Tahoka, Lynn County, Texas Friday, November 30, 1951

Number 9

## S. L. Walters Is New PMA Head In Lynn County

In the county convention held Wednesday, November 21, in Tahoka, S. L. Walters of New Moore was elected chairman of the Lynn county Production and Marketing Administration committee. Roy O. Nettles of Lakeview was re-elected vice chairman; and R. A. Kahlich of Wilson the third committee member; Julian Pirtle of Drav and Vernon Willhoit were named alternate members.

The committeemen will take office December 1, 1951.

The committee members are the same committee of 1951. Mr. Walters was elected chairman for 1952 and Mr. Kahlich was elected member of the committee.

The committeemen, elected by delegates from each farming community in Lynn county will administer the 1952 agricultural conservation program, price support operation, the sugar program, and Federal Crop Insurance, all of which are geared to the Nation's defense production efforts.

The committeemen are all farmers who are familiar with conservation and production problems in Lynn county. The county PMA office is located at Tahoka.

The services of the committeemen are available to all the farmers in the county. Although they are not full-time employees of the U. S. Department of Agriculture they are available at any time to help the farmers of Lynn county with conservation, price support and crop insurance problems.

In the words of R. A. Kahlich, PMA committee chairman, "In these times when so much depends on the production from our farms, these committeemen are in key positions. The Agricultural Conservation Program they administer is available to all farmers in the county to help them produce what is needed for defense and at the same time protect and improve their land for abundant production in the years to come."

"The price support programs help farmers of Lynn county obtain a fair price for what they produce. The crop insurance program protects farmers against loss from storms, insects, disease and other causes."

"The committeemen are all farmers. They were elected by farmers and they are here to serve the farmers of Lynn county. At the same time the programs PMA committeemen administer are designed to benefit the entire country. The purpose is ample production today and continued production tomorrow."

## H. D. Council In Meeting Here

Members of Lynn county Home Demonstration Council met Thursday, Nov. 15, with Mrs. Wilmer Smith, president, in charge.

Reports were given by the standing chairmen and by each club president. The secretary reported an average of 60 percent of the members had attended Council.

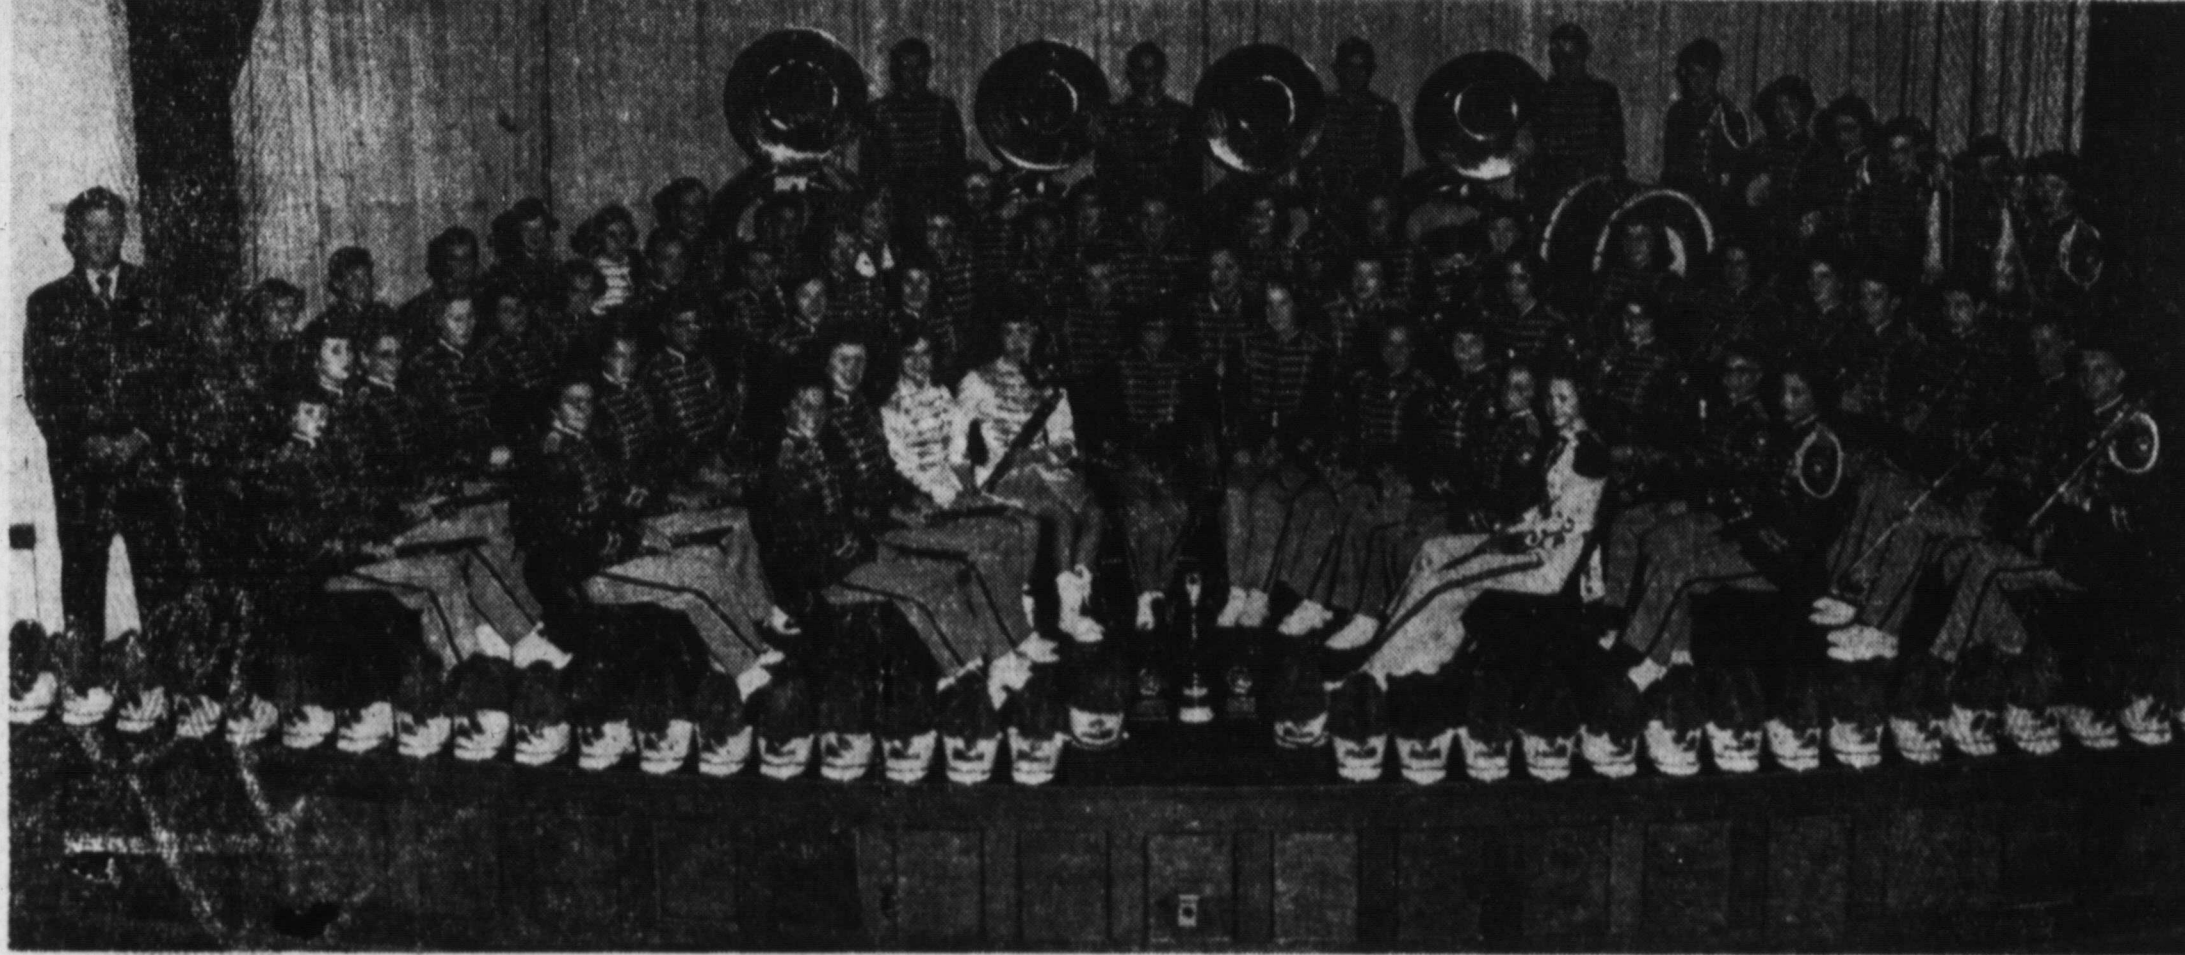

A letter was read by Miss Hard from the Extension Service warning merchants and club members to be careful about giving ads. to provide "free" song books to clubs. Many times these individuals contact the club presidents and never mention their plan for selling advertisements. The ads. solicited are often far more than the expense of the song books.

The meeting closed the work for the year.

Mrs. Clifton Hamilton directed two games about Thanksgiving, making the meeting one of enjoyment, also.

## J. L. CUNNINGHAM MOVES TO HOUSTON

Mr. and Mrs. J. L. Cunningham, long-time residents of Lynn county and of Tahoka since retiring from farm life a few years ago, are preparing to move to South Houston, where they will make their home with a daughter, Mrs. Ruby Collins.

TAHOKA HIGH'S 66-PIECE BAND, pictured above, has become one of the outstanding organizations of its kind in this entire section. Directed by Glenn Burleson, the band has worked hard throughout the fall. In addition to its regular study and practice sessions, the band has worked many times at night preparing half-time shows for football games.

The band took first place honors in its division at the recent Brownfield Harvest Festival. It plays a wide range of music, running the scale from popular "swing" music to marches and classical numbers.

The sixty-six members are: Loretta Bartley, Gloria Best, Jerry Cain, Marjorie Clinton, Carolyn and Janet Collier, Marilyn Carmack, Betty and Bobbie Carroll, Marjorie Curry, Johnnie Clem, Robble Dorman, T. D. and Billy J.

Dunlap, Sue Dollins, Dot Durham, Milt Draper, Deanie Edwards, Kenneth Ethridge, Othelda Freeman, Kent Gibson, Zuella Grey, Betty Huddleston, Paxton Hutchison, Wayne Huffaker, Geraldine Hyles, Harold Hamilton, Joy Nell-Hamilton, Edgar Hammonds, Charles Isham, Patricia Inman, Jeanette Jenkins, Jerry King, Lou Ann King, John Paul Lawson, Jerry LeMond, John Mack Lowrey, Lanny Lishman, Rollin McCord, Judy McGee, Marianna McGinty, Barbara McNeely, Frances Martin, Janelle Martin, Kay Mitchell, Gray Mitchell, Katherine Martin, Wanda Norman, Martha Prohl, Betty Phipps, Larry Ramsour, LaQuita Smith, Carroll Smith, Harley Schulz, Lynn Strickland, Jane Shepherd, Wilma Scott, Patsy Smith, Susie Smith, Sylvia Thompson, Jimmy Whorton, Tommie Whorton, Charles Ware, Sue Williams, Joyce Weaver, and Hilton Wood.

## Boys And Girls Basketball Teams Schedule Games For Winter Season

Basketball workouts were started at Tahoka High School this week by Coach Jake Jacobs, with 25 boys reporting for the squad.

Due to the extended football season, basketball training of the Bulldogs squad is from one to two weeks behind most neighboring schools.

However, Coach Jake Jacobs has eight lettermen, six squadmen, and several boys up from the Eighth grade team reporting for workouts. Though, the team will be comparatively small again this year, the Bulldogs hope to give their opponents some tough competition.

First non-conference game of the season at home will be with Seagraves next Thursday night, December 6, with both A and B teams playing. They will open the season in games at Seagraves Tuesday night.

Lettermen reporting are: Wayne Tekell, Morgan Howle, Don Brice, Lynn Halamicck, Steve Slover, James Foster, Richard Havens, and Earl Bartley. Charles Hyles is not out due to a broken arm.

Last year's squadmen are: Joe Brooks, John Foster, John Curry, Richard Carter, J. B. Ables, and Max Dodson.

New members of the squad are: Bobby Lehman, Roy Gene Sherrod, Donald Paris, Don Reed, Garland Huddleston, Roswell Bartley, Guy Witt, I. V. J. Melton, Duane McMillan, Chester Watley, and Wendell Norman.

On the schedule below, A and (Cont'd. On Back Page)

## Bray Is Shrine Ring Candidate

Lynn county Shriners, members of Khiva Temple, are boosting A. M. (Mule) Bray, local automobile dealer, as the Khiva Ring candidate at the ceremonial being held in Lubbock Thursday, Friday, and Saturday of this week.

The Shrine is the fun group of Masonry, and nearly 3,000 members are expected to enjoy the Lubbock Ceremonial.

Heading Bray's campaign are: Rollin McCord, Tahoka; Lewis Robinson, O'Donnell; Claud Thomas, Grandland; Roy Ables, Ralls; and Charles Kendrick, Brownfield. There are about 40 Shriners in Lynn county who are also expected to help boost the Tahoka man.

Their campaign motto is "More Bray and less bull."

Tahoka High is going in for girls' basketball this year, and will enter a team in Interscholastic League competition along with the boys' team, with games scheduled in District 6-AA on the same nights.

Principal Bob Rich is the coach, and he has about eighteen girls working out. Most of them have played some basketball, but since this is the first year of serious competition it would be expecting too much of the girls and the coach for the fans to look for a winning team, as most other schools have been featuring girls' basketball for years.

The girls have already played several warm-up games. Their first non-conference home game will be with O'Donnell here December 18.

