The Lynn County News

Serving Tahoka
and Lynn County
Since 1903!

Volume 48. Tahoka, Lynn County, Texas Friday, September 26, 1952 Number 52

Propose New Highway Designation San Angelo-Colorado City-Tahoka

Tahoka may get a new state highway outlet as the result of a move recently started in Colorado City and San Angelo for building of paving and designation of a route from Colorado City to the new Colorado River Dam on the line of Scurry and Borden, to Gall, to Draw, and on into Tahoka.

The new paving and designation would furnish an alternate route from Tahoka and Lubbock to Colorado City and San Angelo, and would even top off several miles from the present U. S. 87 route.

The project is being initiated by the Colorado City and the San Angelo Chambers of Commerce.

This week, The News was brought a copy of the San Angelo Standard-Times which told of the proposed new highway by C. C. Dorn, who moved to Tahoka from Colorado City on Sept. 7 to become bookkeeper for the W. C. High Gin.

At present, Highway 208 is paved from San Angelo through Robert Lee to Colorado City. A farm-to-market road northwest of Colorado City to the new Colorado River Dam site is already paved part of the way and contract has been let for further paving, the Standard-Times story states. Further paving would be required to connect up with Gall.

Between Draw, Lynn county, and Gall, Borden county, the farm-to-market road is all paved except six miles.

The proposal is to close these gaps and give the entire route designation as State Highway 208.

Among those working on the project at Colorado City are: Gus D. Chesney, vice president of the City National Bank; County Judge Sam Bullock; Dub Oliver, Chamber of Commerce manager; and the Lions Club Highway committee composed of J. Ralph Lee, Nap Caddell, and J. Riordan.

Working on the project at San Angelo are: M. D. Fanning, secretary-manager of the Board of City Development, and Richard Cox, chairman of the highways committee.

The sponsors point out that the route would be a convenience to migratory workers, as well as citizens, traveling to the Plains; that it would be handy for Lynn, Lubbock, and other Plains people traveling southeast to Colorado City, Snyder, Sweetwater, San Angelo, etc.; and that it would be a great saving in distance and convenience to Plains people going to the new Colorado River Lake now under construction southeast of Gall and northwest of Colorado City.

Congratulations:

Mr. and Mrs. R. L. Miller, Jr., on the birth of a son weighing 6 pounds 12 ounces at 6:35 p. m. Friday in Tahoka Hospital; name Billy Lee. The father is in the Navy, but hopes to be home on leave soon.

Mr. and Mrs. J. E. Lindsey of Hobbs, N. M., on the birth of a daughter weighing 7 pounds 4 ounces. Mrs. Lindsey is the daughter of Mrs. Frank McGlaun, Sr., of Tahoka. The couple have one other daughter, Janet, age two.

Bulldog Mothers Serve Luncheon

The Bulldog Mothers served a benefit luncheon Tuesday from 11:30 a. m. to 1:30 p. m. which proved very successful.

Two hundred people enjoyed the meal, and the Mothers cleared \$184.00, which will go into a fund to aid activities of the Tahoka athletes throughout the year.

Every Bulldog mother helped furnish food and worked hard to make the luncheon an enjoyable affair. They greatly appreciate the fine response given the event by the business people and others of Tahoka.

The meal consisted of baked ham, brown beans, potato salad, slaw, bread, home-made pies, iced tea and coffee. —Reporter.

'Iron Lung' Fund Quota Exceeded

The Tahoka Fire department's drive for funds with which to buy an "iron lung" and resuscitator has gone away over the top, Fire Chief James Clinton informs The News.

The fund now totals \$2,100.00 and contributions are still coming in, he said Thursday morning.

Funds in excess to the needed amount will be put in a special emergency fund to aid possible unfortunate victims in the future, Clinton said.

A respirator and resuscitator of a type being used largely by polio foundations have been ordered. However, the equipment is in great demand, and delivery can not be made for a few weeks.

The portable equipment may be used in transporting polio patients, on victims of shock, drowning, suffocation, etc.

The Fire Department is slated over the manner in which the people responded to the drive, and asks The News to relay their thanks for the co-operation of the people.

File Two Names For Councilman

Two names have been filed for the position of City Councilman left vacant by the recent resignation of Coy Fielder. They are Winton C. Wharton and D. S. (Jack) Waldrip.

Wednesday was the last day for filing.

The election will be held on Saturday, October 4, between the hours of 8:00 a. m. and 5 p. m. at the Tahoka City Hall. Only qualified voters living within the city limits of Tahoka may vote.

Other members of the council are: James K. Applewhite, Jr., mayor; R. H. Gibson, E. R. Edwards, Herman Heck, and Stanley Sigman.

Ladies Report On State Meet Trip
Lynn County Home Demonstration Council held its regular monthly session Thursday, Sept. 18, with twelve ladies representing six clubs present.

Mrs. Wilmer Smith, president of the Council, insists that all clubs continue to carry out all programs to the best of their ability until we have an Agent to lead us.

Mrs. Smith and Mrs. Stone gave a very interesting report of their trip to the State meeting at Kingsville, and of their trip over into Old Mexico. —Reporter.

W. A. King Finds Dagger In Yard

W. A. King on Monday brought to The News office a rusty old dagger which he found in his yard on Kelsey street a few months back.

He had read the story in Sunday's Avalanche-Journal about a dagger found in Lubbock being of very ancient design and possibly lost by Coronado on his Plains expedition, and thought that maybe his dagger was an old one too.

Handle of King's dagger, which has a 5-inch blade, rotted or burned away long ago, but a nut and lock washer on the butt-end indicates the weapon is of modern make.

MRS. C. R. MCCORMICK IS VISITING AT NEW HOME

Mrs. C. R. McCormick, 92, of Altus, Oklahoma, is visiting in the home of her son, Loyd McCormick, and family at New Home.

Mrs. McCormick is enjoying good health considering her age of 92 years. She tans and crochets most of the time, but also appreciates company.

MISS GRAHAM HARD

Graham Hard Gets Scholarship

COLLEGE STATION, Sept. 25, (SPL) —Graham Hard, county home demonstration agent of Lynn County since 1947, has been awarded a fellowship in the College of Household Arts and Sciences at Texas State College for Women. Miss Hard is the first member of the Agricultural Extension Service of Texas A. and M. College to receive a fellowship for graduate study at Texas State College for Women. The award carries a \$1,500 cash stipend and provides for special work in the field of textiles and clothing under the direction of Dean Pauline Beery Mack and Dr. George Wham.

Prior to her present position, Miss Hard served as county home demonstration agent in Mitchell county and emergency war food assistant in Farmer and Briscoe counties. She was home supervisor for the Farmers Home Administration from 1945 to 1947.

Miss Hard was born at Mansfield in Tarrant county, attended school at Lubbock and received a degree in home economics education from Texas Technological College in 1939. She taught in the schools at Shallowater from 1939 to 1944.

She will have leave of absence from the Agricultural Extension Service for twelve months' study beginning with the 1952 fall term.

(Editor's Note: County Judge W. M. Mathis tells The News he had a conference with the District H. D. Agent on Monday, and she told him she did not as yet even have a prospective successor to Miss Hard as Lynn County H. D. Agent.)

A Clean City Is A Safe City!

Inch Rain Ends Heat Wave

Only 212 Bales Of Cotton Is Ginned

Due to a scarcity of hands, and the damp weather all this week, only 212 bales of cotton from the 1952 crops had been ginned in Tahoka by the five gins up to 10:30 a. m. Thursday.

E. R. Edwards reported only about 500 bales had been received by the Tahoka compress.

It is believed that a considerably larger amount of cotton has been received by gins in the south part of the county.

Negro Is Victim Cutting Scrape

R. C. Stanberry, local Negro, is free on a \$500.00 bond after having allegedly committed an aggravated assault on another Negro "over on the hill" Sunday night.

Sheriff "Slick" Clem told The News Stanberry attacked Ceburn Smith with a knife. He is said to have made several slashes at Smith, cutting the latter in the shoulder, side, and back. Smith's condition was not considered as serious.

R. C. Stanberry's brother, H. D. Stanberry, was arrested in another part of town the same day on a driving while intoxicated charge. On appearance before Judge W. M. Mathis, he was assessed a fine of \$75.00 and costs.

Jesse B. Lawson was assessed a fine of \$25.00 and costs on a worthless check charge. The Sheriff's department also reported several arrests had been made the past week end for drunkenness.

C-C DIRECTORS WILL MEET

A meeting of Tahoka Chamber of Commerce directors has been called for Monday night by the organization president, Clint M. Walker.

Mrs. W. C. Harvick, 66, underwent major surgery at Tahoka Hospital on Monday. She is reported to be improving nicely.

Lynn County's 1952 Tax Valuation Is \$9,955,529.00, J. E. Brown Reports

Lynn county's tax valuation was raised only about \$35,000.00 this year, and the total valuation for State and County purposes is now \$9,955,529.00, according to J. E. (Red) Brown, county tax assessor and collector.

Most of the \$35,000.00 increase is for new construction and new equipment.

Brown completed the roll last week, and on Monday mailed it to Austin for approval by the State Comptroller's office.

Tax rate for the year 1952 totals \$1.97, with .42 appropriated to the State and \$1.55 to Lynn county. Most of the latter figure goes toward the retirement of bonds.

Total collections, if paid 100 percent, will be \$190,531.49. Of

Suggests Club For Elderly Ladies

Since there are many elderly women in Tahoka and many of them possibly are lonesome for association with other women of their age, Mrs. Ernest Drager suggests that they might enjoy having a club of their own with weekly or twice monthly meetings.

She thinks there is a need for such a club, in order that these elderly women may get together occasionally and enjoy a visit and "chit-chat."

Meetings could be alternated in various homes, sometimes meeting in homes of infirm or "bed-fast" ladies.

Some of the younger women could help arrange the parties and take the elderly women to and from the meetings in their cars.

She asks that the women of the town think over the idea, and those who are interested in joining such a group and those interested in helping sponsor such an organization either phone, write, or come and discuss the idea with her.

Mrs. M. L. Henry, 77, entered Tahoka Hospital Tuesday and is seriously ill.

this amount, \$33,620.30 will go to the State, \$154,309.08 to the County, and \$2,602.11 to schools.

