. Morton punted six times for a 29 yard average, drew 20 yards in penalties, lost the ball once on a fumble, and rolled up 8 first downs.

Maurice Small went down to Dallas last Thursday night and brought his wife home Sunday. Mrs. Small had been visiting her first grandchild, the daughter of Mr. and Mrs. George Maurice Small. They saw the S. M. U. Georgia Tech game Saturday night.

Mr. and Mrs. Carl Griffing are expected home this week end from Buchanan Lake, where they have been fishing for a few days.