Among the girls out for the team are: Wanda Norman, Loretta Bartley, Deanie Edwards, Jerry LeMond, Betty Huddleston, Susie Smith, Shirley Bell, Tommie Whorton, Sylvia High, Deanie Roberts, Carolyn Henderson, Bettie and Bobbie Carroll, Nettie Austin, Margie Gray, Janette Jenkins, Jeannell Martin, Barbara McNeely, and Martha Prohl.

## Botkin Opening At Pik & Pak

Louis Botkin, owner of Botkin's Grocery and Market, located on the Post highway the past two years, has moved to the Pik & Pak location on Main Street and his store will, in the future be known as Botkin's Pik & Pak.

He is already open in the new location, but on Saturday he is having his formal opening and giving away a number of valuable prizes to customers.

The Pik & Pak building has been redecorated in chateaux and flame red, new tile floor covering installed, and the entire building repaired and remodeled. He will carry a complete line of fruits, vegetables, and meats, as well as groceries.

Mr. Botkin has recently bought the Jack Liston home in the new addition on North Sixth street.

Mr. and Mrs. W. D. McMillan of Floydada, spent Wednesday evening and night in the home of his brother, Mr. and Mrs. H. I. McMillan, Sr.

Benjamin Franklin held that the universe always will contain the identical amount of electricity it had at its creation.

Tahoka Church of the Nazarene begins a revival Sunday, December 3, and running through December 9, with Rev. D. D. Wilson as evangelist.

Rev. D. D. Wilson is pastor of the Church of the Nazarene at Higgins. He is well known here in the South Plains. Before becoming the pastor at Higgins, he was pastor at Pittsburg, in the Dallas District.

Everyone is cordially invited to attend. Services will begin at 8:00 o'clock each evening.

## Monday's Rain .40 Of An Inch

Rainfall last Monday amounted to .40 of an inch in Tahoka, according to the U. S. Weather Bureau gauge kept by The News. The rain came in drizzles and showers and all soaked into the dry soil where it fell.

The fall was said to be greater in certain localities immediately north and east of town, but was lighter in many other areas, particularly in the west and northern parts of Lynn county.

## LIEUT. DALE WILLIAMS IS GOING OVERSEAS

Lieut. Dale Williams of the Army Air Force arrived home Wednesday for a brief visit with his family. He has recently been stationed at Lake Charles, La., but will leave Sunday for the West Coast. He expects to be sent "somewhere overseas" at an early date.

Too many hens in the laying house during the winter months is not a sound poultry management practice. Crowding can cause the ventilation system for the house to be ineffective and this can create generally unhealthy conditions for the hens.

## Tahoka Ginnings Are 11,000 Bales

Tahoka's five gins had processed almost exactly 11,000 bales of 1951 cotton up until 10:00 a. m. Thursday, according to reports given to The News by the gin operators.

This would indicate that approximately 60,000 bales have been ginned to date in Lynn county, and that this year's ginnings will far exceed the estimates of most "experts."

## Aged Mexican Is Found Dead

Mrs. Juanita Vallee, 85-year-old Mexican woman whose home has been in Del Rio, was found dead in a field west of Wells at about 10:30 a. m. Sunday morning.

She had been missing since about 3:30 p. m. Saturday, according to Sheriff "Slick" Clem, and had been the object of an all night search by relatives, friends, officers, and citizens of that community.

Mrs. Vallee came to the Wells area with harvest hands, and was living with a daughter on the Harold Payne farm two miles west and a half mile north of Wells gin. She was said to be "mentally ill," wandered away. Her body was found in a turn-row by Earl Seay about two miles from her place of residence.

After Dr. Joe Lehman of O'Donnell had examined the body, O'Donnell Justice of the Peace Horace Brunette held an inquest at which the cause of her death was pronounced "heart attack and exposure."

## Men From Africa, Canada, Inspect Farming Methods

Two men from foreign countries were here Friday of last week visiting Rollin McCord, local Massey-Harris farm implement dealer, and inspecting farming methods in this immediate area.

They were William T. Wilson of Burban, South Africa, and C. Duncan Cutts of Toronto, Canada, both with the Massey-Harris company.

The visit was a part of the company's policy of acquainting its officials with farming conditions and methods employed in various parts of the world.

FILE FOLDERS—Heavy manila folders, letter size, at The News.

## Lighting Square For Christmas

Christmas lights went up on the court house square in Tahoka this week, and were turned on Wednesday night for the first time.

The annual home and store Christmas decoration contests are being held again this year, according to Russell McGee, Chamber of Commerce secretary.

Prizes of \$15.00, \$10.00, and \$5.00 will be paid, respectively, to the first three winners in the home decoration contest.

A plaque will be presented the business firm which is judged to have the most attractive show window decorations.

Deadline of the contests will be announced later, McGee said.

## USO Fund Drive Is Next Week

The annual USO drive to furnish aid and entertainment to men in the Armed Service is now underway in Lynn county. Chairman Terry Thompson announces, Lynn county's quota this year is \$1,040.00, and all who desire to give to this worthy cause now have the opportunity.

Tahoka's part of the drive will be conducted next Tuesday morning, with Bill Strange, Jr., in charge of this community's fund raising campaign.

H. G. Cook, Wilson banker, heads the drive on the north side of the county, including Wilson and New Home; and James Crumley of O'Donnell is in charge of the south part of the county.

Truett Smith of Tahoka, is district USO drive chairman this year, having four counties in his district.

## Danny Smith, 5, Dies From Polio

Danny Smith, 5, son of Mr. and Mrs. Arvel Smith of Odessa but formerly of Tahoka, died of bulbar polio Wednesday of last week in a Big Spring hospital. Funeral services were held at Odessa.

The little boy had had polio once before. He had spent most of the five years of his life in Tahoka, his father farming near here. Mrs. M. B. Walters is his grandmother, and Mrs. Maxine Bonham is his aunt.

Besides the parents, Little Danny is survived by one brother and one sister.

## PREMATURE MEXICAN BABY IS GROWING

Tiny Alicia Salinas, prematurely born to Mr. and Mrs. Victor Salinas at Tahoka Hospital on October 1, has grown a pound in the past three weeks, according to attendants at the hospital.

She weighed only 3 pounds, 11 ounces at birth, but now is a hefty 4 pound, 13 ounce girl. She is the pride and the pep of the hospital nurses.

## Telephone Rates Will Increase In Tahoka Soon

Southwestern Associated Telephone company Friday night was given permission by the City of Tahoka to increase its rates here.

The company had been pressing the City for the raise since last April, but local City officials had opposed the rate increase in hopes of getting a compromise. In the meantime, almost all other towns served by the company had granted the increase asked.

New rates, almost 50 percent overall above the present ones, follow:

Residence Rates		
	Old	New
One party	\$3.00	\$4.50
Two party	\$2.50	\$3.75
Business Rates		
	Old	New
One party	\$5.50	\$7.75
Two party	\$4.25	\$6.25

Ray Red of Dallas, Southwestern Associated general commercial superintendent, and Mills Roberts of Hobbs, N. M., district manager, met with the City Council Friday night to explain the company's position on the proposed increase. Roberts had previously met with the council on numerous occasions.

Also at the meeting were officials of Tahoka Chamber of Commerce Charles Verner, Doug Finley, Wynne Collier, A. M. Bray, and Rollin McCord, and Frank Hill of The News.

Auditors' reports were presented to show that the company lost \$6,000 on its operation in Tahoka last year. Red declared that with a 10 percent increase in employees salaries, increase in costs of materials, and higher income taxes, the company would be forced to curtail service if the raise were not granted. The report shows the local plant is valued at \$148,339. The 1950 income was \$45,000, and the expenses \$51,000.

He declared the Company has scheduled installation of dial equipment here in 1953, but would not even guarantee that these new rates could be maintained if and when the dial system is installed.

Members of the Council are: James K. Applewhite, mayor; E. R. Edwards, R. H. Gibson, Herman Heck, Joe Bob Billman, and H. G. Hodges, aldermen; Russell McGee, auditor. Hodges did not vote on the issue.

## Plaintiffs Win Damage Suit

Damages totaling \$10,000 were awarded the plaintiffs in a damage suit tried before a jury in district court here last week, the case being entitled Nancy Sue Sargent et al vs. Carl Williams and Jerry Williams.

The suit grew out of a car accident at about 8:30 p. m. the night of April 28, 1951, on U. S. 87 near Cooper, Lubbock county. Jerry Williams, 13, son of Mr. and Mrs. Carl Williams, was driving a 1947 Chrysler, also occupied by Nancy Sue Sargent, 13, daughter of Mrs. Frankie Sargent, and Betty Lou Smith, 14, daughter of Mrs. Bessie Russell. The Sargent girl was seriously injured and the Smith girl slightly injured.

Damages were awarded in the sum of \$6,000 to Nancy Sue Sargent, \$500 to her mother, Mrs. Frankie Sargent; \$3,000 to Betty Lou Smith, and \$500 to her mother, Mrs. Bessie Russell.

Plaintiffs were represented by Calloway Huffaker and Mitchell Williams, the defendants by Cresshaw and Marbut.

## FFA Boys Place At Area Contests

Tahoka FFA boys won third place in the Junior-Senior Chapter conducting held at Post November 14, Mr. V. F. Carter, vocational agriculture teacher presided.

Ten boys from the third year class and ten boys from first year agriculture attended the meet. Boys from Meadow High School won first, with Wilson placing second.

# Bulldogs Place Six Players On All-District Team

Tahoka Bulldogs placed six men on the mythical District 6-AA all-district football team. Coach Bill Haralson announced this week.

They are:  
Backs: James Foster and Lynn Halamieck.

End: Bill Short.  
Guard: Wiley Curry.  
Tackle: Earl Bartley.  
Center: Wayne Tekell.

Coaches from the five district schools met some time ago and made the selections, but it was agreed not to announce the mythical team until Tahoka had completed its play as the District champion.

Twenty-four boys were selected to the all-district team. No coach was allowed to vote for his own boys. The intention was to select two men for each position, but there was a tie vote on a couple of backfield players and a couple of centers. Therefore in each case both boys were named for the honor. Incidentally, neither of the ties involved Tahoka players.

Tahoka and Ralls each placed six men on the team. Post and Spur each placed five, and Slaton placed two.

The complete all-district team follows:

Backs: Jack Kirkpatrick, Post; James Foster and Lynn Halamieck, Tahoka; Charles Grimland, Spur; Jerry Reynolds and Duane Sooter, Slaton; Alvin Roznosky, and Don Bennett, Ralls; Paul Simons, Spur.

Ends: L. W. Evans, Post; Bill Short, Tahoka; Charles James, Ralls; and Dean King, Spur.

Tackles: Earl Bartley, Tahoka; Cletus Graves and Buddy Davis, Post; and Bill Cooper, Ralls.

Guards: Wiley Curry, Tahoka; Tommy Scroggins, Ralls; Larry Smith, Spur; and Cletus Graves, Post.

Centers: Wayne Tekell, Tahoka; Toby Williams, Spur; and Bobby Alsup, Ralls.

Mr. and Mrs. Bill Baskerville of Vernon were here Sunday visiting Mr. and Mrs. C. E. Woodworth. He is Mrs. Woodworth's nephew.

STAMP PADS for rubber stamps now available at The News.

Six weather stations, operating in the Arctic regions, record weather observations for accurate short range forecast and accumulate research data for long range forecasting. Five of the stations established in 1947, are operated jointly by the United States and Canada while the sixth is a joint operation of the United States and Denmark. Reupply of this chain of Northern outposts has been a yearly mission of the U. S. Navy. Task Group, commanded by Captain Walter C. Ford, U.S.N. of Buffalo, New York, was composed of the Atka, a navy icebreaker; The East Wind, a coast guard icebreaker; USS Wyandot, and the USS Acheener, cargo ships and the USS Nesplon, a tanker. Supplies for the coming year were unloaded at central weather stations at Thule, Greenland and Resolute Bay, Cornwallis Island. From these central points supplies for the satellite stations are flown by planes of the United States and Royal Canadian Air Force.

### RELATIVES VISIT IN J. J. WALDREP HOME

Relatives who enjoyed Thanksgiving dinner in the J. J. Waldrep home included four of their children, ten grandchildren, three great grandchildren, a brother, sister, and a niece.

The children and their families are: Mr. and Mrs. Walter Dubbs, Rusty and Jerry of Concord, Calif.; Mr. and Mrs. Buster Roberts, Joe Kenneth and Billy of Welch and their daughter Nelva June who is attending college at Canyon; Mr. and Mrs. Joe Waldrep, Barbara Ann, Joe Keith and Glenda Kay of Wells; and Mr. C. E. Waldrep of Union in Terry county.

The grandchildren and their children present were: Mr. and Mrs. James Choate and Ralph of Big Spring and Mr. and Mrs. D. D. Lavender, Tresea, and Darvey D. Jr. of Tahoka.

Also present was Mr. Waldrep's sister, Mrs. Amelia Turner of Tahoka and her daughter, Mrs. Edie Lynch of Brownwood; and Mr. Waldrep's brother, L. E. Waldrep of Hamilton.

Mr. and Mrs. P. E. Askew of the Wells community dropped in for a visit in the afternoon.

Buy U. S. Savings Bonds.

### Sgt. Ken Freeman To Officers School

Sgt. 1/c Kenneth J. Freeman, son of Mr. and Mrs. J. O. Freeman of Tahoka, has been selected to attend Officers Candidate School at Fort Benning, Georgia, according to Capt. Donald J. Thomas of the 4th Infantry.

Freeman is currently Assistant Regimental Supply Sergeant with the 4th Infantry, U. S. Army, stationed in Alaska. He will leave on about Dec. 15 for Tahoka to visit his parents before reporting to OCS.

Sgt. Freeman, a graduate of Tahoka High School, has been in Alaska since Sept. 5, 1950. He received training at Fort Ord, Calif., clerk-typist school, and at Fort Lewis, Washington.