The county valuation is broken down as follows:

Land	\$6,087,287
Town lots	1,321,040
Personal property	2,175,122
Banks (personal property)	57,000
Railroads rolling stock	12,290
Intangible assets	80,900
(Principally trucks which operate through county)	
Telephone and telegraph	104,020
Pipe lines	117,870
Total	\$9,955,529

Taxes for 1952 will become due on October 1, 1952, but do not become delinquent until after January 31, 1953. However, taxpayers may receive a 3 percent discount by paying in October, a 2 percent in November, and a 1 percent in December. Tax statements sent out do not include the poll taxes, which should be paid along with the property taxes. Poll taxes may also be paid any time after October 1, 1952, through January 31, 1953.

Legion Auxiliary Installs Officers

The Tahoka American Legion Auxiliary installed its new officers in its regular meeting held Monday night at the hall.

The new officers are: Mrs. Fern Chapman, president; Mrs. Jess Gurley, first vice president; Mrs. R. L. Richardson, second vice president; Mrs. Charles Stewart, chaplain; Mrs. Eldon Carroll, historian; Mrs. Odell King, treasurer; Mrs. Melton Leslie, sergeant-at-arms; Mrs. David Weathers, secretary; and Mrs. Lenore M. Tunnell, reporter.

Mrs. Odell King is the outgoing president.

Prior to the next regular meeting the second Monday in October, the Auxiliary will have dinner at a local cafe, and then go to the Legion hall for its meeting.

Clem Buys Weathers Interest In Business

Sheriff "Slick" Clem has bought out the interest of John W. (Jakie) Weathers in the Clem-Weathers Furniture and Appliance store. The deal became effective last Saturday. In the future, the store will be known as Clem Furniture and Appliance.

J. E. Sherrill is in active charge of the store until Mr. Clem retires as Sheriff of Lynn county.

"Jakie" has not announced his plans for the future.

Warning Given On Traffic At School

The News has been asked to again warn citizens that traffic laws are being strictly enforced in the vicinity of the local school grounds. Fast driving, failure to observe stop signs, and turning around in the street will subject the driver to a fine.

J. A. Havens is on duty at the school grounds during school hours and has been given orders to enforce the laws there as a protection to the children.

STUDENTS IN TECH

Two students in Tech from Tahoka not mentioned by The News were Robert Dean Adamson, who is a Senior in the Department of Agriculture, and Robert Warren, who is doing graduate work.

Charley Brown Sanders, son of Mr. and Mrs. Sam (Mable) Sanders, has enrolled in Baylor University for the current term. He is a grandson of Mrs. Pearl Brown of Tahoka.

Rainfall which amounted to .97 of an inch in Tahoka ushered in the fall season Monday, and many farmers believe the moisture may be of great benefit to much of the cotton and feed crops in this county.

The rain ended a long hot dry spell during which Lynn county's once prospective bumper crop deteriorated badly.

But benefit or no benefit, everybody welcomed the accompanying cool weather and the moisture.

Varying amounts of moisture was received over the county, from a half inch south of Tahoka to as much as two inches in the Draw community and other spots. Most of the county received approximately an inch.

The slow rain began falling in the early hours of Monday, and continued throughout the day. The weather remained cloudy and cool Tuesday, partly cloudy on Wednesday, then Thursday was clear with the temperature gradually rising. The cool weather brought out fall clothes.

With a late frost, many farmers are of the opinion that the moisture will help much of the cotton that was not completely burned up and some of the small acreage of late feed. Cotton bolls not already mature or opening may be caused to develop into larger bolls, and small bolls may be caused to develop, many of the farmers believed.

Two half-section farmers told The News they believed the rain would add at least ten bales to their crop.

Degree to which the rain will help will depend, of course, on the weather from here on out.

Much cotton is opening rapidly, and boll pulling is already getting started all over the county where hands are available.

Many Mexicans have been coming in, but most of them have passed Lynn county by the Lubbock and Hale county irrigated fields.

Lynn county has about 40,000 acres of irrigated cotton which should average a bale to the acre or better, agricultural experts declare. The dry land acreage is the largest in the history of Lynn county. Much of the dry land cotton will be very poor, but there are also many acres which will produce from a fifth to half bale per acre.

Farm labor associations are already getting in Mexican National laborers (bracos), and some farmers' old hands are returning. Due to the short crop in other sections of Texas, most people believe sufficient hands will be available ultimately, but they are not in sight as yet.

Garden Club Is At Cloudcroft

Tahoka Garden Club met in a business session Tuesday of last week at the Lyntegar REA building. Twenty members were present, and discussed plans for the visit to Cloudcroft, New Mexico.

Mrs. J. K. Applewhite, president, and Mrs. H. W. Carter, vice-president, are entertaining all the ladies who could go for several days in their two cabins at Cloudcroft, high in the Sacramento mountains, southwest of Roswell.

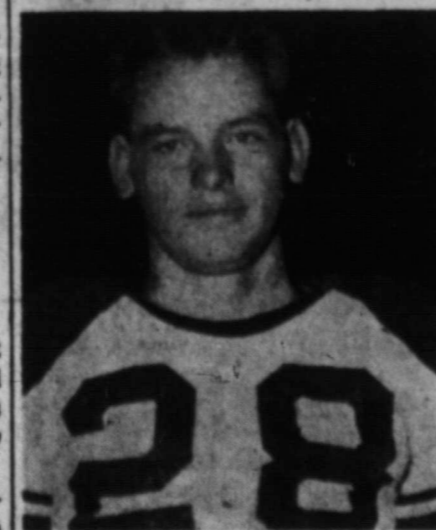

Those who were scheduled to leave Wednesday morning for the resort are: Mesdames M. L. Thomas, A. E. Thomas, D. G. Cook, Emil Prohl, Calloway Huffaker, W. C. Huffaker, R. W. Fenton, Sr., E. R. Edwards, L. C. Haney, Cubana Eccles, Louie Weathers, A. M. Bray, Applewhite, and Carter.

Rev. Ben Hardy, 81, was reported Wednesday to be "about the same." He has been a patient in Tahoka Hospital since suffering a stroke several weeks ago.

Mr. and Mrs. J. H. Kuykendall left Thursday for Odessa to spend a few days visiting their son, M. L. Kuykendall.

Tahoka At Seminole Tonight

MEET THE BULLDOGS

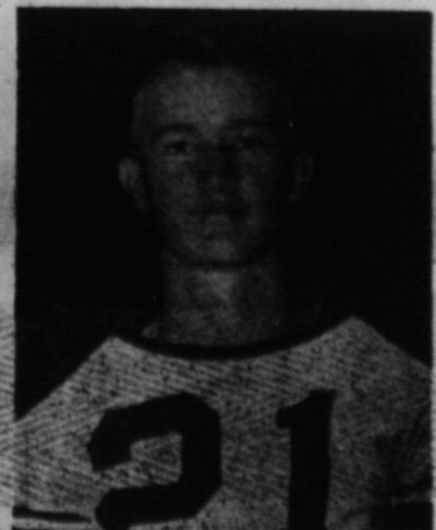

J. B. Ables, 16, 165-pound Junior back, who has been sidelined with a sprained ankle.

Roswell Bartley, 16, 180-pound guard, is a Sophomore, and was a squadman last year.

Kenneth Earley, 18, 160-pound blocking back, is a Senior and was a squadman last year.

Gordon Smith, 14, 142-pound Freshman quarterback, playing his first year as a Bulldog.

Tahoka Bulldogs journey to Seminole, a powerhouse of District 8-AA, for a non-conference game tonight, and they will be the "underdogs" for the third time in as many games.

Seminole, like Denver City, boasts a team of seasoned veterans, but Coach Bill Haralson and Bill Sharpley say the boys have been taking the workouts very seriously this week and the score could be closer than comparisons might indicate. Last year, the Bulldogs surprised the Indians with a 7-7 tie. The boys say they will be giving their best tonight.

Though outplayed by Denver City two weeks ago, Seminole eeked out a 24 to 18 victory, and last week they annihilated Crane 49 to 0.

Denver City Wins
Last Friday night at Denver City, the Mustangs all but ran the Bulldogs out of the stadium in taking a lop-sided 53 to 0 victory.

An alibi sounds foolish when one loses by a score like that, and The News would not detract from Denver City's fine team—it is one of the best small school teams we ever saw anywhere. In fact it was rated as among the best ten Class A teams in Texas by the Williamson system this year.

But, before local fans become too disheartened, remember that Tahoka has a young team, average age of 18 for the first 18 players, while Denver City had four 18 (Con't. On Back Page)

Bullpups, Freshmen Have Full Football Schedule

Tahoka's Bullpups, seventh and eighth grade football boys, are in a conference all their own, which also includes Post, Slaton, and O'Donnell. They are playing a round-robin schedule, with the winner to receive a trophy at season's end.

Coaches Bill Haralson and Bill Sharpley are handling the Junior teams in addition to the varsity squad.

To avoid confusion, in the schedule below, some of the games will be strictly seventh grade and some eighth grade Bullpup teams.

Vic Vet says

VETERANS WITH SERVICE SINCE JUNE 27, 1950 MAY GET VA OUTPATIENT CARE FOR DISABILITIES THAT ARE BELIEVED TO BE SERVICE-CONNECTED AND FOR WHICH THEY NEED IMMEDIATE CARE

For full information contact your nearest VETERANS ADMINISTRATION office

while the two groups will be combined in those games listed strictly as Bullpup games.

A schedule has been arranged also for Tahoka's Freshman football boys, and this likewise is included in the schedule below.

Tahoka Seventh Grade was to have played New Home Tuesday night, but wet grounds caused postponement. This game may be played there next Monday night.

The schedule follows:
Sept. 18, *Bullpups at O'Donnell (Tahoka 13, O'Donnell 0).
Freshmen at Lamesa (Lamesa 7, Tahoka 6).

Sept. 29, Seventh Grade at New Home (tentative).

Sept. 25, *Post at Tahoka (Seventh and Eighth—In this case, the Eighth grade game is the conference game).

Oct. 2, *Bullpups at Slaton.
Spur Freshmen at Tahoka, 6:30 p. m.

Oct. 7, Seventh at Frenship.
Oct. 9, *Bullpups meet O'Donnell here. Freshmen go to Spur.

Oct. 16, *Bullpups at Post, 6:30 p. m. Freshmen at Post (tentative).

Oct. 21, New Home Seventh at Tahoka; Brownfield Eighth and Ninth at Tahoka.

Oct. 28, *Bullpups meet Slaton here.

Nov. 6, Eighth and Ninth at Brownfield.

* All home games are at 7:00 p. m. unless otherwise indicated. Bullpup conference games marked with asterisk (*).

Inhabitants of the Isle of Man are called Manxmen.

Tahoka's Bullpups, seventh and eighth grade boys, were scheduled to play Post's junior Antelopes on the Tahoka field Thursday night at 7:00 o'clock, shortly after The News had gone to press.

Last Thursday afternoon, the Bullpups defeated the O'Donnell Eagles 13 to 0 in a game played there, while Tahoka's Freshman football team lost a close 7 to 6 game Thursday night to Lamesa Freshmen in a game played in Lamesa.

The game at O'Donnell was scoreless until the fourth quarter. Early in the period, Lloyd Dean Cox went around right end three yards to score. The conversion attempt failed. Later in the quarter, William Murray intercepted an O'Donnell lateral pass and ran 22 yards for pay dirt. Jay Gurley carried the ball through the line for the conversion to end the game, Tahoka 13 O'Donnell 0.

The Freshman team, playing in Lamesa that night, barely lost to the heavier Whirlwind team 7 to 6.

Lamesa scored in the first quarter when a Lamesa player went 75 yards on an off-tackle slant to the goal line, and a teammate plunged over for the extra point. Tahoka scored in the third quarter, when Jerry Williams took the ball on an end run and went 17 yards for a touchdown.

Bullpup Team

Seventh grade members of the Bullpup squad are: Jerry Reed, Glenn Fleming, Poncho Salinas, Ronnie McGrew, Michel Browning, Kenneth Cox, Roger Binion, Glenn Bairrington, Gaylon Tekell, Jerry Brown, Jay Gurley, Richard Brooks, Johnny Doren, Lindell Bell, Arthur Crabb, Donald Williams, Dewayne McNeely, Lee Williams, Steve Riddle, John Ed Redwine, Phillip Lacey, and James Adams.

Eighth grade Bullpups are: Bobby Paris, Loyd Cox, Floyd Brasher, Jimmy Harter, Donald Renfro, Doris Kizzar, Larry Simmons, W. H. McNeely, Jackie Henry, Jerry Freeman, Lomuh Harston, James Gage, Homer Morse, and William Murray.

Freshman Team

Members of the Freshman team include: N. E. Wood, Jr., center; James Burkhart and Ronny Brooks, guards; Ware High, Jr., and Stanley Stone, tackles; Joe Dockery and Carlton Bell, ends; Teddy Pridmore, quarterback; Leon Anderson and Glenn Anderson, halfbacks; Jerry Williams, fullback; Walton Terry, Donald Blair, Jerry Slover, Junior Fitts, and Bobby Cook.

Wilson Winner Over Lorenzo

Wilson Mustangs opened their home schedule in District 4-B Friday night with a 13 to 0 victory over the Lorenzo Hornets. Wilson had lost its opening game the week before to Cooper 12 to 7.

In Friday night's game, Coach A. J. Sales' boys scored both their touchdowns in the second quarter. Halfback John Lester Mason, 155-pound senior, got a way around end on a 15-yard gallop for the first score. A few minutes later, Jimmy Schneider, 140-pound sophomore quarterback, kept the ball and went 10 yards to score. Thomas Autry, 170-pound senior fullback bulled over for the conversion.

Wilson rolled up 16 first downs while the visitors made seven.

Wilson Winner Over Lorenzo

Tackle Claude Phillips, 190-pound junior, and Gilbert Steinhauer, weight 180 and also a tackle, were stand-outs in the line.

For the visitors, End Skinner and Quarterback Hargrove were the outstanding players.

This Friday night, the Mustangs play Ropes at Ropes. Many fans expect to follow the boys to that city.

Post Noses Out O'Donnell 13-7

O'Donnell Eagles lost 13 to 7 to the Post Antelopes in the Eagles' first home game played Friday night before a large crowd of fans. The Eagles are in District 4-A, the Antelopes in 6-AA.

O'Donnell took a seven-point lead midway in the first quarter when Quarterback Benny Clark, the outstanding star of the game on both offensive and defensive, crashed two yards through center to score. He then kicked the extra point.

Post came back in the second quarter to score when Quarterback Darrell Stone hit Buddy Taylor with a 11-yard pass. Stone then passed to L. W. Evans for the extra point to tie up the score.

In the third period, after Post had covered an O'Donnell fumble, Stone went 10 yards for the touchdown, and conversion failed.

The Eagles had nine first downs to the Antelopes ten.

Miss Jan Edwards, daughter of Mr. and Mrs. E. R. Edwards, has resumed her studies at Texas Tech College.

Famous Marksman Will Present Demonstration Here On Tuesday

"Folks who like to shoot also like to watch the other fellow shoot," says Ben Beegle, internationally famous marksman who will give a demonstration of his shooting ability at 4 o'clock p. m. of Tuesday, September 30, under the sponsorship of the Tahoka Rotary Club. The place will be 5 miles south and 1/2 miles west of Tahoka.

Beegle and his wife, Blanche, make up one of Remington Arms company's shooting exhibition teams. During the war they toured the country, appearing before millions of G. I.'s at many army camps and naval bases. That their instructions were worthwhile is attested by the fact that they are the recipients of numerous letters from overseas combat soldiers who give the teachings of the Beegles credit for saving their lives.

Mr. and Mrs. Beegle are both ardent lovers of the out-of-doors and whenever they can get a day away from their strenuous shooting exhibition schedule, they like nothing better than to take a "busman's holiday" and go hunting or fishing. They are just as expert with rod and reel as they are with gun and ammunition.

"Every one who shoots is curious about how the other fellow does it and likes to try anything new in the shooting line," says Beegle. "Many of the fellows who watch me shoot go home with the 'if he can do it, so can I' idea and start in practicing some of my shots. And they can 'do it, too, if only they will not become too easily discouraged and will keep on practicing until they develop the proper timing."

"Proper timing is essence of all shooting at moving targets. Once the shooter learns to make the gun practically a part of himself, learning to shoot with efficiency becomes comparatively easy. Good shooting is not beyond the reach of anyone who has a healthy body, steady nerves or nerves which can be controlled and fairly good eyesight. Once the fundamentals of shooting become so firmly entrenched in the mind of an individual that they are a sort of second nature, it is easy for him to graduate from the status of a mediocre shot to that of an excellent marksman. No shot one person can do is impossible for the other fellow if he will only master the problems of timing and proper gun sighting or pointing. It just takes a little patience and a lot of practice."

Beegle's exhibition is replete with thrilling feats of marksmanship which seem almost impossible to the average sportsman. He uses fourteen different types of guns and is equally proficient with rifle, shotgun and pistol. His lecture on proper and safe gun handling, which runs throughout his exhibition, is one which every father should have his young son hear.

Mrs. Beegle assists her noted husband in all of his exhibitions. She is an accomplished sports woman and loves all phases of outdoor life.

Air conditioning was installed in the White House in 1932.

School Menus For Next Week

Following are the menus for the Tahoka School Cafeteria for Monday, September 29 through Friday, October 3:

Monday
Meat loaf, English peas, cream potatoes, lettuce salad, hot rolls, milk, and sugar cookies.

Tuesday
Hamburgers, lettuce and tomatoes, potato chips, cherry pie, and milk.

Wednesday
Brown peas, French fried potatoes, mixed greens, cabbage slaw, cornbread, milk and prune cake.

Thursday
Soup, crackers, sandwiches, chocolate milk, and peach pie.

Friday
Fried ham, blackeye peas, potato salad, lettuce, carrot sticks, hot rolls, milk, and ice cream.

DONALDSONS VISITING SON IN FORT WORTH

Mr. and Mrs. C. C. Donaldson and Jane left Thursday for a visit in Fort Worth with Claude, Jr., and family. Monday and Tuesday of next week, Mr. Donaldson expects to attend the insurance convention.

Herbert Hoover's father was a blacksmith.

WCS MET MONDAY AT METHODIST CHURCH

The Woman's Society of Christian Church met at the Methodist Church Monday with 23 members present.

A very impressive worship center and a poster were prepared by Mrs. R. M. Stewart.

A most interesting study was begun by Mrs. G. M. Stewart on "African Heritage" by Emory Ross. Mrs. J. B. Hoskins, Mrs. A. M. Bray, Mrs. J. E. Reasonover, and Mrs. John Slover assisted her in the program.

Refreshments of cokes and sandwiches were served during the social period.

MAKES TECH BAND

Two Tahoka High graduates of last spring, John Paul Lawson of Grassland and Harold Hamilton have already been given places in the Texas Tech Matador band in this, their Freshman year. The two young men made their first public appearance with the organization at Saturday's football game.

Napoleon said an army travels on its stomach.

GET EXTRA PROFIT EVERY TRIP — up to 1,200 pounds more!

THIS new GMC 145 H.P. Highway Tractor—the 472-30, will pack more payload and profit into 45,000 pounds of gross capacity than any similarly equipped middleweight built.

It represents new advances in truck engineering that eliminate useless weight in engine and chassis design. Result: You can haul as much as 1,200 pounds of bonus payload without exceeding this GMC's rated capacity by an ounce!

It is both trim and solid—engineered with the same traditional ruggedness you find in the largest GMC's. Available in conventional and cab-over-engine models. Standard equipment at no extra cost includes GMC's great new 145 H.P. engine, full air brakes, and husky rear axle rated to accommodate 10:00/20 tires.

Come in today and compare this sensational GMC 470's payload, power and price! Nowhere else will so little buy so much in a middleweight truck!

Southwestern Public Service Has Open House At Gigantic 'Plant X'

J. E. Reasonover, manager of the local Southwestern Public Service company office, accompanied by A. M. Bray, Happy Smith, Otis Spears, and E. I. Hill, attended the big celebration and barbecue given Tuesday on the grounds of a large new plant which the Southwestern Public Service company is opening out in Lamb county seven miles north of Amherst. The new plant is one of the largest public service plants in this entire area. It has been designated and will be known as Plant X.

It was located at that point for two reasons: first, because that is near the center of the electric load to be carried, and secondly,

because of the abundance of underground water available or readily obtainable out there in those Lamb county sand hills. The Tahoka people as well as other visitors were amazed at the magnitude of the plant. The company purchased a tract of 354 acres of land on which to locate the plant and the water rights on 10,000 acres of adjacent lands. It requires a lot of water, it was explained, to operate such a plant.

Visitors were conducted through all compartments of the great building, with the machinery running, so as to give a demonstration of the variety and character of the activities carried on in

Look Who's Talking!

Baptist W.M.U. To Install Officers

The W. M. U. of the First Baptist Church will meet in the home of Mrs. Truett Smith next Monday at 4:00 p. m. to install the new officers. Mrs. Beulah Fridge will be the installing officer.