Wilburn Reagan of Portales, N. M., was here this week visiting his grandparents, Mr. and Mrs. J. R. Wyatt. He has been a Linotype operator for the Portales Daily News, but expects to be inducted into the Armed Services next Tuesday at Albuquerque. Wilburn learned the printing trade in The News shop here.

Have news? Call The News.

### Bridal Shower For Mrs. Wheeler

Mrs. Jessie N. Wheeler, formerly Mary Beth Russell, was complimented when Mrs. Lee Shockley gave a bride shower Wednesday afternoon in her home at Joe Stokes.

The table centerpiece was a bride surrounded by Autumn leaves and plate favors were miniature bride bouquets.

Individual bride cakes and coffee were served to Mesdames Jim Bob Smith, Leard Arms, Robbie Gill, W. A. Arms, J. W. Wilson, Alvin Shambek, Bunk Gill, David Peterson, N. D. Leavitt, Jerry Harston, N. A. Dean, Jesse Wilson, Summers, Betty Smith, M. C. Overman, Buddy Smith, Hillary Smith, Carty, Daisy McCullough, Tom Russell, Moman Johnson, Claude Lelew, J. R. Strain, Lee Shockley and the honoree.

Those sending gifts were: Mmes. Loyd McCormick, H. A. Parris, Cheatham, Barney Mayfield, T. A. Niblack, Sr., C. L. Murray, Peggy Summers, J. D. Phillips, Alex Sanders, Wilmer Smith, Gene Roper, L. B. Taylor, Bill Balch, Burr Morrow, Thad Smith, J. A. Barnett, Rhea Pierce, M. A.

### Rebel Thomas Has Some Fine Cotton

Irrigation has really paid off this dry year for those farmers who have irrigation wells.

Rebel Thomas is one of the farmers who has a lot of dry land cotton, and several plots under irrigation also.

Rebel's best irrigated cotton is on his farm two miles north of Tahoka. On one 40-acre irrigated tract he has harvested 40 bales from 42 acres, and has 15 or 20 bales yet to pull from the field.

On this patch of Western Prolific cotton, he planted two rows and skipped one, and possibly would have had better than two bales to the acre if he had planted every row.

His irrigated cotton on the Gaignat farm, however, will not turn out quite so well.

J. F. Stewart has been suffering from sinus trouble and other ailments for the past four weeks but seems now to be slowly improving.

Shockley, J. H. Kornegay, Larry Walker, T. D. Chatman, Misses Graham Hard and Freedy Barrett.

"Winterizing" is MORE than just a dash of anti-freeze in the radiator. You need a peppy battery for cold starts; the right grade of oil in your crankcase; careful check on brakes, lights, and windshield wipers, springs and shock absorbers. Drive up now for complete service!

**Christian Training of 400 Boys and Girls to be Feature on Methodist Home Radio Program**

This group of boys from the Methodist Home, Waco, Texas, will be heard on the Home's regular Sunday morning broadcast December 2. They are shown singing one of their favorite hymns, "Halleluiah."

Christian training for 400 boys and girls at the Methodist Home, Waco, Texas, will be portrayed in the Home's regular Sunday morning radio broadcast at 8:15 December 2. The life story of one of the Home's boys who chose the Methodist ministry for his life's work will be told. The young man whose life has been dedicated to the ministry was salutatorian for his high school graduating class.

Appropriate music will be furnished by the Methodist Home Choir and a speciality number will be offered by a group of boys whose picture is shown above.

Radio stations in Texas and New Mexico who are cooperating in broadcasting the programs are: WFAA, Dallas; WOAI, San Antonio; KPRC, Houston; KRIS, Corpus Christi; KRGV, Weslaco; KGNC, Amarillo; KRQD, El Paso; KGGM, Albuquerque; KFYO, Lubbock; KPDM, Beaumont; KFRO, Longview; KVAL, Brownsville; KERB, Kermit; KTVC, Austin; and KBST, Big Spring.

**Legion Waging Membership Drive**

The first 100 veterans of the Armed Forces to pay up their 1952 American Legion dues will be eligible to attend a supper to be given by the organization in the near future, according to Jess Gurley, Post commander.

Korean veterans are eligible to join the Legion, Gurley says, and wives are eligible to join the Auxiliary.

"You had better hurry to be one of the first 100," Gurley declares.

Service veterans should contact one of the following Legion members: Clint Walker, W. S. (Skip) Taylor, F. W. Chapman, Charles Verner, or Perry Walker.

Mrs. C. C. Donaldson left Wednesday for Fort Worth to spend the week end visiting her son and wife, Mr. and Mrs. Claude Donaldson Jr.

**Lynn Listed As Oil Producer**

Recent reports on 1950 oil production list Lynn county for the first time among the oil producing counties of Texas.

The Draw (O'Donnell) pool, discovered in 1950, produced 22,735 barrels of oil during the remainder of last year, according to data gathered by the West Texas Chamber of Commerce.

Eighty-three of the 132 West Texas counties are oil producers and five produce natural gas. Lynn was the only county added to the list in 1950.

Most of Lynn's production is from the Magnolia Garza No. 1. The nearby Dulin well, also a producer, was recently reacidized, but The News has received no information on the results.

**Baptists Planning Christmas Program**

At a meeting of teachers and officers of the Baptist Sunday School Wednesday night, Superintendent Pat Hutchison presented a plan for a "White Christmas" service, at which gifts might be made by classes and by individuals for the relief of the needy people in Tahoka and in a number of the charitable institutions of the denomination, such as Buckner Orphans Home, the Home and School for underprivileged boys situated at Round Rock, the Mexican Orphanage, etc.

Committees are being named by Mr. Hutchison to handle every phase of the event, which was set for Sunday night, December 16. The plan will be fully explained to the various classes and departments of the Sunday School on next Sunday.

Advanced planning and preparation for the Christmas dinner plus the use of the home freezer can help take the homemaker out of the kitchen on Christmas Day.

Farmers are urged to take delivery now on the fertilizers they will be needing next year. Fertilizers can be stored on the farm without loss if kept in a dry building and stacked so the air can circulate around the bags.

Increasing inventories suggest that manufacturers, wholesalers and retailers are overstocked in some items and that, eventually the buyer may expect a temporary reduction in price.

THE LYNN COUNTY NEWS,

Friday, November 30, 1951

### MEXICAN PAYS FINE FOR AGGRAVATED ASSAULT

Victor Felon was assessed a fine of \$35.00 and costs in county court here this week on a charge of aggravated assault. He is alleged to have attacked another Mexican at a dance hall south-east of the square Saturday night. Another Mexican was arrested and fined for drunkenness.

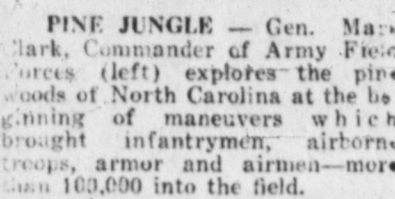

Frank Decker, who has been confined to his home most of the time from illness for the past three or four weeks, is now able to be up again but still not able to be out much.

Closest space-saver: a hanger with washable plastic quilted pockets on both sides for holding shoes, handbags, slippers.

### H. P. Cavenes Is Slowly Improving

H. P. Cavenes, who underwent a very serious operation two weeks ago today (Friday) in the Plains Hospital in Lubbock, was reported as late as Tuesday of this week to be steadily improving.

Having to remain on the operating table almost seven hours, according to reports of friends, he was so weakened and exhausted when removed from the table that family and friends were very much concerned as to whether or not he could recover from the ordeal. Within a very few days, however, he began to show marked improvement and it is hoped now that he may soon be able to be returned to his home.

PINE JUNGLE — Gen. Mark, Commander of Army Forces (left) explores the pine woods of North Carolina at the beginning of maneuvers which brought infantrymen, airborne troops, armor and airmen—more than 100,000 into the field.

### Mechanization Of Peanut Farming

COLLEGE STATION. —Peanut production has become almost completely mechanized in the West Cross Timbers area of Texas.

A recent study made by the Texas Agricultural Experiment Station and the U. S. Department of Agriculture reveals that most of this mechanization has taken place in the past 10 years.

M. N. Williamson, formerly associate professor of agricultural economics at Texas A. & M. College, points out that the adaption of machine methods has greatly reduced the labor requirements of producing peanuts in this area.

The man hours of labor necessary for growing peanuts to harvest were reduced by nine hours per acre by the change from one-row horse-drawn equipment to two-row tractor-drawn equipment.

The introduction of adapted machinery for plowing out and piling the peanut vines before threshing further reduced the required man hours of labor per acre by about 11.

And the substitution of combines for stationary threshers reduced the labor required for threshing by more than three man hours per acre.

The shift from horse-drawn, one-row equipment and the general use of combines for harvesting has resulted in an average saving of about 23 man hours of labor per acre, or about 69 percent.

The total man hours of labor required per acre was only 10.5.

Williamson reports that the shift to combine harvesting was very rapid in the West Cross Timbers area. Combining of peanuts was still on an experimental basis in 1945. By 1949, an estimated 50 percent of the crop was harvested by combine. Perhaps as much as 90 percent of the West Cross Timbers peanut crop was combined in 1950.

When a stationary thresher is used for harvesting peanuts, a crew of 12 to 14 men is required. 3.2 men hours of labor and 2.4 hours of tractor time are required per acre.

When peanuts are combined, only three men, a tractor and a combine are needed, and this requires only 1.8 man hours of labor and 0.6 hour of tractor time per acre.

Peanuts have almost completely replaced cotton on the sandy soils of the West Cross Timbers area. Cotton production decreased from about 320,000 acres in 1933 to 33,000 acres in 1950. The peanut acreage increased from about 81,000 in 1934 to nearly 300,000 in 1947, when peanut allotments and marketing quotas were approved.

Although low cotton yields—resulting from insect damage, low soil fertility and soil erosion—influenced the shift from cotton to peanuts as the main cash crop, the mechanization of peanut production was the chief cause of this change.

About 13.5 man hours of labor per acre are required for harvesting cotton. Total man hours of labor required for harvesting peanuts are 3.3 per acre when a combine is used.

Results of this study are given in Progress Report 1410, which is available from the Publications Office, Texas Agricultural Experiment Station, College Station, Texas.

The weather during this season of the year—warm days and cold nights—is favorable for the development of swine flu. Swine producers are urged to be on the lookout for the disease.

## O'Donnell Wreck Takes Two Lives

(O'Donnell Index-Press)  
Two Latin-American farm workers were killed and another seriously injured in a near head-on collision of their pickup and a loaded gasoline transport at 8:00 p. m. at the South "Y" at the intersection of the business route and Highway 87 Friday night. Dead are Esteban Rodriguez, about 22 and Gilberto Martinez, about 55, both of Mathis. The bodies were taken overland to Mathis for burial Saturday.

In a serious condition in a Lamesa hospital is a 14-year-old Latin-American boy, Vivian Olivar, also of Mathis. He was still unconscious late Sunday with head injuries.

The three victims were apparently thrown from their pickup as it collided with the semi-trailer loaded with gasoline at the crossing.

The truck driver, Dewey M. Criswell, 24, of Crosbyton was injured. The laborers were employed on the L. H. Cook farm four miles southwest of here and had been here for about a month, an uncle said.

Investigating Highway Patrolmen said the pickup was apparently entering the intersection from the O'Donnell business route. Criswell told officers he was traveling north on his way to Crosbyton when the accident happened. It was not known which of the three was driving the pickup but the vehicle belonged to Rodriguez.

The left front of the pickup was smashed and the right front fender of the truck was crumpled. The impact spun the pickup around in the middle of the crossing apparently hurling the two men to their death. All three were friction burned and bruised where they skidded on the pavement. Judge Horace Brunette ruled accidental death in his inquest at the scene of the crash.

**Dangerous Crossing**  
In recent years the South "Y" has had a higher death toll from accidents than the North "Y". In the past year three have met death there.

Firmness and crispness are characteristic of salads which contain apples.

**COMBAT PHOTOGRAPHER**—These pictures of the Army-Air Force maneuvers in Exercise Southern Pine were made by scores of alert cameramen who had long hours of duty and exacting work. Cpl. Jack B. King, camera technician, makes a routine inspection of a K-4 aerial camera. Cpl. King, of Pennington Gap, Va., is on duty with the 160th Tactical Reconnaissance Squadron.

## Bond Sales Here Are Very Light

Lynn County's sales totaled \$19,875 during the first U. S. Defense Bond drive, Nathan Adams of Dallas, state chairman, informed Truett Smith, local county chairman. The drive was held from September 3 through November 13.

Final figures showed that Series E bonds accounted for all sales.

## JUNIOR 4-H CLUB IS FORMED IN TAHOKA

The Junior 4-H club boys met Tuesday, November 27, in room 6 of the grade school building under the supervision of Bill Griffin, county agent.

Mr. Griffin asked the members to be deciding what their projects will be. Also, officers were elected for the coming year. They are: Bill Boss Smith, president; Vernon Jack Redwine, vice-president; Ronnie Walters, secretary; and Lynn Cook, reporter.

Daniel Davis of Amarillo and Mr. and Mrs. Sherman Davis of Lubbock were here this week visiting their brother, Otis "Friday" Davis, who underwent an emergency appendectomy at Tahoka Hospital Monday night. He is reported to be recovering nicely.

## Tahoka Is Proud of Its Bulldogs!

(An Editorial)

A year ago this week, The News carried a front page editorial extolling the virtues of the 1950 Bulldog football team—a bunch of stout-hearted, clean-living boys, who won five out of nine games when the odds were against them.

To this day, that tribute to those boys still holds! Most of those same boys are members of the 1951 team which won the District 6-AA championship.

Some people are prone to criticize the sports program in our schools as a waste of time, an expense, and a threat to life and limb. We can answer these arguments, we believe, simply by citing the thirty members of the Bulldog football squad. For, in these boys, athletics has helped develop clean moral living, clear thinking, physical stamina, and has furnished them (and several hundred fans) wholesome recreation. It has kept them off the streets and highways and away from debasing temptations, possible car wrecks, run-ins with the law, etc.

We say again, the 1951 football squad is an unusual bunch of kids.

They have trained religiously, practiced sportsmanship, and are due the plaudits of all people of this school district.

There have been few, if any, discipline problems. At Thursday night T-Club meetings each week (with no coaches or other adults present), the boys worked out their own problems of discipline, discussed mistakes, etc., in an effort to help each other.

Co-operation on the team has been complete. If there has ever been any jealousies at all, coaches and others close to the boys have not been able to detect it.

Relations between these boys and their parents has been outstanding. The Bulldog Mothers' Club, organized last year, has backed the boys all the way, giving them encouragement, cheered them in defeat and in victory. After each home game, it was heart-warming to attend the dinner in the school cafeteria given by the Mothers. Here gathered the boys, their parents, brothers and sisters, coaches, and sometimes their girl friends—one big family. Only speech ever made at these meetings was a tribute to the mothers, given by a Bulldog. But, there was something electrifying in the air at these little after-the-game get-togethers, and we hope future teams, and their parents, will carry on this fine tradition.

We say again, the praise Tahoka has been giving these boys is justified. Their coaches and teachers and parents also deserve praise for their counsel, leadership, and guidance.

Most of these same boys you'll be seeing on the basketball court the next three months. If you believe in rearing these kind of young people in Tahoka, give them a hand! They will marry your daughters. They will guide Tahoka's destiny in the future!

## Sewing Machines Bought By School

Two new electric sewing machines were purchased this week from the Hamilton Auto Supply for the use of the Home Economics department at Tahoka High School.

The machines are dark brown in color and are manufactured by the Free Westinghouse company. All three Homemaking classes will use the machines.

Andrew J. Heire, officer of the Advertising Club of New York: "The true measure (of a newspaper) is how honestly and accurately and clearly the news is reported."

## FIRST SANTA CLAUS LETTER RECEIVED

The News this week received the first letter to be forwarded to Santa Claus.

Dear Santa: I am a good boy. Please bring me chaps and two guns. Love, Elton George.

Mr. and Mrs. C. B. Ballantyne of Del Rio have been here this week visiting their son-in-law and daughter, Mr. and Mrs. Hollis Brice, and more particularly their first granddaughter born Monday at Tahoka Hospital. Mr. Ballantyne is a Del Rio businessman. He returned home Wednesday, but his wife will remain here a few days.

## New Oil Test Is Well Underway

The Anderson-Prichard Oil corporation and Ronald Jarrett of Midland No. 1 Mrs. B. E. White 14 miles northwest of Tahoka, in the Petty community, is reported drilling at about 4,000 feet in anhydrite.

The test is located on section 154, certificate 708, HE&WT survey.

The Benedum & Trees No. 1 J. B. Moore test, a mile and a half northeast of O'Donnell, early this week was reported near the Spraberry at 6,810 feet in sand and shale, with no shows as yet. It is slated for 10,500 feet, and is located in section 47, block 8, EL&RR survey.

In the extreme southwest corner of the county and cutting lime and shale at 11,632 is the Cities Service Oil company's No. 1 Gregory. Contract depth is 12,500 feet to test the Ellenburger. Location is in section 12, block C-41 PSL survey.

Rumor has it that another wildcat will be started in Lynn county at an early date.

Firman E. Bear, head of Soils Department, Rutgers University: "There is reason to believe that many weeds make highly important contributions in mobilizing minor elements in the soil."

Vension may be processed similarly to beef and lamb and this includes curing and freezing.

Have news? Call The News.

## TAHOKA 4-H CLUB BOYS ELECT YEAR'S OFFICERS

On November 27, the Tahoka 4-H Club boys met and elected the following officers: Haynes Howie, president; W. H. McNeely, secretary; Donald Williams, vice president; and Floyd Brasher, reporter.

All the 4-H Club boys were given 4-H Club calendars courtesy of the Lynn County Tractor company.

The next meeting will be held December 11 at the Tahoka Grade School.

Combining of peanuts in the West Cross Timbers area was still in the experimental stage in 1945 but by 1950 an estimated 90 percent of the acreage was combined. This change has resulted in an estimated saving of 69 percent on labor needed for harvesting peanuts in the area.

## Two More Bales Given To CROP

The fourth and fifth bales of cotton were given to the Christian Rural Overseas Program in the Wilson community during the last week. One was given by Alfred Krause and the other was given by Martin Wuensche. The cotton was ginned and processed free by the Gatzki Gin and the Wilson Coop. Gin. There is also a report from the New Home community that they will have their first bale before the end of the week.

The state CROP headquarters have asked that all available cotton be shipped to Houston immediately for shipment on the Texas Friendship Food and Fiber ship which will leave December 13. This ship will go to the Orient countries, to be distributed by the missionaries of the respective churches which gave the cotton. The cotton will be processed and made into clothing by the people using it. The majority of the cotton of the South Plains will be shipped on the next ship. The program in this area will continue until January 10.

Every community chairman should contact Rev. C. C. Ehler, Wilson, phone 2162, for shipping instructions when he has cotton ready to ship. All community chairmen should give periodic reports of progress to N. E. Wood, County CROP Chairman, at the Soil Conservation office in the court house at Tahoka.

## Congratulations:

Mr. and Mrs. Elmer Conrad, Rt. 3, O'Donnell, on birth of a son, Eddie Lee, weighing 5 pounds 4 ounces, at 11 a. m. Nov. 15, in a Lamesa hospital. Mr. and Mrs. Frank Bryan of Tahoka and Mr. and Mrs. H. Y. Conrad of O'Donnell are the grandparents. Mr. and Mrs. W. B. Gollehon of Pecos, formerly of Lynn and Garza counties, are great grandparents. The mother is the former Miss Myrtle Frances Bryan of Tahoka.

Mr. and Mrs. Joe Lewis on the birth of a daughter weighing 5 pounds 9 ounces, at 10:00 p. m. Sunday in a Lubbock hospital. The father is a carpenter.

Mr. and Mrs. R. C. Harp on the birth of a daughter by caesarean operation at Tahoka Hospital at 9:06 a. m. Nov. 21. She has been named Judith Gayle. The father is with the Continental seismograph crew here.

Mr. and Mrs. Hollis Brice on the birth of a daughter, named Jana Lee, weighing 6 1/2 pounds at Tahoka Hospital Monday at 2:17 p. m. The father is employed by an oil company at Lovington, N. M., and is the son of Mr. and Mrs. Jack Brice.

## Mysterious Grave Sites Dot Tropical Marianas

An American expedition has taken the field on Saipan, second largest in the tropical island chain, for a campaign of archeological detective work aimed at unraveling the mystery of early civilization in the western Pacific.

"Clues" in abundance exist, but scientists have yet to wrest from them the story of the vanished people who once inhabited the archipelago. Four of the 15 Marianas—Saipan, Guam, Rota and Tinian—are dotted with prehistoric burial sites, believed to have been erected centuries before the discovery of the islands in 1521 by Ferdinand Magellan.

Usually marked by double rows of upright stone pillars, these graves until recently were regarded with suspicion and even fear by the Chamorros, who were native to the islands when the white man first came. Much of this apprehension now has disappeared, although the natives show scant curiosity about the secret of the monuments.

That is because the historic sites are meaningless to the present-day inhabitants. The story of their significance evidently was lost to the Chamorros centuries ago, if indeed they ever possessed it. Yet, judging by sheer numbers alone, the graves once represented an important feature of the islands' culture.

Guam itself boasts several hundred monuments, but only a handful ever have been excavated. These few have yielded sufficient archeological material, in the opinion of antiquarians, to make preservation and study of the untouched sites worth while. The same holds true for graves on the other three islands.

## Educational Revolution In Process, Educator Says

Dr. Edwin S. Burdell, Director of The Cooper Union, has characterized the 20th century as the century of the educational revolution.

"The startling implication of the last half century of development is that just as the 19th century has been called the century of the industrial revolution, so the 20th century is well on the way to becoming the century of the educational revolution," Dr. Burdell declared.

The increase of more than two million enrolled college students in a half-century and the even greater increases to come, have created shortages of qualified teachers, classrooms, libraries and laboratories, Dr. Burdell said.

"But the two problems that transcend all others are: first how to achieve a reconciliation between teaching a student a body of facts and educating him to sense of values, and second, through this achievement to prepare man's mind to control the life and death forces involved in the release of atomic energy.

"Facts are important, but of greater importance is what we make out of them. Knowledge and wisdom have to be woven into the fabric. At no previous time in the history of man have so many trained persons been working on facts. Unfortunately, the funds and personnel for physical research far outstrip those for social research, with the result that the storehouse of facts on the physical world is bulging whereas the pursuit of social studies lags in comparison.

## Office With Yellow Walls

"Visual coolness," a term used by color experts, is well illustrated by a case history of an office that has walls painted in soft yellow. In the winter, the temperature was kept automatically at 70 degrees and the stenographers who worked there never once complained of the cold. The following summer the walls were painted a dull slate blue and soon after the next winter began the stenographers started to complain of feeling cold. Frequently they wore sweaters and coats at their work. Pointing out that the thermometer constantly registered 70 degrees—just as it had the previous winters—didn't do the slightest good. It was necessary to keep the heat several degrees higher for the balance of the cold season. The trouble was traced to the "coldness" of the slate blue wall color and before winter came again the walls were repainted in a warm, but light, tint.

## How Radar Works

Despite the "miracle" accomplishments of radar in the past decade, and the complexity of the equipment used, radar principles are simple and long-known. The mountaineer shouting across a canyon and receiving back an echo from some distant cliff wall is illustrating a form of sound radar. The bat that emits high-pitched sounds and then guides itself by their echoes, from the walls of a dark cave is also using sound radar. In the same way, radar units work on the "echo" principle. A powerful beam of ultra-short radio waves is projected from a transmitter. This beam, probing through all points in space, eventually meets a target. The portion of the beam striking a target literally bounces back to its starting point, just as the mountaineer's voice returns to him from the cliff wall.

## Postoffice Opens Christmas Season Today; Early Mailing Is Suggested

Postmaster Happy Smith opened the Yuletide season officially today. He issued his annual appeal for early mailing of Christmas greeting cards and gift packages.

"It's later than you think!" the postmaster warned. "Most people wait until middle December rolls around before they give the increasingly heavy Christmas mails a second thought."

The postmaster expects the greatest flood of Yuletide mail in local history. He predicted it would exceed "by a considerable margin" the record-breaking 1950 holiday season when 300,000 pieces of mail were cancelled.

"This year's deluge of Christmas mail will strain post office facilities severely," he stated. "But we'll get everything delivered by Christmas, if the public cooperates wholeheartedly."

Christmas packages for distant states should be mailed by Dec. 5, he declared. All Yuletide parcel post should be on its way by Dec. 10.

Christmas cards to friends and loved ones in other states should be deposited by Dec. 15. Greetings for local delivery should be mailed at least a week before Christmas.

Preparations to handle this Yuletide rush have already begun. The post office is training extra mail clerks and carriers, setting up new sorting tables, hauling out reserve mail sacks, and overhauling delivery trucks.

To keep Christmas mail on schedule, the postmaster asks that you—

1. Stop at the post office next week to purchase the extra stamps you're going to need, thus avoiding last-minute crowds. When buying stamps for Christmas cards, bear in mind the desirability of sending the cards by first-class mail. The rate for unsealed cards is 2 cents and cards mailed in this way do not rate forwarding or return services.

2. Check and revise your Christmas card address list this weekend. Purchase your Christmas cards early and address and stamp the mat once. Then put them in a convenient place for mailing at the proper time.

3. Lay in adequate supplies of heavy cardboard, sturdy outer paper, strong cord and printed fourth class labels, for wrapping parcel post. Packages are limited to 70 pounds in weight, and must not measure more than 100 inches in length and girth combined. Repeat the address inside the outer wrappings, in case they are damaged in transit.

"Above all," the postmaster said, "please address plainly and completely. Give the full name, house number, street, name of city, zone, and state. And don't forget to write your return address on Christmas card envelopes. Authorities on etiquette say it's perfectly proper, because it helps people bring their address books up-to-date. But a return address is frequently even more helpful to us!"

## Talent Show Is Monday Night

Final entries in the Senior-sponsored Talent Show to be held Monday night in the grade school gym must be completed by 4:00 o'clock today, Mr. Floyd Tubbs class sponsor, has said.

Since no towns people have entered, it has been decided that New Home High School students will be eligible to enter. There will be two divisions, grade school and high school.

Prizes will be given away to first, second, and third place winners.

Admission prices are 50 cents and 25 cents. Special tables may be reserved for a slight charge.

## NEW HOME GIRLS WIN HARD GAME

The New Home girls basketball team won a hard fought game over Smyer by a score of 47 to 32 Tuesday night. Sue Beth Cowan took high point honors, scoring 36 points.

The boys lost their game 46 to 12. Bob Smith was high point man for New Home.

The two teams go to Wilson for a tournament next week.

## Class Favorites For '51 Named

High School favorites, to be pictured in the 1952 edition of the "Kennel," were elected this week by classes.

Favorites chosen were Sylvia High and Wayne Tekell, Seniors; Frances Flint and Charles Hyles, Juniors; Joy Tomlinson and J. B. Ables, Sophomores; Jeanell Martin and Roswell Bartley, Freshmen; and Virginia Gable and Gordon Smith, Eighth grade.

## THS Basketball

(Cont'd. From Page 1)  
B boys games will play each night, except in the tournaments, and the girls team will play where indicated. Games with Ralls, Spur, Slaton, and Post (marked \*) are conference games.

The complete schedule follows:  
Dec. 4—Tahoka at Seagraves.  
Dec. 6—Seagraves at Tahoka.  
Dec. 7 and 8—Brownfield tournament.

Dec. 10—Tahoka at Sudan.