New officers are: Mrs. Everton Nevill, president; Mrs. Truett Smith, corresponding secretary; treasurer; Mrs. W. H. Kenley, choirster; Mr. Lee Ramsour, pianist; Mrs. K. R. Durham, young people's leader. Mrs. John Hurley, who has moved away, is the outgoing president.

Chairmen of the four circles are: Mrs. H. B. Howell, Sallee; Mrs. J. L. Nevill, Blanche Rose Walker; Mrs. E. J. Cooper, Lunsford; and Mrs. L. D. McKee, Mission.

Committee chairmen are: Mrs. J. H. Kuykendall, benevolence; Mrs. H. P. Cavefess, program; Mrs. W. H. Kenley, Bible and

LAY-AWAY PLAN

Two small Koreans, orphaned by the war, huddle together in rubble of Seoul. Funds for American Relief for Korea which sends used clothes to such war-sufferers, are being sought by United Defense Fund in Red Feather and other united community drives.

MISS MARGARET ROBERTS BACK AT BAYLOR U.

Miss Margaret Roberts, daughter of Mr. and Mrs. John A. Roberts, has returned to Baylor University, where she is a Sophomore student this year.

Mr. and Mrs. Ralph Laswell, who received their Masters degrees at Baylor U. this last summer, are teaching in Orange. He is high school biology teacher, and his wife, the former Miss Doris Roberts, is teaching a fourth grade class in an elementary school.

some of them made short talks. One of the finest lunches of barbecued chicken that a man ever ate was served to all present, which included many women. The crowd served was estimated at 750 people, which is believed to be a conservative estimate. Quite a number of regional newspaper men were among the guests.

such a plant. The plant's first unit, a 50,000 kw. turbine generator, had already been placed in service; and a second unit of 100,000 kw. capacity is scheduled to be placed in service soon. With a projected ultimate capacity of 250,000 kw. this will be the largest plant in the Southwestern Public Service system. There are ten other plants of greatly varying capacities. Two of them are situated in this immediate vicinity, one at Abernathy and one at Denver City.

Most of the "higher-ups" in the service were present and had places on the program Tuesday. Among these were the President of the company, Jack Cunningham of Amarillo; the vice president, A. R. Watson also of Amarillo; Herb Mitchell, chairman of the board of directors, Dallas; Hubert L. Allen of Lubbock, vice president and division manager of the Southern division; R. E. Drake of Sudan, Plant X manager. Most of the board of directors, a number of engineers, and others holding places of responsibility were introduced and

Winter Buds Hold Beauty; Observe Them Carefully

Observing tree buds in winter can be adventure. Each is a miracle of nature. Each has been placed with care — next spring's flowers and leaves in miniature meticulously folded and sealed. Each contains just enough oxygen and moisture to keep alive until the miracle of spring unfolds them.

A mature elm may hold as many as six million buds. Yet only a percentage will open. If squirrels eat some, if others freeze or are damaged, nature has supplied enough to give a tree full foliage.

Winter buds are a tree's diadem. Some are as colorful as precious jewels. They come in many forms, unusual shapes. But never is one square. The architectural pattern of nature is in spirals and ovals.

Look closely and winter buds become works of art. Some contain only flowers; some hold leaves, still others contain both flowers and leaves.

The flowering dogwood by your door has fat silver-gray shoe-button-like buds at the ends of twigs. These are next spring's flowers. Now observe the gray, slender and sharp buds along the twigs, arranged in spiral form. These hold next spring's leaves.

Their colors are kaleidoscopic. Buds of a shadbush are rich brown red, fringed with silver hairs. Sweet gum buds are highly polished mahogany red, broad at the base and tapering sharply. Buds of red maples are crimson trident, and note how all maple buds are grouped in threes at the end of each twig, with the tallest one in the center.

A willow bud is half an inch long, tapering gradually to a rounded tip. Pussy willow buds are blue black mottled with red at the top; swamp willows have an orange hue, black willow buds are glossy, wine red.

"Utility companies are regulated to the hilt, but what agency regulates Federal monopoly?" —William H. Ruffin, NAM Chairman.

When cane seats on chairs begin to sag, sponge them with hot water to which salt has been added. This will take up the slack.

An ancient of India called for the widow to cremate herself on the funeral pyre of her husband.

In Siam, houses are constructed with odd numbers of floors and steps to insure good luck.

After shining silver with a wax type liquid polish, be sure to wash it in hot sudsy water.

Mr. and Mrs. O. L. Bradford of Sweetwater spent last week end here visiting their friends, Mr. and Mrs. George Nixon.

Mr. and Mrs. Tom Bartley and daughter spent last week end visiting his mother at Ladonia.

DURING WORLD WAR II, THE ENDICOTT MADE AN ATTACK ON THE SOUTHERN COAST OF FRANCE AND SANK TWO GERMAN CORVETTES AND A MERCHANTMAN.

AT WONSAN SHE RESCUED 122 OFFICERS AND MEN WHEN THE PIRATE AND PLEDGE WERE MINED AND SUNK.

AFTER 10 MONTHS OF BOMBARDING AND SWEEPING OFF THE COAST OF KOREA THE HIGH SPEED DESTROYER MINESWEEPER RETURNED TO THE U.S. FOR LEAVE AND OVERHAUL.

Growth of Scouting Pointed Out As Date For Campaign Grows Nearer

J. M. Willson, Jr., of Floydada, chairman of the Finance Committee of the South Plains Council, Boy Scouts of America, announced recently that the Council-Wide campaign for the 1953 Scout Council budget would start on October 20 with a simultaneous kick off in every community of the 20 county council.

The 1953 budget has been set at \$87,896.74.

The Council conducts an independent campaign in all communities of the 20 counties except Lubbock, Plainview, Seminole, Lamesa, and Matador, where the Council is a participating agency in Community Chests.

The Scouting program has flourished and grown in the 20 county area in the past few years until now more than six thousand Cubs, Scouts, Explorers and volunteer leaders are participating at the present time.

The Council has nearly completed the development of the C. W. Post Memorial Camp near Post, Texas. During the past three years new facilities including a new dining hall, a new health lodge, new bath houses, water lines, 100,000 gallon water storage tank, Ranger's home, equipment storage and trading post building, new rifle range, and new archery range have been completed. The Council has spent nearly \$110,000.00 on this camp improvement project.

Robert Baumgardner, Brownfield, is chairman of the Tejas District of the Council which includes Lynn, Dawson, Terry and Borden counties.

Marvin Bass, formerly of Tahoka, was here on business Monday. He is now managing a firm at Hale Center.

RELIGIOUS ILLITERACY

The religious illiteracy of our day was recently revealed by a questionnaire addressed to 18,434 high school students. Eighty-seven per cent of them could not name three Old Testament prophets; 54 per cent of them could not name three disciples of Jesus; and 64 per cent of them could not name the four Gospels.

Religion, we know, does not consist in a knowledge of names; yet it is inconceivable that a high school pupil properly instructed in the rudiments of Christianity, should score less than 100% on the above three questions.

Any youth of 16 who has been given a proper Christian training should not only know the answers to the above questions, but he should also know what

the Bible says concerning sin, the deity of Christ, redemption, Baptism, the Lord's Supper, and a dozen other fundamental facts of faith.

Has your child been instructed in these important Bible teachings? Your obligation is clear. "Ye fathers," says the Bible, "bring up your children in the nurture and admonition of the Lord."

USO services are made possible by United Defense Fund through Community Chest and other united community campaigns.

Soil Testing Lab Is Busy Place

COLLEGE STATION. —The soil testing laboratory operated by the Agricultural Extension Service of the Texas A. & M. College System has been a busy place during the past year. According to M. K. Thornton, agri-

cultural chemist and in charge of the lab, 9,550 soil samples have been analyzed.

He says the number of samples submitted has steadily increased since the lab was opened on November 1, 1950. Determinations made by the laboratory include the amount of organic matter, nitrogen (computed), soil reaction, available phosphoric acid, available potash, available lime and soluble salts for each sample. Recommendations for best land use based upon the soil analysis are returned to the sender along with the report on the sample.

Thornton reminds farmers that right now is the time to submit samples from the fields on which winter legumes and small grains will be planted this fall. Thornton points out that the samples submitted must be representative of the field if they are to be of value. He encourages farmers to contact their local county agent for detailed information on how to take a representative sample.

Farmers who have submitted soil samples report that the analysis and recommendations have been very useful to them. First, they find that often times different grades and amounts of fertilizer from that normally used are needed to improve their crop yields; that low yields are not always the result of low soil fertility and third, that savings can be made on the purchase of fertilizers when only the recommended amounts are used.

Local county agents can supply details on taking, and mailing samples and can give assistance in putting the recommendations into practice, says Thornton.

Rheumatic Fever Can Be Fatal

AUSTIN. —Rheumatic fever and its complication, rheumatic heart disease, probably disable more school age children than any other cause except accidents, declared Dr. Geo. W. Cox, State Health Officer.

Rheumatic fever is a well known enemy of children, still physicians do not know exactly what causes it. It usually appears about two weeks after an infection caused by germs of the streptococcus such as tonsillitis, scarlet fever or sore throat. Some children appear more susceptible than others and this trait seems to run in families. Rheumatic fever can occur in any surroundings, but it is most common among children living in poor and crowded homes, and among children who do not get enough of what is called the protective foods such as milk, eggs, meat, butter, fresh fruits, vegetables and the like.

Rheumatic fever actually has no symptoms that are all its own. A few of the group of symptoms the doctor looks for are: persistent fever, poor appetite, tiredness, failure to gain weight, paleness, repeated nosebleeds, and especially pain and inflammation that moves from joint to joint.

Rheumatic fever is a disease that may affect any part of the body—skin, joints, blood vessels, heart or brain—but usually it is the heart that is most seriously affected. Unless they are prevented by good management, the acute attacks have a tendency to come back again and again. When this happens, the valves of the heart are usually affected: Sometimes so slightly that the child is not handicapped; sometimes so seriously that the child dies. The present day treatment of rheumatic fever is directed at two things. First, reducing the risk

of heart damage from an acute attack by bed rest and appropriate treatment with drugs. Second, doing everything possible to prevent another attack recovery from the first.

WASHINGTON AND
"SMALL BUSINESS"

By C. WILSON HARDER

The controversy over the 400 page Federal Trade Commission report on worldwide oil monopoly, released to the Senate Small Business Committee continues to draw the top billing in Washington.

As it appears now, the basis for the worldwide oil monopoly by which five U. S. and two British companies control the major share of both reserves and production, was started in the U. S. in the mid-thirties.

C. W. Harder

Around 1936, the report states, under the guise of conservation of oil, Congress passed an act permitting states to control oil production.

At that time, as now, more oil can be produced than can be consumed. However, Congress was stampeded into passing the necessary legislation as a means of saving oil.

Actually, the result has been somewhat different, FTC says.

Oil production has been slashed, it is found, when prices go down due to ample supply and before the law of supply and demand reduced prices.

The FTC reports that there has never been a real shortage of petroleum. For example, the committee quotes January and February 1947 when Eastern homeowners froze because of a supposed heating oil shortage.

At that time the major oil companies had in storage 220 million barrels of oil which could have been refined by the independent refiners. They were seeking work, because enforced

curtailment of production kept them from getting crude from independent producers.

The only way that the independent refiners could get any of this vast supply was to agree to exorbitant terms set up by the major companies holding the surplus, in an oily version of the dog in the manger story.

Without the government giving power to control U. S. oil production, it is held doubtful that the present international oil cartel could have been built. The FTC report states that "conservation" was the missing link that was needed by the major U. S. companies to forge themselves into a world cartel.

The report further states that when government acts to curtail production, it breeds monopoly.

For this reason, one of the solutions of the present scandal brought about by the release of the FTC report after months of secrecy, will possibly be legislation removing all legal restrictions on oil production.

It is not believed that if oil prices go down due to the collapse of monopoly pricing control, that everyone will rush out and buy an extra automobile in order to use more oil.

But such a move, coupled with strong protection of independent oil producers and refiners through the application of the anti-trust laws, might result in the public having a wider choice of brands, grades and prices on gasoline and oil.

Perhaps some Congressmen have over simplified the problem but here is their feeling on the entire oil situation.

"There is no oil problem that a little, free, independent old fashioned competition won't solve".

NEW HOME COUPLE WILL CELEBRATE ANNIVERSARY

Mr. and Mrs. J. H. Halford, who have been citizens of New Home for many years, are to celebrate their 50th wedding anniversary in their home Sunday, October 5, 1952.

The couple wish to take this opportunity to invite their many friends in this section of the Plains country to be their guests on that date, between the hours of 2:00 p. m. and 6:00 p. m.

Fire Prevention Week, on a national basis, will be observed from October 5-11. It's a good time to remove the hazards that might cause fires and to plan community programs for preventing fires.

A warm welcome always awaits servicemen at USO clubs and lounges throughout the country. Here a USO volunteer serves up a home-cooked turkey feed to two hungry GIs. USO is financed by United Defense Fund through fall Red Feather and other united community campaigns.

Pear Canning Time Is Here

COLLEGE STATION. —Pears can be served either fresh, cooked or conserved, according to the food and nutrition specialists with the Texas Agricultural Extension Service. This makes the new crop now on the market good news to the family menu planners.

Pear producers in the western region of the United States are harvesting 19 million bushels which should make pears plentiful for the next few weeks. The southern crop which will follow should give everyone a chance to enjoy the fruit at a nominal cost. To the diet conscious the specialists point out that a medium size pear only has 70 calories. They suggest baked pears to eat and to can. Select the small

sweet early pears and bake in the oven just as you do apples. To can baked pears, remove from the oven while hot and pack in hot sterilized containers. Fill jars full with boiling medium syrup. Seal. Then process in the water bath 10 minutes. The leaflet L-19, "It's Pear Time," which has other pear recipes, is free for the asking at the office of the county home demonstration agent.

Twenty-four outstanding 4-H Club members—two from each Extension district—will receive the State Fair Award of Honor medal at a Recognition Banquet to be held in Dallas on the evening of October 3.

"Figures don't lie—which makes it tough to be a dress designer." —Allen Sands.

A Clean City Is A Safe City!

Football . . .

(Cont'd. From Page 1)
year old boys and eight 17, and ten of them are Seniors. Tahoka's young team now gaining playing experience has a Freshman quarterback, age 14, only one returning backfield letterman, and only two boys on the entire starting line-up playing the same position they learned last year.

Mustangs Score Early
Denver City received the opening kickoff, and on the third play Halfback David Brooks went 40 yards around left end for a touchdown. Charles Ward kicked the extra point.

Tahoka made one first down, with Gordon Smith and John Foster carrying, but had to kick on the next series. Richard Havens' kick was partially blocked, the Mustangs took over at Midfield, and three plays later Charles Lenamond went over for a TD, and Ward's kick was good.

The Bulldogs had a march started, it appeared, carried to the 50, and Havens got off a 40 yard punt, but Denver City marched right down the field in five successive first downs to score, with Phillip Shook going around left end the last 15 to score early in the second quarter, and Ward's kick again was good. That ended the scoring in the first half.

Drive Fizzles Out
Tahoka got one drive started in the second quarter that carried from its own 31 to Denver City's 18, where the Mustangs recovered a Tahoka fumble. Two passes during the drive were complete to Milfred Ratliff for a total of 10 yards. Then Billy Tong intercepted a Mustang pass as the half ended.

Richard Havens went out of the ball game just before the half with a slightly injured knee, and Smith did the kicking from then on.

In the third quarter, Kenneth Early recovered a Mustang fumble on the Denver City 44, but four plays netted only 8 yards. The ball changed hands five times in the quarter before Shook finally went 33 yards around end for the fourth Denver City score. The conversion was no good.

An exchange of fumbles, neither team could move, and then Shook explored again around end and ran 17 yards for the goal line, and Ward's kick was good again.

Defense Breaks Down
Tahoka's defense, overpowered and weakened, allowed three touchdowns in the fourth, one on an 8 yard run by Shook, one on a pass to Casey for 10 yards, and one on an intercepted Tahoka pass on the 50 by Lenamond, who went on to score. One of Ward's three conversion kicks was good.

Everything seemed to backfire for the Bulldogs, but the boys kept fighting to the end. Tahoka's secondary defense was weak all through the game, and the line leaked badly on offense, although it looked good at times on defense.

Tackle John Curry turned in a fine performance. The backs had trouble all evening getting started.

But the Bulldogs were up against one of the finest teams they have ever met. Last Friday night the Mustangs were as good or better than Anson was last year in the bi-district game with Tahoka. The team has good, rangy and experienced linemen, and a whole flock of speedy backs who were also masters at ball handling. Also, they had advantage of having both an offensive and a defensive team to wear down the visitors.

Tahoka's passing looked much better than did Denver City's though it did not gain so much yardage. The Bulldogs completed 8 of 16 passes, two being intercepted. The Mustangs threw 12 passes, completed four and had one intercepted.

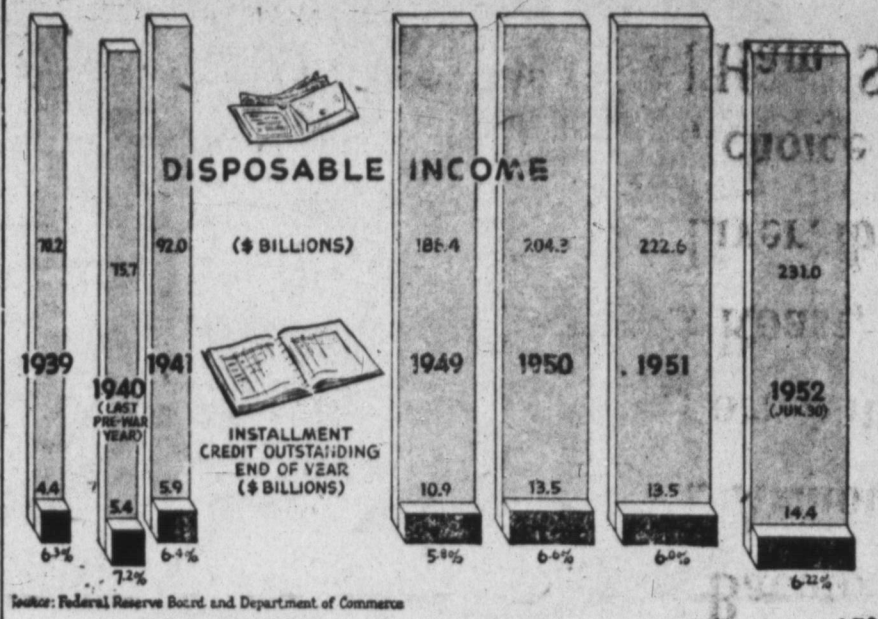

Game Statistics	
Tahoka	Denver City
5	First Downs 19
40	Net. yds. rushing 337
16	Passes attempted 12
8 for 54	Yds. passing 4 for 81
2	Passes intercepted 1
9 for 26	Punt. Avg. 2 for 50
9	Fumbles 6

4 for 20	Penalties 9 for 85

Mr. and Mrs. H. B. McCord, Jr. and son, Jimmy, returned home this week from Memphis, Tenn., where they spent a few days visiting Mrs. McCord's mother, Mrs. C. A. Powell, and sister, Peggy.

"American money not only talks—it does so in almost every foreign tongue." —Ivan Helmer.

"The man who doesn't know where his money goes obviously isn't married." —Dave Crown.

Level of Installment Debt Under 1940

Proportionate to income after taxes, Americans owe far less today on installment credit than they did in 1940, the last pre-war year. In that year they owed 7.2 per cent of disposable income. In 1952, the number of dollars owed is above 1940, but the figure represents only 6.22 per cent of the amount of money people have to spend.

South Carolina Citizen Speaks At Local Rotary Club On "Leadership"

Speaker at Tahoka Rotary Club Thursday noon of last week was Hon. Chas. V. Verner, textile manufacturing official of Greenville, South Carolina, who is a member of the State Legislature and chairman of the Ways and Means committee, and a close personal friend of Governor Jimmy Byrnes. He and his wife are here visiting their son, Chas. Verner, and family and the D. W. Gaignats.

Using the subject "Leadership and Deficit Spending," Mr. Verner cited the records of past presidents and other great Americans to build a contrast to the road recent administrations are following. He cited our tremendous national debt, and the budget for the new year, and stated if no other taxes were collected at all, it would require us 50 years to pay off the national debt.

To bring the facts closer home, he stated Lynn county's part of the national debt now stands at approximately 20 million dollars, and the new budget will increase that amount.

Mr. Verner is a life-long Democrat who thinks the party has left him high and dry. It no longer is the party of the South, but a party of the big city bosses, labor leaders, corrupt politicians, "parlor pinks" and Socialists, and the Negroes.

The speaker is an orator of no small ability, and even those who did not agree with him seemed to enjoy much of his talk.

Junior Rotarians for the current month are Morgan Howle and Richard Carter, High School seniors.

Sixteen members of the Tahoka club attended the annual Lubbock inter-city meeting held at Texas Tech on Thursday night.