Dec. 18—O'Donnell at Tahoka, boys and girls.

Dec. 20—Brownfield at Tahoka.

Jan. 2—Tahoka at Levelland.

Jan. 4 and 5—Andrews tournament.

Jan. 8—Tahoka at O'Donnell, boys and girls.

\*Jan. 11—Spur at Tahoka, boys and girls.

\*Jan. 15—Ralls at Tahoka, boys and girls.

Jan. 18—Tulia tournament.

\*Jan. 22—Tahoka at Post, boys and girls.

Jan. 29—Sudan here.

\*Feb. 1—Tahoka at Slaton, boys and girls.

\*Feb. 5—Tahoka at Spur, boys and girls.

\*Feb. 8—Post at Tahoka, boys and girls.

Feb. 12—Tahoka at Ralls, boys and girls.

Feb. 15—Tahoka at Brownfield.

\*Feb. 19—Slaton at Tahoka, boys and girls.

Practicing safety with guns in the fields or woods is a good conservation practice that applies to both humans and wildlife. About two-thirds of all hunting accidents result from humans in the line of fire, mistaking humans for game and hunting with the safety catch off on the gun.

## Mexicans Involved In Cutting Scrape

DeLeon Seledonis, Mexican, is recuperating in a Lamesa hospital from knife wounds he received Saturday night while incarcerated in the O'Donnell jail. Julia Garza is in jail here

charged with aggravated assault as a result of the cutting. Seledonis received knife wounds on the neck, stomach, and chest. Sheriff "Slick" Clem told The News Garza was arrested Saturday night at O'Donnell for drunkenness. Before placing the man in jail, the Deputy Sheriff search-

ed the man but failed to detect a knife hidden in his shoe. About thirty minutes later, the Mexican started carving his cell companion.

# Anson Overpowers Tahoka In Bi-District Tilt

Tahoka Bulldogs, champions of District 6-AA, took a 27 to 0 licking from the Anson Tigers, District 5-AA winners, in that city Thanksgiving afternoon before a crowd of 3,600 people, fully 800 of them from Lynn county.

It was a game, little team against a big team, bruising powerhouse outfit which outweighed the Tahoka boys 18 pounds to the man.

However, the game was better than the score indicates. Anson first scored early in the first half, the first time they had the ball. The Bulldogs held them scoreless until in the fourth quarter, when Anson scored three times. This scoring came after the Tahoka boys had been worn down by the big hard charging, vicious tackling Tigers, which made necessary Tahoka calling on reserves.

Quarterback James Foster tagging a phenomenal passing attack, completing 16 out of 21 passes to Lynn Halamicek, Bill Short, Joe

Brooks, and Benny Brookshire, whose catching was equally phenomenal. Only four passes were incomplete, and one was intercepted.

Twelve boys on the Bulldog squad were playing their last game, and the entire squad fought their hearts out and were completely exhausted at game's end. The Tahoka fans who saw them play this one left the game still proud of their boys. They had done their best.

Anson played straight power football most of the way, and the Bulldogs were never able to stop consistently the 190-pound fullback, Kenneth Scott, who carried the ball 23 times for 83 yards in the game. Anson's big line stopped the Tahoka running attack, and tromped down the Tahoka boys for Anson's gains.

First Quarter  
Tahoka received the kickoff, but could not go, and kicked to the Anson 37. With big Scott, 160-

Tahoka	Anson
8	16
28	239
21	8
16 for 133	4 for 65
0	1
5 for 29	5 for 26
3 for 35	9 for 85
4 for 41	2 for 1
1	3

bound, Quarterback Kenneth Helms, and powerful little Willie Goza, 145, carrying, Anson marched for five successive first downs, with Scott bulging through the line one yard for the first touch down. Goza rammed the line for the conversion. Score, 7 to 0.

Center Wayne Tekell covered the short kickoff on the 46, but Tahoka made only 7 on three running plays and kicked. Anson couldn't go, kicked to Tahoka's 30, and on the next play intercepted a Tahoka pass on our 38. Eight plays and a 15-yard penalty later, Anson was backed to the 43, from which point they kicked to Tahoka's 7. Brookshire made five, another play failed to gain, and Lynn kicked 48 yards to Anson's 50.

Second Quarter  
Anson fumbled on its second play, and Tahoka recovered, but four plays carried only to the Anson 32. Here, Tahoka again covered an Anson fumble. Halamicek made a shoe-string catch of a Foster pass on the Anson 18, three plays lost 11, and Halamicek caught another on the Anson 19, where the ball went over. The ball changed hands twice with neither team able to gain consistently and the half ended with Anson backed up on its 33.

Third Quarter  
Anson received the kickoff, but could not move and kicked. Neither could Tahoka, and kicked. Anson seemed to have a drive underway, when Tahoka recovered a fumble on its own 38. The Bulldogs now got a drive underway taking the ball to Anson's 38, but fumbled and Anson recovered. From that point, with several Tahoka boys out of the lineup with injuries, Anson marched on line plays to Tahoka's 17.

Fourth Quarter  
Five plays later, the pile-driving Scott powered over for a TD from four yards out, and Center Wayne Connell kicked the extra point. Score 14-0.

Tahoka made a first down on a pass, after receiving the kick-off, but lost 1 on two plays, received

a 15 yard penalty back to the 31. Foster's pass to Halamicek was good for 25, one yard short of a first down. A fourth down line play gained nothing, and the ball went over. From this point, Tahoka's 46, Anson moved to the 40 on three plays. On fourth down, from punt formation, Murray Owens heaved a long pass to End Jerry Bingham, who took the ball on the 15 and went over to score. Connell's kick was good. Score 21 to 0.

Anson covered an on-side kick off on Tahoka's 48, and four plays later, with Halamicek, Foster, Wayne Martin, and Don Brice now out of the lineup from exhaustion or injuries, K. A. Goza took a pitch-out and went 40 yards around right end to score. The kick was not good. Score 27-0.

Tahoka's first string backfield went back into the game. Halamicek brought the kickoff back to the 37. A pass to Brookshire was good for 17; on the 48. It was here that Tahoka pulled one of the most sensational plays of the year, though it went for naught. Foster faded to pass. Three or four Tiger linemen were breathing down his throat. He faded again, and could not get loose to even cock his arm. He faded a third time to the 18, 30 yards behind the line of scrimmage, and somehow from among the Anson defenders heaved a long one to Bill Short on the 40, the play ending on the 48, where it started.

Brookshire took a pass for four yards, Halamicek made 10 around end to the Anson 42, then caught a pass that carried to the Anson 19, but the play was called back by a 15 yard holding penalty. A pass to Short who lateraled to Halamicek was good for 17, a pass to Short carried to the Anson 23 and one to Halamicek carried to the 11, where the drive was cut short by the final gun.

Wiley Curry played a great game at blocking back. Wayne Martin went out in the third quarter with a head injury, but was not seriously hurt. He and Don Brice, John Curry and John Foster, Earl Bartley, Steve Slover, Billy Stice, Roy Elliott, Short, Brooks, Richard Havens, and Tekell put up a game fight in the line but were too badly outweighed.

The game was a disappointment to Tahoka players, coaches, and fans, but they had the satisfaction of knowing the game was well played.

Halftime Show  
The bands put on a colorful halftime show for the big crowd. Tahoka's band drew the admiration of the crowd by its fine performance.

The Anson band, in unique red and white striped uniforms, put on a colorful exhibition, featuring some instrumentalists, a twirler, and an "educated horse" from Hardin-Simmons University.

## Tech Planning Band Clinic

LUBBOCK, —Tunes will be a dime a dozen December 7-8 when 1,500 high school bandmen, each with a horn, meet for the ninth annual Texas Tech band clinic.

Musicians from 40 to 50 bands in Regions I, II, and VIII, Texas Interscholastic League, are expected to participate in the two-day band clinic. The 1952 TIL contest music will be studied. Dr. D. O. Wiley, director of the Tech band, and Joe Haddon, assistant director, have arranged instructors and facilities for an estimated 1,500 junior high, Class AA, AA-I, B, and C bandmen from the Panhandle, South Plains, West Central Texas, and West Texas which are expected to send representatives to the clinic. Dr. Wiley said 1,500 bandmen attended the 1950 clinic. He believes the clinic has grown as much as it can and keep its efficiency.

Both mornings of the two-day affair will be devoted to the study of contest music for the coming year by the bands of each class. In the afternoons, the Tech band will play the different TIL contest music for the five classes in the senior high auditorium.

The ninth annual clinic will use the Lubbock High School auditorium, the Tech band hall, and both junior high school auditoriums in Lubbock.

**CARD OF THANKS**  
We would like to say Thank You in appreciation to our friends for the kind words and deeds shown us at the passing of our little grandson, Danny Smith. May the Lord richly bless you. —Mrs. M. B. Walters and family.

## Use Apples In Home Menus

COLLEGE STATION, —Apples are plentiful on the various markets this time of year and, according to Louise Mason, foods and nutrition specialist for the Texas Agricultural Extension Service, they are the most adaptable fruit for many table uses.

Delicious, Winesap, Rome Beauty, Jonathans and Wealthy are five varieties which are expected to reach the southwest area in volume. Miss Mason points out

that while all varieties are good for eating raw, the wise shopper considers the ways she is to use the apples before making a purchase. Jonathan and Winesap varieties are good for stewing, for sauces, pies and other desserts, she says. Rome Beauty and Wealthy are good baking apples. Apples are a fair source of vitamin A, thiamine, riboflavin, niacin, and ascorbic acid, essentials to good health. For variety, the specialist suggests that apples be used in the menu as apple fritters, apple stuffing or apple relish. Firmness and crispness are characteristic of salads which include apples.

Mr. and Mrs. R. C. (Ruby) Wells, Sr., and Glenn visited relatives and friends in Longview, Temple, and Dallas over the Thanksgiving week end.

## OUR HATS ARE OFF TO — THE TAHOKA BULLDOGS

— With the greatest of pleasure I would like to commend one of the finest groups of boys I've ever known, The "Tahoka Bulldogs of 1951."

You came a long way not only in winning our district, but in representing your school, city, and county in your fine, clean, sportsmanship.

Our entire season was filled with the most untiring spirit and desire to win it at all possible.

I for one, and I'm sure I speak for the entire population of Tahoka, would like to express my appreciation for the fine, clean, sportsmanship you Bulldogs have used in representing our city.

The characteristics shown by you fellows this season are the characteristics needed to be a winner in any profession.

It is an honor to call you — "OUR BULLDOGS."

PHONES 444 & 445

# Odds and Ends

(By E. I. The Elder)

Politically and religiously, nearly all of us wear only colored glasses most of the time, and so usually we see through a glass darkly. The coloring matter is prejudice—our preconceived ideas, sometimes formed without full information. A statesman is a wise, shrewd, tactful gentleman "who is on our side." If he is on "the other fellow's side," he is a mere politician. Many times the ex-

pressed views of politicians themselves are colored by self-interest. The self-interest of most politicians is identical with the interest of their respective political parties. The party out of power is constantly looking for an open gap through which it can walk into power. It spends much time in trying to open the gaps or in tearing down the fences of the party in power. Hence we have the Tafts, the McCarthys, the Wherry's and other Republican partisans who are always on the hunt for gaps in the Democratic fence and who upon every opportunity tear great holes in the fence. And if they find a little hole somewhere that a calf can wriggle through they are prone to represent it as a breach large enough for a herd of cattle to gallop through. Likewise many Democratic leaders are constantly on the hunt for breaches in the Republican fences. So it is incumbent upon the voters to acquire glasses as clear and true as they can possibly get hold of and to evaluate all criticisms at their true worth or as nearly so as possible.

Politicians—both "ins" and "outs"—sometimes permit the interest of their party to outweigh the interests of their country, and so, when we go to the polls, our greatest concern should be the interest of our country and even of the world above that of any

particular party.

Now there is another phase of this matter of party government that we need to consider. The party in power needs to keep its fences in good repair and to keep the grass on the inside good if it expects to remain in power. Sometimes it is necessary to open up gaps through which outsiders can be tolled into its pasture, and sometimes even fence lines must be changed. Sometimes that is necessary in order to correct errors and to do justice, sometimes it is just a mere matter of politics. With our present outmoded system of electing our Presidents, it is more often a mere matter of politics than otherwise. For instance, if the grass is not kept good in the pasture of the party in power, great numbers of the big steers and the cows may begin to break out in order to seek better grass in another pasture. Thus, in order to keep the stock satisfied, President Delano Roosevelt first and President Harry Truman later found it necessary to feed the stock. They began to hand out subsidies and bonuses to this class and that class and other classes of our people and the present administration is still doing so in some instances. In the pursuit of this policy, much power has been concentrated in Washington. And as the years have been passing since 1932, new powers on the part of the federal government have been constantly discovered or assumed and the powers of the respective states as compared with that of the federal government has constantly waned. How long this tendency will continue and to what degree it will eventually attain nobody knows. But Southerners who formerly were uncompromising "States Righters" are now dubbing as "Dixiecrats" those who are undertaking to curb this tendency toward centralization of government in Washington and the general drift into socialism. But in spite of their efforts not much has been accomplished in curbing the drift. It has become a fixed habit of great numbers of our people to look to the Government for aid of one kind or another whenever they get in a financial tight.