New Home Loses To Pettit Team

New Home Leopards lost a district 2-B six-man football game to Pettit at Pettit last Friday by a score of 47 to 6.

Coach Bill Stephenson said New Home scored on a pass by Tailback Darrell Fletcher to the center, Willie Nieman. Defensive standouts for New Home were Jim Gannaway and Pat Caudle. Gary Dean and Tillman Carty played good games at end.

New Home has an open date this Friday, but on Friday of next week the Leopards will entertain another strong team, the Three Way Rural High School.

Texas represents 1/12 of the area of the entire U. S.

Tahoka Girl On Staff Of BAYLOR "LARIAT"

Waco, Sept. 25.—Fall quarter staff for the Lariat, daily campus newspaper at Baylor University, has been announced by Catherine Osborne, editor-in-chief, a senior journalism major from Plainview.

Night editors who will each be in charge of one edition each week are Bill Dooley, senior from San Antonio; Sue Connally, junior from Athens; Ralph Man, graduate student from Decatur who edited the Lariat last spring; and Bill Rogers, senior from Center.

Gwynn Lee Smith, senior from Munday, will serve as society

editor, and George Wallace of Cooldidge is assistant sports editor, and Margaret Durham of Tahoka is proof reader.

A delightful and easily prepared started for the meal is apple juice that has been chilled thoroughly in the refrigerator and served with a scoop of orange sherbert.

James Minor Is Honored As One Of Texas Heroes

James Minor of Post, son of Mr. and Mrs. John Minor of Tahoka, will be honored in the Texas Hall of State, located on the State Fair grounds in Dallas, by the Dallas Historical Society, and his biography and photograph is being placed therein. The honor was bestowed upon Minor for his outstanding military record.

The Hall of State was erected in 1936 as a permanent memorial to the heroes who had a hand in forming our great state and to the outstanding heroes of United States wars since that date.

Following is the biography of Minor which was filed in the Hall of State:

"James Leroy Minor was born at Haskell, October 29, 1918, the son of John W. and Bertha Swope Minor. At the age of four years he moved with his parents and their family to Tahoka. He attended Tahoka schools and was an outstanding High School athlete, starring in football, basketball and track. In May, 1936, he graduated from Tahoka high school with highest honors.

"In September, 1936, he entered Howard Payne college at Brownwood, where for four years he was an outstanding athlete and student leader. He was All-Texas Conference Quarterback and received honorable mention as Little All-American. He was

JAMES L. MINOR

president of all of his college classes and during his senior year was president of the student body. He was also named to "Who's Who in American Colleges and Universities." He received his B. A. degree in May 1940, graduating with honors. In September, 1940, he entered the University of Texas Law school at Austin, where he studied law until he was called into the service of his country.

"Minor entered the service at Brownwood, November 25, 1940, as a private, mobilizing with the Texas' 36th Division, and was commissioned a second lieutenant

April 1, 1941, at Camp Bowie. He trained with the 36th Division at Camp Bowie; Alexandria, La.; Camp Blanding, Fla.; Camp Edwards, Mass.; and Amhurst, Va.

"James sailed for overseas in March, 1943, with the Advanced Detachment of the 36th, landing at Casablanca. As a first lieutenant he was in the assault wave at "The Bloody Salerno Landing" September 9, 1943, when the 36th was the first division to set foot on Continental European soil in World War II.

"He fought with the 36th as a company executive officer, company commander, battalion executive officer and battalion commander through Italy, Southern France, Germany, Bavaria and Austria; and was in five major campaigns, Naples-Foggia Anzio, Rome-Arno, Southern France, Central Europe and Rhineland.

"At the age of 25 Minor was the youngest lieutenant colonel in the Armed forces commanding an infantry battalion in combat. His battalion, the 1st battalion, 142nd Infantry, 36th Division, received the Presidential Unit Citation for its action at Selest. France, Dec. 12, 1944. He was wounded in action three times at Casino, Italy; near Hagenu, France; and at Wissembourg, Germany in the Siegfried Line.

"He has been awarded the following decorations and citations: Distinguished Service Cross, Silver Star with Oak Leaf Cluster, Legion of Merit, Bronze Star, Purple Heart with Two Oak Leaf Clusters, European Theatre Ribbon with five Combat Stars and two Division Stars, German Occupational Ribbon, Victory Medal, Presidential Unit Citation and French Croix de Guerre with Palm Leaf.

"Minor was married July 20, 1941, to the former Miss Marian Lee Mason. They have a son, Jimmy, and a daughter, Marilyn. "He returned to the states in June 1945, with Lieutenant General Alexander M. Patch, Seventh Army Commander, and his party of officers and enlisted men they flew from Paris, France, to San Antonio, where they were given a "Heroes Welcome."

"Minor was released from the service with the rank of lieutenant colonel on November 11, 1945. Since that time he has been in the furniture and funeral

TAHOKA, TEXAS, — FRIDAY, SEPTEMBER 26, 1952

Brotherhood Hears Brownfield Pastor In Address Here

Rev. Jones Weathers, pastor of the First Baptist Church of Brownfield, was the guest speaker at the local Brotherhood meeting here Monday night.

His message, which might be entitled "A Call Back to Bethel," was very timely and inspiring. Possibly every man present was deeply moved and lifted up to higher ground spiritually.

The pastor Rev. Lee Ramsour announced that beginning with the first Sunday in November he plans to preach a series of twenty sermons on Bible doctrines and invites the men of the church to hear as many of these sermons as possible and to make a special effort to induce others to come.

The Brotherhood adopted a motion to the effect that they accept the suggestion and agreed to enter heartily into an increased attendance campaign.

Officers for the ensuing year were elected as follows: Dub Fulford, president; Frank Great house, enrollment vice-president; Durwood Howard, program vice-president; John Inman, activities vice-president; Ivan McWhirter, secretary-treasurer; Larry Ramsour, pianist; and Wendell Walker, song leader.

In spite of the drizzly weather, the attendance ran well above thirty.

home business in Post. He has been commander of the local American Legion Post, president of the Chamber of Commerce and secretary of the Post school board along with many other church and civic duties.

"At homecoming ceremonies November 11, 1950, at his alma mater, Howard Payne, he was

Wilson Lutherans Plan Observance Bible Study Week

Sunday School Rally Day will be observed at St. John's Lutheran Church, Wilson, this Sunday, September 28, beginning at 9:15 a. m. This will mark the beginning of the new Sunday School year as well as the first day of Bible Study Week which is being observed in the American Lutheran Church as well as in many other Christian churches all over America.

Study periods will be held for five consecutive nights, Sunday through Thursday, beginning at 7:30 p. m. The study will be on II Timothy and will be taught by Pastor C. C. Ehler.

"So many Americans, including so-called Christians, are illiterate to the Bible and the purpose of this special week of Bible Study is to help people take a renewed interest in studying God's Word. The general public is cordially invited to come and study with us," stated the pastor.

This Bible Study Week will also mark the first public appearance of the Revised Standard Version of the complete Bible. This new version has been lauded by all major Christian denominations as the most accurate translation in the English language since the King James Version of 1611. "We will have these new translations available for examination during our Bible Study Week," the pastor stated.

Fall cottons have blossomed out in plaids of beautiful colors and designs, but before plaids are bought they should be considered in relation to the pattern.

honored by being presented as "The Howard Payne Man of the Year."

Teachers Meet At New Home

Seventy-five teachers attended the first regular meeting of the Lynn County Unit of the Texas State Teachers Association held at the First Methodist Church in New Home Monday night, according to Mrs. Zuma McWhirter, reporter.

President C. P. Martin, who is principal at New Home, presided at the meeting. During the brief business session, three more meetings for the school year were planned. Next meeting will be a dinner meeting in Tahoka school cafeteria the third Monday in November with Prin. Archie Sims in charge of arrangements. Other meetings will be on the third Monday in February and the third Monday in April.

Supt. James Vaughn of New Home welcomed the group, and vocal numbers were presented by Misses Sue Beth Cowan and Peggy Hemeline, New Home High School students, accompanied at the piano by Mrs. Gwyn Patterson of Tahoka.

Mrs. Lenore M. Tunnell, county superintendent, spoke on the subject, "Membership and Aims of the TSTA."

Principal topics of her discus-

COMMUNITY SINGING AT BETHEL CHURCH

There will be community singing at Bethel Church, three miles east and nine miles south of Tahoka on next Sunday, according to L. W. Ables.

There will be some special music, and everyone is cordially invited to attend.

HOOD COUNTY REUNION

The annual Hood county reunion will be held Sunday, Sept. 28, at the barbecue house in Mac Kenzie State Park. Former residents of the county are invited to attend, bring a lunch, and enjoy meeting old friends.

Ample reserves of feed, especially roughages, and a balance between livestock numbers and the available feed including range and pasture forages can help prevent much of the trouble caused by a prolonged drought.

sion included the raising of professional standards for teachers, creating better public relations, financial support for schools, better salaries for teachers, and revision of teacher retirement laws.

Following the program, the group was guests at a "coffee" in the church parlors, at which coffee, or orange juice, and cake were served.

...what a way to wash clothes!

Yes, you could actually pull up an easy chair in front of the washer, for once the clothes are in your automatic washer, the rest of the work is simply a matter of pushing a switch. There's no backbreak, no bend, no wringing or rinsing — your automatic washer handles all those tasks.

Let Reddy make washday as simple as sitting in an easy chair. Buy your automatic clothes washer now and you, too, will say — "What a way to wash clothes."

HOW MUCH FUN do you get from a GALLON OF GAS ?

Power Steering now available on Super as well as Roadmaster. Optional at extra cost.

"MILES PER GALLON" is something everyone talks about—and Buick owners take pride in telling us that they're doing OK on this score.

But the kind of miles is important, too. The real pay-off you get when you own a Buick is in what happens while you're turning gas into power.

Every drop of gas sets off a tiny tornado of compacted energy in Buick's Fireball 8 Engine.

You swoop from a standing start to any speed the law or good sense permits with effortless smoothness, thanks to Dynaflo Drive.*

You soar over the road with magnificent levelness—buoyed by big soft coil springs on every wheel—coddled by a dozen other features which make up Buick's million dollar ride.

The car holds direction like an airliner on the beam. You snug into turns with sure-footed

poise—ease your grip on the steering wheel and feel the car seek a straight course again like a compass points to the pole.

This is travel as you've always hoped to find it—relaxed, carefree, luxurious, happy—while you leave the miles behind.

Yes indeed—life's different in a Buick. How different you should find out firsthand.

How about letting us give you a sample—any day you say?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

SURE IS TRUE FOR '52—

Wallace Buick Co.

TAHOKA, TEXAS

Odds AND Ends

(BY E. I. THE ELDER)

In narrating the story of our recent ramblings up in Colorado, I shut off last week while we were still at Canon City and told you that I would have a little more to say about that beautiful Colorado town this week.

Well one of the experiences we enjoyed was the "sky-line drive." This is a one-way drive over a road constructed on the backbone of a ridge that gradually rises to a considerable height and that overlooks the little city, which sits at its base, for quite a distance. Of course there is little danger of an accident, but if a driver should become reckless and veer a little too far to the

right or the left his car would go tumbling down a steep declivity too rapidly to be comfortable. In fact, the fellow who might start his car to summer sauntering down that great natural embankment would probably not live to tell his friends the thrill he got out of it.

Another little diversion was that of driving through a tunnel some 50 or 75 yards long and then two much shorter tunnels over the so-called "Tunnel Road" that leads from town down into the Royal Gorge. That was a new experience out of which the girls got quite a thrill.

Another pleasing experience was the drive out through the Red Canon, where the curious rock formations, in brilliant and varied colors, have been left standing after countless centuries of erosion by the forces of wind and water. We took some snapshots and hurried back to town.

All of these side trips had been taken before we took that trip up to Salida and then on west over the Monarch Pass to Gunnison, but in the eagerness to tell about this more thrilling trip, I had neglected to mention the side trips at Canon City. So now we leave that scenery-surrounded city and area, and are ready now to start out from Salida.

Salida, if you remember, is the place where we left the Arkansas River to climb up to the Monarch Pass and then go on down to Gunnison.

Well, after returning from Gunnison to Salida the next morning, we took on some refreshments and started south on a different highway. A few miles south of Salida, we climbed over another mountain pass, the Poncha Pass, at an elevation above sea level of 9,010 feet. At that point the highway left the Arkansas River Basin and led down into the Rio Grande River basin. The scenery was all that could be desired and we enjoyed every inch of it. Pretty soon we noticed that there was a little stream of water down in the valley to our left going in the same direction we were going. Naturally we concluded that it was one of the tributaries of the Rio Grande. Our highway followed along near it till we arrived at Mineral Hot Springs, some thirty miles south of Poncha Pass. By that time we learned that the stream was known as the San Luis River, but we learned also that it was not a tributary of the Rio Grande. It was not a tributary of anything, according to surface appearances. Some twenty-five or thirty miles further southeast it flows into vast sand beds and disappears, never to appear again, unless its waters burst out some where else in the form of great springs. They probably do but we

know not where.

From Mineral Hot Springs our road veered sharply around to the west to the old town of Saguache 14 miles from the Springs. I know nothing of this town's history but we found another stream there coming in from the north west and passing on down toward San Luis Lake and the sand dunes. Saguache had fine trees plenty of water, and gave evidence of having been an important town for a long time. From Saguache our road carried us due south 35 miles through a marshy table-land, much of it well irrigated, and we crossed the Rio Grande River, no kidding, just before reaching Monte Vista. From Monte Vista, we went north west up the general course of the River 13 miles to Del Norte, and from Del Norte 16 miles due west to South Fork, and then we followed the upper reaches of the South Fork of the Rio Grande and Wolf creek about 14 miles further up to the Continental Divide, known and designated as the Wolf Creek Pass, elevation 10,850 feet.

At South Fork there was also a north fork of the Rio Grande, which, though short, as the south fork was also, could not be followed in a car. But both forks were fed by the waters and the snows that fell east of the Continental Divide, and therefore, as I stood, on magnificent Wolf Creek Pass, I felt that I had accomplished an achievement that I had long had a passion to accomplish—I had gone to the very head of the Rio Grande.

But now, before I undertake to tell you anything further about that pass, I want to take you back down to those vast marsh lands between Saguache and Monte Vista and extending on around Del Norte. You would not expect to find vast flats and marshes some seven or eight thousand feet above sea-level. But there they were, encircled by great mountains, and the entire valley and the mountains surrounding it, reminded me constantly of the great Valley of Mexico, in which the City of Mexico is situated, although the mountains surrounding this valley are not positioned in the same order as those that surround Mexico City.

The surface of this table-land is nearly level, the soil evidently is deep and rich, and puddles of water could be seen standing out in the fields and pastures in many places, as if the water had come from rains over the locality. Of course all of the visible water might have come from irrigation ditches, as such ditches had been

cut throughout the area, and water could be seen flowing down some of them. The principal crop seemed to be alfalfa but there were also fields of corn and sorghum cane, and other feed crops. Those green fields looked good and the country looked prosperous. The Rio Grande rises, of course, up in the mountains, but its several branches gather together at the foot of the mountains, and the resulting noble stream strikes out eastward immediately to water this fertile and wide-spreading plain and then gradually swerves to the south and passes into New Mexico 75 miles or more from the little village of South Fork where the two little head streams come together to form the Rio Grande proper.

The two little cities of the irrigated plain through which the upper Rio Grande passes, Del Norte and Monte Vista, are both attractive towns, Rio Vista being apparently somewhat larger than Tahoka and Del Norte being as large, though it was Sunday when we passed through them and we could not tell just how busy they may be on week days. The next time I go fishing—I haven't been in thirty years—I think I shall go up to Monte Vista to try my luck, maybe with worms and a pin hook. If some of you Eagle Nest guys want to go with me I'll take you along.

Furthermore, there was nothing disappointing about the mountains nor the Wolf Creek Pass that marks the Continental Divide at the head of the Rio Grande. The scenery on this side of the Pass was just grand, and just across the Divide, on the west-side of the mountains, it was even grander, more magnificent and thrilling than that which we had found on the west side of the Monarch Pass west and south

I met up with A. I. Thomas after the above was written, and he told me of some of the grandest scenery in the Rocky Mountains out southwest of Chama, which we missed. Thomas has some land and a cabin up at Chama and knows all that country better, I guess, than any mountain goat in New Mexico. He told me that out there somewhere there was one of the highest waterfalls in the world—that is, when there is any water to fall. And a lot of it falls some years. He told me how to find the place too, and I may run up there with

him sometime, if he ever wants to take on a hitch-hiker. He also told me about Cumbres Pass, out northeast of Chama, in Colorado near the New Mexico line, which is a humdinger for scenery.

But now let's get back down on the Rio Grande. Espanola is an attractive and historic old town, but our time and money too are threatening to run out on us, and so we hurry on to Santa Fe, but hardly stop there, except for breakfast, for we have already seen

Odds & Ends

(Cont'd. From Editorial Page)

its sights, so we strike out down the Albuquerque road, keeping the Rio Grande a few miles to our right most of the way. Quite a beautiful drive that is, but after awhile we run by a sign which says something about a Sante Domingo pueblo. We turned and followed directions. One, two, three, four miles we drove over dry and timberless hills, and came to a small railroad depot and a large mercantile establishment which dealt largely in household supplies and Indian trinkets and curios, but we had seen no sign of

a pueblo anywhere. So we made inquiry. "Two miles west" they told us, "that road leads down to it." So we followed "that road" and finally as we rounded a hill the village hove into sight.

There was no large building there, as at Taos, but there must have been a hundred or a hundred and fifty small ones, a few with several rooms but most of them with only two or three rooms, built of stone, or adobe, or logs chinked up with plaster. We stopped at a house and inquired for the office of the manager or superintendent or boss, whatever designation he might bear, but the squaw said he was out of town and she couldn't answer any questions, not even the

simplest ones, about the pueblo. We hailed a man or two and a boy or two on the streets, as well as another squaw or two, but they all professed to know nothing. We concluded that they had instructions not to know anything. Pretty soon, however, women were showing up in the doorways or outside and children were showing up on the streets proposing to sell us some of their handiwork, trinkets, curios, etc. We sized up the population as best we could, and then as we were on our way out we overtook a pretty decent looking Indian who was making his way afoot. We offered him a ride and he talked freely in answer to our questions. There were about 1200 Indians living in that pueblo, they had a school that carried the children through the seventh grade, then they were taken by bus to the Albuquerque high school some 36 miles away and after graduating in high school many attended the University. This Indian claimed, and literature we were furnished in Albuquerque also stated, that this was the largest purely Indian pueblo in the world.

We do not know where that city got its name nor do we know what the name means, but we do know that the youngster is the daughter of the Rio Grande. She is now almost as large and fully as fine looking as her older brother, El Paso, further down the River. Water—Rio Grande water—and deep rich soil that the Rio Grande and its tributaries have brought down from the mountains—these are the father and mother of Miss Albuquerque. She sits in the midst of an oasis; in the midst of fruit orchards, vegetable gardens, flower gardens, and verdant parks, in which numberless fountains of life-giving waters are playing, and birds of many kinds and colors are singing their gladsome songs. So, Albuquerque has become a city of superb business houses, elegant homes, fine schools, and growing churches. Possibly she needs still better schools and more churches of the typical West Texas type. But already she is a fine little city, the lovely daughter of the Rio Grande.

Next week we are going to follow this benevolent stream down to Texas, and then we will turn our faces homeward, stopping here and there to admire some of the other beauty spots of New Mexico, realizing full well that many of our readers are already familiar with every one of them. But is that any reason why they should not visit with them again and again and really enjoy them? That's the way we show our love and appreciation for our

and imported Negroes to do the work. Some of the Indians fled to the main land rather than to become "Good Indians" by the extermination route; and some of them seem to have built them this pueblo up there on the banks of the Rio Grande. And Uncle Sam is doing a mighty good job for them, we claim.

Well, let's get on down to Albuquerque. When we get down there, we find that it is a fine and progressive little city—looks just as modern as Lubbock, and we guess it is a little larger. The last United States census gave Albuquerque a population of 97,012 but the Albuquerque Chamber of Commerce claims a 1952 population of 146,000. We didn't stop to count 'em but it surely looks more like a sure-enough U. S. A. city than anything else we had seen in that marvelous "Land of Enchantment."

The Pythian Sisters will sponsor a "42" and Canasta party next Tuesday night, Sept. 30, beginning at 7:30 o'clock in the WOW hall. The proceeds from the party will go toward paying a contribution to the Fire Department for their Iron Lung project. The public is cordially invited. Admission will be 25 cents per person.

Sgt. Edgar L. Payne and wife from Ft. Custer, Mich., have been visiting his parents, Mr. and Mrs. Sam Payne, route 5. He says the weather is already cold up there. Sgt. Payne is a graduate of Tahoka High School.