But this is not the only important phase of party fence building and repairing by any means. The various kinds of stock to be impounded in the pasture and the different kinds of fences in different localities necessary to keep all classes of stock impounded are also important matters. It takes a good ranchman and a lot of experienced ranch hands to keep the fences in repair. In New York City and vicinity, for instance, there are many different kinds of animals who are inveterate fence-breakers. If not fed continually great quantities of the particular kinds of feed which they like best, a whole herd of them—one kind or another—is

likely to break loose at any time and surge against and over that fence like a herd of buffaloes in Wild West days. Take those C.I.O. Bulls, for example. If they decide that they want a little richer grain or a little better fodder than they are getting they may follow their leader Phil Murray up to the ranch home of their employers and begin bawling for more. If they don't get it immediately, they go on a strike. If the employer is stubborn, they appeal to Mr. Harry Truman, boss of the whole Democratic Ranch. Mr. Truman knows that he must get the matter settled to the satisfaction of the C.I.O. cattle, otherwise they will burst out of his ranch at the next election. Mr. Truman knows that their loss might lose him the election, for if New York state should go Republican by a bare majority Mr. Truman would lose all of its almost half a hundred electoral votes. So, he figures that he must have that vote in order to win, and he bends all his energies to that end. He doesn't worry about Texas, for he thinks he has that state in his vest pocket any way.

And then there is the Negro group, the Association for the Advancement of the Colored People. They want all jim crow laws abolished. They want social equality. They want all segregation regulations set aside. Not only regardless of color but also regardless of sex, cleanliness, education, or social station, they want the privilege of sitting down at the same table in our cafes and restaurants with white women and girls, and President Truman, has been making a stab, at least, toward securing for them these "rights." He needs the votes of the Negroes in New York and other Northern cities on election day, and hence he builds political fences designed to catch them. There are many thousands of them in New York, but only a thousand Negro votes in that city might win the state for him, and the votes of that state might win him the election.

Then there are the Catholics and other religious groups. The fences must be built so as to catch them also.

Now don't blame Mr. Truman too much if he builds his fences so as to catch as many of these

pressure groups as possible. Blame the election system. And blame yourself for permitting such an election system to be continued interminably, year after year, year after year, with no apparent effort being made to change it. We feel that every Texan in Congress should institute a movement or get behind a movement for

submission to the people of an amendment to the Constitution to wipe out this archaic method of electing our Presidents so as to make all votes of equal elective power. A vote cast in one state should count for just as much—and no more—as a vote cast in any other state for President.

All you Baptists and Methodists and Presbyterians and Disciples of Christ and Lutherans who have been criticizing President Truman for appointing an ambassador to the Vatican, haven't you ever thought about how a stop may be put to that sort of thing? Vote against Truman at the next election; you answer.

# "Test Drive" America's favorite V-8!

"IT'S THE TYPE OF ENGINE THE INDUSTRY'S SWINGING TO!"

"YES, 3 MORE MAKERS IN THE PAST 3 YEARS!"

"FORD'S BUILT NEARLY 12 MILLION V-8'S!"

"YOU CAN PAY MORE... BUT YOU CAN'T BUY BETTER!"

"FORD'S V-8 SELLS FOR HUNDREDS LESS THAN MOST SIXES!"

"YET FORD BUILDS THE ONLY V-8 IN THE LOW-PRICE FIELD!"

"IT'S THE TYPE OF ENGINE YOU'LL FIND IN THE MOST EXPENSIVE CARS!"

Fordomatic Drive is two drives in one! It's the smoothest, quietest automatic drive of all!

## Better yet... WITH FORDOMATIC DRIVE!

Fordomatic is two drives in one, combining the best features of earlier "automatics." You get the smooth flow of power of a Fluid Torque Converter... the GO of Automatic Mechanical Gears... plus the savings of having the exact power you need, when you need it!

See our selection of

## A Message of Importance

★ ★ ★ To Every Automobile Driver ★ ★ ★  
In The State of Texas

## HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.

**EDITORIAL**

**THE POLITICAL POT IS SIMMERING**

Although the next general election is nearly a year away, the political pot has long been simmering and promises to be boiling soon after the opening of the new

**If Your Child IS COUGHING**

For coughs and bronchitis due to colds you can now get Creomulsion specially prepared for children in a new pink and blue package and be sure:

- (1) Your child will like it.
- (2) It contains only safe, proven ingredients.
- (3) It contains no narcotics to disturb nature's processes.
- (4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.

**CREOMULSION FOR CHILDREN**

relieves Coughs, Chest Colds, Acute Bronchitis

year. Already there are three announced candidates for the Republican nomination for the Presidency. Senator Taft of Ohio, Senator Warren of California, and former Governor Harold G. Stassen of Minnesota, currently president of a great university.

Taft seems to have the inside track among Republican politicians and office-holders BUT there is much doubt as to his ability to win the support of the masses.

Warren and Stassen are sending up their lightning rods in the hope that they may bring down fire from the political heavens. They will probably withdraw if Eisenhower should announce his willingness to become a candidate tax receipts or your exemption certificates, folks, for if you do not you will wish you had along about July to November next year.

So, the political pot is simmering. It will sure-enough boil when Eisenhower announces his de-

cision whether it be either to run or not to run. Get your poll in which event Eisenhower would probably be nominated.

On the Democratic side, it is generally expected that Truman will be nominated. There are those, however, who are nursing the faint hope that Eisenhower will consent to run on the Democratic ticket if Truman refuses to run. There are some evidences that Truman may decide not to run but will undertake to name his successor, probably Mr. Justice Vinson of the supreme court of the United States. Vinson might be a popular candidate in other parts of the country, even in many Southern States, but he surely would meet with stern opposition in Texas. He is the man who wrote the majority opinion upholding the claim of the United States Government to the oil underlying the tidelands of Texas, which many Texans have gone so far as to pronounce a steal.

Recently a move has been started—which is not likely to gain wide-spread force, however—to nominate Congressman Rayburn of Texas if Truman decides not to run. As speaker of the House of Representatives, Rayburn has been the President's "yes" man and would likely get the support of most of the Administration forces in Texas, but Rayburn hails from the wrong state. Any successor to Truman as the Democratic nominee must hail from some doubtful state or area.

**Odds & Ends**

(Cont'd. From Editorial Page)

Suppose you do, and suppose you vote strong enough to throw the electoral vote of Texas to some other candidate. That electoral vote from Texas will still amount to only 24. The Catholic vote of New York state might carry that state for Truman, and if so it would give him 48 votes from that one state, twice as many as from Texas. And if every Baptist, Methodist, Disciple, Lutheran, and other Protestant in Texas should vote solidly against Truman, they might still have their ears whipped down to a frazzle by the Catholic vote of New York alone.

This is not an appeal to our readers to vote to the advantage of or in opposition to any particular church or religious organization but it is an appeal to intelligent voters of all religious denominations or of no denomination to use the best weapon in our hands to bring about a change in our Constitution providing in effect for the election of the President by popular vote.

If Congressmen just will not consent to give the people a chance to vote on this proposed change, then the next best thing for the people to do is to demand that party nominees shall be selected by popular vote through-

**THE LYNN COUNTY NEWS**

out the states of the Union by some practicable method which could be easily devised. Nominees are selected now by conventions made up of politicians who represent in fact only a very small percent of the voters in the various counties in the states that make up this Union. Let the people vote and thus select the party nominees.

Here are some clever verses which I found in a religious publication a few days ago. Name of author not given.

**The Monkey's Disagree**  
Three monkeys sat in a coconut tree,  
Discussing things as they're said to be;

Said one to the others, "Now listen, you two,  
There's a rumor around that can't be true,  
That man descended from our noble race,  
The very idea is a great disgrace.

No monkey has ever deserted his wife,  
Starved her babies and ruined her life;  
And you've never known a mother or monk  
To leave her babies with others to bunk,  
Or pass from one on to another,  
Till they scarcely know who is their mother.

Here's another thing a monkey won't do,  
Go out at night and get on a stew,  
Or use a gun or club or knife  
To take some other monkey's life.  
Yes, man descended, the ornery cuss;  
But, Brother, he didn't descend from us!

Mr. and Mrs. R. C. Wells, Jr. visited Mr. and Mrs. James Wells in Oklahoma Thanksgiving. Cpl. Johnny Wells returned home with them, having been placed on inactive duty with the U. S. Reserves.

**STATED MEETINGS**  
of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitors welcome. —H. G. Hodges, W. M., Ray Adams, Sec'y

**New Home Club Elects Officers**

New Home 4-H Club met November 20 at the school and elected the following officers: Jimmy Keith, president; Kenneth Smith vice president; Jimmy Dean, secretary; and Wendell Morrow, reporter.

Mr. Bill Griffin, county agent, discussed sow pigs with the boys. The club plans to have a number of boys showing pigs in the annual stock show.

The past year has been a very successful one for the New Home Junior 4-H Club. —Reporter.

**Hamilton Auto & Appliance**

**Harvesting Costs TUMBLE PROFITS GO UP**

...when you use a **JOHN DEERE TWO-ROW COTTON HARVESTER**

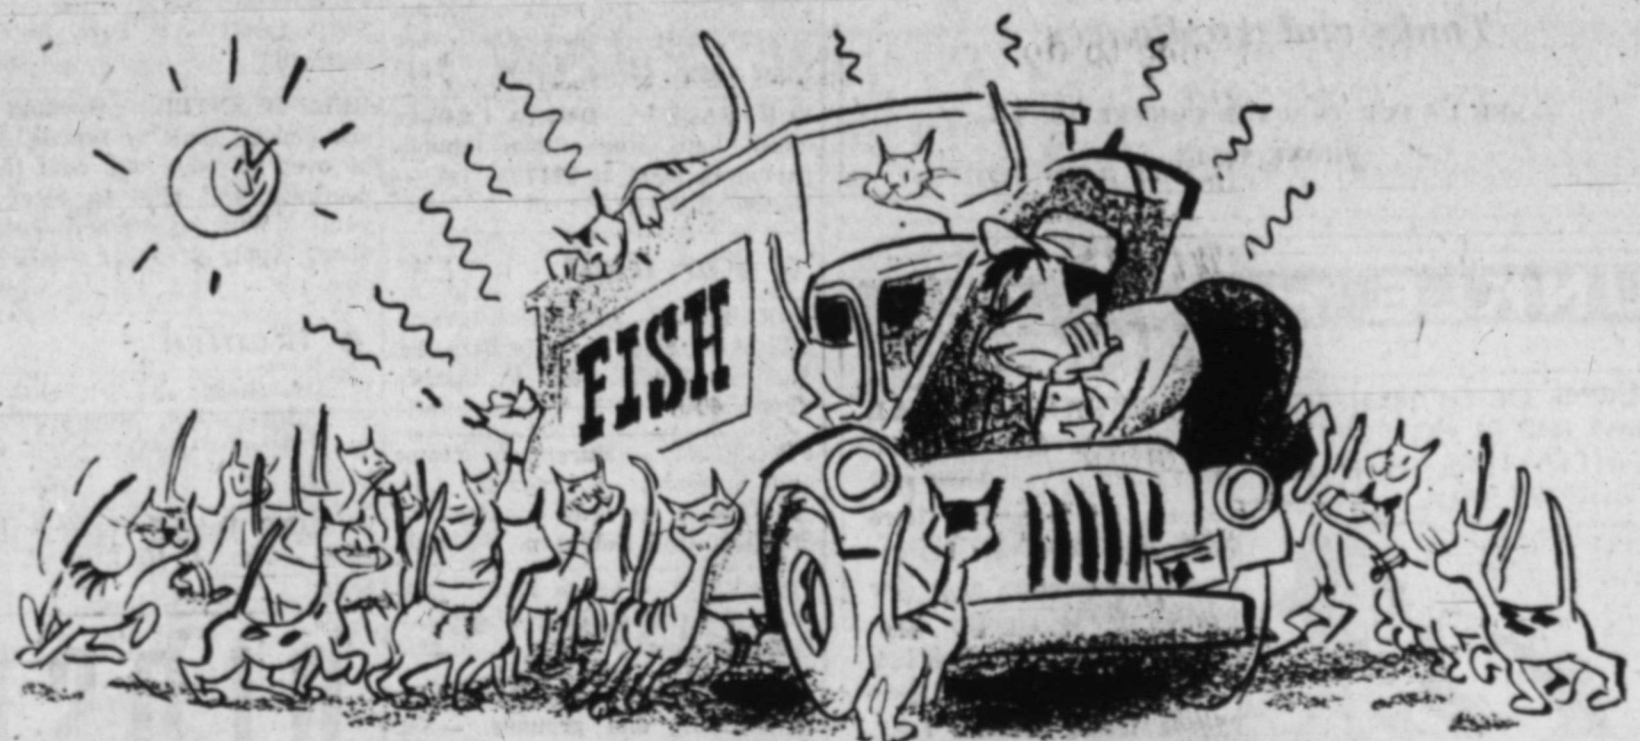

You'll cut cotton harvesting costs to a fraction of what they used to be... boost profits 'way up by mechanizing your cotton harvest with a John Deere Two-Row Cotton Harvester.

Many John Deere owners report savings of more than \$30 per bale over hand-pulling costs. What's more, you finish harvesting in far less time... do cleaner work.

The John Deere does an excellent job in any cotton suitable for mechanical harvesting. Stripping two 40-inch rows at a time after defoliation or frost, it saves more cotton than the average hand-puller. And, there's no sacrifice in quality, for cotton stripped by the John Deere grades as high as that hand-pulled at the same time. See us soon.

**D. W. GAIGNAT**

**JOHN DEERE** The Trademark of Quality Farm Equipment

**How's THIS for a kettle of fish?**

No doubt about it—a road failure can cost you plenty of "fish." Not only in time lost to what could have been profitable hauling, but in expensive repairs as well—repairs that could have been avoided.

That's where we come in.

If you bring your equipment to us at regular intervals, our mechanics will catch all the little things that go wrong with trucks before they become a major breakdown.

In so doing, you're being thrifty 3 ways. You (1) cut down the possibility of costly repairs, (2) get better performance with less "down time" and (3) get more years of service from the trucks you now own.

Make sense to you? Come on in—the service is fine!

**Get more 'run' for your money!**

**JAMES SMITH HAS CAST OFF OF LEG**

James Smith, who received a break of the left leg in a car accident last April, went to Dallas last week to a bone specialist and had the cast removed from the limb. The bone of the upper leg was badly shattered, and it was necessary to graft a bone from his other leg on the broken one and to put a plate in it.