O yes, folks, I went down to O'Donnell on Tuesday of last week and visited with my Rotary friends; told them something about Mexico, and they showed a fine, friendly interest in our neighbors to the south of the Rio Grande. That River separates our land from theirs, but it shouldn't separate us from them. Some mighty good people down there. Mighty good. —Buena Noche.

SANDERS RETURNS FROM TRIP THROUGH MIDWEST

Mr. and Mrs. Dee Sanders of Tahoka and daughter, Mrs. Garland (Mozelle) Cabe of Brownfield, returned home Saturday from a 2,000-mile 10-day trip through Oklahoma, Kansas, Missouri, and Iowa, the climax being a visit with Dee's brother, Bob Sanders, and family in Lineville Iowa.

Mrs. Sanders says this was their first visit through these states, and that they greatly enjoyed the experience. They saw many fine crops of corn, fruits, and vegetables, especially in Iowa, though it was dry in streaks through Kansas and Missouri and most of Oklahoma.

The scenery was beautiful, and they enjoyed visits to places of historic interest. They also stopped off in Oklahoma to visit the Will Rogers Memorial Park near Claremore.

FYTHIAN'S SPONSORING "42" CANASTA PARTY

The Pythian Sisters will sponsor a "42" and Canasta party next Tuesday night, Sept. 30, beginning at 7:30 o'clock in the WOW hall. The proceeds from the party will go toward paying a contribution to the Fire Department for their Iron Lung project. The public is cordially invited. Admission will be 25 cents per person.

MRS. FRANK SMITH
Correspondent

The Wilson Sewing Club went to Post Wednesday morning for breakfast with one of their former members, Mrs. Ed Stephens. After the meal, the group was taken on a tour of the town, one of the highlights being the inspection of the new hospital. Present were Mesdames John Hamilton, Elmer Rice, Clarence Church, Josephine Smith, Ira Clary and daughter, Carolyn, John Heck, Ross Williamson, Miss Eva Williamson, and the host and

hostess, Rev. and Mrs. Ed Stephens. Mr. and Mrs. D. A. Brown and son, Travis, visited Mr. Brown's parents, Mr. and Mrs. N. H. Brown, in Brownfield Sunday. Capt. and Mrs. Bob Sanders of Abilene arrived Saturday for a few days' visit with Mrs. Sanders' parents, Mr. and Mrs. Elmer Rice. Capt. Sanders, who was recently discharged from the army after seeing service in Korea, has accepted his former position in Abilene. Mrs. W. J. Hancock, Dan Lamb, and Mr. and Mrs. Mark Murray and daughter, Nita, visited in the D. J. Hancock home at New Home Sunday. Rev. Dan Schorlemer of Amarillo preached at Sunday night

services at the St. John's Lutheran Church. He and Mrs. Schorlemer and daughter, Janie, spent Sunday night with Rev. and Mrs. C. C. Ehler. Ira Crooks is working at the Wilson Mercantile again after a year's absence. Mr. and Mrs. James Bowlin of O'Donnell, visited Mr. and Mrs. Bill Lumsden Saturday night. Mr. and Mrs. Darrell Ward were in Wichita Falls Saturday. Mr. and Mrs. Elmer Kelm and Mr. Kelm's mother all of Hamilton, and Mrs. Ben Stanke spent the week end with Messrs and Mesdames George Nolte and B. G. Wieds. Mesdames Elmer Kelm and Stanke are sisters of Mrs. Nolte and Mrs. Wied. Misses Ruby Faye Teinert and Frances Wuensche and Hubert Teinert were in Lubbock Sunday to help make plans for a Waltham League Convention to be held in Lubbock within the next year. J. H. Harper, Jr., former Wilson resident visited in Wilson Wednesday. J. H. has been stationed with the Army in Hawaii and is to be reassigned within the next several days. Mr. and Mrs. Sam Gatzki entertained with two tables of bridge Monday night. Misses Ethel Summerlin and Lois Ware spent the week end in Dallas. Mr. and Mrs. Pat Campbell took their daughter, Mary Frances, to Lubbock Thursday to enroll in Tech. Mary Frances and Juanel Schneider are to be room mates this year. Mr. and Mrs. Pete Hendrix are in Paris, at the bedside of Mrs. Hendrix's niece. Mr. and Mrs. G. E. Owens and daughters were Slaton visitors Sunday. Mr. and Mrs. M. W. Allard, Jr., and son, David Lynn, of Cleburne spent from Thursday until Saturday with Mrs. Allard's mother, Mrs. Josephine Smith. Messrs and Mesdames Earnest Allbright and Alvie Earnest of Southland visited Mr. and Mrs. Roy Robinson and Mr. Robinson's mother, Mrs. Heath, Sunday. Earnest Allbright is Mrs. Heath's brother. Mr. and Mrs. Frank Smith attended a family reunion in the home of Mrs. Smith's parents, Mr. and Mrs. Ben Boston of Lubbock over the week end. Present were Messrs and Mesdames J. Ben Boston of Vernon, Harold Boston and daughters of Brownfield, Craig Wofford and sons, J. Harrison Donley and family, Martin Donley, all of Lubbock, Frank Smith, and Ben Boston. Mr. and Mrs. M. C. Church and family of Olton and Mrs. W. C. Church of Slaton visited Mr. and Mrs. Clarence Church and family Sunday. Nancy Cook spent Saturday night with Linda Batsell in Lubbock. Rev. and Mrs. Douglas Gossett and family were lunch guests of Mr. and Mrs. J. O. King at Dixie Thursday. Mrs. Mattie Whittington is recuperating at her home after an attack of influenza. Misses Jane and Frances Henderson of Lubbock spent the week

end with their parents, Mr. and Mrs. Frank Henderson. Mrs. W. J. Hancock had the cast removed from her wrist last Monday. She wishes to express her thanks for the gifts and visits she received during the time she was suffering with her broken wrist. Mr. and Mrs. Elmer Rice visited in the F. M. Middleton home in Seagraves Thursday. Mr. and Mrs. Frank Smith entertained with a bridge party Thursday night. Refreshments were served to twelve. Mrs. Arvan Holder has accepted employment at the Brown and Campbell grocery and locker plant here. Mesdames Sam Gatzki and Bill Lumsden shopped in Lubbock Friday. Mr. and Mrs. M. L. Murray and daughter, Juanita, visited in Greenville recently as guests of their daughter-in-law, Mrs. Lynn Murray and children. 2nd Lt. Lynn Murray is stationed on Okinawa. The M. Y. F. of the Wilson Methodist Church were hosts for a sub-district meeting of the Spearhead Fellowship at the church Monday night. Communities represented were: Draw, Tahoka, Grassland, New Home, O'Donnell, Ropesville, Meadow, and Wilson. Refreshments were served by the W. S. C. S. to about 85 guests. Mrs. H. C. Fountain visited in the home of her daughter, Mrs. Bill Deaver in Slaton Monday. Mrs. H. B. Crosby entertained Monday night with a miscellaneous shower honoring Miss Rob Elaine Key, bride-elect of Robert Burger. Mrs. Crosby was assisted by her daughters, Mrs. Elmer Blankenship, and Miss Marjorie Crosby. Mock trial was held with Miss Key as defendant. The charge was desertion of spinsters. Mrs. Crosby acted as lawyer for the defense, while Miss Eva Pearl Williamson was prosecuting attorney. Mrs. Pat Swann was the judge while the jury consisted of Mesdames Howard Cook, Erwin Sander, Harry Hewlett, Ross Williamson, and Elmer Blankenship. After being found not guilty, Miss Key was presented her gifts. Mesdames George Williamson and Jiggs Swann sang a duet. Mrs. Jack Blevins presided at the refreshment table. Mr. and Mrs. Clyde Moore and children have moved to Wilson from Jacksonville and now occupy the Pat Campbell house. Miss Mona Ruth Campbell of Lubbock spent the weekend with her parents, Mr. and Mrs. Homer Campbell, Sr. Mrs. J. C. Key and daughter, Rob Elaine, left Thursday for Houston for a few days' stay.

WEST POINT H. D. CLUB HAS-TEXTILE PROGRAM The West Point Home Demonstration Club met Wednesday, Sept. 10, in the home of Mrs. Glendale Simmons. Mrs. Simmons gave a demonstration on textile painting. We missed our Home Demonstration Agent, but plans were made to have something for each club meeting. Refreshments were served to nine members, one visitor, and the hostess. —Reporter. SENIOR AT WAYLAND Laylan McMahon, son of Mrs. Loyce McMahon, is a Senior student in Wayland College at Plainview this year. He is also president of his class, and is music director of the Cooper Baptist Church. Also, he is a member of the Wayland International Choir. Mr. and Mrs. Thera Gannon and Mr. and Mrs. Percy Gable and son, Robert, all of Dawson, visited their cousin, Mrs. Frank McLaughlin and children and nephew, Jim Sanders, over the week end. Mrs. Key will go to Navasota to visit a brother before her return home. Mesdames Virgil Henderson and Clyde Moore were in Lubbock Saturday. The Board of Christian Education of the Methodist Church met Wednesday night at the church for the purpose of electing Sunday school, teachers and a superintendent, and his assistant.

Midshipmen are so called because originally they had quarters amidships.

In the first 11 months of 1951, 10,071 books were published in the U. S.

Stop Taking
Harsh Drugs for
Constipation
End Chronic Dosing! Regain Normal
Regularity This All-Vegetable Way!
Taking harsh drugs for constipation can
punish you brutally! Their cramps and
griping disrupt normal bowel action,
make you feel in need of repeated dosing.
When you occasionally feel constipated,
get gentle but sure relief. Take Dr. Cald-
well's Senna Laxative contained in Syrup
Pepsin. It's all-vegetable. No salts, no harsh
drugs. Dr. Caldwell's contains an extract
of Senna, oldest and one of the finest
natural laxatives known to medicine.
Dr. Caldwell's Senna Laxative tastes
good, acts mildly, brings thorough relief
comfortably. Helps you get regular, ends
chronic dosing. Even relieves stomach
sourness that constipation often brings.

What Santa Fe
Freight Service
Means to You

Santa Fe freight service brings your community the commodities needed for everyday living. Merchandise for your grocers, your clothing, your appliance dealers—in fact, much of the goods you buy from your retailers—comes in via Santa Fe.
This same freight service takes your farm products, manufactured goods, and other merchandise to ready markets wherever they exist. We help keep local business going with a safe dependable freight service.
Santa Fe pays taxes in your community, too. These vital railroad taxes help support your schools and local government. In this way, every freight shipment via Santa Fe helps you and your community.
For freight rates and schedules, see your local Santa Fe Agent.