James had previously suffered for years with his right leg. First

his right leg was afflicted with polio, and then it was broken when a horse threw him. Several operations were made on his right leg, and he could use it very little when he had the unfortunate car wreck which shattered his good leg.

Many friends are hopeful that he will have no more hard luck of this kind, and that both legs will eventually heal satisfactorily.

**Union Thanksgiving Services Held In Tahoka Wednesday of Last Week**

Reviving an old custom that fell into disuse in Tahoka years ago, a number of the churches of the city joined in the holding of a Union Thanksgiving service on Wednesday night of last week. Participating in the service were the Methodist, the Baptist, the Nazarene, and doubtless members of some other churches here.

The service was held in the First Baptist Church, with Rev. Lee Ramsour, the pastor, presiding. A choir of forty voices comprised of Methodists and Baptists and led by Mrs. W. E. Patterson of the Methodist Church, with Mrs. Clay Bennett at the organ and Miss Margaret Sue Roberts at the piano, Baptists, rendered a soul-stirring program of music. A congregation that almost filled the sanctuary also joined most heartily in the singing of many of the great old hymns of the church.

Rev. Jim Sharp, pastor of the Methodist Church, brought the message of the occasion, a most appropriate and forceful deliverance. His theme was "The Sin of Ingratitude." He maintained that the masses of our people have almost ceased to thank God for the marvelous blessings which He has

showered upon us individually and as a nation. He made a ringing call for the people of our town and our country generally to come back to the sincere worship of God and to the sense of gratitude formerly felt and expressed by our people to Him for His multitudinous blessings poured out upon us, and also sounded a warning as to the consequences if we continue to fail to do so.

It was just such a message as people all over America should hear.

Both the Baptist and the Methodist pastors expressed the hope that there may be many other union services in the future.

Mr. and Mrs. Ralph Laswell of Waco spent the Thanksgiving holidays here with her parents, Mr. and Mrs. John Roberts. Mrs. Laswell being the former Miss Marie Roberts. Both are students in Baylor University, doing post-graduate work.

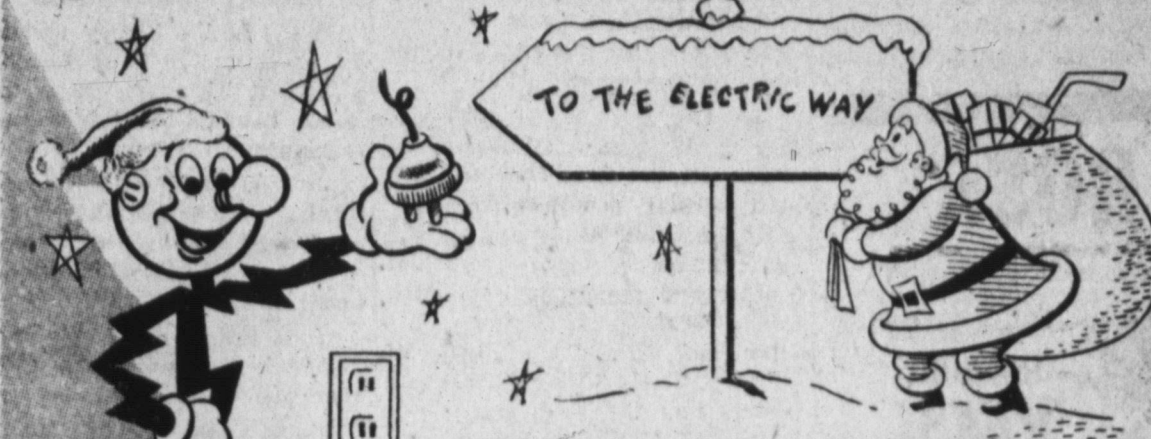

Uncle Bluster doesn't care for the praise of other people. He likes to praise himself because in this way he can get all the

Useful household equipment: an aluminum sleeve board padded on both sides for pressing blouses, ruffles, sleeves, and plackets.

**ROSE**

THURSDAY & FRIDAY

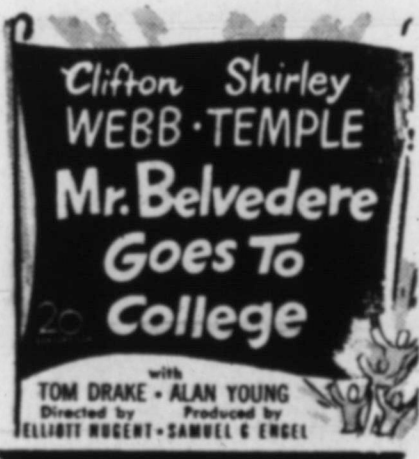

SUNDAY & MONDAY

TUESDAY

WEDNESDAY & THURSDAY

from Hillsboro, where they attended the funeral services of Mrs. Wakeland's brother, H. O. Ferguson.

Mr. and Mrs. Derrell Ward had as Sunday guests her parents, Mr. and Mrs. LaQuay of Lubbock.  
Mr. and Mrs. Sam Gatzki enjoyed a belated Thanksgiving dinner in the home of his parents, Mr. and Mrs. Gus Gatzki, at Gordon Sunday.

Mrs. J. F. W. Maeker is on the sick list this week.  
Mr. and Mrs. W. H. May and Mrs. B. W. Baker, all former residents of Wilson and now of Lubbock, visited in Wilson Monday.

Mr. and Mrs. Arvan Holder and children spent Sunday with her brother and family, Mr. and Mrs. Buddy Brunson, in Slaton.  
Mr. and Mrs. Clyde Boyd of Lubbock visited with relatives and friends over the week end.

Mr. and Mrs. Ray Maeker and children and Mrs. Katie Neiman spent Sunday with Mr. and Mrs. Hugo Maeker.  
Mr. and Mrs. Jake Mueller were in Cuero this week end to attend the funeral of Mrs. Mueller's sister, Mrs. Ludeka, who died Friday.

Mr. and Mrs. A. J. Baker of Amarillo spent Sunday night with the R. L. Christopher family.  
Annie Ehlers is on the sick list. Miss Edna VanDyke of Lubbock arrived Friday for a several days visit with Mrs. H. C. Fountain.

Mr. and Mrs. Bill Lumsden and Mrs. Lonnie Lumsden visited in San Antonio over the Thanksgiving holidays. The Bill Lumsdens returned Sunday, but Mrs. Lumsden stayed a few days.  
Mr. and Mrs. Steve Bratina and daughter of Wichita Falls spent the Thanksgiving holidays with her parents, Mr. and Mrs. R. R. Dreyer, in Wichita Falls.

Mr. and Mrs. Truman Baxley had as guests for Thanksgiving

Mrs. Baxley's sisters and families: Mr. and Mrs. A. L. Stone of Abernathy, Mr. and Mrs. Roger Poff of Lubbock, and Mrs. Baxley's parents; Mr. and Mrs. M. D. White of Abernathy; also Nancy Cook.  
Mr. and Mrs. Pat Swann and Bob and Mr. and Mrs. Jack Blevins spent Sunday with the Bill Swanns at Idalou.

Mr. and Mrs. Jack Blevins visited Mr. and Mrs. Roger Blakney in Lubbock Sunday night.  
Mrs. Charles Lichey underwent an operation at West Texas Hospital last Tuesday. She returned home Thursday and is recuperating nicely.

Mr. and Mrs. John Gayle and Vanita enjoyed Thanksgiving holidays with relatives and friends in Fort Worth, Wichita Falls, De Leon, and Dublin.  
Linda Riddle of Tahoka is visiting Elizabeth and Elaine Christopher this week.

Calvin Cook, son of Mr. and Howard Billings of Lubbock, visited his grandparents, Mr. and Mrs. J. E. Crowder, and his uncle and aunt, Mr. and Mrs. R. N. Raymond, over the Thanksgiving holidays.  
Donald Gryder, son of Mr. and Mrs. Carl Gryder, won his third state championship in Junior Memory Work which was held Tuesday through Saturday.

Buddy Maeker of Lubbock spent the week end with Mr. and Mrs. Hugo Maeker.  
Mr. and Mrs. Anton Ahrens and Wesley were guests in the Walter Gardner home in Lubbock Sunday.

Mr. and Mrs. R. L. Christopher and children, Floyd Christopher and Mr. and Mrs. Ollie Riddle visited Mr. and Mrs. E. W. Roe in Sweetwater Thursday.  
Sue Coleman spent a few days last week with her uncle and aunt Mr. and Mrs. Dewey Winsted in Lubbock.

Mr. and Mrs. R. N. Raymond entertained with a Thanksgiving dinner Thursday the following: Mr. and Mrs. J. E. Crowder, Lila Faye Crowder of Lubbock, Mr. and Mrs. W. F. Raymond, Nelda and Joyce; and Calvin Cook of Lubbock.

Mr. and Mrs. Adolphe Neiman of Lamesa spent Friday night with Mr. Neiman's mother, Mrs. Katie Neiman.  
Leon Tamplen left Friday for Bonham on business.

The Walter League of the St. Paul's Lutheran Church met Sunday night at the church for a business meeting. Rev. Harold Heckman of Littlefield, brother of the local pastor, presented the message. After the meeting, the group adjourned to the home of Rev. P. W. Heckman, where Judy Heckman was celebrating her 5th birthday. Those present were: Mr. and Mrs. Carl Herzog and family, Mrs. Arthur Herzog and son, Mr. and Mrs. Harold Heckman and family, Louise, Mentzel, Darlene and Frances Wuensche, Ruby Faye Tienert, Claire Gickelhorn, Allen Oswaldt, and Elmo and Clarence Umlong.

Kent Stoker was home from Abilene visiting his parents, the W. P. Stokers, over the Thanksgiving holidays.

(Delayed)  
Pfc. Billy Joe Campbell, stationed at Camp Polk, La., recent

ly visited his parents, Mr. and Mrs. Homer Campbell.  
Time of morning worship at St. John's Lutheran Church has been changed to begin at 10:45 a. m. and Sunday School starting at 9:30, according to the pastor, Rev. C. C. Ehler.

Mr. and Mrs. A. J. Baker, Amarillo, spent Friday night and Saturday with Mr. and Mrs. R. L. Christopher and Floyd.  
Mr. and Mrs. Hartman Coursey and Mrs. Marvin James, all of Lubbock, visited the M. H. Courseys Sunday.

Mr. and Mrs. Bill Passon of Sulphur Springs visited Mr. and Mrs. W. A. Baxley over the week end.  
Mrs. J. C. Key and son Harold went to Austin Friday to attend the Texas-TCU game and to meet Hob Elaine. They came home Sunday.

Mr. and Mrs. O. V. Osborne and Pete, Mr. and Mrs. Schultz and family of Smyer spent Sunday with Mr. and Mrs. Albert Holder.  
Mr. and Mrs. John Hahn spent the week end in Hamilton with their son-in-law and daughter, Mr. and Mrs. Ted Herzog.

Mr. and Mrs. Bill Bruckner and son visited relatives in Lubbock Sunday.  
Mr. and Mrs. Preston Upshaw of Rotan visited the John Gayles recently. He is Mrs. Gayle's nephew.

George Williamson spent a few days in Sherman on business.  
Mrs. Bill Lumsden was on the sick list last week.  
Mr. and Mrs. A. J. Baker of Amarillo spent Saturday night with Mr. and Mrs. Wmson Baker.

J. P. Hewlett, superintendent of the Wilson Schools, was elected treasurer of the Lynn County Teachers Association at a recent meeting in Tahoka.  
Mrs. J. L. Hyde has been ill with a throat infection and almost unable to speak above a whisper.

Richard Preas, Juanell Schneider, Paul Stoker, and Buddy Maeker, Tech students, were home over the week end.  
Mr. and Mrs. Henry Ahrens and Wesley visited Mr. and Mrs. Gus Heinz in Plains Sunday.

Mrs. Bullard, who was a teacher here, has resigned, and Mrs. Jess Parish from Lubbock has taken her place.  
Mr. and Mrs. J. F. Covey spent the week end in Ruidoso, N. M.  
Mrs. Luke Coleman finished up a study at the WSCS meeting at the Methodist Church.

Fourteen were present at the recent meeting of the Luther League at St. John's Lutheran Church. Rev. C. C. Ehler gave the devotional.  
Wilson Baptist Church YWA met Wednesday night in a special meeting. Mrs. E. O. Montgomery

received part of the book, "Ines Gold," and will finish it next Wednesday night.  
Mrs. Katie Neiman accompanied Mrs. Jarrel Thurman to Morton over the week end to visit the Edwin Neimans.

Mr. and Mrs. F. E. Ehler came Wednesday to visit Rev. and Mrs. C. C. Ehler, and will leave Tuesday for their home, Robstown.  
Nancy Cook will visit Willie Pat Baxley for ten days while her parents are hunting.

The Baptist T. E. L. Sunday School class held a party Tuesday evening in the home of Mrs. H. B. Crosby. The program was on Thanksgiving. Sandwiches, peanut butter crackers, cake, and punch were served: Mesdames W. F. Raymond, Pearl Davidson, Pat Swann, H. Hannabas, Ollie Riddle, and the hostess.

Deer hunting at Mason are: Walter Luker Melvin and Martin Wuensche, Hubert Tienert, Milton Weid, George Nolte, Vernon Tienert, Cecil Weid, Arthur Gickelhorn, Jr., Albert Wuensche, Felix Nolte, and Martin Wuensche, Jr.  
Others hunting deer are: Fred Steinhauer, Ben Breiger, C. L. Breiger, Carlton Schaffner, and Leonard Breiger.

The J. M. Stovall house burned to the ground Monday morning at about 4:00 o'clock.  
The Baptist W.M.S. met Monday at the church to quilt for Orphans Home. Twenty-two women were present, quilted three quilts, and enjoyed a good dinner. Vanits Gayle attended to the small children.

Luke Coleman and Bill Lumsden of Wilson, Doyle Childs of Lamesa, and James Bowlin of Odell left Thursday for a hunting trip to Rock Springs.  
A coronation of the football queen was held Friday night at the game between Idalou and Wilson. Evonne Preston was crowned queen. Wilson was defeated in their final game 48 to 6.

Mrs. J. F. W. Maeker celebrated her birthday Sunday, and had as guests: Mr. and Mrs. Frank Schneider and children, Mr. and Mrs. Walter Steen, Mr. and Mrs. Derwood Hancock, Mr. and Mrs. Erwin Maeker, Mr. and Mrs. Walter Maeker and children, Mr. and Mrs. Hugo Maeker, Mr. and Mrs. Warner Klaus, Mr. and Mrs. Herbert Ehlers and children, Mrs. Annie Ehlers, Mrs. Lonnie Crews, Mr. and Mrs. Ray Maeker and children, and Mr. and Mrs. Gilbert Wuensche.

Present for a Thanksgiving dinner at the Grover Colemans Sunday were: Mr. and Mrs. Claude Coleman and Charles, Mr. and Mrs. Jim Coleman, Mr. and Mrs. C. A. Coleman, Mr. and Mrs. James Savell and Dan, Mr. and Mrs. C. Swope, Marca and Jerry, Mr. and Mrs. John Gardner of Abernathy, Mr. and Mrs. Charles Tyler, Donna and Randie of Spade, Mrs. Luke Coleman, Sue and Mike.

Michael Di Salle, Price Stabilizer: "Last December people feared rising prices and shortages. Neither has developed."

## Wilson School Crowns Queen

The annual harvest carnival was held at Wilson School, Monday, Nov. 19. The school netted \$750. Votes were cast for the three queens who were crowned Tuesday night, Nov. 20.

Kings and Queens were as follows:  
Elementary School, Cherry Campbell and Bobby Stone; Junior High School, Sarah Taylor and Tommy Galneau; High School, Yvonne Peterson and R. V. Trammell.

Other contestants for queens and kings were: Elementary, Betty Gindorf and Larry Petty, second grade; Doris Lamb and Mike Wall, third grade; Betty Hanes and Jimmy Jefferies, fourth grade; and Linda Roper and Billy Weaver, also fourth grade. Junior High School, Joyce Church and Kenneth Hanes, sixth grade; Ida Pearl Mason and Jack Spears, seventh grade; Venita Stone and Charles Terry, eighth grade. High School, Joy Corley and Clifford Baker, Sophomores; Nelda Roper and Gilbert Steinhauer, Juniors; Mona Campbell and Wylie Lamberson, Seniors.

The Wilson Schools will dismiss December 19 for the Christmas holidays, returning December 31. The annual Christmas program will be December 18, Tuesday night. This program will be given by the first four grades. — J. P. Hewlett, Superintendent.

## Pvt. Joe Palmer Is In California

CAMP ROBERTS, Calif., Nov. 15. —Pvt. Joe Stanley Palmer, son of Mr. and Mrs. J. W. Palmer of Tahoka, is now taking infantry basic training with the 7th Armored Division, at Camp Roberts, California.

November 24 marked the first birthday of the 7th Armored Division, stationed at Camp Roberts, since it was reactivated as an infantry training division. Camp Roberts is midway between San Francisco and Los Angeles, thirty miles inland from the Pacific Ocean. The largest replacement center in the West during World War II, the sprawling camp was closed in 1945 and reopened last year.

Private Palmer will train at Camp Roberts under the Army's most advanced basic educational setup, the Division Faculty system.

If the warring nations ever get into a race to develop an Oxygen Bomb, Russia should win hands down—for Russians seem to have more oxygen (or at least hot air) than any people anywhere.

Friday, November 30, 1951

### FIVE BAYLOR STUDENTS SPEND HOLIDAYS HERE

Four Tahoka girls, who are students in Baylor University spent the Thanksgiving holidays here with their parents, Misses Jeanette Toler and Margaret Durham were mentioned in this paper last week. But coming a little later were Miss Jo Ann Bennett, daughter of Mr. and Mrs. Clay Bennett, and Miss Margaret Sue Roberts, daughter of Mr. and Mrs. John Roberts. Accompanying them to Tahoka and back to Waco was their friend, Miss Ellen Shippen of Atlanta, Georgia, who is also a student in Baylor University.

Local county agents can supply information on taking and sending soil samples to the testing laboratory at College Station.

Dr. and Mrs. Benoy Gattis of Ardmore, Okla., were here over the Thanksgiving week end visiting relatives and friends. Dr. Gattis, an optometrist, said he had a good business in Ardmore.

"USO IS A MUST"—Greer Garson, movie star of Hollywood and Dallas, is high in her praise of the work which the USO is doing in behalf of our young Texans in the Armed Forces. "USO is a must for all of us on the home front," she says. "It's the least we can do for those in uniform who are offering their all to protect the freedom of our country." Looking over a new Texas USO poster with Miss Garson are Robert L. Thornton, Jr., Dallas, state treasurer of the Texas United Defense Fund Committee, and Sgt. Leslie J. Shaver of Austin, who has just returned from a year in Korea with the First Cavalry.

## Wheeler-Russell Rites Announced

Mr. and Mrs. Tom Russell of Joe Stokes announce the marriage of their daughter, Mary Beth, to Jessie Norman Wheeler of Lubbock. The marriage took place November 17, in the home of the bride's parents, with Rev. L. R. Taylor, Methodist pastor of New Home, officiating.

Mrs. G. L. Walker of Abilene, sister of the bride, and Mr. Bud Cotham of Lubbock were attendants.

Mrs. Wheeler graduated from New Home High School and attended Draughon's Business College, and is now employed by Western Windmill company at Lubbock. Mr. Wheeler is employed by A. G. Wholesale company at Lubbock and is the son of Mrs. Tommie Huffman of Sundown.

On their wedding trip, the couple went to El Paso, and Roswell, N. M. Their home will be at 2204 Twenty-Eighth Street, in Lubbock.

Mrs. G. B. Sherrod and daughter Pat spent the Thanksgiving holidays with relatives at Whitney. They went down Tuesday and returned home Friday. They visited the great new Whitney dam across the Brazos River but report that the water is not yet being impounded pending the completion of the great hydro-electric plant now under construction.

Mrs. Beulah Atkins has returned from a month's visit with relatives out in the mountains of New Mexico in the vicinity of towering old Mt. El Capitan. She says that the fall coloring of the mountain forests while she was there was another great work of nature to challenge the skill of the artists.

"WE WELD ANYTHING ANYWHERE"

All we ask is

# Test it 2 ways

1. Road Test a Mercury for Proof of Performance

2. Budget Test a Mercury for Proof of Value

We ask little of you. We ask you first to get into a Mercury and to drive it.

True, we can tell you here of a Mercury's performance. We can describe its handling, its roadability, its balance. We can try to explain all this by detailing its new-type springing, wide-view visibility, supersafety brakes, prize-winning V-8 engine.

We can write words until we run out of space and it won't tell you half as much as just a few minutes behind the wheel. We ask you to sit there soon. Then—we ask you to try it on your budget. We believe you, too, will want a Mercury!

3-WAY CHOICE INCLUDING MERC-O-MATIC DRIVE! For "the drive of your life" Mercury offers a triple choice in dependable transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or Thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-cess standard transmission.

MAKE THE **MERCURY 2-Way Test**

FOR "THE BUY OF YOUR LIFE!"

Does it have a down-to-earth first price? Mercury's price tag is one you can understand—a big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has proved its more-miles-per-gallon by winning officially sponsored economy tests.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in the U.S. are still on the road, according to the latest official annual registration figures.

Does it represent solid value? Mercury owners say YES! So will you when you get the rest of the story. Drop in today and see.

Standard equipment, accessories, and trim illustrated are subject to change without notice.

### District Pythian Sisters And Officers Hold Annual Meeting In Tahoka

Pythian Sisters, Lynn Temple No. 45, were hosts to quite a crowd in Tahoka on November 19 at the annual district meeting.

There were sixty or more in the afternoon meeting, and the final count at the opening of the night session was 94, and six candidates for initiation.

These included 17 from Lamesa, including Katie Lou Ashley, Grand Senior of Texas; five from Big Spring, and one candidate for initiation; 13 Knights and ladies from Lubbock, including Mr. and Mrs. Russell Hardin, each active in their Knight and Sister Temple respectively; two sisters from El Paso; Maude Sneed of Fort Worth, she being a Junior Supreme representative; eight from Odessa; four from Borger, including Dist. No. 5 Deputy Hattie Johnson; 42 from Tahoka, and five candidates for initiation.

Also present were Frances Bealmeier, Grand Chief of Texas, and her mother, Fannie Gordon, Supreme Senior of United States and Canada, both from Dallas. All were very welcome visitors.

Frances Bealmeier and Fannie Gordon have both been in the work of the Order for about 25 years, and are the first mother and daughter team to ever hold the same office in the Supreme and State Temples at the same time. However, this year, Frances stepped out ahead of Mom and is one office ahead of her. They brought lots of news to the district and were quite complementary to the local temple.

Several phases of the work of the order were exemplified by

the different Temples of the District during the afternoon session, and the Grand Chief and other visiting officials gave short talks.

There was a good attendance at the banquet and a short program was also given there, including welcome, response, introduction of officers, and a musical program.

The night session opened at eight with introduction of all officers and reading of the minutes of the afternoon meeting. The District officers then took their stations for initiation of the six candidates.

### School Menus For Next Week

Menus for the school cafeteria for next week are as follows:

Monday—Pinto beans, potato balls, lettuce and tomato salad, apple pie, light bread, and milk.

Tuesday—Sausage and gravy, green beans, buttered potatoes, mixed salad, peanut butter cookies, hot rolls, and milk.

Wednesday—Meat and cheese sandwiches, potato chips, Waldorf salad, peach pie, orange juice or milk.

Thursday—Pork chops, buttered peas, cream potatoes, jello salad, chocolate cake, hot rolls, and milk.

Friday—salmon croquette, kraut, blackeye peas, cream corn, cookies and Ice cream, milk, bread.

Mrs. John Marez, wife of the custodian at Tahoka Hospital has been critically ill at that institution since Wednesday of last week.

If you are deficient in Vitamins B<sub>1</sub>, B<sub>2</sub>, B<sub>6</sub>, or Nicotin

**NEW WONDER CAPSULE MAY GET AT THE**

Jennifer Jones, the first of a series of Hollywood personalities to travel to Korea on the "Operation Cheer-up" program of USO-Camp Shows, talks with a wounded GI in a hospital in Korea. Audrey Totter, film star, has just returned from a similar tour, and Danny Kaye and Monica Lewis are there now. The United Defense Fund is raising funds through Community Chest campaigns for USO and USO-Camp Shows.

### Wanda Gaither Weds R. J. Miller

In a single ring ceremony read Thursday, Nov. 22, at 9:00 a. m. in the bride's home, Miss Wanda Gaither and R. J. Miller were united in marriage. Rev. Bill Scantling, pastor of Sweet Street Baptist Chapel, officiated.

The bride is the daughter of Mr. and Mrs. E. B. Gaither of Tahoka, and the bridegroom is the son of Mrs. John B. Carter, 2110 Third, Lubbock.

Given in marriage by her father, the bride wore a navy blue suit with white blouse. Her corsage was of white feathered chrysanthemums.

Miss LaFayne Moore of Brownfield was maid-of-honor. She wore a navy blue suit and a white chrysanthemum corsage.

Mr. Leon Pettigrew of Lubbock served as best man.

A reception followed the ceremony. A three-tiered wedding cake, topped with a miniature bride and groom, baked by Mrs. Beula Atkins, aunt of the bride, centered the table and was flanked by blue candles and the silver service.

Mrs. Leroy Akin, sister of the bride, registered the guests, who were from Lubbock, Brownfield, and Tahoka.

After a wedding trip to Oklahoma, the couple will be at home at 614 Ave. N, Lubbock.

William Zappe of Shiner was in Tahoka Monday visiting old friends and looking after his Lynn county property interests. Mr. Zappe sold off 20 or 30 sections of the T-Bar ranch to farmers back in the 1920's.

Mrs. E. M. May, who recently underwent major surgery at Tahoka Hospital is reported to be recovering satisfactorily.

### CARD OF THANKS

I wish to thank my friends for their visits, flowers, cards, and acts of kindness during my long confinement with my broken leg. My special thanks go to those who gave blood for the transfusions. Your kind interest has been a lot of help and comfort. —James Smjth.

J. A. Pierce re-entered Tahoka Hospital last week for medical treatment.

When pleasure is on her trial we are not impartial judges. —Aristotle.

Mr. and Mrs. John Slover visited their daughter and son-in-law, Rev. and Mrs. Dwight Townsen, at Golden, Colorado, during the Thanksgiving holidays. They were accompanied as far as Denver by Mrs. J. H. Sharp and Grace Marie, who visited relatives there. The group left here Wednesday morning and got back into Tahoka Sunday night.

Pat Hutchison and family returned Monday from a visit with relatives in Minden, Louisiana. They ran down to Anson on Wednesday of last week and witnessed the football game between the Tahoka and Anson teams that afternoon, and thence proceeded on to Minden in time to spend at least a part of Thanksgiving day there.

Mrs. Eddie Lynch is here spending a few weeks with her mother, Mrs. R. H. (Amelia) Turner.

Mrs. Lee Ramsour, Larry and Betty visited in San Saba, Brownwood, and San Angelo during the Thanksgiving holidays.

### Legal Notices

#### CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for construction of 13.041 miles of Grad., Flex Base & Three-Course Surf. Treat. from Brownfield to 2 miles East of Terry county line on Highway No. 380, covered by F 1096 (1) & (2), in Terry & Lynn counties will be received at the Highway Department, Austin, until 9:00 A.M. December 12, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is

subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rate, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Carl R. Hart, Resident Engineer, Brownwood, Texas, and the Texas Highway Department, Austin. Usual rights reserved. 9-21c
